

blessed mightily s words will come for us the utterance of the mighty is in our midst words for lifting Miracles and even as we continue on the series on unseen forces eyes of our understanding will be enlightened I will never be the same again in the name of Jesus be blessed I'll be transformed I'll receive miracles in the name of Jesus Amen have your seats if you can and the users obviously are going to walk over time [Music] [Music] [Music] Psalm 115 and [Music] verse 15 Psalm 115 and verse 15 you are blessed of the Lord which made Heaven and Earth remember the Lord which made Heaven and Earth is that the Unseen and the sin word the heaven even the heavens are the Lords and the Earth has he given to the children of men the heaven even the heavens are the Lords but the Earth has he given to the children of men nothing happens on the earth without man the dead praise not the Lord neither any that go down into silence but we will bless the Lord from this time forth and forever more praise the Lord amen hallelujah and so we have established in this series on sin forces that we looked at the good guys and the bad guys the good members of God's heavenly host and the bad guys who became rebellious and corrupt and looked at the paths of darkness and we we're very exhaustive in how we talked about supernatural beings associated with the realm of the dead and we have authority over them all Supernatural beings associated with geographical dominions what is called territorial Spirits or princes of the Nations we have authority over them we looked at supernatural beings associated with idolatry or opposes God's sacred Place against what God is doing on the earth and we said we have authority over them all and that's where we talked about howling creatures the goat demon of Leviticus 16 azazel ninth monster and all of those things and we said they self fright scary creepy and 14 we talked about we said there are also supernatural beings that threaten the natural world we talked about chaos beast and symbols and also we talked about the evil forces of nature where the prophets of old talked about God's Deliverance ability Psalm 91 as a as a case study of that that says thou shall not be afraid for the terror by 9 verse 5 nor for the arrows that fly but not for the pestilence that WTH in darkness and it gives a personal touch to the word pestilence like is the being because the ancient had pestilence as a deity the Canaanite religion has pestilence as a supernatural being that works in darkness and cause Havoc A thousand shall fall at TH side 10,000 at thy right hand but shall not come night the only with eyes shall thou behold and see the reward of the wicked because thou has made the Lord which is thy Refuge even the most high thy habitation there shall no evil Beall thee lest thou Dash thy fruit against a stone so two two personalities are in verse six pestilence the Hebrew word deba and the word destruction in canite religion I used to explain deities that cause Havoc was also members of the Dark World verse 13 thou shall tread upon the lion and the other the Young Lion and the dragon shall thou trample on foot now is this the believer is this the believer because it says he that dwells in the secret place of the most high and that's the believer we in Christ in God we believe in him amen we believe in him but notice he says I will say of the Lord and we're going to go right into that I'll say of the Lord so there's what to say tell your neighbor there's what to say there's what to say words are very

important words are right you know sometimes people say things like is it that I said that time that I said that time I not mean it now that I said that time why can that I said that time be affecting me is not that time you also said Jesus is your lord is he not still your lord is still your lord AB that you said it that time doesn't change the fact that it will still be happening it was that time you said Jesus is your lord and see your L today did that time did not change him from now being your lord he still your Lord amen still your your God hallelujah because that time you said this is in a marital context this is my husband this is my wife and since that time the person is still even when you have said words to each other I'm tired which is a stupid word to say in the marital context I'm tired of this Union but yet the marriage still continued amen hallelujah we have authority we have authority Philippians chapter 2: 10 says we have in heaven in Earth and under the Earth AB knees shall bow things in heaven things under the Earth and things under things in heaven things on the earth and things under the Earth at the name Jesus every knee bow of things in heaven so I have authority just like the worship team we singing I have authority in heaven Earth and under the earth I have authority I have authority I have authority I have authority I have authority in heaven in heaven on Earth on and under the earth I have authority I have author I'm in charge in charge Hallelujah and imagine you internalize that fact imagine you internalize that fact because angels are not the only unseen forces on on the earth neither are devils the only unseen forces on the earth man is the force on the earth too and the activities we do in fact no supernatural being has access to the Earth without man the entrance of spirit into the Earth is always true man man contacts three words and the supernatural beings have no entrance to the Natural words without true humans because man was made to function in both world and man has the right of legality man is the custodian of the Earth real man is in charge of the Earth real man is in charge man is in charge Hallelujah and we saw in Hebrews 12 they were surrounded and we said the word surrounded says that we are also a part of a great cloud of witnesses so the Ephesians uh chapter 3 that talks about the family in Heaven and Earth so God has a family in heaven he also has a family on the earth Hallelujah and his unseen family was made before his seen family but his intention as the prophet said in Psalm chapter 8 what is man thou are mindful of him the son of man thou visitest him you have made him a place of your habitation that's the word visit as crowned in glory and honor Thou made him to have dominion over the works of your hand we have dominion so God has given us a position Isaiah 14 e 28 man was the being to sit on that high God is far above th are exed far above th are far above all the gods Ephesians 1 2021 says we are far above Ephesians 2:6 say we are seated together with Christ in Heavenly places far above all principalities and parts and many times the reason why we do not see ourself as a force why we not see oursel as a force because of all this I'm only human I'm only actually that only human is what makes you a force to be reckoned with let us make man Mankind in our image and let them have dominion so God say that we let them have dominion let us make man in our image Mankind in the image of God how did God make man Genesis chapter 2 how did God

make man God formed man from the dust of the ground so there was a creation and a formation God created the spirit of man God formed the body of man the form is molded God molded the body of man from the dust of the ground and God breathed into man Genesis 2 the breath of life now man is not alive without God Source without something from God there's something from God that makes man physically alive and that's what is called the spirit of a man the spirit not the spirit of God the spirit of a man there's a spirit in US amen there's a spirit in all there's a spirit in all man is Spirit soul and body f is only have 5 it sanctify Holy Spirit soul and body man Spirit soul and body or better still use the uh the narrative in Peter and Paul in the pastor the Inner Man and the outer man amen the Inner Man the outer man so man is tainted by nature there's the Inner Man and there's the outer man the inner man which will say the spirit of the Soul now of course the spirit and the Soul are words used interchangeably Spirit and the Soul are was used interchangeably I use interchangeably a lot in the Bible that many times you just see the word spirit is thrown away and just the word soul is used to refer to the entirety the core of man so he says the souls went to souls went to hell soul soul souls are used espe Genesis to Mali has a lot of use of the word Soul just like there a lot of use of the word Spirit then they now had to develop a word so that the spirit and soul I use interchange with the spirit and so are just basically the same thing they just the Inner Man and there's not theory part as it were one two the or Theory containers the boxes and all of that but the spirit soul body uh entirety of man how man is referred to in the scriptures how man is referred to the whole of man all of man is referred to in the scripture spr soul and body then the prophets the bial writers now developed a word called heart h e a a r t the love the word heart and mind and the word heart sometimes also used to talk about the spirit and the soul and in many context the word heart deals with the word mind Hallelujah the word heart deals with the word mind so man is Spirit soul and body man has a part of him that is God conscious with my spirit I'm God conscious my soul I'm self conscious with by Body I'm word or environment conscious now whether saved or unsaved Proverbs 20:27 the spirit of a man is the candle of the Lord searching all the inward part of the belly the spirit of a man is the candle of the Lord when a man is not born again that candle is off Jesus lights our candle is the Life Light of Life he gives us his spirit and our as we're reborn recreated our Spirits our life for every human being has a spirit there's a spirit in man that will sustain him in the time of infirmity the prophet said so there's a spirit in man and that Spirit sustains man in the time of infity man has a spirit man has what a spirit so man is Spirit soul and body and in the negative senses there are men who have uh which we will call mediums wiches Wizards who have done things said things agents of the powers of darkness and they are also men there are also men or they are not there also men when you say native doctor or witch or wizard there also men and I give you a context in the course of our teaching there are also men notice not saved but how is that man able to connect with the supernatural without God because man at the core of who he is is Supernatural man is a supernatural person not the Christian the Christian obviously is Supernatural man is Supernatural man mankind human beings

are Supernatural because we are image of most high we are the image of God God in the Asian setup you once you put your image the image of a d is place in another location it speaks that that location belongs to the deity and it speaks that the image is a representation of the de and God created another realm called Earth and he put man there as His Image speaking that man obviously because the image is Supernatural the being is Supernatural the image is Supernatural the deity is Supernatural obviously that's why they make the images because the image is Supernatural so at the core of who man is man is Supernatural I shared with you a story before of a young lady who got angry because her boyfriend left her dumped her used her destroyed her life and so bit her I mean this many many many years ago well over a decade ago and were to pray for her and I was praying for her I saw that what she did she went to her backyard and she plucked the leave and lifted it up and said some stupid words and that's how she became possessed that's how she opened the door because how did she know to speak to the son and she said as this thing is so with this man be and she said all of those things and after that she began to have some dreams she began to every time she's walking she would speak to the ground she would speak to the air aha that's how I start speaking to the ground speak because she didn't need somebody to introduce her she's capable enough to introduce herself because man is Supernatural so immediately she began to stand as a priest king and Prophet only that not for God she became she her staff appeared in her hand AB immediately she saw herself like I'm a priest I stand between two words I mediate cuz that's what she was mediating and truly it began to happen to the man according to her words yeah she began it began to happen to the man according to her word words began to happen to the man according to our words after that you spoke to son the other day you saw result he spoke to the Earth spoke to that from there she became possessed and became a serious case that's how many years ago was called to pray for her and I casted out out evil spirit and she was free and I as my custom is when I'm praying for people like that the gift of Desiring of spirit couple with the gift of word of knowledge works together in the scene and knowing and you just pick all the details and I picked all the details and I told her is this not so she said ah it's true it's true it's true and you gave yourself and I said use your own words now that casting out that devil I said use your own words to say I belong to God I'm of God and I got up Born Again filled with the spirit T her God's word for a moment and I left and she's still free there's something about standing on God's word but it's good we know that man is Supernatural man is what superal man is Supernatural man is what man is Supernatural so what about people speaking rubbish and negative people like that speaking things over me Isaiah 44 and verse 25 that frustrated the tokens of the liar and make the Divine Earth M was one day I was I was praying and I heard the Lord has made the Divine as mad you know there are Old Testament verses the Lord has made the the Divine M I said I know that from somewhere I said that's think that's I set it that Isaiah 44 that frustrated the tokens of the liar and make the Divine as man that turth wise men backward and make their knowledge foolish was not what happened to a yeah because the

Lord is with me because the Lord is with me he make the counsel of wise men fall backward who make the counsel I didn't hear your amen yeah that's true and you have to internalize it he will make the counsel because a set gangs up and that's why some Ministries just devote themselves to only about those gang up only about those gang up only about those gang up no because many times they were gangs up frustrated the tokens of the Li and make it the diviners Mad made them mad [Music] has made them mad there's no divination against Jacob remember number 23 surely number 2323 surely there is no enchantment against Jacob neither is there any divination against Israel is not being done by men so if men in the negative can be orchestrating and arranging things what about men in the men in the negative what about men in the positive what about men with God hallelujah John 3 he that is born of the spirit is what Spirit I'm born of the spirit born I'm born of the spirit of God I'm born of the spirit of God first Corinthians 2 calls the Man in Christ a spiritual man I'm a spiritual man I'm not a natural man I'm a spiritual man the natural man is Supernatural the spiritual man is Supernatural the only difference is Source s o u r c e Source the natural man has Source from where natural man has Source from where natural man has Source from where natural man has Source from where from the natural and if he chooses to involve Devils from that side the spiritual man that is Born Again has where so I not natur men that are spiritual that's the TIC all of those things but man that natural man is by by Design is he human beings by desire not spiritual but notice how we now separated because he's want to show you where proper functioning lies because God ever intended us to function outside eternal life the man outside eternal life is not God's man is existing outside of the provisions for creation God is Not make man to walk outside of him God made man to have his days in his days our days are in God's days hallelujah our days are in his faithfulness our days are in his rest and so when the prophet of began to teach about the faith or the faithfulness of God as we saw in Hebrews 11 they said substance of things hope for evidence of Things Not Seen and they wrote the Unseen word wrote about the Unseen word with using sin vocabularies amen hallelujah we need to learn how to say words learn how to say words so emphasis this morning I'm a force on the earth I am a force on this Earth [Music] on Matthew 28 Jus said all authority in Heaven and Earth is given unto me go ye therefore Matthew 16:19 is what I have the keys of the whatever I bind on Earth is bound whatever I Bound in heaven is bound in heaven I'm in charge I have authority I Authority I have authority and I use my authority I author Hallelujah and that's where we cannot talk about man being a force on the earth without talking about the life of Faith the life of Faith what do you believe what do you believe what do you believe and what do you know two very important things because the man in Christ is a Believer he is not studying to believe he's studying what he already believes he's not studying to believe he studying what he has already believed so I'm not learning so that I not say oh I did not believe before now I believe no no no no I'm studying what I believe about God I'm not studying to now that Jesus is my Lord I already believe Jesus Is My Lord I'm now knowing I'm studying what I believe my faith informs my logic my logic doesn't

inform my faith my faith informs my logic are you here my faith informs my logic my faith informs my logic my faith informs my logic my faith informs my logic yes sir so it doesn't need to make sense it doesn't need to make sense I'm called to live a life of Faith called to live a life of Faith Galatians 2:1 I live I live the life I live in the flesh I live by the faith of the Son of God who loved me and gave himself for me I live by the faith of the Son of God so I live by God's faith four times the word is used in the New Testament the just shall live by faith the just shall live by faith the just shall live by faith the just shall live by faith Romans 1:17 Hebrews 10:38 Galatians the JW shall live by faith the Jo shall live by I live by faith I Was Made I Was Born Again by faith and how I exist as a Christian is by faith so everything I do I do it in faith by faith with faith of faith I'm born of Faith Hallelujah I'm born born one of faith I'm a I'm a faith man say yeah so I'm not all this word of faith people I'm a Word of Faith man I'm a faith man I Was Born Again by the word of faith Romans 10 say the word of faith the gospel which we preach first John chapter 5 and verse 4 whatsoever is born of God overcometh the word and this is the victory that overcomes the word even our whatsoever is born of God not say whatsoever is born of God are you born of God yes sir are you born of God yes sir I'm born of God I'm born of God whatsoever is born of God overcometh the word and this is the victory that overcomes the world you're dry fasting this is the victory that overcomes the world what is that faith is it whatever is born of God is that the Fai whatever is born of God whatever is born of God whatever is born of God whatever is born of God whatever is born of God overcometh the world this is the victory Jesus often used this language the least to the greatest when teaching about the kingdom because there's maturity there's growing up but it's not growing up that gives me the things that I have in Christ Jesus I have it growing up maturity is for exercise so we said knowledge is the most operative word in New Testament what do you know philimon 6 says the Comm of our faith is effectual by the acknowledging of every good thing so to the degree my Christian Life is effected to the degree that I know and that know is I know that I know that I know that I know that I know that I know knowledge is real there's a way you will be walking there there's a way you'll be walking when you he the governor is by your side ah all of a sudden there's a knowledge you become careful I do not know see all of a sudden that knowledge is provoking an action say I do not know that was the president I don't know he was all of become careful because of what you know because of what you know because what you know can affect you what you know can affect you knowing not knowing this no no no no knowledge is very important so when you say man is a force what do you know and how are you living as a Believer and it all begins with what do you know do you know do you know that you know that you know that you can never have an issue with Devils Luke 10:19 said behold I give unto you power behold I give unto you power behold tell your neighbor behold behold have you seen it have you seen that's the challenge behold so it's not what my pastor said no no no no no that means you have not seen it yet I was told that means you have not seen it yet but he said you wake up in the morning ah I know hey I know so behold SE I give unto you power to trample upon

sharpens and scorpions Just like1 To Tread upon the lion trample upon sharpens and scorpions remember what that is is that PA of Darkness we said animals are used to depict the Unseen word we explained that P of and nothing shall by any means hurt you so in this life nothing can hurt me and again when you meditate on that verse because meditation is for our Prophet our prophet will appear to all meditate on these things Paul say meditate on these things as you think on it notice it says trample upon serpents and scorpion and nothing what is the nothing serpents and scorpion serpents and scorpion are the nothing and nothing shall by enem me H to you so as you go through life some people you don't know you don't need to always Liber as you speaking in Tong no they touch you say they call something they call touch and follow how did they touch you and you followed what a shame because you needed to always be conscious to be able to exercise your Authority no no no no no no no no no no no no no no electric naked wire is naked wire does not even ask whether it's a baby you the the the the um let me see what that man said please out of context V Bish but you you touch me you die by correction that's naked wire Ned does not say it's a baby will shock the baby from many Direction touch from backou from front you shock your life out of you I know who I am I know who I am you know that's not the confession the confession is not I know who I am okay what is that thing that you know that's what we are talking about what is that that you know because the confession is not I know who I am that's not the confession you have said nothing I know who I am what is I know who I am so we that we only say that as a submission I know who I am so what is that so you think on it you take your Bible you take your Bible behold I give unto you power he has given me power what does this mean power you check the meaning of Power Authority oh delegated power I have authority I have delegated so I have jurisdiction I have jurisdiction I have authority I maintain order oh boy behold I give unto you po say put on your shouting clo you know there some I see it the first time I began to see the light of my authority student in school I called my friends I said let's go I hardly ever ate in Booker three times I ate in Booka all through by days in uned and the two times it was to celebrate truth one of I took I said let's go eat I one you what I said this thing I said I found it I'll never struggle with Devils again in my life far above they say is this that's not no I say you didn't get it I say far I'm far and I'm above I saw it I saw the devil running I saw because I medit I was thinking meditating on that authority of the believer I had I slept off after thinking meditating on it in my dream I saw I was ping the devil he was bending he was bending I was P the I could not see him again before I B he has B before I B has the said that's how it will be you now know you have authority over Devils they know your voice they obey you it's like the sense the demon that dead with the sons of ska say Jesus we know Paul we know about who are you say rejoice not that the demons but that your name is written in the book of life that your names are written in heaven then he say behold I give unto you power remember that Luke 10 so it's a normal thing for the Devils to be subject to you it's a normal thing yes so I'm not among those who say ah they are big Devils or strong Devils no no no no no no no nothing nothing shall by any means hurt me nothing shall by any

means hurt me are you sure do you know that you know that you know that you know you stay on it you know you can stay on one vers for 6 months you are still eating the ver yeah that's FY so because you see if you know what knowledge is the operation many years ago I went to pray for [Music] p 2 and I always M I'm not good with years 200 is it 8 2008 yes yes yes 2008 2008 I went to go and pray for power oh Lord give me power labor power to change my word power to change my word power to change my word power to change my word I really I didn't really feel that prayer I was a bit distracted I was in school I was already distracted so I just left 2009 I returned back this time was a campground in J Mar I was thereo I entered there I said now I have come I said Lord give me power real power raw power practical power power to change my word I began to pray I was pray the Lord said to me what are you doing here I felt insulted what are you doing I heard it loud in my spirit what are you doing here I said Power you know how you pronounce it it's not power power it's power said power to change my word said said yeah I I I did as if I didn't hear what was I continued he asked me what are you doing here I said Power like never before La I can still remember it an upstairs r i was jumping help to change my word and he said what does acts 1 ver8 say I've said the story before I've just given you the year act 1:8 say I said I know but I need power so I quoted the verse for him in case he was not sure and you shall receive power that the Holy Ghost is come upon you I said I have power but I need practical one I know the say you shall receive come upon the holy ghost has come upon me and I have but I need practical one power to change my word and the Lord said to me the issue with [Music] you is that you don't know that you have power I felt insulted you don't know and I'm here I I I could quote the verse for you me felt insulted like of course not offended so I did the no now so you ought not to be praying for power you ought to know about the power that you have then he told me Ephesians 1 where the PO again I said I'm a boy I'm a boy I know Ephesians one now eyes of your understanding being enlightened he says he noticed there that you may know what is the exceeding greatness of his power so you need to know the power you have I said then he said I will now need to tell you how to use the power you have you already have power I need to just show you how to use the power that you have and from there you teach the body of Christ what we call activation meetings how to flow in the things of the spirit because it's a knowledge issue it's not a power issue that the body of Christ have it's a knowledge issue you need to know you have power and you need to know how to use that power how to use that power so knowledge is very important knowledge is very important and I'm very loud with knowledge what do you know so you can stay there some of you are surprised I say you can stay on that one Bible vers reading it thinking on it 3 hours thinking on it one month thinking on it people are shocked you can even begin to say it remember Hebrews 10 you begin to even say it why does God's word come to us come on come on come on come on why does God's word come to us so that we will what thank you God gave us his words so that we will have words God's word so that we will have words God's words are words did you get that God's words are words and he gave us words so that we have words to say I T you

that in the year of Prophecy that prophecy comes that you have word to say let your conversation verse 5 be without covet and be content with such things as he have for he has said I will never leave or forsake so that we may boldly the Lord is my helper I will not fear what man shall do unto me so that we may boldly so I will boldly say I will boldly say I will boldly say I'll boldly say I'll boldly say I he have said so I will say so God's word comes so I will have what to say words are that important words are that important I began to meditate on job 5 as a younger Christian I'm still young I began to meditate on that that verse of scripture you know job 5:26 I said thou shall come to the grave in the full old age like a shock of committing in season two years I was here on that verse of reading other Bible verses but every time I pray I remember that verse I think it I said shall come to the grave in the full oage shall come to the grave in a full AG come to the grave in a full AG then one day one day I was praying and I heard the Lord say your life is not in the air your life is not in the sea your life is not in the land you have caught your ticket with God and God uses K's language because uh uh I was um 19 years and I've read all of K's book I mean yeah first time I'm mentioning all those things I was 19 i' already finished all K Books amen so God uses K language just like God used Eli's voice to talk to samel go use the voice because he was the greatest example of the prophetic Ministry and the Teaching Ministry and I knew these were designations in my life Hallelujah that's the clearest picture I could see local church I grew up in didn't allow I mean the Pastor could speak one tongues every time the same Tong for long time the founder no more the branch were attending come on it's just not I knew I was born for something I can't go the way others are going so I kept pushing pushing pushing myself pushing pushing pushing myself before God later on after many years began to bring men my way in natural amen I began to think on this verse thou shall come to the grave in the full H AG the Lord said to me your life is only you have written your ticket with go I remember that statement I said yeah what said your ticket with God he said yes your life is not in the sea life is not in the air so because Ki said he told his father-in-law said that why are you afraid to die just draw your leg into your bed just go when you are ready just go why you afraid to die how you afraid to die if you are ready when you are ready I saw it ah only on my own terms will I go is in Bible but now he staring me in the face he in the Bible but now he staring me in the face it's not just a Bible verse it's now a cent word it's not just a Bible verse it's not just because faith is not just is not quoting scriptures it's real is tangible Hallelujah one I I I read this verse in I I read this verse and the power God jumped on somebody and that's what I was waiting for before I ended [Music] I often quote verse 12 devices of the crafty so that their hands cannot perform their what are you seeing it he disappoint devices of the of the craft so that their hands cannot perform their evil Enterprise I've seen this in my life people that matter gangs up Supernatural physical disappoint devices of the crafty so that their hands cannot perform their evil Enterprise look at verse 19 he shall deliver thee in six troubles yeah in seven and there shall no evil touch thee if you say every time every time evil they always touch me evil they always touch me why not think on this why not eat on this Hal Hallelujah

why not think on this why not eat on this thy words were found I ate them and they were my joy and my rejoicing why not stay on this word because that's how you are engaging forces that's how you are engaging forces so that's how you are engaging forces he shall deliver me in six troubles yeah in seven shall deliver me in six trouble particular to Mankind and even a perfect trouble is just numerology because it's common to the Hebrew people so he uses the number that matter shall deliver me in six trouble yeah in seven and there shall no evil touch me remember evil We call we saw supernatural being responsible for evil forces of nature so you say it there shall no evil touch me Hallelujah in famine he shall Redeem Me from death and in war from the power of the sword thou shall be hid from the scourge of the tongue I shall be heed from the scourge of the tongue neither shall I be afraid of Destruction when he come neither shall I be afraid does that look like Psalm 91 Nei shall I be afraid of Destruction when he comes Hallelujah Nei shall I be afraid of destru when it comes there's a lady here a the persons like that particularly a lady you need to hear this that evil that has been touching you stand on God's word that's the end he shall deliver me he shall deliver me in six troubles yeah in seven and there shall no evil touch me now I say to you God even your God delivers you in six trouble yeah in seven and there shall no evil touch you there shall no evil touch you in the name of Jesus there shall no evil touch [Applause] you yes you and that's it the power of God is on that person now glory to God Amen that's the end the scourge is over the scourge is over the scourge is over yeah that's the power of God help the scorge is [Music] over the scorge is over in the name of Jesus the scorge is over so I know what he have said I know what he have said I know what he has said and I'm walking with it I know what he have said I'm eating it that's the life of Faith Mark 11:23 is say 22 say have the god kind of it have faith in God verse 23 now you shall say to the mountain be th remove be the not doubt in your heart but believe that which you say shall come to pass shall have whatever you say no I'm not believing God will do it I'm believing that what I say will come to pass why does God's word come to us so that we have what to I have what to say to say so you put God's word in your mouth why words because God made man as a speaking Spirit God made man as a speaking Spirit primarily words is how we exercise Authority I mean 90% of our exercise of power and authority will be found with our words what say you what say you hallelujah what are you saying what are you saying what are you saying what are you saying hallelujah look at what Isaac said to Jacob Genesis 27:37 he said I have sustained him I have sustained him I have sustained him I've sustained him I've sustained him Hallelujah and he came near and kissed him and he smelled the smell of his remed and blessed him and said see the smell of my son is as the smell of the feed which the Lord had blessed 27 look at what it says in 28 therefore God give thee of the Dee of Heaven and the fatness of the earth and plenty of corn and wine are you seeing words were spoken let people serve thee and Nations bow down to thee now at the end of all of that Esau now came in what's happening I brought the food and Isaac his father said unto him vers 32 who are D he said I'm thy son I'm your first Bor oh it's not fair remember it was they didn't write it was an agreement they

didn't write it in a document that day Esau said what is my best right to me now I just said it I just said it now now it's coming I'm the first born or when are you see the first born I thought you say you not the first born that day and it was not the normal speaking because once your intellectual gate your emotional gate are open to what you are saying to always come to pass it may just take time but you have using sty to be swearing for yourself except you nullify it over time by saying something contrary but words start a pattern and if you say it more than once or twice or tce it becomes now something that will come to pass so people always say things that none of my relationships ever last none of my relationship ever last talk like a fool none of my relationship ever last has become a faith confession now your relationship are not lasting and you are angry you have always said it congratulations you are a prophet none of your relationships ever last and it's not boyfriend girlfriend relation normal relationship say I'm hardly I'm able to make friends for a long time I hardly I'm able to congratulations Prophet your words have come to pass you have always said it your relationship don't last me I'm a very forgetful person I forget things a lot continue keep saying it don't stop shall have those things which you say and Faith confessions are more than positive speaking no no no no no no positive speaking is learning though the words are positive but it's more that POS conversion because it's the words that made the cosmos were speaking God's word we speaking God's word hallelujah then 37 Isaac answered and said unto Esau behold see my son see something see something see something I have made him th Lord and all his beds have I given to him for servants and with corn and wine have I sustained him and what shall I do now unto the my son that was not be my not be by mistake talk I cannot retrieve the words so he now added I've already sustained him I've hedged him round I've sustained him I've braced him with support I've already supported him all what he has all around him he has brazing he have support all around he turns here there support he he sustained he's leaning on the breast of corn and wine I've hedged him around is too late I've hedged him that's what we are talking about and you can be a provid of your own life too yeah speaking words and saying that's why we are teaching these things then you also be in a meeting like this you receive words and you act on those words but you must realize you have authority Matthew 8 to say to one go and it goes come and it comes so use your Authority say this is what is happening in my life you don't learn how to just wake up in the morning and say money come now say is it by like that is it by like that no no we're not saying this is a sound Ministry build physical infrastructures nonetheless not sleeping inside your room build physical infrastructures build physical infrastructures let the power God be able to come on something I said to you yesterday it was when there was no more vessel that they estay physical infrastructure to handle the blessing I have already sustained him I you fell High I have I have sustained him so he's laying that's what he taking him that's what he's moving with he's moving with words is moving with words now Jacob showed us that Angels were involved in all of this pronouncement because he wants to bless his own children Jacob 48 so that you take what seriously Genesis [Music] 48 verse 12 and Joseph brought them out

from between his knees hope you know what that means so Joseph had been praying so he brought them from between his knees he had been praying for his children he not knew what to do to bring his children to meet his father he brought them from between his knees and he bowed himself with his face children cannot pass under his leg now Common Sense cannot pass under his leg he brought there because the Bible believe you know what the knees mean what do you do on the knees is pray he brought them and Joseph took them both Ephraim in his right hand towards Israel's left hand and Mana said his left hand towards Israel's right hand and Israel stretched out his right hand and leiding on ephraim's head who was the younger and his left hand upon man's head guiding his hand wittingly for Manas was the first born and he blessed Joseph and said so his hands were like this on his two children and he was talking to Joseph and he said to Joseph God before whom My Father Abraham and Isaac did walk is is didn't you see how the office of the Prophet was Pastor Abraham Isaac Jacob Jacob wants to pass it to Jacob wants to now pass it to Joseph because Joseph will now be the firstborn who will stand in that order he L is is is saying similar words that Abraham had Isaac head Jacob head the angel which redeemed me from uh verse 15 he blessed Joseph and said he blessed him God before whom My Father Abraham Isaac did work the god which fed me all my lifelong unto this day the angel which redeemed me he called the Lord the angel the Malak Yahweh which redeemed me from all evil bless and let my name be named on them and the name of my father Abraham Isaac and let them grow into a multitude in the midst of the earth Kai Kai let them grow into a multitude in the midst of the Earth let them grow into a multitude in the midst of the earth now God once told Laban when he saw Jacob that he should be careful what he says Genesis 31 Jacob had left laban's house he had gone with his family but his wives took some Idols along very silly so Laban on the third day that Jacob was fled he took his bed with him and pursued after him vers 23 seven days journey and they overtook him in the Mount gilled and God came to Laban you know why God came because Laban already had bad intentions and Laban and God came to Laban the Syrian in a Dream by night and said unto him take it that I speak not to Jacob either good or bad the way your blood is hot so don't meet Jacob and be talking like that remember he said I have made all your beds to serve you inside that blessing 27 Genesis that's what his father said to him verse 25 La took Jacob now Jacob had peached his sent in the mouth and laan with his Breeden Peach in the Mount of GAD and laan said unto Jacob what hast thou done that thou has stolen away on our W to me and carried away my daughters as captive taken with his SW notice he not what he actually had in mind was not good you see I is using gentle conversation talking gently 29 so in case you are not still sure verse 29 it is in the power of my hand to do you Hur it is in the power of my hand to do you h but the god of your father spake unto me yester night saying take thou heed that thou speak not to Jacob either good or that thou speak neither good nor what it means in simple English beware of what you are about to do unto him just like when Abraham was touched carelessly they were dying the I abim's house they were baring until he say a prophet he will pray for you now that's

him Laban before in Genesis 30 because he used to he had Idols he used to mix worship sometimes serve God sometimes have Idols Genesis 30:27 and Laban said unto him Iaan was telling Jacob I pray thee if I have found favor in th for I have leared by experience that word leared by experience is leared by divination so say I have learned by experience is the word I have consulted the divers Nash I have gotten Knowledge from somewhere else that the Lord had blessed me for thy sake so you cannot just run like that now now as you D going to move where way you cannot just go like that I have sustained him with corn and wine everywhere he went to see see that it was no joke lab Jacob himself now saw how to farm better Esau had been ranting around to he has posted on Facebook it has been training for 3 years what I do when I find Jacob what I will do when I find Jacob the N Jacob we see the the day the night before Jacob we see Jacob we see Esau he wrestle with that angel and the shocking thing happened is no no no some that you have been hunting down how many years and it was it was still all over the news that wanted no posters wanted Bounty hunters there's a bounty on his head now that he has crossed over for Jacob to know means it was still being present words have been spoken Luke Chapter 5 Jesus told Peter when Peter have told all night and caught nothing he say launch out Luke 5s for launch out launch out into the deep for a drought one transation say launch out for the catch of your life launch out for the catch of your life Peter they threw one net the net was already broken launch out for the catch of your life is it one net you will lent out or you lent you will you will let out all the net you have to see that they did not really though he said nevertheless at Thy word but he only let down one net you not they sleep only let down one net is not by what is not by what is the same river that toed all night that caught nothing that Jesus said launch out your net for the catch of your life a true one net if in nasty beon on the people with him why don't not take your own net when your mind is small you will reduce the word to your small size you reduce the word launch out for the catch of your life you throw only one net what happened to the other net what happened to the sons of zeb's net since they your partners take all their net that's why I said depart from me you are wondering why does what brings that for I'm a sinful man I said at your word I didn't finish this thing hey I had a small unbelief help my unbelief I'm a sinful man I did not believe this in Finish words have been spoken words have been spoken I have sustained him I have sustained him I have sustained him I've sustained him I've sustained him I've sustained him [Music] yeah words have been spoken words have been spoken I've sustained him I've sustained him have sustained him when a word has been repeated two times three times so you it means you have been sustained that brand to the Nations it has been said again and again AB there is Overflow there's any word that has been repeated again and again is a sustaining word is a sustaining word elishah laid said to the king Ah that's so you be you only short three times he say you would have continued shooting and you would have finished the enemy you only shot three times see if you had continued shooting you would have what finished the enemy you would have totally discomfited them but now that you have shot only three times only three times you will win sister why are you

shooting three times I only I only put in for three I only put in for four I only put in for two I only put him for one shoot many arrows in the name of Jesus shoot many arrows the power of God is on them bring them for me all of them keep them at this Edge all the people that the power of God is coming over sit down sit down we are still preaching sit down all the people that the power of God comes upon keep them there yes keep them there keep them there Shoot Many Arrow yes Shoot Many Arrow stop shooting the stop shooting Theory keep them there those that way just keep them here for me I'll lay hands on their head keep them those that way keep them this way Hallelujah why did you shoot three times the man of God said not tell you to shoot three times now you would have totally finished them but that you have only shot three times we win Theory times you only eat the times words have been spoken words have been spoken words have been spoken oh words have been spoken words have been spoken no [Music] bring out for me bring for [Music] me was have been spoken God is making you big 10 times bigger and I hear that word you are eating the fatness of the earth it's just the beginning says the Lord 1 million 5 million 6 million 10 million 15 million from this thing that you are doing from this thing then it becomes a well registered company that are B shareholders is this thing but now I give you eyes to see let it be bigger than your imaginations yeah let it be bigger than your imagination let it be bigger than your imagination yeah yeah yeah yeah yeah yes Elisha said second Kings chapter 7 Say by this time tomorrow it shall be sold for this it shall be sold for this it shall be sold for this words can reverse farino words can reverse farino words can reverse F words can reverse F me what can reverse fam is it by like that is it by like that it is by like that what can reverse F what can reverse F what can reverse farming oh Isaac was so blessed that in faming he was doing business and he got a 100 fold return in five minutes he got a 100 fold [Music] in famine he shall redeem thee from Death job 5 in me shall redeem thee from Death nothing dies in your hand even in famine nothing dies in your hand yeah even in famine yeah yeah the name of Jesus yes yes even in famine even in fing even in faming in the name of Jesus I know what I'm saying they say ah there is look at the text in job 22 it says you will lay up gold as dust that's not that you have plenty money no that's your estimation of money you see money as dust he said when you have started seeing money as D then the Lord shall be your defense and you you will have plenty of silver one of the reasons why many Believers can't give as people sometimes ask is there a connection between giving and material increase are bad there is but the key thing about why it is so strong it is the attitude of trust that we have when we give because when a man gives he saying God is my source when a man gives he saying God is my source it is that attitude of trust because believing always receives believing always receives that attitude of trust receives children that are reaching this world they not high many or trust on certain riches but be ready to distribute I do not trust in uncertain riches my trust is in the Living God who giveth to all men richly all things to enjoy my trust is in God my trust is in God my trust is in God TR God my TR trust is in God trust in God is your trust in God yes is your trust in God yes my trust is in God some trust in Travers some trust

in horses but our trust is in the Lord so when they ask you how did danis kitchen grow my trust is in the Lord yeah that's how it grew that's how it grew the trust is in the Lord my trust is in the Lord that thing you thought you were doing as a student from there 500 1 million 2 million and before you leave school you have seen it your mind is Big say how can I as a student ever think of making big money come on you can you will you can you will what God is doing right now is enlarging your pictures enlarging your pictures enlarging your pictures enlarging your pictures enlarging the pictures of your hope pictures of your expectation the woman said this is what me and my my son will eat and die the man say give me first and the and that bread [Music] stayed the reason why I have to tell you sit down sit down talking though the reason why it seems like oh giving is working so much what is all these things is the attitude of trust TR the attitude of trust is why you get it back because faith is a principle when you believe you receive so is there a connection between giving and your needs being met yes it's not because of what you give it's because of your attitude that when you gave that you were saying ah my trust is not in this thing that attitude of trust I'm I'm teaching I'm teaching you sound Doctrine sound Doctrine no sound teacher can say otherwise L I'm telling you is the attitude of trust that when you give you are saying I trust God I trust God that's why you are getting it back because faith is a principle is a law is not the generosity that is making God to meet my needs is that in my generosity I trust God so he meet my need I'm not buying the miracle I'm not giving that God will do this no no no no no that's materialism but my giving shows I trust God that's why one of the corresponding actions for Faith for finances is that God will now nudge your heart to give how many times I have said it God will be setting you up God will tell you an amount to give you'll be smart say ah this materialism we don't do that in this ministry those things doesn't concern me it concern me oh ah in word witness I'm getting a witness in my spirit to do something I do it the woman got a nudge so let us there's a there's a holy man of God that passes through this town every time let us build for him one place in our house here let him Lodge here oh it was just a nudge in our heart after the man of God Elisha has been coming again and again that's why we keep throwing away Old Testament verses and we are having half testimonies because he says Old Testament no is experiences of the power of God the experiences of the power of God are not Old Testament and New Testament is what the power can do he can still do with it today old Covenant is not Exodus to Malachi old Covenant is old agreement New Covenant is not Matthew or Romans to Revelation New Covenant is new agreement that made the first obsolete Hallelujah so I per is a holy man of God and that's how holy man of God so after spending some time so what can we do for this woman the man of God say should I tell the king about you the woman say I said I did I did I get connection say okay you see the man of God has connection it's not by connection it's not by connection sometimes you need connection the power got come on that person you need connection you are connected now yes you are why is the power coming on people because I'm a sign Prophet as I'm seeing the power is coming on because that's what I'm

echoing the places of power I know somebody that can do it send for him for just as Joseph was sent for is one thing they would have just nullified his prison sentence instead of nullifying prison sentence he became prime minister that's the kind of favor you are finding with your bosses that's the kind of favor you are finding with your bosses in the name of Jesus take it that's the kind of favor that's how you are having entrance in places in the name of Jesus your voice is being heard in places of power there's one of one there's somebody here one just an individual they are now making you say it's going to affect your church commitment a bit but you're just going to say but I'm not the PA before but all of a sudden the the manager almost like a a state or Regional something just say can you just be traveling with me traveling with me traveling with me traveling with me when that sign comes know you are the one and go for it go for it just for a season but it will set you up for bigger things says the Lord hallelujah hallelujah there somebody that was um uh it's like you were demoted recently it's not the nine word but Lord say stay don't leave stay stay in that place you will get more than you were getting before very foolish but it's supernatural it look like you were demoted of a sort of A Sort that person let the power of God come on that individual there's accomplishment for you in the name of Jesus there's accomplishment for you just stay there I saw it I saw that is that the person that the bring that person take the person around let me put my hand on the head there's accomplishment there's accomplishment just stay there I need to confirm if it's true that's why I say bring the person for me emphasis the person was demoted like you were reduced in a position but Lord say stay there stay there put him on his feet put him on his feet come come come put him on his feet bring were you the one you reduced from a position are you sure or is another let's confirm if it's the other person there there are two persons confirm for me which one were reduced from a position reduced from a position any of them be fast about it hallelujah hallelujah hallelujah yes I have I have confirm confirm confirm Pastor hope confirm confirm confirm she the one confirm for me I know the word can be applied but it's speci specific a specific [Music] read I know reduced from a position reduced let the power of God come on that individual the Lord reverses that shame a new [Music] story now [Music] now now now space is made for you you will still flourish weep not weep not for this place that it look like you were demoted will give you time that you needed but you will not be reduced financially says the [Music] Lord the name of Jesus you will not be reduced [Music] financially thank you [Music] Lord thank you Lord I'll be led by the spirit of God I need to say we'll pick up from here next week on Wednesday if you are if you have a a nudge always follow that nudge our trust is not in mmon I trust is in God I trust God I'll go where I need to go I'll give what I feel led in my heart to give am I buying the miracle shut your y you're not buying any Miracle you can't buy money perish with you you can't pay for it why many times for Faith for finances just like faith for healing you have corresponding action sometimes for Faith for finances God nudges your heart you are not smarter than God follow those NES at least nobody manipulated nobody said give this that go we do this follow it or you are like Hanah you

said if the lord gave this to me I will give this give it again I'm going to repeat it it is not generosity that is making God to meet your needs it is that in the generosity you trust God and you show that your trust was not in riches an empty account should not scare you and I'm not telling you to empty your account let money not scare you nothing scare you your trust is in God once God can deliver you like that from the unrighteous Mammon when God can deliver you like that is a major Deliverance you will never regulate your life with mmon an unbeliever say money is water Bible own that lay up gold like dust until you see it like that you exem it too highly no no no no no I can use my resources to serve God I can I will have money everywhere but not in my heart money cannot control how I relate with my brother my sister money will not control me I control it so why do I give I give [Music] because I give because God supplies my need I do not give so that God will supply my my need I give because God supplies my need it's very technical but is sensitive I give because God supplies my need I'm not giving so that God will supply my need but it looks like when I gave God now Supply my need why you saw your needs made when you gave which all of us have that kind of testimony and we become silly saying ah there's nothing like that there's something like that that connection and I'm going to teach you doctrinally in our next series where is your money I'm going to teach you doctrinally why giv it is such an important thing and why the enemy robs us of it and gives us the whole idea because you never feel somehow when you are buying something so always when you want to give that you are feeling somehow always when it relates to being of help to somebody paying an orphan school fees helping a widow giving for a church project doing this or that are always feeling somehow rebuke that evil spirit Hallelujah mmon does not control me my trust is in God so I'm I'm generous because God is generous and my trust is in him I trust him say I trust God I trust God I TR I trust God I TR God I'm not telling you to empty your account but an empty account should not scare you thou shall not be afraid Philippians says in nothing terrified don't be afraid of anything what's going to happen next no no my trust is in God say my trust is in God my TR in God my trust is in God my trust is in God I'll repeat it again for the obtained time there are certain things you will never see in your life until you follow the the leading of the spirit and you become generous when you get those n to [Music] be my trust is in God my trust is in God TR 1 Timothy 6:17 charge them that are reach in this world that they be not high minded not trust in uncertain riches cuz you get to a point in your life you have so much more money becomes your defense money is not my defense God is my defense God is my reward that's how he appeared to Abraham and said I am your reward Lord I'm not I'm not afraid my trust is in [Music] God I build physical infrastructures for the power of God but I'm not afraid I'm not afraid of money and and that's why you see there are certain persons who they were younger said that I know I'll give you an example for example in church we say God is Raising million amen amen and they are waiting one day for politicians to come one day for a senator House of Sate House of rep member to come no no no put yourself there God is Raising people that say that's me put yourself there I said it and i' been on Wednesday I said it maybe when we went

God uh left uh on life when we're no longer live on Wednesday all the things I have said now young I say I'll give uh I'll be able to give 1 million na church project I'll able to give this I've long exceeded that I'll be able to give this give that give this give that I able to buy this for my spiritual father I able to give this to Men of God that I honor now I'm increasing it from tens of millions to hundreds of Millions and God sees my heart just like Hannah said if you give me the child I will give it back to you when go when you say things like that and Provisions where are made will not start dragging dragging Samuel with the Lord go and give samel to the Lord you'll be dragging it no that's not fair say Ah that's old Covenant that's the olden that's New Covenant are not serious Philippians 4:19 prayer is not for you it's for the giver my God shall supply all your need but that's not why they give they were not giving so that so that so that he he will pray for them but giving will not stop words from coming that's same reason in this ministry it's not the people who give to me that I give wor to there some person have never eaten their money once which is a bad it's not a good thing by the way it's a bad ttim your pastor say I'm not eating your money in case you want to know doctrinally you are in the wrong but I don't look out say oh that don't give me money before yeah let me let me say nice word no no I'm not making the words sometimes emotions are trigger that's why I told you his Spirit soul and body because what Jacob was looking for was that trigger now we know materialistic preachers and all these money gospel pedlers thieves on the pit have messed up greatly but don't throw away the baby and the bat water don't throw the baby and the bath water and this not just for church I say it also for sometimes there somebody planning to get married last year and I said to Lord if I get this amount I'm going to give it if I get this amount this why not put out that kind of like Jonathan said if the people say come on us we know just I said let me test it like that if I get I know this is an amount I'm supposed to send to this person why not release Faith like that no nothing concern me no there are certain breakthroughs it's like somebody saying it's not by my father and my mother blessing me said that your days may be long on the earth you you are fighting your father your mother every time your parents does not want you to do something does mean you should fight them your parents have authority you have persu you should persuade them because they are parents they believe that do it so you now learn how to persuade them by showing them that you are smart persu is how you overturn but the parents are trying to use authority to establish but you can't say your father does not have a right to use Authority he's a parent for God's sake as his father did to him and his father before him to him come here come and pull my shoe you were running from football Fe to come and pull your father's shoe give me remote off the television you were running from B to come off television so your father inherited it is's doing you what his forefather did to him just Authority you learn persuasion I say to hell with my father to H with my mother no no no he say he who CA his father the Earth no no no no no those on are old Covenant it does not have it to do with me really really no that's why we are teaching you on unseen forces angels that are hacking on his word Psalm 103 and who gives voice to God's word on the earth men give the Angels something to walk with 5 says

say not is an error I I not mean I not mean I was just by talking no no it's not by talking our words matter words regulate the seasons of our life our words keeps the answers before us strong in faith call those things that been not as though they were it didn't call those things that be as they I Hallelujah I'll live a life of faith I open myself to the things of the spirit h Hallelujah I open myself to the things of the spirit I open myself to the things of the spirit and sometimes the reasons why many times the Lord when we're talking about miracles and breakthrough and I tell you doctrinally that's why I'm giving you the doctrinal emphasis three reasons why three reasons why many times where you are talking about miracles and breakthrough God starts putting you start thinking of finances it's not because m materialistic creatures have affected you over the years no not that is because giving could be a word of wisdom to see a miracle you could the the word of wisdom you got and that's why all of a sudden Christians become scared of hearing from God what God is saying because they are stingy and stinginess and selfishness means I will only see what my sweat can provide my increase all that I have in my life is what the natural detects onto me all that I see in my life is only natural unto me and which is okay because many unbelievers without God are also making prog but you are not an unbeliever and you have God and we don't play with the same rules come on just like we tell somebody Medical Science nothing wrong with medical science we not say that you can no longer believe God for healing don't always hear replacement don't always hear this versus that I trust God giv could be a word of wisdom to see a miracle the Widow of zarat was prayed how do we know she was prayed because God told Elijah to go meet her he said for I have commanded know sometime we read the Bible in a very lazy manner I have commanded the Widow to so God had already told her to take care of Elijah for I have commanded you say when you get there persuade her no that was the word of wisdom because she was already praying and my child will not eat this and die my child will not eat this and die that was the setup before Elijah came that was the word of wisdom that was the wisdom it didn't make any sense because she was going to eat it and die how many of you have been those kind of situations and I and I speak experientially the money did not even mean so much to you because it was not something so big but you getting a not to give it and you were like no no no no no no no no no no W me man I did I said I'm say I said boldly that's why a pastor should be Exemplar I can take care of myself I can take care of all my needes and it's not also a good testimony that your pastor you are not able to take care of your pastor but all the same Pastor Paul says don't rejoice in that he said I'll make my boat all the same but don't rejoice in that every good every Pastor should have something he's doing so that he can make that boast but it's not a boast that the members should be rejoicing about because as we increase financially we learn to reduce our pastor's commitment to Natural so that I can have more time for us that's one of reasons why Christians should be making money plenty money for that matter and stop thinking small small small small Hallelujah Word of Wisdom you get the word of wisdom to see a miracle giving could also be an Impulse or leading of the spirit as a release of your faith

giving stirs up honor and With Honor Comes The Prophet's reward just as the 2 Kings 4 the woman that built a house for the man of God or what about Peter Peter had allowed Jesus use his boat to preach I mean Jesus see God cares about every of your life Jesus knew the person's boat he was using was somewhere that have toyed all night and caught nothing so Jesus turned to him and he said no no no no no no no no we have toed all night Master Jesus said you can tell that Jesus looked to him was serious that's why he said nevertheless at Thy word nevertheless at Thy word will let down the net hallelujah [Music] amen because giving is honor and that's why I can stay up honor and it can be a way of honoring and that's where some person have also notice that oh then words were spoken see but notice one thing and we must say it clearly in case for other person who hearing me I will go and expand on what I did not say you cannot buy a miracle you cannot receive anything from God by buying it but why are you scared and you see that b we have to add it but why are you scared where God is leading you to give something why is it and I said it on Wednesday and I'm saying it again that's the reason why many of you in El are where you are you are you are not led by the spirit you get the nudges to do something you won't do it you get the nudge to go somewhere you won't go you say h because Pastor said if unbelievers can make it we can make it so ah no ah you're not an unbeliever now there's nothing wrong in you being led by the spirit now there's no area of your life that you should exempt from the power of God there's no area of your you didn't hear me there's no area of your life you should exemp from the power of God there some crafty persons are waiting for Bible verses say where is that in the Bible I can go on and I'm going to teach you doctrinally why was doers raised were all emphasis look at what she had done look at what she had done they demanded a miracle on her behalf it's in your new testament I don't want to mention the Old Testament it's your new testament it's your new testament it's your new testament or is it not your new [Music] testament I'll repeat it again is not the generosity it's not your giving it's not why God is meeting your need is because in your generosity you actually show your are trusting God and that's why we always say you can give in faith you can trust God in your giving you don't need to because many when you hear somebody say I give 1 million your mind believes that because for you you you have to have 5 million first to be able to give 1 million for some of you when you he somebody give 10 million you hear that the person must have had 100 you can't imagine that may be 11 you can't imagine that it could be 12 you can't like no no no no no no it's common sense in a year of multiplication just the same way we teach natural people have spoken to a company whose turnover is in billions but part of the strategies helping them I was saying how do we go about it even in the natural when people start entering into the billion mark one person cannot do it so you say okay there's a need for equity for all of these okay we can bring in more persons okay want to 10 x forces must be involved other than the individuals that's the same way when you hear multiplication forces must be can't be only you and to get that kind of increase you have to engage forces in your life your actions matter you know who were teaching about the ministry of angels there was a brother that

was and I saw was to get buried and I saw fits feet all around him and all the fs all around in the realm of the spirit were all good will what can we we don't have money if we had money would have give it to if have money would have give it to but all those good Wills so the Lord said open your mouth and talk and I open my mouth and I said something that more than the money you have gotten since January till now you get it in this season see there's nothing like that nothing like that nothing like that the same way a husband and a wife always throwing blow I'm tired of you I'm done of you this is a useless home this a useless marriage this you enter their houses you can smell the devil I told you a story on Wednesday I was in a house like that of somebody many years ago and as I entered the house I saw a mouth opened seeing and knowing I called the husband I and say I said Satan wants to devour you have set a you have set a toad and the reason why it has not started yet is because you are just near the end where you now finally say in fact I beg I be I don't care then boom speak a word it will come to not God is many times the tongue that rise against you judgment that you are condemning is your own is the one that you have said that's why I taught you doctrinally about heavenly host and Paws Of Darkness that for anything evil to come near you it must have been you that did it to you except you don't know your Authority as a Believer but once you know your Authority as a Believer and it is now evil orchestrations you made it happen by your evil speaking doesn't matter what I say I will think what I like really I'll feel what I like I'll do what I like no God sees our actions the father of spirit sees our actions when they went to spy the land and they saw giants when God appeared to them and said that which you have said in my ear I will do was it God's ear they were talking or they were saying we are not able to go we are not able to go that's how none of them enter the promised land except Joshua and Caleb God say what you said in my ear all things are naked unto him to whom we have to do God doesn't forget our Labor of Love sometimes those things are forces the man allowed his house to be used those little things say all these Cal sent that's why I'm not a part of all that rubbish movement chry Grace movement because just stick with the Bible some say there's nothing like that nothing there's nothing special about my house being used for home say what are you talking arrogantly there's something special about it J say when you enter into a house and they receive you say keep your peace there said they not welcome you say withdraw your peace much more us now holding it in your house AB we brought the peace of God there but because you have been trained to hate anything spiritual only natural things you say there's nothing like that there's something like that there's something like that how can a man move from here to there I've Shar with you personal stories student many years ago in school over uh 12 years now so 12 years now I'm not had to do with school where um I was outside rain was falling and I said to the Lord can I get a bus for this amount to Junction you know I said that story before that's how you should live as a you said can I get 5 million in this business and he what the Lord will say if the master the processes can I get this and see the Divine response just like the Divine response come to came to Elijah I have 70 that have not bowed the still Small Voice that Divine response you

will get that Divine response many times it can be a wisdom it can be a word of Prophecy but don't joke with it don't joke with it they were wondering what are they going to do in 2 Chronicles 20 the spirit of God Came Upon J and said let's put singers in front and the Lord laid ambushment they not need to fight why was Barack looking for Deborah say there's nothing like forces there's something like that I will not leave my life carelessly I will not leave my life carelessly I will not leave my life carelessly how not how not there's a brother house discussing is outside the country maybe we be watching live right now he said to me that I'm not a fool that I don't know that is was that brought me th far because it's impossible where people sometime want me to explain how I got this and I just relocated and I got this at a short time I know that is words I know that is words because it's very hard very rare for people to just travel not short time you become a c is very hard though very hard very rare under one year 6 months almost impossible but what can come for you nothing like that nothing like that nothing like that nothing like that nothing like that nothing like that many years ago we in a meeting your mom I picked it in the spirit that that there was an accident that's how God delivered the vehicle just went to go and park in front of tree nothing like you have rubbish the whole Supernatural in the name of sound your is longer sound sir Miracles are real we have doctors here do people not see die in the hospital is I I know C operation always work I know operation so people also Doan operation and the mother died there why must you exempt your some areas of your life on the power of God even if you are going to do natural things do you have to remove God's power and say to H with God's you have said it so much now there's a friend of mine who is the pastor that I had to correctly he say I don't care if anybody comes I don't care if anybody you are praying for church to increase I don't care if anybody comes I don't care if anybody comes look at confession of Fai I don't care if anybody come bab I care if somebody come you can't be praying for one I using your words to nullify it no no no no no no no no no no I have words and I'm speaking words Hallelujah there's nothing like silent Fai there's nothing like unspoken Thanksgiving I have the name of Jesus I have the spirit of God we have the things of the spirit there's a gift on your life called The Gift of workings of Miracle you say how is this impossible I have a gift to work miracles rivers in desert places I have a gift to work miracles I have a gift to work miracles I have a gift to work miracles I have a gift to work miracles to I believe in miracles I believe in lifting power I that God that took Joseph from the prison everywhere you think it was ordinary everywhere Joseph went but you notice the natural infrastructure stay a bit you notice the natural infrastructure Joseph was always good at what he does from his father's house that the same way he was good as a servant ptif made him natural part but you could tell the Supernatural part that's why in all of those reference when they say something bad happen to him they will follow it up but the Lord was with him but the Lord was with him sir but the Lord was with him sir Psalms David now said and until his word came there was the final day where that his word now came that's why was brought out from prison and he taught princes Senators wisdom to bind princes he was able to bind princes that all even ptif wife

and ptif would have been shaken say is not our prime minister we are finished but the man did not have time for revenge and retaliation from prison he should have just said oh your pron you are able to interpret the dream okay you tried no longer no longer but he said they made him prime minister that was words there nothing like that nothing like that nothing like that I will not live my life carelessly I will not I will not some of you in the natural there was a friend of mine a millionaire I told him you have always said nobody gives to me nobody gives I don't need anything from anybody now I come I can walk I can make my and really called me uh two months ago and he said that ah I observe now people give to me oh even my employees in the office one came to meet me and gave me an envelope and bottle of wine I said HH I said did I not tell you every time every time nobody ever to me I don't anything from anybody now I don't anything from anybody collect things if not how it's only his money nobody give me nobody give me stop it are too small no more small thought here I anything from any I use right words oh use right words this business will feed Nations this business will employ I see this business employing thousands this they do I the manager but CL no no no no no no don't talk like that talk Faith don't forget your Word of Faith tradition don't forget your Word of Faith background speak the word of God say it again and again that's how you engage forces one of our brothers shared a testimony with me of he always us to say I can never lose my things he lost his bag came back to me they we be it for him from Abuja back to B he left lost his phone recently the driver brought his phone back to his house because he he kept saying and when he realiz I lost something and it was when he became more conscious that this I've been saying to the look like they were Contra forces but he still did not change it he kept saying it even when he had lost ah I don't lose any of my property I always the person the driver did not put anybody in the front seat if though they would have stolen it the man kept saying I do not know why I not want anybody to see the I kept putting people in the behind putting people behind until I now saw the phone this is it there's nothing there there's nothing there there's nothing there there's nothing there chance your time and chance not for me not for me not for me your words were found I ate them and there were the joy and the rejoicing of my soul Hallelujah I believe your words I believe your words have come to so I have what to say I know what to say I'm saying the right things some of you some words that you have received before you need to learn how to pray it out pray it out [Music] pray it out pray it out said would you a testimony on Wednesday a friend of mine so you are he heading a meeting is receiving things that's I receive receive receive the boss gave him iPad some you say boss it's not this business or it's not church cuz you reduce it that no no no no no I've shared with you my personal story when I was walking the only time I've ever walked for somebody for I got admission into school I was favored unusually because there's something say I found by experience that God is blessing me because of there's something on my life there's something on my life Bishop used to say if I was F A Ino will still be say there's nothing like that shut your y of course we know many other things you want to argue and say but that's not the time when you get to understand that there's actually something on you that can
