

receive insight and Clarity and even as we study your word we have people full of understanding in the name of Jesus again in this service we declare that the things that ought to be said will be said the things that ought to be done will be done the things that ought not to happen will not happen praise and glory of your name and we declare that in this service we shall be edified built up transformed and walking in miracles in the name of Jesus amen God bless you have your seats hallelujah [Music] amen so we in this context we've been looking at Unseen forces Hallelujah and we looked at Hebrews chapter 11 that the Bible has a supernatural world view and that world view should affect how we read the Bible and I also said ancient people ancient thinking as we said that on Wednesday and I said it's possible to have a bully position what a bully you have a bully position where you today as a modern man as uh as a man of the 21st century with our way of thinking critiquing an aient man that he is not smart you end up being the one that is not smart because allow aient people be aient people is like I will explain give you a bit of context you are laughing at Moses for not knowing about iPhones I don't there's not that's not an that's not an argument so were angry that the biblical writers were not thinking like 21st century people they were not 21st century people and even if God had God in his omniscience had opened their brain to think like 21st Century men that means God will open all their audience and that means all the audience is now in 21st century too and that will not be the the times will no longer be the times because the times are based on our development are you with me so it doesn't work that way so allow the Bible be an ancient material that the Lord inspired first century ad and second millennium BC men to right allow that be the context of the scriptures that you have allow that world view be the world view you have because it is God's inspiration to allow that world view that timeline be the timeline that we have of his word amen and so when we inter interpret the Bible we shouldn't interpret the Bible in the light of our Viewpoint what we think the Bible is trying to say but actually what the Bible is saying so we said we always have to read the Bible from the historical context the cultural context and the grammatical context are you with me and when you read Genesis chapter 1 from a grammatical context not just the historical and the cultural context that I've given you so far in the course of this series you see that the use of the Clauses the Hebrew syntax the Hebrew structure of sentences shows something unique that there are not independent clauses you know an independent clause means exactly what it means an independent clause so the use of verbs coming together are independent they are not depending on something verse one and verse two according to the Hebrew syntax has verse one and verse two as dependent clauses it is verse three that is independent because verse three closes the chapter so you have uh Hebrew trans translations have when God began to create the Heaven and the earth now that in itself shows you that you can't end the sentence like that that's why he says a it's a dependent clause you have to it for it to make sense you need more statement when God when God began to create heav and Earth and so so what happened so you need the next so verse two is the link so unlike when we read we read it as independent is making a definite

statement so and when you look at it from that grammatical context you appreciate where we are able to bring in the Supernatural world view are able to bring in a new creation man in verse in Genesis 1 vers1 to3 because when God began to create the Heaven and Earth anyone the first and the new one and in this context we're talking about the new creation because Moses the writer is not writing to tell people that God created because people already know that God created like I said nobody no no no person in that audience had an argument that if God existed there was no argument for Big Bang they they were not trying to convince Their audience that uh some happened and the heavens and the Earth just came and people animals no no no everybody knew that they were made there was no argument against God being the creator of all things so there was no audience I hope you getting that so they were not nothing in their writing have them trying to persuade people that now God create you no no no everybody knew that in fact you had to be mad very deranged in that community in that order to not even think of a supernatural worldview I mean you you could be killed for it because nobody had a different opinion because their first education had to do with the Unseen word people were taught about the Unseen word are you following people were taught people went to school to learn about the Supernatural That's How Moses got to know a lot about the Unseen in that they study in Egypt because they will have to study about their deities all of those things so you see that context affected how he presented certain truth because he's used to certain things too amen so the Bible ought to be read like that so when you read it with that oh when God be to create the whether you put it the new heavens and the new Earth you realize that oh something happened that God is dealing with and we said that is chaos that he's dealing with and God dealing with that chaos is let there be light that only another verse for it to stand alone because light is the solution so where we explaining from the cultural and the historical Context you're wondering where is that part one part two part three of this series all right we saw that Jeremiah 4 gave you that so look at what Jeremiah had as the historical basis when he says too without form and void means the heavens have no light is that how he's picturing it all right so I mean we've done all of those studies so you always arrive at the same conclusion when you study the Bible from the historical cultural and grammatical context they all align and say the same thing that's one of the ways to test your exuses if it is really exes if it's really correct interpretation because it will say the same thing there's not a position that you will now see different like oh no no no no this is not what the text is saying no that's exactly what the text is saying hallelujah amen so in order not to have so much repetitions we will just straight away focus on we just straight away focus more on so far where we have been in this series will not distract ourself by having to go again and again and again so I will not do a lot of repetition because I want to be a bit fast amen Genesis 1 and verse one Genesis 1 and verse one now we stopped where we're looking at trying to introduce the context of Babel that's where we stopped so Genesis 1 and verse one in the beginning God created the Heaven and the Earth and the Earth was without form and void in the beginning God created what what did God create in the beginning God

created the Heaven and the Earth so you can already see something very key that the Heaven and the Earth were created said together in the beginning God created the Heaven and the Earth so we said if you're going to read it from the Hebrew syntax it will be when God began to create the heavens and the earth now the Earth was without form and void Darkness was upon the face of the deep and the spirit of God was hovering over the face of the waters then God said let there be light and there was like so trying to read it from that Hebrew syntax with English grammar would have that Matthew chapter 6 and verse 10 run through a lot of references just walk with me Matthew chapter 6 and verse 10 thy kingdom come thy will be done in earth as it is in heaven thy will be done in earth as it is where thy will be done in earth as it is in heaven Heaven thy will be done in earth as it is in heaven thy will be done in earth as it is in heaven so this whole concept of thy will be done in earth as it is in heaven where did it come from Matthew 16 and verse 19 Matthew 16 and verse 19 and I'll give unto thee the Keys of the Kingdom of Heaven so a man where does he have the key Keys of the Kingdom of Heaven it can't be when they die that would be stupid cuz once you already have preconceived notions about heaven you will not read the Bible properly because uh much of the church view of Heaven and Earth came from Platonism without even knowing the whole concept of your soul being an unseen in a distant world called Heaven is really not from the Bible biblical cosmology has Heaven and Earth in the same place and the same place is what we call the created sin and the created unseen the created sin is in the Earth the created visible then the created invisible supernatural beings are in the heavens so the Unseen word here is called Heaven the seen word here is called Earth now we Tau that over the last three years and we looked at all the applications of the word Heaven the eight applications of the word heaven in the Bible the E application of the word Heaven that heaven is used for where God is is that not so yes sir Heaven is used for where God is Heaven is used to explain the nonmaterial word the Unseen word what you call the realm of the spirit so in the Bible when you type Realm of the spirit you won't see any reference because because it's Heaven H that Heaven is that realm of the spirit when you type realm of spirit concordant search you'll see Zero reference all right so because the use of word in the Bible that explains Realm of the spirit is heaven then we said Heaven is also used to explain the place where unseen beings are supernatural beings are AB then we said Heaven is also another word a short form of saying Heavenly being so supernatural beings are also referred to as heaven then we said Heaven is also used to explain the height that God intended man to function from the height Seated on high seated far above principality and power then we said heaven in the Bible is also used to explain the miraculous bread from Heaven fire from heaven can you recall then we said Heaven is also used to explain the temple speaks when you put Heaven and Earth together it's explaining God's temple on the earth what God is building on the Earth are you following that's the use of the word heaven where say heaven and earth will pass away Heaven Earth will pass away the whole Heaven and Earth passing away context is used to explain a temple Heaven and Earth together is a temple space a

temple structure that's also very loud in the Bible about the use of the word then the e one Heaven generally is used to explain the cloud the sky the sky the atmospheric heaven so when you read the word heaven in the Bible which one was it referring to Moses will say I call Heaven and Earth to Bear witness it can't be calling Earth sand and Cloud to Bear witness I call Heaven I call Heavenly beings and Earthly people to Bear witness to this instruction that I'm giving Heaven and Earth there I call Heaven and Earth to Bear witness so we've we've looked at that for the last three years because we have been teaching on Heaven on Earth Heaven on Earth all right so I would continue with that notion but if you a new year you will still get an understanding that will be very beneficial necessary help you greatly but no we do have a context and we have a lot of studies so don't say I figure it out you overestimate your intelligence you can't figure out what has over 40 sermons you over exaggerate and sometimes that uh overestimating how intelligent you are you are not that intelligent sir because even if you are you couldn't have known what we said because you were not around you can only know what you are hearing currently and even like I said if that's what you're hearing which is what you're hearing right now if you are new this is your first service with us no wahala you'll surely gain an understanding within what we are saying just for today but where you begin to see that oh there seem to be more yes there's more that's why you have a a website to listen to messages are you getting it so I'm trying not to confuse you so in case like oh I feel like there's something more to stud here now we they talk so there's really more to study all right so and we have taught all of those many things to study so Matthew 16:19 I'll give unto you the Keys of the Kingdom of Heaven it was so nobody was teaching Heaven as a burial place a burial ground Heaven is not a burial ground Heaven is not a planet away from the earth those two things that is very popular in mainstream Christianity is not in the Bible Heaven as a be ground say where is your father I say it's in heaven now it's and we just say it like that your dead father or your dead grandfather that is born again that is in heaven is not more in heaven than you but once you have Heaven as no is just no longer relating here it's no longer relating in this physical world that's why you are saying is in heaven is not a burial ground it's not heaven is not a tomb those are again the making Heaven concept over the years that is not biblical that is not from the scripture that was born out of fear and condemnation how do we get the people how how do we threaten people to be different that's not a proper spirit for theology you don't form doctrines out of how do we scare people how do we put fear into people is the same spirit that gave birth to if you die now where are you going to I'm not dying now because you are still preaching to me you have not Jam intelligent people if you die now of course there there will come a point where somebody will die and no you can't exactly tell the point of that dying except you have written your ticket with God where you can tell only in that you can you tell the time you are going because you will go on your own terms however at that point of death we can be the man in Christ the man who knows is about his eternal salvation obviously knows where he's going to where he's going to is where he is he's not going anywhere that is not ready he's not trying to make somewhere because that

whole making it I mean it's a simp hustling prty Spirit I've said over the years you want to make Heaven you can't make a you can't make costard you can't make a I mean you have more good in life making costard making aamo than making Heaven you see all that energy you are trying to make something that is not supposed to be made but a home for you a place for your dwelling is not biblical and because we don't like where people say turn your Bible flip your Bible say all this stress I don't want to know who I am how do you know who you are without talk like someone say I don't want all this stress I'm just in this engineering class to be an engineer I don't want all this stress Le is saying let's read let's study let's you say I don't want all this Baba you will see all these stress that all those stress you don't want is what will make you a quack I don't want all these stress I don't want all this stress the big medical test book being given to you and you're reading medicine and so you say I don't want all this stress I just want to just do my time and be a doctor that kills people obviously because you're going to be one that kills people that lives inje inside stomach and SW you were taking drugs instead of being in class you were high on weed of learning so leave CES us inside stories that are true on this Earth AB say they forgot Jesus inside how can you forget Jesus inside my stomach why did you even put it inside there to start with who lose your license for that Matthew 16:19 so it says I give unto you the Keys of the Kingdom of Heaven so it's on earth a man has the Keys of the Kingdom of Heaven that cannot be bu ground and whatsoever thou shall bind on Earth that's why if you tell someone let's go to to Heaven I say I'm ready to die as long as those things are always ringing in your head when you hear Heaven you always need to tell yourself you are not okay upstairs is going to damage that damage going to affect you throughout your reading of the Bible every time you read Heaven the Bible your mind go to a planet away from the earth all those things shuten your understanding you will always be full of ignorance you anything that you are going to say is always going to be wrong once those are things you have in your mind once you hear Heaven you are thinking of because we like definitions this is this is which is very very very dull because explanations are broader the Bible is not profitable for definitions the Bible is profitable for explanation explanation has the whole depth that's why definitions are from an explanation and definition is you defining the direction of a subject matter so you are limiting the context by saying okay this is this so you can't use that to form your understanding the same thing with cramming no so it's always good to know it in the fullest exent so imagine a series like this I could just come up boldly and just tell you this and this and this and we just be done in one in one day doesn't mean you have any understanding you it's the same thing you have that uh allow that uh um word boo understanding rubbish understanding just know that okay forces okay but you can't explain you can't exit to somebody else you can't properly defend what you are saying but you can say there are many in this life oh you need to know so I'm just supposed to take your word for it because you are my leader or what I know now that's how everybody in life is just going to be taking what you say so explain you say I can't explain but I know it for me then keep quiet what you know for you

should be kept to you the thing you know for us if it's for us then share it say I can't share it sh but it just there my mind if I ask you your name are you going to say I can't share sh but I know I have a name uhuh no so God's word has the scripture is profitable for explanation AB all scripture is G by inspiration of God and it's profitable for Doctrine explanation thecal for explanation for doctrine that Doctrine is explanation so you need to always have an explanation of the scriptures amen so Matthew 16 it says whatsoever thou shall bind on Earth shall be bound in heaven and whatsoever thou shall lose on Earth shall be lose in heaven so imagine you have distance there's no distance in this text Matthew 18 Verse 18 so where are you binding things in heaven on the earth thank you so it's on the earth that you are binding Heaven Matthew 18 the same thing 1818 very very very I say unto you whatsoever you shall bind on Earth shall be bound in heaven and whatsoever you shall lose on Earth shall be lose in heaven Matthew 28 and verse 18 Matthew 28 that's the last chapter Matthew 28 and verse 18 and Jesus came and spake unto them saying all power all authority all power is given unto me in heaven and in Earth go ye therefore and make disciples all power is given unto me in B ground and on this Earth using how how silly stand all power is given unto me me in a home that you are going to spend all your lifetime trying to make I mean we have this concept of a very tyrannical father very Wicked Father which is not our God so it's like a child you say find your way home my child every child should know their home it can't miss Road s is not a child a child knows the you may think children don't observe when you have your own you see that children are intelligent they don't need to be up to S years they know the gate they say ah we are home they don't once you have come even if you move to a new place if you stay there for long they know it they know this is the house this is the house say I'm not really sure of my home it's not humility it's maybe you're a bastard or an an orphan or something those are theologies that shape wrong thinking say maybe I really I really am not I'm not sure of my home I'm not sure of your home I don't one day I don't know if I one day I will make it all those are not understandings from the Bible but has come from hle has come from this side of the continent where we have a certain understanding then also it has now gone Universe because of the first part the trat we need to make Heaven being but it's not from the Bible so once you have a proper view of Heaven that is one of those eight things that is in the context allows you to read properly because that's actually what is in the Bible and the they don't tell you that now we want to use Heaven as this now we want to use Heaven as this you have to figure it out upon reading and you can't read just one verse you have to read the whole thing that's why the same way you can't figure out a movie by fast forwarding you have to watch the whole thing I have to watch the whole episode is that not so all right so all power is given unto me all authority is given unto me in the seen and in the Unseen World Go therefore because we're reclaiming the Nations now all authority is given unto me in heaven and earth so notice how he's using Heaven and Earth all authority Heaven and Earth and he say we should go AB look at Ephesians 1 Ephesians 1 and verse 10 that in the dispensation of the fullness of times he might gather together in one God is going to

gather together in one in one all things in Christ so God is going to gather all things in one in Christ so there's going to be one in Christ what is the one both which are in heaven and which are in so Heaven and Earth will be one in Christ so if it if this is an afterthought then it cannot be God's Eternal plan and purpose because God does not have after thought God Eternal plan and purpose shapes everything that means this was his intention from the beginning to have Heaven and Earth together because if this is what Jesus came to do to reconcile them and the Earth together then we must take it seriously so I gave you that new creation summarized in with three sentences can you recall that the new creation is God the union of God and man in one place now you see these summaries are from extensive explanation not new creation is this all those is live that is alone are you following so you see within the context of scripture that when they talk about New Creation Heaven and Earth together Heaven and Earth together Heaven and Earth together not different application of the word heaven heaven and together that new creation what which is where Paul and the rest got their words from because I create a new Heaven and new earth is littered all over Isaiah Isaiah uses that phrase over 20 times so Paul did not invent New Creation David used create create create for a people that shall be created creating me this so the the word create is not new in theology in their use in their Doctrine their study in their worship they have been using the word create in the biblical text before the apostles walk the earth be all right so we said I'm just remind you of the things we have said so far in this part one part two part three we said the new creation will be the union of God and man which is quite simple we are in an Inseparable Union with God he that is join to Lord is one Spirit AB be God and man together that's also Heaven and Earth the Unseen and the seen together God and man together then we said Heaven and the the new creation is also all men together the union of all man kind together no distinction Jew and Gentile male and female one new Humanity AB that's also the new creation they are not contradictory remember like I said this are summary then we said the new creation is also Heaven and Earth together the Unseen and the seen word together functioning together that is Eden and that's where we are going in this study this morning because in the Garden of Eden we had Heaven and Earth together we did a study on mountains the Mountain of God so the Garden of Eden was the first place where Heaven and Earth met together remember Garden of Eden was the first explanation of the kingdom of God so thy kingdom come thy will be done in in Earth as it is in heaven so in Earth as it is in heaven was in Eden and we look at that again but in a different light from the teaching that was strictly just for that the teaching that was for that was M of go so now this is a different subject matter so we are only passing through it all right so Ephesians 1:8 giving you a bit of context so you can reason together Ephesians 1 10 so all things in Christ both which are in heaven and which are on the earth even in him so God wants to gather together the word gathered together is Su s m to sum all things in heaven and in earth as one together in Christ in whom also we have obtained an inheritance being predestinated according to the purpose so this is the purpose of him who walk all things out the counsel of his own own will Ephesians 3 no

Ephesians 2 Ephesians 2 and vers 6 and has raised us up together and made us seat together in Heavenly places in Christ Jesus somebody say I'm sit together with Christ in heavly places but actually I'm actually sitting in Ben City what are you saying what are you because you think Heaven is a planet you are seated in heaven you are in both words at the same time because both words overlap you cannot separate it even the fall of Man could not separate it you cannot separate it the sin and the Unseen were created to overlap to inter to meet that you don't know where one start and where the other end and that's what we are going to look at extensively in this series because where you say I I can't believe that there's an unseen there are things we would not have thought the Unseen word was involved in but when we read through the Bible we see that they put no no no no they have brought unseen inside the matter and this is not for us to become superstitious or spooky no this is just how God made the Earth amen so Ephesians 2 we s together with Christ in Heavenly places far above which is the Ephesians 1 the last verse far principality and powers that we normally read together with that AB be 21 far principality pow might Domin and every name that is named not only this world but that which is to come so you we always read Ephesians 2:6 with Ephesians 1:21 because Ephesians 1:20 ended with in the Heavenly places far above so you understand that kind of reading so when you say we are set that with Christ in Heavenly places we often read it with Ephesians 121 because that heav place that we are seated is far above because the sitting together with Christ explains our Authority we'll come back to that remember this series on sin forces understanding your Supernatural Authority okay so Ephesians 3 Ephesians 39-1 and to make all men see what is the Fellowship of the mystery which from the beginning of the word had been hid in God who created All Things by by Jesus Christ what are the all things all things visible and invisible okay to the intent that now unto the principality and pass in the Heavenly places might be known by the church the manifold wisdom of God so now principalities and Powers get it now they understand what God meant by let this man have dominion they have finally understood what it means upon see the The Man in Christ Jesus upon seeing a man sit on high they Now understand so the manifold wisdom is made known to so now they get it like oh boy so this was what God always was intending that worthy they praise and worship him with the Revelation narrative that worthy AB now they get it they figure it out and that intent is according to the Eternal purpose verse 11 which he purpos in Christ Jesus so the Eternal purposes of God after Ephesians we have Philippians Philippians 2 Philippians 2 talking about our Authority wherefore God has highly exalted him verse 9 and giv him a name that is above every name that at the name Jesus notice not At The Mention at the name Jesus at the authority of Jesus every knee should bow of things in heaven things in Earth and things under the Earth so it gives you the the cosmology in this world Heaven Earth and under the Earth where the under the Earth come from under the Earth came as a result of the fall and under the Earth will be removed from the earth because it's not part of what God created God did not create under the Earth man sin and Rebellion man sin and rebellion and man sin is not man sin alone man sin is in

partnership with supernatural being so sin and unseen you can see that the supernatural context of sin there's a supernatural context of sin that sin is also set in the Unseen word that for sin to be seen there has to be sin and unseen coming together there's a partnership we look at that as we go on too so that at the name of Jesus every is so I've taught you this before that what is under the Earth the under the Earth what is Shi what is hell if we say heaven is the invisible word here Earth is the visible word here what is under the Earth the Heaven and the Earth away from the promise of Life AB be all right Heaven and the Earth away from the promise of life so this is underneath the reality of Heaven and Earth underneath the reality of Heaven and Earth Hallelujah and that every tongue should confess that Jesus Christ is Lord to the glory of God the father so every knee is bowing and we are here but he say every knee is bowing look at Colossians 1 the next book Colossians 1 and from verse 16 for by him were all things created that are in heaven that are in the earth so there are things that are created that are in heaven that are in the earth visible and invis visible and invisible are you seeing that God made them all so some persons have this idea that Angels were not created anything that is not created is God God is the only uncreated Creator God is the only one that is uncreated all right for by him were all things created that are in heaven that are in the earth visible and invisible it gives you the context of that invisible that's why he doesn't start with visible and invisible it's proper grammar if he say if he says invisible and visible then now says Thrones and Dominion is confusing grammar so it puts visible and invisible then the rest words are all the words you are used to from Genesis to Mal I explains that invisible are you following so he so though he had said that I in Heaven and Earth you would have expected that to follow the Heaven and Earth you would have said and invisible because he mentioned Heaven before Earth but he changes it because he wants to give a a a more Fuller list a a longer list so he now says that are in heaven and that are in the earth there now does visible and invisible because he knows the audience are not stupid the audience Should Know that heaven can not be what is called invisible Heaven is the invisible so by using visible and invisible you know that this is the Earth this Earth is a visible word see I'm giving you a lot of summary that has extensive study now Earth does e has more than one application yes sir can Earth be used to explain everything in this space so even the atmospheric Heaven is on the earth beds that are flying in the air are also on the earth so when you hear Earth Earth is not always sand so Earth is also sand Earth is also this wall w r l d so when we say heaven is here that use of Earth now is when the Bible calls Earth Earth space Heaven which is where we explain all the planets everything everything in the created world can be called e also in the Bible are you following so there's earth that is the terap where we put our feet on the Solid Ground you put your feet on separate from water that's why it's called Tera then there is earth that is the whole physical space where birds are flying even things in the atmosphere are also on the earth then there is earth that is the whole created universe is called Earth the visible and the visible so Heaven Earth hell is all in the earth that's Bible cosmology and we've done that also in several studies in the last

three years AB all right so like I said if you are new you'll be taking lot of conclusions all right so the extensive study because that's what is leading to this say why because it's like a school yeah because we're growing we're maturing our understanding in our practice amen so we Bes you to join us in that maturity too all right so that are visible and invisible whether they be Thrones or Dominion or principality or power all things were created by Him and for him what are the all things all things that are indivisible and invisible were created by Him and for him showing you that Jesus Christ obviously has to be God if he created all things because there's only one uncreated Creator and Colossians says that his name is Jesus so Jesus is the visible God God invisibility not i n v I read together i n space v i God in tangibility God in visibility so the visible God the tangible God the god that is visible that is tangible that we can relate with we can touch and handle is Jesus Christ hence the Incarnation is a proof of that but when we saw God manifest in flesh we saw Jesus hallelujah amen so Heaven and Earth together are you with me at all yes okay so the reason why Heaven is very boring for most people is because they have that that notion that uh when we get to heaven as they call it when they get to heaven let me use they so that you get it when they get to heaven when all the the word ends Heaven is a place where we'll be floating around the cloud we'll just be looking at God's face say k fine no pimples we'll be singing We just be singing All of Us by force in the choir all of [Music] us just be dancing singing that may be fun to you but that's not where I'm going and that's not where I am that's not a Biblical understand of Heaven it looks like uh a Greek mythology movie where Zeus is being prayed is that not gotten from the Bible we'll just be singing endless endlessly because we just wear white robe and we all in the choir singing dancing but we know that the kingdom later cuz the kingdom now is what we are the kingdom later where all the Earth is God's house where we have preached when there's no more Satan no more Devils no more sin no more evil no more wicked no more pain no more weeping no more n no more no more all the no more there's no more any of those things that are evil is not that we are going to be floating and that is not called heaven in the Bible that is a explanation of all the Earth is now God's dwelling place but if that's what you are calling heaven then we can allow that concept but the Bible does not refer to it as Heaven Bible refer to it as the kingdom of God later on the earth which is that heaven on Earth explain now all the Earth is heaven are you following all the Earth is now in his it Dwelling Place which is why we preach the gospel CU we are the agency God will use to renew the Earth like I said these are the reasons why weed teaching these things so that we know that we have Supernatural Authority we are the agency God we use to renew the Earth so you are not useless in the in the the grand scheme of things so once we begin to understand that oh we have a place in reclaiming the Nations that are currently under the Dominion of evil when we realize that we are going to sit Reign and Rule with God that is actually what the Bible teaches we're going to sit and re with God forever and ever not just now but forever and ever then we have Revelation 21 just for those who are new I will read this so that you can fit into our understanding look at Revelation 21 and I saw a new

Heaven and a new Earth so for the first Heaven and the first Earth were passed away and there was no more sea now pause a bit if you have Heaven and Earth again as Planet you're going to miss this vital because if there is no Heaven and Earth and they have passed away where are the human beings said they in one space what that space we don't really know the name of the space but they just a space now see why you must be careful with those wrong eschatological views where that's why people have idea of Jesus went into a planet he ascended into heaven because again their concept of Ascension which is a Biblical theme for Realms of Glory has been turned into a disappear the biblical meaning of Ascension is used to explain Glory that you are going to Greater So when you say Ascend Ascension is used for changing levels they don't have the idea of I jump from the ground because jump from the ground is levitate they don't mean the same thing but we have Jesus levitating out of the planet Earth and is now floating around the Sun but but when you have it as Jesus going into the nonmaterial world with his glorified body then you have an idea that it did not leave us because he said I will never leave you or forsake you and he said it is advantageous for your advantage that I'm going away and he going away is going from physical sight to now being everywhere because in the Incarnation he was limited to be in one place at a time so his Ascension and glorification is him going into the Unseen with his glorified body feeling all things for us we have a man in the Heavenly we have a man occupying the heavens and the Earth which is that MTH 2818 is there for us is there as us are you following so a proper comprehension now if we read this literarily that God is destroying the whole Heaven and Earth everything do scatter where are we when is destroying the Heaven and the earth now you are thinking and we don't want to think when we read the Bible because we have the idea that it's is Bible it's a spiritual book but remember that you put book at the end so let that still help you as much as you put a supernatural book as long as it's a book you must read it with the way you read a book with your brain don't get so Heaven and Earth which is not from the Bible that you have Heaven and Earth being physically destroyed which is the most popular view that go going to scatter everything so which the question ought to be which Heaven and Earth is he destroying because Jesus come talking about heaven and earth passing away once you know heaven and earth that is destroyed because we are somewhere we are not let me maybe you look at your neighbor so you know if your neighbor is with you thinking so God is destroying Heaven and Earth so where where will you be when God ISRO Heaven and Earth which place where is the what's the name of the place you will now be you CU you say you are in heaven now is destroy Heaven is it destroying you inside where you are everywhere ground is shaking say they keep me they keep me they destroy me oh God is that come on are you see that you have to think they don't have that idea of Heaven as Planet that's why the audience are not confused because they know that heaven and earth when he says I saw a new Heaven and Earth do you know this text is from Isaiah 66 Isaiah had used the same language so he's not innovating one new truth that nobody ever knew before no of the prophets of old ever taught this no so he say I saw a new Heaven and he

say I saw is having a vision I saw a new Heaven and a new Earth the first Heaven and the first Earth were passed away and there was no more SE so he explains that the first heaven and no more SE what does no more SE mean that shows you what is Heaven and Earth has passed away so which Heaven and Earth passed away the heaven and earth the seen and the Unseen of fill the blank of who right now do we have Believers and unbelievers do we have light and darkness so we have do we have light and darkness in the heaven and the Earth so which one do we all want to pass away good and evil which one do we want to pass away evil life and death which one do we want to pass away yes right now do we have both on this Earth yes but later one is going to get away now you see the way you are thinking now that thinking we allow you read properly because that's the biblical position so when you say heaven and earth pass away the and that is passing away is the Heaven and Earth of sin Devil's wickedness Soul when you read it like you realize that this physical e you no go scatter what God is getting rid of is what he did not create this the enemy came and sold tars so at the end he will take the TS so that he will not destroy his Harvest he will wait until it grows then skillfully so God is is at the end which is the church has that work to re to bring to pass that end of the word and then he will now separate in that separation because he wants to get read of the Sha and burn it with unable fire are you following so the first heaven and I saw a new Heaven and a new Earth for the first Heaven and the first Earth were pass away and there was no more here and I John saw the holy city you see what is uses now shows you that heaven and earth can be explained as a temple the holy city that's the temple of God a New Jerusalem coming down from God out of Heaven prepared as a bride ad done for our husband and I heard a great voice out of Heaven saying behold the Tabernacle of God is with men and he will dwell with them is he later will dwell with them or he already dwelling with us is that but later in his dwelling with us he will not dwell with us am Mist contradiction there will no more be sin Darkness wickedness Devils there will be no more AB for God himself shall be with them and be their God God shall wipe away all tears from their eyes and there shall be no more death neither sorrow nor crying neither shall there be any more pain for the former things are passed away did you see it okay we'll read let's read 22 chapter 22 and he showed me a pure River of Water of Life clear as CHR proing out of the Throne of God and of the lamp in the midst of the streets of it and on either side of the river was there the Tree of Life which bear 12 manner of fruit and yielded her fruit every month and the leaves of the tree were for the healing of the Nations is it giving you a garden concept is this how Genesis 2 was explained Tree of Life Water of Life water river flowing through so the biblical theology began with a garden and ending with a garden which is what I began to use for you a global Eden is what God is restoring AB be a global Eden because God intended normally that Adam and Eve spread the G of Eden everywhere which was their King priest Prophet tax multiply Fe fill the Earth with the glory of God AB looking you are not sure okay for short all right so that failure in that responsibility God does not change his mind he continues with the same thing look at verse three Revelation 223 and there shall be no more cause

but the Throne of God and of the Lamb shall be in it and of the servants Shall Serve and they shall see his face and his name shall be on their foreheads and there shall be no night there and no need and they need no candle neither light of the Sun for the Lord himself shall give them light and they shall reign forever and ever have you seen the use of words now the same Revelation and I saw hell and death cast into the Lake of Fire Revelation 20 Revelation 20 and verse 4 and death and Hell death and hell were cast into the Lake of Fire this is the second death are you seeing it death and hell was cast to the Lake of Fire so when you read Revelation 20 21:22 you see all the he's giving you an explanation that you have from Genesis to Jude only that Revelation puts it in pictorial form because it's a vision the man is having but it's not a new revelation it's not a new teaching that he's trying to bring to his other the audience know it already what he's saying or they have been told by different other writers so death and hell will be cast to the Lake of Fire death and hell are you seeing what God did not create right so Revelation 21 that says there will be no more you are not it's not in your own look at verse four in case you forgot it then there shall be no more death 21:4 we read it just now but I don't know if you saw it in your own there will be no more death neither sorrow nor crying you can't say that now because right now there's sorrow there's weeping there's are you seeing it but asah all of them have been talking about it Jesus came and did something but his work that is complete his total work his complete work his finished work what we use that word finished work is not him coming to come and do this now is upon the church playing our own part which is what we have explained over time that when we play our own part go into all the world where we play our own part as we begin to play our own part instead of just randomly waiting for a supposed end of the word because Matthew 24:14 what bring the end of the world this Gospel of the Kingdom shall be preached in all and this one to go let's read it so what is bringing the end so I have a path to bring the end and I waiting for one to end so my preaching of the Gospel brings the end so I can hasten the day of the Lord and the early church knew that that's why they were more Mission oriented Hallelujah so what God did not create is what he getting rid of so eternal life will be lived out in our new Eden a global Paradise that fulfills God's original intention the presence of God and the glorified King Jesus will be there will be there too not in the past tense sense like we are bored but we with him have rule over the Nations that's why in Revelation 2:27 and these are some of the things like I said we should be conversant with but I'm saying it now I'm getting a strong resistance like you have never heard this thing before so it's looking like it's looking new like new heaven I've heard that new heaven but our Reign and ring with him that's something new okay so we are good that's why you need to hear it again and again so reason why God's word should be taught again and again Hallelujah so Genesis chapter 2 God planted a garden Eastward Genesis 2 go back Genesis 2 and verse 8 God planted a garden Eastward now is the garden a Horticultural space is God a farmer so when you says once that is already what is in your your mind God as a farmer planted a garden it's already crazy idea so the use of the word Garden the word Garden is the word g g n it doesn't mean a Horticultural

space but the way the ancient used to explain a Sacred Space a guarded place so the word Garden from the word Ghan that word g a n a the word Garden is from this word look at how it is used we read it on Wednesday 2 Kings 20 and Isaiah 38:6 is the same thing I will deliver thee in this city out of the hand of the king of Assyria and I will defend this city I will defend this city God said was going to defend Hezekiah and the people from the King of Assyria sener I will defend the city to save it the word defend is where the word Garden is gotten from that should make you think Garden is not gotten from trees the word is not gotten from a Hebrew word for tree it's gotten from a word for guard to protect So when you say a garden I taught you this in mountains of God is Not Horticultural space Garden is sacred ground a secured place that's why it's called a garden because we secured it just like as rock can be called a garden making sense a protected place that you cannot just enter any so the ancient men have different views they didn't have people jumping from Mountain to Mountain for recreation they didn't have that so they said the gods where are the gods living The Gods Must Be up the mountain where are the gods living they must be in the sea because they didn't know they were ever going to create submarine so they had to put the Gods in places that would be harder for M men to leave so they had the mountain because nobody ever climb mountain and before you say Moses is climbing Mount M sa is like those mountains in the West go and climb Mount Everest now notice if not with special equipment you die it's not for fun so when you use Mountain use Mountain to explain the they didn't know that there could be a helicopter you jump down from they didn't know all of those things that's why I said allow acient men to be acient men acient men acient so the acient view they have about where are the Gods in the sea in the wilderness because no human being can live in the wilderness so they have in the wilderness in the sea in the mountain then because they were used to subsistance fing so the gods will have to be in a luxuriant place a place that have plenty water Recreation things are working that is a garden is a sacred ground all of these places are sacred places so this is where the Unseen will be so that's how so that audience understood what the word means so again look at the gramat the grammar now that the word Garden you would have thought is gotten from flower is got from the W to protect so it's a protected area that again remember I told you how you confirm if what you are teaching is correct so it cannot be they are not using the word Garden to explain flower they're using the uh flowers everywhere no so the word garden and enclosure that's the word g enclosure a garden so God planted an enclosure the word planted is the word used for building God planted so it's not to throw something into the soil that's not what he's doing there God planted a garden clear clear clear God planted a garden and there he put the man whom he had formed and out of the ground made the Lord to grow every tree that is Pleasant to the sight now to see that is not a you see the trees that were in the garden Tree of Life tree of knowledge of Good and Evil these are not mangoes oranges apples these are not normal fruits so it's already showing you that they are using words that you can relate with so tree of life we now said it has to be apple that is tree of Good and Evil

but he said tree of knowledge of Good and Evil the tree of knowledge of Good and Evil so mango tree produces what mango fruit the tree of knowledge of Good and Evil what should be the fruit knowledge of Good and Evil so what is the fruit of the tree knowledge how do you eat knowledge if you open your mouth your neighbor should slap you AB you can't open your mouth for knowledge so when you are talking to people and you say you just a swallow with that your friend they tell you does that mean that when your friend talking to you you not drink water on it then you bet no now when you say you are swallowing what somebody is saying you mean you are accepting it so Moses is writing in a manner that they his audience will understand so he's using language that they are used to because he did not think like I told you n none of their audience had that Madness that Insanity of Apple nobody was singing of Apple if not for Yellow Pages from the Watchtower Society nobody would have been thinking of apples because they have wealth they popularized that notion because they print free free magazine to sh to spread ignorance all over the Earth because they are the ones for that whole idea of apple apple apple is not from the Bible no other writer in the scripture ever use the word Apple nobody ever used the idea that Adam ate a tree Jesus made it clear that it is not what goes into a man that defies the man he said because if it's what you eat he say you will use toilet it will come out it's what comes out of a man that defies a man so tree of life that is a word used six times used a lot in the Book of Proverbs so that word used a lot in the book of proverb nobody reading the so imagine the book of proverb using tree of life that should again tell you that this is a proverb a tree of life is a proverb a parable a manner of speaking I use this to mean this that's tree of life it's not that you actually plucking it when we go out for evangelism we don't say Do You Believe In Jesus you say yes now eat this one this is Tree of Life say I don't believe in Jesus say I have another fruit here yeah so everybody going for have to go with two bags one that have the Tree of Life one that have the tree of Good and Evil so depend on what the person believe say I have a foot for you since you say you don't believe in Jesus I clean it I say take a bite CU it's just one bite please since you are going to hear you see how how crazy then we give birth to children today we are wondering why they asking intelligent question because say what and you cannot answer I say hey leave me don't disturb me was never Tau in the Bible that it was fruit it's not digestion problem so that was a sacred ground Ezekiel 28 Ezekiel 28 now that we reading some people already I remember I remember we can jump it sir now we are jumping now we can jump it you're always jumping let's read jump let's jump it yeah I've said this before said let's say new one the new one is built upon the old one AB primary school is built upon your knowledge of Noy school you don't throw away anything that makes you learn by throwing away knowledge you have not learned knowledge is built upon knowledge AB all right so never fear repetition because the same ABCD that you thought had no use is what is helping you to read and write all right so Ezekiel 28 take up a lamentation upon the king of Tyrus and say unto him thus sayth the Lord God verse 12 thou seest up the s full of wisdom and powered in Beauty thou has been in Eden the Garden of God no is not a garden of man it

was God's Garden that's why man was kicked out of it every precious stone was thy covering the workmanship of thy Tabet and of th pipes jumped to the end was created the day that was created so we know that he's using a physical King but he's talking about a supernatural being because this king is acting like a supernatural being that was in Eden he now opens up clearly that is using the physical king of Tyrus as a parable to explain Satan verse 14 Thou Art the anointed KOB KOB is a throne Guardian is from Mesopotamia mology the word KOB is used for throne Guardians the fiercest or Warriors that protect the throne that protect Sacred Space to ensure that no one can get in close proximity with the king without being dead are you getting it now God all only people to protect him so what do TR Guardians now do they protect God's Sacred Space they protect God's Sacred Space so TR cherubim is Mesopotamia seraphim is Egyptian mythology so one word they mean the same thing is just borrowed from two cultural world view and because those world view was all around Egypt all around Israel we find it in our Bible and it's being used to explain a function of setting supernatural being because this are function terminology I've taught you before but in this series we explore all the function terminologies for supernatural being all the function terminologies we also explain we also explore all the nature terminology we also explore all the status ranking what is the measure of the ranking that are the anointed KOB now that we have not done before we do that in this series I've done that only in Bible School thou are the anointed kup that cover it I have set thee so that was upon the holy mountain of God Eden is called what mountain of God so what was a garden is called a mountain because you see how it's mirroring because that's how the ancient view it so if it is a place of the Gods then it has to be a mountain so that is how it is so Mountain of God Garden of God and that's why we Tau that series which you will find it in a more voluminous manner that mountain Garden explains the same thing that's why Zion is called the Mountain of God and it's also called a temple so these are interated word a mountain a garden a temple they are all used to explain the same truth are we good The Garden of God so cheres were there Tree of Life tree of I mean the things that were in the garden so I haven't taught you that what is in the garden so when you look at all of that so that Garden context is the same word Jesus used for the teeth on the cross remember the teeth on the cross Luke 23 Luke 23 and he said unto Jesus Lord remember me verse TW verse 42 remember me when thou comest into thy kingdom are you seeing the context is Kingdom remember me when you come into your kingdom and Jesus said to him verily I say unto thee notice where the comma is the comma is a work of men not the work of the Holy Spirit the Holy Spirit does not Inspire comma and full stop it's how the translators are intelligent that they will put comma and full stop if you ever written a book you realize sometimes how Technical and hard it is to put command full stop if you if you have never written before so we should not hear your voice in being critical don't talk what you don't know if you have ever written comprehensively I'm talking about po post I'm talking about trying to write I'm not writing talking about Facebook post writing a book or a journal a long material you know that you so you can make mistake in Comm that's why

you edit it you go over it again I it's not the holy spirit that Inspire command and full stop so not angry see where the command is see where the full stop because now read together Jesus said I say to the today that shall be with me in Paradise the question is when Jesus Jesus died did Jesus go to paradise or he went to hell as Jonah was in the belly of the head for 3 days why are you quiet some of you are not sure where did Jesus go when he died he went straight to heaven or he went to hell so how can his hell Paradise today shall be with me in Paradise that cannot be what because you are reading today today I mean this very day no no the challenge you have is where the command was placed so let's put the command after today then all of a sudden your the the your brain Powers will increase like that ah it was the today him and Jesus and the thief were in in in the same day Jesus was speaking to the thief that day not that Jesus is saying the thief that today today you will be with me is Jesus going to hell is Jesus going to heaven without going to hell I mean there a lot of Bible vers that say he that ascended is him that first descended he couldn't Ascend without descending so how can you be telling the man today as today when he was not going there that will make Jesus a liar telling the man what is not true no so put the command after I say to thee now let's try it Jesus said unto him verily I say to thee this day verily I say to thee today you will be with me in Paradise you see the separation verily I say unto you this day you shall really be with me in Paradise what has he just done he have just said your sins are forgiven because the context was kingdom of God you know that was you will really be in the kingdom of God because he as the son of man has power on Earth to forgive sin he had just told the man your sins are forgiven you will really be with me in the kingdom of God not that today today that's not what he's doing so the word Paradise is the Greek trying to give you so they use the word par paradus is exact transliteration of G of Eden if you have a good marinal reference or those footnote Bible they'll put it those Center reference Bible they will put Paradise Bo guardan of Eden so Jesus literally said you will be in the you will be in the guid of Eden because the guide of Eden concept is a Genesis to Revelation Concept in the Bible that once you do not know it you already have a bad theological understanding of scriptures hence why I've been giving you all those backgrounds amen is it your own who has a center reference that has G of Eden bad Bibles you all have I don't have the time maybe in a different meeting we scoop down and do that I normally show you some people have it but they don't just know how to use Bible should be in your own very I say the it's not in any 250 Bible 450 Bible every other thing you can buy expensive thing but when it come to Bible say you not get cheaper one so the cheaper one is putting you in trouble so the exessive one would have help You by showing you that this word Paradise you'd have seen it so today that shall be with me in Paradise now the Greek word Paradise like I said is the same word used in Revelation 2:7 he thatc cometh look at Revelation 2:7 so look at that word Paradise now tell me what is familiar with according to Genesis 2 he that has an ear let him hear what the spirit sayth unto the churches to him that overcometh will I give to eat of what which is in the midst of the does this not ring a bell if you are used to Genesis Tree of Life in the mid of the

paradise of God that is Guy of there now clear thank you so what has God planned for us God wants us to eternally rule with him Believers will inherit the rule of Nations we will be glorified with him reign with him rule with him and all of that so once we understand the whole gardening concept walk with me please once we understand the whole gardening concept Mountain concept which I try to quickly bring back to your knowledge we can now read Genesis 11 are you with me which we can't do today because time has gone to take a lot of time to explain I don't want to start what I cannot finish however we are nearing that contextual interpretation of Genesis 11 but so far walk with what we have what we have said today is there a world to come is there a world to come sir so there is a world that is to come are you sure yes sir so that world that is to come look at how it's used in the Bible Matthew 12:32 and whosoever speaketh a word against the son of man he shall be forgiven him but whosoever speaketh against the Holy Ghost he shall not be forgiven him neither in this world neither in the world to come are you seen how the Bible teaches Kingdom now Kingdom later neither in this world nor in the world to come the world to come is the kingdom of God later where all the Earth Is His Dwelling Place the world to come Matthew 24:14 and this go of the Kingdom shall be preached in all the world for a witness unto all the nations then shall the End come shall be preaching all the world the word world there is the inhabited Earth then shall the End come the same Matthew Matthew 25 Jesus shared a parable of sheep and goat when the son of man verse 31 when the son of man shall come in his glory and All His Holy Angels with him then shall he sit upon the throne of his glory and behold and before him shall be gathered all nations and he shall separate them one from the other as a Shepherd divided his sheep from the goat and he shall set the sheep on his right hand and the Goat on the left then shall the king say unto them on his right hand Come Ye blessed of my father inherit the Kingdom prepared for you from the foundation of the world are you seeing the kingdom later explanation okay so is this the same timeline with the great judgment in where we receive our inheritance our rewards all right so the day of judgment talk so that great end of all things the end of the end of the end Hallelujah John 16 verse 28 I came forth from the father and I am come and have come into the world again I leave the world and I go to the father are you seen the concept of Ascension when he say he ascended so to where I come from is where I'm going back to so he not a he's not going to another planet he simply went into the Unseen that's why he says a little while you see me okay let's let's continue John 14 2 you have heard how I said unto you I go away and come again unto you if you love me you would Rejoice because I said I go unto the father for my father is greater than I now this context are to explain the resurrection where he was raised from the dead and is now glorified in you and I because that's where the kingdom fully came on this Earth that we can now say but there is still the kingdom coming that is now all the Earth right now let me put it in simple English we have Believers and unbelievers on this Earth is that not so we have Believers and unbelievers on this earth when we say the church the I'm not saying a building when we say the Church of Jesus Christ all the Believers all over the world make

up the body of Christ the church now we are not the only people on this Earth so there will come a time where the only people on this Earth it will be the people that believe the same thing as you believe now that has not happened yet so there's something that will bring that to pass but that's where we are walking towards that's the end of the end of all things are you following where all the Earth will be Zion right now the Earth is not Zion we are in Zion because we are in the church but all the Earth is not Zion we are in the garden but all the Earth is not the garden and we are in the garden spiritually speaking but there will come a time where he's no longer going to be spiritually speaking he's going to be naturally speaking all the Earth is now Zion so you have heard how I say unto you I go away and come again if you love me you will rejoice because I say I go unto the father for my father is greater than I so go unto my father this go unto my father the use of go unto my father is to explain that uh a little while you see me a little while you will not see me verse 19 John 14:19 yet a little while and the world seeth me no more but see me because I leave you shall leave also so they go to my father okay look at 1718 even the spirit of Truth whom the world cannot receive because he seeth him not neither knoweth him but he know him for he dwelleth with you and shall be I will not leave you I will come to so this is not the end of the world come to you no I will come to you he say I will not leave you comfortless so the coming of the comforter is Christ in our heart so the holy spirit in you is Christ in you I will come to you I will not leave you comfortless because the another converter explained the godhead fully tabernacled in you okay and at that day you shall know that I am in the father and ye in me and I in you so you see that that Unity but yet while the what seeth me no more ye see me because I leave you shall leave also so the same thing you saw in John 16 verse 16 a little while and you shall not see me and again a little while and you shall see me because I go unto my father so I'm going to my father mean you will not see me you will see me I see how the language is confusing that's why the disciples had to say ah this thing is confusing not to speak plainly that we will understand then said some disciples among am among themselves what is this that he said a little while and you shall not see me and again a little while and you shall see me because I go to my father they said therefore what is this that he said a little while we cannot tell what he said now Jesus knew that they were desirous to ask him and said do you inquire among yourself of what I said a little while and you shall not see me and again to while you shall see me verily I say unto you that you shall weep and lament speaking of his death burri you shall weep and lament but the world shall rejoice and you shall be sorrowful but your sorrow shall be turned to Joy a woman when she's in travail so it tells that whole story and now says and in that day you shall ask me nothing very very I say unto you whatever shall ask the father in my name that will do that day is the day of reservation so that's what he has been talking about I came forth from the father look at 28 and I'm come into the world again I leave the world and I go to the father so are you seeing that is using go to the father to explain that go to the Unseen not a planet away because the father is not away from us because if not he's not omnipresent he's not everywhere

he's not away from us his disciples said unto him L now speakest thou plainly and speaketh no proverb so they said now you are no longer speaking in proverb we get what you are saying hallelujah clear clear clear all right Ephesians 1 verse 21 far above all principality and Pa might and dominion and every name that is named not only in this world but also in that which is to come so you see that world which is to come say we have authority now and forever even in the world to come we still have authority so this Authority you have in Christ Jesus is forever tell your neighbor this Authority you have is forever auth forever so your Authority in the UN and in the sin is forever forever all right Hebrews chapter 2 verse 4 God also bearing them witness both with signs and wonders and with diverse Miracles and Gifts of the Holy Ghost according to his own will bearing them the D there is the prophets of old God bore them witness those who wrote in the scripture God bearing their witness both with signs and wonders diverse Miracles and Gift of the Holy Ghost For unto the Angels had he not put Insurrection the word to come whereof we speak so that word to come God has not put it in subjection under Angels so the world to come are you seeing it now how will the audience understand this because they know that there was a world that was not under subjection of angels which was Israel when all the other nations existed when God started something with Abraham that what all the other nations had supernatural beings assigned to them keep that to because you these things will make sense when we explain Babel now next week on Wednesday this will make sense so for the prophets that their historical context the way they on understand because it's those materials that he's reading and he's using to explain the same thing so the way they Israel was not existing there was no Nation called Israel where Nimrod was building Babel there was not even Abraham it was not in his mother's womb that's why you have chapter 12 you saw who gave birth to Abraham Tera I mean the Bible gives you so are you with me so all these nations that went into Rebellion that went scattered and went their own way it is from that nation that go one of those Nations that scattered that God called out Abraham are you seeing it to start something so that world so in all the that there was a nation that did not exist in the table of Nations that now be that world to come in that their own context was Israel that was now a light to the Gentiles that's how today the church we are that world to come it may not look it now because all the Earth is not Zion but we see that when all the Earth is Zion we are the only people that fill up the whole Space because right now we are still light to other people are you following so that I've explained this before it's not the first time I'm explaining this context but it's good I say it again because this world to come Hebrews 6 and have tasted the word of God and the powers of the world to come so it says that the Man in Christ the believer the man that is saved has the powers of the world to come Powers he put s we have the powers of the world to come did you get that we have the powers of the world to come we have the powers of the world to come so you see how they keep using the word world to come world to come which is not confusing which explains the kingdom of God later are you amen so the world to come so the believer has Authority now and forever the believer has Authority now and the believer has

Authority now and forever we have authority we have authority we have authority Genesis 1 and verse 26 Genesis 1 and verse 26 and God said let us make man in our image after our likeness and let them have dominion say I have dominion I havein I was made to have dominion I was made to have I was made to have authority I was made to author I was made to Reign and Rule I was made to and Rule I'm in charge I'm in charge I'm a commander I'm a commander I'm in charge I'm in charge I have authority I have authority is natural for me to have authority natural for me to Authority we can even dare to say is human for you to have authority it's a human thing to have authority much more now being born again are you following because mankind was given Authority outside Christ mankind cannot fully walk in that Authority that's why Psalm 8 what is man mindful of him or the son of man thou visitest him for thou has made him a little lower than the angels and thou has crowned him with Glory and Honor Thou made us him to have dominion 8 ver Thou made him to have dominion over the works of thy hand and thou has put all things under his feet say all things are under are Hallelujah Lord amen are you with me yes sir all things are under all things are under amen so we have authority say we have authority we have authority we have authority we have authority Hallelujah yeah amen amen we have dominion we have authority we have authority Ephesians 2:6 say we are SE together with Christ far above where is that place that we have a seat there's a place where we have a seat you I'm teaching systematically in this series nothing is confusing so there's a place we have a seat Hallelujah there's a place we have a seat seated far above all and so in the heavenlies we sit far above far above far above now can you take a bit of few seconds and just think about that where you see is far above your Reign and your rule is far above even if your mind will run to a geographical distance is still fine at least you know that Satan are a bug to to crush all right far above far above in place and ranking I'm superior far above I outrank all Devils so they say in a matter of ranking you outrank far above that height so there is a height that God made man to function from for the first time man sits there Jesus led the Divine procession I and they that the Lord has given we are made for signs and WEA he announces us to the Divine council and says see the men God always intended to have he puts us in that congregation in that assembly Hallelujah as we round up this morning why did God make Angels if all you know angels as are just Guardians to guard me to protect me what if there was no fault what are you been protected for said to protect CU there's an emphasis on protection that can be missed when we are always shouting protection of course they have always been um to help man in any context but why did God make supernatural beings so we said man is not the only being that images God remember that so supernatural beings which we call Angels also image God but they image God in the Unseen so we have Heavenly administrators and Earthly administrators we have an assembly in the heavens and we have an assembly in the earth Hebrews 12 now say now there's a general council meeting there's a general assembly the two assembly are meeting in one place of whom the whole family there's a family there's a family of whom the whole family in Heaven and Earth is named Hallelujah there's a family in Heaven and Earth

there's a family Ephesians 3 there's a family that's what Ephesians 3 verse 14 for this cause I bow my knees unto the father of Lord Jesus Christ of whom the whole family in Heaven and Earth is named there's a family in heaven and a family on the earth there's a family in heaven the same words used to explain supernatural beings from Genesis to Malachi is used to explain you and I they were called a son you are called a son today they were called sons of God that's why John wanting you to think in that notion as we round off First John chapter 3 say what manner of love the father has bestowed on us NIV say lavished on us that we should be called the sons of God it makes no sense when you don't know it from to Mali what he saying because he's saying behold see I want you to see something tell your neighbor see it see it I remember when I first saw my authority in Christ Jesus it made a whole lot of difference I was still in school then I told my friends I said let's go to Booker uni Booker there's one Booker there I said let's eat when we finish eating I told them I say you I just saw it I found it I will never struggle to cast Devils again in my life I'll never struggle it was clear till today it is it is more real to me than you I really believe you don't exist my authority is more real than I believe that other human beings exist on the earth is really I can touch that Authority is not know the prophets always say see behold behold we just fast you never see them that's why they can say I give you three days to leave I said pastor they give me three days to leave Pastor there there are witches in my Village oh there are many persons that have said I will not make it what about me that I've said you will make it am I not also a fce you know that did not move you it was somebody said you will see you will not make it you you you the same words used to explain Supernatural you say what behold see what manner of love the father has bestowed on us that we should be called the sons of God it does not yet appear remember that word what is to come it do not yet appear remember there Kingdom later it do not yet appear because that's why I'm telling you I'm righteous you are looking down on me because I don't have the glorified body that matches it I be okay but give me time give me time in the world to come later upon that glorification and all the and the Heaven and the Earth of sin death Darkness Wicked unbelievers have passed away you will see it but for many that that's the first time they will know it is too late because that truth they did not use it to do anything in Redeeming the Earth they will only be with use it to they didn't use the truth to do anything but for us say the Manifest of the sons the earnest of the creature waited for the manifestations of the sons of God the unveiling of the sons of God you are a son of God oh by this great and precious promises that we should be partakers of divine nature we partake of divine nature we partake of divine nature child of God do you know who you are you know the authority you have every time you talk about Authority you always have to tell you to see when talk to the disciples Luke 10:19 behold I give unto you power to trample upon Serpent and Scorpion behold is know what he said every time you see Authority is always SE see see tell your neighbor see something see something see see I give unto you remember the story I was sharing with some of my friends yesterday online a zoom meeting outside the country I sharing with them I said to them a story of I was taking care

of my granddad were you know place where they fix bones because he had supernaturally been delivered from an accident an old old man ve flew him in the air landed just a little fracture he had broken bone and he needed to straighten and there a man I've shared the story before if you can recall and in that place I was the one because all his grandchildren and his children don't live in Ben City just my mom alone that lives in B City so uh so we as the grandchildren that Min had to take turns to stay with him in the hospital so it was my own turn I've never shared this story before in the in this context and there was somebody that day in the hospital in that same place by the opposite bed that somebody came to visit and person was just talking about I I and Pastor WF worked together with that church that time but I'm no longer in that line I and I I'm noton I'm not this I and this one this one this one we used to work together there many it was many mentioning pastors he was showing pictures to the guy that was talking to that he used to be in all this Christian line but he's not doing things again now he's a pure demonic person you know I'm the one paring that demonic he used all those nonsense words and we just talking and say the God is weak Jesus Christ is weak very soft there's not there's nothing to all these things like Paul that that day he could not take it anymore where he told that woman with the spirit of divination there was this vexed upon me I got up and I walked away and I tapped him just a young guy this is well over a decade so you know I said to him I say say it one more time that Jesus does not have power and this is where you shall be on the ground say it one more time I dare you repeat it again that thing that Jesus is slow Jesus is weak Jesus does not have power say it again and this is where you will be on the ground and he looked at me and dropped his head down then carried his bag and ran out that's Authority that's Authority that's Authority and I go visiting my granddad then there's a corner a house we used to follow that had the native doctor's place there people always don't like taking that but I always love taking that road I like confrontation it excites the life of God in Me So what will happen only one possibility dead body go plenty it's only one possib because I have seen my authority I can touch it my lowest of low I'm sure I have authority over all devils in my weakest moment I am sure I have authority over all Devils I'm always sure I have authority I've seen it I have authority my words matter my words matter my words matter the things you say matter who do you know that you are that's what we're looking at so all this many that we are studying that is looking like it does not follow Baba [Music] follow Hallelujah so pay attention it begin to make sense from track five you fully and six you begin to see it but don't like application like where the explanations are being bu Hallelujah child of God you are not ordinary you have authority over seen and unseen our words matter I tell you a story last week A friend of mine said ah I thought you said you not you never have a failed investment how come you lost money in bus business I said to him I've never said that in business I was telling you some since yesterday I said it done on me that I've never said that I don't lose money in business I said he just told me what to start saying yeah I know the normal profit and loss but not that I lose money in the sense of lose normal profit and L that you don't make the same sales every day every week that's normal

that's part of life but I said I start saying that I didn't see that something to fear I said no I will add forces to that one because I have been places where there should be no help for me but I always say it I'll never be in this life help will always come for me than God Pastor Jay in the church today I remember where we were coming from uh o state vehicle broke down on the highway we just we saw a man we're looking around say no no we cannot be stranded in this life no F in the car and the f gung did not show us he here living proof so we saw a man we asked the man do you have F the man say he has we ask him do you have another Jer who has Jer of inside Bush inside lonely road but I'll never be stranded I'll never be stranded those words are forces they they compel things your way that's why you should be talking oh don't close your mouth oh say things learn how to talk and that's where we are going is because you see that those things you say how do the Unseen geted in our matter I will show you all the ways the Unseen are are involved in the Natural Things One of the ways unseen pay attention especially the good one and the bad one is the things that you are saying stop talking carelessly I normally used to I things normally don't work for me like that idiot how can you say that things don't normally you have said it more than once you said it twice Thrice things don't just normally work for me things don't just normally work for me wait a minute you are building your life things will always not work for you what kind of confession is 8:00 a.m. in the morning what a useless day today is just a rubbish day hey 8 a.m. just because you got one bad news 7:45 a.m. no I have a great day a day stop talking anyhow I'll use words the right way nothing dies in my hands those are things to say telling a brother yesterday say in nothing terrified I told him let's not mention this matter again until another time where you have carried a new baby nothing terrified we will speak of this matter no more nothing terrified nothing to fear nothing to [Music] fear no shaking no I AB that know how they say it ah Street language no nothing nothing nothing to fear the church are the real men that mount Supernatural have mounted up on high we Gallant We Day Hallelujah and when we're done with this series oh boy you will literally walk on the air yeah I'm never afraid of life I'm never afraid of anything I have words to say my life is going a certain direction a sister early hours of this morning I saw a testimony she said I said to her something in February she even mapped it out what did chrisan I said it in February I said it in may now she got a mindblowing contract I was saying things that had the specific words I didn't even know she was dealing with those kind of things but it made sense reading ton I said oh boy it's good to say words and now she has gotten a mind blowing gig thou out of great Powers so Yahweh there's nothing he cannot do thou has broken Rahab slain the dragon in the sea how God is a great pass there's nothing we cannot can have set the ordinances of Heaven on the Earth you get things to learn oh I can have a great day I can compare my life to go in this direction yeah Hallelujah Lord things are always working things are always working for me things are always working for me I normally have this code every time rain comes no I normally don't have cold normally that's why you are creating it you know I'm just a wicked person no no no I'm a good guy I'm a good person I'm a loving person I'm a trusted friend are you a one

kind of kind of person like that no no I'm a faithful man yeah [Music] Hallelujah I'll live my life and I'll pick it up he was talking so when Jesus stop talking that I give up his ghost even you talk to give up his ghost I always be talking I talk I'll use my authority amen amen yeah oh Spirit of Darkness so you know where we stand some of you you just wake up in the morning I'm just so good God loves me you don't think God loves you you think Jesus was was playing on the cross the cross is a testament of his love every time we look at the bloody hands the nails you think he chose the nails for nothing hanging on the nails is because he loved you never ever can you ever say God does not love you when you saw Jesus on the cross that's the love of God I a useless person God I've done it again and I promise God I will never do this thing again I may have done what I said I will never do but Yahweh you are my God there's def no condemnation I raise my head up that the lifter of my head my glory my shield you're the lifter of my head there's devil now no condemnation nothing can separate me from the love of God you you how can you open your mouth and pray the Lord when the Lord was teaching me about safety on the highway and that no Christian ever dies without him knowing this was one of the stories I saw in a brother he had done something that was wrong the night before and he he thought he had no boldness in the face of a terrible accident he couldn't see anything and the Lord said oh if only he knew I was not counting his sins against him he would have boldly said veicle stop but he said nothing because he gave in Satan that's why s giv of the devil because he h i don't if I talk now God is not with me God is always with you it's an unconditional statement it didn't say I will never leave you or forsake you if if if there was no if I'll never leave you nor forsake you the writer of Hebrews so that we may boldly say God not leaving you make you say do you have things to boldly say I can boldly say this is a great week I can boldly say things are working for my favor I can boldly say what can you boldly say things are working for me things are working for me I have a commandment not to decrease I'll never go down I'll never go down I'll never go down help will always come for [Music] me help always I will always have help I'll never be stranded nothing missing nothing broken you're not the kind of person that people would like to give things to I am the kind of person favor compasses me round about like a shield his name is like ointment P for so the virgins love him there's a fragrance to my coming out there's a fragrance to my going out it is God who causes his Fame to spread abroad as I step out this day this week my fame spread abroad people love me people you know not Shall Serve You I how to talk I'll beat my enemies like the dust of the air my words will not return to me void just like God's word do not return to him void that's how to [Music] talk things are working for [Music] me what kind of useless family do I have stop say rubbish I have a good family this family is a good family my husband is blessed my wife is blessed my children are blessed things are working but never disadvantage even a disadvantage turns out for our advantage just as life came out from Death I can never be disadvantage if Satan tries to help me in it will turn to a testimony that's how to talk come on go ahead and just pray in the Holy Ghost go ahead pray in the Holy Ghost
