

Lord we thank you open our hearts again to your spirit and we trust in this service that we will be blessed mightily receive all you have for us in this service again ask your people release our faith and we say that in this service we believe for choice wordss We Believe for Mighty move of the spirit that while the word of God is being uh heard the power of God is present to heal and wisdom and direction is our available in this service in the name of Jesus again the things that ought to be said in this service will be said the things that ought to be done will be done to the praise and glory of your name amen God bless you have your seat and turn your Bibles to Hebrews chapter 11 and we saw that faith is the substance of things hope for the evidence by using the word evidence it means when we talk about our faith in God we have to talk about the Unseen word because faith is faithfulness is Express the faithfulness of God our faith is seen as the evidence of Things Not Seen the evidence of Things Not Seen It says for by the elders obtained a good report the evidence of things not seen through faith we understand that the walls were framed by the word of God so that the things which are seen were not made of the things which do appear the things that are seen So within the context of the scriptures we have both the seen and the Unseen word we have the seen and the Unseen word the natural and the supernatural word is in the scriptures amen and we said that we mustn't bully the biblical writers mustn't bully the with our mod phrases and our mod understanding and be angry that they are not thinking like us they can't think like us because they are not living in our time and God did not Inspire them if God had to inspire them to write like we understand today that God would have inspired all Their audience to and that would mean that the first century BC will not be the first century BC again it will be the 21st century and that would mean that time is not progressing anymore but God is manipulating and if he's manipulating and arranging things like that he could as well have just made Adam not do what was wrong mean it's quite crazy to have that background so we mustn't bully the biblical writers must allow acient men be aient in their thinking did you get that allow aient men be aient in their thinking is dishonest and he hypocritical to fult the Genesis account for not being what it wasn't intended to be so when you read the Bible try not to protect the Bible but allow the Bible you know some people say things like um some people are very curious and because they very curious people they say things like what I'm learning now is beginning to uh there are many things I'm seeing in the Bible now is confusing me is make making you see it's called the Christian faith my faith becomes my understanding what I believe is what I am learning is what I'm understanding so it's not my learning that is becoming my faith no I'm not say I believe Jesus Is God say no I'm not learning and it's not looking like are not I started with faith in God Amen I cannot now be learning and not Le out faith in God that's crazy that's not learning anymore are you following so I have to learn faith in God and because that's what I believe so I'm not learning contrary to my faith in God I'm not learning contrary from the supernatural that I believe so I'm not learning to now believe that the holy spirit is God I'm not learning to come and believe I already know that are you following so my understanding matches up with my faith not that Curiosity of hey I

don't longer believe that you no longer believe nobody told you to ever not believe that because in Christ Jesus we're what God says we are we believe that and we're learning to see the things that we believe as true hallelujah amen so don't not protect the Bible allow the Bible protect you so Hebrews chapter 12 and on Sunday we saw the Hebrews 12 account it says wherefore seeing we also we also we also are you seeing the teaching seeing we also so that means the audience in verse in chapter 11 are also surrounded seeing we also are Compass we also just like they without us could not be made perfect so we also are compassed about we so great the cloud of witnesses and I said the easy and lazy way of reading this is just surrounded by the patri of chapter 11 that's the easy and the lazy way of seeing it but that if if not properly explain we look like we surrounded by cses by dead body we know God is not a god god of the dead but of the living so we Compass about by so great a cloud of witness let us lay aside every weight and the sin which does so easily beset us let us run with patience the race that is set before us looking unto Jesus the author and the finisher of our faith who for the joy that was set before him endure the cross despising the shame he sat down on the right hand of the Throne of God Amen so this evening we're going to do some Bible studies around setting phrases for examp the word compassed about doesn't mean um it's the word surrounded but it's a bit deeper than the English view of something surrounding you as it were a distance because if you're going to put it as a distance you see the verb of that word in Hebrews 12 it used the word compass that verb Compass Peri is used six times it's used in Mark 9 and verse 42 so you see what it means by compassed and whosoever shall offend one of these little ones Mark 9:42 whosoever shall offend one of these little ones that believe in me it is better for him that a milestone were hanged about his neck and he were cast into the sea a milestone were hanged about his neck that's the word hanged hanged about the neck are you seeing how close it is all right hanged about the neck so of course I don't the text is Jesus is saying a man that is a betrayer and a man who of a man of offense is better that he's not alive so you tell you God is not for a man of offense it's even better the man was not born but since he's born find a way in this world there's offense but better that such people don't leave see acts 28:20 for this cause thereof have I called for you to see you and to speak with you because that for the hope of Israel I am bound with chains at least you know the chains cannot be far from him and bound with chains acts 28:20 and Bounds with chain then WR off Hebrew use it in Hebrews 5 and verse two and he used the same word compassed who can have compassion on the ignorant and on them that are out of the way for that he himself also is compassed with infirmity are you seeing it so by using the word compass for Jesus talking about that that's why it's a faithful High pra because he was compassed you can't read that and now have in your mind a distance a surrounded you know I've told you before that the Heaven and the Earth cannot be separated you can distinguish it by saying Heaven is this Earth is this but you can't separate it because the are together they are together so you notice the use of the word when he say we are compassed though he WR with the idea of that Stadium View but what he's teaching is a bit deeper than the natural

because he calls the audience with that idea but wanted to see that see that great congregation you are is not just they cheering you hey go go go go go they not just sharing you calling your name hey go move move move hey we are heing you we he you we are heing you we are heing you that's is more than that that's not what in fact that's not what they are doing they're not cheering you like that that's quite crazy it's not in Bible theology they not cheering you like that because once we remove the word compass from origin all you have is that cheering but what he's teaching is quite deeper than that because we are not in an Athletics feed so he using an Athletics concept does not mean that we're in athletics feied for God's sake life is not we are not in a field or something we're not running a track it's figurative so boring that idea is to show you that oh we are in the midst but what we are in the midst of this is the question what we are in the midst of are we a part of the thing that we are in in the midst of are we a part of it thank you what we are in the midst of we are a part of so the word Compass imagine you remove the word compass and put a part of let's read that and see Hebrews 12 and verse one wherefore see we also are Compass about with so great a cloud of witnesses so we remove the world Compass wherefor see we also are a part of a great are you seeing we are a part of wherefore seeing we are around now notice because we have explained that verb see we are around so you're not seen as a distance because you know you are part of you are part of that congregation you are part of that assembly that's why I say we have come into an numerable comp we are part of it we are part of the same congregation so we are not separated like oh wow so such a distance no no no and where does the writer of Hebrew get this word see were compassed by so great a cloud because he gets the concept of cloud which explains Heavenly a mass and a supernatural assembly and there are four words then they AR word five five words used to explain assembly in Genesis to Malachi the AA moed sword I mean there uh four unique words then the Aramaic word d and use explains a c so these are many words he uses to explain Council a council meeting and a so he uses that same concept so great a cloud of witnesses and we said why does he transfer the words used for supernatural beings now to explain the church that will bring in a teaching of what God Said to Abraham your seed shall be as the stars of Heaven your seed are you following shall be as the stars of Heaven look at Psalm 89 Psalm 89 are you ready come on all right so let's do something some study Psalm 89 and we [Music] will I will sing of the mercies of the Lord forever with my mouth will I make known Thy Faithfulness to all generations that's the song We Sing to today for I have said Mercy shall be built up forever Thy Faithfulness shall be established in the very heavens I have made a covenant with my chosen I have sworn unto David my servant have sworn unto David my servant thy seed will I establish forever so by using this language is he speaking of the same context with Abraham seed because Abra David dies and the language of seed is still being used then there's now a David that will sit on the throne being used in the major and minor Prophet David is dead but there's still David sit on the throne and that David on the throne is now used to explain Christ Jesus AB so when you are reading you must be

honest so you see where it begins to disassociate from the human personality to saying more than that so Psalm 89 is one of such text did you get it I have made a covenant with my chosen I have sworn unto David my servant and what he swore unto David the servant is the same thing he swore unto Noah Abraham about God saying he would multiply replenish the Earth that g of Eden will cover all the Earth so it's the same thing said to all of them Abraham Isaac Jacob is the same Covenant when you see that Covenant Covenant Covenant you see the same phrases are used so it's is the same thing transfer to the next the next the next the next they kept repeating it so when go to David the same thing he said to him and even after his death David now becomes an example because a man after God is a man that will now fit a pattern that we can use to explain the Christ because the Christ will sit on his throne but not a physical Throne so you see it's more than the physical David th seed will I establish forever and build up thy Throne to all generations and the heavens verse five which Heavens is that the physical heaven or supernatural being Heavens shall praise thy Wonder so it can't be sun moon and star physical son or physical uh Heaven as it were Cloud praising God no Thy Faithfulness also in the congregation of the saint did you see that in the congregation of the saint so there's the word congregation in the congregation and the word congregation there is the word qual it means exactly the word congregation I I think it's very exact with use the word congregation or company also in the congregation of the Saints the Saints there me and you or supernatural being not me and you please we explain that that's the word used for kadim Holy ones it is Sint is also used to explain the believer but very limited portion in Genesis to Mali is more in the New Testament books that you see used a lot for believers you hardly ever see used for for Supernatural me Peter used the word within the context of Jud so holy ones you barely see it in the New Testament books used for supernatural beings Thy Faithfulness also in conation of the Saints now you're appreciating why we had to study um look at the ontology ontology is a word that refers to the nature of a thing the ontology of the members of God's Heavenly Host so look at the nature their nature AB be right so verse six for who in the heaven can be compared unto the Lord so so there are beings in the heavens there are things in the heavens it says who can be compared to the Lord of course the answer is no no one AB be the Deni statement that Telegraph God's uniqueness incomparability matchless all right who among the sons of the Mighty the word mighty the word L who among the sons of God remember the sons of God language the sons of God are used for a super Supernatural created being I be the gods the an Elohim is a resident a resident of the Unseen word a Divine being a Divine spirit being it's called an Elohim and there are so plurality of the use of the word Elohim like we said when the writers of the Bible use the word Elohim they are not speaking to only Yahweh they use it for six other entities so when you you read the word Elohim you have to look at which Elohim so to explain the Elohim that greater than every other Elohim they now use the denier statement and there is quite a lot of them there are not five neither are they 10 are there 20 30 40 I mean those none like who can no one like none like their who is like there's quite a lot of them used in the Bible

are you with me for who in the heaven can be compared unto the Lord who among the sons of God can be likened unto the Lord God is greatly to be feared in the assembly he changes the word now from qual or congregation just like we have a congregation here now it changes the word to s o in the assembly and the word s so is used to explain uh in carus meeting we'll put it this way what is the council c u n s e l what is the council of the council did you get that so when a council meeting goes on are things deliberated that things that are being deliberated can also be explained as s so sword an assembly so the assembly there speaks of that a group of familiar so there's a familiar discourse because this is a meeting concept God is greatly to be fear in the Assembly of the saint so these are beings he walk with he rule with the Assembly of the saint and to be had in reverence of all them that are about him so there are beings about him round about him all around him okay oh Lord God of host you see the god of host God of this host of this beings around him who is a strong Lord like unto thee or to Thy Faithfulness round about thee thou rulest the region of the sea and when the waves thereof arise thou steal them thou has broken Rahab in pieces why because the biblical writers write a poic a poic is when you have a strong argument against of viewpoint because in the in the different mythologies the gartic or mythology the Mesopotamia I mean all of them the Egyptian mythology they all have uh sea monsters all the gods in Greek mythology the same thing Zeus could not defeat the the sea monster python he has all the gods posion Zeus hes Hades everyone came together submitted all their powers together and as best they could only tame they could not even defeat so writing against that because that's an idea to show powers in their world view so the Bible characters will not write against that view that our God is greater than all that nonsense because they use CA monsters to explain great powers are you following because it was the primordial existence where they believe that the whole earth came out from a body of water so the body of water so they use water water Waters language to explain Supernatural forces that have so much power that have been there before man so they give you that whole ancient world view if you have ever uh seen all those fantasy movies or more if you read mythologies I a student of mythologies I've studied across wide and Broad over 12 mythologies to the no mythology the ones that has to and Odin and all of them they're different all mythologist are all the same no mythology is different all of them have the same concept there's always Vine for who is more powerful who is more this who is more that so that's the remember that's their world view that BC R where all these Mythology stories were flying around around stories of Legends and meats was flying around that this is their world view remember the audience this is what they are hearing round about so the prophet wrote where those things are wrong they will write against it and say no not that don't view Yahweh like that our God is not like those gods that need to band together to our power no so he says Thou rulest the region of the sea region of the sea even Pion cannot rule the region of the sea because that is chaos chaos cannot be contr so chaos is seen as a part of existence say but you are in charge of chaos chaos does not trouble you you see they using words that if Their audience years they

know this are words used to praise God like which being is this one that rules the Rion of the sea so he say he steals it that means he does sh that's why when you see Jesus walking on the water is showing that he's God that should be woried because to walk on the water though he caused Peter to join but you see that idea that's why they say he a ghost and even the word use for a ghost is a fantasma they don't use the word new man it is a visible spirit because they are not like us that are very mod and scientific they do believe that spirits walk around saying no they don't are you sure spirits walk around now can Spirit not be around because we have the we have Heaven as a planet same thing we have hell oh we been saying it again and again the three words are here Heaven Earth hell they all here so you mean hell is around me yeah as much as Heaven is around you is around you yeah really yes because it's not planet is unseen word so that's evil unseen word or the place of the Dead unseen word so we'll get there we look around that today because we look at terms around the Dead because there are nine words in the Hebrew Bible used to explain spirits and the average man Only Knows Spirits as ruak which is quite shameful when we say things like because our theology is weak we've heard people say things like there's nothing like um Spirits crying in a forest those things don't exist there's nothing like that there's nothing like an evil Forest except you are saying it out of Revelation are you following so you better be careful say there's nothing like that are you serious there's there the other phrases there's nothing like trying to remember one of those silly ones very popular see that uh that woman that grand the the grandmother is appearing to the small child say what is that that's rubbish can never never happen that something is illegal doesn't mean does not happen now oh God you so naive which kind of that something is illegal doesn't mean does not Happ that's the work of wicked spirits to that is illegal but it will happen say the grandmother is appearing to the child say there's nothing like that you everything is nothing your your own work as a just nothing like that nothing like that nothing like that and and and the S among the supposed or what I don't know what they call it Grace movement christology whatever they call themselves which I'm not a part of all those rubbish appellations because it all forms a gang it's all a denominational gang and I don't like all of those gang which one are you I'm in this gang I'm in this gang I stand for the Bible so that the day I see another thing that I do not I drop my preconceived notion right always stand with God's word stand with God I know sometimes people want you to I mean somebody doing something stupid they say stand with Me baba every stand stand stand stand with me stand with don't bully me with you don't don't don't manipulate with your emotions always looking for people to stand with me stand with me now why do you want a list of people standing with you you always need a list stand with me now thou rulest the region of the sea when the waves thereof arise thou steal them why because the great sea monster rises from the sea and even posidon and all of those other Greek Gods uh you Mesopotamia mythology all of those cannot handle that raging but say thou has broken Rahab in pieces then he uses the exact word used for the sea monster in Egyptian mythology which is found in the River Nile so he says you have defeated the great Powers

thou has broken and which is spiritual because Israel did pass through Egypt that's why they drowned in the sea so he's summoning it up and says thou has broken Rab in pieces as one in pieces which none of the in their culture in the mythologies around cannot do say broken in pieces as one that is slain thou has catter thine enemies with thy strong arm the heavens are dine the Earth also is thine as for the world and the fullness you see the world thou has founded them so it tells you in the world we have Heaven and Earth the North and the South thou has created them saying the same thing he just said Tabo and hon shall rejoice in thy Tabor and hmon shall rejoice in thy name thou has has a mighty arm strong is thy hand and high is thy right hand Verse 18 for the Lord is our defense and the Holy One of Israel is our King remember the Holy One so this Holy One of Israel remember the angel the Malak of Yahweh the Holy One is that the visible Yahweh head over the assembly Paul the Apostle says the head of principality and power that's Jesus okay for then thou speest in Vision to thy Holy One and said I have laid help upon one that is mighty I have exalted one chosen out of the people and everybody who knows this context which we have been doing I have found David you know that's not David AB oh my Lord walk with me walk with me I've exalted one chosen out of the people I have found David my servant with my holy oil have I anointed him David is long been anointed and this is being said as if he's going back in time no now David is long been anointed he's almost dying s in the history of of this story so he cannot be telling you that is telegraphing what is said with David that speaks of that seed of the woman shall bruise the head and Bruise the heel AB all right I found David my servant with my holy oil have anointed him that will be the Christ the office the Christos the anointed one the Messiah Jesus with with whom my hand shall be established my arm also shall strengthen him so it shows you that he you say man the humanity of of of the visible Yahweh is explained there I found David okay let's take it slowly so that you get it then thou speakest in a vision to thy Holy One is that Holy One the visible Yahweh is that the is that let's put it a simple word based on we just T the preeminence of Jesus is that Jesus all right I have laid help upon one that is might remember Jesus said Lo in the volume of books is written on me to do thy will so there's a descent into Humanity but he existed before he became a man AB he has always been God he didn't start becoming God when he when he came from Mary's womb he has always been God he only became visible as it were numbered among men being found now in the fashion of a man can appear as a man but he was not man until the babe of Bethlehem AB be so to thy Holy One and said I have laid help upon one that is mighty I have exalted one chosen out of the people I have found David so that Holy One is now called David are you seeing it it's now called David which is the word beloved that was my beloved Son whom I'm well placed so that Holy One is now a David with my holy oil have I anointed him with whom my hand shall be established my arm also shall strengthen him the enemy shall not exact upon him nor the son of wickedness afflict him I'll beat down the fos before his face and plague them that hate him but my faithfulness and my Mercy shall be with him in my name shall his horn be exalted I will set his hand also in the sea and his right hand in the rivers should cry Thou

Art my father my God and the rock of my salvation so I will make him look at 27 I will make him my first born remember first born that may have prence over all things Colossians 1 first born is a status language it's not first born second born Third born first born is a status language it means that that sit on the throne the one to rule next that's ancient worldview of firstborn the one that rules next is a status language a preeminence language I've also explained in this series also I have I will make him my first born so notice that it's not biology first born notice what he says next higher than the kings of the earth that my first born so he's human but he's higher than all the kings of the earth now he uses earth in a spiritual manner Earth because you know there are at least um six I mean of hand we can say six application of the word e in the Bible there's e used for the Tera Tera is the Solid Ground where your leg is on right now so I mean you go outside so drma t e r a space f i r m a the Tera where you put your feet upon as opposed to Water and Air that's why it's called Solid Ground that's called Earth also in the Bible there's Earth in the Bible that is also the atmosphere the birds are flying on the earth birds are flying on the Earth but they not touching ground but that's also called Earth I mean that's quite obvious so Earth as it were the water also is also called earth water is on the earth that's why you are passing it on the earth you are passing water on the earth okay so that's uh three so far then there is eight used to explain people AB be Nations people the Earth was corrupt not sand was corrupt the people was corrupt the Earth was of one language the land was of one language the sand was of one that can be what he saying so Earth used to refer to the people AB then there's Earth used to explain the tel what we just saw just now the world rld d a space so there Earth used to explain real space place and that Earth used to explain space or realm is where you have Heaven Earth and Hell in the Earth for example King was banished off the face of the Earth and yet he's still on the earth he banished off the face of the Earth and is on the I mean how can you be banished off the face of the banish off the space so that already speaks that he will not be able to function in the Supernatural world the way he was designed to that's what he's telling so he's using Earth to explain because God created that Earth so is the earth Supernatural yes everything God created is Supernatural Heaven Earth under the earth that is the work of man however the Earth is Supernatural the space called Earth that was what today we call the universe AB all right the world if you want to use the word world so the use of the word Earth are you with me then there's earth that is used to explain hell hell a the serpent will be cast to the Earth was cast down to the Earth the serpent cast down to the Earth the word Earth er cast down to the earth when you now go to Jona you see how Jonah uses the word Earth to explain hell Jonah 2:6 let's let me put that read that reference for you those that have never seen it before because because they are not they are not seeing it in English remember they're not saying it in English so you may be looking shocked like what how can you use Earth to explain hell the Hebrew word is eret are you following so in the enology of the word it can refer to that because under the Earth is still Earth are you f So when you say cast down when you say cast down it means it's down so that down on the earth is still I went down to

the bottom of the mountains the the Earth with her bars that's was about me so he say the Earth has bars that's why he said the pit of the earth pit the Earth has bars so I mean you can go on Jeremiah 17:13 Psalm 71:20 I mean there are also a lot of terms used to explain that so the Tera the the the Seas the air hell people Earth as a space Even Adam was cast out of the earth and he's still on the earth Genesis 3 22 to 23 Adam was kicked off he was kicked out of the earth is he know in the because the garden was a supernatural place on the earth because Earth is Supernatural says kicked off God's Supernatural Earth Sacred Space which is so Earth is just the word space so space place so there are you in the context you know which application so when he uses the word here the kings of the earth higher than the kings of the earth he not talking about physical Kings but Supernatural rulers Supernatural rulers in high places I will make him my first born higher than the kings of the earth I mean higher than the physical Kings is not any news it's higher than the supernatural Kings of the earth that will be a w because the Kings is the same word m Malak m used to for explain supernatural beings my Mercy will I keep for him forever and my Covenant shall stand fast with him verse 29 he seed also will I make to endure forever and his throne as the days of Heaven is it ringing a bell now his seed also will I make to endure forever and his throne as the days of Heaven his throne so that cannot be man that's talking about Yahweh AB if his children forsake my law and walk not in my J if they break my statutes and keep not my commandment then will I visit their transgression with the rod and their iniquity with stripes nevertheless my loving kindness will Li I not utterly take from him nor suffer my faithfulness to fill my Covenant will I not break nor alter the thing that has gone out of my lips 35 once have I sworn by my Holiness that I will not lie unto David his seed shall endure forever and his throne as the sun before me it shall be established forever as the moon and as a faithful witness in heaven you see the word witness you see congregation then you now see as a faithful witness in heaven so there's a weakness in heaven and the man that is higher than the heavens come on we have been reading you so Christ that becomes a man will be raised higher than the heavens is that explaining is that because of you and I he's becoming a mind because of you and I to taste death for every man but upon his glorification we are so it shows you that Eden was on a height higher than the heaven Genesis chapter 1 now uses two words there's a firmament above and a firmament below so by using that is in your Bible Genesis 1 I mean where some of you are looking I it's not there and God said let there be a firmament in the midst of the waters verse six let it divide the waters from the waters so there say firmament firmament is the word an expans an ark a r c h uh an expans a space s p a c e and let there be an expans in the midst of the waters and let it divide the waters from the waters and God made the firmament and divided the waters which are under the firmament from the waters which are above the firmament is it clear so the firmament above and being if you don't know this then you are now shocked when you see third heaven in the Bible because he explains it so so the heavens below is where you now have the sun moon and sun moon and star shining the heaven the firmament below then there's the firmament above the

firmament above is what is called the heavens of Heavens yahweh's throne room and that is where the guid of Eden was explained as as a height supernatural beings are in that second place F met below some start rule there so they rule over the Earth but God now put man over them are you following because man is God's image so God who is higher than the heavens who is over that congregation now has Man In His Image man as his image being over the supernatural beings too and one of those and one of those supernatural beings say we won't have this we won't take this I know what I'll do I I deceive man and I will take man's place because he did not know that he cannot deceive man and takes man place because what God has promised man is still for man is not for supernatural being so he deceived man and what he gave himself was now a place of the Dead Genesis the ab I'll be like the most I will exalt above the Stars so that above above language man is in that height of height and that's what God made man that's the whole Old Testament use of the word on high that the apostles now write about and say we are sit on high SE in Heavenly places far above so there's a height because we are where he is that's why it's called a fall because man fell from a height are you falling there a position go created for man that's why it's called a fall how can you fall when you are on the earth you didn't fall on the ground physically was still walking moving that's why they use the word fall so there's a firment language since we're doing this so remember the biblical cosmology Heaven Earth and Genesis chapter one what do you have in Genesis one you don't have hell you have Heaven Earth and seas look at it and God called the found heaven the evening and the morning were the second day and God said let the waters under the heavens be GA together into one place let the dry land appear into us so God called the dry land Earth what EI and the Gathering Together of the waters called his Seas so there was Heaven Earth and seas that's why after the fall the bial wrs now use SE to explain hell because we can see the cosmos Heaven Earth and sea if we are talking about Yahweh sea can be used to explain chaos because they are an anient people because nobody was controlling SE I mean there were no boats nobody scientists had not invented boats and all of those things on top of sea and there was nobody swimming inside going down underneath no submarine I mean they couldn't be thinking the way we are thinking so and you know how recently there was an expedition they were trying to go down in a so-called Titanic they it drowned again horrible was the failure because the currents within underneath the sea are very strong ah you will need to be heavily guarded and protected with enough equipment and if you go too deep in the ocean you will be no more no matter how heavily guarded you are you'll be dead even submarines have a depth they cannot go lower you go lower than that you will know why the water is called a power no M water power H you get it so there's Heaven Earth and the Seas now look at Exodus 20 Exodus 20 I'm the Lord thy God which brought thee out of the land of Egypt out of the house of bondage verse three thou shall have no other gods before me so are there other gods but there are not to be worshiped thank you verse four Thou shalt not make unto thee any graving or any likeness of anything don't make any graving image because you are God's

likeness don't make any graving image are you following because an image of an idol is used to explain a representation so that de Rings here so man is the representation of the de man on the earth shows that God Reigns here all right thou shall not make un unto any graving image or any likeness of anything that is in notice the three words that is in heaven above that is in the earth beneath all that is in the water under the what you now uses water under the Earth is it because you are drilling B no you see what he's doing remember acient men acient thinking before you are laughing at them he they don't even know they don't even know Baba they have to use the sin to explain the Unseen you know we can laugh as much as we like do you dig ground when you are burying people the ancient men knew that when people die they go to Shield which is under the Earth so when you dig ground you are saying the person is going the person is down are you seeing they know what they they are not Dull you may they may be using physical representation but they have something in mind it's because of how scientific the word is going and today the 22nd century is tilting towards AI we may lose more words so we have lost more world view so Heaven Earth and under the Earth did you get it Philippians 2 tell your neighbor be aler all right let us let this mind verse five let this mind be you which was also in Christ Jesus who been in the form of God Tau it not robbery who being in the form of God God told it not robbery to be equal with God but made himself of no reputation how how did he make himself of no reputation because he took upon him the form of a servant and was made in the likeness of men so I mean his Divine status he became a man and being found in fashion as a man he humbled himself and became obedient unto death even the death of the cross the most humiliating of death wherefore wherefore wherefor for God also has highly exalted him now remember was it the Lord of hosts the visible yeh over the host the head of all principalities before he became a man so he has always been so but this is highly exalter is it because of him or because of us that's why we are planted in his resurrection all right cuz he didn't need to become a man to be highly exalted he has always been highly exalted it's because man fail that he's becoming this Hebrew which we have read the whole verse in this series we read the whole verse every verse in Hebrews 2 we saw that Son of God became the son of man so that the sons of men may be called onto Glory AB be thank you wherefore God also has highly exalted him and has given him a name is name as alphabet or name as it were Authority all right God has given me him an authority of status that is above every other status that at the name Jesus he has a name that is above every name in the four gospel and also before explaining High Authority AB God has g a name that is above every name a name that is above every name that at the name Jesus not At The Mention not at the mention the authority at the authority at the status the accomplishment of Jesus every knee should bow notice the theory cosmology again of things in things in the earth and things so there are things in heaven things in the earth and things under there the use of the word things is it for you to think of shoe and bag and clothes so can we move the word things and say beings all right so are there beings in heaven are there beings on the Earth are there beings under the Earth so is there activity

on the earth is there activities in Heaven why don't you want there to be activities under the Earth because you put fire so we need to remove the fire from your brain because as long as you put fire there you'll not be dull concerning the Bible use of the word Shield because because we saw hell going into hell in Revelation and I saw Hell cast into the Lake of Fire that is the second death so even hell goes to hell so which hell do you have now when hell Goes to Hell AB so we need to so if there are who and who is in the heavens who and who is on the earth then who and who is under the Earth so there are beings in the heavens and we look at the members of God's Heavenly Host there are beings on the earth you and I but we have authority I have authority in heaven remember why they use the word above not Sky they are not Dull there no Heaven is not the sky but they know that the the Unseen word is above this it Reigns and rules over this but is the entry point the entrance point I mean no supernatural being can have access without going through physical being AB so supernatural beings have no entrance to the natural world except true human beings I've said that again and again and again and again every time you see supernatural beings having entrance doing things on the earth it's always true a human being opening the door for them AB be because man is legally in charge of the Earth space man is the being that God plac over the whole Cosmos as he is over all the cosmos so man was made to function in both words and when we use the word both words we mean Heaven and Earth AB because hell or this or Shi better word um we stop using the word hell I've told you to always stop using the word hell because of every you use the word hell your mind goes to fire so remove it and think of shield use the word Shield it helps your brain better to see as a place of the Dead are you a me so where do you have authority you have authority in heaven on the Earth and where say I have Authority have authority in heaven in on Earth under the Earth the I have authority I have authority I have authority I have author in heaven in on the earth on the earth and under the Earth the I have authority I have authority so can we contact three words can we contact the three words can we contact Heaven Can we contact Earth can we contact under the Earth yes you cannot I thought so how do you not C devil how did you cast Dev if you not contact so it's clear that we have a scary view of because the real issue why hell is not known is that fire that you light once you light fire your brain is leaking you cannot think I mean you'll be dull the dullness we have concerning the place of the Dead in the Bible is the fire that we light which is only found in the four gospel mind you and the word used for Hellfire in the four gospel is G not even hear this and G takes you back to Joshua the valley of hom outside Jerusalem where they born Refuge so imagine Jesus using haire and somebody thinking I'm going to roast the audience were not stupid they knew that it's like um where is that place in bity again where they born Refuge uh there's one bypass yes that's there's one around bypass Lagos have their in OJ it's always burning there's fire you I mean great Refuge dump I mean every city has like one kind of place that there's massive waste is being kept there but in this case in Israel it was Outside The City Gate that's why they use it to explain hell because outside Jerusalem is in the Tabernacle phrasing is beyond is the sea and outside

Tabernacle is hell so that's so the audience understand what Jesus is saying because James uses the same word to light the fire of hell so James which audience is primarily Jewish he uses the same context you hardly see in the Bible that there's no place of the Dead in the Bible why you not now using that phrase then you get to Revelation again you now see when fire is being used then Lazarus you see fire but you see that Abraham there's no fire in his own sight what is it teaching so that's shows that there's a need to do a study there because once you put fire everywhere how is David in Psalm 139 now says if I make my bed in hell you are there read make my bed inside fire fire burn the foot know you realize that again like I said you see right now some people's mind are there's a lot of argument going on that is that dullness I said you must be dull once you are once every time you think about Hell is Fire it's fire it's fire it's fire it's fire you will not know Bible use of the word hell so you say Jesus went down to hell fire shut your eyes you didn't go to any hell fire went down to Hell not move fire now are you good why do you always want to light fire because even comedians are using today Mel I can roast I just roast Mel will be chilling why do you have Mel in hell why don't you have him saved why do you not believe he got born before he died why are you always why you I mean that's why people are going to be shocked not some people I didn't say he's born again I don't know if he's born but why do you have him as an unbeliever because he was dancing moonwalk dance or what because of the trailer let him be wherefore God also has highly exalted him and has given him a name that is above every name not At The Mention remember because it's not it's not when I say it it's based on what he has accomplished that now man who normally can contact the three words as we've seen in the scripture Jonah Jonah was in hell I not in your Bible Jonah was in Hell notice no fire so we have that was in hell so once you always putting fire fire fire fire the use of the word fire is a figure brought in to explain the destruction and when they and that's a lengthy conversation don't just take this uh cut and as sound as this cut and is don't work with it will run through many Bible verses because there are at least seven words used to explain hell and if you only know hell that's why studies must be exhaustive not just shake and shake and shake and we come out because Beneath the Sea is used to explain hell beneath the Earth under the Earth AB grave which is a poor translation because grave is supposed to be physical but when they use grave they also use grave to speak of the Unseen War the place of the Dead Peter AB I mean the nether word nether was of the nether part of the earth then hell is also used so when you read you always have to ask which one then there's even the lowest so which one so there is an extensive study but we have authority man can contact the three words we can contact Heaven Earth and under the Earth today so many people contact beings under the Earth for major activities we have authority over alter world and because we have not talked much about our Authority in the seen world how do we even talk much about our Authority in the Unseen world and in the Unseen world in this context will now explain heaven and hell so just like there's Heaven on the earth is there hell on the Earth I'm talking about Nigeria I'm talking about our economy you get the point all right remember

what hell will be I've explained it Heaven and Earth away from the promise of life but that's not what God created so this is a place outside God's promise outside God's provision that's why it's used to contrast Heaven because place of God's promise Paradise hell opposite it away from it but hell is away from Heaven and Earth away from the promise of life outside of life that's why it's used to explain the place of the dead so we have authority in three words say I have authority I auth I have authority in heaven in on the earth on the and under the Earth under the I have I have authority I have author in heaven in on the earth on the and under the Earth under the I have authority Hallelujah see the the cosmology again Revelation 5 and verse 3 and no man in Heaven Nor in Earth neither under the Earth was able to open the book neither to look no man in Heaven Nor in the Earth under the Earth he has put man in the three places there's man in heaven there's man on the earth there's man under the Earth again once your mind is going to Planet just give yourself slap fast into reality once you are doing Planet problem there don't do Planet oh no man in a planet that that why are you stretching why are you stretching to no in Planet stay Heaven unseen invisible just like x-rays are not visible with your physical eye that's how so unseen see that man has something he has such God such G such drive he does not give up you can't even see not giving up so there's there's even unseen natural there's natural unseen that's why we're talking about Force because some people have some people know no power anywhere but they have sworn that in this life I must make it no bab anywhere no Pastor anywhere no nothing but a force of life so there are things in heaven things on the earth and things under the Earth like I've told you before people have been rich without God is and God is Not Afraid and God is not scared and God is not saying ABA it's not fair you reach without me no he made the cosmos he made the Earth filled with the things the Earth is filled with that both saved and unsaved man can explore to his benefit and to his Advantage AB gave you a brain put you in the words you can make good use of the things available and If a man seeks God's intervention that is what is called a miracle an intervention ab and God do Grant such interventions to his people but it's not per to a Christian it's not only a Christian that has intervention because another man can go consult beings underneath the Earth are you seeing it now so there are many questions we need to ask and that's why we're teaching this series so so when he says we are surrounded by so great a cloud of witnesses is that cloud of witnesses the same context with the psalm 89 the W the Seed of Abraham the seed also will be a witness just like so when Moses says I call Heaven and Earth to Bear a witness beings in heaven beings on the earth to Bear witness so there are supernatural beings spirit and humankind that bear witness and they are all around us so we are surrounded not just as a distance but we are a part of a great Cloud oh boy know the realm of The Spirit Well you know some people have this idea that um Jesus had to teach it that God is not the god of the dead but of the Living Hope you know all your father mother brother Uncle great grandfather that are dead are all alive they all alive they are just not alive in the physical world so in the physical world of interaction they are not alive they are sleeping from that physical word of

interaction AB be right but they are alive that's why there's the afterlife I mean it's it's not up to 400 years the argument against the afterlife anybody arguing if there's I mean it was you had to be mad to not even believe because the asent had the idea of because their concept of death is not scatter destroy the concept of death is exile when you say somebody has died it means the person changed address nobody ever saw death as the end that ancient worldview saw death as oh he has moved to another place are you following has moved to another place has moved to another place you know there's that text let's read it go to the witch of Endor let's visit the house of the witch and see what she has to tell us some of you are you don't want to follow follow you in the Bible let's see what the witch will tell us say I saw Gods Abby 1 samel 28 I believe you know it as I have not mentioned the chapter since 1 samel [Music] 28 1 samel 28 and verse 1 are you here come on and it came to pass in those days that the Philistines gathered their armies together for Warfare to fight with Israel and as said unto David know thou assuredly that thou shall go out with me to battle thou and thy men and David said to as surely thou shall know that thy servant thou shall know what thy servant can do and Ash she said to David therefore will I make the keeper of my head forever now Samuel was dead and all Israel had lamented him and buried him so you see why it brings his Samuel now Samuel had long been dead but he brings Samuel into this contest because the witch is going to summon Samuel necromancy all right now Samuel was dead and all Israel had lamented him and buried him in Rama so he Buried buried AB was buried the word quaba his body is in Rama while his soul is in Shield bodies cannot be in Shield only the soul the spirit Soul and Spirit can be used interchangeably just speaks of the Unseen part of you all right Samuel was dead and all Israel had lamented him and buried him in Rama even in his own City and sa had put away those that had familiar spirits see the word familiar spirits it's sad that this is one word for Spirit the word OB familiar spirit is a word for Spirit familiar spirits so there are spirits that are familiar familiar spirits it's a word for Spirits what kind of spirit is an OB Obie an OB is a spirit that can be contacted by a medium a spirit that can be contacted by a medium now the word can also be used for a human medium and that's where we miss it a lot in the Bible where we just have it as human being this is where you explain witches and wizard but the witches and wizard is the human medium when we say human medium hope you get it I think different names in different language the EOS have different words they call it I mean all this but we just use native doctors for it have at Le but if you want to go proper you will not use that language oh you'll use I think there are words that they use for it now because it's not all of them that are giving you hers so you say heral is not all not all heres are using dark Powers come on not all Native doctors are in a shrine they are just using natural means to treat people but beautiful so we use the word but when we s doctor what we normally have in mind which is Wizard so is wne AB why is one so human medium I think what's the other one I think there are two one is a y the other one is a so so they are visiting so that's human medium so we are used to the human medium when I mean we I don't mean you are visiting I mean in our world view it's easy to

and it's not just in Africa let's not be stupid there's a way we reason there that reason that has uh in Africa the reason why we must know these things because witches are real because our we need to our forefathers what they did why don't they think like that in Europe don't think like that what their forefathers is what is hindering them for making it they just looking for reasons to be a failure you are not hardworking enough so you are looking for excuses for your failure because it's not every time that there's a spirit involved but you want his to be involve in everything the same way a man um sleeps with his wife I'm not giving birth he start looking for maybe because when I was younger I broke the heart of many women cuz you you you have Pastor that are ready for gist that I say tell me how many years now you say six years can we can I get to know you deeper have you ever done anything illegal say ah yes have have you ever done drugs before you ever when you start explaining your whole story yeah prostitutes that he giv birth idiot Pastor member both idiot and I use it respectfully it's a respectful way of speaking then what how will you when you are now when a person now consult you what will you now say to her as the reason why she still having a child because your own y does not teach her a lesson when when you preach in an idiotic manner doctrines that do not follow common sense but we uphold it because our God is against common sense because our God is the Eater of brains you don't need your brain you love Yahweh you serve Yahweh why do you use your brain but Yahweh says come let reason your own God say let no reason give me your brain you won't be needing it ABA no God did not give us brain for us to throw it away you see theology can be intellectual but theology should not be human intellectualism there's a difference so what we teach can be intelligent can be communicated intelligently know no it does not even Spirit can be explained in the Bible why can't you say we can't explain the Unseen we can explain it you just don't know how to Hallelujah so the word OB OB that's the word familiar Spirit now is sad that obey OB it's sad that when we use the word the first we think of his familiar spirit and when we use the word put familiar in front we think of a human medium but it's just the word a spirit is actually a Hebrew word used to explain Spirit spirits that know things and they are out there collecting data that people can engage now the EUR roban mythology have this well known yeah that's why when the E priest is rolling things on the ground those are the spirit is wanting to get information from which is another way of um what they call plain Oracle or if you use casting lot this idea to get information there are different Spirits so the word an O is a spirit that can be contacted by medium and these are Spirit beings that uh when we talk about in the under the Earth so who and who who is in Hell who is in Shield who is in the place of the Dead Spirit like this s how did we enter here 1 Samuel 28 remember so with the Mark I know we will come back the Bible does not use we are used to the um nickname of demons using demons to explain every every being but the Bible doesn't use the word demons to explain every being associated with the place of the dead or with Unholy places the Bible has many phrases he used to explain it now the use of the word Devils also is not used only because the word when we use the word demons or Devils there's a whole lot that is packed into

that statement that meant when we summarize we don't do justice for example we have one Satan in our mind which is not biblical because there is many use of Satan Satan is a function terminology as much as cherubim Angel host is a function terminology that's why even God called himself Satan when talking to balam he said I stood in the way to withstand you I stood as a Satan to you ah Bible and they are not scared like our God is a Satan because it's a function terminology don't fear words in the Bible Jesus looks at Peter and say get behind me Satan why because Peter is acting like Satan an adver three because it's a function terminology Paul says to that man in First Corinthians 5 that is sleeping with his father's wife what was his issue his unrepentant nature you know there are many demons like that people who they are demons any man that ask that is a demon contempt I mean that has that contempt No repentance no no no no no no because it was well it was not the act that was the issue the ACT is bad but it's not the act that was paining Paul it was the fact that the guy had not moured that mean what did I really do s I don't really do anything how did you get there in your new creation reality Paul say put a we that Wicked person he began to use strong words then he say when I gather when you gather my spirit with you you know that was you know that this matter I will follow it up I will follow it up he say deliver such a one unto Satan un satanas unto the adversary so again that's a function there is no not giv him to the physical hand of the devil no people get there yeah when when in the local church is the same thing in the local church is the same thing say it has not happened you do not know now the next one that going to happen will announce it when we get rid of such Devils because there are devils there are people that have the word is contempt you give it time before you pass judgment but it's the same thing it always ends because the issue with that guy was that he was telling people that's why I say it was commonly reported and that's not just the issue was that the church could not now the church was all right still a new creation for say he you guys are dull you that we judge Angels you can't judge a matter like this all of you are just he one of us he's not one of us Paul says it's not one of us it's not one of us and what was his issue he said Paul says my issue is that he had not mourned that means there was no repentance he did not see anything wrong in what he was doing so no commonly reported means he was it was just like my guy I my papa wife sweet so yeah that's commonly reported commonly reported is not g it's not that they were gossiping no he spread it commonly reported is you won't believe let me show you pictures I finished that woman shall tell another one so it was then everybody now knew it in church and nobody was doing anything about it he said Paul say no no no no no no no no the issue here is not just what the brother did we can forgive that but he say his flesh need to be destroyed that devilish attitude must be destroyed he says put him away so deliver him to Satan so you see the way he uses the word Satan function since he's acting like out he's acting outside the Christian faith is acting like an adversary let him be with the adversary are you following because outside the local church is the domain of Satan outside the sacred assembly the same way outside the Tabernacle was called the habitation of Devils on Holy Ground so it is that same idea

that he was using so Satan there's more than one Satan So when you say Satan which one which devil because is there are more than one falling angel so and the Bible does not yeah the Bible does not tell you the Bible caus all of them devil devil Satan so which one that's why have you not seen PA do you not don't you see how foolish that theology is that have Satan everywhere is he omnipresent very dull theology Satan is not omnipresent how can Satan be with me and you and all of us at the same time then we should worship him now for his great Powers no now he can't be everywhere Satan can't be with everybody it's only God that's with everybody so I mean I've said it I've been saying it again and again Satan the word Satan and devil those two words are function terminology adversary and deceiver that's a function that this verb to deceive anybody that deceive is a devil the same way we use such words today in a manner of speaking when you say uh Kai me I I be Witcher and you are not insulting yourself but you use such negative words in a positive light the same way the word uh K that guy bad a bad guy maybe the guy is a computer genius say that guy a bad guy you using the word bad but you see the way you are using it that's how Bible words are within communication for audience to understand I mean audience need to understand what you are saying so they use words that Their audience can understand so we are more we like designating things because we are more noun in our orientation what is the noun what is the noun the kg1 definition name of person place and thing of course that's not the meaning of a noun that's a very lazy way of defining but it's helpful but there's a reason why it's called person place and there's something you omitted that is necessary to develop the definitions better so let's go on 1 samel 28 so the word familiar spirit and Saul had put away those that had familiar spirits that's the word OB or and an OB is a spirit that can be contacted via a medium those days they will use put a water in a skin bottle do put uh flour salt all these nonsense that some pastors are doing today then put away those that had familiar Spirit and the Wizards funny enough the word wizard is also a word used to explain a spirit but in this context it look like a human medium because these two OB and Yoni y i d d e o n i is another word for Spirit y i d d e o n i y y i d d e o n i this a spirit that has knowledge beyond what a human has he don't a knowing one so these are spirits that know more than human beings as they try to act in the an so you see those Concept in I told you it's loud in the euroba mythology very loud you mythology has more of these things but all mythologies have the use of the word spirit being we have the words we use for these things but where does this fit into our Bible the Bible will not defend but the Bible will put it in a proper understanding are you getting it it's not supporting it but it's not going to deny what actually exist in the realm of the spirit but you will find it now explained in the Bible the truthful way thank you right so this is another word for Spirits like I said it can be used for human medium does not mean that it is a human medium so those that have familiar spirits Wizards out of the land those two words are was used for spirits and from enough is use more than generational C there are more verses for this Spirit than you have for generational CA that is stopping your breakthrough verse four and the Philistines gaed to gather themselves together and came and PED in sh and so

gathered all Israel together and they pitched in Gilboa and saw the host of the Philistines and he was afraid and his heart greatly trembled and when he inquired of the Lord the Lord answered him not neither by dreams nor by uim nor by prophets God was not answering him by dreams nor by uims through the office of the priest the priest wore a garment that had uim and to me lights will shine cast from and the light they could interpret what it meant When approaching the Tabernacle the holies of holies and all of that so was the high priest gar that had a u so then said sa unto the servant seek me a woman because he wanted to know something seek me a woman that had a familiar spirit are you seeing it seek me a woman that has a familiar Spirit remember familiar spirit is an OB Obie a spirit that can be contacted so a woman that can contact Spirits I need I need to contact a spirit to know something so when he finally sees the woman as you know the whole story jump down to verse um 11 then said the woman whom shall I bring up unto thee and he said bring me up somewhere so it's somewhere so do you see that Saul does not have it in his head that Samuel is dead by dead I mean that samel is far from him it does not have samel as if samel is not in the space the world somewhere is still in this world but is not in the physical interaction so since I cannot interact with him physically I will interact with him spiritually say then why does God now banish why does God now say this is illegal because that is it these things were outlawed the Moses and the rest wrote against it because it is illegal because as much as you trust some people like to trust all the informations you get here you can be deceived with informations here that's why because Yahweh wants to be the source of our knowledge there's nothing we are trying to contact his Spirit to find out that God cannot tell us because that other one will open you up to your own destruction so God protects us from all of that because there there's not all Spirits are truthful you see that idea you have that a spirit a man that is dead you cannot hear from him is not in the Bible samel was heard of Elijah Moses are you know your Bible oh okay you didn't think it like that because the Transfiguration because it's Jesus are they are they physically alive hope you know it's only Jesus that saw them the disciples saw them that's why Peter and the JJ pij said let us make three Tabernacles hope you know they saw that's why they saw Jesus walking on the water they didn't use the word new this is a fantasma a visible Spirit a spirit that we can see because within their theology they knew that Spirits can be visible I've heard preachers say that I was in my room and and a being passed through the say it seems God forgive he not WIP our brain his New Covenant does not mean that the things you read that happened in Genesis canot happen just come off such silly attitude Jesus said I am Spirit touch me he said for a spirit have not flesh and Bone he say touch me sorry um a spirit do not have so you know when you use the word spirit Spirit does not have flesh so when you see a spirit is in another there a there has to be a means or you are using another eye so Jesus upon his resurrection was physical he had a glorified body that's why he could say touch me because a spirit has no flesh and Bone so without flesh and Bone does not mean they don't exist there's no theology in the Bible that says without flesh and Bone the spirit do not exist no Spirit exist and there are different

types of spirit of which Elohim is also a word for Spirit only that that is a Divine Spirit are you following OB a spirit that can be contacted and it could be a human any it could be a human or or or supernatural being a human being can be the one you are contacting super Conta but a spirit you are contacting when I say you not me and you all right so just letting you know that is in the Bible I told you there are up to nine of such AB so in Genesis to Malachi the Hebrew has it extensively the Greeks just use one word for all of it fantasma to explain all the other variations of spirit and they use the word Numa and fantas Asma there's a spirit of the Dead there's a ghost where you say a ghost real I've been telling you when we were doing one of our Series last year I told we were going to talk about that so cuz some people get it's a ghost that is their force that powering them on the earth sorry I think it's a movie it's looking like ah it's one movie I watch there's one ghost that was helping the person Bible does record things like that because of our laziness in Reading Genesis to Revelation jumping places that are boring the boring text in the Bible have a lot of information so he says whom shall I bring up unto thee and he said bring me up Samuel and when the woman saw Samuel she cried with a loud voice and the woman spake to Saul saying why H thou deceived me me you see s really the devil s and Satan is working together he deceive somebody that is contacting Spirit why that why that deceived me seeing that man has a strong place in the Unseen World can you deceive a woman that is contacting spirit so why have you deceived me for thou saw and the King said unto her be not afraid for what soest thou mean Sam sa had become so blind sa that could prophesy that could see into the Unseen is now saying whato that he cannot see again all right and the woman said unto S I saw Gods that's the word Elohim a word used to also are you seeing disembodied human dead I saw God Elohim ascending out of the earth and he said unto her what form is he of to be sure because he knew how samel used to dress what form is he of and she said an old man so this proves that it was really samel yeah it was really samel so why did God allow that thank God it's in our scripture today if not we will say things like this cannot exist I've heard pastors say things like there's nothing like that necom is not real really and and is banished and they spoken against in the Bible if people are not actually contacting anything come off it now it's a is Abomination is banished because is how people fall pre to deceiving and seducing Spirit you must be careful who you listen to I've said it over the years criticized for it but I won't stop saying it beware of all those TB show the man may be dead but he still exist the TV show where they interview demons what is your name we are this this this am do I have power he say yes sir you have power you are very strong say okay stop interviewing Devils to put you in trouble and stop asking demonic people who got born again what happens in their Kingdom we don't need their knowledge because they have been deceived no man in his right senses is possessed so when a man is possessed is out of his right senses so many of the information they have is not true is distorted so I don't read such stupid books uh delivered from chains of Darkness this one this one book what a former this one this that got born again want to tell us about what happens in the TIC realm the Bible is sufficient enough

because you think it's not in the Bible that's why you think those people can inform you had once challenge an individual like that I said it's not true he say yeah yeah that is not true but you already telling me if I not challenge you that it's not so you won't get it what form is he of and she said an old man coming up you can't have dreams beyond your knowledge all your dreams of missing Heaven is not because your knowledge was you were going to miss heaven but now you know the truth you can't have a dream of missing Heaven Again can't Dre I mean knowledge controls the Unseen realm what you know matters a lot the reason why we don't see a lot of the Old Testament manifestations of Glory because we have removed them from our Bible because we believe that we are we are born again so what do I need the the glory Cloud what's the meaning of that doesn't matter anymore it don't matter for you it matter for me oh I mean some Christians if an angel appear here now Church B people I mean I mean he's so tangible say Pastor not be me and you I yet you you you are some people they are Desiring what they will be scared of then there are also people of course never should you desire to see Angels it's not a desire it can lead you to hear see rubbish but it's not I desire I hunger I test Baba that test is becoming to that you are testing for as a there's a brother like that many years ago came around us and I Tred to help him around be careful to desire but he felt like he could go deeper and higher CU he could go higher than me I said you can go higher but be careful there are many voices and they are not without signification there are many spirits out there so he left and he gave himself went to one of those robobar mountains and he kept taring there for dimensions and Realms and he came back a man full of Prophecy high God couldn't deceive me my greatest man manifestation is design of spirit I mean is the greatest it's the greatest faculty on my life so I I could just tell IM M I saw him I knew something was wrong with him and so I I never gave him the opportunity to prophesy and um then we were allowing a lot of prophetic demonstrations but he was prophesying to people after service some people now who want K them go kill them they are not satisfied because they always know I said Give me a word give me a word word that make them leave Ministry so say I see are you you have a great work some people have had great work great work great work great work can great work not be do the local church no we always have a great work outside and that great work outside have made them Mis Road and now that they have left we have seen us in the great work there's nothing like break away people can actually be sent away but the manner in which people live is what develops that what break away people are dishonest a man want to go inside the ministry will be telling you stories just come out Simply and say sir I want to go and start my own Ministry is all this sir H as the Lord showed you anything I said no you not got angry not me that you ask so why you not comfortable with me telling you what God should be you can trust every other prophecy but you cannot trust that one because you know what you are looking for I don't stop people I don't even I always where is your fruit you God is calling you to go and start a Ministry when you were with us what did you do for us how many Souls did you bring here instead you even want to take Souls from here to go and start your great work you great Thief not

you don't have any great work you a great Thief but you can go and we are not angry with you please go start your work I I raised Ministers of the Gospel so I'm never against Ministers of God being raised but the manner in which they are raised matters coming up he covered with a mantle and saw perceived that it was Sam and he stooped with his face to the ground and bowed himself and Samuel said unto Saul why hast thou disquieted me are you seeing it why have thou shake you have shake the Unseen you have disquieted me to bring me up and saw answered I am s distressed for the Philistines Make Way against me and God is departed from me and and answered me no more neither by prophets nor by dreams therefore have I called thee that thou mayest no make known unto me what I shall do then said Samuel wherefore then Dost thou ask of me seeing the Lord is departed from thee and is become thy enemy so the Lord is no longer the one with you protecting you that's what it means th enemy and the Lord had done to him as he spake by me for the Lord has rent thy kingdom remember I prophesied this into you that go will rent your kingdom so Sam is reminding him because that obey not the voice of the Lord so you can tell that this cannot be a a deceiving Spirit pretending to be samel because he saying the truth and the kind of truth that he saying is exactly what Samuel has said before and the which is fearing for our life she would have manipulated it moreover the Lord will also deliver Israel with the into the hand of the Philistines and tomorrow shall thou and thy Sons be with me the Lord also shall deliver the host of is into the hand of the Philistines then saw fell straight away all along on the earth and was so afraid because of the walls of Samuel that there was no strength in him for he had eaten no bread all the day nor all the night and the woman came unto saw and saw that he was saw troubled and said downto him behold th handmaid had obeyed thy voice and have put my life in thy hand you know that was she knew the king had power cuz the soldiers are outside don't remove my head cuz he you know he came with two strong men who can't just enter like so those two strong men before she mentioned the full name of the of the spell they have remove her head because those people are very fast with his SW that's why they are called Amor Bearer bodyguards they are Fierce so before she do move her head so she's say can I cook you something when a witch is cooking I have bread here I have this here because she has said something that may remove her head all right so you see the word Spirits there what led us to this again so we're talking about there are things in heaven AB things on the earth Colossians chapter 1 is it getting clear are there things on the earth things in the heaven 15 who is the image of the invisible God the first born of every creature verse 16 for by him were all things created that are in heaven that are in the earth so there are things in heaven things on the Earth but that's what God created but what God created in the heaven and the Earth is what is now under the Earth because things in heaven and things in the Earth are now under the Earth thanks to the Rebellion because sin is in the Unseen word Genesis 3 the guide of Eden sin drives them out chapter 4 sin drives can out sin so you see that there's always a cooperation between physical and spirit so whether they be uh that are in heaven that are in the earth visible and invisible whether they be Thrones or

dominions or principality or power things were created by Him and for him so there are things in heaven and things on the Earth and but we have authority in heaven Earth and under the Earth say again I have authority I auth in heaven inen on the earth on the earth so who is on the Earth or what is in the earth I I like using the word what what is in heaven Heavenly beings what is on the earth Earthly being you know that's a very simplistic answer you try not to enter trouble correct but can you break it down more so Heavenly Host so we now said um there are terms that explain the nature of supernatural beings Spirits is one of such them Rak which is a word used to explain Spirit same word used to explain wind on sin okay spirit so they are nature terminology Oles nature terminologies there are terms that are used to explain the nature of these um beings then there are terms that I Ed to explain uh their status which is where we use the different assemblies then there are terms that are used to explain their function which we have looked at and we ended in cherubim seraphim right it's a function terminology another function terminology used for supernatural being is the word uh mediator another term used for supernatural being is the word mediator so that's six in all I've given you but quiet me I not forget though if you forget what is in your note me I not forget so we told you the word Angel ministers Watchers host or chariots mediator cherubim sarim then the sixth one mediator so supernatural beings are called mediators job territory job 33 and this is what we do not know about the old Covenant the law of Moses because the law of Moses was written by the hand so there's that mediator place that the New Testament writers now talk about the word spoken by Angels because we do not like this role this function of supernatural beings job 33 are you there let's start from verse 15 in a dream in a vision of the N when deep sleep fth upon men remember the word deep that deep sleep is the same thing that Adam had remember say Adam had a vision because he stood in the office of a prophet in a dream in a vision of the ninth and all of mankind all mankind is priest king and Prophet all mankind whether saved or unsaved as long as it's a human being a human being has an office is is wired into man that's why the devil does not make priests that man that is not a priest for the devil it is his Supernatural ordination as a human being every human being is priest king and Prophet it's either he will be of God or he will if he not of God he will not be of Satan in a dream in a vision of the night when deep sleep fth upon men in slumbering upon the bed Satan gives nothing no Giver a deceiver 16 then he opened the ears of men and Sealth their instruction that he may withdraw man from his purpose and hide Pride from man he keepeth back his soul from the pit and his life from perishing By The Sword this is the word Peter another word for uh sh he is hastened also with pain upon his bed and the multitude of his bones with strong pain so that his life abore meat and is so Dent meat when your soul start aboring meat so when you start avoiding food what what are you doing you are drawing near the Gates of Hell Psalm 107:18 is the same thing that's exactly a text from Psalm 107:8 you know when people are sick and they they don't like to eat is the food that will give you strength so you must force yourself to eat if not the longer you don't eat no matter the med you are taking you may die oh that's why when Jesus raised

you there say give him food not die again because food is part of how you live his flesh is consumed a way that it cannot be seen and his bones that were not seen stick out yeah his soul draw nigh unto the grave and his life to the Destroyer if there be a messenger the word messenger is the word Malak if there be a messenger a Mala an interpreter you see the Mala is called an interpreter an interpreter that's the word of mediator and interpreter one among a thousand to show unto him his uprightness then he is gracious unto him and say deliver him from going down to the pit I have found a ransom his flesh shall be fresher than a child he shall return to the days of his youth you know let me just say this um it's good you know that there's a similarity between casting out devils and raising the dead because both involve communicating to Spirit yeah casting out is saying in the name of Jesus or if you are if you know what in the name of Jesus mean and you have now won that name you can just say get out that's why you should follow us for Mission work you refuse you see you just I've done it some people around me I just shake the shake the person hand I say out inside the ear just draw the person closer out let me clean walk nobody know the person on the ground just knit knit just knit don't have to shout but if you are getting used to your Authority in Christ shout if no you shout come out there not beat you because volume matters so until you have own your Authority not for me swag out in the name no finish are you with me so there's Authority oh so let's use our Authority in Christ Jesus so uh like I said so you say out in the name of Jesus that's the same way you are returning the spirit back into the body for the case of the man that is dead how would you know I'm I I know not just biblical I know by experience of of course I remember one time we we praying for dead person me pastor Pastor Josiah Pastor oil I mean some of this and I I've never shared this story I sh it with Pastor recently I we were praying for somebody I saw the person running as we praying the name of Jesus come back into your body what is the living doing with the dead Baba they run you no one come back we kept praying I mean every one of us maybe just exception of one person had not raised the dead before so I mean this is a guardian of powers everyone of us that raised the dead why is it so hard so I I mean I'm not a stranger in the realm of spirits so I open my eye I always like opening my eye you don't PR life in the city room I look at the brother like what is wrong with this this guy don't have any will to leave he was just running run running into the cloud running to drain the great congregation Papa tired I is Young what are you tired of that's why you must you must that's you must appreciate the way I teach you where I'm always making you have a will to live and say things like my life imagine if the guy had ever said my life is not in the sea my life is not on the road my life is not on the my life is in the hand of the Lord when is my time he will call me if we just say Come Those are some of the people that even without anybody and as you they they use cloth cover their head 5 Seconds they raise their head they pull the cloth want die interview doctors they would tell the guy don't want to go there are some that they will stay in coma instead of leaving they will be dead roaming over the hospital no go no go no one move there is between conscious and unconscious that's the meaning of coma State now is the spirit is overing

because the spirit outside the body but the spirit is with the body outside the body with the body outside the body so the doctors cannot they can't read with the machine machine not qualify for that one so they say coma so when people are in coma is actually I know it by experience because I prayed for a loved one that is in that state and the the loved one said that the Lord Jes he saw the Lord Jesus and I love his intervention with a belt with a can and say go back into your body see L they praying for you now that's the most truthful person I know he won't like that's what the Lord told me when he's going to go I'm not going to take me by surprise like that AB so you're praying said go say it's not time but he was already persuaded he liked it everywhere finea the fine fine places like to still dwell on the earth so people that don't have a will to he has a strong Spirit he has a will to live he has never been against wanting to live so if people have and one of the ways as I've seen also by experience among some person I prayed for one of the re that weakens their will to live is sin when a Believer starts committing sin a lot and believe that I've over I've seened enough I don't qualify you that's sin is not good not get voice not talk I mean it's terrible you must know your Authority and know it well amen Al careful the manner of life you live so it's the same thing so you said Dam say I see arise so he say rise up so amen must give me some few more years and I would have gotten more Mastery about raising the dead as it's my custom anything that I have mastered I demonstrated with such simplicity so maybe when we start doing Supernatural our activation meeting we go and bring some live copses and bring the parents that one the person you see that mean I'm say with all Simplicity and all humility it's that when you have master I always use it to tease my friends that I say oh this is when you have master of something you have Mastery of it what you can do you can do there's Mastery of something because the Lord said to me is one thing to raise the dead is another thing to raise the I said you just said the same thing say yes then he explained and I have said it in one of my messages because he raised the Dead the same way you wake somebody up notice how I raised the dead rise up as if he's sleeping you must learn how to raise the dead and this so I'm waiting when he will come again to me and show me how to raise the dead so there's ra the dead and there's walking with the authority you have in Christ Jesus AB be and I walk with Mark 16 these signs follow them I have the signs I've been you stepping up in faith without boldness and I trust God I believe in the workings of miracle I believe that gift is one of the gift that functions greatly in my life and the gift of special Faith so it makes me believe for at trous things that people will normally not believe for where people run away from is where I choke my head I I can believe for anything so I am always believing for things like that but there are things you learn just like the Lord taught me by experience and since the Lord taught me practically how to pray for deaf ears blind eyes I mean I've gotten 100 over 100 every time as long as the person is willing to take what I say and the person not emotionally stupid is serious really wants to is is 100 over 100 because over the years I used to just ears be open but I now found out what to actually remove that is making the ear not open that's why you grow in the things of the spirit you grow in how you use your abilities in Christ and I've taught you some of these

things but people don't don't believe in the teaching like that if you did you practice it more
AB anything you believe you practice and that's why some of us we always keep going
ahead and ahead because if God says a we have test it there's nothing God has ever said
I can do in the word of God I'm not talking about a Divine appearance that I have not gone
out to test I didn't I don't need to wait for a special voice God's word is enough
endorsement just like our Bishop I mean um when he said he took his bicycle was looking
his Pastor said you can raise a dead went about because it's in the Bible but that's how
that man was I mean men who have great sture are born out of a willingness to obey to the
letter the written word first time I saw multiplying bread I didn't read it as something in the
Bible I read as something that we can do you you mean it's men who dare to do the things
in the written word I have a greater result no people that are just like it's in the Bible but not
happen again no I believe for everything Supernatural I believe I believe I'm a Believer so
there is a the use of the word mediator if there be for a man an angel a mediator the
Hebrew term is the word melice Malak Mel so there's an Angelic mediation for human
beings as you saw in Job chapter 1 now we don't yet have the time because if I try to say
anything without lay some other foundations you won't get it the job one and two setting
notice there was a supernatural being context of can we touch job can we not t job so there
are supernatural beings that have a function of mediate they are mediators mediators they
can exactly the context here the mediate between life and death mediate so mediation can
be turning to someone for an explanation of God's activity but there's so much to say about
the work of the uh mediator is the same idea in Galatians chapter 3 um Galatians 3 are you
here verse 19 wherefore then serveed the Lord it was added because of transgression till
the seed should come to whom it to whom the promise was made it was ordained by
angels in the hand of a mediator now see this text in the hand of a mediator when you now
go to Genesis to Malachi you see the mediator language put man because it's the word
used for man and it also for supernatural being is it Moses is is also Where Angels present
you now notice that Angels were present in Mount Si where the law was given and the law
is called the word spoken by angels and it was also what Moses said so the two are in the
scriptures as they need to revisit the understanding we have of the law okay so that's that
about um so first thing first we need to understand what are the things in heaven and in
things on the earth and I just told you from God's perspective before the fall this were the
nature the the nature terminologies for the beings in heaven AB Spirit Heavenly ones St
holy ones God sons of God Benny Elohim I mean we looked at almost seven of such Cloud
AB seven terms associated with nature the terms that describe their function so that's
naturally what they were so then the forces on the earth man then we can now explain
every other that's why the Bible use the word things that's where I was going to the use the
what things is deliberate just like in the earth realm you see animals that's how in the
Supernatural world you see um hybrid beings beings that look like they have animal
features which Telegraph more of the Chev beam seraphim not babies with wings that is
not in Bible there's nothing like that four faces I mean you see the face of an ego the face

of a lion and those are the only supernatural beings that have wings and they are not called Angel no place in the scriptures they ever referred to as Angels so when we say Angels don't have wings that's an A A an absolute statement Heavenly Creatures does that help Heavenly Creatures is used to explain supernatural beings Heavenly Creatures so just like they are Earthly creatures which you have humankind animal kind all right right some people are just sleeping do you have authority in this three place yes sir so under the Earth the first place you have of under the Earth is Genesis chapter 3 where the serpent is cast down go to Genesis 3 and the Lord said unto the serpent verse 14 the naash because thou has done this thou shalt be above all cattle and above every beast of the field upon thy belly thou shalt go and thou shalt eat all the days of thy life so you see that this being is still on the Earth but yet he has been banished to the place of the dead has been banished is now the Lord of hell it's now the Lord of hell are you getting this I put you see the word dust this where I taught you that that word dust is also used to explain grave Abby dust and Ashes you see the dust it's now used to explain the super Supernatural World place of the Dead the dust I'm not sure if dust is used like that job 17 job 17 verse 16 they shall go down to the bars of the pit when our rest together is in the dust so uses dust to explain corruption place of the Dead the place of corruption job 30 verse 2 for I know that that will bring me to death and to the house appointed for all living how be he will not stretch out his hand to the Grave though they cry in his destruction is the word death I know that that will bring me to death and to the house appointed for all living it's appointed unto men want to die um did you get that so the use of the word dust let me uh I'm coming use a lot in job let's let me just stick with job the commentary of job alone and um show you something maybe because the man rent his cloth and sprinkle dust on his body a lot remember dust thou and unto dust thou shalt return so God not make man to return unto dust man is dust I've taught you that before but man was not made to return but to go to something High beautiful stay freshh job 20:1 his bones are full of the sinks of his youth which shall lie down with him in the dust shall lie down with him in the dust they shall lie down alike in the dust verse 26 and the worms shall cover them the worms shall cover them the worms shall cover them so by using worms job 34 15 All Flesh Shall Perish together man shall turn again into dust man shall turn again into dust man shall shall turn thyself so turning to dust Psalm 22:15 my strength is dried up like a PT shed and my tongue cleaveth onto the jaws and that has brought me onto the dust of death you see so there is a prophetic enology of prophetic usage of the word dust dust of death that's why there's also dust of the ground so to separate it so it's a God made man of the Dust of the ground ground is enough but why say dust to explain that man is frail it's not the fall of Man that made man to have um man was made to change state Hallelujah so if there are things in heaven like we said the things in heaven was on supernatural beings that God originally created the things on the earth human beings animals plants so things under the Earth how did that come to be are you following and are there terms used to explain beings that are under the Earth yeah and do we have authority in that world we have authority in heaven Earth and under the Earth so

are there terms that are used just like there are terms used to explain geographical entity there are terms also used to explain geographical entities in darkness territorial Spirits shims and we also look at the word s Prince the Hebrew word for prince prince is where Prince of Persia all those words so there but where did they come from how did it what the switch and I know you know the answer but I want you to know the answer properly and that's where we start off on Sunday amen but where do we have authority Heaven Earth and under the Earth you see what is happening to you people are becoming more hungry to learn as I'm somebody said H want to end now go deeper it means you are growing once you begin to hunger for gospel like that you're growing you're no longer tired of hearing you want to learn more you want to know more because it's important in your life Hallelujah so we have authority we have authority now the Bible use of the word uh devils and this where I will say it because we're going to start with the supernatural beings that are falling the word demon is seldom used to explain all Devils or all powers of Darkness or all evil spirits in the Bible so when you already have a conquerant search of only demon and devil especially in the Old Testament books you would have very limited mention the word demon now the word demon is does not even exist as St in KJV if you were to type it you won't see any reference of demon in Genesis to Mali you won't find the with his KJV IB but the word Devils you will find you see the use of the word devil the word devil devils when you put s so the word devil d e v i l if you type it in Genesis to you only have four references and funny enough all four references put s if you type the word d v i l Leviticus 177 sacrifices unto Devils now that word he callus Devils there is a word used to explain goat he goat that was used 59 times so imagine you have not said about Animas you will not know that Animas is used to explain the Unseen word supernatural beings in the Unseen World some years back I was discussing with a pastor and he said I was watching a movie and they they were mentioning what like lit all the the are not in the Bible all this I said no it is person was like you don't mean it that kind of word is in the Bible I say yes you but you will not see it by typing l i l i it's the Hebrew meaning of a word used in Isaiah he said there are things inside Bible I say yes that's why we should all be humble don't see why we don't humble we they share Old Post they write again the more you learn the more you you become I mean so there's the word Devils which is the word shed that one is used only two times so when you're reading devil which one so there's devil four times that obviously means if I'm using concordance I will not learn anything I wish you are with me then if you type the word Satan you'll find 15 verses Genesis to Malachi and of that 15 many are used for the Lord not for a being but as a function technology which Yahweh as an adversary too so that's why some people say Satan God uses Satan for his work OBO how can God use Satan for his work is because they are using concordant search where it looks like Satan is looking like God and Satan is in the same context no so job has more of the use of the word Satan AB you are quiet yeah in job it's just chapter one and chapter 2 alone that you see all the use of the word Satan in Job 1 Chronicles 21 verse1 thanks to Ezra will not have had it as Satan because the the opposite place in second

Samuel 24 says the anger of the Lord was kindled so 1 Chronicles 21 then you have Job 1
Job 1 if you are typing the word Satan remember then Psalm 109:6 set thou a wicked
man over and let Satan stand in his right hand Zechariah 3:1 Zarah 3:2 Satan was rebuked
uh with the high priest Joshua so the word Satan is just the word adversary and the first
use of the word Satan was used for Yahweh as an adversary to Numbers 22:22 and God's
anger was kindled because he went and the angel of the Lord stood in the way for an
adversary the angel of the Lord stood in the way for an adversary you see that a function
terminology for a Satan the angel of the Lord stood for a Satan for an adversary and that is
not a member so that word adversaries used for human adversaries it's not always used for
unseen beings used for human adversaries used because it's a function terminology
[Music] Hallelujah unlike when you now turn to New Testament books what Satan is used
35 times so it has a lot of usage AB then the word Devils diabolos is used 38 times then
the word evil spirit that one has a lot of use just like evil spirit has a lot of use evil spirit evil
spirit evil spirit Hallelujah so if we have authority in Heaven and Earth at least we know now
what Authority in heaven means okay we'll talk about it again but you know the beings that
are in heaven all right and we are higher than the beings in heaven we are higher than the
beings we are far above all principality and power you are quiet we have and our
authorities to enforce God's rule that's what authorities for to enforce God's rules so if there
are contradictions we also bring it down resist rebuke reject Hallelujah I have authority in
heaven I have authority on the earth I have Authority Under the Earth so the next time you
hear somebody says I'm taking this matter to the spirit word should you be scared or that's
what should make you happy because that's your real that's your place you are not sure all
right so do we have authority over the Unseen word yes sir just as God has authority over
the Unseen word sir do you have authority over the Unseen word to bind and to loose yes
sir to allow and to disallow yes sir to permit and not to permit you have authority something
to think about this evening when you get home before you sleep think about it I have
authority in heaven Earth and under the Earth never again will I and what give you that
Authority not because you can pray what give you that Authority the blood of Jesus what
Jesus has done for you and it's a human that God put and is humans that God assigned
that will be high so the more human you are cannot be the reason why you don't have
authority the more human you are you still have authority amen I have authority I have
authority in heaven and on Earth and on I need to know it be sure of it I have authority I
have authority I have delegated power so that's a place I have power [Music] I will not
sleep on duty like a police officer doesn't know what he's doing or like an army man doesn't
know what he's doing know I have authority I have authority I mean when you see a police
officer does his hand like this no matter how big the trailer is the trailer stops know why the
trailer is stopping because he has delegated authority no matter how big the problems are
if I do like this it will stop I have authority I have delegated power I have authority to say
stop to say to bind and loose to allow and disallow that's the same way the Bible says we
can bind offense and we can loose forgiveness you're the one that did not put those things

in your unseen word but it's in the Unseen word why do people just wake up hating them why do people just wake up for getting there what attract demons if angels encamp round about this one now have not possessed the person but can Devils be around an individual yes the Bible shows us that Jesus did not commit sin but yes Satan still came for him what what does that mean how does that happen what does that entail I end with this text James says resist the devil let's read that text and that's where we would uh just pray this evening James chapter 4 and verse 7 James 4 and verse 7 it says submit yourself therefore to God some people like to jump that path if you jump that path you can't resist Devils notice it didn't say cast out Devils here these ones you resist because they are no inside of you are devils to resist and there are devils to cast out there are devils to resist and there devils to cast out right resist the devil resist the adversary and he will flee from thee submit yourself to God tell they submit are you are you submitted unto God this does not mean to be born again you know I'm born again so I it's not I am born again so I submit to God there are many Believers are not submitted to God if they were to hear God's voice they will still Harden their heart against God they can never and even beware to get to this place once you get here you are dead it's just a matter of time it may take 10 15 years but you'll die you'll surely waste away from the earth you are no longer because you are now with Satan because God can't help you God resists the proud and he gives grace to the humble I don't want to be among the people God is resisting if God is resisting you can anybody free from the hand of God you know we can laugh about it and say ah no God cannot resist me so even Peter does not know Bible AB be okay no because the devil will trick you to that place where you say HH you can say out you will say out for God too God is the reason why you are being being yes because God is now resisting you so can God ah yeah he does it every time God does it a lot but it's not easy to get there but people do get there God resist them God is now they are in opposition to God that means they are in the hand of Satan this one is I mean legal rights Satan can do with them as he pleases and sometimes the only thing that keeps such people is the guardian of the saint many times that's why at the end of the day they end up leaving the guardian of the saint because so that they are finally destroyed because everything is pushing them away from the place of safety so that finally that's the last Point God resist the proud and he gives grace to the humble you see no matter how much I say this even the people that are like that here no matter how much I preach they will still be like that yes yes they can't change in this this matter because they part of the devil God resisted them is that they will resist this message I say cannot be me I can can devil how can I be in the hand of the devil and never I'll go home and pray tonight Baba Satan even wants you to pray if fact to shout and use your Authority more that's what you to learn about Authority that is not all authority that is out you devil that's why we talk to you about spiritual warfare go to that place where even God cannot talk to you God resist the proud you know what it means in the literal God is the devil of The Proud so just so God and Satan are all against you I'm putting it in liter yeah so you understand there's nowhere to go God resist the proud so use a more crystal Centric explanation this one that

you like the sweet explanation pride is in resistance to God a man in Pride cannot find God
you see how easy it is it not do justice to the me man in Pride say Pride it's not just normal
to be proud no it's not that normal proud that you are thinking it's not that normal proud it's
the same thing that that man was in that did not mourn the invincibility of sin invincibility
you feel Invincible when you can't hear if God say don't go here you will still go who are
you to tell me put it like that but get to a place like I said even as I'm saying it now the
people that are like that they still will not change is that some people cannot yeah because
part of the Demons attached there are believers that have demons on their head the
apostles did I will show you so that's why I'm preparing you how you see it they speak in
tongues they even cast out Devils too but those devils are their friends they work together
they work together the devil is one feeding their ego and feeding whatever is feeding
[Music] if you if and when you come out and I've seen such and even in this local church i'
I've shook hands with some of such persons and if you cast out the devil you go see you
know go because is the person's pet demon him and the devil have made a covenant you
will walk with me I will walk with you me and you forever you and I will live as one because
because it's that person that has the right to dispel such Devils but he will never dispel
such Devils because he not by him going home now and I say Jesus over my life leave me
now he will have to renounce the things that brought him to that place those attitudes
having every Readiness to when your own obedience is you must get to that point and
that's why we talked about I told you part of spiritual warfare is living an obedient life is
been prayerful living holy you didn't hear that part all you want to hear is just winning Souls
but I know what I said Butz we talk about it just a Wednesday ago Hallelujah I have
authority I'll live a life of obedience I obey God I'll walk in the word I have authority and I'll
keep using that Authority I'll keep using that Authority Hallelujah I submit unto God the
apostles we say alignment whatever that means I prefer the word submit where your heart
is bowed to the purposes of God to whom shall I look the man that tremble at my word
people God God's word can never get to them I have seen people like that even till now
there some uh three individuals like that I think they are smarting me and I wonder have
your pastor I taught you the things of the spirit Oh by pray oh how could you think I did not
know being smart Bible says be careful what you say for the best of the air will I mean I've
I've I've heard how that individual speaks about me in close quarters and even talk about
me to the parents and you must think I'm I'm a fool I didn't pray nah you you are too smart
no you you have another you thought it was an OBO pastor but you have a good pastor
this one they pray I'll tell you again and again not to threaten you but discernment is my for
It's A Faculty I've have been Discerning before I started speaking in Tong it was part of a
foundation that Drew me to the Lord Jesus to be born again so you know men are born
with natural gifts because I told you your natural ordination is King priest and Prophet there
some people that have eye open that's why some people are not born again but they they
see you are looking at me as see I'm speaking F yeah I know people when I I once told the
brother I said you are in the high he was reporting me to look at what Pastor said about me

and nobody could tell you why not repent I don't not know I don't you are wise now PA say Mark such people but you people not Mark such people say G me more when your pastor describe you in a manner that means you must be in that manner now say no he think it's insult say I calling me then he now his departure proved it that it was really all those things I said Peter says pray maybe God will forgive you know in the Samaria story with Philip say pray maybe God will forgive you when he was talking to that uh Sor but it described the man know the man will not like that kind of description just like Paul described the other man you are looking at me I end on this note there's a lot you need to know about Authority and it begins with where we're going to talk about evil spirit because resist the devil devil and he will flee resist the devil and he will flee submit unto God but never be in a place where God is resisting you that's not a good place to be it was better that that man was not born where God is the one resisting you ah H that's a bad place that's a bad place to be I can't hear his voice I can't those are the people that you you you have to always convince them to know that they are wrong they cannot know that they are wrong they cannot they cannot Satan has seared their conscience and their heart they can never know that they are wrong they make enemies out of people who tell them where they are wrong but they are gone Baba don't go proverb says and we see that as one of the text used to explain the Unseen word he say is wandering to the place of the dead because is running can't catch him nobody can help him running to the place of the Dead shall be destroyed without remedy no matter how many remedy how many antidote we have it cannot work so I want you to pray a prayer this evening and all those watching us I'll live a life obedient unto God I will review my life say search me and know if there's any wicked way in me and leave me in the way Everlasting you need to search yourself and work on your heart walk on yourself and those that are assigned to destruction because there are people that are no matter how much we say they will still face their lot because they will still not listen to what we were saying they won't take what is serious they w't take this things seriously like ah pastor does not know in Christ reality there was one member like that who gossiped around with people and said pastor I stop teaching what he used to teach Pastor is I heard it I heard that conversation not from a human being I pray over my church but you keep coming and you have friends with say leaders and you not think are you sure Pastor course all you want me to be preaching is your sins forgiving no matter what you do because you're living a sinful life as you have change I know change the tree I've always taught the Unseen word I'm still teaching it work on yourself work on yourself tell yourself I'll do what God's word says act on God's word act on God's word as was a pastor I was talking to one time he he started his work and I told him I said you were not honorable and I told him where was and he was shocked he said ah thank you sir you have helped me I said I just said let me give you the last chance so that let me not say I left you to yourself said oh God how did I miss that yeah and you thought you were giving me the air that I was the only Pastor you were talking to me you had other pastors you were just you were adding me as collabo you must think I really don't have ranking in the spirit that I will not know that you are just using me

for validation I'm too now me they teach prophets so you really think he just his hype no it's not hype I really do pray and I really do see and here was like ah thank you sir thank God I'm start seeing small small Corrections helping his life some people can be help some people cannot be helped because they don't want to be helped Israel was like that that's why they finally went into captivity amen I'll learn to use my authority I'll learn to use my and I'll use it I'll not give Satan place in my life will you think about that this evening that's a prophetic word and I'm willing to prophesy to everybody that's why I'm saying this is take it as a prophetic word to you don't give Satan place in your life don't give him some of you have so given him place in your life is now hard for him to lose that place because you he won't lose that place by you shout shouting out out out it won't it won't lose that because you are shouting out now out now out now why is it so easy for you to hear voices how is it so easy for you to hear voices that's not a good place to be why don't you always hear God's voice like that that tells you who you are what you are what you can do why is you always you are not worthy you are useless you are this you are this why not die why not live there why is it easy to hear those kind of voices no no no I'll sub unto God and I resist the devil and he will flee he flees from those who are submitted unto God doesn't Camp around those who submit to God and that's what we must be and that's why we're laying about our Authority in unseen word so that we will not be magnets to evil spirits around us but nothing can stop you from if it's money you want to make nothing can stop you from making money because that's about your dedication but it's what we are teaching in this series is about your Authority in your unseen word not about making money nah that's the easy part that's involve your hard work involve your sense your relationship and all and all and all those other things we say I'll use my authority at the name Jesus every KN every things in heaven things on the earth things under the Earth will bow I have authority in heaven Earth and under the earth I have authority and I'll use that Authority I'm among the Great Cloud I'm in the great congregation I'm in the Assembly of God I've come onto Zion the city of the Living God I'm now in that City an innumerable company of angels I'm a Child of God go just lift your hands praying the Holy Ghost and declare who you are and tell God help me help me help me not to
