

in this service the eyes of our understanding is enlightened receive clear words we understand the mind of the spirit concerning unseen forces understanding our Supernatural Authority and again in this service we declare that the things that ought to be said will be said and the things that ought not to be said will not be said your name will be glorified we shall be edified built up transformed by the power of your word again you touch Us in the mind way the things that ought to be done in this service would be done in the name of Jesus amen God bless you have your seat Psalms chapter 82 will begin from Psalms 82 and verse one we read the eight verses Psalm 82 and verse one a Psalm of Assaf PSM of Assaf God stood in the congregation of The Mighty the word mighty is the Hebrew word el used for God also four words used to explain God Elohim I eloah so very unique in how they use the words so God stood in the congregation of the mighty he judged among the gods God stood in the congregation of the mighty he judged among the gods how long will you judge on justly now this God is also the Lord Yahweh so he say those are three words but there's a unique word that is not used carelessly like that because L El Elohim are used interchangeably for God and supernatural beings but when the Israelite uses the word Yahweh it speaks of their Covenant God and also there is um the expression used to also explain the Malak of Yahweh is also referred to as Yahweh and we explain that in uh teaching on who is um like unto God AB understanding the prein of Jesus when we saw who that Malak Yahweh is I'm not going to say anything so that it doesn't make me start another teaching all right so we just stay here Psalm 82 so it says God stands in the congregation of the Mighty God has an assembly he stands over he presides over a council God has an Entourage of being he stands with so God is Not Alone In His governance of the nations in his rule over the Earth it says God stands in the congregation of the mighty like I said the word mighty he uses there the word mighty is the word used for God he judgeth among the gods so God is in the congregation of the Gods he judged among the gods so we already know who is in charge God is judging so the one judging among is the Supreme Ruler all right so we can't mistake now we um we've said so far that half a dozen other entities go with the use of the word Elohim in the Hebrew text Genesis to Malachi in case you are new is what is called the Hebrew text so in Genesis to Malachi when you see the word Elohim Elohim is not used by the biblical writers hope you know what Biblical writers mean all right so it's not used by the biblical writers to speak of only one being so when the biblical writers use the word Elohim or the word god which in English will see as God in the Hebrew when they use the word Elohim you have to read contextually because they refer to half a dozen other entities with the word Elohim him and when they separate God who is the creator of Heaven and Earth or who will use because of the Hebrew the Israel mention that very loud in the Bible so we say the god of Israel which is NOT saying God is not the god of you and I but because we read from the scriptures amen so that God of Israel that Creator God the God and Father of Lord Jesus Christ where we put it today of we're going to put it in Genesis to Malachi language the god of Abraham Isaac and Jacob now that God is separated from those other Elohim with

unique attributes hence the denial statements in the Bible none like unto him none compare who is like unto you remember those denial statements Telegraph God's uniqueness his incomparability his matchless there's none like him there's none like him does not mean that nothing else exists so we said in that teaching who is like unto God that it will be foolish to praise you with what does not exist Hallelujah you are finer than Sal finer than that's not a praise I wondering what is Salada I will check different language maybe it is ytic I check this language no language I found out that it's a the word does not exist in any language it's just rubbish then I can't say you were praising me that's how we sound when we say God is greater than what does not exist because is the God is just a ter it doesn't mean anything there it's not for entities when you just use the word God God is over God there's none like unto him those things don't exist God is just over what does not exist that's not a praise even a dog will be praised more than that so that's not how to praise God Amen that's not how to praise God you can't praise God with uh praising God with what does not exist and say you are praising him no no no no no no no no it's like saying God is stronger than Superman I mean are you mad that's not a praise that's a mockery that's a science fiction is a that Superman does not exist it's a character are you seeing it that's how were now saying among the gods those gods that don't exist no no no no no no that's not a praise say God is stronger than Iron Man that's a character in a movie even the man that acted it is not Iron Man in real life that's why they have different persons have played Superman different persons have played spiderman because he's just a character different persons don't play Yahweh are you following so the biblical writers are very intelligent in how they write and we must be intelligent in how we read so we said we must sit where the audience sat and we must stand where the teacher or the writer was standing so and that's the job why a pastor must be uh um diligent with the scriptures now um I'm increasing my learning day by day uh there are theological um schools that I learning and increasing my learning day by day and I'm very deliberate with with it because if we had more biblical Scholars and that there's such a phrase like that um as pastors then we'll see how silly some of our teachings have sounded because the bial Scholars just don't have anything to do with churches they just stay in their High Pinacle teaching in theological seminaries teaching in Bible schools and they are just Scholastic they share reasoning among themselves and they leave the pastors to be wallowing on teaching whatever they like and just say whatever because because every Pastor ought to be a Biblical scholar it's sad but when we say things like this pastors pastors get angry with us when we start saying a pastor ought to be very sound in the teaching of the scriptures say what why are you stressing us we need to make money we are human beings then quit the job because if you will not want the responsibility they don't take the title are you following so if you're going to call yourself a pastor then you should know the scriptures for God's sake certain pastors that get angry we say a pastor to have read the Bible several times it can't be 5 6 7 8 9 10 if you can see count it with hand with the fingers how many times you have read the Bible oh boy it's like a it's like a doctor that does not know where the heart is located say

let's tear the leg first you don't know where it's located wow so that's how it sounds and we we we we let pastors go easily that they do not know scriptures it's actually shameful it's actually shameful and so when you see a lot of debates today on social media and all of those platforms which you ought not to learn from except you ought to learn from your local church and what your local church puts on those platform because it's a multiplicity of knowledge that is wrong that is very that is out there because it's not everybody who is visible that is correct visibility answers to finance is how rich you are AB how much money you are willing to put and also how strategic you want to be and um we were not raised that way we did not do ministry with the way of strategy we do ministry with abbara 930 we do ministry with prayer power Ministry and is God who spread your Fame not your wealth not your intellect not your strategy you use to spread your Fame because any Fame that media gives you media will take it away so you allow God increase and enlarge your cost and spread your influence by himself which is not the norm today so anybody can be very loud and visible not for the impact they have made in the lives of people but because they have money to be on um on the internet on satellite which there's nothing wrong in being in those places they just a m a medium of also spreading the word amen hallelujah so when we read God stands in the congregation of the Mighty God stands in the congregation God is in the congregation now there are five words used to explain congregation in the Hebrew text Genesis to Malachi again so when it says God stands in the congregation the word con conation there is the Hebrew word the Ed e d a h God stands in the congregation and the what congregation Ed is used 150 times it explains a gathering and because what kind of gathering a gathering of familiar people a gathering of familiar people so you can put a family there and not be wrong a multitude so God stands in the congregation the congregation of the mighty he judged among the Elohim remember you can't put s because Elohim is already a plural word remember because what Elohim means is just a resident of the supernatural word a resident of Heaven is called el Elohim the I am is how the Hebrew reads plural the English read plural with s e s and I S you know that already AB be all right so God signs in the congregation of the mighty judge among the gods how long will you judge unjustly so you see that he Accord them a fact that they are Judges how long will you judge unjustly so this super justly so the judge matter how long will you judge unjustly and accept the presence of the wicked now I must quickly say this that if your orientation of supernatural beings of angels a new testament Monica nickname is the word Monica New Testament Monica for supernatural being anges m o n i k r that's the spelling of Monica if that if your expression your understanding of the word is bodyguard bodyguard bodyguard you really find what we are teaching very uncomfortable it look like we are making new Bible verses up because not because what we are saying is wrong but because the view you have of Angels the good members of God's Heavenly Host are all standing like this and following you everywhere you are going so where they go now so if that's the only idea you have of angels something is wrong so now we are reading things like where is this gotten from are you with me so remember we do not allow our preconceived notion affects

our study we actually go to the Bible to what take meaning good one AB we don't give the Bible our own meaning we take meaning from the Bible so we actually allow the scripture interpret itself within its own backdrop is that okay so we allow the Bible interpret the Bible not my thought my idea what um much of and I'll tell you this from a theological angle much of church doctrine today in my study of church history I found that much of church history today has um been shaped by Austine St Augustine much of our theology today from original scene to much of our view of across all biblical subject that is mainstream theology that is popular the most widespread understanding that we have today originates from that amazing man of God and by no means am I saying I'm more intelligent than him God forbid I would say something that is not true is far more intelligent than I will ever be and if you look at the things they put up in their age in their time with with the limited resources they have now we have the advantage of knowledge running to and through the Earth we have their material we have many other materials there were certain materials that were not discovered in their time there were certain studies into the original languages that were not available in their time and yet they had such Insight so we can't bully them with what we know today because if we were to be in their time just like we allow aent men to be aient men so there's always a good thing to not mock people who have limited light are you following limited material for their study funny enough the man didn't even know Hebrew he didn't know Hebrew he um he had a detest for the Greek language he was the Latin is he loved the Latin language so and that already a challenge in biblical interpretation that you don't know Hebrew you don't like Greek I'm trying not to use the word it you don't like Greek language the prophet City and apostolicity of the Bible Genesis to Malachi the prophet Matthew to Revelation the language is Hebrew and Greek and you don't like any of them you don't know it's strongly going to affect are you seeing it aha so but I mean to have that idea I'm not being humble you some we say say the pastor is just trying to be humble pastor know more than him you know don't know more than anybody um you look at men like Calvin say you know more than you may know I don't know you could know more than them more intelligent than them but I'm not because you look at the age in which they taught extensively 28 years you have done so much study across the Bible I read the Bible over 800 times Baba worship you I bow before your holy name so when you a student of History you are careful how you just draw conclusions on these people they don't really know anything really or you have their advantage you have the advantage of insight today you are looking at their materials and you are able to draw up more understanding that's why as we get older we are getting more humble we are getting more quiet and how we just present Bible truth because there's a lot to learn so that we're not always fighting and the more you know the more actually you bow every time you learn you you go lower your wings are broken you now see there's a need for humility not to be erratic not to be a bully but to actually put your head down and actually learn so back to what we're teaching Psalm 82 God signs the conation of the mighty judg among the gods how long will you judge unjudge ly and accept the presence of the wicked defend the poor

and the fatherless do justice to The Afflicted and needy so God is judging the Elohim for corruption deliver the poor and read them out of the hand of they know not would they understand they walk on in darkness so the Bible doesn't tell us when those lesser Elohim that were assigned to the Nations became corrupt Bible doesn't tell us when but the Bible tell us that it became corrupt they walk in darkness all the foundations of the Earth are out of cause but I have said ye are God so God affirms again that he's the one that called them Gods so they don't have that designation so God is not a the name for what everybody should worship because God called them Gods but yet he didn't create them to receive worship so remember the word gods in the original language it means a Divine being that's just the word God the word god means a Divine being a a nonhuman being non n o n or non human being so when you say non human you are saying Divine are you getting it a nonhuman being a nonhuman being a Divine being is called a god a resident of the Unseen word and God is judging them he say I have said ye are gods and all of you are sons of the most high Children of the most high Ben Elohim you are sons of God remember that classification all right doesn't mean God biologically pushed them out AB we said that again on Sunday but you shall die like men so angels are not Immortals I've taught you that before only God in uh uh God in his intrinsic nature is Immortal Angels do appear to be immortal but they are not the way angels are immortalized from the um that they are Supernatural that um they they were before man so they pass off that idea it's easy to read them off as as Eternal as not ending amen it's actually possible to read them off with that idea as these beings have no end ABA they have an end they are not Eternal because they have a beginning God created them God is the only Eternal being e t e r n a l AB God is the only Everlasting being but you shall die like men and fall like one of the princes so if they are Immortals then they can never ever die you see fall like one of the princes arise oh God judge the Earth for thou shall inherit All Nations did you get it arise oh God judge the Earth for thou shall inherit All Nations now let's read it from the ESV translation it says God has taken his place in the Divine Council in the midst of the Gods he holds judgment how long will you judge unjustly and show partiality to the wicked give Justice to the weak and the fatherless maintain the right of the afflicted and Des are you see what they should be doing rescue the weak and the needy deliver them from the hand of the wicked they have neither knowledge nor understanding they walk about in darkness all the foundations of the Earth are shaken I said you are Gods sons of the most high all of you nevertheless like men you shall die and fall like any princes are you following arise oh God judge the Earth for for you shall inherit all the nations Deuteronomy 32 Deuteronomy 32 give ear oh ye heavens and I will speak and hear oh Earth the words of my mouth hope you know what that just me give ear oh ye Heavens hope you know it's not Cloud all right right because Moses was very sure that there was always a unseen congregation around Israel what a man he lived with that Consciousness that every time he was addressing Israel there were unseen beings unseen principalities Powers all available all around give heavens and I you see the use of the word Heavens you see the S it's not talking about

physical Cloud give ye Heavens I told you Heavens is a short form of saying Heavenly being give ye heavens and I will speak and he o Earth the words of my mouth my Doctrine shall drop as the rain my speech shall distill as the Dew as the small rain upon the tender he and as the shower upon the grass because I will publish the name of the Lord ascribe ye greatness unto our God remember that song we ascribe all the greatness to our god The Rock AB be his work is perfect so for all his ways are judgment all his ways are judgment the word judgment there is Justice all his ways are just a god of truth without iniquity just and right is he they have corrupted thems their spot is not the spot of his children she has gone straight into the matter who is he referring to is this his Jewish audience the Israelites is that his audience thank you they have corrupted themselves their spot is not the sport of his children they are a why is he looking like he's reporting because he's talking to two audience at the same time they have that means this is not the original foundings of the Heaven and Earth so Moses is writing with that idea of this is not how the Heaven and Earth was founded this is not according to the foundation of Heaven and Earth so it's giv that alas that Hil what's happening oh they have corrected themselves their spot is not the spot of his children they are a perverse and cro crooked generation do you th requite the Lord oh foolish people and unwise is not he thy father that has bought thee had he not made thee and established thee verse seven remember so he saw that these people are not getting what I'm saying all right have you forgotten so soon remember remember the days of old remember the days of old consider the years of many generations ask thy fathers and he will show thee and thy elders and they will tell the so he tell go back to or Traditions remember what our fathers used to tell us about how the Earth was what happened that changed the framework of history have you forgotten the story of course the audience would have like oh yeah yeah CU calling them back remember the stories our fathers told us that Chang the framework of history and change how the whole world will be seen and how all the nations became so everybody's listening in case they are forgotten he now gives the summary so8 and N is a summary when so he tells them when the most high are you following when the most high divid to the Nations when the most high divided to the Nations their inheritance this divided here will be to disinherit when the most high disinherited the nations from being his possession that's the word their inheritance when he separated the sons of Adam that's humankind he set the bounds of the people according to the number of the children of Israel for the Lord's portion is his people Jacob is the lot of his inheritance now the oldest manuscript is the Dead Sea cross and the Dead Sea cross has the biblical and the non-biblical scroll the biblical scrolls are what you have as the Hebrew Canon Genesis to Malachi so the and Matthew to Revelation so 66 books so the oldest manuscript as we will call it today the Des is cross do not speaking of the 39 books do not read with the sons of um sorry do not read with the children of Israel you know why and this is the reason why mostly persons don't even think it like that if not not for today again more Scholastic materials that are available that you can actually F check these things you can f a c you can f check it you can actually check it

and see that oh this is not it KJV was wrong and nobody's hiding it because the word KJV is using for this ought not to be this but 1611 they try is how they understood it because remember this Translate of the Bible are also teachers they are interpreting so because they have a certain interpretation of the Bible so when they read this this is what they thought the interpretation meant so they translated it to fit their interpretation for example if you today were to translate the Bible to your mother tongue you do a better job because you have a more intelligent understanding of the Bible you have a more holistic view of what the Bible says so when you read for example I was reading the B Bible one time like not be so how do they translate it like this I could see things that were not correct in the B Bible are you seeing it now the reason why I could see those things is because I have a different understanding of what those verses mean now what they said is the popular view are you seeing it so I've told you before that translations are actually what interpretations because they're actually interpreting it because translation is finding word and meaning of this word in another language you know or transliteration two types of transliteration the one that has to do with the word and the one that has to do with the sound where you now have to transcribe so the transliteration is not trans transliteration and translation don't mean the same thing transliteration is using another word to say it are you following us another word to say it trans ation is finding word and meaning for it so this so a word like Dion d i m o n is now in transliteration called demon now what a demon means is not what the Hebrew and the Greek have in mind when they use the word the Greek uses the word Diamond d a i m o n they use the word diamond for a God or a goddess what demon mean is now used for disembodied Spirits it's so demon has a wider uh um gives it can take you away from Genesis to Malachi principality and Powers the good ones the falling ones now uh because the Hebrew word shedim is what is now in that transliteration being called demon and in that translation many things are being lost you now see oh how how come they using the word unclean Spirit to explain them how come they're using the word foul Spirit which is the original means bastard Spirit how come these Spirits are being called bastard unclean a language of mixture is being used to explain demons so the origin of demon is quite Broad and the New Testament writers believe we know so they just started using the word demon are you see it the believe we already know again remember I told you those men they read books so they they have this idea that Their audience understand what they are saying so it will take you to now see oh the translation from one language to another okay this why it now evolved to become this which involves Scholastic work because nobody was understanding the scriptures without the teachers without what we today call pastors are you funny so not like nobody was ever left to just I just have a book I need to just go and read it just like there are text books out there for your what you learned in school does not mean that there are no professors you could read those books on your own and learn but some people read those book and can't learn anything without a teacher helping them beautiful so that's the same thing so there are backdrops of those materials so Deuteronomy 32 when you read it in those different other translations you see that they

don't use the word um children of Israel now is it because we trying to find for with kjb I told you no common sense train of Israel did not even exist because there was no Abraham in chapter 11 of Genesis are you following so using train of Israel is because the word in the original is sons of God now Israel is called a Son of God remember Moses said this is Deuteronomy in case you are wondering why is it are they not using because they have seen before where Moses comes to pharaoh and said let diom me um uh Exodus 4 let me show you Exodus 4 are you there Exodus 4:22 for thou sh say unto Pharaoh th say the Lord Israel is my son even my firstborn now please don't have first born as chronology don't have first born as the first child that comes out from the womb it will be very wrong because Israel is not the first child Adam is the first born of humanity in the sense of the first person if you are doing chronology first born in the Bible explains Supremacy preeminence that's why I using Colossians 1 I taught you that when we doing firstborn of every creature there are three firstborn languages to explain Jesus first born of every creature that's why it's called the Creator God he created the creature so he's the preeminent over every creation his firstborn among the dead because he's the Lord over he's the resurrection and the life first born among many Breen because he's head over all of us in that General Assembly that have sons of God and human beings in the same Council are you following so they use the word firstborn is not explaining chronology so after the first born then the second born then the Third born did you get it the first Bor the second born the Third born thou shall say unto Pharaoh th say the Lord Israel is my son even my first born did you get it so Israel has already been called a Son of God so you can see why the writer just as just saw Son of God again they translat us okay let's just put Israel friend of Israel it makes sense because Israel is a Son of God remember they are translating it so it's not how you sit in the original that's why I told you don't feel like we are trying to find fault with KJV no so when you look at the oldest manuscript the decrow you see that modern translations copied directly from the de CC and I gave you some references of some of them on Sunday ESV for example you see how it reads it it doesn't put put Heavenly assembly AB you are quiet all right I'm going to just assume a lot of things about you people today so I will just be fast I will not let you slow me down can't slow me down the lust translation says when the most high divided the Nations when he separated the sons of Adam he said the bounds of the Nations that's why people are fighting for boundaries he said the bounds of the Nations according to the numbers of the angels of God in the same act 17 language the boundaries the lsv translation the literal standard version in in the most high causing Nations to inherit in his separating the sons of Adam he set up the borders of the People by the number of the sons of God the septo agent lxx the UK translation says when the most high divided the Nations so not the original seent but seent again there is a translation the seent in English UK British language when the most high divided the Nations when he separated the sons of Adam he set the bounds of the Nations according to the number of the sons number of the angels of God the ne translation says when the most high gave the Nations their inheritance when he

divided up humankind he set the boundaries of the peoples according to the number of the Heavenly assembly are you seeing this according to the number of the Heavenly assembly the ESV when the most high gave to the Nations their inheritance when he divided mankind he fixed the borders of the people according to the number of the sons of God but the Lord but are you seeing it now makes no when you have say children of Israel divided nation according to number of of Israel how did he divide it according to the number of Israel and what is the number of children of Israel that's one of the text over the years if your student of commentaries they will say they can't interpret it it's part of uh hard Bible text they just leave it like that because what is the number of Israel becomes more confusing are you following so nobody just part of just like bearing baptizing for the dead you can't interpret this nobody knows what it means so those are part of nobody knows what what is the number of children of Israel children of Israel do they have number okay number of Israel is 12 but the nations are more than 12 so the commentaries could not think in such a foolish manner there's table of Nations that is 70 how does that follow so they just so they just read it they now use 9 and 10 going on to explain it which gives you the context so if they're going to rely on 9 and 10 say Pastor you are teaching us as if we are we are Bible scholars yeah helps you to be smarter be so that you know that Bible is not just I just shake shake and Shake I just say what I like no no no no no there actually intelligent design that's why context will always help you to know if the translation is even using the right words because as you go on you will see the hook where to hook them there are no contradictions in the original so any contradiction you are seeing is because maybe you are not you don't understand what it means in the language for example that word firstborn Now does not mean what it means in English language so we say the words in the Bible are not as English as you suppose they're not as English as you suppose because in their timeline when you say I've given bir to my first born I given bir to who will reign and Rule because firstborn is who continues the lineage so it's a supreme it's a status language not a chronology language that's why you never see first born second born Third born in the Bible they don't write like like that so when you see only firstborn So when you say God judge all the first born God judge all the preeminence of Egypt the first born because it was the gods of Egypt he was after so when you say he will deal with the first born it was de that's why Jetro now say he had dealt with the gods because that is the first born the preeminence the status the powers of Egypt was what God was dealing with all right are we together so there was no Abraham there was no TR of Israel in chapter 11 of Genesis it was chapter 12 that Abraham is called and children of Israel came out it was in fact they are coming out of Egypt that the nation was even born there was all the talk of a descendant a true a seed a generation a descendant in Abraham language from chapter 12 your seed shall inherit your she your seed shall possess 12 13 14 15 16 17 18 19 to 22 even to 26 Isaac you go on Jacob 33 3233 the same Genesis you are seeing the same language seed SE seed however but we have not seen all the people as one remember it's Jacob's children that you not have 12 and in the coming out that the nation is born so how

can it be of Israel when he talking about Babel are you seeing that in the chronology of event it will make no sense because Israel does not even exist so how can go be dividing the Nations according to the number of Israel you see what I'm doing I'm not allowing you take my word for it because just rub it on your head just take anything that's Pastor no Bible say it's correct no I'm trying to show you that we are not manipulating the meaning so from the original we have looked at it grammatically that even the gr the grammar does not follow that to of Israel because there's no Israel then you check the history and the culture doesn't follow then you check other translations have it differently are you following all right so so other translations that in their introduction or their preface of those other translations they tell you that they copy directly from the desis SC it reads differently so remember the days of old consider the years of many generations ask thy fathers and they will show thee and thy elders and they will tell thee when the most high divided to the Nations their inheritance when he separated the sons of Adam he set the bounds of the people according to the number of the of the children of God children of God you see it makes no sense when you read it like that in English children of God you would think to Israel now Israel is a children of God but children of God is also used for sons of God supernatural being all right because the word children is the same word for son so for the Lord's portion is his people Jacob is the lot of his inheritance clear clear clear Jacob is allotted Heritage so the Lord's portion is his people Jacob is his allotted Heritage so where is all of this language coming from where is all of this language coming from that God had divided the Nations according to the number of the Heavenly assembly so how did God divide the Nations according to the number of the Heavenly assembly then the Lord's portion is his people so we said that there has been a transgression in chapter the chapter 6 and leading on Nimrod is also explained Nimrod means Rebellion so you can is also one of the rebellious people who is against God's vision of let us Kickstart Eden again because Romans um Genesis chapter 9 have God telling Noah again to multiply fruitful multiply replenish the Earth F replenish it fill the Earth that fill the Earth filling it with what the glory of God the same word used as I live sayth the Lord all the Ed shall be filled with the knowledge of the glory of the Lord the word filled the same word for replenish so what God wants to cover the Earth Is His glory multiply Eden the Eternal Eden the global Eden let all the Earth be Eden spread this influence instead they rebelled against that and said we build us a tower and I told you that Tower is a zigurat Mesopotamian language it's a zigurat so let us build us a tower who stop will reach up to heaven Genesis 11 that's where I am now Genesis 11 so you can look at it to be sure verse four who stop to heaven and let us make us a name so three things are wrong with top will reach up to heaven the word top in the Hebrews the word r r o s h and that word Ro is used for Superior is used for Authority Source Authority just like in Genesis 28 notice Jacob's Ladder the top reached up to heaven and it was Where Angels were ascending and descending so that's what they were building they were building a place for super natural beings to ascend and descend and in the original the word tower there because Moses is Leed in all the Art and Science of Egypt

there were only two civilizations in ancient time that had the idea of a tower it was Egypt and Mesopotamia and Egypt had what is called uh a mda a pyramidal structure it is from that Egypt word that you now get the Hebrew word m g d l that is used here because you can tell who is the writer the man is Led in Egypt are you following so the man is Led in Egypt language sir I don't agree Exodus 14:2 speak unto the children of Israel that they turn and encamp before pharaoh between Migdol are you see that word m i g d o l are you seen it is it there is that not in Egypt P between they were just leaving Goshen Goshen is in Egypt they were on their way to the Red Sea the Red Sea is the border borderlining place of Egypt you can see it in the Google Map by the way so between Migdol and the Sea over against Balak so you see the word Migdol m i g d o l I'm not sure Jeremiah 44:1 I can go on and on because proper Bible translation is not scared of reading Bible it's laziness that is scared it's not once it appears a lot in the bible Jeremiah 44:1 just write the references because of time I will read them for you in case so that will be faster the word that came to Jeremiah concerning all the Jews which dwelt in the land of Egypt which dwell at Migdol Jeremiah 46:14 declare ye in Egypt and publish in Migdol so the word Migdol m g d l is the it's the Egypt word for Tower it just means Tower it was Egypt fortified City it was Egypt fortified City and it was along the Egyptian border it they used it to border Egypt because if you can pass through Migdol to get to Ramesses you have great Powers you can't and that's why they were an invincible IV in Canaan they were an invincible Army in that ancient time that's why they were the Western power of the Earth at that time because they were Invincible Not Invisible they were in I mean they were you could they were uh very strong because it was a fortified City so that word Moses now the writer that word Migdol he now translated it to Hebrew because Migdol are you following are you getting it m i g d o l is a place in Egypt now back to our Genesis 11 you get a thing or two so nobody had the idea of highrise building that's what I'm trying to destroy so once you have towers as high-rise building they were not thinking like that nobody in their timeline could even build a highrise building as we build today skyscrapers and if that's what God was against he did a poor job because there are so many now all over the Earth if it was against development What A Primitive God no so the Hebrew now is the word mda or mda m i g d a l which is actually mda because it is now used 50 times that word mda or mda is gotten from an Egyptian so now tell you etymology where is the word gotten from so Mesopotamia which is where Abraham comes from in case you are wondering mesopotamia does not exist now it exists already at that time because there's Assyrian 9 event chapter 10 of Genesis so that Mesopotamia equivalent of that same thing that call a Migdol is a ziggurat and Mesopotamia became the longer word power than Egypt so their education filled the Earth so it's quite easy when you just type A ziggurat on Google you see it then it is when you type a Migdol are you following so that's why we use that for people to understand what we are saying and it was not a temple a ziggurat is not a temple but it's it's like a mountain like structure it always has that pyramidal look are you following always has that pyramidal look however the end point of the whole Mountain like building has on top of it you now put like a temple the temple is not normal

Temple like you just build a normal Temple for people to worship so the temple complex is built on top of that Mountain like structure because it's a place for the gods to descend so you not it's not a normal where we go and worship you actually build a place so that the gods can walk among men are you following so that's what they were doing and God did not tell anybody there was no in the Great Commission or in the original mandate given to us on the air Genesis 1:26 2728 there was nothing like that that was said going to build places for God to no God has already built a place for man man sin kicked man out of it but God said this is still my plan I want all the Earth to be like this and but I've already promised that your seed will bring back an Eden literally like this which is what you and I today are so because Jesus makes you and I today sacred ground he now even lives in us we now have the exact parallel of Eden but God wants you to see be all over the Earth so all of that whole language is being communicated so what they were building was o zigurat z i WG r a t AB all right so let us make us a name for ourself let's build a ziga that reach to the heavens the realm of the Gods and God says no no no no no let us go down and confuse their language the same idea you have in Genesis 1:26 let us God did not use let us let us it speaks of intention let us is not soliciting for help let us create as is informing an audience and we told you there's an invisible host that was made before the visible host supernatural beings were made before men so God is addressing them they bear witness of God's rule so they were Witnesses of what God was doing they have been Witnesses of all God has been doing on the earth that's why there's a holy and reventure way angels have spoken of in scriptures because of that reason so you see the same idea again let us go down and confuse their language just like genesis: 126 so the Lord Yahweh scattered them now that is like I said a very popular idea to have there Abby you quiet so that's a very popular idea to have there but as we saw what God actually did was just like the Romans 1:1 18-25 where he say God gave them over to their reprobate mind so God gave these people in Genesis 11 over because if God could stop a man from sinning he would have stopped Adam so God cannot stop them I have to use the word cannot because using would not looking like you're not getting the point God could not stop Adam because he made man with Choice it is within his power to be able to but he can't because he didn't make man to be robot so allows our will stand so why would God just make me no he wants you to partner with him because he want he created an intelligent being called humans partner with me the same way created Supernatural intelligent beings partner with me by the act of your will but he tells them and they are a bit different from man because man is made of those they are not so they have a more uh they had more leanings to obedience than mankind because of the manner of their making God pities us because we are dust the the Leaning of our making is not as glorious as the Leaning of their making so so there's a difference of language are we together so what God did he now gave them over to lesser members of his Divine Council by lesser members the other members of his Divine Council as placeholders that's why that Deuteronomy 328 and 9 you notice the use of affection so God disinherited those Nations according to the number of the sons of God

are you following according to the number of the sons of God according to the number of the sons of God so the nations of the earth were divided at Babel before Israel even existed as a people so it will make no sense for God to divide up the nations of the earth Accord to number of the sons of Israel because there was no Israel AB Israel is not listed in the table of Nations so what God now does in chapter 12 makes it clear what was happening in chapter 11 in case we don't get the um the grammatical explanations the counternarrative God now looks for a man Abraham Abraham as he was called then and his wife Sarai two people who are dead in their dead as it relates to giving birth to Children the man and the woman can't they were baring chapter 11 uh look at it 29 the in Genesis 11 and Abraham and Abraham and N took them wives the name of Abraham wife was sari and the name of n wife milka the daughter of haran the father of Mila and the father of iscar and Sari was baring she had no child why does he lean towards the woman more you see Romans now said Abraham to was dead in his body AB be now because of the patriarcha the Bible is not what creates culture are you following but the Bible reads and writes with the culture of their day so if you look like the Bible is for patriarch stuff the Bible is for slavery the Bible is for this for that no that is the culture of the day so the biblical writers will write a poic they will write against those views they will write counter narratives you'll see them speaking differently that this not how God expect you to act so it is within their culture very normal nobody is seen as a SE in the culture but within learning gospel they now know better are you following so that's where even the whole polygamy stuff you see that the f the not that Bible culture there's like Bible culture Bible culture is proper Bible interation which is now the knowing the word of God does not teach what is in popular cultures because Bible culture did not did not fall from Heaven is God's word that is taught to us are you following the culture comes from what and how people Express themselves so SAR was baring she had no child chapter 12 the Lord said unto Abraham get the out of of thy country you notice the same idea from thy Kindred onto a land that I will show Thee I will make of thee a great nation I Will Bless Thee I will make thy name great notice the opposite to a land I will show you I will make your name great and thou shall be a blessing now blessing is not Material nobody was thinking of material thing bless is to welcome CA is to Exile CA is an exile language so that's why you bring welcome somebody in you are blessing this person to send somebody out that's why those days when somebody is cured they take him to the evil Forest AB be you Exile a man that is cured so the language is blessed is to welcome CA is to take away I will make of the a great nation and I will bless the and I will make thy name great and that shall be a blessing I will bless them that bless thee and cause him that cause thee so you will become a cond of how people will be welcomed or how people will be exiled and inde the shall all the families of the earth so you see that though God disinherited the Nations but God still have them in mind he hasn't totally forgotten them he has disinherited them he has in other words giving the Nations over to what they want but God still have them in mind the same thing he passes his judgment on Adam Adam leaves the garden but God has not given up on man he

continues walking man back to his plan the whole earth is full of wickedness he walks with Noah but he hasn't given up he repeat the same thing so God has been through a lot in dealing with man AB be mankind so again man is in Rebellion God does not give up he gets a man and he says okay I know what I would do I will now start off with this man so everybody could get what he was doing I would take a man and a woman who on their own cannot have an offspring and when I supernaturally enable them to have an offspring that will be a message to all the nations around that this child is my my child that this nation is my nation this people is my people and I will with this nation this seed this my manifestation that's why that seed can be used to explain Christ upon reflecting the whole timeline which Paul ler can now call it Christ because this my manifestation this my seed will how we welcome all the nations how we bring in the Jew and the Gentile together are you following so in this so Israel was supposed to be a light to the Gentiles a light to the Nations but they failed their story is a story again Mad with failure so again God tried to work with Israel but Israel failure until God I'll do it myself he now is numbered among men and he can't be numbered among men from a different Nation is numbered among men within his Nation Israel and he walks the Earth and he becomes the man that reunites restores and bring everything back into that order for things to now work towards his end so they already but not yet Paradox in the Bible so he does that work that we now have oh this is it but is not yet there's still more things to come are you following so that starts off with Abraham are we here so God a portioned or handed out the Nations to the sons of God so we are told God allotted the gods to those Nations God decreed in the wake of bab that those Nations he had forsaken would have other gods beside him not to worship but those other gods are to be placeholders to actually lead men back so Psalm 82 one of such text shows us God judging the supernatural beings for Rebellion did you get it all right so zigurat were divine abot places where Mesopotamians believe Heaven and Earth intersected so it's just like the Garden of Eden where Heaven and Earth intersected so that's how they build the place where Heaven and Earth meet where Heaven touches Earth so that's what they were building and you can't build that you can't build that God is the one that makes that so when Moses was going to build God told him build according to pattern so what you are building they he had to be announcing it so the same thing Solomon when we fin bu Solomon say God does not dwell here he had to say it because unless you die and by die meaningless you face judgment because this is what Idol worshippers are doing you can't build the same thing so whatever they are building is a they are using illustration to teach that God still has his intention that all the Earth gather gather onto him are you following so that disinheritance in Babel becomes the framework that shapes from chapter 12 to Genesis 50 from Exodus 1 to 40 Leviticus like that 27 Deuteronomy like that going on so that becomes the idea that shapes all those books to to Malachi where you now see God of Israel versus the god of the Nations Israel versus the Nations where did all of that start from because God the P the I don't I don't like using the word punishment because it's not it's a wrong word God's judgment may have appeared harsh but what will you do when

somebody say they don't want to worship you and you don't force yourself on people you walk away are you following but outrightly looking at it where God scattered them go and do what you want to do are you following scatter them go and do what you want to do since you're on sign of worship is to worship what you want to do but he didn't expect and by using he did not expect I'm I speak like a man let me be talking the way Paul used to talk when say he did not expect he was not planning let's use proper words he did not plan that those placeholders would take worship because he didn't make those Divine Sons those members of his Heavenly Host to take worship so he expected that those placeholders we connect we lead the men back to Yahweh lead them back not take worship only for those beings to now start taking worship and teaching men how to be Wicked and corrupt as they have done in chapter 6 before as the original serpent had done in chapter the of Genesis before are you following so you have that Deuteronomy 32 language the same thing in Deuteronomy 29 language Deuteronomy 29 Psalm 24 even All Nations shall say wherefore had the Lord done this unto this land what meth the heat of this great anger then men shall say because they are forsaken the Covenant of the Lord God of their fathers which he made with them when he brought them forth out of the land of Egypt and they went and served other gods and worshiped them Gods whom they knew not whom he had not given unto them so how did God give Gods to Nations that was that this inheritance I told you those gods were plac that were placeholders to lead the men back bring the men back chapter three after the fall after Adam disobeyed and they are banished out of Eden do you see cherub beams garding that cherub beams I've told you that word when he say to keep the way they were pointing man back to the Tree of Life pointing man back leading man back so that was their work to guard man back so you have Chapter Four showing that the man knows his way back since man knows his way back that's why Abel and K is offering sacrifice they no longer mention Adam because Adam is already an example of unbelief not because Adam is not forgiving but Adam is an example of unbelief so let's use his children I mean the writers so you now see okay again one of the children one of his children kill the other then he gives birth to set and men are call of the Lord so notice that there's no need for evangelism I need you to follow me because what is the origin of evangelism there was no need for it because everybody knew God there was nothing like I want to worship something else because the idea was not popular of worshipping anything else because there was nothing else to worship because the first man already had told his uh children it's only God that is there to worship so where the problem answered from was where the his first child came which is not the first born because that's not how you use firstborn language Cain now kills Abe and now departs Genesis 4 we read it on Sunday departed from the presence of God and went to dwell in the land of n so he settle against God's promise and he now start building cities even his children are building cities so you see that is building against God it looks innocent but he says see light at your door John now tells us K is of the wicked one not because Satan slept with Eve but because of his inclinations he was influenced by Supernatural principality the same Satan that deceived

Adam deceived King the devil is within the family um by deceive I mean deceived Eve Adam was in transgression just trying to use words properly as we are getting more matured all right so Adam is in transgression his child now is in transgression but everybody still knows about God so because of what king is building we now see it to chapter 6 chapter 6 is not one day chapter 6 is from before Enoch till Noah that's what is summarized in chapter 6 where men are become Wicked because we now have King so New Testament writer has now say there's the way of King using it to explain the way of wickedness so there's a there's a contrast so there's way of ab way of King two separate ways now that men can choose to walk we now have Enoch Walking with God so it became an example in his timeline which will come back to becomes an example in his timeline then he gives birth to children and his child he names his child meusel which means when he dies it will come he already was a prophet who began to speak of judgment is coming on the earth God does not like the Earth like this oh he when he dies it will come that then you have m I then you have the man in um Noah so Noah after their time again you see another Rebellion I mean there's such an order to the to the to the reading that when you read it you actually see that these people know what they are teaching are you with me so God does not force himself on people so outrightly you can read Genesis 11 and say oh this is this is Harsh why is God disinheriting the people why is God saying I will no longer walk with you but remember that the way Hebrew WR cognitive is not a volitional language English is volition I we have a lot of I will I will not I mean they W teach you verbs of willingness so there are lot of verbs for willingness there's all the uh auxiliary verb I'm is I was where being being I mean they list all those different auxiliary verbs linking verbs they give you all of the that you used to explain sentences like this Clauses phrases they give you all of those things in English vocabulary within the English language they teach you all of those things however the Hebrew do not think like that their language is more cognitive it's more deep thinking that's why you hear once a lot spoken twice have you heard because they don't repeat just like you say how many times did I call you say three times papa is not three times for three times sake it's supposed to draw something to your mind so they language they don't they write causative the causer of the action so causative and permissive is written together that without proper cognition you won't understand what they are saying that's why they contextual people because it's an original language part of the original languages of the earth so it's a it's a language not origin for another language it's a root language because a root language is deeper unlike a language that many sent many millenniums after called English language you can't compare them one is stronger more superior to the other so the way they use words they expect that you will pick everything so he say I will I would um kill all the first born they say I will pass you now see in the same context in Exodus 12 I will pass and I will not allow the Destroyer I thought you were the one killing people not you are not allowing so you see always in the context you now see where they separate the causative and the permissive but God is written as the CER of every action because their audience were not dumb Their

audience knew to always separate things the audience were not reading with Concordance they were not reading one verse then you jump are you following the audience read everything so they could tell so just like Romans 1 says God gave them over but God giving them over is allowing their choice to stand that's they giving them over but it now looks like God is the one performing an action just like we say God sends people to hell does God take them and throw them inside hell or people by rejecting the gospel thank you so it's not like God is performing an action called now you you I don't just like you go to her you I don't like you join you join you that's not what he's doing but you know somebody that does not know proper of the Gospel we say oh God send people to H he just he just driving people but it's not him is really is in the permissive sense allowing their choice so it's not the ca of the action so not the imperative verb the English translators try to use which is the same in the Hebrew uh the day you eat of it you shall surely die not the day you eat of it I will kill you no that would mean God is the god is the Assassin that's why there's actually nothing like a killer God in the Bible it doesn't exist God is life is not a killer so the reason because people cannot separate the causative from the permissive did you get it So when you say God scattered they already scattered thems because they already made up their mind that this what they were going to do again if God could stop Adam he would have stopped Adam he would have stopped all the people in the time of king would have stopped King as King was about to kill his brother no try him say I'm trying I'm trying it's not working God is stopping me from com ah no no God will guide you lead you but won't Force you that's why that's why the origin of sin you have to now remove God every man is tempted when he is drawn away of his own lust so you cannot put God that God made me there's nothing like God does not make anybody do anything everybody does even doing God's will God is not still make you you chose to do what God said it always has to be that so that you can be responsible that's why when you see irresponsibility is one of the uh symptoms of the Fall the man you the woman you gave me the man you gave me the blame game you're always looking for somebody else to blame it's not a responsible way of speaking God is a big boy so he takes responsibility he doesn't so he can handle it so when you now see God being written in that light does not mean you should not interpret it are you following so where did God give the Nations to over where did God give the Nations over to lesser members of his Divine council where did God give the Nations over to the Heavenly assembly at Babel are you following and but he did not give the Nations over that's why I told you when I was teaching you on one of those series that I would tell you the origin of idolatry that's why it is in every culture today a Pantheon of gods is in every culture today the worship of different things but God is not the one that told those people go and worship these beings no he allowed them their choice but allowing people their choice they already chosen that they want to build a place for Gods to ascend on the earth they So within that Rebellion because that's not what God told them to that's why a rebellion that's not what God God say spread they say no we we we build sacred Place God said no I'm the one that makes you a sacred place they said no we don't want that we

make a name for ourself will be famous outside God's plan the place we are building will be our Authority God will not be our Authority so human Innovation human invention at his best ab be human will that's why I once taught you that from the point of human will the height of human will and God say me I can't even stop it that's to tell you how much human will is powerful that even with the HEB with the Israelite God they limited him how can you limit somebody can be limited because God allows our choice God allow our choices amen so you realize that your choices are very important are you getting it so all those that's the disinheritation of those Nations so as the disinheritation of those Nations Hebrews chapter 2 Hebrews chapter 2 so God decreed in the wake of B that the other nations that are forsaken the people that are forsaken him gave them to the other gods the other members of the Heavenly Council not to be worried but to be placeholders but they became corrupt too in their partnership with men and started taking worship and teaching men all manner of evil Hebrews 2 are you there now therefore we let's start from verse one I'm going to speed read and allow me please I'm going to speed read 1 to 18 the the whole chapter therefore we ought to give the more Earnest heed to the things we have heard let at the any time we should let them sleep if the word spoken by Angels was steadfast and every transgression and Disobedience receive a just recompense of reward speaking about the law how shall we escape if we neglect so great how shall we escape if we neglect so great salvation which are the first began to be spoken by the Lord and was confirmed unto us by them that heard him remember this is chapter two so it's flowing from chapter one where he said God who has times and spoke unto the fathers by the prophet so confirmed unto us by them that heard him God also bearing them witness is that from Genesis is that from the first prophet in the Bible Adam first man that was speaking for God so from there God also bearing them witness so all those people who work with God all the men who work with God God bore them witness both with signs and wonders and with diverse Miracles and Gifts the word gifts there is merismos distributions there was the way the Holy Ghost worked with them which is where we get the word ministry gift so there were there were gifts of the Holy Ghost they were set in certain um operations um they have said some to be Apostles prophets teachers firstly Apostle second the prophet tell teachers after that Miracles uh AB healings helps government I mean all those things he listed so the same God have God be both with signs and wonders and with diverse Miracles and gift merismos distributions of the Holy Ghost according to his own will For unto the Angels had he not put in subjection you see the word put unto the angels had not put in subjection the word to come now that word to come in that their timeline because remember writer of Hebrew is not reading Hebrews the word to come in their timeline was Israel because Israel did not exist in the table of nations in chapter 10 God did not put Israel under Angels because God said to Israel you are my own lot you are my portion so I'm going to that was when he told the Nations you can do what you want but my plan will never so what God stopped was their intention to cover the Earth in the darkness because God Cel with stand so you can go your way but my plan will remain I will not change my plan and he after that

begins a war calling a man you can tell that he had appeared to the whole household because Tera the father of Abraham follows Abraham to leave house right so until they are not put in the world to come whereof we speak so in this context now see the word we speak so the word the word to come which we speak so he uses Israel to explain that Israel was a world that was to come in that timeline that's how today the kingdom the global Eden that is to come is not going to put in subjection under angel now in the direct application the church is not under the subjection of Angels We answer to Yahweh alone God is our God we are not under Angels but the nations were under Angels how did God put Nations under Angels that's what we are saying remember using the word Angels sons of God Heavenly Host how did God put the word under Angel why would God do that when the Unseen host have always been God's Partners remember has two Administration a Heavenly Administration and an Earthly Administration Heavenly unseen invisible invisible beings who administrate with him and that Heavenly Administration was made before Earthly Administration so God has two Council God has two Administration Heaven and Earth Administration AB Be Heaven Administration supernatural being Earth Administration humankind so Spirit kind and humankind are the two people God is working with they are the imagers they are the ones that image God let us make humankind to image us are you following so man and supernatural beings represent God one representing God in the Unseen World in how God has set his throne in the Unseen so the heaven over the Earth so the Unseen over the seen are you following so that what to come Israel which is now an example of the church and the church today the fullness of the church today is where all the Earth is now the church which has not yet happened so is that idea he has in mind as his writing so it now says in verse six but one in a certain place testified saying what is man is that Psalm 8 what is man thou art mindful of him or the son of man that thou visitest him thou has made him a little lower than the Angels which when you read in that um Psalm 8 you have a little lower than Elohim AB a little lower than Angels Angels there is Elohim and you know what Elohim mean man is made a little lower than residence of the Unseen World man is made a little lower than Divine being because Divine non human that's the word divine nonhuman nonhuman beings Divine beings for what is man thou art mindful of him and Son of Man thou visitest him for thou has made him a little lower than the angel so seeing that man's body man's framework is dust of the ground supernatural beings are not made of that they are Celestial body Celestial Thou made him lower than the Angels C with glory and honor that did set him over the works of thy hand so the man that God made God set him over the works of his hand thou has put all things in subjection under his feet for in that he put all in subjection under him he left nothing that is not put under him but now so the man that God created that is supposed to have all things that man remember something happened to that man that man fell chapter three chapter 6 chapter 11 so has been in Rebellion so the chapter three only is the original one which is what is highlighting here there has been a fall but but now we see not yet all things so something happened that affected God's plan the very which will start with the very first Rebellion something

happened but now we see not yet all things put under him but we see Jesus so it now explains a Reconciliation God will now reconcile man but we see Jesus so God had to become a man to help man back into his plan but we see Jesus who was made a little lower than the Angels so Jesus a little lower than the angel does that not teach you what he's saying how does Jesus who is the Creator God now become lower than Angel so that's speaking of his Humanity he descent into Humanity became little lower than Angels F the suffering of death crowned with Glory and Honor so the same thing said to mankind that he by the grace of God should taste death for every man for it became him for whom are all things are you seeing for whom are all things and by whom are all things in bringing many sons onto to make the captain of their salvation perfect true for both he that Sanctified and they who are are all of One one are you seeing for both he that Sanctified and they who are Sanctified are he that Sanctified and they who are Sanctified are all of one one what ellipses what the what is omitted as one family AB are all of one family he that Sanctified and that sanctify are all of one one stock one family for which cause for this reason he is not ashamed to call them brethen saying now he's quoting a text saying I will declare thy name that's Psalm 22:22 saying I will declare thy name unto my Breeden in the midst of the congregation will I praise thee in the midst of the church church here is congregation that Psalm 22 congregation is not church as you and I know it is Supernatural Gathering so because the same word is used for us because we are assembly they are they are also an assembly so church is the word assembly so I will declare thy name what is Thy Name what his name the the alphabet that we used to pronounce you or I will declare the accomplishment the status the function thank you not the name not the alphabet that we used to call you I will declare thy name unto my brethen I will declare my the accomplishment in the midst of the church will I sing praise unto thee remember where this is getting from Psalm 22:22 says I will declare thy name unto my brethren in the midst of the congregation will I praise thee saying I will declare the name so 13 and again the word again again used in those text means another scripture so he said and again I will put my trust so he showing you how to interpret the Bible you allow scripture interpret scripture so the writer of Hebrew is bringing many text together so it's showing you that they say the same thing and again so in another place and again I will put my trust in him that's a text not just one many text and again because there are many texts that say put your trust in the Lord Psalm 18 Psalm this there are so many in the Psalms and again then it says and again behold I and the children that's Isaiah 8:18 which says behold I am the children who the Lord has given me are for signs and for wonders in Israel from The Lord of host which dwelleth dwelleth in Mount Zion so you notice it's is an Mount Zion is that the Mount of assembly mount siai is not called the Mount of assembly I told you why because light and darkness was there but what Mount siai is is what Mount Zion is the only difference is that Mount Zion doesn't have unbelievers so Mount Si is used to explain Mount Zion because Mount Si was the original Mount of assembly in for the train of Israel in their Wilderness journey and the mount there was to explain that God's plan we had that's why we taught

that series on of God so Isaiah 8:8 beh I the Lord has given me are for signs and wonders so bring that into the Hebrews 2 now says and again behold I am the children whom God has given me for as much then so what is the language is saying I will declare thy name remember I explained this he takes the not yet but now we see Jesus so that Jesus that became a man crown with takes us by the hand upon his resurrection leads us into the Mount of assembly which will cause Zion now AB the Heavenly assembly and it says and he's not ashamed to call us bed because he's supposed to be ashamed because he's looking lower than those supernatural beings that he's lorded over but now he leads man into that assembly man is now in the Assembly of the Gods and man is going to now take that size of the north that height he leads man and takes man up everybody's wondering what what's he going to do what's he going to do then he says behold I and the children whom the Lord has given me these were are made for s the word made ordered fashioned that made for sign and wonder the sign and the Wonder is not for you to be doing Miracles no that's what he's teaching the sign and the Wonder is the resurrection so when he says this I and children are signs and wonder in other words they were created to be signs and wonders remember what El is a sign the sun moon and star Genesis one are for signs so it turns I and were are made for signs and wonders so he says these are the signs and the wonders of what I just did that name that accomplishment that I'm declaring I'm declaring my accomplishment to you I and they this I and the children so putting it in simple language today I and these people whom the Lord has given me this is the people God has given this is the man God always intended this is the man that God wanted to have from the beginning God finally has his man so see the man are you getting it for as much then as the children are partakers of Flesh and Blood he he also himself like stood by say in case we didn't get what he meant by Sanctified in verse 11 and now in case you didn't get 11 how 11 went to 12 and 13 you see the writers are intelligent they now bring 14 for as much TR our partakers of Flesh and Blood he took part of the same that true death he might destroy him that had the power of death the what destroy is render useless him that had the power of death that is the devil so it's not God that had the power of death in Genesis to Malachi you can see who that the power because Satan that produced Death In His corruption with Adam and Eve that's how the Land of the Dead even came out and deliver them who through fear of death were all their lifetime subject for verily so again explaining what he said he took not on him the nature of angels but he took on him the seed of wherefore in all things it behooved him to be made like unto his that he might be merciful and faithful high priest in all things pertaining to God to make reconciliation for the sins of the people people so that's the context so let's put a mar here let's put a a big Mar here and run what are unseen forces um what are unseen forces and just put a mark there we'll come back here as we round off when we are rounding of we'll come back to that text but what are unseen forces at are there different terminologies used to speak of the Unseen yeah so ready for some Bible study now this will be the basis in which we'll continue with on Sunday uh what are unseen forces now there I didn't say who notice I use the word

what is deliberate because we are adding contrary circumstances so what are unseen forces if I say what are unseen beings I will not I can now use who but I'm saying what so it's deliberate what are unseen forces now part of the Unseen forces within the scope of our teaching deals with Heavenly beings what we called host of Heaven in our part two part three of this teaching host of Heaven now there are we separate it into three buckets a bucket uh three bucket list a bucket list for nature a bucket list for status a bucket list for function did you get it so there will be what are the terms used in the Bible that explains the nature of those host of Heaven are you getting it so let's look at that first the terms that explain explain the what the nature nature is what are they like so if you are going to describe them how you going to describe them what are they like now it's sad but we are used to only one we are used to the use of the word Angel which is not even a nature [Music] terminology Angel is a function terminology but Angel is what the new is the New Testament writer favorite Monica favorite nickname for calling the whole supernatural beings they call them Angel they know that it's a function terminology but they choose to use that word because of the New Testament books the Greek coming from the simple second temple Judaism has that uh demon analogy so for it to follow because they already using demon they let use angel but it has a wider study So when you say angel you say demon so so that it will match angel demon but what they are saying is a whole lot of things are you following all right so that we want to explore a bit what are the terms the terms that explain their nature what are they like because there are also terms that describe their ranking we also look at that that's what we mean by status they ranking their preeminence which is over our Thrones over dominions and over principalities and power if we are using the Ephesians 6 and Ephesians 1 phrasing but you know Paul got that from Genesis to Malachi in fact Paul got his Cosmic Powers fromom 32 those are the sheds we go back to 32 and see so that's why I want to show you what are the terms used to explain them so that you are not surprised what are the temps because there are quite a lot of words used now those in the Bibles who have a bit of idea of this because we did study around this in angelology so terms that describe nature there are terms that describe their status there terms that describe their function what the members of the Heavenly Host do so terms that describe their nature or by you know what mean by terms now words that describe their nature now one of the words that describe their nature is the word heaven I'm going to start with that heaven heaven so when the word Heaven is used when the word Heaven is used in the beginning God created the Heaven and the Earth so that word Heaven if you have a Hebrew um cometry or concordance you see that that word Heaven is in the Hebrew called shamayim now remember small small I'm teaching you Hebrew language I am now I do not say I'm a scholar I only study the work of Hebrew Scholars so that's what I can bely tell you I'm not a Hebrew I'm I'm not ver in the Hebrew language not yet maybe three years time I will when I've completed my education I will but not yet all right so I'm not vers in the Hebrew language but the use of I am because the word Heaven is shame so you now say sh you see they already put am you know am is plural language

so you see that the word used to explain Heaven already has that plurality just like Elohim I am anim giborim although once you see I am is already explaining something so the word heaven is also used to explain their nature which is the Hebrew word and write it in Hebrew shim s h m a y i m now you'll see why I prefer you writing it in the Hebrew language than the English because it will be a bit confusing so the word shim is used for over 400 times 420 times in the Hebrew genis to Malachi now it's not all the times that used for supernatural being used to explain the visible Skies we have explained that uh the atmospheric Heaven is also used to explain the supernatural real but is also used to explain supernatural beings themselves look at Psalm 89 are you ready all right so Psalm 89 and will do from verse five and the heavens shall praise thy wonders oh Lord Thy Faithfulness also in the congregation the word congregation is the word qual another word that explains assembly I told you there are five words for assembly so and e a h which is used to explain a family of qual is a congregation 120 times or moed is it's a meeting place an assembled meeting or sword s o is the council of the council so when the council meeting meet what do they talk about that's secret is the word used for God Reveals His secret to his Prophet is the word for assembly to a Hebrew word for assembly s o d there's the word d n used in Daniel 7 for cut c r t so there are five words used to explain assembly we also explor them when we talk about hierarchy because not all not everybody for example we hold pastors meeting you don't join us now you can't say you're not a member they are also members the pastors when I have pastors meeting they are also members of L1 but they are also pastors so when all the members of God's Heavenly Host meet they don't all have the same assembly they can meet together they can also separate all right so you get that so there are languages used to explain saying that because the word s so is used for secret of secret when you are hearing secret conversation counsel of the council so when you know what did they now finally decide how did you hear it were you in that meeting and that's what he says man is man he Divine conversation man can appear because man as priest Prophet King appears in that council and yes those secret conversations though not a member because of the Fall he didn't take his place but he appears there because by Nature he is a member of that Council so if he in his worship of God he can hear but now today man is not just hearing man has taken his place he Seated on high are you following sometimes these things just lack their meaning because it means a whole lot of things that we just know one part of it and not all for who in back to our verse five and the heavens shall praise thy Wonder so the word Heavens there is the word shamayim used for supernatural being and the supernatural beings shall praise the Divine ones the sons of God shall praise thy wonders oh Lord Thy Faithfulness also in the assembly in the congregation in the congregation of the Holy ones this another ter for nature will come to it soon say kadim sent kados kadim for who in the heaven so you see talking about people you know what I mean by people now talking about Creator which is Heavenly creator for who so he talking about things in the heavens for who in the heaven can be compared unto the Lord who among the sons of God Mighty is the word eel can be

likened unto the Lord God is greatly to be feared in the assembly the word assembly is the word so she is playing with what he starts off with congregation qual he moves on to verse seven God is going to be feared in the assembly in the sword in the cycle where Familiar Converse take place so the council the secret what the council meeting says the counsel God is really to be feared in the Assembly of the Saints and to be had in reverence of all them that are about him so does God have a Heavenly counsel he works with does he need them no but he chooses to have them just like he does not need man but he choses to have man beautiful oh Lord God of host who is a strong Lord like unto the or to th round about thee thou resses region of the sea now these are all polemics strong ways of defending God and explaining God over and against idolatrous view because uh maduk the strongest of all the Mesopotamian Gods could not conquer the sea monster but they use that word to Now Praise Yahweh that Yahweh our own God has conquered the sea monster so these are words they they use words that Their audience in their ancient language understand what they mean because all the gods in that their language in that their timeline they highest ranking God is always there was one that needed other beings to give him he collected all the powers of the other in their mythologies collected all the powers of the other Sons so that he could be able to fight just like Zeus could not fight the Titans alone Greek mythology he needed all the other God does not need that so they not say alone you are God they they use different words to explain to Their audience that God is matchless this our own God is different from the rubbish that you people are doing are you following so that this is one of such words thou rulest the region of the sea because the ancient word use Sea to explain chaos sea monsters to explain supernatural beings we also look at that when we explore terms associated with demons thou rulest region of the sea when the waves therefore arise thou steal them so the way you even steal the storm that the other God could not deal with is sh you know the waste you know they you know they use hand is sh so when we saw Jesus doing the same thing he was that's why they said what man of that's why the people had to say what Manner because they understand what that only a Divine one can act like this then Jesus now said you know I'm you are going to be like me so you two can do the same thing because the man of man is the man of man he made us to be all right thou rules region of the sea with the waves when the waves therefore arise thou steals them sh that's the word steals them is not I steal you the word peace be still is not peace be still in in the Hebrews the word so in the translation they now put it as peace be still it's just the word silence he silence when you say silence and but the way to do it in the original is all right so it's not actually saying the words peace be still is too long he only needs one word to cast out devil out go it doesn't waste words time submits to him thou has broken Rahab in pieces Rahab is the sea creature that explains the whole of Egypt power so when you say the powers of Egypt is sum up in the sea monster called Rahab because Rahab becomes the mythical name for for Egypt Egypt as a power in the Unseen World is called Rahab so thou has broken Rahab in pieces the mythical sea monster as one that is slain thou has scattered thine enemies with thy strong

hand the heavens are D the Earth also is d as the word and the fullness thereof are you seeing the heavens are everything in the heavens the Earth is as the As for the word and the fullness of thou has founded them the North and the side has created them this has a lot of meaning T Tabo Hermon shall rejoice in thy name thou has a mighty Armstrong so it goes on and on and on and on are we good so the use of the word Heaven Heavenly ones look at Job 15 job 15 verse 15 let's do uh 1415 what is man that he should be clean and he that is born of a woman that he should be righteous verse 15 behold he put no trust in his sense in his kadim another word for nature yeah the heavens the Heavenly ones that's the word Heaven the heaven ones not Heavenly Host host has another connotation when you put host Heavenly ones because they use the word shim so the heavens the Heavenly ones not host to because host is saai used to explain Army it's a function terminology so they don't use it every time so when he put he put no trust in his sense yeah the heavens are not clean in his sight is not is not sky is not clean oh all right so it's the same word he explains in job 4:18 when he said he put no trust in his servant and his angels he charge with Foy so he had already used that word before the same word in job 25:5 behold even to the Moon it shineth not yet the stars are not pure in his sight so the heavens clear clear clear all right so the impurity of the heavens it's talking about the supernatural beings so Rejoice with him all Heavens bow down to him all gods that's Deuteronomy 32 so the use of the word Heaven 321 just giving you references oh ye Heavens just like we said I call Heaven and Earth to Bear witness I call supernatural being Heaven sh but look at 43y 32:43 Rejoice all ye nations with his people for he will avenge the blood of his servants and will render Vengeance to his adversary and will be merciful to his land and to his people so the use of the word Heavens now another nature terminology is the word Spirit now this is quite easy to tell when you use the word Spirit sp sp i r i t the word Rak in the Hebrew in the Greek Numa Spirits supernatural beings are called spirits First Kings 22 19-23 the same thing in 2 Chronicles 18 18-22 when Mah the son of imla has that Vision notice one of in that first Kings 22 AB I saw the Lord sitting on his throne and all the host of Heaven standing beside him on the right hand on the left and said who shall entice up that he may go up and fall at r g and one said one thing another said another then a Spirit came the spirit Rak a Spirit came so that word Spirit remember Hebrews 1 Hebrews 1 verse 7 and of the angels He said who maketh his angels Spirits so is that their nature is that what they are like so if you're going to describe them they are spirits maketh his Angel spirits and his ministers a flame of fire that's 104:4 that that's gotten from who maketh his angels Spirits make his Angel Spirits Rak they are spirits did you get it yeah Spirits yeah spirits our spirit bless the Lord oh my soul oh Lord my God you are you are very great you are clothed with Splendor and Majesty Psalm 104 ver1 covering yourself with light as with a garment stretching out the heavens like a tent he laid the beams of his Chambers on the wat as he make the cloud his Chariot he rides on the wings of the wind the wings of the wind roak he maketh his malachim WIS rat his Ministers of flaming fire so the word Rach can be pronounced as Ro r u h o t where you are trying to separate the world from being just the

physical way so wind is the word ruach so when you want to deal more with Spirit use the word Ru r u h o t it says it means the same thing with so it's a nature terminology now that is not something we need more Bible verses for because L nobody is doubting supernatural beings are Supernatural even spirit being are Spirit ah sorry it's an argument I don't think anybody's arguing if a spirit being is a Spirit by Nature how about that's the name spirit spirit being already is a spirit all right so so you see the use of the word evil spirit Spirit spirit Spirit evil spirit from the Lord spirit Spirit used in Genesis to so the use of the word spirit Spirit the Spirit came spirit said so Spirit that's a nature terminology are we good another word for nature is the word stars or nature terminology when you say Stars and so the Stars fought for us in their curses he made Stars also Genesis 1:16 the word stars is the word cab k o k b which is the word cim k o k e b i m a has that thing on top so you can put it as e c cim k o k e b i m so you see the difference there's shamim there's k stars now this is used a lot Genesis 15:5 can thou tell the stars and he brought him abroad and said look now towards heaven not Sky the Unseen word look towards the Unseen and tell the Stars if thou are able to number them and he said so shall I seed be so your seed shall be like the supernatural seed that's why the same words for supernatural beings I used to explain the church because we and supernatural beings are alike so shall your your seed be AB all right Stars Deuteronomy 4:19 when thou lift up thy eyes unto heaven when thou seest the sun moon and stars even all the host of heaven so the word stars stars in judges 5:20 Deborah said they fought from Heaven the Stars in their curses fought against cerah so it says the battle was Supernatural which was why Barack was looking for Deborah to follow him to battle so he say the Stars fought for us stars are Supernatural language when he said the stars have aligned for you so you know that was powers that be are for you so the Stars the stars is is a supernatural language the Stars job 38:7 when the morning Stars the morning cab beams the supernatural beings that were before the dawn of man the morning Stars sang together and all the sons of God shouted for Joy so morning stars did you get it that's a nature terminology stars stars they are called Stars Psalm 136 ver9 the moon and stars to rule by night for his mercy and the red forever psalm 47:4 he tell the number of the Stars so you see can you tell the Stars you see that the word tell the stars is not astrology it's not Capricorn Cancer it's not those nonsense can th tell the Stars God tell the Stars Psalm 147:4 he tell the number of the Stars he cth them all by their names not St physical stars as you an astrologer not that one Praise Him son moon and stars all ye stars of light Psalm 148:3 stars of light just as Satan wants to transform himself to an angel of Light stars of light Psalm 148:3 stars of light Isaiah 14 now the Lucifer guy remember Lucifer guy is a is a lamentation for Tyrus king of Babylon how had the oppressor seized the Golden City seized that's very 4 so verse 13 1213 thou falling from Heaven oh Lucifer Lucifer is the Hebrew word h shining one the it is a Monica for the king of Babylon a nickname for the king of Babylon H is how you praise him because his city was called shining City so he was called The Shining one that ruled over The Shining City just as Marco poloo in China had a nickname so just like like Persia guy was called King of

Kings he rich but he was called that was his nickname King of Kings so they all had nicknames because they were strong men in those ancient time for thou Hast said in thy heart uh I will Ascend into heaven I will exalt my throne above the stars of God look at that word stars of God so I think in that movie Marco Polo you see that um man the just don't like mentioning characters from movies but it will look like it's movie like mentioning it in history is better off I will exalt my throne above the stars of God so the word stars there is not physical stars because how can how can a supernatural being be bothered with physical star he say I will exalt my Throne so there are Thrones on physical Stars no I above the stars of God the C beams the stars of God so that's what the wise men saw in the East they saw his star they were Guided by Supernatural forces that's what the New Testament writers want you to see not St not they guide anybody except you are dump sorry about that I mean no insult I mean SC to be stupid for Star to be guiding you star is in one place now that can start be moving from place to place it's just trying to tell you that they were guarded by that because he tells you that they are from the timeline it gives you the same idea idea of Daniel people wise men wise men those wise men Daniel's time were sorer so these are the ones that wanted to know more about God these are the ones that are looking for the true God so they are being guided because Angels point you to the way of life so how can not point to the way of life they will point it to life himself that's why the host of Heaven were rejoicing when Jesus was born the stars were rejoicing when the wise men finally got there so stars of God I will Ascend above the heights of the cloud I will be like the most high so that's the word stars did you get it stars it's the same word in nemiah uh 9 you see the word Stars 9 verse6 Stars the stars of Heaven the Stars so that star language is used a lot AB all right n the 16 N Text you will hardly ever read n three and verse 16 thou Hast multiplied thy mechants above the stars of Heaven the caner one spoil and flyth Away th Crown as the Locust so so Stars so when the Morning Star s together so so Job 38 so you have stars number four Elohim is a nature terminology is the word used to explain God's Divine beings Elohim now I don't think I need to give you references for that but just put some2 there we have been mentioning that before number five kadim which is the word sent now this the Catholics got this spot on only the Catholics in their theology call Angel sent should me now of course it's popular not only them but I mean they are the loudest people and he said the Lord came from sin and Rose from SE unto them he shined forth from Mount pan and he came and 10,000 of sins from his right hand went a fiery law 10,000 of sents that's the word kadim holy ones sent the same word we have seen in uh Psalm 89:5 in the congregation of the Saints Psalm 89:7 in the Assembly of the Saints the Holy One now that is a bit easier to see in Daniel when he say and a holy one even a watcher or Holy One is it your own Daniel chapter 4 and I saw on the visions of my head upon the bed and beh a watcher even an Holy One came down from heaven a Holy One K him so Holy One is a nature terminology job 5:1 he finds the same idea Des sent job 5 vers1 Daniel 4:17 zakariah 14 and verse 5 Psalm 89 so five the same language so the Divine beings are called another word for them is uh cloud another word for

supernatural being called Cloud that's why you always see Cloud another word is um sons of God which we have already explained sons of God is a nature terminology so when you call them sons of God it's a nature terminology sons of God now we'll pause there for uh terms that describe their nature WE Post there now that's actually all of them Genesis to Mal those are them that if you are crossing over to New Testament you not have the Glorious ones because Peter call them glorious ones so you have crossover language but we continue from there now back to my 32 Genesis 11 which is where I want to end hallelujah what is spiritual warfare a spiritual warfare shouting at demons is spiritual warfare power flows now those are not people that matter their ranking is useless they matter not in this in the CER of things because what a supernatural being will fear cannot be you shouting for him to leave one person to go another person because you shout for leave and go another that person now now dog they shout for they run talk is still and run know you you think they are very strong on you stand your ground you know how dogs used to run so now dog they shout for I repeat his par our people say dog they shout for they run dog you know shout for go they play around you they lick you so demons be all right so um shouting out you devil you devil that one that one is good power flows nothing wrong with that but that's not what the Bible calls Warfare and why the Bible does not call it Warfare because that is not cause that's there's no there's no war there there's no war there because we are fighting for tough to if we are fighting for ground here the supernatural beings that are angry that we are gaining ground are not those ones that we are shouting for out out out now the proliferation of those guys is Genesis 6 Genesis 11 is those principality and Powers those principality and Powers what they fear most is their own end and their end is announced by the preaching of the Gospel I remember the first person to ever teach me this was still born I was reading that a small book I threw it away I tore it after I threw it away I was still I was not satisfied because we're hearing everywhere strong man or meet your powers so me I mean those are songs we could hear it from people inside the room just go to a young man teenager trying to know God when to buy book you know saying that's not Warfare ahh Warfare is just to preach just to preach the gospel I said ahh Ephesians 6 say put on the armor that's preaching of the Gospel no deceive [Music] me the same me that to throw it away looks for the book to buy again so you know you can think it's the Lord that is leading you say something told me that that the man is preaching is going something is it not you too that used to have dream of you missing Rapture to tell you you don't know you don't know the way of the of the spirit real the spirit real answers to Insight what you know what you believe is what you will see experience it matters because you didn't believe you will make Heaven you were having dream that you miss Rapture how can you miss Rapture when you are part of planning committee are you not the ones bringing the Rapture how can the Lord descend and you are not present what kind of Lord is that one where are you found are you not with him how is he found and you are not found that is that means you are not saved so how can you no no no you that day will not overtake you like a thief in the night because you are part of planning committee you

are the part because our preaching of the Gospel is what brings that end so how can you be taken by surprise what you brought the day that you brought you did not not know when it happened kind of irresponsibility is that that cannot be now no it's comfort you with this words it's not scare each other with Rapture teaching no Rapture teaching is is romance is you are the pay of inestable price is is is love language is God wooing you using sweet lines that you are not like the swine you now use that to explain that we are missing how can you miss what you I'm again repeating you are the bride that the bridegroom is after how can you not not be I mean religion is stupid though very stupid you are the briad that the bridegroom is coming for but because we now change Ephesians 5 that uh present yourself without spot God wants you to PGE yourself so that you will be without no he said he will present you without it is his work to present you if you could present yourself you could have born yourself again now no so there's a way ignorance read Bible verses put one up this afternoon online very wonderful ignorant people read Bible CU they always working out their salvation so what those supernatural beings will fear is an announcement of their demise they don't like when we tell people that you don't own a state you don't own they don't like when you start preaching you don't own give your so when we are announcing in a community that devil you own no so yeah that's what they don't like that's what they fear they fear their own demise because the more we announce the more we preach the Great Commission the more we preach the gospel more we are doing the Great Commission the more we are preaching they are they know that we are because they fear their demise they fear their end because that preaching is what brings the end so they fear that so they will rather fight you than let you go cut free they rather fight I've told you before Satan partners with Ministries to spread lives in the earth it will rather you have more Fame because Darkness yes so some people Satan is protecting them you cannot die no no nothing we we need you for our work because you our infiltration into into light to be deceiving them that this is what everybody should believe so Satan protect his agents protect his guys very well there some person somebody the Lord told me to pray for he said for Satan is protecting him that is the reason why he has not heard my voice so so there is a way to pray you know when you gain ranking when you gain stature spiritually God teaches you how to pray so there is a way to pray that he will hear this reason why he's not hearing to stop that thing that he's preaching because Satan is protecting him when Satan protects a man of God wow that things you he things you he so spiritual warfare is not out you devil that is not bad though because some people don't know how to shout out Satan has messed up their life but spiritual warfare is this ground belongs to Yahweh shall be saved bdpa shall be saved so when ra announced Africa shall be Blood Washed all the principalities brought their SW we will fight them that is it that is what Satan fears the preaching of the gospel because what is spiritual warfare reclaiming territories we are saying the Earth is the Lord and the fullness thereof it does not belong to you give us this ground give us ground because God had only Israel as his own Nation now and all the Earth is what God created but because he put placeholders which have now rebellious so

we are telling them are you not rebellious sons of God are you not Fallen ones didn't you R
it don't you know who is the Lord but now based on legalities someone walk the earth as a
man so based on that legality what Jesus has done because we could before Jesus came
we could announce the Earth is the Lord and that's true that's why you see all the prophets
kept announcing it ah that text is not just in one place the of the Lord is liter over the Bible
they keep announcing but now that Jesus has now paid for what he created which is
unnecessary but essential because we are dealing with Justice so there's no hiding place
so now that is the power so bony said when you let loose the gospel you let loose the
power of God because there in is the power of God onto salvation when you are shouting
no that one be power when you are preaching when you are telling people I was telling our
folks in the mission I said look at this place now the air is lighter people have done a great
job the air is lighter I can't see the things I could touch I could touch fear I could touch what
has held people in darkness not day not day and nobody went out sh strong me your no no
no let loose the gospel you let loose the power of God how did Diana for Paul did not go
Princess Diana Must Fall Wonder Woman Must Fall no that's not what he was shouting he
preached and they brought their magic book and the bond Ephesus was turned upside
down they said if we don't kick Paul out of this you see it now because when black powder
cannot work they will use human agency because black powder does not work when you a
man under Mission because the things protecting you are not things are forces because
you are doing War so you think you are just saying Jesus love you but if you see the
Unseen is is Entourage you have a Divine Entourage chasing Darkness chasing Darkness
so even if you were you can't be taken on aware so what now happens now use people
say let's kick this man out out of town because we are hearing if not nobody will worship
princess Dan again and Paul did not mention her name he was just preaching but you let
loose the gospel say d has fallen that's what they they said with their mouth the preaching
of the Gospel is the fall so when he say I behead Satan fall as Lightning because they were
preaching the gospel once we announce the kingdom of God we announce Satan your
time is up give give up give up being give up she one man did it and Chase back the
principality and power now bity is loud with the preaching of the Gospel city of blood on to
something else that's an announcement God bless the AR bishop and all the people like
him so you you do that in different places because there are some places have never
heard the loudness of what Jesus has done so those places are heard the inhabit the
cruelties of Darkness the dark places of the Earth where are reclaiming it while reclaiming it
it belongs to the Lord Satan you have no place you have no territory you have no ground
give up your hold and we do it not by shouting devil devil devil come out no we do it by
preaching the gospel we announce your time is up is that know what Jesus announced that
is your time time is up the Lord owns these people the Lord owns this place and they say
yeah yeah yeah I know I know but they don't like it so there is a war that's where Warfare is
they will do anything to make you not preach the gospel and that's what Satan fears most
doesn't care about any other thing doesn't he can make you make money so that you that

will be your distraction not to ever preach he will allow you have a good husband if his husband is your problem he will give you a good wife so that you will never preach and just be join your wife to your dying day we are useless concerning Eternal matters I will not waste my life God became a man he could have been anything but he became a preacher that's the greatest use of life I Will Not Waste My Life by not preaching the gospel tell yourself I'll preach the gospel I preach the gospel I let loose the Gospel of Jesus Jesus announce what Jesus has done yeah oh Spirit of Darkness so you will know where we stand it's an announcement the preaching of the Gospel is an announcement yeah oh principalities and pass we always are smart evil had they know Glory I they know not have let us put Church there had they known had they known had they they that's the that's the way that's the way that's the way the preaching of the Gospel the weapons of our Warfare are not can but Mighty true God if it's atie Shad sisteri brother Uncle OAS ATI F that is your problem you have nothing to worry about because One Mono cabic word is enough stop that's but we rest not again Auntie sh sorry if your name is sh we wrestle not again those are again principalities and rulers of Darkness so we not after the human that's why we can't be killing them it's against the Great Commission if we kill all the people they will not have Apostle Paul come out from being s of T us say you even you that is worshipping Satan you belong to Yahweh give me so what is the war Satan knows that we are coming he blind your eye I can't see I can't see I don't understand what you are preaching this you saying never make sense to me it make sense Lord as we go intercession our Detonator we have shoot bomb inside their camp now what how come I thought I tired this guy I thought I blind his eye he will never see we don't lose whatsoever we bind on it Bound in heaven whatever we lose we have the Keys of the Kingdom we we we lead men so sin we remit I remit sin we retain I retain and that's why I will not retain people sins I'll preach the gospel you are so important child of God if you know how important you are God has no useless son God has no unimportant son every Son of God is important every child of God is important God has put honor upon you you are the people that renews the air that brings the end preach the gospel be diligent in the preaching of the Gospel I'll waste my life for the preaching of the Gospel don't never say I'm wasting away I'm wasting away I'm wasting way because you love Jesus no so I told our guys and the same thing I say to everybody who you are our heroes because we are G you're Heroes because that's the greatest use of life that's the greatest use of life that's the greatest use to live for God's kingdom every other thing you do in the natural is secondary the primary have dominion spread the influence of the Kingdom and that's what you do forever and ever spreading having Dominion but for now before the end of the end of the end as we spread it will bring to pass the official end which is no longer just the end but destruction now they have been disarmed but they they still exist but in that end of the end where hell Death and All devils are C to Lake of Fire they will no longer exist and our preaching leads to that end point Hallelujah I will be about the preaching of the Gospel no Satan will not deceive me and the good news is that we're not telling people stop this and start this we are telling them look at

what Jesus did for you oh how he loves you if you will let him be your father if you will let him be your God he will take you to be his son he will take you to we announce the good news not the great stopping but the great receiving and it's in that receiving you walk with him and you know to stop this you know to start this you know to do this Hallelujah I'll do Warfare so how you doing Warfare when you shout th devil causing stagnation of finances no no no no no no no no that's power flows that are Provisions for that but that's not Warfare Warfare is when you take the gospel and you get a soul from from Darkness into light oh boy it was not easy you battled for 2 hours you battled for one hour souls are precious before the Lord souls are precious before the Lord that's why I beg you every time be careful how you live among the unsaved be careful how you live among the unsaved souls are precious before the Lord amen be careful how you live among the unsaved also be careful how you live among fellow Believers but souls are precious Hallelujah God wants them to be safe and come to the knowledge of the truth that's warfare that's what we leave for who is on the L side I'm on the L side and we are fighting this battle we bind and lose we cast down every imagination every height that exal itself the weapons of our Warfare are not caner but Mighty true God to the pulling down of strongholds we reclaiming territories for our God we're taking territories for our God are you like me are we together in this matter we're taking territories for our God lift your hands and pray in the Holy Ghost I'm taking territories for God that's Authority and I'll tell you why we're teaching this because your Authority is also in the preaching of the Gospel your Authority increases the things you know the things God can trust you with the secrets he can trust you with the things he tells you oh brother thank you Lord go ahead praying the Holy Ghost praying the Holy Ghost praying the Holy Ghost they
