

mighty move of your spirit in this house this morning. We open ourselves to possibilities. We again know that in this service the eyes of our understanding will be enlightened. We thank you for thus far how you've led us in this service and truly we know that our profiting will appear to all. We declare again that the things that ought to be said in this service will be said. The things that ought to be done will be done to the praise and glory of your name. Amen. God bless you. Have your seats. Genesis chapter 1 and we will read 18 verses. Genesis chapter 1 and verse one. Genesis chapter 1 and verse one. In the beginning, God created the heaven and the earth. In the beginning, God created the heaven and the earth. And the earth was without form and void. And darkness was upon the face of the deep. And the spirit of God moved upon the face of the waters. And God said, "Let there be light." And there was light. And God said, "Let there be light." And there was light. And God saw the light, and it was good. And God divided the light from the darkness. And the evening and the morning were the first day. And God said, "Let there be a firmament in the midst of the waters." The word firmament is the word expanse or space. Let there be a space in the midst of the waters. Let it divide the waters from the waters. There will be water up and down. All right? In the heavens and in the earth there will be waters. So, and God made the firmament and divided the waters which were under the firmament from the waters which were above the firmament. And it was so. And God called the firmament heaven, the space above heaven. And the evening and the morning were the second day. And God said, "Let the waters under the heavens be gathered together into one place. And let the dry land appear." And it was so. And God called the dry land. And the gathering together of the waters called he seas. And God saw that it was good. And God said, "Let the earth bring forth grass, the hair eating seed, the fruit tree eating fruit after his kind, who seed in himself upon the earth. And it was so. And the earth brought forth grass and help eating seed after his kind. And the tree eating fruit whose seed was in itself after his kind. And God saw that it was good. And the evening and the morning were the third day. And God said, "Let there be light in the firmament of the heavens to divide the day from the night, and let them be for signs and for seasons, and for days and for years. And let there be for lights in the firmament of the heavens to give light upon the earth." And it was so. Verse 16. And God made two great lights, the greater light to rule the day, the lesser light to rule the night. He made the stars also. And God set them in the firmament of the heaven to give light upon the earth and to rule over the day and over the night and to divide the light from the darkness. And God saw that it was good. And that was the fourth day. So um if you continue to verse 31 where he's done with and we've had to explain this again and again and again and again that um the Bible has its own context. The the context of the Bible is not the reformation. It's not Zwingley Calvin John Horse Martin Luther is not the context of the Bible. It's not uh the early church fathers polycap Ignatius Clement uh Tetulian Atonacius who compiled the cannon of the scriptures completely adding the 27 New Testament books and all of that wonderful people that is not the context of the Bible. The context of the Bible is the Bible itself. how the biblical writers wrote and what they intended

us to see in what they were writing. And we've said that the use of the word in Genesis chapter one, how he writes, Moses is not the first man that was created. And he's not writing as if people did not know there was a heaven and an earth like he's informing them. And that is the challenge already in the interpretation that once you start reading Genesis chapter one like nobody knew about creation in the time that it was written is a lie. It does not you already with a false premise. So what you have in your mind is not letting you see the liberating truths that are contained within that chapter because you already have a wrong premise for observation. And so again as we teach in Bible interpretation techniques observation interpretation application once your observation is wrong your interpretation and what you are applying will be wrong. What you are observing what you are interpreting what you are applying will be wrong. So what should I do? I must have the proper premise to my observation. And so the proper premise to have takes us to chapter 2 verse one. And it says thus the host of the heavens and the host of the earth were finished. So if I did not have a two world view in chapter one I did not read chapter one where of course chapter two if you arranging it in paragraphs ought to start from verse four because chapter one hasn't ended till he said what he said in verse four. So from verse 5 of Genesis 2:5 if you are arranging the Bible in paragraphs you have Genesis 1 verse one to 2:4 that is one whole paragraph where it's done with that whole body of thought. So from verse 5 down until man is created a paragraph a body of thought which is what paragraphs represent. So um how it was put and chapters and verses like I've told you over the years were not done by the original writers. It was not the uh original writers, the prophets, all the apostles that put this in chapters and verses. So when you read the Bible, you must have that mindset that what I am reading did not come in chapter and verses. So I should read everything to better understand the story. So he says thus the host of heaven and the host of the earth were finished. So I need to have a heaven and an earth world view and the host of heaven host of the earth. It gives you again a supernatural world view context of reading the Bible which we said in Hebrews chapter 11 that uh through faith we understand Hebrews 11:3 we understand that the walls the periods of time the walls were framed by the word of God so that the things which are seen were not made of the things which do appear. So the seen and the unseen word overlap interlap and one is used to explain the other. That must be how you understand the faith of our lord Jesus. Because once you miss in fact the very first millennia of the earth was deep in supernatural practice. It's like today somebody say I don't believe in science. Ah not believing in science means you are blind means you are deaf means you can't see you can't hear. Obviously, because I just show you my phone. You can't say I don't believe in science. I show you a phone. I point different things to you that were made by science because that is the world we live in today. And the first two millennia of the earth did not have any world view other than a supernatural world view. And that in the second millennium and the first century AD was where God inspired men to write the scriptures. And you don't want to have a supernatural worldview contest reading the Bible. You want it to be a science. And that's where people get into arguments trying to

make the Bible what it is not. Allow ancient men to be ancient. Let the Torah be what the Torah is. Let the historical book be what the historical books are. Let the minor prophet be. Let the setting be the way they put it. The issue will now be a proper exegesis and hermeneutics. to properly interpret it in that setting and travel down to our world today because the Bible has an ancientness that distance gap we are very distant from David very distant from Abraham and so we must bridge that gap which is the work of a Bible teacher Paul says uh hold them in high esteem because they labor in the word and doctrine because it's labor because the text doesn't just tell you this is the answer you have to because the truth purpose of the Bible is to put out wisdom for you. So not just is clear. I see it like that. No, there are no handouts. It is in because wisdom should be gotten in different context and different settings. So the scriptures will provide us wisdom on a matter and while we can teach from here, teach from here and bring all the things that they were saying. Why? Because they are teaching with stories. The loudest uh uh genre in the Bible is narrative. Narrative. So narrative, there's pros, there's all of those poetry, there are different writing style. But there are more stories in the Bible. More stories in the Bible. And that is how you must have Genesis chapter one begins because Moses is beginning the biblical story for us. And it tells us that in the beginning which is not the word for a once upon a time that is not the setup again we've had to use that word because the word in the beginning in the beginning the word begin the word but in the beginning is the word which is used to explain the first of the first fruits. You cannot be harvesting and say this is the first this is not the first thing you do. The first thing a farmer do is not harvest is plant. So he says in the harvest God that's already telling you that there's a story line he's communicating and how he teaches is very important. Now in our first part of this series last year where we taught on unseen forces, I did teach you the host of heaven language. But once you cannot see that creation explains creation and creation is used to explain creation, you have missed out on a whole lot of things. Because once you have Genesis chapter one a physical creation nobody sent you that thing that you are doing have because the creation story is being used as a parable because it is not creation that is really after but actually God's plan and purpose that is using creation to teach. So he's using creation as a parable as a illustration. So the intent of Genesis chapter one is not to teach you creation. Why? Because the audience are not stupid. The audience already know about a creation. So he's using the creation story to show them God's plan and purpose and God's dealings with them. Amen. So you must have and retain that supernatural worldview context of scriptures. Amen. Hallelujah. So in the beginning, in the beginning, in the beginning, God created the heavens and the earth. This is what he started. This is what he will end with. This the intention. So heaven matters but not at last. Heaven matters at all time. For religious people, heaven matters only when they die. When at the end of the world, that's not how the biblical story ends. The biblical story does not end with safe souls going up to a symbolic heaven or paradise of bliss. But that paradise actually coming down on the earth. And when we realize that the Bible has a consistent

storyline weaved around five themes, the creation, the fall, Israel, Jesus, and the new family, it makes the whole story come about that. Oh, we get the plot of the story. We get the plot of the story because how the story begins is how the story ended. Heaven and earth, heaven and earth together. And Genesis chapter 2, God created a garden and put man in the garden. The garden was the intersection of two worlds because God wanted heaven and earth to interlap. You know intersection like they teach you where you did in diagram set I know what they call it. So you a cycle you roll another cycle. The garden of Eden was that intercession. The garden of Eden was that intercession. Abby. The garden of Eden. That's where the two cycles interlap. The garden of Ed. So that's how God made man and that's how God wants man to function because that's how God wants our living to be. So we say two worlds collide. Two worlds intersect and at the center an image. That's the supernatural worldview contest they had that the world is a temple that God made. And the world that is a temple that God made is a heaven plus earth structure with an image at the center. Now all of this theology is exciting is deep is deep. What I just care about is my everyday life. That's that's not true. And that's very disheartening to find out that that's how your life is and that's how you think because then you will not be able to pick things. We do not let words slide. I heard the doctor saying it will end the shame. Once a word has been repeated once, twice. It is for the sake of invoking a spirit into it. We we we we don't become superstitious. But it's not superstitious. That's how people actually swear for people. That's how people actually swear for people. You will see. You will see ah no you break such words. you break such words and to say no it will not end this I don't know what you are saying I don't know what anger what issue is making you respond like this but no no it doesn't things don't flow like that for me that's why we need a theology behind things so that we understand how because theology prop sound doctrine is for proper application and for mastery so I cannot have the doctrine and I'm see I I I guess so I don't guess so I know so I figured it out. This is how it should be. This is what I should do. So that's the essence of sound doctrine. So in the Genesis chapter one, it says God created the heavens and the earth and he showed us how God ordered the world because first there was God before anything was made. Before the mountains were established, you have been God. So first there was God before anything that was made was made. So God and God from the naughtiness made the world. So he uses that same phrase to explain how chaos has entered into the world. But God is the God of order is the God that orders chaos away. So he uses that word in Genesis 1 verse two to without form and void. But he say the spirit of God moved because God knows how to bring order into chaos. And what is disorderly? What is a waste howling wilderness? Which is the same word used for where God found Israel? Because Moses that was his audience. He used that same word to Deuteronomy 32 that God found him in a waste howling wilderness. He was in chaos. And there he took Israel to be his own nation. Took Jacob to be the lot of his inheritance. All of that phrasing because he's teaching a direct audience. And the direct audience that Moses is teaching is not Abraham or all of those people. No, he's teaching the people he brought

out from Egypt. So you will see the very first five books have an intertextual corroboration where what you see in Genesis is in Exodus is Levitical is the number. So that the five books which all the average every uh uh young Jewish boy was made to read the five books together to understand what is called the law of Moses, the Torah, the the pentat as we call it today. Now why all of this whole talk? Because when we read the things that we are reading, it looks very plain. But when you order it, you see 1 2 3 4 5 6 7 1 and four. If you read it, day one and day four has light in day one, let there be light. Day four, light in the firmament. Day two, day five, the same thing. Day three, that is not luck. That's intelligent design being done by the writer to communicate a point so that you see the relationship. So that you see the relationship. So when you hear phrases, the sun shall not smite you by day. All you just want to think of is u I'm free from dangers and impending troubles. But that's not what the biblical writers had in mind because they knew that the elements are also symbolic representation and there what it represents and what he was saying is more than just God saving you from from from impending danger but bringing a supernatural worldview context and tells you because now the heavens are not clean. the founders of the earth are of course as so there's a lot to learn. So Jesus chapter one look at what he said in verse um 14. I did mention this in the first part last year and I'm still running from it because it's quite a lot of work and I won't even try to to push it in this but I just want to introduce it again so that it's somewhere in your mind until the day where we come and teach around the greater light and the lesser light. However, I can make a conclusive statement without the explanation because the text has a concluding conclusive statement. So, it's the text that I'm going to use for my conclusive statement itself. So, it says, "And God said, let there be light in the firmament of the heavens to divide the day from the night. Let them be for signs, for seasons, for days, and for years." Now, that host of heaven, that host of heaven that he's talking about, the light and the fire, let there be Verse 15, and let them be for light of the heaven to give light upon the earth, and it was so. Verse 16, God made two great lights. Now, what you are reading here is not the physical sun, moon, and star. Yet, there's the physical sun, moon, and star that God created. Remember, you must see creation explaining creation in how he writes because how somebody said there's no place in the Bible where we saw where supernatural were created. I said, "No, it is Genesis chapter one. That's where everything was created. That's how they give you the origin story say because chapter two say to the heavens at the earth the host of heaven to finish and you keep seeing host of heaven for those who are new sorry we won't be able to recap for you in the same series this year I have had to show you that um the word host of heaven or heavenly beings another terminology used for supernatural beings that describe their nature the nature of spiritual beings which we call angels angel is also So not he's not a nature technology but a function technology. However we can just like we call somebody that's an that's a doctor that's an engineer but he's not the only one that's a doctor. Now somebody else can also be a doctor. So that's not his name. That is a function that is a title. So that's how those statements but the

nature he maketh his angels spirits. Psalm 104 he makes his angels spirits. So they are spirits. Spirits nature terminology clouds nature. So they are spirit beings. They are that's wind. They are spirits. They are wind. They are fire. That's nature. Abby that's nature. They are clouds. Psalm 104 we did that last year. The ride upon the the wings of the then you see it was received by a cloud. Every time you see received by a cloud, received by a cloud, you see supernatural beings mentioned alongside from Genesis to Revelation. Every time you are seeing cloud and super, you always see supernatural beings because that is the use of the word cloud. Then we look at the word saints. We look at the word gods, sons of God. I mean you you should have at least nine of such nature terminology. You should have up to nine nature technologies for supernatural beings. Then we looked at the function technology where we looked at angels. We looked at uh watchers, cherub beams, host, ministers, cherobim, seraphim. So there is functions that they carry out. Now the genesis chapter one, he now use the word host of heaven. And if you are consistent with the use of host of heaven which you would see in that first kings 22 we also read that just put the scriptures media help me because I don't want to read everything today so that those who are not when I say text just be putting on the screen because I don't want to read them I actually want to be uh so first king 22 you know it the Micaiah story just put it so that people can be getting all the references fast so that I can work with time. We've also read this in the course of this series. Now notice he used the word host of heaven there. Abby, he used the word host of heaven there. Verse 19. Yeah. Thou therefore the word of the Lord. I saw the Lord sitting on his throne and all the host of heaven standing on standing by him on the right and on the left all the host of heaven. The same word in Jon 4:19. Lest thou lift up thy eyes into heaven. And when thou seeest the sun, the moon, the stars, even all the host of heaven, shouldest be driven to worship them. So when the ancient men saw the skies and saw the stars, the sun, the moon, saw the things, they said they living things up there. Their idea for you think they are very barbaric and foolish. No, they may be ancient, but they had wisdom. Wisdom is not in the times. No, knowledge is in the times. Knowledge runs to and fro. Wisdom is in all ages because there will always be interpretation and application in every time, in every phase, in every age. People have always been wise now is in fact that keeps getting that keeps increasing. We didn't know this fact before, but now that we had this fact, we can now apply it. What's the difference between the organ and the boy in every craft? Your guy has wisdom. He has understanding. So in every setting that's why your guy can now say but I told you this. So for the boy he knows but he did not know the application in the different so that he had a issue here. Hey I could not solve it. I did not know what to do that's why the say ah how long now by now you should be able to do it like this like this. what he's expecting the boy to have learned now in any of the craft where there's apprenticeship is that wisdom because I will not always be there because what I'm able to give you now is the goound that go around has always been in all ages. Amen. So the ancient men when they lifted up their eyes and they saw the skies they said this is heaven and that heaven in their mind

was not the physical heaven. They know that this up one is physical heaven. They are not blind. They can touch things. They can see that one is obviously physical. That's the same way they knew that. Oh, so there are also supernatural entities. So the reality and this is how you must read the Bible. The earth belongs to us. Up belongs to the gods supernatural which we use the phrase Elohim that there is not only one Elohim in the Bible. So the up belongs to supernatural beings because we can see uh like shining lights up there and because if you don't have this context you not be wondering how come they just mentioned host of heaven it will be only Israel that is now dull because the Canaanites the Medidianite all of these people knew that supernatural beings were host of heaven how can only Israel just be dull in the old time I mean that does not work now it's like everybody knows if You wear this this is this but only Israel because they serve God do not know what kind are they being are they serving God to be backward or something no so ancient men we don't live in the sky we live on the ground that's the same way to show place of residence that's why they use the word skies heavens to speak of the unseen world so we are for the earth we are for the ground we are for the earth we are for the ground For supernatural beings are in the skies and those superal being are called stars. Job 38 remember when the morning stars sang together. Stars don't sing. They don't. The physical stars don't sing. So what are they saying when they say the morning star sang for joy rejoicing at creation taking you that job 38. What are they showing you that world view? So I told you when you say the morning stars because man woke up to see supernatural happenings. They were there before the dawning of man. So they use that world view to explain oh these are the stars which is again a nature technology coke beams like I told you the stars just like you read the stars are fighting for us. So it looks oh because of course we have been using that word a lot this year. So everybody knows supernatural beings but most people feel when they hear the word stars they think to physical stars. No the bible does have those physical narrative narration. However, it has a supernatural worldview context where they are now using the stars beyond his on something is used beyond its natural use. That is supernatural. Once something has shifted from its natural use and is having a function that cannot be found in the natural, you should immediately think on sin. So God made two worlds, the invisible and the visible world. Are you here? God made the invisible world which is called heaven and the visible word called earth and he put supernatural beings spirits in the spiritual world not so simple and physical be in the physical world however and he made spiritual beings to rule in the unseen and he made physical beings to rule in the sin however he now put man this is where the conflict comes from and where the rebel starts he now put man over all creation which is now over all the world. So the sin now the unseen world is ruled by unseen beings. The sin world is ruled by sin being now the sin beings which is human beings now rule all creation. Ah David said what is man that are mindful of him when I consider the heavens the sun the stars the works of the hand that thou has made when I look at supernatural beings and not physical sun moon and star god forbid that's not what he's saying. When I look at supernatural beast, they ought to be the

one. But what is man? Why will you make man from death and want man to rise to such levels of ascendancy that man will now be over? But that was God's plan. Let this death eat eternal life and be glorified. Let this death sit above the mountains. Let this death rise up. God has chosen the weakness of this world to comfort. That's just how God does his things. So he did not choose supernatural beings to rule over all creation. He put man and let them right from the getgo he told the supernatural beings they will have dominion let them and there the conflict began which will have all the different rebellions and all of that. So how God made the world. So there is the invisible and the visible and they are not fighting they are not contrad. So I said on Wednesday, an emphasis on the supernatural should never be a deemphasis on the natural. Avoid such weirdos. I'm not like that. An emphasis on the natural should not deemphasize the supernatural. Don't try it. An emphasis on the natural should not deemphasize the supernatural. An emphasis on the supernatural should not deemphasize the natural. Did you get it? should not deemphasize it. The two words were made for each and they interlap that one and the other mingling with each other. That is how God so the seen and the unseen word mingle with each other. So he uses that word that they are for signs and for season. So the host of heaven language Genesis uh 2:1 Deuteronomy 4:19 Deuteronomy 17:3 First Kings 22:19 supernatural beings are called host of heaven even when Jesus was born you notice the host of heaven were singing and rejoicing the heavenly host. So a word he uses in verse 16 it says to rule the day and I told you to take note of this word last year the word meshalah which is the word for dominion where Paul gets his word rulers principality powers rulers of this word the dominion in other place called them thrones and dominion thrones and dominion rulers and principalities the term used to explain supernatural beings so uses that word There he made two great lights, a greater light to rule the day, lesser light to rule the night. He made the stars also and God set them in the firmament of the heavens to give light upon the earth to rule over the day and over the night. So the sun rules the day, the moon rules the night. Hallelujah. This is the reason why you must say let the forces of time and chance favor me. Because the forces regulating day and night are not all good anymore. Why you think I was going since? That's where I've been going since. So because once you cannot see because that's the ordinances now how the ordinances of the heaven rule over the earth. There's how God set it and it's no longer and that's where he mentions the elements even mentions to the crystallations. Can that bind at Orion? He starts saying things that looks beyond the uh he's not supernatural things that are beyond people. He's used natural things to explain supernatural things. And he goes back and forth back back and forth in that job 38 where requiring Job to answer those questions because Job had ducking counsel with words without wisdom. So he's now giving him the answer. So to rule the day, to rule the night, to rule that's more than just sun. Sun is not ruling anything. The sun is shining. The physical sun is not ruling anything. Physical sun, the physical moon is not ruling. It can it cannot rule over itself. Physical sun and moon are not ruling anything. But he uses that is again that supernatural worldview

context that we must not mix. So look at the theory words there for signs. The word signs, we explained this word last year. Oth that the supernatural beings are a what? A sign. Are a what? They are for signs. They are a token. So that when you see so it's a token. So the supernatural and this is where people miss that is it God that delivering me or it was super delivering me everything join because their power and their status will point to God's power and status. They are a sign. They are a sign. They are a sign. They are for signs. So the what supernatural beings are doing is a pointer. They is a pointer just like so see the two things. So if you read it in the physical the physical sun, moon and star are a pointer that there is something more in the heavenlies which is where the super which is where the ancient men were so wise. They knew that one that the physical sun and star is a pointer to something else. They got that one. All right. Now the supernatural host in the heavens are also still a sign. Did you get it? The physical one is a sign that there's more which is where that more is where you say oh there is the unseen. Now the unseen is also a sign that there is also more which is now God himself is also a sign to something higher than it. There you have the three heavens template that cut to the third heaven. So physical heaven, second heaven for supernatural have been third heaven for where God is. That's the uh the layers because the heavens are layered. We looked at that also last year. So where did Paul say up to the third heaven? So it looks like ah where is he getting all these teachings from? Genesis to Malachi. Hallelujah. So there is something higher. So this is a signal, a beacon, a monument as it were. It points to God's power and status. So the sun, moon, and star to rule the day and to rule the night. Did you get it? To rule the day and to rule the night. Psalm 136. Psalm 136 and verse 5. To him by wisdom made the heavens, for his mercy endureth forever. To him that stretched out the earth above the waters, for his mercy endureth forever. To him that made great lights for his mercy and the red forever. The sun to rule the to rule by day for his mercy end forever. The moon and stars to rule by night for his mercy and the red forever. To him that smote Egypt in their firstborn for his mercy in their firstborn. For his mercy in the red forever. That again shows you a supernatural worldview context. and brought out Israel from among them for his mercy with a strong hand and with a stretched out arm for his mer to him which divided the rest. See all of these are supernatural acts. Again he mentions the sun to rule by day and the moon to rule by night. Now that is a core imagery that we must have. So the verse uses the imagery of the sun and the moon. Look at Psalm 121. Psalm 121. Psalm 121. Psalm 121. Verse five. Oh, let's start from verse one. I'll lift up. This is the song of song of ascent. Song of degrees. So it's um there is a arrangement of the psalms and this sect that have psalm one to one is the ones that the pilgrims were singing or they will be singing and reciting and quoting as they were marching to the temple Jerusalem. So that's why it's called the songs of ascent. So he said I will lift up my eyes onto the hills from where cometh my help. Now this is actually not what he's saying at the same time what he's saying because the nations around them worship the gods that are on the hill but he says I lift up my eyes onto the hills from where my help my help coming from the lord my help is not coming from the hill my

help is coming from the lord who made so my help is coming from the lord so are you following so I'm not like the other nations that look to the heels for help no I look to the lord what I look to is beyond the hill I look to the Lord. Did you get it? I will lift up my eyes unto the his from where cometh my help. My help comes from the Lord, not from the he, my help come from the Lord. So he will not suffer. Now this is supernatural. He will not suffer thy foot to be moved. He that keepeth thee will not slumber because the gods of the nations were asleep. Ba used to go asleep. That's why Elisha Elijah taunting them said maybe he's sleeping. Wake him up. So it's showing a difference. It says he will not suffer thy food to be moved. He that keepeth thee will not slumber. So you can't say God is not attentive. Behold he that keepeth his rest shall neither slumber nor sleep. The Lord is thy keeper. The Lord is thy shade upon thy right hand. That takes you again to supernatural word Psalm 91. The Lord is thy shade upon thy right hand that dwells in the shadow of the mo shall abide. Abby dwell in the secret place of the most high shall abide under the shadow of the almighty the shade. The Lord is thy shade upon thy right hand. The sun shall not smite thee by day nor the moon by night because that's not how they were made. That's not how they were made. So he uses the imagery of the sun and the moon to represent dangers and hardship that can occur both in the day and the night. Any hardship or difficulty that can occur during the day and the night, I'm delivered from it. Then the supernatural worldview contain whether it is now caused by forces. I am also exempted from it to so in other words when people take your name to a native doctor, a magician or sorcerer and he's doing something against you, it ought to add to what is working for your good because that's all it can be. He cannot smite you. So the people that son and is smiting by those kind of practices is the believer that is not having the lord as a refuge and as a rock. But once I know that and I live in that consciousness I live in that consciousness. I'm different from all of that. Is the same story with Balam. Balam will turn to a prophet of God when he's about to cost me is a soothsayer. Balam is a soothsayer. Don't get it wrong. He's a soothsayer. In fact, Peter say and they slew Balam. Balam the soothsayer. He's a soothsayer. In fact, in the book of Joshua where Balam was, that's how he was. He said and Balamus say was one of the first that they killed as they were entry to Jericho. They daggered him. He not see that one coming. So all the atrocity that he did after the other one did not work that could not cause he now he could not cause Israel. now give strategy that send them f five women and they are all finished in that place. So when all of the other one did not work and many died because of that that's where the doctrine of balaminate from. So that balam is of cing started blessing ab because the song and the mo cannot smite it cannot no no no say for there's a shout of a king in their midst for the lord their god is in their midst. The Lord their God is in their midst. So he says, "The Lord is thy keeper. The Lord is thy shade." So like we said, while that verse can be interpreted literally that, oh during the day and the night, I am I am free from dangers and hardship, but it has that supernatural worldview context that I'm delivered from the elements symbolic meaning, the sun and the moon, which will represent rulers and authorities. So it's a declaration that that

God will protect God's protection surpasses the natural even to the unseen that there is nothing that can do you evil. So relax. So if it is now powers if it's no longer physical it has now turned to unseen. Baba relax you did. Amen. Yeah that's that's what you must have in mind. Hallelujah. The sun shall not smite thee by day, nor the moon by night. So look at when all the earth is glorified is the same thing. The sun and the light, they shall not. They shall not hold. That's how it is. They shall not hurt. Revelation 7, the same thing. 2122 of Revelation. So you have those set up. Hallelujah. So from Genesis chapter one, we have that two world views. It says there are for signs and for seasons. The word seasons is the word moed appointed place. So supernatural were also made for dwelling for moed is another word for uh appointed place of meeting. So those supernatural beings were made for encounters for interactions with man. It is quite normal for there to be appointment seasons. So that word seasons there is the word appointment where you say uh this is the time to do this. This is the set time. This is the same word for it. So is the same word used for there are four words to explain council. This is another word for council. And this is not just is where the council is meeting and it's also used to explain set time because where are we meeting at this time this is where we are meeting. So that word where we are meeting and the set time that we are meeting is used for the same Hebrew word and that's what he uses there for the appointed place the appointed meeting. So is the word for the appointment which is the word the time appointed for the season. So supernatural beings are a sign that there is something more a sign to the power and the status of God. They are also for those appointment because many times we will see God use them in his interactions with man and in his dealings with man. That is in the order. And it says for days and for years. This were now mentioned the literal passage of time. So it's a continual thing that they be with man just like there's always a day and a night. All right. So now notice that word rule like we said. So we said these supernatural beings which is like God's work force in the heavenly they rule the spiritual world. And so God has two stewards. Spiritual stewards and physical stewards. Spiritual stewards that he rules with physical stewards that so God works with his in on sin and sin family. But it is the sin family that God has chosen which is where the jealousy and the envy comes from to be over all creation. Amen. Hallelujah. And in Genesis chapter Two, we see the provisions of the garden of Eden, which is God's intention for all the earth, the mountain high up, the rivers flow down everywhere. The city gate is continually open so that things can flow out. It's not locked in. The way people build cities, so the city of God, Jerusalem, the doors will always be open. The same motive used to explain sacred place. So that garden of God where God intends him and man and super beings to dwell is open to all and that's why we preach the gospel today. Everybody can come in. So we've explained all of those setups. Now this is where it gets more interesting. Pay attention. We said how do we engage this unseen forces knowing that unseen forces deals with unseen influences unseen powers unseen influences and power. Unseen influences and power that begins in three places with God with spiritual beings and with man because man is also a spiritual being. However, a

spiritual being with physical body different from angels because he does not inhabit the heavens. He inhabits the earth. That's the difference. But man is a spirit. But not the way supernatural beings are spirit. And the same way, not the same way supernatural beings are spirit is the same way God is spirit. So there is hierarchy. There's status. Are we following? There's difference of appearances. So there's difference of countenance and vis. So did you get it? So what is man that mindful of him son of man him for thou has made it lower than the angel and as that's in appearance the body physical body looks lower than angel and has crowned him with glory and honor. So God put esteem on man. God put esteem on man. Amen. So when we say unseen forces, we are deal with that unseen influences and power, unseen influence or power that is from God or from the good or bad spiritual beings, good or bad angels. Thirdly, from the good or bad men because a good man starting from your father and your mother blessing you is good. When your father and your mother choose to be working for the devil already, honor your father and your mother so your days may be long on the earth. simple code to live long. You did not take it seriously because you say superstition. All these superstitious things I don't used to like it. Ah, sorry. Oh, say that is the only commandment with a promise. You they fight with your own not sure live long. As much as you can stand on your right, stand on your ground, which is what responsibility means. You are being an adult. Always be in good terms with your parents. I beg you. And I'm not trying to scare you that of course. And there are some wicked parents that deliberate because they know they have that place of the silver tread because it is through them you came into this world. They try to cut your silver tread. They try to speak evil against your goings. But even if my father, my mother forsake me, said then the Lord will pick me up. So there's something higher. So I'm never going to be moved by that. There's always something higher. However, in the natural, honor your father and your mother. The same thing with spiritual authorities. But that's the only commandment with the promise that there was a said that your days may be long on the earth. So simple cheat code to live long. Be in good terms with your parents. Say no, we're in the new covenant. What is new covenant? What are you talking about? It's not in Ephesians that I read it. So what is what is what is your new covenant again? People just be using Bible for cut and nail practices. Which one is your new testament? Old testament. What are you even saying? What do you think is old and new testament? You think it's the book? No. Now hallelujah. So that unseen influence and power can come from God, can come from supernatural beings or from man. And get it. It is every day mingling with the natural. So when you say I think I can go one day without unseen influences and power. Now lie you they lie. There is no day that has happened without unseen influences. Say sir this is superstitious sir. This is going to make people be why should they be superstitious and why should they be scared? That's why we taught it so well so that you will know that he say uh I I read that text in Job where it talks about a spirit is giving all transances. I don't know why I said what I said that many times people don't even know why they said what they said. Job 26 to whom has thou uttered was and whose spirit came from thee? This thing

happens nearly every day. People say things under different spirit. People say things under different spirit and this like I said where I want to draw the cult in because I said it last year because don't just see unseen when we say unseen for you only think about power everywhere scatter also see the influence part because the influence part is actually more in the everyday life which is why I gave you the fourth way to engage forces because that one every day not be you can't live in the moment no it's only moments come and go But you are to live in all times. It's not just that service was very powerful. It should be every day for you in your own life. The revelation, the knowledge because you you can't live in that service. The moments come are to aid and help you continue. Growth is not in moments. Growth is growth happens every day. This thing must be an everyday practice. So we talk about engaging the unseen forces because every day you are because I mean this is so basic to rule the day and to rule the night how can you escape you can't escape on sin forces being involved in your everyday this has this is even the person that is saying he's not by it he's not by it he's not by it let use America for example And you you look at all these developed nations, not just America, all of the developed nations, very developed nations and look at the kind of views that they are having. Have you not seen the hypocrisy behind those views that the same people that are for all manner of perversion are angry that the senator slept with a woman? Should he not sleep with woman before? You imagine the shock as if they are Christians. What are we doing here? You're angry that you see this is unbelievers should be unbelievers now. Thank you. You can see the messed up. You see somebody that is dressed like a woman that but it's a man. Oh, is the one that is I find this person you cannot find this person guilty sir. I find you. What kind of judgment is that? everything everything because it's not everything that is clear head because that's where clear head comes that this is not what he's supposed to be doing now he's in an elected position that's clear head but the other time where they say identify as a pig it's not clear head so sometime head works sometime clear head does not work that's everyday practice now in the name of you can't even allow your children watch cartoon all those You just see man and man just now inside your your you bet you you better flo to be watching those cartoon because it's influences subtoal influences that is becoming common now and it wasn't so before and you think that's natural that's not natural that's not natural that's not natural that's not natural there are many things because when we think something is unseen we always believe that it has to be h a devil that is involved. I don't know why every time you see something on you think of a devil. So be wellversed in scripture. So we we taught around different concept the concept of time and chance. We taught around uh the different functions functions of supernatural beings. We taught around the natural and the supernatural should overlap. They should work together. They should not be fighting. Abi. Yes sir. So we read different stories where we can practice these things and see these things firsthand. So the focus this year was we said okay being wise and strong with his powers. And we said if we want to be wise and strong with the powers of God what should we do? So to make it easy they all overlap each other. We said number one faith. Thank

you. Number one we said faith will help us to be strong with the power of God. And we said there is a tensile nature of faith. I mean faith can be weak. Faith can be little. So it's up to you how you the kind of faith you want to have. But faith is in the power of God. But you can be weak in faith and you can be strong in faith. And we said faith activates the ministry of angels. Ab faith activates the unseen forces. Faith can stop the negative unseen forces. The shield of it. Faith can move the good unseen forces. Amen. Hallelujah. So I can have this influence around me where it has come from my faith. where you say that guy everything just look different for him because that's what he says. I enjoy favor and gladness. I'm in I'm in safety. I'm in joy. I'm in peace. He says it a lot. It has now created an influence for him that it looks unseen. It what did it happen? But it has been it has been created which in the diabolical we use the word it has been conjured but for us it has been created by your faith. So for you now it is end it is unending joy. For you now is uh streams of favor for you now. It is gladness and protection. You say it you cannot use your mouth only for food. You must use your mouth for the primary use. It was made for to speak. The mouth, the primary use of the mouth is not food. It's to speak. Is to speak. Is for things to enter not just your mouth, but your life. So what do you want to enter your mouth? What do you want to enter your life? The Hebrew used the word the Hebrew word for mouth is and the Greek word for mouth shows you that they saw mouth as a weapon. Sto the front and edge of a weapon. They saw mouth like your mouth is a weapon. The mouth is a weapon. What you say, what you say. And so we said by faith we can release the power of God. Amen. I will not die. I shall live. Say small boy. He's praying for safety. He don't know that if I go I will come back. There are people that were allowed that English and know it does not exist. There are people that are good than you that left and did not come back. Stop being presumptuous and uh preemptive in how you are speaking in that manner. You will say it. You will say it. You will continually say it so that you walk on the side of life, not on the side of death. You will say it. Why is it easy to say every other thing that is good? But when it comes to saying I'm in safety, I live long, it can hard Christians, especially you sounding people. Why? Why is it hard for you to be saying I live long? I live long. You don't want to live long. You is that you want to die. Then you buy into stupid theology that say doesn't matter how long you live. Not for you, not for me. God forbid that stupidity. It matters how long I live. I shall live long. The psalist said the grave cannot praise you. This is how you you and that's why we taught you about unseen forces because now the man in Christ knows the way of death he can stop the gate. The same way you can call a man back from death onto life and say you will not die you will live. is the same thing you you must because ah just you have authority over the forces of death too is where you you get authority oh you have authority in heaven on earth and under the earth you have authority over all the worlds you have authority over any creation or decreation because death is a decreation too order disorder so as the ruling class that put creation in order. I said death you not today and we saw the apostles do that I'm ready to be offered then he say no it's more that I stay instead of that I should go it is death is speaking about look death is now

he's speaking of death with such flowery terms to go or to stay death that is the enemy even Jesus that is I knew that right from the getgo that it was born to die. She said I laid down my life. No one takes it from me. Baba they born you to die. She said no one takes it from meh sir. You will be killed. He said no man take even on the cross. You can see him struggling with death because he's not used to that contrary force. He had to father into thy hand I commit my then he gave up the ghost on his own terms. One day when which is not always good that you need experience to be teaching you you will appreciate all the things that I'm doing for you. It's just like it's not like that you will say it. You see that's our sister shared that her story if hit her once that the third cape my life is not in the road is not one minute later bike don't tumble cake was in her hand the cake did not even scatter the cake was still intact now film trick this one is greater than film trick stories we will tell you you even be what happen here. That's the unseen sir. It rules over the sin in the operation the same way the sin can rule over the unseen because the two words interlap and the man now that functions in two words has the the man which is you and I the man in Christ Jesus. Use your authority. The centurion say I will say to one go and it goes on come and come. That's the same thing. I will say to to July go and he go the sun shall not smite. You you will has thou commanded the morning. This is how it because that's the way God commanded days to be. So I declare the forces of time and chance favor me in this July. Yes. So yes. Hallelujah. What we see and It can we can be weak in faith. You see that thing our sister shared in the testimony she kept insisting you have hope now. Then she was now guided. That's the other part where you now know what to do. Wisdom you get the wisdom of which you also inquire many times when you and stop making God look and that's why I hate all those unquable you are question him. Oh, he not go die quick. Question him. Oh, that God, you can question God. Oh, and that question is not challenging because I'm not saying the song is a wrong song. It's just depending on your interpretation of the unquestionable because if your unquestionable means you can't talk to God, not be Bible, you read that one. We can talk to God. We can ask God question. We can say what minute this how shall this be? We should be be asking question say God told me to do this. Ask him how ask him how would tomorrow be s. It's not me. You go to you now come and meet me and say sir. So how be when I told you I I was I was I did not tell you anything. Ask God. So what so what will now happen next? Ask question. Ask question. He learned to ask questions. But faith insist this how it will be and this height will be in the name of Jesus. You say it. So Mark 11:23 said say prover 21 death and life are in the power of the tongue. The same way he say you shall be satisfied with the fruit of it. Your lips you shall be satisfied with the fruit of your lips. Ah So I know I will satisfy myself. Now if it's the fruit of my lips that will satisfy me then let me start saying but now this is not just positive confession. Is there any even look at the negative on sin there must be incantations and pronouncement. You can't do anything on sin without pronouncements without talking you close mouth. I know. I know. I know. I know. What they know? Nothing. The mind say know what they know. Nothing meditated or memorized. You say I know. You

know nothing. Nothing is working anything. Wish is not the same thing as meditation. Which wish is not the same thing. Wish has no force. Wish has no force. Wish it has no force. I I wish. No. No. No. Desire greater than wishes. wishes. I uh when I I I I wish this w that's in fantasy land to have desires. Desires are stronger than I wish. I wish I wish I desire it compares action. Speak what say you? I believe I believe God. The life of faith we said is not in sense knowledge but in revelation knowledge. Then he said the place of prayer. The angel impacted great skill and understanding to Daniel in Daniel chapter 9 prayer activates the ministry of angels. Peter in prison and they prayed for him. He was delivered from prison and from the negative expectations of the people. Acts 12 say God delivered me from the expectation. But you notice Satan took Satan took what? uh which is he but you are reading h but Satan Satan took James is a Jame a James a don't kill and he proceeded further satanic protocol you do nothing for the first one say uh the first one second one it become a pattern now don't be allowing such foolishness in your life the first one vehicle jamming The second one ve the third one is not ve die. The first one, the second one, the third one, first one, second one. Third one is not miscarriage soon be no womb. Continue to be to be doing soft hand with the devil. They not used to do soft hand in the things that the god god has dealt with them. That's what J said Genesis uh Exodus 18. It thinks that the God has dealt with them. Let the Lord be jealous over you. Show that you have no allegiance to any other God. Show that you have no allegiance in how you speak. Yahweh is the maintainer of my lot. He is enough. See, there's this place you will go. Hey, now how to kill you? Satan takes more than he gives. Look at how many young boys lives have been destroyed in the nonsense they call Yahoo plus and and day they can never see enough money miserable life. Satan takes more than he gives. So now the person 35 years 40 years some of them you have invited into churches. One of those birthday days I was praying laying hand some people I don't know maybe it was his first time of coming out I touched his head I just saw him back and I helped him how God used to save people only God know if he will go back and go and reactivate the things because I stopped it cuz so I pressed the hand more as I saw it and I settled the hand he fell I told him no that's that negative influence from the shrine they have assembled somebody to be follow him they followed because follow come so foolish cause follow and come. No guest says take go outside. Come see come. And I was preaching. You saw I can see that I'm not blind. You you saw that my eye open. See, come come see come hide. Immedely the hand say I hear you seek the no more. Remind me of that story as of that man that got born again that had the magic ring that the ring disappeared as I laid down so to be filled with the spirit of God saying now you never see anything [Music] live life more some people some the way they talk you know that maybe they are five or seven because I can't believe they are passing age because they they speak without any experience No, he's not being superstitious. And stop thinking like I said to somebody, I said, "How do you have the wisdom for a reporter? He's from Africa." Now, make everything Africa. Africa. Stop having those things. So your the developed nations are some of the most demonized people on the earth. Just well

demonized with suit. Well demonized with suit and fine dresses. No. The place of prayer and fellowship you must talk to God. Amen. In prayer you command power. James chapter 5. And we see different things that can happen. And we saw supernatural beings being released. The same thing break off wrong influences in the place of prayer. You know that this chorus so you they hear voice. I just want to I I have been observing you woman. Two of us will fight today. Some of those things is is just demonic influence because it's not everything that the devil it's not everything that the devil is doing yak yak you will die you will die you will die no h there is also deceive satan has the beguiling face that serpentine beguiling just as the serpent beguiled Eve through his subtility to look like it's your own But I'm an independent woman. Aha. Some people when I hear them talk, I just say aha. Now on I just aha. In order not to make them scared, I said so what is now the next course of action? Ah me I'm done. It has proceeded further. It all because the voices have a stench of foul spirit is speaking through that mouth. The same Peter if Jesus did not say get behind would not have known that Satan influences speech many times. This thing you are saying now does not follow them. You should be able to catch yourself and say no no no this thing I'm saying is a wrong is a wrong influence that is making me say these words. I shouldn't be saying things like this. I said, "Oh, guy, he was just saying things don't ever work well for me. Oh, I don't even know again what's going to happen next. Anybody can just die anytime. You know, life is just life is just life is just thank God I was there." I held his hand say students are talking but I could see death all around him. My the way I saw it, I saw that if he just left us naturally just jam him. That's how the vision came to me that if you just come here now let me exercise priesthood for you since you are in my space death overshadow in my space I have dominion over my space so so I now squeeze his hand and he said that's what I was seeing I said what he said I'm just tired let me go home yeah go home and sleep sir Because your walls are not friendly to your soul. The conversations you having with your need to go and sleep. They kill each other. Say just the way my What are you going through? Just one F. People have had more F than that. What is this sentence against the serpent deceives? So he would this because it's not everything that is on where is his picture. I say oh so that is his picture go you didn't know the other name it's just that one will not work the one that works faster than all those stabbing mirror and blowing blowing powder is to deceive you and the greatest of the deception is to deceive you for you to now destroy your life by yourself Because yes that's why you must be careful the sgestions you buy into the thoughts that you say you may think I'm not thinking well but I'm thinking well that's the proof you're not thinking well that's the proof you're not thinking well but people will not because nobody ever used to believe that it's a wrong influence so if we use demon they will be scared so it's wrong influence but we know sh influence is a demonic influence but we just say it's wrong influence Because which kind of conversation is this? No, no, no, no, no. In prayer you become discerning. In prayer, you command power. Jesus said, "I could you have called pray to the father now. We send 12 legions." Matthew 26:53. In prayer, we know the will of God. In prayer, we are sensitive. In

prayer, we drop our anxiety. We said a lot of things. The third we said the place of meditation and internalizing God's word. Joshua 1 vers8 this book of you shall meditate. How much have you used? Use God's word to clean your mind. Use God's word to form pictures of possibility mindset of greatness. Use Use God's word though. Use God's word to know your authority over the devil. Know it as you know your name. that the devils are under your feet. Eat it. Know that anywhere the devil rises up against you, you will deal with him. Anywhere. Any which way you will win. Any which way you will win. Say, [Music] you will stay on God's word. So that until you are sure. Some people the reason why they still fear because they have not seen it. Read God's word, stay on God's word, meditate on it, soak it until it remove fear from your eye, remove fear from your life, remove all those negativity. Then all of a sudden like it will work. It should work. Timidity is not of God. I told you when life punishes timidity. Once life catch you say tim say strangle and they die. Life punishes timidity. Have you not seen all the people you know that they go down they have this down they just started going. It is just the beginning. They will keep going down more in the name of timidity. Ah it's the same thing is another side of it is cowardice. Another side of it is is limiting belief. I don't feel like somebody like me deserve anything like this. Yes. Yes. Continue. Continue speaking to how the day should favor you. Tomorrow will learn it. Tomorrow have learned from today. What you allow is what? Tomorrow. Today is learning from days. Oh. And the day we proceed further that time I enter you use God's word to to form interpretations of things and life we don't fear what so you will talk you can't 24 hours in ah no so soak yourself in God's word number four we talked about submission and orchestrated action. Submission and orchestrated actions. So submission and orchestrated action you submit under God. James chapter 4 and verse 7 6 into 7 it says he giveth more grace wherefore he said God resists the proud but gives grace unto the humble submit yourself therefore to God resist the devil and he will flee from thee now see that is not a mistake first Peter 5 be sober be vigilant because your adversary the devil as a ringing lion walketh about seeking whom he may devour Wow. Sometimes the devil wears another face. He doesn't wear a serpentine face. He wears a rowing lion face to to to bring discouragement your way so that you can be broken so that it's all over. Never discouragement. No be discouragement, condemnation, fear. That's ringing. Oh, answer him. Answer back. Answer back those discouragement. Answer back that discouragement. Pursue, overtake, recover all. David was discouraged. The same people that risk their life to give him water, they were ready to kill David. It has never happened before. The 3D people that he brought out, they were in distress, in depth and discontent. And he made them mighty men. For 13 years, he had been a master over them. Ah. 24 hours time Saul was dead. In less than 8 days time he was king. Imagine David had given up many times once you at the edge of your breakthrough is where all of those things come. So it's not working again. It's not stop praying. Stop praying. You see prayer did not work now. Didn't you see that not work? Stop. Didn't you see that the speaking did not work? Didn't you see that the things you said did not work? Didn't you see if you were supposed to be favored

this week is it not Friday that we have reached now the week has finished now I beg I beg the week one day to the end of the year the year has not finished even by mean I remember correcting pastor man like that we talking for you not finish for me sit there sit there I see not finish like that no every it must drop everything it You must drop everything. Have that insistence mentality. Submission. Oh, submit unto God. Resist the devil whom resist steadfast in the face. But we submit unto God. Submit yourself to God. Submit yourself. Submit yourself therefore to God. Submit yourself to God. Hallelujah. The place of submission is where we say, "I'm sold out to God and his purposes." I'm sold out to God and his purposes. I'm sold out to God and his purposes is one interpretation of that word. I submit. I am subject. I'm under him. I'm sold out to the purposes of God. So Satan knows he can't find anything of his with me. say when a spirit it goes through the wilderness goes through dry places. Is that not what Jesus said? When a spirit an unclean spirit is gone out Matthew 12 Matthew 12:43 When the unclean spirit is gone out of a man he walketh through dry places seeking rest and findeth none. Then he saith, I will return unto my house from whence I came out. And when he is come, he findeth it empty. Swept and garnished. You see, he find it empty. Findeth it empty. Swept and garnished. I taught you this last year. He find it empty. Swept and garnished. Then goeth he and taketh with him seven other spirits more wicked than himself. And they entering and dwell there. And the last of the man is worse than the first. They find it empty, swept and garnished. Don't leave any place in your heart. Oh, don't leave any place. Oh, submit yourself to God. Live under submit. How do you submit yourself to God? Submit yourself to his word. Submit yourself to his plan. Submit yourself to his purposes. submitting to God because this one is more involved in every day because it's not every time you h you know to to speak about this matter it's not every time ah because even when you are not speaking you are still under submission to you when you're a child of God be conscious acts chapter 13 let's I let me just read a lot of text for this Acts 13 as to round off from this point. Acts 13. We talked about this on Wednesday. Acts 13. Acts 13:36. For David, after he had served his own generation by the will of God, fell on sleep. After he had served his own generation by the will of God, do you serve the will of God? Do you live for the will of God? Do you live for the purposes of God? Do you Philippians chapter 2 verse three. Let nothing be done through strife or vain glory, but in loneliness of mind, let each esteem other better than themselves. Look not every man on his own, but every man also on the things of others. Let this mind being which was also in Christ Jesus. Who being the form of God not robbery to be equal with God. It goes on and on to verse 10 that at the name of Jesus every knee shall bow of things in the heaven, things in the earth, things under the earth. Let this mind be you which also in Christ. Let this mind you say I submit. Submit to be under the word. Let this mind be in you. Acts chapter 10. Acts chapter 10. There was a certain man in sinceria called Cornelius. A centurion of the band called Italian band. A devout man. one that feared God with all his house which gave much harm to the people and prayed to God always. He saw in a vision evidently about the ninth hour is not born again. Yet the northern apostles tell us

that this a Christian for you to see an angel you need 99 years of of hard work and labor. Hear the I somebody else husband that is not saved at all. Angel of the Lord appeared to her of every angel of the Lord. You would have thought God will send an angel. God came himself. Don't know God. Stop talking for God when you don't know God. That's the angel of the Lord. Malak Yahweh sir, you do not need to. Hey girl say don't let anybody makes the things of the spirit too far for you say you know I'm not really I the most church came behind no gift don't for any reasons submit your head to the devil to mess it up he saw in a vision evidently about the ninth hour of the day an angel of the lord coming into him and saying unto him Cornelius and when he looked upon him. He was afraid and said, "What is it, Lord?" And he said unto him, "Thy prayers and thy arms are come up for a memorialia before God." So the angels were observing his actions. So go back to verse two and see how was described. A devout man, one that feared God with all his house. one that feared God with all his angels observe for the fear of God in your life. Notice when Abraham said to his wife, surely the fear of God is not in this place. They will slay me for my wife's sake. That's why he lied though that lie. So it was that Genesis 21. He said the fear surely the fear of God is not in this place. Genesis 20:1 surely the fear of God is not in this place. So there are place that has no fear of God. How much more you no fear of God in your life? Ah, no fear God though. Submit to God. Submit to God. Psalm 34. Psalm 34. Live in submission under God. Psalm 34. Look at what angels do. The angel of the Lord encamp around about them that and delivered them. Sir, do you fear God? I fear God. Oh, I'm born again. No, not that one. Not saying you are born again. Is are you really living in submission to God? Because you should. And it's not about being perfect in all your ways because in the sense of I never make any mistake. That's not what we are saying. Is your heart you know this thing starts from the heart before you are looking at actions. Is your heart bowed to the lordship of God in your heart? That's the cing about David. He will worship no other thing. I will not worship sex. I will not worship fame. I will not worship money. I will not worship power. You say it. Oh, they look me. Say those are things in your heart. The conversations of your soul. You must settle it that no, I will serve God all the days of my life. They know. There's nothing like backsliding. I can never have anything to do with sin and the devil again. I can never have to do with no no ah I will never have anything that is submission and surrender. Live a life of submission and surrender to God and your actions will straighten. The Lord appear to him and say walk down before me and be thou perfect. That is you always see angels in that action. What was the conversation in Job chapter one? Does Job fear you for nothing? Have I not put a head? So the angels were around him because of fear, because he of the fear of the Lord. You want to attract unseen forces, be a man of faith. See, I'm giving you the hackle. You want to attract unseen forces, influences and power, whether God, supernatural beings or other goodwill of men, you will believe. You will by faith in prayer. You will meditate that one. H finish. You will meditate and stay on God's word. Soak in God's word. Soak in God's word. What is that? Psalm 100 Psalm 103. It say the angels that do your word, you could. Are you a man

that does God's word? When you are a man that does God's word, you and angels are doing collab because they attend to God's word then you are now all about that word. Soak yourself in and you see those influences. You see that it's easy and I gave you the Mark chapter one while he taught on these things. Think on the word. Meditate. Soak in God's word. Renew your mind the same way people hear voices. The same way people Yeah. Uh the devil is speaking to people in their see supernatural beings are attracted to your life when you fear God. Amen. The angel of the Lord then come round about them that fear him and deliver them Psalm 91. He that in the secret place of the most high shall abide on the shadow of the almighty I will say of the Lord refuge and fortress my God in him will I trust. Surely he shall deliver me from the snare of the fowler from shall cover thee with his feather on his wing shall thou trust. His truth shall be thy shocker. Thou shalt not be afraid for the terror by night, nor for the arrow that fl by day, nor for the president that walketh in darkness, nor for destruction that wasted at noon day. A thousand shall fall at thy side, and 10,000 at the right hand, but shall not come night. Only with thy eyes shalt thou behold and see the reward of the wicked. Allow the wicked to be rewarded. Stop telling God to not reward them. Leave. Leave. Leave. Let God do. Let God be God. Just pray. Just live your life. Don't be having your own unsanctified mercy because thou has made the Lord which is this where I was going because because thou has made the Lord which is my refuge even the most high thy habitation make the Lord your habitation where shall I go even in the face this is another hack even the face of doing what is wrong say always have that posture of David said anyone if I fall into your hand no I rather fall to your hand say but I will kill you I to your hand I rather be your answer whether it's for good or bad as as long as it's your hand I go there sir I rather be your answer rather be your hand that's 24 ting floor story where number this dress the chronicle 21 story as well. Ah, I will fall into your hand sir. They gave me the three option say I prefer the one that I fall into God's hand. Anything anything do of me that submission to God because he has made the Lord which is I love David even my refuge is most habitation is my own that you made your your habitation. He personalized the matter. I'm sold out to the purpose of God. Psalm 89. You must reverence God though because that's what the angels themselves don't joke with. Psalm 89 verse 6. For who in the heavens can be compared unto the Lord? Who among the sons of the mighty shall be likened unto the Lord? Who is greatly to be feared in the assembly of the saints? and to be had in reverence of all them that are about him. Reverence for all them that are around about him. Reverence for all them. Do you rever God? [Music] So I better get go and die. I saw one stupid uh I didn't watch it but I saw the write up so I did not even bother clicking it. I saw one of you follow the page so it showed like many of your names. That's why all those things come to me because things have unfollowed. So the only way I can see some things is it has to be from you people who are who are seeing those things on Facebook. So that's why the algorithm is bringing it my way and I will now say I don't want s will you forgive God for the things God has done. They forgive God though. No better for you they forgive God. What have you been through?

Better go and deal with the devil that is trying to destroy your life. And they were saying, "Yeah, because you need to release the hot. You need to release the heart for God." First it was fire, then he turned to your death. Your wrong way of speaking. This is how you lose your life. You are forgiving God. You are in the hand of Satan. Sir, this is this is all Satan has waited for all his life. The day you will relinquish and say God I don't have anything to do with you. So that you say you are doing old testament you turn your back against the lord turn to because you don't know the thing. You can't predict when you will start but you don't know how it will end. Get doctrine on those matter and know that it's not God. Which one is I I release because God has failed me. Huh? It's not God that failed you. It's your country. It's your father. It's your mother. It's the devil. It's your friends. Leave God out of it. Oh. Which one is God? God. God has failed me. I trusted on the Lord. Not get prayer life. I trusted on the Lord. We we can let's not focus on you because we can find many loopholes. Say you say God God fed me. Which God are we talking about here? The one of your belly cuz that's the one every day dragging chicken. The day he told you fast and pray you did not. The other week he came to you again fast and pray you did not. The other day said give this thing to that your friend because you know that your friend is a praying person. So that you give you that gift. The person will now say it is for you. Just so that somebody can order it is for you. is not the later you now heard that h we have used bandage to tie the leg and hang it up that's what god was delivering you from now say I did not just get any sign really for all those sign for four weeks were for the ancestors don't use your life to be playing hard in reverence of all them that are round about him look at Genesis 26:24 say For now I know that you fear me. The angel of the Lord said look there's a rank caught in a ticket that thou has not withha thy son thy only son that Genesis 26 story Abraham see the angel of the Lord attach himself to him. That fear of God that submission to God and his plans and purpose. He say for Abraham look at the other place again. For Abraham is my friend. Can I hide what I do? That's how to attract supernatural beings. Can I hide what I do? Seeing that Abraham sh and he shall command his children after me. God cares about posterity. We we have I have sentenced my lifetime, my generation unborn, and it will be a memorial passed on for all times. We serve the Lord in this lineage. Yes sir. The angel of the Lord that had fed me all my lifelong that had redeemed me from all evil. Bless the lad. Let thy name be named up because the next one will pass it to the next one. They're not which one is they will serve the Lord serve the Lord. I I've used confession to I'm even singing it. As for me and my house, thank God for that saint committee song. We serve the Lord though. You serve. You serve the Lord. I sing it. Sing it. They'll be hearing it. Serve the Lord. They say who is on the Lord's side? All of my children on the Lord's side. I can answer for them before they can answer for themself. Yeah. You answer for say you are a man of God. Say yeah, you a man of God. I don't for Satan. Talk now so that we know if you will live long. So that we can b more to replace all this ones that we don't have. I'm joking. Oh, you know I'm playing sh I'm playing. Please I'm really playing. But the point is don't give birth to train that will not serve God. Don't

waste procreation. Don't waste procreation. Don't waste it. Because the reason why you want to be a father should not be because you just want to be big big head running around you that you still live and want to walk. No. For I know that he will command his children after me so that God is glad to give you gifts. So I say God now you give me this speaking. Ah yes this one. Yes. This one is another Yes. Aha. This another priest. Yes. More prophets are being born. Be anything. Be anything. I I tell be anything. You can be anything in this life. Can be a dog. If I be a doctor, be an engineer. Be a pilot. But you're a man of God. That's it. That's be any other thing. Be 50 things, but you shall serve the Lord. That one is the most important one. As for me and my house, settle it early so that the angel of the Lord that is by the door knows It's an NJ in your house. Oh, you're the watch. Say nice one. Nice one. Nice one. Nice one. For me and my house. We will serve the Lord. Settle it early. Are you here? Settle it early. No, I mean have friends. Put structure in your life that allows you to be sold out to God, to submit to God. Have friends you pray with. Have friends that ask you when last which Bible verse you read this week which so that surround yourself with structures that allow you submit to God. saw me because that thing that's the one Satan fears where there's no place he comes and there's no space. Jesus said the prince of this world has come but he has found nothing in me. There's nothing that is attracting him. He still come see find nothing in me. I see for Jesus. Oh you think now think baba think. Try try think this thing sister has come for Jesus he will come for you sir whether you pray or not but he will not find because he will see a man and this is not it's not your morality that is making him to find because it's that you are under the blood stay that's what I trying to tell you it's not about because it's not your morality that gives you authority is the name of Jesus that gives you authority that context those don't take a verse outside the certain the certain days that devotion to God because what did Satan do in the temptation? Was it about morality or about letting Jesus serve Satan's purposes? That was the temptation. Now, that the same thing with Adam and Eve. Don't be God's man. Hell, now you realize that the greatest conflict in your life is will you be God's man or you will not be God's man. I'm God's man. God's man. I'm God. I'm always God's man. Even in the point of weakness, I'm still God's man. I open. Hey, I'm God's man. Hey, cannot try to be any other thing. Satan has lost. Many years ago, uh almost 12 now, one of the boys then I was teaching the things of the spirit just looked at me and shouted say, "Ah, sir, Satan has lost in your life." You know, he was still new to this vision thing. There was something he saw. Sh say hey I saw that you can never miss Rodo that was he was just see the way and he was even let down because of honor because he was saying ah sir I'm seeing many things he has lost nothing you see that word nothing nothing will make me not serve God that is not a um so So there's it doesn't mean of nothing. Okay, let me move. Nothing and no one. Some of you say uh some people are that stupid because they know talk to their wife and husband say my husband doesn't want me to serve God. Hey, see nothing and no one should stop you from serving the Lord. What kind of stupid marriage is that one? Stupid love life is that one. Go and find your God-fearing Beyonce and leave me and find

your God-fearing Kadibbe. You know what you they look for. I will serve the Lord. I will serve the Lord. I will serve the Lord. The same thing I'm telling you young ladies. So you better settle that matter now. Baba, I I deserve God. You see I'm I serve God. So I will continue to serve God. You agree. Have been agree not destroy my life because it's only you that will destroy your own because the day you want me to not serve God we move not follow you I don't follow you worship idol I will not follow you to kiss the ring of another no and that was the thing about he say he serve Lord with his whole heart that thing ah is Number one in the ministry of angels. They pursue you. They follow say what they do again. Let's observe him. Let's observe her. Let's observe him. Sold out to the purposes of God. You see that Jesus will have what he died for. Living for assignment. Hallelujah. I live for the Lord. I live for the Lord. Say I know. I know. I know I say so now I know that Abraham fears me. Did I say Genesis 26 that time? Genesis um Did I say Genesis 26? 22. I beg. Oh, it's 22. I say the story every time. I don't know how I said 26. I 26. What is it? 26F. Oh, Isaac sold in there. Okay. Okay. Verse 12. Genesis 22:12. And he said, ay not thy hand upon the land, neither do thou anything unto for now I know. You see this thing. That's why we tell you be careful of those doctrine. Now I know that thou fearest God. You see that God is not omniscient. Allow God. See God requires proof. It's not because he's not omniscient. Stop making your life without proof. Say God should know now. God should know. Show proof. Show proof in your life. Show proof. And this is what brings that I will tell you guys on Friday in the prayer meeting where God say from today all those from is that that angels sacrifice. Submission is a life of sacrifice. A life of surrender to God. That submission that is the thing that spirits fear most say run this is the wrong house wrong address wrong life this one is for God cuz the angel of the Lord encamp round about say does job fear you for nothing liar job actually fear God last is it not clear job fear God were built around him. The Lord is with me. The Lord is with me. Hallelujah. Angels over sacrifice. Every time you see sacrifice and this sacrifice literally or the use of the word sacrifice, let me show you some. Let's just stay in Judges a bit. Stay in judges a bit. And Gideon verse after he had said to Gideon. And when Gideon perceived that he was an angel of the Lord, Gideon said, "Alas, oh Lord God, for because I have seen an angel of the Lord face to face." And the Lord said unto him, "Peace be unto thee, fear not, you shall not die." vers 26. And he built an altar unto the Lord thy God. And built an altar unto the Lord thy God upon Judges 6 verse 26 in the ordered place and take the second bullock and offer a burnt sacrifice with the wood of the grove which thou shalt cut down. This is different. So this is not animal sacrifice for the forgiveness of sin. Learn the difference. This is not animal sacri for forgiveness of sin. This is erecting an altar and this erecting an altar is the same thing we talk about a life of incense. A life we see in Ephesians how we use that word sacrifice. It has different context you see it. So don't have the word sacrifice. Always think about peace offering, sin offering, trespass offering, heave or wave offering. Not that one. He offered a burnt offering with the wood of the grove which thou shalt cut down. Look at 21 where the whole story start. And the angel of the Lord said unto him, take

the flesh and the unleaven cake and lay them upon the rock and pour out the broth. And he did so. Verse 21. Then the angel of the Lord put forth the end of the staff that was in his hand and touched the flesh of the unleaven cakes and then rose up what sign angels signs and wonder out of the rock and consume the flesh of the unleaven cake and angel of the lord departed out of his sight. So that's the first one. The second one again because he was not afraid when he saw that the angel disappeared. This is the angel of the Lord that go die. The angel of appeared again and he still offered sacrifice. Never think God is against you living a life because that's the Christian devotion. The church is the living sacrifice holy and acceptable unto God. Our life is a life of sacrifice. That is the submission. Romans 12:1 that is the Christian life. Our life is a life of submission and surrender to God. Our life is a life of submission and surrender to God. Amen. Judges chapter 13. Look at Manuel. The same thing. Judges chapter 13 where the angel of the Lord appeared and said, and the angel of the Lord appeared unto the woman, verse three, and said, "Behold now, thou art and beest not, but thou shalt conceive and bear a son." So then the husband was not at home. So he Emanuel entreated the Lord and said, "Oh my Lord, let the man of God which thou did send come again and teach us what we shall do unto the child that has been born." Verse 8. So look at verse 12. And Manuelah said, "Now let thy words come to pass. How shall we order the child and how shall we do? You ask question, you interact." And then of the Lord said unto all that I said unto the woman. So the list went on. Now go to 18. And the angel of the Lord said unto him, why act thou toss after my name? Because it's unimportant because the names of angel reflect God because they are a sign to point to the power and of God. That's why all the angels their names point back to God. So it's not about the name because they are always there to point you back to God except they want to become devils which is the origin of devils when they don't want to serve that function. And angel of the Lord said unto him, why has thou toss after my name? Seeing it is a secret. Emanuel took a kid with a meat offering and offered it upon a rock unto the Lord. And the angel did what? Did one. Look at the angel increase in strength. It seem like my angels are weak. It seems like the way you did they do that's why they are not they are not showing their true face. That's why they strong hand. Follow this matter with strong hands are and there was there's something you would do that will get an angel to do wondrously. That's the word. The angels that excel in strength. This is the same word. The angel did wonders. Emanuel and his wife looked and it came to pass when the flame went up towards heaven from the altar that the angel of the Lord ascended in the flame of the altar. And Manuel and his wife looked on and fell on their faces of the ground. It was clear be in the first Chronicles 21 story which is the David story. Remember the where did the angel of the Lord that destroying angel where did he stop? at Aruna's on Aruna in somewhere in Chronicle used the word on O R N A N on In the Aruna. So in Aruna's stretching floor was where that angel with his sword drawn out. Immediately the name of the Lord spoke to the prophet G and he came to tell David offer a sacrifice. As David looked for where to offer sacrifice, he finally saw he said give me. The man said, "No, no,

no, no, no, sir. Now take it is free." He said, "No, I will not offer unto God that which cost me nothing." Bible says in that 1st Chronicles 21 that immediately he had finished offering the sacrifice, what happened that destroying angel stopped. And David said unto her, "Grant me this place of the treing floor that I may build an altar therein unto the Lord. Thou shalt grant it to me for the full price. That the plague be stayed from the people. And honor said, take it to thee, my lord, and say, no, no, no, n, I will verily buy it from thee, for I will not take that which is dying for the Lord, nor offer b offerings without cause. It must I want you to cost me something. David bu an altar unto the Lord. Verse 26, and offered burnt offerings and peace offering, and called upon the Lord, and he answered from heaven by fire. Lord answered with fire. is our God. And he answered him from heaven by fire upon the altar of burnt offering. And the Lord commanded the angel, and he put up his sword again into the Are you seeing it? So unshit your sword. Put it back into place. Put it back into the scabbard. I go. And when David saw that the Lord had answered him the treing floor of all night, then he sacrificed there for the tabernacle of the Lord which Moses made in the wilderness and the altar of the burnt offens were at that season in the high place at Gibon. And David could not go before it to inquire of the Lord for he was afraid because of the sword. I mean there are things you even a man of encounters. There are some things you see Baba I like that there are sightes there are sightes that are we call it other worldly appearances [Music] other worldly appearances say I I want to I really love the ministry of angel love so be open to such wonders. Amen. Look at what the the angel of the Lord said. Thy arm prayer and thy armsgiving has come as a memorial. The word memorialia there is the same metaphor for incense has come as a memorial unto the Lord. A guy is not saved but God has been seeing the kind of life he lives. He feared God. A devout man. He's not saved though, but he's having those kind of devotion. Hallelujah. Philippians chapter 4. Philippians chapter 4. Philippians chapter 4. Verse 18, verse 16 down to 19. For even in Thessalonica sent once and again unto my necessity, not because I desire a gift, but I desire fruit that may abound to your account. But I have all and abound. And I'm full having received a perforator of the things which were sent from you an order of a sweet a sacrifice acceptable well pleasing to notice what he called their giving. They are giving to him. He called it a sweet smell a sacrifice acceptable well pleasing to God. But my God shall supply all your needs. It's telling you it's not he called what they gave to him sacrifice that well pleasing to God because this and it was not w giving which is a test on your consecration will you give to someone that doesn't need your money that's that show you honor God because the man had need the person have need it's always easy to give that type of giving that is welfare giving but you said not because there was necessity but over and again you minister so you went beyond. So this was not a matter of welfare or necess this was honor. That's why I call it a sweet because honor is a sweet smell. A sacrifice acceptable unto God. Honor is a good thing. God will never have an issue with honor. Hallelujah. Acts of generosity is not the only thing about sacrifice. Look at that word again. It's not the only thing so that you don't hear what I'm not saying. And nothing is also wrong

with giving as a gen. Nothing wrong with ask of generosity. Don't let the extreme of something stop you. It may be abused in many quarters but no cup of cold water you give will lose his reward. Jesus said that's letters in red. Mark 12 Mark 12:33. Mark 12:33. One to go. Mark 12:33. And with all the soul with all the strength and torifice. What is more than burnt offering and sacrifice? Loving the Lord with all your heart. Is that not serve the Lord with all your heart? Submission to God is greater than every burnt offering and sacrifice. Which is what they were doing in the Old Testament. Born offering and sacrifice God. They were trying to say I submit to you because erecting altar means I want this forever. I am forever yours in worship. So I erect an altar to say that I'm forever here to worship you. Live a life of surrender. Hallelujah. Look at Ephesians 5. Ephesians 5:2. Don't worry about time. Listen. Focus. Focus. Focus. I'm changing your life here. Be ye therefore followers of God as dear children and walk in love. Walk in love as Christ also had loved us and has given himself for us an offering and a sacrifice to God a sweet smelling servo. What did he call that giving of love? Giving himself selflessness. Selflessness. God observes those selflessness. The things you do for others that selflessness you carry somebody else matter on your head. Every selflessness is a sacrifice. Amen. Acts of selflessness, acts of consecration, generosity, living for what God is about, not what you are about. Not worshiping God on your own terms. worshiing God on God's own terms. What do you want Lord? That's what I want to do. Not what Lord do what I want. As if God God lives for you. No, I live for him. That kind of life is the life angels are attracted to. Hallelujah. This is one of the fastest way. And once you do this, the second thing you must now be be conscious. Remember that angels don't have wings. I've warned you. I've begged you. I've taught you. Stop having angels with wings. You will know that angels don't the only angels that have wings are not angels. They are not called angels. It is cheerful beams that have wings because they are hybrid creatures. They represent all creation in worship of God. When God behold the cheerful beams, he seen those other things that cannot worship him other than humans. So cherub beans represent all of creation. That's why they look like all the different animals and plants. They have different faces, different appearances. Looking like lion, looking like eagle, looking like ox, looking like snake, looking they because it's all creation because all creation gives glory to God. So through the cho beams, all creation gives glory to God continually. They are daily before his face and the chro beams hold the throne of God. So the two chro beams upon it the mercy seat where is called the throne of God. Old Testament practice all over the tabernacle they plaster picture of chub beams to show that all the earth glorifies God. There's something I mean you cannot miss out that angels don't joke with a life of worship of God. The Lord said to me that even if you don't want to be prophetic again you'll be prophetic. I will even cause your errors to be correct. Since that time auto correct that one is different from office of a prophet. That one is different from being a prophetic individual. They are blessings that stay. They are unseen forces. Thy arms giving has come up as his memorialia. See if you if you give to the poor I will repay you. You say God will not repay you. You you think God God is not unrighteous to

forget your labor of love. God calls himself I am the father of the poor. I'm the father of the widow. You say is bad to give to the poor. Wicked man. Give to the poor. Give to it's not only pastors. Don't take what I'm This has nothing to do with pastors. So live a life of sacrifice. You knew that you were supposed to leave the change. I remember that day I walked back to that woman. All the money. Oh, beautiful. This example work. There was really money in my pocket. I packed all the money in my hand. It was far more than the woman was in tears. See this one we pay my child school fees. Now I say it is well. The word I said was blessings. I sounded like a man of God that day. blessings. It was the orance that came out from my mouth. A spirit passed blessings and I look like angel daddy. Even me I know say ah this man of God I was working it's many you know when I enter Keralas ah by so this I'm telling you is many years ago well over 12 shortly all the money in my pocket it was some thousands I choked it into her hand and I said blessings say this one will pay my children thank you sir thank you sir just I've just been thinking I I It's like I just could not stop. So there was one time I was buying something along the road and I said to the man that's not the amount now cuz he just done on me that that's not the amount. I said you'd have just said you needed more money. I said take this other 2,000 give me for the rep price said you have already paid more than the money. I said give me for the rep price just do things well. Say my mother used to say I should be a good person. I say hacking to the voice of your mother. You never can tell the day. But you have I have set him up for life. Oh, hacking to those that things the poor, the widow, the orphans. Don't joke with those kind of people in doing good. Oh, they they give you hack, they give you cheat code. I show you a mystery. Let me sound like not an apostles. I show you a mystery. I show you a mystery. Oh, recently the pastors different pastors in the mission field called me that somebody sent 600,000 one of you here. I said that brother have set himself up again. Send me this. I said ah one person just sent to everywhere said did you pray for? They say yes. I said pray. You know some of us one of the reasons why we can't even go down is that so many people they have blessed us with tears and they also bless us from their heart. All the blessings the blessings that come from the thing to charm. You never can tell which one the angel will use to prosper you all the way just they they live like that. told you about that lady. I I I said no no no take as many baby milk. Her faith could not allow her take as many as she could take. I paid for everything. That's why you must you must have you must have feast for greatness. Why say collect the whole I said take as many as you want. Mama take the lady take small portion one two three four year faith rich. That's why you need pastors like us. So that if you say no it's too much but I say take as much then I will not guide you not that you not take you not take one that life punishes timidity oh [Music] say he that gives to the poor lended to me ah say now me give to they take all those the Bible is very silent on giving they read your upside down not on any giving anything don't allow the abuse of anything affect and to know that the devil is against giving is why every time you hear giving your heart is failing you every time you also give it to a that one I pay pass when you give it to a pastor say ah they want they want to take the

last thing that we have the last that you have it did prosper you on the way but the last one I saw in devotional the other day say the woman's giving was the beginning of approval. Approval was ending. It was in your devotional. I didn't read it some days back. Generosity. Be generous. Be generous. Be generous. Let it be a lifestyle. I'm not tell you you're trying to buy. We're not buying anything. We're not buying miracle from God. God forbid. We are not buying. We are not your money perish with you if that's your mindset. However, that thing is God's word. That is your submission to God's word because you know to be a good person. You know to help people. So help people when it's within your power and when is also not within your power but you have instruction from the Lord. That one sometimes is the one that we fear most. That one of sacrifice that is beyond what you Yes. But God will, if it was God that moved you like that, let it go. Live a life of sacrifice. Hebrews chapter 13. See another thing I call sacrifice. Hebrews 13:15-16. By him. Therefore, let us offer the sacrifice of praise to God continually. That is the fruit of our lives giving thanks. Live a sacrific. So is this in your everyday life of thanksgiving devotion and worship of God giving thanks everyday thanksgiving is because when people can't thank God they can only complain and m in everything give thanks that sacrifice Lord I thank you I thank you I may not see everything that I am trusting and believing for but I believe you trust you follow you be thankful be anxious for nothing be thankful for the sins of your life be thankful for the days to come thankful for the days that have passed and live a life of thanksgiving. Unseen influences and powers follow you like that. Hallelujah. Amen. Is not superstition. Oh, those things you see where was the angel standing between heaven and earth. That 1 Chronicles 21 between the boundary. Was it the boundary line now? So there are things that produces engages other worldly creatures, other worldly appearances. You need it s you needed ma you need there are some of you you delayed many things because God was just trying to prove you. That's why get used to those kind of Bible verses. Don't be saying why would God want to prove me? I a child. Don't come and change Bible for us. God used to prove people. If you really are something, why can't you now do it? So now you have revealed that you are not it. God wants your conduct to reveal to you that you are not what you said. So become what you said. I love you. I love you. Small issue. Now you cannot love God again. You say you love God. So you don't love him. You love things. Now you have seen it to repent and love him properly. Every day those things are before you. A life of sacrifice and submission to God. The unclean spirit comes and see that no this one is surrender to God. It's in submission to to God. It's in submission to God. It's in submission to God. I submit to God. I live for what God is about. Amen. Amen. I reverence God. That's submission. Oh. Hebrews 13:2. So be be hospitable. Say some have entertained angels. Be not forgetful to entertain strangers for thereby some have entertained angels unaware. Entertained. They have entertained angels. They have host angels unaware. And it takes you back to the Abraham story. Those angels would have passed by Genesis 18. Had Abraham not being a man of a person of submission unto God. He ran and called them say why not lodge in my house. He run to go and meet

his wife kill this for them engagement. Shall I hide what I want to do from Abra Bible? You go to read your own withlesia upside down. It is the anything you see Satan is contending against you know that is important. Anything that there's conflict over once you say it know that's also another area unseen influences I've told you I said it la last year why when we talk about giving something hits the air people start getting angry in the shopping mall you are buying things you are spending money why you know you even are looking for more money to buy but once you hear give to that degree they are always influences that's how much Satan still has hold on you that cuz now when we hear giving we say I can't wait to give again. I can't wait to add again. I can't wait. This is one secret that has brought multiplication my way in three years. The kind of multiplication I've always been this kind of person since the Lord taught me financial stewardship. You have never had a word of knowledge for who to give money. The way I knew Reverend Williams phone number was it was by word of know. I I had the number still on my phone but as I was waking up one 08 live for live fors live for live for live for leave for don't live onto yourself. live for the Lord and onto others. That life of submission to God entertains angels. Live a life of submission. I submit to God. I submit to God. I submit to God. Learning something? Yes, sir. I submit to God. I submit to God. A life of submission and surrender. I surrender to you, oh Lord. I surrender. I live in submission to I fear you. I do your will, oh Lord. I do your will, oh Lord. I do your will, oh Lord. Hallelujah. You can't serve God and serve mmon. So I serve God. Matthew 6:24. Life of submission. This is where we talk about attitudinal cooperation. It's in submission to God though. You now notice you are having orchestrated actions because it's not about moment. It's different. They are different every day. So I can't just leave for a moment. Then you know it seem like how could you just know to do it like this? How did you just now? So it be because your life is in submission to God. You are being guided. He's guiding you with his eye because he's the one leading you by himself. Lest you is your keeper. Oh, he's your keeper. I submit to God's leading. I submit to God's protection. I submit not for a moment all the days of my life. I submit that Psalm 121 say he shall keep thee. The Hebrew word s to watch to guard to preserve. It's the same word in Psalm 25:20. Oh God my soul, deliver me. Let me not be put to shame for I take refuge in you. Several times God promises people and said to them, I am I am with you and will keep you wherever you go. Submit to that. I submit to that preservation. I submit to the leading of God. I submit. I submit to his protection. I submit. Has the Lord whom you trusted been able to deliver you? Oh king lively forever. He sent his angel and shut the mouth. Even Nebuchadnezzar were expecting the deliverance because now wicked people say he must kill him. He must kill him. But that devotion and they shut the mouth of the lions and there was no harm. I submit to God's leading. I submit to God's protection. I submit. I submit. I submit to God's leading. It is not in man to direct himself. Jeremiah 10:23, I submit. I know that the way of man is not in himself. There's not a man that walketh to direct his step. Is God that is directing my steps. I'm not I So I avoid haste. I avoid haste. Don't always be in a hurry rushing. No, no, no, no, no, no, no, no, no, no. I do what I'm I do as I'm instructed. I go

where I'm told. I'm led by the spirit of God. I'm led by the spirit of God. I'm led by the spirit of God. I submit. And number four, we're not going to touch this for long at all. Honor for the anointed, which is the place of spiritual gifts and authority. And and this one is one that is done on your behalf through the gifts of God. This one is not your father and your mother. This is the gift of a pastor, the gift of a leader over you whose hand is stretched over you. The place of spiritual authority or the place of ministry gift. Place of ministry gift. Exodus 17 8-13. Moses said, "I will be up the mountain again." Remember the mountain motive. I'll be up on the mountain. You will be down fighting whose hands is up as the hand. I notice Aon and H went to hold the hand. Keep the man of God hand up. Keep it up. See, see, see see see see see see see see see see see see see see see see see see see see deep deep deep deep things full a keep the even the weak hand of the anointed can bring safety can bring promotion they kept the hand off not say hand the tie even the blind a see again can still say you have a child all our prayer don't join anybody to be talking against pastors don't join anybody don't join anybody If you have an issue with somebody, tell him to his face. Don't be a coward. You have issues, tell the face. That's how we resolve issue. Deal with issues face to face. Barak said Deborah, I like that because it's a woman. Cuz you because we want to make everything about as if the anointing is a is a is a male. The anointing is a male thing. Neither male nor female. Ministry gift does not consist in gender or marital status. You know it was Anna A that blessed Jesus in the temple. So that you have issue with women. Have issue with women. Leave women alone. Have doctrines of devils. Fight women leave women ministry gift does not consist in gender. No no no hand are stretched out. What did Deborah go and do in the battle? Nothing. She was just in the battle. You are the one that think is nothing. Her presence is the that's what that's what Barak was after. He said how can I go if you will not fight? You will follow. You will follow. You will follow. You will follow. So he just needed her. Then Deborah took up her song and said, "The stars fought for us in their courses. Ceer was discomed. It's the same thing. The sword of the Lord and the sword of Gideon is by the anointed. There's favor with God and there's favor with man. Elisha said to the woman, "Stand by the door." The woman said, "Nay, it the woman had no faith. That faith had finished in that point because she had passed the age. But all the orchestrated action that she did not know because there was something she had done before that moment that had said the woman does not have a child. A be the man said name not so my lord." That's second chapter 4. say according to the time of life you shall Elisha that gave her that child. That's why when the child died, she going to return it to Elisha. She knew. Now look at that text. Neon say the king of Israel when they sent the king of sent letter say heal my my servant. He say this man is looking for war. Immediately the letter reach Elisha's hand. Elisha said let him come. He didn't say he will know there is a god. You always like saying there's a god in Israel and I lie. That's not the text. So let him come. He will know that there is a prophet in Israel. He will know that there is a prophet. He say let him come when he came. That's in second kings chapter uh 5 story. Now second chapter 5. Yeah. Second

chapter 5 from verse 10. You see the whole when non finally came he told the servant to tell neon see the patterns he did not even meet n man say go d deep yourself seven times notice when the servant of the neon was not he said if the man go to do something hard would you not have done it so so he hacken to what the man of god have said that's how not the sixth or the seventh one and he was free from that leprosy. Hallelujah. Elijah said, "According to my word, those who have the gift of the anointed that have blessed and spoken over them know this one and don't joke with it. The place of because that's how promotion, favor is released towards you." Every other one is do it yourself. The fifth one that I mention is the one that God is using people that are stronger than you to lift you up to ensure that the stars over your head are being guided and right. It matters though. And the woman cried to Elisha. Elisha say Elisha is not a dep is not a revenue collector. It's not a dep but he say go into your house shut what do you have said I have this oil say when you get to your house shut your door instruction that the anointed gave shut the door and pour that oil and it happened according to until there was no more vessel then there was no more oil said go when she came by said go and sell it the man of God multiplied matter the same way bread was multiplied that's workings of miracle in Elisha's life he used his working a miracle for her since I don't have money but what you get for your house be multiplying you open oil business without the same way the uh Samson took the jawbone he turn to bo who is drinking drinking from the the ass of that jawbone after defeating the enemy it matter which hands are up. There's favor with God and there's favor with man. God said to Miriam where they say there's no difference. God said I will now show you the difference between Moses and the rest. If there be a prophet among you, I speak to them by vision. But for Moses, I speak to him mouth to mouth and say, "Wherefore you were not afraid." That's God showing the difference. I don't see there's any difference between anointed because all of us are all men of God. Shut your Yo. That's not true. There's a difference. Are we not all the anointed? Yes, Israel is the anointed, but they still the anointed. And those who don't recognize that difference, they will go as far as their own strength can carry them until the day where they need a strength greater than. They were all baptized into Moses in the clouds. Now Moses, Moses, God needed a man. You always say God a man. God needed a man and he found Moses and he empowered and he sent him by the hand of the angel to be a deliverer. I say let the angels of my anointing. When you see people pray that kind of prayer is because God gives angels to the people he sent. Because once you on assignment, you must have the protocol of being under assignment. And every minister of God is sent with angelic forces for the delivery of the mandate on his life. Amen. I love that phrase in the bed. Dr. And the wife said that S is to travel. Your angels have not failed to guarantee results. And he added and they are still guarantee result. Wise man. I said that this guy no quick come back. And they are still no one standeth with me but your prince M. That's spiritual things. So the angel is sent on assignment. That's Daniel. at the book of Daniel. So ages on assignment on different matters or hallelujah. So this is no longer maybe you are not using your own but the man of

God is using his own for you. Once the Lord told me have the protocol of someone who have been sent by the most excellency and that has changed my my posture with people say have the the protocol of someone who has been sent by the most high and the most excellency his angels will work for you. Abraham told Eleazar the angel of the Lord will prosper thy way. No, not come here say not conceive the woman. That's in the literal is let the angel follow you as if the angel belongs to him. The angel is the Lord. All angels belong to Lord but it's looking like he's the one that the man was playing praying for one pastor and he said I give you an angel like that now you know you don't see life. Reverend Mosba laid hands on that Lawrence oil and said to him, "Let your name say like that." That's why one name is the other one's name. Life is paro. We may come out together. Life is paro copper. He said, "What do I have? What do I have with me?" He brought out everything he has. Let me give this thing. Bless be the Lord God. And he mentioned that you know man is pray like that swear for you. That one better swearing your better. is blessed be he mentioned his father's name who has taught his children to be like this to be generous as the boy gave the gift just go get after that moment started following my spiritual father you follow because when you see everything just change say sir I follow you sir that's a miracle man that's a man of stature in the likes of the Dr. say give me the gun shot say shoot it will not work remove the whole witchcraft from his village the things that that man's testimonies are mindblowing it looks like he's film trick just like we all know the same know the me I know the difference I know the difference I know the difference I don't say anything I don't say anything I don't say anything like this twitch anything I don't care I just mind my business they go put myself in trouble I mind my business oh there are some people especially when they in that element there's that dread all the same when the man of God face switch the [Music] Man of God say auntie my God make it an everyday occurrences h so no wonder the Lord said every month keep sending that millions that's what provoked that kind of statement I can tell you what provoke it it's not luck that's why the angel of the lord said do it like this there are things I mean I'm saying many things but I will not go into more details. There are things that provoke some oranges because all blessings come from a place. All blessings come from a place. That's why some people share tears. That's why some things you remember ah the encounters you have had you speak because everybody speaks from a depth. Say from today watch all those from today words. this moment this you know there's blessing they enter you know when this one ah this one this one this one this one is it's like somebody's reading a script it's a scroll it's heaven's scroll now from today you those kind of words you as you you just amen amen that's all that's all don't do anything you don't need your faith that word don't need your faith just amen amen amen and be conscious of it that's all because the word will fight your battles Hallelujah. So be careful. The angel of the Lord appeared to Paul in Acts 27 say no life shall be lost. He said the angel of the Lord whose I am who the angel of the Lord whom I serve. Same angel appeared to Philip. See see you can't remove the ministry of angel. say who made him a deliverer through the hand. That's that acts chapter 7 when acts 7:35 that's how God sent

Moses through the hand of the angel God said to him I will be with you when God sends you and tells you I will be with you it means he has given angels to you the same thing he said to Moses Exodus 3:12 I will be with you that's the backup amen that's the backup Then there are some men of God that don't only just have angels. They now have cherub beams and or seraphim dependaphim is the another cultural way of putting the same thing. Cherob beams burning ones. Those hybrid creatures that guard sac place spiritual body guard for sacred place. That's why you begin to repent when you are ascending up into heaven for encounters. You begin to say forgive me Lord forgive me. Have you not seen people cry? That cry is because you the angel will not forgive you. Oh, he will dagger you. You will be repenting. Oh Lord, please, please, I'm sorry. You better not be sorry. Oh, because you are about to enter holy place. Isaiah say, "Woe is me. I'm a man of unclean lips." Sir, are you unclean lips? You a prophet of God. This I'm undone. Those are experiences. And the serpent was one of such a the covering cherub a seraph burning one. That's why it's called a serpent. Hallelujah. They stand guard between heaven and earth. Those are treble beam function. So they guard sacra place. They they are the reason there is no contamination when we go into the unseen. So they they protect against contamination in unseen practices. So high ranking and stature than all the rest because of the function that they have. Amen. And those angels are for you. Hallelujah. Whether Satan comes as a deceiver or comes as a raving lion with discouragement or as a dragon to destroy you, you shall slay, you shall cast out, you shall deal with, you shall resist. Hallelujah. So no. Amen. No. Amen. Hallelujah. If I found favor in thy sight there favor with God and man say I found favor with God also find favor with men because some things are in the hands of men. It must be Peter that preached to the gentile nation. Jesus will have it no other way because there are some things don't get to that point in your life where you say it's not it's byasa say wherefore you were not afraid even when Moses was begging that means God was teaching a lesson when Moses was begging say if it was her father will she not still be kept outside let her stay outside till the next day she was still lepros because you can't you can't love more than me sir there's something I'm trying to communicate to all Israel The other time it was grand that opened up to show difference and it was God that was speaking for Moses. Say we are all we are not all the same sir. We are not all the same sir. We are not all the same sir. People are all the same. You without no life of devotion. No life of prayer. No life of knowing God's word. No hard work in the things of the no labor in the grace of God. Say you are the same with somebody that is laboring the grace of God. Don't be so they do something sir. Amen. Amen. All of them by faith by faith in the place of prayer. Soak yourself you'll be wise for my lord the king is as wise as the angel of the lord. That's what they said about David. David said I meditate on thy lord. That's see the praise of David. How did David become like that? David became said, "For my lord is as wise as an angel of the Lord." It was not, it was not hype. David was a wise man. It's not Joab was just hyping him. No, it is truth. For by wisdom a man's face will shine. Hallelujah. Glory be to God. So by faith in the place of prayer, unseen

influences, unseen powers activated for your good. Amen. Amen. So I beg you, don't be ignorant from today about the ministry of angels. Don't be ignorant about unseen forces. Don't be Don't be. Oh, hallelujah. Don't be. Don't be. You know, spirit can control chances. John 11:50-51. Kyifas was the high priest. Look at that story. He said he spoke. John 11 John 11:50. And this spake he not of himself but being high priest that year he prophesied that Jesus should die. What did he say? Verse 50. Cifas bring the high priest the same year. Said you know nothing at all. Nor consider that it is expedient for us that one man should die for the people and that the whole nation perish not. For the in his mind one man should die so that let Rome not come against us. So, so let one man die instead of Rome now says we have caused a revolution. Who is this person that is gathering people here? So let's just kill Jesus said but look at how he sounds so so theological. Now that statement see the next verse. And this spake he not of himself. The new king James say not of his own authority. He did not say it by his own authority. There are things people say just like that first 22 say I will now go and be a lion in the mouth of all all the prophet unanimous decision. They were all saying the same thing. But it was influence. If we did not have background information, we would not have known. It's the same thing second kings uh where he said I will go. It says I will send a blast and a rumor and they will return the same way they came. Senator story that blast there last year. I read it for you. It's a spirit. That word blast is a spirit. It's a is a spirit. That word blast. We send a blast. That word there is the word whack. I will send a spirit is unfortunate that say a blast is the spirit that say go back go back go back go back go back go back go back go back go back go back hallelujah the same way Peter spoke by the spirit of God and also spoke by the devil people speak under influences Jesus say in that moment do not preate what you will say it shall be given to you hallelujah Ah, there are spirits that sit on people's tongle. Just like Acts chapter 2, when the day of Pentecost was fully come, that's why I'm in submission to God. I'm able to say the right things at the right time. Orchestrated actions and the place of honor for the anointed. I know to run with Amen. Amen, sir. Some people carelessly say, "Yeah, yeah, sir. That say I'm on my knees sir you how you see a man of God is how you receive how you see a man of God how you see a man of God how you see a man of God all those things matter all those things matter what do you do are you praying for your pastor do you give to your pastor say no but I honor you a liar you don't you don't honor is seeing actions You can't have you don't have any action of honor. You say you honor somebody. Is this wish? It's not wish. They used to honor somebody. Honor is in actions. Your actions show if you love and honor somebody. There are people one full year they know nothing good they will do for their pastors. Nothing. One full year say I not have. How can you not? Which have which so poverty serious? Even in the deep poverty they gave you one full year. Why not buy book? because you did not think it mattered because what does this person need the money for? It's not about needing it. Don't be the greatest setup in your life is where God people go your way that don't need what you have. It's now a sign and a judgment against you. Will you do God's word or will you not do God's word say I

don't feel I don't feel I don't feel I don't feel because you are not a good person. The good people don't need all those signs. They will do God's word in season because it's not every it's not always cuz some people do those things to brag. Now God has you cannot you cannot say we help men of God it could not come to pass if not for us they will be finished how much the person have stealing his two or 5 million that's the person that is bragging so no no no no the anointed releases favor and promotion honor and promotion the place of ministry gift hallelujah You will listen to the wisdom that they give you. You will follow the instruction that they will give you. You will you will submit your head for impartation. You will you will take words. You will take hands. You will take those declarations. All you need to do is honor. Amen to what they have said. Amen. War good warfare. For some of them that requires you to wear a good warfare for others. Amen. Amen. For others go and sleep and you will know by the declaration that this one is just go and sleep. You don't need to do anything for this other one. You know to Hallelujah. I was thinking about something two days ago. Yes. It's Sunday. So three days ago like that today makes it Sunday. So three days ago I was thinking about something and I I like how come I'm not doing. So I said ah anniversary will be a good time and the Lord heard it and I said Lord help me so that I will be able to do this for this pastor continuously from that hence forth all the days of my life I'm able to continue sending something like this and the Lord was pleased think of things don't matter. The fact that I got that divine response, you will see there are like I told you angels there are not every human being you are seeing is a human being. Oh, not every human being is a human being. know I shared with you the story of that man by the boss park and I it was against my I don't give people money that beg on the road and all those people that are around I in fact but that's when you are led by the foot of God I shared that on Friday for those of you that attend prayer meeting so you you are looking lost as I give cuz I even as I saw him I was even saying my tell these beggy beggy people I didn't doesn't know how come some angels on our way. I could not find him and I asked they said there's nobody like that. There's no I describe it. There's nobody like that begging this park. Continue to be like this. That's what the man said to me in response. Continue to be like this all the days of your life. There are things you hear. It didn't dawn on me at first. Continue to be like this all the days of your life. S I have to be like that's how angel of Lord that fed me all my lifelong that redeemed me from all evil. I'm still like that's how I don't know if you are getting it. Being wise and strong be conscious angels can come say this do this be conscious of that. Be conscious of that. There are some persons that they have judged themselves because the only people they have made up their mind that they will give to people. When you say give to the poor is many times that arrogancy that is only the poor you will give to but you not give to your pastor has also hindered them because wickedness is no longer out of and give to the poor carame. The left hand must and arms giving. You don't let the left hand see what the right hand is giving. It's only arms giving that you do in secret. I'm giving you but you now on camera put it on YouTube. What is that one? If you want to help people, help people. Help people. Help people. Leave camera at

home. Help people. Hallelujah. But don't short change it for honor for the anointed. The boy you have with you always. Jesus said for a s for this woman. Imagine their arrogance say what minute this waste every person around you that you discuss with and say I want to do something good for my man of God and they tell you is it not a waste mark them these are people assigned against your life mark them oh mark them what this waste is not waste if it was you I give it to not be waste I've never seen anybody that was giving something to the But once it's somebody else say it's not too much. It was not too much when you were buying medicine of that amount. So not too much. Some people are very ungrateful. I shared with you a story. I did not know this as as a teenager. I prayed for one of my members. Then the Lord said is now I'm understand that story of Moses that if it was her father would she not still be outside? Lord said to me I I didn't know that. It even it didn't even make any sense to me. Then Lord said I told her say she could not give you port you tricked young boys 18 year old boys trekking which younger one 16 people under my leadership are teenagers our teenage president came to pray the person got up healed he said the Lord said I told her I told that woman is that same woman that said was see our children waste I told her she knew to give you something I didn't even know I started time I didn't even know all those kind of things I said I just thought because God was giving me it was prophetic revelation I was having secret conversation is now I don't understand how can she see hardening her heart like that will return back some people is their wickedness that is pursuing them even God cannot help them again because now this is the part I was talking about submission is now God is resisting them God resists the proud. So you not not only do you have Satan against you, God is now also woe to that man that God is now against. God resists the proud and gives grace to the humble. The proud is in resistance to God. Don't be like that, sir. Don't be like that, sir. Care about other people's issue. Amen. Me, I'm just starting in supernatural workings. God gave me a timeline for something. So when I'm 40, when I'm 45, you will know you have met a man of God. These ones are dressy as as terrible as these ones are. And all because I could not sleep that the father took that baby in the carton to go and bury. I sat at I can still remember that room we go there for master's retreat. Now I sat there on the ground. No response when you say I forgive God. No response. First day, second day. But as I was about to leave, here comes the divine response. Think you think people just fail from God looks at our labor. Don't be fooled by all of those things. So, and not everybody have the same. There's such a thing as everything join by faith. Imagine you live with all. And thank God we can live with all. I'm a man of faith. I'm a man of prayer. I'm a man of the word. I'm a man of submission. I'm a man that honors the anointed. Say that woman said, I perceive that this is a holy man of God. The ability to discern times and seasons and men. I per that a man of God. Let us build him a place here. Amen. Another one I did just I said no I will not allow this man of God to be dishonored. No I cannot I cannot never be around me that I see that somebody I honor is dishonored. I will cover that all those things then the angel of the Lord heard that angel of used to hear that angel used to see. Watch out for those moments. Watch out for

those moments and especially those ones that you are led by the spirit of God say you don't understand me I will understand though because there is giving then there is sacrificial giving the one that mean I've done that one countless times because I always use money I always put money to work for me so money don't stay in my hand because I'm a young man why am I keeping money in the bank to prove a point or what and it's now you should Hear the yoke in your youth. Don't want to be old and now be hling. It's the beach they used to go when you are old and rest. Relax. Not don't used to raise children when you are about to die. That's common sense. So all my money has use. So I I'm not If you think I don't know what to do, I know what to do with money. But my ears are open. be able to hear God. All of you that God have set up like that will tell you go and pray, go and visit this person, call this person, you will say no. Go they argue with God, go they resist God. Stop all those things. Call immediately said to that brother that got delivered from a multinational issue would have come out in the papers. Maybe CNA would have carried it because all of you here use his product. use the product of that multinational company. You you use the product. There's no week you don't use that product. And I said to him, I said maybe it's for this reason that you reconnected with me again after many years and you said the Lord laid it in your heart cuz one day I saw something that changes the front and the back. You know, you know many things don't change the front. Many things change the back but the front and the back changed. You will know that this is alert. What is this? The alert is it's alert is multiplicative. So it changed front and back. I said to him I said maybe it is for this reason that God ste your heart towards me again. remember me for many years after years because now it was by the strength of the anointed because all the CCTV camera could not pick it but one eye of the prophet I said it's that person that framed you up you will be exposed because as I was praying I saw it I said give me three days three days. Oh, and the scandal of billions was resolved. So I besought the Lord and he was intreated because I have more strength than him. He has been praying but my own prayer has more weight. That's why I say if it was Elijah, if it was all matter, you will grow and see that those things matter. You grow and see those things matter. It matters. It matters. It matters. No more still birth. That lady is still giving birth today. Before it was still birth. No more still birth. The fact that Jesus could say it what the disciples did and did not work but Jesus said it and it works. So what one anointed can do it as long as the power of God as long as is not somebody resisting the power of God. The power of God can do it. That's why we need to grow more in the power of God. Hallelujah. Pastor Sam shared with me a story this week before. Stand on your feet. Shared with me a story this week of when they were preaching somewhere and he told somebody that gives people power that I will spoil. I can spoil everything that you are doing. And the man say sorry don't do spoil it. I will listen to your evangelism message. The story sweet me anything that have power used to sweet me. I told him is because you have stature now. The man looked if he if he were bluffing he would have he would have attacked you. He saw it that you really have the power to stop what he's doing. There are influences. You must know that this fight you are

fighting your friend and not come from God. Withdraw I don't every relationship that is assigned to me stays with me all the days of my life. If the relationship mistakenly is strained, it will get that relationship back. Yes. So there's somebody the Lord has been laying back in my house. He's a pastor. I've helped him before. Uh taught him some things. I said, "No, he will connect with me." Lord say he will connect with me. I say, "Let him connect with me." Put I put it put it back to the Lord. Lord, this is with will I know. Let him reconnect with me. The Lord said he will reconnect with me. Okay, good. Glory be to God. I don't do anything wrong. I didn't like what he was standing for and speaking against the anointed that I cared about. So can't mingle like that. I don't want the thing that is working my life to stop working. The angel will not know that I did not talk. I did not join. It's just that I was there. Let's see. I fre all of us in the way. It was only you sir. I did not follow you. These angels when his judgment is blind where the lawyers here know they t the eye once the angels are doing judgment. I not say I not I not dre I not dread I not dread you must know how to switch one I connected again has preached for me before we connected again since the year last year called me called me this year we're talking very well lovely man of God glory be to god that means that relationship was really divine okay because whatsoever is mine is never lost those prayers we have prayed. When you now make prayer a prayer point, I pray that prayer every day for five years. If I ever lack strength, may I never lack the strength to pray. No, I can lack anybody strength. Not the one that say no. I'm not in the mood. I'm in the mood. Hey, I'm in the mood. My life depends on it. Look at how many lives have changed because God said be deliberate about blessing the people and start speaking was in the last three years. See how many testimonies we have had. It's not the same me since is the issue was because I expected that people should have sense to know to take but now some things is not just I believe it pastor came ready for you that pastor are not ready to bless their members I've been blessing people I do that but now there's more intentionality that's why some some some foolish people that don't know me that just joined ministry recently can now be thinking that maybe I'm materialistic me I'm helping you How how much do you have? How much can you I I I can boast. I will never need it. I have enough people. God have assigned too many persons to me that will not allow me. Money perish with you. This one they give me money. They start give me big money. There are many people see I can be pointing people here that give me money regularly. The one that can make you have attack get need your money. Have orgasans. That's how people there are people here. There are people far and wide if not go stone. Nobody go stink everything is always that's why we didn't used to say all these things before for I will not let the devil win in my life because I realized that it was fake. It was it's unnecessary fear because the Lord had to encourage me and say you're not the one that deceived anybody. You have not converted any man's silver or gold. I have never stolen anybody money in my life. I have never manipulated the anointing once and there is no sign and wonder in that four gospel book of arts that I have not seen. I have walked away from Ghana. The first dead person I raised back to life was a politician's daughter. That

money at that time if you put it now can buy four Range Rover. Have you seen money? You think you think money that called me? All the struggles, issues I had with my parents to do ministry. You think it was money? Money is the last thing on my mind. Money is not what called me to the ministry. Is to serve God. I care about the purposes of God. Amen. Amen. Landing church. They now pray for prosperity. Now you know prosper not prosper. Take the prayer and stop doing over sabi. Where is the teaching? Did we manipulate anything? It's still the same sound doctrine. Don't be wise. These are limiting beliefs that have limited people. You now use doctrine to limit yourself. But the hand of this prophet is lifted over you. Keep going up. [Music] Keep going up. Keep increasing. Keep doing well. Keep doing well. Keep doing well. Let the forces of life favor you. [Applause] Let your days continually be in favor and in increase. Abide in safety for you have the honor of kings. Be continually favored. Amen. In the name of Jesus. Hallelujah. [Music] Practice this message by faith. Prayer. Soak yourself in God's word. Expect angels to bump on you. Expect it. Because they are going to make themselves known to you more this week, this month you be able to open your eye as you hear footstep. Open your eye. Yesterday I was hearing footstep. I said, "Have they come back from the home?" So I checked out. So then I retired upstairs. Since I did not see any footstep, I said this footstep that I was checking I went upstairs to inquire of the Lord. What what minute this foot say is the angels. They are here and I was ministered to. Open your eyes. Open the eyes of your spirit. See, see the forces that go with you. Angels can become atmospheres for you. Bible say there's just something about you, sir. There's just something about you, sir. The angel of the Lord became the atmosphere for you. A pillar of fire, pillar of cloud. Favor him. Favor him. A spirit told him. Amen. A spirit told him. He say I will be a lying spirit in the mouth. A spirit is say say do it for her. Do it for her. [Applause] Add to the money. Add to the money. Add to the money. Add to the money. Angels are negotiating for me. Doing well, doing well, doing well. Me, I can tell you some every member here is my divine project. But there are some members here that are my divine project. Me, I can I can swear, let's bet if they will not do well in life. I have raised them up. They can't go down. They can't. They are by reason of the anointed. their own they can't even if let all the rock let everybody gather again they will still go up and that's the same disposition I have towards all members but people the different past people just the same way how come you were not afraid people different past people that's why you know how you enjoy yourself to the anointed that's why God teaches and that's why one of the things God put in your heart is love for the anointed male and female I always tell it's not only female People mostly think is females that love their pastor. No, females they learn. Males love their pastors too. It's not female. That's why people think, "Oh, is it not lead to perversion?" No, not everything has to lead that way. Males love their pastors too. Amen. God is the one that put that love because that's where you can receive is in that reception so that words can see you need strength. Oh. Because my enemy was too strong, God delivered me many times. How God used to deliver you from those kind of enemies that are too strong, we add power to it. Some of you here, your parents would

have died since now had we not picked it. There are many I I called tell. There are many of you here I called. I say call say that's the anointed. Don't joke with the place of the anointed. So they prospered by the prophesying of he go up and don't come down is the charge to you. This brother have I g promotion is not in your frontier. We say he's promoted his office there. They will be promoting him is and this time again you have sense. Yes. And this time because I told you what to do. I already told you what to do. Will he promote you again? Say is he only is him. Is him is him. Is him. Bend the knee for the one the king wants to honor. Is him. It's him. Is him. Life is by power. Is him. Is him. It's him. Is him. Is him. Is him. Is him. Is him. Keep going up. Keep going. The Lord takes my path with them that all those that hate you, they will see it their desire. That's why you don't worry yourself about that. Just vote road clear. Keep doing well. Keep making progress. You are blessed in the name of Jesus. [Music] Be conscious that angels are with you. Every day you wake up, what are the angels doing for me today? Be conscious that angels have gone ahead of you. Some of you think you have been conscious of the ministry of angel. No. Multiply the way you have been conscious of it before by a thousand. Now be so conscious of the ministry of angels worse than superstitious people can be conscious of it. You will now then you will see. You see where that sister said it. I said yes. He said I expect good. The way I expect good my angels they work hard though. Say for us. I said go again. Go again. Go again. Ah no I will see good days. Yes. What the Lord said to me yesterday because of that footsteps was that as 12:1 that's what they came to tell me that sir from now henceforth every time wars are spoken against you it will be a word of blessing it will be reversed that was the pronouncement that's where that I had to go and do my again of psalm 121 he said for the son that's what the angel of the lord said to me For this, you know, I don't like sounding like this so that you look like I have visitations regular. I will say it today. That's the angel said to me. For the sun shall not smite you by day, nor the moon by night. For every word, every time people say no better, it go better for you. Every time people say is going down, it will go up. Every that's what said to me. He said from now hence forth Every negative word is turning to a good word for me is always turning for the balance have all turned to prophesiers of good. I say thank you sir. Thank you sir. Thank you sir. Thank you sir. When they tell you better thank you sir. Some that brother I was praying for. I saw it arome. So theory on that matter from for far away. This is how we will be finished. No now. No now. Let the angels of God persecute. Make their way slippery. The president of the organization have sent now said all the evidences are there. So he should be exempted. Yes. Everybody unanimous decision. But there were forces behind beds were flying. A thousand shall not come n thee. Only with your eyes shall you see the recompense of the wicked. You only with your eyes you will see the recompense of the wicked. Since we are done with this series so we can start closing early again cuz I needed to stretch you so that you have uncommon mentality in this series. stretch you 12 so that you every time you remember this remember that this was series we stayed long in church 12 yes it was for your good your good so that you realize that not everything comes the

same way there are moments you maximize I maximize seasons I maximize moment I maximize it I expect the extra expecting I expect I expect it. I expect it. I expect it. I'm the favored one. Things go well for me. So, I've let out all the secrets. Live a life of sacrifice. Live a life of sacrifice. Live a life of sacrifice. Live a life of sacrifice. The power of God is already jumping on people here. Angel will not look face. Oh, we jump on you. [Music] See, see visitations. You can't make up. These are angel visitations everywhere. Now, I've said your word, oh Lord. I've said your word, oh Lord. Honor the anointed. When I was doubting who I am, the angel of the Lord said to me that many years ago, he said, "You are a minister of the smoke and the fire. For every time you remember, there will be the operation of throne guardians in your midst. For you are a minister of the glory cloud and God has graced you to be able to command it at will. So there are special seasons like that. So everybody everybody is not the same. Oh, everybody is not the same. Everybody is not the same. Expect many visitations this week. Policies are mended to favor you. And what was done for her? I said nothing. Ah no let her be promoted. Nothing was done for him. Ah let something be done for him now. You know the interpretation of a matter. You know the interpretation of a matter and you are also able to interpret the the desires of people and you are paid for it. For the angel of the Lord has come now to give
