

we live here with a deep-seated understanding of who you are what you have done for us and how you expect us to live and conduct ourself on this Earth and we trust that at the end of this teaching we will further see our Authority in the Unseen word and we seal that we're not ordinary men we're made to function in heaven we're made to function on the earth For Your Glory and we have authority over the place of the dead too and we're not bothered we're not scared of anything because we have you with us and we know who you have made us to be again in this service we declare that the things that ought to be said will be said the things that ought not to be said will not be said your name will be glorified we shall be edified transformed built up by the power of your word walking in our rights and our Privileges and also receiving Miracles and Encounters of the god kind we ask and we receive in this service in the name of Jesus amen God bless you have your seats and turn your Bibles with me to Philippians now we've started a lot with um Hebrews so let's do Philippians Philippians Philippians chapter [Music] 2 Philippians chapter 2 are you you there Philippians chapter 2 and we'll read from verse 5 let this mind be in you which was also in Christ Jesus tell your neighbor let this mind let this mind be in you you all right which was in Christ Jesus okay who being in the form of God so that means humility is a position God expect us to have all true life you didn't get that I'll repeat it again he humility is not because of people you are not humble because of people your hum your humility will help you in the Unseen World As We go further you're going to see it humility is very important so it says this mind should be in you just as you saw Jesus humble himself that's how you should humble yourself who been in the form of God thought it not robbery to be equal with God and you know the church is the greatest place for that EX for that manifestation where the rich and the poor relate with each other the rich does not Lo over the poor in church because the reason why people are over people in church is have to do with natural status has to do with your maturity ab and the service unto God that's what put people over people in the local church your maturity and your service unto God so it's not natural things that put people over like in the natural world no so the church is that classless because our class is in Christ Jesus and the things in Christ is what defines our Authority one over the other who being in the form of God not robbery to be equal with God tells you Jesus Is God literally just says that who being the form of God who being the exact form of God but made himself of no reputation took upon him the form of a servant and was made in the likeness of men and being found in fashion as a man he humbled himself and became obedient unto death even the death of the Cross so it tells you there are different ways to die even the death of the Cross so he didn't just die but he died the death of the Cross to take observe that so there are different ways to die tell your neighbor there are different ways to die all right and Jesus showed us that we can choose how we die because he chose the nails chose the cross you right Papa hi used to say write your ticket with God learn how to write your ticket with God so by faith you declare he said I was going to die and that's how he died he said he was going to uh while eating uh brunch just bow his head and while eating on the table he just bent his head and that's how he was

gone the son said the old man is gone right wherefore God also has highly exalted him and has given him a name that is above every name that at the name Jesus every KNE should bow wherefore God also has highly exalted him and has given him a name that is above every name now did he always have a name that is above every name as God AB be all right so he's becoming a man is for you and for me not so that he will have authority he has always had Authority I think we did a teaching on who is like unto God all right understanding the preeminence of Jesus and we saw that there there was always a visible Yahweh in Genesis to Mal in the Old Testament book there was a visible Yahweh people that's why he could tell them before I am I mean I was the ones these Pats interacted with ew Kon I mean one of the most intelligent Bible scholars we've had in the last century into this said that they killed their Covenant God I remember when I used to read that as a teenager I was always wondering why he was always emphatic on using the word god go I understand that is God but he began to use use the word Yahweh a lot or Jehovah any one you want to call it a lot in his letters when referring to Jesus so sometimes when you feel like I I I already know the more you learn the more you go back to your old notes realize that all right these guys know something they have to know something so anything that makes knowledge to poof you up is not the knowledge of God knowledge humbles you that's the one of the reasons why I we used to write a lot on Facebook but I stopped sometimes I do see some reasons why I want to write keep it teach your own church members say the ones you can say but just avoid uh issues that people always want to argue about because people are not willing to learn because if you tell the person let's do a study now I've got some people are lazy you can put let's put money on this you be more serious since dollar has gone up let put dollar \$200 for this thing if you can show me one reference about telling a brother one time during the are you now see movement on Facebook I told him I'll give you transport to come to B you know there are people are dodging keep Warrior say come can't even quote 10 Bible verses you are you are typing on Facebook with me very lazy think some people haven't studied as much as our shadow we argue with you because I feel like you can just type anything and say and that but the more you learn the more you actually really really bow your head down and learn the gospel the more humble you get realize that there's still a lot to see there's a lot to know so you not presume yourself to be anything you keep that's why knowledge provs off but love edifies so Paul now says knowledge should be with love if knowledge is with love then it will edify it won't make you over bloated you won't be um you won't turn to the prefet of the body of Christ AB all right you just preach to your own members and leave there you not the prefet of the body of Christ Philipians 2 so wherefore God also has highly exalted him and has given him a name now is that name from the resurrection that's why I say highly exalted him so it's not for him it's for us because we're planted in his death planted in his burial planted in his resurrection we identify it's a sary work that Christ did for us so that at the name Jesus At The Mention or at the name there's a difference AB not At The Mention so it's not when I mention it at the status of Jesus at the accomplishment of Jesus are you

following at the office of Jesus every knee should bow at the status of Jesus every knee should bow of things in heaven take note of the three things of things in heaven things in the earth and things under the Earth so we have authority in Christ Jesus over the words we have authority over the words that means the believer can contact the words say I can contact the words I can contact Heaven Earth and under the Earth and before you get all spooky on it even an unbeliever can even an unbeliever can are you with me the only difference that an unbeliever doesn't have authority in the theory words but every human being by virtue of Being Human because it is human that God put Heaven and Earth put in that height put in that position we've been explaining this for quite some time now all right so what brought the underworld and that where some conversations were having on Wednesday what led to the underworld and all of that whole talk so Philippians chapter 2 says at the name Jesus every knee should bow at the status the accomplishment the authority of Jesus every knee should bow now this is what is peculiar to us in Christ Jesus that we have authority in heaven we have authority in the earth and we have Authority Under the Earth and that every tongue should confess that Jesus Christ is Lord to the glory of God the father so you see the ultimate end is for the reconciliation of the earth to have all the Earth as the temple of God that's why every tongue will confess amen so there's a use of that Authority Hallelujah so we have authority say I have authority I author uh Matthew 28 Matthew 28 Matthew 28 and verse 18 Matthew 28 and verse 18 and Jesus came and spake unto them saying all part word part there is the word Authority allusion delegated power all power is given unto me in heaven and in Earth Jesus said all authority is given unto him in heaven and in Earth go ye therefore so we see Authority in heaven and on Earth Jesus said he has Authority in heaven and Authority in heaven and on Earth Matthew 16 Matthew 16 Matthew 16 and we read from verse 17 let me be holding my Bible in my hand so that some of you believe it's very hard to turn that's why we use tab so today I'll be turning in one second of Maximum five you see that it's not hard to flip Bible make it look like work say s God flipping it's not easy is he not your own or you stole your own it's your own all right that's why we keep using our old Bible there something about your old Bible the one that you write inside it's your own right inside your Bible you did not steal it right inside right inside right inside all right Matthew 16 so you so that I can answer to your hand when you flip it will flip because your hand is used to the flipping Matthew 16 there some things if I search on my phone I don't know the if I I forgotten the the word because of the paraphrase version but if I hold Bible especially this one I can search it out just give me five minutes Maximo I will search it I will see exactly where it is because the page is familiar Matthew 16:1 17 and Jesus answered and said unto him blessed are thou Simon who bonah mean son of Jonah Simon was his name Peter is not his name Peter is the name Jesus gave him Simon is his name name Simon B Jonah for flesh and blood has not revealed this to you but my Father which is in heaven what has flesh and blood not revealed verse 16 Simon Peter answered and said thou art the Christ the son of the Living God and I say unto thee that thou art Peter so you know though he said Simon Peter

answered him in verse 16 you know that is the writer's prerogative is Matthew because they already know his name are you following not that he was always Peter from his mother's home it was this day that his name became Peter because of what Jesus was expl Jesus said you are Peter are you following is this be name is Simon that's why when Simon Simon that's where they call him if you read before he was called to follow Jesus Simon Simon Simon so when you see the rearrangement because they were not these books were written after the death of Jesus AB after his resurrection precisely and I say unto thee that thou art Peter say unto thee Thou Art Peter thou had petol thou had a stone and Upon This Rock I will build my church and the Gates of Hell shall not Prevail against the we saw that where Jesus was CIA Philippi there was a place where he was that was called The Rock are you following they say on this rock that's why he immediately uses the next statement and I told you to observe use of conjunctions AB on this rock I'll build my church and and the gates of hell because that place was called the gates of Hades Bashan doorways to the underw that's how it so the audience understood what it was saying because where Jesus was physically was a place s surrounded by the worship of different devils different gods as we call them which we call devils and whatsoever thou shall so verse where it say and the Gates of Hell shall not Prevail against it and the gates of hell so notice the three WS now we seen hell hell there is Hades there's a reason why we mentioned the Greek and the Hebrew not to show that we are Scholars no because they mean different things because if he had used G it would not make any sense why why is he having the gates of G follow the Gates of Hell shall not Prevail the gates of Hades sh which is the old test was Shield the place of the Dead the Gates of Hell shall not Prevail against it the authority and the entrance of Hell of the place of the de shall not withstand stop the resurrection and I will give unto thee verse 19 the Keys of the Kingdom of Heaven I give unto thee the Keys of the Kingdom of Heaven that whatever thou shall bind on Earth shall be bound in heaven and whatsoever thou shall lose on Earth shall be loed in heaven are you following so notice how he uses the word Authority now just flip Matthew 18 where Jesus was teaching reconciliation and the context is in binding offense that's why you ought to pray when you get offended I always tell people I don't know how to do offense except you don't have a prayer life that's when you can be doing offense but you have a prayer life you just can be disappointed and can be unsatisfied unhappy about the situation for offense no no no unforgiveness those are it will affect me because it's first for me I'm not forgiving just because of the person I'm forgiving so that there's nothing in my heart I'm not offended because of my heart my heart is very important because out of it are the issues of life amen Matthew 18:18 verily I say unto you whatsoever you shall bind now remember there's a context there's a brother has an issue with another person he say if you will not listen tell it to the the end point of the third witness was tell it to the church and if shall neglect to hear them tell it unto the church and if he to hear the church tell let him be unto thee as a hidden man and a Publican so you do see that it's scriptural for people to leave church you say I grew up in one Church the the church is a very denominational

Church they used to say people they used to discipline people out of church of course those reason may be hypocritical and selfish but it does happen because when a man will not submit under the authority of a local church he simply saying and the authority there again some people have a very wrong use of the word authority authority is not you are useless you have nothing to say No Authority means because the authority is for a purpose for your learning for your growing for your maturity in Christ Jesus for you to know how God intends you to live your life and function that's what our Authority is for the authority has a focus amen and so if the person cannot now listen to the authority of the P what the pastor has to say it always gets to that end point because it's always because you can't Pastor somebody that does not listen to you you can't Pastor somebody that does not listen to you now that means you're not the person's Pastor you didn't get it like that you you say this is my member but he does not listen to me it's not your member now all right so if he will not he then let him go and be where he wants to be treat him as a hidden and the him there is not because he male male female inclusive Verse 18 verily I say unto you whatsoever you shall bind on Earth shall be bound in heaven so it shows you that there is a supernatural context to offense and unforgiveness AB so now says whatsoever you shall bind on it in the context what will you be binding unforgiveness that reason why you say you were not going to forgive you will bind it whatsoever you sh verily I say unto you whatsoever you shall bind on it shall be bound in heaven whatsoever you shall lose on it shall be loosed in heaven verse 19 again I say unto you that if two of you shall agree on Earth as touching anything that they shall Act it shall be done for them of My Father which is in heaven for where two or three are gathered together in my name there I am in the midst hence why you should have listened to the church The Authority so the context then came pet unto him and said Lord how often should my brother sin against me and I forgive him till seven times so the context is quite clear what he was teaching there Hallelujah so you see the use of the word Heaven Earth Heaven Earth and it's showing that we have authority there all right let's do Revelations chapter 1 Revelations chapter 1 verse 17 Revelations 1 and verse 17 and when I saw him I fell at his feet as dead and he laid his right hand upon me saying unto me fear not I am the first and the last is this the Old Testament word for God first and last you know John quot Isaiah a lot all the Isaiah phrases for God John calls Jesus so you better know who your God is say there's nowh where Jesus called himself God that reading Bible upside down that's why you not go to read Bible with Concord Dan you are typing j e s u s space i s space g o d say no reference that's not how to study except you use key point to graduate I am Verse 18 I am he that liveth and was dead and behold I'm alive and behold I'm alive forever amen and have the keys of hell and death our lord said he had the keys of hell and death did you see that I have the keys of hell and death so I give unto you the Keys of the Kingdom of Heaven whatever Matthew 16 you bind you lose come on now he says he has the keys of hell because in Matthew 16 when he said that which is recorded in Matthew 16 not that he said it in Matthew 16 hope you know he's not living in Pages all right so that time where he made that statement is now

recorded in Matthew 16 he had not died so all authority is given unto me in heaven and on Earth is Matthew 28 after the resurrection AB notice the timeline so what he says in Matthew 16 is the Gates of Hell will not Prevail the Gates of Hell will not stop my reservation so if he rises up out of the place of the dead he is now the one in charge he's now the one in charge you see what that means so he says I'm alive forever more amen and have the keys of hell and death I have the keys of hell and death all right uh Revelations chapter 5 again look at the theory cosmology I told you biblical cosmology is heaven Earth and under the Earth originally it was just Heaven and Earth but what brought the under the Earth the fall the Rebellion AB all right is what brought the under the Earth Heaven and Earth is the two words that God origin intended man to functioning but since there is the under the Earth which is a creation of man and supernatural beings Rebellion man see has Authority there and man can contact it because it's about heaven and earth away from the promise of Life Heaven and Earth under the reality of God's promise Heaven and Earth a away from God's promise of Life are you following so that's called hell or H is Shi verse three now let's read just to have a bit of context um 411 into chapter 5 Thou Art Worthy oh Lord to receive glory and honor and power for thou H has created all things and for thy pleasure they are and were created so all were created by the Lord ab and we saw that Lord in Colossians 1:16 Jesus Christ is the one who created everything and thought it was anything made that was and I saw in the right hand of him that sat on the throne a book written within another of the back side sealed with Seven Seals and I saw a strong angel proclaiming with a loud voice who is worthy to open the book and to lose the seals there vers three and no man in Heaven Nor in Earth neither under the Earth so it tells you that there is a man in this three places there a man in heaven man in the earth man under the earth now again if you're new once you hear heaven and your brain and your mind and your heart is already jumping up bring it back it may your eye go up bring it down back because that heaven that is a planet that he used to go with spaceship is not in the Bible it's in Alien movie now it is good not to make authoritative statements without a proper search now one of the reasons why we make authoritative statements is because once you have read all the references and by the use of the word read I mean study when you study all the references for a word there can't be something else that somebody has to say so you can be authoritative that's the only place to be authoritative because uh if you are authoritative for something that is not correct and later you not find that is wrong you have to the same way you authoritative be authoritative in how you correct yourself that I found that what I said is not correct right must be the same way that's why it's always good not to be authoritative in the things that you have not conclusively studied online conclusively AB be so Heaven Earth and what heav Heaven Earth and under the Earth is mentioned in the Revelations chapter 5 and verse and no man in Heaven Nor in the earth neither under the Earth was able to open the book now these are references that has the theory um of course you know Heaven Earth and under the Earth is mentioned a lot in the Bible separately you see Heaven you later you see you see under

the earth now when you bring all three together there are all three words w o r l d there are three places now heaven we said is I've given you the eight applications of the word Heaven again and again I've repeated it several times in this series so when you see heaven in the Bible it's one of those eight applications are you following then hell also has many other synonyms for it so if you only type h e l l you may not even know what hell is because there are lesser mentions of the word h e l l for the place called hell are you with me all right so the same thing Heaven has um synonymous words too which um we say the right hand the Throne of God or it can be used to if you're dealing with uh man's functioning we can say oh Zion the Garden of Eden I mean those are mountains if you're using figurative language mountains which is why we taught on the mountains of God so we've been teaching uh in a series Hallelujah so I have authority say I have authority I have authority in heaven in on the earth on the and under the earth now that under the Earth part gets a little bit uh uh spooky for many pres say I have Authority Under the what I go find for under the under the is not you are drilling [Music] B under the Earth is not that you are drilling B under the Earth is not that you are drilling B ho under the Earth is not that you are drilling B ho so under the Earth is not drilling B ho say under the Ed so let's start digging let's start digging no the Ancients the ancient men use that idea because they dig the they dig because dust that are dust you are returning to so they dig ground and put people so just as we de ground and put people we can use under the Earth to explain the reality of where the spirit of a man goes because it's only the physical body that is in the ground but where does his soul go so Spirit use interchangeably the mode mean the same thing just the Unseen part of man where does that go so when a man dies but the question is did God intend for man to even die from the the beginning was it was God's intention for man to die no Genesis chapter 2 the day you eat of it you shall surely die so that's God did not want man to die I've told you before when you say the day you of you shall surely die he uses the imperative verb so when he says he didn't say the day you eat of it I will kill you that would mean it is God's action it was God that killed man but instead he said the day just like you tell somebody the day you take poison you will know you can't say I killed him or I I gave him poison no now I already told him where de is so don't go there and you notice Adam's sin is arper you have not observed it Adam AR you except you you have found the sin Adam committed he lied he stole he stole from your house he killed his wife he WRA weed know there were many trees he just WRA weed and he puff and passam or it was Bend they Bend and they Bend and they go what was Adam sin fornication thank you the Bible doesn't mention the specific sin why because he telling you that because that's arer to give you the origin of sin that sin is anything that you disobey God I go against the word of God AB that's what he explains Adam's sin so he uses an arpal language language clear all right so the day you eat of it you shall surely die notice the word surely not I will surely kill you but you will surely die now what did God intend for man for man to live forever the provisions was the Tree of Life that's what man should eat of and the tree of life is depicted as a tree but you know it means more than that the Book of Proverbs uses

the word Tree of Life for several things that is not Genesis Theory tree of life because it's a proverb it's a parable or tree of life life cannot be inside a tree but why does he use the tree language because tree language is an ancient language for EXP explaining entrance into the Unseen World so life life tree is are trees are markers indicators of the Unseen World that's why there are normality date there are shrines around around trees till today there are shrines because that's how the ancient the word may have advanced but it's still primitive in orientation see people still put shrines around trees because trees were markers with the Unseen word where if a man wants to have not just because there were Tre gods that they C faces into no beyond that those are markers of the Unseen word and we' also done that study before so so use the word Tree of Life tree of Good and Evil because is man saying I know the good and I can avoid evil on my own and it's now against what God Said I know the good I can avoid the evil away from what God said because what God Said should have been enough to avoid the evil that's why even morality will take a man to hell because morality is I know the good and I can avoid the evil I don't need God how can you not need God and that you see that is a is hypocrisy because no matter how moral a man is we always see that he will he I know people lie a lot in the name of I have this friend I have this then some people use the word I have this um um uh I have this Muslim friend that does not do anything but how do you know you still you live inside his house stop all this nonsense I I I have this friend there's no human being you have there's no human being you know that does not do anything that is wrong stop it because our again our understanding of sin is just the obvious good and the obvious bad the obvious good and the obvious bad what about arrogance what about Pride not about selfishness all everything is all about me me me me me me me like a newborn baby selfish like a growing baby selfish that's just in the age they grow out of that that's why you discipline children I didn't say kill I didn't say I use the word discipline you train out of that so that they know that it's not about me it's not about them them them them the whole world does not revolve around you you are important but you're not the only one on the earth train I said train a child the way he should go you train you ask why are you crying don't cry say what you want tears are not a weapon you teach you know say this not man TR should cry why your so train you say is normal it's normal do not normal now for God's sake be an adult and show you an adult a child cannot parent itself say is going to know he surely going to know let's just give it time it's not time that trains it's not time that is the parent I'll say it again it's not time that is the parent dummy we have to put that dummy part for those that are arguing so the first one was for all of us the second one is for any other person that want time to train their children if not you fall into that category of who want go s want go s what kind of what kind what is it not better not to have given bir what kind of is that beginning s go s begin Ser go go serve God so for you now time time and chance you just say time and chance is the parent from today my son come time and chance is your parents whatever will happen to you will happen to you I leave you in the hand of time and chance excellent father are you following you care about that's why when you're selfish you

only make decisions about me how I feel how does this favor me how everything is not about you you you you you you you all of that is seen too what is in this for me that's also symptoms of the Fall there then the blame game and all of that so be careful how you explain your morality so are you with me so the Bible does mention three words Heaven Earth and under the Earth and we said where do you find that genes chapter one you find it with the heaven Earth and the Gathering of the waters called his Seas AB so they use Heaven Earth and seas why again we said don't bully the ancient men acient men acient thinking why do they use the Seas to explain the under word why they use under the waters to explain the underw because there is a world under the sea I mean they are not 21st Century men neither are they going to be 22nd century men with AI allow aient men to be acient in their thinking so we bully them want them to think like us they can't think like you they have to think and remember the theory context historical context cultural context then the grammatical context of the scriptures so we say the context of the Bible the cont of the Bible is not the church fathers cont of the Bible is actually the Bible so what did the audience so put it two ways what did the audience hear so you sit where the audience sat then you stand where the teacher stood that's where you can hear exactly the truth that they were saying so until you sit where they sat until you stand where they stood you will never understand biblical words so why are they using Under the Sea you and I you see how easy for to figure it out because there's a whole world Under the Sea there's a whole world under the water I be there's not so they now use that because again in their timeline nobody was going down there was no sumary nobody was swimming for recreation I mean the currents were chaotic so they used the sea to explain chaos are you following they us it to explain chaos So when you say Under the Sea you know that they are dealing with what is chaotic so those are so that's why you see the word Seas but in God's original creation we see a heaven earth and water on the earth within the Earth space and what we say Earth space also said that the word Earth has more than one application in the Bible Earth we have done that study all right so we can go over things again and again and again and again and again again again and again help me so we said Earth can be the Tera teraa t e r a space f i r m a the Solid Ground you put your feet on as opposed to land and water land as opposed to air and water AB so the solid land Solid Ground you are putting your feet on that's it in the Bible also there's Earth in the Bible that is also air beds are flying on the earth beds are flying on the Earth are they not on the Earth but air is also the Bible uses the word air for Earth the Bible also use the word water for Earth so you have the Solid Ground you have water you have um the atmosphere as it Earth is also used to explain people the Earth was corrupt the people of the earth were corrupt AB Earth was also used to explain a space Earth space used to explain a space what you can call the world the universe that has Heaven Earth and under the Earth in the Earth space so Earth is used to explain the world of interaction so the world of interaction so the Earth space I give you references for that that's why can is banished from off the face of the Earth he's on the Earth but he banished from off the face of the Earth Adam is is falling on the earth is it that

it fell on the ground physical ground but the use of the word Earth there is because everything made by God is Supernatural so the Earth that God made is a supernatural Earth so the Earth is the place of interaction because everything Heaven Earth under the and then you now look at all the references for every time a man Heard a Voice from Heaven a sound from Heaven it was always on the earth so the Earth is the place of interaction and that Earth space will explain all what we call all our planet all the planet as we call it is all in that Earth space so Earth there is not planet Earth but the whole world of interaction all there is out there the Earth space did you get it then there is earth that is also used to explain hell remember that so we also looked at that Genesis 3:14 the serpent so words have meaning tell your neighbor words have meaning so imagine you only have one meaning of the word e you're going to be forcing it AB because one of all these other six applications being referred to with the use of the word e are we good so we need to talk about our Authority we say we have authority in heaven and earth now what is that Authority for so let's get it so we say we have authority in the three words we say we can contact the three words we know that the third world which is Hell Hades Shield under the Earth Beneath the Sea uh the Nether world the um Pete all of those other phrases used to explain it which will explode soon is not part of God's design it is a design that came from spirits being contrary because man and supernatural being as Spirit remember Genesis 126 let us make man God has an audience he was with the invisible beings were made before man Job 38 the the morning stars were there before the dawning of the earth so the phys the heaven was made before the Earth just like the heaven is over the that's how the supernatural Heaven is over the Earth you get it so they are the audience God cannot be informing members of the godhead about what he wants to do as if they are not God allow the crazy use of the word they just because of the manner of speaking that IED with so God can refer to himself in that manner so the plurality which is where we get the word image just a lazy use of the word image just type it i m a g e Genesis toal you see that that word outside Genesis 126 is used to explain supernatural beings that's why they were Ming images of supernatural beings so supernatural being image God and we said where do they image God so God has two administrators an administrator in the heavens so why do the ancient use up for heaven because so that you will jump up no because atmospheric Heaven is there so there's a heaven over the Earth that's how there is an unseen world over this world that's why their head is up their head is not up because they are jumping we I think inside this series we also studied all the Ascension of Jesus we saw that there was no place where Jesus jumped Ascension was not levitate thank you beautiful so Heaven is the Unseen World here the nonmaterial world the only physical Heaven is the atmosphere which the Hebrew called reia the atmospheric Heaven the skies the firmament you get it all right so we have authority in heaven Earth and under the earth when we hear the word Authority why does that word get spooky in Our Minds when we hear the word Authority how come when we maybe we just he I have authority because again negative consequences threaten people more so Authority I bind I lose and again why is bind and

lose always from a negative perspective okay you didn't get that I'll use another word why is Authority Always I resist so I'll give you examples of authority a parent or they don't parents have authority where their children you need Bible verse I don't think you need a Bible verse for that I did not say there's no Bible verse in case you are not sure you maybe you are rebellious against your parents there's actually bible verses to honor your father and your mother there's Bible verse to obey your parents there is even a cur that's the only problem commandment with a promise and a CA in prover for a man that c his father and his mother so there's something there's a lot to that so Authority parents do have authority over their children whether you like it or not you sometime we forget that you are going forget that when the arrogance of being young forget that you're going to get old forget that you're also going to marry I going to have children imagine your children hear you saying they don't honor par wow said Daddy you T 995 I stumbl on one of your teaching where you said what is parents that they honor I put it to you sir said maybe you are not giving better to intelligent children but if your children are intelligent I mean they think they going to use your words for you that you said this you be careful the things you say you said this say I I was joking that time I was a child that time now me I'm a child too let me see my own first you not beat the child you not start forming habits because you are beating against an instruction a training that you already in in installed now Allelujah so do parents have authority over their children sir is it to cast out and to resist you see your mind does not go to cast out and resist my parents have authority over me but is it to cast you out so imagine that's the first thing you have your mind me and they kicking me out Papa that's not it come on okay you got that okay come on okay what about um husband and wife does the husband have auor over his wife he said no sir don't say that my husband is a tyrant let not hear it from your mouth he will kill me when we get home people were choosing you went to go and choose Tyrant with clear eye AB so we cannot because of you not now teach the word of God and my is not a thing subject to your opinion I mean it's not a it's not about your emotion it's not how I feel tonight it's not an emotional thing and I've also explain it for of course because God is not a tyrant he's not an an imposer or somebody who imposes things on people I can explain to you from a psychological point of view why the man has to be the head is the same thing in an organization if we have um imagine there is no boss in an office so everybody just does everybody just come to the office and do what they like and go AB you will tell me who will pay who you will tell me but when there are now maybe a board meeting there's somebody over that there has to be somebody over anything that does not have a head is a monster so for because marriage is a function thing because the male and female are equal the male is not superior to the female but in marriage because marriage is a function thing because marriage has a purpose so it's a function thing for that to work there has to be somebody that is the head so who is now going to be the head it has to be the person who has the prerogative the the the instinctive decision let us have a home the person that goes out looking for a woman and why the woman has a choice to choose who she will submit to because God made it

fair that there are different men so if you knew you could not submit to this one as your husband why now marry him I don't know I was in love love love makes you not to think but God loved us and he was thinking God Lov us and he's talking so it's obvious your own was fall you did not walk in love you fell and not the uh innocent use of the word fall in love which could just mean um I'm I'm I'm really in love with you but the negative use of fall you actually fail because that fail in love is the people that you cannot talk to once they in love he say it's me and you versus the world they don't know they don't know [Applause] come on they don't know so nobody knows is the AR gun of Youth nobody know nobody know nobody know you go marry the woman you calm down your blood go cooler your ey will now clear that what nobody know nobody know cuz you head I mean one of the persons you cannot talk to this like people in love they will use any you give they use it in their love say can you imagine what Pastor said to us yesterday talk to me I don't blame him I don't blame him then you now marry the person that is going to kill you then you now say uh pastor wants us to see say which Pastor is that one because it started from there where you were who the hell is this who the hell is this now your Authority does not matter your husband to be your wife to be downplay the authority of your pastor and you think he will ever be able to correct you people no now that's not somebody you accountable to because he cannot give you an advice that you follow he can't tell you something that you know you walk with because you always already it's the gossip Topic in the house so now that you are bringing that want say that our gossip topic has something to tell us didn't think it like that so God gives the woman the choice to accept that's why the woman that accept not the man that accept even when Ruth did her thing and worked on Boaz it still is not boas that accepted boas still took the perogative so a woman can get a man interested in her but a man a woman cannot man the wife the husband that's why there's the word husband man so the husband is the one who brings all this together brings the hold the whole family together so the woman can choose so the submission so the husband is the head is not head as it were the woman is the door mat come here you slave let my leg be on your head so when we hear the word Authority what some people are hearing is subordination what they um uh what they are hearing is dmat what they are hearing is nothing no that's not the meaning of husband being the head over the wife so because the Bible gives you an example just ask Christ how is Christ a head over us we don't having to say we have something to say but just like in a if in an organization if we are deciding this world one this what want to do who has the final say there has to be somebody who has the final say that is your Authority and the husband is the one that has that finan where the husband can say oh this is this now of course a good man knows to listen to his wife even the Bible teaches a husband to listen to his wife that listen to your wife doesn't mean you're not the head just means that you are human you understand that it's not every time because again I've said this in many of our other meetings when we teach on different other subjects it doesn't need to always make the right decision it doesn't always need to be the wisest or the smartest because it's not always the wisest and the smartest that is

the head except you have never been an organization are you following the important thing is I accepted that this person so that's why I should have known who I'm accepting as my head doesn't mean that because again we need to say it some wives are than their husband again if you don't know Bible give us one example our big said for he as his name so you know that it was an imposed marriage holding day settings of you said this is the husband go and marry him so she married you don't know the husband what's the husband of naal thank you so it was an impos because she was wiser she knew better are you following so see again let's say to male and female I mean people work on themselves it's it's crazy to think that all males in the world are more intent than every female sir it's not Bible you have a African or a patriarchal way of thinking because you hate women it's only you Bible does not follow you for that nonsense oh and many women that are intelligent and that's why somebody who is not who is not um Wicked or who is not uh autocratic knows to listen so what do you have to say what do you have to say now the consistency so the person I'm saying oh this is my head has to have a consistency of choosing what is right but if he does not now supposedly choose what is right I will rub it on his face that oo you say you are the head and now took what you said he not not work in this home not work in this home ahh what kind of person is that no now but there has to be somebody who can give the final are you here be here please final say who has the final say so in an issue if there is an issue for example which whether you like it or yes there will surely be an issue in your marriage and the issue there is not qu cuz qu have different definitions if it's a disagreement where this person want to go a this person want to go B this person want to go see which will happen because you married a full thinking individual except you own don't think so they should have choice they should have I want it to be like this I want it to be like this so we have to reason in that reasoning if finally we could not arrive at a compromise there has to be somebody who finally say oh oh this is what I want not say e no that is is why he's the head he asked to find so but we pray he chooses the right thing but if he doesn't you don't see R beating you simply say ah dear the thing you said we should do did not now work out but I'm still with you then you have gotten a husband who knows that your your what because you didn't rob it you say next time I'll be in charge next time you are still in charge M you get the point so the head there so husband the head that's Authority and that Authority is not you have nothing to say some some We Men weak men are intimidated that their wives give them opinion give them suggestion not you're not serious that's why we are praying to marry intelligent women you are praying to marry d one marry someone that is smart some you say what do you think about this thing what you think about this thing in my own life I know the the places that I would rather not ask any human being on this other than my wife because I know she's knows that thing very well what you think about this okay we just follow the one you said the one you said what do you I don't have anything to say the one you said is enough that is say how what the woman said is enough he over enough let's go with that one let's go with that one icept like I said you are Marrying an idiot which is your own choice instead of open eye you close

eye to marry no problem that's why you have Choice that's why there's a choice to this thing no God not force anybody on anybody even the one that the Lord told you this your wife still have to choose God told you you don't know that you be you lack wisdom and courtesy and relationship so you just went there because God told you because you ask God God cannot keep secret with you you ask God who do you he say that lady is good for you does not mean that other are not good for you just means of all the people around you this one will work fine so you should have known how to approach an you cannot meet an individual for the first time say hello there the Lord say you are my wife you go tell me too now since do no it doesn't work that you're not angry what the Lord said to me did not come to pass should it come to pass there are many things God have said that did not come to pass because we have choice on the earth God said Adam should eat life Adam chose death and God not twist his neck say Adam you disobey me didn't snap the God allows our choices to stand I hope you know all right and before you say the person disobey God God didn't talk to her she didn't disobey God you disobeyed God because you said God said this is your wife you not ask how if you have asked how then you have not heard God say don't you have a pastor you have heard God say don't you have a father don't you have a mother don't you have friends don't don't you live in a society don't you know how they talk to woman what were you expecting I was going to say that's what so that I said this is the woman how do you talk to people how do you because it's the same way he who wants a friend must show himself friendly you're not a friendly person I wonder why nobody talks to you you an island man say I just like to keep to myself I believe that in this life they should come to me come unto me all you that we in this life I just stay on my own and I said they come to me they come to me from the north to south the East the West you tell he who wants a friend should show himself friendly so in other words be the friend you want others to be to you so you choose your friends and if you are friendly to people you know that that's not how to talk to somebody you have to get to know them first which the brother who has the prerogative to say how did you people carry me here in fact out of here I people just listening I was like something is wrong like yeah go on Glory Glory but know that some people that I look at I will just know where I stopped in my note because they are too they are too serious what's Pastor doing right now this is not what he's supposed to be teaching on so let's go back all right but I mean the husband is the head of the wife you get the meaning of head now the authority over the wife and when you hear that Authority you don't hear I resist you oh my wife hear the voice of your master husband that's that's not not cool it's not be so they do I be all right so the woman can listen so you see the use of authority there you're not thinking weird things a president a governor over a place is the authority there and your mind is not going to I cast all the citizens out of Edo State you don't think like that now and now no no no no no that's not how is done is to maintain order so you know okay this is it this is it why when now say you have authority in Heaven and Earth the face of your mind is I bind and the bind is from the negative Point what if there was no fall what would you have been casting out so that's not proper

reasoning so when God gave man authority over Heaven and Earth it was to maintain order i t you that order o r d that's why the opposite of order is chaos confusion the e in order the seventh day go Man's first day was the seventh day God wants man to walk in order in rest that's the word rest r e s rest is not inactivity because God is still walking inside his rest work is a gift of life it's something that have life that work when you cannot walk you are dead say no sir s you don't understand there's Financial Freedom where you never ever work again AB what is work you have a wrong meaning of work work is a sign of life activity living things have activity when you don't have any activity you are not leaving you Financial Freedom is simply freeing yourself from the compoision to have to be involved to have food to eat or to fund the LIF that you want you are freeing yourself from that compoision that until I know what I did I know I I do this I do this I do this I I hle I will not have food no you are free from that compulsion as Financial Freedom does not mean that you are against work you are not richer thanet and he still work calm down I hate work I hate work L there that's why for us I want just laptop you be blessing it you be bling work too you don't know what activity is that's why time is going you pressing all your internet business now come on you know what looking at me that's what I mean that's what I mean by pressing laptop I believe is church his church say oh pastor Pastor said just noral I don't know what you at the one you are doing normal interet business making pastoring work so so also a pastor and a spiritual leader Apostle Pastor teacher also has authority over the flock that's say feed the flock of go over which the Lord has given you over s h so there's Authority there also and that Authority is not every member in this church I cast you into out darkness no now is that Authority is why you give me your ears why I'm teaching that you're not listening to me I will tell you hey give me your ears that Authority is in the word of God and that's why we say it I don't know where some people got their own from a pastor does not have authority over somebody's home or I mean home where you say I don't listen to my husband I only listen to my pastor ah now of course we know that if both of them submit to the pastor they're not submitting over the pastor in the home they submitting over the pastor I mean as relates to their living Godly as it relates to walking in the plans and purposes of God but who calls the shot at home it can't be the woman takes phone and say Pastor what do you have to say about where where our children should School the pastor say yeah I feel that I I feel like the greatest School of them all now mention it you baba you on your own that's why Pastor should have sense should be trained don't be putting MTH what they not supped put mouth AB be say um Pastor what do you think should be the number of children I think your wife should be present sir I think your husband should be kind of conversation what do I think what do you want what do both of you want not by The Authority best of me as your pastor I determine it now it must be six for the Lord appeared to me and my right hand began to vibrate and he says six six six the number of man the number of man yeah you will feed them we born them for you Pastor so that's why you say pastor we have born your child Oh Come have you seen the priz of of of Nan one Nan one will make you have one child just as is one just say one child

by reason of strength two and that strength I don't mean physical strength because physical strength you can just burn a dozen that strength is all the other strength Financial strength societal every strength reduce the number all right so you get it so the Bible gives us context of authority and that context of authority should guide our understanding of when we hear the word Authority when he say I have authority shouldn't always come from the negative perspective so if there was no for what was the authority man would have had to maintain the Earth that's why he say dress and keep it that was man exercising Dominion because that Dominion was to dress and to keep it to maintain it let it remain the way it is and let this spread all over all the Earth that's our Authority and that Authority does not change because Matthew 28 still says the same thing make disciples so we have the authority to make disciples we have authority to make disciples notice the word in Genesis chapter 4 keeper of sheep was used for Abel later on King said am I My Brother's Keeper that word keeper is where you get the word shepherd man was made to be a sheer part so that function human beings were surely going to be over other human beings but in a Shepherd function it was obviously going to ever it was obviously going to be because that's why shepherding is in Ministry function and God gave man Ministry in the beginning because God gave man assignment God gave man purpose did you get it I think I'm thorough enough now all right so we say Authority so he say Authority is given unto me Heaven and Earth go ye therefore and make disciples so we have authority to make disciples we have authority to spread the influence of God we don't like that one and that's actually hierarchy Authority has that greater than every other form of authority I mean if is a harassing spirits that is your reason for authority spirits that harass people that stop disturb people there are greater Devils than that one that don't have time to harassing people they harass Nation they're not after one individual that's why the Bible does give us a structure around the uh unseen word so we have authority come on we have author authority to make disciples is that so Ephesians chapter 6 says we should stand having to stand stand there for take on the o more so we have authority to stand to live as God's man is that what our Authority is for Imagine putting on the whole armor Power Authority in case you are wondering where we are getting that from is he a military language do military people have authority that's an authority context now and the authority context having done all to stand stand therefore so our Authority is in standing and living as God's man AB Ephesians 6:10 downward you remember the cont we have read these verses in the course of this series so far so I have the authority I have authority to stand and live as God's man which Adam failed in that Authority failed to leave as God's man he failed to stand as God's man he fell away from that that can be explained with the word and let them have dominion over the Earth Dominion King's domain so let him spread the influence of my spread my domain spread the king's influence and I give you the setting in the ancient world when you put an image of a supernatural being in a place you are saying this place belongs to the supernatural being so when God put man on the earth he's saying this place belongs to me but man Reigns and rules so this is who matters on the earth man is the crowning of

creation is that not so so our Authority is to maintain order say maintain order maintain order fourth thing we see about Authority is to resist Devils now this is because of a fault so if there was no fault would we in maintaining order if things try to go against the order as we see government the executive legislative Judiciary is that not what they are there for come on now the uh formulation of laws all of was it's a legal system that controls all of that so when we talk about Authority we're talking about legalities there that's you can't remove remove that uh jurisdiction from it the Greek word for Authority is jurisdiction I have jurisdiction over the heaven Earth and under the Earth so I maintain order I maintain order so now that there is a place of the Dead we also maintain order to ensure that from the dead are not affecting the living things from the dead are not because it's around us all the the the seen and the Unseen World are in the same place they around us you get it all right so is to put things in order and to stop things from going into disorder so it is in that stopping things from going into disorder that we now have resisting Devils today because the authority God gave man God did not change it neither did he mo re rework it is still the same so the fall of Man the reconciliation of what Jesus came to do for us did not change it see the same Authority that is being repeated with different vocabulary are you aen so when we say I have authority in heaven I maintain the proper order I am a steward of God I maintain the proper order I Advance the kingdom of God that's what our Authority is for so anything that will come against that advancing that Authority will stop it now thanks to the Mantra of food on my table doesn't allow reasoning a lot because when you hearing God's word from say how does he put food on my table not everybody has a problem of food on their table and food on the table should not be the reason why we do everything we do in this life I give you an example eating food how is eating food putting food on your table removing food how does enter and put food on your table as you are you take your loved one out or you're watching a movie at home is putting food on your table as you watching it is putting food on your table even in cema use popcorn to go so he taking food away from your hand to always take food away it's not putting food you not there and say how does it put food husband his wife say this will put food on our table baby come to where this will put food on our table you are not close your ear if you don't want to understand it put food on your table that does not put food on the table now it doesn't put food on the table and there are so many things you do people food everything is not I don't understand stomach infrastructure everything is about food on your table food on your table Esau is called profane because of that no there's something about our purpose for living we were not put on the air to become engineers to become doctors those are secondary use the primary use of your life is for the glory of God for the worship of God to serve God's purpose why we thought times and seasons why days days are for his days days are for his purpose for his glory amen so those that's why I can choose to be another I mean if you really raise a hardworking person the person can have um uh four five degrees is in different things one person can as we have seen there are lawyers today that are Bankers there are Engineers today that are uh let's use the word um that are psychologist I mean there's you there

people who are like four five things because they read all of them they went back to school for a second degree a third degree a fourth degree in different they did Masters in all of in different things or a doctorate in all of these things Abby or you don't it's not true in your own world you know people actually so we can't use that leg all right say what I was put on the a to be what you put on the a to be has to do with still worship towards God has a function towards God and that is the ultimate essence of living that's why when you say I live for God I live for the things of God then we can now talk about in my interaction with other that's not your living for purpose that is in your interaction so we call it communal relevance to be relevant because God also wants us to love one another in my in my living amongst men this was also how I was helped to I helped solve this I help this I help do this which is all of those careers are for but they are secondary to your primary cost for living you get it we're not put on the Ed because of money paper is your problem no there's something great that's why before Fiat notes it was trade by batter AB be so before money before cash as we call it was created there was always exchange the economy functions Beyond cash AB be thank you so when you want to make everything about food cloth rment crazy it's not Bible concept so we do have authority we do have what Authority have authority so our Authority is to maintain the cosmos because we have authority he has put man what is man have mind of him remember PSM when I consider the heavens The Works of thy hands which thy fingers are made the sun moon and star what is man made low that has crowned with glory and has put all things under the works of his hand so man is to maintain the all things so God who created the Heaven and the earth now put man to maintain it man is a steward of the heavens and the Earth man has the highest function of all created beings seen and unseen man has the highest function man is the one to sit on that height so when we say or Authority is in living according to purpose is in fulfilling God's purpose now if there are contradictions do we deal with them we put them in our place now if that's all you want to know about Authority you only have uh a limited scope of your Authority and as we explained about spiritual warfare remember spiritual warfare is not casting out devil yeah I mean one of the person who made that teaching a bit more common in Pentecostal Cycles was still L born he used to teach it a lot and say it a lot avoid all this Apostolic prophetic community definition of spiritual warfare that have you shout every an every ANC no power encounters is not cause spiritual warfare power Encounters of casting out Devils exorcism all the that is not what the Bible explains as spiritual warfare and we read those references for it that's simply what you casting out devil that's simply you using Authority spiritual warfare is a about reclaiming the Nations that were once dis disinherited reversal of Babel because it's the Earth has been God's purpose the GU of Eden on the earth Genesis chapter 6 a desire to reh have Eden but only by the proliferation of Bad Seed Genesis CH 11 let's have the guid of Eden again but this time we don't need God just like the six and uh 11 we don't need God we can the top will reach onto heaven without God we make a name for ourself which becomes idolatry we have explained it in this series Genesis 11 Rebellion B we do that for like two weeks all right so

are you with me so when we say we have authority remember what it means so he say I have authority in heaven to ensure proper what functioning to ensure order in the Unseen word now does the Unseen word have bearing on the seen word is heaven seen on the earth so because he seen on the earth I maintain that order so when we now say we have authority over the under the Earth that will now deal with what quiet what is the word Authority the same thing you learned just now now proper order AB is it the same thing proper order proper functioning so I legislate even to under the earth I legislate so Philippians 2 say we have authority in heaven Earth and under the Earth and when the Bible uses the word under the Earth there are different words for under the Earth are there activities under the Earth that's why the Bible uses SE to explain because there are activities in the sea so you know there are activities under the their activities now the word hell h e l as we call it appears for the first time in Deuteronomy 32 Deuteronomy 32:22 that's the word hell h e l l but funny enough the word had already been used 13 times before that Deuteronomy 32 the word has already been used more than once in different context now the first use of the word sh s e o l which is the proper word for it you'll see it because every time you put hell your mind goes to Fire and so you need to remember Hell goes to hell so which hell is going to hell goes to hell you have never seen that we read that now revelation and I saw okay let's read that first for those who have never seen it Revelation 20 Revelation 20 and verse 11 and I saw a great white throne and him that sat on it from whose face the earth and the heaven fled away and there was found no place for them and I saw the dead I saw the dead see they are being explained they are being referenced as an entity oh my Lord I Saw the dead so they are being exp as an entity small and great stand before God and the books were opened and another book was opened which is The Book of Life and the dead were judged out of those things which are written in the books according to their works and the Sea gave up the dead which were in it and death and Hell delivered up the dead death and hell are you seeing the use of word death and Hell deliver to the death and hell that different way people die people that die that we don't see their body they totally separated you know death is a separation when the spirit is SE from the body that's also a death sorry let's continue death and Hell delivered of the Dead which were in them which were in them death and hell and death and hell is Old Testament you see it is what used to explain the under under the Earth the under the Earth place is called death and hell you see it don't don't don't force it the New Testament writers read and teach from Genesis to Malachi so that's why the our doctrines must be built on Genesis and Malachi explanation so death and hell were cast into the Lake of Fire verse 14 and death and hell was were cast into the Lake of Fire this is the second death and hell were cast into the Lake of Fire this is the second death death and hell were cast into the Lake of Fire so you see hell goes to fire so when hell enters Hell Fire quiet the issue with these things is that somebody that does not know something will be arguing that's the problem with the kind of things once you say things like that say nobody can convince me that it's not fire the fire is burning right now A roasting people a roasting people okay let's

read all the references of your hell that is roasting people first reference of the word hell Matthew 5:22 in the New Testament books cuz that's where you get the fire concept you will never get the concept of fire and hell in Genesis to Mali you will never be ever be ever able to ever be ever able to comprehend fire and hell you will not do Hell Fire from Genesis to Malica you will not be able to and when you re Mal alone you see that fire is used to explain a future punishment there's always a future but it's not explained as the place where people are in it's used to explain what will happen to people in the place which is why they say hell and death is kind to Lake of Fire because that is the Old Testament explanation for it so where you not get fire from Matthew 5:22 it's a text that people can't explain I say unto you that whosoever is angry with his brother without a cause shall be in danger of the Judgment this is not the day of judgment to judgment there is the College of Judge judges which is called the sanen dream the tribuna because Israel had ruling classes and whosoever shall say to his brother raka the word raka is the word senseless empty one Aramaic in origin the venness of causes means somebody is totally useless shall be in danger of the council the council again I told you it's the San hendin AB the San hendin is council is made up of 70 Members Plus the high priest the high priest being the head of that council and whosoever shall say thou fool they got it from Moses 70 elders so the 70 and one so 71 makes up the council thou fool shall be in danger of Hellfire now the word hell there is the word Gina g e h e w n a g e h e e w n e Gina now because it is a transliteration from another word so g g e is used to explain a hill or a valley G H the Gom the valley of hom so but that's how you see it lnes but use word hell see how is used G of fire is used to explain G of fire will be in danger of G of fire was there a judgment of in danger of the D danger of Hell Fire verse 29 the same Matthew 5 and If thy right hand offend thee pluck it out and cast it from thee for it is profitable for thee that one of thy members should perish and not that thy G is still the same word use verse 30 and If thy right hand offend thee cut it off and cast it from there for it is profitable for thee that one of thy members should perish and not that thy whole body should be cast into hell hell again there is G Matthew 10:28 and fear not them which kill the body but are not able to kill the soul but rather fear him which is able to destroy both soul and Body in G it's not using Hades Hades will be the exact translation of sh he using Gina so obser are you me quiet so those same ma references we just read in Matthew are the same references you will find in The Book of Mark Mark 9:43 9:45 9:47 so it's the same references in Matthew and Mark so then because the word g is used 12 times and outside the four gospel funny enough it's only Matthew Mark and Luke that uses the word g it's not in the Book of John at all and it's not in any of the episodes until you get to James James is the only one that mentions it because it has James is written to a direct Hebrew audience and because he uses a a word similar to what Jesus used and the tongue is a fire James 3:6 the tongue is a fire a word of iniquity so is the tongue among our members that it defiled the whole body and seted on fire the course of Nature and he set on fire of hell so gives you a figurative a man can light hell wow somebody went to go and light hell and you are still reading literarily

that's figurative of course so Matthew 11:23 uses had this and thou cap capon which are exalted into heaven shall be brought down to Hades shall be brought down to Hades that's Matthew 11:23 shall be brought down a full nation is brought down to Hades for it for if the mighty Works had been done in the for if the mighty Works which have been done in the had been done in Sodom Sodom it would have remained until this day look at the word Hades again Matthew 16:18 I will build my church and the Gates of Hell the gates of Hades notice he didn't put fire the Gates of Fire not the use of word so you'll be intelligent with the biblical writer because there something they have in mind they did not know that we we we say we it's we it's we it's not them we are going to be stupid to think them to mean the same thing and affect our understanding they did not think so because they use separate words so if you were to call them and say you are the one that confused me they say no now but we use different word the biblical writers so since we can't call them today to question we can call their words to question which is what we are doing now and see that they separated it all right so Matthew 11:23 Matthew 16:18 those are the two references in Matthew for he this Luke 10 and verse 15 Luke 10 and verse 15 and thou Capon the same thing which are exalted to Heaven shall be trust down to Hell so the same context of Matthew 11 is in Luke 10 then we now have the famous story of Luke 16 and Luke 16 in case you forgot it's an [Music] illustration Jesus made the story up he didn't say Lazarus that is in your compound that Lazarus that all of you know in this Israel hope you know it's a story it's a story and illustration to teach let illustration be illustration in your brain allow illustrations to always be illustration so why does he use that illustration because he knows that the wicked and the righteous before his death burial and Resurrection were kept in the same place in sh he knows that so he he reflects that in his theology when telling the story in Luke 16 there was a certain rich man verse 19 which was cled in purple and Fin and and fed suly every day and there was a certain beg gu so it's a story is making up named Lazarus which was laid of which was laid at his gate he chooses this story very well because he chooses the names very well too verse 22 and it came to pass that the beggar died and was carried by the Angels into Abraham bosom were carried by the Angels into Abraham bosom now notice what he see the use of word he's not doing Heaven hell notice he Ed Abraham bosom because is teaching it's an illustration Abraham bosom the rich also died and was buried and in hell in Hades he lift up his eyes being in torment lift up his eyes being in torment he lift up his eyes being in torment and seeth Abraham a far off and Lazarus in his bosom and he cried and said Father Abraham have mercy on me and S Lazarus some people have used it to explain poverty that even in hell he see St Lazarus message that's not the context are you following that's not the context that's not what Jesus had in mind that's another context you are trying to create send Lazarus that he may dip the tip of his finger I say poverty is a bastard see even in hell you see the S Lazarus message say send Lazarus that may deep the tip of his finger in water and cool my tongue for I am tormented in this flame for I am tormented in this flame and Abraham said Son remember that thou in thy lifetimes his story receiveth that good things and likewise

Lazarus evil things contrary things the word evil I mean life was tough for him he saw contrary days a lot but now he is comforted and thou art tormented see what he contrasts it is comforted and thou art tormented are you here 26 and beside all this between us and beside all this there's there's all this between us and you there is a great go so there's translation Old English KJV 1611 grammar and beside there's this great golf beside between us and you so that they would pass from hence so that they which would pass from H to you cannot nether can they pass to us that they will come from T other words you can't pass from there to here from here to there so there's a separation then he said now if this is your Heaven I don't think you should go to heaven your heaven have you and Devils uh unbelievers in the same place sorry but that's not consistent with Bible theology for I have five Breen that he may testify unto them lest they also come into this place of Torment so you see the use of the word now why he calls it a place of Torment a place of Torment why because he cannot change his faith he cannot change his final punishment ABI so he already decided it's not in hell that people are repenting so that's why can because what is now is future our now is our future what we are now is still what we are going to be that's why does not yet appear the same way in the place of the dead now is their future it does not yet appear how they will be tormented and become nothing and be no more so he used the place of Torment Abraham said unto him they have Moses and the prophet let them hear them and he said n Father Abraham but if one went unto them from the dead they will repent and he said unto him if they hear not not Moses and the prophet neither will they be pursued though one rose from the dead so it's not by people that die and come back and say I saw heaven that one is not change many times it's poverty that is doing those people because they say I was in head then it began to rain the rain should have quenched the fire now know that made up story I saw people in here wearing TR just say you have a problem with charers how can somebody go to H because of fashion choice quite horrible theology say ah it's in the Bible it's in the Bible no it's in your lazy and your manipulation of Bible verses because if you are going to the bible teach Jesus how to dress properly but if dressing takes people I mean the same woman in the bus that say keep on paying your hair keep on wearing wav on sister Jesus is coming after all of that you not say I want to tell you after all of that so know that she knows that that's not how people go to her you say I want to tell you that Jesus love you why you not mention love I thought his wardrobe that you are preaching he wants you to believe in him no why should we believe we should just change cloth let us change cloth since you are deceiving yourself since it's cloth say wardr malfunction it's a wardrobe issue that taking you put to Hell AB no now n n n n n zero reference in fact dressing and ha in the same verse does not exist so you just I mean when the problem is once you have a bias and you go into the Bible you will see your bias and it's not there you will now start manipulating text and deceiving ignorant people with you don't understand the depth we are talking from you see there's a way you will look at there's no way we can read read there's no way we will look at it come let's reason not come and submit your brain with to and sit down there's no text

like that so you notice their UK branch and their us Branch they wear TR that and I say leave them is abroad the Jesus of dollar the Jesus of NAA leave them is abroad so we now have a gospel for Nigerians and a gospel for those abroad that's how I should not even bother myself using Bible verse to explain to you because your teaching is not consistent geographically if we move from Nigeria now that truth has changed so your truth is not the same all over and you are preaching Eternal truth that translates this from this word rubbish so that Luke 16 gives us that context then we now have acts 2:27 and acts 2:31 because thou will not leave my soul in Hell neither will thou suffer thy Holy One to see corruption notice didn't say Jesus was in fire that not so Jesus when he died went to hell acts 2:31 he seing this before speak of the resurrection of Christ that his soul was not left in Hell neither did his flesh seek corruption so Jesus went down then we have First Corinthians 15:55 which is quoting an Old Testament text oh death where is thy stink oh grave where is thy Victory the word grave there is the word Hades is quoting Hosea 13:14 grave then the third use of the word hell in the Greek text is the word tatarus tataro which is 2 Peter 2:4 if God Spar not the angels we sin but cast them down to tataro and deliver them to chains of Darkness to be reserved unto judgment in the same geographical location with SH the only difference he uses a word that the Greek audience understand because in their mythology um The Olympian gods and the and the Titan Gods which are the original Gods the original Gods led by Kronos and all the rest were banished to tartarus because they were more wicked so it's a Realm of Darkness where you cannot allow them see any light you cannot allow them see anything there so he uses that to explain the Genesis 6 rebellious spirit because they are more wicked Spirits they cannot allow them to ro so he cast them down to Hell and deliver them into chains of Darkness to be reserved unto judgment so these are the three Greek words used to explain hell now are they all in Genesis to Malachi yes there those idea is in Genesis to Mali now that word g like we said the very first one that we are familiar with with fire is in Joshua the Book of Joshua Joshua 15:8 and the borders went up by the Valley of the sons of heno onto the south side of the jebusite the same is Jerusalem and the Border went up to the top of the the mountain that lith before the valley of hom Westward which is at the end of the valley of giants not what valley of giants not what are you seeing how he's using the word Joshua 18 and verse 16 and the borders came down to the end of the mountain that lith before before the Valley of the sons of hom so the word g is the word Valley of hom in Hebrew so the Greek translation of it is now where they use Gom valy g g e then hom pronounce in the Greek as H is the same thing just like Elijah is Elias hope you know it's the same person all right 2 Chronicles 28:3 moreover he burnt incense in the Valley of the sons of hom and burnt his children in the fire after the abomination of the Heathen whom the Lord had cast out before the train of Israel so the word GE was that a physical place in Israel physical place so the Jesus's audience could not have been stupid because when he says G their mind will go to outside Jerusalem The Refuge dump just like uh if you are going towards the adua side uh they bypass that way you see where they burn de if you are in Lagos or J if you in anra

every state have their own the major place where you see a lot of refugees kept if you live in those States you know there's a place where so but the only problem in this example is that they are within the city but in Jerusalem there's a place outside the city now outside the city outside Jerusalem mean something in their theology because outside Jerusalem outside Israel which is why they are fighting worry today because Holy Ground and the concept is not for that non physical inia they were using that physical thing to explain something spiritual that outside God's promise outside God's land every other place belongs to Satan and his Devils that are roaming there so outside Jerusalem where they were Bor and dead can now be used to explain outside of God's Paradise outside of God's Tabernacle because of the uh Tabernacle language because outside the Tabernacle everywhere else was seen as Unholy ground and Jerusalem explains the whole Tabernacle because it's used to explain the holy city so outside the Heavenly city is is a waste is fire that's what they were explaining so there was a physical place they had in mind and it was where they were burning refuge and once in a while people did burn their children inside that same fire because the fire didn't used to go off because it was burning because every day people have de so they burning it of course that's pollution but they were doing that so Jesus uses that physical Place imagine using a physical place to tell talk to people they should understand what you are saying so the direct audience what they have in mind when they hear G they hearing value of H because they know what it means they are not thinking of a supernatural place where people are Ro they are using it that oh so this is what's going to happen this is the de cuz the final destination of that death is to be borned so this is the final destination of all those who reject the Tabernacle who are outside of God's holy Place who are not sens who do not believe in God so is not that currently because that g in Genesis to in G in Matthew to Revelation is explained as Valley of hom is that okay is used 13 times even to Jeremiah chapter 7:31 and they have built the high places of toet which is in the Valley of the sons of hom to burn their sons and their daughters in the fire which I commanded them nether came it into my heart so just as Jesus called people the children of hell that's how you see these sons of son of H sons of Hell son of that hom so it was the Valley located Southwest of Jerusalem it was in Joshua called the plane of the reims which you see the importance of that word the plane of raim r o e p h a i m so you see why it was used in their explanation so the value of hom is that so like we said if you don't remove fire from your mind when you hear hell you will never understand the meaning of hell because you always be putting fire fire fire fire the fire is not now the fire is to explain the Eternal damnation the fact that they will be bornt will just likeor is not borning to today but he no longer ex that's how God is going to wipe away we are not going to leave in the new world in the global Eden with unbelievers Satan evil spirit wickedness there will be no weeping those things will not exist again so he uses the fire narrative because of its power to utterly consume so that concept is what the episodes call they shall be destroyed with it destruction Eternal damnation that's the concept being explained with the fire are you following but is there a place where people are kept yes that

place is the use of the word word shield and the different words for it like we said it can be the word hell which is the word shield in Genesis to Mali the Hebrew text s h e o l then there's the word beneath the Earth beneath the Earth so beneath the Earth is also used to explain what hell beneath the Earth then water under the Earth so so Isaiah 14:9 hell from beneath is moved hell from beneath from under so beneath the Earth language water under the Earth Exodus 20:4 thou shall not make unto the any graving image or any likeness of anything that is in heaven above that is in the earth beneath that is in the water under the Earth so water under the Earth used to explain the Unseen word now if it were not important I wouldn't tell you remember I told you that there are beings in this place because we have authority over just like there are beings in heaven beings on the there being and if you have authority over them who are the people in in hell and if all you say is human being you just return that hand with slap to your face you are not serious can't be only human being now so and if you can't classify all the kinds of spirit there is why we need to study the different was used because the Bible explains all the things you will find in sh So when you say we have authority what do we have authority over so God forbid your child were to tell you that Mommy I I dreamt I'm seeing Grandpa appearing to me and telling me this and you ought not to be scared just say come my love come use authority over those things what is the Dead doing with the living in this context so you you know what to do but that's why we need to teach you because those things can happen and happen let's find one Deliverance priest let's find one priest let's find one that we pour holy water I hold crucifix and Shout no no no no no no no the child is not up to the age where he can know for him or herself we just exercise authority over that and say that's the end of such manifestations in the name of Jesus that's the that's the end of such manifestations I do not allow this in this house this is not the space wherever this child goes let me use your Authority that's why we are talking around that because there are spirits are you with me sir so it's the same word used for under the Earth under the Earth under the Earth so beneath the Earth under the Earth was used to explain what hell thank you under the earth I think we saw that in the text we have read so far be come on come on come on mhm under the Earth under not just beneath under the Earth under the Earth under the Earth clear clear clear under the under the Earth Revelation 53 in case you are wondering which reference is Philippians 2 we saw and things under the Earth so under the Earth so there's under the Earth language then there is the nether word NE e t h e r the Nether world not Netherland clear clear clear yeah the nether paths Ezekiel 31:14 to the end that none of all to the end that none of all the trees by the waters exalt themselves for their height neither shoot up their top among the thick bats under their trees stand up in their height all that drink water for they are all delivered unto death to the nether parts of the Earth in the midst of the children of men with them that go down to the pit another word for Hades pit Pete Pete Ezekiel 31:16 you see the beer shall be converted in the nether part of the earth eel 31:18 the nether part so it's used to explain the fmost part of the earth remember the ancient had the theory mology Heaven Earth under so the Fest part is used to explain under the Earth

because it's far away and it's used more that part of the word nether word is used more in what Ezekiel E 31 e 32 those two chapters you read it contextually you see the use of that word then the word Earth itself is used for hell the word e Jonah 2:6 because they are not thinking it in English it's the Hebrew word eret as why so in case you are wonder how can Earth be called hell their brain is not English but Hebrew so the eret I went down to the bottoms Jonah 2:6 I went down to the bottoms of the mountains the Earth with her bars the Earth with her bars the Earth with her bars was about me forever the Earth with her bars did you get it Psalm 70 Psalm [Music] 71 Psalm 71 verse 20 thou which H has showed me great and S troubl shall Quicken me again and bring me up again from the depths of the earth so the use of Earth there is not Earth where you and I are living but under the Earth depth of the earth did you get it then there's the word uh okay let's read Jeremiah 17 just to finish up on this Jeremiah Isaiah Jeremiah lamentation Jeremiah 17 and verse 13 oh Lord the hope of Israel all that forsake thee shall be ashamed and they that depart from me shall be written in the Earth because they are forsaken the Lord the Fountain of Living Waters you see the way uses earth doesn't even care if the audience understand because the audience understand it's you that don't understand they know what is talking about and where did that all start from Genesis chapter 3 the dust of death where the serpent Genesis 3:14 and the Lord God said unto the serpent because th has done this thou are Cur above all cattle and above every beast of the field upon thy belly shall thou go and th shall thou eat all the days of thy life so the serpent the nakash is going to roam the Earth dust of the earth and that Ro the Earth is because the Unseen word in the Earth the Dead part of the Unseen word of the earth is called shol Remember both of them are unseen sh and Heaven is unseen so the dust of death I will also explain that dust references used in The Book of Job Abby right thou then shall the dust return to the Earth Ecclesiastes 12:7 and the spirit shall return unto God who gave it yeah is using dust Psalm 22:15 my strength is dried up like a p shed and my tongue cleav to my jaws but and thou has brought me into the dust of death so death dust used together then there's the word lowest how many do you have now used to explain one place Shi is called Shi is called hell Shi is called Beyond the Sea Under the Earth beneath the Earth the nether part of the word grave Peach eight lowest so we already have like seven so the lowest sometimes it's just used without putting hell but just use lowest when they just use lowest without using sometimes they put lowest hell lowest speit or they just use the word lowest which is an ellipses so when you says lowest in case you ever see that lowest hell Psalm 86:13 lowest speed Psalm 88 ver6 so the world lowest Job 28 and verse 22 don't sleep of job I don't want to repeat this once we have passed here we have passed here destruction and death say we have heard the fame thereof notice destruction and death are placed together destruction and death says we have what we have heard the F thereof with our ears destruction and death notice how they are used together destruction and destruction and death Proverbs 15 verse 11 Proverbs 15 and 11 hell and destruction you see something is added and hell and destruction just like you saw death and hell to the Lake of Fire hell and destruction are

before the Lord how much more then the hearts of the children of men hell and destruction hell and destruction job 266 hell is naked before him and Destruction has no covering Job 31 and verse 12 Job 31 and verse 12 for it is a fire that consumeth to destruction and will root out all my increase fire that consum it to destruction notice the use of fire and destruction which the prophets will begin to use to explain the ultimate end of all the wicked clear clear clear Isaiah 14 who is in Hell who are the people in Hell Isaiah 14 from verse four that thou shall take up this proverb against the king of Babylon So it's talking to a King king of Babylon king of Babylon that's a physical King but that physical King is going to be explained with a language used to explain supernatural beings and thou shall take up this against the king of Babylon and say how are the oppressor sees and the Golden City sees the Lord has broken the staff of the wicked and the scepter of the ruler he who smoke the people in rth with a continous stroke he that ruled donations in Anger is persecuted and nonhindered the whole earth is at rest and is quiet they break forth into singing yeah the F tree Rejoice at thee and the seeders of lebano saying since thou has laid down no fa has come up against us see why Ezekiel uses trees to explain the Unseen word nine hell from beneath is moved for thee hell is what hell sh shield from beneath his move for thee to meet thee at thy coming he stir up the Dead the word dead there is the word Rafa rfim so these are people in people in sh Rafa rfim are in sh but he wants to mention somebody else that is also there with death it stir up the dead even all the chief ones of the earth it had raised up from their Thrones all the kings of the nation all they shall speak and say unto thee at thou also become weak as we thou become like unto us thy pump is brought down to the Grave grave is Shield just a bad translation using the word grave instead of hell looks like he is burial ground no and the knowings of thy V the one be spread under thee and the womb covered thee verse 12 how are thou falling from heaven now the king of Babylon is not in heaven neither did he fall from Heaven so because it's a proverb remember I told you it's a proverb so it begins to speak of who is behind that physical king of Babylon which spiritual entity is walking through him now he says oh Lucifer Lucifer is the uh word h is the word used to explain that physical king of of Babylon at a certain time it's called hel Lucifer is Latin translation so you use the word Lucifer because because of the Latin vgate that's why it's called Lucifer there is H in Hebrew how are thou falling from Heaven oh Lucifer son of the morning not saying that that is the name of the supernatural being that's quite lazy you have no other reference for it don't make only one place in the Bible is the word Lucifer used and Isaiah 14:12 and it's the word h used to describe the king of Babylon it is the figurative name of him because the man is called The Shining one how are that falling from Heaven Lucifer son of the morning Son Of The Morning Morning Star remember that is that a nature terminology how are that c down to the ground which did weakens the Nations for thou Hast said in thy heart I will Ascend into heaven I will exal my throne above the stars of of God I will sit also on the Mount of conation in the sides of the north I will Ascend above the heights of the cloud I will be like the most high verse 15 yet thou shall be brought down to Hell to the sides of the pit so the Nash because Isaiah 14

is Ezekiel 28 and it takes you back to what is in the garden that deceived Adam and Eve AB thou has been in Eden the Mountain of God so we've done that study before mountains of God we explain Isaiah 14 Isaiah Ezekiel 28 every verse so please thoroughly so that's is the Genesis Theory Nash so who is in who and who is in Hadis who and who is in sh we see that a term used there Rafa RAF then we see that the Nash but that's not all there are other entities that are explained in Shield So when you say think in heaven things in Earth things under the Earth what are the things in heaven so that we are done with this once and for all what are the things in heaven Heavenly Creatures unseen beings AB what is on the earth Earthly creatures come on Earthly creatures human beings animals plants and so other so Earthly creatures Heavenly Creatures now heavenly creatures are who we have been dealing with because they are part of the Unseen forces is man also an is man also a spirit being is man also an unseen entity only that he has a suit he has a container is inside called physical body but he's a he's a force to be reckoned with and in fact he's the highest Force we can't be going back I'm back now all right so we have authority over three places Heaven Earth under the Earth so who are now the people under the Earth it has to be since it's only two places God created heaven and earth seen and the Unseen word so whatsoever is in heaven and earth can be under the earth oh my Lord AB be whatsoever is in heaven and earth can be under the because on the Earth is used to explain consequence of those two it's used to explain those two away from the promise of Life ABI thank you so when we say we have authority what do we have authority over Heaven and Earth proper order proper functioning now that there is now a place called under the Earth do we have authority do we have authority we have authority now we'll pick up from where we stopped last week Wednesday next week Wednesday too talked about the different wordss for Spirit where where at the witch of endor's house we saw words used to explain spirit and that's what we'll pick up on Wednesday I try to be a bit say I have authority I have authority in heaven heaven on Earth on Earth and under the Earth and under the earth I have authority I have authority I have authority I have authority I have authority I have authority all right job 26 verse 5 job 26:5 5 and 6 dead things dead things are formed from under the waters I hope you know what that Waters is Waters a word used to explain sh AB not physical water dead things are formed so dead things the word dead is that word rfim So This Is How They are formed rfim are formed there is now Shades spirits that are Shades s h a d e Shades dead things are formed under the waters and the inhabitants thereof verse six hell is naked before him and Destruction has no covering hell is naked before him hell is naked before him dead things are form from under the waters dead things dead things say I have authority over dead things I so my authority is both in the land of the living and the Land of the Dead if you know your Authority is over the dead why do you you fear death so the apostles used the word sleep so revelation will pick up on this Revelation mentions all the different ways somebody can die and death is also one of the ways to die death can kill somebody or famine hunger pestilence different things can kill a man plus the man killing himself is just a coward's Escape many things can kill a man but I

have authority in heaven in Earth and under the Earth emphasis Authority I maintain order I can bring since we now know there is a falling world we are living in I can cast I can resist but I maintain order I maintain I have dominion AB I'm I have dominion in heaven Earth and under the I have dominion so somebody that is Marked for Death can I stop the person from being Marked for Death yes sir you know there are some persons that are near death when they are sick sickness is called incipient death thanks to uh uh John jck one of the foremost Divine Healing Supernatural men that pioner the a lot about Divine Healing have you ever laid hands on somebody before and it felt like the person was going to die or have you ever seen somebody sick and it looked like now want die so you didn't get that I'll repeat it again have you ever seen somebody that is dying on their sick bed all right they are pining away you know you have authority to chase debt away from a man you do that's why we are teaching this that you see it you have the authority to chase de there somebody that was brought to me last week and as I saw the individual last week I saw minions that's what we call it m i n i o n around the individual and that is not good and I said ah some these people have brought wrong Heavens over this person I not not an issue the wrong atmosphere that's why you stand your stand at the gate over your family over your children over different things I something but that thing has a name death can be on people death can be chased away from people I'm using the ancient world view I don't want to say somebody sick and I'm using Deb can be on somebody and you chase debt this is not a time this is not the time you don't have authority to cut me short no I only read I only sleep not into your arm into the arm of the Lord because whether aive or pres whether uh living or dead whether sleeping or Alive we are with the Lord so we have follow me so do every Christian who has ever died are they still here with us only that they cannot interact with us with their physical bodies conversations we having on Wednesday so we say I have authority because that was the question we asked on Wednesday that we have answered today so we have seen what the authority is but are there things in heaven things on the earth yeah are there things under the Earth yes and I have authority over all I have authority over all three have authority in heaven so when we say there's something unseen I have authority say no no this is not how you should this is not the order this is not how it should function so I can I can I can determine how the heavens function over me see this is not how it's supposed to be functioning at least that brother got it let's try this people so the Unseen word I can say no no no this is not how the invisible word here is supposed to be operating around me I can this is not how it's supposed to be operating around me I can say this is how it's supposed to be operating around me I can say this is how it's supposed to be operating around people around me I can say this is how it's supposed to be operating around the souls God has called me to preach to just like on the earth authority over the Earth in our living with people come on do we have authority that's why you are you can determine if people are born again or if they are not going to be born again you can also disciple people that's using authority too you can lay hands on the sick are laying hands on people people that are sick you go to hell to go anday on the sick no

now so lot about our Authority in our work of ministry all of that is where you now say all the other things you are doing charismatic gifts and all of that now use of ministry but what I want to end with the day you the day you know you have authority interior worlds you will not fear Dark Places many years ago uh I was entering a very dark place room and fear just grip me and I said come out if you really are the power you claim to I don't know where that just came up from my spirit that's why it's good to pray because you will have vocabulary that you don't yet have maturity for that's why it's good to pray because your spirit will take you place that your body has not gone to that's why you can see people and say I see I've seen this person before you having flashback that your body never experience yeah because the spirit you're a spirit being you must have had flashbacks before like I think I've seen this person before I think I've been here before yeah nothing came out if anything had come out but as a day Dark Places lonely you're the only person you know some people has scared of those kind of things only person everywhere dark hey something may come up from the something where they they who they be have authority over all we see the dark places of the earth what is being formed in the Dark Places cruelty wickedness have Authority have Authority have authority over Dark Places I come as the light have authority I have authority over dark places over dead places over dead things have authority I have authority I have authority imagine the believer knows that and the doctor tells you this is a terminal illness terminal what is one Revelation the Lord had to teach me extensively and I'm still learning it in a very strong manner because the day of Mighty manifestation of raising the dead in such a cheap manner is upon us that's just it so things you need to know one of the things you need to know because Revelation is Insight Revelation is power Revelation is Authority in the Unseen what do you know you need to know that you have authority over dead things have authority over dead things dead you have authority over the dead just as your father does have authority over the Dead the Lord Jesus and in his name you have authority over the dead if not no believer can raise the Dead now people do say that oh I know a magician there's no magician there's no Bible verse that has a demon raising the dead there's a reason why and it's good we maintain it and stop allowing silly movies deceive us that is one manifestation that is not found the devil say this is beyond our hand there's something beyond the manifestation of the Gods because they were created they are not the source of Life man is not the source of life but man has been installed in a place where it functions like the grand ruler of all the universe because we are images of him we image him amen and in our rule men are seeing God's rule this is how this is supposed to be this is how how did you leave this place who scattered this place you ought to say that over your life this place ought not to be scattered you arrange it you have the authority to arrange AR it you have the authority to arrange it so arrange it arrange it arrange your Heaven Earth and arrange under the a to never encroach in your activity which you got that arrange it we have authority that's we need to know what is in Shield that we have authority over learning something I have authority in heaven I just said it's only one paragraph I explain this all this time you think

I've been teaching since just one paragraph you have authority in heaven Earth and you know we use words that we don't know what they mean say I have authority I have authority what is that Authority I maintain the order the proper functioning I have dominion I'm in charge things in the heaven submit to me I get things on the a to submit to the lordship of God to the lordship of his word I'm in charge I'm in control I'm installed I'm in charge I'm seated far above all principality and power might and Domin every name that is named I'll never fear Dark Places I'll never say ghost I don't fear that spirit I don't fear that anything they want to call I don't fear that I'm in charge you know you can actually say to a ghost Boo and the ghost will be running say go find the body then come back then we can talk that's just legalities go get a body you don't have body get out say yes sir yes sir I will come back but you don't have a body are you interacting with me like this and you try to encroach it's illegal but they do do that Spirits is illegal to interact with people like that and they do but we stop them on their track that's why we are the law enforcement agency here encroaching that how do those spirit run wild they all want to run wild in your street run wild in your area run wild in your life because you are in charge Hallelujah you are in charge you are in charge you have authority you have authority over the heavens the Earth and under the Earth say but that's God that has because you are the being that images him so it's not looking like you are God you are not God but you are his child you are the proper representative that he planned from before the word began that will sit with him and reign with him and be his heir over all things possessor of Heaven and Earth Hallelujah ride on in Majesty child of God you in charge you in charge there's is one person there's nothing out there that is stronger than you whether if even if the person just got born again today the issue is that he does not know there's nothing out there and that's why you need to talk about what you have when people talk about doctors they get excited ah do you know that Baba you know what that Baba can do do you know who I am do you know what I can do Elijah one day standing in his element looked at and said let there be no rain that's the Man In Charge not talk never talk that one you have authority in every of the Water Kingdom Animal Kingdom air you have authority subatomic Kingdom that's why you can deal with viruses gems bacterias you can deal with all those things you have authority Elijah was told is not Elijah that they ask head Elisha is it Elijah or elishah El elishah the ask head Allah Master it was borrowed they said I'm not going to wet my cloth but I will get the iron out who does that no I'm not going to wet my clo I'm not going to jump in nobody should jump in he throws the stick and the iron float imagine what aim this of syus will say it goes against his law because aides is the first builder of ships and boats made the law of flotation it's going against this is not how we explain flotation no Elisha returning back after taking the double portion where is the Lord God of my master and the rivers please open how did I overcome fear for Rivers I've stilled have not learned how to swim every time I used to pass the bridge I would say Hey what if I fall this that River what if I fall I don't know where that fear came from overcame me Supernatural and I said even if I fall inside the water and I cannot swim will part it or walk on it go there are options Jesus worked on it oh

there are options renew your mind and since then fear died fear died fear died I have nothing to fear about when you know you are in charge nothing to fear about what if the enemy brings what if all of a sudden what if there's not a diagnosis what if there's not a sickness that not diagnosed that has no cure ha I have a gift called the gifts of healing it heals all sicknesses all manner of sicknesses and diseases doesn't matter the name they call it God has a personal name he's called Rafa he's the Healer he's my healer he's my healer I'm never afraid of sicknesses no no no no no no no no no no if I because healing is everywhere because Believers are everywhere I can get healed you can get healed here you can get healed anywhere you can get healed in your room you can get healed here I'm not going to live in fear because of a sickness check their machines they say okay based on this normal kind of sickness we give you three weeks to leave woo three weeks to live hey Saul was outside David said I shall not die but live to declare sa was outside they cut sa's robe and showed s that I could have killed you the night every time saw had David pin to the wall the man told us shall not die but live is it that he did not fin that he di but at his own Temps at his own Temps at his own Temps at his own TS child of God you have authority let us sink into your head this morning as we pray you have authority you have authority you have authority some oh that one is in the Bible this is my own life no no no the Bible and your life should be the same it's the same truth truth hallelujah I mean look at how many persons dealt with water Joshua the water of Jordan receded Moses Elijah Elisha the Lord Jesus Peter Apostle Paul no life shall be lost in this sheep we have enough are you know good company none of that one motivated you but no no no no no it's even easy for somebody to say ah if now I I know one I know one is awaring that if he fall water will just suspend it's easy to attribute these things to you are fiercer than those channelers you are you are fiercer tougher stronger than those mediums if only you know and which is why you must know that's why we are teaching this thing there's no greater medium on the earth than you you are the God's medium for expression on the earth those are lesser things illegal and they don't to see that it's illegal they don't have access to all the flows you don't need a river you don't need a mirror you don't need Calabash to see the future you can open your eyes where born with eyes open Born Again shall see the kingdom of God you have eyes from the resurrection God wash your eye come just like they say about the son of a king he say he has been cooked God cook you come he cook you come your eyes have been washed you can see in the Unseen I don't know how the days will be that's why we can pray that's what tongues for vision is for just you stretch your head don't learn to stretch your head as you pray say oh all right so that [Music] all right all right all right I don't know what will happen tomorrow no no no not me me I have prophecy I know what will happen tomorrow every believer has the gift of foresight we are not blind people the man was afraid the enemy was really outside Elisha said Lord open his eyes that he may see what is surrounding you something is surrounding them I shall not fear I shall not fear is it is it entering into you you have authority Heaven Earth and under the Earth doesn't make you a politician except you are a politician that's not what we're talking about not that type

of physical Authority but you have authority you can determine things on your knees you can rule the Earth you have power with your arms stretch out you can rule the heavens and the Earth Earth and under the Earth you are in charge with your words what you say with your actions Hallelujah I have authority I auth I have authority I author Abraham said what did you say they say they have taken your taken your nephew lot say how many servants we have round them all up 38 say let's go who does that Four Kings that defeated five Kings he matched the 318 servants M met him at the slaughter of the Kings what a man what a man I know one of the things that star Abraham up because those people had backup of the deities he knew since he unseen unseen force that one I have a greater force balac said to Barack Barack said to Deborah I can't go and fight except you join me join me and at the end of the battle Deborah took up her song and said the Stars fought for us literally rocks were rolling nobody was Rolling Stones I get backing after sin [Music] boasted Isaiah told ezekiah calm down said they will not shoot one arrow in this city they will not shoot one Arrow they will not shoot one arrow and when they woke up in the morning the Bible said 185,000 of the Assyrian army laid dead and the King fled to his place of Refuge it was in his Shrine that his own Sons killed him in the place of Refuge they could even see his death what is making you scared all Isaiah all Hezekiah need to do was to cry to he who dwells between the CH beams and say Israel is your portion are you not a child of God is God not your papa use your Authority have authority authority have Authority have Authority have Authority have Authority auth have authority you know you can contemplate on these truths a lot and it will affect you yeah that's the kind of man John was that's why it was banished because it was unkillable they put him in a cauldron of oil did not die who puts a man in a cauldron of boiling oil and he still alive he still alive still alive but it's not his time it's not his time because Jesus had said to him what if I want him to Tar it to the end there were Wars over his life that he could not just go like that just was over his life I held bill hamon first say it he says there are prophecies that are ahead of me he said oh when his wife died he said H and all her prophetic words had had passed I me look I never saw it from that angle before but the man was working with prophecy book say ah if I knew would have given her more prophetic words there were no words again in the future she had fulfilled all her words there are words ahead of me Paul told Timothy w a good Warfare with the words have been spoken over you words over me there are things to fulfill there are things to do for the Lord this is not how I will go this is not how I will end I know how I will go I know how job says I will come to the grave in a full old age like a shock of corn cometh in in a season so it's when it's time I will go I'll draw my leg into my bed like the Patriarchs of Abraham Isaac Jacob no matter how Fierce the days was Jacob see drew his leg into his bed no matter how evil the days he faced were I believe God the best days are now best days are great days are here great days I have authority in heaven Earth and under the earth stand on your feet I have authority in heaven I have authority on the head I have authority on the head so I can say to my body you can say it you can say my body is rejuvenated by the power of the Holy Ghost because it's the same spirit that is in you that

will get your body glorified is the same spirit is the Same Spirit you can begin to talk I have authority nothing that I face because some of the things that is making people afraid to use their authority everyday life challenges that unbelievers can even handle ab ab that's what we're talking about I have authority and I use my authority lift your hands and pray in the Holy Ghost use
