

Father, in the name of Jesus, Lord, we thank you spirit again. And we trust that revelation knowledge will flood our hearts this evening. We declare that the things that ought to be said will be said. The things that ought to be done will be done to the praise and glory of your name. We declare that we shall be built up, transformed by the power of your word. Amen. God bless you. Have your seats. And um Genesis chapter 1 and verse one. Genesis chapter 1 and verse one. It says, "In the beginning, God created the heaven and the earth." In the beginning, God created the heaven and the earth. In the beginning, God created the heaven and the earth. Now, we said the heaven and the earth, it seems as if they are poles apart, needing to be separated, but they were not made to be separated from each other. They were actually made for each other. Just like the husband and the wife, the male and the female were made for each other. Amen. Hallelujah. And we must see the place of the natural and the supernatural working together because in the glorified Eden in uh the kingdom of God when all the earth is Zion, we will observe or notice that it is still the same thing. the heaven and the earth together in union with each other. Hebrews chapter 11 and um Hebrews chapter 11 and verse three it says through faith we understand that the worlds were framed the periods of time were framed by the word of God so that so that so that the things which are seen were not made of the things which do appear. So the seen so that the things which are seen were not made of the things which do appear. The things that are seen were not made of the things which are seen. So the seen and the unseen and we said that the faith of God in the scriptures that the biblical writers wrote about they wrote about it using the seen word to explain the unseen word. Hallelujah. And in our lives we must have such understanding that the seen and the unseen were made for each other. They are not competing. They are not conflicting. They are not fighting. And so when there is an emphasis on the supernatural, it should never be a deemphasis on the natural. And when there is an emphasis on the natural, it should never be a deemphasis on the supernatural. You are not normal when there is any of such deemphasis in your life. You are not normal. And um people have grown up over the years getting used to blaming people for different issues, reasons in their life. Oh, it's my auntie's fault. Oh, it's my uncle's fault. Oh, it's my mom. Oh, it's my dad. Oh, is this person or is that person? But you an adult, you must take responsibility for your actions. Amen. must take responsibility for your own actions. Oh, I am not achieving this because of me, not because of somebody else. I'm not uh because there are you can't be uh above the teenage age and you're looking for people to blame for why you could not do what you did or why you did what you did. You can't be looking for who to blame. must take responsibility for your living. Hallelujah. So we said the seen and the unseen were made for each other. The seen and the unseen were made for each other. And when we say unseen forces, we're dealing with unseen influences and power. And that unseen influences and power may come from God himself or from supernatural beings that he made. Now we have the good and the bad of such. Then can come from man good or evil man walking with power. And where we have witches, wizards, sorcerers, magicians, people who use power negatively. Amen.

Then we have Christians, believers who are greater than all the magicians in the world. If you were to pile all the magicians in the world, what one Christian just fresh from hell, just newly got saved can do, all of them put together cannot do. And once that becomes the framework in your mind, it helps you. It helps you in how you live. And our emphasis, we said we should be wise and strong with the power of God. In Ephesians chapter 6 and verse 10, it says, "Finally, my brethren, be strong in the Lord and in the power of his might. Be strong in the Lord and in the power of his might." be strong in the Lord and in the power of his might. And we said, "It is possible to not be strong in the Lord." Amen. It's possible to be weak in the Lord. It's possible to be weak in the power of God. It's possible to be weak in the power of God. And we must ensure that that's not our example. That's not our example. That's not our example. In Proverbs 24 and verse 10, it says, "If thou faint in the day of adversity, thy strength is small." Not your father, not your mother, not your uncle, not your auntie, not your sister, not your husband, not your wife, not your children. Stop looking for who to blame for your life. Take responsibility for your life and for your living. There are many irresponsible persons in the world today. And sadly, there are many that are Christians that are highly responsible and they cover it up with Jesus. Being born again is not the great cover up. Neither is it the great excuse that you have to be a failure, that you have to be sick, that you have to be poor, that you have to be broke, that you have to not be intelligent. Being born again is not an excuse to not be what every normal human being seeks to be. Amen. So when you want to hold on to Jesus as your excuse, you are in religion. You are in something else different from what the Bible teaches about the Christian faith. Hallelujah. We cannot innovate about the practice of the Christian faith. Paul writing to Timothy in 2 Timothy chapter 3 told him from a child you have known the holy scripture which is able to make you wise unto salvation through faith which is in Christ Jesus. The scripture shows us how to live how to conduct ourself. The scripture makes us wise unto salvation. Amen. Hallelujah. And so we said there are four things we need to take note. Uh I said I was going to teach you five things to take note of in being wise and strong with his power. Number one, we said faith will help you to be strong with the power of God. And you can also by faith believe that I have the wisdom of God. The wisdom of God is at work in me. I always believe that the wisdom of God is there to take. Why? Because God's word tells us Christ has been made unto us wisdom from God. So I will never have a wisdom problem in my life because Christ has been made wisdom unto me and Christ is in me. I have all the treasure of wisdom and understanding. So if I have Jesus I have wisdom and understanding. I have the mind of Christ even in the scriptures. So by faith I believe that I always have wisdom. By faith I believe. However that faith is more in the area of being strong in the power of God. Then we said the second thing and in that faith we talked about the tensile nature of faith that your faith can be little, faith can be weak, faith can be great and is all up to you. It's all up to you. It's all up to you because it's what you do with the power of God. It's what you do with the word of God that makes you weak in faith, little faith, strong in faith, no faith at all. And many Christians have no faith at all in their living.

It's just anything the doctor says, anything life throws at me, it's okay. Anything I see, it's okay. And that's many Christians life is just, oh, I am born again. I have a father, I have an heavenly father. Amen. Hallelujah. Glory to God. And that's it. What a pathetic existence for such people. And that's what they call their Christian life. No life of faith, no victory. Satan already has already won in those individuals life. In fact, they even belong to Satan. We can boldly say that because they are of no threat, no relevance anymore to Satan's kingdom. So they have been recruited for Satan already because they have no faith because what Satan is after in people is their faith. So this one has no faith. This one is a is a zero, a minus. When Satan sees who has authority over him and regards him as a minor, that's a pathetic state for existence. And many believers find themselves there. Is it is not my fault to is what I woke up to see. Is not my fault to is what I woke up to see. It's what life did to me. So I saw this doctor's report. Amen. So I saw this uh no favor in my life. Amen. Everything that they see that is negative, they say amen to it because they never ever want to stand and see what does God's word say. There are so many scriptures in the word of God. So many stories in the word of God. If this thing is true, it ought to be true in my life. And I cannot even say if this is true because that again would be another level of insanity. It is true because I am saved. If not, I would not have gotten born again or be filled with the spirit. Now, since this is true, I ought to live by it. I ought to want to see the result of it in my everyday life. Amen. So, we talked about faith will help us to be strong with the power of God. Then, we talked about the place of prayer and fellowship. The place of prayer and fellowship. Even notice the way Jesus said, "I'll pray the father and he will send 12 legions." Prayer activates the ministry of angels. And we looked at Peter in prison in Acts chapter 12. As he as they were praying for him, an angel was released. The same thing in Luke 22 when Jesus prayed, the angels came to strengthen him. We said prayer activates the ministry of angels. Why? Because in prayer, we become more discerning. And we said we can discern three things. Times, we can discern men. We can discern events. In prayer, we put on strength. In prayer, you put on wisdom as well. James says, "If anyone lack wisdom, let him ask God." So, I can put wisdom within the confines of my prayer life. If I lack wisdom concerning anything, Lord, since I have access to all the wisdom of God, then I can ask God for all wisdom concerning this matter. for the wisdom concerning this matter and that is being responsible for my Christian living. Amen. The same James saying knowing that the trying of your faith trying of your faith our faith is being tried and Satan tries our faith comes for our faith. Peter says that the trial of your faith be more precious than of gold. 1 Peter 1:7 that perisheth though it be tried with fire might be found unto praise and honor and glory at the appearing of Jesus Christ. The trial of your faith. Our faith is the very important part of our life and prayer is also one of the places we also use faith because there's the prayer of faith. Mark 11:23. So having said you speak, you will speak, you will speak three times in verse 24. So whatever thing you desire when you pray, believe that you receive it. So I can desire in the place of prayer, but I'm to believe I receive it. Then he says, then I shall have it. So I believe I receive, then I

have. So if I want to have, I believe, I receive. Notice again how he doesn't say God I believe God is going to do it. I believe an emphasis in the Christian life is the an emphasis of responsibility. Mark 11:23 I shall say say and say I shall not doubt in my heart but believe what I say not again believe what God is going to do because God is the constant king. Nothing wrong with what God does. Nothing wrong with God committing himself to help us but it's up to me. Hallelujah. It's up to me. So in prayer we say we put on strength. In prayer you put on wisdom. In prayer you command power. James chapter 5 and verse 16. We saw that as well. We pray the fual prayer of a righteous man availth much. And we said we never get to finish praying 5:17 because we are to pray without ceasing. And I read a text on Sunday uh for you uh Ezra chapter 8 and verse 22. Ezra chapter 8 and verse 22. And it says, "For I was ashamed to require of the king a band of soldier and horsemen to help us against the enemy in the way. Because we have spoken unto the king, saying, the hand of our God is upon all them for good that seek him, but his power and his w is against all them that forsake him." So we fasted and besought our God for this and he was intreated of us. That should be the believer's pattern for living. There is nothing we shouldn't intreat God about. If it's going to give you sleepless nights, it's going to make you worried. It's going to get you anxious. It's going to get you in any state different from the Christian life, we should pray about it. Hallelujah. The place of prayer very important. And thirdly, we said the place of meditation and internalizing God's word. Joshua chapter 1 and verse 8. Joshua chapter 1 and verse 8. It says, "This book of the law shall not depart out of thy mouth, but thou shalt meditate therein day and night, that thou mayest observe to do according to all that is written therein. For then thou shalt make thy way prosperous." So I make my way prosperous. So if I'm not advancing, it's up to me. You shall make your way prosperous. I shall make my way prosperous. Thou shall make thy way prosperous. Thou shall make thy way. So I have a role to play in my progress. In my advancement. The word prosperous there is the Hebrew word salak. T S T S A L A C H used for progress. To advance. Then thou shalt have good success and thou shalt have good success. And the word to have good success I've told you is the word to deal wisely in the affairs of life because one of the core recipient for success for productivity for doing well is wisdom. You cannot remove wisdom in doing well. Anyone who is not wise will be a failure or will keep failing. Wisdom and success and progress are synonymous. Failure and foolishness are twin. So Joshua 1 vers8, this book of the law shall not depart out of thy mouth, but thou shall me during day and night. So I feed myself with God's word. Now this book of the law here was not 612 or 13 laws. No, but what Moses wrote, the Torah. And that in that timeline was the word of God that they have. Now we have a complete cannon of scripture. We are to meditate on it. We are to meditate on it. We are to meditate on the word of God. And meditating on the word of God is the game changer. Hallelujah. 1 Timothy chapter 4, Paul writing, he says verse 13, "Till I come, give attendance to reading, to exaltation, to doctrine." Then in verse 14, he says, "Neglect not the gift that is in thee, which was given thee by prophecy with the laying on of the hands of the presby." Verse 15, it says,

"Meditate upon these things. Give thyself way to them, that thy profiting may appear to all. Meditate upon these things." So there's what to meditate on. I made it on what I gave attendance to redeem. I also made it on the things of the spirit that have happened to me, hands that have been laid, prophecy that I have received, the gifts that I have. So I made it on the things that I have spiritual. I also made it on God's word and say so shall thy profiting appear to all which is the word progress. Your progress will appear to all. Take heed unto thyself and unto the doctrine continuing them. For in doing this, thou shalt both save thyself and them that hear thee. So there's a lot we should do with God's word. And one of such things we should do with God's word is meditate on it. So we said the place of meditating and internalizing God's word. In fact, this is one of the greatest places to get wisdom. If I want to be wise in the power of God, I can't find any place that has 100 over 100 results all other than staying in God's word. Now prayer can help us because in prayer we get wisdom. In prayer because wisdom comes from the mouth of God. The Sammy said so when I pray I can get wisdom from the Lord. When I pray, I can command power because prayer makes tremendous power available. And I said to you that prayer is not just about what I receive because that's where lazy people stay. And as you grow in your Christian experience, you will notice that life will not always answer to you like that. Oh, I prayed. Then you say, I did not receive my answer because you're a weakling, because you choose to be a coward. No. Make power available and blast situation because not everything is about God. Because as you become noticed, say, "Oh, I don't want to be noticed." Then you just play into the hand of the devil and it keeps messing you up. But if you're going to be, if you are going to grow spiritually, you must get to that place where is not just I receive to now I release power for this thing to work. Because that lazy form of expression where oh I depend on God, I depend on God. Of course, prayer is dependence on God. I still depend on God. We must always depend on God. But in that dependence does not remove the place of you showing that you have grown. You can take action for some things on your own. And God expects you to take action on some things. So we talked about there is the receiving prayer and the releasing prayer. And I've told you before many times in life prayer is more of a release of power than a receive of answer. Prayer is more of a release of power than I just pray amen, hallelujah, glory. No, I spend time because this is what I want to see. And that's where fasting comes into prayer where you tell yourself, no, no, no. I'm going to deprive myself of food for this time because and not because food is the emphasis because I want to spend longer time. I can't spend longer time and I'm eating. I want to spend longer time with the Lord on this matter. That's really what prayer is. Fasting I meant to say is more about spending time with God than spending time away from food or any of those other pleasure. It's more of the time with than the time away. Because many person stay without food is just hunger strike or they are doing intermittent fasting for their health. But fasting is actually spending time with God. And that is very important because that time I'm spending I'm saying this thing must change or it must change. And that is the release of power. So I can make power available. In prayer I

command the power of God. I release the power of God. In prayer I also receive answer. I release the power of God. In prayer wisdom also is mine. But one of the loudest places that we would have the wisdom of God is how much we have soaked our mind into God's word. Proverbs 4:23 it says, "Guard your heart with all diligence for out of it are the issues of life." Amen. Guard your heart with all diligence. Guard your heart with all diligence. When you see people who are reckless with their heart, with your mind that they can think anything, you've seen people who do not want to live long. You've seen people who are obviously worshippers of Satan because Satan is going to mess them up. Once you mess up your mind, your that mind will be more of the of of what serves the devil's devices. What they say than idol minds, the devil's workshop. A mind not guarded belong to Satan. There's no in between. Sometimes we like the in between. Say no, it's possible that it's not really. It's just in between. There are no inbetweens. There are no inbetweens. There are no inbetweens in life. There are no inbetweens. There are no inbetweens. It's either you are this or you are this. Because that idea of oh I can choose to think anyhow my life and it will not affect me. Are you two years? You're not two. You are not three. You're not four. How can you think you can think anyhow it won't affect your life? That is gross irresponsibility. Gross irresponsibility. As a man thinkketh in his heart so is he. The your life proceeds from your thoughts. Your life proceeds from your thoughts. You guard your heart. Your life proceeds from your thoughts. You cannot joke with how you think. You cannot joke with your mind. I I will I can feed my mind on anything that I like. Then you can as well just say you want to destroy yourself. You cannot feed your mind on anything that you like. My mind should be filled with God's word. Then I I direct my thought. The Bible is so specific about how we are to think. He didn't leave it to chance. Philippians chapter 4, he says um verse 7, still in the place of prayer. Let's start from verse six. Be careful for nothing but in everything by prayer and supplication make your request known unto God. There says and the peace of God. So many times the reason why you have lost your peace is because you have not prayed. So no peace in your heart. And the peace of God which passes all understanding shall keep your heart. Underline that word keep. That word keep there is the word God. The peace of God will be the umpire will garrison your heart will keep your heart and minds through Jesus Christ. Finally, brethren, whatsoever things are true, that's what you think about. Whatever things are true, whatever things are honest, whatever things are just, can your mind wander into other things? Yes, but you bring it back. Your predominant thinking should never go to darkness. Your predominant thinking must go to the light. Must go to the direction of God's word. Amen. If not, you will see it in your advancement, in your progress, in your profits. Finally, bedroom, whatever things are true, whatever things are honest, whatever things are honest, whatever things are honest, Whatsoever things are honest, noble, whatsoever things are just, whatever things are pure, whatever things are lovely, whatever things are of good report. If there be any virtue and if there be any praise, anything praiseworthy, think on these things. This is praiseworthy to think on these things. To think on these things. So there's what I think on. There's what I think on. There's what I

think on. Most people only know about the speaking part that activate the ministry of angels. What about the thinking part? Many times I always tell people to to bring it from the negative. Look at how you think and how much Satan is involved. How come you think supernatural beings are not involved with thoughts too? You think it doesn't really matter how I'm thinking. Is Satan not an angel again or you are forgotten? And see how much is involved with your thought? Why don't you focus that energy in thinking the right way and see supernatural beings released for you and see them walking with you based on how you're thinking. Matthew chapter 1. Matthew chapter 1. Matthew chapter 1. You must learn to think on things with God in your mind. You must learn to think on things with God in your mind. Verse 19. Then Joseph her husband being a just man and not willing to make her a public example was minded to put her away privately. Verse 20. But while he thought on these things, behold, behold the angel of the Lord. While he thought on these things, the angel, while he thought on these things, the angel, what he was thinking about is what release the angel. Why? Because your thinking is your action. You cannot think and form your thoughts and you're not going to act on it because those thoughts are very important. Those thoughts are very important. What I think about is very important. It says, "Behold, the angel of the Lord appeared unto him in a dream, saying, Joseph, thou son of David, fear not to take unto thee." You know how he writes, it makes it look like the man was conscious while sleeping. No, he's trying to tell you that the reason why he had that dream was because of what he was thinking about. So in response to his thinking, are you following? Very simplistic reading in order for people not to hear voices about what he's saying. While he thought on these things, behold the angel of the Lord appeared unto him in a dream. You know, for you to be dreaming, you have to be sleeping. But we said while he thought on these things, so to show you that that was the thought of his heart that got him to sleep. Hallelujah. That was the thought on his heart. Look at Genesis chapter 3. Look at the conversation. Don't need to turn your Bible there. I'm still in Matthew chapter one. Observe that the serpent and Eve did God really say? Then Paul wants to explain that insatians 11:3. He say lest your mind lest you be deceived. Just the same way Satan begiled Eve in the mind from the substitute begile. Ah mind ah because the thinking is very very important. I cannot think anyhow and think my life will not go anyhow. Amen. You reap the harvest of your thoughts. you reap the harvest of your I've seen people maybe because some people are not trained in leadership so as leaders they don't know how to interact with people they they don't understand leadership so they they they don't know how it is so easy to call out people when they are trying to be stupid or lie or deny there is nothing like you see there are actions people have you can already tell what they are thinking of it's not a prayer point it's not anything to be praying and say Lord reveal to me. There's nothing is revealing from the way you because you will reap the harvest of your thoughts. You cannot say we cannot see an we cannot see the harvest of something and we are telling you you were thinking on this you say no I was not thinking on it you may be talking to children but if it's me you were talking to I obviously call you out on that thing it's so simple to see you

can't be thinking because once you have this harvest you have this thought you havevested your thoughts you can't say no no can you pretend to life wisdom is justified of our children we can see the fruit. We will always see the fruit of your actions. You can't say uh we will always see the fruit of your actions. We will always see the fruit of your actions. Amen. say, "While he taught on these things, behold, the angel of the Lord appeared unto him in a dream, saying, Joseph, while he taught on these things." Matthew chapter 6:16, flesh and blood has not revealed this to you, but my father. Flesh and blood has not revealed this. So, there's flesh and blood revelation, and there's revelation that comes from the father. Verse 17, blessed art thou, Simon, by Jonah, for flesh and blood had not revealed it unto thee, but my father which is in heaven. So there is flesh and blood revelation and there's revelation that comes from God. Then it talks about I'll give you the keys of the kingdom of heaven. Verse 19, and whatsoever thou shalt bind on earth shall be bound in heaven. Whatsoever thou shalt lose on earth shall be loosed in heaven. Then charge his disciples that they should tell no man that he was Jesus the Christ. From that time forth began Jesus to show unto his disciples how that he must go unto Jerusalem and suffer many things of the elders and the chief priests and the scribes and be killed and be raised again the third day. Verse 22. Then Peter took him and began to rebuke him saying be it far from thee, Lord. This shall not be unto thee. Verse 23. But he turned and said unto get thee behind me, Satan, thou art an offense unto me, for thou serverest, that's the word, think again. Where did Satan come into the conversation? The thinking. Where did angel come into the conversation? The thinking. Now this is a negative angel, a dark or fallen one. Amen. However, in Genesis in the in Matthew chapter one, we see the good angel. Amen. Matthew 1:20, the angel that appeared to Joseph. But yeah, notice how clear it makes it. Thou had an offensive for thou seest not the things that be of God, but the things that be of men. So the what was the thought running through Peter's mind? No, you're not going to die. No, you're not going to die. And that's why he said what he said. So Jesus in his explanation say get behind me Satan for thou seest not the things that be of God but things that be of man sus there is the word you exercise your mind the way man does told you before Satan thinks like a man that's the best he can lay hold of because with man is creativity with man is the highest expression of the image of God amen he needs that he needs that level of creativity. It needs that level of result. So it will have to hold on to man. It can't be using animals now. It won't have any function such they don't have the cranial capacity or the glory and honor to be used to produce the kind of result that he's looking for. So he would rather walk through man than walk through other living things. Amen. Hallelujah. Those things in themselves are not evil but people uh use them in an evil manner or communicate evil onto them. Hallelujah. And that's where we can sanctify a place by our very presence. So everywhere you go leave your blessing there. Amen. 1 Corinthians chapter 12 it says now concerning spiritual gifts brethren I will not have you ignorant so does God want us to be ignorant concerning spirituals is our ignorant concerning spiritual going to be costly to us yeah there are many believers that don't even

know there anything as healing nether walking a miracle all they know is uh their pastors teach them like it's a business seminar they do bad graft in church. They talk to them about Ma Mahatma Gandhi. They talk to them about uh they talk to them about uh Aristo. They talk to them about uh Socrates. They talk to them about Cero. They talk to them about different Greek communicators. And they tell them, "Oh, this is it." Then they give them examples that you see there is uh this Indian guru. Now you keep and you are wondering why people are following Indian gurus from your church. You keep referencing them that there's this mantra that is in the Indian guru. Oh why beautiful and that's what they know. So you say things of the spirit gifts of the spirit number one spirit husband. That's what you get when you have such backward teachers of God's word. Because things of the spirit, the spirit of entrepreneurship, see it now, the spirit of productivity and the spirit of excellence. We're talking about things of the spirit. Can see foolishness littered around the whole answer. Uh drama, things of the spirit, drama. Because you know when uh when we when we dramatize these things life is given to it. Those are things of the spirit. So what about things of the spirit like healing? Say healing. We get doctors for that. All right. So we don't have Hollywood actors. We don't have actors for drama. Must be joking. We say concerning spirituals. I will not have you ignorant. So we should not be ignorant. And if we are not ignorant, what cures ignorance? The study of God's word. So if I give myself to God's word, I'll be knowledgeable concerning spirituals. How can we have a Christian? I don't know how people use their life these days. You have never listened to a complete message of two hours. You watch movies of TV hours and you say, I don't know why my life is like this. You have judged yourself and you are forever judged. keeps answering and giving such foolish verdict. I don't know why my life is like I can tell you why your life is like this. In the words of the you are a failure. That's what you are. Continue fooling yourself and thinking it doesn't have result and you look for for foolish leaders to lash on who don't have answers for you. I mean not in this ministry by the way because it takes a foolish person not to know that it is how you have been thinking. That question we should ask you. What do you read? Nothing. Do you read books? No. Do you listen to message? No. You say I listen to message. You are a liar and the truth is not in you. Should be able to say some things boldly. Wisdom is always justified of our children. You can't be saying I feed on God's word. Then you do not know what to say. Shut up. You're a liar. We can see it. Thy word have I hid in my heart. It will produce an action. Your words were found and I did eat them. They were the joy and so something happens when you are feeding on God's word. You will have the proper actions. If you don't have the action of God's word, it's because you are not feeding on God's word. You're feeling of anxiety on some people know how to just sit down and just be thinking, you be thinking, just be thinking, just be thinking. They won't think on God's word. They will think on every other thing other than God's word and wonder how their mind is running a wire. Put your mind on God's word. Amen. Amen. Guard your heart with all diligence for out of it are the issues of life, the proceeds of life. Your life goes in direction of your thinking. So clear say come and join me. say ah don't join

no he say eat and drink but his heart is not with you know there are people and we do that every day people do that every day tell somebody come and join me but he don't really want you to join them so that will inter say because what he saying not mean to say eat and drink but his heart is not there so as a man thinkketh in his heart so is he that's the context as a man thinks in his heart what is he thinking he doesn't really want you to join him but he's just saying for s so our words can betray our thoughts we can be saying something that we don't mean but it's really what we mean that is in our heart and that's who we are and that's how we live. Amen. Life gives you what your mind is ready for. Life gives you what your mind is equipped for. Life gives you what your mind is ready for. Amen. If you don't have the mind for a millionaire, you'll never see it. You may have the stinginess, the greediness, the selfishness of a millionaire, the ideas you will have is to be a thief for a millionaire. Life gives you what your mind is ready for once you begin to stretch the bandwidth of your mind. I've seen people who want millions and they have uh cobble intelligence. They have cobble actions. Not even n actions. Their actions are in cobble. They are thinking is in cobble or cob. put s they have a cobbo thinking a cobble brain and they want 10 million I've told you before the natural and the supernatural are not fighting they say oh then he's not even doing anything supernatural now if he was the first thing God would tell him is to rebuke him or to rebuke her and tell why not go read this why not ask this person why not and that is why I'm always make bold to tell you that many persons are not talking to God when they say but I prayed it's not our God you are talking to so proverbs 4:23 makes it clear guard your heart with all diligence for out of it are the issues of life your life goes in the direction of your thinking the way you think is how you live you cannot think failure and achieve success you cannot think defeat and have victory. You cannot think productivity and be having failure. No. And I can now put my mind on God's word and God's word is all the wisdom of God. Hallelujah. Imagine I put my mind on the mind of Christ. What kind of life I will live. Imagine I put my mind there. I'm always open to the wisdom of God. I put my mind on the possibilities of God's word. The psalmist will say meditate on the he said he said I meditate on the wondrous works. Look at how many times meditate is in the psalms. Psalm 63 David said from verse one. Oh God my godly will I seek thee. My soul tested for thee. My flesh longketh for thee in a dry testament where there is no water to see thy power. This is the longing of my heart to see your power and your glory as I've seen in the sanctuary. Verse six, when I remember thee upon my bed and meditate on thee in my night watches. So those different periods of the night as I wake up to turn to do something, I meditate on you. I meditate on you in Psalm 77 verse 10. And I said, "This is my infirmity, but I'll remember the years of the right hand of the most high." Verse 11, "I'll remember the works of the Lord. Surely I will remember thy wonders of old." I will remember. Is that thinking? I will remember. That's the word zakai in the Hebrew to call to mind. I will call to mind. I will call to mind thy wonders of old. I think on miracles. I will meditate also of all thy work and talk of thy doing. I will meditate as the same word in Joshua 1 vers8 to to groan to to to mort to imagine to m inside. You're pondering you

ruminate the thought again and again the way the the go through in out in before swallowing it. I ruminate it again and again and again and again over my mind. Before you know it enters my mouth enters my mouth. Why? Because out of the abundance of the heart the mouth speaks. The same way people get anxious and worried and they walking on the road and for you know they are talking because they are full of matter. They are full of issue. They will talk. I will meditate also. I will meditate also of all thy work. I meditate on the wonders of God. I meditate on the wonders of God. I meditate on the wonders of God. I meditate on the wonders of God. Hallelujah. Psalm 143:5. I remember the days of old. I meditate on all thy work. I muse another word for meditate seek. This is the form of meditation that leads to music. I meditate on the work of thy hand. I muse about it is ish God is good. Oh yeah. Glory. So that's how he does his things. So I I am muse. It's it's it's it's the face that leads to speaking after thinking deeply. That phase of meditation that now is musing. It will come out from your mouth or you write it out. You think it. Amen. Hallelujah. And meditate on these things. I think I remember. There's what to remember. There's a lot to remember. Hallelujah. I remember thy wonders. I remember thy name. Psalm 20. Look at it. Some trust in chariots. Some in horses, but will remember the name of the Lord. The word remember. Remember I told you what it means to call to mind. Zaka Psalm 20:7. Some trust in trials. Some in horses, but we remember the name of the Lord our God. They are brought down and fallen, but we are risen and stand upright, safe. Lord, let the king hear us when we call. Some trust in travelers, some in horses, but we will remember the name of the Lord. Hallelujah. But we will remember, we remember, we remember the name of the Lord. Remember that name. The name of the Lord is a strong t. The righteous runth into it and they say remember the name of the Lord. In my name they shall cast a devil. They shall you see all the things that happen in the name of the Lord. Faith in his name is why this crippled man is standing here. Peter said in the gates of beautiful I remember the name of the Lord our God. I remember the same way I remember his tender mercies. Psalm 25:6 remember oh Lord thy tender mercies and a loving kindness. So this is a call to God to remember. But he also in that same context talks about that I think on it. I think on it. Hallelujah. Psalm 78. Let's read that. And they remembered that God was their rock and the high God their redeemer. They remembered this is the text that says man did angels food. He sent them meat to the food. Verse 25 is giving a rundown of what happened in the Exodus journey. said they remembered that God was their rock and the high God their redeemer the same way they also remembered not his hand sometimes they forgot I don't forget the what the power of God can do I keep it in mind I think on it I think on the ministry of angels and all those who think on the ministry of angels it's the proceeds of it you will see you can't think on what are the angels of God doing right now in my life I know angels are always with 247. I know angels are helping me, guaranteeing result for me and not see the ministry of angels in your life. I'm conscious of that extra. I'm conscious of the unseen. Psalm 105 verse4, seek the Lord and his strength. Seek his face ever more. Remember, that's the word called to mind. Zaka remember

remember his marvelous works that he had done his wonders and his and the judgment of his mouth. I remember his marvelous works. I remember his marvelous works. I remember it. I remember it to see somebody that is thinking. Let me read Judges for you. I love this text. Judges chapter 6. Judges chapter 6. Are you here? From verse 11. And there came an angel of the Lord, and sat under an oak, which was an offer, and pertained unto Joash the Abbezite, and his son Gideon, trenched with by the wine press to hide it from the Medidianite. Now, one of the things history has not done to Gideon because it's just to say, "Oh, he's a coward. He's a coward." But there are two types of coward. There's there are cowards that do good. Cowardly. There are cowards that don't do any good. Now Gideon was a good kind of coward because he was threshing wheat to still make available for people because because he was making this available to the masses making this available to people in a time where they had seized all the harvest field. So is that kind of rebel but he's doing it in hiding. He's not making his own obvious that is a reel rebel. So he's that kind of man. So it's good to have the proper background of Gideon. So you say they say he's a coward but God said that mighty man of valor. Stop it. He already had the tendencies of savior. Don't read the Bible foolishly. He already had the tendencies of savior. So it's not like was a coward coward the way many persons are funny enough because he was already solving people's problem because the the enemy had already taken hold of all the harvest feed. So this is a man hiding to harvest and make it available for people. So he already had that tendency. So that's what but look at the kind of person he also was. So you now see the reason why he didn't take any action. You will see it in this conversation. Judges chapter 6. And the angel of the Lord appeared unto him and said unto him, the Lord is with thee, thou mighty man of valor. And Gideon said unto him, "Oh my lord, if the now notice what immediately the angel appeared to him, look at what he said." Then G and Gideon said unto him, "Oh my Lord, if the Lord be with us," cuz he said, "The Lord is with thee, mighty man of If the Lord be with us, why then is all this befalling us? And where be all his miracles?" Look at what Baba is thinking about. where be all his miracles which our fathers told us of saying did not the Lord bring us from Egypt and now the Lord has forsaken us and delivered us into the hand of the Medionites of course that's not true because whenever they turned they sinned and turned their back against God it was clear in the in the teachings of Moses that they will give themself over to other nations other nations will come and lay siege against them so that was not God it was their iniquity and their sins that led them there. All right. And Gideon said unto him, "Oh my Lord, if the Lord be with us, why then is all this befalling us? And where be all the miracles which our fathers told us of, saying, did not the Lord bring us up from Egypt? But now the Lord has forsaken us and delivered us into the hand of Medianite." Verse 14. And the Lord looked upon him and said, "Go in this might. Go in this thy might, and thou shalt save Israel from the hand of the Medidionites. Have not I sent thee?" And he said unto him, "Oh my Lord, where shall I save Israel? Behold, my family is poor in man. I say I am the least of my father's house." And the Lord said unto him, "Surely I will be with thee, and thou shall smite

the Medidionite as one man." You are talking about miracle, Ni. So I'm going to use you. You will smite the as one man. You want to see miracle? Funny enough, this was the person God worked with. And you know how the story ended, which is also the seen and the unseen word. The sword of Gideon and the SW of the Lord. God needed his word, but yet it was God that fought that battle without Gideon effort. But the sword of the Lord and the sword of Gideon. That's what they were saying. Imagine you had 300 soldiers that you recruited from drinking water and observing. Then you did not use them. What they are doing as they are running into battle sh of Gideon and the enemy is being defeated. See baba asked for miracle. He has seen miracle that shock him. He say where is the god that did all this miracle. That is what he was thinking about. And God used him to replay Moses feet. That is Moses kind of miracle. Moses kind of workings of miracle that Gideon is enjoying because his thoughts were on the miraculous. Where are his miracles? God say go in that might. The way you are thinking. I can use you. The way you are thinking. The way you are thinking. The way you are thinking. I like this kind of thinking. I like this kind of thinking. You must have the contemplations of almightiness. You must have the contemplation of almightiness running through your head. And that's where we stay on God's word. You must have that thinking. I don't know if I'm a favor. I don't know if I'm No, we don't talk like that. I think on the word of God. I know from God's word that the favor of the Lord compasses me round about as a sheet and I'm and I med it on it. I med it on the goodness of God. I med it on the favor of God. I know the eyes of God run to and for to show himself strong on my behalf. That's what God's word say. That's what I believe. Every detail of God's word is what I believe. That's it. He said the eyes of Lord go to and fro to show himself strong. God is looking for show himself strong on his behalf. You have found me sir. Um I think on God's word say go in this thy might. So renew your mind though that angels are working with you and for you that they defend your interest that you have supernatural advantage. Romans 12 says be not conformed but be transformed by the renew of your mind. And how do you renew your mind? With God's word. So you want to talk about wisdom for living from God's word. You want to talk about wisdom from living from God's word. And I see people today just say it's all about grace. Don't remove the place of work, hard work. Don't remove the place of digit. Don't remove all of those things. The natural and the supernatural are not fighting. An emphasis on the supernatural is not a deemphasis on the natural. An emphasis on the natural should never be a deemphasis on the supernatural. Both must work together. say pastor is just highly favored. Shut your yap. That's why you are not diligent. So because those are excuses and yeah I've read you know how many books I've read even to entrepreneurship now brother Nelson yes says book there's hardly any book he has that I've not sometimes people ask me sir what about this book he's the one selling book but I have I've read 98% of those books except they just released them really recently because I read they just sit down and say success cometh now what a joke say I just like the way pastor is able people to multitask from being playful, from being a from being a joker. No, now you you envy things, envy results, envy workings

too. When you like somebody's result, like his workings, like his workings, too. As a teenager, when I had read all of Papa Higgy's book, you know what people life to do to be pursuing woman. You know, you not marry her when you are when you know you're not a witch or a wizard. you who marries as a as a teenager you cannot focus on your life wasting your life as a teenager time that we have used to to build solid foundation that even if we don't want to pray and read Bible again we have enough material 21 I'd already read all of Kenyon's book because I was reading side by side we can take this book and they are dead so they're not writing new ones again I finished all his books some I bought some friends of mine have how many people see borrow book and say I'll give you next week some one of my friends then I I told him I'll give you this back tomorrow he said nah man of God is impossible I remember jacking that book all through the night to the next day finish that book to the next Today big book oh one of papa's big book I read everything the first time I read read holy spirit and his gift it was in one sitting I could not stop it after that I rush to go by god in I book commission with power another book that teaches gift of the spirit I read in one sitting if you see that book all the pages are turned because after reading it I ran to go and pray all the pages was it's just it's just god Sh God is just God is no better of persons. Stop making God look like he's partial. Go stop making God look like he's partial. Stop looking for excuses to fail. God is not partial. God is not partial. God does not say e I don't like this person so I prefer this one. I'll do it for this person. No, that is not how God is. That's not who God is. Amen. be hard working. You see some person have you read your pastor book there people now they not the prophetic failures get out he say me I'm not I'm just coming for you tell you more things that will pain you cuz nobody have been talking to you that's why you are going that way I have a question the prophetic let that book judge you be your judge you could not ask the book I be you have book you read two chap page that laziness I see among people there was a Today I had four meetings and at the evening I had a business meeting. I had planned every say this is is luck. Now you now stop stop this stupidity called luck business spiritual different mixture all that day you think it comes by luck say so even for business so is the grace of God is it is it preach I'm preaching that God is supplying me grace and wisdom as if does anointing come on people for business sorry or maybe I don't know it comes for you people. I don't know about that one. What is God's anointing coming? Am I doing something spiritual in business? No. Anointing is not for for natural things or for good kind of things. No, anointing is for spiritual work. But we like excuse say ah study, be diligent. You don't have five books, you have 40 shirts. deceiving foolish ladies that fall for that your stupid trap. 40 fine fine with empty brain. So now lead the home leader of the home is confused. I don't even know what we should do in this home. I don't know what not they read, not they think. And I'm so amazing how some women even hate when their boyfriends or their husbands are getting intelligent. Shame on them. Shame on them. Tomorrow you now say I need a wife. What do you really want? What do you really want? Because wisdom is very important. I don't regret it. I don't regret that I I used all my allowance as a teenager growing up buying

books. I do not regret it. I do not regret that all the favors I got from and I was favored a lot because I used to quote Bible verses. I could quote half the Bible just and so from children church I had fans just like all those lovely people in our children church. So people liked me and they would just be giving me money. And I continued like that. I was teenage president for six years cuz nobody could take it from me. And I was highly favored because I was in every department in church. So the so the pastors loved me because prayer band I did the evangelism and they win. So I did every department I'm ready. Only department I withdrew from was singing because I lost my singing voice because I prayed down and away in my teenage life. So the prayer the singing voice is gone. It's just the singing intelligence that is that remains. So I can but the voice has I cannot bring it back. It is cracked beyond and I got all those favors. Remember a man wrote a check for me the first time. I cash that check in level with my legibility. I remember going to the bank and the woman said so they can catch can can what is it I said they have not given us ID card yet she had to print it out just in case I said this is what they gave me this in school said because of who wrote the check they could not think they didn't even call him but he wrote on behind that whatsoever he gives you take it from him as the identity so okay so they didn't bother because he was asking me which identity I said I don't have any identity card yet to his eligibility Oh, so just wrote whatever I gave them. All that money I ran to where they said book. There's hardly any bookshop in Ben City. Many of them have followed up now that I did not know and I had their numbers. Once there's new book, they have called me because I knew because immediately God started telling me this is the beginning of greatness. I know because in place of prayer I will say I fed my mind all manner of books, spiritual books. And when I began to have all the starings for business, I read business books, business book, business book, business book, business books. Did research, knew how to use YouTube, knew how to use Google, took courses, Harvard online business school. You debi pack my brain full of knowledge because knowledge, wisdom, understanding always command resources. There's no person with wisdom and understanding that does not have money. Don't let anybody be fooling you that I know somebody that is wise and full of understand is a lie. He's not. He's not wise or full of understanding because if he is, he will know how to use that wisdom and understanding. It may be full of knowledge but if you cannot once knowledge shifts to wisdom and understanding it will produce results because you can have facts but wisdom shows me how to use those facts. I'm telling you now better make friends with God has bless you. Now if I had somebody like that in my church who I could be collect who was selling book I would have been in you see pastor free marketing for is it bad and buy book and read and make your something come from your life read books I had not asked any woman out the only one I asked as the one that is in my house I have not asked any woman out and I'd already read a lot of books on parenting on marriage I just like the way pastor knows a lot about parenting from the realm of the spirit. Now young people just think everything is locked. Everything is lock lock. You you God they lucky. Now of course we reap the fruit of

our pastor's labor. God has blessed you guys because every time I'm speaking I'm speaking from plenty place of knowledge. I wish the tables were reversed and you had all this plenty knowledge that I was sitting under you. I would have more results because I didn't have it nice after the I was a a child when a boss died. So I didn't have it well in my teenage years with pastors. So I had to and because I was already in a place where they say I know more than my teachers. So I was not going to be satisfied with all those bad preaching and once tongues you are speaking every Sunday. No, I and my brothers excelled greatly above everybody else because we cared and there were also some wonderful persons and that's still friends with me to today. Had to had to had to be different. I cannot do this mediocrity this failure life. No, no, no. So there has to be more. So I started reading books, reading books, reading books, reading books before jam some other influential persons who helped me in my teenage age to once in a month, once in two months or three months I got to see them and also recommended those same books and I was already reading those same books on EW Kenya and K again and I stayed with with those materials at those days in those times. Amen. Why are we saying all of these things? Because what you do with your mind? What do you do with your mind? What do you do with your mind? What you do with your mind? Somebody said uh when I engage with pastor in the natural about he always has this uncommon insight because I've read far and wide on different. So I know the one that work and one I know the one that the person just wrote to make money because I have read that one and nothing came out from that book. I don't know because this information that's why I know the knowledge that can produce the result the one if you read this one it get more application this other one is just uh two points that is just embellished just make it loud but there's there's not enough juice inside read this one read this one amen hallelujah so feed your mind with God's word. Feed your mind with God's word. Now, this one does not look like, hey, it's commanding power, is commanding wisdom. Oh, sorry for you. Everything we have been saying since rooted on this. There's no good prayer life outside God's word. There's no life of faith outside God's word. Give your mind to God's word. Submit it. Just carry your mind and submit it to God's word and watch what God's word will do with your mind. Watch what even wisdom will do to your mind. People don't succeed by luck. That is not the path for success. It's not even up to 1% of the population in the world by luck is zero point. It has not reached 1% of the world population that succeeded by luck. Don't don't start what nobody have. Uh my pattern is that I know luck will shine on me. Have you seen people in society you say luck shine on them? Really? I saw somebody said that I know there are so many ebo persons, evil workmen like that who did not go to school. But when did they going to school become a perquisicide for success? Now you not the intelligent now. Do have you engaged those people? They have more intelligence on marketing more intelligence. You don't you you're using calculator but the guy has already calculated your amount you and you are and you dare say you're intelligent than him. You are being deceived by degree. No. So street sense don't have this and street sense is that word in the English that they shift the word from

wisdom to shrewdness to sagacity to prudence and that's what is found in people who understood apprenticeship mentorship and who had been exposed to street life they are far wiser than the people who uh all they do is I I I read this book I read this book I've shared this story with you were in a vehicle going to boss many years ago and there was this guy was so happy because we knew his whole life story. How people can be so foolish receiving call. He I basically knew his whole life story in that whole boss. He was so happy. He say I got with first class. We we knew that one from the call. We knew he was going somewhere only for us to get to BIO and he was asking them that he wanted to stop at Ruben. Ah what an idiot. You didn't ask the conductor. You didn't ask the driver. You didn't know where you were going. You was just looking. You are really a first class. First class of course id your team looking say because they say you will sit from the signboard. Really? Because I I was the one who engaged him because even the were weeping for him that you don't know where you were going. You will not you did not tell somebody say I told the col before I enter though he told me to enter h you are really a first class is hley is shadowing customers how can you remember shadow that's not hing customer shadowing customers how can you remember I told him I I I expected better life go break you you expected better. Wow. Think it's your father you can shout. I expected better. I expected better. So I saw first hand. It's not to be intelligent in book. That guy has no intelligence for life. He will not make it. It's not a prayer point. It's not something that you say look even if you give him a good position he will lose it. There are people that are every day getting good jobs that lose it now. There are people every time that get good opportunities, but they can't keep those opportunities. Life punishes foolishness. Life punishes timidity. Life punishes foolishness. Life judges foolishness. That's the the exact phrase. life will judge you for this the sentence because it says foolishness is a sentence. Wisdom is a sentence. Don't like it. Don't like anything that does not have to do with wisdom. So he say being wise and strong with his power, I clean my mind with God's word. Everybody is not want to marry want to marry me. You see see what comes from not giving your mind to God's word and is obviously blind because all the people that mar this world are all fine fine people. What first the person had lacks natural sense because natural sense should have told him that so many persons are married in this world that are not fine if we have judging by fine without even having to cry on the favor of God. This a Christian speaking in a wimpy manner because he's is like life I beg life sorry for me. Life does not sorry for people. A lot of good people life is dealing with them. Life is not answering to morality because life is already now good and evil. Life does not honor. Life was supposed to favor morality but it does not. If you good self, life go bad more. I've told you before, life does not care whether you raise the dead, whether you feed the poor. You must have strong head. You must be stronger than your stronger than your the destiny, stronger than the future. Not that what we be will be. No, what we be will not be. Rise up. Take the bull by the horn. Take charge. Feed your mind on God's word. told you anybody can become anything. Anybody can become anything. Anybody can become anything. That should motivate you. Anybody can

become anything. I had friends I told them give me two years. you'll see what I will produce with success financially and all of that. Ah, he didn't even reach two years in one years of engaging uh uh in business. They already saw it like ah ah pastor god has favored you. I always tell them no because remember that deemphasis does not that emphasis is once that emphasis is to deemphasize wisdom and skill is not good. So I tell them God obviously is favoring you too. The only difference is that you are not hardworking. Stop making it look like God is partial. then either that or you are not conscious of it but there are natural things that we also don't always remove that part like I said when you emphasize that's why Paul says the grace of God is say but I labored understand that that that cohesion between the grace of God but I labored I labor in the grace of God firstians 15 understand that place of labor labor and grace is grace but I'm laboring combine the two so Now we can't tell that is your labor or is the grace of God. I like it when people are confused like that when people are saying is this one wisdom of God or this one is hard work. I I don't even know again everything blend everything join be hard working what we be we be. No no no our life works in the direction of our predominant thought. Did you get it? There are people who are never content in the phases that they are in. Life is in phases. Be grateful to God now that you can give 5,000. Be grateful to God when you can give 10. Be grateful to God for every stage. Be grateful for every say grow because there are persons who have never grown and expect that we will give in billions. You are a liar. No matter how much you sing it the answer the divine response of God will even come back. No no no you will not. You will even God it's not you now. It's God that will answer you no no you will not give in any billions. You are a liar. God will tell you no thousand has entered any no thousand has entered. There are people one full year they cannot even buy Bible for their pastor because they think everything is about welfare. Welfare and life has not dealt with them. Their pastors don't need their welfare. Finish. No sense of doing things right. But the Lord God, no sense of doing things right. Now blame it on I don't have. So you think all of us had you know because I was going to I had issues with my parents because of ministry I stopped taking money from them. My dad was doing relatively very well before of uh he stopped working and uh because investment planning and all of those savings things they don't people don't know all of those things. I know those things. I learned not to be like those people who do not take those kind of things seriously. But I didn't need his money. Even the time where he was doing well and he was honorable, giving allowance, taking care, beautiful, God bless him. When I realized that this man is not going to let me do ministry, I didn't need that money anymore. I could fend for myself. I could so that he will see responsibility. It's early just past the teen age and I could take responsibility for myself. So I know what it means to start from zero because I started from zero. People say things like h does not what nobody gave many hand out to stop waiting some people we have given them hand out they still go back to failure life is fire though hallelujah use God's word to guard your mind's word will form teach us. Is it not with God's word that we cast down imaginations and every high thing that exalts itself against knowledge of God? It's with

God's word. Is it with God's word that we take thought we take captive every thought? Second commission chapter 10. It's with God's word that we take thought take captive every thought that does not obey. How do I know the thought that is not obeying the gospel if I don't know the gospel? If I don't know the word of God. So because I feed myself to God's word. Your mind cannot imagine is with God's word you enlarge your heart. God's word enlarges our hearts. God's word enlarges our heart. Psalm 119:32, I will run the way of thy commandment when thou shall enlarge my heart. God's word enlarges our heart. As much as giving enlarges our heart, the pictures of your heart changes. Use God's word to cast down imagination. Use it for heart enlargement. When you feed yourself with God's word, this kind of heart enlargement will happen to you. That is in Job. Job 22. Receive verse 22. Receive, I pray thee, the law from his mouth, and lay up his words in thy heart. Ha. Receive, I pray thee, the law from his mouth, and lay up his words in thy heart. If thou return to the Almighty, thou shalt be built up. Thou shalt put away iniquity far from thy tabernacles. Then tell your neighbor, then then shalt thou lay up gold as dust, and the gold of all as the stones of the book. Now, this does not mean you will have plenty gold. Oh, no. that then this simply means you do not extreme gold as anything. Bury your gold in the dust. That's what he's saying. You shall lay up gold as you will see gold as nothing. See it as nothing. The N translation the N says throw your gold in the dust. your gold of among the rocks of the ravine. Throw your gold in the dust. So is that's how you ext. Throw your gold in the dust. Then the almighty himself will be your gold and the choices silver for you. So when he say lay up gold as it's not I've told you before is not I pile gold. I now have so many gold. No, it's that money. I don't fear money again. And it's in God's word you enlarge your heart that money is not something you worship. So you don't have to kill your father and your mother for it. You don't have to do illegal things, wrong things for it. Because you have if people could be successful like this I choose to be. Guard your heart with all with all diligence. Then you will see God is more valuable than gold and is more valuable than silver. For then shalt thou have thy delight in the Almighty, and shall lift up thy face unto God. Thou shalt make thy prayers unto him, and he shall hear thee, and thou shalt pay thy vows, the things you said you are going to do for the Lord. Thou shalt also decree a shall be established unto thee, and the light shall shine upon thy ways. When men are cast down, then thou shall say, you have different responses because you have been staying on God's word. When men are then you shall see there's a lifting up. Hallelujah. Receive I pray the Lord from his mouth. Use God's word to enlarge your heart. Use it to renew your mind to think properly. Use God's word to have a possibility mindset. Use God's word to have a miracle mindset. Use God's word to have pictures. Pictures of possibility. pictures of greatness. Amen. I see people because they don't stay on God's word. What kind of useless life I'm living? I've never had to think about that. Don't have any use. I grow with 5,000. I don't have any useless. It's not a useless life I'm living. I I will make the money. I would That's how thieves are born. Oh, you are angry. Angry. The desire of a slugard kill him because his hands refuse to labor. So in all this your labor grow because

you every day there's always somebody telling people quit your business, quit your your job, go and start your own company, start your own company. You think everybody has the brain for entrepreneurship. We joke too much. We joke not everybody has the brain. That's why there are so many entrepreneurs today that are all suffering, living miserably because entrepreneurship is hard is hard. Entrepreneurship is hard. Starting a business is hard. Is hard. Yes sir. Some of you who do it with hand out some of us no hand out. No anybody hard work. Put in the grind. Put in the effort. Focus on your this and this and your numbers. No. Okay. This and this. Put all No. Every business is as good as the brain of his the owner. your business is not doing well is your brain and your effort. It looks painful but it's the truth. The brain the effort and the standards you set anything goes in this organization. How can anything go not serious? You can't push people towards being result oriented, being excellence oriented, being the fact that we must achieve this or we must achieve. Say no, I don't want to make people look like that. Then they should quit and get out and find another person to replace them. What I live by. I always tell people Ecclesiastes 8 verse 1. You know, one of the things we can also do with God's word, we can use God's word to form the interpretations of things and life. You can use God's word to form the interpretation of things and life. Use God's word to interpret life better. Use God's word to form your interpretation of things. There are people who no matter what happen no matter what you say they interpret it from God for say no cannot just catch me like that they see me like that this not follow when we think like this not work ecclesiastes 8:1 who is a wise man and who knoweth the interpretation of a thing a man's wisdom maketh his face to shine you see I am your countenance is different and the boldness of his face shall be changed wisdom there's something that wisdom does to you you'll be bold in your approach because there's first financial confidence before there's financial freedom. There's first there's that boldness that comes from wisdom that you know something the fact that you know that this will work. There's a boldness that it puts on your face that it puts on your living. Amen. And we interpret things from God's word. We interpret things by God's word. God's word gives us interpretation. Amen. Another thing, as we stay in God's word, we are able to have what to say. As we stay in God's word, we are able to have revelation knowledge. I mentioned that when we're talking about faith and that revelation knowledge is faithful. The more you stay on God's word. In fact, the next time somebody tells you things are not working for you, tell them which scripture are they holding on to. Tell them which word of God is giving them the reason to believe that this thing will work. What in God's word have they seen about life, about marriage? Because today there are mad people around and in society that tell us that we should always plan for divorce. Don't that fire them because misery loves company. We empathize, we sympathize. And there are many wicked people who did not make their marriages work good and fine. However, you cannot make us hate marriage. Sorry, sir. Sorry, ma'am. You must have that doggedness in your life. Oh, don't allow anybody make you hate marriage or hate anything because in every field, in everything, there is always failures in it. And the fact that

somebody divorced does not mean that they have failed. Oh, what's your ticket I was going to say before? No, because good people also divorce because it takes two to be married. So one person could want it to work and another person doesn't just want it to work. But we cannot form our interpretation. The same way we don't use experiences to form doctrine. We cannot use that experience to not be interpretation of our life. Every time I talk to people planning to get married, I ask them what knowledge are you bringing to marriage. If you bring this knowledge of marriage is a prison, no wonder yours is a prison. So you come with demonic and evil mindset to marriage. No man will tell me what to do. Stay single. Which which of end? Stay single. No man will tell me what to do. Then why marry or you did not know the husband is going to be the head? I thought you said you were a Christian. No man can tell me what to do. What is tell you what to do? What does tell you what to do mean? Are you not the one that is choosing? Why did you choose an idiot? Since are you you the one that said the proposal? You're the one that said proposal now. You're not the one that said you're the one that say put the ring. Put the ring. It was just for to to pepper your friends. Chose the ring. Chose the intelligence too. So use God's word to form pictures. Oh, you know uh you know the ring is an handcuff. Now you won't be handcuffed. carrying demonic mindset into marriage because some people we should tell them they are babies. Say you are you you are still a baby in your brain and you're thinking and you are bringing that say uh why is this thing looking tough every toughness baby get up living like a weakling and is should you not be tough before your brother's not tough on you not tough for you did you grow up in a family I don't understand are you not expecting that you would obviously have disagreement [Music] I'm not doing it again. Uhhuh. Why did you not walk out from your family? I I'm done. I'm done. Your brother, I see your brother. I see your brother. With all their issues, there are things to work on. It's only when you get to a place where this can never ever be worked on. And there's no guarantee that anybody can get as not stupid reason I'm done. I'm done. Because it's society that programs people like that. And I warned you because once you start feeding your mind to why this way you want to divorce what are you reading it for? What I have never bothered to read till date I don't know the reason for the one that has multiple face. I don't know why the other ones I don't know why all those comedians I will never know why their wives are leaving or why their husbands I don't have that time cuz I don't intend to leave my own and if you have all imagination under fire you the angel of the lord will persecute you and make your way say something bad will happen nothing bad will happen no most know that people hate pastor's wife ah Ah people hate pastors why like and you're not there before the pastor is married you came to me the pastor married I wish you married me go break your leg wicked man wicked woman get out of your your demonic thinking there was a there was a a man a woman like that that was saying in the name of Jesus I claim Kenneth Copelan blow Copeland dies. This is this is true story was claiming there was a preacher who said that she's a bishop now. She said and so true. I would have shared that post but there were just many coin coin coin come I endorse everything people hate pastor's wife my people hate

pastor's wife people people because they are wicked because they feel like something because that's the same people feel like some somebody took something from them why do you always feel like once you see something successful the same way you see somebody you say why you horn They always feel like you took something from them. Once people see somebody having, they always feel like you took something from them. You are affecting them. You are cheating them. Baba, take take charge of your life. Oh, use God's word to clean your mind. Clean it very well so that you have good pictures. So that when all these pictures are coming, you break it. Those pictures of I don't deserve any good thing. Break it with God's word. Those pictures that tell you that um you belong to the gutter, those any picture that is not consistent with God's word, use God's word and wash your mind. Wash it. Wash it. Wash your mind. Meditate and internalize on God's word. Amen. Even Ruth that had issues, husband died, children died, still got a good man. Even Rahab got married use God's word. What have you done that will not hear what word? I know. I know where I'm coming from. I know where I'm coming from. I know where I'm coming. Clean man with God. Sister not great. brother not great I know where I'm coming from I know where I'm coming which where you are coming from what about where you are going to then I want to share their testimony and it is very wicked of you people who know about people's past and keep you are the the broadcaster do you know that this brother used to be like this and this like this wicked man and that that was a soul winner too that one now that one Now that creature says so winner that is doing that thing say you know the sisters pass that thing cannot work on me there's nobody can tell me about their past that will make me not like them if they are born again they are born again be pass they tell me you know this brothers I don't care about his pastor I don't care about his pastor I care about his future I care about now the future I don't know I don't care about any where anybody's coming from I care about do they know Jesus I care about have they are they filled with the spirit I care about that going forward. Don't come and make me not like anybody because I feel like and the problem also comes from these testimonies where he say I want to share my story. Uh when I was in the world there was all manner Christian but Christian people will not forget to is God that forget our iniquity. They don't forget say every time. Oh so that was the brother that was into kidnapping. say once their children are going, he will kidnap you. Glory be to God. I I I used to be a cultist. I used to be a killer. I have shot like 50 persons in this life. As he come down, the person sitting by his side is sh say well done sir. I used to do hookup before but now you're not a born again finish that that's that's a sinner that's a sinner that's a s winner that is talking all these things that knows and see don't make friends with a gossip don't make and those of you that enjoy gossip you are a witch you are a wizard you enjoy it And it will it will come around if you like. Don't start seeking messy now. You will reap it. Your children will reap. Think is a joke. It will always come back to haunt you. Continue to be the new one. You tear people to shreds. Your your business is another another story. And you what have you produced with all of that thinking? Don't worry. Life will come back for you. Life will come back for you. You

say no sir. Is it that you believe in Kama? No. No. Jehovah Kama. No. I cannot believe in karma. I'm not a Buddhist. Neither am I. Hindus. I don't believe in karma. However, shaking together that was Jesus. It was letters in red. And that was not karma Jesus was teaching. That was not karma Jesus was teaching. No, no, no, no, no. Karma has some spiritual implications added to it. If you are you studied on it, you will know it's not the same thing. When Jesus say that you have used that we use not we that they have never used that people use for offering [Music] together that thing is is telling you the measure you give to others it will press down shaking and that method think of Gary I I don't know if they still do that thing. The one you use hand to support and you put inside the lil bag that shake it together shall life give you stop it. Oh and I'm tell if you are like that start crying to God now. Mercy Lord I'm serious. Hey God, I'm serious. So Lord be merciful unto me. Lord mercy forgive me my sins. I go it will come back. Ah no no no no no no no. It will be one thing you did and the whole world will tear you to shred. The whole world because everybody has been waiting for you. Everybody we have been waiting for when we hear about her. The great one that knows everybody's secret. Aha. We are waiting to hear his own. We are waiting to hear our own. and we will not pity you. That's life. All those some people I don't know the energy they have for other people's gist. Use this time to make money. Choose this time to bring out something good out of your life. I say you get another one. Tell me another one. Time is going. You can't get back that time. And you're not not like you are a leader that you're going to use that to judge something to solve something. No. See another story. See the use God's word and clean your mind. Have a possibility mindset from God's word. Have a possibility mindset with God's word. Use God's word and clean your mind. Form pictures not by children they serve God. No we serve God. You must remove those evil picture because right from when I was teenager I started correcting my my my members parents because I go and visit say picking preo. [Music] I said man no now you are the mother of this child. She said no see ask you straight because speaking one square go this speaking go spo true to god that lady as a teenager got pregnant two times gave birth that daughter I was trying to help I finally told her I said you want to see prophecy over this one beginning one go you have destroyed this one's life want to destroy this one too with your great prophecy oh mother in Zion Leave her. You have left her now into different things. Say bring the child. Let's teach the child God's words. Say go. What a prophecy of raising children. Train up a child the way he should go. You say go. Such irresponsible parents that don't care about what they are producing, what they say. Think all those children that are agro slapping people on the highway. You see they grow they planned it from they planned it from small minus the one that they use that they sang about in case that one cuz that's the potential that all of there were to be like mystery I've confused those that only those that know so see possibility mindset renew our mind with God's word and think properly is that okay sir It is in staying on God's word that you will change the conversation of your soul, the conversation of your mind because mind what you say in your heart and when you stay on God's word that is even the Matthew chapter 6

where Jesus said uh take no thought what you shall eat what you shall drink because it's all of that thought that has brought people to where they are. Don't feed yourself on junk. Oh, and feed yourself on junk. Change the conversation of your soul or your mind. I have no one to help me. I have no one. That's all you think about. How can a child of God say, "I have no one to help him." Have you killed God? This is a child of God. I have no one to help me. I have no one to help me. I have no Not read Bible. Not Stay inside God's word. No one to help me. Even the orphan he say no father said then the Lord will pick him up. I have no one. I have no one. I have every time I have no one. I have no one. I have no one. I have the Lord. I have the company of saints. I have a local church. That's why now you go there attend of church because the church ought to be a family. So you say a Christian that is in a local church I don't have anybody obviously means once we close you run off you greet nobody interact with nobody so nobody knows you because you don't want anybody to know you want to be anonymous forever use God's word to change the pictures you get it use God's word and change the pictures of your mind I don't think I will amount to think ah from God's word is where you got that picture. I don't think things will ever work for me. It's from God's word you got that picture. So no, we don't. No, no, no, no, no. That's see these are things that have distracted pastors. That's why some pastors now they teach about is is his is life success principles because every day I interact with people and realize that people not wise. Oh god, the number of people who are not wise, who even believe that they are wise because maybe they graduated well from school. Look, people not wise. Many oh people not know how to do anything. Many oh I believe in um I believe in equality. I believe that the husband is not uh greater than the wife. I believe it I hold on to that belief that the husband is not greater than the wife. The husband is not the head. I believe it. I I don't know what you mean by greater but the husband is not the head of the wife and this a child of God though in one marri then we are surprised how how he or she after two years 3 years 5 years 10 years she has always believed it he has always believed it because I told you there was a post I saw say she mentioned the village she was from he said they they want they want this lady from this I for my local government not from my village. Thank God. court. I said from this day in he said is this I said ah they they want her to submit don't want that she's divorced see they want teach people not to submit or submit fair mar and let this your principle work the same way they have caught many of those people that are doing activist on no man can tell me what to do they catch one they recorded she was pounding yam No man can tell me anything. No man can tell me anything. She will go and post deceiving her followers. Why is secret? She almost even used to crawl to serve the husband. The husband does not just mind all this rubbish she's writing. Just be writ for money. She the wife deceiving young people because those young people want to be deceived because there was God's word they did not see. There was books they could have read and not see. is is how Christians today still learn from Tik Tok, learn from Instagram and it's not wise things. So anything they just see just put yeah the brother with singlet that wants to put more in his body than he should put his people's

leader because he's fighting for the struggle of Nigeria. Must must all your pictures be failures and you know 85% of what that person represent opposes your morals opposes what you feed yourself like the individual for his fight against injustice and people taking vendors and all the people that take advantage of people but don't buy into his life principles obviously a perverted person and a a neg is your everything. You say, "Wow, my mentor have said it again. You could choose." And the good thing is amazing work these people do. There are so many of them nowadays with their ring lights just start talking fighting for a better great I like them for the good that they do for people. But everything is subject to interpretation. Once I pass it through God's word, I reject them. I reject every other thing that is sounding against God. Because I can't swallow everything. Oh, and because I don't have that time to be living by fation technique. That's not why they taught us in chemistry. I I cannot every time f I know. I beg I beg. Let me just my mind is not say say decantation will work you know it say chromatography will work for this one. What many fation technique are we using for this matter? Say no is the way you fed it. you would have used this other seam like yeah that wow this person has fought again and people have gotten their money wow amazing because you should always like what is good but my mind is not a does mean that anything just be dumping it dumping it there are Christians who envy who envy immoral people who envy wayward people and They have sisters and brothers that will be there and cannot tell that what kind of this they have Christian brothers and sisters as too who see those things and ignore. Why are you complicit in people's foolishness now? What is the meaning of this? You are envying David said and I saw the wicked I said I would have en but I saw that then I looked again dried off for the prosperity of fool shall slay them. There are so many good envy. I don't envy. I I like the fact that people should make money, but I don't envy any person that is not saved. I don't envy. I don't And that envy is the good envy. I don't admire say no. No, no, no. Must all your mentors be Christians? No. But don't swallow wrong principles. Don't swallow long wrong values. My mind is important. It is not. It does being use God's word and form the pictures of miracles. Have a miracle possibility brain. Have a miracle brain. Have a possibility brain. Hi people ask me say man pastor how can you not think that this thing will not work? I cannot think it again. So I've lost the ability to think that the thing will not work. The only thing I think is it either a work or a walk. I have re I have renewed my mind. I've washed it. That there are some kind of thing you even think I will mark you. You just notice that my number is not going. No, you can't be so close to me and have that thinking. Same thing I try to do. People who come around me, I try to ensure that because people going to say they close to pastor and he's not wise. No. Then there are people like that I just wash my hand off. I give up on them. And then you not put add me to that madness called the way you live. No, no, no, no, no. Not put me in that one. I say h what the pastor say pastor is the enemy. Oh, pastor coral to a bad person. know that I've left you since you want to go the way because there are many president have never heard me correct them once because people don't know that correction coming from your leader is a privilege they think

they like to talk they like to talk they like to talk ah it's access that gives opportunity for correction but I don't have any access to you why would I be I can only correct you from poopit other than that don't finish but there are people closer to you because I want everybody close to me to succeed I want everybody body around me to make progress to do well in life to win. Amen. Amen. Use God's word to form pictures to form pictures. The same way imagination high things against of God's word were formed. Use God's word now to build proper pictures in your mind. Pictures of greatness, pictures of love, pictures of honor, pictures of grace. Build proper pictures in your mind. Angels act on our thoughts. How we think matters. Angels act on our thoughts. Did you get it? So, be careful how you think. Be careful how you think. Be careful how you think. I will not give my mind. I'll use God's words to wash my mind to wash it very well. Let the conversation of my soul change. Let the conversations where dash monkey banana look at this how you talk. Use God's word to wash your mind so that you don't have those conversations. I don't know if things are going to work out for me. is how a Christian is thinking. No, I don't think like that. Anybody can just die anytime. Ah, this how you are thinking. [Music] I don't think like that. Oh, so I feed on God's word. Matthew 4:4, man shall not live by bread alone, but by every word that proceeds from the mouth of God. Your life goes in direction of God's word. You feed on. I live by God's word. I live by God's word. I live by God's word. God's word is food for me. Thy words were found and I did eat them and they were the joy and the rejoicing of my soul. We feed on God's word. When I find your word, it's like I found great spoils. Great spoils. I rejoice at thy word as one that find great spoils. That's 9 verse 162. Great peace have they that love thy law. Met it on these things. I think on God's word. I stay on God's word. The eyes of my understandings enlightened. Notice that Ephesians one eyes understand that I may know what is the hope exceeding of his power. My mind need to know that I have exceeding greatness power. My mind needs to know. I change the pictures of my mind. Hallelujah. Amen. Hallelujah. Amen. So use God's word to form a miracle mindset. Use God's word to have pictures. There are some people this thing is beneath me. This thing is beneath me. What about the foolishness of your normal thinking? That one is not beneath you. Is this why this one is beneath me? Why you say some things are beneath them? I'm I'm looking I'm wondering looking at the person who say this thing is beneath me no hard work no intelligence sorry all this is always be looking painful because once you are guilty of something you always feel like it's not fair then why stay down rise up now he said you are using it to be angry my friend he said no no no produce say some people like to argue everything is argument argument oh produce With the wisdom that you have, we see the weight. This is the 21st day. We are still watching what the person has produced without thinking because whether you like it or not, wisdom is justified of our children. We will always see the proof of your wisdom. We always see it. We always see it. We always see it. And God's word is the place of wisdom. So if I want to be wise with the power of God, I I I stay on God's word. I'm wise with the powers of God. I'm wise about how the unseen work. Angels commit themselves to you when you stay on God's word

because you are the man. You are the man. Greatly beloved. That's how Daniel was being greeted. I stay on God's word. God's word renews my mind. Changes the pictures of my hope, the pictures of possibility I have. I believe and once you are thinking normally, hardworking in the natural bring all those other thinking. I believe that I can just step out of my ass and 100 million era contract will come. I believe somebody can just call me and say I believe angels can doing advert for me. I believe I believe I I believe there's everything I believe anything supernatural I believe. There's you can never tell a supernatural story and I say it's a lie. Maybe lie to that person but I believe because there is nothing beyond the hand of God. Feed on that. Feed on that kind of possibility. He how can one just jump to 20 and you did mass one can jump to 20 one can jump to 20 there are different numbering system that's why they teach you different type of numbers there's even number there's odd numbers numbers are in t in five in 20s must not always be so I can do 1 20 40. Yes, sir. I must not do 1 2 3 4 5. No, I must not number like that, sir. Yes, sir. I must not number like that, sir. Amen. Amen. I will do well. I will do well. I think about that. Say, I who am a nobody. No, I'm not a nobody. Don't talk like that. Use God's word to clean the pictures of your mind. Use God's word. I don't really deserve much. Ah, I don't really deserve anything great. There are many believers that think like that. Once is step into the limelight. They have to fidget hide. They have to always act slavish. They can never rise no matter how much effort you put into trying to get them because everyone will retreat back to the pictures of his mind. Everyone will retreat back to what he has done to his mind. The conversations of his soul. No man is greater than the conversations of his mind. No man is greater than the conversation of his soul. When I began to think that oh I'm worth what the blood of Jesus what type of a man to gain the word and lose his soul. So I'm greater than the whole world. My soul is greater than the my worth is great. Nothing is beyond me. Nothing is too big for me. Nothing is too. And Jesus say that people are using to form religious mindset. They say what minute this waste he say no. The poor you have with you always. The poor you have with you always. Oh. Say no no it's too. It's not too much. It's not too much. I had to wash my mind from all those yama yama thinking, dirty thinking. Ah, it's too much. Ah, it's too much. That is too much. And that's why some persons have nobody has ever done them well because it's always too much. 5,000. No. Does that mean I should not now have a I should not now be grateful? No. I'm grateful. Thank you. And every year I share a post two times every year. I always thank all the people who always give to pastors. God bless you. Because these days we cannot see all the names and numbers again. The way the alert used to come, we cannot see the name again. We can just say God bless you. Oh, hand of God increase in your life. Oh, what you give you see the same thing in your life. Because it's not about the left hand seeing what the right hand is doing. Sometimes the left hand can see what the right hand is doing. Sometimes left hand doesn't see what the right hand. There are different types of generosity. Amen. But no giving loses its reward because Jesus said no cup of cold water you give to his anointed will lose his reward. That is Jesus letters he read. No cup of cold water you give will lose

his reward. I believe Jesus. I believe I believe Jesus. I believe Jesus. You may not, but me, I do. I believe Jesus. I believe because it was Jesus that said it. Doesn't matter any argument in society today. I believe God. Hallelujah. So use God's word and change the pictures. Change those pictures you have in your mind. Change those pictures. Use God's word and change those pictures. Change those pictures. You have those possibility. No. Have possibility mindset. Can anything good come out? No. Something good can come out. I don't think I can. No. I can. I can. I will. I should. I must. I can't. I can't. All your confessions is can't. Can't. Can't. I can't. I can't. I can't. No. I I I I can. I will. I can I will use God's word and change the pictures. I didn't come from anything so I can't go. No, no, no. Stop it. Oh, I can be called to ask at any time. No. What concern me? I don't want to go there. There are useless people that are leaders. Look at he's talking. He never had the opportunity to see his principal face to face. Keep quiet. When you when you feed on negativity, when you feed on negativity, it's not a useless position. Why is your own candidate wanting to go there? If it's such a what a useless place, look at somebody that has not even seen the proper office school once. Say, why will somebody say it's a privilege to see the president? [Music] is a privilege. Learn the protocols of greatness. Talking like a a street tout. Let God's word wash you. Let's let God's word clean your mind. Negative, negative, negative. No. Positive, positive, positive. You can't catch me with negativity. No. I'm always I'm always positive. I believe the best. I hope the best. I expect the best. This is God's word and clean your mind. Oh, clean it very well. Once somebody gets to 40, they can not but start falling sick. All manner of sickness will begin to pursue them. Yeah. You and your household that is thinking like that is you is you don't say we we don't you can speak for yourself. know how to when failure to say we I've always answered people who say all men has come plus your father all your brothers all women are with you plus your mom most especially your mom travity must begin at home because if you didn't live with a scum you won't be saying scum scum scum scum scum your mouth is a scum mouth whose person mom you want you say all all just be generalizing The f of generalization the same way they do all women are men are logical women are emotional insults it's not your mother your sister don't insult my own my mom taught me train me to be emotional I can cry I have feelings don't know the kind many you know nothing moves a man now you know mar you mar my sister thinks logical is normal parenting teach people to think women don't think now women they take first everywhere you just gather now in the marriage you are conforming to stupidity in the name of your marriage say we don't think we only feel huh say that's not what they use it to mean what they not use it to mean any small step you know women don't really think that muchh and women are not in the marina writing don't really think That's not from God's word. Thinking and feeling is not a gender thing. Every human being can feel and think. You have written it as as if it's gender role. Say there's a research and that research is a lie. I don't need to know the research. God's word nullify that nonsense research and society has proven that is a lie. Women are evil. Don't marry now. Mar all women are evil. They trust woman finish. Yes. Stay single sir.

Go punish another person daughter. Negative pictures people bring into marriage. Bring into everything. Negative pictures. Negative pictures. I was correcting somebody recently. I say trust, sincerity and trans transparency is not a term in marriage. It's not a term in relationship because transparency is for non-living thing. No human being can be transparent. Do you know what transparency mean so that we use that synonyms what they simply mean is trust not go put yourself for trouble. What I demand is trap trapy. What I chi now this is how go. This is how trai go. I was walking down the road as I I I I this is a woman being transferred to her husband. I I look I saw a man driving a f say wow this guy is fine know I I I saw handsome man say husband say what is happening here? You saw a man driving. You recognize that somebody else is handsome other than me don't come out inside everything I everything I say the man say why women dress like I saw babe you won't believe I saw some women they just this BB women say you observe their bum bum what a joke say is be champless transpent even god does not do that thing that you are and he he sees all things. So, but look at how he relates with us. You you you are not no human being is equipped to handle all info about anybody. No human being. I'm not saying for idiot husband that headphone don't think I'm not talking about those those those people that are doing evil thinking I'm trying to endorse. I'm not saying you already know your marriage is toxic. Give me your phone. Give me your phone. Give me your phone. Give me your phone. Tom and Jerry. Tom and Jerry. Give me your phone. Give me your phone. Give me your phone. Give me your phone. Give me your phone. Where's your phone? Give me Give me Give me Give me a phone. Give me a phone. Give me a phone. Who said message? I not I not You can read. I not initiate this message. The person send because I cannot be judged for what I did not. Yeah. Give me people have already patterned their life over all of this warning signs were all there. Where are you right now? Do a video on your video now. Let me see you. Who are you with? You are a babe sir. You are a babe sir. You don't deserve even you don't deserve any woman in your life. You don't deserve a man. You don't deserve to have friends. Who are you with right now on your camera? Zoom around. Show me the environment because I can't stand men talking to you. Really? You have been with me for primary school on intelligence you have used to destroy your life. Trust is when trust is broken those time it takes time to build it again because the trauma the individuals have been through. get that but not sane person just shook head and right from the get go is always you are not a non-living thing you're not a non-living thing that we can see through sir you are no you are a human being sir we can't see through you some phrases have put people in trouble just see what you mean trust sincerity I can't know everything that happened to and you need to tell me everything that happened in the whole day. I sorry ma I can't I don't have that. Sorry if you I don't have that time. Everything that happened the whole day. Everything that happened the whole day sir. Everything happened the whole day man. Leave no detail out. So we 24 hours to mention what happened in 24 hours. Now leave out no detail. If you are jobless please just put camera all over me. There's a place for all of those things. Trust is a term in relationship.

Trust there are terms for relationship. There are terms for everything makes it see through translucent trans all your terms human being. Oh now so I see all the thought why is this woman looking at me I said then you now foolish man don't go produce qu is this lady looking some you go and say is this for us because you could not know that your mind you say you throw away that one say I see say I need to be transparent the way my mind is way I say it renew my Are you with me at all? Have proper pictures. Build trust, build sincerity, build honesty. Those are and those are stronger terms than the non living non-living team that you want to use to destroy your life. Hallelujah. Be sold out. I mean, bury your mind. Sold out to God's word. Bury your mind in God's word. Number four is submission and orchestrated actions. Supposed to end this thing, but I don't want to do it on a Wednesday, so I prolonged it deliberately. Orchestra, submission and orchestrated action. Number four, how to be wise and strong in his power. Submission and orchestrated action. submission and orchestrated action. Now, this for me is one of the the greatest things you would ever learn, James 4 verse 6 and 7. But he giveth more grace. Wherefore he said, God resists the proud and gives grace to the humble. Submit yourself therefore to God. I don't know of any other thing that angels look out for other than this thing. This submission. Ah, how submitted you are to God. How submitted you are because they observe our actions. Submit yourself to God. Resist the devil and he will flee. Many people want to resist the devil without being in submission to God. That's why it's not working. Because by their submission, they already in league with the devil. Can you be rebuking who you are in league with? They in league with him already. Submit to God. What a term. Submit yourself therefore to God. I'll say this again so that we can learn uh u look at God who we submit to. Just of course please if you have an issue with uh that phrase transparent please be transparent with your husband and your wife please that know what you mean by it. I was just talking to people who want to have sense. So keep if you if transparency will make you not listen to my message please be transparent with your husband and your wife please. So now you say pastor does not believe in transparency. Now you know I believe in trust sincerity but there is no human being that is see through and all those see through is what has brought I've been leading people since I was in children church how many leading have you led so there is a lot of problems that come from sincerity because I said it the way no because I want everything that enter my mind because I say no now you not say no now they know the meaning of transparency Because everything that happened to my mind I thought anything I said anything I did I'm going to tell you then you should be like God should be able to feel to know which one I do not believe in but you don't want to be like God but you want to have what only God can do only God can see through a man all things are naked to him sir even the ones that they police like that people are very smart to people No method. So we given our wisdom go and destroy your life. People are intelligent. So like I said because I I got the feedback so please be transparent that don't have time to be debating wisdom. Every man is justified by his wisdom justified. Your marriage will show it. So I make sure you practice to the letter

because I'll come for all of you that practice to the letter. I can promise you how it will not last. People say things that they don't they don't do and they put other people in trouble cuz I had to ask somebody recently, what do you mean by this phrase? And what the person was telling me was totally anti- good word. I said which human being can do this on another human being say that's what I want ma you are you are toxic you were raised a dysfunctional way ma what kind of see through is this no honest sincere here is more powerful than that. You say everything. You can give details of your day, do all of that. Of course, shouldn't if you if you don't want to lock your phone, no problem. But it should never be that you already because those are already made principles that put people in trouble in their relationships right from the getgo. So the partner was not this but became it because there was always what I feared most. Congratulation. You have seen what you feared most. You have always waited long for this day. Things are subject to interpretation because no matter how much you feel like I know, I know, I know it's not always the way you see it. Oh, you say no, you can't tell me that. Ah, life will teach you that things are subject to interpretation. Sir, amen. Even God that we submit to there are people you you just tell them five details they can never see you the same way again can never see you the same way again they will never they will keep holding you with those lenses they will keep holding you to those lenses no I'm not saying there are things there are things you should not discuss with your spouse no that's not what I'm saying you can talk about anything that people hold on to that they learn from movies and and uh Cinderella kind of story lines is what puts people in trouble cuz they're not ready for reality because even the person ultimately claiming that see true we still have to depend on what you said. We can never be with everybody. Even if we are with them, we can't be in their mind. And God starts judgment from thoughts. God starts judgment from thoughts. Because God knows how powerful thoughts are. Submit therefore to God. Resist the devil and he will flee from you. The life of submission is a life of power. If you are in submission to God, oh boy. Sold out to the purposes of God. There's something there. Sold out to the purposes of God. But people say, "I have never had God tell me to turn here to bend here." Because you are not in submission to God. Now, I don't need to pray, God will tell me not to bend. If there's a bend that I'm supposed to, if there is a straight road I'm on, God will tell me to keep going straight. If there's a bend and I did not pray and because God will still tell me to bend. Yeah, as long as there's a B will tell me because I'm in submission to I pick the slightest impulse for what God is saying. My ears are attuned to the heart of God. If there's something God wants me to know, I will know. If there's something God wants me to tell somebody, I will pick it. Something you say to God, that's submission to God. And that's where you get those orchestrated action because life does not tell you now this is the action that will bring great things. Life does not announce it first. Now get ready. This is the action that we bring. Life does not announce it. Amen. Amen. So those this could have led to this. You must know that those moments and it's in submission to God. It's in submission to God. Hallelujah. Serve the Lord with all your heart. That's submission to God.

Supernatural beings don't joke with it. uh they bind themselves. Many years ago, the Lord said to me that you have said you will live for my purposes alone. Angels have bind themselves to you since you made that committer in your heart that nothing will make you not do God's will. I didn't know that. I I heard this years ago. I said they have bind themselves to you. Angels rejoice to be on mission with you because such is the heart that God looks for that sold out to the things of God. I have no regret dropping everything when I went to preach the gospel. Dropping everything for Jesus. Supernatural beings attend to people like that. Sold out to the things of God, the plan and purpose of God because and when is they they they know how to keep record. They know how to intercede, mediate and negotiate for you. Submission is a life of worship. You can't serve God and Mmon but people do and that's how they are not serving submission. submission and orchestrated actions because God will orchestrate your steps. It is not in man to direct himself. Is that not Jeremiah? So that's God leads us. God guides us. Hallelujah. I live my life in submission to God. That's how I live my life. I live my life in submission to God. In submission to God. I submit to his wisdom. I submit to his leading. That's why he say the leading of the spirit is for the submitted. Those who submit to God, God leads them. Those who submit to God, God leads them. I live life in submission to God. People who are always hasty. No, I never make haste. No, I never make haste. I never make haste. No, that kind of haste, that impetuosity. So I always tell people, so you didn't get any check in your heart. Ah how they follow God have check that nudge that avoid hast but you are doing things on time and on point. Hallelujah. Amen. Sold out to the purposes of God. Submit to God. Submit to his word. Submit to his leading. Where you can hear, "My son, my daughter, my son, my daughter, my son, my daughter, my son, my daughter." You can eas go here, do this. I live my life in submission to God. I bow in the worship of God. I'm surrendered to God. God can speak to me. God can tell me anything. God can direct me. God can lead me and I will follow. And much of being wise in your daily affairs comes in this thing because it is simply about your actions. nothing the I know because it's in your actions. Angels is every day and actions is an everyday thing. So your actions must be in surrender to God. I submit to God. I submit to his leading. I submit to his ways. I submit. He say yeah here I bend. He say go here I go. In the name of Jesus. I'm led by the spirit of God. I follow the leading of the spirit is what God tells me that I do. Stand on your feet. I'm led by the spirit of God. I'm led by the spirit of God. I'm led by the spirit of God. I submit to God. I submit to his word. Amen. The ministry of angels say the angels rejoice over one's soul that is saved. That means they watching out for actions and because the man's heart was not pure towards God. We see those texts in in first Samuel where second Samuel first king 2 kings is hard because the heart of the king's heart you see so the angel of the Lord so this supernatural forces the remember I'm talking about unseen forces influences and power hallelujah in submission to God I have unseen influences like how did you just know to do it I just did it I walk. I just did it and he enter on seen influence. My life is guarded by a force. God is guiding my steps, guiding me. And every day I'm seeing the

result of that life of obedience that I did it like this. I went here like this. Hey, it's working. Oh, it's working. I'm led by the spirit of God. I know where to turn. I know where to go. I know what to do. At every point in life, I know what to do. I know how to do what to do. That is in the leading of the spirit. That is in the leading of the spirit. I know where to go. I know who to meet. You say those things a lot. You open yourself to God's not say, "God, you can't talk to me about this." No, you can talk to me about anything, sir. Seek him first. Follow I mean follow on to know him. Live my life in submission to God's will and plan and purpose. Hallelujah. There are people I just randomly call and they are shocked. If I was not living submission to God, will I be able to just call those random say ah s the call just shocked me just ah and I say something on point one say why are you thinking like this first was shock like ah first time for pastor to call me and say why you thinking like this shows that I'm open to gospel I'm hearing God for people ear everything Open Baba is good. Oh, it's good for your life. It's good for the results that you you want. My life is open to God's leading. Thank you, Jesus. Because once you learn these orchestrated actions, you will never argue with people who say, "Is it by giving? Is it by going here?" They have never had God. I've had God tell me, "Send this person this amount and keep sending it every month." I've had God tell me this person, ensure that that person, this thing that the person is trying to do succeed. Ensure that you allow, you don't allow this person fail in this. And God is talking to me as if he gave me the money because he did because I can't remove God from my prosperity because the wisdom of God is involved. The leading of God is involved. God owns everything that I have. I don't have something that God does not have. God is is my Lord. I'm in submission to him. And that is even how he taught me about wealth and all of those things. I'm a steward. As much as I know I'm God's son, that I have an ownership mentality, but I also have a stewardship mentality. I'm a steward. And is in service, is in submission. You will never know the how powerful this until you start doing it. Until you start submitting to God. I taught you last year about that a house that swept. Why did the devils because not submitted to God? When you hear some people say how come that person was thinking that how come those voices he not they submitted to God. Satan fears a man who is sold out to God. He could have won. He will never be because he knows he has already lost. He has lost in your life. He has already lost you to God. Satan fears a man that is sold out to God. He knows that this one it's not about the morality of your action. It's about that your heart has bowed in the lordship of God. I will worship no other. That was David man God's heart. I worship. And he was the only one of all of Israel's king that had no no dent of doing anything idolatrous. No dent of woriing any other thing. I worship only God. I worship only God. Him only will I serve him only will I serve. I live for the Lord. I live for his word. I live for his work. Sold out to God. That's you in the name of Jesus. That's the kind of person you should be. Sold out to God. sold that to his world.
