

e e e e e not a pastor she's a pastor the husband is still the head of the woman doesn't change the fact that she's the pastor in church but in the house the husband is still the authority amen and that's how God set it so and it must REM remain so regardless of um what people are saying about uh the teachings on equality the Bible gives us a proper understanding of equality that we don't have to go into psychological things uh people talking out of heart and abuse over the years or the years of marginalization to one uh gender no no no we get our doctrines from the scriptures all scripture is given by inspiration of God and it is profitable for Doctrine we get our doctrines from the scriptures reproof the evidence concerning what we believe from scriptures correction how we set things right how we know this is the correct way to do something it's not what I think what I feel is from God's word the correct way to do something set things right in the mind correction and for instruction in righteousness like a child Hallelujah so the scripture is our food it's our material is what we feed upon and as I've said over the years Doctrine gives birth to every other thing Doctrine is what gives birth to the reprove the correction and the instruction in righteous if your Doctrine is wrong your life is out of balance your understanding of God will also be wrong in fact uh you can move in path you can receive Miracles you can have God's help outside sound Doctrine but you cannot live and worship God outside sound Doctrine you can't you cannot live God's life outside sound doctr because first and foremost The View you have of God will be wrong Jesus said they do worship Him in vain teaching for doctrines the traditions of men Doctrine is for properness of Doctrine is for our worship of God not so that God can answer our prayer is because he's a good God if God waited that we have all our theology in place nobody would have ever gotten a miracle if God waited for every Pastor to be intelligent with the scripture nobody would ever have been blessed supernaturally by those ministers God is a good God Amen but Doctrine affects and I've said it over the years also you have my book on the prophetic you know that you cannot prophesy beyond your doctrinal correctness you cannot have visions beyond your doctrinal correctness so when you see somebody say this is what I saw it's because the the mind is a very important part of the body in fact we can boldly say after a man gets born again the most important part of the man is his mind say no no no he the spirit you're already Born Again most important because without your mind you cannot do anything for God and the things that you begin to do to your mind are also related to your spirit and it affects your body amen because of how God made man so Genesis chapter 2 and verse 7 it says and the Lord God formed man of the Dust of the ground and I have said over the years notice the word man was formed Out of the Dust of the ground notice what he did not say he didn't see man the Lord God formed man off the dust of the ground you can remove the word of the Lord God formed man the dust of the ground Now dust and ground two separate words and I taught you this in one of our teachings on the prophetic enology concerning the use of the word dust remember that what message was that Ben right I think I so you can listen to that I think that should be the first or second part I did teach it in that teaching on ebena about how God made man I think yeah that's true

because We examined the helper in Genesis chapter 2 yeah beautiful so the Lord God formed man of the Dust of of the ground and bred into his nose so the word dust of the ground you could have just said God made man of the ground cuz we know the physical body is made of but he uses dust of the ground to explain that man by God's design was not created uh uh man is frail f r a i l man is frail man is not frail because of the Fall man is frail because he's of the the earth the earth is physical the physicality of man and we explained that with First Corinthians 15 where it says it is a natural body it will be reaped a spiritual body it is sown in weakness sown in dishonor remember those words and we said this was before the fall what the fall did to man is that is man from dust to dust it is not the fall of Man that made man to be of the Dust God actually made man of the Dust it's not that man fail that man is of the Dust no God made man of the Dust amen hallelujah God made man of the Dust what the fall of Man did was now man from dust told dust that was not in the provisions because it was and we saw the use of the word dust explains a state that can go higher remember that dust because he says God is the one that raises men out of explain a state a state Hallelujah so God made man of the Dust of the ground so we know that is with the physical body again getting our notes correctly God made man of the Dust of the ground he says and God breed into his NOS read the bread of life and it's not like it's not a resuscitation God did not create a CS first then God now held the nose and now breathe life inside the nose or no it Moses the first writer of the scripture is arranging it in an order so that we realize that we breath from our nose it's not like it's not a resuscitation and once you have an image molding it defeats the whole picture see God more as a spirit and you so he simply trying to show you a separation that there are parts of man the spirit soul and body is what he's bringing together in his use of words amen the Lord God formed man of the door of the ground and BR into his nose in other words the reason why man breaths why man is alive is because of the breath of life and that Breath of Life is what is called the spirit of life not the spirit of God that is life but the spirit that makes man alive and we said it also over the years cuz why I'm using the word over the years so that you see that there's repetition the breath of life he would have used the word Rak but instead he use the word n necessary because if you use the word because he use in gen one you may just put your mind more on spirit of God but he changes use a different word for Spirit there then uh some of the uh Greek Scholars now put NES Rak put the two words together spirit Spirit you can get the idea that is unseen because roak is just the word wind unseen so this part of man is unseen there's an unseen part of man and it's the Unseen part of man that makes man alive so which is where you now get the word the core the core the core of man what makes man alive is not physical what makes man alive you cannot touch it with hands that's why the doctors will say oh she's in the coma he's in the coma but he's not dead the part that makes man alive James says the spirit apart from the body the body is theread the spirit apart from the body so we know that people die when their Spirit leaves their body people die when their Spirit leaves their body so as long as the spirit is in the body the person is not going to die as long as the spirit is in the body the person is not

going to die amen are you with me so the Lord God formed man from the ground and breathed into his nose read the bread of life and Man became a living Soul it's amazing that he uses the word Man became a living Soul now [Music] I particularly would not have used the word Man became a living Soul Man became a living soul but I mean very correct Man became a living Soul so if you already observe the way he's using words the body dust of the ground remember walk with me God breath into the Breath of Life Is that the spirit then he said Man became a living Soul now that's where get technical and Theology and so the years uh it is possible to be a theologian and not know the gospel as we have seen today that they give people certificate they go to seminary schools Bible schools and there are even atheists that have a doctorate in Christian Studies so because one of the things people still think about God's word is just that like he sense knowledge because we say okay think think think no Ephesians one tells us to pray that the eyes of our son to be Enlighten because there are two kinds of Revelation there's the Revelation knowledge of God's word that an unbeliever cannot have he can only have the what is physically reading then the second type of Revelation is the revelation of things which we talk about see and knowing where I can have revelation of things I can see in the spirit and that Revelation is very important in God's word why do we pray after hearing God's word is it a tradition that we just saw other Ministries doing is happening everywhere no the reason why you pray after hearing God's word is because that message you heard you are supposed to pray it in so that it will not just be sense knowledge to you just what I I heard what I read it will not be what I believe I wish you got that so the way God made man so some said oh the like I said the arguments oh man is Spirit soul and body some say no man is not spiritual and but man is a soul man is not a spirit now both arguments are right both arguments are right man is Spirit man is soul man is body all of the arguments are right in fact you can say uh uh man is his body correct man is his because the Bible actually calls man all of those things the Bible calls man spirit Bible calls man I mean singularly Bible calls Man soul the Bible calls man body uh so firston 5:23 some people wondering why are we starting from this note because weed talking about the core of who man is because we say man is also a force on the earth and if we don't just like we look at the onton ontology of spirit we're looking at the nature of man too because we don't know the nature of man we say how did the the the sorer get his power and it's it's amazing to p and we've said this also over the years it is possible for a Christian to demonize himself I think there's a case uh one of the psych leaders was telling me about a brother who has come like two three times or so I began to listen to some wonderful teachings added to my teach plus all the people combine it and he told himself he was going to fast it's a true story here he told was going to fast and pray the things that I do not teach and he going to so that will press in you know there's things you always want to press in for so and in his pressing and before he got saved he used to have a drug issue and that just triggered it and he yeah I'm out of my mind that's it you just give the devil place because the devil is very crafty he not everywhere in the spirit that is clean it's not everywhere in the spirit that is safe you can't

just be letting your mind cuz your mind is very important your mind is very important and I told them oh this what you do because they said oh I always like when people go through those exper past treating dealing with people say oh I I I casted Out the Devil I said what are you casting out is not the person that collected the devil you cannot remove what I installed is not this is my agreement that you so you cannot drive it out it may you just leave it's going to and he say yeah as it's trying to talk they rebuke it ends then starts again it's going to start again because this is not the normal type this is the type that the person said let's do something let's run a collabo exactly the English I'm speaking let's do a collabo remember we dealt with one of such cases some years back there was a lady that was just in love like that and she began to mirror some things in her being in love one of our pastors there the pastor is in the ministry it's a long story I it's amazing how you see what kind of thing is that it cannot happen we don't tell don't take for this thing this is going to be a already done 17 years of healing and miracle ministry and prophetic flow I know something I have an experience at least I say but is Young should I be did you all your other men of God were not that young why do you I know some older people have an issue with people being young I don't know why I don't know why it's very bad and it's not a good way to train your children too most people important because if because we all value age we all want to be young but when you see people that are young you are angry do you despise what you like so much well nobody likes to be old but you're obviously going to get old and obviously we are all getting old and if you are going to allow age be your determinant for receiving things you will not even live long on the physical Earth because all the things you receive from people on the Earth you don't always ask them your age you want to buy something on the shop say Madam what's your age am I older than you you want to enter a vle am I older than you don't do those nonsense and sometime people feel like it's a special thing they are doing something special when they also honor their Pastor that they older that you're not doing anything special you're just being having common sense because you say common sense you have everywhere else because it's not age that you are receiving you're receiving what the person has to give to you are you following that's just it that's just it amen so it's actually possible for a Believer and personally I've casted out Devils for many persons which I I said in a public Facebook post dead to somebody a friend of mine who comment on one of my post there about the oh because I've seen those things people locks in their room how can you not just pray in tongues how can you not speak with your understanding and all you're just doing is how you do it for 2 hours come on you you can't say you did not know that you were doing that to be spiritual because you were doing that to be spiritual you had opened the wrong Gates because there are Gates of access to man you were doing it for something and you were not submitted under the lordship of God's word because the only person that Satan can and why Satan does not touch the pioneers of all these heretic things is because they are submitted unto God they have a more stronger mind their mind is bowed to God's word so their mind cannot be assessed like that the only way their mind can be assessed is to be teaching those rubbish which is also what

Satan sponsors such rubbish teachings that's the only place however a lot of Believers and I'm saying it again so that you get it because an un an Unholy desire an unnecessary desire people have I've shared the story about a brother who was with us for some time and prophesied and he felt he could go deeper and better than me it was 20 2013 he believe he could go deeper and better so 2013 2014 he disappeared we didn't see him for some month then he returned in the power of the spirit and I saw him and one of the the very first gift that began to walk in my life as a little boy what's the Discerning of spirit the ability to tell the spirits that motivate an action and what Spirit influences what a man does I saw him I I said this guy is demonizer but I'm going to watch and I noticed he began to at the close of service then we were very Libra we just blocking people and giving people word because we're just a young Ministry and we gave room for people to be edified just giving people word I said then I came up when I was teaching I began to say be careful the words you receive or run your prophetic words through the pastorate you know those are little things you put in place people say they manipulating us contolling us not be me give you the one kill you everybody have I said that innocently but people always believe when you put caution when you put order is manipulation because they are used to manipulation so they always have to think that way so I said all of that then we had a camp meeting I noticed the brother had bu Bush because the C was the more stronger atmosphere we are there for days so all while we are praying into songs he can't it just all of his the atmosphere have revealed it so I end of the cap meeting because I didn't want to distract people a good pastor should didn't distract people so I I spoke to him think you were with me ah spoke to him under a tree in that same place we're going for the Masters Retreat one of those trees I sat down with him and I said to him which what is all this bush he said ah they now told me the story that I went to one one of thosea mountains and it was there ah that he he has contacted so I squeezed his hands The Bu not in my presence because I have a greater atmosphere that I bring so of course he won't he won't be able to do all of that with me cuz I kept holding his hands then and told him brother you have go you have gone to receive them Dems demons short form of sin yeah because you are so eager and what is the issue because there are attitudes that are demonic what did he say in his heart I will do greater than my pastor I will show him that all this is teaching and me that I'm even teaching you all the secrets of the things of the spirit but you felt you were smarter it's the same thing the that Satan did you are his friend you have collab the same thing where you believe that no some somebody is holding back on something you open yourself to wrong motivating forces I gave him talk talk talk talk talk of course he that hading his neck will be destroy without remedy because he said why you not cast it that I can't cast that if I cast it that I only increase the fold of demonic activity we now have because they will see that is been threatened what we planted is being threatened they will increase the fortification so you will have more Devils to deal with after I cast it out he will keep it will keep increasing the number of influences because he has to with his mind say so what we tell people like that is you can get them calm even if you have to induce them by taking medicine anyhow

if they are honorable enough which they should be when you are supplanting uh sub
subduing that atmosphere with the peace of God you bring I'm giving you practical
knowledge this morning you tell the to say my mind is okay I honor God with my mind my
mind honors God's word I think the word of God then you have to put people to observe
them you can't leave them you can't leave them you can't leave them let them pray only in
their understanding don't hear anything because the mind that you want to use to see and
hear something has already been given to Satan we need to bring it back because it's the
mind that is the issue here so the Bible tells us in Proverbs 4:23 guard your mind with all
diligence for out of it are the issues of Life the word issues of life is the everything in life
goes through your mind the outgoings of Life all that you see in your life goes through your
mind and your mind can make things so real to you that are not real to your mind is very
powerful so powerful that we can't leave the Christian Life outside the renewed mind that
God says we should renew our mind and when people hear things like they become all of
very careful with the things of the spirit no no no no no is not to be careful with your desire
because the Bible does not tell us uh to be careful in how we desire the of the spirit Bible
tells us not to give place to Satan does it tell us to now be afraid to love God we afraid to
go for the things of the spirit and that's why we must mature that's why we must mat sure
what is a a man who does not even know up to 10 Bible verses saying I want to see an
angel now let an angel appear in my what exactly are you looking for you're going to see
because that's not even a prayer Point I've thought this over the years what you say let an
angel appear in my room now are you sure you will like what you see and what you see are
you sure it will be the angel nobody ever pray that Prayer in the Bible why are you praying
it anel appear right now my front right now in my front no as you continue your walk with
God you have visions as you continue your walk with God you you learn how to see are
right because it's possible to see wrongly you know some uh very wonderful pastors who
see things that they should not see what is a past what is a prophet seeing the color of a
lady's pant for if he's not with the spirit of lust why even if you were seeing something
maybe for a reason whatsoever you believe you and your spirit is giving you such a
revelation how come you now have to also say it showed where you your mind was but
why is God revealing such a detail to you because the boundaries of utterances Revelation
power is edification so the question we ask and that's how we test Spirit how does this how
does this how does this edify how does this edify how does this edify how does this edify
how does this edify so edification is very important so man is free soul and body so we put
it this way in our spirit is where God dwells or his Spirit dwells our soul is where our self
dwells and our body is where our physical senses dwell if we're going to teach it with the
word dwelling our spirit is where God dwells we we do not dwell in our spirit no we're spirit
being but we do not dwell in our spirit only supernatural beings Angels dwell in the spirit
you know what I mean because we are in our physical body amen we're Supernatural
because of our makeup our nature and who made us and because of how he made us
amen so God intends to live in our spirit God is in our spirit Spirits can be in spirit our soul

is ourselves that's why when we got born again the spirit of God is in US John 3 were born he that is born of the spirit is Spirit remember John 3 he that is born of the spirit Spirit Romans 12 2 Corinthians 3:18 tells us that we are transformed and if you read Romans 12:2 is by the renewing of our mind I we live out as God's Temple and we see that our bodies are also going to be transformed Romans 8:11 The Same Spirit that our mortal body shall give life so right now our bodies have not received Supernatural life to be Immortals we are not Immortals we're Mortals no matter how a preacher get excited and say those things [Music] Hallelujah knowledge is very important [Music] first saloni 5:23 the God of Peace himself sanctify you wly wly completely Spirit soul and Body Spirit soul and body [Music] [Music] [Music] Hallelujah clear clear clear so man is Spirit Soul embodied and like I said there are text so in order to save the argument are we three part or are we two- part because we know spirit and soul is used interchangeably many in many places in the Bible we just say stick with spirit and soul they are the part that you cannot see so it's inner man so I think I I I I see why Paul was very emphatic he thought Spirit soul and body but he just said there's the Inner Man and the outer man just end of all argument because he's also remember the apostles gave a commentary on Genesis to Mali they have read it too so to just make it easy the Inner Man the outer man Hallelujah so that there will be no argument and the inner man is very important why are we teaching this so that you pay attention the Spirit to the soul to the body and the words the Bible now be in fact the word spirit is not used in Revelation at all for human beings when Revelation use the word Spirit human beings don't make it human beings are called soul in the Book of Revelation because it's a Visionary experience and you learn that in the ecstatic is an ecstatic realm in the word of Visions you just use the word soul to explain man not Spirit supernatural beings are called spirit in the book and the spirit of God man is not called Spirit at all in the book Book of Revelation because it's a Visionary State now soul is used to explain the entirety of man man's life what you profit a man if he gain the whole world and lose his soul is your life no more m is your life no more than meet and your word life there is your soul so your life there 3,000 Souls God save you see the Bible use the word soul for the entirety of man too so man is Spirit soul and body man is spiritual embody but to break it down the prophets now began to use different words and we have a teaching on this by the way in case it's sounding here we have Spirit on Spirit soul body mind conscience all of those things now they now began to use the word mind emotions and will and they stop using the word Soul which is very important very very important and they use the word mind when they when they are being practical when they are talking about living instead of just using the word Soul so they use the word Soul you know they dealing with an entirety but when they want to be direct they use the word mind emotion will conscience come on all right we cannot talk about being Supernatural without talking about the core of these things and when we um travel for Supernatural activation meetings across Nigeria over the years we always have to tell the people how you get a word because how does that word come because many person have said I heard God's voice where did you hear God's voice because I'm

talking to you now you didn't hear from outside though some things are funny say came in through my left ear what is all of that because he's he talks to you then we talk about what is the realm of the spirit why does he look like there's a distance in the realm of the spirit there's no distance the only distance in the realm of the spirit between you and real of the spirit is will be your mind there's no distance because the heaven is over the Earth they are inseparable are you following you can differentiate but you can't separate it I'm always in the spirit consciously or unconsciously but that I'm in the spirit because I'm born again does not mean I'm always doing things in the spirit so Romans 8:8 so then they that are in the flesh can not please God but verse 9 you are not in the flesh but in the spirit if so be that the spirit of God dwell in you so we know that the man that is Born Again lives in the spirit Ephesians Galatians 5 if we live in the spirit let us what since we are alive in the spirit if you are alive where where do fishes live thank you so if you are alive in the spirit where are you living in the spirit so if we live in the spirit let us walk in the spirit w a l k let us walk in the spirit so our conduct we walk in the spirit walk is not with physical leg our conduct should also be in the spirit so that means that is now an action it cannot happen subconsciously I have to with my action then we talk about those two things again what is the Spirit within the spirit upon the spirit within this is part 19 of our teaching in case you're joining us but you'll still learn if you focus on what I'm teaching no matter how long the series is okay we say we have the spirit of God we have been saying that for some time we said that on Wednesday again I have the spirit of God in fact that's have charged up where and we closed all right the spirit of God is in me the spirit of God is in me where is the spirit of God living in me in my spirit in my spirit and [Music] now so I have the spirit of God I have the spirit of God I can do the things that the spirit of God would have us do so that what we say Spirit within Spirit upon or the spirit in our means which we talk about the three workings of God's spirit with Mankind in within uh within or in spirit within spirit in spirit upon and the spirit around us in our midst which is often in the Gathering of the Saints and also can be found with unbelievers you can never found the spirit within in an unbeliever spirit of God can is everywhere he say if I take the wings and flee to H you are there you are there I mean Psalms so there's no way we can go from God's spirit there's nowhere we can flee from God's presence so he everywhere now that presence can be concentrated which is where you get the word manifest presence is concentrated in some places more than some places which gives bir to the teaching I taught you on sacred places okay the temple of God and today we are called The Sacred place of God the Man in Christ is the sac place and our gathering like this is also called a sacred place now pay attention are you getting this so [Music] with my spirit I'm God conscious with my mind intellect emotions which we quantify and say the part of the Soul which I will not allow you do for today my mind my emotions and my will um self conscious with my body um word or environment conscious is the word for so is when you get the word psychology so more uh about me self in it uh pay attention the spirit within and the spirit of upon are they two different Spirits or the same spirit of God now how did the spirit of God enter within us Born Again experience AB

Born Again experience Ephesians 1 when you believe you were vers 13 you were sealed with that Holy Spirit of Promise Abby we sealed with that Holy Spirit of promise the spirit of God that dwell in you first Corinthians 3 1 Corinthians 6 the spirit of God that dwell in you so the spirit of God dwells in US Ezekiel 36 and 25 and 26 he will put his Spirit within us and he will curse us I'll give you a new spirit a new heart I cause you to walk in my statutes David say create in me a right Spirit renew a right Spirit within me so the spirit within us God has renewed God has regenerated us his spirit is within us the spirit upon acts 1 ver8 now there is not a difference is the same Holy Spirit the difference is in action tell your neighbor action right wrote a book on gifts of the Spirit and he called it taking action and what is what a what a title because you cannot flow in Sp without taking action taking action taking action the spirit upon acts 1 ver8 ye shall receive power after the Holy Ghost is come upon the Holy Ghost is come upon so in case you you have forgotten we can quote the text upon you Holy Ghost upon you in Acts chapter 2 verse 17 Peter said this is that which was spoken by the prophet Jo that he shall come to pass in the last day said God that I will pour out of my spirit upon All Flesh and your sons and your daughters shall prophesy now is quoting Joel chapter 2 now there is one word that is different in Joel 2:28 and Acts 2:17-18 19 the word is in Joel 22 I will pour out my spirit Peter now added a word of I'll pour out of my spirit where is the spirit of God today inside of us so when he says the outpouring of the spirit let your mind not go to water inside a bucket being poured out where is the spirit of God inside of me so if something is going to come out I have to be the one to do something that's why in the out pouring notice who has action God or man sons and daughter Bible not how to interpret is man that have action but in Ezekiel 36:26 who has action I will put my SP within you I will cause you I will make you God is the one that has action so the W spirit withing is not something that I did it's something that God did it's God that puts his Spirit within me no one can say Jesus is is Lord but by the Holy Ghost so it's God that put his Spirit within me but for me to take action with the spirit of God that's the spirit of PN so the spirit of P like my favorite example over the years remember an Chief the spirit of PN is not the spirit it's not the spirit on top so when so when we say upon the resurrection and born again did you climb the empty tomb no so on account so on account of the spirit of God within me I do this now why is that very important because the spirit is my connection the spirit is my connection because God made man to function in the realm of the spirit that's how we're made to sit on high we've done all of that teaching we can't go back to it now God made man for that height of height yes all right that's how God made man that the height of height that's how man is to function and man is Spirit man is soul man is body and the way it works another example I use a lot it's like a big house a very wealthy house a mansion you have to have a lot of persons attending so there is the or of the house then there is a there's a steward that is in charge of every other Steward or every other person attending in the house remember okay the or of the house is the spirit the steward is the soul which in this context we will not use the word so we use the word mind emotion and will I'll tell you why in a different series not this one the body so

the or of the house tells the steward or the steward if he or God does not tell the steward we ask two things so there's a place where your mind probes the spirit and there where the spirit brings to your mind very important in our walk with God okay so what are you eating today the man says the of the house says I'm doing Jello fries he you know with my favor right because he knows it so he knows the favor right so he tells the steward ghost he's not going to be the one to prepare it he tells the chef tells the chef now a will be eating jello fries with well prepared garnish fish with a cup of smoothie by the side with this with this with this I'm just begin to list all the different things and it's a Well furnished table then he goes to the driver and tells the driver no no no it will not be that car or will be using or will be using the limited edition 2022 he doesn't want to do 2024 this year are you following notice the steward is not the one doing this things he's the one giving instructions to the members which is the body at the end of the day who understands the full running of the house is the steward more than the GU but the GU is the one in charge but who is administrating everything is the steward that's how the mind is that's how the mind is the mind that's why I said is the singular most important part of man for living on this Earth without our mind we can't live on this head we can't live effectively so it says guard it Garing it like a barck don't use your mind as a garbage dump so it says guard it guard it guard your heart for out of it are the issues of Life the outgoings of life amen so again go back to those three the magician Sorcerers divers how did they get there how did they become so so that means with the part of them that is unseen they have connected with a dark because there's of God and of Darkness remember we explain parts of Darkness so that means this individual become Man by Nature know again even a lazy person knows Genesis to Malachi that there were only three offices that got anointed king priest Prophet all right so we use that word the Lord Genesis CH 2 God made told man dress the garden not because he a farmer the what dress is the Hebrew word used to explain priest serving it's the same word Moses that used that word the same word he uses for the office of the priesthood so it says be a priest be a priest over this sacred Place remember it's not horiculture but sacred place so he's using Horticultural language to explain Sacred Space language so he say dress it which is only used in Gen 2 and chapter 4 to till the ground after Genesis 2 and 4 that was longer used again so to dress it is to be a priest remember Adam is King have dominion come on he wakes up falls into a vision and he says bone of my bone Flesh of My Flesh and it's not marriage he was teaching as we taught you emphatically is because male and every human being is born or born flesh or flesh because we are one flesh and I give you all the references in the Bible so that you not say what is this pastor saying for those of you that are new calm down don't get get emotional you don't know so we read all the references of the word and we saw David called his Breeden bone of his bone David is not gay even if you want to be David all the we saw it in the Book of Judges I mean I read those references for you bone of my bone Flesh of My Flesh that's why the body of Christ Ephesians 5 can say we are now members of his body it's the same language he's given us that means we one body in Christ Jesus because

naturally it is illogical and stupid no human being is born and born even in the sexual Union you are still two separate bodies climbing on top of each other it's still not the same makes no sense to say you are one born so that's not what is being taught now is it true in the marital context that the husband or wife feels and become one that what is taught there is the sexual Union Corinthians was explaining the same so not uh that two human beings have become one physical body say I found a missing reib or half or whatever you are finding it's not half plus half no it's not don't do that I'm looking for my half no find a full person it's not half plus half is 1+ one amen so the spirit so so this men because mankind naturally is King priest and Prophet that's why Moses tells them in Exodus 19 a kingdom of priest and kings and he teing them the gospels all of Israel when the Bible says touch not my Prophet is not one man is all of Israel that was called Prophet all of Israel was called Prophet remember all of Israel was he rebuke Kings for their sake touch the man do my Prophet Noam is the whole nation that is called do my Prophet Noam because they stood as God's Prophet amen and when we saw Jesus walk the earth he took the three position as the anointed the Christos the anointed now fivefold ministry will not be anation of that so we say an apostle is a praise King prophet of God it's just that his Apostle remember is not nature it's assignment it's assignment Prophet they are more verbs than they are now I know you put it before names but not in the Bible Paul an apostle not Apostle Paul for anyone that you are okay with no Wala never wish to fight okay so emphasis so man is free soul and body so with our spirit so how do these men they began to engage I give you the example of a lady many years ago I casted out the devil from and how did she become demonized she began to speak to the she went outside her house and she began to speak to the son s u n noral son and because she was Hur and broken her our emotions were involved because the emotional gate is the Gate of perception is very important and what she did there she had opened up herself she had opened up herself she had opened up herself and say this and this and this will happen to this man and she said all the rubbish things cuz I saw it I I could I I could relief the moment cuz I told that you went outside you pointed your hand hands up could see what she was wearing and everything by the gift of word of knowledge and design of spirits could tell so I told her and all of that casted Out the Devil God have Born Again f with the spirit and that was the end of it but over time she kept talking to different things lat she would talk to sand talk to water remember not saved this is not about Jesus rebuking uh uh the sea it's not the same thing that's exercising Authority this one is somebody trying to get something from it get power from it where should man get power from God Alone AB be God is the sole source of man all right so once man goes outside God as his Source he's going to be looking for something else and now there are something else out there rebellious Spirit seeking to take the place of God in people's hearts if you yield yourself to them and it's not so easy before you get scared which I said it's only a man that is not submitted to God and that submission is where you have put your mind where with your mind you have where your mind has been placed in your walk with God that's why the Bible says submit unto God then resist the devil that mind that

submitted to God does not yield to Satan that mind but that mind that is exploring innovating so because there are some of these men that did not even go to any DB that became Supernatural they just began to engage things go outside said this Leaf must be special this is not normal leaf that people eat they lift it up grind it then they talk to it now those are the ways to engage you now begin to use your words you mold a statue because somebody told you something and that's different Imaging of all those diabolic and what we concluded on on Wednesday that The Exodus chapter 7 Exodus 8:7 Daniel chapter 2 soras I mean magician soras divine all of those people there is a limit to where they can go because they themselves said this is beyond our hand this is nothing but the Finger of God so there's a limit but there's no limit to the power that God have there's no limit to what we can do with God but there's a limit cuz sometime people praise Satan so much and make it look like he's Limitless ahh he's limited though he doesn't have all power and all authority oh there's a limit to what he can do or it can do or they can do a limit say limit and were greater than all of that Hallelujah well greater than all of that so put it this way with your mind is the Gate of your intellect your emotion is the place of your perception your mind is the place of your intellect your emotion is the place of your perception your will is the place of your action and for everything that we do with our will with our action what I say I have decided to that's why if you decide to come out of your house naked you will correct yourself because your will does not function on its own though you you will it which is quite nonsense you correct yourself what kind of rubbish is this why am I thinking like this or if you ever climb an upstep before you notice that say I feel jump why don't you jump you have enough brain come on say ah I feel jump I feel stand for the jump but you don't try it because your intellect tells you now diab this your emotions you start feeling somehow okay because that's to help you in functioning you don't see a bridge and say wow this something to jump that's why when somebody wants to commit suicide you already know that they are out of their mind beautiful and all those states where a man is out of his mind and it's not the mind of God that is working with are all levels of demonization not not that not I don't want to use the word possess that you're not getting spooked every time you're out of your mind like that you are not acting normal you may not like it you may feel uncomfortable say Pastor it's not me it's not me I thinking clearhead even now this resistance is still by your boss Satan yeah say it your mind is the place of your intellect you so all our actions the will the things that we do we get our perceptions and our intelligence our perceptions from our emotions our intelligence from our mind and they all come together before we decide to do something that's why when somebody you not say were you not thinking because you don't just do things like that you do things from thinking or Bas on what you feel some people only base on what they feel but feelings are FAL it it it varies the issue with intellect you that you can get a wrong knowledge and that's why when you are settling issues many times s the conversation is to get to how the person's understanding because that's what is producing action are you with me so the call of who man is so we pick signals through our emotions are you still here okay just for so he said to

dress and to keep [Music] it the man that God made God gave him an instruction verse 15 the Lord God took the man and put him in the Garden of Eden to dress it and to keep it so the dress and keep it Priestly function to dress and to keep it dress and to keep it now just a quick run down in the Asian near East and in Asian near East in the culture of those days the early civilization when kings wanted to announce their dominion over a particular region they will erect a statue of their image there and when they erect their statue there they are simply saying this land belongs to me even if the King was not immediately present there so when God creates a real called Earth and puts his man he saying I'm here my king is here I'm here so the very father man is image of God in a physical Place shows that man is an image of God and is that understanding the cultural historical setting that Moses had that is making him use those words then the word image itself cannot be argued if is Supernatural because image is a is a is representing the super a representation of the supernatural so by calling man image of God is already saying man is Supernatural you don't need more Bible verses than that amen the spirit of a man is the candle of the Lord SE the more part of the belly so man is lighted by God from the spirit everything from God passes through your spirit everything from God passes through your spirit but there is no action on the Earth without it passing through your mind and that's why your mind is very important some people said which language does God speak does God speak Hebrew does God speak Greek does God speak French does go say God speaks all the languages but when God speaks to us we are the ones that hear it in our mother tongue when God speaks to us we are the ones hearing it in our mother Tong because our mind is that processing because where is your intellect that's why you can learn language before you say no no no no no that's why you can learn if you can't learn a language if it's not of your mind you can learn a language God does not need to learn if a new culture comes out now God will not learn to talk to people with that language because those people will take what God is saying but what God is saying was not said in that language so using Paul Paul said and I heard in the Hebrew tongue because he's Hebrew why didn't he hear in the Latin tongue come on why he in the LA I heard in the Hebrew tongue so if you read my book on the prophetic Ministry the best material you can ever find a proper textbook on the prophetic Ministry on prophesying and all of that I I I put it there it's out of print now there are no more copies except the ones people uh we retrieve from some states just because some people were looking for it when God speaks to you he's speaking to your spirit your spirit communicates that to your mind and the mind that your spirit is communicating to pay attention this works for utterance Revelation and power gifts I'm taking my time so that you catch it some people say how do we see say I'm seeing somebody here how did this seat hey you know the three eyes you see the the eye your physical eye too you have two physical eyes those eyes are the eyes of your body then there's the eye of your mind the eye of your mind is expressed through your intellect and your imagination I've taught you this before about when you want to see you have to use your imagination it's not burning it's not those children cartoon is real you see through your mind sees through your intellect

and your imagination because there is light physical light is what your eyes need to see or artificial light we have because if everywhere is dark you won't see so there's a light that your that your physical eyes need to see that's how there's also a light that your mind needs to see you cannot see beyond your intellect beyond the knowledge you have even God is limited in what he will say to you if your mind is damaged and that's why Doctrine is very important I I told you when about many years ago Supernatural meeting and a a guy was prophesying to somebody and because he came from a Cher beam sarapin background which I picked up because I I was going around them and he was G somebody word and he said a Cher beam stopped that use CH beam what he's saying is correct there an angel but he's using that's the language I used to iately knew because God will the only way he can make sense of what he's getting his spirit is to use the word he knows I've used this example before in that same meeting somebody else was talking I mean because a new convert can move in the things of the spirit does not mean has knowledge for pro because the vocabulary is manade but inspiration is from God all right the vocabulary is manmade you can't prophesy beyond your intelligent if you don't know book you will prophesy the same way if you cannot speak good English when you prophesying you will also not speak good English you have to give words to it and those words and all those things are passing through your mind emotion and will that's why I'm telling you to pay attention so the lady said you know that thing that used to do to Susanna I can't I know I've watched that movie when I was younger but I can't recall it so well so I had to ask the lady he was giving the word to and the lady smiled and say yeah yeah yes funny enough I haven't watched it again recently oh so he really B prophetic using the example I mean but that's how he could explain it and he believe that everybody understand that thing I don't know what but this lady said she got it and she now interpreted it that and I say okay trouble Terror but the person understood it I could never have understood that thing if it was me she gave that water I would just be like sorry I don't know what you are saying but I'd already told them to forgive how the person sees it because different people different understanding here just try to make sense of what the person is saying because they are going to use their own vocabulary but they will know what they are saying so many times what they will have a challenge with is the interpretation how to interpret say I know I know because that I know is the communication of the spirit the spirit is intuition you already have all knowledge so you know you will know it's just a part of it that's why it's called word of word of is a part of a fragment is just lights on you so there's light that your mind eye also need to see and that's where the demoniac and all people use the third eye they they now try to put it on your pH that's just being stupid they don't know anything the third eye is not to put it on top of your forehead no it's just rubbish cultic or cultic practices man has two physical eyes man has the sight of his mind too man has the sight of his Spirit too where he say Lord open his eyes and that's not physical open his eyes that he may see the challenge with that spiritual seeing is that it still has to come back again through the mind has to come back again through the mind of course we see from our spirit with our intuition

intuition is part of our spirit with our intuition the intuition and the communion part of man is where we see true the Deep calling onto deep the opening of our spirit so we see Ephesians 1 now there are references for all of these things and uh we we have two more uh of this series to go this series is about to come to an end Ephesians 1 and verse 18 walk with me this morning hope you're learning [Music] something I've said it we see by seeing we see by knowing you must have heard me use that word over the years so Ephesians 1 walk with me verse 17 that the god of our Lord Jesus Christ the father of Glory may give on now this I'm teaching you is a LIF saer you ought to know this from Foundation class you ought to know this from the day you got born again because it's going to help your practice when you know that Spirit soul and body your mind is very important part of you you can't just say I'll think what I like I'll do what I like stop that Madness no no no you have to be careful what you think you I'll say what I like you can't say what you like Bible teaches us what to say because our words can create for us something else so I'll tell you how it works with the prophetic where you say I see and there's none of us here that have never seen the spirit just like there's none of us here that have never he God you don't teach a Believer to hear God because if though he not saved every Christian hears God even unbelievers can hear from God AB ah no you're just trying to agree with me except you are an old member or you have been with us for some time you know our teachings if you are new face yes I just agree with the crowd because all these things is what they call Dimension people call it Dimension say an angel can appear to you like that angel said they appear to unbeliever you know there are many wrong theology people have say God don't he the prayer of a sinner and you are and you and you are telling somebody to recite with you the pray the sinner's prayer God will help your Doctrine the prayer of a sinner really and he could hear us when we are getting born say no except that one so there's accept now no God hears prayer in fact God is introduced as the god of mankind as the God that he prayer i t you that on S on Friday again unto him that Hearth prayer shall All Flesh All Flesh Come All Flesh comes to God that Hearth prayer the issue is God Is Not father of the unsaved it's father of only those who believe in him that's a big difference but it's God of All Flesh and as God of All Flesh he has to be just he doesn't attend to the saved and the unsaved the same way that's the difference but he's God of all so it has to pass through there so I see something what I'm seeing the spirit is going to be filtered with that's why the Book of Revelation is filled with symbolisms it was like a sea of glass like cu that's how his mind eyes could see it because it has to be filtered through the intellect and his imagination and Imagination is why we gaze he say and I looked and I saw I you will come back to it Ephesians 1 the god of our Lord Jesus Christ the father of Glory may give unto you the spirit of wisdom and revelation God will give unto you the spirit of wisdom and re Revelation knowledge of him look at 18 the eyes of your understanding being eyes of your understanding that's the eyes of your mind being enlightened are you seeing it your eye can get clearer put enough eye drop of understanding the eyes of your understanding be enlightened I know I just said rubbish

optomet we laugh ey drop is ey that somebody the has issue I know that yeah I'm a science person so I said rubbish deliberately so that it will just sound well was for the sounding effect eye drop the AET in the church all look at me what is Pastor doing Bel the eyes of your understanding be enlightened that you may know the eyes of your understanding be enlightened that you may know what is the hope of his calling so eyes of your understanding so my mind needs to get the light that is in my spirit eyes of your understanding be enlightened notice it says give unto you the spirit of wisdom and Revelation knowledge of him but your mind needs to assess it the Mind needs to assess remember I've told you this in all our teaching on hearing God's voice Divine direction we always is the mind we always use this reference the Mind needs to assess it so the Mind needs to assess eyes of understanding being enlightened that you may know so my mind needs to know what is in my spirit my mind needs to know so my spirit does not need my spirit does not need the direction because my spirit has the direction my spirit does not need the Revelation my spirit has all the Revelation it's my mind that needs it so my mind needs to assess it and it says one of the way is when we pray our mind eyes get enlightened but again it shows us that knowledge regulates it [Music] remember two things I said can sum up the whole Christian V experience I've repeated it two times now last week Sunday and uh I said it on last last week Sunday too knowledge is the most operative word you see that I have said it I'm going to say it again knowledge is the most operative word in New Testament I be if fact the essence of ministry GES so that we will know perfecting the sent proper fting just like a tailor fits cloth properly that's perfecting for perfecting the sense for the work of the ministry for the of the body of Christ till we all come of Faith knowledge of the Son of God then he says that we end for be no more children to to and for so Ministry gift is to supply us knowledge and we said another word we can use as a synonym for salvation after being born again is spiritual growth and the synonym for Spiritual can be called knowledge God wants all men to be saved and come to the knowledge Timothy 2:4 the same thing Peter 3:18 grow in Grace and in the knowledge are you following grow in Grace and in the knowledge God wants us to grow and that growing is growing in knowledge philimon 6 the communication of our faith becomes effectual how effective is your Christian Life is based on what you know the come communication communication is the word sharing my participation in the Christian faith the sharing of the Christian faith becomes effective so how effective is your Christian work by the acknowledging the word eposis for Knowledge full precise knowledge by the acknowledging so I I don't just need to have knowledge I need to have full and precise knowledge the full and precise acknowledging of every good thing that is in me again that shows that there would hardly be a practice I I would have without acknowledging until you acknowledge you can see you won't see until you acknowledge you have power you won't walk in power until you acknowledge you have to acknowledge and appreciate the spiritual things that you have you have to acknowledge it and say I am this and even in the school of prophets in the training in all forms of ministry in the training of to moveing the power

flows every of those training starts with an acknowledgement I must first acknowledge I am I am before I do is human beings that do ab be it's not human doing but you have to be then do so I when I acknowledge I am I don't have nobody who has two legs and his legs are okay struggles to work if I have it and I can do [Music] it Hallelujah no you don't have to pray to to see physically because you have you just see that the same way I am this and I just do it it's my cloth I can wear it anytime so once I acknowledge that I can prophesy anytime I can see any I can do this it becomes easier so acknowledgement is will come to that also are you with me so our mind needs to assess it our mind needs to assess it and these are where the differences in men begin to come from this are where the differences in men begin to come from because everybody is not matured the same same way all of us saved and unsaved is Supernatural but only the saved have the spirit of God only the saved has all authority and power only the saved is working with God's spirit come on only the saved now amongst the saved there will be ranking maturity just like also among the unsaved because as long as it has to do with the use of Supernatural Authority there is also maturity there a a sapless slogan that witchcraft get seniority know they speak it well with pig I'm not saying where very comeon you hear people say seniority day witchcraft sity it's a wor thing all right so say that kind of know they talking about witchcraft like witchcraft something else say any mad you get person mad past you you col now so you know what it means AB so the seniority Ah that's why they say this one is a more stronger one that's why Pharaoh gathered all of them and say where oh yeah bring more bring more and all of them could not interpret the dream Daniel was was the nebuchad all of the remve their head are you following because they could not what are we now paying them for because as always you know it's deception so they have to be Prophet for higher which is the that's why when a man of God becomes a prophet for higher is also like unbelievers because they are they are it's for gain say come ah take this one again you don't see anything for me this week you are supposed to be seeing and paying you so when a pastor say let me fast for you is the same like doctor it's the same thing let me fast for you let me pray for you AB when you make fasting and prayer look hard because you don't hear no the importance of praying amen hallelujah somebody is saying ah I really like this church the way this pastor is preaching making look like they in a school yes so my members are in a school that's why I'm talking like that they in a school they in a school because uh church is not where you go casually i y went to church you don't show us your clothes there's always somebody than you there's always somebody that was sent better than you or smell better than you you know we use smell as if it's bad in Nigeria say scent smell oh you got it some only some that will smell better than that someone that dress better than you and it's not because you may be richer than them so calm down all this unnecessary competition does not help so primary thing we come to church is to learn to see each other Fellowship one with another but take God's word Fellowship one another and if our needs are met by the gifts of the Spirit good and fine and if it's not wait for another service where it may be met but we know that our primary need is to grow is to learn is to know and that's what we have

in common because there Rich poor educated educated and we don't all have the same needs as our mothers used to say more devotion as our faces are different so our needs are thank you ARR rest my case you get it come on come on come on so our mind needs to assess it our mind needs to assess it our mind needs to what ass our mind needs to assess what is in the spirit our mind needs to assess it so that means will that be the same for utterance Revelation and power three categories or functioning in the Supernatural there's utterances you need to say supernaturally there is revelation concerning Supernatural and there's power things to do that are power if we are using the nine gifts allow the pronunciation power say you say power the think it's not silent no no no no power so you know there's action all right so are you with me so God have said something to me so when God speaks where do you hear his voice in your spirit but it has to come to your mind if you you won't be able to do anything with it because God is Not only to you for talking sake you you need to think on what he saying and you need to act on it and where is your action in your will and it's not in your spirit so there's intellect emotion and will come on intellect emotion and will intellect thinking emotion feeling will doing action if you want to throw away the word mind and put the of them as mind which you should not call it heart right darling all right so better word the prophets use the word heart so Theory parts of the heart of man will be the intellect or you say mind because some places mind is used to explain all the some places mind is used to just talk only by intellect so the context Bible is not dictionary you always have to pay attention to the context how the words are being used so the mind the emotion and the will so God wants us to act on what he's saying that's why I say God is not found in Temptation every man said when he's drawn away by his own loss now what you see say somebody made me no you made yourself do what you are doing oh God forc me God not force anybody to do anything you your mind your emotions your will were in line and that's why you did it it's always like that did you get it yes sir did you get it yes sir making progress yes sir okay so when God speaks d uh Samuel heard God's voice and he ran to El but they tell us no when God speaks my son son son arise get now on your feet feet feet for your father speaks to [Music] you arise on your feet for thou art my it has to sound like KJV for because he has to be in 1611 your God is is trapped in time for th no woress that I walk with you no walkest with you for if thou would only arise and be on your feet and be up and doing you will see the glory the glory the glory of God I will come to you again not onlywood Fe or Hollywood and that's how we want God to speak because his voice divides the flame of fire his voice like a sound of many waters you know he mean many water [Music] every you can you cannot Trap God God is multifaceted it's just what he's communicating but emphasis God's voice sounds like a man's voice that's all you should have heard that's why Samuel ran to El because God's voice sound and even makes it worse this you know the worst one God's voice and your pastor's voice because that's the voice you hear every week for Spiritual information why is God voice going to sound different before that's why El Samuel T it's not because you're in the same house no asaiah told us you hear a voice a still Small Voice every time God

speaks it speak like a man's voice Daniel heard God's voice and he says the thoughts of my head greatly troubled me because God's voice sounds like thought that's why you and I we use the word something to told me have you done that before somebody say My Mind Is Telling Me I me later on you find that mind was God that told you something but you know you said my mind was God your mind no but you said it mind because it has to pass through your mind so if I know then I will divor knowledge voraciously because my mind is very I need things to be in this mind I was a teenager when I said I going to know a lot about everything I'm going to know a lot about many things and everything that is possible to know just know a bit about they Master a few so I not be a jack of all trait but the mind is very important the mind is very important the mind is very important mind is very important you cannot the heart is very important okay I stop the word mind now go to the word heart have mature past mind heart which will explain the theory the heart the heart the heart of man Hallelujah guard it diligently amen so when we talk about all of our activities on the earth spiritual body very important and we have functions to Carri for the Lord and when a man is King and King priest and Prophet for Satan he will be carrying out function for Satan for the pow of of Darkness AB be when a man is King priest and prophet of God or standing as God intended him to be in his and is being Supernatural he will be king priest and Prophet for God which God intends us to be so we must mind how we think how we see how we do the things we do amen now why did I give you uh mediums because those are part of what people say somebody did this to me is it not funny that you said a magician now somebody did this to now of course it's possible people can do things to people and don't hide behind New Creation whatever a lie people can Satan powers of Darkness unbelievers people who yield to the devil can do things to a Believer but not all believers yeah that's how the Bible tells us exactly how to work yeah people do plan things and say uh but but stronger Devils know not to be using powder and chalk and stabbing mirror they manipulate your emotions manipulate your intellect that one is greater that you can you self destru faster self destru faster you know this was not black powder now that that sa the the devil blow on King's eye he just told him your brother is better than you God loves your brother more than you say what God really did not accept My Sacrifice he accept a God now ask him after he had killed his brother where's your brother is My Brother's Keeper ah Baba you're supposed to be your brother's keeper you can see he has forgotten that his brother forgotten is his brother and Bible calls that hatred and he added links it with anger this are actions that you find Satan because this is his word these are his attitudes this is his realm you can't use his tool better than him the are things you should that's why proper Christian Living is emphasized not just because of H God it's also because of you how you live can't just be giving yourself to anything you you see here no your heart is very important Bible says give no place to the devil remember this text give no place to the devil give no place to the devil so I I want to quickly read some text allow it to be very first magicians who are magicians magicians are people with Ault knowledge that's why they are called magicians so they are what you call in the word of that movie A

practitioner of the Mystic act exactly that's the meaning of a magician that's the proper meaning of a magician because a magician has enchantment and I told you the word enchant M two words for enchantment one that has to do with yielding to an Angelic sword I told you that on Wednesday and the second is secrecy it has secrecy two words for enchantment AB have forgotten NOA Exodus 7:22 uses the word L A secrecy is the word enchantment and I told you that word secrecy is where you get Mystics mystery so there's a secret and that's why there there's a secret word they they see just like you saw in a Harry Potter movie If you've ever watched that you must also be careful how you feed on junk because you also your mind if if you give your mind after you must you must not watch rubbish you must not see rubbish you watch uh uh uh uh pornographic things uh it's going to affect because the vision gate that you used to see something you're trying to visualize and what you are visualizing is the detin in your mind it's going to affect how you function supernaturally so you have to give yourself to Pure thinking because it's important it's very important you can't be thinking rubbish and that's why over the years I've just stayed around super even if I'm going to just say entertainment I stay around something Supernatural and I as a law if it's entertainment I off my learning gate I off I just switch it off there's nothing to learn cu once you own it say Wow this movie really people learn from movie and they use it to fight their brother in their house because they saw in the movie a brother was taking care I say you think they heard something outside it was from a movie I said brother I don't like no we talk I will see you ahh you are very I mean no culturing that you call childish I still a child you have not grown you have not matured M sure you put those things in place you can't hear a story somebody's telling you H look at what my wife did you now put your own wife in the story that's how my own wife is idiot irresponsible man no now you don't do that the same thing for the man putting his the wife putting the husband say that's no no no that's what even if your husband is that you are supposed to use your words to nullify it when you are going to say say no he's not like he not say ah no don't fit it stop accepting negative experiences and making it home with you and say my even if it was like that you ought to change it you ought to change it you ought to change it you ought to use your words rightly amen yeah so magicians have enchantment that they use now why am I saying so that you go and meet a magician so that you go and find Enchantment is to tell you that the Bible does cover all of these things so you say h you don't know what I'm going through the Bible knows what we are all going through and it tells us that there a limit to what they can do because if you esteem what a magician did so strongly then you insult yourself because you are a greater than all of those nonsense put together and you are we will not use that same word for you we have our Bible words for you we not call you a magician greater than magician but not a magician because it's not magic that we call it we have our own words you know somebody was criticizing about the whole channel of the spirit s and some people on of course I I don't have time for people fighting people with Doctrine but you know the origin of that is chakra so we have every right to condemn it for those that are uninformed because that's where you have channels

because you have a posture the SE and you open all your chakra all those things are Buddhism Hinduism that has come to the church because people are looking for power you not sit down and ask question even the power they can't flow in it way still have to lie in testimonies because they looking for something they looking for something you have to borrow Eastern mysticism no Christians we have our own words and we use our own words amen you have watch too much uh incantation movies that's why you're calling Tong incantation Tong is not incantation it's the the Bible uses the word incantation and separated and never was he used the same you could say oh just like unbelievers wicked Supernatural wicked Supernatural people have Inc we have something greater but don't say the same that is wrong are you with me we have our own we [Music] have separate us from Darkness I'm in the light I walk in the light so magicians are people we ult knowledge there are people we ult knowledge that's why Pharaoh wanted them to declare what they know Genesis 41 they wanted to tell Pharaoh his dream because they should know something so by your Ault knowledge you should know something because you're supposed to know that's where even the Lesser form which is magic trick the person knows something he knows something so the Bible defines that for us then the second word Exodus 711 Pharaoh also called the wise men and Sorcerers it's a technical difference between sorcery and Magic magicians are PR they practice the Mystic act Sorcerers are the same word use for sorcer same word used for a witch is the practice of Witchcraft the difference is that is that the sorca has many devices you can have a ball water stick oil they have tools they have items that's the difference between the two so just a technical difference so they have magician does not have those things The Magicians have knowledge that using to deal with things but the S have things he's using for his sorcery he's using for his witchcraft I notice how limited these guys are because oh we don't need any other ex my spirit is enough I have the spirit of God I don't need to put a mirror I don't need a charal I don't need a chalk box why are we say so that you will not fear anything because it's somebody that bought mirror somebody that bought red chalk never seen mirror before in your life so why is a red cloth making you have sleepless night somebody TI something and put in front of your house you cannot use your hand to pick it have you never carried red cloth before go to Taylor shop and see red cloth if it's red cloth that your problem but because you believe that it don't finish my life but you have authority and you must learn what we have that is no h go word and opposite God Satan you okay it's not God and Satan is not what opposite oh that's why you have and once you have a limited picture of God you have this idea of God and Satan fighting not in my life and not in the scripture light has never F Darkness once you flip light darkness recedes in Nan m m Nan seconds all the mill milliseconds AB Hallelujah no Darkness at all this is not a Hollywood movie I we say go he say oh I'm going I would don't give this is not also a TV show that we give them microphone we interview Devils no no no Jesus said shut up come out say what do you have to say who is stronger out of two of us because you are see one C devil have Satan's device he's envious and jealous he's doing competition and he

thought the devil left the wait for after they wait for outside when they come out from church I'll collect with it I'll collect my property ah you can't you you give place to something you can't you to whom you Yi yourself to your slave to yielding yourself to the very thing that is influencing the individual you don't have the authority because you are not your I I taught you that about spiritual Ware ready to punish every disobedient when your obedience is complete you need your obedience to be complete you have to live a submitted life Hallelujah can you Sayan tools to cast out Satan [Music] Hallelujah so that's uh the word sorra Exodus 7:11 is the same word in theonomy 18:10 the same word in Exodus 22:18 exod 22:18 is thou not suffer witch to live that word witch the same word s should not suffer a witch to live the word k k a s h a p h then there's the third word diviners and this will make up the necromancers the suers the conjurers so these are the three classifications we have in Genesis to Malachi for all the other names are inside one of this Theory the divine are those that practice divination they a bit higher just like they talk about the priest and all of those things in different cultures have their different things the issue with uh some of this this one can be studied it's like a school you have now entered class you have Scrolls using the practice of divination and the practice of divination is engaging supernatural beings of course we talked about the pow of Darkness that exist so these are men these diviners are now men or women people who Engage The Divine realm more actively they're not just after tools and uh Mystic acts they want to be a part of those flows they love the Divine so much so the same word divine is the same word used for suits in Joshua 13:22 divination Isaiah 44 and verse 25 that frustrate the tokens of the liars and maketh the diviners mad so on my matter the diviners are mad come on the diviners are mad on my matter come on so say pastor does not know what we are going through he's just making Satan look like he does not have power it does not have numbers 23 verse 23 surely let's say it want to go turn your Bibles there turn turn turn I'll wait for you I want you to say it with your mouth are you there now numbers 23: 23 surely there's no surely there's no enchantment against Jacob neither is there any according to this time it shall be said of Jacob and of Israel What the Lord Has WR Israel representing the people of God which we are today the people of God no enchantment against Jacob no divination no enchantment no divination against me Hallelujah remember uh Luke 10:19 behold I give unto you power to trample upon Serpent and scorpions and over all the powers of the enemy and nothing shall by any means Hur so just like unbelievers not all unbelievers are given to the Supernatural That's How not all Christians are given to Supernatural but now they go suffer for Life the natural man that is given to the supernatural you notice is feared in the natural the believer that Supernatural is also revered because he has a greater standing and Outlook of things so from today how should you see yourself you that is born again because this is the least of us it's not as I mature I now have authority over Satan as some wonderful preachers preach no this is the victory that overcomes the world even our faith you know a kingdom is powerful when the least of us can mess up the big guy in The Other Side that's how you know our kingdom is really big so if God needs us to first have ranking

what kind of kingdom is that one no is the least to the greatest that's why from the man you just got born again and I practice this and got somebody born again and told the person to use his own words to exercise authority over the devil I mean it's quite easy to do so we must know who we are it says behold remember why you have to behold you have to see it now that seeing is that what makes it vital to you [Music] John Wesley said Satan has brought a caricature of faith I'm paraphrasing him called mental ascent he say it looks like Faith but it's not faith we are we we like we know how to mentally Ascend to something but we don't believe it now the two things I was talking about before is we are supposed to to uh what we know and living with what we believe everything we everything we say in Christianity Today is summed up in those because I'm born again I'm a Believer so I'm supposed to to keep believing I'm supposed to keep knowing that's how I live all right so I live by faith with the things I know cuz if believing is knowledge faith comes by hearing so I what I know how I believe where everything is inside there you can put everything inside our knowledge inside our believing so back to I was saying where was the mar where was was I say before I I retrace that I did not finish those two things help me help me help me what was I saying before I went back back mental yeah so Satan has a caricature of Faith called mental that people say oh I mentally agree no there's knowledge that changes somebody there's knowledge oh there's not all knowledge there's knowledge there's knowledge I I know I know I know is not the same thing no h give you natural examples you see a a man with army uniform you know you know to already be careful how you are dealing with him if the man is not on that uniform you may not know what he is or who he is but you see him on uniform with his rifle H there's already something so there's that knowledge is already determining how you act you have been laughing and playing with somebody only for you to find out is the prime minister s you know once you find out you know you are going to be different that's the prime minister of that country son hey that knowledge already doing something to you now that's not mental you have own it it is now real is and that's why we can sit in your action once knowledge comes home is in an action when somebody say I know something but I can't do it you don't yet know it they lie that's the when youing M for someone I see get I've seen this quadratic equation before I've seen this is now when you say see I know know you not knowing this you see how he's littered all over the episodes knowing knowing this so you have to know who you are what you have and what you can do and that's where practice is hallelujah amen that's where practice is that's where practice is so is there ranking and maturity we have the same Holy Spirit we have the same righteousness free gift of righteousness we have the same Bible but we are we don't have the same stature because some of us have grown more than some job says I know what you know so I'm not inferior to you so if you know something more than somebody that already raises you higher than the person knowledge separate people knowledge separate people uh uh character separate people a lazy person I mean you see all of those there are different things that separate people we may have the same things available to us but how we give ourselves to those things we separate us and the

second thing other than our knowledge and our character will be the grace of God that also differentiates people and that Grace is because of an assignment he gives somebody for example if you can do all the things your pastor can do which is what your pastor should teach you to do just like I do I teach all things I can do the difference will now be that is not the difference is not in the things that we do the difference is that God put me over you to train you so that is a Grace you will not be able to meet up with but if you can do what your pastor does that's how a good pastor should behave it should make you do what he can do teach you to do the same things he can do amen that's the essence of ministry gift that's the perfecting there Hallelujah and that's the reason for taking time because it takes time to train you don't become a tailor overnight don't be there with the prepare for all right I rest my case all right so so you you take time to learn anything you have not taken time to learn you'll be quacking it Mastery takes time Mastery takes time all right are you with me so just like in the natural those guys is the same thing knowledge their character towards these things and how they have flowed with the powers of Darkness the Divine the super natural negative Supernatural and now empowered them to be a representation like this say I cannot be telling all of you okay you go to this other person this person is higher let get it from him get it from her so is there ranking or different statures in men yeah it's a different statures Paul makes that now and even in how we do the things that we do in prayer different statures in knowledge different stature Ezekiel 14 hanging there hanging there hanging there tie together will be done Ezekiel 14 Ezekiel 14 and verse 12 the word of the Lord came unto me saying son of man when the land sinneth Against Me by trespassing grievously then will I stretch out my hand upon it and will break the staff of of the bread thereof and will send famine upon it and I will cut off man and Beast from it verse 14 though this three men so that means they have stature that's why they have been brought in do this three men do this three men Noah Dan and job were in it they should deliver by their own soul by their righteousness say the Lord so these three men have a name though these three men so there's something these three men represented the B mentions characters like that say we are all the same no no no no no it's a difference we may have the same thing but we're not the same thing by our exercise by what we give ourself to is what I call character and all of that just now not going to be the same you can't be lazy and I'm hardworking and you say will produce the same result are you a joker God is Not partial you can't read your Bible one hour a day uh one hour in a month sorry one hour a day you try one hour a month and say the man that read his Bible every day and you are the same no you are not the same are you with me though these three men Noah Dan and job were in it they should deliver but their own by their say the Lord so these three men because this thing is a settled matter and these three men have power with God God have power with God that's what he's trying to emphasize so he repeated it again 9 20- 21 though Noah Danny and job so you see it's not a mistake were in it as I live say the Lord God they shall deliver neither son nor daughters but shall deliver their own Souls by their own righteousness so these men were mediators intercessors great stature they had in

covering God's people they had ranking they had stature if you any language you like
Jeremiah [Music] 15 Jeremiah 15 and verse one Jeremiah 15 and verse one then said the
Lord unto me do Moses and Samuel stood before me yet my mind could not be moved
towards these people cast them out of my sight and let them go forth though Moses and
Samuel stood before me again have you seen is bringing people out Peter did the same
thing concerning Paul he said the wisdom God has given to our brother Paul he puts him in
a class that is not a normal guy Peter recognized it that there's something about this guy K
don't go something about him and it's from God it is people who do not recognize what
people have that compete God did not give Graces to men for competition is for receiving
not for competition so the statement is correct you don't compete with Grace you receive it
Hallelujah you allow yourself to be blessed by it people exercise themselves you don't
compete with them you receive of them imagine all of us say no I won't buy a phone I will
make my own phone you are an idiot you can't be making your own phone somebody has
already exercise himself in that please I beg you take the one that I made and we call all of
us agree and we call that common sense that you not every day I need a television I start
making my own somebody has because to make your own you spend more I be just bu I
beg somebody has so the exercise what that person has given himself to is now a benefit
to us all Hallelujah second question so is there ranking or different stature when I was a
child I spoke as a child when I became a man I put away childish is that Bible I became a
man put away First Corinthians 13:11 when I was a child I speak as a child I understood as
a child and I taught as a child you can always use this three things to track somebody in
their maturity you want to know how mature somebody is let them talk just watch watch the
person talk you 60 years still childish you know you can be old in the Lord and not grow up
some people are still wearing diapers since the day they got born again they refus to grow
up they still on feeding bottle say why do you not come to Jo nobody visited me when will
you visit somebody thought you say you love Jesus you love Jesus enough to visit
somebody else now of course it's good to visit people but that's not why you come to
church because you were visited so they not check up on me just a baby you had grow it
there Fe the bottle you are pressing it it's all a it's all a about me is all about me some to it's
all about me it's all about me it's all about me it's all about me put your name no it can't be
all about you that's what children do now it's all about me that's why they cry you come and
carry them they think you the you're trying to cook they will not let you rest you now have to
back them everywhere I go cuz it's all about them so you train them out of that Madness
foolishness is bound up in the heart of a child so you train them out of foolish things say p
want go s you are a great parent P One S go s who go serve God go serve God you have
spoken absolutely well yeah continue even if your parents not try in how they raise you will
you also corrupt the Next Generation want what kind of wisdom is that one no say now
follow come follow come no follow come say train up a child not even say your own child
train up a child in the way it should go because anything that once you train there's a
direction train up a child the way that should go so he will not depart from me train you

regiment and the word discipline does not mean confinement it's discipline training discipline correction those are not shaming temples in your house so are there secrets or things to know about the movements of power yes even with power there's a secret just like is for the initiate as you go deeper you realize that oh this is what I should do that's why I we say see if I tell somebody now come and see the spirit and the person is struggling something he not know because he's seen but he's not able to interpret what he says so you not tell the person see and like like this so that means there's knowledge there's secret and that's the knowledge laying hands on the sick there's knowledge are you with me and the way I lay hands on eye condition it's not how I lay hands on deaf ears before it used to be the same because we just read Mark 16 blanket application lay hands on the sick and they shall recover so I lay hands they will answer they that it's not 100 over 100 result and when we began to beseech Heaven's Court concerning Lord which is a good pastor no I don't care whether they be or not now God's fault ahh you take responsibility Lord why are some people not healed so began to pray about it is there something I'm not doing right is there a way I'm not doing say look at the way you were even seeing the condition and that's how I broke through for incurable sicknesses that become easier now because that wall that ahh you know the sickness incurable it fails that is nothing so I see the same I see headache so we started teaching this since 2014 the same way you raise the same way you heighten you raise this until you reduce the level of difficulty to still be looking hard you know if you play computer games when you were younger maybe you see do it for phone as an older person doesn't change anything that people that cannot win computer at that highest level but some people will be there 140 you see what they happen here 100 this is the highest difficulty there's no difficulty again for them they have broken the scale Hallelujah so there's things to know there's things to know there's things you know there things to know the same thing the Lord said to me when you are praying for G you actually removing the growth I said I'm removing the growth but I not is it that I should drag it out said no just the same way the sergeant pulls his knife and cut it you have to cut it cut it I thought it just to pull hand now these are the things that some people say and become scars one day I will get to the dimension there's no Dimension every Christian can heal the sick as you give yourself to it you begin to learn how to be better in it and you can also be taught how to be better in it it's not is it ahh this Dimension is not for men it's for immortals ahh everything complicated God is Raising seven men in the whole of the world and I'm one of them every time every time every time exclusivity you're always exclusive every time there's this resurrection Squad there just something about you God is there's this uh the Lord opened my eyes I saw a vision of 14 Watchers and three uh Guardians and and 30 Cherubim no no no you not say CH cherubs of glory and I saw and the Lord said to me he said look and I saw 12 men standing and L said these are my chosen for the continent of Africa and I'll disappear there because Africa is the trigger of God like a gun Nigeria is the is when when Bible know let you read when Bible is not enough this are and I saw these 13 persons and the Lord say now rise up you are one of them and his Tik Tok video that made you [Music] popular

is is two two minutes that you cut and sponsor when there was no social media how the bishop go around it was two two minutes video but they pray a pastor always comfortable snapping picture of him chilling in the beach I sorry for the member that go hand to lay is always playing resting relaxing s you watch over our so you know some members don't know how to make their Pastor serious if I'm your because I did it to when I was younger they had to be reading Bible because I have questions then I not noticed that turn to rebellion and I walked away peacefully honorably because every time every time every time what are you I asked why you speak the same tongue shalle every [Music] time seven years shalam sh sh let us what they happen ask questions that's teach your people so well so that you can't deceive them teach your people so well that they are smart don't be raising dummies amen hallelujah so there's things to say but you see when we begin to say those things that's the thing about specialization what somebody because the specialization I'm giving you now we can heal all sick but because the gifts of healing covers all manner of sickness and diseases but in the natural just as there are specialization for sickness that's how there are specializations too that you begin to learn okay this how to handle this this how the doctor handles this handles medical people know what I'm saying I try and I use on a language of specialization specialization Hallelujah I read it down when I pray for people that have growth I actually see it cut off that's when I now say check is done that check is done it's not magic it's not luck it's not guess just just by saying it's done no we actually see it go but say ah it has gone oh this lump disappeared you know disappeared before because you actually disappeared it see I thought my God to do it no my to remove it God giving me the power he said why do you cry to me Moses you divide the Red Sea that's the spirit of p i now take action I can pray oh Lord stretch out your hands and heal these people oh Lord stretch out your hand and heal these people let a great healing Revival break out break out break [Music] out and I never call a healing line I'll pray I die oh Lord Let The Healing let your healing power flow let your healing power flow I'm singing it I say oh Lord Heal Your people healing until the day that Pastor has been praying that for 10 years until the day the pastor comes out in his church and say if you sick come and lay his hand he will never know that he can heal his because he's waiting for God no no no God is waiting for you God does not want any should perish but yet we are the ones that preach everything that God does not want and God want is man has been caring it out because man is God's tool on the earth man's man is God's image are you following so man is God's representation man is the one that carries function for God on the earth that's how God made and that's how God like it and that's how God want it and God will not change it because you want him to be Sovereign Sovereign daddy Sovereign Daddy no Hallelujah it's time you know your Authority in Christ Jesus amen and don't yield yourself Satan the number you are calling is not available it's not available it's not available jump and pass no it's not always you that everything Satan is always working don't give praise to the devil I'm of life I'm of light and I'm of love there's no darkness in me so just like in the natural all this conclusion conclusion a good preacher closes 10 times I think we are

almost there now cuz I at least I've closed the book Hallelujah some people will never laugh in church or anywhere now when we say how old is he say is 22 H I thought he was 48 all your muscles are out of place you have disfigured your face Grandpa of 25 years relax you didn't die for our sins all right so because the Revival list has his mindset the one that is encounter encounter those things are good in their is pray Lord give me Nigeria or I die no the prayer is Lord give me Nigeria because your son died is not your blood that God wants to use to save the nation so because all those kind of teachings always makes you feel like there's not enough thank God for Rob trying to correct them now I've said it over the years that they have been lying exaggerating testimonies kukuma for 18 hours we pray before it going make nobody do ministry pray for 18 hours every time she want to eat his SI I don't have chance God cannot use me because me I will make money oh I will make money oh I'll make money plent 18 hours for 2 hour meeting every day went when sleep that you know is Li 18 hours plus the time of the meeting when not sleep and it's every day ah this Bobo too much you see because the way the way into the realm of Immortals is fasting you will Fast until all your veins are showing then God say this is the son I will use that is C For Your Glory oh Lord this is For Your Glory oh Lord AB fasting has it Place prayer has it place but don't make them a God the reason why you are not moving in power you have not done 42 days ahh because there's always more days to do after you have done seven there's still another there's someone that will tell you is not what I did I did 14 after 14 you will hear uh 21 after 21 you hear 40 after 40 you he I've been doing one year is never enough that's why it's Works gospel it's always something you must do something you must do but the price of spiritual power is Grace that's why it's called free he gave it to you we do not pray to get power we pray to know that we powerful and to exercise power that's the Bible teaching so a prayerless Christian is a powerless Christian no a prayerless Christian is a powerful Christian that has not just prayed amen power is our be right in Christ Jesus who were coronated with power from the Ascension who were ordained with power just like the son of your prince is baited in power were baited in power clothed with all mightiness from the resurrection and our power does not go off is reliable that and be DC it's always on I'm the one that choose to off it because I just want to hang out with friends but I can on it anytime I can own it anytime action day action time I own boom be healed another action time out in the name of Jesus another action time I said I'm seeing something here let's not take that action let's do the other one I can see I can hear I can no now so I Supernatural come now come come and all of us are like that from the least to the greatest of us all of us have eyes that see now see some of us not want see we close our own God say open open after we put put glass just like a wife want the husband to see what she should not see be the husband that glass one on that glass that man does not see any other woman say are you looking at that lady know there's anass in my ey in my in my ey because she's living in a dream we live amongst other people now deal with your insecurity and your jealousy and all of those detin amen hallelujah I have authority I I have power I have power I'm a greater than magicians I'm a greater than Sorcerers so just like

you say those people can manipulate the cause of things what about you sir a greater than which one have you manipulated which one have you Orest we call it Divine orchestration Divine orchestration which one have you divinely orchestrated you child of the most high that's why Paul began to use the same words for supernatural beings to explain Us in the New Testament the same words used for them we are called sons of God John say does not yet appear what we shall be what manner of love the father that we should be called The Son of God but we know that when we shall see shall be like him complete fullness greater is he that is in you than he that is in the world the greater one is in you Hallelujah but you must know it and must not be mental asent that knowledge must affect how you think affect how you understand affect how you talk think talk it must affect it then you'll see that you know it it's now it's now that knowledge is moving you around when you say the devil is say they try to make me fear what be that one nothing is after me Satan is underneath me is I'm the one that gives command I'm the one that say go and it goes I'm the one in charge here I'm the one in charge here I know it I know nothing shall by any means hurt you I know it just like you can argue with anybody that tell your name is not your name you know your name is your name you know that you know that you know that you know that you know that knowledge has come home let the knowledge of God's word come home to you like that I am very Supernatural I'm very I see I hear I know things I have authority I say I the only difference is that I say I know I can do it better but I never say that I'm insufficient no no no no no no no no no that's how righteousness talks I have the ability I can do it I just need to know how it's done so how do we do it I studied in God's word I listen to a preacher my pastor tell me I do it I do it our Bishop took his bicycle because the Pastor said and the pastor had not done it but he said is there a dead person yet because it's in God's word I do it because it's in God's word I do it because we can do it I'm able to do what God's word says I'm tenous acting on the word hallelujah are you here yes sir so you are in charge he will deliver me in six trouble in seven I'm delivered from Evil and Calamity so any orchestration no divination no enchantment against I'm delivered from all of those nothing can't it's what I say that I see it's what I see that I see that's what I believe that's how I'm talking that's how I'm talking that's how I'm talking it's what I believe that I see it's what I believe that I see it's what I believe that I see it's what I believe that I see believe that you receive it and you shall have I believe it's what I believe that I receive and I have it's what I believe it's what I believe I'm not going to be studying the devil and say the devil no no no no it's an underfoot reality Jesus has destroyed the word destroy is rendered useless Satan is a paralytic under me and all the powers of Darkness are paralytic under me the weakest of us can say B and Satan will run you must know that it's not prayer that gives you power the devil is your bet this is the victory that overcomes the word our faith I'm born of God whatsoever is born of God overcometh the word and this is the victory faith is the victory my being bornn again is the victory it's not not common to be born again there's something common about being born again that's the game changer once a man is born again he has become another man if any man being Christ is a new

Creator all things have passed away behold all things have become new I'm a Man in Christ a new kind of being and I have my signs I have my signs and my Wonders that was ended on Wednesday I have my signs and my wonders I have signs I have wonders woo I can see I can hear I can know things a greater than all the soras on the earth that's why one man Elijah he gathered them 400 450 they made up 850 one man versus 850 we have examples of it all the s could not do anything even stopped there from being able to normally call down fire that they can call hey I have authority but like Elijah must also learn that when Satan saw that this guy he used another strategy and now fled and said I will take my life I'm the only one that is left you're not the only one God is using sir don't have that elitist mentality this is the only Ministry that God is using no this not the only Ministry yeah this not no no we are the no no you don't be don't be too R in your own eyes don't think of yourself more High than you ought to think he fled from the same J be that was dealing with her [Music] priest that you see that that one that's why I have Tau the two in this series Hallelujah I'll be careful how I think and live my life I will not arm the devil against me all of a sudden I now realize that where I they think now I know they think weird though I know they behave because this thinking this is not not God how can you tell your husband you and I will wear one Char today and you think it's the spirit of God that is leading you is moving me around one moving me around tell your wife me and you see I will enter you and I will make you a dust on the Ed wow great pronouncements of Fai the Oracle have spoken no no no no no no no we don't talk like that we don't talk like that sir we don't talk like that sir that's not how we talk because the same talk you don't want to talk in the silly stupid moodiness that husband and wife does is same communication that he used to resolve the issue don't play we are not ignor of Satan's [Music] devices sticks may break my bone but words do not lie lie wordss break bones so wordss have words have started Wars Hallelujah I season my words with Grace I mind the way I talk that has been Godly has been Godly I will not give any PR to the devil say humble yourself so when I'm in Pride I give myself to Satan humble yourself under the mighty hand of God resist the devil submit yourself onto go resist the devil Hallelujah I what kill saw saided lifting himself of Samuel said when you were lifing your own eye God Made You King so that's that's a power I'll be little in my own eyes I'll see myself like that so we sing the song I'm that little one I'm still that little one I'm still that young boy you that said I'll follow you I'm still I always remember where I'm coming from I still little in my own eyes but it may lead to familiarity may lead to many things no W but I remain the way now the people their business I remain little in my own eyes I'm still this if remain little in your own eyes little in your own eyes don't exem yourself more High than you ought esteem yourself but not more highly have an accurate presentation of yourself do not sound like Satan I will go beyond I will go I will exalt no no no no don't do that don't do that no that's why now says stubbornness Rebellion is like witchcraft so there are other versions of witches there are other versions of witches so not all witches use enchantment some use stubbornness you know me I'm just a naturally stubborn man [Music] wow then allow me to I'm just naturally a puncher didn't
