

service again the eyes of our understanding will be flooded with light to leave you with a greater understanding of your word your plan and your purpose again even as we investigate the unseen word as we teach on unseen forces we will be wise and strong with your path in the name of Jesus that in this service we declare that the things that ought to be said will be said the things that ought to be done will be done to the praise and glory of your name. Amen. God bless you. Have your seats. Amen. Romans chapter 15. As we delve into God's word this morning. Romans chapter 15. Hope you can hear me loud and clear. Amen. Romans chapter 15. And we will read from vers 4. It says for whatsoever things were written at four time were written for our learning. Whatsoever things were written at four time were written for our learning. The word learning is the word scolia explanation teaching admonition. The things that were written our full time were written for our learning. So we have the scriptures was written for our learning that we through the patience and the comfort of scriptures might have hope expectations. So when we read the scriptures, we have stories that gives us patience and comfort. However, they were written for our learning. We're written for our learning. We ought to learn from the scriptures. Amen. We ought to learn from the scriptures. We ought to learn from the scriptures. Amen. We ought to learn from the scriptures. 2 Timothy chapter 3 and:15 he says, "And that former child, thou has known the holy scriptures, which is able to make thee wise unto salvation through faith which is in Christ Jesus." And he says, "All scripture is given by inspiration of God and it is profitable for doctrine." Amen. So the scriptures gives us doctrine. Now again we have emphasized this over the uh years that Genesis to Malachi and Matthew to Revelation are not completing they are not conflicting. In fact Paul said I said none other things than those things which Moses in the law and the prophet did say. So all that Paul taught he taught from Genesis to Malachi. Amen. Peter taught from Genesis to Malachi because that was the scripture they had. In fact, the translation, the Septuagint, the Greek translation of Genesis to Malachi was available in the time of Jesus. Amen. And they had that scripture. That's where the uh apostles taught from. Amen. So we mustn't have this idea that oh that's Old Testament because when we talk about the supernatural and we read some Old Testament verses some very mischievous persons who are not well grounded in the facts of the covenant in the new covenant believe that oh new covenant old covenant old covenant is Genesis to Malachi. Old covenant has never been Genesis to Malachi. In fact there is no internal evidence that has old covenant as Genesis to Malachi. No apostle, neither did any prophet from Genesis to Malachi call those writings old testament. The word old and new testament was first used in history by the translators. Meto of sadis and all the rest of them were the very first people to use the word old and new testament for books. And they didn't use it to mean old as it were absolute but they use it to mean old for the books. I mean I didn't say there is nothing like old and new covenant. We've taught that over the years as well. But the use of the word old testament by the translators is to speak of the fact that what is there is enduring. It is the same. It's it is enduring. It is lasting. So they called it old testament. And the use of the word new

testament by those translators remember none of the prophet or the apostles called their book old or new testament. So the old covenant is the old agreement with a with Moses on Mount Si that is different from books. So when you have this idea oh Genesis that's old testament so we say no genesis old testament Genesis is new testament but exodus is old testament don't do that c and nail with bible it makes bible interpretation very difficult and people like us who are given to bible interpretation and who love theology systematic theology or any form of theology we frown at such handling of the bible that's poor way of handling the scriptures amen once you have this idea oh genesis to something is wrong with it. But Matthew to Revelation, they say no. Matthew, Mark, Luke, and John, that one is But from Acts, some people say, "No, remove Acts." From Romans, are you not lazy? It obviously shows you haven't really read the Bible cover to cover. Amen. And if you have read the Bible cover to cover, like people like us that have read the Bible from children church that can quote half the Bible, we know fully well that everything you find in Romans to Revelation, in fact, Revelation quoted Isaiah, Revelation looked like he was just copying Isaiah word for word. If you have never read Isaiah before, you will not understand Revelation because Revelation is using all of Isaiah's symbols are littered all over Revelation. None of the apostles taught anything unique different from what the prophet said. They simply interpreted what the prophets wrote. Now in the light of the death, burial and resurrection of Jesus because the event of events have now happened. The Messiah, the Christos has done the work of reversing all that went wrong in Eden. And now of reunion of God's family has happened. The family in heaven and earth is has come together. God's kingdom can move forward. I mean all of that is beautifully interpreted by the apostles. Amen. So we mustn't have this idea. Oh this is old, this is new. So this morning for those who still have such lazy mentality, I'm going to show you some stories in the New Testament books as we call them which I've told you the New Testament is not called uh the internal evidence of the word of God. Nowhere is Matthew to revelation called New Testament. Nowhere is Genesis to Malachi called Old Testament. However, the very first translators are the ones who began to use that phrase to quantify the two portions of scriptures. Amen. Hallelujah. So the Hebrew text or the Greek text, the Hebrew text which is Genesis to Malachi, the Greek text which is Matthew to revelation or you better use the word scriptures, Genesis to Malachi and you use the word uh that explains the scriptures or the episodes or any of such phrase to speak of the Greek text. However, we cannot do away with Genesis to Malachi because you are lazy in your Bible study. Amen. No, no, no. We will not. We cannot, we should not, we must not. Amen. And when you cannot interpret a text, don't dodge and say that one is Old Testament. No, scriptures can be interpreted. Amen. And we interpret scriptures with scriptures. And we corroborate what those authors said. If the author wrote another book, we corroborated what he said alongside what he said in other books to get a proper idea of his line of thought. Amen. So Romans chapter 15 that we read it says the things that were written our full time we were written for our learning. So those stories we find in the scriptures we can get doctrines from them. And I

remember when I taught you on Ebenezer we read the first Samuel story. Now that story is not a story to the people in that timeline because it has already happened. So that Samuel the prophet and the editors which we call the biblical writers when they will now put it in the Bible it is not news to the audience because they have already heard that story before. So this why we use that phrase that history has become his story. History has become God's story. So what the biblical writers will do they will take a story that all of them are used to and use that story to tell God's story to tell God's plan and purpose. So you are reading the story but the story is already littered with the teaching with the learning with the knowledge you are supposed to have. That's how biblical stories are written. They they didn't write the story so that story story. So I have now learned another story. No the stories itself had doctrine littered with it. It's like I tell you a story when I'm preaching. I'm not telling you a story for story sake. I'm telling you a story to further buttress my teaching. Thank you. That's how the biblical writers wrote. So when you see those stories don't think oh the stories are just there for the same thing with parables when you see Jesus use parables he gave the meaning before or the meaning after the parable we are not left to be guessing what exactly are they trying to say here that's how all the stories are in the Bible so we say oh David and Goliath that story is there for learning every story in the Bible is there for our learning so we can't say oh this one does not concern us. No, it concerns us. Amen. And much of the supernatural has been removed because of that kind of thinking. Hebrews chapter 11. Hebrews 11 and verse one it says, "Now faith is the substance of things hoped for, the evidence of things not seen. For by it, faith is the substance of things hoped for, the evidence of things not seen." So he calls faith substance. He calls faith evidence of things not seen. And you notice the faith he's dealing with here is more than faith to just have things because he uses the word faith here to speak of the whole persuasion in our worship of God because you see Ananias by faith, Abel by faith and that was not just about having things. So he's dealing with the broad use of the word faith which is say I have faith in God in my worship of God. Of course, there are other things inside that faith. As a believer in God, I can believe God for things and all of that. But is in that broader scope because the context before Hebrews chapter 11, he had talked in chapter 10, the just shall live by his faith. That's more than just using faith is that we are alive by by faith. We are people of faith. Amen. Outside faith, we do not exist. outside the faith of our Lord Jesus Christ. We do not exist. Nevertheless, I live yet I live. The life I live in the flesh, I live by the faith of the son of God who love me. Galatians 2:20. So I live by faith. I'm alive by faith. Four times that word is quoted. The just shall live by faith. Is how we are alive. How did Abraham become a child of God? Abraham believed God and it was accounting to him for righteousness. So I'm a child of God by faith. When I heard the gospel, faith came into my heart. The faith of the Lord Jesus. Peter said we have like precious faith. Nobody has faith greater than anybody in Christ Jesus. Because we all have the faith of Jesus. Is that we use it greater than other persons. Is how we use it. For Jesus, he said you have faith as small. So it's dealing with usage because it's not about the faith. And that was he had said

have the God kind of faith. Have what? The God kind of faith. Hebrews 11:22 have faith in God. The margin says have the God kind of faith. Verse 23, you shall say to this mountain. So the emphasis in that faith is to use it. Hallelujah. The emphasis in that faith is to what? To use it. So faith in this context is dealing with our worship of God. How we become God's sons, God's children, how God designed man to live. Adam and Eve did not respond by faith to God's instruction. They didn't believe to eat the promise of life. So faith is a broad subject not just for things. That's where you say there's faith for salvation. There's faith as it were character, faithfulness. There's faith. Faith has a large umbrella. But the word faith itself is dealing with our persuasion concerning God and every other thing is still part of that faith. So he says faith is the substance of things hoped for. the evidence of things not sincere. Why did you have to leave all those long story? Because if you have ever read Hebrews chapter 11, you saw that the whole faith there was not about I get this, I get this. It had even to their worship of God. By faith, he refused to be called the son of Pharaoh. That's not faithful things now. So he's dealing with the whole persuasion of our worship. Amen. So it says for by it the elders obtained a good report. Obtain a good report is not obtain a report card. Obtain a good report means they were witnesses. So the elders, the patriarchs, the men of God of old preached about that faith, spoke about that persuasion, spoke about that faith. Then he says through faith we understand that the words the words the word words there is the word aon periods of time. Through faith we understand that the periods of time were framed put together rendered fit together. that the word frame there is a word used for mending of net. The the the periods of time were arranged together by the word of God. So in every cycle of time in every period of time there has been God's word to different people in different seasons and periods of time. Every period of time from the beginning of all things has been shaped by God's word. whether people responded in faith or they responded in unbelief or disobedience. But every period of time had been shaped by God's word. So it says through faith we understand that the words the periods of time were framed rendered into use by the word of God. So that the things are now this where I'm going so that the things which are seen were not made of things which do appear. So the biblical writers in their teaching about faith right from the beginning wrote the seen and the unseen word together. So they to explain the unseen word they will use seen words because how do you communicate to physical to seen people something unseen you have to use something physical something they can see to explain it that's how God's word comes to us the faith of our Lord Jesus Christ in the scripture remember Paul says the scripture is able to make you wise unto salvation through faith so the scripture makes me know faith the faith that the scripture makes me knowable about writes the seen and the unseen world together. So we said this the Bible has a supernatural worldview context that if you don't know that already you will run into trouble seeing some persons in their law for truth or doctrine. Try to sideline the unseen or the supernatural. That's already silly because they were not writing science. The Bible is a pre-science book. Stop trying to use the Bible to defend science. No, the Bible is a pre is not against science but is pre-science is

premoding. Allow ancient men to be ancient. Don't bully them with our today's use of words. You see if it is God, God would have inspired them to write in today's world. That means would have also inspired all their audience to also understand today's use of words. That will mean that the first millennial will be today's millennial. That's foolish. Now that makes no sense. Allow time to be time. That means God has been messing up time right from the beginning. There has been no progression just so that you'll be happy. So that they must sound like you. They can't sound like you. Allow ancient men to be ancient. And I've taught you before and I've given you that context. The very first world view of humanity was supernatural. It was very normal for people to be walking along the road and had angels bump into them and they would not think it as wow I had an encounter. It was expected. It is in that timeline that the prophets Moses and the rest lived where the unseen world and the seen world there was no veil. It was there was no distance in such in such mingling and experience because uh I would use even to some 14th century uh in the 14th century great great great great great great great grandfathers you still see that whole template or setup for those who lived in the village. It's normal for somebody say as I was fetching water in the stream I saw somebody appear to me. Nobody was going to say ah wow something strange is happening in this village. It's not nor was going to see it as spooky. Now imagine the first error. So you must always understand that their words have a supernatural word is the same reason why we can't interpret rib. So many theologians, uh, so many pastors today put themselves under trouble. God did not make the woman [Music] from the head of a man. God made the woman from the rib of a man. Every wife is your missing rib. And the challenge is Moses does not even know what rib means because Moses does not have that biology. He doesn't even know what rib mean. And that word rib which is why we care about Bible. The word rib is the side of a building. Moses does not think of rib and Adam sleeping is not anastasia because there's nothing like Anastasia in his mind. You can't be inspired beyond the knowledge you have. God cannot inspire you in French. You don't know French. Sir can't be inspiring you what you don't know. So I've said it before. You cannot prophesy or have a vision beyond your knowledge or doctrinal persuasion. So if you believe you are going to lose means heaven rapture whatever you call it you will always have visions of you missing it. If you believe anybody who plate head do this wear tr this go to hell you will always be seen. It's not because it's Bible is that you have already you cannot see or have revelation beyond the knowledge you have. So when you began to learn the truth of the gospel, you you stop having those kind of visions. Why? Because when we say I am inspired, you will not become inspired that today you become the most intelligent person. No, you still have to learn because it's God that created us with brain. The natural and the supernatural are not fighting. It is God who made the natural. He has no problem with the natural. It is when the natural seeks to limit his sons or his children, we go over and beyond it because we are men of two worlds. We are men who function in heaven and function on the earth. And that's why you mustn't have heaven as a planet where people go when they die. You must have heaven. The biblical heaven is

experienced now on the earth. Is not a barrier ground. So you see voice from heaven, sound from heaven, activities of heaven lit all over the Bible. It was not when the people died that they had those experiences with heaven because heaven in the Bible is one of the words used to explain the unseen world. Are you with me? Yes sir. So learning something? Yes sir. So the faith that they explain they they use the sin to explain the unseen. So the seen and the unseen word were written together. Were written together. Hallelujah. So that word deep sleep is the same word used for Abraham. Is the same word used to explain a trance. Adam was the prophet. He had a vision of the wife that the wife is not inferior to him because she is bone of his bone, flesh of his flesh. She is of the same essence. That's what he was having. That deep. We have explained this before. I don't want to delve into that in this study. Amen. All the use of the words there are not science but supernatural or supernatural worldview. Genesis 2:21. And the Lord God caused a deep sleep. The word deep sleep there is the Hebrew word tadema. It is used seven times and you can't give it your own meaning that he was snoring. No, that word deep sleep. Look at it. Let's just because uh some persons are thinking in their mind right now that are new. What exactly is this man of God saying? All right. Job 4:13. You must be new in our church. So we forgive you. Job 4:13. In thought from the visions of the night when deep sleep fallth on men, he he called it when deep sleep fallth on men. Okay. Job 4:13. Isaiah 29:10. For the Lord had poured out upon you the spirit of deep sleep and has closed your eyes the pro fett and your rulers. The seers had it covered. The spirit of deep sleep. The word deep sleep. deep sleep. Genesis 15:12. And when the sun was going down, a deep sleep fell upon Abraham, and lo, and horror of great darkness fell upon him, and he said unto Abraham, "Know of a shorty." Is that a vision Abraham is having because God is interacting with him? Uhhuh. He was just snoring there. Ah, he was in a vision. So the word tadma is gotten from a Hebrew word vadam to be between words to be conscious unconscious. So you are between words you are unconscious. So it's like the person is sleeping. So that's what happened. God put the person where you say uh am I conscious? Am I not conscious? At that point is where the man is having that vision. So he uses that to explain he was in a deep sleep because there is the normal Hebrew word for sleep. Imagine if sleep is used seven times in the Bible. Does that make sense? Is that nobody ever slept? You are quiet. The word sleep. Genesis 28. And put them for his pillow and lay down in that place to sleep. That's Jacob. He lay down to sleep. That's the word. That word is used 212 times. The word shakab to lie down and sleep. That's normal word for sleep. Another word for sleep in the same Genesis 28:69. Jacob awake out of his sleep. The word sleep there is the word sha used 23 times for pure sleeping. Hallelujah. So we mustn't give the word our own meaning. So there are normal words for sleeping fast asleep. Judges 16:14, the same word. There's another word for sleep that I'm looking for. I've seen it. U Judges 16:1 19. She made him sleep upon her knees. That's the word yashen to cause to sleep. That's used 19 times to cause to sleep. What J did. And also what Delilah did to Samson caused him to sleep upon her knees. So there are words for sleep. So they now

used a word that [Music] means I am in a deep sleep. Not snoring sleep but the sleep is of the deep. That means the sleep is supernatural. The sleep is um what's the word we will use for it now? The sleep is a sleep of depth. It's a sleep where you are having experiences or encounters. I'll put it that way. Amen. Because every of the seven references of the word deep sleep had that supernatural worldview context. So you couldn't use it for is just sleeping. Oh. Amen. Hallelujah. Then the word ribb like for those like again why we're doing this just for those who are new amongst us that word rib is the word salah t s e l a used 41 times in Genesis to Malachi and only in in Genesis 2:21 and 22 is he used as rib two out of 41 so 39 other references is used for the side of a house and you have it as biology is not even a biological word because Moses the first writer out of the scripture did not know that biology because that biology not even exist did not even exist that he was going to be thinking in that biology so we must allow ancient men to be ancient India of course we forgive you if you got your wife from there no problem how that's the flexibility of God's word we're not going to kill you because you you believe the wrong things because or you taught the wrong things from God because when it comes to miracles when it comes to your prayers being heard God is never going to answer your prayer because your doctrine is correct God's going to hear your prayer because he's a good God. The reason for accurate doctrine is accuracy in living and practice. That's just it. It's not so that God will answer our prayers or so that we can move in power you. No, the essence of doctrine is to straighten your persuasion concern of faith so that you have accuracy in your living because ultimately if you don't have the if you don't know sound doctrine the voice of God you hear will ultimately we cannot ultimately trust that voice of God because when you hear that voice that tells you that one weird thing as we have heard some people their holy spirit told them said the lord told me that Jesus died with under marine power influence. We have people who Jesus is tell them different thing. God is tell them different thing because their doctrine is obviously wrong. So they can hear all manner of things. So they when they see water their mind is marine power. Not knowing that the ancient men use water for something. There's what those words mean. That's why I told you you must be vast in the supernatural world view context of the Bible because that first era was a supernatural world view. Now the world view that we are living in today is scientific in fact is even progressing so much in the scientific that is more is tilting towards in the next 50 years if we're not careful careful it will be more AI. that our great grandchildren will not even understand some expressions that we use. Thank you. And you you you want the ancient men to think like you. No. Now you So we said biblical interpretation is you will sit where they sat to hear what they heard. Then you cross over to our world today and find the exact words that say the same thing because no biblical writer wrote to you. You were not their audience. But what was written is for you. Just like I'm preaching right now, I'm preaching to you. But people will hear this message. People are hearing this message in different parts of the world right now. Of course, we are live online. However, I am not preaching to them. I'm preaching to you because you are my direct audience. You determine the examples I'm

using because I want you to understand. So it is written for them. It is for them but is directly to you. Amen. Amen. So Abraham did not know you nor he didn't know your father that he could have been talking to you and your father was talking to his audience. So you must always sit where they sat to hear what they heard. That way it makes biblical interpretation easy and simple. Hallelujah. So there is a supernatural world view that we cannot ignore, remove from the scriptures. So let's read one Acts chapter 8. Acts chapter 8. Acts chapter 8. Philip has gone to Samaria to preach. Acts 8 and verse 5. Then Philip went down to the city of Samaria and preached Christ unto them. And the people with one accord gave heed unto those things which Philip spake, hearing and seeing the miracles which he did. You must be a proof producer. Amen. hearing and seeing the miracles which he did. For unclean spirits, crying with loud voice came out of many that were possessed with them. And many that were taken with palsies, and they were lame were healed, and there was great joy in that city. Hallelujah. Verse N. Now pay attention. And there was a certain man called who? Simon, which before time in the same city used what? and bewitched the people of Samaria, giving out that himself was some great power. So how did he get them? You see how this word is used four times in this context. What he did there? How he got them to give him sway? Everybody listen to him. How he got everybody to subject themselves under his voice, under his leadership. He used sorcery and bewitched the people. At least this is book of acts for those who want to say Matthew, Mark, Luke and John is not new testament. At least ask your new testament. You know people are very amazing how they select part of the bible said no now that Jesus have come. There's nothing like that. You have to be really naive or crafty. We must never use redemption to ignore people's problem. I've taught you that over the years because it's very amazing how some say no there's nothing like that. What do you mean there's something like that? No, we have authority over it. Does not mean there's nothing like that. Baba lives are being destroyed. Oh, Satan is doing things. Oh, but doesn't make him to be feared. He's still an underfoot reality. It's still something we cast out, we drive out, we deal with. Our authority is over the devils. We have authority in heaven, on the earth, and under the earth. Amen. But to say that there's I think last year there was a a pastor they were having this major conference in Lagos and they invited a dearly beloved word of faith preacher too and I had an interaction with uh one of the pastors who were speaking in that conference and were having a conversation who was speaking in that same conference and I said to him that um if we continue with all this our Jesus plus kind of teachings which is good which is what we are all for because Jesus is sufficient and is enough and we know that and that's the truth when we begin to now we use that to say things like there's nobody's life being destroyed Satan is not doing anything we are not being fair then I gave him some example because he listens to me because of doctrinal accuracy that I have not so and he knows that I have power too so that's why it's good this life everything you do all right so you can't say I don't know because Bible I power. So I mean my words were not going to fall. My words could stand. So I told him I said Jesus who we teach saw a woman and said u not this woman

who Satan has bound this 18 years. What do you say about that? He said um that's true of course. I said okay. Ought not this woman who Satan has bound this 18 years. So Jesus did not deny that it was Satan that had put her in that condition. Neither was he saying wow Satan has bound we are finished. So what are we going to do? No, it's just Jesus never in fact then I said to him I said do you know that Jesus in the four gospel the right things about Jesus has more use of the word devil than any other portion of the whole Bible. He said ah yes so yeah I I said because you cannot be supernatural and not confront the powers of darkness. All those things now cover up when you did lazy. All we do in this church, we all teach the undiluted word. Papa people are having problem. If you just lift up your eye, you can just see that that thing is not cancel is one spirit of infirmity latch on on that woman that want to kill her there and you are there saying just stay on the word. Stay on the word. That word that we are staying on healed people of all manner of infirmity. And many of those infirmity that heal people of were caused by devils. That's being real. That's been say I thought pastor go was a new covenant preacher. How come I'm hearing people? How come he's saying I command you get out? That what is he doing? We don't do that here. Wow. That means you've never been in a service of the biblical apostles. You've never been in a service like that. Did Paul the Apostle know Satan can it says be sober, be vigilant. The same thing James and Peter said, be sober vigilant because the adversary the devil as a ringing lion seeking who may devour. That's postresurrection scripture. He's not say Jesus has been raised from the dead. So Satan does not seek to devour people anymore. Uh-uh. Did Satan get saved? People are amazing. Satan did not get saved. It is us who have the memo, who say, "Hey, you can't pass here now. Don't you know that blood had been shed?" We are the ones who engage the realities of what Jesus have done and say ah. And that's why you use power aggressively. Use powerfully. Use authority authoritatively. Say, "Hey, the land is your own." But if people are trying to drag the land with you, you bring all the police money mix everybody join to say don't touch this land again. But it's your land. It doesn't stop trying to drag it with you. That's how Satan is right say Satan is not alive and well. He was he's not thinking well because if he was he won't come against us. It's not that's why we many times must remind him say ah you don't do pass yourself. Oh you can't pass here. Even God in scriptures with the prophet said by a strong hand I will let them. We have some issues that if we just take it normally. No no no this time you strong hand. You strong hand. You serious face. The same thing Jesus dealt with that woman. That man the mad man of gather the most possessed person in the Bible. And when he said we are many Jesus now use one word o u t out. Because me cannot be dragging now. He said we out. didn't say I beg you I I plead I no no no no it doesn't matter how many still one word out you know you are full of authority when you reduce your prayers to be very short in the words of John in the prayers of mother short prayer let all their eyes be open and pom pom pom all the eyes just just you reduce the vocabulary because you're an announcement you are making so Jesus must check all his use of power. No long even for Lazarus that is the Lazarus comfort never Jesus never use in any

miracle more than 10 words never use more than 10 words that's power amen oh so now we dissociate ourself from all these say let's prophesy you are quoting Bible verse for me you see the Lord would have you know that you are the head and Not the tails. You see the light shining in you. Baba, prophesy. Prophesy. Don't do that thing with me. Don't do that thing with me. Oh, where is the bread of the spirit that we know that this prophecy you did not manipulate it by? As much as we know there's nothing wrong with your prophecy having scriptures inside. But this one just like you read Bible for me. Now there must be a place and that's where we distate ourself from all those people say now don't catch you see something say we cannot we cannot get accurate detail by prophecy aha we don't catch you the sweet straight is old testament obviously because people don't want to press on for supernatural depth to operate more in all that is available to us in Christ Jesus and we reject it we refuse it. We refuse to be part of that band of Christianity. Yes, sir. We refuse to be part of that band of Christianity. Amen. Amen. We refuse to be part of that band of Christianity. No, that weak, cowardly Christianity will have Christianity crawling on his knees. We have Christianity fading away. And that's not the Christianity that the apostle delivered onto us. Amen. Acts chapter 8 verse 9. And there was a certain man. So you get my story. So I told her that we don't ignore people's problem. There are people that are having issues that is devil. Even me from watching the program live, I can see people that are that devil. I had that does not stop life video from working. As I'm watching the video live, I can see it. Sometimes we are watching a live video and the man of God is moving in power. Me and my wife I tell what the man of God is about to do. The real is not fake. Maybe only you the holy spirit all of us get we can tell that you are not because we can see what you are going as he's speaking in tong like I can I say it's going to mean to those people there. That's why it's shifting like that and he's expecting their desire if they just have we give them you can see the motions the motions of the spirit are there. Don't be making it look like all these things are we just as we as we do 40 days teaching the word of God God is solving your problem is that thing I'm trying to avoid and remove from your mind God's word is solving your problem does not mean that we cannot say in the name of Jesus go we do not bring down or reduce the place of teaching but when we are always afraid of power encounters with situation it is a laziness iness that comes from not praying, not wanting to learn how to use the power of God and is very common with some people who say they are whatsoever cryptocurrency I be cryto-centric and don't join them oh told you don't join them it's laziness it's laziness and you can just see a track flow we are Bible preachers we preach the Bible we leave the Bible we read the Bible and not drain any camp um for the word of God and every Christian should be. Acts 8 it says he used sorcery and bewitched the people of Samaria giving out that himself was some great one to whom they all gave heed. Notice that verse 10 to whom they all gave heed. That's the word procco. to whom they all gave heed. They all gave heed to him. He will use that same word again because that for a long time he had bewitched them with sorcery. So they gave heed. Underline that word gave heed. He will use it again in verse 11. And to him they had

regard. That's the word they had regard. So they gave heed. They had regard to him. So they followed his lead on issues. And it was not clear. Ah baba have jaded them. I don't want all you tell me. Uh, I have authority over all devils. I have authority over all devil. It doesn't affect me. What about your boss at work? What about your governor? Can J not work on him? What about your local government? If it not work on you, it will work on your boss. Now, it must work on somebody else. Does it not work on somebody? You all looking at me surprised because we we we don't realize that people other people's actions can have effect on us too not work not catch not catch catch your neighbor say the way my neighbor is just acting with me he catch him the catch that's why you cannot because that's what I want to show you today that's why you cannot afford to not know how to engage forces oh because people that you are doing is just marketplace people they are not doing with clear eye they have had powers to their own s people that put things in their tongue just to because they want to pitch their business there people that have done all manner of things you say it's not that it's not it's not that it's time and chance happened to them all see how many times they all gave heed it started in verse giving out that himself was some great power. So he be the people of Sam giving out that himself was some great power. So he put himself as an authority that they all listened to whom they all gave heed. Verse 11. And to him they had regard. And when they believe Philip preaching the things concerning the kingdom of God and the name of Jesus Christ, they were all baptized. Go to 18. And when Simon saw that through laying on of the apostles hand the Holy Ghost was given, he offered them money, saying, "Give me also this power, that whomsoever I lay my hands may receive the Holy Ghost." And Peter said unto him, "Thy morning perish with thee, because thou hast thought that the gift of God may be portrayed with money. Thou has neither part nor lot in this matter, for thy heart is not right in the sight of God. Repent thereof of this thy wickedness, and pray God, if perhaps the result of thy heart may be forgiven. For I perceive that thou art in the God of bitterness, and in the bond of amen. So something happened. So Philillip was there. But when uh Peter came to town, Peter could detect that this guy there's something I think it looking like he's a false convert. Is he a recat or a force convert? Because you know Philip was shoving rice and tomatoes in his work before persecution pursued him. But Philip had more exercise of pneumatic of the things of the spirit. He had more exercise of the things of the spirit. Could tell that this guy not pure finish. Is salvation never complete? He still have beef that we have removed him from the great power. He said the bitterness of your heart because you want to now use power to this new power now. You want to also use it to put the people under bondage because it's not really because uh he had such great desire for the power of God. Look at the sign of spirit is always pure. Amen. Now Peter could have just corrected him and say not be money to buy this thing now hunger desire it with your heart you will get it could have easily just taught him but this was more than a teaching issue. So by of spirit he exposed the man but notice what the man did. They gave heed to him. He bewitched the whole city that they gave he to him. They regarded him. They all gave he to him. They all

gave he to him. They regarded him. So it was not normal. It was not normal. See another example again. Paul, Acts 13. Flip, flip, flip. Acts chapter 13. Acts chapter 13 and verse 6. And when they had gone through the aisles unto part force, they found a certain sorcerer, a false prophet, a Jew, whose name was Bad Jesus, which was with the deputy of the country. It was with the politician. So the politician, somebody was All right. Said Paulos, a prudent man who called for Barnabas and Saul and desired, he really desired. He really wanted to allow your contract to work. He desired to hear the word of God. But Elim the sorcerer, for so is his name by interpolation, withtood them, seeking to turn away the deputy from the faith. How did he withstand them? He did not allow Sus Paul to pay attention to what they were saying. Was jazzing the man not to hear. So um just wait a minute. Just wait a minute. I don't think I want to hear this message again. Just come next week. Come tomorrow. Then Saul who also is called Paul filled with the Holy Ghost set his eyes on him. That's it. and said, "Oh, full of all substitute and all mischief, thou child of the devil, thou enemy of all righteousness, we are the new covenant. I believe you. We are the new covenant." That's what he said there. I'm a new covenant preacher. We don't have anything to do with the devil. And now, behold, the hand of the Lord is upon thee. Thou shalt be blind, not seen the sun for a season. And immediately and immediately death fell on him, a mist and darkness, and he went about seeking some to lead him by the hand. Then one to go, let's read 13. Let's read uh verse 12. Then the deputy when he saw what was done believing at the doctrine of the I I'll get back to you tomorrow. 5 months have passed. You're not seeing things like that. I'll get back to you. Eight days have passed. Two weeks ago, Wednesday, before we traveled for our Sabba meeting, I was reading the story of Esther for you. What was done unto that man? Nothing. The king say that is it not because hey man that has been doing his stargazing work have have jazzed the king even collect signate ring to be stamping the king is stamping decrees that the king did not read nobody can tell me that nobody can tell me that people can tell you sir he not catch you he go catch somebody around you. So there's no enchantment against me. What about your father? What about your mother? There are some behaviors. I'm not trying to scare you. That's not the idea. I'm trying to let you know that you can't afford to not be deliberate with the power of God. You can't afford to not be deliberate with the power of God. You can't afford. Amen. Because that selfish way of living where you are always saying it not affect me now. H it does not concern me. Now what about the other persons? 12 spies went to spy the land. 10 came back with negative news. Two came back with good news. Those two was all the whole city trembling by what the 10 people said. They were all afraid and they were all in fact that's what prolonged the their wilderness journey. They said we cannot go. We cannot go. We cannot go. We cannot go. God was so displeased with them and said they will all die in the wilderness. They will not enter the promised land. All of that whole generation will all die in wilderness and you say it does not affect other it was just a matter of no is not it's just normal. But those two Joshua and Caleb said let us go up at once to possess the land. They still did not go because what those 10 persons sp said said

had overshadowed everything and Israel stayed. But what did God say about Caleb and Joshua? Let's read it. Go to numbers. Numbers 14. Go to Numbers 14. Because all those men which have seen my glory and my miracles which I did in Egypt, verse 22, and in the wilderness, and have tempted me now these 10 times, and have not hearkened to my voice, surely they shall not see the land which I swore unto their father, neither shall any of them that provoke me see it. But my servant Caleb, because he had another another spirit with him, and had followed me fully, him will I bring to the land where until he went, and his seed shall possess it. Because he had what? Another spirit. because he had another he had another spirit. So there was a spirit at work in those other people. God has not given us a spirit of fear but of law power and of a sound mind. There's a spirit at work. Yes sir. There are some things some people say we can tell that this is not I was talking to a brother recently. I said see now this is fear now. Now now we are reacting to something that we should have taken the lead cuz you see some things you think is just a matter of it's just the way I see it. A as for me as a as a as a young lady I realized that it doesn't really matter how I give birth. He just baby come out after you die on the theater or doesn't really matter the same way people say doesn't matter how you die just leave doesn't matter how you die now ve cut your head cut your arm cut your leg couldn't even say any part to bury doesn't matter just to leave why will you have to always be believing weird things can't you always take side with the power of god I don't want to stress myself there are people that did not stress himself that died there are also people that they say 10% success rate like one recently I was praying for one of our members brother's child they say 10% success rate for the surgery but the surgery succeeded now even the doctors do not have faith that it will work that's there are more things than all those things so the one that they say 80% success rate people still die put my life I the way I like to see things for me the perspective All those things that you are thinking is perspective. The way I see it, the way I is spiritual. You thought it was just the is giant. Now they has bread for is a matter of perspective. But God have brought spirit inside. So it was not normal eye. Those sons of anarch that they saw there's no more jazz people than those sons of anarch. So as they saw I said it catch them. The enchantment catch them. Big. Yeah, those are spirit of demons. Now those nephilims giant breeds that they saw the sons of Anna. That is the whole origin of where we talk about some other things. They not feel go they say their cities are welled up. We were in their sight. Let's let's read it. Some people you know I will just be quoting all these things trusting people know Bible. Some people their first time of of hearing some of these references. Numbers 13. Numbers 13:25. And they returned from searching of the land after 40 days. And they went and came to Moses and to Aon and all the congression of the children of Israel. Remember we read the next chapter, chapter 14. Okay? And they went and came to Moses and Aon and all the congression of the children of Israel. All the congression be careful who is addressing everybody in your house. What? Before they fill everybody with fear. This is how things work. Nobody ever rise. Can anything good come out from this family? We don't talk like that. Yeah. We don't talk like

that. Yeah. We don't think like that here. Say it's just how we think. That thinking is not normal. That's what I That thinking that you thought it was thinking is it not the same way say I don't think my wife my life is worth living. Just hang yourself. Is that one still thinking or a spirit? A spirit that is influencing them. Now we saw the other the last sun last uh two weeks ago Sunday that when I unleashed the power of God like that in the air the power of God was suffocating people that are hearing strange voices. Are they not normal believers? Voices that telling you cannot amount to much. The power of God catch them. Power of God located or pick them out. There are people that you see. It's just the way I was thinking. How was it the way they were thinking? Now, but we saw spirit now. Yes sir. That's why you need I s when you are hearing somebody talk and the person is saying um for me I I I'm for me um um I don't think I even see a man and if I see a man I may never have a child. It's my lot. I really messed up because I lived a useless life all my life. It's my lot. It's okay. Then they marry after like they are 45. God of Shilo came true because a different god. It had to be that one. 45 they finally got it. Now 50 can't have a child. It's my lot. It has come to pass. Then the spirit that is tormenting our life there is just man say ah we got this one. We got this one. We got this one. Oh, we got this one. We got her real good. She say when I get to I ask God say what did I go through questions all these people asking me everybody wants to ask me question that Bible has already answered you will eat of the fruit of your words where the tree lith there it shall remain. Now you talk I say Congo stay is what you said is what you predominantly believed. Do not say to the angel I was joking. Oh they're not a joke which like that. Oh Reverend she shared with us a story of a lady that the lady had so back seat. She was a fellowship leader and he was talking to her and she didn't know he was talking to her by the spirit and said to her that you attended this school and the lady said yes. She say she said he said many things that the lady thought oh you were in the same school say sister I'm talking to you now oh you in the spirit that's how bastarded she has bassed and he kept talking to her and he said you were with your friends and you said me I can't marry a Christian a man of God though because all these Christian brothers are not meeting us it's all anybody I can marry anybody now you have married alli it was what She every other person and the Lord said every other person could have been thinking like that but you were mature. You were not ignorant. You had handled the word of God. You had taught other people God's word. You couldn't have been joking. You couldn't have been joking saying all those things that uh me I don't have time for those kind of people. I don't have now you are angry that all the people that coming to meet you are all the people that you said will come and meet you couldn't have been joking do not say to the angel is a sleep of tongue it don't go carry out to pass say sorry it not a slip of tongue now what you believe I'm trying to show you not a slip of tongue number And they told him and said, uh, where are we again? There's, uh, they return from searching the land. Okay. 26. And they went and came to Moses, to Aaron, and to all the congregation of the children of Israel, unto the wilderness of Paradesh, and brought back word unto them, and unto all the congregation, and showed them the fruit of the land. And

they told him and said, we came into the land whether thou sentest us, and surely it flowth with what? This is the fruits of it. Nevertheless, the people be strong that dwell in the land. Nevertheless, the people that Nevertheless, the people be strong that dwell in the land. And the cities are what? And every and very moreover we saw the children of who? 29 went to go. You see perfect excuse that means on every corner we are finished. What happened next? Verse 31 to go. But the men that And they brought up an So how did they know how the people also saw them? Ex evil report. Evil report. H the way my life is going right now you not laugh all the triggers of power you will use it to say evil you first you say when we laugh and speak by faith you laugh if I for this situation you are sealing it you shake it together. And then they come out to see Caleb steal the people say hey everybody no no no let us go up at once they overshadowed him back majority majority this is the reason why you must be careful with community project the pastors know when we are believing god for something many times I don't have I don't allow anybody follow me to pray those pray together I come sing a corporate anointing somebody else come and stamp out I know as much As I have faith, I believe the best of people you know they reach like that too. There are some things I want to pray for not join me. I beg so that not as we are praying here another person inside it's like are you sure this can happen? Are you sure God? Ah ah I beg let me just maintain the result cuz I can maintain the result from the beginning to the end. Say we as a people we all came together and the Bible call it evil report. Evil report. Evil report. We don't do that here. Evil report. So it was not clear eye. It was not clear eye. It was not clear eye. Oh. Hallelujah. Ecclesiastes 5:6. Let me give you the text. I quoted it. Suffer not thy mouth to cause thy flesh to sin. Neither say thou before the angel that it was an error. Wherefore should God be angry at thy voice and destroy the work of thy hand? That's it. It was an error. It was an error. I did not mean it. I did not mean it. I did not mean it. It was an error. It was an error. It's not an error. Oh, you meant it. Oh, Job did not have time to say it was an error. What he feared must have come upon him already. And there was a lot of supernatural worldview context there. But at least for the surface one, why was he talking like that? because he can't say it to a matter of ignorance because he is of greater stature to know better. Isaiah 54. Isaiah 54 and verse 14. We read 14-17. Isaiah 54:14-17. In righteousness shalt thou be established. Thou shalt be far from what? Thou shalt not fear and from terror, for he shall not come n. Behold, they shall surely but not by. Whosoever shall gather together against thee shall behold I have created the smith that bloweth the co in the fire and that bringeth forth an instrument for his work. I have created the wister to destroy no weapon and every tongue that shall rise against thee in just make sure that tongue rising against you judgment is all your own. No tongue and every tongue that rise against me in judgment, thou shalt condemn. You must condemn it. This is the heritage of the servant of the Lord. And their righteousness is of me. This is the heritage. This is our inheritance. Amen. No weapon fashioned against me shall prosper. Oh, I love the story. A great man of God shared that they put a they put a gun on his side and said chill. Yeah. Receive take that thing away. It will not work. It's toy. The person said

ah it seem like you don't know. And he engaged the person and said you are not even afraid me that I can kill you. That thing is toy. It will not work again since you have put it to touch my body. And he said he said this thing I have been killing. I've killed many persons. So he said that thing has become toy. So the man cracked the gun shut up. Nothing came out. Nothing worked. Nothing. It didn't work. He said I will shoot you. He say you can shoot me. Nothing will come out his toy. That thing will not work. Pointed at him. Nothing work. He said neither. You know neither said neither made him renounce and confess all his sins. And he was standing with some pastors as he turned back to say let us now go to the police station. All the pastors that were with him had ran for their life because it's per head. It's not we we we we must know these things for yourself. must know this because if I mention my own you will say afterward after after you're always looking for excuse to die lazy. Stop looking for excuse to not be supernatural. Yes sir. That's why me and me other men of God story now. Amen. Stop looking for when this thing enter your spirit. Hi. Oh beautiful. Ah, this Saturday on Friday, ah, I went uh along the Lagos bin Express more tours like you're going to Lagos. So, there was a a property I was going to see 200 by 300, some other things and uh some huge amount of money. As we entered, of course, I'm not interested in the property anymore. But as we entered, the security man said to the person who went to show me the place that I saw scorpion. Scorpion beat me. Oh, and all of that. He said, "Ah, you'd have kept the scorpion for me." I said, "I hope you are okay." He said, "Ah, there's something the man said that things scatter my head on Friday." He said, "The scorpion that that beat me, it will surely die now." He say, "You know, I'm a fool man." The man said, "Yeah, it's true. When scorpion and snakes beat people, they always die. They cannot harm you people." I said, "Hey, I say it like normal." I know last as he said that when we're now passing the the bush, he say be careful about scorpions. I say, "Ah, this one are normal something." Even if there was Scorpio, I I know ah I know. I said, "No, no, no. Those things are uh those are lesser things that that man was talking about just now. Quickly quickly for my front they just make something that has power look like and what was the excuse say I'm a fool and man that means they don't cook and come that all those things based on is a full man go walk based on say they arrange them. Hey, then you see the child of God say, "Hey, you know, you're a child of Zion. Ah, you're a child of God." Beware of powerlessness. And look at how normal it was in his communication. And he was smiling and saying, "He beat me up, but I that one not go walk." And he said, "The scorpion must die because as long as he had beat me, we must die." Hey, he said and even if it was a snake, it must die. Said because I'm a full a child of God, I not sure if God can come true for me. This sign shall follow them that believe in my name shall cast out devil. You always start with the easy one. Shall cast if they drink any deadly thing. You know, I'm reminded of that serpent that beat Paul that we do where people now turn into song sh into the fire. A song for Paul. Paul did not even pray. They were waiting he will swell and die. He shook it into the fire. They were waiting he will soon swear and die. He did not swear and die. He got the whole city saved. Oh man, break. What kind of

presenting are we having now that we are because of all those lazy interpretation of scriptures? No, I believe in the supernatural. I choose to be supernatural. I shared with you that story of that man that say ah wabana wabana to death to all those people that made his wife need inside water. All of them with their many guns drop on you say what is that one? What is that one? What kind of story all the made so s we have more terrible ones than that one? What about those people that tell told the the reverend Dr. M that this crusade will not hold. Rain will fall. He say all of you rain will fall and the wind will blow your roof and blow it to the next village and rain will only fall in your houses. After they say um you are wicked said no people said the will not hold. I think the rain fell in your houses. How does wind really blow the roof and blow it to another village? Say kind of thing. I don't believe it. I don't believe it. You die by correction. Better be believing it. The days are evil. The days are evil. Day onto day on tire speech. Things are being said in dark places. Oh, the habitation of the world are full of cruelty. Deliver the prisoners out of the pit. Hey Golth, you have been fighting from your youth. Golth is skillful enough. Why does he have to still cause David the name of his god? Baba, if it is what fight, you can kill David. David had not even handled those weapons before. But Golth for him that you say is he's a very skillful professional. He doesn't know anything all those ways be is it for joke I'm there I'm not trying to scare you but if you run with footmen and they wear you baba what will you do when you run with chariot never see any conf any conflict just small just like that pastor that died and the n came out and raised his hand and said it's mistake I just Let me just test the power. I didn't know it will kill him. M say people don't believe that kind of story because man I believe I used to believe kind of I believe every type of supernatural so let me test it say let me test this power test it on the pastor pastor just slumber die cuz he's a coward there are many of such cowards that hold the mic too that have ideas of the power of God that is not the power of Go. No weapon fashioned against me shall prosper. No fear in the face of seeming difficulty. Look at Elijah. Look at Elisha. Look at how they look beyond the ordinary. Jesus said, "I am he." And the Bible say, "And they fell." That showed you that if it was about if Jesus can escape and live there, he could have. No man take my life. See that scripture became real to me. No man take my life. That's the way of sons. No man take my life. I lay down until and papay taught us that he called writing your own ticket with God. Only until I'm satisfied with days. My life is not on the street. It's not on the air. It's not on the water. It's not it's not in any bullet or cut glass or knife. My life is in the hand of God. When I am satisfied with my days, I will draw my leg into my bed having blessed my children children. That's how to think. He has made the divine mad. He has frustrated the tokens of life. Said there's an old testament quote that one. Hey, not sabi talk. have seen Christians piss on themselves because in his daughter was in the oh I remember the days where she used to enter Boss I don't know what is happening with this gen these people this I don't I don't like using word this generation the people these days a man dress in so people were trying to come out on the bus I said do you want to enter this bus but you not be comfortable he said no no no driver you can drive I just tell you now you not be

comfortable all the things you use will not work again. Oh, that story in Asaba is still fresh in my memory. Pastor man shared it reminded me again. A man came to be born again. He had a ring in his hand for magic. I got him born again. As I lay down on him to be filled with the spirit of God, the ring in his hand disappear. Me. So all of us are mad like you. No, we are not mad. It's you that is mad, sir. We cannot know. We should know what we saw. We should know what happened. magic ring disappeared because that was what Baba was using for power and what he has been believing, bribing, using natural means to get, I had not been able to get as he got born again filled with the spirit of God. What he had bribed and lobbied for for years that not work now work he got the promotion hand to to show him and I said to him I said God have shown you that all those things are nonsense. Say so how will not be safe? I said that power is enough to keep you safe. So now they use for my now they use for my security work now for my security work. I look at again the way was saying it looks so normal and it look like a normal person know but get one thing for hand. My God is in me. Everywhere I'm going I'm going with him. [Applause] Oh I'm going with him. Oh I'm going with him. Know ye not that you are the temple of God, the shrine of God, the temple of God, that the spirit of God dwells in you. Know ye not the spirit of God dwells in me. I'm a house of God, a temple of God. Hallelujah. Why not ordinary man? Glory. Amen. Woo! Glory. [Applause] Hallelujah. Praise God. The greater one lives inside of me. The greater one lives inside of me. For greater is he that is in me than he that is in the word. Child of God, do you know who you are? Sometimes when I'm engaging with people and they try to tell me that I said that one nothing now I telling one of I said he said they use cutlas he said if not that they were able to bust his head the jazz would not the cut and everything that would not have entered but the fact that they were able to small blood came out that's because they were shooting him I said ah that one a small one now you must have it and I straight to him I said let me test it with you now you'll see he said no Oh no no no because he knew all his fortification is nothing before and it was just normal talk we were talking but he knew he said ah baba I know you now it's not you that told me that day that rain will not fall that whole weekend not fall weather change everything dark I told people that my my go in fact we do bet they did bet I didn't even know it was after say I cashed out I said I've seen You I told you that they may kidnap people there. I saw you enter the same place. I said you are not just afraid. There is a way to live. There is a way to think. There is a way to talk. Life is by power. And we have it in Christ Jesus. I refuse to live ordinarily. Say I'm a fool man. Hey, I'm a child of God. Oh, I'm a child of God. Oh, a child of God. Let it enter you. I'm a child of God. I'm a child of God. God is on my inside. God is on my inside. Power is on my inside. I'm unstoppable. Glory. Amen. I remember of the days where in a like that come come towards me. I say sleep. I say that's how that's how we survive because when I was in school I just tapped and the person fall the ground just like that what I carry is terrible if we don't wake him up he will stay till tomorrow he will keep staying till next week just like that and his child of God a fellow believer imagine now have J it will go over and beyond Cooper Balu target try to help him up and see if you can.

We have power. You they use your own. You they use your own see you see something is oh you see what happened to them. Sit sit sit sit sit sit sit sit sit. See people that trying to help somebody see power of God have put all of them is talk let's use you as example now you may not wake up there are more ancient ways there are more ancient ways oh what knocked you people down Brother David, what happened? You were trying to help him. It's like it was, you see, as they try to drag somebody up, should he not? We are greater than divers and enchanters. Where is your blow breeze? We are great. Balac said Balam climb up this mountain and cause. Why is Balac can't you just go and fight war? Go and fight the Israelite now. Do you have to use balam to c them first before you fight? Is it not just to fight? Stop thinking life is not by power. Barak said I cannot say you are you do this one say let me go up at say no you will follow us to the battle say for if you follow us then we are sure we will win. When Deborah followed Barack notice the story say and the stars fought for us. West has come the first he has engaged powers. You come against me, you come against all the forces that work with me. You are having sleepless night because of co 13 witches making you have sleepless night. What about your inable company of angels? You for my hand. You for my hand. Sometimes I I I when I see court boys, when I see rugged people, I just want I just shake their hands and they just begin to stagger back. I grab them back. I just would like to do all those things just to show them that is by my by my mercies that you are alive. My great compassion faileth not for you. You not be thinking we are all we all the same. Especially when I when all those bragging A body builder threatening people just one finger on his shoulder he crumbled as a pack on the ground. There are more powerful power than building muscles. Samson's power was not his muzzle. If not they will not be asking what's the secret of his power. Don't be asking what the secret of his power. If the secret of his power was his muzzle is blind is all Philistines blind. They are not blind and they should know of his power is his muzzle but his power is not his muzzle. Yes sir. We have power great power. So he's just going to sleep like that tomorrow. You know the I didn't even prepare him or to know what I was going to do to him. He wave him like like like force because he's a force. Let me help the man of God. Wake. Help him up. Help him up, doctor. He could let him tell us what happened to him. At least he didn't know what was going to happen to him. I took him by surprise. Look at how normal people believe in touch and follow. They touch him. They just touch me now. Touch me. Touch me. Man say you die by correction. All those that hate my soul. Love death. Me. I'm old covenant like that. Oh, I'm old covenant like that. Test me first. Now you will know you have jammed something. If the rock fall, it go crush you. Oh. Peace. What happened when I came out? I I thought you wanted to use me as an example maybe for other thing. So when you lay hands on me, I saw something something like wind. I tried to stagger. So the thing knocked me down and that was all. I was I was not hearing you very small small small. I tried to stand up but it's as if all my system were not functioning at that time. Help him. Help him. You are fine in Jesus name. Don't come against a praying man. Oh yes. Sorry for you. Zer said to the husband, "Hey man, if he's really a Jew, we have just started

to fall. We will just be falling the go. There's going to be no end of this hour for the next day. They don't put out for the gallows. Life is power. Life is power. Yes, sir. Life is power. Yes, sir. I choose to walk. Oh, there's another human being there. Oh, peace. Wake. help out. Just like that. Just like that. Oh, when you attend ministries like this where you see the power of God every day, you cause a fear. You disgrace us. You disgrace us. Live with the consciousness of God's power. Hallelujah. Hallelujah. The man said I'm a man under authority. I say to one go and he goes another. So it's how you use authority issue by speaking. Yes sir. Now watch. Let the power of God come upon this first row, second row, third row like a rushing mighty wind. Even now it's like fire and wind upon them. So our words can give direction. It's not the same pastor I've been preaching since. It's the same pastor that have been preaching since. So our words can give direction like that. Why your own not working? Because you think he's lost. Say let me just try. We don't we don't do that nonsense. Yeah. Let me try. We don't try. We use the power of God. We are not testing to see if it will work. That's how foolish people act with the power of God. Is not luck. We are not trying to see if it will work. It always work. How do you tell that manner that got born again and the day got born again and feel the spirit bring this away from your hand? There's nothing like power of God. He can't find it. Maybe disappear to inside his house. Check inside house. not see when you heard of the visionary shared the story of that woman that her missing ring appear in her lap say you have not seen anything life is by power sir I say to this week this is how you will go that's how it will go I said to another week, this is how it will go. This is how it will go. Say just like that. Just like that, sir. Hallelujah. Praise God. Amen. Amen. Life is supernatural. Now, I've been so stressed all through yesterday into the morning. Yeah, yesterday the 19th of the morning and my whole body is broken. I said to my wife, I said once I climb up now, the power of God will just come upon me. The anointing to just look like I'm not a normal human being because that one can I'm jumping moving I mean that hey because when you are under the anointing it's a different ball game or every of the normal faculties are suspended. extremely tired physically that we cannot say I'm not going to come to church. No, no, no. Speak to your body. You say since I'm even going to preach the power of God will just take over from there. I just entered collected the bank and the person in my house know say that no man I almost b the man of God this morning cuz he not have power. Life is power life is supernatural. We've seen too much to doubt the power of God. Nobody's going to tell me that the power of God does not work. I've said to a vehicle stop and the vehicle stop. The plane does not have landing gear. The plane still land. My life is not in the air that it should be plucked off. Say the plane there's something wrong with the landing gear. And so I did not see that I died in the air. So why is the plane how does plane not have landing gear have to do with me landing? You must you must take away the power of circumstances from hurting you and let it be only what you say that stands. That's power. Yes sir. Hallelujah. Glory. David could have uh immediately Goliath turned the battle. 1st Samuel chapter uh 17. Immediately Goliath turned the battle to something else and caused David

the name of his God. David said, "You come to me, but I come to you in the name of the Lord." David also brought the Lord inside though because the Battle is longer a B. So it did not matter what was in David's hand. David had already said I would take off your head. It didn't matter what was in David hand. Even that's why I hate all those depictions that the Amazon and the rest are trying to depict in those nonsense movies that Goliath through the spearhead took David that one is filmed. They trying to act. If David had knocked his leg three times on the ground, Golia would have died. If David said I will not throw stone, don't fall for that nonsense cheap trick that Hollywood is doing. Oh, the power of God is the power of God. Jesus said make them sit. They say there's no food. They say make them sit. At the at the fourth watch, they saw a man walking on the sea. Is this not a ghost? It was Jesus. He said he would have even walked past them. You know, enter the boat again. Read all these things. Let it affect your concept of life. How you see God. How you see God is with me. I'm not ordinary. I'm a child of God. I'm a child of God. I'm a child of God. I'm a child of God. I'm supernatural. I'm superal. I'm a child of God. Three times Balam tried to cause and he could not. There was a shout of a king. Moses has stretched his hand over Israel. A shadow of a king in their midst in no walk, no enchantment, no divination. What do you believe? Joshua is down fighting. Moses is up lifting his hands up. Immediately Moses hand go down. Joshua start losing. That you can fight. That you have all the things does not mean hand should not be lifted up. Sometimes in the natural and and I've been doing this a lot these days, shutting people up who say things like because they are not exposed. How exposed are you? How much have you seen? There's some amount you see now you you may never come to church again. You may backslide. You have not seen money now. You have not handled people's money. I've handled people's money that can make you not sleep well at night. You see there's there's nothing like that. Nobody's using forces. How many persons do you know? How many billions do you know in this life? How many is not watching them on television? How many have interactions with you? How many that you are so bold to knock off what we are seeing with experience? How many do you know? Because people always say it's not like that. Let anybody fool you. Everything is about hard work. Really? Oh, I was watching a video of this wonderful woman who was the first bank uh Mrs. Ibuka. She was sharing that story of I've heard that story before from her, but it just hits again differently. watch seen it again this week about the man man that got a job that could eas and they were saying no it's not supposed to be him it's not supposed to be him and and later she found out that when she was telling her P to check that s that the wife had no that wife they pray and later she had resigned uh she had left the whole industry now but that man wrote a letter to her and stating that God used her Stop thinking there's nothing supernatural about it. Nothing supernatural about it. There's nothing supernatural about it. Only when you have used the power of God, you will know that things are supernatural. How did how did Abraham deliver Lot? by skillfulness of sword and he packed servants from his house and defeated four nations that defeated five nations. Those four lepers they let us go and the whole nation ran because their footstep

was like footstep of the army left all not only at least you want to go back pack your things now that the word of the man of God will come to pass that a corn will be sold for this amount. It looked impossible that that man that le on the king staff said this thing cannot happen. Elisha said you will see it but you not eat it. Add again. Put the man in the place where we sit anoint it. Hallelujah. I believe God. I believe God. I believe God. I believe God. Ahijah said to Jehoban's wife, why have you disguised yourself? The man is going blind though. He cannot even see physically again. The Jeroban's wife still had to disguise for a blind man. You still disguise yourself. He still catch you before you even knock door. Why have you disguised yourself of Jeroboam? Come in then told her. She didn't even have to say what she came for. He go die or he go die. Nothing go change the matter. The stories are there for our doctrine. Hallelujah. We believe in prayers. We believe in hands laid. We believe in words spoken. It's not by like it's by like that. For Joshua was full of wisdom. Because Moses had laid his hands on him. So if you ask Joshua, why are you full of wisdom? He won't say because I read 50 books. No, he say hands were laid on me. We must not deny spiritual infrastructure. Hallelujah. For they perceive that these men had been with Jesus. Hallelujah. [Music] I can tell you things that have changed in my life because hands were laid on me. Words were spoken over me. I can tell you quantum leaps that have happened in my finances because the visionary said this to me. Because Reverend Williams laid hands on me and said, "You will see it. There some things that are unexplainable. Let's be supernatural. Amen. Amen. Thank you Jesus. No weapon that is formed against me shall prosper. Hallelujah. Life is not just about sense. Oh, life is not just about hard work. Oh, life is not just about degrees. Oh, life is not just about connections. Oh, add power. Stop seeing life ordinarily. Add power. Add power. Our sister shared with us that story of her account and they told that what was that account again? Uh PayPal account that they said that once you have lost that once that account have been locked like that it cannot be opened. It was miracle meeting. It was was it Saturday or Sunday? In the ninth. The account was now activated back after the the chances even the the expert gave the chances that is impossible. She now said there's nothing else to believe God for. Let me just pull this account in the hand of God that this account have been closed will be open. Power of God open there. We don't do lock here. Yes sir. We have a greater charm than luck. Yes sir. The grace of God is working for us. Yes sir. We we have a greater force that we walk with than luck. No we are not doing that. Say may you be lucky today. No no no no. To have a wife. Abraham said the angel of the Lord will go with you Elazar to ensure that you get a wife for my child. for marriage marriage people they marry the eye woman they go add join Abraham you see how he's thinking he's conscious of the unseen to let's read that story look at how Elza was telling the story that my or made me swear oh before I left the house Genesis 24 and my master made me swear verse 37 saying thou shalt not take a wife to my sons of the daughters of the Canaanites in whose hand in whose land I dwell but thou shalt go unto my father's house and to my kindred and take a wife unto my son and I said unto my master par venture the woman will not what if the woman not g

follow me verse 40 and he said unto the Lord God before whom I walk will send his angel with you and prosper thy way. This thing go work. Abraham cannot even think normally again. Say angel will follow you to to make this thing work to prosper that way and that shall take a wife for my son of my kindred and of my fathers for wife. Sead angel join is by forces. is by is by is by it. Through you, Lord, I run through a troop. Hallelujah. We believe God. That sister shared the story with us. The blood sample that has already been taken, the power of God still corrected that one. Even the blood sample they would have said ah since she has gotten healed now the power of God still went back the one that they already took before that could have showed something. There are things you hear even if they born you to be a doubter it should die. It should die like no no no no I've seen too much to doubt God again. Let let miracles renew your mind. Let possibilities of almightiness renew your mind that know it's either it work or it work. Heads or tail we win. Yes sir. We have no option but to win. Hallelujah. Amen. Amen. The man of God and that's what I believe. The man of God said to the woman, "The corn, the flower will not fail." And he say it happened accord. So you see that that was against economic principles. The flower that widow of Zarat say prepare for me first. Today's bloggers would have evil man of God telling a woman to prepare for him first. But she was going to die now. Both she and her husband she and her child would have died now. Evil man of God. This is how men of God do now. Stop talking about things she don't know anything about. Evil man of God. He say prepare for me first. This is how they go about making people poor. For people who have an issue with giving, I always say what about the one that the Lord now told you is the Lord also now being manipulated. The Lord is not telling you to give and I have told you maybe I'm one of those fewentric which is B to say it or Christ interpreter which or people that like sound to tell you many of you are where you are financially because you don't listen to the voice of God. All those prompt and n God has put in your heart to give to pray to go here do that you don't yield is why you are where you are and you may be envying all of us who why do you envy our results so much but you don't want to copy our work copy the workings you like result but you don't like working me I like working how did he get there I like it let me copy it too don't change what works Don't change what works. Don't change what works. Don't change what works. Hallelujah. Don't change what works. I beg you. Is it by is by it? Because if that widow had not given to Elijah, Elijah would not have said what Elijah said. Why did God not do it on that way? You see all those kind of questions that look like good question is why people stay the way they are staying. But she was going to eat it and die. It didn't matter anything. Why didn't ask how come she was just going to eat and die? Last year the Lord asked me that question. He said, "Did you observe that the woman that was in depth did not go to another credit agency, but she ran to the prophets and said, "They have also come to take away my sons." Where do you turn to when you are out of options? The power of God always works. The man of God said, "Get, what do you have in your house?" Say I have this lock the doors call it the principle of the shut door. Now that's the same way when you say when you enter your closed pray say shut the door and keep

pouring oil until there was no more vessel. How do you that kind of story and say you don't believe in miracle? Either you believe in the Bible or you don't believe in the Bible. There are too many supernatural stories in the Bible. Too many. Share with you that story of that of of that boy when we were in school that I went to to visit my friend in their room and they were arguing about miracles and somebody from nowhere we just heard heavy slaph what happened and the person that slapped somebody before we could know is crying. So everybody calm down now who slap person they cry. Then he brought out his phone and showed a picture of his sister who had one leg shorter than one. He said it wasn't Riad Bonkey Crusade. He said we had just entered into the Oak Stadium and her leg grew out. He said if you say miracles does not exist again I'll give you another slap. Then he said me I'm not even born again. He said but you cannot tell me miracles are not real. Are we all going to deny what we have seen? Because so that you will be happy. You and your evil bloggers to be happy. We will not deny the power of God. No, no, no, no, no, no, no. We will not deny the power of God. We will not deny it. I've come too far. I've come too far to be to be doubting to be denying this thing. They work. The power of God works is always working and will always come true for me. God is no respecter of persons. God is not doing favoritism. He that cometh to God must believe that he is and of them that seek him. Hallelujah. Amen. The difference between many of us and you is that when we heard that voice pray two hours every day, we maintained it. When we heard that nudge in our heart, give to that your gas, give him this 5 million. and say, "Ah, 5 million." H it's not fair. It's not fair. We did it. When we heard carry your leg now go to that office, but you didn't call the supervisor that you were coming. Just go. We went following those nudges. Following those nudges of the spirit. When we got that n by all that property, we bought it. Then after it it's 50x they say I don't know how things are just working for them differently because we are doing different things we are being led by the spirit God have sent his angel to prosper our way have sent his angel to prosper our way and I choose to be led by the spirit of God I choose to be led by the spirit of God my life will not go the normal way no my life will go in the direction of the power of God [Music] Hallelujah. I don't know why Abra why uh uh what's his name Jacob will make it about say prepare anything that my soul love so that uh Isaac sorry that my soul love that I will bless. See blessings come from different depth in a man's heart and that one there are special moments there are special times maximize it learn it and that's because I prayed some prayers for some there are some prayers I know said that prayer even it touched me way where well that one came from a depth I don't believe in those things I I don't I don't you don't believe in anything but you like supernatural results your life will be growing with your normal hard work sense result but our own we have the same sense we have the same hard work we have the same degrees we have the same but we have added power to our own and that's the one that we believe that's the one that I believe that's the one that I believe that's the one that I believe that's the one that I believe I'll be led by the spirit of God. Mary said, "Whatever he tells you to do, do it." That's the secret of miracle. Whatever he tells you to do, do it. For many, once they

hear money inside what he tells them to do, they remember their favorite preacher that told them you are not buying miracle. Who told you are buying miracle before? Are you that silly? You are explaining Bible to God that Lord you know that it's not the giving that will make it happen. So obviously God is a fool. He doesn't know what he's telling you and I'm saying many time because among people who like sound that one not hear that one and is the 99% of the reason why many believers never experience supernatural abundance because the only abundance they experience is the one that had what gave them. when they now hear testimonies other person are [Music] having those a brother I was looking at him and I said you would do 4 hours oh you would do it two days in a row then things will change I said ah I just give God thanks now that's it they they argue with who they see is the word of the lord with you the word of lord is with me and you know they said those the kings when They came together and said find a man that have the word of the Lord with him that I have revelation they see I'm telling you this is what to do thank God he did it he said man of God things are now looking different I reminded him now so you argue with me the other day there's a concentrated time you would have spent there some other person I said do you even have a dollar account they say and I was thinking about it see you are thinking about it. The Lord said to me, go and open one of the accounts. I was in the bank. My very first account that I opened, I was still in the bank when somebody asked me for my bank account details. I didn't have a bank account. I mean, my very first account, which is a GT bank account, I was in the bank when somebody asked me for my account number. So the money I I would have used to deposit to open the account. It was somebody that sent it and the person did not know that I was still inside the bank opening account. I finished praying and the Lord said make sure it does not exceed this week to open that bank account. I said oh yeah nice before I was using my brother account that my brother [Music] there I was there stories we don't share but I'm I'm opening archives for you. I was in the bank when I'm in char what I don't do those stupid things while I was in the way the Lord led me I'm always led by the spirit of God the day I open a dollar account that same week somebody asked me for my dollar [Music] account from prayer we have had motions and I was open that dollar account the Lord said also stretch it open and pound account I said, "Ah, who dash monkey banana?" They used to dash monkey banana. I was that stupid though. I used that statement for the Lord. Dash monkey banana. The Lord said they used to dash monkey banana. That's how monkey used to eat banana. They used to dash them. Let your heart enlarge. I used to say 1 million is enough to when you take responsibility for other person 1 million will not be enough. You are too selfish. That's why you think 1 million is big. Now that they are paying you 1 million, we can't even see how many lives you have because your prosperity is only for you and you also stingy man. No life has been blessed. Nobody around you has been helped by your finances. Then when we now say believe God for lifting power, you say no after what they are paying me is enough. Because you are not carrying weight. But if you are carrying weight of of people, you will know that we need to believe God. Oh, there's something called favor.

There's something called favor. And you see it works even for unbelievers. Unbelievers have been favored too. But you child of God had a friend of mine. He had never been given anything in his life until I told him that brother you not believe in favor. But you don't you believe that everything in this life I must that same week is alive and well when maybe when one of the days he attend our service I pray to him so you see it I said it to him another one is a pastor that one has preached for me before I because he has worked hard and I said to him that's why nobody's giving to you I said your was telling me his members have they rarely ever I said not just because you have money it's a posture I said change it start thinking like people see me and they love to give In the week he started one one of his member that I did not know have money that I thought can they have anything to give me came and said pastor I've been I've been meaning to give you this for some time now some time now you see the forces some time now not doing work because he's he's some people see you and they say he doesn't deserve that much money now just find two five and give him that's the forces that I'm telling you here there are some of There are some of you to do something for say no find 5K 5K will try for the brother. There's a pastor I said to him I said people have but every time they see you they want to reduce the money that why should we give him that kind of big moneyh they have rated you for change is forces so that give people that notion of no no he doesn't deserve that much now ah 25k is enough 10k is enough you will break that mentality you will break that mentality Break it. Yes, sir. I believe God. I believe God. Stand on your feet. I believe God. I believe God. I believe God. I believe God. I believe God. I believe God for miracles. God for miracles. I believe God. I believe God for breakthrough. For breakthrough. For lifting. For the pillars of the earth is the Lord. I believe God. Oh. I believe God. Oh. There are conversations that we are having now. There are boardrooms that we are sitting down [Music] now. I believe God. I believe God. I believe God. I believe God. May I believe God? After I told that my friend about believing for favor in his office, his own was even the next day in his office his colleague gave him money because I don't I don't [Music] force everything this life I have is what my hard work gave me. That's why you are having it so and then you now want to argue with us that all these things does not work. It does not work because you are against it. Your whole life, your whole framing is against it. But as you rise in society, you will know the place of influence. You will know the place of favor before those that matter. Because not everything that my hard work and my money will bring me in. Can God furnish a table in the wilderness, my own God can. And I believe God. I'm not against hard work and that's why God can tell you to get another degree. God can tell you to learn a skill. We are not against that. We believe in the We believe the best. We believe in two words. But I believe God. I believe God. Thank you Jesus. Lift your hands and pray in the Holy Ghost. I believe God. I believe God. God is the lifter of man. God is a lifter of men. I believe [Music] God, I've come as God's servant this morning to tell you is by hiding that notion in your heart. Yes, sir is by that 5 million you are going to give. Yes, ma is by that one million you are going to give. Yes sir. Is by that all through the night you are going to pray into the morning

is by it. It's by it is by it. Yield to the Holy Ghost. Do those things God put in your heart to do. Learn to maximize spiritual moment. Strike as the fire is [Music] hot. You yield to the Holy Ghost. You do as the Lord leads you to do to pray to fast to build associations and allies and relationship and partnership. You do that the foolth himself because I know the way into the city but I know the way into the city. The Lord is leading me. The Lord is guiding me. [Music] God is leading me. God is guiding me. Things are working.
