

encounters with your power that our life not be the same again touch Us in the mighty way when as your word is start eyes of our understanding be enlightened walk in the light of our Authority in a greater measure in the name of Jesus that in this service the things that ought to be said will be said things that ought to be done will be done and let there be Mighty workings of your power amen great explosions of almightiness at the end of this meeting we all will be edified built up transformed Our Lives will never be the same again amen God bless you have your seats amen hallelujah so being on a series unseen forces understanding our Supernatural Authority 2 Corinthians chapter 11 2 Corinthians chapter 11 and we read from verse 13 for such are false Apostles this deceitful workers such are false Apostles deceitful workers deceitful workers calls them deceitful workers transforming themselves into the Apostles of Christ and not Marvel for Satan himself is transformed into an angel of Light so Satan seeks to transform himself to an angel of Light and the essence of that is to to deceive is to deceive and that word Satan in the Greek is the word satanas which is the word adversary one who opposes another in purpose or in Acts that's how te defines the word one who opposes another in purpose or act not that word Satan in the Hebrew text is used 27 times the Hebrew text of Genesis to Malachi the Old Testament books it's 27 times and the first use of the word is Numbers 22 and verse 22 Numbers 22 and verse 202 and God's anger was kindled because he went and the angel of the Lord stood in the the way for an adversary the angel of the Lord stood in the way the angel of the Lord stood in the way for an adversary against him now he was riding upon his ass and his two servants were with him the angel of the Lord stood in the way for an adversary and we said Satan is not the name of any being it is a verb it is a description it is a function terminology it is used to refer to being but there is no particular uh entity that is named s a t a n and that's not some deep anything NE because the word is just a function technology because we saw the angel of the Lord standing for an adversary and the word for an adversary move the word adversary and put the word that you don't like the angel of the Lord stood in the way for a Satan against him you see when you remove the word adversary the Ang of stood for a Satan against him because the word Satan is a verb a description a description of an adversary one who with stands so the same numbers 22 look at verse 32 and the angel of the Lord said unto him wherefore hast thou smitten thy eyes behold this three times behold I went out to withstand thee are you seeing it the word withstand there's the word Satan that's Satan is a Hebrew word so I went out to withstand I went out to be a Satan to withstand thee because thy way is perverse before me and that's why we must read Old Testament text and not throw away those text because Lord cannot stand as a Satan against me all right now noil say no it can never 1 Samuel 29 and verse 4 this is used for human beings fighting and the prince of the Philistines were rought with him and the princes of the Philistines said unto him make this fellow return that he may go again to his place which thou has appointed him and let him not go down with us to battle that they're talking about David because he had fled to the Philistines Camp we're going to fight for King Ashish Les in battle he be an adversary for us because they know David has

been killing them since now David has decamped and say he wants to be for the philis they say ah Les we are in battle they now turn and become a Satan against us we are finished for where we should he reconcile himself unto his master should it not be with the heads of this men you get that military strategy that means since his a been pursuing him that's why he ran from is he can just be cutting off our head and his gu will not reconcile with your guy and say I've killed your enemies for you I can come back home now now they say ah you will not follow us you will just stay we'll fight this fight without you so they were saying David was going to be a Satan hope you know David is he a Satan okay 2 Samuel 19:22 and David said on said what have I to do with you ye sons of zerah that you should this day be Satan unto me adversaries unto me shall there any man be put to death This Day in Israel for do do not I know that I am this day King over Israel so zerah that's the father his children are abishai joab asahel they were all in David's military so it says sons of zah because they were abishai joab and and joab was um David's Amar because they wanted to take the head of shim for laying causes on David when David was fleeing from Absalon so there was a man that was laying curses on David that oo shame on you if you are really strong if youed of God why are you running for your life as mockery now of course he did die later he did die later when David was dying David now brought out one piece of paper and gave his son Solomon and said these are the list of people that you must kill all right and his name was in that list so but that's coming back say no no no no need for that one today so the word adversary is used in First Kings 11 for the Lord St up an adversary onto Solomon adversary adversary so you can already see that the use of the word Satan is a description now when it is used to explain an entity what you should have in your mind is what the entity is doing are you following because there's no supernatural being that God named Satan are you there's no Supernatural that God named devil it is the activities that they have begun to do because the adversary to Adam and Eve in the garden was that serpent AB was that the serpent now that serpent happened I think I should um look at Psalm 109 and verse four read down they compassed me about also with words of hatred and fought against me without a cause for my love they are my adversaries but I give myself unto prayer they are my Satan talking about Wicked people that came against him and they have rewarded me evil for good and hatred for my love set thou a wicked man over him and let Satan stand at his right hand there is no Satan is a function let an adversary stand at that person's right hand when he shall be judge let him be condemned and let his prayer become sin so let his days be few and let another take his office so it's just the use of the word Satan just like Jesus used it when talking to um Peter in Matthew 16 and vers 23 Peter has just said thou are the Christ later Peter says you will not die oh you will not die go for be B verse 22 Matthew 16:22 then Peter took him and began to rebuke him saying be far from thee Lord this shall not be unto thee and he turned and said unto Peter get the behind me Satan Peter is not Satan it tells Peter get the behind me Satan Peter was not possessed either but what Peter is doing Peter is resisting Peter is adversaria to Jesus with his actions with his words are you following so get behind me

Satan for Thou Art an offense unto me for thou seest not the things that be of God but those that be of men Hallelujah so you see the words he uses there now in Revelations chap 12 names the serpent in Genesis Chapter 3 The Revelations chapter 12 speaks about the BET of the messiah that's the context so it's not a pre-creation story that is been mentioned here Revelation 12:9 and the Great Dragon was cast out that old serpent called the devil and Satan you see that old serpent called the word called is the word referred to recognized that old serpent that is recognized now as what Satan as an opposition as an opponent as an adversary and as a deceiver as he starts with that deceiver because he wants to name it properly Genesis 3 was deceived but the deceiving was as a Satan both are fun theolog so it says called The Deceiver the one who uses words to sway and Satan which deceived the whole world he was cast out into the Earth and his angels were cast out with him he Angel so Satan has a group of people walking with him Satan has a group of people walking with him we know and we said we can refer to all of them as what Paths of Darkness remember that Paths of Darkness Paths of Darkness Matthew 25:41 shows that there's a company again then shall he say also unto them on the left hand depart from me ye Cur unto Everlasting fire prepared for the devil and his angels so the devil and his angels are you follow the devil and his angels so there's a community of supernatural beings that are dead devils and we said how do you know which one yeah is the devil because a devil is a function technology so the Bible doesn't name the names of all the supernatural beings in Rebellion because the Genesis Theory guy is just one come on we did all of this that's why we're taking our time running so that because you you are making that one guy too powerful which is very foolish to to even do because only one supernatural being cannot be opposing the whole world AB makes no sense there are too many people because he's not omes he can't be with you you you you you so I had to show you the origin that Genesis theory was one guy now we know supernatural beings do have beings working with them but in that case there was nobody it was simply referred to as the serpent the serpent the serpent was not a community of course because he plunges the word Into Darkness he has a great name that's why principalities are called name Ephesians CH 1 if you are looking at me like you've not been in church for a long time you backsliding or what look shocked like what's that is that a Bible word Ephesians 1: 20:21 which he WR in Christ when he raised him from the dead and set him at his own right hand in the Heavenly place he far above what far above all principality power might and Dominion every name that is named not only in this world but also in that which is to come so you see a classification of supernatural beings they are called name we know principality and power but it says might and dominion and he also calls them name is that your own after Ephesians you have Philippians Philippians chapter 2 verse 9 and 10 wherefore God also has highly exalted him and has given him a name which is above every name say I have the name of Jesus I'm in the name of Jesus I'm born of the name I'm born of the name I walk with the name I walk with the name I live in the name I in the I am of the name I am off the name I am from

the name I am from the name that is my name that is my name all right the so named as I said they will be named with the name of the Lord now you have been named with the name of the Lord you are his child that's a that's your name my children answer my name you answer the name of God hallelujah amen amen that at the name Jesus you don't even have to mention it at the authority the status the office the accomplishment of Jesus every knee should bow of things in heaven things in the earth and things under the Earth and that every tongue should confess that Jesus Christ is Lord to the glory of God the father so I have authority in heaven on Earth and under the I have authority say I have authority I have authority all right I have Authority have Authority have authority so the use of the the word Devils we said that when we the use of the word devil demons will take us into studying two folds AB we put it in two fotes that there would be supernatural beings then there will now be supernatural beings which we know as Angels which is also a function terminology because even God calls himself an angel human beings are called Angels because a messenger it's just the word messenger it's a function AB now Spirit which why we use the word supernatural beings Spirit beings Spirit beings that God created rebelled against him just as mankind rebelled against him so there was a rebellion in heaven and on Earth ab and is always found together because the the the activities in this world revolves around man man have such centrlicity there is no entrance into this world except true man so Heaven and Earth comes together through the vessel the being called Humanity Heaven is not a planet if you're new yet please don't have crazy thought Heaven is not the afterlife destination that's not a Bible use that's a dictionary meaning of heaven but not in the Bible Heaven is the unseen word and that unseen word is is explained with different with eight phrases in Genesis to Revelation and we have run through those eight phrases that can explain the use of the word Heaven AB when you type the word real of the spirit in the Bible you see Zero reference because the realm of the spirit in the Bible is the word Heaven God is set to be in heaven supernatural beings are said to be in heaven we are seated in heaven are you following it's a short form of calling supernatural beings because Heavenly Host Heavenly beings they just called heaven and that's why they put as Heavens not physical Heaven praising God as silly are you following so we have explained all of that I call heaven and to Bear record is no Cloud to Bear record I call Spirit and flesh to Bear record I cause spirit and flesh to Bear record and we said that we are surrounded by so great a cloud of witnesses and we said the use of the word surrounded is the word a part of we are not just surrounded by a great cloud of witness we are now a part of that cloud of witnesses made up of what the family in heaven and the family on Earth because upon his Ascension he led captivity captive and gave gifts unto Men He that theed up Hallelujah so Jesus has ascended with the sins of old amen and is in heaven in the presence of God for us he's there for us we are here as him Divine Oneness ab and that there and here is not a distance but sin and unseen is covered hallelujah amen hallelujah so the man Christ Jesus ascended into heaven is a Clear Proof if if you are never sure because of our Humanity because of our we see our physical body is the man Christ

sended up into heaven shows you that a man can be in heaven and and that's not a planet are you following because that's God's destination for man that's what God intended man to sit to operate from that on high position the size of the Lord man sits in the Mount of assembly we are in Zion AB Hebrews 12 we have come onto Zion the city of the Living God to an innumerable company of Angels Heavenly Jerusalem is what is called we are in Zion so the new Heaven and the new Earth place or people people AB because it's still the same Earth so the new Heaven and the new Earth because the old Heaven and the new old Earth will pass away the old Heaven of supernatural beings in rebellion and the old Earth of old men that are not born again not old not day it's not those ones the old man sinful men so spirits and flesh that are in Rebellion that have opposed God that do not believe that are wicked will all be removed from the earth which is the same example Jesus used in the four gospel when he say Earth will pass away with my word and what it was referring to was the tabernacle the temple that Solomon buil this will be no more this will be no more is the same context with all the prophets of old talking about the new Heaven and a new Earth and we that's why he saw Heaven the bride coming down when you read the Revelation you see that that bride that City coming down is the church it says the bride the bride bride as the church the church is the people so we refer to as Heavenly people too Hallelujah we referred to as Heavenly people too amen are you amen so we said the use of the word devil Satan look at First Peter chapter 5 1 Peter chapter 5 and we read from verse five likewise ye younger submit yourself unto the other ye all of you be subject one to another and cled with humility for God resist the proud and gives grace to the humble God resists the proud and give grace to the humble he resists the proud and he gives grace to the humble humble yourself therefore under the mighty hand of God that he may exalt you in due time casting all your cares upon Him for he carth for you be sober be vigilant be sober be vigilant because your adversary are you seeing the word now you see it your adversary your Satan the devil as aing lion W about seeking who may devour is it one guy that is working a b a divor or he's using to speak about the fact that there is powers of Darkness the expression is not singular be all right so why does he personalize it why does he make it singular in his expression because you can group the whole part of Darkness one we are there's one realm one one one sphere that is against us one R and we can call it one devil and that makes up all the powers of Darkness are you with me there's one enemy we can sum it all up into one those are summation language because he's not expecting that you do not know is the same Paul that wrote Ephesians Colossians that gave a least of supernatural beings I be so it can't be only one so it's a very lazy use of text like that now what you read just now in um let's see how James puts this James 4 James 4: 6 and 7 but he giveth more grace wherefore he said God resist the proud now if you know what that means god resist the proud God is an adversary to the proud exactly as we read Genesis to Malachi text God is an adversary to the proud but giveth Grace unto the humble so when a man is proud is in resistance to God he will find that God is not walking with him as he should because now he's in opposition to God submit yourself therefore to

God resist the devil and he will flee resist the devil so it changes the word resist which is the word to withstand to oppose so we should stand against the devil and he will flee from you are you following and it will flee from you and he will flee from you now this word again I want to repeat in no way is singular when he uses now that same word is used in first Timothy 3 verse 11 that word devil look at it in first 3:1 and there's no devil there I know you already wondering even so must their wives be grave not slanderers slanderers is the word devil not diabolos you see put a slanderous sober faithful in all things talking about the wife or woman should be grave that's the word honest or honesty that shows that one is Honorable so that says grave so sincere but honorable so be honorable in a sincere and a honest Manner and not a slanderer not somebody that is always accusative instead be sober faithful in all things so that's the word slander are there it's the same word used for false accusers and it's the single that devil you have been seen as singular but it's a plural word because it's a function the same way old test use the word adversaries adversary all of them are called Satan because like I said is a function are you following is the word in uh 2 Timothy 3:3 for false accusers without natural affection truth Breakers false accusers the same thing in Titus 2:3 false accusers in those two references false accusers notice that there's s so don't have a personal why he why does he now use those expression like that now the grammar is because you are person you are one person that Satan is coming against that's why he's putting it in a singular expression he doesn't think that that we are dull and we shouldn't make him feel like we are because we are not maybe if you want to be you can talk for yourself but I will not drain you in that category AB be because it w make sense because there's a lot of texts that use a lot of plurality Paul could not have lost his brain all of a sudden to forget that there's a whole entity of Darkness are quiet it can't couldn't have lost his bread so why is he using devil Satan a singular tense because it's a function I repeat it again is a function terminology he doesn't know look at um doesn't know we have an issue First Corinthians 10 verse 20 so that you see Paul put s the S is not Paul is translation but just read it first Corinthians 10:20 and I said that the things which the Gentile sacrifice sacrifice to Devils is there s in your own to Devils to devils and not to God and I would not that he should have fellowship with are you seeing s the next verse you cannot drink the cup of the Lord and the cup of you cannot be partaker of the Lord's table and the table of First Timothy 4:1 the spirit that the latter time depart from the F giv he to seding Spirit even doctrines of devils there's s doctrines of devils devils so it's a function terminology and also the use of the word shows a separation because many supernatural beings cannot be after only you you are important but it's a waste of resources if only you 50 50 supernatural beings after I mean the entities the falling guys by you know how many people are on the yet are you following so again go back to that our two expression we said that there are they are still referred to as Angel only that they are rebellious ones falling ones and there's a plurality to them because the guys in the guy in Genesis 3 the guys in Genesis 6 the guys in Genesis 11 that makes up a whole lot that's why principalities and parts AB be so quite a lot of entities there and we saw the use of the word

devil and his angels now we said the use of the word demon which is uh in your KJV is the word Devils also is the word Dion d a i m o n then the word possessed with devil damonia showing that someone is under the influence of devils used to explain evil spirits it looks like possession possession and we explain it in two form that you notice that there is the entities that have bodies and they are the entities that look like they don't have bodies they always after people's bodies always wanting to to possess be found working in and we said the supernatural being do not internalize you don't need to enter inside of you it is the other guys that enter inside are you following now we're going to explore this more and I don't want to delve so much into it because I've tried a bit even though I said I was not going to go so deep into it because we're going to teach it in the Ember month and um the whole Deon stuff so we exp explore it a bit deeper so pause what you know so far but there are the spirits from Genesis chapter 6 that that seek to be inside not the supernatural beings but that Nephilim reim anakim concept makes up those spirits that is called unclean Spirit evil spirit Wicked spirit all of those forms that are seeking to have a body they seeking to oppress her har and all of those other things that we see and we said that the New Testament writers using the word demon to explain these two entities is because of the crossover from Malachi to Matthew and we said that's the easy way to explain it but we want to use the proper word second temple period want to use the easiest word that we get is the inter testamental period now if you have good Bibles if you look at the introductions in your good Bibles that have special abbreviations you see the something they will give you uh if you have Center reference Bible you see there's something called aagum t a r g m the ancient Aramaic interpretation of the Old Testament now there there were many tags t a r g u m is always in good Bibles that have um good Bibles not 100 Bible you you can buy a good phone but you can't buy good Bible shows a lot about your life so I will repeat it again shows a lot about your life if you like clothes so much but you don't care about knowledge it's a problem because knowledge actually can bring but not Bible for money not not serving God because of things so the use of the word um I'm just trying to show you that I not invented that's why I wanted you to see if you have good Bibles you see it in your Bibles so there are something called Tums and I told you that they had interpretation of words remember the teaching I showed you that words crossed over what's the best word we can use so there were interpretations so these translators saw the words that they used to cross over Old Testament words because old written in Hebrew the arama was spoken in the timeline time Jesus work the Aramaic was being spoken a lot because they had the Aramaic language is the language of like five countries just plus Israel itself all around each other there they all spoke arama like a common tongue but the Israelite themselves they are they are mother tongue is Hebrew so Jesus himself even spoke AR many of those by interpretation means this tal you see many of all those Aramaic Expressions those are not Hebrew words Aramaic words AB are quite a lot of them Jesus spoke arama every average man on that part of the earth at at that time spoke aric so it was a common language because that's how you could communicate to the samarians the syrians the

people all around that was the only way you have to speak the common tongue and everybody knew the common tongue just like English has become a common tongue yet you have your be IBO and all of these other languages you have them so the tag rooms were interpretations of the Old Testament and they were quite a lot of them so they found okay so you have Hebrew then you Matthew to Revelation the Greek language because the Rome was in power the Roman Empire be Caesar that's why seeing Caesar in the Bible I mean the Bible is an intelligent book you may not want to because the whole idea of a book falling from Heaven is quite stupid I will not take that seriously I mean a book falling from Heaven is not what I B and it's typed I mean sometimes we shouldn't mock our education a book falling from heaven let other religions make their book like that but the Bible doesn't speak of itself in that order men wrote as they were inspired AB be it's men that wrote it it's not God that God does not Inspire himself God inspired men to write and the writing was they were teaching the people the word of God now those things are what Jesus quoted uh Jesus quoted a 40 personalities from Genesis to Malachi so that means and he called Old Testament books that were already in the timeline of Jesus Jesus had the Old Testament books and he called them Authority the scripture cannot be broken John chapter 10 have not read in the law he never says something that they are saying there is not correct no he read from there are you following now the apostles letters with authority because Jesus made them such Authority the church is built upon their foundation without them Jesus left no material thing on this Earth he only left men Jesus assets on the earth were men he left 12 men and those 12 men make up what we now know as New Testament books because it's their influence their Authority that endorses what other men even wrote plus what they wrote themselves Hallelujah so the use of the word demon like we said you don't find it so much in Genesis to Mali is not used at all does not mean that there's no demon remember what it means so I opened it up that day I gave a lot of explanations which if you are uh wondering was that I said it several times that day I had to read interpretations for you meanings said something so that you could take note of what I'm saying that that's where you see the difference that's why when you type demon you don't see ref not does it mean that those beings were not in Genesis to Mali so I think it's quite easy when you type demons New Testament books you will see lot of references so we have that idea that there was no devil disturbing them in Old Testament book until Jesus came out but no now Jesus revealed the activities of Satan not people did not know there was a Satan people know there was a Satan people know there were Paws Of Darkness but there were different words they used for it primary work of Jesus was to separate what God is doing from what Satan is doing that's how Jesus exposed the devilish kingom not that Jesus is the person that made us know that there is demons there have always been demons are you amen so we have authority over all the powers of Darkness now there are four expressions in Genesis toal and I'm going to use that particularly because that's where we have a lot of stories and we have lot of applications and in New Testament writers quoted the Old Testament books hope you know they said

none other things than those things which Moses in the law and the prophets did say the law and the prophets the law and the prophets was that what Paul taught from you are not sure is it the scriptures yes sir thank you T from the prophets is that reference asked um 26 and verse 22 having therefore obtained help of God I continue until this day witnessing both to small and to great seeing none other things than those things which the which the prophet and Moses did say she come Paul said he said none other things so what was Paul's Bible Genesis to all right so are we going to throw away those experiences there and say Old Testament I've told you Old Testament is not books Old Testament is Covenant agreement which can be found inside a book not the whole lazy Grace Revolution a Grace movement preaching of Old Testament is Gen is not Genesis it's Exodus to all of it now still just being silly there's nothing like that just excited preaching we allow it we can we can we will not fight the people that say it however it doesn't just make any sense Old Testament is not books of the Bible neither is New Testament MTH to Revelation Old Testament New Testament when you read Hebrews chapter 8 it tells you that the New Testament is older than the Old Testament that the word old is to explain that that Covenant is now obsolete in that he sayth Hebrews 8 the last two verses of Hebrews 8 you have a Bible in that he said is quoting Jeremiah that Jeremiah when Jeremiah said an old Covenant in that Jeremiah said an old Covenant he had made the first absolute so Jeremiah was the first so use the word old Covenant and it was it was not in the supposed Old Testament many of this call Testament today are all quotes from David so that is a very lazy are excited preaching just makes the Bible very have a lazy approach to scriptures because you are trying to throw away some portion of the Bible and accept some portions no scriptures should be rightly divided thank you Hallelujah so that you don't know what it means does not mean it does not have mean meaning all right so we use four Expressions there are beings associated with the realm of the Dead do we have authority over Heaven Earth and under the Earth are there beings associated with the realm of the dead yes sir come on are there beings associated with the realm of the dead and I give you a list of beings associated with the realm of the Dead some of you are looking surprised real of okay because I not say she okay beings I don't know why we get lazy all of a sudden beings not be e a n a so you have sense now maybe funny but it's silly that funny that idea of putting that in your mind will not follow now entities AB be in so supernatural beings I'm just trying to remove the word Supernatural as I just said beings with um entities associated with the realm of the Dead are there entities associated with the realm of the dead yes and we have authority over them and we said um do we have authority over spirits that be that can be contacted via a medium I give you four can I see I give you five classifications of people in occupants of sh beings in sh beings as ass with the realm of the Dead reims AB reims which were when they were alive were dead Kings dead tyrants bullies AB product of Supernatural reproduction Giants Abby The Serpent of Genesis the is in Hell Isaiah 149 tells us is in Hell Genesis 314 said is cast to the Earth with the Earth there dust of the earth AB remember that now we read those text then we said Wicked

people I in Hell the Watchers of Genesis 6 supernatural beings of Genesis 6 I in hell abast
tarus that's then Spirits we use the word Spirit of which I give you uh six words for spirit I
gave you OB OB and we said an OB is a spirit that can be contacted by a medium and we
saw that's the word familiar spirit in the Bible and I said the word familiar spirit is not a
human being is a spirit a spirit ABI okay you remember so a spirit that can be contacted via
a medium and we said there's a um another word for Spirit y y i d d e o n i a spirit that has
knowledge be what beyond what a human has so now those two are majorly attached to
the practice of necromancy and the Bible records and is an is an abominable practice it's
illegal is wrong why because God wants to be the sole source of our knowledge not
because he manipulative but because those other information can put you in trouble I
mean there are some Christians who are so so dull that they take what mad person says in
the name of spirit are you that idiotic that a mad person on the road tells you something
you say ah M people normally they say what correct are you that desperate for prophetic
utterances that you sell your life in such a silly manner no now because that's the kind of
spirit that operates through them too a knowing Spirit same that they know something
doesn't make it exact many years ago there was a lady like that who said anything I say
used to come to pass I then she said something that was going to come to pass in my life
he didn't come to pass she said ah this is the first time I said it's not the first time you have
just been me meeting ignorant and dull Believers what you say not come to pass you
believe in what you are saying but I have more Authority than all the things inside of you
that make you think that everything you say can come to pass it is by my mercies that you
are alive cuz I could have killed you that day when you you said that rubbish I could have
said so or so shall it be onto you because you what I see used to come to pass for people I
could have said on your head so she was shocked says by my meres that you are not
consumed Rejoice know at his meres we are not concern I used to use Old King James to
talk those things say every time I see something about I just saw something about my
auntie it came to I saw something about when I marri my my sister it came to part I used to
see I saw this the house burnt that I saw everything I used to see when I Clos my used to
come to pass they now saw for me to now come to pass water don't flow from under now
yeah no now it's me that we say it will come to pass in your life it's a shout of a king in my
life I'm not like those other people that can be the V can PL balam saw them and say no
this there is no divination against Jacob there I'm I'm I understand what righteousness
means I know that my sins are forgiven there's no divination against Jacob no enchantment
see those kind of words you have not seen it numbers okay let's read it some of you ah so
wonderful look like you have not seen some Bible verses before are you there I'm going to
read uh more than one and he took up his Parable and said 18 rise balac and yeah hacking
unto me the Son of zipo God is not a man that he should lie neither the son of man that he
should repent had he said shall he not do it or had he spoken and shall he not make it good
behold I have received commandment to bless and he had blessed and I cannot reverse it
he has not behead iniquity in Jacob hope you know they were committing sin so this is the

mer grace of God is why you must understand that the reason why you are shielded is because your sins are forgiven for his name's sake because of the blood of Jesus not because of your conduct that evil one touched you not once you begin to work based on your performance working on like eggshells he has not beheld iniquity in Jacob neither has he seen perverseness in Israel the Lord his God is with him and the shout of a king is among them God brought them out of Egypt he had as it were the strength of a unicorn you see mentioning using creatures AB strength of an unicorn surely there is no enchantment against Jacob neither is there any divination against Israel according to this time it shall be said of Jacob and of Israel what God had wrought no divination so divination enchantment when you read those uh uh which we'll get to soon the divine people who mediums we what we cognitive doctors some people use the word Wich Wizard and I told you to be careful with that use of the word um because the word which wizard in origin is not the person but actually the spirit that is being referred to but of course over time it's also used to explain to used to explain the human being that is the witch or the wizard because they make it male female version but in not just in the Bible in the Bible a male is also called a witch it's not which is not a it's not a feminine word just like Prophet male prophetes female those things are unnecessary Prophet is male and female there are more functions than their their their names so and obon we saw Leviticus 19 AB 31 we saw those references now there is so those two are involved more with the practice of necromancy where did those spirits come from we will delve into that when later in the year where we teach on demonology properly but these are things that are in the Old Testament books and is summarized in New Testament books as demons so so there's a breakdown of demons a breakdown that I'm giving you here New Testament just caus every everything demons Old Testament separated because that is where they got the teachings from and because the the the tags the the interpretations of many of those Old Testament words have been summarized like this for people to get it that they are all Devils all right so the word OB OB and the word Yoni Deuteronomy 18: 9-14 least abominable practices one who inquires of a spirit or a knowing one that's omy 1811 so we read those references long time back familiar Spirit or a wizard The Wizard there is the word heon are you following all right and we said that that word itself is used for a spirit so why is he used for the wizard metonymy meton is where use one noun for another noun just like it says quench not the spirit you know you can't quench the spirit you can only quench the activities of the spirit the spirit of a prophet to the prophet the spirit of a prophet are subject not is the spirit of prop are subject the spirit the spirit there is it the Holy Spirit or the spirituals the things of the spirit the Holy Spirit cannot be to you now you have to be mad or possessed or something the Holy Spirit can't be subject to you you if you are not born again now that means you are part of the rebellious people that speaks down on the Lord the Lord is not subject to you you are subject to the Lord all right so it's the spirituals so just like Jesus said begin at Moses and all the prophet is he Moses as a human being or the writings of Moses that's mety so that's the same word wizard is a meton there so they are using it because it is the

wizard there is a metonym for that's why English can be very horrible when you use the word you is not used to explain a wizard is a knowing one a knowing Spirit that's the same reason why false prophets people who have consulted native doctors get to know know something that can happen say let's watch it in the mirror please don't don't like it don't be wild over nonsense you have word of knowledge you can know things so you don't need a mirror you don't need blood you don't need feather you don't need chalk you are not deaf you are not blind after you attend a good local church you get to know that you have abilities and you can see and know things you don't need like wow shouldn't wow you because you have a greater reality than that dirty dirty things there are you here and Isaiah 8 and verse 18 behold I am the children whom the Lord has given me are for signs and for wonders in Israel from The Lord of hosts which dwells in Mount Zion and when they shall say unto you seek unto them unto them unto them that have that have familiar spirits are you seeing is not used for the entity that have familiar spirit and wizards that peep that peep why does he use the word peep the context is set in the super in the ancient word the peep word there have you ever seen ravings being used to send message that's the context of using ravings to send message so that peep like beads that are hanging somewhere they will fly passing message aha that the same way the Lord says be careful what you say let an angel take it you know sometime we think our conversations are as private as they are they are not really as private like that there are some conversations you have had a brother I mentioned some conversations he had had a secret that I picked why did the Lord want me to know that so that I would know how to deal with the individual because individual heart was not right towards me so I heard when he was saying to himself I heard it exact phrase I was talking to a lady and I said to look at what is this not the exact phrase I left my life conversations are not as private especially because it can in the place of prayer you will hear it like you hear Divine conversation the same way you hear what God is doing that's the same way you hear Divine conversations you will hear it it will come to you that's why I said be careful what you say let the best of the angels take it and tell him and when they shall say unto you seek unto them that have familiar unto wizard that Peep and that M should not the people seek unto their God for the to the dead ecclesiastes 10 and verse 20 so that you see that context set in the Cur not the king know not in thy thought Cur not the rich in thy bed chamber for a bed of the air shall carry the voice and that which had wings shall tell the matter are you seeing it bed will tell the matter bed bed of the air why is he remember we use natural things to explain Supernatural things he's using bed of the air hope you know the bed of the air there is not literal bed just like because in that ancient word there was no Twitter X there was no WhatsApp say send me on Whatsapp you you send messages through beds oh come on walk with me we are smart people now you've seen that even if you don't know you don't read history book you seen the old movies uh so they use beds to send messages and you train your bed so your bed will not go and meet somebody else your bed will bring your message to you all right it will always fly to come and meet you right and they use ravings many times for those things that's what is calling bed of the air

bed of the air now is that Supernatural so animals were used to explain Supernatural so uh supernatural beings a serpent is called Hap is an animal but it's a supernatural being be all right um let me give you obon Elohim those are all words for Spirit AB it's because of time I need to rush I give you a breakdown who Explore More on that another time um something I'm looking for in my notes all right I think that's where I even ended last week Wednesday that's where I ended I said animals were used to depict the supernatural word come on come on come on we have power to tread upon serpents and scorpions is it literal Serpent and scorpions that is referring to no because he say and over all the power of the enemy and nothing shall by any means hurt you so powers of darkness is what is referring to is that not so powers of darkness is what is referring to Psalm 91 the famous Psalm 91 that we quote for our Authority in Christ Jesus Psalm 91 and verse let's read from verse one he that in the secret place of the most high shall abide under the shadow of the Almighty I will say of the Lord refuge and Fortress my God in whom will I trust surely he shall deliver me from the snail of the Fowler From The Snare of the Fowler Wicked projections AB somebody who say trap and from the noome pestilence he shall cover thee with his feather are you see he's using feather bed and under his wing shall thou trust using those are metaphors of course he believes we have sense God is not a bed now get it now just like the because you have to use something seen to explain something unseen okay his truth shall be thy shield and thy blood CL thou shall not be afraid for the terror by night nor for the arrows that fly by day now for the pestilence that walketh in darkness the pestilence because the dear of the Old Testament was seen as a supernatural entity that works in darkness will get there not for the destruction that wasted at noon day a, shall fall at thy side 10,000 at thy right hand shall not come n the only with th sh thou behold and see the reward of the wicked because thou has made the Lord which is thy Refuge the most high there shall no evil be thee neither shall any plague Come N thy dwelling for he shall give his angels charge over thee to keep thee in all thy ways they shall bear thee up in their hands lest thou Dash thy foot against verse 13 1 2 Go now you know humanly is impossible your leg is too small to trample a dragon I will your leg be able to Dragon will fly with your leg on top now some of you think you are hearing but you're not hearing me calm down breathing I don't know why you are tense I mean I'm not talking about power Supernatural power of God your leg is too small physically I mean I'm not saying have you not seen the size of your leg yes on top of a dragon and you are and you are treading it you know that that's impossible now some people are not getting it I try this side this people are in the realm of their Spirit your leg on top of a I hope you have seen dragon in movies your leg on top you are treading it or it will tread you I know now it cannot be physical leg now so you can tell that the words there if you take it literally it won't make sense it can't be speaking literally just like he says trample upon so why does he use feet because that is a of authority so when I say I trample that mean I exercise Authority and here it's not Animal Kingdom because you have not gone to zoo to go and put leg on Lion we have lonu you have not gone there to put leg on top okay thou shall tread upon the lion

and the Young Lion and the dragon shall thou trample under so what are you going to tread upon the lion and the the Young Li and the dragon shall that trample on that foot again I ask what are you trampling on that foot Lions other young lions or P of Darkness of okay Psalm 74 Psalm 74 learning something from verse 12 for God is my king of old walking salvation in the midst of the earth thou didst divide the Sea by thy strength thou br break the heads of the Dragon in the waters thou breakes the heads of levian in pieces and givest him to be meat to the people inhabiting the withness not to eat as food oh H there's bread for us that means we overcame them thou did deliver the fountain and the flood thou driest up the mighty Rivers see that is dealing with Wicked 1920 oh deliver not the soul oh deliver not the soul of th Dove unto the multitude of the wicked forget not the congregation of the poor forever have respect unto the Covenant for the dark places of the Earth are full of the habitations of Cruelty the dark places of the earth so is he using sea creatures for the chaotic word animals again deputing the supernatural word sir come on Sir so we'll keep reading it backward Psalm 22 before we get to Psalm Psalm 22 at least you know the psalm 22 is the passion week of Jesus on the cross the passion week that led to the Cross so Psalm 22 from G of geiman is what we talking about so G Gman to the to um the chief priest the high priest to pilate then to the Cross Abby you have the references in Psalm 22 Psalm 22 verse 12 many bus have compassed me strong bus of Bashan have beset me there were no bus of Bashan around David neither was there around Jesus no physical bull of Bashan they gaped upon me with their mouth as a raving and a ring lion a bull is not a lion so you see he using Supernatural using animals I am poured out like water and all my bones are out of joint my heart is like Wax it melted in the midst of my bers my strength is dried up like a p shed and my tongue cleaved by jaws and thou has brought me onto the dust of death for dust of death remember dust of death first used in Genesis three I told you that's the because was going to go down to sh brought me to the dust of dead for dogs have compassed me AB dogs dogs were around Jesus in Matthew 22 dogs were around Jesus in Matthew 26 in Luke 22 sorry no now it was dogs used for the Assembly of the wicked AB be but Jesus said in G man this is the hour of the power of Darkness allow me to be fast please we have taught all these things for dogs have compassed me the asembly of the wicked have enclosed me they pierced my hands and my feet dogs have compassed me see how he using the word dogs look at verse 20 deliver my soul from The Sword my darling from the power of the dog save me from the lion's mouth for thou has heard me for thou has heard me from from the horns of the Unicorn is using animals that's not speaking of Supernatural word god heard us from the height of strength now unicorn were Royal animals it's just like the Bible has it own fantastic Beast we get there and I've mentioned it sever of our teachings in past AB so they use because it's an ancient world view because those kind of creatures were used to explain power when you wanted to demystify things you will use those kind of animals in a metaphorical sense to say something Psalms chapter 8 which is Hebrews 2 quoted this what is man thou are mindful of him of the son of man thou visitest him verse five Thou made a little lower than the

Angels thou has crowned you with Glory and Honor thou must him to have dominion over the works of thy hand thou has put all things under his feet all sheep and Ox in y the Beast of the feet the PS of the air the fish of the sea and whatever pass through the path of the sea is that Supernatural word Genesis 1:26 Dominion we have authority and you see thou has made him to have dominion over the works of thy hand dominion over the works of thy hand First Corinthians 15:25-26-27 for he must re till he has put all enemies under his feet The Last Enemy that shall be destroyed is death for he has put all things under his feet but when he said all things are put under him it is Manifest that he is Exempted we did put all things under him so God is Exempted from the all things that are under our feet God is Exempted Ephesians 1:22 and has put all things under his feet what is the all things we read Ephesians 1:12 and 21 just now principality Powers mind and Dominion every name that is named is under our feet making sense is that what our Dominion is over yes sir Ephesians 1:22 Hebrews 2:8 thou has put all things in sub under his feet for in that he put allation under his feet he left nothing that is not put under him so there's not animal there's no animal mentioning Ephesians Because he believes he knew that those were words to explain the supernatural World Genesis 1:26 Dominion animals we also mentioned is it one of those creeping things that Genesis the that is serpent I you are still in the zoo Zoological remove your mind from Zoo just like in the Gard remove your mind from horiculture they are using the seen word to explain the Unseen word did you get it so New Testament writers did not just automatically start using animals to talk about supernatural beings Paul Paul said I fought beast at Ephesus Paul is not something I fought beast at Ephesus Paul say he fought beast at Ephesus is it not why he not Tau us spiritual warfare in the same Ephesians for after the manner of men I have fought with beast at Ephesus 1ans 15:32 Paul fought beast at Ephesus the language of Beast looks strange until you get to Revelation and it's no longer strange how can when you get to Revelation you now see Beast you say yeah yeah yeah supernatural beings four living creatures yeah yeah yeah you're no longer seeing it as Beast yeah seeing supernatural beings all of a sudden but it's the same language you are not sure Revelation 4:6 the the word alone Beast is used for there are 48 verses that has the word beast in Revelation alone and Revelation is a book that test you if you have read Genesis to Jude because all the phrases in Revelation are found in Genesis to Jude Revelation John did not create one word he's using words that have been used from Genesis to the book of Jude because it's the last writer he knows he's the last writer because the rest are all dead it's not that not it's not a prophetic word he knows he the last because all the other is the last Apostle all the other Apostles the 12 have the 11 have all died him alone was left so nobody else so he knows and he has their records just like Peter remember um Peter and and John were always together if Peter had read all Paul's letter what why would John not have read it they were the pillars of the church now that Paul referenced come on come on come on come on come on I it's not Peter and John at the gate go beautiful all right so Revelation 4:6 and Before the Throne there was a sea of glass like unto Christa and in the midst of the throne and round

about The Throne were four beasts so you are seeing Beast now it's not longer confusing around the Throne of God there's Beast clear clear clear so the creature language in Genesis 1 I've told you every creation is used to explain on that creation just like human beings animals I used to explain us too when you call you say boat not be man ego is it that you really believe is a bed I hope you know boat it doesn't run anymore in athletics but I mean the world records belong to him jamaan person all right 100 m the relays I mean you saw for for all the almost a decade he ran how triumphant he was so that would that would be a proper word to explain him he Swift like an eag now you see um my noral example that like Obie Obie is not a man Obie is a lion you say Obie is strong like a lion you not say you insulting me now I can use animal to explain me when you not read it in the Bible it's like we our brain when we are reading this animals being used to explain things we now forget that there are descriptions if animals used to describe you why you afraid of it being used to describe supernatural beings If plants you say my grandfather I know that man was ano he do have you forgot thato is a tree not TV lazy social media generation everything is so you can use trees to explain a man just like in anient time they use the word Cedar they use all those Le C they use the accasia wood because it didn't have Decay hadly Decay that's why they use it to build it Tanana spoke of no corruption so there were trees that depicted things too so any living thing no animals not the only living thing plants are also living by plant trees are part of plant that we say plant we don't mean that you were only thinking inside your compound all right every living thing character of living things Mr n AB movement you see all those that's why they explain sexual reproduction sexual reproduction Integrated Science one Integrated Science two now called basic science one basic science 2 basic science three they teach you PL [Music] move all the definitions you CR as a child let it come again that's why they teaching all those all those things is that's why a living thing every living thing communicates move reproduces that's why they teach you another type of reproduction every reproduction be not must not be man on top of woman so asexual reproduction they teach you all plants also reproduce if not you will not be planting more you not be having more plants beautiful all right so say how could God get mared pregant how does trees [Music] produce fruits with seed inside your question looks smart but it's not smart say just like you don't know the way babies are formed in the womb there are many things you don't know allow yourself to not know everything because it's not everything you know all right and science is very arrogant sometimes when science is being arrogant they speak against what they don't know and yet they can't explain it speak with what you know because science is just knowledge sense knowledge not everything is sense knowledge are you here yes so we have authority H so animals were used to speak of the supernatural word clear clear clear animals were used to speak of the supernatural word all right so there are beings associated with the realm of the dead and we have authority over them all AB yes sir what about human beings that are in the realm of the Dead if somebody tries to engage them you say I'm see my grandfather that was not a Christian is's worrying me my dream should

that make you half sleepless night do you have authority I you believe it's not possible to see great grandfather I beg is possible please stop all those that something is forbidden doesn't mean it does not happen that's why it's a manifestation of Wicked Spirit are you following all right that's why it's called sin that's why that something is illegal does not mean that it does not happen that something is wrong does not mean you don't do it clear so there are beings assed with the realm of the dead and our God has Authority and he has given us that authority to exercise for him we use his authority in instead is the head we are the body and the body is what carries out function so we use his authority for him because we stand as him on the earth I have the keys of hell and death he has the key of hell and then we use that Authority that's why the name Jesus Heaven Earth under the Earth is that so so there are supernatural beings associated with the realm of the Dead entities with the realm of the dead and we have authority over them all then we see that there are entities with Geographic geographical Dominion beings with geographical Dominion Deuteronomy 32:8 Deuteronomy 32:8 territorial Spirit Deuteronomy 32: 8y 32 and verse eight when the most high divided to the Nations their inheritance when he separated the sons of Adam he set the bounds of the people according to the number of the sons of God remember that verse 17 they sacrificed unto devils not to God to Gods whom they knew not to New Gods that came newly up whom your fathers feared not so are there entities with geographical Dominion they are called the shims s h e d m that's the word used for Devils there shedim territorial Spirits gods of the Nations another word for them is gods of the Nations g o DS gods of the Nations princes of the nations Gods of the Nations again the same Deuteronomy chapter 4 teronomy 4 are you therey 4:19 andless thou lift up thy eyes unto heaven and when thou seest the sun moon and stars even all the host of Heaven should this be ding to worship them and serve them which the Lord th God divided unto all Nations under the whole heaven so under the whole Heaven rememberey Genesis 11 guys we explained it now Babel come on come on come on show you know something all right this is I need you now don't slep off when I was teaching explaining back and forth back and forth you should have figured it I was going to use the information so there were entities over Nations they were supposed to lead men to God but they took worship because supernatural beings walk with man come on are not all minist sent to minister for them shall be head of Salvation so it was not strange that God will now put them over those Nations over those peoples Nations is ethnos peoples to bring them to God but Psalm 82 will now say God is charging them with corruption they are judging unjustly because they are Judges so you see prin uh territorial spirits gods of the Nations they are now the gods that I worship in different nations 17 Deuteronomy 17 Flip Flip Flip Flip Flip so you say J 17 thou shall not sacrifice on thou shall not sacrifice unto the Lord thy God any Bullock or Sheep wearing is bless or any evil favored or for that is an Abomination unto the Lord thy God evil thing is what he's talking about for that is an Abomination to the Lord thy God if there be found among you within any of thy Gates which the Lord thy God give the man or woman that had wrought wickedness in the sight of the Lord thy God in transgressing his Covenant

and as gone and served other gods and worshiped them either the sun moon or any of the host of Heaven which have not commanded the are you seeing that they are over Nations come on so territorial Spirit chapter 29 why I need to see give you references come on 23 I mean you can do that on your own when you get home there are so many references of gods of the Nations 29:23 to 26 and I Heaven 29:23 and that the whole land there thereof is brimstone and salt and burning that is sold like the overthrow of Sodom and gomorra adma in which the Lord over in his anger even All Nations shall say wherefore had the Lord done TOS unto this land what mean the heat of his great anger these men shall say because they have forsaken the Covenant of the Lord God of their fathers which he made with them when he brought them forth out of the land of Egypt verse 26 for they went and serve other gods and worship them Gods whom they knew not whom they whom he had not given unto them are you is an emphasis God never put supernatural beings over man to worship so we said how do angels become Devils when they take worship when they want to be worshiped remember that teaching said it again and again all right so we have uh territorial Spirit from the Acadian word shedu so you get the word shedim so Spirits remember that's in nature terminology spirit so that are called sheds neither good nor evil but have now become evil so the word in origin is used for spirits that can be good can be evil but in this context they using to explain Wicked spirits that are now being worshiped supernatural beings that are being worshiped are okay explain that also I think we read sener story now had any of the Gods of Nations delivered at all his land out of my hand 2 Kings 18:33 gods of the Nations repeated again in 2 Kings 19:12 have the gods of the Nations deliver them which my father have destroyed gods of the Nations Elohim of the Nations remember that all right now do we have new testament references for this over AB supernatural beings over places is the whole principality and power language so another word used to explain beings with geographical Dominion another word used to explain other than the word shedim which would be synonym will now be Elohim of the nations Gods of the Nations another word for it will be the word Prince p r i n c e prince prince supernatural beings are called princes Daniel chapter 8 are you getting this Daniel 8 verse um from verse 16 and I heard a man's voice between the banks of hle which called and said Gabriel make this man to understand the vision and he came near Where I Stood and when he came I was afraid and fell upon my face he said unto me understand oh son of man for at the time of the end shall be this Vision so it's the ram which thou sawest having two horns are the kings of media and Persia that's 2021 and the rough goat is the king of Gracia and the great horns that is between his eyes is the first king now that now that being broken whereas four stood up for it four kingdoms shall stand up out of the Nations but not in his power so keep going on and on jump to 25 and through his policy also he shall cause crafts to prosper in his hand he shall magnify himself in his heart and by peace shall destroy many he shall also stand up against the prince of princes but he shall be broken without hand shall be broken chapter n from verse 21 you see the references again then you get to chapter 10 the famous Prince of the kingdom of Pia so I just trying to give you a

context when you read from Daniel chapter 8 to chapter 12 you see a lot of supernatural appearances Supernatural appearances and the use of the language is princes look at Daniel 10:13 and the prince of the kingdom of Persia is that the physical king or a supernatural being supernatural being thank you with me one and 12 days in the heavens ah no now and L man one of the chief princes Chief princes came to help me and I remained there with the King of Persia now I come to make thee understand what shall befall thy people in the latter days for yet division is for many days jump to 2021 then said he knowest thou wherefore I come unto thee and now will I return to fight with the Prince of Persia for I am gone forth Lo the prince of Gracia shall come and I will show thee that which is noted in the scripture of Truth and there is none that holdeth with me in these things but M your prince M your prince prince in Israel so m is a supernatural being in Israel remember not all supernatural beings were in Rebellion so man is one of those princes over Nations that are not in rebellion and he says one of the chief princes so they are more are others of which Gabriel is mentioned as one of a prince then this guy here so the prince language uh Daniel 12 see that is not a mistake in case you didn't get it Daniel 12:1 and at that time shall M stand up the great Prince which stands for the children of thy people is it clear that Daniel is being told that Michael is the great Prince that stands for Israel but God was the one that remember m is not to be worship God is the one who Israel will worship God is the one who the nation will worship supernatural beings were over Nations over people walking with people but they not supposed to take worship so that God was over Israel does that mean that Israel not have supernatural beings Israel had now but not to worship is that the difference thank you other nations worship them but Israel knew that they were under Yahweh God had supernatural beings under him now one of those supernatural beings under the authority of Yahweh is M and that is a prince for Israel are you seeing it princes of Nations now Jesus used that word to explain the S uh Matthew 99 Matthew chapter 9 verse 34 Matthew 9:34 I'm not being fast you are just being slow I've these are things I've said before I mentioned it before I I did not teach you Origins almost three weeks I think thought around Babel it should not be looking strange if it's strange go back and listen don't put pressure on the message put pressure on your ignorance so that you study at the end of the meeting I've said it taught it again and again don't make it look strange put the pressure on your knowledge like oh boy how did I forget what I been learning not I wish Pastor will go back I will not that prayer is a is a useless prayer don't manipulate me in the name of I will speak in my heart P we go over I will not go over it that's not the use of Authority or desire use it properly I I'm saying because people are doing it that's why I'm just trying to tell you know that I'm not deaf I can hear conversations I can hear conversations inside message why do you think if he very evil and God want me to now not be careful with somebody will not tell me what the person is saying in secret it's the same thing same thing one day you will know as you grow in your Authority you will see it and take it seriously Matthew 9 Matthew 9 verse 32 and they went out behold they brought to him a dumb man possessed with a devil a dumb man possessed with a devil

devil there the word demon possessed with a demon and when the demon was cast out the D spake and the multitude mared saying it was never so seen in Israel and the Pharisees said he casted out Devils through the prince of the Devils see the word Prince now so there is now a prince of demons there's now a prince of demons so somebody has recruited all of these guys say you can work for me come on just showed you now Prince of devil so there's now a ruler over these demons Prince of devils in case you think it's a mistake Matthew 12 they give you the name though we like Lucy so much and when the Pharisees heard it they said 24 Matthew 12 24 this fellow does not cast out Devils but by B zebop the prince of the Devils I don't know why nobody uses Bel zebop for the guy why Lucifer because there's mention of B zob being as a name being used to explain Prince of devils ABI thank you Prince you see that word again Prince of demons now Jesus in John 12:31 [Music] called the Nash of the garden the prince of this world why is he the prince because he is the one that plunged the world into a Darkness sin entered into the word when he enter into the word Genesis 3 Romans 5 by one man enter into the world and that so sin enter into the world Adam and Eve's cooperation with that supernatural being I that's how the supernatural being to is found with sin because it was a cooperation so he calls him the prince of this world is that guy that is called the prince of the power of the air so the question I ask you doesn't make him the strongest is he the strongest we said another day we'll know it because they are more weaked Spirits than the Genesis the guy in the Bible that's a fact but which is called Authority or leader today what is defining the leadership so I told you it is because of when the sinner enter into the world so that entity is now it has a great name just like David Mighty Men some of the David's Mighty Men notice some did not have ranking but when they did something he say he had a great name among the others and though this one killed more than the other but he say he did not still attain to the first because it's more than just having might and power there's you get record you get successful record so those other guys David's might men had pedigree they had proved loyalty to David over the years you couldn't just overtake them like that because you are doing more pushup all right so Prince of this world now is the Judgment of this word now shall the prince of this word be cast out the prince of this word see it's not a mistake John 14:30 here after I will not talk much with you for the prince of this word cometh but has nothing in me Prince of this word John 16:1 of judgment because the prince of this word is judged Prince of this word see that there's not only one First Corinthians 2:8 which none of the princes of this world is there plurality now all right Ephesians 2 wearing in time pass he walked according to the ca of this word according to the prince of the power of the earth so the word Prince you now get to Ephesians 6 he now uses the word Ephesians 6 we rest not against flesh and blood but against principalities and Powers against the rulers of the darkness of this world against spiritual wickedness in high places so are you seeing the princes the Hebrew word Sim s a r i m i m is plural s a r is the word PRS so putting I am just like Elohim reim anakim so s princes Supernatural beings over so those are two terminologies used to explain entities with geographical Dominion they either called shims

territorial Spirits synonym is gods of the Nations Elohim both either you use shedim or Elohim why because elim is a statue that is worshiped so Elohim so the M statues of these gods of Nations and they worship them so it's the same phrasing because the are lan word for that elim is shedu so they now use the word shedim Elohim synonyms just like anarchs reim come on now I give you all of those words so they are synonyms so any of those two terms shims or Sim is used to explain GE beings with geographical Dominion so not every being has geographical Dominion so the Nash has geographical dominion and geographical Dominion is over all the world because all the word was responsible for plunging all the word Into Darkness at the very beginning AB be so he's also a prince come on are you following then third entities by classification under the PW of Darkness that we have authority over uh entity supernatural beings entities associate iated with idolatry or that opposes God's Sacred Space that opposes God's plan on the earth Leviticus 16 and this is where you get the day of atonement leus 16 leus 17 the day of atonement y y is the word day keepo is the word atonement so leus 16 from verse 8 to verse 10 now this word made some um the word I'm going to make mentioned trended last year on Instagram when a known uh lady that has been given to devilish things got born again and she mentioned she had this this this and she mentioned there was a word it trended a bit last Azazel I said somebody said to me that that people would just be saying rubbish and I said she wasn't saying rubbish she meant what she said and what she said is correct because you have it in the scriptures the word Azazel is is the name of that Supernatural entity is used to explain is the old word is goat demons goat demons so letic 16 you see it in the Bible and Aon cast lots upon Two Goats one lot for the Lord so when you two goats one lot for the Lord and the other lot for the scape goat that was scap goat in the Hebrew is the word Azazel a a z e l I'm not pronouncing it the right way nether does the pronunciation matter are you following now the word is used four times AO so entities with what are quiet entities that are associated with what idolatry and that opposes God's Sac space does that mean opposes God's plan on the earth God wants all the Earth to be Sacred Space okay so it says one goat will be for so on the day of atonement there were two goats that aod would bring out now if you read it in a different translation the lb translation said and Aon shall take the two goats and he shall present them before Yahweh at the tents of assembly entrance and Aon shall cast lot for the Two Goats one lot for Yahweh one for Azazel and Aon shall present the goat see how they throw away the word scapegoat they just read it Bible in basic English the ASV translation the E RV translation L EB translation the septo agent the ne translation the tanak they all use the word Azazel so they couldn't be making it up and if you have a marinal reference Bible you also see the word Azazel in your Bible many of you have marinal reference how many of you have seen it is in your own marinal reference some people IM to a Hebrew word One Day Bible that has footnotes you don't know how to use it you don't read your Bible at home or what you use laptop you move with TV screen nobody has a Bible that has marinal reference is not in any of your own if you are raising hand rais none of you they have okay you have your own raise hand now

you are you timid raise hand one person so that we can confirm something who else none of look at somebody so that I did not make it up look at somebody it's in your Bible I did not type the Bible for him AB there are some things we say when you people don't know something the first attitude with arrogance is to say there's something like that but I didn't type your Bible now it's in your own so the the translators know they are using the word scap goat that word is not just used four times so if you open it up is used a lot in the major and minor prophets because the Wilderness was said to be a place of wicked Spirits remember where we said the gods are the see because the ancient world view so they now use Wilderness that's why I want to read this earb translation verse 10 in says and he must present a life before Yahweh the goat on which the Lord for he must present alive before Yahweh the goat on which the Lord for aaz fell to make atonement for himself and to send it away onto the desert to Azazel so one goat they will kill the other one they will send away Into the Wilderness why because sin does not belong to God sin belongs to Satan so send it to Satan so they will send the goat to the Wilderness that this goat because the ritual was to explain what God will do that when he dies for our sin he will take sin away that sin will be found with Satan because he will remove it from off our midst that's why the believer is not under the Dominion of sin that's why there is no habit you cannot break so when you say I I I don't know how you just you just like the SC stop deceiving yourself there's nothing you want to stop that you cannot stop that's why you don't committing in public now but unbeliever smoke in public you are still hiding because he never mature jungle never mat if you can't see it in public that means you have control I in public they hide sorry you guys are just looking innocent let's try the womanize in secret unbelievers humanize in secret did you go to school did any of you pass through University at all love garding don't they know that there's a room sorry okay what are all the those things found in God early in the morning that means they were not afraid they were not hiding so the fact that you are still hiding to do your own means you can control it so the way you can hide to do it that way you choose not to do it clear stop underestimating righteousness you are born again you are born again you just want to be stupid that's all don't s how to Domin over any believer you are born again you are born again there's no sin that you commit that you did not choose to do I know we call it mistake but don't kill yourself that mistake is that it's a mistake that you like there mistake that you don't like and mistake that you like say a mistake a mistake that we have so call mistake that we afraid to call S sin now sin I beg I say I like the sin be bold to say you like the sin that you committed because if you not like it how did you commit it how come the other s you not commit them you not like those ones oh now they look me like this I'm blunt no that's the truth the reason why you think you don't have authority is because nobody has put it to your face you don't have any problem you just like the scene if you really want to stop you know what to do somebody say I I I I'm I'm tired I'm tired all your food pornography all your food dirty xrated movies and you are wondering why you have issue you have issue because that's what you feed on if you feed on prayer if you pray read your Bible you realize that you have strength you realize that you

have strength thank you stop making righteousness look weak because you are being a coward there's nothing wrong with righteousness say I not want to if you really did not want to then you will not do it so anything you did you wanted to the difference is now when I explain that oh there are some people that feel good gu about it there are some people that clean their mouth and say I don't do anything those are the ones that will die quick on the Earth but they are wicked there and it's not funny I mean what I'm saying they are devils no repentance and by repentance I don't mean you you do something wrong you know that is wrong but don't now have an attitude that there's nothing how can there be nothing are you cursed why can there be nothing to something that is wrong where did you lose your brain to not know that Sin is Sin again can tell that that Devil's day your life you say no no no there's no influence on my life sister under influence brother you are demonized and it's the demons that you like that's why you can't cast them out they will not go because you did not it's not Authority you are going to use over them because they are your friends they walk with you until the day they bring shame into your life quiet silence after touch touch many persons with one bullet many targets so the scapegoat the goat that goes away that's the word scapegoat the goat that goes away so goat AAL a way to send away so zel so AAL zel scape goat goat demons so one goat is designated for Yahweh then one for Azazel the parallel phrasing indicate that Azazel is a proper name here just like Yahweh ABI so now asaz in the Des is croll is regarded as a name of a demon or a devil now the desis crow name him as the leader of the angels that seen in Genesis 6 The desis Crow then extra biblical text also does the same but we don't use such the old time has know why they did not call it Authority and you may think you are water than them one day you will find out that if you feed on all those kind of materials you will end up believing that the devil is so powerful you can't deal with him and that's why some pastors are always preaching stupid messages of you cannot just cast The Devil like that to the devil is not just like it's not your M or some devil there's a way they talk because they feed on junk you want to know how great a kingdom is it is from the least to the greatest AB be if the least of us cannot cast have Satan then we have no Authority in our kingdom so first John 5:4 say this is the victory that overcomes the world AB remember first John 5 yes sir 1 John 5 verse 4 and 5 for whatsoever is born of God overcometh the and this is the victory that overcomes the world even our is it whatsoever is born of God overcometh the word are you born of God have you overcome the word sir and the vory that overcome the word is your what that faith is it your Born Again experience I talking about yes thank you so the least of us is greater than the strongest of devils that's how powerful our kingdom is so if you want to know how great a kingdom is the least of us should be able to handle Satan AB be that's why Jesus used the word least to the greatest the least in the Kingdom the new convert can cast out Satan that's Bible not nonsense extra biblical teachings now why did I reference the Des Crow because the the Des Crow when they were found had two columns uh two parts the uh the books that make up what we call our Canon and the extra biblical ones canonical book and noncanonical books stick

with the canonical books AB stick with them stick with them there's a reason why Jesus did not quote them and those books were before his time all those Book of Enoch were in the timeline of Jesus but he didn't reference he didn't he didn't he didn't quote them as Authority NE didn't reference them now the men in those days read those books but they didn't take those books as Authority neither should you are you following please don't so first John 5 we have authority every believer can cast out devil and it's not maturing encourage that gives you Authority so the in the day of atonement ritual the goat for Yahweh that goat was sacrificed it will PGE the impurities the sins of the people of Israel while the goat for aaz that was sent away after the sins of the Israelite were symbolically placed on it they will confess their sins on that goat and send it away now the point of the goat for Azazel was not that something was old to Satan or to the Demonic realm the goat for Azazel simply meant that the sins of the Israelite were outside God's realm were outside the realm of Israel to send it outside Jerusalem send it outside Israel because sin belongs outside God's sacred Place Israel Jerusalem is God's sacred Place sin belongs outside God's sa place so send it away so the idea is not that we need to appease him by sending one go to him no was that sin belongs to you take your sin are you following that was the concept that the idea behind that practice clear clear clear now the word um devil look at it in Leviticus 177 and they shall no more offer their sacrifices unto Devils the word Devils there is the word s s a i r is the word used for goat is used 59 times the word is only used two times as devil that word is only used two times that Hebrew word s a i r is used for he goat goat goat demons it's used 59 times and it's only two times that the word is translated in English as Devils so you see synonymous with that Asel character so there's a lot of references for the use of that word now it's just a normal word go in case you are normal word goat is the word s a i noral what goat but within the context they also use it to explain Supernatural a supernatural entity and he ordained him priest for the high places and for the devils and for the calves which he had made 2 Chronicles 11:15 Leviticus 17:7 uses the word Devils why the word sheds is used in Deuteronomy 32:17 and Psalm 106:37 the sacrifice their sons and daughters unto shed unto sheds so beings entities associated with idolatry and that oppose God's sa space so this is outside God's Sacred Space learning something second explanation for it is howling creatures there are two uh entities associated with idolatry and opposing God's sacr space is the word uh squark SQ s q u a w k i n g squaring sarking creatures or howling creatures h o w l i n g howling now howling creatures are uh wolves foxes dogs cats some species of monkeys I did not use that's why in Africa we say now which or which cat cat cat are you following now those things are in the scriptures so I'm trying to broaden your mindset so that you understand because they use those things to speak of the supernatural word howling creatures that make the howling sound you know the way those like the uh the o w Yow all right that bed so howling creatures ninth monsters nocturnal beds beings associated with idolatry and opposing Sac space so you you see all these phrasing I'm giving you the phrasing in the Bible because they sell fright what they sell is Fright woo just like when you see wolves that's why they

use it for vampire movies too wolves were wolves wolves they come out in the night so that that whole concept the idea is to sell fright f i i g h t AB be fright frightening scary creepy spooky all right now all of this is what makes up demons in New Testament books so like I said um so there are different words and I sum it all up by using the word howling creatures wild beasts and Howling creatures are woles foxes dogs cats some species of monkey coyotes that's why if You observe demonic creatures make a howling sound so that's why they use it because of the howling sound that demonic entities make so when you get home type howling sound and listen to it in case you don't know because it's English I'm speaking ah cuz I will not make the sound for you I've tried all right I'm not a of their Kingdom so make it yourself Isaiah 13 and this is also where the word lit is used in the Bible which is a Mesopotamian term used for a ninth monster used for a supernatural entity or godess an scary godess that can even make people frighten in their dreams it's in their meat and legends Mesopotamian myology had it Isaiah 13 and verse 21 Isaiah 13 and verse 21 I'll read from verse 20 so you get the context that is dealing with a Wilderness a forsaking Place 19 and Babylon the glory of the kingdom and the beauty of the child his Excellency shall be as when God over true Sodom and gomorra it shall never be inhabited neither shall it be dwelt in from generation to generation neither shall the Arabians pitch tent there neither shall the Shepherds make their fold there but wild beast of the desert wild beast of the desert are you seeing it wild beast of the desert shall lie there and their houses shall be full of doleful creatures you can remove the word howling and pull the word doleful that's the exact word now uh strongs use the word howling so that that's why I just kept with the word because it's more popular with Jackal hyenas I mean all of those families of coyotes wild beast wolves foxes dogs spooky sounds Abby spooky sounds being made so dul creatures and the wild beast of the desert shall lie there and their houses shall be full of do creature and and the owl the the word ow there is unclean bed and the origin is two Hebrew words that I used to get are the daughter of the ow daughter and is used for a SE daughters d a u g h t e r s Daughters of the O WL on clean beds now it has a lot of references so that uh and The Owl and the ninth hwk and the C and the Hulk after his kind Leviticus 11:16 they were the ones classified Leviticus as unclean beds and that's the origin of unclean spirit is the that unclean bed in Genesis to Mali that is explained with unclean spirit in the New Testament books because I told you that is the origin because in the crossover they now use instead of keep using this bed bed bed language let's call it the name on unclean Spirit unclean this evil this evil bed evil spirit the dul creature and the house shall dwell there and the s a t y r s the SAT shall dance there and the wild beast of the island now that was sat is the word used for Devils that we read just now as goat Leviticus 17:7 that I said is used 59 times and the wild beast of the Iceland shall cry in their desolate places and dragons in their Pleasant palaces and her time is near to come and her days shall not be prolonged and her days shall not be prolonged notice use the word ha are you with me uses the word ha remember that daughter of the ow this is Isaiah 13 Isaiah 34 oh I'm concluding this whole demonic thing today then I'll will give you the

applications from on Sunday as we go further but I want you to see am I opening your your your eyes all right cuz I need to see all of this so when we get to Applications of this on forces you see say there's nothing nothing nothing there's nothing there's nothing all these I don't know what they are saying they will tell somebody this what you should have done he say for me now forgiv did we say your sins are not forgiven teaching you to know something say so Believers are just wonderful Isaiah 34 and verse 13 and Tong shall come up in her palaces netos and brown B start from 11 but the con the commant also an extinct bed and the beaten that's porcupine shall possess it the how and also the Raven shall dwell in it and it shall because it's a desert A wilderness is used to explain a forsaken place and he shall stretch out upon it the line of confusion and the stones of ESS they shall call The Nobles thereof to the kingdom and None Shall be there and all our princes shall be nothing see why it's used for Devils shall be nothing and Tong shall come up in our palaces n Bros in the Fortress thereof and it shall be an habitation of dragons dragons have come again and a CT for for house again he uses those two words daughter of the house two Hebrew words the Hebrew word b b a used for daughter and the word yanan used for the unclean bed ow verse 14 and this is where L comes in the wild beast of the desert shall also meet with the wild beast of the island and the saai shall cry to his fellow the SC now does SC out o WL that has the Hebrew word lit now the word is not Hebrew in origin because is a borrowed word because the Mesopotamians now the Hebrew spelling will be l i l i t but the the Mesopotamian word is l i l i t h is a Mesopotamian demon goddess so it's common in their culture because of the ugaritic Phoenician uh Mesopotamia Canaanite I mean all of that region understood this word now the nation of Edom Ed O M had it as a ninth demon that haunts that desolate place so a female God is known as a ninth demon now there a the SC how also shall rest there and find for herself a place of rest this is why wites meet in the night you don't need to read delivered from Darkness to know about the Demonic word because the Bible teaches how that whole Darkness act and how we have authority over it that's why I'm exposing a whole lot of things you see the word SC out shall rest there and find for herself a place of rest there shall the great make her nest and lay and hatch and gather under her Shadow there shall the VES also be gathered everyone under her mate clear clear clear so that word the context 50:39 so the descriptions of destroyed cities in Isaiah 13 Isaiah 34 Jeremiah 50 because because it's a destroyed place so there will be ghost living there that's the context because ghosts are living there people who people can go to those places in the names of incantations trying to get powers and because the dark places of the earth The Forsaken places of the Earth can be hiding places Jesus used that exact word when a demon is cast out it goes into desert places he say gives you the same Old Testament world view AB didn't he use desert places seeking rest okay so he uses that same word so unclean unclean Spirit Matthew 12 and when the unclean spirit is gone out of a man he walth through desert places seeking rest and findeth none 1243 so when the unclean spirits clear clear clear so that idea is there say there nothing like that so there are entity howling creatures and the whole idea is to self fright

scary creepy which is what demons do um number four and this where we end for today we which is the four classifications of all the parts of Darkness you have from Genesis to Malachi number one we said beings assed with the realm of the Dead entities with geographical Dominion entities associated with idolatry and that opposes God's Sacred Space that laes for places to be defiled that lack for places to be unclean that's what we mean by opposing Sacred Space opposite of sacred place is defiled place so I think nearly any community in edate have such um sacred places that sacred place is not is now that Sac place for Devils is what the Bible called defiled places because it's called a strong room they normally paint the tree around it and you see it along the road to B cities and Asian CI so you see the Asian practices too entities that threaten the natural word there are entities number four the entities that threaten the natural word and this where origins of uh infirmity comes in number one chaos Beast SL symbols so they are chaos Beast chaos Beast a chaos Beast chaos Beast and the Beast get their names from the near Eastern culture where leviant Raa beim those are names that I mentioned dragon dragons behemot Rahab leviant so chaos Beast because the world is now chaotic they threaten the natural world so there are entities that threaten the natural world and the way they explaining the scriptures are like the metaphorical words I used to explain them because since death enter into the activities of men the Earth has been decaying and suffering so the ancient near Eastern text makes it quite clear that people living in biblical times Associated natural disasters storms earthquake diseases fings and the likes to Divine rot which is the origin of those insurance companies in their acts of God because in ancient time it was used to explain Divine rot the Divine rot of D is when a d is angry it will pour out that's why you notice Nigerian Hollywood movie say let's appease the gods something has broken loose mhm something has broken loose so that ancient worldview had that natural disasters storms earthquake diseases fings and the like were Outburst of divine rot the Divine anger of daes calamities illnesses were said to be done by the work of a Dy or the side effect of a Dy fighting another deity now the question is did the biblical writers think this way answer is yes and no on one hand they know what the people normally said so it's yes and no of course cuz it's not a question that you can just answer with yes and no they know about that but they taught it differently they knew that from the biblical sense they knew that God's word was Eden and after Eden there has been threat to man's existence since the divine rebellions and the result of those rebellions LED leads to the Earth corrupting itself wickedness of man causing many things to happen on the earth natural disasters diseases and so on since Eden is lost devils are on the ramp on the ramp page ABI job Theory let give you a bit of context job Theory job the you sleep well tonight you get home you will not think it's night cuz you'll never be afraid of Dark Places again cuz I have authority over all dark places I have authority over nothing can enter into my dream and make me it's a nightmare ahh what can my dream be making me fear I Can Dream the Dream I want to dream I can create my dream that's why we're teaching these things so that you get to see how powerful you are those are things that should not be happening to a Believer I say I

had a nightmare you now Panic sweat oh my God God want to teach you something doesn't have to make you have fear fear is not God's tool it can just show you something bad that is about to happen you don't have to have a nightmare because of it let them cause it that cause the day who are ready to raise up M let the stars of The Twilight therefore be dark let it look for light but have none nether let it see the da of the day the guys curing the day was born I don't think that's a text I'm looking for job 41 I'll get it job 41 verse1 can thou draw as leviant with an hook or a stong with the cord which thou letest down I think we read a lot of references for this chaos symbols ABI now Lan is mentioned the Old Testament and explain that God has power over that sea monster now those sea monsters because the sea is used to explain chaos sea monsters so that's why we call it chaos Beast they were metaphors to depict what Cannot Be Tamed the unruliness that is happening in the world the wickedness the word being chaotic so we said there are entities that threaten the natural word we read Psalm 74:14 we saw those chaotic um beasts now the second entity used to explain them beings that threaten this natural world we see those beasts chaos chaos chaos Beast there are five of such I think i' I gave you the names Levant dragon serpent ABI um those are chaos beasts chaos symbols now they are symbolic they are not actually to be taken because the creatures do not exist the B they don't exist they were made up to explain that are you following they only exist in the Unseen World as an explanation but there's no with that name so they was created so there are symbols metaphors they're just trying to give a mythological background to what is happening on the earth now the second entities that threaten the natural world will be evil forces of nature evil forces of nature and this has to do with conjurings and all of the other things people do which is where Psalm 91 comes in we read Psalm 91 just now but let's read job 5 job 5:12 he has this appointed device of the crafty so that their hands cannot perform their evil Enterprises he taketh up the wise in their own craftiness and the council of the forward is carried headlong they meet with darkness in the daytime they GR in the noon day as in the night but he saveth the poor from the sword from their mouth and from the hand of the mighty keep going on verse 19 he shall deliver thee in six troubles here in seven there shall no evil touch thee these are evil forces of nature he said he will deliver you in six troubles yeah in seven there shall no evil touch thee we you know what you are reading he shall deliver thee in six troubles yeah in seven so you know what that means the number six seven seven is to explain a Perfection of trouble but it won't come near you so you are totally free from those evil forces of nature because anything that can happen to you is you doing yourself because if it's devish is demonic the Bible exempt us from all of that because these are hiding places that Deliverance ministers try to hide and tell you that there are beings that power over you that's why I have researched all of them out for you to see that there's nothing there all of them them are all underneath our Authority in Christ Jesus he shall deliver me in six troubles yeah in seven there shall no evil touch me in famine he shall Redeem Me from death and in war from the power of the sword thou shall be hid from the scourge of the tongue neither shall thou be afraid these

are all Supernatural world view don't read it as English statements set in the Supernatural word thou shall be heed God will hide me from the scourge of the tongue are there evil tongue evil machinations evil plans neither shall thou be afraid of Destruction when it come remember that destruction the pestilence that work in day it looked like a human being working because the ancient saw it as it was the name of a de in Mesopotamian mythology Pence that word those two words are used to explain because they saw the daes are responsible for those calamities that's why the pharaoh's magician could cause things to happen Job chapter one explains it Satan left and look at what happened to job's children evil forces of nature where did the sabians come from where did that Strange Fire come nobody light fire there now have you forgotten job one fire the Aban and a great wind evil forces of nature where did that great wind come from that job used to lose everything evil forces of nature thou shall be heal from the scourge of the tongue shall th be afraid of Destruction when he cometh now this job chapter 5 I've internalized it so much at destruction and famine thou shall laugh neither shall thou be afraid of the beast of the earth remember Beast of yet please let your mind not go to physical Beast jump to the one I quote a lot verse 26 thou shall come to thy grave in a like a shock of con come in in his the beings that threaten the natural world so the chaos symbols all of it is used to explain now what they all have in common is plagues sickness natural disasters storms fings incurables you know incurables sicknesses now evil forces of nature so calamities disasters evil forces of natur and things are orchestrated orchestrations like that Hallelujah and we have power over them all we have power over them all we have power over them all so I give you four classifications of all the powers of Darkness now this is very Torah entities associated with the realm of the Dead entities associated with geographical Dominion now this is all the use of the word demons in New Testament books whether the angel guys or the ones looking for bodies they all fall inside here all right beings associated with the realm of the dead beings with geographical Dominion beings with idolatry and defiled places or corrupting places beings that threaten the natural world just like um they say there's nothing like that me and my wife can be fighting can be quarreling every day of our life nothing will happen nothing will happen Baba you are you are a d spiritually you will enr evil forces in your home and it's your children that will feel it because they don't yet know what you know in Christ Jesus that is making not touch you you can make your home a house of devils by your attitude can you I've seen people like that minions over them that's why I'm teaching this you don't say fastor is being spooky because of his prophetic Ministry is is being spook I to show you say Bible because we are going to talk many spooky things on Sunday o I mean there was the time I entered the house as I enter the house I could just see the mouth wide open this is not me now you know me I'm not looking for demon behind every Rock I'm not a deliver Minister I'm not looking for a devil behind every activities I entered the house not recent times I mean like some 8 years ago many years back eight years and back back when I used to visit people a lot more I mean look for people um to exercise God's power over so I can have many testimonies of dealing with

Satan Powers I mean I just visiting people if I see something I quickly solve the solution I mean I told the people and they were trying to argue with me I say me I'm not blind now and I told them what they have been doing in their house I listed out some things and people say yeah yeah yeah I said there's a mouth open over your house and it is to devour it says devour devour devour we will find a suitable time and we will eat them up that was the Divine conversation I quoted it word for word hope you are not making that's the conversation that's what had been said in secret places so I said it to them like ah thank God they he did if not would have seen what they are looking for Satan is looking for whom he may Paul did not know he has Authority he did not know that's why I say give no place so the devil so can there be activities we do that can give places to things like that yes many times the effect is slow until we get to the point where we because the what that mouth was waiting for was where they will now start saying that I be anything can happen in this house I don't care you have said it this is what we have been waiting for you know say what I say does not matter what I say does not matter it was mouth you used to marry that said this woman is your wife this husband is his mouth his mouth we used to sign agreement his words whether is written or ver words are very powerful there's nothing you ever done in this word that you not do with words it doesn't matter what I say I can say anything I like I can say anything I like okay don't be saying anything you like sir words are the primary ways to engage Spirit there is no sound without signification how can you say I can say anything I like I I can say anything I like I can no no you can't say anything you like and you can't do anything you like we are taught how to talk we are taught how to behave Hallelujah we said the powers of Darkness opposes Life Light and love don't forget that oh because we we are done with PW of Darkness I will not talk about the entities again I'll just read references more towards man as a force on the earth and how all these things are being engaged the good the bad guys and how activities on the earth can be corrupted but you have authority nonetheless Hallelujah there was a brother like that he was going to get married and I saw all around him feet feet feet feet I looked again I saw feet Feit Feit and I saw the feits of good willlll the feet of the blessings people who have said I don't have money but I really you have been of help to me the Good Will and kindness of many men and the Lord says open your mouth and speak and say what you have not seen from this time to this time it will fall upon you that's you know sometime people wonder where we get utterances from we get utterances from The Unseen that's why they are called utterance of the mighty because he came from The Unseen World it is the it is what the Lord is doing that we are speaking Hallelujah why did the oil finish because there were no more jar so if the woman kept borrowing jar the oil will not finish if she kept borrowing Bor if she empti the O of Israel she would have see had oil but when the child no it ended there are war that there are things that happen seasonally it's not every time Red Sea has parted it's not every time J has skipped you know timings you know Season there's nothing like that what is time what is times and Seasons the times as a brother I gave a word to about what to do he he is looking at I mean told him what to do around go to the stadium he didn't do it when

he finally wanted to now do it he didn't do it well and it was not a season nothing happened many times that's why you need to say oh the season has passed hey oh the Bible talks about when it's summer you did not do this when it's winter there are seasons and timings and we're going to talk about it because in the application because there are forces we unleash there are people you contend with that that that TI bead around their waist you know we can make it without God but we don't make it without God because we are believers we have God and the people we are we are competing with in the secular space not all of them is speaking Queen English I know a few billion I didn't say million at least I know a few billionair I know at least five in this country two of which have told me in confidence that they have Calabash what is your own I'm not a b so that say what my as if I'm I'm not in their Community I will be soon cuz I'm working actively towards it but I'm not yet there don't hype me don't praise me into what I'm not are you following I have it in my for sight I have it in my goal any company you want to be what you want to be you should surround yourself with it now be I mean was just B to just say that ah me I have I have Calabash I have things I drink so that when I'm talking so that when I'm talking I have that things like that not not see the dark places of the Earth are full of Cruelty are you following and this is not to scare you that's why I taught you ens on your Authority the least of us is greater than all the strongest Devils what the things you say you could even get born again without you saying Jesus is my Lord and you are saying what I say does not matter oh you couldn't and you say words does not matter words matter see many of you and this is what I I came back from my journey with many of you in L1 have wasted my prophetic Ministry and God will judge you for it have wasted that utterance of the man that have spoken over your life because you were very lazy words that you would have prayed there are words have been spoken over my life I pray prayed it three months I was still praying the word people see me sometimes and say ah Pastor really has money how do you think I broke into many I broke into how do you think I've been able to engage and have so much help that people see me three persons have I've beid for things I've come against some Titans in the natural that they said somebody even told me recently there was one I was going through and said the man will never give anybody that I said not me oh I serve y Yahweh sabat Lord of angel I miss repay me oh say no no no you know how many cases are littered in the court because I I will bow my knee I'll cry to God there's a part who showed me proof that see this place the man is is far richer than you is a chief he a nothing was done to this one man could not do anything this one could not do anything this one not Baba I have KN I have the highest power the individual sent another person a chief to call me and said that hey we will settle you we will give you lands in other places one then we also give you your money you are now our friend will be why when fire the B head you know somebody say I say if he die will he pay my money will not die oh you contend against the wrong person they are fces so forces you give somebody a word you just say it squeezey for there's a sister like that and this when I praying um um on Sunday night this was her story just came I said to her you're going to export things so she was happy she

shared with me the testimony I cried that she she was happy that she did more than the number I said I like that's why Elisha almost slapped the Mind say should have shot more arrows I didn't say you should stop you you keep praying that word I am now a known exporter you the word you go stretch him Shoot Many Arrow but she Shar the testimony with me I say don't finish the word has finished we need to speak another one again and people don't know how to pull out words when you teach they say have join the people that teach all this because people are do a man were told to pray for the Lord said he will not die for the blessings of the widows are with him for the Earth rejects him he was in the coma three times he they thought he he was going to came back before we started praying for him the the Earth reject him what kind of things this all the spooky spooky things what is Bor saying today nobody was praying for the man before they told us the Earth reject you know doctor say ah he's gone then as he were about to use cloth true life story from the mother from the wife and he about to use clo who he revive again but he's still unconscious three times the Earth has rejected him he has the blessings of the Widow I said there's nothing like that know there some voice you you re question the Lord showed me say see scriptures see scriptures say no no there's nothing like that it's nothing like there are many things you do not know and that's what mystical people capitalize on to be teaching there are spooky things that's why I wanted you to see it from scripture that there are powers there are forces that can be [Music] engaged the man gave h Jacob there was something he said because his emotion needed to be triggered prophets defers he needed his emotions to be triggered what we're not giving God something so that he would do something for us it's not transaction we are not buying any miracle any Pastor that that is false you don't pay for a miracle oh you were with me now we were preaching I was preaching for Baptist the other day and because of the Simplicity of the supernatural the a boy got healed where they were just looking at me somehow as I was preaching a boy got healed and he brought her money from his pocket I said keep it back in your your church was shock said if you want to give give me the offering what kind man of God be this one don't pay for it now healing is free give me quickly put it on the off on the on the P pit on the podium I say carry it out take it put it back into your pocket or put it in the offering if you want to give it as an offering you can't pay for it is free I I mean literally everywhere he was there that's I always like having Witnesses Hallelujah there words have been [Music] spoken me I've I've gotten deals of 10 million 20 million 30 million and it came overnight I didn't say I made 10 milliona deals business deal that many that were involved but I'm the primary person why we could get it and it's forces forces forces forces there's a man of God I was telling my wife I said I just see him I just love him every time I see him I'm always opening my bank up there's something there's something that the man has broken all the air around him every time I see him I just feel like give it give it give it empty your pocket EMP your pocket now empty your pocket now you see it that's forse that means you can do him no evil if you come against that kind of person de body Go full ground oh he has prayed where the tree F there shall lie where fall he have said this is how it will be and

this is how it will be [Music] oh the man likes praying more than likes any other natural thing how can that kind of person be normal come against of people in your own Peril now just something something there's nothing like that there's nothing like giving there's nothing like there's like giving there's something like giv there something like giving in faith don't be silly something like giving in faith bet was not stupid teaching Seed Faith of course we don't need to call Money seed but there's something like giving in faith because has God told you to give money before was God stupid telling you to give money is it that you were trying to buy the miracle no because you were too smart that's why you did not give because they told you thanks to the whole nonsense drama on Prosperity Gospel that's the problem of Nigeria training up and down good that they are good that we should speak against the SSS but please don't throw the baby and the bath water because that's how some people have lost a man's gift can be a ransom for soul that's a proverb the same way you can use money to buy security guard buy me that can save you from death that's the same way in the realm of the spirit a man's giving can be a ransom for his soul one day you will realize it is say is there Bible verse there is Bible verse because it is utterance it is Vision that's why we need to explore Genesis to Mali more because then you see stories then you will see stories that's why they tell you what famine continued until elishah was angry say not that I regarded the person I for slap you just now oh yeah find one me to be playing they started playing the man of go was no longer angry and now said the famine has ended Valley shall be F water the thing will be sold for this amount it was the man of God that used mouth to reverse the whole family you say there's nothing like that so if he stayed in his anger nothing would have changed I don't care if my pastor is angry with me really Jes Hebrews said for they watch over your soul let them not do it with grief you I don't care about the of my past I don't care about God's word how can you not care about the state of your things and when you teach this the issue is that manipulators have taught it so much that you should not now know the right things when I'm around I'm not telling you to do this for when I'm around the people I H I don't let them do natural things like that no I I food everything not because I'm looking for something and neither does that mean that I gain something either but I want the anointed to always be happy in my presence because it's something it does I need that Force around my life I need it I serve the anointed I serve men of God joyfully because I know there it does something to my life it prolongs my days it brings good things see I'm saying many things out there about application because these are the things you need there was a brother I gave a word to and I was recently saying that I've not seen that started acting on that word though that word was very Mighty that word has the ab but is waiting for one M day hey hey hey he's waiting what you do 21 days that kind of word you will use it to run use it to run you'll be praying you'll be speaking over it because that God have said something does not mean you should not say it actually God speak so that you will talk I will show you from scripture don't worry that's what I tell you about God speak so that you will talk there are things God say in the time of the latter R you see ask for rain you will see is rain but you see ask for it

that God spoke does not mean that you will not speak because there what your prayer does and one of the issues we have is laziness it's laziness laziness laziness we have not prayed through some things was a man was Shar with me a story on on that mon Monday afternoon evening evening when I came back Monday even I gave him a word one time last and word look big but thank God for good wife wife and husband keep remember that what Pastor said listen to messages listen to the message and kept saying it again and again and again and again because he was wondering how can that kind of word happen that Pastor said I will do this more than this it cannot happen he can happen Okay but does pastor really know how what I really got the world does the word is not logical the word did not come from logic it came from Revelation Revelation is stronger than information the man cross his hand he said no no no he's not the first B he say I know he too shall be great so there's nothing that he too shall be great the first time I started getting money from outside the country I didn't know anybody body there I you know anybody randomly I mean we held camp meetings when not taking offering in the ministry free Camp B accommodation Transportation materials beginning days because the Lord taught me practically how to engage forces I'll be a long ring somebody will meet me how many of you can say you have of testimony somebody meet you on the highway and say the Lord sent me to you that's how you know life is spiritual somebody is on his own God sent him to come to R to meet me and said I will find just like read the Bible go to me I will find before I left J that day I changed my cloth I changed my cloth three times I did not know why until I saw that person that's why I was struggling with the cloth because there was a right cloth I was supposed to wear but I was too hasty in dressing but I felt as I left the came out from the door all people don't feel all of those things because they don't pray regularly they they are not H they Auto cor of not work you should know no no this not follow this thing not follow this thing not follow go over it again let's do it again let's do it again Hallelujah life is not ordinary mind is not ordinary Hallelujah have you learned something this evening amen best days are here great days are here yes sir let how to run with words sir we have the good guys and we have the bad guys to contend against Hallelujah we do if the Lord tells you not to travel do you need to quot 91 for him nothing can no evil shall come near me is it no evil that shall come near you that you not to travel are you seeing the issue because we know too much word we not be quoting the Bible for Bible verse back to the Lord oh Lord oh Lord I go in safety is I go in safety that say you should not move so when you read Genesis to Mal you see aanes words were spoken Elijah said to the Widow of zarat the bread will the flower will stay one word the flower will stay in no go finish she said I will eat it and die say it will stay say [Laughter] get out of my Your centy Grace rubbish teaching Supernatural is real I I don't believe anything Supernatural I I believe it I don't say rubbish man of God say eat from one p for one year eat for 12 years the issue is that there are things God will not repeat again for example Israel they so clothes today now but in the wilderness because there was nowhere to get clothes their clothes not wear out but clothes are normally supposed to wear out but the did

not because there was a force acting on their clothes because there was nowhere else they will get clothes there nowhere else I told you my own testimony because I don't know how to swim I said God forbid if I ever fall into a sea go I go walk on the water cuz I can't drown that is impossible i' I've removed that possibility so I can expect that kind of Miracle but I'm not careless I don't need to not go and learn out to S because of fear no always stand in the light of your Authority life is not ordinary so one of our brothers outside the country now and he said oh I have gone back and played that your prophetic word you gave me before I traveled again and again and again I realize that many of the things that are happening now just the things you said just the way you said it other person not they play their own again they not they think on her they not they know just another meeting we say there are 25 persons here they have start commoning it which one is 12 persons here they on the ground what there somebody got promoted two times in in three months you didn't see that one in testimony to to challenge you no there's nothing about that and that person say she was not even thinking of it because they had just promoted her but I still came and lay down on her and said now I see now it still happened say there's nothing like that there's something like that there's something like that you will go you will get it I mean words have said like that to some there's something all of us are not D we're smart spiritually you can have 10 times result you have now that's why we must learn how to engage it because we not get Calabash for compound we not get tree for Bak we they go consult Yahweh is our Rock and our Fortress and he's enough for us it's enough for us is enough for us that words you need to sleep with tonight go back listen to the word again and again pray with it that Isaiah chapter 60 the a shall wait for you the Sheep of is not a Bible verse oh it jumped out of the Bible verse that was when God first gave me that verse that was the first time somebody outside the country sent me money not one of the person I know I don't know how the person came to know me Theory time is not anybody that I had raised or any life I blessed say from a far [Music] country somebody chatted me on Facebook then that same Peri when I started praying on that verse because it was a word of the Lord told me person said I've always been seen you I really want to have your account [Music] details was a brother that somebody gave my message he was in Spain he got healed of HIV listening to message he sent me one thing that can break the account back it was in that period of the shall wait for it was relative to preaching the gospel but also relative to material increase I knew the two I knew you pray on it say no no no no no no you stay there I'm still praying on that W now is even now I'm put on it stronger than before stronger than before my biggest greatest help I've always come from outside the shores it must not be like that for you because that vers leaped out for me the same way it shall come to the grave in a full like com in a season I saw that verse literally the Lord told me you have used your leg to walk out of death it is only at your own will you will draw your leg into your bed and die you cannot die again in the sea in the air and one voice from nowhere said what if they shoot you the another voice answered but they shot your friend now and the bullets were all on the ground your life is not in the sea it's not in the air it's not

in the ground it's in the hand of the Lord that's forces is a Bible verse but I engaged it I once wrestle some people I will not be sharing some of those you not going and do it they were all armed to the teeth but he meant nothing the Lord is with me as a mighty terrible one therefore said the stranger shall fade away from their Clos place as soon as they hear of me they shall submit they shall fade from their closed places then I beat my enemies at the dust of the air now you not like psalms now cuz you are too christocentric no they forces to engage look how many of you share testimonies oh my wedding went fine you know why your wedding went fine because you finally had a project to channel God's power to marriage for you was a project because if you were if you were taking your business seriously you would have seen those same words push you would have seen that because for you marriage was like a project so God now say I've been looking for way to enlarge this Brother since okay you not started seeing help from person I don't know somebody I don't know from here somebody I don't know from here that's how we live life one of my friends is not a pastor stays in P mindblowing testimony he not a pastor it's not a pastor it's not a pastor so you know say people are give to because a pastor the boss just the boss bought an iPad say take the next time the boss bought a car for him and say take it's not at least his man it's not woman so you can't say slept with the boss now man to is correct now man and the boss is not gay said he just came from he said he just came from in 21 days because he was in a meeting where the man of God looked at him and said I see people just submitting things to you submitting things to you he used it to do 21 days people started submitting things you there's nothing like that what is that submitting things I think they submitting paper to me you reduce your own to paper he use it to pray oh Lord people are submitting it to me the word has gone forth two things were submitted to him in that period as he came out from the 21 it's not that he by 21 it's not that it's by seven it's by I believe this thing I'm willing to press in until I'm taking your time I know but you need results yes you need result oh yes sir everything not be sense so yes sir everything is not sweat oh yes you are not under cause when you are under cause it's only sweat cause means you are outside Supernatural help I'm not outside Supernatural help I have Supernatural help I mind the things I say I mind the things I do Hallelujah H there a day I brought a brother out here I hope that brother take that word seriously some because some people don't know how to stretch word they just get satisfied 2 million 3 million came no no no no no what I saw was big just out of everybody inside meeting I just called him out I brought him there I said now no now no now there's a brother I repeated one word for him over and over and over he's not yet married but I been repeating one bar this Prophet is not blind neither is he de is he dumb that I cannot speak Hallelujah I have not corrupted my Ministry I hear clear oh run with words run with words run with words was same words I've spoken over my wife say there's no way I said no it will be it will be the easiest delivery she said yes my Prophet have said it to be the delivery she almost give my car you were if was with us you were with got three minutes because we were looking for file cu the Lord said that church will be called Zion for Zion tra that that verse came out from the Bible what is

God's word coming out from Bible for I have God's word I know oh never see never see
anything never see anything I was going through something where the Lord said my
second child say the child is AAR for the I heard that Bible verse from dream I woke up
from sleep the god of my father say was my help and delivered me from my [Music] enemy
that's a Bible verse I from the way it sounded it look like a Bible verse I sech it that I said I
know the name of that child reminder just like in the scriptures those some childr were
reminders of what God is doing it was now the time of two wordss meeting in one say so
that's what I see say okay all right all right all right all right have I Ste you up this evening
yes maximize the urant of the Prophet maximize the power of God pres in our midst
Hallelujah reason why some of you you are you afraid to break out of those little because
you feel like it will be it will not be the end of you it will not be the end of you it will not it will
not it will not I can assure you it will not it will not it will not it will it will it will not be great
days are here in the name of Jesus come on praying the Holy Ghost
