

I will carry it over to the evening. Father, we thank you this morning. We open our hearts to your spirit and we trust that in this service again the eyes of our understanding will be flooded. We like to leave here with a greater understanding of your word. Even again as we study on unseen forces, we receive clarity in the name of Jesus. We know about how the realm of the spirit function. We know how the realm of the spirit works. And even now again we declare that by reason of the words we hear will be wise and strong with the power of God's spirit in the name of Jesus and we will be able to walk in the powers of the word to come in the name of Jesus. Amen. We declare that in this service the things that ought to be said will be said. The things that ought to be done will be done. Amen. Even as the word of God is taught on him that is given to every operation of the spirit in all entrance in revelation and in power and we declare that we will be blessed because we came in the name of Jesus. Amen. Hallelujah. God bless you. Have your seats. Unseen forces being wise and strong with his power. Ephesians chapter 6 and we'll go right to the text. We spent more time in Ephesians chapter 6. Ephesians 6 and verse 10. He says, "Finally, my brethren, be strong in the Lord and in the power of his might." And he uses two words for power there. Be strong in the Lord. Strong in the Lord and in the power of his might. The power of his might. Be strong in the Lord and in the power of his might. Be strong in the Lord and in his mighty power. In the strength of his power, in the strength of his might. Then he says, "Put on the whole armor of God that you may be able to stand against the wiles of the devil." So this will be dark forces, negative forces now that he's mentioning here. So it says against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of darkness of this world, against spiritual wickedness in high places. Wherefore take unto you the whole armor of God, that you may be able to withstand in the evil day, having done all to stand. Stand therefore, having your loins girded about with truth, and having on the breastplate of righteousness, and your feet shod with the preparation of the gospel of peace. Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked, and take the helmet of salvation, and the sword of the spirit, which is the word of God, praying always with all prayer and supplication in the spirit, and watching thereunto with all perseverance and supplication for all saints. Hallelujah. Amen. Now observe how he explained what we have and how he explained about what people often call spiritual warfare. So spiritual warfare is not shouting and losing. That's not spiritual warfare. That's you casting out devil or what we or people will call exorcism or the Greek word is ebalo to drive out devils. That's not what he's talking about here in Ephesians chapter 6 because he mentions things in our armory such as truth, gospel, faith, salvation, word of God, prayer. So it's not mentioning this is not uh there's a set of people uh something there's a they call it spiritual warfare something something and they go up and they are binding and losing that's how to be uh distracted proponent of that is when some apostles outside the country they taught a lot about what they call spiritual warfare where you have to go. If you are in the air, it allows you for binding and losing. All right? That's how a believers waste time. Amen. That's how

believers waste time. That's not the warfare is talking about here. The warfare is talking about here is in our living and pushing the frontiers of the kingdom of God. that the opposition we have in our preaching the gospel and living for the kingdom of God, we have principalities and powers that try to oppose that. And he's not telling us to pick a fight and be throwing blow. He says he mentions stand four times. Having done all to stand, stand therefore. Now, of course, there are some teachers who try to remove the whole binding and losing, and I'm not saying there's nothing like that. But that's not what this text is about. This text is not about binding and losing. This text is not about that kind of warfare. If that's allow the use of the word warfare since you uh this warfare year, I remember when I first saw TL Osborne explain it, I threw away that book like nah nah nah, it makes no sense. I was still much younger then. Like no, no, no, no, no, no. It can't be. Can't be. How can you say spiritual warfare is preaching the gospel? How can you say spiritual warfare? How can you explain all of these things? No, no. Let's shout. So, is there power encounters with devils? Yes. But that's not Ephesians 6. That's not the focus. So, we must separate the two. And that's often what is called in many cycles deliverance. Uh so there's a difference between how that is. Of course it's just a it's just an English word deliverance. So most people say no we already delivered. Some say we need to perform it or do the work of deliverance. Now of course as always it's just grammar. Now if you were looking at Bible word the word deliverance in the Bible has multiple meaning. People were delivered from situations. Deliverance could also be used to explain what Jesus has done for us having delivered us from the kingdom of darkness. So the kingdom of his dear son which that word deliverance there's the same word for the forgiveness of sin. Apheresis in the Greek God has forgiven us our sin. So you see how he used in acts 26 how use Ephesians 1:7 Colossians 1:14 all the references in whom we we have the forgiveness of sin the forgiveness of sin. So that is a remover. He has delivered us, removed us from darkness. He has given us his spirit. We are in the kingdom of his dear son. Now so Colossians says we have been translated. So all of those teachings Colossians 1 and verse u 13 who has delivered us from the ps of and has transited us into the kingdom of his dear son in whom we have redemption through his blood even the forgiveness that's the word apheresis the forgiveness of sin the forgiveness of sin that's the word deliverance in Luke 4:18 the spirit of the lord is upon me because he has anointed me to preach the gospel to the poor sent me to heal the brokenhearted to preach deliverance to the captive. So this deliverance here is preached. Amen. To preach the deliverance to preach the deliverance. That's the word deliverance there. Now there are other phrases for the word deliver or deliverance. Amen. For example, look at this context. So you see in Corinthians 2 Corinthians chapter 1 now Paul is already saved but he says verse 8 for we will not brethren have you ignorant of our trouble which came to us in Asia that we were pressed out of measure above strength in so much that we despaired even of life but we had the sentence of death in ourselves that we should not trust in ourselves but in God which raisth the dead who delivered us from. So that is the word roi that a rescue. Now this is still ongoing. So you say we have already

been delivered. There's no more deliverance. What do you mean? It has to be explained that we are no longer in the devil's domain or under his grip and power. That has already been done. However, deliverance is just an English word. So let's not demonize the word because of some people who always we preach we who pray deliverance every month. renew your deliverance or you bring an offering for family what they call that nonsense again family libration. Yeah. And and so many people have said go and find sand. If you went to school, you should know that that sand in your compound should not be the sand in your compound again because rain has been falling. It has been so you get that. So it's somebody else sand that you have got to go and break in the compound and they do all of those things and they say so that we can put that sand and pray that the power that held this family bound. Now of course uh sound doctrine does not deny that there's such a thing as powers of darkness that holds people down but not for the man in Christ. And if it holds the man in Christ down, I said I think we emphasized this on Wednesday for only two reasons. It has to be that that believer is ignorant or in unbelief because knowledge is how you appropriate. Knowledge is your light in the realm of the spirit. Knowledge is your functionality. What you don't know, you don't live in, you don't function in. So if it's yes, say I know I have authority, doesn't mean you are living in it. the Satan will use you to play uh 10 10. So Jesus said to that woman, "Ought not this woman whom Satan has bound this 18 years be loose." So Jesus in his theology does not deny that Satan can bound people and so we mustn't have a theology that say Satan does not bound people. Satan bound people now sick some look at how many sicknesses Jesus healed and casted out spirit of infirmity. Amen. So we must not get to that slippery slope. But that is not what the Bible calls spiritual warfare. So that's just power encounter separate the two. So there are two operations. So the word deliverance is based on the context. So if it's from under Satan's grip and power that one has already happened. So upon man Zion there shall be deliverance. Not you come to Zion for us to deliver you. Upon man Zion there is the delivered ones. We have already come out from darkness into light. Upon man Zionia 17 shall be deliverance of the house of Jacob shall possess her possession. That upon man there shall be deliverance. Deliverance there is the delivered ones. The ones that have already been delivered. So there are in man Zion that's where they were delivered onto. Amen. So that's so true and that must be emphasized. Amen. So when Mark 16 says these signs shall that believe in my name they shall cast out devil. That is not spiritual uh warfare. That's power encounter. The same thing in the release of God's power. So separate the two that from the preaching of the gospel. Now what some people now doing? They are preaching of the gospel. They counsel devils out of people. No, the devil demon and there are different levels of demonization. Uh and which is not what we should spend all our time talking about. But we mustn't ignore it. And that's why teachings like this are very important because when you say things like it does not is it that everybody all around you are all pretending. No, they are not. They are obviously going through things and people are obviously suffering many afflictions of the devil but not for the man that knows not for the

man that is in faith. So ignorance and unbelief gives room makes it look like you are not anything that God says you are. Amen. Then many other which is the common one when a believer is now not in ignorance and unbelief and now what he does to himself he or she does to him or herself by their belief system where they have ideas that uh somebody cannot just live life without there wait and see there's this and this there's this and this and they believe it in their life that it can be so now they are the ones have given give room to those operations or it can come from the emotional plane which is the most common type where because of offense that's that's why you never allow negative emotions they are destructive just say bless is he that is not offend because all those things affect it opens you up to because there are sub demonizations in the mind where you are being obsessed or oppressed in your mind and which people separate and say oh possession people say Of course the word is just demonized. So say is that individual possessed when you mean possessed. Do you mean is the devil living inside the person? No, that can't happen when a man is saved. Only God lives. So how did the devil do that? He beat the Holy Spirit up, beat God out of the body and enter inside. No, that's not true. However, influence is how that influence and that's why we can shake off those influence by renewing our mind and that now takes us to which I said this in our first time when we taught on unseen forces last year that that's why we must be particular with how we live because how we live is now that warfare he's dealing with Ephesians 6 our living for the gospel which is in preaching and our conduct and that's why the armory have things for those two things cuz that's what is focused on now I'm going to see explain it line by line but just on Wednesday not uh just taking it step by step so that our minds Ephesians 6 is one of the easiest texts in the scriptures to interpret but because of the different ideas people have so they armor put on the armor it looks like you are going to everything there is not what you already who you are in Christ what you already have in Christ. It's just how we live the Christian life. But we get to that. But what he told us to take off, which is where we started on Wednesday, we wrestle not against papa this and mama this wrestle against flesh and blood, but against principality and powers. And he mentions four things. Against principality and powers. What else? Against the rulers of darkness of this world. against spiritual wickedness, wicked spirits. So, and that is in the opposition to the gospel. Notice some of our songs we seek reclaiming the dark places for our God. Now, that is who you will run into, the princes of the nations, those spirits that have taken over those colonies. And the way we do warfare, I love I think even if if we're looking at experience, a man like Raoni have more experience because he want souls. So at least we should still hear him. So if people don't want to take us seriously, at least he want souls. He said when we let loose the gospel, we let loose the power of God. How did this is in his book emergency by fire? I'm quoting it. He said, "How did Paul do warfare in Ephesus? Is it by shouting Diana has fallen? Diana has fallen or he preached the gospel. He preached the gospel and they said in the community that princess Diana has fallen. Nobody will worship this princess Diana again. That was the deity they were worshipping your Wonder Woman in Marvel com DC comics as and they

said ah and you notice that same episode that they brought the accursed magic books and they were burnt so mightily grew the word and prevailed. Act 19. so mightily grew the word and prevailed that Ephesus. How? What did Paul do there? He went around shouting. So you see when we go into a territory, we have to first call the princes by name. Find the name of the deity in that territory. Call it by name. Rebuke it. You have just distracted yourself. You have just distracted yourself. You have just what? And that distraction will come at a price because you will not be able to meaningfully do anything there because you already said you are afraid and you are under. Just let loose the gospel. And by so doing that is the warfare. You are contending against principality and powers because some devils I showed you this in our last year series the part one of unseen forces I showed you this that there are some devils that are very concerned with stopping your road stopping uh progress your body there are some that don't have time at all for that what they have time for is legislation ations, legislations, policies. See the one that was walking through Nebuchadnezzar didn't have time for he didn't have time for everybody worshipping world domination cuz that that's rulers of the darkness of this world. That's some there are some devils that don't want you to make money. Why there are some that are giving you the money? Because what they are after I gave you this I'm coming back again so you get it because those ones that's why they called e demons they just harassers they harass people say hey and sometimes even without knowing who you are you do who they will run the same way cuz it's it's it's it's harass because um they need to that's why they They need to be in a body. Those demons need to be in a body to be anything. So if they are outside the body, you don't need to be in Christ just who they will go cuz they are afraid. But and we explained this. We did that in our last year. So I'm just trying to rework your mind. So you know that we thought extensively about the unseen. All right. Then there are now the ones that don't have time for your body. It's not your body. It's your city. That's why we mustn't have a gospel that is just me me because you must realize that God's plan for the whole world. So just like some individuals are so concerned with themselves and not concerned about the whole world. That the same way some devils are so concerned with persons and they're not concerned about the whole world. So what Paul is dealing with here are the opposition we have in our reaching the whole world. Are you following? So it says finally my be strong in the because that's how you will live the Christian life that's how you because identity and vocation so in your vocation the work of the believer wk in our Christian work in our vocation we must be strong in the lord and in the power of his might because in that's in our living for the gospel and that living of the gospel we have preaching and living which we call conduct but they are all living for the gospel are opposition are principalities and powers amen rulers of darkness of this world and that's what he's mentioning and is not in the name of Jesus power encounter but preaching the god not because it won't work but that's not the focus there don't get what we're not saying we're not saying if you say name of Jesus it won't work no That's not the focus there. The name, the focus there is that you should preach the gospel. Amen. That's the focus there. That's

why he ended it with praying always with all prayer and supplication in the spirit and watching the unto with all perseverance and supplication for the saints. Verse 19. and for me that utterance may be given unto me that I may open my mouth boldly to make known the mystery of the gospel. Are you following? Notice how Paul says we long to come into your city but Satan Satan withstood me. You know say ah which Satan is this one? Is it because Satan has more power than him? No not in that context. Just like you want to travel, they deny. So many pastors have tried to go to those Arab region. Satan withstood them because those because he's walking through those people say never. Why? Why should you allow them? There are some they they plan a 4 days crusade. They only allow them for one day because Satan is more powerful when he's walking through governmental forces. When he's walking through people of authority, not just one individual. So rather instead of this one possess the overall in charge of the army in charge the one in charge of the police that one will have more effect. So understand that's why Paul uses the Greco Roman word princes of authority geographical location powers not the historical setup there the in the Greco Roman world those principality and power all those words he uses there are words for territorial powers what you say people in charge of uh geopolitical zones as we call them in Nigeria today. So he uses that kind of phrasing and now says but it's not human beings cuz it's not flesh and blood. So he said the only difference in Paul's letter he uses the idea that the people understand but he said it's not flesh and blood is not flesh and blood principality and power is different type because principality and power is also used for human beings that are in authority. the president, the uh senate, all of those as to different countries depending on the democracy, the uh uh military rule, the kingdom, whatsoever form of government they are operating. Amen. So it doesn't matter cuz Ephesians chapter 1, what I'm trying to say now is not oh so there are some we can cast out there some we cannot cast. know is that what we often call spiritual warfare, real biblical spiritual warfare is what reclaiming the dark places for our God is Matthew 28 where Jesus say all authority in is given unto me. Go ye therefore and make disciples. That is the real spiritual warfare. Why? Because what Satan fears is all the world made and new. Doesn't fear that you bought a car. People have been buying car. He has even help people buy car. what he fears is his own demise and that's what he's actively working against so that he has more time. So when you actively live for the gospel you are shortening his time. So he doesn't like that. Amen. Are you following? All right. So do we have authority over all or some devils? Except we were not around on Wednesday. On Wednesday we emphasized that all. We saw all the references that he kept using all. All he never said some. all even uh pre-resurrection of Jesus the disciples that Jesus gave the power of aton could cast out devils without being born again and that's why we must refuse that statement that that man of God said that I committed a crime I cast a devil I did not have rank for that's stupid talk because this I'm saying now if not properly explained or if you don't pay attention you will hear and I've seen teaches like that that uh principalities are stronger. You can't deal with those ones. You can only deal with demons. All devils are

under my authority. Even the devil himself, the person fresh out of hell, fresh out of sin and death. We just got the person. We plucked him. We plucked him or we plucked her from Satan's hand. The very instant the person crossed over and became a child of God is now Satan's master. far above all principality and power. Ephesians 1, far above. So remember we read all the references for principalities in Ephesians. So he had already said before in Ephesians 1:20 we see the exceeding of his power. We have 20 which he wrote in Christ and raise him up in the right hand. So we said the twin power and authority ab. So we have power that if we were to rack we'll beat them up then we now have delegated power so we don't need to we can but you know that's why the army they train their own people unlike the other people that I will not mention that's why they have more pot belly as officers because if you reach to you can beat those other ones but the army you can't that's why you see the color behave yourself they trained him too to have power so he doesn't just have authority also have power though the other one have power too, but it's more of the AK-47 in the hand. The other one without any AK7 just with the uniform just walking you because that's why they don't always have to hold gun because they are me sight. It look agile. It look fit. You already know that this one was trained. The other one has been drinking K. I rest my case. I love all of them and I use all of them so so that they don't watch this video. Fab principality and might and dominion and over every name that is named not only in this world but also in that which is to come. That's why they fear mopo. You see those ones are a bit different because those ones are like soldiers. They are trained. They're not look like somebody that is pregnant. There's nothing wrong. Please, I'm not trying to tease anybody or don't get my I mean they are not fit. So they can easily get tired. That's what I mean. Are you following? For this innocent thing I said now can be taken out of proportion. You pastor despises people. Ah I beg I beg I beg you. Let's go. I'm innocent. Fab over principality and power, might and dominion and every name that is named not only in this world but also in that which is what did I say that you have not said before don't you all say it everybody always says that this these these officers are not fit so what is it because I said my microphone but leave me alone so far over principality and powers is that the authority we have yes sir how How many? Far above how many? Thank you. So he does not know Abby. He does not know Abi that they are stronger ones. So are we far above all? I think he doesn't mention demons there. He mention principality and power. Okay. So far above all principality and powers. Hebrews chapter 2 verse 14:15. For as much as particles of flesh and blood, he also himself took part of the same that through death he might destroy him that had the power of death that is the devil and delivered them. So you see that we have already been delivered. So there's nothing that puts us under the domain of the devil. That's why you live your life and stop being devil devil devil conscious except because the only way the devil can be involved in the Christian matter now is with unrenewed mind unrenewed mind that now is seen in those two places ignorance and unbelief and so that unrenewed mind so you are ignorant of something so you gave him place so Paul says give no place to the devil how he mentions one emotion

anger where you look beside yourself that anger makes you look like you are now acting like a beast. Ephesians 4 verse 26. Be ye angry and sin not. Let not the sun go down on you don't keep anger to the next day. Don't dwell. Don't keep things in your heart. Your heart is what it does being. Learn how to anytime something is not consistent with who you are in Christ, remove it from your heart. It's not the memory but the weight. Don't keep your heart is not where you are keeping weight. Remove it. Be not he's not saying they have lost memory but don't let the sun go down your rot. Don't let it go stay too long. Neither give place to the devil. Are you seeing it? Neither give place to the devil because that's one of the ways you can give place to the devil. And that word place there now becomes an opportunity. You are given an opportunity. What man calls it inroad. And call it giving Satan inroad into our lives. Now it's not so easy I must say because it takes involves your cooperation. Amen. And that's why you know that you are doing something wrong when you are. So it's easy to fade away because God immediately begins to tell you that no don't talk like that. Don't think like that. But when we now start resisting God, we now say God should leave us alone. So we give ourself over to those wrong influences. Have you ever had unforgiveness in your heart and the Lord kept telling you to let the issue go? Not letting it go will cost you because you give. So unforgiveness is not the same thing as uh me and the person we are now best of friends. Reconciliation is on the basis of truth. But forgiveness is not on that. Forgiveness is first because I realize that I am a being also who requires forgiveness. That's why God has forgiven the sins of the world. Look at God's relationship. God has forgiven the sins of the old world. But it's not a relationship with the whole world except those who have acknowledged because reconciliation is on the basis of truth. We're not going to do as if nothing happened. That's that's pretend. We're not going to we're not going to deceive ourselves. No, you have to confess. You have to acknowledge homologia. Say the same thing. Then you are a Christian. Not just as if forgive the sins of the whole world. Yes. But even with the forgiving sins, they are still going to go to hell because they have not accepted it. So you accept there's a recognition. You cannot remove that recognition on the basis of truth. Look at Paul writing to Philimmore about the unessim case. He didn't say must not do anything. Say no whatsoever must have done put it on my own account. Then he used his power. He said you know you owe me your life. You know I've changed your life so much. So let him go. Forgive him. He used power cuz sometimes you need to go that far. So I mean because Onesimos was his his slave. Then Onesimos left the house. They now Paul now gotten born again. He now returned back to film. Paul is telling he's no longer a slave. He's now your brother in Christ Jesus. I know he ran away. I know he did a lot of things that hurt you. But now receive him as a brother. And he did not say he did not do anything. Notice he acknowledged what he did. That is reconciliation. Not say there's nothing. No, that's pretense. That's not how it is done. Amen. Recon is on the basis of truth. Amen. All right. So see another uh subto God resist the proud. Is that not so? Resist the proud. He gives grace to the humble. Look at James and Peter. James 4 and verse Six, but he giveth more grace. Wherefore he said,

God resists the proud, and he gives grace unto the humble. So there's something called God resisting the proud. Did you see it? The word resist there, *antisomi*, to oppose oneself. To oppose. So why is it like God I'm now an opponent. God is now your opponent. No is that pride itself is in opposition to God. So a man in pride is opposite God. So that's how God opposes the are you getting it? That's how God opposes the proud because pride itself is in opposition to God. is not in line, not in league, not of God, is against God. And God is against it. Pride is against God. God is against pride. They are enemies. They are apart. So a man in pride is now against God. He's in enmity against God. So and God is against him. That's the regard. So when you understand from that angle that pride itself is in opposition to God. Amen. He doesn't allow God because he says leave me alone. I can do it myself. My own strength, my own power, my own will, my own. So pride is in resistance to God. He giveth more grace. Wherefore he said God resists the proud and he gives grace unto the humble. So what does he say in verse seven? See mentions submit therefore to God. So that's why we live in submission to God. We live in submission. How do you submit to God? By submitting to his word. Then he now says resist the devil and he will flee. Aha. Resist the devil and he will flee. So he has brought devil in. Now what it looks like devil was not involved but he has brought the devil in. Amen. Now this is not what you can say in the name of Jesus where you are in pride. No. Now those are attitudes. You see there's a different flow. Okay we'll get it. No no you we'll take it. First Peter 1 Peter chapter 5. And when the chief shepherd verse four shall appear ye shall receive a crown of glory that fail not away. Likewise ye younger submit yourself unto the elder. The younger here is the people under the leadership of the elder. So it's he's talking about church operation. So it's not old people versus young people. Physical old people. No, he's talking about ministry structure. What we say the pastoral structure the elder. Likewise, ye younger, submit yourself unto the elder. Yay, all of you be subject one to another, and be clothed with what? For God resisted the proud. So, a man that is not under any pastoral leadership that seeks to is he being proud? He say, does he notice he says God gives grace to the humble? So, he's in opposition to God. Will that open him up to the devil? Yeah, obviously. Humble yourself therefore under the mighty hand of God that he may exalt you in due time. So you humble yourself, God exalts you. You are proud, you go down, casting all your care upon him for he cared for you. Then he says, be sober. Be vigilant. Is that drawing vigilante? Yes. Be sober. Be vigilant. The exact same word. Give strict attention. So be cautious. Be vigilant. Be watchful because your adversary the devil, a ringing lion, walketh about as a wowing lion walketh about seeking whom he may devour. Seeking whom he may devour. So it's possible for him to devour people. All right? So the Bible is not silent on that. But the believer, so he says, what should we now do? Whom resist steadfast in the faith. So what do we do? And again because of the issues that you are now going through, you now raise yourself in opposition to God. Difficulties, afflictions, even persecutions people go through can be the reason for that. Now let's go back to James. I see something he says about wisdom. James chapter 3. James 3:13 to verse 18. Now these are subtle ways dark

forces influences our lives and shape the things that are happening in our to daytoday that we don't know because unseen forces have a role they play in shaping out happenings day to day and this is one way it happens for many persons without them knowing who is a wise man verse 13 and endowed with knowledge among you let him show out of a good conduct, his works with meekness of wisdom. If he have bitter envying and strife in your heart, glory not. Did you see that? It's not something to boast about, which often time is what people rejoice and boast about. It's what people are happy over. You will see it just now. And lie not against the truth. Now that position where you lie against the truth of gospel where you lie against a reality this wisdom descended not from above where you tell the person you know a believer should walk in for say leave me alone you can't tell me that you think I'm a fool you think I'm a this now that lying against you where you are opposed to what you know is right it will now become a normal way of living that you would think that that is wisdom because I have sense or I have sense you cannot tell me that it always comes with I because it doesn't come with you are you are making a foolish decision no it will look like you are thinking properly and that's why we must never shut down third party somebody else being involved in sometimes in our those are discourse because you are too involved in issue that you can't hear that they talk I'm saying sounding and that's why you should also mark friends who take side with you when you are and tell you It's okay. It's okay. And they give you shoulder to lean on when you are being demonized. Ah, Satan has finished you. They have surrounded you with evil people that look like they are not good people. But those people that wanted you to come out from that situation. When you are in those situation, you don't like them. Misery loves come through. They broke your heart. They also broke my own. Let's combine. It's all everybody. Let's join the same WhatsApp group. Let's join the same PL. All those things is does not bring you out but keeps you in the situation. No, no, no. You don't need some I don't want to stay in the I want to come out. You are telling me let's stay inside. Let's let's let's collab. No, it's not me and you. Amen. So he says this wisdom descended not from above but is earthly. Look at the three words he calls the wisdom earthly sensual. The third one is one we don't like but he calls it devilish. For where envying and strife is for where envying and envy is that not a normal operation but he says when people are in envy like that it looks normal. contentious and strife partisanship where uh you are looking for faction you are not in my camp you're not in my camp for where envy and strife is there is confusion that's the word commotion chaos the word commotion in Luke 21:9 disorder chaos God is not the author of that. 1 Corinthians 14:33, there's confusion and every evil work. But the wisdom that is from above is first pure, then peaceable, gentle, easy to be treated, full of mercy, good fruit, without pity, without hypocrisy. So notice that is there not a wisdom in our everyday living? There's wisdom in our everyday living. There are some things people are doing and they feel that is wise in their own eye. And when you now interview that wisdom in line with God's word, you see that the wisdom is earthly, sensual and devilish. That wisdom is devilish. The wisdom is devilish. Are all of these influences? You are quiet. Yes sir. These

are influences. These are influences. These are influences. These are what? Yeah. Life is like a force of wind. You must understand that life itself is like a force of wind. And wind reminds us that even though we can't see everything, it still has the power to move us forward. That's just the same way it is in life that many times without knowing unseen forces can guide us to where we need to be or stop us from going where we need to go. So there are winds we should flow with and there are winds we should not flow with. And that's why I use the phrase unseen forces of unseen being because I don't want you to put your mind only on the and not see the influences because there are influences. So we stuck with the word forces so that it can encapsulate it can embody the being and the influences together because there are forces and I use the word unseen because it's not something obvious to the eye but it's affecting I give that example of which is uh many of us have broken out of that whole pattern And nobody feels somehow when they are being honored and loved. But once you begin to speak highly, let's say 70 of us here now starts praising San David. Oh, we heal you Son David. Oh, you are lovely. This now laying day. But if it was you, you would not have been bothered. That you see how normal that wisdom is. That is devilish. Oh boy, she didn't get me. Is how see how normal it looks that I'm not really jealous you are. You are you are you are actually jealous and you say I'm not really that's you are just you just proved it. Why does somebody being celebrated take something from you? Why does somebody being happy looks like it robs you of joy? That's how many of the airways have been polluted. Many of the reasoning which is what principalities and powers do. They shape cultures and form normal logical patterns of thinking and that one is not in the name of Jesus Christ. That's why we must bind ourself to God or submit to God. That's Christian living because it's not every time there is power encounter. Some will boldly not even want to put their finger but be softly there manipulating your mind. Are you getting it? The example that I always like using. You are buying things in the grocery shop. any of the grocery shop from the big very big supermarket to the small supermarkets all of them you are buying things you don't think about your life but once we mention offering once we mention giveh your heart just start beating like what what is the meaning of this use my money do again you didn't say what is a short person using your money to do how come something hit the air and the air there I don't mean how we breathe something something all of a sudden affects your mind that's what we use of the word air there all of a sudden your thinking my life my future my children what concern life future and children concern offering now we say give up we say give your children the bowl now which one is my life my children my my future for how much offering then when you are buying something in the market and they tell you the price say ah ah ah Ah, I I get somebody I'll call now. Chief, Chief Le, send me 7 million there, you know. Say, okay. See how normal it is? I have one big woman I will call now and say, "Da, send me." But when we say give boom boom say ah I also like this let me just add it let me just add it let me just add it so I now I now me I like to bring things from normal plane calculate how much you spend in a week and see if you are if you are not lying when you say is God have finished your money

calculate what you see the offering you give in a week look at the money you spent in a They say I don't have offering but you have a charge card. But you have you always have a you always have call credit you always have call credit but 100 naira which is a useless amount to give offering is you are comfortable with it and there's no boss you can enter for 100 naira you not think about your life but you are comfortable is what I have now. It's not what you have. is those subto influences that make you look normal because when I want to give to you now and I bring out 100 you don't smile though is a gift you take it but aha so are you noticing how the dynamic changes everybody wants it to be big money it's the same thing once we start talking about honor your pastor say oh forget that they all use they use people they're wicked is possessed. You see the demon they show for the voice. You can't tell me that that's the devil inside the voice because that's once they just hear honor. You can do the experiment. Just write on your social media page. I honor my pastor. Let us hear a word. All this pastor pastor pastor any even to normal just one father day. Happy father. What about the moms that are slaving themselves? Slaving themselves, killing themself. There's something against honor. So it says in the last days men shall be unthankful. Haters of father and mother. It is in the spirit of the age. Ingratitude is a norm. So when a Christian is now s a Christian is being influenced by that same spirit of the age. Hey she should know better now. We don't live like that. Amen. Yeah. We don't live like that. So that's influence too. That's influence too. So wind remind us that even though we can't see everything, it still has the power to move us. We can see the effect of the wind just like in that John chapter 3 when Jesus was speaking to Nicodemus. Now remember that story where he says the wind bloweth where he listed and thou he the sound thereof and cannot tell when it comes. So is everyone that is born of the spirit. That's the same way life is. Life is like wind the force of wind. Wind reminds us even though we can't see everything but it still has the power to move us forward. So just like in life, unseen forces can guide us to where we need to be or stop us from where we need to go. And I gave you a story which is where we ended because of time. I don't want to go too deep into explanations and we're not able to close on time because we have a a meeting later. All right. 1st Samuel chapter 5. We read that story 5 6 and 7 where Deon fell. So we won't read it today. We read it on Wednesday. Notice they thought it was coincidence. That's how many people think like all this your god god god you are serving. It's just chance. There are people standing by to look at say it's just chance. All this he heal me this this. It doesn't always work. But the two milking cows mama cows must return to their kids. You separated the mama cows from their children by instinct. The mama cows are supposed to return back to their children. But they put the ark of God on top of it and sent it back to Israel Bashamesh the way of Jerusalem. And you see that it was against the incident. The mama cows as they were driving carrying that cat were shouting crying because they wanted to go back but they were being led. There was no high priest, no priest of Israel. It was the pagan people that put it. And by divine presence, the mama house knew to keep going until they got to Jerusalem. That's force. That is how forces shape daytoday happening.

Amen. Can't remove the place of the unseen. Deon fell. He thought it was by accident. Abby, they stood him again. Then he remove I love the power of God. The Bible then it cut off the head, cut off the hand, cut off the leg. H that is in the in their in their timeline in the culture of in the history of that day. That is what you say total annihilation. Total annihilation of the king. That's how you you you were brutal in showing that the king is dead. The god is dead. That's why I say no one worshiped again in that place forever. Deon is dead. And there was no man of God channeling power. No man of God was chanting any power. It was box that Moses used to explain all your failures. God glory come upon it. God is greater than your I could not keep the law. Put her inside there. I rebel against Aon's authority. Put her inside there. It was all their failures that was inside the box. Their theory failures of their theory rebellion. Rebelling against God's word. They could not keep God's law inside the ark. Rebelling against considered authority. The law rebelling against provision. So the word of God the law put inside there. Rebelling against authority. Aon's rod. They say Aon is not the priest. No, you can't tell me that. They put the rod inside there. Rebelling against God's provision. If God were open mana, man, what is this coming out from our nose? We don't. We tired of all of this. Say put the golden and they covered it. mercy seat covered it. God's glory is on top of it. That so when we say that God does not impute sin is powerful. That is power. That God does not impute sin is power. That's what that act is teaching. God's glory is in that he he's merciful and gracious. The power of his grace and his mercy is very powerful. Amen. and it represented they use it to the whole box how it was and but notice no priest and I give you that example it's not the same thing that they carried into battle and they lost nothing is wrong with the power of God I've told you before it's always my reception or how I'm using it the same act that they carry to battle and lost now they put it in Deon's Deon head cut off why because They were using it as cover up. How they were administering it was wrong. Eli sons were using it to do cover up. Amen. Life is spiritual and we know life is spiritual. Amen. Look at the second Kings chapter 6 that flows into chapter 7 into chapter 8. And I ended in the whole Okay. chapter 6 into chapter 7. 2 Kings chapter 6 where Lord open his eyes that he may see. So there is an active spirit realm where you are right now. Active those. Okay, let's look at it again. 2 Kings chapter 6. First, it was strange that Elisha was telling the king what they were discussing in their bedroom, the other man. Verse 12. And one of his servants said, "Not my lord, oh king, but Elisha the prophet that is in Israel, tell the king of Israel the words that thou speakest in thy bed chamber." Verse 13. And he said, "Go and spy where he is, that I may send and fetch him." And it was told him, saying, "Behold his daughter. Therefore, send he thy horse." You see how God works. So God did not stop them from knowing where he lives. We always want to be in charge. We always want to be in control of everything. If I'm walking by the power of God, they will not know where I live. No, no, no, no. It's not. Don't don't. You are in safety. You are in safety. You are not God. You cannot be in control of everything. Learn to let go. You would like to have control of everything. Control of every how everything plans, how everything work. I like that example Rabbi put

on one of his post some time back. A Jacob a prophet did not know his son was in the next town. He cried web for his son. Meanwhile, his son Joseph is prime minister. Sometimes just allow God to be God before you use your own hand and spoil something that can save more lives. I like the simplicity of Elijah and Elisha. Elisha said the Lord has not told me when that woman was my follow me said the Lord has hid it from me. I did not I mean I don't know why you even came here and you are crying and shouting normally I would have gotten it. So when she noticed as he saw her common sense everything fine I told me she said fine fine fine then she jump so that she can approach come closer before protocol can drag her. You know the woman smart say as she talking the protocols were with Elisha well say fine f fire she's walking down fine f said the lord has he for me I'm not seeing it and say that son you gave me say they go go show say he go collect leprosy later cannot even use mantle that somebody collected from Elijah so when Elijah Elishah got there use the same You know what? Corruptor and I have to drop it. I go old school, hand to hand, head to head, eye to eye. I come with all that I am. Hey, that's all power. The guy Elisha use the height of his power because the woman outside the way say just like they did. I don't talk. I got buried that said the doctors no was looking for no talk even talk said before he knew form no way he had the confidence to now want to pray all of a sudden he turned and said and the child God up. Women receive their dead raised back to life again. There's something about somebody holding on in faith. Something about that. But we seen that. So there are things that can be revealed. This one now they knew the exact place. The spirit of God could have stopped them. Power of God could have but they keep then they now still gather. They were supposed to gather and surround not as they were surround if he's really if I'm really of God as to surround me they will fall. Don't always do all of don't because all those are the unnecessary things that you now used to say then God is not really keeping me safe. Don't do that. That's why you should not judge people based on the things that happen to them or the things that come around them. If it's really if it's really don't do that life will teach you how not to be humble. Life will teach you how to be humble. life would teach you how to be humble because as you keep living longer you will face your own two and say I don't know how people just I don't know how people just feel weak in their body you are still alive now you will soon feel weak in your body give it time I don't know how people just say I feel cold I've never felt cold since I was born you go live long now you're not go die at 25 I be when you reach 42 ask you that question again if you have felt it but you rebuke it how do people I don't know how people just talk thank god you are not dying quick you are going to live long because some things is just by experience and how many of you are now more tolerant of others when you are pass through what they have passed through that's what how god leads us you pass with other people don't pass so that you when you my brother so we have not a happiness that cannot be touched by That's why as a man he can suck us tempted at all point now. He knows what we go through. Amen. Hallelujah. So that we can never ever be ever ever ever able to say God doesn't know what I'm going through. He can't say that again. When God has become

a man no can't say that again. He knows what we are going through. He's indoctrinated and they came. Therefore sent he horses and chariot and a great host and they came by night and compassed the city about. And when the servant of the man of God had risen early and had gone forth, behold and host compass the city both with horses and chariots. And his servants said unto him, at last my how shall we? This is the response everybody have to a pandemic to an issue to a happening. I remember using this post during the pandemic then at last what shall we do because but we we live by inside information. Amen. Things are happening the economic anything that is happening the response people have is always at last. What shall we do? Hey we are finished. Hey we afraid. Hey what is going to happen? No but look at how a believer should respond. And he answered what your answer to anything you see happen around should always start with what that's why all of you who call me pastor pastor I've never been able to react fearfully about what you are trying to tell me because we can't solve the issue like that if I follow you to be doing hey oh oh my god no there's nothing fear not for they that be with us are more than they that be with them. So Elisha knew it be ab is that is that true of God's word is that do we have enough scriptures to back that up? You know what I mean by the re back up not back up for wrong doctrine? Do we have a lot of scriptures that teach the same? Okay. But notice what Elisha now did which is what I beg you to learn to do in your everyday life. Be conscious of the unseen world around you because it makes you now not to be afraid of what is happening around. And Elisha prayed and said, "Lord, I pray thee, open his eyes that he may see. Open his eyes that he may see." Is it that he was not seeing before? It's not seeing that made him come to say we are surrounded. So open his eyes that he may see. So obviously that is eye of the spirit. All right. Let him see in the unseen. And he saw and behold the mountain was full of horses and chariot of fire round about who? So God was still defending [Music] Elisha. So though they knew his house, though they have come to his house, the angels were still protect. Nothing is wrong with the power of God. And Elisha said unto them, "This is not the way." Uh, sorry, verse 18. And when they come down to him, Elisha prayed unto the Lord, and said, "Smite these people I prayed you with blindness, and he smote them with blindness according to the word of Elisha. Is this a man using authority?" How do you think they were smote with blindness? Is it the supernatural beings that were present? So, as he gave the word, they acted on it. How do we know Elijah's own? If man, thou man of God come down, if I be a man of God, let fire come down and consume. The third time we now saw there was an angel that was present that said man of God where the third one said my lord see the honor in that third captain and his 50 he said let the life of your servant and the life of his men be precious in your sight. So he's not that one and P say go and make Elijah for me there say yes too much man of God come down here Elijah say if I be a man of God you see that is uh what we call psy of the spirit a a plot everything the thing follow so as he said if that's why he answer sorry let me not use physics if that man of god come down I say if I be so he complete the cycle turn that fire you there. So I'm just like to show you how the real of the spirit work. That's why it was easy for it to walk because that

word allowed triggered his emotion for him to now speak. Just like when the people were coming out just now before we started this message and there were some I didn't have to I just touched them because it the psychute was already the the flow is already going. So just let it go. Let it go. Let it go. Go shock everybody. Let it so as he said if thou man of God come say if thou man of God come if I be a man of God. So so are you are you getting it? Yes sir. Proper response. So the second one the same the third one now broke the say thou man of God let the life not go again. not say fire thunder let the life of my life of your servant be precious in your sight that the angel of the lord now said fear not go with them so baba now fear they kill all those people because he didn't want to be because didn't want to be arrested so it was out of fear of what will happen to him that he was forces. So, amen. So, in this case, according to the word of Elijah, so that shows you that supernatural beings were involved. According to the word of Elijah, I showed you that in the prayer meeting on Friday. Notice when he says, according to the word of Elijah, Elijah prayed, but supernatural beings were the ones that made that rain not to fall for three and a half years. And Elisha said unto them, "This is not the way." Notice again you see that it's in the spirit. Oh, okay. Notice it. This communication is how you talk when you are full. When you are full of the spirit. So, let's read it the way it is. Smite these people. I pray you with blindness. Be blind. All of you that are trying to come against me and they were all blinded and say this is not the way. It is not me you seek. So why come? So he's still in that flow. Come now and I will show you who you seek. It is the king you were looking for, but yet you came looking for me. Say, guide them. Lead them to the king's house. And the king of Israel said unto Elisha, when he saw them, my father, shall I smite them? Shall I smite them as if he's a good man? And he answered, "Thou shalt not smite them. Wouldest thou smite those whom thou those whom thou has taken captive with thy sword and with thy bow? Set bread and water before them." Now, so these ones that they may eat and drink and go to their master and he prepared great provisions for them. But when they eating, did you get it? So this is classic of what happens in the unseen. Were the angels there all along protecting Elijah? But immediately he said, "Lord, open his eyes that he may see." Everything changed. Lord, open his eyes that he may see. Were the enemy still outside? Was the soldier still surrounding Elisha and the servant? Yes, sir. How come he was not afraid again? He saw. Yes sir. If we live by sight, we will respond differently. Amen. We will respond differently. So there's an active spirit realm. There's an active unseen realm. There's an active realm of God and divine beings. There's an active realm that houses just like the earth inhabits human being. That's how the heavenlies inhabit spirit beings. Amen. Amen. And it is structured like a house and a temple. Just like the earth is structured like a house and a temple. That's how the heaven the unseen realm is structured like a house. And there are activities and we must be conscious that God is with us. His host is with us. Amen. Amen. So imagine Elisha did not know but he knew the angel of the Lord encamp round about them that fear him to deliver them. Psalm 34:7 the Lord is with me. The Lord is with me. I'm conscious of that. That's the same way something is trying to make you

restless. Open your eyes and see how the outcome will be. So I always tell people who are dealing with issues that are overwhelming their heart. I say why not look in the realm of the spirit and confirm. I'll give you an example of such. I've not been able to have a child. No, no, no. When you look at the future, do you see children? Do you see how many do you see? And say I saw three. You saw three. That shows you're going to have a child. So, calm down. All is well. Stop thinking all is not well. And that's the same thing. I have dealt with issues that look overwhelming that should cause fear. But I've seen the outcome. I've said those stories with you just like recently some airlines stopped people from flying and said no, no, no, because it's not safe. I've been in the air two hours. That's there's no way you are going in Nigeria that you should be in the air for two hours. The plane couldn't land. We had to go to potaco to refill so that we can go then from go back again. I mean everybody was urinating going to use the rest room in the in the as the plane is about to just like this just you just only the man of God not praying no shouting not afraid comforting the people around and telling them the plane will land. I told them I have a ministration that was Abuja super activation. I say I have a meeting. I had seen that somebody with fibroid I would say to the person I've seen that somebody with fibroid got healed in the meeting. So if I ded how did the person get healed? I was sure about the things I have seen pastor Sam and the rest use road to come they first me it was that bad. That's why I'm trying to tell it was that bad. First the flight was delayed everything I've been one before that one where they said the landing gear and I my response was it's not landing gear that plane used to land walk by inside revelation plane crashes still happen don't say foolish things like there's nothing like that but there was no fear there was no fear no no panic no fear cuz I have inside information what we see in the realm of the spirit. The same thing about a loved one and I saw two times in fact that happened to loved ones like that around me too. One I was like I was praying I saw no it's not going to die another I saw that oh the sickness will leave. It didn't matter because I looked into the person's future and I saw hail hearty wonderful there's no issue. That is what eliminates fear. The more we live with the consciousness of the unseen realm. You look like the things that are happening are not facing you are not making you feel like it's all over. It can never be over for me. I walk by inside information. I walk by inward revelation. Hallelujah. Be conscious of the unseen realm. Hallelujah. Tell your neighbor, be conscious of the unseen realm cuz he's actively with you. And it's not unseen realm like planet. No, he's here. Were the supernatural beings there with them? Was the supernatural beings there with Elisha? Yes, sir. Was were they where Elisha was? Thank you. I'm conscious of that everywhere I go. I'm conscious of that. I'm conscious of that. I'm conscious of that. I'm conscious of that. I'm conscious of that. In the late into the evenings, almost the going towards the night, the vehicle we're using, one of the first times I was going to Mac broke down and pastor S was with me and I said to him, "Relax. We will get to Modi today and we still get to the M today. Everywhere will be safe. Not too long we saw a vehicle and that vehicle we didn't even know it was later we now found that was being driven by a police officer and he became the one I was

always using when I'm and all the checkpoint on the road you just get there they just remove it for him everything easy and he knew how to drive and it was fast and it was safe and we use for subsequent times I am not stranded. [Music] Once things begin to look like they're against me, I step back and I I don't do like I don't play like that. I don't I don't No, no. I don't I don't live like that. No, no, no. Learn how to step back and check what's happening. What can happen? What I got there? I told him we will still get there today because I saw that we got to Modi we will still get there. So if I still got there then what am I doing in the vehicle that we entered from Abuja because there's no direct flight. Ha chattered vehicle. Okay. But no problem we still get there. Middle of nowhere. No. I'm never in the middle of nowhere. I'm God is always with me. I'm always I don't need to know the area. I don't need to what if something nothing there's nothing that is coming out from anywhere. God is with me. God is with me. God is with me. God is with me. God is with me. God is with me. I'm conscious of it. God is with me. God is with me. God is with me. I'm safe. I'm safe. I've looked at. Oh, so will the how would your future be? Look at it. That's why me I'm always joyful and happy because every time I look at the future is bright. It's so bright. Sometimes it's painting my eye. It bright. Bright. It bright. It bright. Road clear. No police road clear. No road block. When you look into the future, what do you see? I see great days. That's what I see. And it's not it's not a nice word. I've seen it. So many time when things are and is looking like ah what is what still holds? I take I've done too much. Now Lord, I open my eyes and I and that's why we're talking about the unseen realm. At last, what shall I do? No, no. Here comes the divine response. I'm conscious of it. How will the days ahead be? I hear what Yahweh said. I look at what is happening. I'm never in panic and worry. That's how Jesus lived. immediately said we don't have enough say make them sit then the Bible say he lifted up his eyes into heaven that's looking to the unseen that's how the bread multiply there is always enough when we function from the unseen there's always enough there's always enough just like Jesus said when they came to arrest he said I am he they fall everywhere in scripture is loud seeing the operation that there are unseen forces hallelujah I am he. That's uh John 18:E6. They fell backward. Nobody pushed them. What made them fall? I am he. There's something. Live life conscious. Why? How did he hear that blast and when he went back to his own country? Just stop. Just how come the footstep? We read that one on Wednesday. 2 Kings chapter 7 the footstep of those lepers was amplified that they had chariot horses. The Egyptians have the the Israelites have gone to borrow army but not borrow any army. It was four lepers that were walking into the camp and people left all their goods all their items and ran. The power of God is working for me and I'm conscious of it and I'm appropriating it into my life and every aspect of my living. No fear here. Stand on your feet. Lift your hands and just thank him. I'm not disadvantaged. I'm not disadvantaged. I'm not disadvantaged. I lift my eyes and look at the future. I lift my eyes and I I look at the days to come. And that's why you must learn how to see and know. must learn how to that's why it's not by all those things are not important I just love my Jesus no learn how to see in the spirit it's important actively so that

you can be in you can be calm you can be in peace because you're not being calm is not changing the problem the welding hole you check anything that is oh it held how do you think I'm able to tell you I see basket for many so many time and sometimes I'm laying hands on you because I touched you I saw it that they were still bringing gift to your house after the marriage it's the same thing that's the same way you would have known that no this thing it will work oh s it will work it will work it will work amen no fear thank you Jesus Jesus. Go ahead and just thank him. Yeah. Thank you, Jesus. Bro, don't shut up.
