

your spirit and we trust again in this service that the eyes of our understanding will be flooded with light we live here with the Deep seated understanding of your power that is at work in us and we see the authority we have in Christ Jesus we see and come to understand better about the supernatural world and we see how it works in the natur and how we can p with unseen forces and also how we can bring down negative forces against our lives Ministry and God's plan on the earth and again in this service we declare that the things that ought to be said will be said and the things that ought not to be said will not be said your name will be glorified we shall be edified and the people said amen amen God bless you have your seats hallelujah amen amen amen amen glory to Jesus all right let's um Ephesians chapter 6 and we'll begin from Ephesians chapter 6 Ephesians chapter 6 six you're there let me know Ephesians 6 are you there Ephesians 6 and verse 10 finally my brethren be strong in the Lord and in the power of his mind finally my brethren be what be strong in the Lord tell your neighbor be strong in the Lord in the Lord and in the power of His might the power then he says in verse 11 put on the whole armor of God that you may be able to stand against the Ws of the devil so that means he's not automatic tell labor it's not automatic that's why it says put on so it's not automatic however it's not complicated because just like the Bible says put on the new man you're already a new man so put on means do something with it live with it so every believer has the Armor of God it says put on means use it are you with me just like Renewing Your Mind say put on the new man put off the old man how do you put on and put off it's what you do with your mind so it's how you walk in the spirit that's your walk w a l k that's your walk w a l k for we wrestle not against flesh and blood so it tells us for we wrestle we wrestle not against flesh and blood but against principalities and Power our conflict is not against flesh and blood our conflict is not with people it's not with flesh and blood it's not mama in and Mama osas it's not Grandpa ois and Grandpa Benji is not Grandma Shady and Grandma bookie NE is he great grandpa Victor neither is it your village say it is the people from ugoni that are after me the people fromo who the name the way sound for we wrestle not against flesh and blood but against principalities against paths against the rulers of the darkness of this world against spiritual wickedness in high places did you see that for we wrestle not against our conflict our conflict our conflict is not against flesh and blood is not against the people because the people are who God sends us to preach to to get saved but it says our conf is against principalities against P against the rulers of the darkness of this world against spiritual wickedness in high places tell your neighbor this means that Paul read deom 32 all right because Paul uses Moses cosmology of the Nations the wherefore take unto you the whole armor of God so you see that it involves so that that armor is yours so he say take on that means use it take on the whole armor of God that you able to withand in the evil they having done all to stand stand therefore so this is not a battle to win this is a battle from Victory having done all to stand it tells you you have Supernatural forces that I that are resistance that are conflict that are against you he mentions principalities Powers rulers of Darkness spiritual wickedness in high places then he now says wherefore take unto you

the Armor of God not to fight that you may be able to withstand an evil they haven't done all to stand what should you still do so how you are fighting by standing say we wrestle how do you wrestle by standing so you take a stand when you are wrestling by standing it means you are not wrestling to win you are wrestling from Victory so that means the position is secure we have already won so I need to I'm not wrestling to win I'm wrestling from Victory because I know the outcome if I say go Satan will go so I need to know that as much as the diabolic has been explained in this manner it tells us that if we stand if we take a stand against that's it have don't to stand so the wrestling is not something that you say I have SCS that Satan have used to weep me talk for yourself just say wimpy cowardly defeated almost we can almost say you are no not saved and that's the story of many Believers and that's what they call the normal Christian Life the normal Christian Life Is You On Top Of Satan weeping the fellow it is defeated crushing its head now now I must admit some pastors do speak of Satan in such a glorious manner you feel like wow some also now speak of Satan in such a glorious Manner and make him so powerful like I I contented with one demon for 6 years before I finally won it's looking not like the Bible there are many stories they tell about uh and it Wows the people especially with eloquence with um a good use of physics and chemistry vernacular in your preaching it sells the communication sells the communication in a very superb manner why some others just go straight out and deny and say there's nothing like there's nothing like negative forces against me there's nothing like that there's nothing there's nothing evil in this world is not doing anything to anybody it's just a lie it's just stories they tell people life is just normal there's nothing don't be in any of the two the first guy is the worst guy the second guy is as worse as the first because that's also Satan's strategy both have been h both have one thing in common Satan is deceiving both of them that he's extremely powerful and the guy that says Satan is not doing anything at all Satan they have one thing in common they are both ignorant stand therefore having your L's G about with truth having on the breast with of righteousness so it tells us what we are to do but an emphasis he mentions that there are principalities and Powers rulers of the darkness of this world spiritual wickedness in the Heavenly places why is that going to bother us when it's in the Heavenly places and the Heavenly places is a planet far away that shows us again that the use of heavenly places should not be given word meaning like I said one of the fundamental challenges you would have in learning these kind of things that we're learning is coming from a background where you have had a wrong use of the word Heaven is always going to affect everything you are going to be learning because you keep thinking to that place you are trying to make you will not see biblical meaning of heaven so we said that in the Bible when you see the use of the word Heaven do not have those crazy ideas that we seek to have when we hear Heaven A a barrier ground Place uh the future destination of all mankind I mean just a lazy not even being not even to be born again just call an unbeliever say Revelation 21 revelation 22 which location do we all end even the even a blind blind Bas we say Earth but you want your final destination to be Heaven you see a challenge that you are outside Bible study

and because it's popular ignorance can be very popular say we Revelation 21:22 say I saw on the earth I saw land on the earth and I say ah so there's sense in what JW people were saying not exactly but you see Bible study is not I will also say there's no sense in what they are saying however Bible study is not I have this position I heard somebody say let me study the Bible to defend it no we don't study the Bible to defend any position we study the Bible to take the position of the Bible we agree that's why love what the Visionary says if God's word STS you in the face drop your preconceived notions like hot potatoes and that's the truth because uh when you find out that what you have been communicating is not correct deal with it deal with it immediately amen hallelujah are we good so the Bible has a use of the word heaven heaven Genesis chapter 1 and verse one in the beginning God created the Heaven and the Earth and we said that speaking about that in God's plan God's perfect Cosmos God's perfect Cosmos God's perfect cosmology cosmology is what we talk about everything in God's universe is Heaven and Earth what now brought the under Earth under under the Earth that's the fall of Man that brought the under the Earth or what we call hell and I will always beg you not to use the word hell because it has a wrong meaning that most people have when you hear hell first your mind is fire which is a Biblical problem is a it's a problem you already have that every time you hear hell your mind is on fire so when you say hell you see fire she say hell you see fire so already going to be having a reasoning that you don't have many Bible study for because the Fire part have not started say but Lazarus he say cool my tongue because the fire is boiling it's a parable dummy and parables are illustration Revelation says and I saw hell and death cast into the Lake of Fire hell and death cast into the Lake of Fire so why did I use Hell Fire because Hell Fire is used to explain the future destination of hell and death being consumed that's why you find it only in the four gospel and the word used to explain it is G which explains a point that the direct Jewish audience understood what Jesus was saying because Gina was just outside Jerusalem it was a popular dust Bean where they born I'm using D Bean waste place where they born and Destroy Refuge so Jesus using it to explain nobody would have they should have been thinking that oh Jesus using something natural to explain just like we take it here to finally get rid of it that's how how hell and death will be taken somewhere and be finally gotten rid of and so it's it's metaphorical in use that's why you won't find at all in the poine episodes you won't find in fact hell and fire does not make it in any of the episodes from Paul Peter John Jude none of them use the word but you see damnation because now they are explaining are you following so it is a okay pause take a deep breath pause Lake of Fire think about your education for a moment are you seeing it know we can be so fast cuz I don't what Pastor is trying to say calm down some people have not gotten it Lake Fire is Lake a body of water the a body of water or fire so that means it's figure of speech to explain something thank you so know what is explaining oh my Lord s for hell is the place of the dead so the place of dead on fire that's already that's already a figure that's already teaching you something so the place of the Dead on fire that means is destroy if he D how come somebody people are still there say it will burn forever

and ever and ever what a lazy study how can if you born forever and that me etal life what kind of you know now eternal life means you live for eternity Eternal damnation that means you are damned from eternity so the unquenchable fire is used to explain that is not something that the man can stop the man that is going to be destroyed cannot say stop this thing no it's going to be destroyed away from the presence of God and we explain all of these things and this series is not for Hell Fire maybe I'll teach you we just have a topic we have of course we have taught these things already in we have many messages on beyond the grave understanding death we talked about hell so you can listen to those teachings it will help you it's a simple Bible study so it's extensive enough however what I said now should be conclusive enough for to save you from an argument like is his own opinion I just told you is not in the which one do you know somebody see pick your fight well with tell people you want to argue with somebody the person you are trying to argue tells you that there's no reference to something and you are arguing you don't even know where the references are how can you win that kind of you know life choose the battles you fight even if you just say maybe I don't know it I will go and do research and somebody giving you fact you are saying it cannot be correct which one do you know you don't have the fact it's better to fight another day ABI that's how to reason that's proper intellect use of you can't just say no no that's arrogant you you it's like many years ago where people Eternal one say for say whatever they call it I don't teach one forever sa in case you want to know I believe I believe Jesus giving us eternal life I believe what Jesus did is once and for all I don't use such label because those labels already have a negative connotation so I stay away from controversies because it has a negative connotation I actually do believe what they believe but I don't teach it like that I remember preaching in a major Holiness Church on Eternal salvation and the pastor they were all so happy I said If Only They knew that is what they don't like that I'm teaching them I said where is Jesus Christ and say in heaven where are you are you in Jesus they say yes are you going to be with Jesus forever and ever they say yes are you sure they say yes is are you in Christ they say yes I mean the way everybody was shouting with me I said say I'm in Christ forever I'm in Christ forever wait till we they talk you just like that it's just what are we now fighting I looked at the pastor I say we are in Christ forever he say yeah what come be the forever what is in Christ you see that so he just use of words so people already have an issue with a word so inside of teaching I still teaching them I say how many times Jesus died for our sins everybody shouted once I I read Hebrews he say once for all they say yeah I mean the teaching was tough that time I used to preach for reaction I mean I needed your feedback so I pre it that they respond I said how many times say once he just coming back to die for our said never I say his death was enough they say see people his death was enough they say yeah his death was enough he dealt with sin forever yeah so what they talk is not coming back again to deal with sin yeah so what are you angry with somebody else for so you realize sometimes some people just like argument you know that people already have an issue with a word but you keep using the word you just looking for qu Baba teach later

on people will see how stupid people get to see how stupid they are yeah I remember later on that Pastor did ask me that do you believe in that Doctrine I said which Doctrine he said that one he mentioned the name I said e is that a Doctrine is that a Bible Doctrine he said I wonder I said but eternal life is a Bible doctr he say yes I said that's one we have he said yeah I I said go in my mind this ignorance go I they tied that hair in that church that day the women I mean the gwn was long I will not mention the church but they were enjoying the message you can tell that truth set people free so what is now the bondage that you keep yourself use of word but you take time understand take time Hallelujah so the word people uh what enters people's mind can really really really really really be troubling so that's why I say stay I would avoid the use of the word hell I prefer we just use the word he this Shi I hope you know what led us there I'm not trying to teach you on hell but I mean when you Heaven Earth and underw now the underw or under the Earth is what is going to be done away the way is going to be done away with is with Fen heat that's the imagery used to explain it AB be because fire destroys completely and they now use an example of Sodom and gomorra Sodom and gomorra is not still burning to today it no longer exists that's how the sinner will no longer exist that's the example in the scripture used to explain so it's not that he borning forever and ever so just as Andor cease to exist that's how sin Satan devil all wickedness we cease to exist there will be no more I mean see emphasis in Revelation is no more that's an emphasis in Isaiah in Jeremiah in Ezekiel where Paul gets his teachings from are you with me are we good so the use of the word heaven so in the beginning God created the Heaven and the Earth it doesn't put under the head there because that's not in God's universe that is outside God's universe and that's why God will get rid of what is outside this universe just like sin entered into the world Romans 5: by one man sin entered into the world the word enter to com in from outside so go sin is not in God's original World sin entered everything that entered that God did not plant God is going to remove what's AB whatever the only father has not planted shall be uprooted AB that's in the last day we uproot the Tas that he did not plant he planted wheat the enemy so TS but we wait for the end of the world to uproot so that the wheat is not destroyed in the uprooting light is not destroyed with the darkness so he will separate sheep and goat Abby all right so I'll teach you something this year about our Heavenly reward so in teaching you under Heavenly reward will teach you around hell and Final Destination so that will help your Bible study too so keep that in mind uh this year you still going to learn something around that but for now let's focus on our topic on sin forces understand our Authority in the Supernatural World AB understanding your Supernatural Authority so Heaven and Earth Genesis 1 vers1 Genesis 1:8 he uses the word heaven for f God call the firmament Heaven that word so that heaven is the atmospheric Heaven the firmament is called Heaven that's the same word in Genesis 1:9 let the waters under the heaven under the heaven Waters under the cloud under the atmospheric heaven so I we see that there's water in the heavenlies which make up the cloud there's water in the heavenlies or heavenlies the cloud out there's water there and there's water in the ground and the Gathering Together Waters

called he sea so you see the explanation then there's light in the heavens Genesis 1:1 14:15 again he use sun moon and star which is physical Sun Moon and ST which also explains Supernatural Sun Moon and ST which will explain supernatural beings however physical Heaven is being mentioned there are you aen so the use of heaven heaven heaven then we get to Genesis 11 and they said go to let us build us a city and a tower whose stop May reach onto Heaven let's build us a city and a tower who stop May reach onto heaven now that's not a planet a away so Heaven here is Supernatural they were building a place for super natural beings we'll come back to it Genesis 14: 19 Abraham I'm reading references of the word heaven in Genesis in case you're paying attention Genesis 14:19 MC blesses Abraham and said bless be Abraham of the most high god possessor of Heaven and Earth you see Heaven and Earth is used together Abraham is called blessed of God possessor of Heaven and Earth Genesis 15 verse 5 God tells Abraham to look now towards heaven and tell the Stars he cannot be looking into another planets look into the Unseen and tell the stars and the stars there shows you supernatural being not physical stars look into heavens and tell the Stars so so shall your seed be so your seed shall be like the supernatural beings so that's why the same imagery used to explain supernatural being used to explain the church so your see the church will be just like those stars of Heaven Genesis 21 and verse 17 and God heard the voice of the lad and the angel of God Called to hagga Out of Heaven and said unto her so the angel is calling to hagga Out of Heaven but where is hagga on the Earth on the earth hagga is hearing a voice Genesis 22 and the angel of the Lord called unto him out of heaven and said Abraham Abraham Abraham is on Mount Moriah but he's hearing a voice out of Heaven out of a distant planet or out of the Unseen World so he's hearing the voice out of heaven and he's hearing with his he's hearing it just like you hear with your physical ear so he's hearing where is Abraham on the earth now come on are you see there is no distance so that heaven is around Abraham for Abraham to hear from there okay you don't get it Gina reg you say I'm hearing a voice is that not your name so as we are calling your name calling your name you cannot see some notice somebody down the road is not going to answer you're going to CU you can hear for you to be able to hear it it must be close proximity now yes sir you heard a voice out of Heaven you not and you are on the earth you didn't have to disappear into heaven a distant planet no you heard it and you were here all right you realize that the way they use the word heaven in the Bible they use it a lot Abraham and Ang of the Lord called onto him out of heaven and said Abraham Abraham and he said here am I and the Ang of the Lord called unto Abraham Out of Heaven the second time Genesis 22:15 Genesis 24:3 Abraham makes his Steward to swear by the Lord God the god of Heaven and Earth that th will not take a wife unto my son of the daughters of Kenan night you will not take a daughter the god of Heaven and Earth have you seen the use of words the god of Heaven and Earth Genesis 28 Jacob dreams and he and behold a ladder set up on the earth and the top of it reached to heaven now notice the same use of what Genesis 11 for Babel the top of it reached to heaven so now Jacob is having a in a dream a ladder set up

on the earth and the top reach to heaven and behold angels of God are sending and descending on it Genesis 282 AB jum to 17 he was afraid and said how Dreadful is this place this is none other but the house of God this is the Gate of Heaven where was Jacob a different planet or on the earth in a place called locks I u z which is later called beel betel means House of God so because of the encounter he had he renamed the place and because he had a great name upon the Earth that became the name people were calling it not originally when he called it so it took a bit of time before people now change it from Lo to better because he later on had a great name on the earth so people could take what he said that this would be the name of the place that's why it was the normal name of the place is lo Lu Z but he had an encounter there and said this is beel this is House of God are you seeing it it was in a physical place and he called it the Gate of Heaven are you following imagine the audience is not confused imagine Jacob is not saying Heaven is a planet far away are you see that they did not have that heaven as a distant planet they didn't have that in mind this is the Gate of Heaven the house of God house of God there was no building yet he call it House of God because it was a place of Revelation are you following it's the house of God the Gate of Heaven Exodus 16 verse4 then said the Lord unto Moses bill that will reain bread from heaven so there's bread in the cloud obviously you should have sense enough to know no I rain bread from The Unseen AB so is that Miracle bread from Heaven remember I told you I give you eight explanations of the word heaven in summary applications of the word heaven Heaven is used to explain the miraculous bread from Heaven fire from heaven all right Exodus 20 now 10 commandment Exodus 20 and verse3 thou shall have no Gods before me so they obviously are but don't have anyone before me that means they are not to be worship verse four Thou shalt not make unto thee any great Living Image or any likeness of anything that is in heaven above or that is in the Earth or that is in the water under the so you see another word used to explain under the Earth Waters is used to explain under the Earth that's why they say there will be no more seas because sea in ancient mythology used to explain chaos that is in the sea that's the word water that what are there the word sea Mayim Sea Under the Earth so you see Heaven Earth and under the Earth are you following now Heaven Earth under the Earth Exodus 20 Exodus 20:22 and the Lord said unto Moses th thou shall see on the children of Israel ye have seen that I have talked with you from heaven where were they on the earth AB I have talked with you from Heaven are you following just see that just in reading the use of the word heaven we are just we are still in Exodus and we have 64 more books to go it's not 66 books that are in the Bible so just Genesis alone you already seen that heaven has a wide application is not distant planet I talked with you from heaven and it was in m m that's the heaven so I talk to you from Heaven the other man was in Lo he said that's Heaven this one is in he say that heaven okay Exodus 24 to see that is serious Exodus 24 and verse 9 then went up Moses Aon nabab and Abu and 70 of the Elders of Israel and they saw the god of Israel and there was under his feet as it were a paved work of the sapphire stone and as it were the body of Heaven in his clearness wow wow they

saw God okay explain that in the teaching uh who is like unto the ABI understand the preeminence of Jesus we thought about that that was our last lenty series Deuteronomy 1:28 wether shall we go up our bedens have discouraged our heart saying the people is greater and taller than we the cities are great and W up to heaven and moreover we have seen the sons of the the anarchs it say World up to Heavens now that means Supernatural fortification the place is supernaturally fortified walled up to heaven the place this is where they said we as grasshopper in their sight the Joshua and Caleb now said no no no those people has bread for us are you following now to see that let quickly pause there come to New Testament books you see that is the same use of the word Heaven Jesus was being baptized Matthew 3:6 and Jesus when he was baptized went up straight away out of the waters and L the heavens were opened unto him and he saw the spirit of God descending like a dove Jesus was being baptized and the heavens were opened upon him and he saw imagine you thinking as a distant planet was opened no now are you following verse 17 and L a voice from Heaven saying this is my beloved Son are you following not a distant planet not a distant planet is not amazing that you can lay Treasures in Heaven and you are on the Earth but you laying Treasures in Heaven the man on the earth is laying treasure in heaven that thing that makes you separate it you are on the earth doing something Bo it's called you are L treasure in heaven you have not seen it before it's Matthew 6 all right the same Matthew 6 says after this manner therefore pray Our Father which art in heaven Hallowed be thy name our father is in heaven thy kingdom come thy will be done in earth as it is in heaven is where we get heaven on Earth the same thing is in Deuteronomy you see the use of Heaven on Earth we are to preach the kingdom of heaven so the use of the word heaven heaven heaven heaven now one of the clearest examples is Peter at least we remember this Peter story very well second Peter one for we have not followed conly Divine fables when we made known to you the power and coming of our Lord Jesus Christ but we ey Witnesses of his majesty for hearing received from God the Father honor and Glory when there came such a voice to him from the excellent Glory this is my beloved Son in whom I am well pleased where did that voice come to him from from Heaven AB okay but he called it excellent glory and this voice which came from heaven so that you can't miss it that he knows the context and this voice which came to him from heaven we heard when we were with him in the Holy Mountain this voice which came so it can't is where he was because Peter were with him in the Holy Mountain and the voice Came From Heaven are you following so the use of the word heaven now look at Revelation and people have the Book of Revelation that's this Challenge and they are still looking at a planet called heaven Revelation 4 and verse one after this I looked and behold a door was open in heaven and the first voice which I heard was as it were of a trumpet talking with me we said come up hither and I will show the things which must be Hereafter where is John the aisle of pmos thank you Revelation chapter one in case you want to be sure just those of you who are taking your Bible seriously verse 9 I John who also am your brother and companion in the tribulation and in the kingdom and patience of Jesus Christ was in the

aisle that is called pmos so it told you where he was physically AB he was in the island of pmos for the word of God and for the testimony of Jesus Christ I was look at verse 10 I was in the spirit on the Lord day now underline I was in the spirit I was in the spirit on the Lord's day and heard a and heard behind me a great voice as of a trumpet I was in the spirit AB okay now Revelation 4 1 and two after this I looked and behold a door was opened in heaven and the first voice which I heard was as it were of a trumpet talking with me which said come up here and I will show thee things which must be Hereafter and immediately I was in the spirit so is he using heaven to explain being in the spirit thank you and behold the throne was set up in heaven he said I was in the spirit a throne was set up in heaven so are you see it's using interchangeably thank you so we said Heaven is the realm of the spirit is that simple enough I was clear clear clear all right so so let's go back so the use of the word Heaven are supernatural beings in heaven angels in heaven are they in heaven are angels in heaven allow the use of the word angel I know you know we use the word supernatural being but allow that use of the word angel because it's still correct it's just that it's a function terminology angels in heaven Abby Matthew 18 and: 10 take heed that you despise not one of these little ones for I say unto you that in heaven the Angels do always behold the face of My Father which is in heaven Matthew 22:30 just to show you that angels are in heaven I mean see that Bible study is simply reading reading you have to read again and again so pay attention to what you are reading and the context does not negate it m 2230 for in the resurrection they neither marry or are given in marriage but are as the angels of God in heaven there's no need what the context teaches is not that there's nothing like sexual perversions among supernatural beings no that's not what he's saying he says they need not so there's no need for it there's no need because using to explain human beings that will really pain Muslims because they are looking for many virgins what a heaven that looks like hell you're going to heaven because of virgins nothing more canner than that they looking for virgins you have lost even the even in heaven Your Lust on the Earth was not enough now God is going to help you with your Lust by packing virgins for you why not pack men even in even in that world you are still uh uh you are still against women why does women not have many men packed for them you didn't think it many virgins for men what about many virgins for women in heav to cool their blood very silly stuff Luke 2:13 and suddenly there was with the angel a multitude of the Heavenly hosts are you seeing it a the Heavenly Host praising God and saying praising God and saying glory to God in the highest and on Earth so is what they are saying what they say don't see quiet see what what they are saying just like you can pra saying because praise is saying are you following you have to say something Luke 2:15 and it came to pass as the Angels were gone up from them into heaven Luke 22:43 and there appeared an angel unto him from heaven so I don't think anybody is arguing that supernatural beings are in heaven people normally agree all right thank you so you see that the Bible does explain that supernatural beings are in heaven is that part of our applications Heaven is used to explain the place where supernatural beings are are quiet

first salomon 4:16 and the Lord himself shall descend from heaven with a shout and with the voice of the Archangel and with the Trump of God and the dead in Christ shall rise first all right talking about the resurrection Hebrews 12 Hebrews 12 verse 22 but ye have come is that you and I but you have come unto Mount Zion now Mount Zion onto the city of the Living God the heavenly Jerusalem are you seeing that a city is on the mountain all right so follow that imagery City on the mountain and you have come so using the city narrative because city is used to in anient times it is used to explain a place bordered by supernatural being it's called a city that's why be is called a city Asian City or be those days olding Days meaning of the word City when you when you call a place a city you are saying that this is a place that is protected by supernatural beings that's why you call it a city it's a city it has walls it's fortified a place of fortification I will use Mesopotamian phrasing a city is a city a place W by the Watchers a place that has Watchers all around and Watchers is a technology that used to expl Supernatural being so a place that is awake you know awake today is you now say modernization to explain city the city does not sleep there's always light you can buy things even by 2:00 a.m. but anient terminology the city is awake that means is bothered around Watchers they always awake so a city a tower you see the inter Zion the city of God we explained that in our gathering together AB Psalm 48 Zion is called the city of God AB you are quiet let's read this one first at least follow what we are reading Hebrews 12:22 you have come come onto Mount Zion and is the same thing so Mount Zion is the city of God the heavenly Jerusalem are you seeing phrases because in the Bible there's Jerusalem that is used to speak of our inheritance that's why it says Heavenly Jerusalem Jerusalem that speaks Jerusalem that is used in a Heavenly manner that is used to speak of a Heavenly reality not natural Jerusalem that is in the Palestine region AB be not that one Heavenly Jerusalem to an innumerable company of angels so angels and us are in the same place AB to the general assembly and Church of the firstborn which are written in heaven say my name is written in heaven and to God the judge of all and to the spirit of just men made perfect Spirit of just men Spirit of men that are Justified just men men men just men so Justified men made perfect because by one sacrifice of Jesus we are perfected forever clear CL clear so supernatural beings are in heaven host of Heaven come on so the host of Heaven narrative is used to explain where supernatural beings are so just as we are seated together with Christ in the heavenlies Ephesians 1 verse three say we are blessed with all spiritual blessings in the heavenli Ephesians 2:6 say we are SE together with Christ in Heavenly places AB Ephesians 1:21 says far above all principality and part Ephesians 6 verse 12 we rest not against flesh and blood but against principality and power and he give that list then he ended with spiritual wickedness in Heavenly places now somebody said my blessing and my problem is in the same place that's a foolish interpretation of scriptures AB say I'm in heaven angels are angels are in heaven demons are also heaven we all in the same place my blessing and my in the same place Heavenly places in Christ Jesus so you see that you can think you can only now put devils in Heavenly places in so the devils are in Christ AB the Heavenly place you are in is in Christ

Jesus see that is localized so now the pl Heavens in the Hebrew there's a plural word used for heaven Heavens there's a plural explanation of the word Heaven Heavens did you get it Heavens why because when you go up the cloud the ancient saw that there are many things up so they now put an S so because we we cannot singularize it you see that they still know something we cannot singularize the heaven so they use the word heavens and that's so correct so you see Paul talked about the third heaven are you with me Paul talked about the third heaven I knew a man whether In the Flesh I do not know caught up to the third heaven so he use the word to and heaven so that shows that there's an arrangement ab 2 Corinthians 12 in case you don't know where it is 2 Corinthians 12:1 it is not expedient for me doubtless to Glory I will come to visions and Revelations of the lord we Tau this in the spirit of sin and knowing I'll come to the visions and Revelations of the Lord I knew a man in Christ Jesus he speaking of himself if you read down you will know he's speaking of himself I knew a man in Christ Jesus I knew a man in Christ above 14 years ago whether in the body I cannot tell or whether out of the body I cannot tell God knowe it such and one cut up to the third heaven and I knew such a man is putting himself in a third person as if he's not the one and I knew such a man whether in the body or out of the body I cannot tell God know it why is he using this kind of phrase whether in the body out of the body because he had this experience where he was stoned to death and when the bed gathered around him he got up that's why I told you 14 years ago so you can actually arrange it according to the book of Acts to know where he's talking about all right how so he couldn't tell because they beat him it was in that stage where he was between conscious and that's why I say I cannot tell so he's not being silly he can actually tell when he's having a an experience but that one he could not tell how that he was caught up into Paradise wow Paradise the same word used today you shall be with me when J talking to the thief on the cross Jesus spoke to that Thief today it was in the today of Jesus and the thief not that the thief was going to be with Jesus because Jesus was not dying to Paradise he was dying to go to Hades the place of the dead he was going to go to the place of the dead and in three days he will conqu Psalm 68 he ascended up on high which is Ephesians 4 he that descended the same that ascended be he that ascended the same that descended first the first to the lower part of the Earth are you following lower part of the earth that teaches you again the Hebrew cosmology because there are three parts of the earth there is above the earth called Heaven the Earth and under the Earth if you want to use Earth to explain it I've taught you that before that's where we say heaven the Unseen word yeah Earth the seen word yeah had this or sh Heaven and Earth away from the promise of life outside the reality of Heaven and Earth the place of death death is away from life so the place outside the living outside the sphere of living and the place for living is Heaven and Earth so are you following all right so the Hebrew had different words that they used to explain hell so there was Shield there's Waters the Nether world under the waters hell itself beneath the earth I mean there are several phrases they use to explain hell just like several phras they used to explain heaven so he calls the third heaven cut up into paradise and I unspeakable

Words which is not lawful for a man to utter so he uses the third heaven to explain the kingdom of God AB of such a one will I Glory yet of myself I will not Glory but in my infirmities unless I should be exalted above measure though the abundance of grace there was given to me a thorn in the flesh a messenger of Satan to buffet me cannot be it cannot be a sickness neither can it be a sin because thorn in the flesh is a term used in Deuteronomy judges to explain the Nations around Israel shall be a thorn to Israel's flesh so it's used for persecution cannot be that Paul had a sin he was dealing with because you want to sin you want to use Paul as your excuse so you see he's talking of himself because he made mention of Revelations and Visions then in verse 10 I take pleasure in my infirmity so he was speaking of himself I have become a fool in glory ye have compelled me so the signs of an apostle were wrought among you so are you a man so the third heaven so where did they get that arrangement from first second third Genesis to Mal the first Heaven the atmospheric Heaven the second heaven heaven where unseen beings are the third heaven which is the Heaven of Heaven shamayim of shamayim the heavens of Heaven which is called yahweh's throne room so that's the third heaven so it's used to explain he yahweh's throne room now we look at it as we go on so in case you want to know where we are host of heaven so host of Heaven are in heaven obviously of Heaven the the host that is in heaven the armies in the heavens heaven is not a planet Heaven is the Unseen World the nonmaterial world the invisible World here AB come on now does heaven overlap the Earth are they in the same place so that means there's heaven everywhere as much as there's Earth everywhere there's heaven everywhere on this Earth and there's Earth everywhere on this Earth that should not be hard that's easy ground nobody can argue there's there's everywhere in the earth now so just as there's a place we go to the Earth go to on the that is not the Earth so so Heaven and Earth that's why you see they have remembered Hebrews 11:1 to 3 they have to use the visible to explain the invisible they have to use the sin to explain the Unseen word are you getting it they use the scene to explain the Unseen word so Heaven Earth so you see why they now use above which is also correct which is of course the word Hebrew word for his uh reia used to explain the atmospheric heaven so that heaven remember the idea they have to use what is seen to explain what is unseen so up that way you get length breadth and height Theory Dimension so we live in a theory dimensional you now put fourth dimension because you have length and height and time so you now say four dimension 4 d you see we use different words but we live in a three dimensional length breadth and height so you see all those calculations come on I did that in the teaching Heaven and Earth AB man in two words part two of man in two words AB ah 11 Ser 11 there were 11 teachings inside it like AB Tau it now that's like last year early last year I be two years ago early last year all right Heaven and Earth so we thought that why am I always giving you references so that you know that there is a place where these things have been taught extensively all right and there's nothing wrong in having references are we good so I'm taking it slowly so that everybody get it so host of heaven so they are in the Heavenly they are in the heavenlies so supernatural beings are

in heaven supernatural beings are where in heaven so host of heaven so is there light and darkness is there light and darkness in that heaven is there light and darkness Genesis 1 and let there be light in the firmament of the heaven to divide day from night and let there be for signs I told you signs that's a cryptic language the signs so the sun moon and star are for a sign they are a sign that they are unseen forces in the heavenlies there are a sign that there are supernatural beings in the heavenli so there are a sign and so we saw people worshipping someone and I told you they were not idiot they were not worshipping physical son they were worshipping the power behind it a the force behind it did you get it all right so let them be for let and let them be for light in F of the heaven to give light upon the Earth and it was so vers 16 and God made two great light the greater light to rule the day and lesser light to rule the night he made the Stars also and God said them in the firmament of the Heavens to give light upon the Earth to rule over the day and over the n and to divide the light from the so there's dividing the light from the darkness and God saw that it was good so dividing the light from the darkness just like Genesis 1 verse three where God said let there be light then verse four God divided the light from the darkness so we see again God dividing the light from the darkness and we explain Genesis 1 1 to 3 with the context of Moses writing to explain beings human human beings after the fall that there's now light and darkness saved and unsaved but God's plan is not changing AB so without form and void is Darkness people that are not saved they are in chaos they in darkness they sit in darkness but they have seen a great light so the light but God has not changed his mind he still L there be like God wants all the Earth to be full of light AB God wants all men not just when we say all the Earth all men to be full of light so all men to be saved remember John 1 verse 1 in the beginning was the world and the Word was with God and the Word was God the same was beginning with god without it was anything made that was made in him was and the life was the light of men there was a man sent from God whose name was John the same it was not the light I be the same came to be a wit of the light that true light that lighted every man that come to the world so when you talk about light light is used to explain men ye who were some sometimes Darkness but now you are light Ephesians 5 verse 8 you were sometimes Darkness we are children of light children there children of light there of darkness in talonia AB all right so light and darkness is used to explain Believers and unbelievers is that not so the same way uh second coin says what communion has light with Darkness what Concord has light with Darkness what Concord has light with Darkness Be not unequally Yoi together with unbelievers 14 2 Corinthians 6:14 and what conquer has Christ with b and what part has he that believe with an unbeliever what agreement has the temple of God with Idol so there's light and darkness verse 14 AB be fellowship with righteousness and unrighteous and what communion has light with Darkness what communion has light with Darkness so light and darkness used to explain Believers and unbelievers is that not so so in the heavenly host in the host of Heaven do we have light and darkness so the light in the Heavenly Heavenly hosts that are of light would that be the good ones heavenly host that are dark would that be the bad

ones so we see that in second Corin that Satan himself seeks to transform himself to be an angel of Light so angel of Light so if there's angel of Light then there's Angel of Darkness is that not 2 Corinthians 11 and verse 14 and no Marvel for Satan himself is transformed into an angel of Light speaking about how people transform to be false Apostles 2 Corinthians 11:13 so Satan himself transformed to an angel of Light so there's angel of Light are you following angel of Light what about Angel of Darkness Jesus said now is the hour of Darkness you see Power Of Darkness AB of Darkness okay so this host of Heaven do they have a function is there a reason why they were made now remember we said we are going to allow acient men be acient men acient men acient thinking AB be all right will not bully them with our 21st century use of words will not bully them with our 21st century use of words we will not bully them with our 21st century use of words so take note of that um if God wanted Modern Men to be inspired he would have inspired mod men ABI but God inspired which men ancient men second millennium BC oh that reminds me I said first century a I've been putting first for second millenniums in the last two weeks but you get the point AB all right second millennium BC and first century ad man brain is more ad so first century ad after death that's the apostles AB second millennium BC that's the prophet second Millennium AB starting from Moses so second millennium BC and first century ad men is who God inspired to write is that not so okay all right um so why did God create these supernatural beings why did God create the supernatural beings Hebrews 1 and verse 4 Hebrews 1:14 are they not all ministering spirits send forth to minister for them who shall be heads of Salvation I've told you the use of the word send forth to minister for them I told you that word for is the word true AB so does not mean that we are Comm Angels come here now Angel go here that's stupid nobody tgh you taught you to be doing like that that's not that's not biblical however Angels respond to us AB be they act in our using of authority Angels respond so angels have a function towards mankind so God did not make them for himself God made them to serve a function on the earth AB Genesis 1:26 and let us make man in our image after our likeness AB who is the US there we said that is let us make man let us make man let us make man let us us make man let us make man in our image let us make man the US is not supernatural beings God is the sole creator of mankind AB be when he say let us but there is an audience who is the audience he's referring to they are the audience just like we say let's go shopping naturally if it's a well-raised person that's the person that is supposed to pay I say it because some people are not well raised somebody shared a true story with me they were outside the country and somebody called them say come out let's go let's have breakfast so only for the end now say they should pay everybody should contribute and now they should put money inside plates ahh but you were in our on our own you say let's come you know some that's why I say well raised cuz people are just naughty is the person that say let's go out normally is the one that fo the be it's amazing but so he say let so that language when he say let us make man does not mean that everybody is going to be the everybody's going to be making man so there is a background and you must get used to that background you see

again Genesis 11 let us go down so there is an audience there is an AUD so was there a creation before was there a Heavenly creature before Earthly creatures were made that's the question and we said yes supernatural beings were made before man AB Colossians 1 tells us that they were created come on don't sleep off for by him were all things created Colossians 1:16 for by him were all things created that in heaven that are in the earth visible and invisible whether they be Thrones Dominion principalities Powers all things were created by Him and for him so they were created supernatural beings were created so they are not uncreated so they are not God Only God is the uncreated creator so supernatural beings were created I repeating it again and again they were created come on supernatural beings were created clear yes sir they were created job Book of Job 38 Job 38 and verse four where was thou Job 38 and verse [Music] 4 where was thou when I laid the foundations of the earth follow where was that when I laid the what decl th has on where was that when I laid the foundations of the earth is that the foundings of the earth So when you say Foundation the beginning just like you lay foundation for a building okay where was that when I founded the Earth declare that who has laid the measures thereof if thou knowest or who has stretched the line upon it the line upon it you see from God's perspective they all together or who had laid the Cornerstone thereof when the morning Stars sang together and all the sons of God shouted for Joy when the morning Stars you see the use of the word morning Stars When The Morning Stars When The Morning Stars When The Morning starts where the morning starts where the morning sang where the morning Stars sang together where the morning stars did you get it where the morning Stars sang together where the morning Stars sang together and all the sons of God so what does he explain he explains the morning Stars alongside with the sons of God and sons of God so shouted for Joy so why do they use the word morning stars because the Asian the Morning Star is the first star you see signifying new life so they use the word Morning Star to explain that they were before the dawn of man there were beings before the dawn of man so they call supernatural beings Morning Star are you following supernatural beings beings in the heavens Heavenly beings occupants of the Heavenly World residents of the supernatural World which are called Elohim don't need to put s Elohim is already a plural word AB residents of the supernatural world are called morning stars stars C be Stars I am so Stars used to explain Supernatural be AB hosts of heaven so the morning Stars so they were before the dawn of man before man was made they were made before man was made they were made so God created supernatural beings before he made man God created supernatural beings before he made man Isaiah 40 and verse 21 Isaiah 40 and verse 21 have you not known have you not heard has it not been told you from the beginning have you not understood from the foundations of the yet it is he that seated upon the cycle that's why I say the lines he drew the lines there on so is he that s upon the cycle of the earth why cycle because the ancient had a world tree they had Heaven Earth under the Earth as a world tree so the under is under the Earth under where the tree is under the Earth so the tree is where you see under the Earth the globe up is

Heaven and Earth the under part of the tree is where you get under the Earth do we have do we still have that picture you guys don't have it again so we put it up on Sunday we'll put get back so that some of you see it the ancient had an idea of a world tree you see that world tree picture Hallelujah lift up your eyes on high where are we verse 22 it is he that sit upon the cycle of the Earth this cycle of the earth is that world tree concept this cycle of the Earth has Heaven Earth under the Earth I hope you get it so when you use cycle of the Earth Here universe and the inhabitants there of as grasshoppers that stretched out the heavens you see talking about Earth and he's mentioning heaven so there's heaven in the Earth are you following that stretched out the heavens notice the plura heavens as a curon and spreaded them out as a tent to dwell in you see that the heaven is used to explain a tent a tent it's like a house to dwell in all right that bringeth the princes to nothing he maketh the judges of the earth as vanity yeah they shall not be planted yeah they shall not be swn yeah their stock shall not take root in the earth and he shall also blow upon them and they shall wither and the white wind shall take them away as trouble to whom then will you liken me or shall I be equal see the Holy One so remember once you see this kind of statement denial statements is to Telegraph God God's uniqueness his matchless his uniqueness his incomparability among other supernatural beings AB so that God is Spirit supernatural being are Spirit does not mean that in the same class all right lift up your eyes on high and behold who had created these things that bringeth out their host by number so it was God that made them he colored them all by names by the greatness of his colored them all by name so they all have function by the greatness of his might for he is strong in power no one fath so he colored them by name did you get it Psalm 147 and verse 4 he tell the number of the Stars he colored them all by their name these stars is not physical Stars he tell the number of the Stars he call them by name did you get it so supernatural beings clear clear clear Psalm 148 praise ye the Lord Praise ye the Lord from the heavens Praise Him in the height praise ye him all his angels praise him all his host did you see it the word host Praise Him Sun Moon and praise Him sun and moon praise him all ye stars of light are you seeing stars of light all right praise him because the stars of Darkness don't praise him they are falling they are the falling sons of God falling supernatural beings AB Praise Him ye heavens of heavens and ye Waters that are above the heavens let them praise the name of the Lord for he commanded and they were created he had also established them forever and ever he had made a decree we shall not pass praise the Lord from the earth ye dragons and all deep so it's now goes down that everything will praise the Lord everything in the earth in the whole Cosmos will praise the Lord everything will praise the Lord nemiah 9 nemiah 9 and verse six thou even Thou Art Lord alone thou has made Heaven the heaven of Heavens with all their host the Earth and all things that are therein the Seas and all that is there and thou preserveth them all and all the host of Heaven worshiped thee is it clear all the host of Heaven worshiped thee all the host of Heaven worship thee so the supernatural beings were made to worship God not to take worship but to worship God AB all right so clear clear clear okay now go to Genesis 11 Genesis 11 now we're going to test

your understanding if you have been paying attention Genesis 11 let's go Genesis 11 are you there Genesis 11 Genesis 11 and the whole earth was of one language hope you have a Bible the whole earth was of one language could that be sand Earth is sand or people okay so when you say heaven Just Like Heaven is used for supernal Earth is also used to explain Men Thank you so the whole earth was of one language and of one speech and it came to pass as they journeyed from the East that they found a plain in the land of Shinar and they dwelt there every human being was walking no that's stupid everybody everybody the was matching hope that's what you have in mind okay beg you the challenge is reading verse one and verse two that that whole a that was of one languages as it came to part as they journeyed so that whole earth is journeying Aba calm down that's not what they are communicating so the whole earth was of one language and one speech symbolizing the whole earth had similarities in their communication what is the end of communication understanding so the whole earth had similar understanding what that means is the whole earth had the same culturing which I've told you before they all had a supernatural context a supernatural world view so they are world view because what's the end of communication to know that so that you know how to talk is communication for ah somebody say yes is communication for communication or communication is for understanding so the end of communication is for you to have understanding so language and one speech does that make sense the whole earth of one language so you use the word one language when you say language let me show you that the word language is the same word for Genesis 22 Genesis 22:1 17 that in blessing I Will Bless thee and in multiply I will multiply th thy seed as the stars of heaven and as the sand which is upon the sea shore that's the word Shore s h o r is the word language Shore upon the seashore and th sea shall possess the Gate of his enemies the sand which is upon the seashore The Edge so the word language is used for a bank the bank of a river the bank of a sea it's used so what does that mean the bank of your mouth the lip so the whole earth was of by using language that the was was of one lip so everybody had the same shape of their lip no that cannot be what he's saying see what I did I give you the etymology of the word that the word language where the word is gotten from that word language used there is the word Safa s a p h a a h is the word used for the a bank b n k The Edge so just like the edge of your the bank of your mouth is your lips your lip is at the edge of your mouth AB be thank you so that's so when they say the whole earth was of one language you can move the word language and put l i v the whole earth was of one Leap now you are thinking the brain is working it's not just they speak everybody everybody was just speaking too on everybody was just speaking e everybody was just speaking EUR everybody was speaking bie everybody was speaking a then before everybody was speaking speak Hebrew everybody was speaking that's not what he's trying to communicate so notice he uses two words language and speech some people don't like explanation they just like just shake and shake and shake and shake and give me so once you start explaining they're like why all this waste of time okay so the use of the word language now do you know the word language also used as speech in the

same Genesis 11 in verse seven it was used as language and speech go to let us go now and there confound their language that they may not understand one another's speech language and speech there is the same word used for liap they will not understand one another's liap I i is that the natural boundary of the mouth yeah terminates with the tongue so use it the whole earth was of one language and of one speech the word speech is the word daa it was of one language and of one speech so when you use the word daa speech is used for word w o r o d the word of the Lord is used for a purpose a provision of Promise use for a matter a thing that is spoken and advice and answer I mean there's a loud context 100 1,427 times to what daa is used different a very wild application w d e wide application and the whole earth was of one language and even of one word so you see the end is communication is not God that change people's language you can create new language today is not God that created PG English don't you know how many languages are up to 200 years old just ask Google Google will teach you I mean so the old language on the change in bad what the bad language that up to 200 years old English is not even up to 1,000 years old I mean this English that we are speaking right now that I'm using to preach is not up to 1,000 years old so that means nobody was so when God gave different people language in Bible they were not speaking English wow so are you seeing it so calm down so if everything you want to just see is that children book yellow pages from the watch Society AB it's not Yellow Pages because they are the ones that populated that idea it's not Bible there are so many many negative nonsense ignorant ideas that have been popularized that is not in the Bible that is just a denominational Viewpoint and because they have money they fill the Earth with their material so money can go a long way AB be Prosperity shall thy kingdom be spread abroad so and the whole earth was of one language and of one speech so the whole earth was of one liap and of one word so that really tells you that they were communicating they were hearing each other so upon that communication verse two and it came to pass it came to pass upon the fact that they were every people of everybody that had lips everybody that had a mouth people were communicating among each other that's the speech upon their communicating with each other they now said come oh let's go let's do something so it couldn't be everybody in the o thank you now you are following and it came to pass as the journey so put an a portion as a portion of people were Journey from the East they found a plane they found a plane they found a plane that's like a valley in the land of sha and they dwelt there and they said one to another are you seeing that is communication so they were communicating with each other and they communicated let us make bricks and bond them thoroughly and they had bricks for stone and slime had they for MTAR same way you have SMI sand ab and you mode block so that's the same they are doing and they said go to let us build us a city so the use of the word goto is used to explain a happening in in time happening in life so and they said in in a matter of time you see that what the dreames go to now you say today tomorrow we have going to such C and abide but you know not that your life is but a vapor so the use of goto is just to explain in what happened in an everyday context and they said

go to so so it's not the same day everything could not have happened in one minute and they just let us make they making no so were they actually molding yes were they actually molding something yes is he a skyscraper no but was he going to be high up yes was it that they were trying to build into a into the build skyscraper that would touch God's Throne no you will see it verse four the answer is in verse four what were they building go to let us build us a city a city spread abroad now let us build us a city and a tower that's why it's conjoined with a tower let us build us a city so let us build us an encampment a place that is guarded by Watchers let us build us a place that is awake to build us a city and a tower or mcdal m i g d a l whose stop May reach onto Heaven are you seeing it so they wanted that who toop May reach onto heaven and let us make us a name lest we be scattered abroad upon the face of the Earth stop Genesis 10 so that you can think a bit with me now these are the generations of the sons of Noah Shem ham jaffet remember Genesis 10 I tell you is the table of Nations the son of jaffet GMA are you seeing it son of jaffet GMA Magog M mad where you get medis that's where the nation of medis is born from Javan Javan is the old word for Ionia Grace see why is it sounding different because they are writing it in Hebrew this is the Hebrew way of saying that word so the word Javan and tubal is a part of Asia Minor and mesek and Tas and the son of GMA ashkenas later what is called Bania today to known as Armenia and the sons of Javan Elisha tarish at least you know tarish Kim which became Cyprus a portion of Cyprus is there do name play this and these were the aisles of the Gentiles divided in their land everyone after his Tong everyone after his Tong I wanted to show you this so that you know that they were not speaking the same language so the divisions were according to the tongue everyone after their tongue everyone after his tongue you are quiet is it not your own so you see the word tongue everyone after his tongue after their families in their Nations so there chapter 10 the writer did not think you jum chapter 10 to chapter 11 so you cannot be arguing what is not in the Bible with the writer say I cannot take it no no no if you read it together that you understand that's why I'm going back now for those who like to argue and the sons of ham the sons of ham was kush Kush is the old name for what ethopia which is over half of Africa was kush ethopia is the old name for almost half part of the whole of Africa from that middle down to the ending the southern part so was called ethopia Old name Kush Kush ethopia was the old name before changed and MRA MRA is Egypt in Hebrew MRA as Egypt double straight the land of the River Nile the upper and the Lower Egypt so Nile is like the longest river be and put that's Libya and Canan see African nations existed before America was born all right it's good you know next time they say you foolish things like it's a white man God okay there was no America there was no Nation like America when Jesus died but there was Africa beautiful I'm making progress in this and the sons of C so you mention see different places and Kush begat Nimrod remember this Nimrod 11 and he began to be a mighty one in the earth and he was a mighty Hunter before the Lord wherefore it is said even Nimrod the mighty Hunter before the Lord and the beginning of his kingdom was Babel is it Babel we have Genesis 11 okay and the beginning of his kingdom was Babel

and ares so it was the man that built that became ere and accad accad is the city of in Babylonia and Kal in the land of Shan are you seeing it so there were fortresses he built out of that land that's why it's called a city a city is a fortress a place of Refuge you run into and you are safe out of that land went forth a Shore are you seeing it out of that land and went as which became Assyria and builded n are you seeing it and the City of railboat and Kal so you see the mentions verse 20 these are the sons of ham these are the sons of ham after their families after their tongue in their countries and in their Nation after their tongues in their countries and in their nations are you seen the use of word okay unto sh also the father of all the children of EBA there 31 these are the sons of sh after their families after their tongue in the lands after their Nations so Shem ham and jaffet had different tongue because as you go on you will find unique way of communicating that's what how languages are born now all right they are just deviations that's why they are Origins you can see where one language come from another language AB this are the families of the sons of Noah after their Generations in their Nations and by this were the Nations divided in the earth After the flood then you not had chapter 11 and the whole earth was of one language so they they had similar communication word that's what they wanted you to see we already show you they had different tongue before in chapter 10 so he couldn't have been having that idea of everybody speaking the same everybody was speaking EO no and it came to pass as a journey so you see the emphasis verse four what were they building a tower look at the word tower is used 50 times that word tower so let's see what the tower is if is skyscraper physical skyscraper into the heavens or a building like a temple space for Supernatural beings the water Judges chapter 9 then went abim to TP and encamped against TP and took it and there was a strong tower within the city and T fled all the men and women and all day of the city and shot it to them and got them up to the top of the tower and ab came onto the tower and fought against it and went hard onto the door of the tower to burn it with fire so there's a tower here now not making much sense but it will come together just now are we see together come on okay so there was a tower in that City in judges 9 that we read so Tower in a city AB fought and destroy the tower okay uh 2 Samuel 22: the use of the word tower God is called the god of my rock in him 2 Samuel 22:3 the god of my rock in him will I trust he's my shield and the Horn of my salvation my high tower my refuge God is called our high tower second sameel 22:51 follow you get it God is called he is the Tower he is the Tower of my salvation that's the word mull is the Tower of my salvation for his King is the Tower of he is the Tower of salvation for his King and showeth mercy to his anointed unto David and to his SE forever more 2 Kings 17 verse S and so it was that the children of Israel had sinned against the Lord their God which had brought them up out of the land of Egypt from under the hand of pharaoh king of Egypt and had feared other gods and walk in the statues of the Heathen whom the Lord cast out from before whom the Lord cast out from before the children of Israel and of the Kings of Israel which they had made and the children of Israel did secretly those things that were not right against the Lord their God and they built them high places high places in all

their cities from the Tower of the Watchmen to the fenced City and they set them up images and Groves in every high hill and under every Green Tree and they burnt incest in all the high places as did the hidden whom the Lord carried away before them and wrought wicked things to provoke the Lord to anger and they serve Idols wherefore the Lord has said unto them ye shall not do this thing yet the Lord testified against Israel against Judah by the prophet and by the SE saying Turn ye from the evil ways keep my commandment and my statutes according to all the law which I commanded your fathers and which I said sent to you by my servant the prophet are you getting it second Kings chapter 18 verse 7 and 8 and the Lord was with him and he prospered withersoever he went and he Reed against the king of Assyria and served him not verse 8 he smoke the Philistines even unto Gaza and the borders thereof from the Tower of the Watchmen to the fenced City he smoke the Philistines even unto Gaza and the borders there from the Tower of the Watchmen to the fence city are you seeing how they are putting towers with City Tower with City Tower with City and with high places come on so the way they are using the word tower Tower they using it alongside with now Micah alongside with City alongside with a high place Micah 4:8 and thou oh Tower of the flock the stronghold of the daughters of Zion the stronghold unto thee shall it come even the first Dominion the kingdom shall come to the daughters of Jerusalem so you see the way they using the word tower so what tower Tower Tower high places clear clear clear okay judges 9 and 46 now go back to the judges 9 because of time we saw ABC F so let's start from 45 judges 9 45 46 47 it will make sense to you and ABC fought against the city all that day and he took the city and slew the people that was therein and beat down the city and sold it with s and when all the men of the Tower of sheim heard that they entered into an hold of the House of the God buried are you seeing that is similar to building a house for AOS and it was told AB that all the men of the Tower of Sheen were gathered together all the men of the Tower so when you read it from verse one of Judges 9 you get the context of what he's talking about get the context of what he's talking about so that's idol worship are we together so the use of the word tower is the word used to explain an elevated place so the word mdal it is a word of Egyptian origin so there's a Egyptian there are two places that this idea Egypt and Mesopotamia so Egypt has pyramidal structure what we will call a pyramid AB pyramid Mesopotamian have a zigurat now they use this word mdal because the audience could not have been confused when they hear a tower so um how many of you have heard of that word Olympus before where they talk about the place for the gods know you put it on Mount oos the city where the gods are so Mount oos is on a mountain in Greek mythology just like M Hill aopa God where the god Aries is worship is on a that's how so they were building a Mountaintop like structure they were building a place for supernatural being that is the use of the word tower there just like God is called our Tower you see it makes no sense when you our Tower but you see that is associated with Supernatural God is called a tower God is called our high tower so they were building a city and a tower whose top May reach onto heaven now top onto Heaven Genesis 28 Jacob the ladder was set up on the earth and the

top reach heaven beautiful so you can see the language now the reason why Heaven is looking hard because we have Heaven our mind as a planet away from the earth but if we have Heaven as they were building a place to contact the supernatural world the Unseen World would have made sense so they were building a city and a tower to contact the Unseen who stop May reach onto to Heaven are we good come on now pause it here because this where we're going to continue on Sunday uh let's end in a simple note because to explain this we take a bit of time I don't want to rush it in 15 minutes then you end up missing out some points so no so round off however leave you with some of the things we have said so far Heaven and Earth is together so just like everywhere you go on the earth you see Earth everywhere you go on the earth you also see Heaven I will explain is there any part of the earth you will go that you will look up and not see something up is there any part of the earth you will go and not see something up some people are not getting the English is there's Cloud now so there's no way you will go That You Don't See atmospheric Heaven that's how there's no way on the earth that there's no heaven so Heaven and Earth are together so sometimes we ask so nor 2 King 6 elishah said Lord open his eyes that he may see that how did elishah know that supernatural beings will be there because as long as men are here supernatural being have to be here because there is an interplay they intersect as long as men are here supernatural being have to be here so that's what Elijah is Elisha is doing Lord open his eyes that he may see that they that be with us are more than they that be with them so there are supernatural beings here there are supernatural beings here so his eyes were open o supernatural beings could they not have gone about their normal everyday work and not know that they were supernatural beings there because one was afraid One Was Not Afraid elishah was not afraid but the Serv was afraid alas what shall we do and he said Lord open his eyes that he may see he was unperturbed not troubled the same thing they both saw but one responded differently because he was talk operating from another word it's the same issues we see but we respond differently because one man responds from the natural another man responds from The Unseen because he knows he have seen that the people surrounding me people are surrounding them are you seeing it you are surrounding me that's how we are surrounding you too so supernatural beings were surrounding the people surrounding them Hebrews chapter 4 we'll come back to Genesis 11 so calm down just Hebrews chapter 4 for the word of God is quick and Powerful sharper than any twoed for piercing to the Divine of Soul and Spirit and of joint and Mar and of the of the thought and in of the heart neither is there any creature that is not manifest in his sight all things are naked and open unto the eyes of him to whom we have to do so does everything happen before God's sight does everything happen before God's sight yes sir does everything happen before God's sight yes sir okay so God is omes ABI Psalm 139 whe shall I go from thy Spirit or whether shall I flee from thy presence so there's no way I will go that you are not present so God is everywhere God is everywhere AB God is everywhere now supernatural beings move to and through so we know supernatural beings are not everywhere but if God is everywhere

can he get them to be anywhere he wants them to be the good ones okay so keep all of this in mind like I'm trying to dropping this so that when we explain Genesis 11 in proper context we can move on to so because we are the question that will ask n is how do you know an unseen being is involved how are we sure that unseen beings are involved how do we how do unse being become involved in everyday Affairs or they always involv in our Affairs now one way you can tell which is what brought me to end with this note anywhere you see a common thinking a common Behavior a common thinking we are no longer women we are wh EGS when you see those common thinking a common thinking everybody's beginning to have a common thinking common Behavior because supernatural being shaped culture there's Supernatural culturing that everybody just get this just like some men woke up and took an oath that they will not eat or drink until they kill Paul ah what did Paul do them because they had people want to keep PA they just will not eat will not until Paul die thank God Paul got delivered but that's how Vibes are sted up so how can people just a common thinking and a common Behavior so that common thinking and common Behavior shapes culture where supernatural beings many times are involved where you see that common thinking a common Behavior because culture a way of living so when you start seeing a very common way of thinking very common way of thinking a very common way of Behaving a supernatural being is I will explain it uh from the scripture properly amen so I round off if God is everywhere then we have nothing to worry because he everywhere so everywhere I will go on this Earth God will always be with me I can never go away from his spirit and he said Matthew 28 L and with you always even to the end of the Earth AB so God is with me he's with me he will never leave me now he God the king of all spirit is God the King of Kings the Lord of lords the father of spirits so if we have the father of spirits that means we have the king of all the Unseen the Lord of Heaven and Earth is with us is with us everywhere we go think about that for a moment God is with you everywhere God is with us everywhere God is with us everywhere can we affect can we do something here that can affect something somewhere else we as human administrators we can do something here that can affect somewhere else okay so can supernatural beings do something from one place that we affect another place without necessarily being present all right so does God have two administrators Genesis 1:26 an Earthly administrator and a Heavenly administrator ABI Heavenly administrators will be called Angels supernatural beings Earthly ad of human beings so we use the word image are there two beings that image God in the heavenlies there are beings that image him on the earth there are beings that Imaging Ephesians 3 says of whom the whole family in Heaven and Earth is nam so did God have a family before he made mankind unseen family and he made a sinen family and he wants the sin and the Unseen family to dwell together under a tent dwell together in a in the same house dwell together in the same Temple which we saw in the first Eden dwelling together keep that in mind remember about are they really together Genesis 11 is where we going to continue from like I said I'm bringing together pieces that we have taugh so far as I round off today so no matter where I go God is with me does God have a

counsel he works with does God need a counsel no but he chooses to have one all the same does God need man to do something for him no but God chooses to have man do something for him for him so God does not need angels to do something for him but yeah he chose for them to do something for him God does not need man to do something for him but he chose man to do something for him now this is the act 17 as though he needed anything he's not worship with men's hands so he can do without them because he self-sufficient they can't do without him man and supernatural beings can't do without God but God can do without them but he chose to make them so there's Heavenly being and Earthly being Heavenly administrators and Earthly administrators and they are working together and if God is everywhere how do supernatural beings now become everywhere when they are moving to and from when human beings also move to and through that will will answer alongside the Genesis 11 narrative on Sunday you learn something yes sir but the good part which I want us to leave here with a bit of application the Lord is with me he's never leaving me he's always with me the Lord is walking with me the Lord is walking with me everywhere I go is with me where I so that means I have nothing to fear second Kings chapter 6 Elisha said Lord open his eyes that he may see and there was no more fear so I have nothing to fear when I know God is with [Music] me so I need to know how to surround people surrounding me if there are negative forces surrounding me then I can surround them Elisha blinded the Army and led them by the hand there's no fear God is with me God is with me remember the end of this teaching is not just to give you a simple answer is to make sure you have a proper Bible study that's why I'm not rushing so that you have a proper Bible study so that you can explain to anybody not that we just put one or two verses together are you with me amen amen God is with me he will never leave me nor forsake me forsake he will never leave me nor forsake me so that means I don't to I'm stranded no he's with me he will never leave me nor forsake me like I tried to reach out for help but there was Noone no no he's with me aren't you glad that God is your high tower you are fortified yes the name of the Lord is a strong tower the righteous run it into it and they are safe we have a place of safety we live in our own fortified City this is Zion city of the Living God says they will not shoot one arrow in that City because the Lord in defending will defend it how much more you Satan will not shoot one Arrow the Lord is defending you the Lord is defending you the Lord is defending you are you seeing it so we can get to a place where we are Untouched by negative forces yes sir demonic forces yes sir in defending the only thing I can to use what other human beings do which we can quickly counteract but in defending he will defend the city the Lord is all around me as the mountains surround Jerusalem so the Lord surround His People the Lord is surrounding me so I have nothing to fear the lord is surrounding me I have nothing to fear I Fe the Lord is surrounding me he's all around me all around me now I want you to sleep on that this evening W the Lord is around you all around you everywhere you go is with you he will never leave me nor forsake forsake he will not forsake me so I always have him with me I always have help with me the Lord of Heaven and Earth is with me the father of all Spirits

is with me the god of gods the King of Kings the Lord of lords is with me he's walking with me he will never leave me nor forsake me I have the highest unseen force with me the god of God WTH with me blessed is the man who has the god of Jacob as his help happy is the man that has the god the god red on the clouds to our [Music] help I'm that man that have the Lord as his help the Lord is with me with walking with me with me your hands and pray in the Holy Ghost thank you Jesus thank you [Music] Jesus I'll never be disturbed I'll never be afraid the Lord is working with me no matter what I go through in this life the Lord is with me no matter what I go through in this life the Lord is with me he's working with me I will not be afraid the Lord is walking with me he's walking with me he's walking with me he's walking with me the Lord is walking with me the Lord is walking with me the Lord is walking with me the Lord is walking with me is defending [Music] me I live in a fortified City the Lord is my safety he keeps me in safety the Lord is my safety he's with me everywhere I go he's with me everywhere I turn look
