

understanding will be enlightened and I pray that revelation knowledge flood our hearts this evening in the name of Jesus wisdom direction by the power of your spirit and the power of your word let our minds see answers and solution and by reason of this teaching this evening in the name of Jesus let us Walk in victory, walk in authority, walk in dominion that is ours already in Christ Jesus. We declare again that in this service the things that ought to be said will be said. The things that ought to be done will be done to the praise and glory of your name. Amen. God bless you. Have your seats. Amen. All right. Unseen forces. This is uh part 13 as you said, right? Still looking at the scene and unseen. And um when we talk about unseen forces, remind you, we said that unseen forces deals with the influences and the power of the unseen. That's just basically what unseen forces mean. the influences and the power of the unseen. The influences and the power of the unseen. Whether it be of the power of God or of supernatural beings, good or bad, of man acting in his spiritual capacity. Because so man is a spiritual being. However, he is not spirit in the way angels are spirit. What does that mean? Man is not a resident of the spirit world because man has a physical body. However, man is spirit or man is spiritual because he was made to a stride two realms to live in two worlds. The same way supernatural beings appear as physical, they take up human body. The Bible says they excel in strength. And part of how they excel in strength is that they get to uh put on human bodies in their appearing to man that so much that Daniel said the man that spoke to me and he was speaking about in Gabriel and he says the man that spoke to me Daniel chapter 9 chapter 10 read some of those references already and he says the man that spoke to me and he was as if he was a man the same way Manueh's uh Manueh and Manueh's wife the father and mother of Samson thought it was a man that spoke to them. So angels do appear as men. However, they are not men. So, uh we must get it clearly that what we say a spirit being. Man is not a spirit being the way angels are spirit being because man has a physical body. The physical body we have is why we were made for the physical world. This is our place of habitation. We inhabit the physical world. We inhabit the earth. Supernatural beings inhabit heaven. Unseen realm. That's what we mean. Not planet. Not where you go where you die. We've corrected all of that by now. Supernatural beings or heavenly beings inhabit. Their habitation, their place of abode, their place of dwelling is heaven, the unseen realm. The place of abode for man is the earth. In fact, there are texts in the scriptures that says God dwells in heaven. God in heaven, God will hear from heaven. And he removes God from the earth as if God is not on the earth. No, what he's doing is again that place of residence thing. So that we get it that God is unseen. He spirit just like John 4:24. God is spirit. Hallelujah. So we must be familiar with that. In fact, we've read that Ecclesiastes chapter 5 so much in this season where it says, "Be not rash with thy mouth. Let not thy heart be hasty to utter anything before God for God is in heaven and thou earth. Therefore, let thy words be few." We've also read verse six where it says, "Suffer not thy mouth to cause thy flesh to sin. Neither say thou before the angel that it was an error. Wherefore should God be angry at thy voice and destroy the work of thy hand? That was less you use the the

power of God against yourself. The how God has founded him because God made you with a mouth God created super for us. But you are using it against yourself, by how you speak, by using your mouth that God made against you by uh death and life is in the power of the tongue. Look at how uh what a man said he believed gives him eternal life. What a man choose not to believe brought damnation. Every time you get to argue death and life is not in the power of the tongue, look at sinner and saint. saved and unsaved. And it should always be clear to you that the how you pass from death onto life was by being born again. I believe what you said your response to the gospel always show you the power of words. So never fall into that trap. What I say, what I believe do not matter. No, what I say, what I believe do matter. Amen. The heavens of the heavens belong to God. said, "But the earth has he given to the sons of men." And we read that 15:16, "The heavens, even the heavens are the Lord, the earth has he given to the children of men." God made man for the earth. Genesis 1. And God said, "Let us make man, and let them have dominion over the earth. Man was made for the earth. Man was not made, and by made for the earth, we mean man's constituent form from the dust of the ground." Genesis chapter 2 and verse 7. So how God made man showed that man's primary place of engagement observe that um in your on and off where are you more and even in the oning and off can't you touch yourself? Okay I'm a spirit being how come I'm touching you? How come I'm not touching angels right now? You know some people the argument is so pointless say no no no you can't tell me that I'm a spirit not a spirit being that sense now let's not be stupid I'm not a spirit being in that sense that you are you are a spiritual entity you are not you are a physical entity however you have the spirit of God you are made of god's spirit you were made to be spiritual you were made to function in two words but you don't function in two words by being a member of the unseen world. No, you function in two world by being a member of the physical world. Just the same way angels function in two worlds by being a member of the unseen world. Because both worlds were made for each other, but both worlds have creatures of primary residence. The primary residence of man is the earth. The primary residence of supernatural beings is supernatural. Being in the unseen realm being almost like we say today being in the background that's how they were made. But God's place of engagement is the sin word. Very amazing. That's why the angel say what is man? Why did you make everything go around the physical? Amen. Hallelujah. So there is the spiritual and the physical or the unseen and the seen and the beings that are in the unseen realm are the unseen creature which we call angels which I've given you their nature terminology the sons of God the gods Elohim the are you following uh we looked at more More saints kadoshim more heavenly beings sham spirits ab all right what else you have to check your notes stars coke stars so that's nature technology so just as the star I mean you can't even argue that say no stars in the stupid stars in the sky they're not on the ground on the sky All these things are pointers and reminders to always get it clear. The stars are in the sky. Supernatural beings are in the unseen. And that's why most people because of those analogies in the Bible when they say heaven they raise their head up

because they thinking of sky. But that helps. That's how the ancient men could get it. Amen. Hallelujah. So when we understand that so when we say unseen forces man was made to have unseen backup, unseen assistance and help first from the Lord himself who called himself the is the helper of mankind. Not the not the female, not the male, the both the male and the female has God as his helper. God is the helper of mankind. So he and he spirit. God is spirit. Hallelujah. Then he created supernatural beings for that same function. Hebrews 1:14. Are they not all ministering spirits sent forth to minister for them who shall be heads of salvation? Supernatural beings were made for man. God does not need protection. God does not need guidance. God does not need direction. He is power. He is direction. The angels are not protecting God. They were made for man. They serve the function of God towards man. Amen. And we've had to say this again and again and again in many of our teachings so that you get it clear. Hallelujah. So man is on the earth. Supernatural beings are in Thank you. So always good to get it clear. So we are in the physical world but can man contact the words heaven earth under the earth because you see we have authority. Now why the third world we talked about that because of sin and death. Yes sir. Do we have authority in the scene and unseen and even under the earth? Yes, sir. Yeah, we do. So there's how God made man. And we now said in the Bible, I think we did this in our very first part last year. I showed you six applications of the word earth in the Bible that when the Bible says earth and I've said this in many of our teachings when you read the word earth in the bible earth is used for the people of the earth say the earth was corrupt it's not the sand was corrupt chapter 6 when it says the earth was corrupt the people of the earth just like supernatural beings are called shamim heavenly ones that's how human beings are called earthly ones son Son of man, son of the earth, earthling. I mean the examples are too much. Hallelujah. So earth is used in that sense to speak of the people of the earth. If we're going to start from uh I'll put that as the first in no particular order. By the way, earth is also used to speak of the terrairma, the solid ground that we put our feet on. Earth is also used like that. Earth is also used for um the air, the atmosphere all around us. Birds are flying in the air in the earth. Birds are flying on the earth. The space all around us is called earth. The atmosphere earth is also used for the body of water. The body of water that will be the seas because seas are also on the earth. So the seas are on the earth. That's why you see there's sand under. There's ground under, there's still ground under. It's still a part of the earth. When you go into the water, you have not left the earth. You are still on the earth. Amen. Is also used for um that word is also used for hell. And I told you because uh the serpent was cast into the earth. Now into the earth. But the word at the there in the minor prophets which we did this last year the minor prophets all those Hosa Habac all of them Malachi I mean Zephaniah all of them Michael Nah all of those minor prophets they in their writings you will see them literally believe that we and you and I know that earth can the word earth can be used for hell. So some of them now help the major prophets. For example, Ezekiel, we say the nether part of the earth. Nlando, the nether part of the earth. N E T H E R. So you notice they say of the earth and it's hell

they're talking about of the earth. So if you're on the side of the Bible, it's uh you crammed this word is this, this word is this, you'll miss out on many of the studies. Why? Because the very first mention of Satan being cast in it was into the earth and that's erret. So they they could still use that though the word sh is used for for hell or the place of the dead they still use the word earth for it. Why? Because when you bury bodies you put them into the earth. So and if the place of the place where the dead are is physically is on the earth however you you and I know that the body is there but the spirit or the soul is not there but they so they can that's why they use the same word to explain earth. Did you get it? The same word used. Then lastly, you see the idea of earth which is in uh Genesis chapter 3, Genesis chapter 4. You see the Cain, the Bible say Cain was cast out of the face of the earth. Cain didn't die now, but it was cast out of the face of the earth. That's where the earth is used to speak off God's earth, God's world, like a realm, like a a space. So Adam was not cast out of the earth but he was cast out of the earth. That's where the earth is now used to speak of Eden, speak of the heaven and earth space together. The earth itself is used in that regard to speak of heaven and earth together. So because that's how God wants it to be. Eden is the earth that God wants the earth to be. The garden of Eden. So this we did all of these studies in our last year teaching on on sin forces. Just a bit of reminder. Amen. And we even looked at um the difference between the the bearing place and shield. We said the physical bodies can be put there but physical bodies cannot be put into shield. Individuals have their own separ but individuals don't have their own shield have their own they don't have their own shield they don't have their own and I told you the the word hell many times we only think of it towards fire so we don't see hell without the fire I don't know why and the Bible uses hell without fire many times too so when we think hell we add fire hell fire so there's hell as it place of the dead and uh I've taught you that as well that the lake of fire or the hellf fire is not burning right now because he's used for the ultimate destruction of the wicked and wicked spirits and all evil. It hasn't started yet. And if you read revelations which we did it say and I saw death and hell cast into the lake of fire which is so even hell itself if we enter into the lake of fire he said that is the second death or what we will call eternal death. So Bible words have their own meaning and we shouldn't give it our own meaning. Are we good? Revelation 20:14 say death and hell were cast into the lake of fire. So the use of the word hell, in fact, the very first use of the word hell in the Bible was by Jacob the prophet. And he used it to speak of where is my son. He says, I shall now go into the grave. That's Genesis 37:35. I shall now go into the grave because I have searched everywhere because the word sh is from the Hebrew word shall which is where is an inquiring where is he I can't find him so where is he has to be somewhere so when I can't find somebody he's still somewhere so when somebody cannot be seen physically he's still somewhere that is the origin of the word sh h e o I is from a Hebrew word S H A L S H A L which is the word to ask used in Genesis 24:47 and I asked her and said whose daughter thou because I've never seen so the use of the word ask there I've never seen whose that's the one the steward of Abraham that is looking cuz he couldn't

have he had never met her before in his world so the act is not the normal word you will use for axe. So when you are now inquiring for a spirit or somebody that you can't find because Jacob said I shall now go because I can't find him. So that's where this word shield is from that place to enquire. So where is this person? He's no more but where is he? So the place of the dead shield the place of the dead and that's why why we have to say things like this is so that you do not fear death. Amen. Because you're born again. And once you understand that that part which we often have to avoid because people don't like the whole talk about that which is justified which is good. However, you must know you have authority there too. So that you are not anybody can just die anytime. Stop talking like a fool. You're going to die anytime too. Stop talking like that. You have authority there too. Amen. And the only reason why we we sleep which most people have now make death such a good thing and they say I can't wait to die. Ah what kind of hopelessness is that? And make uh eternal life about death. That death is a separation. God did not make man for man's spirit or man's body to ever be separated. That is the origin of sin and what death did to man to separate the spirit from the body. That's why it is called resurrection. That's why everybody's oh in the resurrection money resurrection and life is the core because God does not want the spirit away from the body. God wants man to be alive forever. Amen. God wants man to live forever with him. That was the intention from the beginning. But it was with the choice he gave man. It was not automatic in creation. It was contained in what is called the tree of life. Hallelujah. And the man who is born again today has partaken of that tree of life. Has eternal life and shall not die. Shall not see death. You see all those statements you say, "Oh, but what about physical death? Oh, what about that?" Is not the death he's talking about. Because you will see the end of death. You will watch as death and hell are no more. So you have the last laugh. That's why Paul now uses the phrase to sleep and which if you understand this you begin to understand the power of resurrection and how and why we are able to pray for people who are dead and they come back to life because we have authority there to say you ought not to be there come back into your body if you didn't have authority you couldn't have called the person back Jesus appeared to John and say hello I have the keys of hell and death why is Is he telling him? Why is he telling John? So that John knows that Jesus is in charge. He has authority over everything. And in the name of Jesus, we have authority. In the name of Jesus, we use that authority. We use the authority that Jesus have for him because we are his body on the earth. Amen. And so where we want Jesus to use his authority, he say no, you use it. I gave you my name. I gave you my status. You live in my name. So when they ask that, what made this man to be standing here? Acts chapter 4, Peter said, faith in his name is why this man at the beautiful gate is standing here. Faith in his name. Hallelujah. Because on our own power, we can't get this crippled man walking. But in the power of Jesus, we can get the man walking. And we have that power. Hallelujah. God. Amen. Amen. So, we've talked about that as well. So, talked about how God made man. We did all of that and I'm just trying my best to be as fast as I can be because the teachings are available.

You can listen to them. We taught them last year extensively uh on the unseen realm and all of that. Just add more differences. Uh men don't dig shield but men dig ground and put bodies. There is obviously there's a difference. Souls are in shield. Bodies are in the normal ground. So there's a difference. So sh is a word or a realm or a terrain. Does he have activities? Yeah, he does. Psalm 139, just to broaden your mentality. Psalm 139, this is David speaking. He says, um, such knowledge is too wonderful for me. It is high. I cannot attain unto it. Verse 7, whether shall I go from thy spirit or whether shall I flee from thy presence? If I ascend into heaven, look at the way this man is speaking. If I ascend into heaven up into heaven, thou art there. Notice if I ascend into heaven, thou art there are the activities in the unseen realm. Yeah. If I make my bed in hell, he say behold thou art there. Now this is a kind of teaching people kind of don't see that text because God cannot be God and he is absent in anywhere. Does that mean that God is suffering torment? You know how people very lazy in their interpretation? People are actually scared of proper Bible interpretation. No. So if this is not a place to engage and this is what affects Christians then you now have an unbeliever goes to a cemetery and he's talking because they told him if he go and talk now he's engaging the dead or not you say is that not illegal because you were not supposed to engage the dead like that then you also have people who do necromancy say, "Oh, in darkness it is it is possible." Huh? No. We Why did Why is there an abomination unto God? Why did um Moses teach Why did Moses teach that as an abomination? Why did Moses teach that as an abomination? Why was he spoken against? Why was he spoken against? Because God does not want man to get information from God does not want man to get information from any other source other than himself. Why? Because it comes at a cost because it may look like I got the correct information today. The goal is to deceive because how is someone that is not alive giving you proper information of all things that are happening in the in the living? You already know that information is not just many times we want to just answer because God is against it. Not just because it is wrong or it is unrighteous. It's able to look at it from that logical point of view which I always like to show you how how is that a reliable source of information when the goal is to deceive. I paid for it. Now outside the country, which is more common, that practice is more common outside the country, funny enough, than in Nigeria where they use crystal balls and all of those things. They pay for it. How is that not deception? That's obviously I'm not going to There's a lot of deception that goes into it. God and living and the living are who we interact with for information. I get information from asking you, you ask people. The living interacts with the living. The dead not interact with the living because the dead are already cut off from the living. But when I want to now get information from the dead, that is already going against the normal boundary of things and it will come at a price. Deception, many things can come along with it and it will not be good for me. Amen. Amen. So notice how he says whether shall I go from thy spirit, whether shall I flee from thy presence? Verse 7, verse 8, if I ascend into heaven, thou art there. If I make my bed in hell, my bed ah sir, behold thou art there. If I take the wings of the money and dwell in the uttermost part of

the sea. Did you see it? Why is he teaching like this again? Cast your mind back to ancient men. How does the ancient men, how do they think? was shield not a part of the earth in Greek mythology cast a coin to the fairy man and they they drive between in of course that's false mythology of course uh which is their normal mythology so imagine the ancient men why did they have to think that you can engage the to the dead though it is outlawed though you may not return. You they see all of those disclaimers as you see in those animations, the cartoons or even the movies that they depict where they try to act around Greek mythology. Abby, if you have ever seen things like that. How come they where did they get that idea from? Because the mythologies were not formed in 2025. Ancient men, ancient way of thinking. Why? because the dead could be engaged. That's why they believe you can still go. Are you following? Like I like like I said last year in our teaching on unseen forces, many believers are very naive about supernatural things and say no, there's nothing like that. There's nothing like everything there's always nothing nothing. No, there's something like that. See, he says make my bed. Ah, is it literally? Why? Because there is a part when a man sleeps where he's between words conscious or unconscious. The same way Paul says whether in the body or out of the body I cannot tell. That looks like the man is dead temporarily but he's not. He's just not. There is no motion. I'll explain. The spirit can leave the body. The spirit can stay in the body. The spirit was not made to leave the body. So if the spirit leaves the body for long, the spirit may not be able to stay in the body. Can the if the spirit can't leave the body, how do people now die? Some things no need to just rush and some things people want to Lazarus come for not dead. If the spirit is entering back into the body and the person is revived, so he say spirit cannot leave the body. So what about when people die say oh no not that one. So what exactly are you now saying? People are always quick to say no there no. So and they read Bible but they don't want to read Bible. So where Ezekiel says I was called what was all those Ezekiel states? What is those visions or you those are boring books you only read Romans. No wonder we say things that are inconclusive. Hallelujah. So the realm of the dead can be engaged. Can be engaged. Hallelujah. It can be engaged and people have engaged it. That was something I wanted to say why I am um looking at that a bit. Um now also in the ancient world they use C's s e a s se's which is why today a very naive and unschooled pastor will say things like marine kingdom very naive in god's word and which is the common pattern because there is always the place where we want to disconnect logic from this is Bible. Don't do those stupid things. It's God that gave you brain. Once you start once and which is why it's very hard to see people who are very logical and very spiritual because you have to pick one. Why do I have to pick one? It's God that created man with brain. So it look like no no don't try to explain these things logically. Why can we not explain things logically? Even God says let's reason together. Why are you so scared of reasoning in the name of it is spiritual. No, that's not the biblical spiritual. Biblical spiritual does not remove reasoning. So now the reason why today people speak of their so-called maring kingdom which is why you need to know it. It's because in the Bible seas was used to explain the seas were part of the

cosmology of the unseen and they use seas to explain the realm of the they use seas to explain under the earth. Look at it in the Bible. Exodus chapter 20. Now I don't want this series like I told you as a disclaimer I don't I want this series to be a bit theological and also a bit not theological but more practical because we did more of the theology last year when we did on symph forces but I want this series to be more because we say be strong and in his power all right be strong and wise in his power so I want it to be more applicative more in the area of this is how to go this is what I should do this is so I I don't want it to be moregetical that we are doing line by line line by line. We can always do more studies on this but um there has to be imagine you came to church and say this today I'm teaching you on shield I mean you're going to feel like ah what did they have I'm teaching on the place of the deadh I'm not thank you so you can't just you have to find somewhere to put and I think the very first time we thought around that was beyond something around the grave understanding the grave. So because you see that one looked angels and you use Jesus understanding death. Yes. Understanding the beyond the grave. Yeah.

Understanding death. So so and we didn't touch it. Oh we danced at that series. We just dance because sometime people are we planning to die. So you know preaching is different from interpretation. Preachings come from interpretation. If all I just do is interpret Bible, it would have just say it's a Bible school. We didn't come to service. So preaching must be application based. As much as we interpret the Bible, it must have application because you want to see how this connect to my life. How does this help me? How do I use this today? Not about put food on my table. That one is your profane. Not every conversation in life is about food on your table. But how does this concern me? Not put food on my table. When we discuss football, how does that put food on your table? When somebody is telling you they love you, how does that put food on your table? But there are many conversations we have every day and things we do every day that does not put food on your table. But it's about your living. Hallelujah. So preaching is more how does this concern my living, not about food on my table. And there's nothing wrong with food on your table either. Are we good? Yes, sir. Exodus chapter 20. Thou shalt not make unto thee any graven image, or any likeness of anything that is in heaven above, or that is in the earth beneath, or that is in the water under the water under the Notice how we use this. Water under the earth. Water under the earth. Water under the earth. Water under the earth. Water under the earth. Psalm 135 verse 5. Psalm 135:5. For I know that the Lord is great and that our Lord is above all gods. Whatsoever the Lord pleased, that did he in heaven and in the earth and in the seas and all deep places. Notice the and all deep places. Conjoin is a conjunction. So he say seas even all deep places. So you notice the theory cosmology again but it uses seas. Why the use of the word sea? Because the sea was an unruly evil. No man could tame it. So seas were used to explain chaos. A large body of water. I mean they didn't have so they didn't have ships. They didn't have uh live vest. They didn't have many things. And even to today that we have those things. Nobody can live inside the water. The water ah they were trying to reenact Titanic. You saw

how it ended last year. You can't the you can't the sea is a the current the billows. I mean the waves are they can tear anything and destroy anything. The force of water it's great. So that is not where man was made to live. So they now we use it to explain away from where man lives. So they use it to also explain under the earth and all of those things. The seas Hallelujah. And you also see that they were uh Psalm 74. We read this when we taught on salvation. Psalm 74:12. For God is my king of old, walking salvation in the midst of the earth. Thou didest divide the sea by thy strength. Thou breakest the head of the dragons in the water. See this word dragons in the water. Dragons in the water. Thou breakest the head of Levanta in pieces. This is chaos symbols. Thou breakest the head of Levant in pieces, and givest him to be meat to the people inhabiting the wilderness. Did you get it? Now this word levian, see all the places it is used. Job 41. Can thou draw out Levant with a hook or his tongue with a cord which thou lettest down? Now Levant is a beast like a sea monster. The direct picture drawing we cannot tell today. However, is a a serpent and looks like a snake but looks like a dragon at the same time and but he lives in water. Funny enough, that is the depiction used to explain Satan also. that serpent. This is actually how it is explained. Not I think I've said this in that teaching that time. All right. Isaiah 27. In that day the Lord with his sword and great and strong sword shall punish Levant the piercing serpent. Notice how he calls it now. We call Lev the piercing serpent. Serpent. There is the word nakash. Genesis 3:1. Now the nakash because that word nakash in that timeline there is is also used as a verb for a an a diver to divine. So and divination is to get information from the unseen. So get information from from the unseen without god. So bringing a contra information because that's what that nakashi did has said that's why it's introduced like that. So in their timeline because they don't think in English, we think in English because we have been colonized by those people and we speak that language here as a unifying language because of our different mother tongues that we all have. No biblical writer taught or spoke English. Always remember that no biblical writer. So in fact the English language was not in existence when Paul was writing. There was nobody speaking English somewhere. and say, "Wow, how much more Moses?" So, always remember that the language you are using to engage the ancient world did not exist in the ancient world. So, calm down. I mean, your yoba is even more anient than English and your bin is more ancient than English. the piercing serpent even Leviana that crooked serpent and he shall slay the dragon. See how many language serpent dragon is used to explain it. Did you get it? Isaiah 27. So he uses that word leviathon proper pronunciation leviathon. Leviathan. Okay. See another chaos. Psalm 89 from verse uh six. For who in the heavens can be compared unto the Lord? Who are among the sons of the mighty? Remember what does sons of the mighty mean? Sons of God, supernatural beings can be likened unto the Lord. Now, I've done that already in this series. Just some two weeks ago, I did that. God is greatly to be feared in the assembly of the saints and to be had in reverence of all them that are about him. Not two weeks ago, last week. Last week, Wednesday, yeah, I did that. God is going to be feared in the assembly of the saints and to

be had in reverence of all them around about him. Oh Lord God of hosts, who is a strong Lord like unto thee, or to thy faithfulness round about, thou rulest the region of the sea. Did you see it? Thou rulest the region of the sea. When the waves there off rise, thou selest them. Because in their Canaanite mythology, in all the mythologies, the sea ah it's an nobody can tame it. But he say Yahweh can cuz that's the way to explain God's greatness to a people that is terrified of of what I say God can. Not because that is any comparison. God is far stronger than that. But he uses that to communicate because the aim of communication is for your audience to understand. All right? So remember I told you the the Bible was not written to you. You are not the direct audience. It is written for you. The direct audience were the people that lived in the timeline of these people. And so they have to communicate in a manner that their audience will understand what they are saying. So the work of a Bible teacher today is to go to their world and hear what they heard, understand what they understood and cross over to our world today to make it make sense to us today. Which is why Bible teaching is work. That's why the Bible say hold them labor in the word not just read pages. All right? Because you can see anything you like from the Bible and not be making any sense. I'm saying something totally different. Are we good? Say thou rule the region of the sea. When the waves there rise, thou steest them. Thou has broken Rahab in pieces as one that is slain. Thou has scattered thy enemies with thy strong arm. You see, thou has broken Rahab. Now, Rahab in the ancient world is it's um one of the is like a spiritual name for Egypt because Egypt is bounded by the power of the Nile, the great Nile, N I L E. So, uh so the power of Egypt is the Nile. So in the ancient world it is called Rahab because you see that the the Egyptian god is a serpent god. You see the rods of Moses turned into a serpent. Are you with me? You see that setup of serpent. Um in fact the the icon the iconography the the the image the v the visual representation of the deity has like a snake head. Half of the Egyptian gods in their Egyptian mythologies even to Anobis all of them have like that kind of snake head. It is because it is the depiction of their it is like their founding power. Are you following? So that's what he calls vahabas because is summing up all the gods all the powers just like we say god that deliver from the powers of darkness. all the powers of Egypt. He said thou has broken Rahab in pieces because Exodus 12 God said this night I execute vengeance against all the gods of Egypt by a strong hand they will let you go. That is what he said thou has broken vahab in pieces because that is the greatest civilization in that world at that time the the greatest strongest power on the face of the earth at that time was Egypt. greatest spiritual power, greatest physical power. Everybody comes to Egypt to learn magical art, spiritual art and even innovation and creativity. I said thou has broken Rahab in pieces. So is in their timeline. They understand what it means. All right? So this is used again to explain a mythical sea monster. So it's just another way of speaking. Thou has finished the powers of Egypt as one that is slain. Thou hast scattered thy enemies with thy strong arms. The heavens are thine. The earth also is thine. As for the word and the fullness of thou has founded them. The north and the south, thou has created. Tabo and

Hmon shall rejoice. because it uses the word tabot there because it's used to explain the place where it gets to the borders this end to this end of Israel is what he's talking about from year to year this whole place shall rejoice in thy name all of us rejoice in thy name thou has a mighty arm strong is thy hand and high is thy hand so he uses that word Now of the three sea monsters used in the Bible, we have that word le uh Levon which are all in ancient Neareastern literature. They are chaos beasts. They all hail from the sea. So Levon, Rahab, and there's another one called Behemoth or Behemoth. You see it be E H E. I saw a book where a man of God was talking about uh uh is it Levon and some pastors are just wonderful. Ignorance is not good. How much more when it's loud right just a simple Bible study has destroyed 300 page Job 40. Behold now be which I have made with thee. He eatth grass as an ox. That word be it's used also to explain. So there were two indices Leviathan and Rahab while be is used in the land to represent the forces of chaos that only the creator the creator deity could hold back. So in all their mythologies only the creator or the creator can hold back these powers and could not in many of their mythologies. However, Yahweh is creator of everything. He made everything. Hallelujah. Amen. Now again, just in case you are new, why do we always have to look at the historical context? I told you just now cross over to the world. So every time we interpret the Bible, we need to where we say context, we need to look at the historical, cultural, then grammatical context. then we can now see the theological context what it means to the people spiritually. So that's what I'm providing you with because in the Canaanite mythology there's always a struggle between Bal and Yam why two of the great gods of Canaanite mythology Babylonia you have Madduk and Tiamat and they are always in contention who is the number one god and it's in that his history they now use oh this one this one the se the sea monster challenge him and he could not so in that world view they now use those words to praise God and say God is greater than all of this nonsense that people are talking about so that the audience understand remind you supernatural worldview context of scriptures they do not Right? They are writing the seen and the unseen world together. So they want them to have a supernatural understanding. Amen. So the things you say, oh they are not connected. They are not connected but you afraid of it. So if a ghost were to appear here now, hey people scamper instead of you running towards you are running away. I mean even a ghost that if you do the ghost ought to run because disembodied has no access has no right has no body you don't even need to be saved to to resist a ghost how much more Christians now running because they have not been taught that it has no place on the earth see and also Christians say there's nothing like ghost there's nothing like ghost because the Bible does not say because they are always typing concordance search So we did all of that last year which is a very lengthy series on that on symphysis. So I beg you do listen to it. Matthew 14 Jesus was in the sea. Matthew 14. And he was walking 22. And straight away Jesus constrained the disciples to get to the ship and to go before him into the other side while he sent the multitudes away. And when he had sent the multitudes away, he went up into the mountianath to pray. And when the evening was come, he was there

alone. Look at verse 24. And the sheep was now in the midst of the sea, tossed with waves, for the winds were contrary. And in the fourth watch of the night, Jesus went unto them walking on the sea. Now look at verse 26. And when the disciples saw him walking on the sea, they were troubled, saying, it is a spirit. This is the problem. Once you have it as it is a spirit it doesn't read the word spirit there is not is not new the Greek word for spirit is the another word *fantasma* which is the word a ghost now if they did not believe there's anything like ghost how come they are thinking Jesus is a ghost if it did not exist in their worldview no it exists in their world just like it exists in your world view the issue is how does the bible teach and interpret that thing. Let's stop saying this does not exist. There's nothing like this. Is how does it interpret? Amen. How does that how does that how does that what does that mean? Because it's like an appearance, a spirit. It is a spirit and they cried out for fear. That's the word. It is a ghost. Mark chapter 6 and verse 49. And you see the same thing, exactly the same reference. And when they saw him walking upon the sea, they they suppose it had been a spirit and cried out. So a spirit without body. So this is not a demon, a devil. Hallelujah. So careful in our use of the word say this doesn't exist. This exists. Judomy 30:3 12 and 13. It is not in heaven that thou should I say, who shall go up to heaven and bring it unto us that we may hear and do it. Neither is it beyond the sea that thou should I say, who shall go over the sea for us and bring it unto us that we may hear and do it. For the word is not thee in thy mouth and in thy heart. Now this text you have it in Romans chapter 10 when he says he now says who shall ascend into heaven that is to bring Christ down from above or who shall descend into the deep that is to bring Christ again from the dead. You see that beyond the sea. Now if you even I'll use a movie which is a bit popular. You notice how Tolken in his writing, the Lord of the Rings, I mean trilogy that Peter Jackson directed into a movie. You notice in the writing, you notice how they would sail the use of the word elves, they will now sail in a ship beyond like they're going to a beyond. You notice in all those fantasy writings which Token and CS Lewis is the father of all fantasy writers. All of those fantasy writers which the the core ones are born again by the way that they are writing of going beyond the sea. Going be it's ancient word because um it's where say oh he has gone cross the rubicon. He has gone beyond the sea. is ancient word for it. So, but when we read the Bible, we don't want to see all of those things because it does not read in lazy search. Just type it like this. The same reason why people today can't use Google properly as as vast a resource as Google. You just have somebody say what is the meaning of this? Just type it like that on Google. really 2025 have no no Google search skill and you and you any idiot vote will just show now that doesn't mean that the answer any website the one that have proper SEO is the first you will see doesn't make the answer correct you say you say I saw it on Google that you on Google does not mean it's correct sorry or sorry seem like people don't know everything on Google is correct not everything you see on Google that is correct So in their worldview all of this long grammar I'm speaking those chaos symbols are responsible for the chaos that happens in people's life the disorder that you cannot explain by a direct uh supernatural

being what we say devils or demons today. But what is this? But there's still a name they use to qualify those kind or to qualify those kind of things. So then I gave you the other one, forces of nature where earthquakes, disasters. Now in the Bible, if you type D E M O N, Genesis to Malachi, you will have very little uh results, if any at all. The same thing if you type the word devil and I said this in our teaching on on sin forces. So you may almost think that there's no devil in Genesis to Malachi. Remind you. Okay. But there is because they rarely use the word devil. They rarely use the word devil. In fact, if you were to type the word devil, only two of the references has it as shedim. Deuteronomy 32:17 and Psalm 106:37. The two other references have the use of the word devil as he goat as goat. Not because it's not insult. Don't they say again don't think in English because of the depiction that they had in their world view. So, which is why I now gave you the complete list and I read it the other day and I want to just read it again and stop in my going back going back going back and um I'll read it again for you. There are we good? We talk about uh powers of darkness which is a proper phrase used to explain the whole work of the devil as we will call it which I told you is a lazy word when you just say devil because once you use the word devil the average man thinks of one person which the biblical writer is not thinking about because devil is a function just as devil devil means and devil Satan. I think I've done that for Have I not? Have I not? Have I not? Have I not? Thank you. Some people just want me to go on. God bless you people. Uh but a teacher does not teach like that. I have to carry everybody along and at the same time I have to do it very fast. That word devil is the Greek word diabolos is used for people that were not even the devil. Used for a human being. Is the same word for a slanderer. 1 Timothy 3:1, even so must their wives be grave, not slanderers. Are you seeing it? Wives. And it's not talking about she having the devil characteristics. Is that word slanderer, accuser is the word devil. Is the word devil because remember I told you it's a function terminology. A function just like the word Satan is a function terminology as well. The word Satan is also a function terminology is used for it means an adversary. Now who is the adversary? Definite article. Who is the adversary of mankind? The devil. The powers of darkness. However, that word devil when the biblical writers use it, they're not thinking of one. So you don't always see S except in the four gospels which is the same if you have another use the word demons you don't see S. So it looks like oh it's just one entity that they have in mind. No which is why Genesis to Mal I must not conflict M Revelation in your Bible study. So the work of a good teacher is to see the same thing in Genesis to Malica in Matthew to Revelation. Not to say let's throw away this because I can't interpret it. What does this mean? Let's throw this away. Let's say this instead. No, we can't be doing that cut and nail approach. No. Patch here and patch there approach. No. And so I read for you Numbers 22:22 that that word Satan was used for the angel of God that withstood Balam because it's to withstand is the same word that Paul now says that brother that was living with his father's wife that was bragging about it in church and telling everybody that oh boy as it Paul say it is commonly reported among you a kind of fornication that is not even seen among the unsaved and that brother just Paul says put

that brother away from you then say deliver him unto Satan. 1 Corinthians number 5. What was the core issue? Say he has not mourned. He had no godly sorrow. There's nothing about even when we are telling him is wrong. He gives us realities say deliver him onto deliver Satan is not take him and put him in Satan hand let Satan hold his hand like this. No, deliver him onto accusation because since he's living like an unbeliever, regard him the same way you regard people that oppose the gospel. So he's not going don't see him again as your Christian brother because he's not a Christian brother because a Christian brother should have heard your rebuke. That's why it's called tough love. So thank God the brother repented. Seven commission now say bring that brother because we're looking out of Satan's devices. So it was to save his soul and he praised the whole church for following his discipline and says I did that to prove your and he says thank I'm grateful that you guys choose to have left him like that but now bring him back because Satan you give him small he would take too far. All right. So the word Satan is used in that regard. The same thing for those two men he menues and he say whom I have delivered onto Satan I treat them like they are devils. I treat them like the adversary and they are supposed to be brothers but because of the way they are teaching and how they are destroying the fate of people it says these two men I don't know I divide them onto Satan. So the Satan they imagine that world view how they are throwing the word Satan they are not having it as this is the person. So I've told you when it comes to the Bible study don't worship words the same reason when we say God in the Bible is not used for only God. Say don't tell me that. But in English today we use the word God for other things too. Now words can have more than one meaning. Amen. All right. So I now uh quant uh I now classified all of the whole powers of darkness which Jesus used. Jesus say now is the hour of darkness. And I told you that the the teaching on demonology is very incorrect and incomplete in many churches today because they only study Matthew to revelation and they do concordance search which is a big problem in doing studies. The same thing with angel A n so it's not really elaborate. Of course, in this ministry, we are very elaborate in our teaching of all of those things, which you should be grateful to God for because it gives you a a a greater understanding than um the devil does not want me to have money. What about the devil helping people to make money? If your understanding of the devil is the devil, the devil is this. What about when the devil is doing the other one? Very lazy demonology that people have. And Jesus spoke a lot about the devil because he wanted people to not be ignorant of his devices, not because he wanted people to fear the devil. Amen. So the word Satan like I said doesn't have a lot of use. 15 times it is used in Genesis to Malach and used more in Job. Job alone has the greater portion of it because of the revelation chapter 1 and chapter 2. But that word Satan itself is used 27 times. So notice that it's used more for other persons used for adversary physical persons were also called Satan. So is the transliteration. So what brought the use of the word demon? Because in that early church or in that pre Jesus Christ they were not using the word demon. It came in that in between Malachi and Matthew which is historians call second temple. The second temple period. It's in that

second temple period that the word demon became a popular word used to explain the work of devils diabolical. So it was used in that regard. So they now began to again just like we are doing now they will now cross over to that word. So they now began to use that word to speak of it. So in that in that work much the same use of the word angel was now used as a broad term. So angel demon will now use a broad term for the opposite the good angels and the bad angels. So good angels bad angels demons. So it now used like words and opposite but it was not taught like that in Genesis to Malachi. So it's that bit of history that has affected people's biblical study today. So they don't have it like that. So you notice in the classification sir while all of this talk once you have this idea that there's only one devil that is warring all of us you must have you must worship the devil now that means he's omnipotent now omnipresent everywhere at the same time the devil is after you after you after me how if he's with you he can't be with me he is not angels are not in two place at the same time go to and for you have to move. God is the only one that is everywhere at the same time. So if the devil is attacking that's why many things that you blame the devil for. If the devil say I don't know because he's nothing. That's why we stop because he's not involved though. It's just your ignorance and your foolishness that put you there. You just trying to look for a being to blame and he say it's not me. Then there are also other supernatural entities. So how do we quantify all of them? Like we said the nakash serpent that was the name that it was used for. In fact, till today, the average Jew till today, till today, like till now, till this hour, till this minute, if you were to travel to Israel and you hear them speak, they say, uh, the serpent, they will still use that word the serpent to quantify and speak of the devil and to speak of that one that spoke to Eve and is the enemy of man. Is it because they don't know that today we use the word devil, Satan? They know. Are you here? Yes, sir. Are we good? Yes, sir. So, Jesus grouped it together and says power of darkness. And I preferred that like I said last year and I'm still saying it again as a better phrasing for all of them because you can't call of them devil since we have given Genesis chapter 3 guy devil. What do we call all of those sons of God that were in rebellion in chapter 6 of Genesis? What do you now call the Genesis 11 gods of the nations? Are they not all devils? They all devils. And so David said, "For the gods of the nations are devils. You have one. He have he has them many." All right. So it's good we have the proper understanding and that's where Luke 22:53 this where I'm quoting where they came to arrest Jesus and he said when I was dealing with you in the temple you stretch forth no hands against me but this is your hour and the power of darkness. This look like a normal action but Jesus said it is not a normal action. This is the powers of darkness that is working through you guys. Powers of darkness. The same thing again from darkness to light. Acts 26:18. The same thing uh Colossians 1:13. Who has delivered us from the path of darkness and has translated us into the kingdom of his dear son. So darkness, it's a broad word to explain all the people that are in darkness, all the entities, spiritual entities are in darkness. Did you get it? So beings that are associated with the realm of the dead, we have authority over there. any being associated with the realm of the

dead and this is why I was doing that study because you now say which beings. So if a fantasma for example as they try to act in those ghost movie that vehicle jam the person spirit was hovering then I saw the person in in uh in Gome he has married you know you you should think like an adult. All right. You say is that person that is dead, that's fe that's f it does not exist. No ghost used to no that thing is filmed depiction. That one is entertainment. However, is there a bit of truth to all of that? Yeah, there's a bit of truth in the sense that there's such a thing as spirits. In fact, when Jesus died on the cross, the Bible say the graves and many, you see, all those kind of teachings is what we try to shy away from. There's nothing like that. What is all of that? Just just put it there. Say there's nothing like that. So, I gave you in that teaching last year eight eight words for spirit that you have in the Hebrew text that's Genesis to Malachi. The word obi ob spirit that can be contacted via a medium and it was also used for human mediums which you will say a witch. The witch and the spirit of a witch are both called, the name for it in the Hebrew text is OB. Obi, not Oo, not that's Leviticus 19:31. If you fear J, you are not saved. If you anything that makes you fear the devil, we should suspect if you are born again, you are not one of us. You may be of the devil. That's why I'm saying all of these things that I'm saying because on Yeah. You say fear. Yeah. To fear because that is the least of your worries. That's why with the the subtitle or last year was understand our supernatural authority. By now you should be too strong in your that's why I I naked the whole unseen realm. So anywhere Satan want to hide say that you know a spirit pass through the wall go back to the wall say just pass through the wall enter my house I don't know what is happening as I've heard people say things like that and so go back through the same wall now since you can be passing through war then cannot now pass again you you will die here today as you came through the wall pass through the wall you cannot you vanish and enter my has vanished now you cannot vanish again you will explain what you came to find here you must have that approach where once you hear something is devil it excites you like and so not hey devil no when you hear human being when you hear president governor you can fear not not devil because for the devil to be powerful he has to lash on to a human being and more somebody in authority a police officer I Anybody that has any form of physical power, your wicked boss, all of them, he has to find somebody. That's when he's more powerful. And even him knows, but ignorant believers believe that he's more powerful when he's doing mention her name. What is the name of the man that we should kill in this kingdom? His name is I should also give you the fresh picture. There is no divination against no enchantment for he has made look at many texts he has made the divine mad they he has frustrated the tokens of liars that's why you go know your inheritance oh you say sir they calling my name and you call their name too now is that they calling my name s they are pressing me you press them now why are they pressing you when did you start becoming defensive You must know who you are and what you have. Amen. Amen. Yeah. Leviticus 19:31. Regard not them that have familiar spirits. You see that's the word spirit. Familiar spirit is one word OB. So the word familiar and spirit is how the translators could use the

word explain. So they call it familiar spirit. The word is the spirit of a dead one. It is the same word used for a necromancer. Is also used for a ghost. Regard not them that have and the lowest of all of such powers is the one that now say charm jazz. If he will catch you. Ah God. He say touch and follow. You really follow God. So they follow me. They follow me with all your Holy Ghost inside of you. You are shrine. No idol worshipper claims to have the date inside of them. It is not found. In fact, no religion claims to have their God inside of them except Christians. Only Christian makes that claim. They will now come and see fall our hand. You temple of God. Because we don't meditate on what those things mean and say I am the temple of God. Do you know what you are saying? [Laughter] And if we even push it further, he that Lord is one spirit. We can't se we can't tell where you and God is this you is this God in your emotions in your actions. We can't. We are now in an inseparable union. No, you are. It says, "Regard not them that have familiar spirit, neither seek after wizards to be defiled by them. I am the Lord your God." That word, the word he uses for wizard, there's another word for spirit is the word a knowing one. So the first word OB. The second is yonyi. Y I D E O N I. Y I D E O N I. Y I double D E O N I is the word used for a soothsayer. A spirit that has knowledge beyond what other humans have. A spirit that collects information that collects informations is also used for human mediums as well is what was happening that first Samuel 28 where the witch of endor all right cuz he wanted to s wanted to get knowledge that nobody else was giving him. So what will really happen in this battle? So then there's another word metim, the spirit of the dead. There's another word ghost I t which is the same word fantasma used for a ghost that can be visible, can be seen. The ghost that can be seen. Then there's the word Elohim. It's also a spirit word used for the resident of the unseen world. created that way. Then there's the word rafaims r o e p h a i m. I gave you this last year. Just repeating it. I'm teaching basically from that note. Uh Deuteronomy theory 11 proverb 21:16 is the spirit of giants. The spirit of the nephilims, the spirit of a dead warrior. That's how it was used. Rapha ref so when we say we have authority I'll stop there so that I can say what I want to say there's a lot I want to teach beings associated with the realm of the dead we have authority over it amen being associated with the realm of the dead we have authority over him. So in other words, you could tell a witch now you won't be able to see and hear anything and he won't you can seize those operations from your midst and around you. Quiet right? So beings associated with the realm of the dead we have authority over that beings as that's why if you ever think that there's a power making you not succeed. What about the one that is now making you succeed? Why have you not used power to make your own self succeed? If you so believe power is making you not succeed, why not use power to now succeed? They having good understanding. So they are beings also associated with geographical dominion which is called the gods of the nations which people call territorial spirits which is correct. Shedims the gods of the nations. Deuteronomy 4:1 19 to20 God said we're not to worship those things which every nation have different deities that they say this is our god here or this is our god here those are all fallen beings that were never made to take

worship but to minister to the people of that locality turn themselves to the gods of that locality because angels are assigned to people and as the people procreate and have more people they assigned to those people so it now because uh nations come from people Except you have forgotten. So the gods of the nation because angels were made to walk with man to be around man. So so they took the worship the Torah of Bab. We have explained that long teaching. So territorial spirits we have authority over them. We have authority over princes. Daniel chapter 8 verse 16 Daniel 9:21. The word princes, the prince of the power of the air. Ephesians 2:2, beings with geographical dominion. The same thing Ephesians chapter 6, rulers of darkness of this world, we have authority over them. So is he being with geographical dominion? Yes, there's a pastor who said that um no, not that famous one. And I committed a crime. I cast out the devil. He he casted out devil. Did not have rank for. So the devil came to mess him up. Good for him. Um it's um a pastor said that you can cast out devils but you don't have authority over principalities. You have authority over demons. You see all these naive teachings. Thank God we have Bible and not uh content creator pastors. All right. So, so we have authority over all powers of darkness. Beings asserted with the realm of the dead. Beings with geographical dominion. Beings associated with idolatry or that opposes sacred space which is where you get those he goat or goat demons of which uh that's for those in the or those things that oppose sacri space. Leviticus 16 uses that word aazel. You see it in the marginal reference if you have those good Bibles. Then I gave you another one. Squarking or howling creatures, wild beasts. That's Jeremiah chapter 50. The reason why desolate wilderness places looks like you are hearing voices. You will live long. Don't worry. You will know. You stay alive. Some things you would if you have ever been to some places some places are just creepy. Looks like am I hearing is it me or why this place look like like like you you are going to the under. All right places like that. Jeremiah 50 and verse 39 it says therefore the wild beast of the desert with the wild beast of the Iceland. Funny enough, this is where Jesus got the use of the word unclean spirit from. This is the use of the word unclean spirit. Squarking or howling creatures. Jeremiah 50:39. Therefore, the wild beasts of the desert with the wild beasts of the island shall dwell there, and the that word the o w shall dwell therein. and it shall be no more inhabited forever, neither shall it be dwelt in from generation to generation. As God overthrew Sodom and Gomorrah, and the neighbors cities thereof see the Lord, so shall no man abide there, neither shall any son of man dwell therein. So no man shall dwell there. Remember Jesus said when his spirit is cast out, he goes into dry places, desert places. Aha. All right. So, except Jesus al also know something because that's Jesus's phrasing. So, right. Isaiah, that same word. Isaiah chapter 13. This was not what was on my notes today, but no problem. Isaiah 13:21. But wild beasts of the desert shall lie there, and their houses shall be full of doful creatures, and the owl shall dwell there, and that word sati shall dance there, and the wild beasts of the island shall cry in their desolate houses, and the dragons in their pleasant places. and her time is near to come and her days shall not be prolonged. Now this is KJV Isaiah 13:22. Let me read this

for you in because it's used to explain Babylon because Babylon is now used to explain that which opposes what God is building on the earth because Babel is the opposite or the contrary of so Eden Zion is what God is building. Babylon is what Satan is building. So it opposes sacri space. The BS let's let me read the NE. The N say wild animals will rest there. The ru houses will be full of hyenas. Ostriches shall live there. Wild ghost will skip among the rons. Uh the BSB translation says but desert creatures will lie down there and howling creatures will fill our house. Now so look at 21 to 21 would um from 19 and Babylon the glory of kingdoms the beauty of the child is excellency shall be as when God over Jerusalem and Gomorrah it shall never be inhabited. So uninhabited places is where spirits normally dwell. uninhabited. It shall never be inhabited. Neither shall it be neither shall it be dwelt in from generation to generation. Neither shall the Arabians pitch there. The Arabians what you call the Arabs today. Neither shall the shepherds make their fool there. But wild beasts of the desert shall lie there, and the houses shall be full of doful creatures and shall dwell there. Sat shall dance there. And the wild beast of the island shall cry in their desol and dragons in their pleasant palaces. And her time is near to come. And her days shall not be prolonged. So did you get it? 34:14 Isaiah 34 and verse4 the wild beast of the desert shall also meet with the wild beast of the island and the shall cry to his fellow the screech the screech O WL you English scholars pronounce it for me. All right. So the screech that thing you pronounce also shall rest there and find for herself a place of rest. Now that word the the screech that thing you pronounced Isaiah 34:14 it's the Hebrew word lilit used for ninth demon who haunts desolate places in Edom. This is historical uh so in Edom that E D O N place. So it's used for ninth monster also. Why within the occult practice people say things like oh that guy turned into a bed they were flying they will fly come your house it's all these are ancient world ancient world is supernatural world they have all that setup all that setup now the idea is not for you to be particular with beds and thinking oh this bed is an evil spirit this bed is not an evil spirit is what it represented in their world view now of Because within the practice there are also but every creature of God is good. No creature of God in itself is evil. Now because of what those the sound those beds give and all of those things is why devils are associated with it and they like it because of the fear. Anything that sells fright, creepy, scary. Thank you. anything that is is now being used. So because they sell fright, scary, creepy, all of that whole thing is what Jesus and the apostles were calling unclean spirit, thou foul spirit. If those things did not exist, how come they are using those words? Are you with me? All right. Now I'll show you where it comes from. Um I don't think I will live more for more than 40. I don't think I will live more than 50. I don't think I will live more than a personal demon is given to you. That is the word unclean. As I'm preaching it looks like so there's one bed that is flying with you that is watching you because the use of the word bed is to watch. So the bed is watching over you and that's evil that you created by yourself against yourself to always be saying things like um I can die in delivery table. You will die in delivery table man since you want to die there. You keep pushing those fear demons are assigned to you. I know it looks scary because

nobody wants to believe that the devil is assigned to them until we just shake the place more and put power you now see that hey what it be this that's why deliverance ministers don't used to um I don't I can't remember I'm trying to remember how People sound awful. It is ember month. I remember once this is it is ember anybody that time you can just have accident you can that's why you always have accident once in a year and it's always in that ember mode it's not because there is is that fear is now so it watches over because that fearbs 2:14 it says for as much I particles of flesh and blood Jesus himself took part of the same that through death he might destroy him that had the power of death and delivered them. Verse 15, who all their lifetime were subject to fear, sorry to burn the fear. Fear, fear has torment. Fear has torment. John says, fear has torment, but perfect love casteth out fear. He that fears is not made perfect in love does not know what the love of Christ has made available for him. Does not know his realities in Christ. It's not is not mature in that reality. It's not perfect in love. is not mature. It's not mature because that's why we must grow. Um it's the same thing with um I'm not supposed to be eating this. This thing can give me cancer. This thing can you get um just continue continue feasting on fear. Con continue feisting on things that we won't help you with the sound. I said we should just follow you with the sound. Yeah. Continue to be doing like that. My heart and my heart. Get a grip of yourself. Don't give yourself over to the devil. Any little thing. Stop it. Four flies start following you. Belle bob lord of the flies because flies are attracted to death to attracted to all of those things. Stop having feasting ground. Yes. Is the same reason why mad people like those beans. I'm tell you think is joke. You see I I did a lot of things in that last year teaching so that you will not be confused and saying well I don't understand it I understand it. Come off from my space because we have authority over all of such operations and you can always tell what spirit is operating via words. You can tell what spirit is influence and action because the test of of spirit is ultrance. So you want to know what just the spirit must talk. It can't give it time. It must talk. Look at the predominant confession people make. If the predominant confession has fear, know that a devil is around. It's not to make you scared. It is the truth. It's not. So sir, that's why you should not be talking anyhow. Of course, the Christian cannot be possessed of the devil in the sense that the spirit, the devil is possessing you. But don't talk anyhow. Don't talk anyhow. Stop having that uh uh overwhelming feeling. We have authority over all the powers of darkness. Are we good? Yes sir. So we said beings associated with the realm of the dead, we have authority over them. So anything that has to do with the dead and of the dead, you have authority over it. Amen. Anything that has to do with geographical do I mean I'm not in my father's house now. I'm not I'm in a different city or I'm in a different place. So that's why this spirit ish baba you have authority over all of such territorial spirit. Anything that is controlling the people in that area should not control you. should not have a hold on you. Amen. Amen. Yeah. Now, just like those demons that are in those places outside the country and all of a sudden I think I'm a woman and you are a man or I think I'm a I'm a he, I'm a she, I'm a she, he continue it look like perspective for they as bread for us. No, they

are not bread for us. We are breath onto them until God now brought spirit inside the conversation and say Caleb is of a different spirit. It look like just a matter of perspective. There are meant that you think is perspective. I've never seen somebody who believes is a she that I held and I held with intention to see what spirit is within the cloth that did not manifest. I've never seen any she she he that you hold with. I've never seen anyone that you just hold the hand and look into the eye and and create turbulence that creating turbulence reveals everything that is in the Yeah. is the reason why all people can come to a service but if we shake it if there's turbulence which is why they don't like charismatic ministry that's why they can attend churches where they do cardinal point but if you if we shake it is parable if if we start everywhere say anything that is hiding Once again we shake the heavens and shake the earth and that and that which cannot be shaken I'm this are spiritual languages so that that which cannot be shaken we only cannot be shaken that will not be shaken but every other thing that can be shaken will be shaken and once the power of God because the power of God shakes the heavens and the earth once we do that shaking any influence is the same reason why some person now say once the power of God for somebody say that person not they possess that is the con the other side of ignorance of not knowing the word of God so because once so that's why there's a pastor in this country very popular one of the most popular pastor in this country that's why he doesn't want people fall he's still that that superstitious background he had not been able to see from God's word that baba Yeah. Know many things but no know that one. So if you fall in the short they just carry you out. Not in this church. It's not by instrument is is that preconceived notion. So you will see people get to argue things like that. That's why you don't have encounters. Because this is where uh I remember having to write a defense to a professor who do not believe in the charismatic ministry and I just stayed with Genesis to Malachi using Genesis to Malachi as the answer. There are many biblical scholars that that don't like anything supernatural. say falling because they fallen under the power slain in the youngest could not minister mean it just mean they could not minister have you been unable to minister before they said no I'm always able to minister so you don't you can't explain the way you explaining it so now He said and the see the glory of God came down. So the priest so the glory has never come down your meeting. Say I think the glory of God comes down. So how come they were not able to minister? What is Daniel doing on the ground when the angel is talking to him? He's possessed. No Daniel. No he's not. Daniel is not possessed. Okay. What is John the beloved doing on the ground and Jesus is having to pick him up? Why is he falling on the ground? Oh, it's in worship of God. Oh, so we can fall down in worship of God. What if are you sure he fell there in worship of God or the presence knocked him down? You know, you can there's many place you can hide but not with the Bible. Daniel said, "And we were all trembling." You cannot You cannot change trembling to There's nothing like trembling. Oh, Daniel chapter 10 verse 11. And he said unto me, "Oh Daniel, a man greatly beloved, understand the words that I speak unto thee, and stand upright." because he had fallen. Remember, nobody pushed him. Oh, this is just

angel appearing to Daniel that put him on the ground. And he said, "Oh Daniel, a man greatly beloved, understand the words that I speak unto thee, and stand upright, for unto thee am I now sent." And when he has spoken this word unto me, I stood trembling. The word trembling there is to be shaking. Say, how can somebody be shaking? And this word is to shake violently. You can't even move the violent part because it's what was that? It's why people say let's just organize the power go out of our services so so that everything is Yeah. So my argument was Psalm 104:32 when he says he looked on the earth and he trembled. What does that mean? He touched the hills and they smoke. What does that mean? We just be explaining the Bible. We we without seeing supernatural context is a problem. How does this happen? He looked on the earth and he tremble. He toucheth the hill and they smoke. What does it mean to smoke? What is that smoke there? What is pillar of cloud? What is pillar of fire? Has pillar of cloud follow you before? You you can't deny so many visible supernatural experiences in the Bible. So when Jesus said I am here and they all fell backward he pushed them with his mouth. When said I am he when they came to arrest him and they fell backward. What was that? So even s all the s in phys that's why it's called force. They say how did the person fall? It's a force. It was acted upon by a force is why does why did you shake when electric shock you is the same reason is called power is the is the intensity increase. You will feel it. The power of God can be felt is not the power of God can be felt. The power of God can be felt. Hallelujah. Are you here? Yes, sir. You guys have succeeded in taking my sermon to different places that I did not know. All right. So, let me quickly round off this and continue what I wanted to say where I stopped on Sunday. We talked about faith is how we are strong with his power. All right. So, we have authority over all the powers of darkness and we said um beings associated with the realm of the dead. to all of such spirits that we mentioned the Ooni medims uh all of such spirits we have authority over them. Beings assated with the realm of the dead. Beings associated with geographical dominion, territorial spirit and princes of the nations, we have authority over them. Beings associated with idolatry and those that oppose sacred space. two of such which is used with those goats um idea in the Bible Aazil and those squarking howling creatures, wild beasts and all of such which is used for nocturnal beds presents night monsters just the idea to sell fries scary creepy and all of that. Number four, beings that threaten the natural world. beings that threaten the natural world. beings that threaten the natural world. And two of such is the chaos beast and the evil forces of nature that causes natural disasters that people say are the works of God. Uh natural disasters, storms and all those diseases. Then the chaos beast that of which uh the flu that terrorized the earth is part of it and a chaos beast. So and symbols so the two are the same. I'm just the beings that threaten the natural world, chaos beast and evil forces of nature's which is called uh the pestilence the plague shall not touch you and is used for supernatural entities in that world view. So he's seen as a person that's why I say will not touch you because it's giving personality that's what you call personification Abby. So they use that figure of speech but it's not just for personification sake is because in their world view it is seen as

an entity. Hallelujah. Amen. So we have authority over all of such. We have authority over all of such. Which is why when things like that ravage the earth we ought not to say it can catch anybody. No remove me from it. um say it is uh bed flu but of course these things are there's a physical part to it but once it becomes widespread and is causing fear and panic a spirit has lashed on to it. A spirit like to lash on to things that gives them wider reach. Amen. So we have authority like we said over all of that. So every power of darkness we have authority over all of such and um whether it be the serpent that was in the garden which is the lord of hell beings associated with the realm of the dead that one plus the spirits that were in disobedience all of that Jude second Peter we have authority over all devils all the powers of darkness. We have authority over it. Amen. And be comfortable in that. Ephesians chapter 1, one more time. Ephesians chapter 1, learning something. Yes, sir. Verse 19. And what is the exceeding great of his power to us what who believe according to the working of his mighty power which he wrought in Christ when he raised him from the dead and set him at his own right hand in the heavenly places. Verse 21 far above. Now we're going to come to this on Sunday till the end of this series. We'll come back to this Ephesians because we are going to interpret Ephesians chapter 6. So we're going to be reading this Ephesians one a lot. That's why I said all of these many things I said as well not just because people were affecting my notes. There are at least 15 person here who is always afraid of the ninth. So if you fear the ninth today, shame on you. Far above all principality and you are the one that carried me to this place. So my spirit of God have catch you as you came to the house of God. God have revealed your secret to me. Stop giving the devil place far above all because there are spirits associated with that that all those night everywhere is dark and so on light now do sol so off light we are laughing about this thing. Now people come off light. Say leave it on. Don't off it. Don't off it. Oh, leave it off. Some people have to on their touch light. Every time you do that, we just as well as do the music alongside with it. Far above all principalities, power, might, dominion, and every name that is named. Not only in this world but also in that which is to and has put all things under his feet. Say all things under my feet. All things under and gave him to be head over all things of the church. So he gave that authority to the church which is his body the fullness of him that filth all in all. So we are far above all principality and power minus that pastor that cast out devil have rank for. far above all principality and powers, might and dominion and over every name that is named. Not only in this world, over everything. Anything that is a power out there, we have authority over it. Hallelujah. Praise God. And we should be strong with his power. Amen. Amen. Hallelujah. Praise God. Are we good? Yes, sir. We should be strong with his power. should be strong with his power. Amen. And we said one way to be strong with the power of God is to walk in faith. Faith will help you to be strong with his power. So we're talking about being wise and strong with his power. Faith will help you to be strong with his power. Is how we engage on sin forces with faith. By faith. How many of you have ever believed God for a healing? You didn't take uh medicine. You didn't take anything. You believe God for a healing and you actually got

healed by the power of God. Look at all of us liars. Obviously, now that's what the skeptic that does not believe in healing will say all of us here are all liars. Except them, which is how they do their own journalism. Only them and their household is always correct in anything that they say. So, how many of you have gotten healed of a debilitating sickness, a serious sickness that could ravage your body? Liars again, then they enjoy you first like that guy that gave somebody slap. Cuz are they going to deny drop your hand? Are we going to deny the experiences that they have been through? No. Are you with me? You can't say, "Oh, because people fake, people lie, that means this does not work." Don't be living like that to. Amen. Amen. Hallelujah. Praise God. So, faith will help us to be strong with the power of God. Faith can be seen and can be used. It is not something mystical. No. So we said the tensile nature of it shows us that we can tell if a man is in faith and I think that should have provoked or challenged everybody here. We can tell you if you are in faith some people that's why people not just close their man they talk we not catch them but we if we stay around you we can tell and that's why you shouldn't have weakling husband weakling wives around you who can hold you accountable and tell you baba you don't get faith you just be pray that God you should not go and kill yourself with this your faithlessness that just pray the devil does not have have your time because if he really have your time with this kind of faithlessness, you will now know that there are things beyond control that you should have been able to control, but you don't want to act in faith. So you and once you are not acting in faith, you just be flowing with the tide. The you are not in control anymore. You're just flowing with Sat. M it's like a tithe. So be strong in the power of God. Be strong in the power of God. Now we say the life of faith is in revelation knowledge. Hallelujah. Faith is an action. So when you say I have faith, we can see it. Faith can be Faith can be seen. Faith can be seen. Faith can be seen. You can feed your faith. You can starve your doubts and your worries and your anxieties and your fears. You can feed your faith, grow your faith, build your faith. In what sense? That perception, that conviction, that persuasion. That's what we are saying. Build your persuasion. That's faith. That's you are fully persuaded. Why are you not fully persuaded? I take 15 minutes of give me so that I can hit this point. Hallelujah. Praise the Lord. Why are you not fully persuaded? Some people say I don't believe that. Um um I don't just believe or the popular one that people ask me sir what do I do when nothing is working the fact that you ask me that question already shows me you unbelief. It's only people you don't believe that ask that question because the man in faith never believes that something is not working. So let's just start with the first fact that once you can ask that question you actually not in faith but it's obviously not changing. That's what we are saying. So now it's obviously not changing. It's true. You are correct sir. You have just revealed to us that question not because it's not a valid question is that that question is only asked when you are not in faith. when you have no faith, little faith, weak faith or any of the other what about the question of so sir are there not situations that have taken that doesn't take time did not mean the power of God is not doing something the plant is growing but the fact that you

can say I'm not seeing means you are not we always see the improvement once you are acting the power of God your eyes your your hair everything about you is trained to see the improvement. If not you are not in faith cuz when you are in faith that's what you look out for you look out for no something is happening the power of God is doing something something is happening you can't just say I don't think anything is happening ah something is happening no that's not how we live by faith that's not how we walk in faith I believe God I believe God so faith will help us to be strong in the power of God and like I said we can tell when you are in faith oh we can tell when you are not in faith if you faint In the day of adversity, your strength was small. We can tell when you are in faith. We can tell when you are not in faith. From what you are saying, we read in the four gospel on Sunday and the reason from the how you reason. We can tell you are not in faith. From how you reason, we can tell you are not in faith. I choose to be in faith. I choose to be in faith. I choose to be in faith because faith is one of the greatest ways we engage unseen forces. If you want to be strong in God's power, you can't be without faith. You show me a man who is strong in the power of God. I'll show you a man who is strong in faith. So I want to be strong in the power of God. I will be strong in faith. And how do you get strong in faith? By feeding yourself with God's word. by eating God's word. By staying on God's word, that's how you get strong in faith. Stay on God's word. Feed on God's word. Feast on God's word. Amen. And not just only the reading and meditation of it that Isaiah 55 says, "So shall my word be that go it shall not return unto me void." You think that this is God's word. It cannot return unto him void. Hallelujah. God's word is more sure than anything forever. Oh God, thy word is settled. This is a settled matter. God's word is more sure than the foundations of the earth itself. God's word is so sure that it made all things. I hold on to God's word. Faith in God is faith in the integrity of God. The integrity of the word. The integrity of God. that God is who he says he is. I'm strong in that. I believe that. So when we say faith in the power of God, faith in the word of God, we are saying faith in the integrity of God. Faith in the power of God. I believe God. And that can only come via the internalization of God's word. The internalization of God's word. And also by revelation knowledge. Revelation knowledge is when you now pray over the word or that word the eyes of understanding is enlightened. It's like Ephesians 1:17 to 19 17 and 18 give unto you the spirit of wisdom and revelation. The wisdom of the spirit the insight of the spirit revelation. So God floods your heart with revelation knowledge where where in Luke 22 in Luke 24 their eyes were open and he disappeared from their midst and he said not our heart burn when he spoke to us that burning sensation of God's word that he said come hell high what I know that there's no sickness of power cannot heal you are convinced about it you need to be like that s that's faith sir I'm convinced that conviction, that persuasion. Where is your So when a man says he's in faith, we always ask where's the persuasion? Where is that thing that is making you say, "Hey, no, no, no. Enough is enough. It ends here. You will go no further." That's where faith comes. It may have taken you one year, which for some it takes them that long. But that day you can finally say, "Hey, hey, hands have been laid, words have been spoken."

That day you can you can stop looking at the symptom and say, "No, no, no, no. I'm convinced enough. I will ignore this symptom. I will no longer allow it make me feel like this work." That's when faith comes. And is that persuasion and is always born out of you want to have strong faith? Revelation is the food of it. Wesley calls it mental ascent. Uh EW Kon calls it sense knowledge. They are the enemy of faith but revelation knowledge is faithful. Stop having mental mentally. I know God's power can heal. That does not mean you believe it. Knowing something in God's word does not mean it you are convinced about it. When the storm and the wind came, he say could not shake it because it was built on the rock. You build yourself on God's word like that. That when the adversity comes, nothing move you. You know that. No, no, no, no, no. I'll still get healed of this thing. Even if it looks like it's taking time, I'll still get healed of it. I'm not going to believe that this will be the end of me. In fact, papa he said that instantaneous healing is the problem of many persons because super power meetings they just get healed. So they have never learned the process of faith. How to stand in faith and say I will I reject this. If you learn it and you will know the place of standing in faith and say no because that's how faith that's how faith works. the man who on a witch here came to uh brother Casey's prize meeting many years ago. He said, "I know I will get up. I know I will get up. I know I will get up if you just lay hands on me. I know I will get up. I know I will get." Kept saying it. First day, second day, third day finally, the man of God was laying hands came out, got up. He had been saying it. the other people on their witch that rolled it back home. It's just about faith. What are you saying? The woman with blood said that's faith. That woman satia woman was not going to go back without her child being healed. No matter three things I showed you, silence, rejection, insult, they do unto you, not go receive again. said even the dogs you would think the theory are enough she said even the dogs take even the dogs eat from the crumbs you don't say I have not seen such fate say your daughter is he say ma the centurion say don't come to my house you don't need to come just speak the word only I am a man that I say to one go and he go to come and he comes just day see I've not seen such in Israel many will come and sit and learn this something to sit and learn so just he made it harder it's easier to come and lay hands say no no no you don't need to you don't need to said I will come and heal him he said no you don't need to just speak a word that is have not seen such great faith. I think Jesus was lying. So, I don't see such great faith. No, not in Israel. I've not seen people acting like but that's the believer. That's how the believer ought to be. And guess what? These guys were unbelievers. I've seen more great faith among unbelievers than believers. Truly, even me, I've seen more great faith. I've seen people who say and they're not holding, they're not looking at their holiness, what good thing they have done say, ah pastor, no anything you say, I know this matter don't end don't end today. And you see that seriousness seems like there's something among unbelievers about knowing the place of conviction. Believers try to find many excuse around not wanting con. No, be build up your faith. Build up yourself in God's word. Be strong in faith. Hallelujah. Praise God. Amen. Amen. The place of faith. Being strong in the faith of God. Being strong. Faith

will help us to be strong with the power of God. So being strong in faith, that's number one, being strong in faith. Number two, you give yourself to prayer and fellowship. Give yourself to prayer and fellowship. Where I draw the cult for this teaching this evening. Give yourself to prayer and fellowship. Fellowshiping with God. You want to engage forces, unseen forces, the power of God, good angels, or bring under subjugation the powers of darkness. You must give yourself to prayer and fellowship with God. So the hand is exactly the and conjunction. All right? Give yourself to prayer even to fellowshiping because some people pray just for things and they never get to engage with their father because there you get wise being wise and strong in his the place of prayer is the place of revelation call unto me and I will answer the Jeremiah 33:1 and I will show you great and mighty things which thou knowest not of. He will show me great and mighty things which I do not know. The place of prayer is the place of revelation. As they prayed, their eyes were open. The place of prayer is the place of revelation. The place of prayer is the place of revelation. Hallelujah. Praise God. Daniel chapter 9, the angel said, "I am now sent to you." From the first day you set yourself to pray, I was sent. I was dispatched. When we pray, supernatural beings are released on our matter. Amen. Amen. When we pray in Luke chapter one, the angel Gabriel appeared to Zachariah and say, "Your prayers have been heard." The angel first thing your prayers have been heard. Took took them years say but your prayers have been heard. Your prayers have been heard. Amen. Angels act when we pray. Hallelujah. Acts chapter 12. Prayer was made without ceasing by the church. Next verse. And then the angel of the Lord came down to the prison where Peter was. Every time we pray, every time we pray, every time we pray, every time we pray, we engage forces. Amen. Yeah. And David inquired of the Lord. Then we saw that moving of the mberry tree. He say, "Should I?" He says, "When you see the moving of the mberry tree, no, that's inquiring. That's the place of wisdom. The place of wisdom we the place of prayer is the place of inquiring. Hallelujah. Praise God. If I can just get one hour with the president, if I can just get 5 minutes, if I can just get 10 minutes with Ang. But you can have any time you want with your father. You don't know what you are. That's why we don't used to stop praying. I told you before I started preaching, they don't used to finish praying. No, no, no, no, no. It's pray without ceasing. I can say just 5 minutes s just 5 minutes s now I have all time to spend with no there's things we unleash there the place of prayer is a place of power place of authority place of victory amen in prayer look at Luke 22 as Jesus prayed Bible says the angels of God came and strengthened him there's always something happening when we pray angels are released immediely Hezekiah finished praying Isaiah spoke what Look at what happened. The next verse is say the angel of the Lord. The Bible is replete with praying then seen angel. Praying then seen angel doing something. And we remember we say unseen forces. We are dealing with unseen influences. Whether it's the power of God or the power of supernatural beings or me acting in God's power and prayer. James chapter 5. the effectual father pray athlet prayer makes power available. Hallelujah. And this where we'll start from on Sunday. Amen. Prayer makes power available. I want to

see God's power in operation. Stand on your feet. I get to praying. I get to praying. The place of prayer is the place of wisdom. In prayer, I get direction. I know this is the way to go. I know this is what I should do. The place of prayer is the place of revelation is the place of wisdom. In prayer we war with prophecies. Lord, look at what you have said. The place of prayer. Hallelujah. Pray. Pray. Prayer does something. Prayer does something. Yes, sir. And when we get to pray, I can inquire. I can get wisdom. I can also change things. Prayer changes things. Prayer changes things. Prayer changes things. Prayer breaks the part and the order. Changes legislation. Esther was not supposed to see the king. But she said, "Give me three days." She and her whole house fasted and prayed. And as she the king raised the she met the king. If I perish, I perish. But she didn't perish. She didn't perish. Prayer changes things. Yes, sir. Prayer changes things. Yes, sir. He turned his face to the wall. Hezekiah 15 years God added to his life. Prayer changes things. Yes, sir. Prayer changes things. Yes, sir. Hallelujah. Praise God. Prayer can change legislations. Prayer can change uh systems, structures. Prayer changes things. Prayer makes power available. The Bible say, "And Elijah prayed again." Pray again, sir. Pray again, man. Say, "I prayed before, pray again." Elijah was willing to pray there until something changed. Hallelujah. Seven times the man went to go and change check. And on the seven time, he said, "I see like the man's hand is about to rain." He prayed that rain down. He prayed that rain down. He prayed that rain down. Prayer changes things. Prayer makes power available, stops the ultimatum, reverses decrees, makes power available, unleashes favor towards you, open your eyes, causes you to walk in wisdom. Say, I will no anybody tell you not to pray is doing you. Pray. Pray. Yes sir. Set alarms every time to pray is the best use of your alarms. Use it to remind yourself to pray. As you the alarm just start speaking in tones. Just start speaking. For me once I'm in my car I speak in tones. Once I enter that car and just on the ignition I just start praying in tones because I'm alone. I'm just every alone time I get I pray in tones. Every alone time I don't waste my alone time. I don't waste my alone time. No say oh I have not prayed today so just pray now every time you remember you have not prayed start praying and it's not just because I want to pray for this thing that I get wisdom wisdom comes from the mouth of the Lord I get direction on this matter I know what to do I know how to do what to do the steps of the righteous are ordered by the Lord the Lord is ordering my steps if you are confused because you have not prayed. Cast your care upon me for I care for you, says the Lord. Cast your care. Nothing to worry about. Nothing to worry about. Nothing to worry about. Hallelujah. Nothing to worry about. I'll give myself to prayer. I'll give myself to prayer. So prayer. Now faith, I can have faith that I have the wisdom of God. But in prayer, I'm actually taking the wisdom of God. So prayer works for the two being wise and strong. Faith is I believe that I have the wisdom of God. I believe that the wisdom of God will come to me at every time. But prayer is for the two wise and strong as much as the other ones were going. And I'm going to give you five of such. Prayer. Prayer. Prayer. Old rugged prayer is still by prayer, sir. It has not changed. It's still by prayer, man. It's still by prayer. Yes, sir. One of the best words I I love

to hear. I am praying with you. Oh. Ah, I am in prayer with you. Especially if you know the man is a man of prayer. Happy are because prayer changes things. So, prayer changes things.
