

so they needed Supernatural ministration minister to us I wish you are getting this all right and they cast down every man his rod and they became serpents and aon's Rod swallowed up so it did work so it may they cast every man is what it became serpent so they were ministered powers of Darkness back them up some somebody say no if I do something no can also do it see they did it too Moses get power all right and they did it too but what's the difference thank you Moses is Rod and they cast every man is Rod and they became sa andon for swallowed up their road is that might is that might the word swallow there is the word to Divo in the Supernatural contest is to make a way with to show it is nothing so the swallowing is this is nothing so to see how Supernatural it is so when you walk with God you must you must not be scared say fear fear is not God's tool a a rod turns to snake look at what and Aon picks it by the tail ab and it becomes a rod again why does he use the word Rod so they had their magicians rods remember this miracle was explained now it was explained in chapter uh the verses uh that he will drop the rod uh that not let's see that should be chapter three where God appeared to Moses in a burning bush is that not so then chapter 4 God tell him let me show you something and Moses answered and said CH 4:1 but behold the will not believe me nor hacken unto my voice for they will say the Lord has not appeared unto thee and the Lord said unto him what is that in thy hand and he said a rod and he said cast it on the ground and he cast It On The Ground the Lord told him cast it on the ground so say I need back up I ain't back up he said cast it on the ground so you have to walk with the Unseen Force now God in this case is the one interacting with you say now I show you something say what your hand there drop it turned so are you seeing it it turned turned became a and Moses fled from before it fear if you want to do do this thing you see he fled because ah this is scary said come back and the Lord said unto Moses put forth thy hand and take it by the tail and if you know anything that's not supposed to be good but take it by the tail and he put forth his hand and cut it and it became a r as he picks it by the tail straightens back into a rod oh boy you are seeing something mhm and the Lord said unto Moses put forth thy hand that was not enough he said put forth thy hand and uhoh and it became a rod in his hand that they may believe that the Lord God of their fathers the god of Abraham the god of Isaac and the god of Jacob appeared unto thee so was that Warfare the gods of Egypt trying to show that they were powerful they will normally not come true like that but they needed to prove a point they did not know that Moses came prepared so Moses Ro swallowed up the AR Ro meant that you are nothing so that's it was all this commination to the song of Miriam who is like unto thee Oh Lord among The God Who is like the Glorious in Holiness L Praises always Hallelujah all right so look at verse six and the Lord said forther more to him so Moses is smiling you can just tell he's smiling from side to side and say ah that one I show you another put for thy hand into thy bosom put his hand into his bosom and when he brought it out behold it was leprous as snow what is God showing him wonders signs wonders following these are significations wonders remember some moon and stars also are wonders Genesis 1 come on come on come on I taught you that oh already several I

use that that when you see it was a potter an indication that there's something Supernatural up because it says for not just for light it was for signs for Seasons thank you some people have remember Genesis one okay and he took it and beh the hand was le as and he put his hand into the bosom again and he put it and plucked it out of his bosom beh he turned as his other flesh and it shall come to pass if they will not believed the ne Hing to the voice of the first sign that they will believe the voice of the latter sign so the word sign was first used in Genesis 1:14 like I told you God said let be light in the frament of the Heavens to divide the day from the night and let there be for signs and for seasons and for day and for night God let and let them be for light in the firment of the Heavens to give light upon the Earth and God made two great light the greater light to Rule the Day and the Lesser light to rule the night so I explain to you the word signs and Abby it's in my notes so it should be in your own that not so signs I wrote it observe the critic message here signs it implies a flag of beon beon and Omen and evidence refers to a SST and we said that uh where the word is gotten from is to point out something so the word s Moon and Genesis 114 are symbols that point to or explain the term heaven in Genesis 1: 1-2 so there are symbols or S poles of the Heavenly there are symbols or syles of the supernatural word symbols or syles of heavenly beings that's why some and stars are now used to refer to Heavenly beings remember that so it was in our old beginning part cuz I turned many page back so if you are not sure me I have it in my note so it should be in your own note I wanted you to get it so he say where is Pastor getting that from did it say that I've T to there so this series is very rich with many Supernatural information all right so back to our Exodus 7 so they did in like Mana but Moses own swallowed up their own and their heart was hardened and their heart was hardened then you get to verse 22 you see the same thing again and The Magicians of Egypt did so with their enchantments with their enchantment this time uses a different word for enchantment which is the word lat I a t they did something mysterious almost like a secret like they have a secret code or a secret word then they put this is where you will get the origin of incantation i n c a n t a t i o n incantation so there's a secrecy you have to be sworn in to understand the the words to use to get the act so there's nothing like that there's nothing like that shut your Yap there's something like that even in the things of the spirit as you begin to get good say there's healing paw as you begin to learn God says you this how to go around this you have not seen this kind of healing before this what to do this what to do that's why it's not magic this how to this is how to pray for this person if the person will give you attention this what you would do and the person just get healed like that I think I've taught you some of those things I've taught you that about deaf ears because the thing about the things of the spirit is that only a custodian of the secret can share it to you and because it's not something here that you cannot tell you can tell say I'm not supposed to tell anybody no you can tell somebody the issue is that if if you do not give yourself to the practice it won't continue but the man who T you will all whether he gives himself or not he's already giv to it because he's already occupying that place he can do it at will but you have to maintain the flow until you occupy

it or by an impartation he brings you to exactly where he stands and that means you have to keep the honor that brought you there you have to you can't dishonor the person that raise you up L the ground give way for you to go back to where you were before so honor brought you the honor sustains you so you keep honoring the man of God who lifted you to that plane of operations Grace defers AB all right uh so The Magicians of Egypt did so with their enchantment and Pharaoh's heart was Harding neither did he hacken unto them as the Lord had said so verse 22 to The Magicians as he doing magic things enchantment see it again Exodus 8:7 and The Magicians did so with their enchantments and brought up frogs Exodus 8:18 and The Magicians did so with their enchantment and they brought up lies no sorry I was too fast Verse 18 let's read that and The Magicians did so with their enchantment to bring forth light but they could not so they when it got to light they could not they could not bring forth lies I i c but they could not so there was lies upon man and Beast and the magician said unto Pharaoh this is the Finger of God are you seeing it so it had reach the limit I mean after year we cannot then our powers our powers end here we can't continue that's what it means we can't continue this is the Finger of God and Phar was Harding even though they told him this is beyond us his heart was still Harding and he hacking onto them as the Lord has said now why this is so significant is that It Came Upon them also they were not delivered from it the lies theat also beat them to they were attacked by it too so it was upon man and be so they The Magicians themselves also had it chapter 9 verse 11 and The Magicians could not stand before Moses because of the because of the boils for the boils was upon The Magicians and upon all the Egyptians so they did not learn their lesson the last time so they wanted to try it again but the boils Came Upon them chapter 9:1 are you seeing it so as Moses Moses shown that is greater than them yes sir has he okay so they tried but they could not it's amazing that we don't have the name of these people until you now get to second 2 Timothy chapter 3 2 Timothy chapter 3 and verse 8 Paul will give us the name of two magicians it says now as Jane and jamb witho Moses so do this now we don't know what material Paul is reading from by which he could get their names but you see it was not mentioned in Genesis ab and exodus it was not so now as Jane and jambres now I can tell you of course the book he was reading from but you have not finished reading Bible the tradition of the talm Modis and the rabins so there were different books that were in circulation uh so and it seemed to be correct for Paul the writer to to affirm it so it may have been backed up we don't have so many of those materials today because they must for him to say it must be verified by at least more than two or three wit which is the Hebrew pattern for verification so being passed down because we know that there were many other books but they were not inspired they are not doctrinal just like you are keeping record you mentioned this part but this is the part that is important so he say as Jane and jambre with most so do these men resist the truth men of corrupt mind reprobate concerning the faith so it shows you that the end point was not just Powers they were resisting the truth because remember let my people go is the same thing as coming out of sin and darkness so they were opposing the

gospel so it shows you that Paul was Moses was doing spiritual warfare contending for The Souls of men resisting okay pm5 verse 26 he sent Moses his servant and Aon whom he had chosen they showed his signs among them and wonders in the land of ham signs and wonders OT H the word signs they show signs and wonders say signs and wonders signs and wonders I can show signs and wonders I can show signs and wonders signs are you scared thank you can show signs and wonders signs and wonders signs and wonders signs and wonders and yet with the signs and wonders many of them in Israel were still unbelievers Deuteronomy 13 verse 1y 13:1 if there arise among you a prophet or a dreamer of dreams and giveth the a sign or a Wonder so now we move to Prophet prophet and the sign of the Wonder come to pass whereof he spake unto the say let us go after other gods so these are people that unbelievers people who worship all that God their faith is not in God that shall not hacken onto the words of that Prophet or that dreamer of dreams you know there are Supernatural there are people like that that say everything I used to dream used to come to I give you an example of a lady who once told me that any I used to dream so a dreamer thou shall not hacking onto the walls of that Prophet or that dreamer of dreams for the Lord your God proveth you to know so there's dreamer of Dreams look at it again in verse and that Prophet or that dreamer of dream shall be put to death because he had spoken to turn away from the Lord so other words he's a prophet of something else not a prophet of God a prophet or a dreamer of Dreams a prophet a dreamer of Dreams a dreamer of Dreams Matthew 24 and verse 24 for there shall arise false Christ and false prophets and shall show great signs and wonders in so much that if it were possible they shall deceive the very elect remember three things we said the powers of Darkness are against light life and love so light is what is against here that's why I use the word deceive because light and Truth synonymous AB be thank you to deceive the very elect so false prophets false Christ they don't believe in God is that it come on okay signs and Prophet signs and wonders Acts chapter 2 acts 2:1 16 and this is that which was spoken by the prophet Joel and it shall come to pass in the last day say God I will pour out of my spirit upon I'll pour out of my spirit when you read it in Joel 228 he say I pour out my spirit Peter said I'll pour out of my spirit where is the spirit of God today in a cloud or inside of you so when go the outpouring of the spirit is initiated by God or you thank you when the outpouring of the spirit who does something God or you you are the one that prophesies so when you say I'm Waiting for God to pour out his Spirit where is he pouring his Spirit from it's not bucket it's not water side bucket that is been splashed you are the one so you have to speak from within act from within the spirit is inside of you okay it says sons and your daughters shall prophesy so we are the ones that have action in the out we have actions your young men shall see Visions your old men shall dream dream and on my servant and on my handmaidens I will pour out in those days of my spirit and they shall prophesy verse 19 and I will show wonders in Heaven above and signs in the Earth are you seeing it Blood Fire and Vapors of smoke the sun shall be turning into darkness and the moon into blood before that great and notable day of the Lord come and it shall come to pass that

whosoever shall call the name of the Lord shall be saved verse 22 1 2 Go stop did you see that a man approved of God do you want to be approved like this a man approved of God there's no argument you God all by us so approved of God so the word approved of God is to show forth to prove the kind of person he is to prove the kind of person he is so the signs and that's why John now used the wonders of Jesus to show you that he's not a normal man he the Divine man he is the Lord of host because the kind of sense and wonders he did pointed to who he is so the Miracles a man do can let you know he's standing oh boy you guys are ready to be baby today approved of God among you by Miracles by Miracles dunamis and wonders remember those three words teras signs seon so the three words Miracles wonders signs which God did by him in the midst of you now did the apostles also do Miracles Acts chapter 4 they began to pray and now Lord 29 behold their threatenings and Grant unto thy servant that with all boldness they may speak Thy word and stretching forth thy hand to heal and th signs and wonders may be done by the name of thy holy Child Jesus so does this look like we are limited no we are have they are limited in signs and wonders we have the full scope what God can do the sign and the wonder what God can do is what we can do and remember the sign and the Wonder is a signification never forget that's why it's called sign and the Wonder it is not the full stop is to lead to something it now for the the wicked people the unbelievers is to deceive we read Matthew now as is to point people to the truth to let people see come on so that means it should be used properly oh I wish you got that it should be used properly remember we talked about manifestation of the spirit for the profit of them you can show a gift and not manifest the spirit but actually God wants us to show forth the Spirit by manifesting a gift and that's why I told you that interpretation is important in First Corinthians 12 because it's possible to exist besides a gift as we have seen many people do Prophet prophesy go deeper and you embarrass the woman go deeper some people use prophecy to be suspicious angry vengeful Wicked why are they quiet like this to even be thevs to prophesy of people's pocket so there's a misuse of revelatory gifts that's why people say avoid on Prophet avoid that guy Prophet so they are spooky weird and because they don't know how to harness their gifts properly they use it wrongly okay now why are unbelievers able to do anything Supernatural because mankind is I told you that mankind by nature is Supernatural King priest and Prophet is the Triune ordination of mankind AB be man is priest man can mediate between two words Prophet man can hear Divine conversations and interpret in the natural is that what a prophet does that stands in the Council of God so a prophet drma 23 Prophet is one that stands in the Council of God and hear Divine conversations so a prophet hears sees and say what God is doing ab it says the mind of God a spokesman a nabii that bubbles forth The Inspirations or the Oracles of God says what God is saying then your king exercise Rain r e i g n AB so mankind has a territory the Earth mankind has a Priestly function he can mediate so is it that Priestly function that they are using to connect those so when you see Sorcerers magicians is it the Priestly function or like the story of the lady I always share with you guys that went outside went to our plucked a Lea is that Priestly function

she's mediating she's standing between two and without ever meeting going to any satanic class she had contacted Powers because man by nature is Supernatural all right so that's why you must it it matters who you yield to and this is the things those chanting guys don't understand when we try to correct them on the whole extreme of oh we can understand if you're trying to use that to get lyrics for example oh we've already want that's not chanting except you are cured that's just flow is different from three hour you do oh are you trying to you know if you are learning how to sing maybe you are teaching some but don't they come too much now you are doing it because you're trying to be Supernatural that in itself shows that it has gone beyond his proper use because you're trying to connect with something that's why you are doing because why are you doing you're doing it because you want to be Supernatural you're not doing it now because maybe you are learning how to sing or something somebody even compared it and say just [Music] like what now you see because you know why don't we tell the keyboardist the the guitarist all of these people what are they doing they are playing rubbish why don't we say there's not there there is nonsense talk like one of those foolish people God now we know that we not have been arguing with you how how can you say the keyb are playing they don't know what they are playing and that's beat that sound to connect so that there will be a flow so that there's a reading oh go to school letar music no go to music school no say now you are talking without understanding that's why they can write it say is rubbish they can write it oh you draw the lines you oh I know it I Le it of course I L Music a bit say Pastor what don't you know never thought he was going to come in handy as a teenager but I mean God doesn't waste the things he makes us pass through all right so priest Prophet King are we good so that's why every sound has signification according to 1ans 14 you say because there are many how many of you have ever heard a voice like you just woke up one day and you just felt like nobody loves you or like foret you you may not want to raise your hand about that however but you were just thinking a certain way and it was not consistent with you you not think that has voices let's not let one recently um some days back uh was a dear brother shared with me that he just woke up one day and what was entering his mind was pastor does not love me this is not somebody of low standing he's somebody of great standing so he not I mean by maturity within this local church he shouldn't hear that kind of thing me anything it's a man at least you cannot say is woman for Mad people and there are Village People that always hearing vo is beautiful a man say I'm married so you know I don't do you know what I do and what I don't do all right we're in Nigeria all right some people are mad so I say all of these [Music] things say Pastor I've said the L without saying a lot yeah you matur I you like I'm not Lov that's the voice he was hearing then you should relax from coming to church relax now shared this with me because in a word one of the words I I I I whisper to him sometime during the weekend was around Temptation so we Minister told me that ah I really that was a man of God what you said I really was tempted I had to reply those voices like ah I love my man of God my man of God led me I'm very sure and he said it was not like there's noral say people he voice but this one it was it was strong like just

relax today and sleep at home don't go to church ahh that tells you that many times which why your disciples don't come they hearing voices but Baba pray now say let I I I have already called to check on them I follow them up woo woo see you see you pray Oh Sister pray Oh Sister pray brother pray and he answered those voices then he said he had to change how he saved my number on his phone and put a stronger title and put Lord of then the voice faded away are you seen it because radical obedience so the voice F what was the meaning of that how did that come to a strong man I'm deliberately emphasiz a strong not a weak man not somebody that that we can say oh it does not have time for Jesus Christ does not have time for prayer does not have time for God's word this person has time for all of these things so he just woke up feeling like that jump and pass anything Satan no be my head not be M John P I mean can you imagine that somebody will say there's nothing like that there's something like that to and many times we we do not know that our actions are influences we none of our actions some of many of your actions are influences so know it now so there's nothing like that there's something like that that's why we are careful with those voices and signification because you can connect to something Hallelujah acts 5:12 by the hands of the apostles were many signs and wonders wrought among the people signs and wonders wrot among the people so do we have signs and wonders to do acts 14 and verse 3 long time therefore AB speaking bold in the Lord which gave testimony to the word of his grace and granted signs and wonders to be done by their hand so there are signs and wonders let no Christian speak against signs and wonders we have it Romans 15:19 Paul says for let's read from 18 I will not dare to speak of any of those things which Christ had not wrought by me to make the Gentiles obedient by word and deed to make the Gentiles obedient by word and deed true Mighty say mighty mighty through Mighty signs through dunamis signs and wonders the same word dunamis signs SE wonders teras remember those three words we thought that in the power gift we thought that on our teaching on Miracles thought that by the power of the spirit of God so that from Jerusalem around the B to L come I have fully preached the gospel of Christ so you need Mighty signs and wonders to fully preach the gospel that's how we strive that's how we preach the gospel through signs and wonders 2 Thessalonians 2:9 now tells us that the wicked and then shall that Wicked be revealed whom the Lord shall consume with the spirit of his mouth and shall destroy with the brence of his coming verse 9 even him who's coming is after the walking of Satan with all power and signs see the word signs seon and lying that's why I added lying and lying wonders and with all deceivableness of unrighteousness so we look at what the sign is pointing to say come let me show you something now that say your name name put 50,000 there's one training now that they they brought out a miracle soap and perfume Baba don't broke fish farming not work again with all pass signs and line one if you you understand I just drop it like that Hebrews 2:4 God also bearing witness but we signs and wonders and with diverse Miracles and Gifts of the Holy Ghost so the Old Testament sense God B them with signs wonders and diverse Miracles so that Satan can do the same but it's not absolute there's limit that's what I want

you to see so an unbeliever can do that a Believer can but Satan is limited a Believer is not come on believer is not believer is not these signs shall follow them that believe remember that Mark 16 come on let's see some of your signs I'm not [Music] ordinary you have to walk like that all through this week walk like that every day of your life just wake up in the morning and say woo I'm greater than magicians I'm a great I'm a um a greater than S is here a greater than magicians is here yes a greater AER a greater a greater and that's not a confession bring possession that's a reality yes sir that's you seeing the truth yes sir Mark 16:15 and he said unto them go into all the world and preach the gospel to Every Creature are you seeing it this signs is a point that's why when you you give somebody a word you tell them because God cares about you God told me about you oh fellow you use it to point yes sir it's to point yes sir mhm he that believeth and is baptized shall be saved he that believeth not shall be damned verse 17 and this sign shall follow them that believe is that me and you in my name they shall cast out devil start with the easy one k one in my name they shall cast out devil shall drive out demons the word Devils there demons shall drive out demons so when you look you say some that body what are you doing that body get out that drive out Devils cast out Devils does that include Spirit of infirmity yes does that include spirits of Darkness yes put it like that spirits of Darkness disembodied Spirits cast out Devils they shall speak with new tongues that is not incantation I know there's a video of a respected man of God that tried to lack in tongues with with incantation we can do better than that the man has high standing no doubt and it's not fair people will use the man like that to try to endorse their nonsense but Tong is not incantation the man of God say it's like he didn't say it's incantation and even if he said it is then he's wrong because that's not the word of God but we're not yet to say who is right and who is wrong nether are we fighting any minister of God we are teaching the word of God I believe you understand what I'm saying so Pastor is trying to say that he knows more than that man of God if that's what you heard what praying for you that God will help you nobody's doing that one with you beg pride is not a thing of the spirit pride and arrogancy that talks like that that sounds like that I want to show now you don't make a man of God your focus just teach the word of God Amen and they shall take up saens so we can speak with new tongues can speak with new tongues and somebody said oh those new tongues is that we no longer speak the language of selfishness will not speak the language of love no no no no no is a new new Kos new kinds of tongues and those new tongues was first shared on the upper room Solomon's P Acts chapter 2 when the day of pente was fully come one Accord in one place and suddenly a sound Sid and sounds of the spirit and they began to speak in other tongues as the spirit gave them aans give the ability to speak so new tongues there's something about speaking in Tong yes it's not because when I speak in Tong I confus Satan no no no no my tongue have to do with Satan when we speak it on Satan is confused no it's not the got in class yes sir when I'm speaking tongues I'm speaking directly to God yes sir when I'm speaking tongues I'm I'm edifying myself I'm building myself in other words when I'm speaking T I say he I want to do something now watch me

do something to myself that's edify myself edific build up watch me build up myself I'm doing something to myself that's go let me do something to myself now just like you charge a phone for optimal use that's how you charge yourself edify yourself then if you read my book on the prophetic you see the meanings of the word edify to build up there are different things you to build I can use tongues to build I am a builder I am building and the building all of them me are in that word edify to build being built being a builder itself so when I'm speaking I'm building something allow me construct allow me construct sir another word for the word to edify is to fortify to fortify fortification rights r i t allow me do my fortification rights r i t e s label but we don't know why we saying who told you we don't we're not interpreting Tong to God we know what we're saying that's why when we speak it to you we tell you what we said unknown is italicize is not unknown to my spirit is unknown to the nonn lingual franer is unknown to the language Wes on the Earth but it's not unknown to my spirit what I'm saying is from my spirit because that sound means something that's why I can interpret it that's why I can interpret it whether is in a song whether is I'm just praying whether is in Praise or in prayer I know what I'm saying so when I'm speaking to God why I don't interet because God knows I can't be interpreting to God come on now is his Spirit talk to Spirit here this is the father of spirit I don't need to interpret it to him when I'm talking to a man in case the man did not get it I tell him what it means the only way man can understand tongu spoken is either the spirit of Prophecy or intervention of tongues yeah Spirit of Prophecy you just got which is many times where a man speak in tongues and somebody else comes up and interpret it other than the man of God the only reason why the person could get that is by the spirit of Prophecy because the person has tapped into the source source code tap into the source of what the person is saying I said it but normally he who speaks the tong should interpret the tongues Hallelujah I speak in Tong just now and I call we just come and interpret it we used to do that the Lord those days I speak in Tong I call somebody else to come interpret you just speaking to interpret yourself any which one Hallelujah yes but what you are saying is not rubbish because the word mystery is the word Secret information spiritual knowledge so what you are saying all is spiritual knowledge a secret a secret a secret only the initiated NOS the uned cannot know the UN say we are mad but the Leed understands what we are doing say he giveth thanks well you edifying yourself say this sign shall follow them we shall speak with new tongues oh aren't you glad we can speak in tongues Abraham couldn't speak it as IAH couldn't but you speak it speak those tongues can we just speak in Tong on your seat on your seat [Music] [Music] amen amen Thank You Verse 18 they shall take up serpent they shall take up serpent and that serpent is literal they shall take up serpents so that talks about animals causing you H you can be you can be defended from it Hallelujah and if they drink any deadly thing it shall not hurt them I'm fortified and they shall lay hands on the sick didn't say go drinking deadly things go drinking remember the context is in the preaching of the Gospel here so you won't go that mean you were giving a deadly thing to drink say shall not hurt you they shall lay hands on the sick and they shall recover so as a Christian these

are your signs I I do not pray to go get them I'm not praying to get the signs I'm born with it
