

our lives and our Ministries will never be the same again we know that the eyes of our understanding will be flooded with light we live here with a greater understanding of your word that will be a people who walk in the light of our Authority in heaven on Earth and under the Earth and even as we again continueing our study and looking at the defeats of devils and how they are so beneath us trust that no no one will leave here confused but Clarity and understanding floods our heart in the name of Jesus and in this service we declare that the things that ought to be said will be said the things that ought not to be said will not be said your name will be glorified we shall be edified built up transformed by the power of your word and we declare that in this service we open to receive Miracles Encounters of the god kind in the name of Jesus Jesus amen God bless you have your seats hallelujah amen second Timothy chapter 3 and we'll begin from that text of scripture second Timothy chapter 3 2 Timothy chapter 3 and verse 15 it says in that form of child thou has known the holy scriptures which are able to make thee wise unto salvation through faith which is in Christ Jesus verse 16 all scripture is given by inspiration of God and it is profitable for what so the scriptures is profitable for what the scriptures is profitable for Doctrine the scripture is profitable for Doctrine for reprove for correction and for instruction in the scripture is given by inspiration of God and it is profitable for Doctrine so where do we get our doctrines from the scriptures amen we do not get our doctrines from what we feel we do not get our doctrines from what we think we not get our doctrines from our experiences we get our doctrines from the scriptures amen where do we get our doctrines from the scriptures that's where we get our doctrines from we do not get our doctrines from any other place other than the written word and that's very important because we live in a time now where people say what is your own opinion on this what is your own opinion on this can I get your own thoughts on this every individual thoughts from the Bible ought to be from the Bible so it has to be scriptures explaining scriptures that is the point or the view that we ought to have and so um we live in a timeline now where there are many unbiblical practices being non-biblical practices being um adhered to by many persons and that is the major reason why we must hold on to the sanctity the of the written word and take what the Bible actually teaches now one of the greatest topics that has a lot of persons confused or a lot of believers do not know much about funny enough is the subject of demonology I mean mainstream Christianity does not have its theology correct on the subject of demonology in fact the only thing that is correct in mainstream idea of demonology is that we have authority over them and that we can cast them out but the idea the explanation of many demonic terms all the use of the word Satan devils and all of those other things are so so far from the truth and again as the custom is when you hear something new do not say oh this is new how come nobody else is saying it nobody saying it does not change the fact that it is what it is hallelujah the truth is always the truth it's not about how many person saying it is about what the scriptures actually say and also like we always point out God always have 70,000 have not bowed God always has so not everybody is online not every minister of God who teaches the truth and how many pastors

do you know yeah I mean there are so many Christians today who do not even who are not fascinated with things of God just they know so much about unbeliever secular things you say mention 12 gospel singers they can't but they can mention 5,000 secular singers that's the same way so how many pastors do you know so when you say things like there's no Pastor how many do you know and how many have have their Ministry cut across you or you have you have been able to see or hear something because is today the only way we can hear from other Ministries is either there are books or media and you have to have money to be on all those platforms amen so we can use that as our justification that nobody else is saying these things now I for one I can point out 10 to 15 persons who are who teach the same things that I'm telling you I can tell you like five in this country and I can tell you like 10 outside the country who emphasize this things that and so and that's quite a lot and there are also many other Evangelical biblical Scholars who teach um the same views just that they they do not hold on to some other correct explanation in other that theological topics but what they do know on a particular topic can be very exact and thorough but those 10 15 persons very exact in the things that they explain from the scriptures so they are not are not few are very many and again um where we disagree should not make us not relate as brothers because who is a Christian one that believes in the lordship of Jesus has placed faith in Jesus so we have many Christian brothers that may not agree with certain theological positions that you have but they are still your brothers and sisters in Christ I we have some that don't wear shoe we have some that don't tie their hair we have some that tie their hair we have some that can't wear TR we have some that can't wear jewes but our brothers and our Sisters in Christ if they are born again we have some that hold holy water we have some that carry uh that do cardal sign and all of that but our brother and our sisters in spite despite ab and what unites us is greater than what separates us the lordship of Jesus is the greatest ification so they are my we are not trying to unite we are actually United because we are of the same Faith amen that's is why it's called the unity of the faith so what we need to get clearly is our theology our teaching the same thing from the scriptures and that will take time that that will take time that will take a lot of time just like the wrong view became popular so it will take time for the Right View to be popular and you know Satan fights against the Right View being popular because the Right View arms people to walk in the light of their Authority like I taught you on spiritual warfare amen hallelujah are we good all right turn your Bibles Philippians Philippians chapter 2 and we just again highlight this we have said already Paul says let this man be which was also in Christ Jesus you jump to verse 9 wherefore God also has highly exalted him and we said God highly exalting him is it for God or for us is it so that Jesus will finally have Authority or he always had Authority thank you ask Yahweh as God before he became incarnate he was always AB so this Incarnation is how he humbled himself so the resurrection is not him returning back to have power but actually us taking our place on high that God always intended man to be is that so so wherefore God also has highly exalted him and has given him a name that is above every name that at the

name Jesus every name at the name Jesus that the authority the status the accomplishment at the name the authority the the accomplishment of Jesus every knee should bow of things in heaven things in the earth and things under the Earth how many things did you notice there so the our Authority cut across the the cosmology AB so the the CMOS biblical cosmology has Heaven Earth and under the earth now before the fall of Man biblical cosmology only had what heaven and earth and after hell Goes to Hell we are going to be left with how many again Heaven and Earth AB Revelation 21 reation 22 so new Heaven A New Earth there's not a new hell because that has been done away with so it's quite um very lazy unbiblical position that some people have of Heaven Earth and under the hell being forever and ever but the use of Eternal is eternal life means you're living for eternity Eternal damnation that's a negative that's a minus that means you are damned from eternity not that you are roasting forever and ever and ever and ever and ever there's no biblical template for s for such explanations Revelation 21:22 and Isaiah Amos HOSA I mean all the Minor Prophets spoke about the end of the wicked if the wicked live with us or are in the same place remember it's not planet again many times people who presume themselves to be smart who always when they hear a Viewpoint want to argue actually very dull I'm telling you once you once they hear a point they already bring out there no you can't tell me that calm down because one of the reasons why such views are I haven't taken seriously is because we have it at different places Heaven is in a different place Earth is a different place hell is in a different place which is not in the Bible because Earth space Earth as it were a realm has Heaven Earth and under the Earth Earth as a realm a place is a space has Heaven Earth and all of them are in the same place that's actually what the B not a planet not where you disappear to as it were when I mean disappear you take a spaceship and you are flying to Planet heaven or you are I mean if you even observe um the mythologist that I'm not always correct please the biblical writers wrote against those mythologies where they were wrong where they deviated from the truth of God's word but you notice that in major and all the popular mythologies have uh for example the Greek mythology which is the most popular one in our modern time unlike the Mesopotamia Pantheon of God's Babylon that's Mesopotamia uh all of those regions the Greek mythology thanks to a lot of Greek movies and all of those things that people watch today so you people have heard of the word olympos now Olympus is like heaven notice it's on the earth people yeah it's on the earth that's why if you see it in all those cartoons which I believe you have seen the same way they will also show you the underw as if people are entering water and they are passing they put everything in the same place because that's actually of course that's not how it explained in the Bible but it's in the same place and it's in not just one how did all mythologist agree on the same concept without studying each other I should tell you that something there's sense in it now we don't throw away sense in it doesn't make it correct but now to know if something is accurate is correct we have to look at the scriptures amen but you see the commonality just the same way in all tradition in all worship there's the explanation of sacred place that means there's

something like sacred place it can't be made up and if the Bible is a honest book which why we say the Bible is a very relevant book it must touch on all these things that people believe people know people assume you get it all right so Philippians chapter 2 tells us our Authority is in heaven Earth and under the Earth so at the name Jesus in the stead of Jesus in the authority of Jesus with the authority of Jesus Jesus we can do quite a lot amen and we said what does authority mean we said Authority is to maintain the order AB when we use the word authority authority is to uh to rule to govern to maintain order ab and I said one of the words you need to get used to is that Greek word esia which means jurisdiction and when you say tell somebody you have no jurisdiction here are you following um imagine naie stopping you on the road what is Navy doing on the road your jic is in the sea what are you stopping me on the road for I mean it doesn't make sense that's not your juristic now where is our juristic is the word Authority where's our jurisdiction Heaven Earth and under the Earth and when hell goes to hell and there's now no more evil no more wickedness no more we only have Heaven and Earth and we still have authority amen so the word Authority simply means to maintain order and I gave you the context of authority the husband has authority over the wife and doesn't mean he's kicking her he's beating her he's casting her out because you the parent has authority over their children the president Governors have authority then authorities is also used to explain the police force the security agencies um ABI then the the whole legal system so when you hear the word Authority your mind should always go to two fighting so that helps you have a proper understanding of the word authority and we said that Authority means we have command we have control we have dominion we have power which is the right to govern or rule that's the word jurisdiction we have the right to govern or rule or or determine so we can determine what is right or what is not right we can determine because that's where the legal system now comes in why you go to court to determine so if we are the authority we have the right to determine if this is how it should be or this is not how we should be the right to govern or rule the right to govern or rule or determine how things should be in which places Heaven Earth and under the Earth is that serious all right normally jurisdictions have limits but the scope of us is over Heaven Earth and under the Earth not over God because God is over all things God is Exempted from that our use of our Authority is not over God is but it's over every other thing that he made that puts man as the crowning of his creation the heights of height So when you say the authorities authorities if you put it authorities are people who have power to make decisions or to make sure that the laws are obeyed and if we are God's authorities on the earth that means we ensure that laws are obeyed we ensure that God's word so we have something to do with God's word which is what Adam failed in from the beginning AB be what God said he went against what God Said AB is that the law of God is the law of God the word of God thank you so so our legal system is it the word of God you are quiet yes now God's word is called his law that me say the book of the Lord the word of God that's the word of God Genesis 26 Abraham obeyed my my law my voice my charge my statutes they are all used to explain the same thing the voice of God

the word of God the charge they are all the same thing so we have authority in heaven Earth and under the Earth and we said what is in heaven what is on the earth what is in heaven Heavenly being AB the use that God is in heaven is to speak the to explain height of height doesn't mean God is Not Al on the earth and by saying Heaven Earth we are meaning Vis invisible word and visible word respectively Heaven invisible words and all of them are here now that's how he made it Genesis 1 vers1 in the beginning God created the Heaven and the Earth the invisible and the visible word he did not create it for him to have a place he always had a place because he's before all things and where he exist is a heaven of his own his presence that's why his presence is what defines heaven and what is Heavenly AB so God dwells in a light that cannot be approached onto now in the Bible the same word Heaven is used to explain where God is are you following but not that he was creating a place for him to stay the created heaven is for supernatural beings and also for man to function in that height but it's also used to explain God because it's a word used to explain height is a Heavens is a word used to explain Authority what something is higher and above so they have to explain God there because God is the highest Authority are you following and that's I told you that the which you even see Paul in 2 Corinthians 12 using I knew a man whether in the outes I cannot tell and I told you why it says whether in the out of the flesh because that was the experience where he was left for dead and when the disciples gathered him he got back up so he didn't know whether he was conscious or not conscious that's why he was saying it like that and he didn't want to mention his name directly but if you notice the details he was saying it when you follow the context the verses you notice that he referring to himself and he used the word uh CAU up to the third heaven and we said that word third heaven so that means there has to be a first second or third or the third is it just the use of the word third and say no the biblical rights us to Heaven because within their teachings Genesis to Mali they had used the word f in Genesis chap 1 you saw the firmment so there's firmment below and firmament above we read that Genesis chter one we saw there's a firmment above and there's a firmment below and then the third heaven is now used to explain the paradise not um it's sad that when people hear the word Paradise what they hear is where dead body day because of dictionary definition of paradise where dead people are and they are now enjoying biss but that's Paradise is the Garden of Eden just like God says to Jesus says to the thief on the cross Jesus was talking to the thief on the cross today that was it today not that Jesus was going to the kingdom of God the day the day no he was going first to Hell AB it says answering the man in the today said that you'll surely be with me in paradise and I told you that that word Paradise the Greek word the transliteration has the exact word garding which is the same word used in Revelation to explain Paradise of God which explain G of Eden in Revelation 23 2122 you see the same Tree of Life the same uh symbols uh imageries in Genesis is used to explain it Hallelujah so the use of the word um afterlife I be kingdom of God should be corrected in our Notions AB be so the kingdom of God is Not afterlife but the reign of God AB that's why it's called kingdom of God kingdom of God is not the after

life oh my Lord so you say it's like saying the kingdom of God is coming the afterlife is are you know in the kingdom of God now you in the kingdom of God now now the kingdom of God is the King's domain the Reign and Rule of God and that Reign and Rule is here is not yet as God intends it to be in his fullest degree but upon the resurrection that kingdom is here now that's why you we are all in Zion but God wants all the to be Zion and that Zion is again explains the garden concept are we good all right so let's be a bit faster so did you get your Authority all right so the what is now in hell we now said it will be the things in heaven and the things on the earth away from the promise of Life AB so whatsoever is in heaven and earth can be in hell and we started talking around that come on all right so because hell all again we don't want to use the word hell we use the proper word sh the place of the Dead was not in God's creation it was what man and supernatural beings created in their rebellion and the creation there not like I'm making it I'm molding it because where will Spirits go are you following so they still have to be here and out where they are because God did not create man to die God created man to live forever God created supernatural being to live with man forever too are you following so now that there is something else the B WR use a word to explain that something else where those rebellious spirit and man in rebellion and what has happened to the the the cosmos what has happened to God's world what has happened to the Earth the world that God created and that world that God created will have Heaven and Earth so what has happened to it has now brought something else which we call the underw hell Shi Hades all the different names as you know it and I told you to separate your use of the word Hades from G if you're using Greek text but they don't mean the same thing AB be all right one is used to explain the future punishment and the use of fire because it was physical it was a physical place that Jesus was ref referring to when using the word g but it was that physical place to refer to something spiritual so the audience understand what he saying because the Gina in Jesus day is the valley of hom that the men in Jerusalem are well acquainted with we are good so if there are angels of light Now They Are Not Angels of Darkness and so who are these Angels of Darkness who are this Angel of Darkness and use of the word Darkness or what we call powers of Darkness because Jesus used that word this is the and and I think we would have to use that word power of Darkness more than we use the word Devils because I'll show you the transliteration issue and how come it is easily missed is it true that genes um Jesus is the one who spoke a lot about devs here is it true that Jesus gave us a proper understanding of the word demons yes is it true that Jesus came to separate what we have what actions that we say God did and actions that God did not do yes he has separated God from Satan in our Viewpoint however now using that to say the Old Testament does not teach on the subject of devils is a lie and that's popular theology that no no is the because the word demons is used more in New Testament books so we say is there is there it's not in the Old Testament books however the vocabulary differs and they don't have a unifying word that they use to explain it and that's what we need to investigate also are you a me and the focus of this investigation will not be as stor as I

want it will be but it will be as tough as it should be for our understanding of unseen forces because we devote a study this year like I told you where we study on just the bad guys and that would be more extensive so anything I'm telling you we can stretch it a bit more but that's not what we're going to do in this series we already all know that they are bad guys I just something that helps our understanding then we can relate it more to what we are teaching the Unseen forces which is the focus of our study so Luke 22 Luke chap 22 Jesus was um at the Garden of Gethsemane verse 52 Luke 22:52 and Jesus said unto the chief priest and the captains of the temple and the elders which were come to him these people were come to him be ye come out as against a thief with with swords and staffs when I was daily when I was daily with you in the temple you stretch forth No Hands against me but this is your hour and the power of Darkness you see that so Jesus attributes that these individuals are being influenced by the powers of Darkness say this is the this is your hour even the power of Darkness so Jesus affirm that the power of Darkness does work through individuals are you with me now the word powers of darkness is it terminology that would explain hostile Supernatural Powers come on hostile Supernatural Powers hostile Supernatural forces all powers forces similar so Darkness will be a metaphor for for to explain the word of devils ABI so Darkness we explain that negative fearful human experiences I mean now there are roughly over 200 references of darkness in the scriptures nearly all of which are used as a contrast to God so darkness is used in the Bible to explain death and all the issues of rebellion all the things that has contradicted God's word of light because God is a god of love and light so everything contrasting that the absence of that light and love is all darkness which will be the word of devils so the word darkness which every believer is familiar with was said to have come out from Darkness into light from the authority of Satan to the authority of God AB being born again Colossians talks about we having been translated out of the out of Darkness to light is that so all right so if we are going to study the paths of Darkness if we are going to study the paws of Darkness notice I put we're going to stud the powers of darkness is it not logical that our study should begin from Genesis from the Hebrew text instead of just starting from Matthew and looking like New Testament writers are innovating where did they get their teaching from Genesis to Malachi are we good so it will be proper to do that study now another challenge we'll run into is the use of the word demons which I highlighted on Sunday how many times those words are mentioned because if you if and because we have a translation of the Bible in our hand called the English Bible translation and the English Bible translation the word demons seldomly occurs in the Old Testament books the word demon Sly occurs in the Old Testament book did you get it the word demon it's not used at all if you type it d e m o n you have zero reference are you following now what you will have is the word devils are you following is the word devils now is it that there are no demons in Genesis to Malachi they are but you see Zero reference now the word devil has three references or the use of the word Devils has uh three references four references in all but the word shedim is used only two times Deuteronomy 32:17 psalm

106:37 so when you put together all of this you put together the of the word devil for example the word d e v i l that word d e v i l only is used in four you only find four verses for it only four verses you'll see the word DV i l in our English please hope you can understand I did not say it it's only four places that you will see the understanding of the devil in Genesis to but I say if you are typ using concordance which is why we must be careful of it which by now you should be familiar with because we always studi the synony synonymous words we see that there are other terms that can refer to something so that we're not doing concordant search type it because is that typing it like that searching it in our strong concordance all the concordances you have in your houses you notice that ah you say it's not mentioned though it's not mentioned though very limited mention no it's not there's not a limited understanding of the subject of devils in the Bible or the Paw of darkness is not a limited study is the vocabularies that we do not know are you with me is the vocabularies that we do not know that they are using and what led to the change of the vocabul we also look at that so if you are only using the English translations you have a very limited use of the word Devils just those four references Leviticus 17:7 tonomy 32:17 2 Chronicles 11:15 Psalm 106:37 I'll repeat it again say s i can CR me don't cram me right it that's why you taking note learn like you are in a school that's how you have understanding I leus 17:7 Deuteronomy 32 and verse 17 Leviticus 177 Deuteronomy 32:17 2 Chronicles 11 and verse1 15 Psalm 106 verse 37 so those are the only four references for the word devil there's zero reference of the word demon d e m o n you find no reference at all for the word d e m o n in Genesis is to Malachi then the word Satan s a t a n Genesis to Malachi appears 15 times that word s a t a n now the Hebrew word Satan which is exactly the the Hebrew word is Satan is spelled the same way is used 27 times but if you type it S A TN is only 15 you will have and the 15 do not all refer to that individual that we call Satan today which is also another cause for concern that the use of the word s a t a n the 27 references are not all used so it's not a blanket use where you just say ah Satan anything you see it he knows that is the devil we're talking about no because even the first mention of the word Satan in the Bible is used to explain the angel of the Lord what he did to balam are you following so that already is going to challenge our understanding of the word Satan so we don't have the word demons we have the word Satan we have the word devil we don't have the word demon like we said then the word evil spirit is also another word that is used and again if you were to read the word evil spirit with a blanket read the word evil spirit in a blanket way you also run into trouble there are only 10 verses for evil spirit in Genesis to Mali only 10 verses are you see that there's a very limited study and of the 10 they do not all they are not all used to explain Paws Of Darkness because the word evil is just like the word hate is not as English as we suppos when you he hate means is the opposite of love hate in the Bible means I love you less it's not the hate that's why he say he if that wife that you hate no hate you are you are read it in English that okay hate I detest want know hate is to love less and it's a preference language where you can say I prefer this I don't prefer this is not and it's not as because the Bible didn't write in English so the best word they

could use to translate to use love hate that's the same way the word evil just like he said they brought evil report just like the Bible say the days are evil EV because we can see contrary things in our day are you following the word evil has more than one meaning so when you now see evil and the word Spirit you need to read in the context what is this evil and what is he explaining with the use of the word evil and spirit are you with me all right so there are lot of unbiblical ideas about the powers of darkness and one of the two main reasons for that one of the main reasons for that for why we have a lot of unbiblical ideas concerning the powers of darkness is because most of what we claim to know about the part of Darkness does not derive from our close study of the original language because we are not studing from the original language because we are not studying from the original language of Hebrew and Greek much of our understanding is wrong secondly because of what we teach concerning the powers of darkness is basically from church tradition not from the original or Asian text is basically based on Church tradition popular belief what do everybody believe about this okay so that's it okay are you following so these are the two major reasons why we have a lot of unbiblical concept now this is the boring part that people don't used to like to listen but pay attention no because you are wondering how come it's now different that's why I'm giving you the reason why it looks different why don't we have now the seent is what the Greek translation of Genesis to Malachi because genes to Malachi is the Hebrew text but the sepag is now it been translated to the Greek language and I told you that that's what they had before the Latin vgate before you now had all the translations in different languages English and the rest so you can already see that there had already been a crossover words had crossed over from Hebrew to Greek in Genesis to mon which what we have is the Hebrew we still have the Hebrew words for the things from Genesis to Mali however but there was a Greek translation that now use Greek words for everything that you have from Genesis to Malachi just like the word Genesis is a Greek word so Genesis to Malachi many of the Old Testament books are Greek words Genesis to is now translated in the Greek language and Matthew to Revelation Greek so we now have Greek and Greek for the whole Bible then you now move to the Latin then now moved to English so you see that it has passed different languages all right so that should be something we keep in our mind now between Malachi and Matthew or between that era of the scriptures and the era of the Apostles some couple of hundreds of years is that not so some couple of hundreds of years so in that space that inter testamental period between the two Testament as use of the word inter the inter Testament period is what the Jews call second temple period because they explaining from when Solomon built the temple rebu uh sorry uh they explaining for yes the rebuilding of the temple one that build the temple so the US of the word second temple period is from the rebuilding of that Temple period till the coming of the Messiah so for the sake of not having a confused idea we say after the exile to the coming of Jesus is that okay but it's that's actually a correct statement that's actually how history is Quantified is is that's actually how that history is qualified it's called second temple period that's actually the qualification or that's how it's

classified second temple period but won't use it so that you are not hearing what I'm not saying so I use the one that everybody's comfortable with from the timeline of the exile to the coming of Jesus so that's where the change where you now see some words are being used like this because in that timeline Greek dominance had reason Rome had Greco Roman word they were the ones in power and because they were the ones in power they had to cross over wordss again so that everybody can understand what these words mean so in crossing over they now began to use unifying words since everybody everybody agrees that the word demon is a negative thing so hence the use of the word demon being used a lot in in Matthew to Revelation because everybody use knows it now in that inter testamental period that we can use this what to qualify all Devils but within their study they also still gave a difference between what we call what is called demons and also falling angels are you following they gave a difference now mainstream Christianity says demons are falling angels which is correct based on your definition of the word demon but if you get the correct definition of the word demon you won't say that you won't say demons are following Angels but if you are using demons as a broad word that qualifies all devils and everything that has to do with Darkness you will be correct are you following you will be correct but you will not be exact which is the reason why a torus study must begin from Genesis to Malachi get what were the words they were using here and how did the world turn over so those are the basic breakdown I've been giving you are we together so the set of terms that are inherited by the New Testament writers so the Jewish authors in writing in Hebrew and Aramaic in the second temple period which is that inter testamental period were introducing new terms and navigating those development is essential for our understanding did you get it now some assumptions like we have dealt with most Bible teachers or pastors are prone to write about the powers of Darkness on the basis of English translation and once that is the basis of your write up it is obviously going to be wrong so let's cor that assumption so that if everything you know about demons is from English translation you have a very wrong or limited understanding you w have a full concept of the word Paws Of Darkness did you get it so why is demons not even mentioned at in the Old Testament compared to it it's not that it's not mentioned demons not that they are not mentioned but you won't find it with the English word d e m o n as you now see in the four gospels and the rest second assumption there is the assumption that the Satan figure of the Old Testament books that the Satan figure of the Old Testament book when you type S and is used to explain the devil of of the New Testament books now that conclusion is not feasible tically it is not feasible it's not feasible it's not possible to have that conclusion if you actually have read all the references of that word s a t you cannot get that New Testament conclusion that that is the devil so are you following I'm putting it in a simple pattern for you to get it thirdly the assumption that Satan and one third of the angels of heaven rebelled against God before the creation of mankind though it is widely prevalent does not exist in the Bible widely prevalent but does not exist in the Bible you only have the Revelation 12 use of Satan and War in heaven with M but that idea you

will you will Search and say will pay you you won't find pay you in dollars because dollars means a lot now you won't find any reference where Satan and one thought of the angels and even if you were to find which you won't you won't also find it before creation that makes it more stupid and that is the most popular Viewpoint Satan theel before creation you guys are looking at me like I'm you have never heard it before so guess what I'm doing because want to explain about the bad guys the powers of that that's why we are correcting these assumptions because if these are the assumptions in your mind you already be disappointed I'm not sounding the way you wanted me to sound because that way you want me to to sound is where you get the wrong understanding are you with me so that's you know arrogance and ignorance have one thing in common they are both ignoring something all right say ah nobody can tell me that everybody know that Satan everybody does not know talk for yourself and your Village People confusion our we get our teachings from the Bible say but the the Bible says that Satan one told of his Angel where where you now have to go and read Revelation 12 which you don't even know the explanation and is that before creation because that have the M that have this woman the dragon how is that before creation they are human beings you obviously have a problem in how you read or how you understand grammar if you want to force that to be before creation and there's before creation there's human being I your this thing working it's your this thing that's all I said I try to be polite doesn't make any sense ABI and it's not like I said it's not scripture so that idea is however how prevalent it is is not in the Bible but Revelation 12:4 deals with the birth of the mesiah which is thousands of years after that uh beginning period so it can't be what you should be getting are we good so the powers of Darkness remember powers of Darkness we deal with what AC quiet powers of darkness is the word that we're using to explain all all everything all the opponent of God all the enemies of God all those that oppose God spiritual entities that oppose God Supernatural powers that oppose God or they are hostile to man mankind are you getting it so like I told you let's stick with that word because it's a more unifying word because there's nowhere in the Bible where pow of that was used to explain good thing notice that we did not use evil spirit because are some references for evil spirit that is not explaining evil spirit the same way we not use so that we are using a word that is unifying and unifying word will be powers of Darkness I wish you are following me oh the unifying word will be powers of Darkness so that's our qualifying them so when I'm saying powers of darkness in this class in this teaching you know what I'm referring to the bad guys the supernatural entities supernatural beings the spirit ual beings that rebelled against God AB all right I didn't say fight God I said rebel I didn't say they took sword it's Rebellion we said just like man has been in Rebellion with God and you didn't take sword is what we are speaking it's Rebellion transgression ah didn't say Mortal Combat so if you are an asent Israelites how would you explain the threat that the natural world faces you will explain it from the consequence of rebellion and that's actually how the Bible explains it the Bible explains that the threat that we face in our natural world The Perils of life was caused by Divine rebellions you notice I

put s not caused by Divine rebellions so the Old Testament Theology of the paths of Darkness will connect those Wicked Spiritual Beings or those falling Spiritual Beings with death the realm of the dead and the ongoing assault against God's creation the harmony the order and the well-being that God intended creation to experience is that not so all right I'll repeat that again so that you can get it the Old Testament ology of the Paw of Darkness will connect those Wicked Spiritual Beings with death the realm of the dead and the ongoing assault on God's creation that is against the harmony the order and the wellbeing that the good God desired For All Mankind to enjoy is that what we call part of Darkness beautiful okay are you still here now I don't need to convince you that there are Paws Of Darkness that's not what this class everybody knows that even unbelievers know that however Within These teachings if you did not know before that there was PA of Darkness you will know all right so how did the Spiritual Beings that God created become evil and do such evil and wickedness on the earth that they were now against the order that God put on the Earth the Bible gives us that record so we cannot take it to our own opinion because how the some of the spirit beings because that's a nature terminology how did some of the spirit beings some of the members of God's heavenly host that he created how did they rebel against him how did they transgress sin against God the Bible presents that for us now a lazy View the lazy view tells us that their Rebellion means that they are no longer part of the spirit world that's foolish because the Bible does not present that lazy view the Reel does not mean they no longer they are no longer spiritual they are still spiritual they are still supernatural beings they are just now not the good guys AB be they are rebellious supernatural beings not that they are no longer Supernatural so their Rebellion did not mean that longer part of the Unseen World they are still a part of the Unseen word they are still Supernatural or Spiritual Beings but the Rebellion simply affected their relationship with God and with God's creation AB that they are now enemies of God because their characterization disposes them like that say you are reading yeah I'm reading so that you will not be confused so that so for us to recognize and understand the supernatural nature of this rebellions and how the powers of Darkness came to be we need to understand the rebellions that produce these entities that will lead us to the study of the origin of the powers of Darkness notice we didn't use origin of devil I'm deliberate I didn't say you can't use the word devil for devil remember we are dealing with a unifying term thank you a ter that unifies it because words in the Bible the Bible writers are intelligent they are not scared of words today we are very scared of what because once you use a say that word is a negative word now calm down because only when we are calm and when we are jovia do we realize that we also use negative words in a positive light for example when you did something very good you say Kai I be bad guy oh you even say Kai even in explaining you say that guy F like wi and you're not using it in a negative sense oh you're using it in a positive sense we have use negative words in positive light many times in our conversations but when we now get to the Bible we don't want the biblical writers to be human beings like you and I who can use positive words in negative light because their

audience are not D is Their audience you have sense enough to figure it out now because we were trained the wrong way to rely on concordances and verses which the biblical writers not the audience that first read Genesis to Mal did not have because Genesis to Malachi written by the original writers were not in verses it was when translations began to image that the the origin of chapters and verses are you following so everything was read to together as a book so nobody could have had a scattered Viewpoint I wish you are getting this all right so did the fall bring death we already have said that for the last two weeks that's why there is now the underw so are you following so last thing I'll say there is a separation because we need to know that there is a SE separation there's a separation the unifying term is powers of Darkness but there is a separation of those entities members of that powers of Darkness there's a separation there are different terms used to explain them and there's a separation in their Authority and in their nature just like we also explained the good guys that did not reel there are different words that explain their nature but you know that those words all explain all of them their nature the difference now is that when it comes to the path of darkness and the nature terminology are not unifying as as much as the good guys you there with me yes sir are you with me for our foreign audience you know what what is you de with me are you with me all right so I will repeat that again I say I'm being slow mean say I I be talk fast that I'm slow does not mean I cannot talk fast oh so there is a unifying ter P of darkness is unifying time are you with me powers of darkness is our unifying time powers of darkness is our unifying ter what is not our unifying T demons that may be other persons unifying 10 but I said it will put you in trouble and I told you that even in the New Testament the use of the word demons though it can explain all the bad guys however how what however within the New Testament books they also see separated entities and in the separation they use the word Angel the word Angel is used which we call falling angels that you see that there's a separation between falling angels and certain entities of Darkness that harasses oppress and intimidate people and that separation is done so intelligently that you see that there is one entity one don't mean only one I mean there is a classification of some enti ities that do not have physical body those are where you get the possess somebody because why are they possessing people because they need your body not my own they need people's bodies is that a separation then you now see that there is a separation also of entities that have bodies which you see they can appear they have appeared as the appearance to Jesus of the devil I will repeat that again within the New Testament books you see that there's a separation of entities that there are some entities that seems to be looking for people's bodies to attaches to oh my Lord then there is another classification used to explain another classification used to explain beings that have body do angels have body if now English come be the problem man do angels have bodies I Angels don't have bodies but yet so if you are going to call all the parts of darkness in Testament books falling angels you will now look dull because there's a separation there are some that are looking for body there are some looking for body so when you generalize and say every every Power of darkness is looking for a body

to possess doesn't make sense because there's a separation which is the reason why we said we must understand the use of their terminologies because there's no text that has that individual that today we unify and call Satan possessing an individual say oh s but Satan entered into what is the enter influenced not living inside of him Peter the rest of the B new writer which I'm going to show you said Devils Satan is moving to and through they looking for who may devour and they use separate terminologies which like I said we need to familiarize ourselves with you see notice what I'm trying to do I'm I'm being careful how I use the term angel so that there's no confusion AB so notice that there are two separate there a there are two separations there are some that looks like they are looking for body I'll give you a context notice second Peter 2 2 Peter 2 and verse 4 turn your Bibles 2 Peter 2 and verse 4 are you there if God spar not the what notice he doesn't use the word demons are demons not use in Genesis to in Matthew to Revelation demons are used but he doesn't use the word demon he uses the word Angel are you following if God spar not the angels that seen But cast them down to H cast them came down to Hell and deliver them to chains of Darkness to be reserved unto judgment verse 11 whereas Angels which are greater in power and might bring not accusation against them before the Lord bring not railing accusation against them move to Jude Jude 1 are you here Jude 6 and the angels which kept not their first estate but left their own habitation he had reserved an everlasting chains under Darkness unto the Judgment of the great day and the angels which kept clear the Angels which kept notice is you still using the word angels for them so you know that this is what you call falling angels why you are calling falling because they are rebellious so if you throw away the word re falling you use the word rebellious these are the the Angels against God's order okay but notice he's using the word Angels okay beautiful verse n yet Michael the Archangel when contending with the devil he disputed about the body of Moses does not bring against him a railing accusation but said the Lord rebuke thee are you seeing he's dealing with entities okay learning learning learning quite a lot so observe how he uses the word angel angel angel he's talking about bad guys so now I don't agree if they use that word consistently Paul in his own letter Corinthians now you have to be the one to figure it out because 2 Corinthians 11 verse 13 and 14 for such a false Apostles deceitful workers transforming themselves into Apostles of Christ and no Marvel for Satan himself is transformed into an angel of Light you see use the word Angel all right so you notice that they use the word angel now our Angels supernatural beings that do not have a container do they have a body Celestial they have body Celestial thank you so why do you have Angels not having bodies Celestial which also they can appear in the physical somebody said Satan appeared to them I said I can't doubt that Satan can appear to people but I doubt if Satan appear to him because I don't know why Satan is appearing to him of what he use of what ranking does he have that will make and why what why is Satan is it that I know he's confused but he really don't conf where well why is it appearing to him what relevance is is appear appearing to him going to Ser but I can't deny and neither can we use the Bible when I mean I we can't use the Bible to say supernatural beings cannot

appear if good angels can appear why can bad Angels not appear that idea is not in the Bible not in the it's not the Bible you used to learn that good angels are the only angels that can appear bad Angels cannot appear is not in the Bible all right I notice I use the word Angel and by using the word Angel we are dealing with that those Spiritual Beings so do they have a body do supernatural beings have body First Corinthians 15 get it oh so that you know the ones that are looking for body and the ones that have body because supernatural beings have body First Corinthians 15 39 All Flesh is not the same flesh but there is one kind of Flesh of men another flesh of Beast another of fishes another of bears they are also celestial bodies and bodies terrestrial notice the two things there are celestial bodies and bodies terrestrial but the glory of the celestial is one and the glory of the terrestrial is did it tell you now that they have bodies but what bodies do super natural beings not have flesh and Flesh and Blood thank you is that not obvious they don't have flesh and it's human beings that have flesh and remember when we said a little lower than a little lower than Angels Psalm chapter 8 and we said that a little lower down is he in Authority or appearance because flesh and blood is lower than Angel appearance because the appearance is glorious Fire Light is what is used to explain their bodies they are luciferous they are illuminance they shine there's a lot of Illumination language used to explain them light shining flames of know what is used to explain them so they have bodies so so so popular was the idea that they have bodies that the writer of Hebrew says be not forgetful to entertain strangers for thereby some have entertained angels on our way if he's liking to you receiving visitors oh boy now you know where you get your own theology from that supernatural beings will not appear because putting it like the same way you have a visitor a stranger comes to you that's the same way he saying supernatural beings can come to you I wish you got that all right and they do not link the two the New Testament Writers Do not link the two the only link between the first characterization and the second one is that they are all called powers of Darkness AB be that's why I'm again sticking with that unifying the powers of Darkness so that there's no confusion because we see that there are spirits that are wicked oppressing affecting people so the use of the word Devils will explain in the New Testament books some that are attacking people's bodies I'm using just one characterization I mean that that can be inside somebody body that want to possess people live inside people the ultimate goal is to influence the person but angels can influence you without being inside of you as you know Angels don't live inside of us they walk with us are you following but we normally use the word angels falling angels to also explain the guys are not living inside people which I said no separate it that was we're just teaching in a generic form because that is children class as you mature you can now use exact phrases are we getting it all right what I'm trying to do which I'm trying to do and you can notice I'm trying to do I'm trying to not let you quote me by saying there's a difference between demons and falling angels because that's what actually I'm saying but that's actually what I'm not seeing because I have not explained the use of the word demons so if I say it now I'm in trouble because you are going to be running with oh this is

what Pastor mean because the word has a meaning in your mind that's why I'm using a simple one that is easy to to graas I told you that they use the word demon Devils is used generally to explain negative but they still separated it as much as they tried to as a unifying ter but it still separated for a reason and that reason is because if you are going to read from Genesis to Malachi you must create that separation the separation is not that there are some that are good the separation is for proper explanation now I have already done that separation for you several times in the course of this study where I told you that there are some flesh pets those are not the those are not the people you should be bothered with because those ones you can easily deal with those ones is the ones that are hindering the gospel when I was teaching spiritual we no we always doing a separation so if you have been consistent with the teaching you would have noticed that we have been doing a separation and I told you that we will talk about when we get to the bad guys we have reach the bad guys now all right so I've been consistent in this teaching I've been creating a separation a separation now you can already see that that's a challenge how many persons seek to create a separation that's why I give you all those assumptions and wrong views that people have that limit the understanding of P of Darkness because we are just using con anywhere I just see Spirit anywhere I just see papa not be everywhere you see spirit because you I hope you know you are also a spirit being hope you also know there are verses for Holy Spirit in the Bible so you can just type the word spirit and say every reference I see is Angel ahh man has a spirit man spirit is also reference in the Bible and spirit is also just a is also used figuratively to not refer to anything Spirit but just an attitude so be careful how you use the word Spirit to just unify it so and answer said what is the best unifying term there could be others which in the course of our study we will use but the best unifying thing we have for now is just to use the word powers of clap for yourself ha are we good yes sir she say I mean it because the object of teaching the goal of teaching is for people to understand I'm not teaching you so that you know I know one deep things these are the things we have been teaching since 2012 and we have gone back to our old notes because we start and I'll tell you why because I was telling the pastors that some time back and which is every student of the world should learn don't be wher than your teachers when they are very correct because you can't actually be because if they are correct is that wisdom that youing to get a smart student observes the emphasis of his teachers are you following now there is some things I used to teach then I stopped teaching not I did not stop teaching it like stop teaching it I did not go into such stronger details I always used to talk about Heavenly assembly the uh ranking Supernatural stature I I use those um that guy has a name in God's Heavenly cult I've used those words where I've even laughed about we used to talk about it those days but why the reduction of those kind of because my teachers were not having those emphasis it may look foolish but that's why humble people we out we out leave proud people that's why the make the observe the emphasis of your teachers so I observe my teachers people I learn from were not having such an emphasis on those things but I've observed in the last three years my teachers

have had an emphasis on the Unseen word and it's not because it's now they know it so that means this is the best time to also teach it are you following so it's not because it's one new stuff is because a smart student because stop where your teacher stop so that you don't enter trouble explaining what you don't not know you now go and make mistake you will not use exact words because what your teachers will always help you with is properness another word for it is exact Precision that's why they are wiser than you that's why they are your teachers so you know how people always believe that I understand they they now leave what was taught and now start digging into what P not say they not enter into trouble because I don't use my life to gamble I don't know how to do that stupid thing say I don't know how to do it I stay within the confines of safety now we know that we are not saying um people the teachers themselves have have stopped learning no everybody's still learning and we keep learning as long as we're on this side of the of Heaven we'll keep learning however it's always wise to follow the emphasis of your teacher it will save you plus when you not have a local church you stick within the confines of definitions and explanation if not the long throat that you are looking for curiosity is not H curiosity can put you in trouble let's just put it a simple way say I'm curious let's go deeper and a deeper to see that is laziness that is doing the person it not go deeper to learn previous part one part two part three is the deeper is now there's something else out there that curiosity is not good one because that Curiosity should have made you say I don't know other teachings I could have listened to but the curiosity is is haste give me other material I wish you got that all right so I can give you like the sub to distinctions which will get to so um at least we have done some unifying terms and you have seen that the use of the word angel angel angel the use of the word Angel is used for Good Guys bad bad guys is in the context you not know if he's no it didn't say the context made it clear that bad guys the angels that se so you cannot and he explains what happened to them God not sentence his good angels to Tar us AB are you following but he didn't have to say now the bad guys listen the bad guys the bad guys the bad guys in answer they talking no he believe that we can read beautiful everybody is together so supernatural beings do have body so so all the entities that makes up the powers of darkness and there are different terms used to explain them and I give you a basic rundown which is who is in The Under World who is in The Under World which mentioned it has to be rebellious things in heaven and earth I be dead things in Heaven and Earth wicked things in heaven and earth now that's just is a general word but there are more exact phrases so we saw that there was some text we're reading on Sunday Proverbs remember that Proverbs 9 Let's test it again Proverbs 9 who is who in shio who are the occupants of shio another quick thing are all supernatural beings in sh that's also another question that's how you know you are learning when there I need to learn yeah it's a good posture I need to say hey I don't know that you are permitted not to know what you don't know the issue is that you are now to learn it when you are learning it are you getting and teachings are questions that's why the Bible say avoid foolish question they are foolish questions but good questions produce answers you have questions foolish

questions that have no answer and you just asking a question because you are being crafty you don't disciples don't ask that question the apostles were warned and warned us against such foolish questions because the Lord Jesus showed us how to answer foolish questions you answer it with question because the object of the question is not to Learn it's very common on social media people ask you question you think they want to learn they just want to show you their unique Point sometimes very silly point are you with me Proverbs 9 and verse 18 but he knoweth not that the Dead are there Proverbs 9:18 he knoweth not that the Dead are there notice that there are beings being qualified as the dead but he knoweth not that the Dead are there and that her guests are in the depths of hell so it makes it clear these dead are in the depth of hell hell is the word sh so who we said there are activities in sh just like there activities in heaven the activ on the a the activities in Al reward that's why the Bible use the word sea because one things that sea ocean Rivers have in Comm it used to flow life there's movement so there's movement all right there's movement so there have to be activities and the Bible explains that there are activities there okay but he knoweth not that the Dead are there now this is English translation AB know it not that the Dead are there now I will read it from three other translations the lsv literal Standard Version but he has not known that reims are there r e p h a i m already gives you one one of the entities that are in that are under the Earth AB be he has not known because that's actually the Hebrew word for that word dead there he he has not known that reims are there I invited once in deep places of sh deep places of sh are you here follow follow follow you will get it so we have the lsv translation like I said Young's literal translation which is as um it's exactly like KJV in literal translation try to trans word for word Young's literal translation and he had not known that reims are there in deep places of sh I invited once in deep places of sh in deep places of sh is that the under word notice the use of the word refs clear clear clear come on the ESV which is one translation I beg you to have very good translation the ESV says but he does not know that the Dead are there and her guests are in the depth of sh he does not know that the Dead are there so are you with me I'm coming I'm I'm modeling up things let say something I'm looking for that one minute let me get my notes all right I've gotten what I was looking for um there's a translation that I copied out I don't have it on my phone that's what I'm looking for that uses the word shade where you see that word dead it will use the word Shades s h a d e all right if I see it I'll tell you let's that not waste our time so the word dead there is the word ref the word rap different it's the same spelling but different meanings different meanings entirely different pronunciation different meaning so r a p h a now the plurality is why you put I am I've taught you that before so which is pronounced as ref which is pronounced as ref Arrow so the Dead are there Shades refines clear clear clear okay again in case you don't have the spelling ar e p h a i m so the lsv the septo aent the BSB all of those other translations use the word ref try to use Young's literal translation use the same word so the use of the word ref lsv seent Young's liter translation use the word now that ESV will also use the word Shades in other places but the reason why he used this word dead year now I'll I'll

give you the other references so remember he says the Dead are there and the Hebrew remember we said we're going to pay attention to the original language there are many words to explain the word dead but the word used to explain the word dead there is refs and it has more mentions than your use of the word devil demons has more mentions when you group all of them together which I'm going to to show you so that just take my word for it job 26 job 26 and verse 5 dead things are form from under the waters and the inhabitants thereof so they are inhabitants the water Waters will mean what Waters there will mean what eh under the Earth some people are stammering all of his now now now you are confused what is confusing you he that knoweth not that the Deads are there did I give you all the synonyms for the place of the Dead I did not dead things are formed from under the waters is he inside sea there's no dirting form inside sea oh there's no dirting form inside I sea is fishes that are inside sea so they believe will have sense to know that living things are inside sea dead things are formed from under the waters and inhabitants thereof verse six hell is naked before him and Destruction has no covering so he he mentions Shield again Waters uses the hell and destruction language hell against the sh come on dead things are formed where dead things are form calm down we are if we are fast you say we are too fast so I'm I'm taking it slowly SL you will get it is in your own dead things are formed from under the waters the word form there is the word used as you see it in scary movies I can't act because I'm not a demon I will never do my body like that I will not so you have brain you have sense you are of age don't a certain shaking you the way they do it there are different bodies will be shaking you can act it for yourself I cannot act it not because I can't but I hate Devils I don't like anything that looks like I'm Devil's things should not be making sense some people like it dramatize it but you have seen it before the whole shaking and trembling AB be yes sir mhm that's the word tling around that's the word so the use of the word form there is the word to twist t w i s is the word to dance is the word w h i r o l to wh around to wh about did you get it is it making sense now shaky shaky daddy so so dead things are shaky shaking are you getting it tling twisting dancing so are you yeah dead things so psalm 88:1 Psalm 88:1 will thou show wonders to the dead will thou show wonders to the dead it's a question and the word used for dead there is a different word that one can explain human beings will thou show wonders to the dead question is in your own Bible Bible I'm talking from Bible will thou show wonders to the dead is that a question yes the next thing he now says shall the Dead arise and pray the he changes the word for dead that's why it's good to read it with the original language will thou show wonders to the dead that's the word moot mu H then he says shall the reims arise and praise thee never they don't praise Him shall th loving kindness be declared in the grave grave there is no hell grave there is the bearing place the physical tomb sepa that's why I told you that the use of the word g v is I don't know why they use it at all for Shi because it's confusing because you now have to read it contextually to find out that okay grave year is not sh grave year is burier ground the difference is quite obvious there are at least 10 difference between sh and burial ground one bodies enter one the other one is the

soul or spirit I enter two you can dig it but you can't dig sh I mean several separation which nobody should be confused about all right so this is just the word will thou show wonders to the dead shall the dead now you know the answer is yes he will show wonders to the dead that's why there's the resurrection from the dead the gospel we preach today that's why the message is sign and wonder from the resurrection AB then it say shall the ref arise and praise the say think about it sah shall thy loving kindness be declared in the grave or Thy Faithfulness in destruction shall thy wonders be known in the dark now Darkness does that ring a bell and th righteousness in the land of forgetfulness you see where he going the land of forgetfulness Oblivion is using these words to explain the Realm of Darkness AB The Realm of Darkness like we talking about powers of Darkness okay observe that the word dead there is again that word RAF raim Proverbs 2:18 for our house to deliver the from the strange woman even from the stranger which flatter it with her words used to explain false preaches and all of that verse 17 which forsaketh the guide of our youth and forgeted the Covenant of our God verse 18 for our house inclined unto death so those who follow that uh wrong counsel does not believe the gospel it will tend to death for her house inclined unto death now the word death another word Marette change the word again he's always using for our house inclined unto death and her path unto the dead the dead again is the word refs none that go onto her return again neither take they hold of the paths of Life are you following okay remember what we said though that you did not want to take seriously I told you there's an Old Testament Theology of the powers of Darkness that connects those Spiritual Beings with death the realm of the dead and the ongoing assault on God's creation I read it I have to read it so that you are wondering why is mentioning death Darkness because death does not mean the way you are explain death is used to explain outside God's order AB be so I said what I said your teacher cannot be stupid saying things that are not important what he saying must be important in his teaching if not why is he saying it that's why it's not your work as a to be saying I don't I will choose the one I want to take seriously everything should be taken seriously now if your teacher is dull which I have not shown you I am so and I take words seriously and in this study we are being particular with our use of words that's why you must be more careful to not forget the words that I'm using because I'm maintaining the words so there's a consistent use of the word ref clear clear clear so Proverbs 2:18 Proverbs 9:18 Proverbs 21 verse 16 the man that WTH out of the way of understanding shall remain in the congregation of reims the Dead there is reim the Cong of Rim now is not that the man is one of them the Cong of refrain is where in The Under World AB be so he's going to find himself dead the man is going to find himself dead and going to find himself like an un find himself like a wicked Spirit the man that WTH out of the way of understanding shall remain the congregation of the Dead in the congregation of the Dead Isaiah 14 and verse 9 don't be scared of the Bible me scared of the Bible say make it let's just jump it we get it no something I told you of course we can explain it in a more extensive manner when we are dealing on the subject of demonology however for now I still need to read on the references of this word so that

you see that is not used two times three times there's a lot of use now this word have synonyms we just dealing with the first word this word refs also have synonyms I've mentioned it in time past if you did not remember not in this series I mentioning in time p in the different things that we have been teaching coming down the line have I not mention anakims before before you say no I see that I mentioned it I will get there all right we study this when we t on mountains we read every verse in Isaiah 14 and every verse in ezek 28 when we explaining the nakash hell from beneath is moved for thee to meet thee at thy coming he stir up the dead for the even all the chief ones so he explains who these dead are he calls them the chief ones Chief ones means that they were warriors what kind of warrior Tyrant dead Kings or Tyrant what kind of Kings what kind of tyrant because we saw Jesus in Psalm 89 where we're explaining cloud of witnesses he's raised higher than the kings of the and I told the word Earth there is the word space r Kings of the real which real is it talking about just like Corinthians uses the word princes which princes so be careful you use of the war Kings AB all right hell from beneath his move for thee to media that com in so he says hell from being so this individual now it is a lamentation a proverb for the king of Babylon so the king of Babylon is going into The Under World so you know human beings do go to hell the king of Babylon is going to the under word but look at what he says hell from Ben he now uses the same phrases to explain the supernatural being that was in the garden and he isn't called Satan here in Isaiah 14 it is revelation that now links it and say this is the Satan because there's a use of Satan New Testament books that differs because they consistently repeated it for a particular entity Isaiah 14:9 and that is the only devil that we know the only devil that we know is the serpent in Genesis 3 which is not the only devil in the Bible are you following because Devil is a function terminology Satan is the word adversary devil is the word Deceiver so that's a function now mhm hell from beneath his move for the to media that come in a St up the dead so it says that it stth up the dead so there are the dead dead the dead dead raim the ghost the ghost of the Dead Shades that's why I love the transl I use the word Shades I will find it don't worry maybe not today on Sunday I'll show you there a I use the word Shades s h a DS shades now if you have a center reference Bible it will just tell you so Center reference Bible marinal reference Bible that have footnotes a good one not 250 or 450 own it will put Shades you don't know what I'm talking about you know when you say Center reference is Center AB center you see there a center they put verses inside your own should be it should be in your own nobody's talking if you have you will see it in your own because it's in my own that tells you why now that is not the Bible that's just the uh thanks to the compilers of the of the Bible of that particular uh copy that you have they are just trying to help you by putting a a footnote a comment because they know that so that you're not confused with the use of the word Isaiah 14 and verse 9 hell from beneath is move for thee to meet the at iy coming so in other words he said the place of the Dead is excited about receiving this guy he stth up the dead for even all the chief ones of the earth it had raised up from their Thrones all the kings of the Nations so there's something about these Kings of the Nations AB all right so Isaiah

14 jump to um verse 12 how are th falling from Heaven Lucifer son of the morning how are that call down to the ground which did weaken the Nations for thou said in thy heart I will asend into heaven I will exalt my throne above the stars of God I will sit the congregation on the side of the north iend unto the height of the cloud that will be like the most high yeah that shall be brought down to Hell so number two entity that in sh is the Nash of Genesis theory is also a resident of the under word did you get that okay so the serpent in case you are wondering what's Nash the Hebrew word for serpente which is a word in their language used to explain a div one that brings knowledge because that's why it was knowledge the serent brought to Eve okay that's why I using the original language so the serpent of Genesis the is brought down to Hell so so in this Isaiah 14 we have seen ter guys in hell we have seen human beings in AB we have seen that there's this ref that in hell then the serpent Genesis the ab is also there okay verse 19 all the kings of the nation even all of them lie in glory everyone in his own house but Thou Art cast out of thy grave thou are cast out of thy grave like an abominable branch and as the rment of those that are slain trust through with his sword that go to the stones of the pit pit is underw as a Cass troen Under Foot thou shall not be jointed with them in barrier because thou has destroyed thy land and slain thy people the seed of evildoers shall never be renowned so there's this reims again and they are being explained as kings of Nations dead Kings or Tyrant stir up the dead Isaiah 26 let's read another reference 14 start from verse um 13 Isaiah 26 and verse 13 oh Lord Our God other Lords beside thee have had Domin over us but by thee only we will make mention of thy name verse 14 they are dead don't you just like the writers you that were all these guys that dealt with Israel dead this uh tyrants of different Nation said they are dead so we we are still here they thought to wipe out our nation but we are still here they are dead but we are still there so he said they are dead then he says they shall not live they are dead the word dead is m u t h are you seeing so use M M vet was for death then there that word ref and it separates it because it means and it's only used to explain one thing they are dead they shall not live then he says they are diseased that's the word reims they are reims they shall not rise so in case you want to know who are these reims you will have to read from verse one because he already tell you they are so you see again is that dead Kings and Tyrant which will come back to so they are dead they shall not leave their disease they shall not rise therefore hast thou visited and destroyed them and made all their memory to perish thou has increased the Nations oh Lord thou has increased the Nations thou are glorified thou has removed it far onto all the ends of the Earth Lord in trouble have they visited thee they poured out a prayer when thy Chas was upon them like as a woman with child that dwth near in the time of her delivery is in pain and cth out in her PS so have we been in thy sight oh Lord we have been with child we have been in pain we have as it were brought forth wind we have not wrought any Deliverance in the earth neither have the inhabitants of the world Fallen 19 thy dead men notice they cannot be dead m h again thy dead dead men shall live together with my dead body which the word cses shall they arise awake and sing ye that dwell in dust for thy due is at the Dew of the

hers and the Earth shall cast out the reims see a separate a separation and the Earth shall cast out the ref they will no longer be on the earth you know that's not now now you know what is calling Earth here as it were the world the the word of interaction the realm that has Heaven Earth under the Earth ah so you get the context come my people enter thou into the thy chamber shut thy do about thee hide thyself as it were for a little moment on I mean if you go on reading for behold the Lord cometh out of his place to punish the inhabitants of the Earth for their iniquity the Earth also shall disclose her blood for and shall no more cover her slain so putting activities so Isaiah 14 Isaiah 26 so using the word dead did you get it Ezekiel if you don't mention Ezekiel you have not thought about the supernatural word now you should know that by now speaks a lot about weird things that we try to avoid is get 32 Verse 18 son of man wail for the multitudes of Egypt and cast them down even her and the daughters of the famous Nations onto the nether part of the earth with them that go down into the pit whom does not pass in Beauty go down and be thou laid with your you may not remember but I will tell you because it's in the teaching when I was teaching on mountains I did pick out that word uncircumcised in Ezekiel 28 you will see it when we read Ezekiel 28 again because we use Ezekiel 28 Isaiah 14 and Genesis the when we explaining that Nash uncircumcised that word uncircumcised with the uncircumcised they shall fall in the mid M of them that are slain by the swords she is delivered to the sword draw her and her multitude the strong among the mighty shall speak to him out of the Mist of hell so there is the mighty another word used to explain this same guys Goring g i b b o r i m so a synonym of the same word ref the strong among the GI the Gibb g i bble b o r i m Warrior Tyrant that's the chief ones there that word is used 158 times and all the references of course it's also used for God us for supernatural beings but the exact word that is not mixed up is the word ref okay so but this is a synonymous word the strong among the mighty shall speak to him out of the midst of hell with them that help him they are gone down they lie uncircumcised slain by this SW so these giborim are slain by the swords so it gives you a supernatural context for all the wordss in Genesis to Malachi that gives you the idea of genocide that is God for genocide no it's not for why all this utterly Blood Out utterly wiped out so it's giving you a context so you think that it doesn't matter those things don't matter there was a reason why they were chasing them out Joshua CV I will show you soon when Joshua was going to mention his CV go to the Book of Joshua you see Joshua give us your CV why should we take you seriously as a great judge why should we take you seriously why should we take you seriously Joshua tell us your CV Joshua 11 verse 20 for it was of the Lord to harden their hearts that they would that they should come against Israel in battle the Nations that came against Israel in battle the Canaanite and where you have Bashan the king of Bashan is one of those refs jump ahead and say it that he might destroy them utterly and that they might have no favor but that he might destroy them as the Lord commanded Moses 21 and at that time came Joshua and cut off the anakims anakims all the reference of anakim is is the same word we refer him synonymous word and it's not used in a positive light for anything good it means exactly the same ref means

now notice the difference in gibor is Gib is just a normal Hebrew word for Mighty God is called Mighty supernatural beings are called Mighty then these dead Warriors are also called Mighty but the word anakim is exact and anakim is used nine times at that time came Joshua and cut off the anakims from the mountains from heon from debbi from anab and from all the mountains of Judah and from all the mountains of Israel Joshua destroyed them utterly verse 22 there was none of the anakims left in the land of the children of Israel only in Gaza in G and in ashod which David and his mighty men finished which is why they are very significant so Joshua was able to wipe out all the Giants in his timeline what a man the only ones that were around fled far away from Israel which is now where you get the Philistines in David's own timeline and David is the one who kills them starting from golad of GTH which is called a giant all right there was none of the anakims left in the land of the children of Israel only in Gaza in GTH and in ashod there remain so this three places only in Gaza in G and in ashdod there remain so Joshua took the whole land according to all the Lord said unto Moses and Joshua gave it to the for an inheritance unto Israel according to the divisions of their tribe and the land rested from war so there was none of the Giants left because Joshua had wiped them all out Joshua 13 all the kingdom of OG in Bashan which reigned in ashtaroth and in edril asaro and edra that's that ceria Philippi new name in Greek ceria Philippi that Jesus was which I told you gway to the under said the Gates of Hell shall not Prevail on this rock and that rock was the the headquarter of all the shrines in that region was in that place where Jesus said the Gates of Hell shall not Prevail so it was this same ashar Ed Bashan language who remained of the remnant so all the kingdoms of OG in Bashan which reigned in ashar and edel who remained of the remnants of the Giants for this did Moses Smite and cast them out are you seeing what he has just done he has mentioned OG in Bash in Bashan is mentioned more than generational CA in the Bible so may think it's not important but it's important I mean there are things that have more reference just like there are more Bible vers for B ground than for Satan is after your life so because barrier ground in the Bible is us to explain something that's things in the Bible you think are not important are important because Bashan is used in Psalm 22 to explain powers of Darkness so that we'll get to that or imash of the remnant of the Giants Giants there is the word reims now Genesis 14 you will see the world refs used directly in your KJV Genesis 14 and it came to pass in days of Amel king of sha arok king of elasa chol king of Elam and Tida king of Nations King of the other nations so they didn't have a name so you just call them nations of the other Gentile Nations that this made war with barah king of Sodom notice how many Kings Four Kings ABI am Rafel arok keldor and T Four Kings this made war with five Kings barah King of Sodom BHA king of gomorra shab king of adma you see why Abraham Was Not Afraid Shima king of zeim and the king of B which is zoah all these were joined together in the veil of sidim which is the salt sea 12 years they ser chelo and in the 13th year they rebelled and in the 14th year came chel and the kings that were with him and smot the reims and smot the reim are you seen that word used directly and SM the reims in because it's English translation they put s you know the

word I am is all right and they SM the refs in ashod can and Zim in ham and the EMS in shave Kate and the horites in the Mount Sia onto El Paran which is by the Wilderness and they returned and came to emish which is Kadesh and smoke all the country of the amalekites and the amorites note these two places amalec amorites very important and note all the places in verse 5 just now so that word ref used in that Genesis 14:5 see it's not a miss Genesis 15 verse 20 18 into 21 and it came to pass that when the sun went down and it was dark Behold a smoking furnace and a burning lamp that passed between those pieces in the same day the Lord made a covenant with Abraham saying unto thy seed have I given this land from the river Egypt unto the Great River the river euphrat the canites the kenites the konit the hites the perizzites and the Rimes so because they were occupying a land and the Amorite the Canaanites and the gash you notice in Genesis just now Genesis 14 it told you there was a place called The ABI the ref in Asteroid Canim okay now that same word is ref the next time we see the word is Deuteronomy 2 omy chapter 2 verse 11 which also were accounted so who so let's start from verse let's start from verse 9 and the Lord said unto me distress not the moabites neither contend with them in battle for I will not give thee of their land so the moabites you see Moses so they were not just entering any land they liked all right and the context of those Wars is the context of spiritual warfare that's the same context the new test writers to exp spiritual warfare because it's a setup he wants you to see something they are contending with is what I mean by spiritual warfare all right so verse 9 and the Lord said unto me distress not the mo but NE contend with them in battle for I will not give thee of the land for a possession because I have given a unto the children of lot for a possession the AMS dwelt therein remember that show them in Genesis 14 the AMS dwelt during in time pass a people great and many tall as the anakim so the EMS were as tall as the anakims which also were accounted Giants so he now told you that the emims were also recognized as Giants the word Giants now is the word reims the same word we have been studing just now refs dead things are formed in sh okay which are counted Giants as the anakims but the moite the moabites called them emim so you see different names in different nations so the moabites call them emims verse 12 the horim also remember I am in Hebrew it's not supernatural being just a Hebrew word for plurality I've told you that not every time you see I am is a supernatural being oh okay it's just plurality the HS also dwelt in SE before time but the children of Esau succeeded them so it says Esau's children were the ones that finish all these guys called the horim verse 12 when they had destroyed them from before them and dwelt in their stad as Israel did unto the land of his possession which the lord gave unto them now rise up said I get you over the brook zared and he went over the brook zered so all the nations around the trans Jordan region all right jump to verse um 20 19 into 20 and when thou comest now over again against the children of Ammon distress them not nor medow with them for I will not give thee of the land you know Ammon now that's lot's children don't go there don't go to those people's lands lot's children leave those ones alone I will not give thee of the land of children of Ammon thy possession because I have given it unto the

children of Lot for a possession are you following and also that also was that that also was accounted a land of giants Giants dwelt therein in Old Time and the Ammonite called them Zam Zumi so see a different name now the Ammonites called them Zam Zumi a people great and many tall as the Anakim but the Lord destroyed them emphasis destroyed them before them and they succeeded them and dwelt in their land as he did to the children of Esau which dwelt in when he destroyed the Horim from before them and they succeeded them and dwelt in their land and the Amorites that dwelt in Hagerim on even unto Azad the Captor which came forth out of Captor destroyed them and dwelt in their land rise he up take your journey and pass over the river Anon behold I have given unto thy hand Seon the Amorite king of Hesh Bor and his land begin to possess so there were lands to possess and lands not to possess okay remember possessing land possessing land as I give you a spiritual warfare context so possessing land so begin to possess it and contend with him in battle so there is Seon take not of this guy so so is the Bible silent on it or it has a lot of mention thank you Seon Seon the Amorites so it will be [Music] mentioned Deuteronomy three chapter 3 just to the next chapter Deuteronomy chapter 3 and verse one then we turned and went up the way to Bashan and OG king of Bashan came out against us are you seeing the beings that is calling refs were they alive don't jump I mean the Bible is so simple you have to be crafty to be scared of proper Bible interpretation these are the beings when they were alive but when they were dead where did they end up in Sh and they are called Reim thank you then he turned and went up the way to Bashan or king of Bashan came out against us so a human being but is not only human there's more to these beings and we are going to explore them but they are they are they are human but there's more to that humanity and we explain that and the Lord said unto so their uh guy Divine beings or partial Divine beings partial human beings we will explain that later and the Lord said unto me fear Him not for I will deliver him and all his people and his land into thy hand and thou shalt do unto him as thou did unto Seon King of the Amorite which dwelt in Hesh Bor so the Lord Our God delivered into our hands or also king of Bashan in fact these two words are used to praise God many times in the book of Psalm praise be unto God who destroyed OG of Bashan the right so if it's not important they will not be using to praise God so you may want to rush over it like it doesn't make sense Baba now you say not make sense so it makes sense verse six notice the use of the word five into and all the cities were fenced with high walls Gates and bars beside unwalled towns a great many and we utterly destroyed them this is the utterly destroyed language of course it doesn't explain genocide it just means no one was left of these individuals we utterly destroyed them as we did unto Seon king of Hesh Bor utterly destroying the men women and children when they say utterly destroying the men women and children is not genocide it's not killing innocent men women and children that came out to fight because when you are fighting the people that come against you you will not go and keep people that are hiding their room because those ones are the ones you take captives all right so it's a war rhetoric War language when you say use a war language because in

those days you also gather the children that can find by using children doesn't mean that they are 5 years old they are much younger in age than any person that is women also used to go and fight so it's not common but women see used to fight in those days because some women chose to learn the art of warfare not the women hiding in one room and crying the ones that in the battlefield just like we have women soldiers today AB M and we have old and young people in the Army too but all the cattle and The Spoils of the city we took for a prey to ourself and we took at that time out of the hand of the two kings of the amorites the land that was on this side of Jordan from the river and onto Mount Hermon Mount Hermon has coming again which Hermon the C ionians called serion and the amorites called shenai and the cities of the plain and all gilled and all Bashan onto salal and edil cities of the kingdom of OG in Bashan you see that is around isra around the trans Jordan region which is where Jesus went to all right so for only OG verse 11 king of Bashan remain of the remnant of the giant so in case you were not sure who he was it tells you that he of the remnant only him was remaining at this time only all king of Bashan remain of the remnant of the giant Giants there again ref behold his bedstead so the references that uses the word Giants are 25 minus the ones we were reading before those uh references we read for reim dead things are formed that he was not using word giant when you add them together you see how many they are so it's not limited use minus synonyms so it's the same word giant the same word dead used in the in the words of the Prophet you are quiet so is this silent New Testament book is the Old Testament book silent all right say it's silent it's silent it's not there it's not there is there oh 8 + 25 33 AB so we have 25 references of the use of the word Giants here and eight references of the other one that use the word dead dead dead to explain them same word Rafa raim now raim is used a lot in second Samuel and you already know why David AB first samel is more of saw saw dies then second Samuel you have more of David you find the word using in 2 Samuel then in Chronicles so in the book of Kingdoms for only or king of bash and remain of the remnants of the giant behold his bedstead in case you think the giant is not really giant is his best was the best of iron is it not in rabbat of the children of Ammon 9 Cubit was the length 9 Cubit is 18 in 18 a cubit is 18 in a cubit is 18 in so do the ma 18 in * 9 that's 162 in 62 in somebody's bed is 162 in are you getting it okay you don't understand inches so let's do feet 162 let me um calculate it 1622 in is 13.5 ft is 13.5 ft long you are not sure 13.5 ft is long okay that's 41.4 8 cm so that's big n Cubit was the L thereof and 4 kbit the bread so you know what is explaining normal bed so the bed was long and this land which he possessed at that time from ARA which is by river and on so it gives you all the context these were the lands that they took verse 13 and the rest of Gil all bash being the kingdom of all gave it uh which with all bash which was called the land of giants so it was called that place was called the land of giants the land of reims clear clear clear so we can't ask now we don't know who these rims are no we know who they are they are those giant those kings Tyrant kings that fought against Israel AB those giants falling Giants now what is the origin of these Giants that's what we take it to Genesis chapter 6 so we have the

Nash Serpent of Genesis chapter 3 in sh we have wicked men in Shi and we have reims now if you don't know this context then you won't know the origin of the use of the word demons in in Matthew in the gospels because these dead Warriors are now without they they disembodied thank you body and spirit is separated and why does the lead to something else we explain it that's why you need to know what happen chapter 6 so what I want you to see is the entities in in Shield who are the beings in Shield now five beings are mentioned in Shield one is that reim not in particular order reims is that clear enough they actually mentioned there and refs they actually mentioned there and the prophet they say that fire will fall on them Psalm 140: let burning Co fall upon them let them be cast Into the Fire into deep pits that they may not rise up again so there's a context David began to use of burning Co fire which was where we talk about hell Goes to Hell ABI where you now see the Fire part but I told you sh is never explained with fire sh is as the place of the Dead okay the word deit there mahura the word AB all right um so the worst fought in the old Old Testament were about those giant characters when you see they were always coming against Israel they were not wanting to mind their own business and many times they were orchestrated by Supernatural so there was a supernatural conflict that's why de God's intervention clear clear clear so we have the rims then we have the serpent in Genesis 3 Ezekiel 8:28 Isaiah 14 which is what we explain on Sunday then we have the second Peter and Judah we read just now cast down to Hell AB so that's the third one which will be the supernatural beings the angels of Genesis chapter 6 keep it like that for now the Watchers of Genesis chapter 6 or the angels in Genesis chapter 6 Peter Jude explains that the angels that were cast down notice Angels not serpent serpent is one it's only one being that was gen of it put plurality so even if we don't want to be smart one being cannot be plural thank you so you can get a separation I let's read it again I was not sure sir I didn't really pay attention sir okay please be paying attention and the angels is there s which kept not their and it conjoins with Sodom and gomorra so this Rebellion is similar to what happened in Sodom Genesis the is not what happened in Sodom okay and he use plurality noncanonical book quantifies them as 200 now we don't have that in the Bible but there a plurality and all of them all of those non-canonical book non non canonic and that is not part of our 66 books which the ancient Israelite did read they were not they are not taken authoritatively as Doctrine because they have a lot of poetic elements inside many also buaya many rubbishes the word that's what I mean so they are not canon they are not inspiration of the Lord for Doctrine it is the 66 for Doctrine are you following does record that there are 200 of such supernatural beings and those non-canonical books called them Watchers which we already know is a function terminology I thought you that's why I T you all those things that think not matter the Genesis chapter 3 guy is not a watcher he's a cherub they sleep when they teach Isaiah 14 Ezekiel 28 the anointed cherub difference so whether you want to be crafty you cannot force them because the Old Testament somebody somebody's getting it it's making sense now they always separated it and is not silent to I know I'm taking your time but the time is for your good because you would think

that there are no references Baba there are many references so thank you for the wicked the wicked are in Shield I just need to end this so that I will not repeat it on Sunday who are the beings in Shield so I can just go on are you with me Psalms chapter 9 and verse 17 the wicked shall be turned into hell so in case you were not sure you know unbelievers are in heaven in becausee you did not know I don't need to give you reference are unbelievers in Hell Wicked that Wicked is the ungodly the unbeliever all right shall be turned into hell this is not supernatural beings this is human beings so human beings are in hell so we have the N um in in no particular order the refs because if it's hierarchy they cannot be number one Genesis 6 people did there that Jud say more wicked which you will see the language to expl that there are more wicked Spirits I say Wicked so we have said is the Genesis Theory guy the strongest everybody always says yes and it's not from Bible I did not say it's not but it's not Bible that they are reading it's because it's the only character that they call devil it's only Genesis 3 guy called devil and devil is a because they more than one because we want all of them to be with one guy and the use of the word devil is a function terminology like I said because there are more than one deceivers so the characters of Genesis 6 the angels that se that are in Chains of Darkness the Nash is not in Chains of Darkness but these ones are in Chains of Darkness the Nash was simply banished to the underw but these ones are stopped from having activity they don't have activity they can't go anywhere they can't move they they are just there Revelation mentions them which like I said the Bible some silent on it okay so they have been bound from moving from expressing from ever having activity or expression that is their sentencing and all of them have a judgment Genesis Theory judgment on the Nash was he will become a member of the underw he will be in the shield he will be in the place of the Dead banished to the place of the Dead which is why he's seen as the number one guy because he's the beginning of that place are you following because he's involved in the first Rebellion so now I didn't say he's not neither did I say he is the I mean strongest right we know of course he's not the strongest Angels because m beats him every time if m is beating him every time so you know he's not the strongest Angel that's why I wanted to ascend above the stars is stars in nature terminology so if he was above the Stars he W want to be above now if it's above why does he want to be above and the way he wanted to be above was not just above the highest ranking was that he wanted to take that height that God designed for man clear clear so we have the rims the serpent in of Genesis three in hell then the wicked we have the supernatural beings of Genesis 6 then the fifth reference of beings in sheld is just the use of the word Spirit which will explain OB y will explain those words I was trying to explain them when we went to visit the witch of Endor you followed me because we read it all right all right so you see the use of those words he started using words like OB familiar spirit and I told you the use of the word familiar spirit is not the cheler is not the medium what we call witch or wizard the spirit itself where did that Spirit come from and that spirit is attributed with necromancy necromancy is talking to the dead so this spirit are in the underw oh my Lord so OB so and many other kind of SP so we just classify all of them as

Spirits so there are other Spirits so five other Spirits so we have um the wicked so we have the reims The Serpent of Genesis three the supernatural beings of Genesis 6 the wicked than other Spirits clear clear clear all right so those are the five entities explained as members of The Under World people that are in The Under World now Old Testament had the righteous also there but they are no longer there because the resurrection of Jesus so the righteous and the wicked were in the same place that's why the prophets always were all saying you will not leave us you will not leave us you will not leave us and Jesus resurrection is why they all come out they all came out all not no single one was left in the grave the problem is all these wrong transliterations because when you have Graves open in in the New Testament books when Jesus died and was we read it as burier ground was opened it's English I'm speaking AB the reservation of Jesus Matthew say Graves were open Matthew 27 just like when you read New Testament books have stars it looked like the wise men were following Stars they were following they are moving you hope you know it's you that is moving yes so that will not come and be arguing you get it that's why I had to explain to you that stars is a nature terminology doesn't mean that every reference of stars does not mean that there's no longer physical stars but stars is us the same word grave and the graves were open now and many bodies of the sense which slept arose so this was the best way to put it and came out of the graves after his resurrection and went into the holy city and appeared if they appearing it's not the way you explain them ab and appeared unto many so there are when Jesus there because that's why there was a Gul even in the place there was a Gul to separate those that now there's a lot of text for it righteous and unrighteous in this same place but it's no longer so because of the resurrection of Jesus because the resurrection of Jesus is a game changer Hallelujah don't be in a hurry understanding is Progressive so we'll come back and explain Genesis Theory account again just like we exp Genesis remember the origins of the power of Darkness will take you to how many portions in Genesis Genesis 3 Genesis 6 Genesis 11 have been emphasizing the theory divine rebellion and we're going to explain them and we're going to go into it more in a more exhaustive way when we teach on the subject demonology where we said uh casting out Devils your authority over there we will find a topic for it AB I'll teach you that this same year so fear not but let us get to Ember month where people are afraid and we'll teach it then all right are we good yes right so maybe we entering B month all right so these are the guys in sh we have the refs the serpent the Wicked the Watchers of Genesis 6 and all Spirits clear clear clear did you get it so the word o OB the word yon so there are terms associated with the realm of the dead so there's the refs there's the that word OB you find it in Leviticus 19 Leviticus 19 leus 19 so that in case you say ah he didn't give us reference he just said they that Spirit leus 19 I said I want to be done with all the inhabitants of sh leus 1930 1 regard not them that have familiar spirits neither seek after Wizards to be defiled by them I the Lord your God the word familiar spirit is the word OB the word OB is where you get ancestral that's where you now get ancestral spirit because OB is the equivalent of ab ab ABA AB ancestra which is why that's why ancestral spirit is

you talking to the ancestors you want to pour libation on the ground for the ancestors that is the origin of what you get ancestral Spirit are you following OB OB so OB now like I said the Changel is also many times it now looks like the individual the medium is also called the same thing because the other word want to use now if you are not a student of History you will be confused because which and wizard which is the female wizard is the male but not true because wizard is also used to explain Spirit not just the male wizard is also a spirit because the in Translation is a challenge but the word wizard is the word yoni it means a knowing spirit is similar to the word familiar Spirit a knowing Spirit a knowing Spirit knower so it's called a knowah a knowing Spirit spirits that know things that collect data that data they collect data all right they know things and the two are what are engaged in the act of necromancy and necromancy is talking to the dead so you know that they are in Sheol because that's the dead so that word wizard it is used 11 [Music] times it is from the Hebrew verb Yad to know so you don't yiddish the same thing in Deuteronomy 18:11 or there shall not be found among you anyone that maketh his son vers 10 or his daughter to pass through the fires or that useth divination or an observer of times or an enchanter or a witch or a charmer a witch year is used for male and female a witch the word witch year is used for male and female because is to practice witchcraft that's the word witch there or a witch or one that practices witchcraft because they had giving you the original meaning not the male and female just like we have Prophet prophetes which nobody send you prophetes does not exist because a prophet is a prophet now you just want to put the test mhm the word which is both male and female but based on today was and oppos Witch and Wizard is now separated but Witch is just so when use that word or a witch there in Hebrew it means to practice witchcraft which is used for sorcerer or sorceress original meaning is somebody that Whispers a spell so witches have a spell or a charmer told we going to talk about these are the beings that can stir up negative forces why you I told you now we talk about these things all right or a charmer or a consulter with familiar spirits notice there is a spirit with familiar Spirit OB familiar Spirit or a wizard a Yoni or a necromancer Necromancer there is just the word darash d a r a s h what follows or what follows so it gives you the meaning that what he had just said is that necromancy that you know it or what follows it for all that do these things are Abomination to the Lord so that is an Abomination so OB and Yoni and necromancy is mentioned there now there's a lot of reference for these things like I told you it's not a silent there are 17 references for it so it's not something like silent and all the references have it with necromancy Consulting the dead so they are in the dead crossing the veil of living and dead as we saw in the witch of Endor's house that we visited all [Music] right so there other words is the word meim m e t i m now the New Testament books does mention a word like this and it generalizes it as the word fantasma which is the word ghost where Jesus was walking on the water and they said it is his ghost [Music] say it is a spirit oh that was walking on the [Music] water that's Matthew 14 was walking on the sea and when the disciples saw him 26 walking on the sea they were troubled saying it is a spirit it doesn't use the normal word numma he uses

another word fantasma it is a fantasma a spirit that can be visible so a visible spirit is a visible spirit so New Testament book is he silent is he silent on the mention is not and when the disciples saw him walking on the sea they were troubl saying if he did not exist the disciples would not have thought it is a this it is a fantasma and they cried out for fear and straight away Jesus spake unto them said be of good CH it is I Jesus not said that does not exist he say it is I Be not Afraid Peter answered and said Lord if you are the one tell me to come so it is a spirit so you Matthew 14:26 Mark 6:49 is the same word fantastic from the word fanto to appear so these are spirits that appear so the spirits can appear so Greek that's in the Greek language so but so if you want to put in a simple word fantasmas now notice Genesis 11 guys we not put them in the other word sorry because their judgment in Psalm 82 was a disinheritance of the nation you can sleep as much you want to sleep but the English I'm speaking is the English I'm speaking and I want to be quoted properly AB Psalm 82 God the congregation of the mighty he Jud among the gods so this other Elohim how long will you judge on just and accept the presence of the wicked so what is going to be their sentencing he said defend the poor and the fatherless do justice to The Afflicted and needy deliver the poor and needy read them out of the hand of the wicked they know not nether will they understand they walk on they walk on in darkness they are part of the powers of Darkness as we know it today all the founds of the Earth are out of course not because of that vs not because of Darkness there all right because they are part of the powers of that because that's a unifying temp because they oppose the light all the foundations of the out of course I have said ye are God all of you are train of the most high but ye shall die like like men and fall like one of the princes arise oh God judge the Earth for that shall inherit All Nations so their judgment is their grip of the Nations will be dislodged from them which the resurrection of Jesus is attached to the Fallen supernatural beings in Genesis 11 and I'm going to explain that properly amen notice Ephesians 6 just so we are familiar don't lie oh Ephesians 6 don't lie on the head of Paul what did Paul list Ephesians 6 because I mentioned Ephesians 6:2 for rest against flesh and blood but against [Music] what against the rulers of against the rulers of the darkness of these against spiritual wickedness in so there are spiritual wickedness in high places so are there supernatural beings in high places are not sure so there are supernatural being in high places that are opposed to us high place they say what heaven in case you don't like it I but it's not the same place cuz our Heavens is defined as Heavenly places in Christ Jesus so we are not in the same unseen realm but these are the beings we deal with remember I did not give you a list of all the Ts for or all the entities of the pows of Darkness I give you the list of all of them in sh quote me properly oh is the realm of the Dead I told you who is in sh and those are all the references you will see and we'll read more uh next week so we have power over we have authority in heaven Earth and under the Earth learning something we're going to begin on Sunday with the rebellion and how they became the power of Darkness I will finish how they all became Genesis 3 6 and 11 hopefully on Sunday I have to put hopefully amen I almost said we will what if we did not hopefully all

right so do we have authority an emphasis is fear not Hallelujah we are not to fear we are not to fear fear not fear not them which kill the body but are not able to kill the soul but rather fear him which is able to destroy both soul and Body in hell that know what the Bible says so shouldn't fear there is no reason to fear none of the apostles were afraid none of the Apostles even took them seriously as something to fear because they knew about the authority we have second Timothy 1:7 says God has not given us the spirit of fear but of power love and of a sound mind notice how the the are put together power love and of a sound mind power love and of a sound Lord and of a sound mind Hebrews tells us that fear Keeps Us in torment AB Hebrews 2 and verse 4 for as much I drain our partakers of flesh and blood he also himself likewise took part of the same AB that true death we might destroy him that had the power the war had that held onto the power of death and delivered them who through fear of death were all their lifetime subject to bondage all their lifetime subject to bondage so fear has torment fear has torment fear has torment I will not fear fear has torment first John 4:18 there is no fear in love but perfect perfect love casted out perfect love casted out fear because fear had torment he that fearth is not made perfect in love it's not completed does not fully understand love and the love there the love of God are seen in Christ Jesus which is another word for saying doesn't he understand what Christ has done for him so when you begin to understand the day fear dies is the day you perfectly Gras your rights and privileges in Christ Jesus when you understand who you are what you have who God has made you fear dies you're never going to be afraid again of Dark Places physical dark place spiritual Dark Places the realm of the Dead you fear nothing because you are in charge you have authority Heaven Earth and under the hallelujah amen we have authority over all powers of Darkness all powers of Darkness are underneath you are underneath me personalize it all powers of Darkness are underneath me allers of Darkness under are underneath me under me I TR I trample upon serpents and scorpions is that not what Luke tells us give unto you power to trample upon to trample upon to trample upon is the word pusia I give unto you authority to tread on serpents and scorpion and over all the power of the enemy is that enemy The Darkness we are talking about power of the enemy power of darkness and nothing tell your neighbor nothing shall by any means hurt you do you know you have to know it oh not and that knowing is not head knowledge that knowing should be your practice that are there things that you know that are very real to you you know everybody believes they understand what knowledge means knowledge there is not head knowledge knowledge there is practice knowledge there is practice we have authority say I have authority I auth to trample on Serpent and scorpions and over all the powers of the enemy and nothing can hurt me nothing can hurt me see the emphasis oh yes sir so do you have authority over all Darkness yes sir all powers of Darkness yes sir are you in charge yes sir are you in command yes sir do you have dominion yes sir this is the kind of thing you need to listen again and again and let it become real to you so what is this knowledge this knowledge cannot be head knowledge it cannot be H I know have you ever it's like his name is Caleb and now say his name your

name is Reuben you are Reuben now you are reuben reuben abim no no you are Reuben no no no reuben reuben Joseph AB you see you can be emphatic he can argue it he's not going to take no for an answer is go that's not my name I said no no your name is is going to keep arguing he going to keep standing his because he knows that he knows that he knows that he knows from a child he has been called that name it has entered him how do children all of a sudden when you call them they not know the name oh is as you have been calling calling the now said that's the name you have been calling me that's knowledge they know they know it is they have internalized it you need to know it say see say behold you don't see him you need to and don't believe you have seen it cuz until you see it you you fear mad people that's even the worst because of M person you cross road what's the worst that can happen he touch you then you touch him and that's an opportunity as he touch you just say Jesus if in case you don't know maybe you you have not mature and he fear that you want to fear shout Jesus don't pretend and say no no no I have authority shout to shout use voice to silence your emotion and you'll see what I will tell me the [Music] story I'll fear no devil I'll fear no evil I fear no evil I'll fear no devil I'll fear no evil I'll fear no Darkness I'll fear no devil I'll fear no evil I'll fear no dark I'll fear nothing I only fear the lord I only reverence the Lord I know who I am do you really are you see that there's work so the work on your part is to internalize your knowledge make sure you know that you know that you know that you rather die than accept something otherwise some say no no no you're not somebody is able to how how did it happen that somebody was able to convince you that devil has power over you How could somebody convince you that Darkness have power over you that means you didn't know you the only reason why you can be tossed to and throw is because you didn't know that's a proof that you didn't know you were not established in your knowledge you not perfected in the knowledge because what you know and you are nobody can convince you otherwise it's like some tell 1 plus one is not two I say you know in marriage one see down 1 plus one is two there's not that marriage concept there was not explaining one plus one as mathematics was explaining un that two people join together and it's now one family don't bring what you don't know that's not mass not at this stage of your life you have passed 13 years it's now at this stage of your life you are doing you don't know what 1 plus one mean it's not at this stage of your walk with God you don't know that you have authority over all Darkness say it's dark you ought to do and darkness should be R just talk his still as a coward that it is it is defeated now this were the Insight we have been functioning with over the years are messages dealing with the devil messing up Satan in quote and in quote and in quote and all the different names of all those other messages have now look like ah there's even no devil Baba now Authority oh no devil it will M Satan will me on you and the good thing is not about the level of our Holiness every child of God has Authority not about your great work with God is about do you know if I can and I can convince you one day you can just take your time and think about it again and again so I have authority I mean I really have authority so I really have authority over all Devils I have authority over all Devils I have
