

There is no confusion in our hearts at all. We declare that revelation knowledge flow free course unhind that and we take from your spirit take from your power miracles help intervention by your mighty hand. Amen. >> We declare that at the end of this service, we will truly declare that we have been edified, built up, transformed by the power of your word and your spirit in the name of Jesus. >> So that the things that ought to be said in this service will be said, the things that ought to be done will be done to the praise and glory of your name. >> Amen. >> God bless you. Have your seats. a biblical perspective of life. We'll pick up from where we stopped last week Sunday will be Colossians chapter 2 and we will start from that particular text of scriptures. Colossians chapter 2 read 6 into 8. Colossians chapter 2 from 6 into 8. As ye have therefore received Christ Jesus the Lord, so walk ye in him. As you have therefore received Christ Jesus the Lord, so walk ye in him. Rooted and built up in him and established in the faith as you have been taught, abounding therein with thanksgiving. Abounding therein with thanksgiving. Abounding therein. That That's the Christian life. I'm rooted and built up in him. established in the faith. Strong in the faith. I'm strong in the faith of our Lord Jesus Christ. I'm strong in the Christian faith. Is that you? >> So, we must be rooted strong in the faith which the teaching gave you as you were taught. Notice how he says that as you have been taught. So the teaching of God's word strengthens you in your faith and not the faith of I believe I receive that is inclusive but in the whole life of faith of the believer. I'm strengthened in my Christian work. I'm strengthened in my Christian work. It says rooted and built up in him established in the faith as you were taught and overflowing with thankfulness. There's thanksgiving abounding. Amen. I'm full of thanksgiving. Verse eight. Then he says, "Beware." Tell your neighbor, "Beware." >> Beware, >> lest any man spoil you. True philosophy and vain deceit. We explained that word last week Sunday. We'll pick it up from there. Like I said, uh true philosophy and vain deceit. The word philosophy and vain deceit already reveals that he doesn't have a problem with the word philosophy. He can't have. In fact, Paul himself has a philosophy for how he teaches, how he u his world view or how he lives as it were. So he can't have an issue with the word philosophy. So the word and which is kai even that is. So true philosophy even vain deceit of philosophy that is vain. The conjunction there is copulative not cumulative. So the use of the word and there is culative is coupling those two things together the philosophy and the vain deceit. And it says after the traditions of men after the rudiments of the world the world the cosmos the elements of the cosmos and not after Christ. So we have Paul is giving an explicit warning and I use that word when he say spoil you is the word to be taken captive. Funny enough is the word in the modern palance today. It will be the word we use for to be kidnapped. To be taken off and you not need to pay ransom. It says don't let philosophies kidnap you. So the captor is described as philosophy and empty deceit. Did you get it? That no one takes you captive by philosophy and empty deceit. And he says that philosophy and empty deceit is according to human tradition is the way people like to think and they have passed it on to the next generation to the next generation to the next generation. And it says is also according to

the rudiments of this world which is called the elemental spirit of this world and not according to Christ according to the rudiments of this world the elements of the cosmos which is both physical and unseen. And that's why I use the word elemental spirit of this world. Why? Because the fabric of this world does not have uh does not have heaven and earth separated. I've told you before that is a modern construct. It is in the 17th century the sorry uh 16th to the 19th century that period which is called the age of enlightenment and the rise of science and naturalism that we had that construct that it became this is natural. In fact, that's where the word supernatural began to be used for the word unseen or spiritual or heaven and became more common. So people have, oh, this is natural. This is super. So it's over and if there's anything like that is once in a lifetime. No, but the ancient men knew that the world everywhere around us, heaven and earth are together. The seen and the unseen are together. That's why as we are here right now we can immediately somebody gets healed immediately a revelation we don't have to let us leave this world we are not leaving this world is still in the same world that we are picking things by revelation picking things so all transes revelation power gifts as we know are all with us right now the ministry of angels are active as we are also here amen >> so that distance is not found within the fabric of scriptures and also in the fabric of the ancient man's world view. So nobody in the ancient world had any mindset of uh power is not real. Maybe miracles happen or not happen. Uh-huh. No. Everybody believed that the that there was a god and that the gods were real and that the unseen world is a vital part of this world. They didn't see it as obsolete or something that has expired. No. So much of in fact Darwin's father was an epicuran and epicuran philosophy are those who believe that the gods have nothing to do with this world because they have suffered hearts and see that many things did not work. So it look like and again because they are not Christian that's why I'm using the word gods. So in their worship they believe that oh all these Greek Roman gods that we worship over time they worship over time is what I mean by they use we are distant since they are cosmic celebrities as we see today in the Mar DC world. which is how the ancient world viewed them. They are distant. They don't care again about our affairs. And that philosophy evolved and built up over time to what we now have Darwin's evolution theory which he interpreted his father's epicuran view more in the light of science and developed it that this thing let's start removing and all in that age of enlightenment and also intelligent men like him more of them down the line kept giving that distance and I'll teach you maybe this year or next Maybe when we are doing unseen forces again uh that faith and science when you understand that there's no difference because one of the things that makes it hard to move in power like this in fact the reason why we see pastors uh becoming spooky in the name of oh there's a dimension is because doctrine is very key in the things of the spirit once you have that idea you I need to break into no he's here god is with me here the power of god is with me here and it's amazing We're talking about the man in Christ who has God inside of him. God is headquartered in you. You are headquartered in God. God is in you. You are in God. And we still have that uh distance

barrier. No, it should always be heaven and earth together. The fact the believer is the heaven and earth people that becomes the sign and the symbol to the unsaved. that there's more beyond what we see and touch and handle. That there is a creator God vitally and actively at work in our world and is vitally and actively in our world through the church through the body of Christ through the body of believers. Amen. So when you read the Bible always good to have that idea. So you say what did this word rudy meant which is just the word stokon which is used for alphabet or the letters. So he used for the elements of this world. Why does it now connect to spirit? Because they didn't have a distance between physical and spiritual. They believe everything is together. So if there's the elements of this world, it has to be physical and spiritual at the same time. So you and I read for you the different translations not even having to do a deep study. Different translations uses the word elemental spirit. Where did they get that from? And translations are the laziest way to interpret a text because they can be very wrong because everybody interpret based on his intelligence. But it's different from when I can check what the Greek word is and see how it was used from Genesis to Revelation or if it's the Greek text Matthew to revelation is the Hebrew text Genesis to Malachi and I can see how the word was used myself so that I know okay and and situate it back into the context which is Genesis which is critical examination of that text within the context in which it was written and I will see the answer myself because I don't need to make up answer in the Bible. No, I read the Bible to take answer because the answer is already there. I don't give the Bible my own meaning. I take meaning from the Bible. So you see the ESV for example and I read which for you different translations says see to it that no one takes you captive by philosophy and empty deceit because you are to see to it not God. See to it that no one takes you captive by philosophy and empty deceit. according to human traditions, according to the elemental spirits of the world and not according to Christ. NIV says see to it that no one takes you captive through holo and deceptive philosophy. So that's the philosophy that joins that word empty deceit and philosophy. So it says holo and deceptive philosophy which depends on human tradition and the elemental spiritual forces of this world rather than on Christ. The NLT says don't let anyone capture you with empty philosophies. See that word capture. Don't let anyone capture you with empty philosophies and high sounding nonsense that comes from human thinking and from the spiritual powers of this world rather than from Christ. Now the New King James says beware lest anyone cheat you through philosophy and empty deceit according to the tradition of men according to the basic principles of this world. So it's basic principles of this word and not according to Christ. The Bian standard Bible says see to it that no one takes you captive. So you see that that was see to it. See to it. That's why it says beware cuz it's you. You can't be what somebody is doing. No, you have to beware. You have to see to it that no one takes you captive. true philosophy and empty deception which are based on human tradition and the spiritual forces of this world rather than on Christ. The NE says, "Be careful not to allow anyone to captivate you through an empty, deceitful philosophy that is according to human

traditions and the elemental spirits of this world and not according to Christ. The Webster English Bible Web says, "Be careful that you don't let anyone rob you through his philosophy and vain deceit after the traditions of men, after the elemental spirits of this world and not after Christ." You see how many translators they got it. Amen. So that word rudiment is that word stoon. Now see how it was used. It would help second Peter 3:E 10 where Peter says, "But the day of the Lord will come as a thief in the night in the which the heavens shall pass away with a great noise and the element elements shall make that's the word element to the element not physical sun I've told you before this is used to explain the unseen powers so the elements shall met with heat the earth also and the works that are therein shall be burnt up speaking about the first heaven and the first earth passing away so that the new heavens and the new earth can emerge out of the dying of the old comes the new. So we talked about new creation project. So new creation is both a project. We are in God's new creation and all the earth will soon be new creation. I've told you that several times. All right. So that's what he's talking about there. It says look for and hastening unto the coming of the day of God wherein the heavens being on fire shall be dissolved and the elements shall melt with a heat. That word elements there is that word stood. So the rudiment of this word are things that originate in the word as opposed to things that originate in God. So we use the word rudiment first principle or element the original of anything in its first form. So any first thing is the word rule dement element is used again in Hebrews 5:12 it says for for when for the time you ought to be teachers you have nei that one teach you again which be the first principles of the oracles of God First principles of the oracles of God. First principles of the oracles of God. Now to understand what that this oracle is supernatural context, see how he uses that word oracle. Acts 7 verse 38. This is he that was in the church in the wilderness with the angel. We spake to him in the mount si with our fathers who received the lively oracles to give unto us. So see that there's a supernatural being involved a divine being involved the angel which speak the lively oracles to give onto us. So the use of that word the same way Peter uses in 1 Peter 4:11. If any man speak, let him speak as the oracle of God. So when they use the word element, it just means fundamental principles of a thing. So like I told you, the word rudiment is just first principle element. the original of anything in its first form. So when he says the rudiment of the cosmos, what is the cosmos in its first form? Apart from the heavens and the earth, abi. So the the rudiment of the cosmos, the biblical cosmology begins with in the beginning God created the heaven and the earth. and that heaven and the earth just like Genesis 2 verse one thus the host of the heavens and the earth were finished. So there's the host of heaven and host of the earth. Are you following? So that's where the translators putting it into the context understand properly what the context is saying that oh this element here it's supernatural worldview. So when they use it for rudiment, the same thing in Galatians chapter 4 because he he uses the word bondage. And now after that you have known God or rather known of God, how turn you again to the weak and beggely elements speaking about because they have been turned from idolatry.

How go back to the weak and beggely element? He calls idolatry weak and beggely elements because all of that did not allow them to follow Christ. where unto you desire again to be in bondage. So he uses that word element. The same thing in verse three of Galatians 4. Even so we when we were children were in bondage under the elements of this world. But when the fullness of time was come, God sent forth his son. How were we? How were we in born under the elements of this world is why upon the resurrection Matthew 28:18 all authority in heaven is given unto me because Jesus in his death burial and resurrection I've told you over the years is the one who defeated principalities and powers all authority in heaven and earth is given unto me. So it is not your prayer but the work of Jesus. So that's why we use the word reclaiming the nation because in his death, burial and resurrection, he wrought a victory which is the same Colossians chapter 2 so that you get the context that same Colossians number two tells us and having spoiled principality and powers is the same place Abby that's verse 15. So there is a context of the writing. So they use that word elemental because we'll come to that and in order for it not to look spooky again because when you hear that word spirit you start thinking ah so something's whispering to my ear is as easy as look at the fundamental rudiment of this world now that people live by you have to look out for yourself oh you have to look out for yourself cuz nobody has your time in this life it is now a principle that allows people to be selfish that it for it to be so once an ideology is very powerful and widespread is not good thinking. It's not good thinking that is powering it. It is that elemental spirit. It's the same thing I I've given you when I was teaching on sin forces where once you hear give in church there's an not yeah of course we don't do that nonsense here that power is broken over this place but in many place when people don't hear that word give they get angry but when they in the shopping mall they don't get angry that they buying something that's the same money as he spending but once you just hear let's nonsense no because the the prince of the power the those elemental forces are breathing on people and it's looking like it's normal idea. The same way the 10 spies different from the two Joshua and Caleb look like they were talking clearhead. We saw the sons of Anch the giant descendants of the giants and we were in their sight as and were in our own sight. It's enough that you were in their sight. So de and that was demorali demoralizing effect that Israel could not make any progress that God say they said no remove so God say okay amen what you want since all of you have said you will enter the promised land all of just die for this wilderness not like god is angry god is giving them what they want which is what the rot of god mean the w of god is god allowing the consequence of your action have effect on you because god can save you from your wrong con from your your wrong decisions but if you say don't save me from my wrong decision we allow it because god allow allows man's will come to pass because that's why he made man with will and man knowing that his will can put him in trouble is why he needs a savior is common these are the common sense reason why man knows that he must have somebody he defers to save me for myself sometimes because I don't always choose what is right so the prophet Jeremiah 10:23 say it is not in man that

live to direct himself it's not in man because there will many of those mistakes. That's why we cry unto God, help me, I think I've done something that can lead to something else. Then he says, chill. I have you covered. As much as he wanted us to have taken his wisdom, but he can also shield us from those things. And what is called the wrath of God is not God working in the flesh. God does not have anger issues. The w of God is seen in man's action, not in God's action. It's not God that has the action. It's man that have the action. So just like the foolishness of God, God is not foolish. Now the foolishness of God is seen in man's action. Man that calls that thing. So he says it looks like he's not wise but he's wise. So that wroth of God which I've explained to you when we taught on walking salvation in all the earth is not a vengeful angry God. No is God give Romans chapter one. Everywhere you see that word of God it comes on train of disobedience. God allowing the consequence of your choice have an effect on you because you that's obviously what you want. That's obviously what you said you wanted and you have already said God leave me alone. He should honor your choice. Papa always used to say this statement and I didn't used to get it then. He said God will protect your rights even your right to go to hell. I like what kind of statement is that? But I'm seeing it true and true every day because that's because if God can stop a man's will should have stopped Adam until you realize that your will is a sing one of the singular greatest force on this earth. How you use your will, you will know to use it for God and use it in the line and in the purposes of God. If not now lost, you lost. Amen. So notice in that uh numbers 13 verse 33 down where they were saying ah we are not able we not we not be able to go over the land where cannot the giants and all of that Joshua Caleb stealed the people and said let us go up at once for they has bread for us. Chapter 14. God now said, "Where is that Caleb? Bring him out." He said, "For there was a different spirit." Uh huh. Spirits. I thought everybody was just giving their own perspective. There is nothing like perspective that does not have breath. For a perspective to be widespread, it is a breath that is behind the perspective. Once you see once you see a widespread the same way people say, notice there's no anti- good antichrist. Nobody has an issue if you say God who get your time. But when you just say Jesus, everybody gets angry because there is a breath against Jesus. Anything Jesus Christ anything Christ Jesus ah you can write Buddha down on your shirt and just be walking. Nobody ever just ignore it. Write Jesus Christ on your shed boat. Huh? But this is not fair now. Why will somebody be going like this? Is this how to wear cloth? Is this what you should write on your clothes? you in fact Krishna nobody will stop you because that is not what the battle of the ages is about. The battle of the the contention of the ages is not about Buddha. Neither is he about Confucious and all of the other many ideologies or faith that exist in the world. The contention is about Jesus Christ because God has horizon appointed a day which he will judge the world by that man Christ Jesus. That is where the conflict is. That is where the issue is. And so anything that has J Sus Jesus Christ ah don't want to hear it. It's just like you have look for trouble. So there's that hostility and there are many of such ideologies. There are many of such ideologies that have a breath behind it. The same way

when people hear honor, look at the anger. They want to manipulate. They want to want to manipulate me. But if you are honoring them, there's no issue. But once is somebody else you are honoring. Oh, they have manipulated them. This is human worship. There's a lot of anger that the Bible says in the last days men shall be unthankful, ungrateful, haters of fathers and mother. So the spirit of the age of this timeline, this aon this cycle of time is against honor and people thinking it's just it's just the way I see things. I like to speak by mind. you are under that breath and many times that's what again because we like to separate it that ah but I not do anything now how can I be under any breath is which one is heaven and which one is seen and unseen I beg I did not do I'm just there as long as you are in the word you are already sandwiched between sin and unseen because the word again that's why I told you beware of that idea of heaven as a planet away from the The world has heaven and earth dimension. And I told you in many of those regions that we were doing from last year, see the world that there are two dimensions to life. the ordinary human dimension of living or that's what we say earthly dimension of living or the other worldly O T H E R O W O R L D L Y the other worldly dimension hidden the other worldly hidden which you can put on scene if you like dimension of the ordinary life so I can switch into that. So h this thing is looking I can switch into the other worldly dimension of the same life and I will get this thing done. >> Since I use this dimension, it did not work. Why? Because how did God make man? Genesis 2:7 God breatheed into man the breath of life and man became a living soul. So a living soul is two component. A living soul is physical the dust from the ground and the breath of life that the essence that comes from God which we call spirit. So every man has physical and spiritual component and you choose and don't see it as like they are separated. They are not separated. They are together. Are you following? So every day there are ideologies being shaped like that. And that's why we need more Christians to to be loud with our ideologies and viewpoints. be loud with your godliness and your your your your Christian stance so that it can spread more and become a normal way people think because most people still don't know that the origins of charities was Christian virtues or what godly virtues over the years that made charity a common thing that say charity organization that is not looking like normal even the devil have latched on to it now When did the devil like that taking care of anybody? It has become a normal devil take care of somebody. Ah no but okay you guys can take care of so now find way to see hijack that one now taking care of people is now done with a selfish intention not because you love may be then it went further now it means to launder money just pass it through an NGO. So it's no longer what it is. So he says beware remember we're teaching biblical perspective of life. So lest any man spoil you, take you captive. So what are we being captured by? This is shocking. We are being captured by wisdom. But this wisdom isn't founded on truth. Instead, it's founded on human tradition and a demonic system of belief. Are you seeing it? Oh, demonic has shock you. A devilish. So is there something like that? Look at James. see that there's every day we have this and people call this I know what I'm thinking I know what I'm thinking nobody can tell me we can

actually tell you sir we can tell you they blow on top of your head say we cannot tell you we can tell you you are not thinking well James chapter 3 verse 13 to 18 who is a wise man and endued with knowledge pledge among you. Let him let him show out of a good conversation his works with meekness of wisdom. So a wise person or a person of understanding will let it show by his good conduct. Abby and that good conduct is deeds done in humility. Meekness of wisdom deeds done in humility. That is the kind of wisdom. His wisdom is allows him to be meek, humble. But if he have bitter envying, now this is normal way people think. If he have bitter envying and strife in your heart, glory not and lie not against the truth, that's envy. Bitter envying, bitter jealousy, selfish ambition, that's the word strife. Do not boast in it. Do not use it to deny the truth which people do. Don't boast in it. This is just the kind of person I am to see me. I don't try. I the worst part like this. Don't boast in it. Don't want you to deny the truth. Say forget that thing you are saying. You don't know what I'm going through. Don't deny the truth because of your experience. Don't deny the truth because you want to hold on to unforgiveness. Say forget say ah you have not been hurt. Sh. Don't deny the truth. Don't cuz you can do nothing against the truth but for the truth because last time we still come back to that truth but you would have hurt many other persons because your actions I've used that word hot people noted people hot people it's correct English people that have been hot people because it's now a ripple effect. Amen. And that's why misery loves company. Always know it. So that you never are sucked into because it's like a suction. Don't be sucked into that misery loves company. Who are other people that are miserable like me? Let us identify. No, no, no. We are not doing that here. We are not binding together for for darkness. We bind together for light. No, no, no, no, no. So if you have bitter envy and strife, strife that's that rivalry, selfishness, that's selfishness that is rivalry like you are rigging election partisanship. So it's rivalry. So do not boast in it. Do not lie against the truth. Don't slander the truth because of that. Now then he now says this wisdom is shocking as this wisdom this wisdom because this is some people's wisdom this wisdom descended not from above so there's a wisdom am I talking about wisdom Christian perspective of life which is Christian philosophy of life this wisdom descended not from above then gives you is earthly, sensual, and devilishly. So, there's an earthly wisdom. There's a sensual wisdom and there's a devilish wisdom. Then he says, in case you did not get it, for for where envying and strife, for where envy and strife is, there is confusion and every evil work. So thinking bad things about people, living life predominantly with selfishness, without rivalry, what is called bitter envy, jealousy. It says there is confusion. Is that chaos? Is that disorder? >> And every evil work, you see you will see evil practices. So there's confusion, disorder. But the wisdom that is from above is first pure. The wisdom that is from above is first pure. Is clean, chasteed, innocent. That's the word pure. Then peaceable it brings peace with it. Gentle. The word gentle there is the word is appropriate. Whereas you use the word equitable is appropriate. Easy to be treated. It is easy to comply. You just you can tell that ah this is the easy thing now. This is this one is easier. The other one is looking harder. It it comes it has an easy

persuasion. It's easy to be treated, easy to comply with, full of mercy and good fruits, without partiality, without hypocrisy. Now is hypocrisy not some people's style of wisdom is partiality and they won't call it wisdom they just they won't even call it hypocrisy it's just how they do their things you know there are persons that have mastered how other person should live their life and their life is a mess where Paul used that word busy bodies of other people's matters improve yourself you will not improve but you know how many have not improved improve themself you know they improve yourself. is like everything is about people people people is all of them are all children of the same father and mother low self-esteem everything d that list low self-esteem oh there is an enter proverbs gives us the entourage of foolishness and the entourage of wisdom there are plenty things along the trail plenty things that following it in the convoy since the enter does not work for you convoy there are plenty things in the some people can't everything is But blessing to be smarter than you. Are you smarter than this? You get I don't know why somebody doesn't know that kind of thing and you don't know it. You always your work is to be picking people part by part. You know they improve. You work on yourself. I choose to be better. I choose. Of course, we are not saying that you have to be morally upright or perfect in your actions which is uh uh must be properly underlined several times when we say perfect because perfection has more than one meaning. So when we say there's perfection that cannot be found with anything created because in that sense it does not have in possession of the attribute and the exercise of the attribute anything created cannot be the same way like the who created it. So in that sense it cannot be perfect and this has to do with it's not morality is that for example I lack strength I forget something that I need to do that's already shown you are not perfect there is you see that I am not the creator if we come together then I can do but God does not need combination God does not need let's be two so that this thing will work no he's perfect in the exercise of his attribute he's completely good completely not I'm good seven years then one month unstable no you can never see God in one moment being unstable one moment uh he falters no consistently true all the way for every attribute so don't just thinking to morality no no no far beyond that so it's in that sense that we use that word nobody is perfect so that that's also become your philosophy of life nobody's perfect you're using to be evil and demonic no it's In that sense, now there is how he has perfected us in Christ Jesus. That means we are complete in what Christ has done. So nothing is lacking in who the man in Christ is before God. God sees us as we are and as we should accepted in the beloved, we are perfected. Hebrews 10:10 and Hebrews 10:14. For by one offering he has perfected forever them that are sanctified. So he has sanctified us. He has perfected us. So that perfect there is to arrive at the journey. So I am trying to get to Canada on bicycle that is not perfect. It may look like you will but now that be that. So the law could not bring us to that end. But what the law could not do Christ Jesus in his death has done. He has perfected. He has done the work. So the synonymous words used in Hebrew to explain the work of Christ. Better, perfect, more excellent. They are all similar because they speak of accomplishment. They are all synonyms of

accomplishment. So a task has been accomplished. So when he says we are perfect, that's the second use of the word perfect in the Bible. Now Bible words have Bible meaning not the one you think. Are you are you with me? Then the third use of the word perfect is when you use the word for mature to present every man perfect in Christ Jesus. Mature in Christ Jesus for the perfecting of the saints. Ephesians 4. The same thing Colossians 1:28 to present every man perfect in Christ. That's mature. The same thing he says about doctrine. Second Timothy chapter 3 remember verse 16 and 17. All scriptures given by of God is probably for doctrine for reprove for correction for right that the man of God may be that the man of God may be perfect thoroughly furnished unto every good work. So that thing is with the mature for the time you ought to be teachers. You have that someone teach you again what be the first principles. So maturity is also that's a third use of the word perfect. The fourth use of the word perfect be perfect even as your heavenly father is perfect. Now that is choosing to act like the lord even when it is looking difficult or and that's where we bringing conduct which I don't like that word morality. one day people will apprehend why I change how I use some words like I don't use the word free will because of my many interactions with uh intellectuals highly intelligent people of other faith especially my uh uh contributions to answering questions of that atheists and agnostics ask you put yourself in trouble using some of those phrases because of course we know what it means but it when people hear those words there's something that they think so because of what people think when they hear some words is reason why I don't use instead of saying free will just say man has will man has choice of course not because the word free will is wrong because of if we are really free then I should be free to that's not how freedom is defined you already given freedom another definition other than normal meaning of freedom are we good >> so that word moral because you can be moral without Jesus Christ That's why morality is in every religion. That's why we say and people don't understand when they say all these great scriptures have come again. That's why I say morality is not the gospel. People say ah no you can't tell me but there's conduct. Morality and conduct. Morality is principles and rules that I use. That's why it's called ethics. Ethics is the foundation of society. So principles and laws that I use to ensure that I live right so that I can behave right so that I can do what is right. Now all of that is what you can do without Christ Jesus and not be God's man. When a Christian boast about uh where you see this kind of wisdom um I like it but it's pushed beyond proportion. And they they teach these things like laws. You'll be wondering men should counsel men. Women should counsel women. Where did you get that idea from? I get the point. Why not tell that to Jesus? I remember when somebody said that to me and I use Jesus for the say ah well we are not Jesus. What about Paul? What about Peter? We are always coming up with principles that do not allow us to be trusting in the power of God's spirit. Say you are a morally damaged creature. Say that you are a child of lust and perversion and don't bring it to everybody. Be able to I mean we need that sincerity where the pastor say I have a problem. I have a problem with women. If you leave me with your sister something will

happen. Let's know. Don't be teaching emphatically your weakness on people. Don't be teaching it like that. All of us are not mad like you sir. All of us are not mad like you man. Don't generalize. You have slept on me. >> Because you are using it now as a conclusion. This is how that's not how it is. There's nowhere in the Bible because now you will soon have ministry for only one gender. So only the male should talk to the male. Go and try that in some regions now where men are sleeping with men. I be you don't know that too. You know where we always trying to look for things to escape. I be men don't sleep with men. Women sleep with women too. Now stop now. This is 2025. So how does that fly? How does that fly? You think it's only male that sleep with female and female sleep with male. Male also sleep with male. Female also sleep with female. So how did that counseling technique work? Now don't use arm of flesh. >> Yes sir. I can never carry a woman in my car. Some they do where they get all these laws add and drain. Now we bring them to church to come and do to come and teach us walk in the spirit and shall not fulfill the laws of the flesh. Your power to do right is not from principles. Over time those principles must fail. And only way those principles will if the principles do not fail it means you are not properly representing Christ because if you are going to properly represent Christ the principles will fail and how you know you're not properly representing Christ you can't be God's man everywhere. So the day God says two of you go around that br and preach. Ah what people say you you always use your what people say to hinder. The day God say stand for that man who is a thief. You say how can I stand for a thief? Hey hey hey what people say? Did they because your morality will always come in the way of youth being God's man. Yes sir. Ah, enter that beer pal. Ah, what if they snap a picture now? And so they snap the picture. Did I go there to drink? There's always that fear. So there are certain obedience you will have. Certain obedience you will not have because nothing should tamper my morality code because that is where we have an issue with the word morality because you can be moral without Jesus Christ. That's why salvation is not morality because a man can be moral without Jesus Christ and even that one question mark there ah that is in the areas of strength oh because look at the man who boast uh let anybody cry out if I've ever done anything to any woman in this world you may not have but I have people who have everybody's coming from different place sir everybody's coming from place and people have had struggle maybe because you are ugly that's why nobody have your time or maybe because you are because we must always be stating the the evidences so is it may have an issue to do with something else it's like an ugly lady said nobody no man ever ask me out they will not ask you out now say I have not stayed with any man would you have been who would want to sleep with you they will not want to now you not the first person no I'm not trying to put anybody the point I'm making is where it becomes an arrogance >> are you really Sure people are really hing you or you you are you have not been hired. If you have been hired you will know don't hear defenses. Is there anything wrong in making that kind of statement? No. Samuel made such a statement but he should make it for other attributes too because Samuel did not make it for one make it for every

other thing. Say you have never been proud sir. Even the way you are preaching we can see the pride cuz you are a custom officer. We can see the pride that is exhibit. This is a work of the flesh. It doesn't you don't even need to be matured to see the work of the flesh in how you don't need to be mature to see it. Wishing death on another pastor. Oh, let the glory days come back and let all these pastors that are preaching grace die. This is the this is the moral man. This is the good man. So that's why when we bring all things before God, we begin to see all men the way they are. Everybody have their areas of great strength. Everybody has the everybody has those areas maybe because of bringing bad lifestyle exposure or fantasies that see if you are in the business of molding people you will see different things. >> That's what you people say as a person I'm not shocked. where you say have you heard what that person did he shocked me say shock it not shock me it's a human being all this shock that you are shocked that's why Galatians says ye which are spiritual restore such a one in the spirit of meekness not pride >> not all this bravado this pride I can never I can do it is God that is helping me not to do it there's nothing bad I cannot do >> yes sir yes sir >> is God that is helping me not to be doing it until that that must be some people have never lived by the power of God's spirit which God will judge them for. They will lose all their reward. Every good work they did on the earth they will be burnt because it was never powered by God's spirit. It was always I'm smart. I'm smart. I'm smart. No, it's not smartness. It is the spirit of God that produces godliness. Every godliness you produce by principles and laws did not come from God's spirit. It is the spirit of God. Joseph did not say no to Portifer because of this principle is because of the Lord. That's why I say how can I do this great wickedness against the Lord and against my master is because of the fear of God is not because can that fear of God now be interpreted as principles not worldly principles. >> I teach people how to break a habit in a twinkle of an eye and people say ah it's it's not easy to break it's easy to break any habit. Any habit can be broken except the one you don't want to be broken but if you want it to be broken is to habits can be broken because you you are not bound by any of those things lay claim to the power you have in Christ Jesus and you see the power of that evil shatter it will shatter out so how did I get here morality okay beautiful so morality has many meanings that People want to give it. So people are more you say I know one Buddhist that never done bad. I know one Muslim person. Everybody only know one person that never done bad. You live in their house. Don't be silly. You say you know somebody have never done any bad thing and he's drawing breath. How old is he? Is he five? What do you think is bad? Thank you. Because we are always using our definitions of good and evil. >> We are using our own definition of good and evil. Our own definitions of good. How many times did we see people do things that seemingly look good but was not good? It is good that we make that Jesus say is not good. It is good or you will not die. You will not die or you will not die. Even that one is that Jesus should not die. Everybody know it's good not to die. But in this context was good to die. That's why I say you who are you to that's when that man called Jesus good master. I said who are you to define goodness? You don't do you

know what good mean? Okay. The man said, "I've done everything for my from my mother's womb. I've been keeping all the laws." So you sell all that you have. The very first just Jesus first attempt to to to prodd him he fell. He Bible say he left so wful. Bible say because he was a very rich man. That one serve God. That one he was a worshipper of mmon and he came proudful to the Lord. I've kept everything sad left sorrowful because he was very rich is that one his trust is not in God and yet I've kept it. Look at somebody has been kept keeping I've been keeping it. Ah from my I've I've kept everything the same way all of the people that held those stones that we had at the lady but we can't find the man. ready to stone in John chapter 8 just one it's only one question that Jesus bring Jesus does not use two words just one which of you is without sin everybody drop stone just I really do like that you're not really serious like that not serious like this everybody start doing my not serious like this is it the seriousness of your own so our power to correct moral failures is not because we have not done it I used to be a very proud stupid person. I used to be a very proud and stupid person in that regard because of how I was raised. I mean I can tell you never never never. I can give you many never never never never ever. We don't have to fail to now lend grace. We don't have to fail to now realize that human power is is horrible. We don't have to don't make experience the best teacher because I knew the the the principles that were instilled in me growing up. Don't make say how can how could somebody do something like that. Ah people are doing things how it's by the grace of God that you're not doing it. S not I can never see myself doing that. You have not finished all your life on the earth side. We don't yet know what you can do by the grace of God by the power of God's spirit. I'm helped. I'm enabled. So then this kind of message now anybody that is angry is a wicked soul it offends the far mind because they have because for them they have seven good they have seven sins only seven once you don't do those seven you are okay the same five is sadistic mentality that finds a way to make doing good a set of rules and imposition which is not good and evil should always be by God's spirit and by his word and his word and his spirit agree. So we know ah this thing is against love. How many things have you done that are against love or you don't know that that sadness is a work of the flesh? You are and you are predominantly sad. This is a moral man. What is the morality in sadness? You are shocked. So morality your morality is not sadness too. How is unhappiness moral? What is the ethical goodness to sadness? Now you have robbed all of us. All of us now want to run and leave the house because of you. Of what? Where is the love in that now that you have spread it on all of us? All of us now are sad because you were sad. You have to project your your your sadness on other persons without knowing that you apologize. You explain to people that don't be don't look at my countenance. I'm just dealing with something. You'll be spreading it lashing out on everybody. Is that not is that where where's the morality there? Where is the morality of losing your patience that you cannot wait for things? I need it now. No, no, no, no, no. Can you not be faster than this? You are quiet. See that we have found a way to be are they not other works of the flesh? Yes, sir. Where is your longsuffering? Don't Don't have seven. I don't lie. I don't

steal. I don't forget. The only one that change name three times adultery or change his name. I don't. So once you have the seven, it's seven. Once you have those seven which h pride is used as the ending and the people that use pride as number one are fraud say you know uh uh let's beware of of pride. I'm here to worship my maker. I I remember a lady did this to me some years ago and I I really humbled her because I wanted to follow her because I praised her before she came up and she came up and said I really don't know how to sing. I have a horrible voice but God is helping me. So when I when she finished singing I came back up. I said can we celebrate that lady who has a horrible voice who God is helping. She was sad. She was sad. This is a moral person. They deceive people saying now good person be this wicked soul anger after that day I could never invite her again I mean this is many years ago you know I've been around for some time could never use her for anything again within that cycle of influence I had then she said she I I did not know that there's what you call force humility that one I was past pride it's just better to be proud than that one I this vessel of clay I hear I I really took her for a word. I felt like oh wow I said say I said you know I have a horable voice. It is not about me it's about my God. I followed her like that as I came back I to I mentioned what she said he called the pina. So it was just you know I'm not good but I'm good. No sir. We don't used to lie to say truth. >> No sir. No sir. No sir. No sir. We don't you no that's his false humility sir he didn't say don't think of yourself say don't think of yourself more highly than you ought to that means don't have an exaggerated opinion of yourself he didn't say have no opinion of yourself that one can be also low self-esteem can be false humility and low self-esteem you have no opinion of yourself I think I'm a nobody let's fill you up with God's word you are something sir no so are you following So he say be ye perfect even as your heavenly father. So in other words we learn from God right steps. So which is where Ephesians chapter 2 now says we were created unto good works pre-ordained onto good works which God created us in Christ Jesus to walk in. We are his workmanship po we are his work of act a masterpiece. So there are orchestrated part which is why we now walk in the spirit and walk in the light. Good works which God before ordained that we should walk in them. >> Amen. >> Amen. >> So you see the word good works used again in titles. It says good works are for good uses. So they say because there's what we use good works to do. Yeah it has. If not people what kind of Christian is this one? He says a Christian. He say so your good works obviously matter your conduct matter but don't use that word morality and I understand what people mean but you get why I don't like using that word morality just call it good works it's far better nothing wrong in using the word good works because there's good works that come by the spirit of God that come from salvation there are many gurus many of the hermit and monks that are living a better holy life than all those people who boast like that cuz you boast about having to do with a woman. Many people can boast they not even married. You married there's always somebody that can go deeper than you. You say I've never stolen money. I've never seen money safe. You I've never seen money because it's an aesthetic life. They live in isolation to every other thing hand to mouth. They have to

[illegible]

you know sent to one person one person many people have lost their lives like that mob action everybody just say the same way people said they will not eat or drink until they kill Paul what did Paul do other people they say they bound themself by an oath is there is that that Say the masses what happen over there say you not verify you already stone mob action it's the greatest one of the most subto satanic influences in in in wasting people yeah you find out that it's not true we already light fire without verifying that's why be careful how you run with the crowd on certain informations for in every rumor there is element of truth. You have not seen rumor. Ah you have not seen rumor. What about the rumor about Jesus? None was true. Born of fornication he was not a wine baba and a drunkard. All the rumors about Jesus none of them were true. That alone should tell you that come say you know in everyone there's element of truth. You know he never reach your papa house. When you near your friends you will know that not every rumor is true. There are people that are raised up at a time like this. Hell raised them up to contend against your soul. They will leave a bit longer. You will get you will see it lie. You say you have come now. All right. Finally, everybody come with their evidences. Ghost. Anybody can say things now to to score points. People can say anything. Ah people can say it and later upon verification they find that it's a lie but people say I will I will disgrace you. You think you can I will show you then start because people always looking for sweet gist. Give me your old side of the story. No no no no no no no no. You cannot conclude without hearing the other side and many times cry out they correct and that's not how God judges and that's not how a believer even should judge. So we are to judge nothing by his appearance. That's what puts uh Joseph in prisoner was the first to cry out now say see now my government is not with me so it's obvious that he did something to me but he did not do anything to her and if not that we have the background story in the Bible would you have known who would have believed? Who would have believed? Nobody would have believed Joseph because he was suffering in prison for what he did not do. That is life for you. People have suffered for what they did not do. They were just in the wrong place at the wrong time. Hallelujah. >> Then people have also suffered because of their own wrongdoing. People have suffered because of persecution. Peter says you must know the two. They suffering for persecution. I'm suffering for your own wrongdoing. That one is not persecution. Baba suffer. Amen. >> Amen. >> So see to it that no one takes you captive by philosophy and empty deceit. So the captor here is what we are being captured by wisdom. So always know what wisdom is at work in your life. It says holo rhetoric or outright lies which becomes which that word why he call it elemental the word stokon is now a basic assumption we use for our thinking that's that's why it's element stokon is now a basic assumption so that's how you basically live that is your if you see a baby falling will you instinctively stretch your hand stepped up your mama you everybody every normal normal people not the nor again every normal human being is quickly to rescue you will not you don't need to think should I should I should I not the baby land oh he died ah they will say heartless so it's instinctive you can't be it's not Indian ah Ah the thing will the baby will

pause there while then you remember you take drink where are you running to then when you finally get there ah no this is not this is not Bollywood it's real life and you know your mind is renewed when you act before you think those are instinctive thinking that is now what does a basic is like your default default mode. So there are some persons when I hear oh this person have done I say it's default that's worrying we need to break those default the ax is to the root put the ax to the root we change them with the pluck leave we deal with the where the they come from there where these things are coming from where say people don't change ah I can't be a preacher if I believe that kind of stupid philosophy that people don't change people change. That's why you are here. You are a Christian. How did you get born again if people don't change? Be careful what you believe as a Christian. Say people don't change. People don't change. No. But but can change be slow? Yes. Can change be very gradual? Yes. But people change. But change can be slow. Ah yeah. And change can also be fast. It's depending on what you hold on to. So are there anti-spiritual standpoints to life? Yeah. Anti-spiritual conclusions. What are your conclusions? What are your stand points? What are your basic assumptions that you use for thinking? What are your preconceived notions? There are many have been taken captive by Christian kind of like philosophy wrong doctrine God will never hear your prayer that people today they cannot ah sorry get a scarf I'm about to pray it is now they cannot you just have to just just remove the table cover we must quickly because their prayers not going to be answered then you imagine we have women praying in the Bible and we didn't see their head covered you just use one this is laziness then we start talking say what do you know how many years have you live ah so want to be doing years you might go die say h I am the pilot I am 128 years old. We only use old people to fly plane. I wanted to be older than everybody on this plane. Why? Before they enter runway, come down. Oh, don't trust any autopilot. 128 years. That's why they retired them. say uh doctor I'm uh 92 years and there's an operation that uh I want you to do for me say oh I'm young I'm just 25 so we have a a surgeon a surgeon hand they shake 114 years let's call him for you they must be older than you to treat you and they s just stab your heart He leave the knife inside. I left the knife inside the heart. I say let's call for this. It must be everything that you the same. The driver said ah there's an old woman that's also entering this bus to Lagos. Say how old is she? She say she's 98. Ah motors there is this there's this person we know. He does not drive anymore, but it's a legend in the art of driving. He's 182 cuz he must be older than he's driving on his body. Remember that I'm supposed to trying to match to everybody wrote clear into the forest cuz they must be older than you. But that does not work for money. If I even my son now you say he's pastor everyone not trust pastor son he's wise he's wise he's wise just give that my first I pack dollars for him \$100 note I say be sharing for people will not say it's a child say it's your dad I be it's your dad no there are people that supposed to say uh-uh he didn't steal his father's money no people know what they are doing when life matters they don't use age >> when they want to be naughty. They'll be doing age say that's why some pastors say ah someone say ah that pastor is young go

bishop was not young too which of the pastors you like today that were not young and this young you know how many years we have been doing ministry are you are getting old you we are not getting old because you go wear suffer for face now don't be everybody wants to be wearing suffer we must all not look our age because we intend to live long. S I've seen people that are not up to like 25 years. I didn't know. I thought you was 32. I always used to a power that a small boy people that [Music] look younger than your sa there's no glory in old age. He renews my age. Renews my youth. Abby >> let God renew my youth. I beg they go see that 50 year old woman they oppress people for gym. Nothing wrong to be looking young forever young. Is that not human pursuit? There's no human being. So but we have ah that philosophy people have weird ones. What about Deborah? Her head was not covered. She was praying. What about Miriam? And Miriam written upon the scarf. Uhhuh. We don't even need to use that same coincidence. So in the same place the verses after I say we have no such custom, no not in any of the churches. But you took it as a custom your own church. You want suffer your people. They suffer them. and say uh you know uh for me one not tied the glory of God does not even nature teach that a woman has long hair is a covering. So even the hair on the hair already is a covering for the headcept you go babolo then that text can now work for you. >> Amen. >> Amen. Amen. >> So that's how we think. >> Hallelujah. >> So there are philosophies that are not Christ centered. >> They are hollow and deceptive. So there are ideologies that removes us from who we are in Christ from what Christ has done for us from the gospel from this from the soundness of doctrine. Beware of those kind of philosophies. So always view your assumptions and your thinkings, your wisdom because philosophy is the love and the pursuit of wisdom and knowledge. But imagine that Colossians 2:8. How could the pursuit of wisdom result in a kidnapping result in you being taken captive to to rob and carry off as a prey as a captive? I don't want to be carried away from the truth into slavery. Slavery true philosophy. Every day people are being carried captive. They are slaves to ideologies that they buy into. Amen. >> Amen. So any philosophy that is not Christ centered is bound to be hollow and deceptive. The same Colossians 2 because in verse three he say in whom are hid all the treasures of wisdom and knowledge. That's in Christ. That's why it says are not after Christ. So there are teachings that are not after Christ. See that word you have not so learned Christ. There's a learning of Christ that we receive. There's a learning of Christ that we receive. Colossians 4 verse 17. This I say therefore and testify in the Lord that ye henceforth walk not as other Gentiles walk in the vanity of their mind. Did you see it? vanity, having the understanding darkened, being alienated from the life of God through the ignorance that is in them because of the blindness of their who been past feeling have given themsel over unto lasciviousness to walk all uncleanness and greediness. But ye have not so learned, >> if so be that you have heard him and has been taught by him, as the truth is in, >> that you put off concerning the former conversation, the old man which is corrupt according to deceitful laws, and be renewed in the spirit of your mind, that you put on the new man, which after God is created in righteousness and true holiness. You see it?

So there's how we have learned Christ. Now this Ephesians chapter 4 he even says something you know we can counter look at philosophies that counters. Let no corrupt communication pose out of your mouth. 29 you know there are people that say I like to speak my mind. Make sure that mind you have speaking you have renew it first before you speak it. Just I just I just like to speak my mind just like doing the NASA protest. Okay. How did you pronounce it again? >> It was trending. I speak my mind. People were calling. Somebody call that his father. Say daddy come out. Everybody call speak out. Speak out. Speak out. He that callth his father and his mother his light go off. It's not Old Testament. You think the angel will know that Old Testament? Which one is Old Testament? How is that Old Testament? Honor your father, your mother. That's say speak out. I said they speak out. I thought there was nothing. I felt like I was not loved enough. Uhhuh. But people have made renew your mind. Matthew 18 say if you have an issue against your brother they say um follow me live on YouTube by 8:00 PM I will drop the bomb because we need to speak out follow Oh no it's not YouTube Instagram on Instagram I go live by 1000 p.m. And people are actively waiting. The same way they wait for the single man, it soon go live. It soon go live. Being programmed for h instability. One place you say cancel him, cancel another place say don't cancel him. It's like the shaft, the wind that blow all know what you stand for. People have mentor say my mentor. I am a malian in Christ Jesus. What does that mean? Say we go without belts. We spike our dreams. We often are mad. Whatsoever that means you say but in Christ Jesus. There's nothing like that in Christ Jesus. Something like that in Christ Jesus. Know where you stand. Know where you stand. doesn't mean that it's only Christians that you would emulate or copy anything from in society because there are people that are because of your business venture different end field but anything that is against God that is coming from them you you separate it you don't endorse that or clap for that you should know that and one of such is this one here it says renew your mind don't just say anything that knows don't just I want to speak my to speak my mind don't let cor from your mouth Another one he mentions there is be not angry and be angry and sin not. So in other words, don't let anger lead to sin. Don't let anger get to sin because anger can come and it can go but don't dwell on it and it now makes you do what is wrong. So he gives the example let the sun go down upon your rot. There are people like this that hate peace. Something will be in their mind and this there are many wicked husbands and wife in marriage. Marriage is one of the place you see wickedness. You are shocked. Yes. So because you will see on because this is close we are seeing on godly living. That's why every teaching of relationship will help you because that thing we what we call wickedness is that not wanting to live like a Christian. There are husbands that don't like peace. You don't know say they can be doing memorial. This is two weeks now we have not qu what's happening. There are women that don't like peace too. If you know you want peace, why do you sleep with anger? You deserve the evil that is facing you. You use mouth to let it be said that the person did not want to reconcile. Why will you be know people just like being sad, depressed? Who did you who who who is winning

now? You have only destroyed yourself. You will not have many assumptions. They not love me. They don't love me. Which you love love love again. Wrong meaning of love. Because after thinking love is wicked, you bring it to your philosophy. For me, love is wicked. That's why you are being wicked now. Now because love is wicked. That's why you are wicked. That's why you are wicked. I put it to you. You are a wicked man. Hey, wicked woman. No. Decide. I tell people planning to get married. Every time I get to counsel them, people planning to get my I tell them decide the kind of home you want. A home of love, joy and peace. Anything that is not for love, joy and peace. Remove your hand. Wash your hand. Come out. So that the day your wife is bouncing the ring only she go day there. Only she go. If it too bounce, just come out. Come to my house. Come and sleep. Don't bounce bounce bounce. Brock Lesnar after you have bounced WWE after you have bounced nobody follow you because some people just want to lead you into temptation so that it will be said that as he say just gave me header flying header zan he danned me there no communicate I felt like if I speak but did not speak. So how would you know another evil I felt what are you felting? I felt like if I had spoken it may not have liked you apologize forgive me for the tone I'm using I may not be saying this thing well but I feel like this be communication but I lie I what is it the joy of sleeping angry when you know how evil life is you know how wicked elemental spirits are you go Sleep with anger. The next day you will not like what will come up because you would have given it interpretations. [Music] No. Now don't let the song go down your rot. Always reconcile quickly on the way. Want the issue to die immediately. There's living in peace like it. Don't hate living in peace. It's not a bad thing to live in peace. Amen. >> Amen. Like bishop said there's no way to say and they will not step on each other. Said to the man said we have been sitting across each other now. I've not matched your leg now. I'm not mad. I should know where your leg is now. Say you can't. There's no way two people live together without step on each other's toe. Say but we have been here since 4 hours talking. I have not stepped on your toe. Say oh oh people have preconceived notions. That's why everything that has to do with people can live in peace and you say never it's not possible it is possible is what people mean by the interpretation of course that interpretation he is not saying and I believe so I really believe for him that is his use of word I don't think he's saying he and his spouse have never had to drag on issues or no he's talking about that war that they there's contention that both of them are get out get out of here can they have made up their And it will never happen and you cannot fight him. He's shouting it every time. Hitch free. What you call history? You you is he you are looking for everybody should know what they are looking for. Say no it's not possible. Leave whether is possible or not possible alone. What do you want in your own home? Because that's the one that is possible in your own home. Every time you go one trer every time. I will show you the kind of woman I am. No, no, no. I will show you the kind of man that I am. I'm a killer. Truth are coming out. The truth is coming out. Oh, when I'm done with you, you will know I escaped from psychiatric hospital. Is this how you see yourself? Fresh from know you know. Amen. >> Make up your mind. I will do what

God's word says. We live by some people always they make it's an attempt to make you see that God's word does not used to work. They enjoy it. Peter says women have used their chase conversation to win the husband. a lie cannot tell me cannot tell me that you think I'm a fool that's because you're not a fool so everything has packed up all these unnecessary wisdom that we want to have same way the man now crawl on your on your on your on your on your knees on your falls and come to me put the bowl on your head because I'm a traditional man we don't wash our hand with our wives not on their kneesh What do we do here? Then you finish, you sprinkle it on our eyes. Go my lawful captive, prisoner of war. We talk. If you have an against your brother, Matthew 18, he say go to him. How much more husband and wife? How much more friend and friend? You have not spoken for 3 months. Because I feel I feel which one they feel they fe they feel they know they feel they talk I feel I feel in my what I think in my mind what I think in my mind you're thinking in their mind tell him to his face say if he will not hear you come with somebody and it's private resolution nowhere are we to go live nowhere are we to have interviews nowhere are we to use something to cover their face they want to tell us something that happened where they are coming from you and them go and meet the pastor don't be an agent of the devil Say you are a therapist. Is that biblical therapy or the rubbish you read in school that is affecting you? These are the apostles modern day apostles covering their if you already brought them why cover then you cover tattoo. Everybody that know say that person cover face say you don't mean it. So who is this edifying now you don't mean? So are there Christians like that? Are there churches like that? Are there pastors like that? Are there fathers like that? So what have we learned now? Who did not know that these things happen in society? Say you want to go your YouTube channel there. You want to go your YouTube channel. You have seen that you are following. There's godliness and there's ungodliness. The Bible is not silent on interpretation of matters. That action s we don't care how many years you have been in ministry is wrong. There's not that's not how we handle issues in the body of Christ. We do not handle issues like that. The same way someone is body of Christ hear me from Jos. You are commanding the body of Christ. I hope you know body of Christ. What do you think is body of Christ from Modi? Body of Christ. Listen to me. Body of Christ from Lagos. Body of Christ. Which body of Christ are you instructed? Body of Christ. You not even see all the churches in that just that you live. You cannot even address them. I write now to the body of Christ all over the world. You are exaggerating your influencer. You don't see how many views. Look at the end now. The whole body of Christ. You are speaking with the whole body of Christ. You are not the shepherd of our soul. You are not the high priest of our profession. Jesus is. You're not the you are not the apostle and high priest of our profession. Is Jesus. He's the one that speaks to the whole body of Christ. Not even the pope can speak to the whole body of Christ. Ah, no. Can only speak to those that are in the Roman cycle. Now they rich the body. Hear me body of Christ. Ah. Oh. And that great institution. The reason why they are respected because of their unity. If we are united then politicians the government take us seriously. Much

increase that came in yesterday years in church history or in history generally not just church history came because the church was united now not united in as it were we may hardly ever believe the same doctrine as it were but the fact that we know that we are brothers and sisters not he may not know this Bible verse does not mean he's not my brother he just doesn't know the Bible verse I have a brother and sister in Christ Jesus does not know the meaning of this Bible verse it's not to say it's not my brother my sister no who is my brother my sister in Christ Jesus. Him that believes in the lordship of Jesus. Some don't tie hair, some tie hair. Some wear tr as female, some don't. Some use makeup, some don't use some don't wear shoes, some wear shoe. Some wear only white, some like to put swimming pool in their church and call it pool of besid. We have all manner of we have all manner of brothers and sisters. I mean it's an extended family here. [Laughter] But the important the first thing I want to track now my brother I be so I want to first know is this person born again and it has helped me greatly these days say no we cannot tolerate it if good men don't speak out even we you are young we have been speaking out before you got saved on Facebook start writing when you write for 10 years you will know why we stopped good men good men you say you mean that you mean that it's not enough to be consistent Fighting for the truth. Fighting for the truth. Oh, fighting for the truth. I be you will just become vengeful and an angry person. Error. Even even the Lord Jesus say let the wheat grow with the t [Music] say we remove all the darkness. You you you with your platform. That's why that's why I say you should join us. by attack. No, it's systemic teaching of God's word that eradicates error. >> People listen to the truth. Don't write for engagement or write for conflict. So if you are teaching and you are preaching and you you teach your members but not I want to call out bishop now hear me. No doesn't work like that. Of course, a pastor can't do that because he's a pastor because the pastor talking to a pastor. But let's stop some of those things. Amen. >> And deal with the issues so that we are not attacking personalities. But if we are correcting anything, we know it's the doctrine we are correcting. That's why we cannot be doing name tag and saying but this pastor is person. No, we don't do that. Is the doctrine. If you even want to reference anything like that. Hallelujah. Praise God. >> So there are philosophies and empty deceit. >> Did you get it? >> Yes, sir. >> Dear friend and we're just in that Ephesians chapter 4. There are people that have all the even that I said ask them what is love to tell you love is wicked. Ask them about uh what's their view about uh marriage. Mary's a prison. Ask them about everything. They have wrong views, worldly views about nearly everything. So there's how God's word sees life. Is that okay? And how God's word sees life is the biblical perspective of life that we're talking about. So everyone views life through a unique filter and that's what is called their philosophy and that's how you interpret events, make decisions, respond to various situations. So biblical perspective of life is a perspective that is shaped by biblical teachings. It influences how you understand God and the world at large and our place in it or your place in the world. So it's shaped by Bible teachings that influences how you understand God, the world at large, and your place in the world. So I don't buy into

philosophies and wisdom that are not in line with God's word. No matter how popular they are, count me out of it. Amen. And there there's a whole generation that is being mentored on Tik Tok being mentored on Tik Tok. See if you if you speak about it say don't that not judge sir we can judge that's not what judge mean. I'll show you next week Sunday uh how judgment is done and we read on those context of biblical we can judge things who told you we can't judge things. Ah we can judge things so we can judge you sir but the judgment should not be damnatory neither that Greek word catacly we should not sentence you because as long as you are alive you can still change but we can judge a person we can judge a conduct we can judge an action but in that judgment we retain who the believer is a brother in Christ Jesus is a sister in Christ Jesus is a child of God know ye not that you are this we we don't remove your sunship because we correcting we don't remove who you are in Christ. Amen. >> Amen. >> Romans 12 verse one into two. I beseech you therefore brethren by the mercies of God that you present your bodies that bodies that Jew gentile body I've told you what that word body it's not physical body that it meant present your union. So present your union which union that union that we have in Christ how we have become it's a living sacrifice the way God recreated us is a living sacrifice holy and acceptable unto God and he says which is your reasonable so your reasonable service is to present yourself the way you are in Christ Jesus present yourself so the body is there because it's in this Romans 12 that it teaches um having gifts in the same body he used that word B O D Y several times you are quiet don't worry it's normal when if you hear something for the first time but this not the first time I'm saying it for those who have been long with us verse five so we being many are one body verse four as we have many members in one body and all members so is the same word S that is using so Romans 12 flows from Romans 11. So when he now says I beseech you therefore brethren by the mercies bedren by the mercies of God that you present your bodies that you present your bodies just like we say the body of lawyers met in transcodies or that's the union and the association all right said the the body of journalist but when we read body in the bible it must be physical body must be your skin your flesh I I know now it makes Bible interpretation hard because we want one word to mean the same thing everywhere and words in the Bible are not always like that. So our union with our union one with another in Christ Jesus is a living sacrifice is already holy and acceptable unto God. But we must present it. We must stand like that. We must live like that. And it tells us how. Be not conformed to this word, but be transformed by the renewing of your mind that you may prove what is that good, acceptable, and perfect will of God. It's not three types of will of God. No, the will of God is good, acceptable, and perfect. Not that if I don't go for the good will, I go for the acceptable. If I don't go for the acceptable will, I go for the perfect way. No, the will of God is good, acceptable, and perfect. For I say through the grace given unto me to every man is among you, not to think of himself more highly than he ought to think, but to think soberly, according as God has dealt to every man the measure of faith. So every Christian has a part to play in the faith. Now observe that verse two. It says, "Be not

conformed to this world, but be transformed how?" By the renewing of your mind. So we are not conformed to this world. And the word is used for conformed here. Suk matiso in the Greek which means to fashion yourself to copy worldly styles, worldly patterns, worldly principles. Just like the lady who said uh the Lord inspired her to get a dress that showed cleavage. How can the Lord inspire that? Let's not be stupid now. Can't the law cannot inspire that now you know you want to blaspheme just blaspheme and don't put god inside is god just say you know that this dress draws more attention is god inspired let's be careful how god is inspiring people if god inspires you like that you should know you are not serving god is satan what is not doing if god is inspiring you like this satan went to vacation we know that satan we know the god there that inspired you that god has a name that god is the god of this world that people should be Satan that inspired you because you observed. No, now no, no, no, no, no. We can judge things by God's word. God's word gives us a view. [Music] So be not conformed to this world. So there's dress. So say nobody can tell me that I'm dressing like a prostitute. There's dressing of a prostitute. At least three references in the Bible where somebody dress and they dressing they mistook them for a harlot from Genesis to Revelation. Do your Bible study. So he say how I dress does not matter. Ah how I dress matter. In fact, that's why there's a chapter that Paul taught on Christian dressing and that Christian dressing not because there's something called Christian fashion is that don't and dressing modestly must not be a gang must not be an overflowing gown must not is modestly dressing modestly is exactly what dressing modestly let's let's read it I don't want to talk Peter And Paul talks about that that old word say Paul shamefacedness. First Peter chapter 2 shamefaced does not mean to dress with shame. Oh no no dress in regard of how others see you. So that's the shape dress with having others in view old English is the word modesty. First Timothy chapter 2 verse 8. I will therefore that men pray everywhere lifting up holy hands without rot and doubting in like manner also that women adorn themselves in modest apparel. What modest apparel well arranged with shamefacedness. Shamefacedness simply means in regard for others. Don't dress in a manner that you can be bashed. Don't dress with bashfulness. Trunks call it bashfulness. Don't dress in a manner that people can just be bashing you up and down because even society knows it's not okay. That's why they are bashing you. So they didn't have to be in Christ Jesus. The fact that society is even you are uncomfortable. Ah know that that's too much now and society. So dress with soundness of mind not with braided hair or gold or pierce or costly array that's not the issue but which becometh women professing godliness with good works. So he says let it not just be about the outward. So even when you dress with these things I don't we read more than one text you see because this is where people now use you can't do your hair you can't wear gold you can't wear all this because it's unholy okay we take this way of reading see that it does not work first Peter because they conjoin that with first Peter chapter that says, "Likewise, ye wives, be in session to your own husbands, that if any obey not the word, they also may be with they may without the word be won by the conversation of the wives. While they behold your

chase conversation coupled with fear, woos adorning, let it not be woo adorning." So your dressing should be not just about outward adorning. Let it not just be. So 1 Peter 3:3 whose adorning let it not be that outward adorning of plating the hair and of wearing of gold of putting on of appar so we should be naked not wear at all but let it be the hidden man of the so that's what he's teaching it's not it can never in fact go imprisoning that woman which will represent Israel in Ezekiel say I decked you with good. The prophet doesn't know that God hate gold. No. Now, don't don't bring religion into uh Bible interpretation because how can God have an issue with gold and silver and yet he filled the earth with gold and silver? God is so immoral. He filled the earth with unholy things. No, no. It's how a thing is used. There's something wrong with gold and silver. So it says the adoning the dressing should not just be about externance. It should be dress with the consciousness of who you are the hidden man of the heart. That's the same thing that 1 Timothy 2:9 was saying. That's why it says in like manner also women adorn themselves. So look at verse 10. He now says but. The challenge is that word but. I don't know why they use the word but there it looks like it's a contradiction because most people have but like contradiction but has more than one application because that word but is used for nevertheless notwithstanding. It can be an objection. It can be an exception. It can be a restriction. So it can also be a rather or a moreover. So the context determines which one. So it's not that it's a contradiction. It's not always that. But in this context, the women adorn themselves in modest apparel with shame facedness and soiety, not with braided hair or gold or peers of or costly array. But you notice it's in bracket. Oh boy, you are not there. 1 Peter 2:10. So, but with good works. That's simply what he's saying. So, if you do all of these things, please be conscious of godliness. That's simply what he's saying. So, always dress with godliness. Always dress with what? >> And you can make godliness stylish. Don't buy into that idea that godliness cannot be stylish because it was people that brought all these different styles and slowly people didn't used to like it but over time now people are comfortable with it that people are okay showing us their own stomach showing us their breast on the road and his fashion style. So a Christian knows not to dress like that. Should you uh what do they call it? Say I I wanted to dress hot. Ah, I hope that hot. It's not that you are dressing seductively because now you an agent of the devil. No, dress properly. Dress like a young person. Dress in a fashionable way. But let it not be against godliness. That's why you need to know what is even the godliness. What is proper? Is it Elisa? Elisa Betan era dressing. You don't know Queen Elizabethan era that uh 16 William Shakespeare time. Have you not seen those gang? That is nobody dresses like that now because the time so the culture of the day. So you want to know what the time means? Dressing the culture of the day. the culture of the day in the sense that the widespread acceptance of people that is then you view it alongside that is not against who you are in Christ Jesus or against godliness. I cannot show people my body and I'm saying I'm a Christian. No. So if the culture of the day is now against who we are in Christ there was a time where uh palazo it has rained and came back again know there's fashion of the time and it's not ungodly. So

people can do that but it comes so it's like every 50 years the fashion waves back and forth goes come back goes come back but for the believer I must dress with godliness I must add godliness and godliness is must not be seen here are you getting my point I'm trying to break that stereotype that you think that okay you want to dress modestly that's why I must wear suits that's why no no don't dress in a manner that makes people wonder You are a Christian. Thank you. So Ba said, "Dress the way you want to be addressed." And that's true. There's a way Tom had dressed when she wanted to hit the street. There is a way Esther was told to dress and all the people that they were preparing for the king. There's a way you dressing there's guidelines for and those dressings matter because there's a result you want to achieve. There is a way Naomi told Ruth to dress. He says he say wash yourself. Pour oil as smell nice. She had a mission. There was something to achieve. No look. He say this our village woman said don't dress like a village girl. That's what she was telling her. The woman have experience. Now me say don't dress like a village girl she will not he will now say that this one she has been married before now she will look beyond that say can I know your parents and that's how the woman gave the other woman advice dressing well so dressing well is anything that you wear that is not against who you are in Christ so can it be short sleeves cloth and be as long as what should be private is kept private. Not be showing us things that should be kept private and say that's that's not modesty that's even not proper and that's why you go through the stress of trying to adjust your cloth. You have already worn it. Let us see the wonders of creation that you are showcasing. You are the one that wore it. Didn't you know that's why you must didn't you know before you wore it now you are uncomfortable in what you wore fire down >> you wanted to slay with it now so dress well learning something >> dress well so there's I can't say though I will not be doing looking like there are people and the safety is what brings us to the evil of today that uh the Brazilian BBL you cannot have peace say see my body it's not banging see my is reason why some people cannot leave the gym of course dreaming dreaming is good exercise is good but not with low self-esteem because you want to be loved I don't want people to see me less ah who has damaged your mind I don't want people to see me less I don't want people ah Hey, there are many person never hit the gym that people are not seeing less. So let low self-esteem not power the right things. Deal with those wrong vices, those wrong way of thinking. You feel like you are not enough. So you so that people can approve of you. You live your life because of the approval of men. Ah the same people that say crucify him, crucify him. Don't do that. Don't do that. Amen. say you need to have that banging body. No, have banging body but don't have it because of low self-esteem. Don't have it because you want to be a tool in the hand of Satan. Are you following? And you don't need to distort and affect your body then now suffer consequences. Somebody says because it's a cheap one, you use the expensive one, it will not affect you. No walla you already shows how much you already a captive of the element because you felt like you were not enough. You're not enough. I need to modify my body so that I can be accepted and loved. What about the thousands of people that are

loved? Because the issue is what do you feed on? You cannot feed on Instagram and Tik Tok 8 hours of a day and not be swayed by that. That will be how you think. That will be your influence. That will be how you think, how you live. Because that's all you now know as normal. Man is a product of influence. Don't exaggerate how mature you are. There's a reason why you shut out some ungodliness. Short it out. This thing is wrong. This thing is wrong. Shut it out. Remove it from your thinking. Amen. >> So we explore more around all of these things because the Bible gives us the view on different issues. Isaiah 55:8 and 9 as we begin to round off. Amen. For my thoughts are not your thoughts, neither are your ways my ways, declares the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts. Is God transcendent? So we see God's perspective and human understanding. My thoughts are not your thought. But does God want our thought to be his thoughts? But he's showing us there's a difference. And that's what we're talking about biblical perspective of life. We need God's thought. God's thought that some persons their holy spirit will never tell them that they were dressed wrongly. That's how we know they don't have holy spirit or they are not godly at all. They don't listen to god. They have seared their conscience with hot iron. The same thing with uh certain things that you said things that you did no nothing spoke to you. You are going too far. You must there must be that God in your life that God factor where God can speak to you, can minister to you. Amen. Love not this word. Yet we are told God so loved the word. So you notice is different. There's a different context. So you can say but God love the word now. No, you're not supposed to hate the word either. The word here in first John 2:15, love not the word, neither the things that are in the word. If any love the word the love of the father is not in him. [Music] So the love of this world then he says for all that is in the word the lust of the flesh. This is what I avoid. I cannot dress like this. The lust of all that is in the world. This is the reason why he say don't love the world. All that is in the world is the loss of the flesh. The lust of the eye and the pride of life is not of the father but is of the world. Did you see it? And the word passeth away, and the lost thereof, but he that dwelt the will of God abided forever. Hallelujah. Love not the word, neither the things that are in the word. Love not the word. So there's the loving of this word, worldliness. That's why it's called worldliness. James says, "Friendship with the word is enmity with God. I cannot." So we must co-inc says we that use these words must be careful how we use this word. So beware of those philosophies. Beware of philosophies that attack and affect who you are in Christ. View the principles your basic assumption for life your basic instinct. Review them with God's word. There are Christians who say things like love is wicked. that say things like you can't trust anybody and they play this life is beautiful. They're learning it from WAP and you are learning all the philosophies they give you. No, you must be careful. You must be careful how you are buying adopting things that are ungodly. Must be careful. Don't trust anybody have never been able to buy into that philosophy. People can break their break your trust. People can betray you. People can deny you. But you see, you should still trust people. It's an unhealthy way to live that

there's nobody you can trust. No. Say there's no there's no this. There's no this. No, we don't have such conclusions. God's word guides our hearts. God's word guides our affairs. God's word guides our actions. I'm not conformed to this world. I'm transformed. And I go higher and beyond it by the renewing of my mind. Amen. >> And it affects me everywhere. I end on this note. These days is becoming harder. I'm almost getting tired of doing business in in this world because there are so many wicked people. Their word stands for nothing. And it's unfortunate many these days that even almost when I hear somebody say Christian I almost say ah he go scam me go cheat no not go do the business where how did we get there that now when you hear is a Christian I say ah forget it forget it the thing will not work it has happened because Christians don't want because we we want to do business the way unbelievers do business not knowing that our fruit of the spirit is power in business that I [Music] can be trusted that I can all those say no I don't care about integrity I don't care about character it's just money I want to make wicked people it's so hard to do business again because we can't and there are Christians also doing business the same way an unbeliever is doing business. No difference. It's like you fell into the hand of an unbeliever is business. So you say ah this one business is business. No business is business. Does not mean that you have to be ungodly in business. Don't lose who you are because you are trying to make money. No no no sir. Business is business in the sense that you must run business by business principles. But any business principle that affects and attacks who you are in Christ, reject that's not a business principle. No, that's not a business principle that you should adopt. Let all believers adopted but not you. And that's why even today now when we look at companies say what is their values those values not look like fruit of the spirit to you say our values in this organization is that but you have it for free in Christ Jesus is what people are are bringing expert to teach them soft skill that you are in Christ no no no I use my advantage I use my advantage let it be said ah not that ah if you don't put camera then say go t your money we employed you we had to put camera because you are stealing money in the office who did this to you instead of the the the if you leave it there you will see it there ah no you are a Christian should be able to that is what don't buy into worldly principles that you cannot win by right you can win by righteousness >> you can win by righteousness hallelujah >> so renew your mind I'm not conformed to this world I'm transformed by the renew of my mind stand on your feet lift your hands to heaven and just thank the Lord for the words you have heard. I won't live the way unbelievers live, the way worldly people live. I won't think the way worldly people think. I won't transact. I won't do business. I won't engage with people the way unbelievers do. I want it to always be clear that I'm I did something with a Christian. I did something with a Christian. That's why we state it. This is how everything will be. So I don't say you treated me. No, this is it. This is how everything is. I'm fair. I do things properly. You not last for this business. Let us show you the rope. You not teach me how to be a thief. No. I did not come to learn how to tie. You This is the person training me. He's training me the way of being a thief. No. No. No. [Music] So sir, should the skirt go any skirt that is below before my knee?

Ah, I don't know that one. No, I'm not the one that does measurement of skirt. If it go below your knee, if it go over your knee, the important thing, it should not show your body. It should not show your body and it should not be worn for the purpose of feeling special. So now you feel beautiful. That's already wrong now. Oh, I will get somebody if I dress like this. That is that should not be it because there's no measurement size in the Bible. [Music] So, how comfortable are you now that you sat down? We are seeing all your body should know that that is now on godly but there's no measurement size that say bring the tape. This is not religion that do that one far way of living. No, but dress modestly, dress appropriately, dress in a manner that you are confident that you are not feeling less like all eyes are on me and it's not all eyes on you for the right reason. All eyes on you because this one get my man. No, I love it when parents tell me, "Pastor, you have changed my son. He used to be very rude. He's now this. He used to be this." Don't make it look like we're not teaching you. We are teaching you the things that make for greatness, that makes for being a good person in life and society because that's what the church produces. So >> that we will now be saying is is a failure of not producing [Music] let it not be. That's why we emphasize that's why comes in because even you will know that this does not follow. Nobody will tell you. You may have come in dressing like that. Over time, you will just realize that this is not not a work. Everybody's just looking different in this place. I'm is it that I'm the only one going to? Yes, you're the only one. No, you realize that how you dress, how you talk, how you live matter. And not because there is a a a judgment on your head that ah we despise you. We don't do that. There are also people who do that. Once you just see someone who is this one, we don't do that. Yeah. No. We are patient. with people. We are forgiving with people. We don't come with those satanic lenses. Please allow people dress fine. Allow people dress fine and not because you cannot afford it. You say ah is it this is too much? What is too much here? Please let me dress fine. Don't bring all those lenses as long as it is not ungodly. It is not against godliness. It's not against who you are in Christ. It's not portraying something of this world. It's okay. Should I use lipstick? If I use 12 if you like. Should I use I'm trying to put disclaimer. You don't hear what I not say. Which one is which is lipstick? How is can I fix if you know since your eyelash not you going fix drain? But if you did it because you want to seduce 10 is wrong. Why did you learn all those things? If you did it because you know it's fine and you just want to look fine. Nothing wrong in looking fine. That's what Paul was now saying that you already using this word. Don't now abuse it like unbelievers do. Don't now use it the way unbeliever will now use it. Since you are now using those same things hallelujah >> there's what edify. All things are lawful but all things do not edify. All things are not expedient and that guides our conduct in all things. Hallelujah. >> So think on these things. >> I'm a Christian. >> Not only in church, >> everywhere. >> Everywhere. >> I do not I uphold my values everywhere. >> I say ah do business with him. You will see that is employers that will be pursuing you. Every employer is looking for people that can be trusted and yet there are many Christians that cannot be employed. Ah the number one trait among saved and unsaved is

faithfulness. The Christian get for free. Ah it should be that I've worked for people. The woman said you carry. I told her don't pay me if I cannot deliver the result. She said you are different. You are confident. said and I said this is what you will pay me. I said if I don't deliver it every month. She said you're a young boy you should need the money now. That's the only place I work to secondary after leaving secondary school. I delivered the people the children that were the student that don't know book no book. I took my time. The woman gave me money gave me card gave me wrote her name. If you ever when you finish school I knew I was not going to come back. That time I used to be very I just throw away the paper because I didn't want I always burn my bridges they come back I know they come back oh when they come back oh going forward but that was too much I know better now [Music] be like that I was doing I told somebody I was doing a business with someone and I sent it said ah see it did not fail I said it's me you did business with her why should he fail the exact act time the exact every no complaint 2 years we did business afterward he sent me 50,000 to thank me who then they send money to the tank person to do business with somebody I've had people send me money to thank me do business the right way don't be doing business with thief you are a man of God I not man of God I don't mean pastor every Christian is a man of God you're a man God uses let it show let it show let it show in how you will do things we are not saying that we are the best example. No, we are not preaching ourself. We are examples only where we are godly. Paul says we are not the message. Christ is the message. We only bring ourself in as examples of doing what we are trying to teach. Amen. There's much to learn. >> Let's be proud doing business with you, with you, with you, with you, with you. You will see that there's nothing like they will not they will increase it. we increase is natural. Everybody's looking for who they is the most important trait in the workplace. I did a a a a program in Harvard Business online business school. The professor, the white man emphasized it. You see what I'm trying to I had to I don't like talking about secular learning or education. me I read not think pastor is only bible you know I don't only bible I know I know many things so >> it is the not not number two not the number one trait in the workplace even to even where you say politicians are tying money the number one trait everybody's looking for is who can I trust we have found him that we have found you are the Christian for god's sake let's not be say a Christian nh Ah, no, no, no. Let your yes be yes. Hallelujah. >> Be like that. I'm faithful. If a man be found faithful. The highest in steel worship. If a man be found faithful, I'm found faithful. I can be faithful. Faithful in another man's work, he will put him over his own. I'm faithful. I'm faithful in the things that I do. I carry the work as if it's my own. I carry it. I don't want you to die. I say, "Hey, I've seen my guy around there." Then I behave when he's not there. I don't care. No, I carry this work as if it's my own. But I'm prophesying to people. I'm talking to people. >> Yes, sir. Yes, sir. >> But nobody, nobody. I always differ from all those foolish school of wisdom that people are learning. No employee ever became rich. If you are doll, say you are doll. Don't be talking things that you don't know. Even still ball m richer than Bill Gates today and it was employee we Bill Gates even richer than Bill Gate 9 is in

top 10 we have history of billionaires that are in the top me I know I know all of them by name because I am in I'm a businessman too Jesus I preach my research is on wealth because I handle money and I handle finance somebody now that one lazy person knows nothing saying that there's No employee. You know how many employees are in that top 100 list? You know how many? It's not five. It's not 10. I wish it was 20 because we have this wrong idea of of doing somebody else own somebody else own. That's why everybody have start business that cannot grow today. Everybody is a CEO of nothing. You can every small thing you don't break away. The same thing in ministry. Same thing in business. break, break way, they break, they break, they go, but big multinationals come together, five persons, four persons, but you once 5,000 has enter so we can't build lasting businesses. No, we can trust you. We can trust you. We know that if we have you in our corner, there are people I do business with companies, I have to send an external auditor to the company because I don't trust them. But there are some person I've never sent an auditor once 3 years of doing business with some companies and I've never sent an auditor to go and audit their whole records because they are godly. They are going over and beyond. You see, be a be a Christian. Be a Christian. Be a Christian everywhere. Be a Christian. Not in church. Not in church. Be a Christian everywhere. Everywhere. Be godly. Be good. Be be the salt of the earth and be the light. And it even has his blessedness. But beyond the blessedness, for the sake of righteousness, I will be like that. So tell the Lord, help me to live with your wisdom every day. Help
