

hallelujah amen amen father we thank you this evening Lord we open our hearts to your spirit and we trust again in this service the eyes of our understanding will be flooded with light leave here with a greater understanding of our Supernatural Authority even as to again study concerning the Unseen word we'll see where you have made us to sit on high far above all principalities Powers might and dominion and again would walk in victory walk in the light of our Authority in the name of Jesus that in this service we declare that the things that ought to be said will be said and the things that ought not to be said will not be said your name will be glorified we shall be edified and the people said am amen God bless you have your seats hallelujah amen amen so unseen forces understanding your Supernatural Authority tell your neighbor you have authority you have authority Ure you're using it you're using it Ephesians chapter one and will go right into the study Ephesians chapter 1 Ephesians chapter 1 and verse three Ephesians 1 and verse three it says bless bless be God and father of our Lord Jesus Christ who has blessed us with all spiritual blessings all spiritual blessings in Heavenly places in Christ we have been blessed with all spiritual blessings we have been blessed with all spiritual blessings blessed with all spiritual blessings in the Heavenly is that the word unseen is that the word spiritual the nonmaterial Okay jump to verse 9 10 11 having made known unto us the mystery of his will according to the good pleasure which he had proposed in himself that in the dispensation the administration of the fullness of the time in might gather together in one all things in Christ all things in Christ both which are in heaven and which are on the earth even in him so it's Gathering Together go want to sum all things in heaven and on Earth in whom also we have obtained an inheritance being predestinated according to the purpose of him who work all things after the counsel of his own will that we should be to the praise of the glory who first trusted in Christ in whom he also trusted after he heard the word of Truth The Gospel of your salvation in whom also after that ye believe you were sealed with that Holy Spirit of which is the earnest of our inheritance unto the Redemption of the purchased possession unto the praise of his glory wherefore I also after I heard of your faith in the Lord Jesus and love unto all the saints cease not to give thanks for you making mention of you in my prayers that the god of our Lord Jesus Christ the father of Glory may give unto you the spirit of wisdom which you can reverse it because we already have the spirit of God we give unto you the wisdom of the spirit so when he says the spirit of wisdom is a different Spirit from the spirit of God is talking about walking with wisdom from that spirit I will give unto you the spirit of wisdom so he explains what he meant by Spirit of wisdom and even the Revelation in the knowledge of him the eyes of your understanding being enlightened that ye may know what is the hope of his calling and what the riches of the glory of his inheritance in the scent and what is the exceeding what greatness and what is the exceeding greatness and what is the exceeding greatness of his power to us what who believe according to the working of his mighty power which he wrot in Christ when he raised him from the dead and set him at his own right hand in the heavenly places far above all principalities power might and dominion and every name that is named not only in

this world but also in that which is to come and has put all things under his feet and gave him to be over all things to the church which is his body the fullness of him that fills all in all and you had it quicken who were dead in trespasses and sin wherein in time past you walked according to the because of this word according to the prince of the power of the air the spirit he emphasizes the prince of the power there the spirit that now works in the children of disobedience so there's a spirit that walk in the children of disobedience in unbelievers there's a spirit at work in a man that does not believe a man that disobeys the gospel among whom also we all had a our conversation in time past in the lust of our flesh fulfilling desires of the flesh and of the mind and we by nature the children of wrath even as others but God but God who is rich in mercy for his great love wherewith he loved us even when we were dead in sins had quickened us together with Christ by grace ye are saved and has raised us up together and made us sit together in heavenly places in Christ Jesus seeing a benefit so verse three of Ephesians 1 he says that all spiritual blessings in heavenly places verse 11 verse 10 says God wants to sum all things in Heaven and Earth together in Christ verse 20 tells us that we are far above Ephesians 2:6 says he raised us up together and made us seat and he places it alongside the red restoration he raised us and made us seated together raised us and made us seated together far both so if we are in the heavenly places in Christ and that heavenly places according to verse 20 is far above Ephesians 1:2 far above so that's where we sit we are far above Hallelujah now Philippians chapter 3 we've also had to read that Ephesians Philippians Philippians chapter 2 and verse 10 that at the name Jesus every knee should bow of things in heaven things in the earth and things under the Earth at the name Jesus every knee should bow every at the name Jesus every knee should bow of things in heaven things in the earth and things under the Earth so now every opposition every knee every so Heaven Earth under the Earth is subservient to the Lord goes down before the Lord because he is the Lord of all the Earth he's the Lord of Heaven and Earth he's God of All Flesh he's the father of all spirit so in his authority when a man stands in God stead which is the plan from the beginning Genesis 1: say let us make man in our image God wanted a Man In His Image so God who is over principalities and pass man now in God's image in God's stead with God's name bearing God's glory is also far above all principality power minds and Dominion so we saw a text in Psalms it says Thou art exalted far above all the gods that's the Lord and that same context is what the Ephesians Paul is bothering here and putting using to explain where we are seated Psalm 8 what is man thou art mindful of him son of man said thou has made him a little lower than the Angels but thou has crowned him glory and honor AB put all things under his feet all things are under his feet the same context in Hebrews to all things under our feet so there's a those are text in the scriptures that speaks of our Authority amen Authority and when we mention the word Authority we said we shouldn't think of it as only binding and losing because there are natural there are many examples of the word Authority we said the children are under the authority of their parents the husband is the authority of the wife there are President Governors ruling class and there are citizens under

those people and the authority is not buying and losing the authority is to maintain order to allow proper functioning and that's why I love the Greek word used there for Authority which is the word *exousia* which is jurisdiction God has given us jurisdiction so we have uh we ensure the proper functioning we ensure that things are the way they are Matthew 28 and verse 18 Jesus said all authority in Heaven and Earth is given on unto me go ye therefore so that means the death Buri and resur of Jesus had something to do with Heaven Earth and under the Earth because upon that Resurrection he says we should go and we talked about the context of spiritual warfare that spiritual warfare is marching into the territory of Darkness fighting for The Souls of men I be demanding men to be saved getting men born again and that's why we can't use drama for such a sacred walk because it's a battle it's a fight you have not prayed enough you want to you want to say just like a Salesman peit that's how you can use a Salesman peit to tell somebody to be born again why your own converts are not serious so you can't disciple them because you you are you are you couldn't even tell that they just let me just say I'm born will leave me couldn't even tell because you were just after I finish preaching I finish preaching no no no no no no 4 last week when Satan blinds the minds of them that believe blinds the minds of them that do not believe L the light of the Glorious gospel of Christ will shine and I said if you were Satan what will you oppose what will you fight of course ultimately your own end what brings your end and what brings your end is where all the Earth has become Zion and you notice there's a context in scripture which has been affected with the whole idea of making Heaven that whole concept because you really see in scripture the use of the word heaven for that thing that we like to explain it to mean or the most popular idea of what people have as Heaven is the kingdom of God later later that does not make any sense can't be the kingdom of God later later there's already heaven now which one is heaven now becoming the kingdom of God later later no that's not the word for it because heaven is just the Unseen word say but we are going to be in heaven forever and ever where are you right now say I'm I'm in heaven sh but not really like that so I think we have done a lot of Justice to the use of the word Heaven we've seen the different applications of the word heaven so that every time we hear the word Heaven your mind is not going to a planet AB all right another word we need to get clearly is when the biblical writers use the word the Throne of God try your best to remove your brain from sitting down in a chair and they say the Throne of God the Throne of God in um the ancient world view is used to explain one sitting over others to sit over others and it's not about the physical chair so when you see the Throne of God in scripture you always see God and supernatural beings present because the Throne of God is God's seat over other supernatural beings that's the Throne of God it's not a Joko it's not a chair that he put his bom bom on that is called Throne are you following the word throne that's why it's used for supernatural beings also they are called Thrones and Dominion so you see the word throne deals with authority it's not cheer are we good now we said Bible words have Bible meaning not what I think it means are we good so we said if you ask a popular believer today why is the earth the way the world is if you ask I mean a

Christian a mod Day Christian ask a uh regular Christian a normal Christian you see along the roadside just asking why is the world the way the world is everybody's going to tell you Adam everybody's going to say Adam Adam Adam Adam even those are spell Adam say Adam and all our evangelism over the years have always been revolving around the reason why the whole word is where the word is is and the reason why the whole word now but I said that if you were to ask an Israelite especially in that inter testamental period between Malachi and Matthew that period before Jesus came is what I mean by Malachi and Matthew I know Matthew was written after Jesus's resurrection so we say m Mal and matth and mean in the timeline before Jesus came if in that timeline if you were to ask anybody there and even till today if you ask any uh Judaism even upholds the very Rebellion concept if you were to ask a average Israelite or a bial scholar somebody who actually reads the Bible which is supposed to be every chrisan not what I hear from somewhere somewhere somewhere why is the word the way the word is they're going to tell you three things one they will tell you Genesis chapter 3 sin entered into the world then they will tell you Genesis chapter 6 because Satan is against the seed of the woman then Genesis chapter 11 Rebellion because he wants to cover all the Earth in a Darkness they're going to point you to three rebellions and if we do not know anything about those three rebellions then we cannot even conclusively teach about the powers of Darkness because we're going to make everything about one guy and one guy is not the reason why all the Earth is in chaos one serpent in the garden cannot be reason why Darkness has been spreading it makes him very good in his work he's not that good in his work one guy alone cannot have covered all the Earth and I'm using the word guy one supernatural being in the garden could not have been then there is a lot of uh assumptions and we try to correct those assumptions a lot uh before the creation of man one thought of the Angels rebelled against God they took up arms where people funny enough Rebellion does not mean mortal comeback I don't know where people hear the word Rebellion their mind is rebellion transgression sin synonyms so when you hear sin aha transgression that's Rebellion transgression okay so when you say somebody is a rebel somebody is against something all right so those super were against God's purpose God's order what God intended are you aen now clear clear clear so you have Genesis 3 Genesis 6 Genesis 11 and we have been saying that I think three years now we have been emphasizing that so this should not be your first time hearing it I've said that in different of our teachings why your mind should always go to those Theory views now the reason why Genesis theory is very important is because you will find your original sin and that sin is arper AB is it not AR typer that sin is AR typer because nothing is mentioned as the sin no it's not lying stealing fornication adultery nether is it uh be false witness none of those things uh uh Gossip which some people don't think he's seen Strife Envy none of those things I mentioned it's not I wrap uh some leaves in the garden it it didn't mold it didn't mold some um some iGo that's not what Adam did but we see that Sin Sin at his core is opposition to God's word against God's word did God really say so there's an opposition to God's word an opposition

to what God has said are you with me and oppos position to what God have said so when we talk about the whole PA of Darkness we will know that the entity of Genesis three the supernatural being in Genesis the is going to be a member remember we give you members in the underw that's what we're talking about now we know all those guys are all obviously parts of Darkness so the entity the supernatural being in Genesis the that tricked if and in turn Adam is obviously going to be a member of that P of darkness and we've talked about that already we said we should leave him as serpent leave the name as serpent AB you should leave the name or you want to use the Hebrew word Nash n a c h a s h u h do not you use that the Lazy Man's approach of Isaiah 14 Lucifer hel don't use that it will put you in trouble you just be exposing your ignorance or St you just want to say what everybody's saying there's only one reference for that and in all classical writings or historical findings that was a name used for the physical king of Babylon is in all historical records a physical King was called that name so you you put yourself in trouble considering the fact Isaiah 14 said it's a proverb to King of Babylon so like I said you'll be looking like you're not intelligent but if you like the name leave it nobody will beat you no Wala but just know that you're not sounding clever leaving it as that because that's not that's not what they were using to refer to him nether are the names of the other beings given to us but they want us to see that they are all opposed they all our enemies all opposed to the light which is enough is not the name that gives you power to cast it out are you with me so Genesis chapter 3 so the entity in Genesis three the entities in Genesis 6 which was where we stopped and we're going to start from Genesis 6 now because he said the Angels according to Peter and Jude's commentary remember Peter and judee's commentary they put the angels and there's no angels in chapter three just one guy come on it's not one okay Genesis says Son of God when the sons of God so there's a plurality in chapter 6 so the supernatural the entities of Genesis 6 then the entities of Genesis 11 AB then all the human beings who partner with them to further their cause are all part of members of Darkness AB all right so there's a human and a supernatural power of Darkness AB be so again test some of the things you know so far so when we talk about unseen forces we can put it in the threeory words Heaven Earth under the Earth so unseen forces in heaven will be spirits C beam the stars that God created supernatural beings sons of God remember we have taugh all what these phrases mean nature terminology I'm I'm deliberately avoiding because nature is not Angel is not a is not a name it's a job description it's not the name of a being it's not it's not is the function that's why it's used for God it's used for human beings it's a function terminology the nature I would say just like the teach you the ontology the nature of a thing what a thing is and what it is like we dealt with the onology of supernatural beings AB okay uh so supernatural beings now unseen forces on the earth or on seen forces on the earth will be man because man was made to have the spirit of God AB so man himself is a force on the earth not just an anyhow Force man was made to sit on high let them have dominion so man is actually the strongest force in God's known world because God gave man such a position not just the Christian Mankind and of course

mankind outside eternal life did not stay in his position because that position is what Genesis Theory n tricked man for we looked at that on Sunday like God but it tree of knowledge of Good and Evil no God says we should we are like him by eating Tree of Life AB thank you like him by partaking of his divine nature by believing the gospel by having life eternal life AB having the life of God having the spirit of God in us that's actually how we are like him but the N said like him by knowing the good and avoiding the evil like him by being your own man AB so we dealt with that um so man is a supernatural Force we man have Spirit man is Spirit soul and body so in the class of spirits I mean when Spirits appear man can also appear because man is a spirit being man is a spirit being that is housed in a container called body physical body your physical body is your is your casement your covering so man is inside a a a house a container a dwelling called body are you following physical body and you can call that the uh there's the outer man and the inner man or the hidden man of the heart so we say the Inner Man and the outer man and the inner man will make up what the Bible uses the word spirit and soul then the body so is that not so man is Spirit the spirit of a man and the emphasis to know that man is spirit is Genesis CH 2 how God made man God formed man of the Dust of the ground and breed into his nosy the Breath of Life what makes man alive I mean when you say the core the core of a thing what made man alive is not his physical body what made man alive is the Breath of God the the the N the spirit the ruak not the Holy Spirit that's God but man having a spirit and that's why they change the word Ro not confused to think it's the holy spirit that is no every human being her spirit but God made man to have his Spirit to function with God's spirit and that's what we talk about eternal life and all of the provisions that Adam walked away from in the garden because God made man to function in his Sacred Space God made man to walk with him w a l k walk in his council be in that mount of assembly God made man to function in that height so man is is a force to be reckoned with did you get it so now that there is and under the Earth beneath the Earth Under the Sea Shi hell abys pit any name you want to use Bible name that explains the third uh the third world ABI we now have Rebellion Heavenly being and rebellious human entity those are also forces come on so again I'm repeating it in case you have not gotten it by now when we say unseen forces these are all the entities because in dealing with unseen forces you now say I don't want to believe a man is then we now get to the witch of endor's house we saw what she was doing that has obviously a force to be reckoned with and the Bible does tell us about uh enchantment divination and we'll read some of those references and that's been is not a spirit being that is doing enchantment and divination it's a human being that is doing it it's a human being that God said should be king priest and prophet and human beings are the Gateway into this realm no supernatural being has access to our world without going through a human being so human beings are very important I think I've said said that again and again all right they cannot assess this word except through a human being the heaven is the Lord Psalm 115 but the Earth has he given to the sons of men God gave the Earth to man so any dealings in the physical world must pass through man man is

in charge of the physical domain nothing can happen in our physical world without coming true a man that's why even God when he was going to become a man had to had to receive the permission of Mary AB sorry man is involved God wants all men to be saved and yet he's not grabbing people's neck and say be saved now be saved now is he tells us to persuade men second Corinthians 5 say we engaged we we Bes you be reconciled unto God the word b you we beg you God wants to be sa but yet is not automatic we have a role to play because God wills it so when he said let them have dominion so God intended man to be the functioning Authority on the earth and so if God is going to do something on the he's going to work through man now God does not manipulate supernatural beings in Rebellion are the ones that manipulate and Co man God allows us our choice in walking with him that's why it couldn't I don't want to use the word he he did not no he couldn't stop man because it will go against his Constitution as God is a god of love is a God that made super natural beings man to have a choice and he cannot violate that choice he has given if not he is not true that's why I say one of the uh attributes that Telegraph God's uniqueness is that is called amen faithful and true AB is in a class that's why you say God is unique the uniqueness is that is ah is faithful I mean if it was us would we make sure the person does not but ah is going to spoil everything you are planning to do and yet he allowed the man his choice and you learn that as you progress in your own work with God and also in your dealings with people that sometimes as much as you want to help people by instruction by giving them wisdom by tell them this is the proper way to behave you you have to allow people suffer the consequences of their decisions because some people feel that there is no consequence of their decision because they think that there's consequence for your decisions amen sooner you know that and understand that sooner things will be better so Genesis chapter 6 and will read Genesis 61 to5 again are you there Genesis chapter 6 and it came to pass when men began to what multiply it came to pass when men began to multiply on the face of the that daughters were born unto them when men began to multiply on the earth came to pass that when men began to men there is that male or human beings thank you common sense it can't be when males began to multip and it came to pass when human beings began to multiply on the face of the Earth and daughters were born unto them it's not the word men there is human being damn the whole of mankind daughters were born unto them why does he bring that language because you could lazily read chapter 5 and think that there were no daughters because it was only the male male male male male children that was particular with in chapter 5 remember the use of chapter 5 chapter 6 the writer is not living in a chapter so I told you when you you read chapter 5 you notice the timeline you see that Enoch saw Adam that's why they give you their ages Enoch saw Adam I mean the servant from Adam saw Adam they they walk together he asked him great great great great great great grandpa how was it like in the beginning so that's why they give you those timeline that's why they give you those ages so that you can get it so the the issue in chapter 6 is we are the ones putting chapter 6 to explain it but it didn't start in the time of Noah are you getting it the problem in chapter 6 not

start in the timeline of Noah if not it defeats the whole point of Enoch naming his child
meusel when he dies it will come speaking of judgment and lamech M gave bir to lamech
lame is better to Noah and said this will bring rest ABI concerning what has been spoken
that's uh Genesis chapter 5:29 and he called his name and he called his name Noah
saying the same shall Comfort us concerning our work and toil of our hand because of the
ground which the Lord has caused so this I told you there's a bet motive in the Bible motive
is part and reoccurring them that when you see a child being born speaks of something a
child being born has meaning so Noah is born and he said this child already he already
shows that there is a purpose to every human being there a God has a purpose for every
life that's why they giving you their ages so meell when he dies it will come lamech simply
means powerful and Noah which is the same word rest Manu no Noak rest and the rest is
chaos has been defeated AB come on explain that word rest is not inactivity rest is order I
think we have explained that some time back now concerning uh what rest me rest is not
I'm lazy or I'm sleeping oh no rest is not in activity that you are not doing anything again
rest is actually order things are the way they should be that's rest so it came to pass so that
it came to pass is he in the timeline of the men from King beautiful so that you have
chapter four like I also told you how they write they write intelligently that you saw King life
after Abel K they continue talking about King did not mean that Adam and Eve were waiting
say how many children don't born now it don't get grandchildren okay let's now have
another child if that's how to reason no they they wanted to finish the Abel and King story
first then now says Adam gave birth to know knew his wife again didn't know his wife after
K has given birth to several sever that's CHR silly what was he waiting for 200 years four I
mean it doesn't make any sense why is AD waiting for over 200 years before he sleeps
with his wife again and have a child doesn't follow so because chapter five of Genesis will
not mention any child of King does not that mean that King have King descendant has
ended in chap four no the writers again believe that we have brain let's not let's not be
making them think that they were wrong thinking we have sense say no no no no no they
just writing that's where it ends ahh no so they are writing orderly so chap so when he say
chapter six now you say came to pass came to pass when in those days of the chapter 5
they just told you when men began to multiply so i mened m multiplying s set came time
children are been born daughters were born unto them they now says that the sons of God
saw the daughters of men the sons of God are you here the sons of God and I told you the
use of the word sons of God now there is the setite interpret ation people have of this that
uh these sons of God are the descendants of set sons of God are descendants of set why
Daughters of men are descendants of King now that is the most popular view modern view
because of a remover of the supernatural world view when we seek to remove that
Supernatural world view that's what we get where we read the Bible without any
Supernatural worldview make everything scientific turn the Bible to a science book Genesis
chapter one say that's that will answer archaeologist now we can answer scientists better
no no no that's not what they were writing about so there is remember the Hebrews 11 the

Patriarchs obtain a good report the men of H ABI the bore witness of the Unseen word using the seen word AB they use the physical to explain the spiritual just like Jesus did with Nicodemus when when Mother's second time said explain to you now so if you cannot understand how can you understand spiritual things I've using natural to explain is it when I now use only spiritual phrasing that you understand obviously you won't understand so the sons of God saw the daughter of men and they use that that sons of God they have to be the Gen genealogical line of Seth in chapter 5 genesis 4:25 Seth is born and you notice uh in that Genesis chapter 4 25 for God said she had appointed me another seed instead of ab whom slw and to set to him also there was born a son and he called his name anos then began men to call upon the name of the Lord so you see 26 it didn't say it is the descendant of set that is calling upon name of the Lord of course it we know by implication that set descendants will be following God but men are also calling upon God because remember there is no widespread view of idolatry this is what will lead to the um human depravity this is what will lead to um the whole Earth being filled with the worship of all that supernatural being but it hasn't happened yet there is simply a man caning angry that God is not happy with him and in order to show his anger just like Esau does and goes and marry who his father say should not mared so Cain is also angry with God and because God is saying am I supposed to be My Brother's Keeper is Angry God saying all those things even though he's supposed to be repentant so he's Cast Away he he he he he cast off the face of the Earth and we said that language of cast off the face of the Earth he's on the Earth but cast off the face of the earth I told you the word Earth there is the space the territory the real AB where say there's a supernatural so he cast off the he's on the Earth but it's cast off the Earth so it gives you a g of Eden concept just like Adam is cast off so it means now he's opposed to God's promise he's working against God's plans he goes and build a city remember building a city in chapter 11 so we have passed all these places so now the issue with this kind of interpretation is you would have to be assuming assuming forcing a lot of things because we are now doing people of King and people of set so King's on Godly line is it that King his only daughters he have he doesn't not have men so that would be questions will now be asking since we have the male children male descendants of set marrying the daughters of King what now happened to the female daughters in the descendants of set and what now happened to the male you're not following me oh my God it's English I'm speaking now so there's a Viewpoint that has sons of God there cannot be supernatural beings and they say it has to be the line of set even many christocentric preachers hold on to that view I'm giving you the different interpretation and the reason why they say that is because sons of God there come on come no no no sons of God there cannot be supernatural being because Mathew to Revelation sons of God is believer ABI okay but this is not Matthew 6 is Genesis 6 and we have to think the way they are thinking AB be thank you and the reason why those words are used for the believer is because the of Jesus this is pre resurrection of Jesus Abby thank you so the sette explanation cannot follow because K's ungodly line so they now say the intermarriage is between The Godly

setite lineage and the ungodly kite lineage k c a i n i t e setti s e t h i t e I'm just putting it in that for grammar sake so The Godly setite lineage and the ungodly kite lineage have merged in marriage now the reason why that approach will be totally flawed f l a w e d nowhere in the scripture is the line of set actually refer to our sons of God zero reference no single reference in the Bible calls the descendants of set sons of God and there's no reason to conclude that all the children of Seth were Godly there's no reference that all the children of set were Godly AB just only two one already killed his brother what is the chances that all of set descendant and by saying set descendant hope you know Adam give to much rather than set are you following so what happen to those one own descendant so that Viewpoint is flawed and again see another reason why we cannot hold on to this View if the sons of God were the setti the are the sons of God in verse two how and they are The Godly ones how Godly could they really be when they eyes for the daughters of King that The Godly reach like that when the loss of the flesh they do you they were so goly n you didn't get that I'll do that again so if is the now this were things we couldn't see and I'm I'm I'm ashamed of my myself that I ever believed this interpretation one time and the only reason why I could believe it was because of the Matthew narrative I mean I'm a sticker of letters in red every Bible I've ever heard is letters in red there must be red letters in Red so this is Jesus in Matthew saying they do not marry like I I I could not that had shut my brain that that no no no no no no no Jesus is enough I have forgotten okay you don't build an interpretation on one text I left all those things then it was the most popular Viewpoint so just follow what is popular everybody OS you cannot know Bible more than everybody so if everybody is saying set interpretation follow everybody you can't beat them join them now of course you know that's rubbish it's say stupid quot you can't be there don't join them but that's the idea I mean ignorance is more popular so that the but thinking it now I mean you see how it sounds sons of God Daughters of me so if they were so Godly if these are The Godly descendants of said why not flesh they they ey they choke for it's like I'm praising you that you are so Godly and I'm saying that you so love prostitute but you so fear God is that not supposed to be a figure of spe doesn't make any sense now we can't use that to praise you I'm praising you for being sons of God then the thing that you are eying is strange flesh ABA no no no no no no no no no no did you get it all right so we wonder how Godly the ctit could have been since they were the ones that took the ungodly women now Genesis 6:2 and verse4 do not identify the women as descendants from the line of King why did we force it so and there's no reason to conclude that the women were ungodly because it's not in the text and there is no prohibition against intermarriage of the different people on the Earth as we know there was no there was not yet Jew and Gentile D toy that they could have been saying this are uncircumcised there was no teaching like that yet and there was no draw there was no clear cut demarcation as he started with Abraham and all the other nations there was no yet the other nations away from God because everybody still knew about Yahweh everybody knew about the God of all the Earth everybody knew so it was just obvious in that timeline to see people not worshiping God is just n head now

strong head nobody was seeing it as they have something else to worship because the whole organization of something else to worship had not yet existed because it would take chapter 6 event to happen and chapter 11 event to happen before there's now a proper organization to worshipping something else even came is not called a worship of Satan is simply a man against God's word so he knows because he recognizes the being talking to him in chapter 4 as God he didn't say you are not God no he recognized and he's angry that that God did not accept him are you following so there's no need forcing text then the second interpretation of Genesis 6 now has um now use polygamous Royal marriages that the sons of God there were human Kings human kings that were taught to be divine human kings that were taught to be divine like the Pharaoh called himself a God so human Kings that's I mean you see how stupid that sounds sons of God human kings are they said to be divine so and they took them wives of all which they chose and the reason for that interpretation is because of the psalm 82:6 ye are Gods because those people have² as human being but they did not want to believe in supernatural beings so those who have 82 people as human beings bring them into Genesis 6 that's another interpretation these are they are only Theory school of thought in Genesis 6 so I'm giving you all of them the set interpretation and this uh Royal human beings so does Kings of the earth marry the daughters of men how is that a scene how is that something wrong is that something wrong in the sight of God so all of that again is quite foolish it doesn't make any sense but it's a Viewpoint because people have different interpretations now which is the correct one it's not for us to say oh my own is correct we now have to view it in the light of scripture it's not which one is correct which one is your own it has to be scriptures explaining scriptures AB now the Genesis 6 story is actually a poic is a poic uh a literal and a theological argument against the Mesopotamia story because the Mesopotamian story in that timeline was the most popular of viewpoints because the Mesopotamian story had sons of God coming to daughters of men the abalu story a p k a l u uh story but it wasn't explained properly and it even has the their number one the high their high God maduk sentencing all of those supernatural beings into the abys to never return so it actually has the same idea but the biblical writers wrote against that ideology that they wrote against that because that ideology gives birth to idolatry so they wrote against that people now remember Genesis chapter 6 was not written for the people in that timeline they didn't have Genesis 6 it's Moses that wrote it to the who is Moses audience not the people in Genesis chapter 6 the audience of Moses are the train of Israel that he brought out beautiful so once you already start thinking like that you know that okay and how were they passing on stories or tradition you guys are Scholars see that you are becoming biblical Scholars yeah all tradition because it took years before the technology of writing was invented nobody was writing in in in in in books in papers it took years before people could write people have not been writing from the beginning of time so the way they used to pass on stories was mouth you gather people by the fire Tales By Moonlight and tell them stories and recount the story and you repeat it every day that's why they not forget the story so the reason why they are so

accurate in retelling it is because if you hear something every time you will not forget it they used to say the stories again and again which is a normal pattern in those days or tradition before writing as a form of preserving history did you get it so is that backdrop that is being spoken again so the sons of God so the daughters of men now we have every reason to read this as the sons of God the sons of God as the sons of God in the Bible because when the Bible uses the word sons of God Genesis to Malachi the use of the word sons of God was used for supernatural being the sons of God you remember it sons of God refresh our memory Psalm The Book of Psalms okay let's do job let's just do job get it so that I will not jump job job 1 verse 6 now there was a day when the sons of God came to present before the Lord and Satan came also among them so it's obvious that that Satan is also a member of that Council there was a day when the sons of God came so remember we talk about falling sons of God are supernatural being sons of God narrative I give you the meaning when you say a son is used for something that is created AB be just like you say the father of the people of Nation are called Sons so we talk about the angels in be this Supernatural world that's why they are called sons of God Sons of the Divine the Divine real members of a group are called Sons so since there there's an assembly of gods they are called sons of God AB then we talked about uh dynastic household then we talked about that a characterization used in ancient time so I give you five logical and scriptural explanation of the use of the word sons of God AB or the use of the word sons in in the Bible so son is not just biological okay job 2 and verse one again there was a day when the sons of God came to present themselves before the Lord and Satan came also among them so you see used the word sons of God again Job 38 and verse 7 when the morning star sang together and all the sons of God shouted for joy so the sons of God were created before the physical Earth was created they witness creation they witness God's righteous rule I've told you that's a bigger picture to Supernatural being on but when you have supernatural beings only as errand boys you have a limited view of them AB they witness creation they were the audience of Genesis 1:26 that God is talking to Okay so the sons of God then you have the psalm 82 remember Psalm 82 God stands in Congregation of the Mighty the word Congregation of the mighty there Congregation of the Gods he Jud among the God how long will you judge unjust the person of the wicked I have said ye God jump to verse six I have said ye are God all of you are children of the most high the word children is the same word for son children son is the same Hebrew word b and Ben you get Ben just like benjam Ben oi benjam son of my right hand so Ben b n Hebrew word Ben Ben Elohim I have said ye are Gods all of you so the beings called Gods remember what gods there mean supernatural being Divine beings Gods there does not mean uncreated Creator come on M that is our English view of the word God that gives us this idea of uncreated Creator when you say the word god it just mean a supernatural being a Divine being a nonhuman entity I have said you are God's all of you so all these supernatural beings Spirit beings all these Elohim are all sons of the most high but you shall die like men and fall like one of the princes you get it Psalm 89 the heavens shall praise thy wonders oh Lord verse

five Thy Faithfulness also Cong of the saint who in the heavens can be compared to the Lord who among the sons of the Mighty the word mighty is the word God e I now I told you the KJV translation is very scared of calling supernatural being sons of God as because it's the beginning of the removal of that Supernatural world view so there are many transitions that hide that Supernatural world view so we can't call this because they're trying to maintain a narrative so to maintain a narrative they begin to use a different English word but the original you see have the word as God e I who among the sons of God can be likened unto the Lord God is greatly to be feared in the Assembly of the Saints remember are this nature terminologies to be had in reverence of all them that are around about him so sons of the mighty so the sons of God narrative clear clear clear so let's go back to uh which you have Jesus of course quoting in John 10 using it to explain why he can be called Son of God if he called them Gods unto whom John 10 okay you are looking at me let's go there John chapter 10 verse 3 the Jews answered him and said for a good works we Stone thee not but for blasphemy and because thou being a man makest thyself God verse 34 Jesus answered them is it not written in your law the word law it's not written in your books in your records that I have said ye are God is that Psalm 82 it's quoting Psalm 82 is not written in your law in your books if he called them Gods unto whom the word of God came and the scripture cannot be broken so that is authoritative so Jesus said the book of Psalm is Authority that's again when you talk about the the inherency of scripture the authority of scripture so it says that is Authority the book of Psalm is Authority it can actually convey God's word so the scripture cannot be broken so that means is what he saying is what he's saying if he called them Gods unto whom the word of God came and the scripture cannot be broken say ye of him whom the father has Sanctified so are you following remember the them those supernatural beings if he called them Gods Jesus is affirming it again that God is the one that called them God how come you now say of him whom the father Sanctified and sent into the world th Blasphemous because he said he a Son of God you other words that say you do the scripture because if Supernatural of God why is he me who the father Sanctified say to the word that cannot be referred to as a Son of God then he now goes for and explain that I'm not like supernatural being I do not the works of my father believe me not but but if I do then goes on which they pick up Stone and stone him you know the whole concept that goes into chapter um 11 Lazarus raising Lazarus from the dead and they are still angry with him so Genesis 6 the sons of God saw the daughters of men that they were fair and they took them wives we have to stick with The Narrative of sons of God provided for us in Genesis to Mali there is no text of sons of God sons of God used to refer to human being now Israel as a nation is called God's son firstborn God's son Israel as a nation but sons of God was not used in that narrative it was used to refer to supernatural beings so we have to stick with that cuz the question we asked was we said that we already saw that the Nephilim were those refs that we saw as members of the underw who is who in sh ABI so we now said how did they come to be how did those people come to be so that's what is provided for us here that the sons of God saw the daughters of men that

they were fair and they took them wives online the word took them wives see the way he uses the word they took them wives lives of all which they chose so who did they they took them wives that word took took took them wives let us see what the context of what you say they took wives are you with me Genesis 38 Genesis 38 and verse one and it came to pass at the time that Judah went down from his bed and turned into a certain adulteress whose name was H and Judah saw there was a daughter of a certain Canaanite whose name was Shua and he took her and went in onto her so it's an Old English when they say took so he say they took them wives so when he say took and went in onto her so you see the context of that what took them wives is sexual orientation AB be the what took their sexual orientation is not can we go for a stroll that's not what he's dealing with are quiet Leviticus 20 and verse 17 if a man shall take his sister you see take if a man shall take his sister his father's daughter or his mother's daughter and see our nakedness is he clear use of the word take it's not take like let's go for a Str just like they say Adam knew his wife is not let's know each other we not start talking that know there that's why it is very stupid of you as a husband that your wife H is telling you shift jar big head you say you you insult me you know who I am somebody that have see your nakedness shut idiot husband I mean if there's if she can't talk to you in that kind of manner who else can sorry you you didn't get that I'll repeat it again who else who in this world cannot talk to you in that kind of manner of course he CH yeah that's who some you took Somebody's Daughter to be a prisoner know I should be able to talk to you now that's the person you are most intimate with in this world that person should be able to to have have such kind of conversations with you in fact that's what that kind of intimacy produces it produces that kind of familiarity it's supposed to produce it if he's not producing it then you are actually turning your home to a lion of the tribe home that you can actually relate like that of course doesn't mean that the wife should not honor her husband but honoring the husband has to do with because you share something that private and personal you can actually interact in that kind of order it's not that you are going to be used that noest that you can interact in a jovial playful manner so the word took I'll say with my context Genesis 6 the sons of God saw the daughters of men that they were fair and they took them wives so that what took them wives is this sexual in orientation thank you so took them wives is used so it's not like that oh okay before Genesis 4 lame took unto him two wives isn't your own so in case you think I I ran from Genesis because it's not in Genesis so is he used before chapter 6 so lame took unto him him two wives Genesis 11:29 Abraham and N took them wives Genesis 21:21 and he dwelt in the with of palan and his mother took him a wife out of the land of Egypt are you convinced I we should keep reading more reference of to Genesis 25:1 then again Abraham took a wife and her name was Keturah is it are you seeing that they are not manipulating that word took a wife so they use the word took is sexual orientation because I've taught you before in marriage by God's design that marriage is a sexual Union AB not a prayer Union you are quiet say say I just Mar somebody I can read the Bible with are you crazy why should that be why you are marrying then join a small group have people to pray I

don't understand say because I'm looking for a prayer partner you don't looking for a prayer part partner now I didn't say you shouldn't pray with your wife but you're not not because I I searching searching no Bible study partner no prayer partner I turn around no one no one there's no one there's no one like you my wife huh better join a local church because you see many persons that study the Bible and pray but you can't be intimate with of them except you are mad underline mad three times all right Genesis 6 let's go on and the sons of God saw the daughters of men that they were fair and they took them wives of all that they chose verse three and the Lord said my spirit shall not always strive with man for that he also is flesh yet his days shall be 120 there were Giant in the earth in those days and also after that when the sons of God came in unto the daughters of men there were giants in the earth in those days and also after that the word also after that is whenever so it gives you a post flood narrative that this is possible AB so when he said and also after that whenever the sons of God comes into the daughters of men this is what they will produce they will produce Giants are you following whenever that's the use that's the proper translation there when he say after the word after there say whenever the sons of God came in unto Daughters of men they bear children to them the same that's why I G you a context the same became the Mighty Men which were of old men of renown Moses is one of the three AR tydal precursors of the mesiah that deals with the giant predecessors is the word precursor Moses Joshua David are those the three people that deal with the giant problem Genesis to Malachi thank you and they are all aryal figures of the Messiah be remember if Jesus is the Messiah will he reverse Genesis 3 Rebellion will he reverse Genesis 6 Rebellion will he reverse Genesis 11 Rebellion I taught you that in the message okay so he undo the whole evil that has entered into the world so there were giants in the earth in those days and also after that when the sons of God came me onto the da of men why do they use the word after that because the use of the word Giants will be found in numbers 13 so you need to know that whenever this happens this is what it produces because the word neiling is used outside Genesis 6 these became the Mighty Men the giborim which were of old men of renown men that had a great name just like Nimrod had and God saw that the wickedness of man was great in the earth and that every imagination of the thought of his heart was only evil continually and he repent the Lord that he had made man on the earth and he grieved him at his heart so and the Lord said I will destroy man whom I have created from the face of the Earth both man and Beast and the creeping thing and the fowls of the Earth for it repented me that I have made them and Noah found Grace in the eyes of the Lord so brings Noah in so the sons of God s the daughters of men you have that in verse two and verse 4 are you with me verse two and verse four and it says what they produced were giants and we had that context so uh Matthew 22 this is the con the argument against that it can't be sons of God it can't be Angels it can't be supernatural beings Matthew 22 and verse 23 Matthew 22 and verse 23 the same day came to him the sades which say that there is no resurrection and acts we say that there is no resoration what do they say that's what they say there's no resoration resoration is that

a word used to explain Global Eden Resurrection money where all the Earth where we put on immortality come on okay and ask him saying Master Moses said if a man die having no children his brother shall marry his wife I hope you know the marry there is not for the sake of married to say that marriage is a sexual Union and raise seed onto him are youing the cont so when using mared there is a polite way of saying to sleep with her AB be okay now these are some traditions and there were with us now you know it's not a true story they just making up a very silly example because which kind of woman every all the sons are just dying that are marrying her and there were with us seven Breen and the first when he had married her disease and having left no issue left his wife unto his brother likewise the second third unto the seven and the last of all the and last of all the woman died also therefore in the resurrection you know why they are thinking like this because within the mythologies the world around them had that when you die you go and meet your wife in the afterlife remember there's the afterlife concept that is in all those false religions even to our friends down the north are waiting for virgins in their Paradise when when uh uh lost is your problem it will find it way into your doctrine that and what not happen to the women even in heaven there's bias even in their Paradise the women don't have many men waiting for them it's only the men you didn't think it think it the men have virgins where for them how come they not virgins in heaven how did they become virgins there but let's leave that another day for the insanity then what about the women how come they don't have men waiting for them or is only men that God wants to console for making it to the afterlife God consoles them it's a consolation now okay you're not thinking like that try and be thinking all these things so makes no sense did you get it so they said for in the resurrection uh where was that 28 therefore in the resurrection whose wife shall she be of the seven for they all had her Jesus answered and said you do a you see what he has done you know you no Bible at all you do a not knowing the scriptures nor thee for inde the they nether nor are given in but are as the for in the resurrection notice what we say for in heaven m keep that in mind because it's reservation that is there but we have remember that wrong view of the word Heaven as the last day because that's why we need to make it what they are trying to make sorry you don't understand is that not the most popular view of making it so which is not in the Bible it's just you've hardly see such phrases used heaven in that context because if Heaven is in that context then we are not in heaven now it makes no sense that we not going to be in heaven when we in heaven now for in the resurrection they neither marry or are giving in marriage but as the angels of God in heaven but as touching the resurrection of the Dead have ye not read that which was spoken unto you by God saying I am the god of Abraham the god of Isaac and the god of Jacob God is not the god of the dead but of the living so so why do you think that those people are dead that's what he's saying God is not the god of the dead but the god of the Living God is not the god of Abraham Isaac and Jacob Isaac Abraham Isaac and Jacob are not dead they alive they are just not physically present with you all right so don't speak of them in that manner like they are the dead the dead because the dead dead and L of fire so we can't call them

the Dead all right so this whole um the Matthew story has it that can't be so Matthew 22:23 to 33 looks like a contradiction AB be but notice what the text does not say the text does not say Angels cannot have sexual intercourse what he says in verse 30 but in the resurrection they neither marry nor are given in the resurrection they neither marry nor are given in marriage but as the I hope you know the context is sexual in orientation the context of my 22 because you are thinking marry marry the mated there is it sexual in orientation because it talks about who now had her to produce children H so it's not it's not wedding don't read this and your mind is always wedding it's not the wedding thank you it's not the wedding that is the view so it does there's nowh there where it says for in the resurrection they neither marry so he said they do not marry nor are given in marriage but they do not calm down don't rush stay there so he now says but are as the angels of God in heaven is it in the end of the world or Heaven is it unseen thank you but as the angels of God but they are as the angels of God so remove heaven and put spiritual word so in the spiritual word the realm of divine beings there's no need for procreation is that what he has just said because procreation is part of the embodied word it's part of the physical word it's not part of the Unseen word because all supernatural beings were mass produced God created them in companies is is not creating fresh ones next week are you following and it's not marriage that they using to increase they are population is it clear their population has been the same they are not supernatural beings do not sleep with each other to produce more supernatural beings okay let's use the lazy word Angel angels do not sleep with angels to produce more Angels there's no you and I know there's no teaching like that neither is it in any of div wrong false religious view have it as producing more no no no the best they can produce is Demi is Demi because they can't produce the same standing like them aha so it's not in the scriptures so Jesus says in the in in heaven the realm of divine beings there is no need for procreation why because procreation is part of the embodied word it is necessary to maintain physical population the supernatural world population Remains the same AB so Jesus says in like manner life in the perfected edenic word is that the Resurrection the world to come no Heaven the world to come the perfected Eden Global Zion all the Earth as Eden all the Earth are Zion come on mhm remove your brain from Heaven that hustle say I'm hustling to make it you are in heaven now so the context is showing you that in the resurrection in that time where we put on immortality and we are in that glorified world we are as God intended us to be and all the Earth is as go in the Earth to be is there a need for marriage that's what they are talking about he said no need because the population is not increasing the population will stay the same so notice what he's dealing with is it that human beings all of a sudden cannot procreate we can but there's no need for it in that word that's how supernatural beings there's no need for it so Angels do not procreate in the Unseen realm so how can they now procreate is that they have to take on human flesh can they just take on human flesh yes angels can appear as human being all right calm down you'll get it I'll will repeat it again so life in the perfected edenic World also does not require maintaining the human species by having children AB

be because we will all have an immortal resurrected body are we all going to have an immortal resurrected body we all are going to have an immortal resurrected body so there would be no need absolutely no need there's no need for sex in the reservation just as there's no need for it in the nonhuman realm is that the spirit realm there's just there's no need for it but Genesis 6 doesn't have a spiritual realm or a global Eden World context AB so the passage in Matthew will now be useless as a commentary on Genesis 6:1 to 4 because it is not a global Eden world view it is not heaven that Genesis 6:1 to 4 is on the earth that's why that emphasis when men began to multiply on the face of the earth is not an unseen real context thank you now again back to the same Matthew 22 notice the text does not say Angels cannot have sexual intercourse it says they don't because there is no need for it Abby and the context of Matthew 22 was that there's no need for it in the resurrection just like there will be no need for it too among humans is did that humans cannot procreate humans can but there's no need for it and we know that there's not going to be another real because it's just a global Eden now right now there's Heaven and Earth as it were a separation which is not God's design come on there is a fall in the that separated it God's plan was to have all the Earth and God wanted procreation but there's no need for the procreation now in the global Eden because there's already a population that God can work with because the way God intended human beings to increase on the earth is not mass production is through the bed Canal of a woman that babies will be coming out population seed from the man egg from the woman fertilize and have more children that is the order but that's not how supernatural beings increase in number they were all mass produced I'm using produce allow the word mass created all right so Genesis 6 cannot be used uh Matthew 22 cannot be used as a commentary for it because the context doesn't just follow because the resurrection there refers to the uh the resurrection after life AB the global byen where we are all that's the resurrection where we are put on immortality so in the spiritual world the realm of divine beings there's no need for procreation but procreation is a part of the embodied word so can supernatural beings be embodied can they take on human bodies can they take on human bodies can they appear as human beings in fact they can so appear as human beings that the writer of Hebrews tells us that we should in entertaining strangers Hebrews 13 be not forgetful verse two to entertain strangers for thereby some have entertained angels unaware so and that context takes you to what the Genesis 18 context where there were three beings three Divine beings that came to Abraham one is the Malak Yahweh but they are all Divine beings not of equal standing and ranking one is whom none can compare but remember the use of the word resident of the Unseen real is the word used to explain a god a supernatural being Elohim is a place of residence terminology AB be divine being so were they able to eat p in Genesis 18 they were able to tear the meat because Abraham tells his wife quickly dagger that Ram dagger that goat prepare fresh pepper soup so they even drank the pepper soup they had the plate they finish work now we know contextually that can't be bang and such we know cuz the poort has to be boiling so we know that it was that and there was pepper soup now if you

are Chinese you say it was there was tea CU Chinese cannot survive without tea they like tea too much must always be a teap pot by the side all right so any food but they prepared the meal and they ate it ABI so can supernatural being assume human flesh I think that is a very simple question with a simple answer the answer is yes they they they assume flesh a lot AB all right Genesis 19 for example Genesis 19 he he bowed himself to the face with his face towards the ground so that's not that's not a vision it's physical the Angels Came physically you know there's a difference between Vision that is not a vision I want to repeat it's not a vision it's like I'm seeing you so it's not a vision because the people of the city except all of them too are having a vision they are not having is physical just like we are all in church so I we see somebody walking in that the same way so Lord bows down to see those two angels remember the third one which is not which we explain at the Malak Yahweh in that our series on who is like unto God I don't have the time to explain who is that Malak yah go and listen to it again so that will not be lead to argument say I can't believe that this pastor just said it like that I didn't say anything now so there's something to believe all right and he said behold now my Lord turn in I pray you into your servant's house and T all night and wash your feet so he wants to wash and the way they used to wash feet they will not wash it by themselves when you entertain stranger you are the one that will wash their feet you will bring a bowl they will bring their leg you will wash it you are the one that will wash the feet so they could touch the leg M so get it to see the words he's using and you shall arise early and go on your way and they said n we will abide in the street all night and he pressed upon them greatly and and they turned in unto him and entered into his house and he made them a feast they ate again after the first food they ate again so are you seeing that they have they have embodied human flesh they have embodied human flesh we know that supernatural beings excel in power AB remember 103: 20 how I explain that text every time don't turn there but you know the text bless the Lord ye his angels that excel in that do his commandment hacking onto the voice of the world so the Angels excel in strength and I told you every time I read that text if you recall all our on angels I say exceling strength there is why they can appear as human being they can be glorious they can do wonders they can they can be Mighty they excel in strength so they have diverse abilities I've always used that word when I'm teaching you on that but keep that in mind that's why the angels in genes in Daniel story you also see the way they are relating and he pressed upon them greatly and they turned him and enter made a Fe and they did break on living red and they did eat so they ate it but before they laid down the men of the city even the men of s Compass before they laid down I don't understand were they planning to sleep so they really came as physical now you are getting the point so just like lot and his family was going to sleep they two were going to lie down too that's why we are reading so that you see that it's not possible for them to be that physical Baba is our is the reduction of the supernatural world view that affecting our minds it's very possible and before they lay down the men of the city even the men of s Compass the house round about both old and young and all the people from every quarter and they call onto Lord and

said unto them where are the men which came in to the this night bring them out unto us that we may know them remember Eve Adam knowing Eve it's not to ask questions so that we may know them it's not no it's not know them by asking question what's your name what's your full name where are you from not that and Lord went out at the door unto them and shut the door after him and said I pray you Breen do not so wickedly behold now I have two daughters which have not known man so you see the context let me I pray you bring them out unto you and do unto them as is good in your eyes only unto these men do nothing for therefore came they under the shadow of my roof as a good host and they said stand back and they said again this one fellow came into soj and he will need be a judge now we will deal worse with him than with them and they press saw upon the man even lot and came near to break the door and the men put forth their hand and pulled lot into the house they were able to pull how do you drag somebody to the house without touching them you are getting it now come on and pull them into the house AB be so they pull lot into the house and shut the door their hand they not pass through the door as supernatural being because they were not appearing is supernatural beings can only be seen as spirit being in a vision when you when they are physical like that and they can touch you that is not a vision that is just like you are interacting with people did you get it mhm and they smoke the men that were at the door of the house with blindness both small and great so that they we to find the door and the men said unto Lord hast thou here any beside son-in-law or thy sons and thy daughter or whatsoever thou has in the city bring them out of this place for we will destroy this place because the Cry of them is waxing great before the face of the Lord and the Lord has sent us to destroy it and lot went out and spake unto his son-in-law which married his daughter they're not yet married so using the word son-in-law here means that they already done introduction that means they were already being introduced that's why Lot C notice lot used the if they were married he would say that he said the women his daughters did not know any man if they are married the husband should have known them C sorry for the Lord will destroy the city and it seemed as one that mocked on his sons-in-law and when the morning arose then the angel hasten lot saying arise take thy wife and thy two daughters which are here lest thou be consumed in the iniquity of the city and while he lingered the men laid hold upon his hand they can touch hand why can't they touch chest they can touch her why can't they touch other part of the body you are thinking all right so the Bible does not give us an idea that it's impossible for them to relate physically with matter they can all right they laid Hood upon his hand and upon the hand of his wife and upon the hand of his two daughter and they brought all of them outside the city so it's clear supernatural beings can Mark chapter 1 and verse 13 the Angels Came and Minister unto Jesus hope you know Jesus is not in the Unseen real that they min Min onto after the Temptation now Matthew 4 the same context with Mark 1 AB the Angels Minister after the Temptation they ministered unto Jesus they brought food they carry take away they ministered unto him remember that so before you say it does not happen Acts 5: 19 an angel of the Lord by Night opened the prison door so the angel open

prison door acts 12 and verse 7 see that is not a and behold the angel of the Lord came unto him and the light shined in the prison and he smote Peter on his side he touched Peter by his side and raised him up was able to drag him from ground up saying I Rise up quickly and his CH fell off his ground remember this is not a vision and Peter said unto him get thyself and bind on thy Sanders and so he did and he said unto him cast thy garment about thee and follow me and he went out and followed him and wish not that it was true which was done by the angel but thought it was a vision so it was Peter that was thinking it was a vision but it was real all right so angels can open door eat food they could even wake they woke him up ab be woke Peter up so can spirits assume human flesh the whole idea of a spirit cannot assume human flesh is quite barbaric considering we are the people on the Earth that believe in the Incarnation if we believe if we believe in the Incarnation which is harder that there was no human no man sleeping with a woman and a child come out is see now a being taking on human flesh interacting with another human flesh cannot now produce can produce are you following so the whole idea does not work I mean we already have believed the most impossible thing what is believing this that is not too hard we I believe the most impossible thing called Incarnation this is even smaller in comprehension so back to our Genesis 6 so the supernatural beings sought to corrupt the seed of mankind they wanted to corrupt so that that seed of the woman would not bruise the head and Bruise the hill so what did they do they corrupted the seed of man so those falling those supernatural beings those Spirit beings that assume human flesh transgress with women and they began to teach human beings to destroy themselves and the origin of all manner of perverseness and all of those things began to be widespread so what did they produce in their coab with women they be Nephilim Giants unusual offsprings so what they give birth to could not be called normal human beings they give better to so they use the word Nephilim now back to the Genesis 6 context the Nephilim language the word Nephilim is gotten from the Hebrew word nafal and that is the challenge because the word nafal means fall so falling ones so what they have given birth to is falling not the issue with this over the years has affected the meaning because we say ne when you now compare it with Anan it will not now stand because you want to explain that just falling it is the supernatural beings that are falling not the being that they produce so the word is actually from the Aramaic word not from the Hebrew word the word Nephilim is from the Aramaic word nailia n a p h i y l a which means giant now that's more intelligent to think so they simply pluralize it by adding I am which is now where you get Nephilim not Nephilim from the Hebrew word naile to fall because the what they are mentioning here is not falling but it's called giant so you check the grammar properly you see where it's gotten from which I just did for you now so what they produced were Giants and the word Giants there nephilims so the concept of the Giants numbers 13 when they went to spy the land numbers 13 numbers 13 and verse 25 and they returned from searching of the land after 40 days remember the 12 Spies that were sent out ab and they told him and said we came onto the land with thou sentest us surely flow with milk and honey vers 27 and this is the fruit of it

nevertheless the people be strong that dwell in the land and the cities are world and very great moreover we saw the children of anak that's the sons of anak the amalaki dwell in the land of the South and the heit and the jebusite the Amorite dwell in the mountains and the canite dwell by the Sea and by the coast of Jordan and Caleb steal the people before Moses and said let us go up at once and possess it for we are well able to overcome it and the men that went up with him said we are not able we are not able to go up against the people for they are stronger than we and they brought up an evil report a contrary report of the land which they are set evil they not at morality but contrary I told you the word evil is not always moral it's not an the Hebrew word is not English remember now we thought the meaning of evil all right and they brought up an evil report of the land which they had SE evil because it was a contrary report onto the train of Israel saying the land through which we have gone to search is a land that eth up the inhabitants thereof and the people that we saw in it are men of great stature and there we saw the Giants the sons of Anar which come of the Giants and we were in our own sight as grasshoppers so we were in [Music] their did you get it you know what this meant they were saying God is not able to make us win we cannot win with God which is why it was a serious which was the whole reason why they wed the Wilderness for many years this evil report is the reason why they want that for many years in the wilderness they could not enter him because ah those sons of anak oh my God we cannot that's why it was such an evil report because they were saying these are not normal people even with God we cannot and Caleb Moses and the rest steal the people and told them we are able there has bread for us let us go up at once the people say now Li now you talk your own they are stronger than us you know what it means they are stronger than our God that's what they were saying that's why it was there needed to be a judgment on that report which they why none of them enter the promised land none of them could enter because they already said that land is not for us so all of you die now you will not enter the land since you have said the land is not for you I aen it for you the land is really not for you none of them enter the land except Joshua and Caleb so there was a serious but that's where the word giant was used there and the sons of anak were referred to as Nephilim Giants sons of anak where you not get anakims remember Deuteronomy 2 Deuteronomy chapter 3 we read those references we saw OG of Bashan thank you because of time and the the ACT hper predecessors to the mesiah the ones that take care of the Giants Moses Joshua and David so the Giants numbers 13 I did the same thing with Genesis 6 neims are quiet come on now we read this text now the sons of Anar a people great and Tall Deuteronomy 9:2 the children of the anakims whom thou knowest and of whom thou has heard how can who can stand before the children of Anar so they were really really in their rebellion and say who can stand so the same context is repeated again in Deuteronomy cl cl clar so uh let's do this our Deuteronomy narrative again for thomy 211 which also were accounted Giants as the Anarchy 21 the word giant now he uses 211 is the word refs the same context I thought they are synonyms Nephilim ref synonyms so we said that those Warrior so when they die we saw that they are who is who in hell um where

was that again Isaiah 14 remember this text verse 9 hell from Bene his move for thee to me the th come in he stth up the dead for the even all the chief ones of the earth it had raised up from their Thrones all the kings of the Nations he Stir It Up the dead and we said that word dead is the word refs he stth up the reims so who did they give birth to these entities and this is the supernatural context of the Holy Wars in the Bible not the Crusades in time in history but the Bible Holy Wars were not fought as Israel trying to possess more land because that it was not about real estate it was about the supremacy of your God which was this I've given you that context before in a different teaching that was the background so the background of the wars the Israelite fought were about the supremacy of the God Moses even Tau that in Deuteronomy 17 context so the reason why they were fighting was where to dispossess the were to deal with those Nations and to uproot the worship of Idols they were the ones called devoted onto destructions so all those utterly utterly destroy I will utterly destroy I've explained that word for you before so when you see that word utterly destroy that looks like they alter destroy man woman child it looks like genocide it was those supernatural beings that they were eliminating because they ought not to exist in the first place they are an aberation they are a perversion on the earth they all not to be so Isaiah 14 says when they are slain in battle so that's what he Isaiah 14 let's go back again in case you did not get it he St at up the chief ones of the earth so we read all those references for reim because of time asaiah 26 verse 19 thy dead men shall live together with my dead body shall they arise iwake and sing ye that dwell in dust for the due is the D of the H and the Earth shall cast out the Dead come on come on walk with me please time time is my time is my friend today did we read the references for this I told you to take note of different things when we reading those reference references for refs can you still recall okay so the Genesis Theory Rebellion the issue is the place where God dwells Eden man is kicked out of it Genesis 6 Rebellion the issue is where God dwells with man AB man come on where God dwells with man so man is longer God is longer dwelling with man he say my shall no longer strive with man because he's now evil so God walking with man corporately is affected AB Genesis 11 the place where God dwells on the earth is the issue the Earth is now being occupied by different other strange Spirit taking worship and demanding worship from the beings on the Earth which ought not to be AB so the word giant like I said is a transliteration the Nephilim language so clear clear clear so the refs are that something is illegal does not mean cannot happen AB that something is forbidden doesn't mean it cannot happen that it happens does that make it a sin yes because it's forbidden so 2 Peter 2: 4-7 and Jude 6:7 told the angels that s that crossed the boundary left their first that crossed that boundary and the what left their habitation that word habitation say what second Corinthians 5:2 for our physical body which is called a house so they have left the proper use of their appearing as human beings they violated that which I've taught you in an old teaching of how Angels become Devils is when they do marry so what they produce were these reims dead Kings dead warriors uh so when they die in battle that they become dead when they are killed in war they become that's why

they use the word reims when they are killed so those Nephilim those giants those gibirim when they are killed becomes the reims ref him and there's a lot of text for them which I've read for you Hallelujah so the Genesis 6 supernatural beings are the judgment on them the supernatural beings themselves what was their judgment according to Jude 6 they are banished to T they are in the abys a place of no return kept in Chains of Darkness did we get it now is that place in sh yes it just means the worst of worst places in sh ABI all right Jude 6 the same thing we read in second Peter 2 and verse 4 and notice the context likings Sodom and gomorra Sodom and gomorra and he uses the same word strange flesh I told you to highlight all those STS which we have just done in Genesis 6 so is there a lot of reference for those refs Nephilim anans in the Bible yes there's a lot of text so it's not a single mention NE is 5 neither is it 10 Nei is it 20 Nei is it 30 there's a lot of references for the whole context so the Angels which kept not their first estate so that's a plural Rebellion are you with me all right then the Genesis 11 Rebellion so we are saying the origins of the powers of darkness in case you are still with me which you should be the origin of the powers of darkness is what we are dealing with and we said the origin in Genesis 3 Genesis 6 and Genesis 11 so how how did the supernatural beings God create become evil and do such evil and wickedness on the earth because God created them to serve him in the spirit realm in the super so how come they rebelled against him so does their rebellion mean that they are no longer part of the supernatural World they are still part AB but their Rebellion affects their relationship with God and with mankind Abby so once we can recognize the supernatural nature of what unfolded in Genesis 3 Genesis 6 Genesis 11 we'll be able to see the framework of how the Old Testament writers taught about the Unseen Spirit world and which is what I have started doing for you ABI all right so the Genesis 36 11 see supernatural beings the Rebellion so there's a consequence there's a judgment there's a judgment for all of those rebellions there's a judgment for all of those rebellions are we good there's a judgment on all of those rebellions and that's the origin of the paths of Darkness so that's clear we have explained Genesis 11 before I don't need to go back to that uh that's also a plurality because many of the super natural beings assigned to the Nations now took worship that's also a rebellion 2 judgment say they shall die like men AB so the members of the power of Darkness the members of the god of the nation is not one verse so NE 234 you have over 200 references of gods of the nation in Genesis to Malachi alone and the apostles reference it though there be Gods many and Lords many but there is one God that we worship Ians they ref they didn't say there's nothing like God this is New Testament books they referenced it in fact Paul and Barnabas were lacking to them that they had to tear their cloth and say we are not Gods so we are men so the concept of gods is not Old Testament it was still being used in New Testament books is that okay are we good so what was the Fallout of those rebellions the first Rebellion The Fallout was death man is estranged from God AB The Fallout of the second Rebellion is where we have a little threat to our existence wickedness man wants to end himself man is about to destroy himself man's existence is about to be wiped out so there's a threat to our existence and is the

origin of depravity wickedness what made wickedness to spread greatly on the earth is not Genesis Theory what made wickedness to spread on the earth is that evil that those supernatural beings thought men to destroy them that's the wickedness the imaginations that man began to have were not normal with man so they have given man strange desires and strange passions so depravity spreads now those those spirit being those Spirit of dead Warriors will be part of the framework of the meaning of the word demons as we progress now because I give you different context of the word demons then the Babel Rebellion what is the Fallout of that Babel Rebellion the whole earth idolatry full scale idolatry AB be then God abandoning all the nations leaving them to their own faith come on on now because they said they want to worship what they want God allowing man to worship what he wants so that is what now created that distance and that is the reason for the preaching of the gospel because God wants all men to be saved AB God no supernatural beings should be worshiped so the Genesis 3 Genesis 6 Genesis 11 narrative had fall out did you get it so death is found in the order so Earth becomes the realm of there's a realm of death on the earth so there instead of creation there's a decreation instead of order there's a disorder instead of Eden there's anti Eden AB that's the Fallout of Genesis Theory the the Earth is now anti- Eden the Earth is no longer of order is now chaos AB creation is now the creation D eing creation so creation is dying it was not part of the plan that started in Genesis three come on so the Genesis 6 had his own Fallout too and you know what Satan had in mind was to corrupt the seed because if all the seed becomes corrupt then there is no seed that can bruise the head and Bruise the heel then there can be no man coming out from what man has entered all right so you put all of those rebellions together you now have the paws of Darkness so what are the paws of darkness really after we use the John narrative John uses three words in his teaching about God Life Light and love you remember remember God is light God is life God is love so if there are enemies of God powers of Darkness remember we said there are enemies they are why are they enemies of God because God has made them his enemies no they are enemies of God because they are enemies of mankind they have gone against God's order towards mankind AB so God side if God be for us so God take side God has taken side with mankind against those supernatural beings that are trying to thwart his plant they are called the power of the enemy now there are different words used to explain those supernatural beings in Genesis to Malachi there are different words used to explain them different words used to explain them so if we are dealing with with uh nature terminologies for these guys are certain words we use ABI are quiet remember when I told you the the powers of darkness in Genesis to Mali do not use the word devil is not used all true AB so if you have a new testament view of the word demon devil and you read it in Genesis you find zero reference but there's no use of the word demon at all doesn't appear in KJV in English Bible um so if Satan is opposed to God's purpose God's plan the promise of God what's the promise of God first John 2 we Tau that on what is the message and this is the promise this is the promise this is the message that he has promised us even Eternal so Satan will

be opposed to eternal life AB are quiet will be opposed to eternal life the promise so there's a promise it's what God promised the promise the message first John 1 and verse 5 this then is the message which we have heard of him and declare unto you that God is light and in him is no Darkness at all so powers of Darkness are opposed to the light opposed to the word of God ABI all right this is the message First John 3 and vers 11 for this is the message that we have heard from the beginning that we should love one another are you seeing the Life Light love context this is the message that we from that we should love one another not as king so is that already a contradiction not as king who was of that Wicked one and slew his brother and therefore slew he him because his own Works were evil and his brother righteous so powers of Darkness are opposed to the light and by saying light in this context we can use the John the word phrasing AB Life Light and love I wish you were with me all right when next we convene again did the Old Testament writs use SE creatures for the chaotic word yes did they use animals to depict the supernatural word so if they use serpent for Genesis Theory supernatural being do they still use did they use H animals to explain uh the supernatural word Jonah was swallowed by a whale and he was in the belly of the whale Jesus said used it to explain so of man also be at the belly of the earth and he said Jonah was in Hell Jonah himself in his own letter say was in hell so using Belly of the will to explain Belly of the Unseen dead unseen Darkness hell okay so are animals used to explain to depict the supernatural word is there a supernatural way of using animals job 4 and verse 10 the roing of The Lion and the voice of the fierce Lion and the teeth of the Young Lion are broken you better not be thinking of physical animal is using animals because their timeline uses animals to depict the Unseen word The Old Lion perishes for lack of prayer and the Stout lion wees are scattered abroad now a thing was secretly brought to me and to my eared a little thereof in tou from the visions of the night when this upon man job 26 and verse 13 by his Spirit he has garnished the heavens his hands had formed the Crooked serpent Lo these are parts of his ways and how little a portion is head of him but the Thunder of his power who can understand Job 38 and verse 39 will thou haunt the prey of the lion or feel the appetite of the Young Lion when they couch in their den and abide in the in the covert to lie in weight Who provided for the ravings his food when his young ones cry onto God they Wonder for lack of meat job 40 and verse 20 we're just sticking with job a bit surely the mountains bring him forth food where all the Beast of the feed play all the Beast of the feed play Beast of the feet beast of the feet beast of the field job uh 41 and verse one can thou draw out leviathon with an hook or his stong with a cord which thou letest down can thou put an hook into his nose or bore his Jaws though true with a tone so levaton is used six times in the Bible Psalm 74 Psalm 74 for God is my king of old walking salvation in the midst of the earth thou did divide the Sea by thy strength thou breakes the heads of the Dragon in the waters remember when he crossed the Red Sea say who is like unto the among the gods why is that song being sung after crossing the Red Sea because there was a supernatural opposition but they not reach who is like unto thee is that not what Miriam and Moses are singing thou did divide

the Sea by thy strength thou breakst the heads of the Dragon in the waters thou break the head of Leviathan in pieces and Geth him to be meat to the people inhabiting the Wilderness now those are symbols of Chaos in their world view but these are all words used to explain parts of Darkness thou didst cleave the fountain now the historical context is they are chaos symbols but the writers used it to now explain what what is the origin of chaos outside God's purpose God's promise God's plan is that does that bring powers of Darkness so that's why they use what Their audience know thou didst cleave the fountain and the flood thou driest up the mighty Rivers you see what he's using Psalm 91 how come you know the intelligent questions you must ask how all of a sudden does he now say thou shalt not be afraid of the terror by night nor for the arrows that fly by day nor for the Pence that WTH in darkness for the that Wast at noon day then verse 10 no evil shall Beall thee neither shall any plague come near thy dwelling for he shall give his angels charge over thee to keep thee in thy way to keep thee in all thy ways they shall bear thee up in their hands L foot against the stone that shall tread upon the lion the the Young Lion the dragon shall TR on that food how come is using words in verse 13 if there's no context where does he bring dragon lion inside if there no other writer ever used it to talk about the supernatural word makes no sense Luke 10:19 behold I give you power to trample upon Serpent and so the New Testament writer do they know that Serpent and scorpions are used for powers of the enemy quiet do they know do they know answer now yes you you you you are looking at me are looking lost be here be do they know it's you it's not your neighbor you are still looking at your neighbor is who I'm talking to answer you can read you can hear answer if they are using those words is the simple answer is just yes just follow my teaching that's what I mean is not some people make teaching look like wow what is he doing it's not magic be smart dar it's English we are speaking if the new writers are using animals for power of Darkness where did they get the idea from where are they reading from Genesis to Mal so that idea is there that's why Revelation is strange because we're not seeing animals what are all these words being used but they use it what about uh sug sugu bed Isaiah 13 they are all used to explain wild beast are all used to explain evil spirits in Old Testament books because Wilderness was the dwelling place of spirit I'm rounding of isah 13 2021 it shall never be inhabited neither shall it dwell neither shall it be dwelt in from generation to generation neither shall the Arabians pitch tent there neither shall the Shepherds make their fo there but wild beast of the desert shall lie wild beast of the field shall lie there and their houses shall be full of doleful creatures those are howling animals that those like all those um beds or prey that make frightening sounds you know there are different animals that make those kind of sounds that's what they that's dul creatures and how o w I help me with the pronunciation those of you that know how to pronounce words all right so I got it shall dwell there and the saai see the word he uses shall dance there and the wild beast of the island shall cry in their desolate houses and dve in their Pleasant places and her time is near to come and her days shall not be prolonged so there were unclean beds these are the origin of unclean spirits in Matthew to uh when they use

unclean Spirit they use unclean beds to explain supernatural beings now what are they opposed to we said life light and love they opposed to God they opposed to God's promise first Peter 5 likewise ye younger submit yourself unto the Elder verse five yeah all of you be subject one to another and be clothed with humility for God resisted the proud and he gives grace to the god resist the proud and gives Grace to who verse six humble yourself therefore under the that he may Ure casting all your for he be sober be vigilant because your adversary are you seen it notice the word is used two times like that adversary the devil remember adversary Satan is a function terminology adversary say the devil as a r walk about seeking who may devour is he one being is referring to or PW of Darkness thank you whom resist fast in the face so we are to resist steadfast so I'll give you a context powers of Darkness will come against Life Light and love life living for God will Satan be against you living for God would they be against you even being a life at all so will they affect physical health so can powers of Darkness affect physical health because it's who is alive that we serve God who is dead cannot serve God come on so they can affect living living for God physical Life Health come on What About Love would they like for us to walk in hatred would they love for human beings not to work together will they be opposed to anything of love for example opposed to generosity now do supernatural beings do they are they part and parcel of Peter and Jude teaching of false prophets so they also have teachings remember when we were teaching spiritual warfare we said ignorance Darkness knowledge Darkness can be used to explain knowledge too AB be obscurity you not having and knowing the truth you're not knowing the truth arms Satan okay so they opposed to the light so will Satan love for us to be proud is pride a self-destruct mode so he doesn't need black powder for that one remember it's not everything that they need black powder mirror and be shouting because those are less successful strategies those methods are only successful when you don't know your right and privileges in Christ but even when you know your right and privileg is in Christ you can be deceived with those trick cre so the Bible say we should put on the one more to stand against the Ws of the devil the tree so they are WS w i l s tricks we are no ignorant of Satan devices Paul says okay now the average man is made to be afraid of Satan can hurt you but where Satan can actually hurt a man is when the man is hurting himself are you getting it now we have attributed too much play to where they are using their Supernatural Powers against man that is actually many times and many many many times very unsuccessful in their campaigns because just the name of Jesus is enough just even sitting around praying people is enough for that one not to work you don't need to be praying just sing around somebody that is praying we cannot go there that in itself if he that one except the only place those ones have power is when you have ignorance and unbelief towards God's power that you believe that can harm you but if you are in the Luke 10:19 you live in Luke 10:19 behold I give unto you power to tr upon Serpent and Scorpion and over all the power of enemy and nothing so when you have that mentality that nothing can hurt you nothing can hurt you but how come Believers are H today so the Bible writers tell us not to give

place to the devil so we can and give to the devil and if Satan is smart he will attack three things which are codified Life Light and love you know he say it speaks of a lot of things they will affect life light and love I give you an example my favorite example I always use that you don't take seriously how come there's a lot of teaching against generosity hope know generosity a of the spirit once work in the spirit you don't need a Bible verse to know that there cannot be a Bible verse against working in the spirit so when a preacher becomes intelligent trying to give you scriptural reasons why you should not be generous do you need to listen listen to the Bible again that's not a Bible teaching you cannot by the spirit of God give me Bible verses that is against the spirit of interpretation I don't even need to know Bible to know that what you are teaching is wrong because it goes against this that's why I taught the me many years ago the spirit of interpretation you cannot not interpret the Bible correctly if you don't know what the Bible represents the Bible can never be against there's never a time walking in love is wrong so when I have a teaching in my head that says there's a time walking in love is not good yeah there was a wonderful teaching they say if you are a student you should not give what kind of stupid teaching is that one you just want to train you want to be popular those are all stupid teachings cuz they not in the Bible Jesus collected a boys lunch you know because poverty is not good there are actually big men that give their children they used to to buy the parents don't what the Bible teaches against is compulsory Levy imposed on widows orphans and people who can't fend for themselves you can't put a compulsory Levy and that's where tighten law is also in because of the hardness of their heart they needed to be imposed but when it's just a percentage and when it's generosity there's nothing wrong in generosity there's nothing wrong in giving because it is a stupid teaching very Antichrist that tells some persons not to give the gospel is not robbing Hood robbing the rich to give the poor that's not the gospel if that's what you think the gospel that's the gospel is a Robin Hood story where we in church We Gather rich people rich people bring us bring your money poor people you don't need to gift don't that fire all of them that that say they the poor people they all Wicked friends of Satan any poor person does not give is a devil capital letter every Christian is supposed to be a giver giving is not because you have the Bible is very loud on generosity is not because you have that's why the example for generosity in the Bible is the poor Church of maced so when we are too smart because of humanism and because of Facebook and social media to make them happy we now tell them what they want to hear that hey it's okay let's not be making poor people give but they can collect turn that fire all their head why can they collect and they cannot give I mean the teaching is all intelligent and once you start teaching like that it's intelligent but it's not in the Bible because you actually have Bible verse against all those humanism Jesus Took a boy's lunch Elijah took what the woman was going to eat last and die that's actually Bible you don't have a Bible verse that says Widow cannot give you don't have you only have a Bible verse against compulsory levies that means I'm imposing a compulsion on no no no people should give generously but when a Christian now says we are Exempted from giving generously he has already

been manipulated by the devil who doesn't not want to give to him you want people to give to you but you can't give to other persons because you but I don't have I will give really are you surviving and you are not dead the Bible doesn't support that Viewpoint no matter how Wicked you are I'm saying see I'm saying I'm using Wicked B strong language the Bible doesn't support other those wickedness because it's wickedness it's wickedness why do you want people to be given to you you let me point you and you don't want to give to people I know you give to people why it don't you see that it's wicked only you everybody when are you going to give to somebody else say no no noing for me donation for me is it a Robin Hood story when are you going to gather for other person's too are you seeing it that is not the gospel if is if that's not the gospel everybody in church in the church were to gather in Jerusalem gather their givings to send for relief in Jerusalem they didn't say only the rich should give no everybody gives but we know everybody cannot give the same amount so Paul had a special teacher and said that are rich because rich people trust in their riches say no don't trust in your but trust in the Living God so that you are given does not mean that you will now die no trust in God let your trust be in God hallelujah amen everybody so give children is not Exempted I don't think I will be angry if my child tells me he Dash the pocket money I gave him when he gets when they get to the age to be taking pocket money now say Dash it to somebody I'm going to be angry at home kind of silly father am I what am I teaching him that there's something wrong with giving no his issue if he gives his school fees he better believe God for another one because I didn't give him School Feast to give because he's the one that said he has an that's proper teaching but not to say he's not within his right to hear God's voice you should teach him enough to hear God's voice because God can tell you to do things that you don't like there's God's voice is not for your convenient is not for your if it's for your comfort God won't send us to Afghanistan if God's voice is for your comfort God's voice is for obedience God does not speak to us for our comfort he speaks to us for for his pleasure t that many years ago it's not whether I like it it's whether he like it I obey him I follow him I'm not my own Lord I don't go where I like I go where he sends me I do what he wants me to do amen that teachings against generosity we say it every time because that is part of what the part of Darkness are against nobody ever feels guilty buying buying things you see even a poor you dash a poor person and doesn't do it it's not feeling somehow but it's only when you you dip your hand into your pocket only when you want to give you start feeling somehow you start feeling like it's not fair why are they doing this we understand that there's manipulation out there but does not mean we should not see the truth this is not the ministry that manipulated you you have no commitment to your local church because I know the truth about you don't know the truth about giving you are a devil a witch or a wizard anyone put choose your nomenclature you must have commitment it's like if a man don't have commitment to his children it's like a woman don't have commitment to a member of Lo you must have commitment there you can't say I'm Exempted from giving you can't be Exempted from giving nobody's Exempted from giving because that's how the local church

meets our needs that's proper teaching you may not like it but that's how God's word is it's not for your emotions it's for your obedience for you know whether you like it or not you have to obey God's word amen there's no teaching it's sweet talk that's why I don't like all this YouTube Instagram one one minute Tik Tok 2 minutes videos we be talking is sweet they be playing keyboard in the background is sweet teach from Bible cuz if you start opening Bible we will see that all these teachings are silly maybe you want to sa fa with your husband your wife with congregation you'll be concerting doctrines that's not Bible doctrines Bible Doctrine is from the Bible not one person was ever Exempted from being generous because if one person can be Exempted from generosity then generosity is not a thing of the spirit because the Bible even teaches us that I can give and not have love so the core of generosity is sacrifice the sacri sacrifice in generosity you cannot remove just just say there's nothing like that how can how can anybody that tell you I'm me I'm telling you now be a giver nobody feel some out when you are rolling the rolling the trolley in the shopping mall to buy something you don't feel some out only in church that you feel some when you he giving you don't feel some when is you we are honoring when is you we are honoring but when you hear somebody's honoring is a pastor say what is this human worship because Satan is against human relationship because if you honor you see your pastor differently you will receive greatly from him so Satan will fight that who is your pastor it's a normal person go they think too highly there's nothing special about him actually there's something special about him in the Bible the Bible teaches us there something special about our man of God so you see what Satan will spend time in he will spend time telling you that you don't need people around you you can stay alone just be on your own you can burn on your own you can on your that on your own is a negative teaching the Bible teaches dwelling together relating one to another not foring the assembly but you you are hearing a voice that say just stay away just stay away it can't be of God any voice that telling you commit that you should know it can't be of God end your life that's already telling you that it's easy for people to hear voices PA of Darkness are real and they are all not dancing dancing yakity Yak they are all not blowing black powder and stabbing mirror daily affecting activities that's unseen forces daily a wife just wakes up and is ready to fight our husband what did your husband do just say I I feel like there's something you are doing wrong you feeling the husband wakes up and say the way you spoke to me yesterday say I said finish your food now said no the context that was finish your food that's arrogance I've been observing you for some time H before you know little year no because Satan is against relationships it's against communication it's against you it's against relationship we do everything to tear down communication we do everything against Kane kills Abel who was supposed to help him Joseph brother sent Joseph into pit and prison and Joseph was the one that to help them is always natural and normal and satanic to kill the people that God designed your way to help you because they don't need to write on their forehead that's why we must value relationships cuz some people you not treat well were the people that God was going to use to help you people God was going to use to help you Hallelujah

so if you were Satan won't you spend more time in affecting how people live life walk in love and shine as light that's why you spend more time in than be stabbing mirror that will not work the one that will work is the one you should be after the only time you have time for that stabbing mirror is if the person not know they have authority which is foundation class problem go back to the basics the believer has Authority Hallelujah h are you withar me yes sir I'm to leave for the Lord I'm to leave for the Lord immediately you say you want to live for the Lord something comes up as not happen to you sever times every time you say I want to take god seriously now something just comes up so that you will not take god seriously because that's what matters to Satan somebody I always say this why are you feeling guilty that you don't pray then pray as you are feeling guilty that you have not prayed pray now you pray you see that guilt is just a PR issue you don't want to actually pray if you want to pray you pray now that you are felt guilty for not pray you start praying say ah what a useless Christ I've never W so oh yeah follow your cat this week you going see that the issue is that is not really that that you don't want to say the truth you don't want to it's not about I don't really know how nobody brought anything from Heaven know how everybody taugh us what we are doing follow me yeah let's go together Hallelujah so Satan will oppose Life Light love so a man is in a conference learning how when he gets back he's going to finish the works of darkness if you are Satan won't you prefer to kill him you to kill him on the highway I will not finish his work it's better he dies now why they do this thing it's better cuz if he's alive it's a terror that's why when your life begins to matter and when God begins to attach people to you you don't just go anyhow you don't just do things anyhow you are led by the spirit whether you like it or not the dark places of the Earth are full of wickedness no Satan also has men sometimes they go on the highway too so agree with your adversary why on the way you'll be learning all the smart Diplomat yes yes yes say you are correct we leave bush cuz this bush we not good I agree with your on the way many missionaries have died on the highway so many how many Believers that had a Healing Ministry have been attacked with sickness yes a young child has a great future he already has an incurable sickness you think Satan is a fool he is but not the way we because I'm not going to speak well of him like he's not he's actually a fool but not like that that he will not now want to attack no now he he also he the prophecies how did he hear the prophecies because you start you started saying it to unbelievers and you that's why sometimes we say that some things you not put on social media maybe you put on social media other people say so you finally giving birth it seemed like this child you know you don't like all kind of teachings but I'm teaching I will say it to your marriage was fine until you turn to a media personality every chilling with my husband chilling with when you know I see there's a a member of my whose sister is always doing that God is going to help them so some things that are just stupid you you not be trying to say face media personalities for marriage media media marriage it's not every media married that is good though I a pastor and I counsel Pastor so I know many married people that are posting picture online every time it's not smooth like that behind don't give a walk on your home if you really learn

marriage is not so easy but you make it work that's the truth not the Bed of Roses idea that husband wife can never ever ever have issue in his life they can there was only two one already blame one it is the woman you gave me calm down any issue can two people already qu is the woman you gave me and I ate the woman say it's not me Blame Game Abby thank you so Satan will be opposed to love will be opposed to the light the light you knowing truth have Satan invested so much in ignorance does he La ignorance does he like Darkness oh he has devoted resources countless resources to ensure that people don't know because if you know you will do exploit if you know you will walk in the truth so is opposed to the light he likes when people are ignorant he likes when you don't know the truth he hates it when you are walking in love when you actually love somebody else when you can you are willing to to to be selfless he likes when he everything is all about me is all about me and me it's not all about you it's not all about you but Satan loves When It's All About Us me me and I like a baby selfish you train that's why you train children out of that silliness the world doesn't revolve around you you don't train children for your house you train children to relate to in the society you're not training them for your house the whole world is not your house so you may be okay with it but is this okay all over the world AB be train that's it life debilitating sicknesses that's why we must know how to stand against death and diseases Hallelujah it has been said and this where I'm ending I make you think that demons like dirty places really no they like clean places why would they like dirty places dirty places are dirty because of them they prefer the place that are clean because that's the one they want to make dirty it was mely you said you were no longer going to do it again that you started doing it mely you said every is always is clean places it's clean places that they like they don't like dirty places they already made dirty places dirty they are looking for how to spread dirtiness on every I mean by clean I don't mean physical clean oh physical clean Place Hallelujah the father that your life has been swept is why Satan is attracted to you so say what attracts Satan that you are walking in the light that's all that needs to attract him walk in the light means you're not part of him it does not bother with the people walking with him because those people working with him are already been destroyed they already is that's why when we enter his Camp he does not know he did not expect but we go and rescue them even snatching them from Death hitting their garments with fire which drag them out of fire drag them out of hell that's what he fears most he thought ah these ones are kept safely but we like David a Shepherd we can rescue the Sheep out of the mouth of the lion he already have it in his mouth we remove the sheep from the mouth we stand our ordination as kings priests and Prophets we are images of God and we cover the Earth with the light of the Glorious gospel I'll not be afraid not be afraid are you learning it now yes you never fear Darkness one word Darkness goes I'll never fear Darkness but I need to learn to live in the light Walk In The Light walk in love Hallelujah Satan will not like that you are in joy will not like that you are in peace he will love for you not to be in peace he will love for you not to be joyful that's why protect your joy protect your peace it will love for you to destroy yourself because you are the only one

that can destroy you because he can't he will allow you destroy you with your living so it matters how we live matters how we think matters how we understand Hallelujah lift your hands and pray in the Holy Ghost I'll cast out Devils I'll leave a life obedient to God live a life obedient to God I'll submit unto God and resist the devil live a life of submission to God submit unto God resist the devil and he will flee give no place to the devil in your life every Power Of Darkness the wild beast doleful creatures are all underneath your feet the psalmist the prophet said he will make the diviners mad so there are diviners they enchantments but they won't come near you no evil will come near your dwelling his voice activated you say it you stand your ground as a believer you mind the life that you Le
