

father in the name of Jesus Lord we thank you open our hearts to your spirit and we trust again that in this service the eyes of our understanding will be enlightened we leave here with a greater understanding of Supernatural forces and will come to walk in the light of our Authority in the name of Jesus again in this service we declare that the things that ought to be said in this service will be said and the things that ought to be done will be done and your name will be glorified we shall be edified built up transformed and we declare that in this service Let There Be the sounds and tending of the spirit to the praise and glory of your name let us see let us know let us speak let there be great workings of your power amen you be praised in the name of Jesus Amen bless you have your seats and I'm going to do this um not just for your sake but for those who hear us for those who listen to us second Timothy chapter three I just take this route and um as we go on you will see why I'm taking this route because I'm going to tell you this morning wherever we are able to stop we stop and um whoever we're able to stop will stop and still on our unseen forces Hallelujah but we're getting practical now the believer who seeks to engage Supernatural forces must do what his fellow brothers did in the Bible AB you must do what your fellow brothers and sisters did and so we're going to uh put it in a number form I'm not somebody giving to putting things in number form but I mean somebody did this somebody did that somebody did that I to give you like that amen but before that 2 Timothy 3 and verse 15 and so that you don't have a selective view of the Bible which is not from God 2 Timothy chapter 3 now we know we can quote this text but I want you to read from your Bible and that for a child thou has known the holy scriptures for a child thou has known the holy scriptures which are able to make thee wise unto salvation through Faith which is in Christ verse 18 it says all scripture is given by inspiration of God and is profitable for Doctrine for Reproof for correction for instruction in now when he says all scripture the word scripture there doesn't have anything to do with Matthew to Revelation because when they use the word scripture is dealing with Genesis to Malachi alone in the Bible not today not when we use the word today in the Bible when you see the word scripture which is only found found in the Epistles in the New Testament books when you see from Matthew to Revelation they using the word scripture they are not speaking of Matthew to Revelation they are speaking of Genesis to Malachi so that word scriptures all scripture the graph is used 51 times and every time is used starting from Matthew 21 and verse 42 when you see the word scripture you always see that is a quote from Genesis to Malachi when they give a specific place and say scripture now notice what we just said what is the implication of that that means when somebody says forget Genesis to Malachi there's nothing there should I have that person I should have that person because Genesis to Mal is profitable for thank you so there's nothing there no there's Doctrine there there's reproof there there's correction there and there's instruction in righteousness are you with me yes so they say it's profitable now where did Paul preach from we'll see that also let's see where Paul was preaching from Romans 1 verse 1 to 3 Paul a servant of Jesus Christ called to be an apostle separated onto the gospel of God which he had promised a for By His prophets in the Holy scriptures

concerning his son Jesus Christ Our Lord so Paul says promised are for by the prophets in the Holy scriptures underline that the holy scriptures so the holy scriptures so Romans um 16 and verse 25 and 26 the same Romans he now says now to him that is a part establish you according to my gospel the word gospel there is the word my preaching my preaching of the Kingdom my gospel that's message that's why I use the word and that's the gospel there is the preaching of Jesus Christ and it says that preaching is according to the revelation of the mystery which was Kept Secret since the word began and now is made manifest and by the scriptures of the Prophet again you see the word scriptures of the scriptures of the scriptures of the Prophet Ephesians chapter 3 for this cause verse one I Paul the prisoner of Jesus Christ doesn't mean Paul put him in Jesus put him in prison it means is in prison because of preaching of Jesus Christ if you have heard of the dispensation of the grace of God which is given to me to you what how that by Revelation verse three how that by Revelation he made known unto me the mystery as I wrote a four in few words so what does Paul cause his letters few words now of course you know few words cannot be all his preaching in different churches he dealing with the document that's why you see the episodes is few words is it not few the Epistles is few words few what few look at what Paul wrote this not few it's few now even this series is already bigger than that so again so if you have a very lazy approach to reading the Bible that means that all the sermons of the Apostles are recorded in the episode that's obviously a lie now obviously a lie so it's interventions the the episodes are interventions the apostles were writing to answer questions just like you saw in Corinth concerning this concerning it was answering questions Ephesus is responding he's replying to something are you with me okay in other Ages was not made to the sons of men as it is now revealed unto His Holy Apostles and Prophet by his Spirit now so it caus his episodes few words it cause his letters what few words so let's acts 13 according to the scriptures are you there act okay let's do acts 17 let's do act 17 uh verse two and Paul as his manner was went in unto them now acts 13 is Paul preaching from the scriptures you see a lot of quotes there and he mentioned what was said in the scripture is fulfilled Christ has been raised from the dead so we read act 17 I just want you to see it um in plain words Paul as his manner was went in unto them and Sabbath days reason with them out of where so Paul was reasoning with them out of the Scripture it was out of the scriptures he was open alleging now you know he can't be opening his letters he's opening what they all had in common Genesis to Malachi the apostles were not alive when their book were piled up and added to the cannon so there's no way he could be referring to what he wrote of course he knew he wrote letters which is reference which you can see that he wrote letters as you that's why the book of Acts is put in the cannon of scriptures so you see that they wrote letters they wrote letters they wrote letters some letters were even written in their Absentia for example The Book of Romans was written by tus it was the one you know there was no way they put him in prison because he's preaching the gospel there's no way they can just leave him to carry paper and Bible and be writing that means it's not persecution again now because

he's having a a field day so he had to be detecting he had to tell T you arrange the note well and send it you know that my old that I T you that time arrange it that's why in Romans they say I T wrote this episode is see that is not PA's letter it's PA's letter just that was written by somebody's like a sorate Ab somebody else just was the one so tus is the one that edited it but the content is false Hallelujah so act 17 say open an alleging that Christ must need have suffered so he was teaching from the scriptures from what from the scriptures from the scriptures that's where Paul was getting getting his teachings from so when somebody says let's get rid of the epis let's get rid of the scriptures does that not sound stupid thank you verse 11 of the acts 17 and these were more noble than those inica in that they received the word of God with all Readiness of mind and search the scriptures daily whether those things were so they search the scriptures whether those things were so Acts 26 and verse 22 Acts 26 and verse 22 having therefore obtained help of God I continue onto this day witnessing both to small and to Great saying none other things than those things which the prophet and Moses did say should saying no other things and those which Moses and the prophets did say will should come now where did Jesus preach from also the scriptures when the men on the road of ous did not understand what did he say oh fools and love how to believe all of the prophets have spoken not Christ have suffered to his glory AB verse 27 and begin at Moses and all the prophets he expounded unto them so Jesus did not say to he with the scriptures when the Pharisees and the Sadducees ask him question what was his normal answer have you never read in the scriptures have you never read in the scriptures so we cannot get rid of Genesis like I we cannot we cannot we cannot amen and it's a very lazy approach to Bible interpretation which will have been course you could you didn't learn it from us where somebody says that one is Old Testament and that one is old this one is New Testament when they say Old Testament they referring to Genesis to Malachi then some go forther and say Old Testament is also Matthew Malo and John as if there are books of the Bible Old Testament cannot be books of the Bible because the use of the word Old and New Testament that you the way you find it in Paul letter was not referring to any book the way you find it in Jeremiah's lips was not referring to a book amen and it was not the apostles not the prophets of old that called it Old and New Testament books it was the earliest interpreters of Paul which we call the church fathers after John and the rest have died and they now put together what the apostles wrote and said we can add it to this amen and when those four gospels was written many of the episodes had already been written so when you say Jesus had not yet died did Jesus die in the pages of the book I mean it's a very lazy way of speaking Jesus is not dying the pages of the book now we should got that okay so the believer who says Let's Get r of Genesis to Malachi will not follow so you notice the Bible use this word the law and the prophet the law and the prophet the law and the prophets that's another way of saying Genesis to Malachi say is reference L the apostles taught from there the ACT thing I was going to read for you was verse 15 and after the reading of the law and the prophets they were reading it regularly in Acts 28: 23 Paul now the last chapter of Acts and when

they had appointed him a day there came many to him into his ling to whom he expanded and testified the kingdom of God persuading them concerning Jesus both out of the law of Moses and out of the prophets from morning to evening that's where he was teaching from amen so the Pauline Epistles are from Genesis to Malachi so can we say Paul's teaching on giving from Genesis to Malachi Paul teaching on the move of the spirit Paul's teaching on Ministry gift Genesis is that where it's getting he teaching from can't be getting from his own letter now but he wrote his letter amen so we mustn't have that approach and says oh it's just Old Testament text no is that they could properly interpret it and they could properly apply it to their words so the Epistles are an interpretation and an application of Genesis to Mali because that's what they were reading amen and interpretation I must also say is Shand the interpretation is what shorthand because interpretation increases something not reduces it so when they are now interpreting and you see it in few words it also means that the interpretation has been summarized are you following Su because interpretation incre interpretation makes something exhaustive not read does not reduce something in form it increases it but they are now interpreting and is reducing that means is also Shand the interpretation is no longer just interpretation shorthand interpretation so it tends more to application so the apostles applied it in the Roman Greco word Genesis to Mal they applied it more to their world Amen so that's how we should read the scriptures amen amen amen say that to say don't be among the persons who say that's Genesis straight away no let's properly read and explain it because properly reading and explaining is how the apostles said what he said is how Jesus said what he said are we good okay because that approach has hindered a lot of hindered a lot of things hindered a lot of things say no no no there's no need for this no no there's no need for this there's no need for this there's need for it if is wrong upon reading the text we will see it clearly now are we saying we should not get rid of the episodes no but if you want the episodes to say everything you're already in error because the episodes tell you that they are getting there the letter they writing they writing it from Genesis to Mali so the only part of the Bible that has an exhaustive mention of every Bible teaching will be Genesis to Malachi that's why if you notice Paul did not teach on every Christian subject in his letter NE can you say imagine you say you want to learn everything from Genesis to just from the book of Jude why are you people like this now every every chap every verse of Jude explain the whole of every subject it's because you have letter that's why you can make sense of it how can that short thing explain everything no no every Bible topic is there hope you know Paul is the only person who mentioned nine gifts no other Apostle used the word nine GI so that's to tell you that there was not only one that used the word nine was the one that put it as five and four five or four for the Ephesians 4:11 Apostle is only one so is their interpretation of these things amen Peter used the word Charisma but he just says as you have speak as an oracle of godh and his letter doesn't mean does not know it remember they were not writing letters with the intention that it will become a part of the Canon it was later on that it became added are you following they just writing to answer questions of different churches I'll give you a last

example have you observed The Book of Revelation notice the letter to the different churches too notice they didn't have the same issues different issues in different churches that's how the episol are they are answering different issues in Philippi Paul is me Paul said nothing about a woman submitting to her husband he said that women should not submit in Philippi CU he said it in e in Ephesus and colos so in Philippi in thessalonica women should not submit to their husband walk with me please so if you have that approach because you not say ah everything thought in Philippi is in that letter no that's very lazy way of reading the Bible amen okay so I think I've gotten that so that you are not shocked when we are always reading Genesis and say let's just go to the episode no no no everything is important now the episodes are now an aid and help to us to see how so they are a guide to help us see how we to should re and it should not be far from what they said in the episodes that's proper interpretation H sound Doctrine is simply sound explanation of the Bible and that come from Reading Jus say how did you read how did you read Ezra give them the sense of the reading so a Bible teacher gives the sense of the reading then apply it in our words today amen hallelujah so the believer who seeks to engage Supernatural or engage on sinen forces must do what other fellow Believers did in the Bible and if we want to do that very lazy approach and say let me of course it's in the episodes don't hear what I'm not saying not saying it's not in the Epistles but the Epistles are teaching I mean they trying to use short hand to interpret and apply they are now looking for experiences it's not fair it's not fair you will see a lot of experiences in Genesis to Mali you see a lot of experiences in the four gospel because they wrote experiences there you see a lot of experiences in the book of Acts you see very minimal experiences in the episodes B because that's not the focus doesn't mean that nobody in the church had any experience are you following doesn't mean nobody ever went through anything and the experiences that you find in the episode because Paul was going to use it to teach something because the everybody in the church knew about it for example the firstan 5 guy because they were doing nothing about it thank you I'm laying a proper Foundation like I said this is not just for you it's for the sake of those who yeah us amen because I believe you know these things before all right so number one I'm going to put it in numbers like I said the believer who seeks to engage on sin forces must do what other fellow brothers and sisters did in the Bible is that not true so if we're going to engage on sin forces we ought to do what they did so what did they do one of the things we saw that they did was the place of Prayer now I've mentioned this on Wednesday I'm going back again but this time I'm putting it in a proper numbering form so that you can just have it as a list the there was a need for prayer now if you don't have said this over the years if you don't yet know the importance of prayer prayer will be a burden for you to look like ah why are they stressing us now saying we should pray but when you understand the importance of prayer you will not want to meet up you will need to meet up in our congregational prayer the first Friday of the month we read Ezekiel 36 where God said he was going to do something how many of you recall that text Ezekiel 36 and in that same ezek 36 after saying what he said he was going to do

saying what he said he would do for those of you that don't know what I'm talking about just turn there so that you can look at it for yourself 2526 talks about the New Covenant what he was going to do in a new heart a new spirit 3132 33 we read 34 35 36 then the hidden that are left round about you shall know that I the Lord build the r places I the Lord I the Lord build the r places and plant that was desolate I the Lord have spoken it and I will I the Lord have I the Lord have I the Lord have I the Lord have I the Lord have and will now that's where we already stop that's where we always like to stop has he not said it will he not do it but look at the next verse to say the Lord God I will yet for this be what what God has already said said he will do he said but you see pray so until we realize that our prayer is not actually informing God because no Jesus said it in MTH 5 marthew chapter 6 there's nothing you are saying that your father does not know he already knows it but then why do we not have to pray that means we cannot remove vitally the place of prayer if it could have done another way he would have done it but yet what he has said he will do he said I will yet for this be inquired Hallelujah I think I read for you uh Isaiah 62 remember that text Isaiah 62 I have set watch men upon my wall for Zion's sake I will not hold my peace and for Jerusalem's sake I will not rest that's what he said in verse one verse two look at what God have said oh God have said he will not rest oh but everything he said does it happen he now said verse six I have set watch men that thing that he said he will do by himself that said will not he said he will not rest when we now go to verse 6 and verse 7 we now saw who will not rest is me and you that is praying is the person that is praying that will not rest that's how God will not rest for it to happen we want to remove ourself and just say ah is God I don't need to pray it will happen by no it will not is those are false teachings on sovereignty that we have go go go go do it by himself it's not sure go go go do it by himself I have to take my place I have to take my place in fact he tells us he has given us the Heen as an inheritance then he tells us to ask for the hidden Jesus died for us to have the Nations but he still said we should ask for the Nations and he tells us to go into the Nations that's Bible study so when you have a lazy way of reading the Bible and saying things like I don't have to pray for God to do you know you have to pray in fact that's if if you don't pray you're not going to see what God Said is going to do because what God Said is going to do or any word spoken over you needs you to see pray about it Mark 11:23 you shall say to the mountain be remove not that in your heart believe you say shall come to pass you shall have whatever thing you say verse 24 therefore it did there for this reason therefore whatsoever you desire when you therefore whatever you desire when you believe that he believe that you receive it and you shall therefore whatever you desire When you pray I am to believe that I am to believe that I what receive so when we are praying to God we are to receive notice in verse 23 what am I believing in verse 23 walk with me what are you believing in vers 23 that you are believing God is going to do it or you are believing what you say so what are you believing are you believing for God I I'm just trusting God I believe God going to do it no I believe what I say in fact it's three times say is mentioned three times so now says therefore on account of you believing what you say that's the same way

you pray therefore this therefore whatever thing you desire When you pray you will believe you receive don't believe God will do it you will believe so remember when you are saying something I will believe what I am saying I will have it because for God is that's not the issue because God made man and gave the Earth to man man must with an act of his will insist on seeing the things he wants to see and that's the reason for prayer that's why you cannot remove prayer from every religion because it's not you can't man as a force on the Earth has to pray that's the only way you can see heaven on Earth you cannot remove it you cannot remove it Zechariah Chapter 10 in the year of rain he said the he say you see asks for rain is rain is time of rain but say you see a for rain is rain you will see a for rain there rain but you see a there rain but you see a you cannot say God have said it that settles it no no no there's a need for prayer ask esta if there's a need for prayer in engaging forces remember we said what did our brothers and sisters do hey man had consulted all the stars and they had sought the right time all the stars had align with his wife Zer all of them have all the consors have saw that this is the best time to get the Israelites is your book of es your own that if we do it in this time it will work but there was a man called modah Esther is now in the palace it tells us this could be the reason why God put you in this Palace so but if you do not rise up now God will always look for God will always bring intervention from somewhere else so Esther being a true disciple of her uncle cuz her uncle is one that disciple that he said I'll do something give me three days she and the people in our house began to fast and pray nobody missed the king without the king saw M for them but after 3 days she just went and if the king did not raise that scepter off she could have been killed but she said we know we nor use that word now ah sorry I I'm that know Bible let's go and read one part of the Book of Esther silence were quiet what you know is is what you want to be knowing is what is happening with to Whiskey read your Bible and be knowing what is what you are reading your Bible Esther 4:16 you guys are shock me or that you don't know this popular statement he say go gather together all the Jews that are present in Jan and fast ye for me and neither eat nor drink three days n or day I also and my maidens will Fast likewise and so will I go in unto the King which is not according to the law and if I that's where that is gotten from if I when she was not going to perish she was not going to perish but that's how you know the long rest of the so if you don't please this is not the time go and read the whole book of Esther again go and read the whole book of Esther just 10 chapter beautiful book that Hyman had already built Gallows all the Gallows he built is the one that entered it the gall he buil all he plan for train of Israel did not happen mod got promoted you know modah had helped the king he had saved the King's life twice nothing was done he didn't get any promotion no recognition for it until the night the king could not sleep are you see it was all in the same line of when they began to pray when they began to pray so go ask esaa if there's a place of prayer and engaging forces and you get the answer remember my my teaching today is just let's be asking our brothers and sisters in the Bible if there is a need for prayer did you get that one yes sir so I'll give you one in the Old Testament I'll give you one in New Testament since we

are doing old and new testament which is not the Bible which now this is Peter Peter Acts chapter 12 this is Peter acts 12 I want to destroy that evil thing that makes you say it's Old Testament talking about your life and Destiny say it's Old Testament say Old Testament why are you talking about you living for God you are saying Old Testament and you yes you carry the two books the two parts in your Bible I just B one now no no no no no cuz we feel like they are fighting either is this or that no it's not this or that in Acts 12 look at from verse 5 Peter therefore was kept in prison but tell your neighbor but prayer was made without season of the church unto God for why did you tell you this because verse one verse two verse 3 verse 4 Herod was vexed stretched forth his hands and he K James the brother of John guess you know it gives you a pattern it took Herod was I this Christians is too much let me just take one I an example he took James he didn't K James he first kept James in prison before he killed him so he's giving you a pattern nothing was done by the church everybody say ah is James these are James and johnes these are sons of Zeb ah no no these are the these are the men that matter now these are movers and pillar these are shakers and movers I can swear nothing can happen to J I can swear I can swear nothing can happen to just James James James you know who James is he no M man no no no before know they have move his head silence the church Jus everybody else C nobody did anything her said this they move it they work it they work it they work collected Peter also then he don't on say we she say is Peter is Peter Peter you know who Peter is you know who Peter is they said no won't try it and prayer was made without season now to see how worse this case is they kept praying until Peter knocked on the door not by prayer it's not by prayer how was Peter released from prison an angel was sent is that not forces sir remember talk about supernatural beings sir is an angel supernatural being yes sir okay and prayer was made pray until your answer is knocking at the door in fact still be praying let the answer knock very well I will repeat that thing again it's done it's done he never done oh don't be ding it oh don't be settling it oh don't be ding it to is done it's done hallelujah Glory Glory Glory when never knock for door an angel said unto him get thyself look at what happened ver s and beh the angel of the Lord came unto him and light shined in the prison and he smoke Peter on the side and raised him up saying arise arise up quickly and his chains fell off from his hands arise the chains fell from his hand are you seeing it arise chain fell no they passed the first and the second gate they came in onto the Iron Gate into the city which opened onto them on his own accord are you seeing it get to verse 15 16 Peter knocked at the door of the gate Dam said came to her name Roa and when she knew Peter's voice she opened all the gate for gladness and ran in and told how Peter stood you know this verse 14 is that nonsense that do ah he still Al I li can be Peter for why do we always do that is a lie you know that's not a good confession somebody is telling you something say it's a lie cannot be your your posture is wrong spiritually in how you talk it's a lie just like the m m what kind of what what kind of confessions are all these things there's never a time that it will be correct remove stupid vocabul from your lips Ecclesiastes say you cannot say it was an error you no no you cannot say it was an error

there are words you cannot take back and say it was an error I did not mean it you meant it sir any word that comes from that come from your emotion because any word that comes from your emotion your thought that your heart has been mingled with we always come to pass whether good or negative except you nullify it if it is negative except you not actively nying it which many Believers also do they learn to just say any negative word I've said I I destroy it in name of Jesus now go they save many all those say check all the pastors who said anybody can die anyhow they died anyhow sorry I'll leave it there go and do your research cuz they up to seven in my last I will not mention names far B for us to look like we are mocking anybody they to several pastors who have on the prop say doesn't matter how you die it didn't really matter how they died also see it's not by like that go and ask them you will see them now if you want to join them fast you join them fast then ask them if is by it's not by like that it's by like that acts chapter 16 Paul and SAS have been have been put in prison and the Bible say and they prayed and sang and there was an earthquake they prayed and sang and there was an a 23-31 Ab so how did Paul and Silas come out from prison is that again Supernatural forces yes sir so Supernatural was that all the other prisoners the chains they fell off the doors opened doors that the Lo open some Christians have this idea that physical doors cannot open by the power of God some even say things like that one is Old Testament is the same spirit that produced the closure of Canon that the days of Miracle are over that mentality that mentality that says it is Old Testament Miracle it cannot happen now is the same spirit that produced that wrong Doctrine and I said since the scriptures have all been complete the Canon has is complete the days of Miracle are over is the same mentality is the same mentality I believe God for anything I will not be alive today not the power of God can make vehicle stop I don't know why renew your mind Ren your mind I can stabilize vle left the ground God can how do the power of God make the storm and the wind stop don't be how the go make Red Sea part don't turn all of them to you see it figuratively means you see the Red Sea symbolizes two things it symbolizes the red and the sea in our life which is a picture of the let me draw it with the of a simple diagram you see when you look at this box don't follow you you see River Jordan represents the Jordan of your Destin Baba Jordan part two don't turn it you see the Fig Tree if not a fig tree F tree want to remove everything no no no I will not so go and ask Paul and Silas if prayer engages forces so will if he knows that experientially will he deny that in his letters he cannot know it experientially and deny it in his letters is that basic so you now see the way they taught on prayer PA not think carelessly on prayer to the extent the way Paul so believed in prayer that I almost wanted to pray with persecution when when he said the Lord told him the Lord had appear to him on the matter that's how much he contended in prayer that I don't want persecution again in my life I said no no no no my grace is sufficient for you was like anywhere I go I never face persecution again say don't they pray for that one don't they pray for that one but my grace is sufficient for you that was the message of Satan was praying about this thing is becoming too much say my grace is sufficient for you you cannot pray with all them that we live Godly in this life we do so

suffering persecution you cannot pray away is that what Peter taught us all those that will live Godly in this life must do so you also you cannot pray you must suffer persecution amen must suffer persecution must suffer persecution so Paul that believed he could have prayed it away the same way Moses wanted to pray the Incarnation in his time you are saying it's not by prayer look at the mentality they have wanted to pray Jesus to come in his own time pray with that you can say I I never ever suffer persecution anymore hallelujah amen it's by prayer sir want ask Elijah if it's by prayer it's by prayer Sir James 5: 16 the B part the effectual prayer of right man AV much I mean makes power what all right was a man to Passover as we are and he said not not ver 18 he prayed again he prayed he said it not rain it not rain then he prayed again and it was rain look at the example James used to teach you about prayer you didn't get it the example James you about prayer is speaking to physical atmosphere the rain and he going to go and site Elijah so that means J in his own commentary of Genesis to Mal did not see anything wrong he knew that that is prayer it's prayer it's prayer so you have the story in first K 17 where he said it will not according to my word now in first 17:1 you will not see Elijah praying but James told you that he prayed first that's why there was that's how the heavens were sh for that 3 and a half years they he also prayed again because when the one we have in Kings so he giving you a Bible motive when he say according to my word when you he somebody say according to my word it come from the F of prayer he believes you know based on a Biblical pattern when somebody says is talking from the energy of prayer the force of having prayed so when the man wanted to send down rain again you saw he went to go and pray and that's where we see that sever posture he say go and check go and check go and check go and check where he put his head and he was pray that's exactly how was was praying and he was praying say check he say I see the then he said I see the a CL like a man's hand say go tell the king is about to rain remember he has been praying the king now entered his Chariot and was going elij the King has already left Elijah after praying used leg and ran past the vle not like does not make sense it makes sense for me sense for me sense for me like that for me say out R the king into the entrance of the city he out ran the king I own Bible so is there a need of prayer so the need to pray can't be overemphasized can't overemphasize it you must pray you want to engage forces you must pray time we fail us to ask Hezekiah how did you defeat sener time we fail us to ask ask Hezekiah but which we have already asked in in this study long time ago we read it in one of the parts of this series we saw it he said the Lord had dwelleth between the CH beams he was praying he said look at what this man he brought the letter he was showing God the letter so you will show God the sa letter you will show God the letter that said that it cannot be for you he was showing letter said look at he got the answer as now came and back it up for confirmation he say they will not shoot one Arrow so they will not even enter and shoot one Arrow the Lord in defending will defend that's the word Passover the Lord the Lord in defending will defend this city hey so the Lord will make them to hear a blast and a Romo and they will return back the same way they came that night one Angel is that

Supernatural forces how come they did not come since when R Shab was announcing this is what have been doing to different Kings he goes to their land takes their God defeat their gods he will do the same thing here he will come every morning and be saying it the angel did not come until they now prayed it's not by prayer let's ask Hezekiah again the second time how he added 15 years to his life he faced the war they say h sir this is cancer it's cancer it's cancer face the war face the war turn your back against it turn your back against it sir your back against it don't accept that report yes sir it's a two more it's a deadly one we just saw it we just saw it now it's a stroke it's a stroke people recover from stroke easily now you just shake it out did it not come suddenly it will go suddenly it left the same way it came that's how I really like way P think that's how to think there's no other way to think that's how to so we can ask our brothers is it by prayer it's by prayer it's by prayer it's by prayer sir so so can we remove prayer in engaging forces we cannot so we cannot overemphasize it tell your neighbor they pray they pray after you have prayed prayed again after you have prayed Pray Again Pray Again Pray Again hallelujah praise God come on preach this thing for me pray again again Hallelujah praise God so do we have people to ask let's do number two please please I want to beg you I Ed go and beg you there are enough references it's not the ones that I mentioned say okay pastor gave us four so that's all the four in the Bible no we can just take it from Genesis start counting from Genesis Exodus Leviticus Joshua Judges Ruth first second Samuel First Kings Second Kings and keep going on and on to Malachi all of the stories you cannot remove the place of Prayer in all the letters we saw the power of prayer even to where you say it's a physical thing just building Temple it's still prayer you cannot remove it you cannot remove the place of prayer you can not remove the place of prayer amen why is Jesus praying in G GE he's about to die but why is he pray because he must guarantee result he cannot joke with it must die I must be rais is though Hallelujah so there's a need to pray the need to pray can't be what can't be overemphasized the need to pray can't be overemphasized number two remember what we're talking about the believer who seeks to engage unseen forces must do what what his fellow brothers and sisters did in the Bible so what did they do we saw that they prayed in no particular order not say number one prayer is the most important thing just putting it like in a list form second thing we see men who have engaged forces the cloak of humility number two the cloak of humility the cloak of humility first Peter chap 5 verse 5 and 6 likewise he younger submit yourself unto the all of you be subject one to another and be clothed with humility for God does what for God does what God resist the proud and does what God resist the proud and he gives grace to the humble God resists the proud and he gives grace to the humble God resists the proud and he gives grace to the humble humble yourself therefore under the mighty hand of God that he may exalt you in due he gives Grace unto the humble interpretation technique this context is from Romans 5 amen Romans I was talking about the work of Christ on the cross this is different this is talking about your being humble allowing you to have favor Grace ability help that's the word Grace there amen humble

yourself therefore under the mighty hand of God that he may exalt you in due time the same thing is repeated in James chapter 4 James 4:6 he giveth more grace wherefore he said God resisted the proud and gives grace to the humble is quoting Proverbs 3:34 he giveth Grace that's I say wherefore he said he quoting a text from Genesis to so it's the same thing God resist the proud and he G Grace The Humble so is there a place of humility is he engaging forces we saw that how the Nash became the devil Isaiah 14 h his heart was lifted up I will exalt is that in the Unseen word so pride and humility has a place in the Unseen word pride and humility has a place in the Unseen pride and humility has a place in the Unseen thank you pride and humility has a place in the Unseen World either helping or hindering is that not so Jesus in Matthew 23: 11-2 talks about that will be exalted that those who humble themselves will be exalted now Jesus obviously doesn't know what he's talking about now he doesn't no now he can't now he does not know anything he does not know what Paul taught but he that is greatest among you shall be your servant and whosoever shall exalt himself shall be a based and he shall that humbl himself shall be exalted now David is an example of that look at 2 Samuel chap 7 those of you that are familiar with David's story Romans 15 tells us that don't turn there turn to 2 Samuel turn to the 2 Samuel 7 I'll quote Romans 15 for you say that the things that were written our four time we're waiting for our learning that we through the patience and comt of might have hope so these stories that you see the scriptures that are in the scriptures we WR de to pass and information 2 Samuel chapter 7 Verse 18 then went King David in and sat before the Lord and he said who am I oh Lord God and what is my house that thou has brought me hither to this was yet a small thing in thy sight oh Lord God but thou has spoken also of thy servant House of a great while to come and is this the man of man oh lord god notice what he did there who am I oh Lord God and what is my house is not recognizing himself to be great the same way when the wife said why are you dancing like this he say before God who exalted me above your father okay now David test your Bible knowledge a bit David was already ordained to be king is that not so yes sir David was already ordained to be king what did we see David was the one that was sent to deliver food it not say hello Mr J let me talk to you I David cannot be the one to go deliver food you were there where samel said I will not sit if Samuel could not sit until I come you dare not tell me to move sir went to carry food and gave his brothers not once did we ever see David sick position not once he kept referring to the person that Samuel had already told him God had left you are not the anointed he kept calling him the anointed never sought position that's why God gave him position Hallelujah a true man after God's heart Hallelujah when his sin was before him he didn't he didn't he didn't he didn't dance around no no no no he humbled himself to you alone I have committed this great sin humbled himself amen the cloak of humility S I really think it matters like that ask Nebuchadnezzar your brother how a king can eat grass and become insane ask Nebuchadnezzar okay it's not your brother ask him how can a king all of a sudden become insane you want to find a way with crafty hermeneutics to say he not really insane he was insane do you want to find one exen to say is not God is

God you cannot you cannot you cannot where is God involved in that you already saw the explanation it was with Satan was with Satan God resist the pride gives Grace of the humble so a man in Pride sees the resistance of God Daniel chapter 4 it was even said to him so that you see it because the man began to we also read one for you guys in New Testament because Herold said hey the Ws 18 is not like all those kind of Bible verses can explain them Daniel 4:30 the king spake and said is not this great Babylon that I have built for the house of the Kingdom remember he had been making a fool of himself pumping he has been pompers from chapter one of Daniel in the letter chapter two chapter three you see the boys are in the fire why is he angry that these boys will not B he's saying let me show you uh the context is it not us who went to their nation and defeated them and took them captives we already sure that our God iser than their God what kind of thing you say they will not bow yeah increase the fire fire is enough to kill somebody you don't need to increase it but you can see Pride nothing happened to them he saw the fourth one showed up what is the meaning of this he saw none of his wise men could interpret his dream again the god of the people that you say you conquered he not humble him it not humble him he now go to chapter 4 he now got the final sentence to see that the decree of the Watchers remember I told you Watchers is that Supernatural yes sir is that unseen word yes sir is that unseen forces unseen forces now looked at him said we'll do you something now the king spake and said is not this great Babylon that I have built for the house of the Kingdom by the might of my power and for the honor of my Majesty why the world was in the king help if you read this you will see that is arrogance let me see if I can find one translation things we do for you Bible in basic English the king made answer and said is this not great Babylon which I have made for the living place of Kings by the strength of my power and for the glory of my honor did you see that strength of my and the for the glory of my honor NE the king uttered this words is this not the great Babylon that have built for a royal residence by my own Mighty strength and for my Majestic honor see the emphasis man highlight the empasis just like you have those good Bibles they will they will dark in a verse and show you that there's a there's a paragraph beginning from there some good Bibles do that I'm not saying is by the apostles and the prophet it's just the the kind of amount you used to buy your own Bible the the person that had the time to show you that that verse because he using his intelligence so you see the way that's how the one I'm reading from so it's highlighting the emphasis because is that emphasis sometime you will not see in that they say my my didn't look look at the next statement while the word was in the king's mouth so something was wrry about what he said but what he said did not start overnight that's why I gave you a context of how he started while the word was in the king's mouth there fell a voice from Heaven notice didn't say that voice from Heaven is it a decree do supernatural beings watch over the Affairs of men why is it now so necessary because there's a set time for judgment May delay but God always judges supernatural beings because they have to judge fairly so they may take their time but there will only come a judgment taught you that before it says oh King Nebuchadnezzar to the is spoken the

kingdom is departed from thee and they shall Drive thee from men and thy dwelling shall be with the Beast of the field and they shall make thee to eat grass as oxen and seven times shall pass over thee until thou know that the most high so you say you go learn your lesson that the most high ruleth in the Kingdom of men and give it to whosoever I will so you now see that the state of his heart was conflict against Yahweh he was saying this your God that I that I that I defeated this your God that I defeated I defeated him now I carried people should be happy that you are eating bread in my house oh yeah everybody worship my God the three boys said they will not you know Daniel was a way on diplomatic missions if not he will not have bowed he had come back now nobody could interpret dream he was the one that interred I mean you see the stories are there amen what a b saw Samuel told him why his kingdom was for Samuel said to Saul sa when you were little in your own eye God Made You King how did you become king little in his own eye is that humility say but now your kingdom is renting too come on positioner oah not the there are manyah theah the second not all go isah 6 in that kah died that one is a spiritual leader that one is not proud that one actually is a servant of God it's not an enemy against Isaiah's Ministry just a lazy Bible interpretation so Saul was not little in his own eye AB be there's no Grace there's no Grace a humble or a submitted man cannot access so powerful is it that Peter now said said that ah wives wives something this issue you think you having with your husband again and again and again and again see the solution don't tell other women hament of a me and quiet Spirit say this thing they have used it to charm men from old times I'm saying women are angry let me talk to the men like Go destroy your home they TR blow me and you today we wear the same other now you know that special are looking for outside when you finally find it may your joy be full people will be married they will not want to have peace every time outside something special outside I'm not course get my point don't hear what I not I not say a man should be a horrible husband or whatsoever He Is empasis We cannot nullify scripture because you are offended man because I cannot read a text and it's paining you th Wicked Soul Bible vers you know you want to know the of your heart if text is read and you are provoked that's the pride I talking about so you not get angry with God you are getting angry with God if it was not important because Peter is saying that people have used it to get people born again so there's something about that that Meck and quiet spirit that Grace that lonly position it may look like you are a fool but you are not now of course a husband demanding his wife say be lowly Bel leave that one some people are very wonderful too but we shouldn't change scriptures because of your husband we should we change scripture because of your wife I rest my case Hallelujah so there's a cloak of humility let this mind being you also in Christ Philippians 2 who thought it not Rob notice the end point God has high exalted him your own Bible is that again set in the Unseen word at the name God has exed him let this man being you also in Christ that's the example of humility hallelujah amen amen say humble yourself humble humble yourself humble number three because of time let's rush it the sight of the spirit you want to engage Supernatural forces you must have the sight of the spirit the sights of the spirit the sights of

the spirit that word for it can be the visions of the Prophet you must have visions you must open your eyes the spirit of seeing and knowing you have to live life with sight Acts chapter 2 when the day of Pentecost was fully come when the day of Pentecost was fully come they were all with one called in one place and suddenly there came a sound from Heaven as of a rushing Mighty Wind and he filled all the house where they were sitting did you see that a sound from heaven and there appeared unto them that's where you get Sight and Sound sound from Heaven verse three and they appeared unto them so there something they saw they heard and they saw something that's the sound and sights of the spirit you cannot engage forces our brothers and sisters on Genesis to can engage forces with sight 2 Kings chapter 6 Elisha said Lord open his eyes that he may see that they that be with us are more than they that be with them Lord open his eyes that he may see that they that be with us are more than they that be with them and the Lord open his eyes and the Lord open his eyes Lord open his eyes Lord opened his eyes and he saw and he was no longer afraid was the enemy still there yes sir was there any M there yes sir was there any M there yes sir Lord open his eyes Lord open his eyes Lord open his eyes and Lord Open the eyes and he and he just like the Lord is opening your eyes to see look like the Lord is open your eyes to see amen amen hallelujah Lord Lord is opening your eyes to see amen Samuel said when sa was looking for the donkey he say are you the SE I said I am the sear I am the sear look at Samuel's intervention in the life of Israel and all the people in Samuel's story say Samuel the that's how he was explaining the scriptures look at the series of interventions engaging onen for people are looking at me okay we should read a lot of references is it not the same Elisha let's ask Elijah and Elisha some questions let's ask them some questions can you use sight to change a f man Elisha enter answer your question Elisha so Elisha will enter and say I remember one time like that the king have sent people to come and take my head because because there was a serious F and people were even buying Dove poooo 2 Kings 6 that's the second Kings so many things there that second Kings 6 a long teritory so we start from verse 25 2 Kings 6:25 and there was a Great Famine in Samaria and behold they besed it until an ass head was sold for four score pieces of silver are you seeing it and the fourth part of a cab of doves is that is that Dove sheet they could they said Dove sheet too they say Studies have shown that there's a medicinal use for dove sheet Studies have shown inside family Studies have shown you see some biologist came together and they did some research and they found out that this Dove sheet if you just take a portion here and a portion there it will solve this issue so people started buying Dove sheet you must you must contextual situation you must cast your mind about what is the context that because that's why they buying do D so the find man this one don't wor it don't wor mm the wor case and do D for five pieces of silver ah no food anywhere so if you see dop sheit do sheit became scarce that you have to pay five so you know fall for ground again okay so if the one that fall on your car you scoop it with spoon you driving just on your car you just use wiper but was scarce you have to buy it you will go market and say how much for dope sheet say 5 P of silver one 2 3 4 5

check out it complete say yes it complete and the king of Israel was passing by upon the wall and there cried the woman so it was so bad they were not eating they turned to they were eating human beings he said I go eat your piing you eat my P this we use your P to do one meat storage so they were cutting human flesh and eating and the King when he heard all of that vers said he rent his cloth then he said God I don't what Elijah did he now use God to swear God do so and more also to me if I don't have the head of elishah ahh that means elishah you should have solved this issue and elishah sat in his house Elija sat in his house you see how it I I love how the Bible ARR Elijah sat in his house unperturbed undisturbed sat in his house that's why I use the word sat in his house and the Elder sat with him and the King sent a man from before him then now he see because this is an interpretation so now says but he that's but before the messenger came so that messenger finally came but before the messenger came what elishah already knew elishah said to the that see so before the messenger came remember the king had said I have Elisha head for this and I said hey my P my P yeah go go with some Two Soldiers go and bring elishah for me elishah was in his own house elishah said see he talking to the the elders around him see you see how this son of a murderer that's Ahab Ahab is a killer now for vard this son of a Mur has said to take away my head look when the messenger come and shut the door and hold him F at the door is not the sound of his master's feet behind him are you seeing it say see he don't see him you don't see him and while he yet talk with him beh the messenger came onto him and he said beh this evil is of the Lord what should I wait for the Lord any longer so after the they have said everything as the man was talking so that means he recounted the story that people are not eating each other Elijah said why will I wait any further in other words I will take Divine initiative now you know that response I'll give you the situational background is when you say Des sign of had seen that sitation is devilish now this they devilish this has passed be careful because Studies have shown that do ah no no no this have pass be careful don't sh medicine now so what did he in chapter 7 then elishah said he ye the word of the Lord to say the Lord tomorrow he put the strength of his prophetic office on the line tomorrow about this time shall a measure of fine flow be sold for a she and two measures of B for a she in the gate of Samaria then he because he saw the feet of his master behind because the king also came to the house you can't arrest Elisha now that's why they give you a background why you cannot because it say second king chapter 6 that Elisha made a full Army blind that came against him in that second Kings chapter 6 that elishah was telling the king what they were planning against him you can't arrest that man so the king also had to come say sir you two of you run and go and tell the king that they don't lock me for outside though so it's now showing you what second Kings chapter 6 did when he say the messenger was there then now say but before the messenger came he so tell you that when all of them are now entered inside the house with the King because they had gathered now calm and collected because they can't Hur Elisha say what do that's when Elisha open his mouth and started talking chapter 7 so he learn how to read okay then a lord on Whose hand the king leaned answer at the man of

God and said behold if the Lord will make Windows in heaven might this thing be and he said behold thou shall see it so even if the Lord open Windows this thing cannot happen elishah said you correct you correct you correct you will see it with your eye but you will not eat it you will see it with your eye but you will not look at verse 17 the king appointed the Lord on Whose hand he leaned to have charge of the gate and the people thred under thred upon him in the gate and he died as the man of God has said who spake when the king came down to him so the king came down and it came to pass as the man of God has spoken to the king saying two measures of Bley for and a measure of fine flow for shall be tomorrow about this time in the gate of Samaria and that Lord answered the man of God and said now behold if the Lord should make Windows in heaven might such a thing be and he said behold I shall sit with thy eye and shall not eat it and so he fell out unto him for the people Tred upon him in the gate and he died unseen forces elishah opened his mouth he saw what he because that kind of proclamation comes from sight he saw how it happened that's why he say at the Gate of Samaria that's not just what you hear that's what you see that's why when the man was also talking he forgot that elishah was in the he was in the strength of his prophetic office because he was talking and arranging things with the power of sight he was putting things in their places time will fail us to teach you how that is done those in master know how he done he was using he was putting things in place we sight so IM May the man spoke he also put the man inside and now arrang him where we match him because he was not happy no it was El that killed him no no no I no no no I it's good I tell you the truth it made the man said he say yes you will see he now put him inside there too because for the man to see it had to be the man that the king will send for him to not eat he has to be the one that will climb so he put him there innocent man but he not innocent a man of unbelief a man of unbelief say even God cannot do this so these were the people that were stopping the king from coming to meet elishah soon you will see it you will not eat it so take that forget the power of sight so ask Elijah and Elisha if is by sight is by sight is by sight even the Ser not just Fe against nothing they happen nothing they happen Elisha now this eny that surrounded you he blind all of them say you have follow me to the house of the one you came here Philip and Nathaniel we have found him of whom theet spoke about is coming John 146 to 52 Jesus said I saw you when you were under the fig tree you saw me there's something about sight there's something about sight Hallelujah elishah saw the king's plan look at Mah when jehos and the king of Judah were going to battle first KS 22 Mah when the other Prophet came and even slapped M Mah said hey the king said I will return in PR say if you return at all then God did not come me you cannot return say you will not return in this battle you will not return you read the whole story he say I saw all Israel fighting a battle know he was talking from sight that first Kings 22 from verse 6 to verse 2 they can't project it you can only read it from verse 6 to verse 28 you know the story we have read it in this series before we have already read some of the we have read it already we are reach the end of this teachings now we are summarizing things where that's where I showed you uh host of Heaven to the right and to the left who

will go and cause a up to four that's unseen and the man was seeing it he had seen the background of how what led to a falling you know there are certain times you cannot see that this is the reason why this thing is not working you can see it sight allows you to see it sight allows you to see there a a lady that was telling me noral nor say I just had a dream no and it was a bad dream and normally we would just say okay let's remove she said that H I would just use God's word and superimpose on the dream now I would just um it's just I just believe that this thing I saw that is negative cannot happen I said I say I say yeah I said no no we will rebuke this one the lady is here she's looking at me so as I'm saying it say we rebuke this one no should have lost her auntie by now we rebuke this one last week Sunday I there was a lady that met me just say pray for me so I prayed for her she had had some issues over the years and I will not mention the issue and I I was rushing I was just going to go enter my car to travel so I held the hand I said it on Wednesday I held hand I just prayed and I was about to just leave as I finished just praying I went to just go I just turned once I said th devil hit her my eye open I saw that two things I saw one since the man of God is in a hurry she will now say my man of God already laid down for me do this matter settled no it was not settled the man of go was in so the devil was hiding so I would not see to rebuke it from the source that was the first thing I saw then the second thing I saw was that it was a spirit of infirmity that was causing that situation is not by is by S side to is by sight to how many times when you see practically in this ministry you see when we lay hands of people to be I say no bring the person never come finish some other times you see me I say there's also somebody else at home you are here now your all Witnesses all Witnesses say it's not by by sight sir and the good thing is not only Pastor that have it all of us have it yes sir to open your eyes and see hallelujah amen amen this is the one I like most Numbers chapter 10 numbers chap 10 from verse 28 Moses said to hobab the son of raguel ragel is Ru or Jetro he said you will follow also as we go in our journey s you have to follow us come and be our eyes Moses that you know he's a man of God though he said you go follow us one of the sons of Jetro say you will be our eyes you will be for us instead of eyes you are waiting for projector don't you have a Bible you're angry with them that they not showing you theath I G you the reference your Bible come and be for us instead of eyes hallelujah our eyes Into the Wilderness oh boy Hallelujah those of you that have turned there now have you seen for yourself be our eyes verse 31 and it shall be if that go with us yeah shall be that what goodness the Lord will do onto us it will be so good if you go with us we will see goodness the man actually went with them finally not by side is by is by to First Kings chapter 14 the wife je and his wife had planned so this what we do our son AB is sick we just go and meet that Prophet that first told me that I will be king are you see are you seeing it because it was by the speaking of the Prophet that he became a king without from no lineage of Kings they took him inside he say you will go back and meet that man that man is aijah now aijah is not old Bible says in first 14 his eyes had become free he could not see clearly by reason of old age to come and meet a blind prophet she still had to disguise herself she wore a Different Cloth change her hair she was at the door

when aij said wife of jeam why have you disguised yourself come in you see is by forces it's like that forces those who live around me is a normal manifestation yesterday were in the house and one somebody's phone was ringing I said no he that calling and my wife checked it there was no Des it was this one wonderful bad way of saving him was D and why I don't know what kind of saving is the name as D and so you could not even have seen with the name but when she saw the phone she said is I said and I was eating right so we just come back from program man wanted to eat was eating because is not that you are eating that means you are blind though yes sir [Applause] you does not mean you are blind though sometime people are coming to my house living say is that person at the door open for him person will not knock is about to just open the door say no need to waste your time knocking just enter it matter I will be dead if not for the power of sight I said was the time we coming from in the nth we are taking a road 11 p.m. we are this wicked man was there one other lady was there and one good pastor Glory was with us by interpretation and that's said they were going to drive us to where on gun men and it was dark because we spent 4 hours connecting from Ab that's why I don't like that City to hold terrible hold up coming from after Supernatural activation meeting when we did were following One driver that was doing shortcut shortcut B B B all I say stop don't follow him again turn when we finally came out the security people said ah unknown government road we said we not follow there say ah thank God my soul has escaped from the snare of the fower and I began to tell them as we on the road I said we pass now we see a trailer by the right I disc rib the whole journey until we got to 12:05 we found a place to sleep in y how did I see all the vehicles in front S I open I have [Music] family I have family oh is by sight [Music] oh it's not by see it's by seeing by S is by sin is by sin is by SE one of my friends a man of God called me was he was feeling this heaviness was feeling this was feeling this heaviness he didn't know maybe he could not interpret that what witness so we're praying about it and I saw it and I called it back I said man of God go on the journey the heaviness you feel is the heav of when you get to the church they will not receive your message very well but it's not for your soul you will be safe on the highway you say okay no but it was there the heaviness could not be shaken for one month he got there as he was preaching the people's heart strong that was the heaven but later on it began to solve we don't match and down that the words will fall in their hearts they will treasur the world but before what is this one say what kind of preaching is all this ones no but he thought it was for his soul look at how he took Mo Paul time I go bound I go bound I go bound agab now came and with one sight said the man that have this ghetto the man that have this G oh oh oh say he not by is by prophetic and thank God the Church of Jesus Christ is prophetic thank the chur of Jesus Christ is prophetic remember we were coming from in you were with me we took that man we also describing the road I said we said when we coming n Bridge there was a lot of hold up in that place I said no this time around there will be traffic to the to this side there will not be traffic here we just maintain one lane where we never reach yeah you have not strived with men you see if you don't want to strive with men you will use ego Wings yeah yeah

yeah you do things differently yes sir if your Bible if your Bible the power of sight you say I've seen this one before devil one time was trying to play naughty games in my family so I reach out to some men of go one of the men of God said to me he said ah have you not already seen it you have seen it I have seen it that this individual in question even if even if we don't get him healed now he will rise up and heal himself he cannot have a sickness into his age he said do you not you see encouragement how you encourage a man of God he say have you not seen it cuz I have seen it it's say either you heal him or heal himself but the thing is that this cannot carry this thing has given us a diagnosis that is enough for some to run mad but there something about sight sir something about sight something about sight say it's not bad it's not bad all of a sudden I always used to tell my wife that's why fear died I cannot fear what I've already seen how it will end I so when they want to go and fight they say okay okay say I see the movement of the M tree say we win we win we win David say Let's go see the exact that's why it's in the Bible that's why you have all those plenty stories Lord will and it's not for you to now be treasuring going to visit people in dark caves or buying their Miracle soap no open your eyes and see open your eyes and see that's why you learn how to see so go back and listen all those messages on revelatory gifts we have taught it in this ministry open your eyes and see so just write it down I need to go and listen to all the teachings on Revelation yes listen to it you will see the answer but this is not the time to teach that one amen is by seeing oh how many of you here is by seeing the wisdom came I saw something I told you some it's many we are many we are we be many here we be many here say you will do it like this even this master I also give many of them this is how you will do it this is how you will go is by seeing by see is by see is by see is by see so somebody open dollar account it was that week they not ask for do account imagine the man of God not now go through the stress of i' G that word now so the same week now said you have a dollar I said No I say we don't think we can use you no no no you can use me par the Lord has seen that if by saying no he would have stopped it is by seeing it like that Hallelujah we will just stop it here because like I said will not rush this thing is by seeing it we stop it this number four the sounds of the spirit is by sound is by sight is by sound and that's how people have been engaging onse forces because you cannot walk with supernatural beings until you fall into Vision until you see it Joseph arise in a dream take the child he saw it in a dream that's how the child was saved is by SE it was dream oh baby Jesus they were using him to run it was from dream say see it Paul said for the angel of the Lord whose I am appeared to me and told me that no life will be lost but the wind had a name just like krina said EUR the angel of the Lord how did he yes know your own Bible I have sight have sight I have sight have sight the wise men being warned in a revelation not to return back to Herod oh being warned in a revelation not to return back are you seeing it I'm talking to somebody you have been warned not to return back you still want to return back to that don't return back to that place so said but I first got one help that first time there no no no no no no no no no no no no no no no because we are recording this in life that I'm reducing this volume oh but let

me increase the volume that person I'm talking to let the power of God come upon you right now in the name of Jesus yeah let the power of God look for that person don't return back there you have been warned before but say no no no no I got helped there before no now your soul is delivered from that in the name of Jesus Amen yeah that's it you see it now 1 second one minute you see it the power will touch that person I will Minister like this now yes don't return back don't return back don't return back don't return back don't return back don't return return back yes you you don't return back my soul has escaped so if you return back H don't return back oh let the power of God come on that individual in the name of Jesus that you will know that you are the one let the power the hand of God come upon you right where you are this instant in the name name of Jesus yeah that's the shout thank you Lord thank you Lord thank you Lord thank you Lord my soul has escaped my soul has escaped my soul has escaped I'll take my time that's the pr I'll take my time sometimes you will be in a h as a man of God no no no no no no no no no no God called me to help life so your soul has escaped cuz I saw it just now I said it I said it I said it I said it let us increase this volume is by sight is by sight where is that person that shouted the power Came Upon is on the ground is is by like that is by like that is by like that is by like that to is by like that Elisha said let that woman stand at the door according to the time of life you will have your child that's it that's it that's the sound though that's the sound though urance you start saying it Jacob said Isaac said in Genesis 27 he said I have already sustained him with corn and wine that's engaging forces I have already sustained him with corn and wine I have already sustained him Hallelujah this is where you lift your voice like a trumpet oh that sounds of the spirit Hallelujah that Genesis 20 that's 27 now 27 or 29 27 27 verse 28 about does our words have connection with the ministry of angels yesal 103:2 say the Angels hacking onto the voice of his word who speaks God's word man haing to the voice of God's word that we are speaking amen there's a connection between our words and the ministry of Angel Hallelujah we must use our words to to shape because our words set the boundaries of our life our words set the boundaries of our life you know we use our words to speak our mind naturally that's how we can use our words to speak God's mind that's how we can use our words to speak God's mind we can use our words to speak God's mind Hallelujah we can use our words to speak God's mind you can we can use our words to speak God's we can use our words to speak God and you start saying it you start saying it you start saying it in the name of Jesus Hallelujah so it's the power of utterance the sounds of the spirit Acts 2 2 to 4 you saw it we read it already just that there came a sound from Heaven the power of utr with we use our words to set the boundaries of our life we learn to speak by faith Mark 11:23 said to the mountain is that not so be that removed Paul says wage a good Warfare with prophecies you learn to reign with your tongue that way I said it on Wednesday you learn to rain with your tongue death and life are in the power of the tongue when we speak by faith we're not just speaking positively oh we are speaking God's word oh we are not just speaking positively oh we are speaking God's word oh we are not just speaking positively oh we are speaking God's word if we ask our brothers and
