

in this service the eyes of our understanding again will be flooded with light leave here with the Deep seated understanding of our Authority in Christ Jesus and we see our Authority in the Unseen word we see how to combat unseen forces that are contrary Powers Of Darkness how they are underneath us and will walk in the light of our victory in Christ Jesus and in this service we declare that the things that ought to be said will be said the things that ought not to be said will not be said your name will be glorified and we shall be edified built up transformed by the power of your word and again we release our faith for Encounters of the god kind Great Mighty workings of your power in this service our bodies will be healed and receive tangible Miracles because we came we will be blessed we will be refreshed in the name of Jesus amen God bless you have your seats turn your Bibles with Me 2 Corinthians chapter 4 and we're going to start with this text 2 Corinthians chapter [Music] 4 2 Corinthians chapter 4 you there are let me know turn your Bibles 2 Corinthians chapter 4 and we read from verse three but if our gospel be heeded if our gospel be veiled it is heeded to them that are lost if our gospel be heeded it is heeded to them that are what is he to them that are lost is he to them that are lost in whom the God of this world in whom the God of this world underline the word he puts the word god of course you have it in your uh English translation small letter G but you know the word used for small letter G there is the same word for capital letter G so in that context the the writers of course the translators are helping you because they know it's not God that is referring to there but Satan so he use the word small letter G but you know that does not help because there are also place where capital letter G is used and is still Satan that's why the context will always help us to know who is being referred so so in whom the God of this world had blinded the mind in whom the God of this world you the God of this world remember the word word oh my Lord w o r l d and I told you um there are three words used to explain the Greek word for world or for they about and we did that study in several other teachings then we talked about the biblical cosmology Heaven Earth under the Earth we talked about that that in this world there Heaven Earth under the earth now the word he uses for World here w r l d remember Philippians 2 that at the name Jesus every knee will bow of things in heaven things in Earth things under there so we said our authorities in heaven Earth and under the Earth remember that okay now our focus is on um what we began to talk about on Wednesday about the powers of darkness and we said why we use that term is because it's a unifying term it can be used to explain all activities of Satan Devils demons evil spirit and I mean everything that will fit into that folder we can pack it all inside powers of Darkness remember okay so in whom the God of this world the word uses for world there w r l d is the word Aion the God of this world the God of this age so that in itself is descriptive by saying the God of this age it takes you back to Genesis narrative what happened to the age Genesis chapter 3 the fall of Man so there was so that God of this world that plunged the world into what because that's the original Rebellion the first rebellion and the SC in Genesis is typer Adam did not sleep with another woman it was not fornication adultery nether was it stealing NE that was he telling lies NE did wrap weed and smoke because

there were many trees so the Bible doesn't mention the particular sin but it gives you because what he's teaching is AR typer so it gives you that what is the origin of sin is rebellion going against what God Said So that you will not have good and evil morality Okay this not moral thing that he did because it's telling you that that's where our understanding of morality begins from I now know the good I can avoid the evil was itself sin because that went against what God Said I know the good I can avoid the evil that's why a man won't make heaven in the use of people who teach the concept of making because he's not saved you can be knowing good and avoiding evil and that's just your HP because how many good do you know and how you sure what you are calling good is actually good because it's in your own context that is called good have you ever tried convincing somebody that they do something that is wrong you now know how Wicked people are you have to convince them that something that is wrong so that means to them what they were doing was not wrong beautiful so when he says the God of this world is talking about that entity because that entity was always a God God God created gods and with said the word God is a Divine being AB so we said are the gods real so you see that he's not giving Satan a very strong word the same word used for God no because the word used for God is used for I told you half a dozen other entities I also refer to as the word god Elohim is used for six other entities in the Bible is used for number one the god of creation the god of Heaven and Earth who made all things the God and Father of Lord Jesus Christ is called Elohim Elohim is also used to explain uh members of God's Heavenly Host Elohim is used to explain the good Angel Elohim is used to explain the bad Angel shedim 32 read those reference Elohim is also used to explain the disembodied human dead Samuel being summoned up and it was called Elohim I saw gods ascending out of the earth remember that so when you see the word God don't give it your own meaning but read it in the context so when it say the God of this word that at the beginning that plunged the word into what we know it is what he's referring to so the world here is not saying Satan is now the master of the universe no he's saying because he's dealing with a rebellion a fall a corruption if our gospel be he so where was the very first place that the gospel was hidden out of you where was the very first place that people did not believe God's word CH chapter 3 original that's the Book of Genesis origin book of origin so where is the first place we can trace that to so he said the God of this word had blinded the minds of them which believe not AB that's what happened to Eve and she convinced her husband and he ate the same and believe the same light AB lest the light of the Glorious gospel who is the image of God should shine unto them verse five for we preach not ourself but Christ Jesus who are we preaching we preach not ourself but Christ Jesus the Lord and ourself your servant for Jesus sake verse six for God so you know who the writer Paul knows who God is for God is that Creator God who commanded the light to shine out of Darkness God who commanded the light to shine out of Darkness has shined in our hearts to give the light of the knowledge of the glory of God in the face of who God who commanded what God who commanded what to shine out of Darkness has shined in our hearts so that's victory victory

over the God of this world trying to deceive people blind the eyes of people from being saved so God who command the light of of Darkness has shine in our hearts to give the light of of the GL of God in the face of Jesus Christ now underline the word he uses there which is the word Darkness Darkness Darkness Hallelujah darkness and John has a teaching of Darkness John chapter one we can quote the whole text but I want you to read it and not just um in the beginning was come on are you there in the beginning was the word and the Word was with God and the Word was the same was in the beginning with God all things were made by him and without him was not anything made that was made verse four in him in him and the life was the life of and the light shineth in darkness and the Darkness comprehended it not so he says there's light and there's Darkness did you get it there's light and there's Darkness just like Genesis chapter 1 in the beginning God created the heavens and the Earth remember that the Earth was without form and voice and darkness was upon so and God now said in verse three let there be light and there was light so it gives you a Genesis account just like say in the beginning God created the Heaven and the Earth so there's light and there's darkness and we saw that God did not create Darkness we said also Genesis chapter one or Genesis Moses the first writer of the scripture is not the first man that God created and so you want to know the background to Genesis read the book of Exodus is the same man that Genesis Exodus and who was Moses's audience the people he brought brought out of captivity so the words you find in Genesis are words that you find in Exodus Leviticus and num because it's Moses Teaching Ministry Exodus Leviticus number Dey so and you want to see precisely what is in Exodus you go to Deuteronomy if you want to see nearly everything in exodos you find it in dromy because it's the second law it goes over the things that are in Exodus again so and you see all the word light Darkness I said before you uh life good choose life that you may live I mean all the same narrative you find Genesis so that first writer of the scripture we said that the audience were aient people and aient people had aient thinking we cannot bully them with 21st on the 22nd century reasoning which is more shaped with artificial intelligence and all of these many uh scientific discoveries as we call it today so we cannot re make them think like that we have to think like they thought the difference is the application we have to apply it now with a mod understanding because we live in a modern world but the interpretation must be primitive must be exactly what the prophet said and exactly what the audience heard so we said we must stand where the preacher stood and we must sit where the audience sat when I know something is that not so and that way we'll be able to hear the same thing so want to hear what the audience was hearing they were not hearing 21st century grammar they were not hearing our I mean words came more words have been added to dictionary over time hope you know more words there are mod there some words are not up to 10 years old it just added 10 years ago you see dictionaries they always you see some dictionaries they tell you with additional words added with additional words added so there are words are not in dictionary are you following yeah wordss are now in the dictionary that were not there before so words are

added that the same way when you get to the space between Malachi and Matthew that inter testamental period there were also words that were now added into their glosser of Words Their and one of such words was the word d e m o n which why you can't find it in Genesis because nobody was using that word to explain Devils but it's a new word that came in that period and they used it because they are looking for words that would explain what they are trying to teach so they began to use that word and we said on Wednesday that there are many assumptions and we need to correct those and we did that or whether is it show that if you it's only the English translations you are using to type devil demons your understanding of devil demons will be very limited because you hardly find references in Genesis to Malachi and some people say oh the new Old Testament doesn't talk about it it's only New Testament that talks about it no is there it's not new testament the difference is that Jesus separated the work of God from the work of the devil and he emphasized our authority over Devils Hallelujah emphasize our Authority in that he was the one who came casting out Devils but we cannot say um there's no origin or there's no teaching of devil in it's not much it's very limited no no no it's not limited it's much it's just the words that they use and I be beg you to go back to Wednesday teaching because of time now Luke 22 Luke 22 Jesus was in The Garden of Gethsemane Luke 22 and 47 and while he yet spake behold the multitude and he that was called Judas one of the 12 went before them and Drew n to Jesus to kiss him but Jesus said unto him Judas betrays thou the son of man with a kiss and when they which were about him saw what will follow they said unto him Lord shall we Smite with his SW and one of them smote the servant of the high priest and cut off his right ear and Jesus answered and said suffer ye TOS far and he touched his ear and healed him then Jesus said unto the chief priest and the captains of the temple and the elders which were come to him so you other words the chief priest that's the high priest you notice how the word have changed from high to Chief inter testamental period it was what was high priest [Music] from Exodus to Malachi is now called Chief priest hope you know he the same person all right and captains of the temple so the the security that were around the temple was who they just walked with to come and arrest Jesus okay but he come out but he come out as against a thief with swords and staffs so they had crooked woods and all of that when I was daily with you in the temple you stretched forth No Hands against me but this is your hour and the power of Darkness are you seeing Jesus brought in the power of Darkness into that conversation so this is your are and the power of Darkness showing how unseen forces can influence one's activities so I was dealing with you in Temple you not stretch for your hand but today you stretch forth your hand you think it's ordinary it's not normal but this is the hour of darkness in other words this is the day that cannot be avoided so it has all come together in this action now Jesus did not resist or reject that because it was going to serve a greater purpose which is his resurrection so doesn't mean that you should not say this is the of Darkness okay it's okay no resist it reject it rebuke it that's why context matters Hallelujah so powers of Darkness this is the Acts 26 and verse 18 it says to open their eyes and to turn them from Darkness to light and

from the power of Satan notice how he explains it from Darkness the light so and from the power of Satan so darkness is explained with the power of Satan and light is explained as unto God so Darkness unto light that is from are you getting it Darkness onto light and from acts 26:18 and from the power of Satan onto that they may receive forgiveness of sins so it talks about that before we got born again we were in darkness just like second Corinthians 4:6 light are shine 2 Corinthians 6:14 says be not unequally Yoked together with unbelievers for what Fellowship has light with unrighteous and what communion has light with Darkness so Ephesians 5:8 which is a reference tone there Ephesians 5:8 but ye which were sometimes Darkness are now but now are ye light in the Lord work as children of the light so are we seeing that there's darkness and there's light okay Ephesians 6:12 but we rest not against flesh and blood but against principality and Power against the rulers of the darkness of this world the word word again the darkness of this age because there's darkness in this age Darkness came in where the Earth shifted from God's original design which started with the first Rebellion AB all right darkness of this age against spiritual wickedness in high places Colossians 1:12-13 giving thanks unto the Father which had made us me to be partakers of the inheritance of the Saints in the light verse 13 who had delivered us from the power of Darkness where has he delivered us from the power exousia the delegated part the jurisdiction of Darkness because when we're not saved we're under that jurisdiction we're walking as normal men and in normal men there is now darkness in this world and because they have not turned to the light we are told now upon our Salvation we brought out of that man men view Norman men natural men view which is now under darkness and has translated us onto the kingdom of his dear son Kingdom of his dear son in whom we have received in whom we have Redemption through his blood even the forgiveness of sin AB be so we have been delivered from the power of Darkness so being born again is our Deliverance the word Deliverance there we have been delivered from the power of Darkness so we are not in darkness first salvation 5 we're not in darkness at that day should overtake us like a thief in the night so we are not in darkness 1 Peter 2:9 but ye are a chosen generation a royal priesthood and holy nation A peculiar people that you should show forth the Praises of him which has called you out of Darkness Into His Marvelous Light so we're not in darkness so you see why we can use the word Darkness to explain the whole contrary forces that's why we can use it because it's a general term we can now use to explain it since we know that it's a matter of transliterations or the words in particular that they are using that is changing it from old to new test and why there is not a consistent use of the same word but a consistent word that has been used from Genesis to Revelation is Darkness Darkness has always been used as the absence of light it's not used positively it's used negatively when talking about the powers of Darkness the work of the devil are you here did you get it so there are roughly 200 references to Darkness in the scriptures nearly all of which are used as a contrast to the god of the Bible or a contrast to light and light in this context will be love life just like John uses Life Light love so in contrast to Life Light love in contrast with God it's no surprise that death the threat of death in the scripture will be

referenced with the metaphor of Darkness so darkness is now a negative metaphor to explain the whole threat of death the whole threat of everything opposed to God and darkness will explain the fearful human experiences people go through are we good all right and those Supernatural entities that brought death disaster disease to the Earth changing the Earth from the sacred place from what God intended it to be to something else now will all be explained as the power of Darkness are you with me an Old Testament Theology of the powers of Darkness will connect those supernatural beings with death the realm of the dead and an ongoing assault on God's creation that takes the Earth away from the harmony the order and the well-being that God intended it to be so every such entity every such power associated with what I just said is what the Bible refers to as the power of darkness and there is a wide terminology used to explain those parts of darkness in the scriptures again from what we said on Wednesday that if you only study from the English translations you have a limited if you type the word demon you have zero reference Genesis to Malachi you type the word Devils you can only see four verses you see you type the word Satan and much of the use greater use of the word Satan in the Bible in Genesis to Malachi is used more for God because it's a function terminology used for God opposed the enemy God is a Satan to devils are you following so it doesn't give you that context that you'll be expecting because you are using English so we have said it over the years the words in the Bible are not as English as you supposed them to be AB be so you must read it in the original language so why the whole variation I told you Genesis to Malachi the Hebrew language Matthew to Revelation the Greek language then now moved to the then there was the Septuagint before of course the Septuagint was the [Greek] Hebrew was the Greek translation of the Hebrew Bible so Genesis to Malachi in Greek is a Septuagint and that was around in the time of Jesus before there was even New Testament books so we now had to the Greek audience after the compilation of all the works of the Apostles the uh Elders that came together and say okay these are the canonical books these are the authorized books 27 added to the 39 and the apocryphal books were around and Jesus never referenced it as Authority books and they were all around in the time of Jesus what is called the Apocrypha books now Jesus did not reference them for Authority when speaking to the Jews when they ask question he never called it scripture once so the lot of things came together what we call the canonical books so we have the 39 to 27 so we now have Greek and Greek Genesis to Malachi now in Greek Matthew to Revelation in Greek then fourth Century St Jerome translated wrote his Latin Vulgate the Latin translation and from there all that translations began to evolve and the English is not the first of those translations so um for Gutenberg and all of the uh translation the man typewriter and all of that that a major reason why I wanted to invent a type to be able to type these scriptures and all of that view then we now had the KJV 1611 before that there was the Tyndale Bible all of the men that were were killed for translating the scriptures into the English language so we had the 1611 KJV now the words being used have move from different languages are you following so from Hebrew to Greek from Greek to Latin Latin to once you start Crossing words from one

language to another you obviously are not going to have it in original form again and this is just something every every one of us smart people know AB so the words where you not see it in our English translation have already shifted it from his original context which is why when we teach today we reference that we reference the Hebrew and the Greek it's not because we were trying to sound Scholastic it is necessary to do that just like if you discussed with your parents older persons or people who grew around older persons there are certain things you are trying to say you just stop you w't say it in English you say it in your it's just better said because if you say it in English it loses his weight have you have that happened to you before I know take her serious I mean if you understand what we're talking about you just cannot say it in English you have to say it in your dialect it has more punch it has more punch it has more there's more power packed into it so that's the same way so nothing hurts to actually see exactly and because you will see like five five words in English power power power power but when you check it the original different Greek words so that means if I'm lazy and I took all the word to mean I'm already in trouble because they using different words to say the same thing that is all translated as power so that is the essence of study so don't get angry when you see that we are studying say what is the meaning of all this now I don't want to love Jesus now does that make you love Jesus less no the study helps your Precision Hallelujah helps your Precision all right beautiful we're all together so I know about the word demons I know about the word Angels that's why you should pay attention to all the comp for every part of this series but we're not using it why are we not using the word demon because it's not a general ter for every bad guy no because demons within the New Testament context only did one thing possess and influence people they were always explained without body but there are also activities of devils that we saw that they didn't need somebody's body because falling angels have body Celestial only that now is Darkness they are now powers of Darkness but they are still having body Celestial they still have that Heavenly Body that Supernatural body just like human beings have body terrestrial so they have bodies so what are they looking for people's bodies for so there's a separation and I give you that Separation on Wednesday so separate it and that separation is always there in the I've been giving you that separation since we started this teaching where I use words like flesh pet I explained that those ones I talked about spiritual warfare told you that the one that really matter the ones that hinder people from being born born again and where Satan is more powerful is where he fighting against you knowing the truth of God's word fighting against what you believe and what you know and what you leave that's where ws and trickery are giving more place in the Bible than Satan stabbing mirror and blowing powder are you following W and de because that's where he's more powerful so there's a separation and so I said to find a unifying temp we now said let's use the word powers of Darkness because that would be more generic to explain so when I say powers of Darkness you know that we're dealing with every bad guy out there come on beautiful so we say forces of light that would involve God and good guys forces of Darkness all the bad guys is that not simple enough thank

you sir so in this series so pay attention so when we say pow of Darkness know that's what we're dealing with so we're not talking about just the entities that are moving from one person to another from one entity to another entity as it were so PW of Darkness PS of Darkness so we uh mention who is who in hell and I give you the five occupants of sh the place of the Dead remember that I gave you the five occupants in sh and we I said we're going to pick up on the Genesis 6 again which will just St from the Genesis Theory because we've not taught that we all know the serpent is not a Zoological animal thanks to the series that we've been teaching but if you're new the serpent is not a Zoological animal because the serpent is using a language in their world view because you have to remember the Hebrews 11 teaching I gave you you use sin to explain unseen the physical to explain the spiritual and um because he's a cherub and I gave you a teaching on cherubims seraphim and I said in Egyptian religion what is called a cherub is explained as a seraphim because and a serpen timee serpents that fly and breathe fire the same thing you see Isaiah chapter 6 so that sarim is the same thing is just de different word but they mean the same thing different word in different cultures so it's not one angel is got another is they actually are the same thing it's just different depictions they are the only hybrid figures in the Bible for supernatural creatures the only creatures Heavenly Creatures that have human animal characteristics used to explain them and they are the only Heavenly beings that are I explain with wings only no other Heavenly beings explain with wings I gave you that teaching when I said nature terminology ab and we said N is a function terminology can still recall all right so she thought it was not important it was important how does this help me my own is just to make money then you are DFT you shouldn't even be here because if your is just to make money you should even watch football match too how you making money football match I mean it's very DFT way of reasoning my is just to make money when you are marrying you are making money when you take your friends out you how can every reasoning be about stomach fear a man like that everything does this help it help you if you will come down and learn I mean that's the reason why there's a lot of dullness today in our society you ask somebody what is this see I don't know how many do we have I don't know I don't know I don't know but you stay on Tik Tok how does this help me how we learn in chemistry help me now we don't know why not help you we don't know the kind of sense you want to have but the things we learned helped us don't don't don't we are we are now making ignorance popular because you are paid you are being you are mon you are monetized ignorance so you see celebrities I ask simple questions that even children should know like laugh over we should not laugh over the fact that you are too old not to know some basic things and that's the same leg that is coming into church too how does this food on my table Papa you want Le food on the table food on the table how does this help me if you come down and listen you see how it helps you so that you are not asking questions later which word is now this which one is now this that's why we teach conclusively why we have been using all the different words so if you were patient enough you would have seen why the was how does this help me calm down my is just I just want

to cast and lose I just want to bind and lose so how will the understand now help you say just rush it as you rush secondary school too no now it had to take you three years in senior secondary that to take you three years in junior secondary except you rush it to five which you will suffer when you are 900 level you not realize that you you don't have ss3 textbook because from SS2 to jam to to 100 level you now realize that ah I'm seeing words here T book You Can't Jump the process without reading the same thing you have to go back everything you are trying to jump just know you will go back you jump but you go back and that's the reason why you say you are a genius you should be able to go back easily you say you are more intelligent that's why you jump the class then be comfortable to go back I don't understand understand though understand Hallelujah so we said um we have authority in heaven Earth and under the Earth and we mention all the guys and we said who are the people under the Earth so it has to be supernatural beings in Rebellion AB in the heavens that are now under the Earth it has to also be man in Rebellion that is now under the Earth AB then we ask the question Genesis 11 guys under the I did not answer it I just not mention their name in the five list I gave you Abby deliberately because you have zero reference for it right so one of the first uh characters we we explained was the use of the word reims how many of you were around on Wednesday everybody should if you were not around you should have updated your notes if not troubl the media team they have a problem if they do not put it up there's no reason why it should not be up there all right so the refs and we read Isaiah 14 so go to Isaiah 14 because that will take us to the first Rebellion Isaiah 14 come on come on come on we'll start from verse one for the sake of this teaching for the Lord will have mercy on Jacob and will yet choose Israel and set them in their own land and the strangers shall be jointed with them and they shall C to the house of Jacob and the people shall take them and bring them to their place verse three and it shall come to pass in that day that the Lord shall give thee rest from thy sorrow and from thy fear and from the hard bondage whereing thou has whereing thou was made to s where thou was made to serve verse four that thou shall take up this proverb that's proverb or M thou shall take up this proverb notice the literal terms being used is that a mocking Taun t u n t that I shall take up this proverb against the king of Babylon and this proverb is a mocking taunt t n because he say how had they against the king of Babylon so he's talking to the king of Babylon is now saying is the king of Babylon that is being referenced and that's a human being how had the oppressor seiz and the Golden City seiz the Lord has broken the staff of the wicked so as you go down he smoke the people so he's mocking Taun because he end ends up with look at what you said you were look at where you have ended AB you made yourself so great but look at what you have reded so it says a proverb So within the use of the word proverb just like uh the Ezekiel 28 just put your hand there we'll come back to Isaiah 14 I just want you to see the same context in Ezekiel 28 are you there verse 12 son of man take up a lamentation upon the king of Tyrus notice within the context lamentation proverb both words have the similar uh root come on okay so we'll get back to why is he using that mockery language but there something he seeks

to explain now it is useful to note that the content of Isaiah 14 and Ezekiel 28 overlap in a variety of ways AB we've done that stud in mountains of God come on and the two passages are aimed at human Kings King of Babylon king of Tyrus AB Babylon and Tha t y and they both share the same similar literal terms of proverb and lamentation a mocking tun and a lament is that not so all right so stick with Isaiah 14 so you get it so it's talking to a King how are the oppressor seed and the Golden City SE verse 5 the Lord has broken the staff of the wicked and septer of the ruler he who smoke the people in WTH with continual stroke he that ruled the nations in Anger this does not mean that there were Nations before Genesis before man was made Sly talking to a King we the writers believe we are brain let's not be making a fool of ourselves in the name of biblical stuff we are looking for king of Babylon so you will notice within the king of Babylon is in time it cannot be before creation now so the Nations there are obviously Nations afterward mhm so because king of Babylon was part of the oppressing kings that was taking people's lands and Nations and even came against Israel and also took Israel captive remember Jeremiah so this is Isaiah so he does know prophetically what's going to happen just like all the other prophets know prophetically what's going to happen to Israel and they saw what happened to Israel Jeremiah is the last of those prophets before captivity AB so Isaiah for told just like the prophets before Isaiah also for told Elijah elishah they all spoke about what was coming and before them Moses and the rest all spoke about what was coming if Israel continues in Rebellion they will be taken by other nations greater than them it will now expose them that it was God that was always protecting them not that they had great Army strength he that ruled the nations in Anger it was more than one nation because it was an Empire there were ruling many nations AB the whole earth is at rest and is quiet they break forth into singing verse 8 yeah the F tree Rejoice at there and the seeders of leban uses trees because trees in anient settings are used to depict powers powers that be and it's also used to explain uh figurative to explain Nations Israel it's the uh fig tree is used to explain Israel hence Jesus cost the viig tree or answer the vict tree and the audience knows what that represent because trees speak a lot of a certain world view Supernatural world view thou has laid down no fail is come up against the so since you since you fail the F tree rejoice and the saying since thou are laid down since you fell since the tree fell you know like you tell call a human being say that man great come on now you know we use such words in our own aha that's the same way so you use tree to explain a human being say man a greato has fallen Noto now it's not noo TV go we help us everything is Tik Tok understanding that's an educational platform I need to emphasize it as we move on all right verse night hell from beneath his move for thee to meet thee at thy coming hell from beneath his moov so the word hell sh so it say sh is move to meet the at thy coming is St up the dead so this guy when he dies is going to the place of the dead and he said not only him he said he stir up the dead and he we said that what dead there is the word rfim AB all right that's the Hebrew word rfim a temp associated with the p of Darkness or demons but I prefer pow of Darkness like I told you it stir up the dead for thee even all the chief ones so

it shows you that these were Kings tyrants it has raised up from their Thrones all the kings of the Nations the Tyrant kings that warred against Israel and the giant Kings precisely all they shall speak and say unto thee are thou also become weak as we are thou become like unto us because it looked like you were never going to fall but have you also Fallen because these are all falling entities verse 11 thy pomp is brought down to the grave and the noise of thy viol the worm is spread under thee and the worms cover thee verse 12 how are thou falling from Heaven old Lucifer remember I talking to the king of Babylon and I told you the word Lucifer is Latin Lucifer is Latin the word there is hel that's the Hebrew word which was the epithet a figurative name for the king the physical king of Babylon was called H because his city was called a shining City so it was called a shining one all angels are luciferus they are all shining beings they are all light before they are Rebellion angels of light AB so how are that falling that's why this is the only place you find the word use though popular teaching says this is the name of the being that fell it's unnecessary it's unnecessary because you have no scripture to back it up you just have Isaiah 14:12 and the word is used to explain is used in the figurative sense while speaking to the king of Babylon ABI if you use it you will not die it's okay but I won't follow you like that I like to do things properly all right so always defy in that because it doesn't make any sense because it's a proverb how are that falling from Heaven oh Lucifer so he begins to speak of this King of Babylon with a supernatural entity in view son of the morning so just like the morning stars were shining beings that's how this King was verse 12 how are thou cut down to the ground remember ground remember ground eret we said is another word used to explain hell cut down to the ground okay which did weaken the Nations remember is he talking to the physical King he's going back and forth in his in his um comparism language not that there were Nations before chapter one of Genesis no no no remember he speaking about the entity behind just like Jesus said get behind me Satan talking to Peter speaking about an entity behind the king of Babylon for thou Hast said in thy heart how do we know if that's what he's doing look at verse 13 now say for thou has said in th I will Ascend into heaven AB how can the physical King Ascend into heaven I will exalt my throne above the stars of God it w't make sense so he uses another entity to speak of the king so what you are doing is just like what one of the morning stars did that made him to also be cut down to the ground what did he do for thou has said for he said just like you have said because king of babylon wanted to be higher than all the nations want to gather all the nations into one Empire so this same way you sought preeminence that's the same way that guy sought preeminence for thou has said in thy heart I Ascend into heaven I will exalt my throne above the stars of God is that a nature terminology Stars nature terminology for supernatural beings I will exalt my throne above remember this is one of the Stars saying he will exal his throne above the Stars so does that correct the narrative where he's the strongest of supernatural beings he can't be if he's saying he wants to be above and as you already know if he was Mel will not be weeping him around town every time Mel keeps weeping him M keeps beating him up you don't know m not your friend supernatural being

M Angel M Angel M AB all right I will exalt my throne above the stars of God so it couldn't be that's why we say there are many things that We Believe which is what we corrected on Wednesday is just mainstream idea but it's not correct but it's not from the Bible the same way people explain war in heaven Mortal Combat Satan match with one of the angels and they were doing Mortal Combat with God and God was fighting them I say you all of you go down and now throw all of them down ab and you are worshiping that kind of God that is doing sword clash with Satan how powerful can he be like that and they almost took over his throne they were already running P pam pam they running to chair because when you he thr your mind is on chair because you are two used to drama Hollywood Hollywood Bollywood all the wood AB there are many wood now gwood all the many wood so running and M just showed up my God is who you want to take his chair as he lost God said now send them down all of them began to fall fall from the atmosphere because your Heaven is up so from the cloud falling falling as they hit the ground say go down more to go inside sand so when we Dre ball today we are bringing out Satan I mean that's kind of be very DFT if that's how we are reasoning it I drilling you drilling out Satan they all inside the sand it's sweet but it's not in the Bible it's it's it's it's comic it's um I mean it's a it's a good story line it's a good story line but once light and darkness is fighting like that you have entered a drama because in your room light and dark have never fought like that when you flip lights you don't when you flip your light switch you don't see light shiting dark say shift they go now they go now is once once you flip the light Darkness goes but God has to be struggling with the devil like that because was are opposite God devil which is not in the Bible how can word and opposite God and Devil be opposite how does that even make sense Creator created thing you now use it as opposite because our concept of God is weak time thanks to um where we praise God with mockery language and um uh Praises for dudua one that fet water with the bucket basket to the great bucket all those NS use egg to break coconut I mean like an e priest would do chanting as the king is coming out so Praises of the Divine work War Shango part one and two I mean EUR Rob myology that's that's that's the same Praises you just sit then you add your lower Dr so all of can we borrow those words and used to talk about the God of All Flesh yes but not like God is doing to God is one that with basket to this great buck I mean everything is looking like it's a language of strife competition God is not all that language is not is not pure in using to explain God leave it for different mythologies we have our words to explain God it is he that seated above just stick with those ones they are stronger they don't have all the the inhabitants are all as grasshoppers before him you are talking Eternal Everlasting all powerful stick with those ones not is disgracing bucket why what con go con bucket he using bucket to do is he freshing water but you get his we just trying to say he's incomprehensible and that's why they can be fighting him so how do you kill life and leave and your goal is to live nah cannot be I mean I know Satan is dull but not that dull you want to end life and leave how do you now leave because we we have God as sitting on one chair two bodyguard say Protect Me protect me they almost getting me say God is with you

say that man on chair with two bodyguard is with me I begy aha when you see God as the Creator you know we did that that's why we did that teaching on who is like unto God when you think of it like that ah matchless in in a class all by himself you fear you dread you know no you dread you know that ah thou of great Powers oh God none that's why they use the denial statement none like unto thee What fail us when we try to compare you there's none like unto you so we we use that different terminologies to explain that telegraphs his uniqueness his matchless his incomparability AB is unlike any other entity that is our God hallelujah so Isaiah 14 see Bible is easy until we start using fictions because this one here now says he wants to exalt his throne above the Stars even if you don't want to know who this being is as at this time he still letting you know know that he couldn't have been above the stars because he wants to be above the Stars AB be so that's the I exal my TR above the stars of God of course we know this is ultimately a position for mankind but he was not the highest I will sit also so you see the emphasis I will sit also upon the Mount of the congregation because there was an assembly the Garden of Eden was uh Mount of assembly remember we say it was a mountain in the sides of the north there was a mountain that flowed down the way you see the rivers all flowing down I will Ascend above the height of the cloud I will be like the most high so this was the issue and why they use it for um transgression and it looks like there was um it's just a rebellion the emphasis of the guy here is that he wants to be like the most high keep this words so yet thou shall be brought down to sh so is is this part of the guys in sh so this being is in Shield is in the sides of the pit now Ezekiel 28 are you with me Ezekiel 28 the word of the Lord came again unto me saying son of man say unto the prince of Tyrus I have to be fast allow it th say the Lord God because thine heart is lifted up thou has said I am a God I sit in the seat of God in the midst of the sea yet thou art a man and not God you can already tell from the context he's talking to the prince of Tyrus Prince is the same word King thou art a man and not God but the man says he will sit you know how ancient Kings used to behave the Pharaoh called himself a god king of Babylon called himself a god Nebuchadnezzar that's why he even built a statue and said they should worship him so they were always elevating themselves to a status of gods because the kings were the highest Monarch so they were reveiled as you will Reve a God then Ezekiel says to him are th wiser than Daniel you are not even wise than Daniel you are saying uh there's none like you you're not even as wise as Daniel and also we can hide secrets from you unlike Daniel that you could reveal secrets with thy wisdom and yet Daniel didn't call himself God that's because he's using because you know Ezekiel is in the timeline of the Exile Daniel is in the first captivity when they Daniel Mish shedra M and ab with thy wisdom and with thy understanding has thou gotten thee riches and thou has gotten gold and silver unto thy Treasures by thy great wisdom and by the traffic has thou increased thy riches and thy heart is lifted up because heart is lifted up you notice there's always the issue of Pride Supremacy going higher therefore th say the Lord God because thou has set thy heart as the heart of God behold therefore I will bring strangers upon thee I'll bring strangers upon the the terrible is the king

of Tyrus he's talking to I'll bring strangers upon the the terrible of the Nations and they shall draw their sword against the beauty of their wisdom and they shall defile th brightness Tha was a commercial City just like Lagos or Port there were many ports they enter so it was a mechandise place a place of buying and selling a lot of a a commercial H in the ancient time the best of commercial HS so that's why he uses all those language of riches I mean because the wise means the wise these are always flocking there so they praise themselves so much historical context that's what I gave you behold therefore I will bring strangers upon thee and the terrible of the Nations and they shall draw their swords against the beauty of th wisdom and they shall defile their brightness they shall bring thee down to the the pit they shall bring thee down to the pit and thou shall die the death of them that are slain in the midst of the Seas will thou yet say before him that slayeth Thee I am God so when you are dying will you say you are God you won't but thou shall be a man and no God in the hand of him that slayeth thee thou sh die very simple thou shall die the death of the uncircumcised remember on the land word on Wednesday shall die the death of the uncircumcised told you to understand that word on Wednesday I be by the hand of strangers for I have spoken is say the Lord now this is already a gentile King so it's already uncircumcised but why is the word uncircumcised because it mirrors it to those entities called rfm and we're going to get there moreover the word of the Lord came unto me saying son of man take up a lamentation upon the king of Tyrus so take up a lamentation or quina take up uh what you call an El upon the king of tyus and say unto him th he the Lord God thou seest up the s full of wisdom and perfet in Beauty thou has been in Eden remember it's a lamentation that king of Tyrus had not not being in Eden so but he mocking just like you we know your status your status now is you are the best of cities everybody want to flock to your city ABI that's how there was a city too then he says there was a guy that was in that City also thou has been in Eden the G of G every precious stone was like covering the sados the topa the Diamond the berry the oranges The Jasper the sapphire the emiral the carbon coal and gold the work of thy tablet and of thy pipes was sprad in thee the workmanship is the word business not your molding we molded you with with with pipes no your workmanship that's why people say oh he was a choir master was a c your workmanship of that that's wrong go please we did the I mean we removed the chir from your mind some time back what teaching was that mountains of God Abby I told you we have to remove that choir and we did that again where we t on on understand our gathering together we Tau on sacred places from the G of Eden to now we are the temple of God remember all right so the workmanship of thy tablet and of thy pipes tablets and pipes speaks of instruments of worship simply mean supernatural being cre to worship God worship is not a song worship can can be expressed through a song but you can express worship through many other things worship is a life of devotion so there mean they were created to serve thou are the anointed KOB that cover it and have set the soul thou was upon the holy mountain of God thou has walked up and down in the midst of the stones of fire thou why does he not do it the way Isaiah 14 does his own in speaking because in

verse 1 to verse he had already talked about the rise and fall so he now brings in a lamentation and say this and what use for lamentation here is to compare are you following Isaiah 14 just put the two together talking to the man talking to the supernatural being that Likens him to are you following Ezekiel separated it then at the end of Ezekiel brought the two together again that are the anointed kup that covered have said the so thou was upon the holy mountain of God so the garden is called the mountain in verse 14 thou has walked up and down in the midst of the stones of fire thou was perfect in thy ways from the day that was created so it's a created being iniquity was found in thee by the multitude of thy merchandise using words now that is going to blend it together to the king of Tyrus by the multitude of thy merchandise of the trade your business they have filled the midst of thee with violence and thou has sinned therefore I will cast thee out of the Mountain of God and I will destroy the whole covering kup so that Nash in Genesis the that is explained as a serpent does that make sense now remember cherub sarim similar narrative and Moses studied in Egypt and that's the first writer of the scripture hence why I use this serpent oh boy okay I will destroy the old COV CH from the midst of the stones of fire thy heart was lifted up because of thy Beauty thou has corrupted thy wisdom by reason of thy brightness and I'll cast thee to the ground I will be before the kings that they may behold thee thou has defied thy sanctuaries by the multitude of thy own multitude of thy iniquity by iniquity of that traffic traffic there is merchandise same what not traffic light by the multitude of that traffic mer that trade why is using traffic because you have to arrange ships when they when they land in the shore as they are docking so you there's a traffic and it's because people want to buy and go people want to buy and go so that's why it's bringing the word traffic in which is the same word used for merchandise trade trade trade AB I mean no person will ever argue what meise me so it's easy to know AB importer exporter it's clear clear enough clear enough clear enough is the same word merchandise by the multitude of that traffic therefore will I bring forth a fire from the midst of and I will devote thee and I will bring thee to ashes upon the Earth in the sight of them that behold thee all they that know thee among the people shall be astonished at thee thou shall be a terror and never shall thou be anymore again come unto me so and they they that know thee among the shall be as at thee thou shall be a terror and never shall thou be anymore are you following so notice the words he uses so there are imageries between the two w come on the fall in genes three is it what brought death to mankind day you e of it you shall surely die and Genesis chapter 3 uses the word the serpent the serpent there is the Hebrew word Nash Genesis Chapter 3 The Serpent was more subti than any Beast notice what this guy was using not black powder cuz the serpent was more subtile than any beast of the field which the Lord God had made and he said unto the woman yeah had God said You shall not eat of every tree of the garden and the woman said unto the serpent we may eat of the fruit of the tree of the garden but of the fruit of the tree which is in the midst of the the garden God has said You shall not eat hope you know this is not what is in the garden we explain Garden is a sacred place the word Garden is from the word ghanan a defended

place a place that you can't just encroach any is not Horticulture language neither is snake Zoological language is Supernatural World view AB all right and the Happ unto the woman you shall not surely die the serpent said now read let's read outside Genesis Theory and see some use of the word serpent it gives you an idea job 26 and verse 3 see the use of the word serpent by the Spirit by his Spirit he had garnished the heavens his hands had formed the Crooked serpent now you can't think to physical animal because he just says by his Spirit he has garnished the heavens his hands had formed the Crooked naash that naash that is crooked are you with me come on Isaiah 27 and verse one in that day the Lord with a sore and great and strong sword shall punish levaton the piercing serpent even levaton that crooked Serpent and he shall slay the dragon that is in the sea use brings Dragon into the language are you following brings Dragon into the language 58 their poison is like the poison of a serpent they are like the death other that sto it her ear so see what is likening the wicked are enanged from the womb they go astray as soon as they are born speaking lies they are poison so it's speaking of about the wicked which will not hacken to the voice of charm so it's like a snake that is not answering to the man that is using it to perform actart verse six break their teeth oh God in their mouth break out the great teeth of the Young Lions oh Lord so brings a supernatural worldview which in the historical setting why they will also do this is the Canaanite Canan Canan the land of of Canan Canaanite myology has just like what the Greek has posidon the canite myology has yam y am not yam that you cut to e as the name of the supernatural entity in charge of the waters and it's also used to explain that the whole world came from the waters so they use waters in that setting and in their historical context the people around Israel this is how they understand they understand that uh the powers in the waters are the greatest of powers because many entities just like in Greek mythology they come together to defeat the sea monster and those sea monsters are very strong so using it to explain power might Dominion they do all of that within their content which I've done in sever other teachings why I'm being fast right now because this not the first time of me saying it so where we explain Rahab that has broken Rahab in pieces so they use sea monster because Greek mythology has all the Olympus Gods came together to defeat python in the sea and even at best they could only change they couldn't even defeat because they were not strong enough they were not strong and that's in their mythology so the same thing all of those mythologist have words used to explain um strong beings in the sea strong being in the Seas so they used the and serpent was not just calling on the ground sap is also used to explain creatures inside the sea the same world used to explain dragons too so there's a similar language like that within their world view so when you read all the references of that word Nash 31 of it you won't have it's only Genesis you will be thinking of snake what is calling inside Garden when you read it outside there you see that oh the context is more like a supernatural entity which Revelation now tells that serpent is the devil you know that's easy Second Corinthians 11 says serpent beged if we know that Satan AB and they not thinking to a talking snake snakes used to talk no that's not it that's not true that's not true that's not

what they were teaching there why do they use serpent because serpent is the number one entity in Egypt when Moses got there you notice the serpent serpent serpent even God teaching Moses about Authority he say Cast Your Rod down his rod turned to a snake is Moses Rod now swallowed All The Magicians Rod that is not snakes remember so it was a serpent depiction that explained the greatest power even their rod were shaped with the head of a serpent in Egypt so Moses uses that language because that language is familiar with the audience as powers are you following and also second explanation not just that is the word used to explain PW in that Egyptian place where he got his education from he was leared in the remember he schooled in Egypt so it's world view w his understanding of words are from that learning that education and that was the greatest civilization in his timeline so all the other nations learn from there so this is how people understand words that God Inspire them does not mean that will not use words that the audience can understand what kind of inspiration is that one to be using word that only the spirit of God can understand of read the Bible the spirit of God that is listening to the message no have to talk for your audience to understand all right then like I said so that serpent is a word that explains P then serpent also used because they were Throne Guardians and the trone Guardians you if you are going to describe it in a fictional in a if you going to describe you have to describe them as ferocious beings that have to be Throne Guardians and so Egyptian mythology or their religion had Serpentine beings breathing fire and I will show you that when we look at the word sarim you see that it takes you back to snakes just like snakes beat them and Moses raised up a brazing serpent that serpent they brazing saraf use the word saraf I am is just plurality so so uh that's another reason why Moses can use the word Nash Serpent and is not thinking to that then uh the prophet Jacob when blessing his his children in Genesis 49 it described Dan Dan shall be a serpent by the way but you didn't see it coming now notice the third reason why I can use serpent to explain that supernatural being Dan shall because serpents you know in the if in the bush serpent just crawl out and they stink so Dan shall be a serpent by the way and other in the part that bited the horse heel so that the rider shall fall backward so since man fell backward that is like a serpent bite so you see that these guys are intelligent they speak in a manner that Their audience can understand so what are we going to call the guy this supernatural being what word are we going to use we know there was a supernatural being that tricked Adam and Eve tricked Eve and Adam found in that same transgression what we going to call him the best word to call him since he a cherub is a serpent you know you may not appreciate it but if you are somebody looking for a word that can explain something you will know that a lot goes into finding a word that can explain a concept A lot goes into it so serpent is the best word we will use and it does it fitting then fifth meaning or fourth meaning of the word Nash is the word in the set means a diviner serpent is the word diviner Nash one who brings Knowledge from another place what was the issue in genes brought knowledge did God really say so you notice that within that historical and cultural context they will get their grammar so he can now use that word for that supernatural being and the audience did not

say you are confusing us so they understood what he meant by saying serpent you know I did this for you in the of mountain right right right Mountain of God so Dan shall be a serpent by the way and AD in the path that b the horse he so that the rider Falls backward so what made man fall backward the bite of the serpent another reason because serpents have in the wilderness and because Wilderness is used to explain the place of evil spirits in that their context 7eventh reason serpent hide inside holes or pass inside holes so since the be is going to be banished into the under the Earth and since serpent hide inside hole let's just use it I mean I can go on and on showing you that historical grammar cultural context why he can use the word Serpent and the audience can figure it out remember if you sit where the Audi is eting this what you'll be hearing you will not be thinking and when they use the word Garden is not fine fine flower they were just trees tree of life that's not flower the word Garden Ghan is the word the same word using in Isaiah where Isaiah said to Hezekiah the king God in defending will defend this city so it's a fenced City so Garden ghanan a restricted area you can't just enter any it's a sacred ground that's the word Garden so they are not thinking of fine fine flowers wow God build fine fine flowers no and because it's agrarian timeline where subsistence fing is the view where will the gods be if the gods are in the heavens or in the skies if the gods are where else can we put the gods within our concept the gods have to be in a lauan place that has water fresh water Fine Place so the garden is where you will have God in their world view AB be so they borrow the same phrasing borrow the same phrasing that's why we break the word down and see where the words are gotten from see how it is used in the Bible so that we are not thinking it with only English brain that okay Garden Gard Gard okay just like go plant garden something more than that so I taught you in that te on mountains of God what was in the garden a cherub was was there tree of life was there ah you are still reading as horiculture no now a man is banished from it ah and we can see plant Gardens today no there's something more than that is that okay oh boy walk with me are you here so Revelation 129 now says the serpent are Satan the devil so it's obviously not a Zoological specimen that is dealing with for God do know that in the day you eat thereof your eyes shall be open and you shall be as Gods so there were gods in the garden you shall be as Gods knowing good and evil the word Elohim ABI Gods notice plurality not Yahweh but when the woman saw that the tree was good for food heard the voice of L God walking in the garden he them Adam where thou and he said I heard I voice I was afraid because I was naked who told you so it's obviously a Nash who told you who gave you this knowledge because it's not knowledge I gave you where did you hear this knowledge so from a Divine Source the woman whom thou gave to me she gave me and I eat and the Lord God said unto the woman what is it that thou has done and the woman said the serpent d GED me deceived me and I did it and the Lord God said unto the serpent because thou has done this thou had caed above all the cattles of every Beast not physical cattle remember creation is used to explain creation any creation just like a human being can be explained with an animal he say he is Daniel is strong like a lion not this one he not strong like something else it's not I don't think it's a

strong guy but he could be anything is possible say confidence is as confident as a lion and you won't see that as an insult because everybody knows that lions are confident and you know they insult me no we can use one creation to explain creation the same we can use plants to explain human beings so that's the same thing in the Bible because God's creation can be used to explain God's creation so using animal language is the best way to explain it just like the animal kingdom is organized so there's using the animal kingdom to explain supernatural beings and it does that because man has Dominion so that we can get the idea so the animal kingdom is used to explain the supernatural Kingdom upon thy belly thou shall go and the dust thou shall eat all the days of thy life so the dust and we explain this dust of the ground the word grounded the Earth we read 26 Jeremiah 17:13 Psalm 71: 20 we saw that that there found in parallel with the terms Pete the are beast under the Earth under W now it was in that inter testamental period what I call second temple period that the serpent of Eden was now being referred to as the word Satan that's what the world that's why they didn't even have to help you they believe you already know because they began to use that word in that period that the word Satan the Wen Satan was not used for that serpent that because he's still a function terminology because he's an adversary now the scene that he was AR typer like we said notice the nature of Eden itself Eden was like a house was like a temple that's why Eden is described as a well watered Garden Ezekiel 28:4 described as a mountain there's no contradiction there be because the ancient reader would have embraced both description AB because they were common Dwelling Places of divine beings now if it's a dwelling of a Divine being just like the OB B Palace is also where he holds meeting that means there has to be a place where you hold meeting he does not leave his Palace to go and hold meeting you have to hold meeting there so that also will be the place of cosmic Gathering it will be the Mount of assembly which is the word Isaiah 14 Ezekiel 28 the Mount of assembly so it has to be where they all assemble so it was a Divine council meeting too a cosmic dwelling so the Divine Council would obviously meet there and that Divine Council will be an assembly of heavenly host AB so God have an administrative Bucy of supernatural beings that participate that walk with him in his rule over the Earth so just like a king has a court God has an Administration also has a court where he lives is where he conduct business as every monar is where they live is where they conduct their business so if God and to see that the garden is of God it was called The Garden of God not the garden of man man was kicked out of it because it belonged to God it was a sacred Place AB man was kicked out of it so if that's where he lives why his presence walking in the garden he was moving there was leing there Ezekiel 28 calls it the seat of God so if it was a Divine council then there were obviously supernatural beings there further prove his Genesis 3:5 language of for God do know that the day eat of it your eyes shall be open and you shall be as Gods at PL so there are there were Elohim present there and of which one of those Elohim was the one that deceived Eve called The Serpent the nakash which we say people say not we people say lufer that Nash was one of those Gods those Elohim in Genesis chapter 3 so

the Divine being of Eden is called a cherub just like Genesis 3 says cherub beams with a flaming sword which turned every way to keep the way of the tree of life so the being that was supposed to point man to the Tree of Life pointed man a way to a contrary tree AB be so the Divine being of Eden Genesis 28:14 uh um Ezekiel 28:14 calls it a guardian or covering cherub kerub so he uses the aradian kiru throne Guardian protector of sacred places was in the garden so the Ezekiel aah narrative fits into it notice that that Divine being is cast out of a Divine council meeting Mount of assembly Isaiah 14:13 you guys way you are quiet did you read it or I was jumping upon the Mount of the congregation is it on your own Mount of congregation is that the word assembly now I told you there are different words to explain assembly remember that teaching different words to explain assembly we said there's the word s o which is the Council of the council there's the word ad E D ah H this is used to explain a family a gathering of familiar person so you can say since the Gathering is a familiar person we can say the Gathering is a family then there's the word aaha q a h a l used to explain a congregation then there's moed m o e d which is the assembled meeting which is why it can be used to explain the meeting place so it's a council but is used to explain the meeting place or the place we assembled in our meeting we who are we who have assembled we who have assembled so what did we assemble so they use the word moed so is what he uses there the Mount of assembly the same word called Zion all right that's why we taught those from garden to Zion to who we are today in Christ Jesus so he uses that word the amount of assembly did you get it I will Ascend above the Stars I will exalt my throne above the stars of God so if G of Eden there were CH beams there the God's Throne was there come on all right I will sit above I will sit also upon the Mount of conation in the sides of the north so he wanted to be head over that assembly I will Ascend above the height of the cloud I will be like the most high so what was his off it was a test for autonomy AB wanted to be like the most high over the counsel over the council over the stars of God wanted to be like the most high now that rings a bell or does it not go back to Genesis 3 and see the word for God do know you shall not surely die is what he says which is a lie verse five for God don't know that day eat of it your eyes shall be open and you shall be as you shall be like God's knowing good and evil come on see that it was not a mistake is used again 22 and the Lord God said behold the man is become as one from us to know the word one of us one from us the context is there's not a separation to know good and evil and now let he put forth his hand and take us of the tree of life and eat and live forever you see that 22 to know good and evil where was that used before verse five AB be shall be as God's knowing good and evil oh my Lord you reading reading reading reading reading read read reading read so the Genesis 35:22 clearly tells us that Adam and Eve will become like Gods only if they ate of the tree of knowledge of Good and Evil AB so but the correct like God that God intended man to be Genesis 1:26 the way we are like God is to have dominion okay okay and the way God wants us to be like him the man that God made to be like him was to eat of wheat tree knowledge of good and evil or life so the serpent you see that what was in view he's the

one that wants to be like God to sit over the assembly but that's a position given to man so I will deceive man but he did not know that he cannot take that place because that place was not assigned to supernatural beings it only led to his fall and man being banished for a time away from that where God will have to deal with that separation and bring man back are you following so the correct way to be like God in Genesis the was for man to eat of the tree of life so man was deceived but the like God phrasing is still in Genesis chapter 3 just like the Ezekiel 28 and 14 Isaiah 14 ezek 28 did you get it come on so were there gods in Genesis 3 were there gods in Ezekiel 28 thank you EZ 28: because it the seat of God so they were God's council members what did about morning stars stars of God sons of God is that a language for supernatural beings is in Isaiah 14 is in Ezekiel 28 I can provide for you Isaiah 14:13 Ezekiel 28:13 a garden language was in Genesis 2 into chapter 3 and that Garden was a Divine abod or council meeting place that is in Ezekiel 2813 as in Genesis 28- 10 Genesis one to the end Isaiah uses the word not not Psalm 48 verse1 Psalm 48 verse1 great is the Lord and greatly to be praised in the city of our God was the garden called the city of God was he also a mountain notice the n in the mountain of his Holiness is that a holy Mount was the serpent cast out of the Holy Mount beautiful for situation the joy of the whole earth is Mount Zion is mount on the sides of the the city of the great king sides of the north remember that Sid of the north come on SO Psalm 48 gives us sides of the north Ezekiel gives us North Isaiah 1413 to4 gives us that n again the heights of the N so the mountain rage it was the mountain range where Divine council meeting head the north to describe the range the mountain range so the north the height of the north the height the same thing Ezekiel 40 so the mountain so when you look at descriptions of Sinai you look at what how Zion is describ in the Bible so when you put that together like you're arranging a table you get the Isaiah 14 eia 28 Genesis 3 you cannot separate the similarity of explanation are we good so what was the judgment on this supernatural being Banning to Hell AB be brought down to the sides of the brought down I notice the use of the word cast down to the ground so it's in the Earth but under the Earth so you see why activity can still be found in the Earth because when we say earth I give you the different meanings of the word Earth Earth can be just the word of interaction the space the real which Heaven Earth under the Earth is in that Earth remember that all right so if it's cast down to the Earth and is under the Earth doesn't mean that we still won't see his activity in in the place of interaction but it's just that is contrary is now in the dead ABI all right so there's no I took my time there is no plurality in Genesis chapter 3 so if you have only the Genesis the explanation of rebellion you won't have a broad view of of rebellion because there are many questions we will ask for example we read Peter and Jude he say the Angels even if we want to be crafty There's No Angels in chapter three you have to force a lot of text AB There's No Angels in chapter three but Genesis chapter six the second Rebellion we have a plurality and it came to pass when men began to multiply on the face of the Earth that daughters were born unto them now we describing the origin of the pow of darkness in case you are wondering why was I explain the so the origins of the power of Darkness

takes us to where all the Divine rebellions took place so you now see the supernatural beings that worked with man in that Rebellion so the Nash in chapter 3 is the one that spoke to King to kill his brother because he likes death he's the Lord of death he has now become the one holding onto the power of death because he sees that he separates people from God so he proves it in chapter 4 K kills AB chapter six which is not no we are reading in chapter but it's not chapter six that chapter six happened so the timeline takes to chapter 5 where it's mentioning the time of anoch and if you notice chapter 5 you see anoch name the name Enoch gave his child the name anoch gave his grandchild and great grandchild are similar to explain something to confus again I don't know why meus when he dies it will come M give birth to lamech and when lamech is giving birth to Noah he said this shall bring Comfort to us so there if you read it together you see that the naming is a prophecy explain that this is the one that will bring that rest that we have we Al there was something they knew which Jud tells us that Enoch was a prophet he prophesied so there was OB that's why walk with God one thing about walking with God is that you will stand in the Council of God you will hear Divine conversation so if Enoch is said to be a man that walk with God he will stand in the Council of God he will hear Divine so we know God's plan all right so that context is already given to us in chapter 5 with the whole genealogy story remember a by faith Genesis Hebrews 11 Faith evidence of the Unseen walk with God so Enoch was a man of the Unseen in how he walk with God you will see his work in the Unseen gives you so when you read all the Enoch places where Enoch is ref in the Bible you have a proper understanding of the man Enoch not a male man the first explanation of the word translated is used for him AB all right right so Jesus will be a type of anoch in that translation also so it's just simp simple way the Bible writers write chapter 6 Genesis when men began to multiply on the face of the Earth that daughters were born unto them and the sons of God saw the daughters of men that they took that they were Fair they took them wives of all which they chose and the Lord said my SP shall not always strive with man for that he also is flesh yet his days shall be 120 years there were giants in the earth in those days there were giants in the earth in those days the word Giants is the word neims where did we see neims on Wednesday is it synonymous STS for refes did you remember that okay and also after that when the sons of God and after that that means and whenever this occurs the sons of God came into the daughter of men and they bet unto them the same became Mighty Men giborim Did You observe that word on Wednesday they became Mighty Men which were of old men of renowned and God saw that the wickedness of man was great in the earth and that every imagination of the thought of his heart was only evil continually and repented the Lord that he had made man in the earth and he grieved him at his heart so Genesis 1 1 Genesis 61:5 so he uses the word sons of God God now remember the five things we said about sons of God the word Sons is used for what you create just like you say the father of geometry ukian geometry that means he is he pushed out Geometry his wife pushed out Geometry that's why he the father geometry know now so the founder of a the father of a the founder so who is the

founder of Supernatural being the father of spirits obviously so they are called sons of God Sons of the almighty Spirit AB be all right sons of God they were created I said you the second meaning of the word Sons Sons is used to explain the people of a Nation just like you say that's the son of B kingdom does not mean Bie is the mother and father that born you AB so it's a son of B Kingdom just like you say that's the the children of Israel it's not Israel that gave birth to all of them but Israel is the first Jacob Israel AB be he gave it to the 12 the 12 birth to their all of them are SEC of Israel all right so a people of a Nation sons of God because God's nation is heaven and God is the word god Elohim is used as a residence terminology that's why we can refer to you as where you are from said no that's a be man can refer to you from where you are from so the people of a Nation so sons of God angels inhabit the Unseen World so they are called sons of God Sons of that residence of the Divine residence third concept we gave of sons is that a member of a group or a class or an order just like they were Sons or Prophet AB did not mean who Samuel gave birth to biologically company of prophets a company of prophets members of a group or a class on an order so since the Divine council members are a class are a group sons of God is used to explain them as a group terminology is that okay then we say Sons is also used to explain family members family members family members if God has a family in heaven and the ancient concept is dynastic households where a great name where you say great houses what are the great houses we have the this house this house this house so from the house of Levy a man came and that's Amram that married Jed that gave birth to Moses say from the house of Levy a man came from the house because Levy has a great name the house of Levy so dynastic households that concept of family where which is the origin of s names some people just want to use their name for their children when your name is Not Great stick with the one that we can use to know in the culture for example if I'm discussing with some traditional people and I tell them where I'm from and I mentioned my name they know they would just say oh which okay oh oh yes that's the only one in that Village there some they can trace it they can trace it just like in some places they will say there are four there are four of the oqu which one are you from there are two oil goost which one are you there are I mean you see all those things if you understand uh if you know a bit thing or two about your cultures you see people say which one when you're talking to older people they will ask you which one when they ask you which one they want to trace it but today you answer English surname Charles Franklin father's name is Franklin we can't you you lack Source no origin you know can who is Franklin that it means nothing so now you lose Heritage it's fanciful but it's just crazy don't do that in the name of your new creation if your parents did it allow it but you don't do that AB all right the name of it doesn't make you more spiritual that you are using English name English is not the language of God Spirit family members are called Sons AB so dynastic household was how families were known in those days the House of David the house of Levy so what was God's first family before creation supernatural being so is that a great house yes sons of God just like the OB ruling class so dynastic household is passed on and the members of

the administration will made up of his family members the this did this the this and the Chiefs inherit their titles so a father that was the relevant Chiefs not the ones for title for the ones that matter in the council not the ones just using Chief as an award as a celebration those ones they pass it on to their children their children become so it's passed on that's the same concept of son off just like when they want to rule they say the this the third or this the second is telling you that his Reign is like that other one that is now nicknaming himself as so just like you know that a that that's how you will know this is the same thing that one did that this one is doing this one is now the other version of him is fulfilling he standing the office of that other one so it never ended so it's a Asian context it's the same thing you'll find in the scriptures so he uses the word sons of God family dynastic household so you get a great house so what are you saying you have to listen so son is not as biological as you think even the word used for son is used for animals animals were also called son that word Ben Ben b n you Ben if it's b n e y should pronounce it in the Hebrew so sons of God Benny Elohim not B you say Pastor is trying to speak well of B don't need to be crafty like that we are important we are important we don't need all of that we don't need Hebrew words to know that are important number five Sons is used as a characterization in all mythologies when you say the sons of God you are talking about Divine beings so all the Olympian gods are called sons of all the Mesopotamia gods that they used to explain the movie eternas and all of those Immortals you see sons of giges all of those Mesopotamian mythologies canite mythologies all the mythologies have sons of Sons of which is a language to explain Divine beings So when you say sons of God people think to that that's why Jesus could use it so he say Jesus is a Son of God they don't think to is the woman that born him they not thinking to that side AB they thinking of Supernatural being that's what Jesus called Son of God explain so son of is not just used to explain just like you are a son of God and it's not biology it's not God that St with your mother that produce you now but you are called a Son of God because it's a temp to to confer is a term that that you are Supernatural Supernatural so Genesis 6 the argument of Genesis 6:2 is that those sons of God has to be the set of King has to be from the seed of set because set is a Son of God I mean it makes a lot of sense but it doesn't when you continue see the danger and when you see what it produce you'll be careful of those viewpoints because the giant language reference is used till Malachi the anarch anakim Nephilim giborim the language ised Through the Bible so wanting it to just be descendants of set marrying descendants of King as wickedness it looks intelligent and there's a time I used to hold on to that view uh and the reason why I could hold on to that view was because of Matthew where Jesus said this Angels you be like the angels of God that do not marry it didn't say cannot the word do not means that that is boundary so where they cross that boundary they are devils there's a boundary language I couldn't wrap my head around it no no no it can't be so in our normal Grace movement christocentric whatsoever that they do which I'm not a part of I just preach Bible you have to just be boiling shaking jumping shouting at the emphasis many times reduce because there is a emphasis that reduces the supernatural world viw of

scriptures because we can't wrap our head around it and one of the things that broke the came back for me was um Genesis 19 I've never I've always been speedreading 19 I saw where they said bring those angels out let's sleep with them how Genesis 19 throws that in and does not care to give us a cont so the men in lot St they were look they want they say bring that Lord now say I beg I I get two fine babies two fine baby hles I can give you people these two daughters of mine they have not known any man let me just give them to you you do as them ah do as them as you please when the angel head down and said you talk too much drag the daughters inside and struck the men blind but they said bring those people out L origin of sodomi so you notice the second Peter and Jude narrative when mentioning the angels that seed notice he now says example Sodom gives you a context that you cannot mix so you can't be doing all those mathematics for Bible interpretation it has to be it has to be seamless has to be easy it has to follow then that's Bible interpretation not that you having to sweat you are you are doing a lot and it does not have follow you have to look at it from this angle if you look at it from this angle shy look at it from this angle shy no sons of God language in Genesis to is used more to explain in fact hardly evil used for human beings at all in Genesis to Mal his New Testament books have Son of God used to explain human beings and I told you why because God told Abraham look to the Stars you can number so shall your seed be so the family you are going to produce is going to be like a supernatural family so the same languages for supernatural beings I used to explain you and I Angels were called Saint today you and I are called Saint all the language used for them is used for us an assembly we an assembly they have a church we have a church so Jesus is not ashamed to call us bedm before that church all right so before that congregation so the Genesis 6 so says the sons of God saw the daughters of men that they were Fair now um again in that inter testamental period nobody ever agreed if the sons of God were supernatural beings coming to the daughters of men everybody agreed with that um as it is in all mythologies agree which is where you have um those pery Jackson movies of um Demi gods and all of those things in Greek mythology so it's in all of those cultures it's in all the cultures what they produce when supernatural being sleep with men of course those are the biblical wrers wrote against that world view now the world view they were writing against here in Genesis 6 was the abalo story a a p k a Lu U and it's a Mesopotamian story where you have all those gig M and all of those characters depicted in Marvel movies those entities coming to the daughters of men which is that so the Bible wrer wrote against that is not the way they explaining it to because the writer write against those view why is the world the way it is so the acient men have acient explanation so the bial writer wrote that it's not the way they are saying it this is how it actually so they write again which is what it's called AIC p o l e m i c so you write theologically against a Viewpoint so they wrote like that so Genesis 6 gives that context now the timeline the audience historical cultural Cent nobody's arguing because they all know that there's something like that is is popular news so to understand this you now have to take all the phrases that are important there sons of God daughter of men took

Giants what did they Pro produce and run it through the Bible and see if there's a context like this now supernatural beings can they be touched can they have physical interactions with man I mean the angels that brought Lot are drag Lot drag dragged him out of Sodom if they could drag him out I mean that's physical interaction that's physical that means there was touch once there is touch there can I touch not part of the whole sexual intimacy language sorry all right you not think it like that you should think it now if I can shake your hand now I can also touch you I can touch your body then there is now the touch that is good and a touch that is not good based on boundaries who are you to me that you touch me like this Abby come on come on do angel eat food there now so I mean you see that context is in the scriptures So Physical interaction holding hand talking there's a lot of physical interactions used to expl supernatural beings AB so the Giants the sons of God all that that language we'll pick it up I if I start it I won't finish it so we'll pick up from here on wedes Genesis 6 now what I want you to see this is the origin of those refs I would just say it in passing because the Giants is the same word Tyrant so a question I asked on Wednesday is what I just answered so how did they come to be those tyrants those giants OG of Bashan we saw that is one of the Giants and we saw Joshua wiped out a lot of them Joshua Caleb when they got to um numbers 13 where they said we saw the Giants in the land sons of Anar a people tall and mighty remember that where they say they brought evil report okay so giant language so Joshua CV when Joshua was praising himself that he succeeded he said there is no more giant left except those in Gaza Ash do ABI which you now have philistin which d wiped out so that reim language is a context of the uh Wars that Israel fought but we said the question we asked on Wednesday who are those how did they come to be since we say they are Tyran Kings they are warriors when they die because of how they came to be supernatural beings and Men there is no place assigned for them because they have already crossed the boundary of Heaven and Earth it ought not to have mixed like this so where can they be so they are roaming Spirits is the origin of unclean bastard Spirits roaming the Earth so it's the same word used to explain that RAF now I explain it um just like I gave you Son of God 5 seven I like teaching like that I'll give you irrefutable proof so that if you finally want to doubt you now look like you don't have sense I like teaching like that so that you don't think that we are manipulating it so allow it I want to clude that's why I'm saying what I'm saying I'll pick it up from here on Wednesday I give you the IR refutable proofs from scriptures uh and tell you that you can pay me or I will pay you if you find a contrary reference so teaching can be conclusive if we run it through the whole Bible see how serpent made sense to you because to nothing otherwise there's no contrary reference except you are looking for snake to talk to you which does not follow because they even Nam the serpent I didn't Revelation okay now so supernatural beings and men and uh men there I mean females coming together is what produce those giants so Giants again is an ancient language it's a transliteration word translation is from transliteration transliteration is where you are find a word another language translation is just this word translate it this is what the word mean in this other language transliteration is

where you are now borrowing another word to try to explain the word CU you are trying to explain the word another form of it is like when you are transcribing so TR they now use the word giant now that giant language if you are a supernatural world view person an ancient man living in that their timeline and you hear the word Giants of course we know tall people sleep with tall people and they give birth to tall children that's normal but that's not what they have there I used to believe that because I didn't want to see the supernatural being part because Angels not Mar don't tell me don't tell me don't tell me that so that Jesus letters in read just um shaped my understanding like I said no no it can never be but an emphasis the verbs used in Matthew you do not say cannot say Do not so it's a boundary that's why it says they left their first essay they crossed the boundary so it's a boundary violation so I I started teaching you that uh many of our series some time back even when we first s on Angel some three years ago I told you how Angels become Devils AB all right so I've been preparing you for all of this talk down through the series I've been doing since so there were giants in the earth now Giants in Greek mythology takes you to Chrono and all of those other beings that are found in the Under World in tarus now Giants supernatural beings it gives a context are you following now the words do not really make sense in our is a giant okay that's a tall strong person but beyond it what they are producing uh Divine beings uh Demi gods and Demi half human half gods and gods in that concept half supernatural being right and that ought not to be so where do they go there's no place for them because there's no place in heaven in Earth under the Earth so they Ro they move to and fr they have nowhere to go so they and when they die they are disembodied Spirits which is what we saw in those other that text I read on ref they are disembodied spirit so because they are disembodied Spirit there are those different languages to explain them like we said so the giant just put it together the Giants we explain so how did they come to be Genesis 6 shows us how they came to be now um Luke 10 Luke 10 Luke 10 Luke 10 Luke 10 Luke 109 Luke 10:19 behold I give unto you power to tread on Serpent and scorpions and over all the powers of the enemy and nothing shall by any means hurt nothing shall by any means remember we said this on Wednesday nothing shall by any means hurt wow you are quiet nothing shall by any means Hur all right now notice this use of the word paw of the enemy so the Bible alludes to the fact that there's power there's power With the Enemy but it shall not hurt you it's not something to fear there's power but it shall not hurt you now the supernatural beings have power okay now remember we still dealing with I'm going to list the members of those powers of Darkness so we already know the nakash is there we already know the beings that we put in the underw aside from Wicked human beings that are in sh will all be members of that Darkness AB be but the list continues because in Genesis 11 supernatural beings are also members of that Darkness man is called a prince in Daniel but it's not among the prince that reeled and hijack and took worship just like the prince of the other nations took worship but man is also called a prin but it doesn't take worship so we know that it's not all the prin it's not the supernatural beings God assigned to places that took worship AB a simple

teaching so in explaining the path of darkness which is where we are going because we need to get it clear so that you know where is Satan more deadly where is Satan more powerful when they are stabbing mirror and mentioning your name in koven kov is just a guarding of 13 witches you can look it up the word has found it way to the dictionary so COV is a garden of 13 witches so 13 witches is why you are not sleeping at the night obviously have to be DED or something D in God's word because 13 witches is making you not sleep when you are surrounded you are not just surrounded you are in a great Cloud remember surrounded I told you what that was surrounded me you are part of that cloud of witnesses so when is it 13 that is making you not sleep when you are in Zion inable company of angels correct me if I'm wrong maybe I I can't get my mask right when we do 13 versus what we cannot count correct me if I'm wrong 13 versus what we cannot count who is normally supposed to win 13 13 vers what we cannot number let's give it 5,000 13 verus 5,000 okay 5,000 is too small 13 versus 1 million so I have 1 million persons guarding me but 13 persons are coming that's why I'm not sleeping the nth is it beginning to look foolish no you didn't get it all right I'll help you with the mass so let's do a bit of mass One n kill 185,000 persons 185 ID 13 that's 4 10,230 AB but it's 13 that is your problem 13 is your problem one the 5,000 person go down but 13 is the reason why you are not sleeping the night reason why go sleep anymore is 13 so Jesus said he can call 12 Legions Legion is made up of 6,000 so let's try so Jesus I mean the people that went part of that came to surround Jesus in Luke 22 Jesus said I could have called Legion if and he said 12 Legion so if a legion is made up of 6,000 so let's try 12 see Jesus has abundance mentality $12 * 6,000$ in case we are we don't know Mass 72,000 72,000 * the force of 185 if one is killing 185 raise to power 10 how many human beings are on the earth that you cannot sleep in the night so put all the human beings in the earth still cannot I don't know if you are getting this the reason why you're not sleeping is the n is because of 1.3 10 and sleep not sleep Co so you see a program it's not a mockery to you alar versus alar you now attended Co versus whatsoever and you are now there with broom and when they were teaching you math you slept because he thought it was not important what is the use what is the use see now if you could do Mass you should have known that this would not be the reason why I will not sleep I'll use natural example um uh they said um you are in a house you have um no no no you're not in a house you live in the Barrack and they say there is this 13 guys that are coming to fight in the Barack you see the way you already looking okay you don't know what Barack okay the Army Barack just this one here now so 13 persons are storming there with full force we no go oh we no go if you live inside there will you will you wake up my not concern me what what concerns me concern 13 vers I'm not going to be he say the Lord is with me I will not be moved you not see why the prophets use those language because if you know who is with you if you know who is with you the whole 2 Kings uh chapter 6 and this where we end 2 Kings chapter 6 Lord open his eyes AB the whole Army he was surrounded verse 15 and when the servant of the man of God had risen early and gone forth behold an host compassed the city both with horses

and chariot and his servant said unto him I ask my master how shall we do and he answered fear not for they that be with us are more than they that be with them and Elijah prayed and said Lord I prayed he open his eyes that he may see and the Lord open his eyes of the young man he saw and behold the mountain was full of horses and Chariots of Fire around the about and when he they came down to him elishah prayed unto the Lord and said smile this people with blindness and he smoke them with blindness according to the word of elishah are you seeing it SM these people with blindness the captain and his host the captain and his host remember second Kings chapter one captain and his host captain and his host fire all Ro there there's no place where you are disadvantage there's no place where you disadvantage so um why are we exploring this whole part of dark like I told you when we get to the Ember mon because people fear em month will not talk about proper I'll teach this demonology thing properly so that Ember devil just I will renew your mind in the timeline where people all around say we have enter Ember month what is Ember month coinage is quite DFT is Ember why would don't you say we have entered the re month January February so because accidents happen the only reason why accidents happen more that time because you and other Wicked person like you have now said that there a special time where accidents happen so there are more blood testing Devils on the highway looking for people AB does not work in the UK because they don't work it only works are things that only work and there are more Devils outside Nigeria than in Nigeria in case you don't know because Nigeria has too many gospel activities to have so much Devils to many gospel activities to have that that much number of devils so you want to know where devil power is strongest check where the gospel has not penetrated those are the places where greater powers of Darkness reside that's where greater part of darkness is I mean it's a simple thing that's why penetration has been harder not where they where they they dance masade they give Mas a k to flock people say it's our Village People Festival it's not that one so there are powers behold I give unto you Luke 10:19 behold I give unto you power there is the word Authority do you have authority in heaven Earth and under the Earth to trample upon and over so use Serpent and Scorpion as a depiction of the enemy Serpent and Scorpion and over that is even and even that is all the powers of the enemy and nothing so what does he call the power of the enemy sh enemies Jesus had destroyed him that had the power of death destroyed destroyed rendered useless so let's get this the the word destroyed paralyzed so imagine you have 1,000 paralytics coming to fight you you have to have a problem paralytic is not that they are paralyzed let's change it paralytic is um in this context when you say pariz they lack uh motor function AB they can't all their nerves endings are broken so they I mean they literally will be crawling on the ground if they can move so you have 1,000 of such persons coming to fight you and that's why you are not sleeping and not like you could you can fight them alone but you have backup it's like pick all these things and throw them away now you're not going to hey and that's how the Bible explains the whole powers of Darkness starting from the number one guy that started Rebellion to the other

people to all the all of them are all on that need us because in Christ Jesus we take our place who is like God far above man so only a man that does not know so who do Satan go after Believers that don't know that they are really far but that's the height he was after that he didn't get [Music] he cannot forget what Authority look like that's why he responds easily when we use our Authority in Christ Jesus are you with me behold tell your neighbor have you seen it that you have authority You author have you seen it you seen that you have authority you have authority over Devils over the powers of Darkness who them where they they all [Music] underne and that's why we are studying it properly so that you say Pastor was too fast I don't not get it no so that you see that nobody ever sleepless night none of the Apostles ever did a vigil because of Satan nobody ever this strong man submit your power submit they didn't have time for such Services they didn't have time for that they didn't go for power must change hand because new hands power has changed hands since it demolished Devils crushed and we are on that Victory Hallelujah but Satan would do anything to get you not to know you have authority he will do anything to get you not to know not to believe that you have authority what do you think I mean I'm too good looking to be Satan but if you were Satan or I was Satan if what will you be after stopping people now what will be more important to you people knowing their authority over you or people not knowing their Authority people not knowing the authority is what we you that's what you will stand for ab so you will hate people knowing the AU Authority you will do everything you can to make people not know their Authority because if they don't then I can deal with [Music] them so it's like you you were walking on the road let's say a man that does not know who his father his mother is and the kind of been an Oran all his life he didn't know or he has been uh uh alone never had people around different between alone and lonely we've said that over the years been alone all his life and he moved from forar home to forar home and um different different families have adopted him over the years and one day as bad as example is so don't take it it's not an exact example but it's a bad example but it's a good one that man somebody stumbles on him and tells him I see a mark on your hand there someone that has this bed Mark I know this person before and they do the investigation and they come back and tell the person see I found let's do uh what the whole DNA test drama and they confirmed that that's really your father and I tell him then bring him to the family house and the father is a billionaire of billionair and the father has uh like an assle Rock security detail working with the father you know it will take a bit of time for the young man to get used to the fact that this is his father this is his authority that's why we teach the gospel God wants all men to be saved and come to the knowledge of the truth because before you got saved you were used to things just being the way they they are we say no but now we need to educate you on who your papa be we need to educate you on the paast that you have this is who you are this is what you have this what you can do I have authority in Christ [Music] Jesus so again like we said where is Satan as his strongest stabbing mirrors or deception but thanks so Hollywood movie and the rest depiction so you you feel like stabby mirror is the real issue behold I give unto you

power to trample upon serpents and SC over all the power of the enemy and nothing Jesus has rendered them useless they are now called Nothing rendered useless brought to nothingness so Powers beings forces that have been brought to Ness have all gathered against you as I say gathered surely scatter speak a word it will come to not for God Is With Us say ah s they were calling your name in one place they were now stabbing the mirror stabbing the mirror say because of fear you say Jesus will appear if they shout my name go appear this I ought to appear because it's me they called and I take the knife now clean it deep it inside [Music] blood you will buy a lot of mirrors AB you keep buying mirrors you keep buying knife you keep buying mirrors you keep buying knife because you see me again I'm moving I won't pass your street it's not going to work Jesus want to appear know out of fear the way we explaining it is say Jesus will not appear they not stab Jesus why they stab Jesus isn't you they called they should stab mirror they call you answer your name so when they call you God will answer and is are fear tactics you call me [Music] now you have [Music] authority Jesus is clothed you are you are wearing the same cloth the only reason why Satan can know that you are not Jesus is because of the way you talk your speech betrays you if we going to use that context speech betrays you you have authority I have authority over the devil not just the Nash in Genesis 3 I have authority over all the powers of the enemy and nothing shall by any means hurt me Hallelujah I have authority over the powers of Darkness however that kingdom is uh the hierarchy the strle the structor of that organization they are all underneath me I have authority just like the Centurion said I can say to one go and go another come and it comes I have authority I'll never be moved I cannot be dismayed as the mountain surround Jerusalem so the Lord surrounds his people don't see who they surround you as the mountain surr so the Lord surrounds his people who they surround you [Music] I'm covered but I'm not on the defense because I'm [Music] attacking I'm the one attacking Satan is the one [Music] running I'm the one resisting him and he the one fleeing I'm not the one fleeing there's no scriptural text that have the believer fleeing it's the Devils that are I have authority I intend to use that Authority Hallelujah so where Satan is powerful is in that deception ignorance getting your mind confused getting you to believe a lie that's where he will be powerful and that's where he stays because that one has more that one can walk because that one can work when you don't know the truth so we say I know who I am what is that knowing said that word when you say I know who I am is the same word used to explain I know that I know that I know that I know so you have that knowledge we we cannot separate you from the knowledge that's how you know you have authority I know that I have authority I know that I know that I know that I know that I have authority over all Devils Hallelujah nothing shall by any means hurt me nothing can hurt me nothing will hurt me nothing can ever ever be ever ever be ever able to ever be ever able to hurt me do you know it and when we say we know it people think of head knowledge I said that on Wednesday it's not head knowledge the same way you can argue with anybody when they try to change your name the same way you will argue with anybody when they try to call you a different name than your bir
