

hallelujah amen father in the name of Jesus Lord we open our hearts to your spirit and we trust again that in this service the eyes of our understanding will be enlightened we leave here knowing much more about our Authority in the Unseen World and we will walk in the same in the name of Jesus there is no confusion in this house only understanding and Clarity reign supreme thank you for the things you will do in this meeting our lives and our Ministries will never be the same touch Us in the mighty way we believe for miracles We Believe for great outpouring of your spirit in the name of Jesus amen God bless you have your seats Romans chapter 15 and we'll begin from that particular text of scripture Romans chapter 15 and verse 4 Romans 15 and verse 4 are you there Romans 15 and verse 4 just has 16 chapters Romans 15 and verse 4 it says for whatsoever things were written at four time were written for our learning the word learning is the word Doctrine whatever things we're WR our four time we're written for our learning is the word didascalia Doctrine explanation we're written for our explanation that we through the patience and comfort of scriptures might have hope whatsoever things were written at four time now when you observe the things that were written were there stories are there prophecies where power displays in Genesis to Malachi whatever things were written so the things that were written were written for our learning our explanation so there's so the stories that you are reading say oh why is that story there it has an explanation so just like we did in the series on ebener it has a purpose First Corinthians chapter 10 Paul will tell a story different stories it says moreover B I would not that you should be ignorant how that all our father were under the cloud and all passed through the sea and we all baptized unto Moses in the cloud and in the sea now that's a lot of story AB that has Exodus chapter 13 Exodus chapter 14 Exodus 16 they all did eat the same spiritual meat Exodus 17 they all did did the same spiritual drink so Exodus 16 Exodus 17 are you following then verse six now these things were our example to the intent that we should not lost after evil things now numbers 11 Moses said the same thing in numbers of 11 so is talking based on the many stories you have in Genesis to this things we're written for our example to the intent that we should not L after so is there lessons to learn are there things to learn from the stories from what does not appear doctrinal just oh it's just a true life story that is not recorded no when the prophets are retelling the story they notice they don't give us all the detail so in retelling the story they are using to explain just like a pastor today when he's teaching tells a story the story is to explain what he's saying that's how the prophet so in their teaching they will tell a story and when they are retelling the story the story has become God's story because they are using the story to tell God's story they're using the story to tell what God is doing Hallelujah are you here verse 11 jump to verse 11 so that um because if you go on and on 89 is all stories from Genesis the first five books is what he's dealing with verse 11 now all these things happened unto them for examples and they are written for a notice it they are written for our what admonition the word admonition there is the word instruction not here upon whom the ends of the word I come so the things were written for our admonition the things were written for our admonition so when we look at the written word like I told you

what was the script do the Bible that Jesus had was in Mali the the Bible that the apostles had couldn't be their letter because they were the ones who wrote their letters Genesis to and we read those references and we've been doing that for over the years and I just did a quick intro on Sunday along that same line amen now when we read their stories we shouldn't say oh that's Old Testament and we need to really really correct that idea that people have of the biggest part of the Bible as trash is not godly Genesis to Mali that's the biggest part of of our our Canon today the biggest part is trash we just need the 27 books which is really not 27 we just need the um 24 because four gospel book of Acts also a bit of trash if not just that Jesus stories inside there but the Jews begins from Romans they also need to get rid of Revelation by the way so basically um 23 so we just need 23 books for our walk with God and the Bible is so big and um no no no no no no no no no no so Peter said just like they are twisting the scriptures that's how they twist Paul's letter amen so the emphasis is the scriptures we cannot in fact we've said this over the years you cannot have a Doctrine outside Genesis anything that you call a doct that will can't find from genesis we should get rid of it that means of the apost none of the none of the Apostles NE Jesus knew there was a teaching like that so if you are so scared for your teaching to be found in Genesis Mali something is wrong so that needs to be explained properly are we good yes sir so it's not good throwing away the baby and the B and one of the ways to throw away Genesis to Malachi over the years has been to just say that's Old Testament we had to teach on that what's the Old Testament but many people forget because they don't only have one Pastor they have pastors on Facebook pastors that fight pastors on YouTube and are trending so they will not listen to what they are learning so Old Testament and the law are the two words used to tray Genesis to Mali Old Testament that's Old Testament said that's the law of Moses and over the years we have had to say what is the law of Moses because depending on the context you are reading because the word law has many use Jesus often said have you not read in the law most Paul in the if you have read Romans you see the way he talks about the law in a positive light that same Moses say we are not under the law so which one are you calling the law because he doesn't it doesn't mention because he doesn't know that we are going to be confused because when in fact the only places you have Old Testament in the New Testament books of the Bible are not referring to books how did we not have Old Testament to be referring to books I went to get rid of a part get rid of this place get rid of this place then the biblical writers were very honest if Elijah ran from a woman they told us they didn't have to lie and say Elijah did not run from a woman no no let's cover for him no he ran from a woman Abraham messed up with haggai everything the Bible says he truly States it but is not expecting that we be naive not not read the context is is like I I always use that story in the Book of Ruth where Ruth says um Naomi says my name is no longer Naomi I mean the Bible characters expect us to have brain enough to know that her name is still Naomi she's talking out of anger that she has lost all her family she now said my name is not you say I was reading the other and I found out that it's good to change your name Ah that's not what you should

be learning then he just being honest this is the same way a lazy way of reading the Bible says what was Judas a disciple of Jesus somebody say yes what did he do say hang himself are you a disciple of Jesus say yes what should you Doh no now that's not how we study yeah because the same thing it's the same thing you cannot throw away your intelligence are you following you cannot throw away it's a spiritual book all the same it's the book so it it reads like a literature but it's not understood with the natural mind it's stod and not because your natural mind is useless but the natural mind subjected to just the senses cannot interpret the things of the spirit why because the things of the spirit First Corinthians 2 was talking about what's the written word the word of God is a thing of the spirit God's word is not just what you mentally are sent that's why we should pray over hearing God's word it's not just um academic learning though God's word can train you in that manner can teach in that manner but the information the content is spiritual the content is spiritual Hallelujah so Paul says I could not speak to you as unto spiritual but as unto can as babes the content is spiritual the word of God is spiritual and we must receive it in that manner amen we need the eyes of our understanding enlightened that means he not a lazy thing the eyes of our understanding enlight that we may know so we need open eyes eyes of our understanding need to be enlightened to know what we're reading amen hallelujah so we said we need to with the things we have studied so far Philippians we saw we have authority in heaven Earth and under the Earth so in the three words our name of Jesus is powerful obser have my use of word our name of Jesus not the name of Jesus that's obviously that's removing yourself our name of Jesus is powerful so in the the words we are powerful amen and we are now standing as God intended man to be from the beginning of all things AB all right so that man that God was looking for he has that man the only issue now is that we have not just put on immortality that's the only yet and that immortality coincides with all the Earth being God's Zion all the Earth being the garden of Eden all the Earth being his promise so that's another ball game amen so are you with me yes sir so we say we have authority in heaven Earth and under the Earth and we have explained the use of the word heaven we have explained the use of the word Earth that it has varied application I did I gave you up to five or I think six for eight S I gave you up to eight for heaven when the Bible use the word Heaven the different context I've had to say several times in our beginning part of these teachings amen and we said Heaven Can Heaven deal with the Unseen word AB The Invisible word yeah the visible word yeah hell the VIS the invisible World outside of God's promise of life so we to put it Heaven and Earth because it's things in heaven and things on the earth that are in hell we said hell is heaven and earth away from the promise of life now that if that's all you just like beautiful I've gotten it you know that summary does not do justice icept you're are not honest so always try your best not to reduce hmons to punch line one of the foundations of of wrong Doctrine is punchline teaching punchline punchline not caring about CU punch line many times throws away many biblical text in their proper context because it's just punch line just throwing punch line and even check the things that are uh debatable where a

pastor loves to be controversial they just pick a point and that point not properly explained can cause a lot of issue punch line then another proof texting I have something in my mind I believe that Christians go to ha so I start looking for Bible vers to support what I believe I believe uh Heaven is a planet far away so I begin to study my Bible looking for heaven as a planet far away are you following that's not how to study the Bible I study the Bible to take what is in the Bible I don't St the Bible to give the Bible meaning clear clear clear yes all right so we said the believer who seeks to engage Supernatural forces the believer who seeks to engage Supernatural forces must do what his fellow brothers and sisters did in the Bible fellow brothers and sisters I use the word Believers because some people also in their in their wonderful studies tell us that there was no Christian okay let's they don't like using the word Christian they say is from Antioch okay they say uh Believers there's nothing were there Believers in Genesis to Malachi yes but they were not born again so okay but were they Believers did they believe in the Lord I think that would do just fine because what they wear is what we are all right so if they believe just as you believe that is fine what is true for them should be true for us amen amen hallelujah it's not the holy ghost that got born again it's not the holy ghost that changed is man that changed AB hallelujah it's good we have that clear so we said if we are going to engage on sinen forces we must do what the what the Believers of old did and of old will be from Genesis to Malachi and also M Revelation what they did is what will do and that's what we have the scriptures for all right number one we said the need and remember I normally don't teach in numbers so this putting it in numbers is just to give you an idea of the different things that different persons did that were putting and if You observe is not for you to pick one you can do all of them at certain times in our life uh certain times in the scripture some of them only did only one did not mean that they thr away all that part of their Christian Living because everything we mention is part and part of what you know as a Christian how we should live every Christian should read their Bible every should pray every Christian should be able to speak God's word in faith but now saying it again in this context is the same thing Hallelujah so in no particular order we said the need to pray can't be overemphasized and we said what prayer does so when we're talking about prayer we give more examples over people engaging unseen forces and helped them in receiving material things help them in many of those areas and um I did not expect anybody will be thinking that prayer is not going to not help us in doing the work of the ministry prayer will not help us in carrying out God's will so because we have talked about that in the course of this study amen all right so the need to pray can't be overemphasized we need to pray because we know the most important reason why we pray without prayer we can't carry out God's will on the earth is that not true but prayer can also be the reason why we have intervention and we talk about interventions it the same way of saying Miracles the same way of saying we can receive God's help in the place of prayer Hallelujah so we looked at Esther and modah for example we saw what what prayer did in their lives and what prayer did in their life can also be done in our own lives does that mean we should have a need centered mentality no you know

when a Christian say I will not serve God again because he did not see something was believing for come to pass is that a weak believer thank you and so once you build your Christian work like that Satan is you are giving a lot of material in your life because it means he will use a lot of people to be tempting you a lot of people a lot of things because your faith is built around things and ought not to be like that amen so the need to pray then secondly we talked about the cloak of humility is that so thirdly we talked about the sides of the spirit and we talked about that we can have visions Visions our eyes can be open and we can open our eyes and see what God is doing remember that sides of the spirit we can see what God is doing and we give different examples Elijah Elijah Samuel Jesus Moses aah I mean Mya we went on and on we just give different examples in the scriptures number four and this was where we ended on Sunday we talked about the sounds of the spirit amen s o u n D S and the words got in from Acts 2 where it say there came a sound from Heaven sound from Heaven a sound from The Unseen sound and they were the ones speaking in tongues amen and often times there's a phrase called The Sight and Sound of the spirit just talking about that there are things to see upon Having the Holy Spirit remember Joy's prophecy I pour out my Fe On All Flesh your sons and your daughters will prophesy see Visions so there's something to say there's something to see in the outpouring of the spirit as we saw in Acts 2 2- 4 amen so there's the sounds of the spirit there's something to say there something to say if you read the Old Testament books they would say lift up your voice like a trumpet so something about lifting up our voice something about talking how we use our words so we use our words to speak our mind we use our words to speak our minds our words set the boundaries of our lives our words set the boundaries of our lives and what do we see let's look at Psalm 103 the ministry of angels Psalm 103 103 and verse 20 I think we've read this text before when we're teaching on uh in in inside this series where we're talking about the Heavenly Host all right bless the Lord he is Angel his Angel function terminology or a nature terminology all right so it's an assignment rule okay but it can also be used to classify the whole Supernatural host we can call you your work you know your name now but we are calling you a doctor does not mean that doctor is not your name doctor is the work that you are doing but we can refer to you with your work all right bless the Lord he is angels that excel in strength that do his Commandments harkening unto the voice of his words the Bible tells us the angel supernatural beings hacking onto the voice of his word bless ye the Lord all ye his host ye Ministers of his that do his pleasure bless the Lord all his Works in all places of his Dominion bless the Lord oh my soul so the angels of God hacking onto the voice of his word amen If You observe it was after you look at the responses of of Supernatural being from Genesis to Malachi Hezekiah for example because we' read that again and again was it after they said was it after they spoke prayed that an angel was released thank you the angel was not released since when Shak was talking sin was saying all the things they were saying nothing was because nothing had been done if if we look at the way Jesus spoke Jesus put it he said I could have called a lead iion of angels and he didn't put it

outside his action is it your own Matthew 26:53 thinkest thou that I cannot now pray to my father and he shall presently give me more than 12 Legions of angels now Jesus Remember on the earth walking as a man talking about that he can have 12 Legions of angels as backup and it's upon request it's not accidental upon request okay upon request we saw when they prayed so we cannot remove supernatural beings walking with us after our actions we know one of the actions which we have been looking at we're looking at sever we saw that they observe the state of our heart that humility Nebuchadnezzar became what he became when we pray angels are released come on what about when we open our eyes supernatural beings now is there light and darkness in supernatural beings okay so can we also open our eyes and see what Satan is doing and stop it and stop it sir notice many sicknesses that would have just left like that Jesus looked at the people and said this is a spirit of infirmity Jesus had a deaf and dumb Spirit there was a woman that was bent over she has been coming to church that synagogue for many years then Jesus looked at her and says woman thou art loosed from thine infirmity say ought not this woman whom Satan has bound this 18 years so Jesus saw that it was Satan that bound her now there's a wonderful theology today that has Satan not bounding people the wonderful uh called New Creation realities that which is not in the Bible that says things like there's nothing like that and I can even tell you because we preached the same thing before only that you people can be crafty with it there I'll give you an example but I saw it again recently because it's it's possible to be crafty with truth it's possible to deceive people with the truth yeah yeah because there's a presentation that you will receive rece I say oh no no no there's nothing let's not bother Satan is not nothing like that everything I ever have everything I will ever have everything that ever happened to me is there's nothing Supernatural That's where some pastors are going in the name of Bible interpretation they want to remove everything Supernatural from our living and say there's nothing like Supernatural our living which is a lie because every human being is gravitating towards it in their movies in their songs in all you can see a a hunger for the Unseen word I trying to remove from your study is dishonest we can see what we are saying without having to destroy the Unseen word because it is over this word everywhere you go on the earth the Unseen World is over it because everywhere you go on the earth Heaven is over it just like the physical Heaven is over everywhere on the earth that's how the Unseen word is over the seen word did you get that okay so the sounds of the spirit so there's what to say tell your neighbor there's what to say say there's what to say so important was words and that's why we have these stories in the Bible so important was words that there was a king called balak he went and sought for a man called balam and the only reason why he sought for the man called balam was because the man balam had utterance so he said I will need you to come lay a curse on these people for me now Imagine balak a King a wealthy King being an ignoramus he did not know that there's nothing like curses as we will be made to believe today no is that the believer has authority over it does not mean something does not exist that's the difference that's proper interpretation say there's

nothing like has not cost anybody yet it's possible for a man to be C and see succeed in life doesn't mean that it's not cost doesn't mean that it's not cost you have not said anything say succeeded also bless people that don't succeed beautiful that's why you know what bless and cost mean in the bible try you don't give it your own meaning because it may be the meaning you give it is what you are defending can people be hindered supernaturally oh boy to not even believe that is to throw away all the supernatural exploit that Moses did in the wilderness it to throw away what happened in Egypt is you have to get rid of many Bible verses then will not say that's Old Testament they will have to get rid of all the Miracles in the four gospel That Old Testament but they we have to get rid of all the Miracles in the book of Acts that's Old Testament the what that we left with the EPO what is epito is in a timeline of his own or it was in that book of Acts you see the history of what you are find the episodes and if it's in the history because those places that they were going to preach that they wrote letters to why are you removing the practice and only taking what they are teaching was they are teaching against their Supernatural practice no Hallelujah so we can rightly divide the scriptures amen right good good good properly read understand what we're reading so look at the balam and balak story for example we pick it up a bit from Numbers 22 balac the son of Zeo saw all that Israel had done to the amorites and Moab was so afraid of the people so Moab because they were many and Moab was destroyed because of the children of Israel and Moab said unto the Elders of midia that is the people of Moab said unto the Elders of midia now shall this company lick up all that around about us as the ox licked up the grass of the field and balak the son of zipo was King of the Moab at that time he sent Messengers therefore unto balam the son of bell are you seeing it to PTO which is by the river of the land of the children of his people to call him saying behold there is a people come out from Egypt behold they cover the face of the and they abide over over against come now therefore I pray thee CA me these people now the word cost here is the word Allah cost these people for they are too Mighty for me paraventure I shall Prevail that we might Smite them CA me this people for they are too Mighty for me per avention now the ca means you'll be hindered in the Unseen word because they will not have help that way I will be able to defeat them because he knew there was something Supernatural about it so the ca here is to to for one when Adam was Adam and Eve under the cause notice they were banished hindered from functioning in Sacred Space because the the word Cur is the word Exile sentenced a cur is an exile so when people are Cur in asent time notice they banish them out oh my Lord I mean you see it now you say send them out to the evil Forest is a is cost so a cost is banishment that's one meane and there are over seven application of the word c so which one when you say somebody is cost because there's the polite one which is where we get the word insult say they cost me that's also cost too okay so when you say cost which one now notice the because you you can't there's no crafty hermeneutic principle you are going to use here because the man says what the cost means and what he's expecting the cost to do let's read it again I pray the ca me these people for they are too what so in the ca they will not

be too Mighty for him again paraventure I shall Prevail so even with the ca paraventure because you know something these people have something about them perent I shall Prevail that we may Smite we may Smite them and that I may drive them for I know know that he whom thou has blessed is and he whom thou has and the Elders of Moab and the Elders of Midian departed with the rewards of remember that word divination all right so the word divination either so remember divers Sorcerers magicians there's a reward they want to the money they want to use to settle him for the Witchcraft okay and they came unto balam and spake unto him the words of balac and he said unto them Lord J this night and I will bring you words again as the Lord shall speak unto me and the princes of Moab abod unto balam and God came unto balam and said what men are these with did now God there is God the god that you know so I can Balan be actually hearing from God is balam a worshiper of God obviously he started off like that ah can anybody connect with God yeah because God is God of All Flesh God does not say you have to first have this tag before you you have to first have this tag of course today all of us who believe in God have a tag called Christians called Believers called Disciples all the other tags you want to use to explain us but any person can call onto God and God can answer him whether he knows of a tag or not come on don't forget that to because you know hega also called to God and God came through for haga all right so this man was a prophet remember Prophet ordination does not come from Satan it is within mankind King priest Prophet remember that three offices that we anointed in Genesis to and we have used that over time to explain how we stand as God's man on the earth so either you are a temple of God or you a temple of Idols but it's not Satan that makes people Temple so it every human being is a temple if you believe in God you'll be a temple of God if you don't believe in God God wants us to shine that you are light or you Darkness come on what communion what Fellowship has light with Darkness Christ with Bia remember all of those talk okay and balam Rose up in the morning and said unto the princess of balac get you into your land verse 13 for the Lord refused to give me leave to go with you so you have the whole story Lord refused me so there's a lot of convincing then he finally goes so we now have him finally choosing to what go chapter 23 and balac said unto balac build me here seven altars and this where some people build a whole teaching around altars whatever altar is to offer animal sacrifice it's not pit and prepare me years seven oen and seven Rams and balak did as balam had spoken and balak and balam offered on every altar a bullock and a ram and God made balam verse four and he said unto me I prepared seven altars and I've have offered upon every altar a bullock and a r the Lord put a word in balam's mouth and said return unto balac for th shall thou speak and he returned unto him and lo he stood by his Bor so you can tell this is this man is obviously trying to use God as his like a native doctor okay and God is refusing him because he's God is not agreeing to anything that he wants to do because God cannot be found in evil God cannot be found anything that is wrong but the man is part of the act 17 example of if happily we may feel after him he knows that is a god out there and he's reaching out to that God out there okay which I give you an example

of Jetro also Jetro is a priest of God but he not from the descendant of Abraham remember before there was Abraham there were people that were already following God that's why we have genealogies in Genesis okay so the Lord put a word in balam's mouth and said Return to balac and T sh out speak and he returned unto him and low he stood by and he took up a parable and said balac the king of Moab had brought me from Aram out of the mountains of the East saying come cause me Jacob and come defy Israel how shall I cause whom God had not CA so how shall I defile whom the Lord had not defiled from the top of the Rocks I see him from the hills I Behold Him Lo the people shall dwell alone and shall not be reckoned among the Nations who can count the dust of Jacob so he couldn't Cur them he was blessing them so is it Supernatural so that means God protect his people sir but you notice that the king is particular with what balang will say so there's something to say okay he has not costed him he has not been able to cost them again so balak very persistent remember different attempt now verse 13 and balam balac said unto him come I pray you with me into another place so he taking from one place to another place he take to another place he be an altar and because the man is already slowly turning to a sorcerer because you will see him later when Joshua enters the pro and they kill him and he's called the sorer so he small small he moved from being from being a normal Inquirer as a priest king looking for the Unseen word he turned to a prophet an idol worshiper turned to full flesh div diviner it was one of the person that they killed at the entrance of the gate as they were entering into uh the promised land they they they jammed him and his name is mentioned they put him to this world so take him from different place different place to different place so balac said okay come and look at them from this angle moving from one place or another place on the Mountain Top Again is significant because Motif from one place bible Motif reoccurring pattern so taking to another place up the mountain so look at it from this angle look at it from this angle if you look at it from this angle you will see why you should help me cost them and all the angles so he took him to another angle again look again and and balac said on come I pray okay to another place from W th may see them so maybe you're not seeing it way from the side and I shall see them but utmost part thou shall see them all and cause them for me hence and he brought him onto the field of zofim to the top of pisar and buil seven altars so he's always building seven altars and he said unto balac and he said unto balac stand here by th B of him while I meet the Lord Y and the Lord met balam and put a word in his mouth so what you are simply seeing here is God stopping him because how he's talking to God here is how you open yourself to Devils but God is stopping him okay and the Lord made balam and put a word in his mouth and said go again unto balam and balac and th say and when he came unto him behold he stood by his burnt offering and the prince of Moab with him and balac said unto him what has the Lord spoken and he took up his Parable and said rise up balac yeah hacking unto me thou son of Zeo God is not a man that he should lie Nei the son of man that he should repent other words he's not going to change his mind on this matter had he said shall he not do it had he spoken shall he not make it good behold I have received commandment to

and he had blessed and I cannot reverse it you see it he had not Beed iniquity in Jacob neither has he seen perverseness not the people that are m and complain the Wilderness so you know he not morality he has not seen be iniquity in Jacob NE has he seen pervers in Israel the Lord his God is with them and the shout is among them God brought them I've taught you that shadow of a king belonged to who Moses in their midst that's why he said the shadow of a king is in their midst God is with them true remember how First Corinthians said they were all baptized in the cloud onto Moses Moses represent God's function onto them so the shout of the king is in their midst so somebody has already shouted over them somebody has already shouted over them God brought them out of Egypt he had as it were the strength of a unicorn then now say surely so this is the whole issue I've been having balam this is the whole issue I've been having balak surely there's no enchantment so if now this thing want they do no work surely there's no enchantment now balam finally did give them a solution that worked but it was not enchantment that's the origin of Revelations use of the the doctrine of balam it's a doctrine that LE people to sin now say you'll find you find five five women arranged when they see those women from there you enter their Mist so as surely there's no enchantment against Jacob neither is there any divination so you see if Satan does not use black powder will use something else no enchantment against Jacob nether is any divination against Israel according to this time it shall be said of Jacob and of Israel what God has wrought are enchantments and divination things that people say that has been nullified because Jesus rose from the dead so people are no longer speaking there's no more enchantment and Divination in the word no that's a lazy way of it in the Bible that cannot be the law that cannot be Old Testament have you destroyed all the shrines in in the old world that you say there's nothing like that there's something like that but the Bible does show us that not against us it cannot stand against us thank you because we know that our sins are forgiven so it's not our performance that makes enchantment to stand against us AB NE is any division against isra according to this time shall be said of Jacob and of Israel what God has WR behold the people shall rise up as a great and lift up himself like a young Li and he shall not lie down until eat of the prayer and drink of the blood of the SL and Bal on to balam neither Cur them at all nor bless them at all now but answered and said unto balac told not I did still sounding Pious you Thief all that the Lord speaketh that I must do still sounding Pi I'm sounding like a good guy a holy guy and Bal said onto balam come I pray thee I will bring thee on to another place see enemies don't give up I'll bring on to another place but Adventure it will please God that that may cost me D from tense from one place another and balam saw chapter 24 when it pleased the lord to bless Israel went not as other times to seek for enchantment now he had revealed are you seeing it BS have not finally used that seeking enchantment so so the use of God there is God resisting him so this man it shows you his journey that he does have a connection with God that's why I can see he God but now is now powers of Darkness because he says he went not as other time to seek for the word enchantment there is the he is the Hebrew word nakash yeah the same

nakash that used to explain serpent same word because the Divine is the one it gets information from The Unseen World he gets information from Divine beings that's divination to play the Oracle to receive information from div Divine beings which is what the nakash did brought information outside from what God brought to Adam and Eve so it's the same context but he set his face toward the wildness and balam lifted up his eyes and he saw Israel abiding his sent according to the tribe and the spirit of God Came Upon him and took up his Parable and said balam the son of be has said the man whose eyes are opened has said he has said which heard the words of God which saw the visions of the almighty falling into a trans for having his eyes open how goodly are the T of Jacob and Tabernacle God brought him forth he kept mentioning he couch and balak anger was Ked against balam and he SM his hand and called hand together and balac said unto balam I call you to Cur my name but thou has all together bless them these three times therefore now flee thou to thy place I thought to promote thee unto great honor but Lo the Lord has kept thee back from hon and balam said unto balac speak I not also to thy Messengers which thou sentest unto me saying if balac would give me this house full of silver Baba you are a thief just n's way of talking he has said we speak the words of the most high knew the knowledge of the God verse 17 I shall see him but not now behold him so went for out of Jacob so balak balam rose up and went and returned to his place and balak also went his way that is in the context of the story of curing look at chapter 25 so you see that not entirely so and Israel Abode in him and the people began to commit warom with the daughters of Moab and they called the people onto the sacrifice of their gods and the people did eat and bow down to their gods and Israel joined himself onto Bal p and the anger of the Lord was Ked against Israel so they needed God to forsake them need God to stand with them when said the Ang of the LA was so God has left them to defend themselves since they are chosen to stay without God's protection are you yeah so notice how it is it looks easy to say oh is innocent it's not balam they just saw it on their own it did not really do anything see how New Testament books mentioned by am three times is mentioned in Peter and Jude and in Revelation second Peter 2:15 which have forsaken the right way and have gone astray following the way of balam the son of bzo who loved the wages of unrighteousness but was rebuked for his iniquity the dumb ass speaking with the man's voice forbid The Madness of the Prophet are you seeing it forbid The Madness of the Prophet so you notied that is called is used as an example of false prophets that and that care only about money are there many of them today selling soap and Miracle whatever they are selling Jude 111 just chapter 1 was one chapter verse 11 wo unto them for they have gone in the way of King remember those are W for an example so the way of King remember what king did and ran greedily greedily ran greedily after the error of for okay Revelation 2 and verse 14 but I have a few things against thee because thou Hast there them that hold the doctrine of who taught to cast a stumbling block before the children of to eat things sacrificed unto idols and to commit so is he innocent so how come we did not now see it it is there in chapter 24 the reason why we're not seeing it is because the biblical writers are following a story that

as it relates to the chapter of cursing he went back to his home not able to curse is not expecting that we will be speedreading not to see intent the persistent King could not just let him go without asking what can I now do that will now work since cursing is not working because the emphasis in 22 23 and 24 those three chapters devoted to balam and balak cannot be wasted the emphasis we see there is that the man is not going to curse because he does not have the permission to cause and that permission there is called protection God is protecting Israel so he stopped from cursing that's how you should see it protection not just the permission so when he says balam rose up and went and returned to his place and balak also went his way does the story end no you have chapter 25 where you are still seeing the same Moab you are still seeing the same balak so balak's story does not end in chapter 24 did you get it so Joshua 24 Joshua 24 8:9 I want to be faster than this allow me and I brought you into the land of the Amor which dwelt on the other side of Jordan and they fought with you and I gave them into your hand that you might possess their land and I destroyed them from before you so look at Joshua's testimony verse 9 then balak the son of Beor king of Moab arose and warred against Israel and sent and called balam the son of Beor to curse you so Israel knew the story but I will not hacken onto therefore he blessed you still so I delivered you out of his hand are you seeing it so see the name is still being mentioned come on come on come on rescued you out of his hands Joshua 13 21 and 22 and all the cities of the plain and all the kingdoms of seon King of the amorites remember amorites okay which reigned in habor whom Moses SM with the princes of Midian e reime z h Reba which were Dukes of SE on dwelling in the country verse 22 balam the son of the okay so is it clear now the Sayer did the children of Israel slay with his word among them that were was slain by them so they slew him with his sword so you can see that balam's name is mentioned in many places chapter 23 chapter uh Joshua 13 Joshua 24 that we read before ABI so the man is reference numbers nemiah 13 I'm just trying to show you a motif that is repeated in many places nemiah 13 a pattern on that day they read in the book of Moses in the audience of the people and Jing was found written that the ammonites and the moabites should not come into the congregation of God forever are you following so there's an emphasis of trying to cause God turn to blessing now neiah is reading from the book of the law where will you find this Deuteronomy 23 3 to 5 so that's where it's reading from so they are reading verse two because they met not the children of Israel with bread and with water but hired balam so it's a prophet for h h b remember so when you read everything together can say it's a the prophet a Suiter balam against them that he will curse them how bit Our God turn the curse into a so is that a protection so you see that's how Doctrine that's how you get a Doctrine you don't you don't give it your own meaning you read everywhere you see the name balam you read everywhere and uh everywhere you see the name balam you read you read about it Micah 6 verse 5 oh my people remember now what balak king of Moab consulted so is this story being repeated again and again balak balam balak Bal so it was not recorded for nothing the Bible characters are not stupid so they are showing you that it's actually possible for people to lay curses but they are

showing you God's protection that God turned it Micah now so this is Joshua and the rest have all died since Micah is still referencing Nehemiah this people have long that the book of Nehemiah oh my people remember now what Bal king of Moab consulted and what Balaam the son of Beor answered him from Shem him onto Gil remember they were in that Shem him in number 25 that ye may know the righteousness of the Lord that God does not do evil so God does not do evil So when you say God is teaching me a lesson with this evil no God does righteousness so God that could stop Balaam will not allow clear clear clear so there's what to say there's what to say there's what to say there's what to say it's what to say Ecclesiastes chapter 5 learning something Ecclesiastes 5 and verse two be not rash with thy mouth and let not thy heart be hasty to utter anything before God for God is in heaven and thou upon the Earth therefore let thy words be few people are rash with their are you following jump to verse six suffer not thy mouth to cause thy flesh to sin neither say thou before the angel that it was an so as supernatural beings hearing our conversation sir see you will not be able to now say to the angel that it was an error wherefore should God be angry at thy voice and destroy the work of thy hand now wherefore should God be angry at thy voice context wherefore should God be angry at thy voice God is not happy with what we say and it's not God that is destroy the work of your hand it is what you said that is destroying the work of your hand are you following properly how to read I've taught you that causative and permissive are written together all right so it's just hebraism it's how they write so they write the permissive and the causative so you have to in the context know who is causing an action or who is permitting an action just like I put a baby in your care and the baby falls from your hand I say why did you fall the baby I'm writing in a causative manner you did not fall the baby baby fell from your hand is a mistake but I'm now putting you respon I'm making you responsible so the the Hebrew language and the English language do not read the same way the English language is volitional we use I will I am going to do this so the translation is English but Genesis is Hebrew M to Revelation is Greek so the word that they are using and the context in which they using words their language is cognitive not volitional so they don't use tenses the way we use tenses so it will help you which you have done that St over the years so when you read things like this don't just say ah God no no no read the action that's why it tells you where God is is found what they are doing is not what God is pleased with so is G God that ISRO The Works of their hand or is what they said the context musically that is what they are saying so where is God not now able to protect them when we do all this teaching I think I did you when we t on the message we going to do it again after this series we just go back again and do a quick study again on how to interpr the Bible that's why we study how to inter the Bible because the only thing you are learning from that is how to interpret Bible it does not every story how does it put on my table how does it help me know it's just how so that when you are reading text like this you realize that oh okay it's true see the same pattern see the same pattern so there are things that God is said to have done that when you read in the context it's not God just like I will destroy the first born then in another place he said I will

not allow the destroying Angel to touch them ahuh which which one are you doing be consistent are you the one killing the first Bor or you are the one protecting Israel so they don't have the audience don't have that challenge of knowing what God is actually doing so when we say we are correcting or teaching the true nature of God is actually rading the Bible properly with the knowledge of their tenses how they read in their language so we have done that study and we'll still do it again this year amen so are supernatural beings hearing what we say I cannot say it's an error so powerful that I said Jesus Is My Lord call upon the Lord and he heard me is that the father of all Spirit when I said I believe in you did he he I know there's a thousand one references we can ref quot on calling onto God to be saved so Romans 10 I gives the example you shall confess with your mouth Lord Jesus believe in your heart confess with your mouth and he shows you a pattern there believe in your heart confess with your mouth AB confess with your mouth what did you say what are you saying so we talk about sounds of the spirit what are you saying can we be told what to say spiritually can we be given what to say by the Lord so God's word comes to us so that we have what to say thank you you Hebrews 13 we read this text before 5 and 6 let your conversation be without covetousness and be content with such things as you have for he had said I will never leave thee nor are there many verses to that in the Bible I will never leave you nor forsake you are there many verses for it all right many places naiah many places the prophets Matthew 28 I'll never leave you or forsake you so that we may boldly say so that thing that God said is so that we may boldly say so is that a pattern God's word that is repeated in many places so that we have something to so is it just only that will never leave us to forsake us or everything that you have said okay I quoted Mark hins for us where he said it was spoken then it was now written and it is written so that it will be spoken in again thank you so pattern don't we speak God's word don't we teach it preach from it we still we are still talking so that we may boldly say so so that we may cowardly say so that we may fearfully say so that we may not even talk at all no so that we may boldly say the Lord is my helper so I have something to say sir I have something to say I have something to Hallelujah so I need to learn how to speak I have something to so the sounds of the spirit so there's utterances there's what to say Mark 11:23 24 shall say to the mountain be th removed and be th cast into the sea and do not doubt in your heart so but believe that the things which you say shall come to pass shall have what you say emphasis is what you say you shall have what you say verse 24 therefore whatsoever you desire When you pray believe you receive it and you shall have them so if I'm going to have what I say I have to believe what I say but should I not believe God that's the easy part I already believe God but I have to believe what I am saying I have to believe what I'm saying I already am a believer in God but many times that's why we can forget what we are praying for you can forget what we are saying because really not sure until you get to that point where you know that you know so the words of John Wesley a Kyon there's something called mental accent and that mental accent is an evil because it gives you the idea that you believe but you don't believe I can get you to say something but you don't really

believe I can say repeat after me you praise you have two head you can say it but does not mean that you believe it now you believe it you have two head you are not sure you have two head okay you have four you are not sure you have how many do you have one thank you so there's nothing like H but you can say it that you are saying it doesn't mean you believe it doesn't mean you accept it as true you can say things without accepting it as true now he says to see see what you say you have to believe it now that believe there you now look at the converse do not doubt in your heart so I'm to believe what I say notice negative words also is the same pattern people believe it you say no no no how can I believe something negative look at the response you know say I F talk and say now so this thing will be have you not heard people use those kind of statements when some did not work at the first I first talk come this this was what I was first saying I was first saying it before congratulations Prophet what you have said has come to pass right on King you have said it it has come to pass so there's what to say there's what to say hallelujah son of man prophesy can these bones leave remember Ezekiel 37 son of man can these bones leave and I answer oh Lord God thou knowest and he said unto me prophesy unto these bones and say unto them all you dry bones hear you the word of the Lord so the man use prophecy whether you say it's a vision whether you say is not a vision the emphasis of course not physical the emphasis is the power of the spoken word come on okay let's try all references and see where were prophesying say you put the singers in front 2 Chronicles 29 let's do 20 first 2 Chronicles 20 just go back 2 Chronicles 20 let's do 2 Chronicles 20 let's leave Hezekiah a bit 2 Chronicles 20 the reason why I'm referencing him again and again because we have t around him already in this series 2 Chronicles 20 and it came to pass after this also that the children of Moab and the children of Ammon and with them other beside ammonite came against Jehoshaphat to battle and there came some that told Jehoshaphat saying there come a great multitude against thee from Beyond the Sea on this side Syria and behold de be has a Zone which is anded and Jos feared and set himself to seek the Lord and proclaim a fast because the people were big ABAB God began to pray and he said oh Lord God of our fathers are not thou God in heaven that rulest not thou over the kingdoms of the Heen and in thy hand is there not power and might so that none is able to withstand thee went on and on and now be verse 10 behold the children of Ammon and Moab and M whom thou wouldest not let Israel invade when they came out of the land of Egypt and they turned from them to destroy them not behold I say how they reward us to come so he's praying verse 12 Oh Our God will thou not judge them for we have no might against this great company that come against us because if it's by military strength they will win us verse 13 and all Judah stood before the Lord and with their little ones their wives and their children then upon jahaziel the son of Zachariah the son of benah the son of J the son of matah a levite of the sons of assab came the SP of the Lord in the midst of the congregation and he said hacken ye all Judah and ye inhabitants of Jerusalem and Thou King Jehoshaphat th sayth the Lord unto you be Not Afraid was this the game changer was it sounds of the spirit did he hear something thank you be Not

Afraid nor dismayed by reason of this great multitude for the battle is not yours but God tomorrow go ye down against them behold they come up by the Cliff of Ze and you shall find them at the end of the brook before the Wilderness of zero you shall not need to fight in this battle ahh what did the fear put now he saying you will not need to fight in this battle set yourself stand yey and see the salvation of the Lord oh Judah and Jerusalem fear not nor be dismayed tomorrow go out against them for the Lord will be with you and Jehoshaphat bowed his head to his face to the ground and all Judah and inhabitants and the Levites all of them began to praise verse 20 and they Rose early in the morning and went forth Into the Wilderness of tecoa and as they went for jehos stood and said he me oh Judah and inhabitants of Jerusalem believe in the Lord your God so shall he be established believe the prophets and you shall prosper so believe the speaking of the Prophet you shall prosper he shall help you ab and when he had consulted with the people he appointed singers unto the Lord that they should praise the beauty of his Holiness and as they went out before the Army and to say praise the Lord for his Ming forever and when they began to sing and and to praise the Lord and to began to sing and to praise the Lord set ambushment against R of Ammon Moab and mount which which were come against Judah and they were smiting for the children of Ammon and Moab stood up against the inhabitants of Mount totally slay and destroyed them so they were fighting themselves people that came together to fight fought them and kill thems they really did not need to fight but was that Supernatural so you I can tell you what happened if you want to know you want to know what happened how can people that came to yeah that's so that means they were hearing conversations because they were not always friends they ganged up to come and fight somebody else so what led to them so they started hearing conversations obviously like no no no how can we fight together with this no no no how can I trust that fight not fight us from back for you know for you know because it's the same pattern now why the B does not have to tell us how it happened because it gives us you hear a blast and a rumor behind you saying this is the way the same pattern second uh Kings when the footstep they started killing themselves where God Amplified we read it last week on Sunday where the four leers where they finally saw food so that that man that said if God opens the window this will not happen that they throw down they fought thems there's always that pattern from the Wilderness Journey you see the pattern of them fighting themselves fighting themselves so he expects you to understand how it will happen it doesn't have to not tell another not be everything we will take not be everything we will tell you not be everything we will tell you you should be able to figure out that if this pattern happens again how has it been happening since is the same thing so we don't have to repeat everything again and again when you are reading from one document figure it out that is the same thing so it says the Lord set ambushment so ambushment so that means they lie waight for themselves how they lie wa for themselves so you now go back and see the story which is in Chronicles is not only in Chronicles is also in the book of Kings all right Hallelujah so there's what to say so Second Kings precisely gives us Elijah elishah the king

wanted to go and fight say will I go will I win say Okay begin to shoot AR say ah you would have totally won you have you would have won 2 Kings 13 that story Elisha was falling sick of the sickness whereof he died and Joash the king of Israel came down unto him and wept over his face and said oh my father my father the charot of Israel and the horsemen thereof and Elijah said unto him take bow and arrow and he took unto him bow and arrow and he said to the king of Israel put thy hand upon thy bow and he put his hand upon it and Elishah put his hands upon the king's hands and said open the window Eastward and he opened it then Elijah said shoot and he shot and he said the arrow of the Lord's deliverance and the arrow of deliverance from Syria you know he put his hand on top his hand so double AB put his hand on top of his hand that's what it means now there's also a pattern of this in the beginning part of the books of the Bible where it said this SW of the Lord and is word of Gideon so it's that same pattern so it's supernatural because the way Gideon faced those people and W was Supernatural and the arrow of deliverance from Syria for thou shall smite the Syrians in a till thou has consumed them and he said take the arrows and he took them and he said unto the king of Israel smite upon the ground and he smote T so the way told him he didn't tell him to shoot once but the king only shot three times and stayed and the man of God was not with him and said thou shouldest have smitten five or six times then has thou smiting Syria till thou has consumed them is that military sense yes now you know when you fight one people will hide run say they do again will come again but if you have if you have fought them several times they will not have morai again that's what he's talking about if they had fought but he said you that's the same way you should have shot many times but if you have shot many me would have won every time to the utmost defeat of this people but you have shot that should have smitten five or six times then H thou smitten cereal till thou has consumed it whereas now thou shall smite cereal but are using the natural and the supernatural combining and that was exactly how it was that was exactly how it so what we see so you go back and read second from First Kings 17 18 19 that's Elijah story onto Second Kings you see the same thing be Elijah Elijah you see a lot of speaking speaking speaking by the spirit you turn to the four gospels was there a lot of speaking I say unto you even how a Miracles worked you have to say you have to speak so there's something to say Jesus so at the right side launch out for the catch of your life is that utterance is that something was said AB so the sounds of the spirit I think that's sufficient enough so why do we use our words why is speaking so important practically that's the major way you can operate by faith you have to talk we use our words to speak our minds is that not the normal way we use our words we use our words so if we are going to use our words to speak the mind of God then we have to speak boldly our words set the boundaries of our life our wordss have the connection with the ministry of angels remember how Elijah was saying if I be a man let Fire come down all an angel now appears to him and say don't be afraid so the angel was acting on his words giving you more proof AB thank you so you will need to learn to war with prophecies zabi what do you say what do you believe what are you saying the power of utterance the power of speaking

so learn to speak authoritatively that's from Genesis to Revelation people care talking for healing for miracles in carrying out God's will even in teaching and preaching you have to talk Hallelujah number five is that clear so do we have enough examples in the Bible or only the ones I mentioned now do we have enough examples in the Bible of people speaking people speaking thank you people talking talking talking number five leave led by the spirit we have to live our lives led by the spirit of God I i V live led by the spirit there is such a thing as times and seasons of our life and we need to follow his times so put it this way number five live led by the spirit following God's times live led by the spirit following the time live led by the spirit we should be led by the spirit of God now that's also another sensitive issue the leading of the spirit very very important many persons have died because of the leading of the spirit that they not take seriously God says don't go out today you say no I will go out and nothing shall happen to me we have an example of a young Prophet that died like that God say don't turn to the right or the left that's what you should have been seen we now use it to say we should never listen to any Prophet we should never listen to anybody give us advice no that's not the context don't go out of your house say Psalm 91 you are quoting to the to the Lord that that is telling you don't go anywhere for your safety doesn't make any sense but people do it say I will dwell in safety all my life okay in safety that is telling you don't go out you are saying I will dwell in safety no so we have to live led by the spirit talk about the inward we Romans chapter 8 the inward witness you know there are different ways we can receive Revelations from God different ways we can know what God is saying one of such is the inward witness for as many as are led by the spirit of God and many US are brought forth by the spirit of God is the word LED there and many US are brought forth by the spirit of God because we are born again by the spirit of God for have not received the spirit of borage again to fear but the spirit of adul where we cry about father so if you're born again you know that you know that this is your father this is your father that's we know this is God is our father vers 16 he now says the spirit himself be with us the spirit that we are train of God so again in a horrible local church where you have to be born again 50 times or 60 times it gets to a point where nobody comes out again you know say I think I'm really really born again that that thing where the person now says I think I'm really born again is now a knowing they have come to know the ab I did the same I did I'm born again I beg I know I know I know that I know that I know that I'm born again I'm sure I'm born again I no no I'm sure I'm born again that's the same saying here so that witness that tells you you are a child of God is the same way there's a witness that same witness can witness to you about matters you can be led by the spirit of God amen you can be told where to go in the book of Acts we see the spirit of God forbid them let's read that um book of Acts Acts chapter 16 and verse 6 now when the had gone through fugia and the regions of Galia they were forbidden of the Holy Ghost to preach the word in Asia now does God want us to preach the gospel everywhere but now he's saying don't preach it here he didn't say Don't Preach here forever because you know they did preach in Asia s you Le second scho preaching but Don't Preach here now and after they

were come to musia they are sa to go onto Bania so Peter Paul wanted to go again onto Bania for the spirit suffer them not is this being led by the spirit of God thank you and they passing by musia came down to Troy and a vision appeared to Paul in the nth there stood a man of Macedonia and prayed him saying come over to Macedonia and help us so that was it so where were they supposed to go not not Asia not mosia not Bania but what Macedonia that's where they were supposed to preach at that time so there's some so as timing at that time so has been led by the spirit of God such a thing as being what yeah sub has being led by the spirit of of God Jeremiah Prophet Jeremiah 10:23 oh Lord I know that the way of man is not in himself it is not in man that walth to direct his step are you seeing it it's not in man that W to direct his it's not a man that W to direct his steps Psalms the book of Psalm 32 Psalm 32 and verse 7 and 8 Thou Art my Hiding Place thou shall preserve me from trouble thou shall Compass me about with the songs of Deliverance I will instruct thee and teach thee in the way which thou shal go I will guide thee with my eye God is going to guide us with his eye Hallelujah so when I will guide you with my I'm the one personally leading you so God personally leads us God is the one personally what personally leading us Isaiah 30 verse 19 for the people shall shall dwell in Zion at Jerusalem thou shall weep no more he will be very gracious unto thee at the voice of thy cry when he shall hear it he will answer thee and though the Lord give you the bread of adversity and the Waters of Affliction yet shall not thy teachers be removed into a corner anymore but Thine Eyes shall see thy teachers that in itself is an answer that you are able to see people instruct you that you have teachers that you have people that can give you counsel and answer himself say so he says your eyes shall always see your teachers that then he says and th ears because what you are going to hear is what your teachers are also saying there same reason why Samu heard God's voice and ran to LA and God used the voice of his teacher to talk to him so he now gives you a pattern that you can hear God's voice in a teaching you can also hear God speaking to you and th ears shall hear a word behind you saying this is the way walking in it when when you turn to the right and when you turn to the left so led by the spirit led by the spirit right did we see that in the Book of Matthew behold the angel of the Lord appeared to Joseph in a dream saying arise take up the young child and his mother and flee into Egypt is that Direction imagine Joseph saying there is no need we are carrying the mesiah I don't want to think what could have happened the same way they were told again in Matthew 2:20 and when Herod was dead behold an angel of the Lord 19 appeared in a dream to Joseph in Egypt saying arise and take the young child and his mother and go into the land of Israel for they are dead that sought the young child life are you seeing it so we can be led by the spirit of God we can be led by the spirit of God we can be led by the spirit of God he that believeth shall not make Haste The Prophet said Isaiah 28:16 he that believes shall not make haste I'm born again I'm led by the spirit of God I believe in God I follow the lead of the spirit I'm not impetuous I do not act in an erratic manner no no I'm LED I follow his voice I follow his leading God has promised he will lead us himself amen now funny enough can God lead

you to places that in your own suppositions are not good we have a Biblical pattern for that he led them into the Wilderness there's one text in the Bible you can't shake it off Matthew 4 Luke 4 Jesus was led by the spirit of the Wilderness all right so you can be led say if God is leading you everything must be nice we have a lot of teachings on that no no is say God lead you there will be no persecution really no no no no no no no no no no God's leading itself is the pleasure we should obey his voice the fruit of leading is that obedience I'm to obey his voice not that it will always be nice no no it's like a father training a child it's not everything the child goes through that is nice but the father will train the child nonetheless you able to use what the child has gone through to see teach the child Hallelujah and if you notice one of the reasons why they were led into the w was God say lest they see war and turn so God LED them the longer way this are Bible verses we don't like Exodus 13 and verse 17 and it came to pass when Pharaoh had let the people go that God LED them not through the way of the land of the Philistines although that was near so there was a shortcut just go through with that s it was near for God said Les par Adventure the people repent when they see war and they return to Egypt and God led the people about through the way of the Wilderness of the Red Sea so God LED them the Wilderness journey is a proof that God leads people by a pillar of fire and a pillar of cloud he was with them so no matter what I go through the Lord is with me AB Isaiah said if I pass through the water it will not overflow me there's nothing I go through that the Lord is not with me is that Isaiah 43 when th pass through the waters I will be with the where and through the rivers they shall not overflow thee when thou walkest through the fire thou shall not be burnt and shall the flame kle upon thee Isaiah 43:2 so God is always with us he's leading us so we don't only have the written word is also guiding us he speaks to us my sheep hear my voice so we learn how to recognize God's voice but we are led by the spirit of God and U over the years we've had to teach on the different ways we receive Direction in the dream in a vision the inward W which being one of the primary ways we receive Direction the inward voice uh sensory perceptions and all the many other ways we receive direction from the Lord amen why is going using different ways why do you have to send somebody message on Facebook they not answer you use messenger they did not answer you now use WhatsApp no answer you not finally use your write letter you give somebody say go face to face go meet them face to face and tell the person this so sometimes God now had to come by himself or use an angel physically to come out because this is all they had but God will find a way to pass his message to us that's what it means so God is using all the platforms available that you can use to receive information to give you information spiritually which could be all of those God is not speaking God does not have many ways he speak we have many ways we receive what God is saying I wrote that abundantly in that book on the prophetic ABI that you have so let's be led by the spirit of God amen amen so leave your life led by the spirit of God following God's times is that okay Psalm 31 and verse 15 my times are in his hands do you believe it my times are in his hands my times are in his hands my times are in his hands my times are in his hands verse 15 my times

are in his hands deliver me from the of my enemies and from them that persecute me
notice how Esau lost his birth right his blood was hot no no no no no I'm about to I'm about
to die what is my birth right to me bam you know Satan plays the long game it will allow
you slowly slowly be destroying yourself slowly slowly not having time to pray slowly slowly
not having time to speak God's word distract with all important matters but we let by the
spirit of God Psalm 105 look at Joseph because the Lord was always with him that's an
example God was with him but he still entered prison it's not God that led him to prison but
God was with him power threw him into prison false accusation nothing more evil than that
Psalm 105: 19 verse 17 he sent a man before them even Joseph who was sold for a servant
whose feet they hurt with fetters he was laid in iron until the time that his word came the
word of the Lord tried him until the time that his word came that word all the good words
that have been spoken to Joseph there was a time it all now came to pass that's what he
calling on the time that his word came the word of the Lord tried him he was growing all the
same he was still being so God can order our steps God can order our steps God can
order our steps Hallelujah God can order our steps the steps of a good man are ordered by
the Lord and He delighted in his ways Psalm 37:23 God can order our steps Psalm 119 ver
133 say order my steps in thy word so God God word orders our steps the same way
God's voice can order our steps I'm led by the spirit I'm firm I'm stable and established so
be sensitive to the Holy Spirit be sensitive to the Holy Spirit 2 Kings 5 verse 25- 27 elishah
said something to gazi that you not have expected he said is this the time to be receiving
gift that means there were other times you could receive GI but he said this is not that
mean you should have known that it's not name man you have you want to spoil this thing
that we are doing you cannot take gift from NE man we have started something first he
came I not see him this not a time to receive gift that's how brother collected leprosy notice
there something like there something like what somebody says he said that thing that NE
man have go they follow you they go was it after he said that it happened it was when
elishah said it that it was not there's nothing like what people say can come to pass okay
let's leave that about talking I mean you cannot read except you don't read your Bible you
cannot read your Bible and say there something like alance there's nothing like speaking
no there's like that even for the Passover where Jesus was in the height of the spirit that
passion week where he said he told them where to go and that's where they will see a cult
that is tired and you will say a man there and he will ask you this what you will say to the
person ABA being led by the spirit very very important if God tells you to do something
please do it h God tells you to go somewhere please h is that part of how we have seen
men walk with unseen forces whether with God always Satan Satan seeks to hinder Us
From the Path God wants us to walk in I be so be led by the spirit of God Amen be led by
the spirit of God be sensitive to the spirit of God and one of the ways you can do that is to
avoid haste is to avoid what if God commands you to do something do God commands you
to do something do so part of the ways we in the scriptures we have seen people engage
on sin forces is to be led by the spirit of God is that because that's no greater force than

God God is the one telling you this is where to go this is how to go around this I think that's something worth taking note of we have seen it protect people we have seen it deliver people I've have seen it help people in increase God give Jacob that wisdom on how what to do with the lamps when he was in laban's house so we God can speak to us God can lead us God can direct us God can tell no no don't go there go here I see there are a lot of examples like that in the Scriptures it has not stopped God has not changed his mind after the of Jesus we see see the spirit of God speaking to people the spirit told me the spirit made me the spirit B me go remember when Peter was thinking on that Vision the Holy Spirit told him go with those men doubting nothing that's how I went to pre col house that's where you get the word the spirit B me go old J when Peter was recounting the story he said the spirit of God B me go why has thou lied to the Holy Ghost to keep back a portion so this being led by the spirit of God being led by the spirit of God being led by the spirit of God I'm sensitive I'm sensitive it's not a confession to be actually sensitive cuz some persons are not say there's this bright future I've already planned how my life is going to go why not talk to God this briad future you are planned why are you afraid to talk to God about it I'm just going to go tomorrow and tell my boss this why why don't pray about it first or are you scared of God talking to you you are a Christian for God sck then later you're now Angry oh I didn't make the right decisions why not talk to God about your decisions or husband or wife or friend to a friend why not talk to God many person have just gone to meet their friends and say hey we're no longer friends cuz they don't have eyes don't have eyes there are people that should stay in your life can you end your relationship with people like that because you are all all of us are not silly with you being emot all mood no are people you don't cut off you know that are people God have assigned in your PA you you have to control your emotions in your walking with them and say it doesn't matter I will feel how I feel I would no no no no you are being silly and immature childish breed on my tongue I mind how I talk I mind How I Live are you here so we can be led by the spirit of God so I want to engage unseen forces I do what my brothers and sisters did in the scriptures they were led by the spirit of God they knew how to do what to do so God is leading you to go go somewhere go there there's a n and that's why we must know the inward witness so go back and listen to teachings around the inward witness we have several of them about Divine Direction several messages on that listen to that every year we teach on teach things around Direction being led by the spirit of God is because there's every year you need to be led by the spirit of God every year we teach on faith every year we teach on Authority every year with each other because those are things you cannot do without it so listen to it again in case you have forgotten how to be led by the of God be led by the spirit of God follow that and learn how to judge it the Revelation the interpretation and the application interpret it well you cannot afford to interpret spiritual things foolishly it can hold people it can be used wrongly God shows you something you hear something don't turn it to something else interpret spiritual things properly judge it properly talked about discernment and all of the evil version of that people call discernment suspension

and all the rest of them be led by the spirit of God properly amen it will help you to know
okay no no no I shouldn't have made that call oh I should make that call oh I should go
here oh no no I should talk to this person a bit more oh I should be led by the spirit of God
be what by the spirit of God be led by the spirit of God I can't overemphasize it so help me
preach it to your neighbor be led by the spirit of God by the spirit of God you know many
times the lead of the spirit can be so natural that later you realize that it was God that was
telling me to do that thing he know look like yeah it doesn't always have Tau you over the
years it doesn't always have to sound my son son son it doesn't have to be spooky God
does not have to talk like Hollywood movie or Bollywood or Hollywood amen I'm led by the
spirit of God the spirit of God I'm led by the spirit of God I'm led by the spirit of God I'm led
by the spirit of God God of God and you know even when you don't know the right path you
can by faith I'm a Child of Light I'm full of Direction I know the way I should go I know the
way I should go all of a sudden because in World witness the facts exposed to it it will
accept or refuse it I know I know the right path to take right now then you get that nudge
that's not it don't go there this is how to talk and many time this is the issue you can have
everything done for you hands have been laid W you have enough W you not enter there
all of a sudden you just become silly you saw the manager and what your issue was why is
there a mark on his face so he said sir you have a mark on your face H is that what you
came to do in the office now they drove you out they said but what have been spoken
hands have been laid the another hand ought to have been laid on you that is beating it's
not fair are you getting my point no many persons is like that yeah I've been in those
situations before where I knew not to say something I knew not to go a certain route that's
the best route everybody normally goes that route no no no no this is not the time to
involve this this is not a time to involve this just be led by the the spirit of God it's not
everything that involves there are times you may involve security agencies at times you
may involve a lawyer at times sometimes it's not it sometimes is it in business and mean
your dealings with people not every time okay this is okay this is it be led by the spirit of
God be sensitive amen number six now again I want to say many of you fail in this number
five by many of you this is a big issue being led by the spirit of a big issue it's a big issue
sometimes somebody tells me oh I stopped doing this I was like how could you stop doing
that all I can just see somebody that does not pray how did that brother stop doing that that
something you should continue do you not stop doing it oh my God have the spirit of God
to know he shouldn't have done that Hallelujah say no I will go the way I want to go let God
not limit me wow and you think you cannot be a tool in the hand of Satan when you see
look at look at your thinking your thinking is God can limit you God can stop you then you
obviously will be used by the devil a lot whether you believe it or you don't believe it it's just
people around you that will suffer the the consequence of your devilishness you cannot
have a mindset of God cannot God will not tell me and say you are not user of Satan you
will be used a lot because you already resisting God now you already said God cannot
then you are a tool even God I say even God cannot tell me otherwise beautiful beautiful

you have spoken your mind you have this you have said you have spoken correctly get ready to be used now since God cannot use you somebody else have to use you now n that's not how a Believer talks that's not how a Believer talks I do what God is telling me to do you know um there's a person like that I won't mention the gender it's male or female was telling me about an issue and I just saw the individual not praying about it not being led by the spirit about it you are told do this you are told do this I just and I saw I don't want to I don't want to because the way I will say the story the person will know is the person so and the idea is not for the person to know because the person is here there are more than one person here that have I've seen that thing for two persons like that that and the person I just see the person is the person the person that needs to be directed by the spirit of God with phone was Netflix me they pray as in prayer I just raised my head up let me see who I'm praying for now make get the problem I think my family are praying for but thank God of course I'm not reactionary like that I finish my prayer I say hey praying another time again so I tested and not no I not do anything I'll leave it there I say I verified the person watching I went to verify the natural first one enjoying thems wow is this the time everybody draws SW you they entertained inside feed wow wow really you you will have enough time to watch movies it's like somebody having a Health Challenge of rebuking his sickness is there children say that him [Music] tough what is doing you is entertainment entertainment that is on your mind wow you really will be entertained enough no no no that's the time to un unshit your Sword release those words speak those tongues no you are relaxing and there's a nudge in your heart there's a nudge in your heart talk some more talk some more talk some more say I think I spoken enough wow it's without season how can God tell you you have prayed enough think think think is that voice already against the written word is pray without season that means there's never a Time that prayer will be wrong you not heard you are finished praying no don't pray again maybe you he don't stop praying how can you he don't pray say we have prayed enough no no no no no it's never enough pray forever as long as I'm on this side of the earth I must pray number six one of the things we have seen people do genesis to Revelation in engaging on sin forces have been the power of a community we call it help in Fellowship I think we have a message with that title so I will use that word help in Fellowship I have help in men and women God created man to need help you will not go you will not always do things on your own you will not always go on your own you will not always go your own way somebody will help you you can be helped by somebody Hallelujah God gave us men God gave us men other persons like you can help you other persons like you can walk with you H and the Bible is replete with stories like that Moses Aaron and H Miriam they help him Joshua I mean Moses didn't do it alone Elijah elishah I you can go on and on all the stories you have people helping Jesus had 12 disciples AB thank you Esther Moda there's help there's help in Fellowship Hallelujah God created us to need help notice only one person cannot bring a child into this world you need another person even if you try to even if you say it's IVF or whatever you're trying to do you still need seed from a man egg from the you cannot do without it is see

somebody's you collected whether you say it's test tube or it's not test tube you shake it or whatever you cannot the man alone is not sufficient to have so even in nature that you know go back to that teaching on help in Fellowship even in nature it teaches us that we can we must we need help we can't go It Alone what you need God put it in his hand of somebody what I need go put in the hand of another person you will not be there's no self-made man anywhere in the world neither in the Bible you will always need somebody somebody else will always need you you say I don't need anybody I will make everything I'm I'm a great inventor really has anybody invented something without somebody else helping them with another m raw material it's impossible say I'm a mechanic I don't need anybody to help me I I can repair my own car by myself why you not make the car by yourself Wicked man since you're a mechanic are you the one that s the cloth you are wearing I don't need anybody no now it's a lie we need people we need people hallelujah and again that is a major way of engaging unseen forces prayer was made by the church without is that Community yes sir you know some things that are done by the devil sometimes God will tell you you need um to gather more persons and people say there's nothing like that there's something like that I can pray I can pray Paul say pray for us pray for us there's a lot of pray for for us in the Bible lot of pray for us in the Bible I don't need somebody else I don't need somebody else to tell me I don't need somebody else to tell me no no no no no no no I need somebody else I need somebody else it's not J That Came Upon just I was helping them he was a levite was not among the company of prophets but God used him let's help in Fellowship sometimes there are some issues that God will you just get a stering in your heart that many persons need to be involved it's not every time many persons need to be involved there was a case I was dealing with one time the Lord said that to me because many persons have spoken against this person let many persons also bless the person I said that's not need you know I always know how to correct god with correct Bible interpretation I said no no no I said there's no need one person is enough one person can do it lord said obviously I don't know I said no no no you know but I mean it's one guy is enough I see corrected him again second time after he said as if he no I corrected and he said no have you never read you know sometime we read the Bible and we say we we are I'm a stickler of the written word not just a pompus arrogant fellow not doing God's word in the name of Bible interpretation don't use Bible I to be proud and I've thrown away those nonsense humble yourself so a community a community Paul entered into his and God say you have I have many persons here say you are you are enough it was the people that let Paul down in the basket Paul not let himself down he would have died half of the inter being let down in a basket imagine the hands holding if they let that basket fall that's how Paul would have died would not have had the scriptures we are reading today Hallelujah God needs people even the Lord Jesus when he walked the Earth we saw H even to physically Carry the Cross somebody helped for some distance there's help in Fellowship when our fellow shipping with men iron sharpen iron there's helping it being let go they came into their own company acts 4 and they prayed do you have a

company you come to a company do you have a a company often times our mothers will say when a when a woman is behaving somebody say who does she listen to when a man is behaving somebody say there's something true about that who are you listening to who are you hearing because if the people around you are not giving you that kind kind of information you won't think it it's not always true but sometimes it's true there's somebody you sometimes nobody you just listening to you're just being silly but there's help there's help in Fellowship there's help in Fellowship who are you listening to who are you talking to who is talking to you the church is a place of Refuge Hallelujah where we pray together we talk I have people I can invite over and say join me we on this matter join me on this matter it's a bial thing it's a bi even when Moses went up the mountain Aon and H H his hand on both side he didn't do it by himself and they were fighting the amalekites Joshua was out there there helping Fellowship Hallelujah number seven [Music] receiving a prophet in his office is that also I I could have put that in number six but Reas why I separated because we see a community and we also see a single person being used of God a single person being used of God you know one of the ways God speak to you which people often like removing is obviously true people too all right God can speak to you true people now of course prophets are not the primary ways God speak to us in the New Testament age because all of us are God's all of us have the spirit of God inside of us amen it has always been like that funny enough God have always spoken to people it's just for specialization so when we use the word Prophet here we mean ministers uh a specific person being used of God a Ministry gift receiving a prophet in his office Jesus used that example say if you receive a prophet in the name of a prophet Prophet there is meton me not for a prophet there receive a man of God in the name of a prophet receive a prophet reward Matthew 10:41 he that receives a prophet in the name of a prophet shall receive a prophet's reward what's the prophet's reward what the prophet have to offer say receives a prophet in the name of a prophet the prophets have words to speak so I can receive his wisdom the answer the word he's saying the utterance he's speaking what about his hands by Prophet remember talking about just somebody called to the office of the Prophet but a man of God which in the setup of the local church we have everybody has a pastor that's why God put a pastor over you to watch over your soul they help you they help hallelujah amen by a prophet God brought them out AB by Prophet God brought them out which prophet was that Moses by Prophet God brought them out brought them out God brought them out out by Prophet Hosea 12:13 by Prophet the Lord brought Israel out of Egypt and by a prophet he was preserved Ezra 6 ver4 and the Elders of the Jews builded and they prospered through the prophesying of hegi the prophet and Zechariah the son of Ido they prospered they were able to continue in their work because of the prophesying of haggai so receiving a prophet in his office I mean we don't need that's the whole Bible we've seen men and women being used of God men and women for some people that believe women are not being used of God we have women being used of God Anna came when Jesus was being when Jesus was born we have um debor we have Miriam we have I mean a lot of women I

use priscilla the elect lady that John that was a pastor of the church I mean Paul greeted several women who were pastors of local assemblies Ministry gift consist neither a male or female are be just like the new creation so God is using both male and female at two sides of the same house Genesis 1:27 bless male and female Hallelujah so words are spoken hands are laid and we can have the two so we receive a prophet in the office of a prophet we are blessed we are blessed for it Hallelujah so there's something like that there's something like that receiving a prophet in the office of a prophet not receiving a prophet in say is that not my that's my friend now receive a prophet in the name of your P receive a p receive your prophet in the name of a gy my say it's my childhood guy you see you receive a childhood guy reward see a prophet in the name of your G partner you receive a g partner reward are you following so how are you receiving the person that's how you will receive what they have to give to you amen so receiving a prophet in the name of a prophet receive a prophet reward hands are laid look at the examples hands are laid what as it say Moses had laid his hands on him he was filled with the spirit of wisdom hands were laid on those deacons there were one thing was added they were now full of power Miracles there's always something observe when hands were laid so important was it that when Peter came the sorcerer said give me also this power that whosoever I Lay My Hands On so it's not empty hands something about hands being laid something about words being spoken and many times that's the turn around so in engaging on sin forces sometimes we need to learn how to receive learn how to receive from a prophet often time one of Satan's trick is to get the people close to a man of God not to receive from him and his familiarity there are many persons close to Prophet that have died of what the prophet could have help them with but they were too familiar they were too close they felt that I've seen everything I've seen all the move of God's spirit but you you are wise amen am so we must have honor is this not the carpet son what did they receive nothing so how you see the man of God is very important is how you receive and you must have honor it's seen in your words and it's seen in your your conduct and your substance honor is in words conduct and substance receive a Propet in his office so there are main things that for hands power settle it words you see hands are laid words are spoken Hallelujah I'm going to say this and stop here number [Music] eight we'll continue from here on Sunday attitudinal Corporation attitudinal Corporation I want to mention this because I would have said this on Sunday but I would just say it now there are many persons that have not seen words were spoken hands were laid prayer everything has been [Music] done but they are stuck in our own way I was telling telling a lady in church on Sunday just that this is just is she was thinking is maybe it's the devil I said it's not the devil there's no devil in this matter there's no devil in this matter I've checked I've check I've check I've checked up I've checked down I've bent head I've turned there's nothing else to see I'm not seeing any devil in anything here all I can see in this matter is just an attitude walk on your attitude there's a way you think there a way oh funny I told two person is that same thing on Sunday just an attitude it's just your attitude that has brought this not there's no devil in

anything here you know strong head can be strong head Samuel said it's like witchcraft stubbornness there's a preconceived mindset there are persons that they say this boy no he will not make it he will not make it he will not make it then this boy now jump people like that telling that push we are pushing to make giant strides all of us that are saying we not make it we not make it we not make it we not make it all the people that have been saying we not make it we not make it we not make it by the power of an association and people that will not let him go and his willpower he has broken through people that said he will not make it are still many but he has made it that's why you say his head not carry the thing and seen that also in the nature that even Israel resisted God aha sorry you say you have limited the Holy One it's not your Bible resisted God know now remember God does not manipulate God allowed them allow them their attitudes mattered a lot stiff neck stubborn you see those attitudes it brought different things into their lives or it did not brought different things into their life they suffer they were destroyed of Destroyer because they M those are attitudes now I be there no attitudes give no place to the devil so there's attitudinal cooperation there are sometimes things that have been said and that's where some people only use this and say there's nothing like there's nothing like seen people also make it in life they late CES there they said they will not make it they not make it but they not see make it that's one out of a 100 one out of a thousand not 100 and many times is that Force that's why you too should work on your attitude because your attitude is a force we have God told you just a young lady that been praying for a husband and every time you pray for your husband you keep seeing you need to walk on your attitude but you say no no no no no so now God has brought a man your way you have used your mouth to chase him again God I put another one how long will God keep bringing men and you use your words that's you know why I was using that because not because I I am not somebody who preaches the societal way that you know societal way of preaching is always women always looking for husband what about men now I'm talking like that based on what is out there because is always presented like his only women that looking for husband because a man has everything figured that does not need a woman he always a woman that is looking for searching searching no one no one that's why marriage is an achievement it's not from God but a young lady say say you are not yet married a yeahh why is there a yeah to it why don't we do that to a young guy why don't you do that to a guy that get we don't do a yeah you're not yet married we don't do that say so you are now this you say yes yes yes yes I have four companies I'm in control of you say but you are not married uhuh popular so pastors also reflect that same thing that everything they say is all about woman looking for man until you are so that your life will have a meaning give your life a meaning have a husband give your life a until you are married and your life now not have meaning because you are married because was to tell you that a husband can be you're not following God a wife can be not following God it can be a pest in your life yeah it's good you know say no there that that marriage is a marriage also a a a marriage has also been a major insurance to many persons as a pastor in this in this state that every time

the man of God tries to do something nice his wife just Rises up fight church members do all the things she does popular very very Brown name but Ministry has never grown past certain stage because God is using the woman for him I know which God is that all right so there's attitudinal coroporation attitudinal cooporation have a school running to the ground have a this running to the ground this attitude and that's where some people also have this superstitious mindset that's the attitudinal Corporation where you believe that I saw some superstitious belief is inside there too preconceived notion mindset there are some mindset that some people have everything I need will fall in my lap I'm a Child of God really say I have enough prophetic words to life to last a lifetime you now lock your doors Baba go to work say why go supplies all my needs huh Papa this is laziness say lazy no no no I'm inside interceding I'm inside praying go and get a job he say no learn a skill say no and this is the reason pastors say I've heard a lot of person say things um unbelievers say this a lot that all the prayer Africa is praying all the prayer Nigeria is praying why Nigeria not move forward we pray more than every Other Nation first and foremost that is an ignorant statement very ignorant statement because there are many nations that are also praying too but there are Arab Nations soaked in three times a day prayer that are destroyed I don't think you pray more than them I that's not prayer to now when I say no no no no no no no it's not let's not use that example let's use it oh since we want to be foolish let's use it no people are praying people pray in the Arab regions too and there's water Nations that you can't even even nobody with their Clear Eyes should go there again and again I don't want to mention names because of our life there are several of such Nations I not they pray every day cuz it's pure Islamic they pray every day three times a day or they don't people are looking at me surprise is that not do you pray three times a day how many people no you may but I mean give is everybody in this one is quite common is forc every head of the family because of all it that follows that religion they pray every time why do you not have breakthrough why you have pastors are all these pastors are the reason why there are not enough Industries are you mentally okay how can that that's a lie don't you see there are some things you should not be adding your voice to and say yeah that's why we should teach s has to do with Madness that you are seeing it's not pastors it's not prayer it's not churches that is hindering any development EV starting be don't they have why why they start why they not go and start making car all the hotels everywhere why they not it's the business that people choose to do now I mean the argument is too lazy say this all we do in Africa is just to be in church praying all do we do in Nigeria speak against what is wrong if that's your work because there's no power in criticism if that's what you have taken yourself to be but let's not let's separate things mindset matters and many Believers have a certain mindset have a certain Consciousness have a certain understanding all of that is an attitudinal cooperation that does not allow things to work H does not allow things to work so people must reduce things to the IQ they can handle no matter how big a word is given to them they must reduce it to their small IQ must reduce it your attitude matters come on so those preconceived mindset those superstitious belief I think the reason why I'm not

moving forward is that somebody did hand like this for me three times I saw it one day ah if you want to move forward please move forward this is becoming too much all those is that thing because there must be something in you that agrees with the cause for the ca to work and this is even without the Lord Jesus Christ for many one out of a 100 there's a man that an man that rose up and said nobody in his language will ever be poor imagine you lay C against those people you can already see that even if they are poor I already put them in a house I already gave them a car I bought clothes for them your C is not working because you are seen them they having food to eat in the house I don't know if you are getting this didn't stop what somebody have said but somebody else I've already is on matter so words have been spoken things have been said but what is is hallelujah I beg you child of God your attitudes matter how you talk how you think how you behave how you carry yourself is what I'm call talking about here how you behave it could be the reason why think just attitudal is a force of his own hallelujah it's a what it's a force of his own Str strong head stubbornness go and ask the children of Israel what stubbornness did to them ask Pharaoh Hardness of Heart Is did we see the Unseen word in all of those things you are quiet thank you Hardness of Heart of pharaoh it was in the rest SE they ended and it was Supernaturals that was sponsoring that Hardness of Heart to that's the same way God can give you a mindset that the same way a mindset can stop you from engaging forces positively or can make you be working negatively amen hallelujah what mindset do you have what are you conscious of what kind of conscience do you have what understanding floods your mind how do you think yes how do you how do you think how do you see life I I believe that um you can never have something except you walk like a jack Ah that's what you are going to see I believe H Mo walk bab they chop what kind of philosophies are all this I believe all of those yeah that's mindset I'm not somebody that people will just love like that now come on and I'm not somebody like that come on come on come on come off now I'm not just somebody like that you always dress like you are dying dress like you are sickly dress like you are suffering all those things matter now you're you're 25 but we're thinking you are 42 because of how you dress you are against your progress you are you are the people assigned from your village against you you are you are your Village People you are your Village People whatever that means Village People whatever I we take that to mean or people use that to mean are you getting the point just your mindset why not have this mindset that I'm unstoppable other people that have it unbelievers that have it listen to people like Jeff bessos unbelievers look at they would not like to be classified like that if they watch this video whatever people we classify or we say oh they're not yet safe look at their mindset look at many of them their mindset they doggedness they they are not quitting they have gone again and again I I'll put it out again I'll go again the second time I'll go again the third time look at that King first time second time he said no no no you'll come again look at it from other side and lay C say I think it's I think it's a sign I've done it two times now and it's not work it's a sign no no no no I go again I go again sir I go again sir I'll never quit quit say uh I don't think the best things are not for me they for my friends

attitude attitude attitude Hallelujah two things I want to emphasize as my general word to every one of you so that in case you have not heard God's voice I'm telling you now what God is saying to you be led by the spirit of God sir what your attitudes you guys are pro in the other ones doesn't mean you should also take note of that but these two I see it as an evil attitude there's a way to talk to somebody there's a way to there's a manner of approach there is a way to engage somebody when you are looking for help there's a manner you help me I been know help me because I also met Uncle solo and aunti sh they say no help me you help me what no attitude anguish of Soul the woman died because she said give me children or I die only so she when she wanted to have a child she had a child and died don't have such kind of mindset attitude every with the attitude it say benon because you are dying you are in Sor you just want to just finish the child's life the man of God came home and said this child is not benon is Benjamin son of my right hand his life will not go like that no no no no no no no no no he not son of Sorrow how do you talk now abig say he as his name he's a fool na that's attitude it it made him die brought the rth of a king against him I mean the Bible shows us stories upon stories attitude how you carry yourself what are you cooperating with some people that's all they have been able to use to engage forces their attitude is is makes people love them people not just without praying people not being prayerful just the way they talk the way they act the way they approach people people love being around them Hallelujah I'll work on my attitude I will not cooperate with Satan I not cooperate I only cooperate with God I only cooperate with God I only coate with God LIF your hands and pray in the Holy Ghost thank you Jesus
