

Father, we thank you this morning Lord. We open our heart to your spirit and we trust again that in this service revelation knowledge will flow free course unhindered in the name of Jesus. We declare that the things that ought to be said will be said in this service lives will never be the same again. We declare that even as we again teach on biblical perspective of life that we will gain that perspective in our living in the name of Jesus. Amen. God bless you. Have your seats. Turn your Bibles to James chapter 1 and we'll begin from there this morning. Hallelujah. James chapter 1 and verse 20. or just read from 18. Of his own will begat us with the word of truth that we should be the kind of first fruit of his creature. So it says that we are born again by God's word. Wherefore my beloved brethren, let every man be swift to hear, slow to speak, slow to rot. For the w of man walketh not the righteousness of God. Wherefore lay apart all filthiness and superfluity of naughtiness, and receive with meekness the engrafted word, which is able to save your souls. The word of God is able to save your souls. Verse 22. And be doers of the word and not hearers only, deceiving your own selves. If any be a yearer of the word and not a doer, he's like unto a man beholding his natural face, beholding his natural face in a glass, and he beholding himself, and goeth his way, and straight away forgetth what manner of man he was. Verse 25. And who so lookketh into the perfect law of liberty and contin therein, he being not a forgetful hearer, but a doer of the work, this man shall be blessed in his deed. Hallelujah. So he talks about he is like a man. The word man in verse 23 is not male and female. It's just the word male. The word man, there's the way a man, a male use mirror. Say there's a way a male use mirror. Men don't use mirror except those ones that are having gay tendencies. Naturally, it is like um 8020. When a man becomes overly obsessed with a mirror the way a woman is, something is fundamentally wrong. So even the scriptures uses the way a man uses a mirror because a man does not spend the whole day on a mirror trying to draw line finishing touch lay foundation and build on top. I think you understand what I mean. So a woman spends time with the mirror because she lays foundation then build on that foundation. No other foundation can any woman lay and that was already laid by the equipment she has in her bag. So having laid those equipment so that takes a bit of time on the mirror except those that don't have the equipment in their bag but those have have the equipment take time on the mirror doing the perfect diagram to show. So and men do not do perfect diagram to show except the ones that are beginning to have gay or queer views because they the reason why a man is doing makeup. We will never understand this makeup is so it's 20%. So I'm trying to be nice not to just say all men. So 20% so 9010 10% you will have of men that are very conscious of that. There are some men that put comb in their back pocket. It's not because they always come there every 5 minutes. It's because it's woman they eyeing. So it's for a mission come on the back for not a Christian. These are not how you describe prison. We come in back pocket then low waist. No, that's a a prisoner. I'm dropping it small small. All right. So know who you are. James one, but be doers of the world and not hearers only deceiving your own self. The word deceiving your own self is that you are acting a drama. So every time a Christian does not act God's word,

he says deceiving himself. Why? because he's a child of the word of God. So you are playing character. That word deceiving yourself is used in theater act. So he's deceiving himself. He say you are playing character. You know how people believe Pata is a witch because of the role she act because she plays it so well. The same way even though nobody can tell me K is not a ritualist but the same way. It's the same way. You don't know. Okay. Okay. It's okay. you didn't you didn't live in our in the time where we were watching him. Now he's is looking all nice was more scary than that. So, so if not for the rise of skit makers, this Gen Z people will not know that there's somebody like Kok that terrorized our childhood with epic. So, how do you say Canor is not a ritualist in real life when Neo is filist? So you see that means he has played that character very well. That's what the Bible is saying that any man that is not doing God's word is playing character because his real face is what God's word says. So when you see a Christian behaving outside the boundaries of God's word that's why we can call him to order and say baba you deceive yourself my friend live the way you are in Christ. So every time you act outside God's word you are playing character. It's like you are in a movie set. You are playing character. You are playing the evil wife. You are playing the evil. So if a wife is becoming troublesome and evil to her husband, that is a character she's playing. We should be able to tell that this is not the true wife. This one is character. So we should hold that back to God's word. If a man is becoming vindictive and all of those things, you are playing character. Go back to who you really are. This is not a movie set. This is real life. This is real life. So for the believer, he says be doers of the word and not hearer. So I'm supposed to be a doer of the word. And that word doer of the word. It's my nature. So because he now explains who is the doer of the word. He says the error of the word is the doer of the word. So he goes further. If any be aer of the word and not a doer, he's like a man building his natural face in a glass. 25 who so look into the perfect law of liberty and continued therein. He being not a forgetful yearer but a doer of the word. So he explains the kind of year. So he say oh the yearer is the doer but what kind ofer is the doer? He says not the forgetful. The word forgetful there is the word used for someone who neglects. N E G L E C the normal neglect. You know someone who neglects. Someone who it is that word um epilomai is from two words. the two words the word epi epi and latano which is the word for something to be unaware or hidden and so he's using it like you are out of your mind is out of your mind so the person is forgetting it's like sorry remind me what did I just do just now what did I just do just now is where you know where people look like they lost themsel where where am I where am I say oh you are here you say ah I just like I had a relapse like that is what he means by forgetful year. So that year because the yearing is enough. So he now brings in that forgetful the forgetful there is that he blanked out or she blanked out. Did you get it? All right. I'm like person is out of their mind for a moment like what's happening? Where am I? What what did I say? What did I just say just now? What did I just do just now? So it's like you get yourself back and is that not true about every one of us here where for a moment you were doing something that was wrong. It looked like but afterward

you just like you get yourself back and realize that what did I just do just now? You are now all of a sudden feeling guilty and unbeliever do not because that's the life of the unbeliever. Of course you can package that guilt and look like you're not guilty but you know you actually feeling guilty because you are a Christian. you what I mean by package that guilty in the sense that you because you wanted to do that was wrong. So it looked like you were not feeling guilty but you know that k I shouldn't be doing this thing is there in your heart if it's not there in your heart then you are not saved so an unbeliever is proud and makes it a lifestyle and he doesn't hide his his lifestyle of evil. Amen. So unbelievers, you know, we sometimes make it look so hard to tell an unbeliever from a believer. No, an unbeliever makes a practice of sin and shows it to the world. Doesn't hide it. You see the kind of shows that they put up in society. Now that's how unbelievers you I don't know why people are surprised is that is when a Christian wants to go and partake of that kind of of show. We now know that Christian is not a Christian. That's how unbelievers live. They don't do any better. That's we are not expecting better from them. That's how unbelievers live. If a Christian has a drinking problem, we hide an unbeliever drinks in a bar. Everybody can see them. They do high five. So, but don't come say my regular that is an unbeliever. Are you following? They a lifestyle. They don't unbelievers are part of the temptation in the world. So, so you you it's always easy to separate an unbeliever from a believer. So, when he says verse 22, be ye doers of the word, the word doer, the one who whose life, one who has been made by God's word. So, God's word has made me because he says of his own way begat yours that we should be a kind of first fruit. So, we are born again by God's word. But the same thing Peter talks about first Peter 1:23 being born again not of corruptible but of incorruptible by the word of God. So I can't go against my nature. My nature as a believer is God's word. Are you seeing it? So that's why I'm supposed to live by God's word. God's word is my life. God's word regulates my life and God's word is how I live. So I am a doer of God's word. I am a doer of God's word. That's that word doer there. I'm a doer of God's word. It says be doers of the word and not hearers only. So the man that is not a doer is merely just hearing because he's supposed to be a doer. Are you with me? Be doers of the word and not hearers only deceiving your own self. So that hearing leads to what? Doing. So how do I become a doer of the word? By hearing. But can I hear and not do? Yes. How do I hear and not do? Is when I He explains further verse 23. Because if any be a hearer of the word and not a doer. So he gives you the reason because if any man be aer of the word and not a doer, he's like unto a male man. That's the word there. A male man. It's not anthropos he uses there. That will speak of male and female. He uses the Greek word an a n e r relative to sex. A male man. So the gender sex now male or female. The male man. He's like onto a male man beholding his natural face in a glass. He's very fast. He doesn't use the mirror for a long time. So he did not stay long. So the next verse he now says for he beholding himself and goeth his way straight away forgeted what manner of man he was. You see it? So the woman is very conscious of how she looks. That's why she put mirror inside the bag or she uses her phone camera because

she's conscious. Ah, see the lipstick has left the place. Oh man has time to be observing that one. Observing that one say I'm good to go. Hit the road. Hit the road. All right. He beholding himself and goeth his way and straight away forget what manner of man he was. So he's not retaining that image. The one he saw in the house is enough. It doesn't. He's not. So, how do I look commenting now? How do I look commenting now? No. But the woman has to look at herself. How do I look now? Because supposed to me. I want to always be confident in my look. I don't want to give up a wrong image. So, she's conscious of her image, conscious of her appearing. Of course, it may not be true of you, but this is just using what was common in that world view. So maybe you as a female don't use mirror never wish to fight abiding it on you just using as an example that the males use mirror in a very fast manner so they don't retain the image the female does. So he now says, "Who so lookth into the perfect law of liberty and continue," you see that word continue, the word continue, parameno in the Greek, to stay there like one wants to live there, a permanent resident. So that word continued from two words the Greek word par and meno. Meno is the word abide abide by if you abide in me and my word abide in you that Jesus continuously uses that word uh par a r a is the word used when you say something is off or beside or near. So this abiding is of the abiding. So continue. So I am living here. I'm I'm residing here. I'm residing with this mirror. It's me and this mirror because a woman is conscious of her appearance, conscious of how she is seen. Are you following? So he's using that example, not that he's saying people should be obsessed with how they look. No, that's not what he's saying. So he uses that to say that's how you should be conscious of your imaging, conscious of your appearance. So this is now to the male and the female in Christ Jesus be conscious of. So he says look into the word of God continue therein. Then he says he being not a forgetful. That's how he's not a forgetful error. He's not a forgetful error because he continues. So because he continues therein but a doer of the work this man shall be blessed in his deed. So we talk about a biblical perspective of life and every time we talk around that most people believe that oh okay we're talking about biblical perspective of life. So what we mean is that the man the woman has moral principles. This is far greater than moral principles. What we are saying is beyond moral principles. What we are saying is greater than moral principles for God's sake. It's more than that. A biblical perspective for life we said it is the lens in which you see life. Abby. >> Yes sir. >> It is the perspective. My perspective of life. My perspective of life. My perspective of life. The world view that I have. So the perspective that is shaped by biblical teaching that influences how I understand the world or God. So we use Colossians 2:8 last time. See to it that no one takes you captive by philosophy and empty deceit according to human traditions according to the elemental spirits of this world and not according to Christ. So we said that there is no random philosophy in the world. Once it is widespread, it is elemental spirit. And we said let that not be spooky to you that using the word spirit because it is the age of enlightenment 16th to 19th century that brought that separation between seen and unseen world. Before the 16th century, no human being on the earth

had a had an idea that the unseen world was not real. No human being. It is from the beginning of time to the 15th century there was no human being that was thinking that there is no unseen world. So it is in that age of enlightenment that brought the difference between faith and science that okay this is science this is faith this is all these things about God worship of God let's separate it and has come from human failure not disappointment and all of those things so the biblical worldview as we say the world of the biblical writers for example the world of a biblical writer is different from having a biblical worldview. I'll explain when we say that timeline that they were living the timeline of Moses is a timeline that can also be called the biblical worldview. But that biblical worldview is not how you should see life or is how the people in that day saw themselves. Now where we now say biblical worldview for living should now be how the Bible has shaped how you live. They are not the same thing. Did you get it? So for lack of a better word we say the biblical timeline so that we can understand it because we say world view we have to say the world view of that day because the worldview of that day is what the Bible is recording. But when you say a biblical worldview is not the worldview that the Bible is recorded, but my interpretation of the Bible now is how I see the world. Did you get it? So technical difference very loud. So there is the timeline of Moses and there's a distance between David and us, King David. There's a difference between Samson and us. The distance between even the virgin birth. distance between Apostle Paul and us and that distance is very far. That's why you say 2,000 years ago is not 20 years ago. 2,000 years ago is not 25 years. It's not 200 years. Are you following? So that is there's a distance gap. And when interpreting the Bible, we try to bridge that distance gap. the time gap, all the geographical gap, the language gap, there are different gap in context in interpreting the Bible. Amen. So Colossians 2:8, we emphasized that last week that that's what is called a rudiment, the rudiment of this world. So many philosophies that people have that are widespread that they think does not involve a spirit where where ideas or philosophies that are bred by spirits good and bad. Amen. And many of the philosophies that people buy into today are all philosophies that they many of these philosophies of which why people hate anything that has to do with when you say generosity people get angry. But be generous to them. They are happy. Once you hear give, people are angry. That thing did not come accidentally. It's not because people work for their money. It's a there's a breadth to it. So it's widespread. That's why there's an anger. But you don't see that anger. It's only in church. Only in church. The same people that are angry that you are giving in church will say, "Father, I wrote a post during the week." And somebody commented as me I like to hit on the head. Somebody commented and said uh something about me I don't give in churches at all. I give to orphanage. I said this post is for Christians. Are you a Christian? Because the Bible teaches believers to give. You see that's somebody that in his mind is hot. He's not just hot. He's not a Christian. If he deceive, he can be deceiving his family members, his friends, but that is not a Christian. That is not how Christians talk or that if he's a Christian that somebody that has not been disciplined at all is we don't do what is

trending society say give so you not so we should not give in church that same reason why when people are passing they when people in any place they say church get money church get money church get money churches that they make because that poverty in their blood is affecting their brain. Anybody who has ever handled church finance know that maybe we'll be announcing offerings in this church so that you'll be hearing it. You'll be so disappointed with the crowd and you see offering amount. That's why you should go and be a pastor. You should start your own church because because there's this idea people have that churches they make ammo. No, no offerings. you hear offering 130,000 that's how they used to make it in your village that's not enough for diesel offering 200,000 by reason of great mercy of God and yet somebody on they make they make which make they make him funny enough people like us we haven't been paid nobody in church is being paid except the security men which is Not because it's not a voluntary service. It's not their it's not their service unto God. They don't even need to know Jesus Christ. They only to ensure that this place is safe. Are you following this? That's like an employment. So they have to be paid. It's not an employment. So if it's an employment, then we have to pay them. But every service is voluntary. We don't pay keyboardies. Neither do we pay anybody. We don't pay the worship team. We don't pay the the the pastors. We don't pay the ushers, we don't pay the sanitation because everything we do, we do it onto the Lord which is the proper order. Nobody's been paid anything. So what I'm serving the lord however if is now becomes an occupation then they should be paid because this is we gather we don't we don't you don't leave in church Monday to Sunday if you do then we have to now be paid. So that's the difference of structure that people get to argue unnecessarily but say ah there's money in church there's money in church the place that there's money in church is when you start manipulating and deceiving people and the only place you also that's one the second place you see money in church is when people are now being taught to give generously and that will be seen in the project and the different things that the church is undergoing but having that idea that uh offerings tithes because we don't take it that year and we are not against you if you give it but we have never uh announced types since the ministry started and we we never announce it. People should be people are we are taught as believers to give and give will willfully give what you want to give. Give any amount or percentage you want to give and be joyful about your giving. That is what the scripture teaches. The the New Testament is not loud on a certain percentage because you can give all the percentage if you like. You can give any percentage but make sure you are deliberate with your giving. We are taught that much in scripture. That is again you see the Bible shapes how I inter. So I cannot join the freezer people movement on social media and be saying somebody even said during that titan debate that I rather flush my own. Is that are we still talking about moral people here? Is this still morality? If we use that word morality is this thing normal thinking people we are dealing with I rather flush it we are talking with a beast here you are arguing with Paul said I fought beast at Ephesus this is the way of the beast you should be able and I'm not joking

Paul said I fought beast at this is the way of the beast this is animalistic tendency this is ideas that are born out of people who hate the name of Jesus I say no it's not really like I you hate Jesus ah you hate Jesus you hate Jesus Because you are never angry that people spend money in the club. You are never angry that people who told you we are wasting the money when we give it in church say but they're not giving it onto God because you think we are really idiotous. We actually giving it onto God by giving it to the service of God because the giving it to God is not literally that we put the money in God's hand. Nobody has ever taught that. But what we do one to another we do unto the Lord. That is what the Bible teaches. So that is actually a biblical perspective. See the answer I'm giving you now is from many Bible verses that reflect that idea and it's not oh so that is his own opinion. No, that's what we're talking about biblical perspective. We don't have personal opinions. We will run it through scripture. So we for when somebody say the Bible says the Bible says it's not one verse. That's why I try to distance myself from from pastors who say things like I've not been able to read the Bible cover to cover. I'm not in you in that show of shame. This is this is this is what I do. This is the this is the calling upon my life to be a man of God. I have to read this book. I have read this book more than any book on this earth. And I love reading. Bible school has started again. I've I have read this book again cover to cover. There has never been a year in the last 12 years, this is the 13th year now of L10 that I have not read the Bible at least twice in a year. It is compulsory that I read the Bible. I can quote half the Bible off hand. You keep reading it. Then you study because this is the book. So when we arguing when we are telling people that the Bible does not say that they'll be arguing. We say you have time because if it's an argument let's argue the argue well me I have time. Let's read all the references they run. See that the person is not really ready. Let's read all the references because you cannot say the Bible says without reading all the references on that subject matter because it's from all the references you can say the Bible say because the Bible say is not a verse the Bible say a summary language that is teaching. So when you are saying a biblical perspective is that we have run this thing through God's word not my emotion and say as for me sh nobody can tell me what I do with my money. Oh ma, you lie. We can tell you what you do with your money. If you cannot tell you, you are not a child of God. Nothing like you cannot be a child of God and we are talking to you with God's word and you are saying you cannot talk to me. We can talk to you, sir. We can talk. Who are you that we cannot talk to you? We can talk to you with God's word because you are supposed to be a Christian and a Christian lives by God's word. So you can't say that is Bible own. But as for me and my house, sorry, we have you have simply told us that you are canor of no use in the local assembly. We should mark them. That's why in the local church you not take note of people based on their obedience to God's word, their obedience to the authority of God's word and their obedience to the spiritual authority over the assembly which is the pastor and the pastorate and the other. You observe people like that that are unruly to that always have something against mark people like that. Paul says that you may know the proof of him. You can prove

people. Amen. >> Say as for me, I don't believe in honor. All these things that they say honor your father, honor your mother, this say uh give honor. That is human worship. I will not bend my head to anybody. Just um \$300 I don't b head you sir I will b to nobody cow word I b my head to nobody the same way say nobody can control me in this life you that traffic light is controlling you park no nothing can control me do you know what all those comes from hot it trended in the covid year nobody can control me nobody can control me when you say things like that naturally We ought to take you in an ambulance, run straight to psychiatric hospital because once you are somebody that cannot be controlled, you are to be out of control is to be in the psych word. Even television have remote control is put into everything created except you. Why? Everything created has control put into it. If not, how will you use it? Nothing can nobody can control. Nothing can control me. Nobody can all those arrogance is common in society and then you say that's not what Bible say they have come again they want to be controlling us you have a problem with control what you have a problem with is manipulation when the control and manipulation become synonyms go get a good test errors by Oxford own better still maybe webar since he has some godly interpretation of Some things maybe help you buy a good taros on synonyms. Control and manipulation are far. Can you put control inside of manipulation? Yes. But not that manipulation is manipulation is to control somebody and you put add those other sentences. Don't just say because it is not control. It's not they are not synonyms. Manipulation is what you should be against. Being coerced is what you should be against. not the word control. So people have all their wonderful views. People have all their wonderful views. The same reason why people see like a question a brother asked yesterday in our mode experience. Is it not enough? Because generosity because you can get to that place cuz that's how society thinks. Like I said, you can't fault people like that because that's how society thinks. We are not, we don't think the way society, that's why we take the mode of Christ. We think according we renew our mind. Romans chapter 12, we read that last week. Be not conformed to his but be transformed by the renewing of your mind. Patience is weakness to people. Say you say you are patient, say you are a weak man. Selfcontrol is weakness. strength to fruit of the spirit have become weakness because the world we live in is governed by darkness and by darkness you should know that is governed by elemental spirits of darkness too. So they are fueling it with their own philosophies. So it looks like forgiveness is weakness. Forgiveness is a strength. That's why it is so hard for you to forgive. That's why it is easy to walk in unforgiveness. It is harder to walk in forgiveness. That's how you know it's a strength. It is easy to stay hot. It is harder to walk out of hot. That one is that's how you know it's a strength. But now the logic is not set properly. So you see that it now looks like forgiveness because when those influences are involved, you will not even know what is proper logic again. What I did for you is arrange the logic back. Look at which one is harder. It is so easy to stay hot. But once you start telling you to forgive you say no you can't tell me that you can't tell me. I thought you say it is easy. Since that is the hard one that's the one that is called a strength

now because it involve developing myself. The other one is not involved myself. It is is like breit. I just I will deal with you forever and ever. I will never let this matter slide forever and ever. That one is easy. But to let it go, that one required me to go inside to be to live according to my true values, to live according to who I am. That is strength. That's when we return the logic back to proper logic. But when those dark spirits are involved in a philosophy or in an idea, it will look normal. Because there's more to life than rational thinking. There's more to life than logical debating. There's more to life than logical debating. Even as I'm preaching, you say pastor is just preaching his own. Me I will do what I want to do. Those things are all sponsored by dark spirits. As we are preaching, I blowing on your eyes. Don't mind him. Don't mind him. When you go home, do what you like. >> Oh, live by God's word. Amen. You know, if not for Genesis chapter 4 that God said to Cain see light at your door would have just looked like Cain just imagine killing his brother. John first John now develops that and say Kane is of the wicked one. So we see that ah so Kane was hearing voices. Yes. So but you will not see literally like Kane my boy your brother his own is too much and him end him. Doesn't work like that. But there was a there was an influence. >> There was an influence. And that's why we thought unseen forces the other time. So never you think that there is no unseen forces in things. In fact, when things look like there's no unseen force, know that there's a force behind it. Is is trying to wash his hand and say I'm innocent. I'm not inspiring people. You are inspiring people. Is there are spirits that are inspiring ideologies. Amen. And that's what is called hollow and deceptive philosophy. Let see to it that no one takes you captive. Don't be kidnapped by worldly philosophies and ideas. So many Christians have been kidnapped have been spoiled rotten to the core. That's a spoiled Christian. A captive to worldly ideologies and philosophies. A captive. a slave rudeness and stomach. Yesterday we closed we were going and so somebody just parked and blocked the road. Horn horn horn is just I said to I said this is how people are in society. Then when you bundle him and the car and he never sees his car again say I not know that this is not somebody I'm to cross. Are you supposed to be like that? I thought you just block the road like that then say the country is not working. Are you not the country so that it's not working? This is this is this is the the monster in society. So that does not know what law and order means. We have normalized those things because we say ah let them be. Now we cannot let it be. Is those letting those kind of things be that allows disorder to be the norm. Chaos is now seen as normal thinking. No. No. The same reason all of you who drive car once you horn to allow the person to be careful that you are coming they get angry with you. Is this are this normal people how who gets angry that because the way you are you are being careless I'm drawing your attention said now you get car is anger bitterness many things have been worked into the fabric of society today is the same thing you see on social media that people are perpetually hot emotionally emotionally irritated or you cannot tell me that everybody body is ready to fight boil. So calm down think you can't tell me that. So I have my own view. I have my own view that your view should never you are permitted to have

your views but your view should never go against the word of God. So if it's something that God's word can allow us think properly about take the God's word properly thinking about it position did you get what we are saying that is what we are emphasizing in this biblical perspective of life that is how I live life which you are getting into that is how I live life I live life. Some people can't live life with joy. Say, "Ah, no, no, no, no, no, no. It's okay to be sad. Sadness is normal." So it look like you are old. Say, "Ah, was it happy? Why you happy? You see it? Why you just happy? So what do you want me to do? Be sad?" Say, "No, not really." So why is happiness shocking you? That's I'm telling you some things have been shaped into the fabric of society that it looks like you are happy say why are you happy so is it that my norm my normal is supposed to be sadness that's how much we can be captive to the society way of thinking the same way society marginalize the female and even some pastors that cannot interpret Bible have brought Bible into it and Say Paul said I do not permit a woman to speak. Yes. Now she does not have mouth. She cannot speak. Women should not talk. Should not talk. He said no. Women should never climb the podium to preach because you cannot tell me because Apostle Paul you are using the wrong person for the argument. The person that use women most is who you are using to support a position because of they have a bias in their mind. So they went into the Bible to look for it. What first Corinthians 14 is saying very innocent chapter which I've explained over the years. The word speak is used several times has its own context. You took it outside. The word speak is used over 20 times in that chapter. You now decided that speak now means something different from what speak has been meaning speak which has been supernatural utterance. You gave it your own meaning. If he's not allowing a woman to speak supernaturally but male and female should be able to bless life. I said women can prophesy before. Okay. Should you have even the same chap even in the same book some chapters back he had used the fact that women can prophesy. So is to calm down to interpret the Bible. So let me use this one as an example. This woman on let's read it from the Bible and see the text that people use to say women should not let's read that uh the woman should be silent and see how simple Bible interpretation can be. 1 Corinthians 14 because why is even now an issue is because people are not normal society that's why they want to put down women why should you if you are putting down women put down men also now say what do you mean what do you mean men what a man is talking the woman should not talk this is a Christian from where I am from a woman which woman a woman crawls on her knees to come and meet a Man, you have been damaged. Your culture, your family damaged you. May God repair you. We have amended it for you. Which kind of and it's not even now wife submit to your own husband. Oh, no. So once you just see a man, you go down because there is the king, the emperor is coming, the male in society. And that monster of an idea is now being brought into the church because the gatekeepers, the pastors who should know better found a way to fit into the Bible and say that society idea is okay. I say, "Oh, this is normal. So this is normal." But that's not how from the beginning male and female created he them. It's not an afterthought. In fact, one

pastor said the woman is an afterthought and everybody was smiling. He hearing. Can the woman be an afterthought? Because all these things come because that pastor has his own heart, has his own issue with women too. bring it use it to frame ideas let people let no we we don't interpret Bible like that so we say biblical perspective of life is actually another word for it is sound doctrine perspective of life which is the reason why we don't joke with sound doctrine it's not so that God will hear our prayer it's not so that we can move in power no without sound doctrine you can move in power you can God will hear your prayer but sound doctrine is for your worship is for accuracy your living outside sound doctrine you are not accurate in how you live as a Christian there will always be inaccuracies in your life that somebody else can say this is not normal but it's normal my Bible tells me no is your Bible upside down the Bible you are reading upside down amenians 14 verse 20 uh where is that place again uh 1 Corinthians 14:34 Four, let your women keep silence in the churches, for it is not permitted unto them to speak. They are commanded to be under obedience as also seed the law. Which law is there any law of Moses like that? None. So we would come to which law he's talking about. Let your women keep silent in the churches for it is not permitted unto them to speak. First issue I want to understand what this text mean. I just started interpreting it as I read it. So let your women keep silent. Let what was he saying before? You did not read. What is he saying after? You did not read. Then bringing that into the Bible. The Bible was not written in chapter and verses. It is the translators over time which started from the 16th century that we started having a Bible in chapters and verses. Chapters and verses. So the chapter and verses was not put there by the original writers. It was put there to make it easy for you to get a flow. So as we have said over the years, you must read everything to get the import or you will not read it with paragraphs. Paragraph is is not the space you shift inside and you not. So where the line of thought begins. So you should be able to trace where is the line of thought beginning here. The line of thought begins from the very first chapter from the very first verse of the chapter and that first verse of that chapter takes you back to chapter 13. We take you back to chapter 12 where he started talking about spirituals. So first Corinthians 14 the paragraph begins in ver in chapter 12. Now concerning spiritual gifts brethren I will not have you to be ignorant. You know you were Gentiles carried away from these dumb idols. Wherefore I give you to understand that no man speaking by the spirit of God can call Jesus our cost. No one can say Jesus is Lord but by the Holy Ghost. There are diversities of gifts the same spirit. Difference of administration, diversity of operation, the same God which workketh all in all. Verse seven, but the manifestation of the spirit is given to every man to profit with her. For to one is given by the spirit the word of wisdom to another the word of knowledge by the same spirit. He ends 12:31. Covert earnestly the best gifts. Show I unto you a more excellent way. Chapter 13, love. Talked about love. Chapter 14, pursue love. Desire spiritual gifts. He uses the same context. There's a flow. So you have to read everything. Amen. Amen. >> So when we now start from the chapter 14 which is what I want to show you follow after charity which is pursue after love and desire spiritual soul because that is

the more excellent way. So the excellent way, the motive, M O T I V, the motive for spirituals should be love. Because I want to bless people. I want to comfort, edify, strengthen people. Not because I want to prove a point. Not because I want to prove a point. Not because I want to prove a point. All right? Not because I want to prove a point. So he says, "Coveret earnestly the best gifts, yet show unto you a more excellent way." So he uses love. The love is the more excellent way. It is the route unto spirituals. Amen. All right. Then he says follow that fine girl. Charity. Follow after charity. Follow after love. He could have just used the word love but he uses the word charity for a reason. Because every time you hear the word charity, your mind goes to another person because you know charity is the love shown towards others. So follow that love you show towards others. So the translators I love the fact that use charity same Greek word agape but they use the word charity there which is okay because you it immediately shows you that it's unto others follow after love towards others even desire cuz that's how you should desire spiritual gifts that is the motive not to prove a point not to pepper them not to make money that's not why you should want to be supernatural as a believer or live supernaturally no it's to be a blessing to people but rather that you may prophesy rather there is not instead that's KJV 1611 grammar so rather there is the Greek word malon much more because prophecy is part of the spiritual that's common sense to see it cannot be saying instead prophecy is part of the spiritual so it cannot be saying desire spiritual instead desire prophecy prophecy is part of the spiritual so it cannot be instead so that's old English so the word rather that there is much more so much more to prophesy. Why much more to prophesy? Because prophecy is the best gift in the local church. For one reason, we will not always be sick that we need power gifts. We always need a miracle. We don't need to know our mother, our father's name, what happened yesterday. But what we will always need part time is edification, comfort, which prophecy or the what we call the the utrance gifts. Tongues intervention and prophecy. We will always need tongues intermission and prophecy. Every day we will need what the Lord is saying. We will need the comfort, the edification, the exaltation that comes from knowing that the Lord is with us. We need direction every day. Are you following? So it calls that the Christ turn gift. It has greater use within the local church. That's the word best. It's not saying out of the nine gifts, which one is the best. That the Bible does not read with human comparison and ambition. Who is the greatest among us? Jesus said who wants to be great? Let him be the least. So we don't think in that order. Bible will never encourage competition. So you cannot say what is the best gift out of the nine. Let them compete. They can never be competing. That is an ungodly way of thinking. So Paul could not have that kind of mindset of thinking. Instead he says coveret earnestly the best. The best the Greek language does not have superlative or comparative. So there's no good better best. The Greek word for better is saying Greek word for best. So desire coveret the kryon gift the gift that has the wildest use the greatest application and yes sure I want to you a more excellent way so part time. So the elasticity of that text will be twofold part time if healing is the best gift is the what is majorly in need what I need right

now somebody's dying I don't need ultrance I need to raise him back I need to heal him I would that there will be a gu best gift part time however this text now has what we call a situational context which is why there are principles for interpretation it is dealing with the local church. So he helps you see the best gift he's talking about. Not because they are competing or which one is better. But widest use now say within the local church. We all need to hear from God. We need to know what God is saying. So he says prophecy will now be the gift that have the widest application. Are you following? >> All right. So that is that first Corinthians 14. Follow after charity and desire spiritual gifts. For he that speaketh he already started with the word speak. For he that speaketh. For he that speaketh in an unknown tongue speaketh not unto men. Two to two but unto God. For no man understood him. How beat in the spirit he speaketh mystery. Speak is used how many times in one verse? >> How many times? >> How many times? >> Thank you. So I've already answered it for you Abby. Three times. Okay. And we are dealing with speaker. Just one verse already has three. You see that is more than that 30 times I told you because if you even add the context of pray which is also because when you pray you don't you speak cuz the the chapter is a chapter of communication so the writer because he's not alive now physically that we can go to him and say Paul what did you mean so we will critique what he said that is how interpretation is done because we cannot give the Bible meaning we can only take meaning from it So what did he say? How did he use his word? So we can get oh this is what he was saying. This is what he meant. Because if he's can ask himself what did you mean by this? He would have just clarified. So that's context. That's why afterward you will now do what is called corroboration. Intertextual corroboration. Outside this text is there another place where he said the same thing. And in what context then did this man have this as a lifestyle practice? You now see that nobody names more women in ministry than Paul. So it can't be what he's saying. The same man that say when it comes to spiritual is neither male nor female. Is it that is confused? So that's why we must get the context which is very simple to see. Verse three, he that prophesieth that's already speaking but is now like toology. He that prophesy speaketh not onto men because when you prophesying you obviously speaking. So we can remove prophesy there. He that speaketh speaketh unto men to edification. So that prophesies speaking too. Ab all right but we can still leave it as speak. He that prophesto men to edification, exaltation and comfort to build people up. You need to be built up. Healing is you are healed in your body. But built up what promotes spiritual growth is more in the area of so this word will encourage you, edify you, comfort you in that towards Christian growth. So he uses edification, exaltation and comfort. Verse four, he that speaketh in unknown tongue edifies himself. He that prophesied edifies the church. Are you following? Verse five, he you speak. Verse six, he used speak because of time we'll just be running it. Verse seven, he now uses an example to explain that different sounds come from different instruments. He uses that to verse 9. So likewise he except he alter by tongue is it to be understood, how shall it be known what is spoken. So in other words, there must be an interpretation

because there is sound even to the trumpet for people to pray for battle. So he uses that example 7 and 8 it verse 10. So what I'm doing for you is what is called an exegetical explanation of the whole chapter. Just being quick verse 11. Therefore if I know not the meaning of the voice I shall be unto him that speaketh a barbarian. So this is the reason why we must interpret tongues when we are speaking in tonesues to somebody not to God. I've always used that example. You are speaking to God and you interpret say oh sh these tonges I said now means you are a mighty God. You notice I said salab from the sound lord it means ah that's insanity. We are not interpreting tongues to god now. No is when I use tongues to speak to you. Just like if you can't hear ebo and somebody speaks ebo to you, it looks like what is this person saying, you will need an interpreter. If not, you will be sounding barbaric. It's not because the language is barbaric. It's that you don't know what it means. If somebody speaks qual with you, you will not understand it except you can interpret. Somebody speaks Canori to you, speak thief, speaks uh any of the languages in Euroba, Bina, speaks Chinese that we always say chinuan, it means something. It's not chinua, but it sounds barbaric to you, but when it is interpreted, you know what he's saying. So you don't interpret it. He he speaks unto men which is what he emphasized in the chapter verse 5. I would that you all speak with tongues, but much more that you prophesied. For greater, you already know greater greater for the for greater for a wider reach is he that prophesied than he that speak in tong except he interprets that the church may receive edifying not greater I'm greater than you are a small boy. That kind of thinking I told you is ungodly. You cannot be expecting in the Bible is I'm greater than you. know now is that when you are speaking in tonesues you are edifying yourself. When you are using tongues to speak to somebody else then it equals prophecy because prophecy is utterance in a known language that edifies. Tongues is utterance in an unknown language. So you can't use that to speak to somebody without interpreting. So you can only use that to edify yourself. But if you are using that to speak to somebody, you must interpret tongues. Getting it? >> Yes, sir. All right. Even so ye, for as much as you are zillious of spiritual, seek that you accept the def of the church. Wherefore let him that speaketh on tong pray that he may interpret. That means the word pray there is not oh father heavenly father I pray now. No let him that speaketh on tongue one to that's the word pray there. The same way you say I pray you tell me your name. It's not I need down. You know the word praise old English. So in that is not let him want to interpret. Then he says for if I pray in an unknown tongues because it's possible to pray. So he use the word pray and speak. You don't interpret praying in tong. But you are not praying to your neighbor. You speak to your neighbor but you are praying you pray unto God. You are not praying to your neighbor. All right? So it says so verse 18 I thank my God I speak with tongues more than you also in other words it's important to speak with tongues but in church I rather speak five words with my understanding that by my voice I might teach others why because of the interpretation so I will not be using tongues to speak to people I would rather just teach or interpret what I'm saying be not children in understanding How be not children understanding how be in

malice be children understanding be men now this where I'm going so the word speak is in the whole context is that clear enough because of time so that I don't stay too long cuz it will take hours interpreting verse by verse so the whole chapter is on speaking speaking speaking we now read verse 34 if you recall so let's bring out the words in verse 34 let your women keep silent So let's look at that. That word silent where was it used before is the Greek word sig. Was it used in the first Corinthians 14? Yes, it was used in verse 28 and verse 30. The same word. So let's see who is keeping silent in verse 28. This is simple interpretation. If there be no interpreter, if there be no interpreter, let him keep silence in the church. Oh, this is talking about anybody that is speaking in tongues. If he's not going to interpret, if there is not the function of interpretation present, when say if there be no interpreter, if there is no function of interpretation present, that means if he doesn't seek to interpret, can somebody else interpret your tongues? Yes, but that's not the idea. You spoke it, interpret your tongue. So when you say if there be an interpreter he's using interpreter to is not as a noun but as a verb function just like we say apostle is a function prophet is a function so if there be no interpretation function let him keep silent that's what it mean by if there be no interpreter if you have my book on simplicity of the prophetic I explained every verse of 14 all right so you should you should already have that before So verse 28, if there be no interpreter now, who is the So verse 26, how is it them bedren when you come together? Everyone, everyone in church, everyone when you come together, the bedren there is made up of male and female or is it not? Everyone of you had a psalm, a doctrine, a tongue and interpretation. Let all things be done unto edifying. Okay. If any man speak in unknown tongue, the word man here anthropos, not an not the male, not the male gender. If any human being, if any human speak in an unknown tongue, let it be by two or at most by three. And that by cause, let one interpret. What does two and three mean order? Let them take turns, which we do when we have a holy ghost meeting or those kind of meetings where we call people say su me too. Say let's do it turn by turn. So it's a two or three. So let them take turns. All right. So so that there's no disorder and let one interpret. If there be no interpretation, if there be no interpreter, let him keep silence in the church. Let him speak to himself and to God. So let him keep silent. So let him keep what he wants to say. Are you seeing it? Because the whole idea of the interpretation is to edify. So if what he's going to say will not be interpreted because the essence of the interpretation he told you let all be done unto edifying abition then there will be no edifying. So he says if there been no let him keep silent let him hold on to what he's saying because they taking their so he say sir no no sir the thing current is moving me say calm down is enough so that's letting keep saying and keep what you want to say though if I don't say it now the church will not be prepared for the battle go and sit down letting keep you know some people can be say no the really reveal something to I sit down can manipulate people with spirituals. We are doing by say he said no thing entered me. He entered me. So it's we that will not now have figured out what you want to say because people don't. So he said let him keep silent. Then he goes further. Let the prophet not office of a prophet

there is used as a verb not as a noun. Let the prophesiah, that's what he's calling prophet. Let the person that is prophesying is what is calling prophet. These words is so sad because we live in a titled driven age. That's why you see one 22 year old boy is an apostle that got born again three years ago. But because he can use osmosis of the dimension, he's an apostle sent to straighten the body of Christ. strength to cry on on the street of social media for the church to be corrected because social media is where the body of Christ receives correction. We're not sure this one will continue the faith. We need to give him any every minister must be given at least 5 to 10 years to to know if they will last or this one is wind that brought him so that wind will blow him away. We don't know if you have come to say or if it's hunger that brought you to ministry. You already speak to the body of Christ and instructing us in the way that we should go from your YouTube video because that's why just to be popular is easy does not mean that God is behind it. Any fool can be popular. There's fame that comes from God. There is fame that man can orchestrate. The fame you orchestrate will put you into trouble. If media makes you, media will break you. Bishop did not become popular because of media that the jail did not become popular because of media. It is proof in the life of you can't cancel them with your doctrinal accuracy. I say I cry out all these people don't know Bible see you. They have proof in the life of people. You cannot be cancelled. They have gone beyond being cancelled. Don't like pastor. You cannot cancel him. You're not there when he was raising people for years. Has paid his dues. You can't be canceling people that have roots. That's why they fight you on social media for trying to cancel their their papa. Whether they are in error or not, people don't care. You cannot cancel he that cannot be cancelled. All right? because they have an a legion an army that's following. You can't be counseling people because they abuse structure. You may not like this kind of structure but the structure all the same. Are you following? All right. So it says let the prophesia not the not so it's not title let the prophesiah the prophet function one who is serving as that prophet in that meeting in that prophet function as we are prophesying one by one so let that prophesiah speak two or three and let the other judge there should be the main prophet just like we do in our meeting the person that is anchoring the service let him put it in order verse 30 if anything be revealed to another that seated Ed by let the first hold his that word hold his place is the same word silence. So you see that if you were reading the text then later that same word is not used for a woman. You should not give it your own meaning. Okay. So we have seen that word silence is to hold your peace. Keep what you want to say in your heart. Don't say it. Then he says let your women are back to 34. So go back. This is how intervention is done. Observation, intervention application. That's a three-step process of Bible study. So you observe, let your women, not let all women. So he's speaking to the women in Corinth. Let your women. So again, we need to know what is the history here. Is the same church of Corinth. He say they should tie their hair which we have turned to scarf. They tie your hair. there is beyond the authority of your husband. It has nothing to do with scarf. Has to do with c. Say can a man wear c can can a man can a woman which is all those ones. I beg

leave your hair. Let it let us see the beauty of that god created. I beg if you want to tie it not bad it's still fine too. It can be fashion but don't be tying hair and make your go and be smelly because of Jesus Christ and say his holiness you are doing. Paul made that clear in chapter 7 chapter 11. We have no such custom in any of the there's no custom like that except in your own church and you can also cancel that man that t in their church you can't cancel him he has built consistency over the years whether you explain the Bible verse correctly you cannot cancel him stop canceling people so chapter 11 let's just for the sake of that every woman that prayeth or prophesies with her head uncovered dishonor her head. That has to do with you are you you are too stuck with her tie so you cannot see what he's saying. You dishonoring her tie. No dishonor her head. So you're talking about honor and dishonor within marriage that a woman cannot just dress the way she like cuz she she would dishonor her husband. A wife that by woman not every young girl I beg wife. wife. So every time you see woman, they remove woman, put wife. A wife should be conscious of how she dresses because he can bring dishonor to her husband. So can my husband tell me how to dress? Yes. So except you that is ungodly wife. But if he's godly wife, husband should be able to tell you because this has brought quarry in some homes because you now know who you marry. How can a wife be angry that the husband say no this is going to make me look bad to look like I'm not taking care of you to look like I'm for looseness. Say no, I dress the way I like. No, this will make me look bad. It will look like I have no people authority in my home. Let them talk. Ah, is this how you brandish me in society say doesn't mean because of largeness of heart you forgave it not because it was not your power to demand it. You let it slide first time, second time, third time. Baba, you not look before you marry say this woman not independent woman because independent women should not marry just as you should not marry an independent man because this is how we create monsters in society. Any woman that that hates submission should not marry. Stay single man. Enjoy your singlehood because marriage is a functional thing and for a functional thing there has to be order. Is not God trying to manipulate women or deal with women or gom o r o d e r o is the reason why the husband is the head of the home or that just like in an organization is not the gate man that saying say somebody come say come now why are you going up I have the final say in this organization. Uh-uh. Now poverty go kill the organization. There has to be an authority who has the financing in this organization. Obviously that will be the boss, the CEO. So he says within the marriage context, the husband is the head. He says that and he says it's a god-given authority. So this is how God structured it. Chapter 11 verse one, be followers of me even as I also am Christ. So follow me because I follow Christ. Follow me because I am of Christ. Not I've explained that first question 11:1 several times. People use it to say all manner of things. No man is perfect in the sense of he will have no failing. He will want for strength, want for ideas, lack ability to do some things. So if I'm follow them to the degree that every action of the is of Christ, you will never follow anybody. 1 Corinthians 11:1 when it say be followers of me as I also of Christ move the arm arm is italicized in your Bible it says follow me

because I follow Christ so what it takes to follow somebody is to find out does this person follow the Lord Jesus not if every action look Jesus the author finisher of your faith no human being can be that perfect example so don't bring that into the text because that's not what he's saying so he says We learn from the Lord Jesus. The same way pastors, leaders are supposed to be an example of that. Verse two, now I praise you, brethren, that you remember me in all things and keep the ordinances as I deliver them to you. But I would have you know that the head of every man is Christ. Are you there? >> The head of every man is who? The head of every man is Christ. Which man is that? The male man. The head of every male man. That's the man. The gender man. Not anthropos. Not humanity. So the head of every man is Christ. And the head of the woman is the man. Are you seeing it? And the head of Christ is God. Now he said the head of the woman is the man. You see speaking authority. He's not saying the woman head is not God. All human beings authority is God. But this man and woman yes already man there is husband. Woman there is wife because his husband and wife function that he's dealing with in the chapter. Every husband praying or prophesying having his head covered dishonoreth his head has nothing to do with hair tie. So every man must be in honor to the authority of Christ over his life. It has to do with head. He's just using covering hair as an example because of the culture of the day which is writing. Because the culture of the day had people covering their head. Just like if you see the Arabic women, they put that hijab and so over their head. It's not all. It's a sign. It means something. Covering head means something in cultures. So he uses that culture to explain something that is a believer's culture way of doing things. He did not know which he did give a disclaimer. He did not know that we're going to use it to say everywhere to pray. We don't form doctrine like that. You cannot deceive us with 50 years in ministry. Sir, we doctrine is not a motive. You cannot be saying how I feel. Sorry sir, it may be paining you that we are correcting you. But truth is truth. You can do nothing against the truth. There are so many texts of people praying the bible from Genesis to revelation. We have women who were praying. We didn't see and Hannah she was praying. She heard you cannot deceive us sir and tell us because we have too many examples of people who prayed in the Bible and they was they did not cover their hair. If is an isolated statement now we can fall into that error but too many Anna came into the temple she not cover one prophesied over Jesus and Jesus said Jesus not speak as a baby say you cannot do this cover your hair you are trying to to prophesy about the the the messiah not do that did not cover her Okay, you are all looking at me. We don't have women praying the Bible >> and prophesying. There are so many examples of women praying and prophesying. Deborah did not tie her hair and Deborah tying her hair. No, but he said Deborah, the wife of Lapidus, showing you that she is in submission to her husband yet a minister of God. There have been women in ministry from Genesis to Malachi. as pre-reservation of Jesus. How much more postres of Jesus now remove women from ministry? Your Jesus, you know too much be creating a monster of a Jesus. Then that's not what the text are saying. Every man praying or prophesying with the

head covered dishonoreth his head. Every woman that pray or prophesy with her head covered. He has already told you what head mean in verse three. He's not expecting you to be confused to her. All right. Every woman that prayed to prophesy with her head uncovered dishonored her head for that is even all one as if she were shaving. So we know when people shave in those ancient time they are in shame because like when you mourn when you are mourning somebody you shave all your head to show that you are in mourning. Then he says, "If the woman be not covered, let her also be shown. For it is a shame for a woman, the woman there is wife, not wife, the wife to be shown or shaven, let her be covered. For a man indeed ought not to cover his head. For as much as he is the image and glory of God within the context of marriage, he images God as the head, as the steward in that union, not saying that the female is not image of God. Remember, there's a context. But the woman is the glory of the man. So within the marriage context, the woman will now radiate the authority. The man is stewarding in the home. So both of them are obviously stewarding the same thing in their home. But the man should be the authority. the woman should steal all that authority down to the children and the whole home. That's what he's talking about. For a man indeed ought not to cover his head. So that was that text. Verse eight, if the man for the man for the husband is not of the wife, but the wife is of the husband. That's why the father handed the father-in-law handed the woman to the man. The woman is now of the man. be you are all quiet into the I'm giving you simple interpretation in modern English then he says neither was the man created neither was the man the husband created for the wife but the wife for the man he gives the example of what it means verse 10 so that in case it's not clear for this cause for this reason because Because this purpose ought the woman to have power on her head because of the angels. Engel there is a function terminology. Nevertheless, neither is the man without the woman. Neither is the woman without the man. So he quickly corrects any preconceived notion you may be having. He said, "Nevertheless, the man without the woman, Nevertheless, neither is the man without the woman, neither the woman without the man." So in the Lord, there when I said the woman is verse 9 is verse 11 is to explain verse 9 properly in case there is not clear. Neither was the man created for the woman for but the woman for the man. So the woman was created for the man. Then he says in verse 11, of course you have sense to know that is women that give birth to men too. Men give birth to. So he's bringing it that is not this is not an anger text. Nevertheless, neither is the man without the woman. Neither the woman without the man. Both of them need each other. If not there, there is no procreation. There's no stewarding anything. So that's for as the woman is of the man even so is the man also by the woman. It repeats that again. So his woman is also because without the woman no man will be born into the world. The man that will later become a husband of course he was also born by a woman. But all things are of God. So he say judging yourself is it calmly that a woman pray unto God uncovered? Does not even nature itself teach you that if a man have long is a shame to him but if a woman that's nature there is within their culture. If any man seem to be contentious verse 16 the word man now is

now anthropos. If any human being seem to be contentious we have no such custom neither in the churches of God. So in other words, there is no custom in church about hair tying or not no hair tying. Now in this I declare unto you, I praise you that you come together not for the better but for the worst. So what is trying to create is order. Now the church in Corinth had an issue. There was a what you call matters in Corinth. The church in Corinth had an issue. The wives because women were seen as secondhand citizens. sex material in that patriarchal world not in the Bible that world that timeline that timeline. So women a man could could pack them like you are packing property have five 10 20. So where you say the woman belongs to the other room. So they had that patriarchal word where so when the women were now getting born again they immediately knew their authority and identity that in Christ Jesus male and female the same. God created male and female as his image. We'll read chapter one shortly for those who are new so that you can get what we are saying properly. So the women began to know that ah I am not inferior. I may be inferior in society but I'm not. So they began to use that to revenge every man that has brought me down in this life. I'll pepper them now because in Christ Jesus we are the same. So is that is the disorder division disorder that he's trying to correct in chapter 11 which he doesn't end chapter 11 he brings it back to chapter 14 and says because the issue the wives now also in spiritual as we prophesying say how many persons have a word from the lord for us here maybe as we we do normally which you have an example of when we have those holy ghost meeting believers meeting a wife comes out and points to her husband and say you over there the husband gets up this time it's you over there it's not my husband you over there the get up so the Lord would have you know so she use prophecy to settle family score you she used prophecy so maybe the husband had not be giving money to her regularly so say the Lord would have you know that a man ought to be responsible for the Lord is saying you should be honorable people there are amounts not to give a woman say what is happening here now I do not permit a woman to speak like this is not edifying she should not to be under authority as says the law of marriage that a woman is under the authority of her husband say I do not permit a woman to you that's why you see it in another place to you authority over the man don't use prophetic to now be the reason why you want to bring your husband Now, don't you have homes? Settle this issue at home. Chapter 14. People are looking at me. Let's read is in your own Bible. 34. If they will learn anything, that word learn is the word materno. If they will come to know anything, if there's if there's something, let your wives keep silent in the churches. Silence remember was used in 28 and verse 30. Don't give it your own meaning. Don't take it outside the context. Remember we are still prophesying. So this is a woman prophesying. So let your women keep silence. So in their prophesying let them hold their peace. Why? Now he gives you the reason for it is not permitted unto them to speak. Speak how? Speak in that manner. But they are commanded to be under obedience under what obedience that's the word submit to their husbands as the law of marriage states that's the husband and the wife union the order the the the nomos the word law order so

according to the order of marriage the husband the wife is under the husband then it says if they will learn the word learn there is not Bible study class the word learn there is to come to No matter in that context if because that word len let also show you before you turn len to bible study see how len is used in the same chapter 14 don't give bible words your own meaning say ah but I s is you go to school to learn who is doubting that verse 31 he had used it before and all may prophesy one by one that all may learn that all may be comforted are you seeing the word learn because when I prophesy to you do you come to know something you know what I have said to you now that's what he mean by learn it's not h teach me word teach me word you know you are my husband you are my bible study coordinator that's not what he's talking about if they will learn anything they will come to know anything let them ask their husband at home for it's a shame for a woman to speak in the church is there a context he should not it is not fair for How many chapters have been be using speak, prophesy, edify? He does not he's talking to intelligent people. The church in comet are not dafted door people. He cannot have to add every statement. They should be able to take his statement contextually because it is the audience he's speaking to. Just like he said Jesus gave the m the bread the Jesus gave the disciples to the multitude. You should know that the multitude did not bite the disciples. When he said Jesus gave the disciples to the multitude in Matthew, the disciples gave the bread to the multitude. Not that the multitude were eating the disciples. Is he horror movie? So there's ellipsis is omission. So you omit what to save space for? You omit you're not omitting the sense. You are simply omitting the word in the grammar so that because the understanding is not lost. That's what they were doing there big because he had why did he bring verse 34 because he said God is not the author of confusion but of peace as in all the churches of the saints author of confusion confusion God is not for chaos for disorder. So he says as I've said this other matter quick let your wives because it's in the context of let's not do things in a chaotic matter in a chaotic manner. Now that's the end of that. There's a contest of speak there. So it's in using authority. Now Genesis chapter 1. Quickly turn your Bibles. Genesis chapter 1. Cannot use the Bible to put down any gender. Genesis 1:26. And God said, "Let us make man in our image after our likeness." Let us make humanity, not male. Let us make humanity in our image after our likeness. Let us make humanity. Humanity is that word man there. Verse 27. So God created humanity in his own image. In the image of God created he him. Male and female created he them. So God created male and not and after male and female created he them. So the male and the female are image of God. The male is not superior to the female as image of God. The female is not inferior to the male as image of God. Both of them are image of God. Are you following? That is where equal comes from. Equal to be God's man. Are you following? So, oh sir, that means we believe in equality. Why we not believe in equality? But again, what is equality? Because as life goes forward, we are all human beings. But we are all not having the same result in our living. We will all now become unequal. Because they no book pass somebody that they find past person that they strong past person that they get connection. Are you following? We will

now be seeing the inequality. So as it involves living then as it involves function you will see difference. But how did God create male and female created them? Then we now bring chapter two where the woman was made. now which is a another hard work for people to see because over the years ri my missing rib my missing rib my missing rib has not allowed people to think Bible study because ancient biology did not even understand rib how much more rib cage they could not have been thinking of 12 bone marrow they cannot be thinking of all of that that word rib used in Genesis chapter 2 not Tesla or cellar t s E L A is used for the side of a building. The word deep sleep is not to be snoring. I know you want the Bible to be the first for everything. The Bible uh the first anesthesia is in the Bible. The first surgery is in the Bible. The first headache is in the Bible. The first malaria is in the Bible. Everything must be the Bible for your Bible study life to be complete. Don't do that with the Bible. The Bible should not be a science textbook. Neither should be an archaeology textbook. Neither should it be. The Bible should be what it is. So we say let the Bible be what it is an ancient text pre-science not against science pre-science and a premodern text written with the brilliance and intelligence of the day just like when you want to write letter in the village and your grandmother wants to sell to her son in Germany in Italy in Spain you can pronounce it now we know I'm you know I'm just She will find somebody the village that can write letter. The thought her own but the writing is somebody. Why do you think the biblical writers wrote and it was not intelligent and you see how the book you they need to be intelligent to interpret them? Give you stop that now. So we have taught that which is what we teach in Bible school setting that there is editing in the Bible because it was edited to make sense grammatically. So whether they were farmers, fishermen is not the issue you because it needs to be a writing. It has to be put in an intellectual form for it to make sense because it's a literature. It's a grammar. It should communicate meaning. So you will see Moses dying in Moses book. How could Moses die and wrote his death? Somebody had to have added that part. So you see that they were editors. But that you edited my book should not mean you put your name in front. That's the reason. So very honest uh honest way of the what we call theories of inspiration. So male and female created he them. Look at the verse 28. And God blessed them. Is he not blessed he them male and female? He blessed the male and the female. And God said unto them, the male and the female. So the same mandate was given to the male and the female. The same mandate of God is given to the male and the female. The same mandate of God. The same mandate of God is given to the male and the female. So chapter two where he says and the ri which the Lord God had taken from the man made he a woman and brought her onto the man. That word rib and that word bone of my bone, flesh of my flesh. This is Bible study. Oh, which is why it is not sweet to somebody who has made up their mind that ignorance will be the way they live. Bible study can never be sweet because pastor can you not just do it like this sharp sharp so that we can go and the go is go with the confused idea that word bone of my bone flesh of my flesh has a biblical meaning and it is not used for the wife is used for somebody that is like you see the

example of that word bone of my bone flesh of my flesh Genesis 29 verse 14 14 And Laban said unto him, Surely thou art my bone and my flesh. Is it that Laban is gay? Is Laban sleeping with Jacob? Answer now you are quiet. Loud no. Laban is not sleeping with Jacob. >> Okay. And Laban said unto him, Surely thou art my bone and my flesh. He's telling Jacob, you are my you are my you are my sister son and you are my bone and my flesh. That's where we get DNA. You are my bone. So if we take from you will see that the similarity. You are my person. You are family to me. You are my bone and my flesh. Okay. And I'm going to read all the reverences for bone and flesh which is again how you say that's what the Bible is saying. After we have now read all the text you can now say it's your own opinion. That is how to be crafty. There's no other opinion. We have read all the opinion. You say is your own opinion. No that's conclusion of Bible study. bone of bone, flesh of flesh, essled um what is it? Judges chapter Judges chapter 9 verse one and two. And Abimelech the son of Jeroba went to Shechem, unto his mother's brethren, and commune with them, and with all his family, and of the house of his mother's father, saying, "Speak, I pray you, in the ears of all the men of Shechem, whether it is better for you, either that all the sons of Jeroba, which are 70 persons, reign over you, or that one reign over you." Remember also, I am your bone and your flesh. Did you see it? I am your bone and your flesh. Okay. 2 Samuel 5 verse one. Then came all the tribes of Israel to David to Hebron and spake saying, "Behold, we are thy bone and thy flesh." The whole tribe, "We are thy bone and thy flesh. We are your wives." They tell David that they are David's wife. Thank you. 2 Samuel 19:12 and 13. You are my bed. You are my bed. You are my bones and flesh. Where of then are you the last to bring me back? That's Judah of all the tribes. He say Judah, why are you the last to come and welcome me back as king not tri when you are my person, we can trace our ancestry to the same. That's what Adam was saying. Bone of my bone. In other words, you are not inferior to me. You are just like me. That's what you're saying. You are person like me. Not h you are bone up by bone. You are you are secondary. No. No image of God. As an image of God, you are also an image of God. We are the same under God. That's simple what he was saying. Let's read more references so that you don't take my word. and say ye to Amaz 2 Samuel 19:13 thou not of my bone and of my flesh God do so to me and more so if thou be not captain of the host so he uses that word bone of my bone first Chronicles 11:1 the same story then all Israel gel to David unto he saying behold we are thy bone and thy flesh we are your people. Did you get it? So those are all the references for that bone. So Genesis 2:23 when Adam said this is now bone of my bone and flesh of my flesh she shall be called woman because she was taken out of man. So female man and male man. So we are both man the same stock man man just that one has uh the physiology and anatomy differentiates one is a female man one is a male man so one will be the womb where other men other human beings will come into the world the deep sleep there I've told you is that word to have a vision. It was using is not to be snoring. Genesis 15, Abraham was in a deep sleep in a vision. It was used to explain in Isaiah 29:10. For the Lord has poured out upon you the spirit of deep

sleep and has closed your eyes the prophets and your rulers, the seers had he covered. So Bible words have Bible meaning. The word tadema is to be in the is the entomology is the sleep between words. So which is used to also explain which is why it's called deep sleep. The sleep between words. So when you are well we can't say that is it conscious or unconscious. So it's used also when you are in deep sleep which is why you can have dream and your dream you are actively doing something but you are lying down at the same time. So is that what deep sleep? It's not that Imm was a Adam as God's prophet saw that the male is not inferior to her. The female is not inferior to her. They are the same in God's purpose. So look at ministry and see how ministry is taught male and female. See how Paul that same Paul teach male and female. So this is how we get our world view, our perspective our perspective about matter from the Bible. Galatians 3:28, there is neither Jew nor Greek. There is neither bond nor free. There's neither male nor female. For you are all one in Christ Jesus. How can we now be one in Christ when we're not one in the original creation? If you are one in Christ, then we were one in the beginning because God has reared e redeem, restored because man deviated from the original plan. Amen. So a societal defect and that is what people are reflecting. So you won't blame all these different women group women rights fighting for something and trying to use Bible to support it which Satan will lash on something and push you because he destroyed the until he destroy somebody will get peace. Satan not ever get peace. So until he has finally destroyed the person. So something as noble as you should not be marginalized. You should you are valuable you are important you are not inferior in society is now being used beyond the proportion to don't let them this is sad we have left the issue now we are fighting people don't let them don't let anybody don't let them this is anger this is a different matter now because once you see somebody trying to know we not We go al that is not the idea which is why all of those group now tilt into other extremes the other extremes now start attacking every other place they say why don't they allow woman to be president do they allow or they used to vote which one is this one is now partiality now is the same place you are crying for justice you are now being say allow yeah they used to allow say allow them to be governor contest and do what the male is doing say No say allow them. No, no, no. That is not the partiality. You that's not the right again you are fighting for. You say no no no you cannot let us be allowed. Let them know no. Bible has it own interpretation. Are we good? Male and female created the ministry gift does not consist in a marital function. Neither do ministry gift consists in a gender function. Male and female is who God is using. So when he asked us a question about marriage in Matthew 19, he said, "Have you not read that he which made them at the beginning made them male and female?" Male and female God made them at the beginning, not an afterthought. It's male and female he made them. So you must have a biblical perspective about gender, about the role of woman in society or the male in society. The woman can be anything the male can be. The male can be anything, the woman can be. However, when we now where we see difference is always in our living because there's even a difference between a male and a male in knowledge. The same

way there's a difference between a male and a female. Ab is in our living. There we have to deal with institutions or organization which marriage is an institution is a functional thing. For a functional thing, anything that does not have a head is a monster. There has to be a head. So who will be the authority of this institution called marriage that has the male and the female coming together for the mutual comfort that the one ought to have of the other. Let it be the man. Why? Because of just simple biology seed principle. It is in the seed that you will get more. So the then relationship reason because it is the man that is marrying the woman except the except the man that woman went to go and marry which is weird but it's the man supposed to marry the woman and whether she change her name or not change her name by default she accept because she has relationship speaking now so uh in all corners it will fit God that's the system. That's how orderly God is. That's how orderly God is. So for anything functional, it has to be the male. So biologically, it should be the male because the male is the foundation because he has the seedbearing capability as the man. And just like they teach you sexual and our sexual reproduction, the seed is why we can have more trees. So the man is first in priority not that the male is greater than all female. So if this is the seed is the priority because if I have the seed I can have more harvest. So that then relationally speaking, it is the woman's right to choose. Is the man that comes to say I want to marry you. So the woman has the right to choose who she wants to submit to because she's not blind. That's why she can say I'm not doing. Oh, I am doing. Are you following? Thirdly, theological impute. It is to teach the union of God and mankind. Marriage which you know how they say marriage speaks of the mystical union of Christ and the church is not just for mouth. So Christ and the church which is the union of God and mankind because God made man for a union but there is the authority. The authority is God. So theologically that position is now given to man. You can't be revolting that spirit that revolts against God's word did not come from God. It is the worldliness so that has come. So theologically also also in order. Are you following? Now societal consequences. You now see where there is no husband where there's no male authority in the family because the smallest unit of the society based on Aristo Socrates how they all the Greek philosophers explained ethics and morality which is the function of society. So the smallest unit of a of a society is the family. Now once there's already breakdown that there is no man figure look at the research how many percentage of mad people we have in society today that came out from that dysfunction because dysfunction we produce after his kind since there was no male authority no principle no authority no foundation just the woman because she wants to the single mother or god forbid something bad happened. You see what it has produced. So there is all of that stat which they give you 70% of this of the men the people today you see on the streets who look like they are going nowhere they are the to the agbero the mon the everything you want to call them come from that kind of family that had no father no father figure so you cannot remove that so god is a god of all that please you cannot be doing sentiment because it they paying you and it will not have been paining you if you live some couple of years back because you won't even have

the voice to say it's paining you. So be grateful for the times. Are you following? So that is what people now bring into marriage and we say it there are no male and female fruit of the spirit. So much of the reactions that you see in the marital space comes from so we said where is that husband and wife or what you say male and female difference? The male and female difference is not now a biblical male and female difference that people are having their home is coming from uh parental upbringing. How the parents if the father was always saying hey shut up there your brother is talking and yes the brother is the younger one know there are some families that raise children like that to be mad. This is the man he's trading his children say you know say this your younger brother is the head of this home. Uhuh. When he said when he's talking all of you when when he talk all of you shut up. These are the sister because one to B man to B man they go B 10 the why are you doing me like this now want to B want to B man want to B man the woman man is subjected because she's a slave to the system just be throwing out children she has brought the 10th one is finally a man the man say we can stop now then that one is the head of the home as that child grows up they say hey all of you women they may senior that child with 10 years 15 years does not matter listen to See where the madness have started. So you now blame that on Bible. So parental upbringing. Then you now go to society. The madness did not stop there. Society has a defect and a slant against women which is now trying to be repaired in this current century. Okay? Are you following it? Then my own choices and my wisdom how I choose to also live my life as an adult that is responsible I say okay nobody can tell me this nobody can tell me this if it is the wrong one I used to form the philosophy of my life it will also be seen that's what we are having say a woman is naturally this don't be saying woman is naturally this which is why I don't know where people get all their research say women are emotional men are logical Don't be buying into stupid theories. So every human being is emotional and logical because every human being has emotion. Every human being has will. That's why the Bible never separates character for male and female. It's the same character we have. It's the same Holy Spirit that we have. Don't be you know we are women that we are women came from upbringing came from a a foolish father and mother system that parent you or came from the choice in way you decided you are going to live your life or you are influenced now we have to society is Tik Tok Instagram Facebook which is even the worst now this is why it is possible to see a young person who has not read any book but they have phone. How thank God that we were not born in this timeline cannot read book and so normal not thinking nowadays even AI you can ask AI so people will not think again said AI think for meh what is happening deep so the ratio of high impact people the gap is getting wider because there's now more failures because the gap then at least everybody force everybody along But the logology is being used wrongly. People are becoming lazy. They don't read. They don't ask questions. Not getting wiser. But some years back everybody is forced to read book. If you don't read book, you feel like you're doing something wrong. So that is the development. So first Corinthians 14, see another text where he uses that word. Learning something. >> Yes sir. 1 Timothy chapter

2. Now Timothy was the pastor of the church in Corinth. Timothy is not a church. Timothy is a person. Paul wrote to Timothy. So I hope you understand. So when you say ah this same thing is found in Timothy. Timothy pastor the church in Corinth too. That's book of acts. That's why book of acts is there. You see a bit of history. All right. And some of the episodes you see who is let him come and meet me. Let this one come and meet me. So it says from verse 11, let the women learn in silence. The word learn again matter, let the women come to know something in silence. The word silence here is now a different word from that one he uses for spirituals which is that word. He uses a different word that is used in 2 Thessalonians 3:12 for both the male and the female by saying don't be a busy body. Now them that as such we command 2ia 3:2. Now that as such we command and exalt by our Lord Jesus Christ that with quietness they walk and eat their own bread with quietness. This is not written to female. This is second Thessalonian. So this quietness that word quietness he uses there. Are you here? Now them that are such we command. We give order, we urge. So it says that with quietness they walk and eat their own bread. So what does it mean to walk with quietness? See that same word quiet. 1 Thessalonians 4:1. And ye and that ye study to be quiet, and to do your own business, and to walk with your own hands, as we commanded you, that ye may walk honestly towards them that are without, that ye may have lack of nothing. 2 Thessalonians 3:12 First Timothy 2:2 For kings and for all that are in authority that they may lead a quiet and peaceable life in all godliness and honesty. See the word quiet. 1 Peter 3:4, "Let it be the hidden man of the heart in that which is not corruptible, even the meek and quiet spirit, which is in the sight of God of great price." Did you see it? Of a meek and quiet spirit. So this word quiet here is an adjective. The Greek word hesios h e s u c h i o s used in that first pet verse 4. Now in 2ia 3:12 the noun of the word is the wordia is what he uses in that 2ia 3:12. Now where the word is also used as silence is in acts 22:2 that same word used for the women keeping silence in acts 22:12 uh acts 22:1 and 2 men brethren and fathers hear ye my defense which I make now unto you and when they heard that he spake in Hebrew tongue to them they kept the more silent they kept the more silence and he said I am very I'm coming one minute something I want to now the context of this is Paul in Jerusalem he's defending himself because he has been brought to Jerusalem and he's going to defend himself what he so that conversation starts from chapter 21 which we will not read because you will look like you see that that's why Bible studies work that it's not somebody's dodging you see that you keep going back because you don't want to lie you don't want to add you want to say what the Bible is saying that's is a painstaking effort to know the truth it's not something that is a motive that how I feel this is what the Bible is saying no sir we can't do that to Bible study because the words are not as English as we suppose because there was no English language when Paul was an apo Paul was alive nobody was speaking English language Paul never heard English in his all his lifetime Paul never heard anybody speak English so he couldn't have taught in English so the reason why we will say the Greek word the Hebrew word is so that we know what the word means not because we are trying to elevate a language and if you

hate any language then you are a racist or a tribalistic person or xenophobic anyone that fit you. Amen. You shouldn't. Which is again another world view that a Christian should never have. We should never be against ethnicity where we know that we want all ethnicity in Christ. So I must be very inclusive in my world view of race because what is white and black? Philosophical construct to keep people in bondage. Which one is white and black? What is your heart black? What is black? Don't you have you not seen black before? Look at black now. Is that how my face is? Even Ghana not black like that saga black like that? What is black? What is white? Have you not seen white? Which white person is white? Is white, black, yellow. What is all of that philosophical construct for slavery? Don't buy into that. Now the heart is not black. The kidney say it's a black man's heart want to put in you say put it put so they don't say it's a black man's heart it's a heart is heart transplant doctors don't do that nonsense in the hospital it's a black man heart black man heart black man liver black man eh you know they look for body part shall be black man that so is when you want to do important things now say he is a black man who is a black man who is a white How is white the good one? Why is black the bad one? Those are uh colism concept to keep people in bondage so that people don't rise and become free. So they use Africa as a test lab for all manner of atrocity. It's not conspiracy theory. It's proper thinking. Amen. >> All right. So let's leave that. So it looks like when you think properly it will look like you're a conspiracy. Yes. Yeah. Right. So Acts 22. So and when they heard him speak to them in Hebrew they became even more quiet and he continued I am. So they were able to hear him out. That's the context of it. When they found out oh he's a Hebrew man like us. So they were able to hear him out. That's the word quiet the way he uses it there. So, let's go back to our wife text. Did you get it? 1 Timothy chapter chapter 2. Let your women learn in silence with all subjection. That's already so the silence they already explained that he was going to obviously say in all subjection because silent there means they can allow the man talk. Nothing you wear today. Say no. Don't be like that as a woman. Be able to hear your can you say what you don't like. Yes. God told Abraham listen to your wife. So it's not weakness to listen because what if she's bringing wise suggestion? She should be able to hear her out. It is it is it is sanity wisdom to hear the woman because it's two persons. This other person may have a point that is very valid. Not I'm the man of this house. That's not what makes you the man of this house. You are just being dysfunctional. Man of this house does not mean you you are not a normal human being to know that interaction dialogue is necessary. Is let's not talk. I have spoken. I have spoken. Here comes the emperor. No. Now interact. So it's the meaning people give to submission and love that becomes negative. Not what the Bible explains those words to be. Let the woman learn in silence. Let her come to know something is the word learn because you say oh I did not get it that's you know in marriage context say I did not get what you were saying oh I did not understand that's why I use the word learn cuz that's what brings argument and I say okay I get it now that's learn she now knows so say let her let the wife the woman there is the wife g is not the is the word wife used in Matthew 1:20 20 Mary fear not to take unto

thee Mary thy wife that's the word woman there Mary thy wife the first time that word you is used in the Greek text it was used for a wife and it is used 221 times of which 90% 95% of the time is used for wife than it is used for woman so the word has used so let the wife come to know in quietness with all subjection which is the word used for submission. She's under obedience. But I suffer that word suffer. I do not allow a woman to teach. The word teach here is to instruct. And this instruct is not Bible study. This problem is we took this into preaching to instruct say hey sit down there let me talk to you yes my queen yes your servant humbles himself in doors and ashes ready to learn from his master wife I sit so that context so suggest recommend but don't in the way you speak like bend your head and hear me now no you can't do that if you are being submissive not because you cannot pass your point, not because it is weakness, it's because this is somebody you honor. And when people are in love, they normally do not. They talk gently. Hello babe, my love, my sugar, my honey, there's no hey you those tones are not there. But I suffer not a woman to instruct. See the no. See the no. So you see what he means by teach is Bible leave screen use your own so that you can see that we're not making it up not waiting for the people on the screen I s not a woman to teach nor neither nor neither nor you you went to school so if you put teach nor you so what is that teaching that means that teaching is to you authority that's what he said I do not allow should he allow that before what kind of pastor will he be if he's allowing a woman us authority over our husband. It says but to be in silence and silence in verse 12 is now that word silence with all subjection. Simple interpretation. Nothing there saying women should not do ministry. Nothing there saying women cannot is just and is women there is wife because within the marital context. Amen. Hallelujah. So don't run off with what I did not say because once again which is another elemental spirit thing which we need to deal with. Once you mention let a wife submit to her husband she start hearing voices. They want to turn us to dat the spirit of the age. There's an anger. Hey be careful. Don't let Bible put you in bondage. But that's not what submission means. Are you not submitted to the Lord? Can't you talk? Don't you bring your case before Lord? Don't you reason? No, you can't tell me that. Oh, wow. That word submit is not good. Do you know the word love is also why are men not cry when they say husband love your wife? Because that love if you see the meaning the men are supposed to say we not going we not going because that love there is lay down your life she die for herself because that love involves sacrificial that love is to put her first never as a traditional man as a as a man from I can never as a man from Ugoi as a man from U as a woman from I can never let a man as a woman from Ubia never as a as a lady not a woman as a lady from Kogi we don't bow we reign we rule we shine yeah so when it involves Bible we can speak to you so biblical perspective of life as we round off hope you learned something this morning >> so so normally I will not do all this lengthy Bible study but I did it so that you know say where pastor just drop it. So many of those views is how we use sound doctrine which is why this biblical perspective of life is not just a topic is how every service every other topic you have ever heard has always been to give you a biblical

perspective of life. So we can never finish this series if we want to say because it will take us several years we are still teaching it because we have to touch every area which is what different other topics can do. So sound doctrine of every area. So you know that oh why we my my my wife don't don't like people coming to our house as the head of this home they must come you want side chick we suspect you woman should have is our home will not show you that you are not reading Bible because the woman has the home the the regulating of the household is within the woman's authority evil Bible talker will now show that you're not a Bible well let her have power for God's sake to the Samuel who come to the house why does somebody want to be close to you and your wife not bewitch he be why you know you are dealing with a married person you don't know they say no you can say I must show that I'm the head of this home in fact of course doesn't mean she will be crazy not to allow you be able to bring somebody but that's not what you should be using authority say you hide something for back allow her have that power that simple of those things which why we teach on marriage so that you don't nobody can tell me nobody can tell me that nobody calm down you are a Christian you live by the principles of God's word say so who should cook and who should not cook ah you want Bible to answer that one Bible can answer it too Your not evil nature show who is to breastfeed. Oh, he's not being funny. I'm being serious. So the challenge you have here is that you are a creature of the modern violence against male and female. So that's why a normal looking lady will be angry when we say let the woman cook. Say what is the meaning of that nonsense? Why should a woman cook what can a man not cook? Of course when it comes to love does not assign roles because we love the man can cook. The man can take care of his wife because there are stages where the woman will not be able to cook and the man should be understand where is my food you woman whether you are 9 month pregnant or going to delivery room make that now. Do you see the monster you went to go and marry? Because your role is your role. Where is my Where's my I will not hear anything. Even as she's about to push, she said, "Babe, I'm hungry. Get up from the operating table. Pound yam for me. I am a Benin man. It is founded yam and a goosey soup that I want to use to welcome this child." Aha. You see what you have you have done. No, we love we love you. You will not turn rose to slavery or bond. You will not. However, why should the woman be rebelling against cooking food? If you want to use Bible, every time we saw Sarah prepare something, all the women they prepare something. Why you don't want to prepare something? If you want to use Bible, of course. But we love you are flexible. But that thing you are looking for say I will marry a man who can cook and will be cooking for me. That's the same thing you are trying to 0.5% of humanity is where you find that kind of man. They only exist in zero not 1% is 0.5%. All these are the ways you are letting us know you will not marry. How many of those women that tell people don't cook for your husband for they have caught them with camera pounding yam all those witches on social media advising people there's one now that they have told this your old old video now that you are in love with somebody you have changed look at your old video say leave that thing how many

lives have been destroyed where nobody can see her say this is my own husband found the I am found. Then she come on social media. I say then the husband say okay now this hustle is your hustle. I be why we used to make cuz it's hustle now. She to make money. She on her camera I say now don't g for any man don't. And when she finish say baby you understand that work we walk. I say yes. How many of them have been exposed like this? Now you they learn from. Let us see how many years they they have been married without their philosophy. Hypocrites. Many of them are either hypocrites or cowards. Amen. >> That's not how we are taught in Christ. So even a all important matter like marriage, relationship, the Bible gives us perspective about it. So it's not what I think, what I feel. No. Don't lose your femininity. Don't lose your masculinity because of society default. Be a man, be a woman. Amen. >> I say there's no male and female fruit of the spirit. Stop loving weirdness. Say, you know, we are normally troublesome as women. We are normally fighters are men. So get ready for blowing your eye. How does that fit? You know I say no no it's not fair it's fair since we want to be doing you know as a man we can act like a beast how does that sound in the equation of you know as a woman we can be very petty and naggy and very troublesome and we are ready you should understand that's why we are understand each other now and it has turned to WWE then now forever your home is wrestling the giant us China. Oh God help us. Amen. >> So God's word is very very important to us. That's how we shape and frame our perspective of life. So a biblical perspective of life is a sound doctrine perspective of life. My philosophy, my ideology, my world view is shaped by sound doctrine. That's how I live. I am not governed by social media or all the different forms of social media. I'm not governed by the societal defect. I'm governed by God's word. Man shall not live by bread alone, but by every word. I am a doer of God's word. I continue in the perfect law of liberty. Amen. >> That is my perspective of life. Hallelujah. And that is the same perspective of life I have concerning power, concerning miracles. I say you expecting a miracle. I also expect a miracle. I expect healing because those are provisions within God's word. I expect God to intervene in this matter. I can tell God anything. Say ah you are disturbing God by telling God about what you are going through. I tell him everything. Cast your care upon for he cared for us. So I can tell him everything. He shapes every area of our life. Even to our identity which we'll look at next week. Who we are. Where are we going? I am a Christian. You can also say I am a Nigerian. Oh, I am a student of the great university of I am. I am. There's many I am we use for many things. But I am that identity issues is where we are the modern day man is asking the question of identity. Say, "Oh, I identify as a pig. Identify as a cat. Oh, I think I'm trapped in a woman's body." These are now modern issues that comes from the failure to recognize that imodo image of God. I am the image of God. So what is the biblical perspective of my identity and my functioning society and God's word gives us that perspective. Stand on your feet this morning and you pray a simple prayer. I live by the wisdom of God's word. I will not be taken captive by human philosophies. I will not govern my life by elemental spirits that are against the power of God or against the word of God or

against the reign and rule of God's spirit. No, I live by the wisdom of God's word. Go ahead and just pray in the Holy Ghost.
