

father we thank you this evening Lord we open our hearts to your spirit and we trust that in this service the eyes of our understanding will be flooded with light we live here with the Deep seated understanding of your will what is the work of Salvation that you're doing in all the Earth again we declare that the things that ought to be said in this service will be said the things that ought not to be said will not be said your name will be glorified we shall be edified built up transformed by the power of your word amen God bless you have your seats again Psalm 74 anchor text by now everybody should be able to quot Psalm 74 74 and verse 2 for God is my king of old working salvation in the midst of the earth God is my what God is my king of old walking salvation in the midst of the earth and we said that the Genesis to Revelation story is a flow the Genesis to Revelation story is the flow that's why the New Testament writers can quote the Old Testament writers and says the same thing that they are talking about the same Focus the same we said that look at Romans 1 Romans chapter 1 Paul a servant of Jesus Christ Paul a servant of Jesus Christ called to be an apostle separated unto separated unto the gospel of God which he had promised a By His prophets in the Holy scriptures concerning his son Jesus Christ Our Lord which was made of the seed of David according to the flesh you see we why the humanity of Jesus is very important and declared to be the Son of God with power according to the spirit of Holiness by the resurrection from the dead by the resurrection from the dead so notice an anchor he says which he had promised for By His prophets in the Holy scriptures so salvation was promised by the prophets so he had promised By His prophets in the Holy scriptures so the gospel of God is in prom in Genesis to Malachi the gospel is in promis not we can find the gospel the details of the Gospel we read Hebrews chapter 4 we saw that the same thing that was preached to them was the same thing that was preached unto us Hebrews chapter 4 just refresh our memory again with that For unto us was verse Two For unto us was the Gospel preached as well as unto them but the word preach did not profit them not being mixed with faith in them that heard it so the gospel is not new message the gospel is the message from Genesis to Malachi from Matthew to Revelation the gospel has been the focus First Corinthians 15 one of the greatest chapters ever written in the Bible very core concerning the Christian faith the call of Resurrection is emphasized there now resurrection and the bodily Resurrection to come after also First Corinthians 15 and verse one moreover Brethren I declare unto you the gospel which I preached unto you which also you have received and wherein you stand by which also you are saved so the gospel is how men get saved the gospel must be communicated by which also you are saved if you keep in memory what I preached unto you unless you have believed in vain for I delivered unto you first of all that which I also received how that Christ died for our sins according to the scriptures and that he was buried and that he rose again the third day according to the scripture he was buried and that he rose again the thir day according to the scriptures and we said underline according to the scripture that word is a singular phrase in the Greek katas graph means he's what is emphasizing doesn't necessarily have to be a Bible verse he's telling you that if we summarize Genesis to Malachi as a conclusive note we can say

this is what the scripture is saying and that person who did that kind of explanation was Jesus when you read John chapter the famous John chapter 7 where he said out of his belly shall flow rivers of Living Waters he says this he said concerning his death as the scripture have said you see that as the scripture have said that he that believes in him there's no Bible F that quod that phrase but he letting you know that Genesis to Mali emphasizes you believing in him so he puts it like that so the same thing in First Corinthians 15 according to the scriptures so what he's teaching is according to the scriptures amen and we said that it is good to take note that when they write it will be good for us to integrate what not reduce the Old Testament but be able to integrate it into the life and work of Jesus so when it say in accordance with the Bible that Jesus was raised from the dead they are saying the entire scriptural narrative is leading to this point is that okay so he's situating all the scriptural narrative into this point that the death of Jesus why because in Genesis to Mali there have been stories told about salvation and he saying all the stories can be summarized into a singular Narrative of this particular story and this is the story of Salvation the story not a story the story definite article according to the scriptures amen hallelujah okay then I think another thing we emphasize is the facts we said what is the gospel from Genesis to the time of the Apostles have differed in fact but will be the same in substance ased in fact and I give you a simple way to understand that just like when you preach to people you come with different facts you come based on how God is leading you in communting to the person you use different facts to enter different persons when you are communicating the gospel that's how Mali the prophets of God use different facts to communicate how the lordship of Jesus the lordship of God that men should Place faith in him and he in turn wants to make his home in Man live with man and walk with and true man and all those who believe in that however the fact of the explanation is presented are saved but now that the dead of Jesus have happened what God have been saying through the prophet that is going to deal with the issue of sin that entered into the world is also going to his planned and I think we I I love it when we think it from this angle that which is why we use that team for Camp me in the global Eden that his plan his guard of Eden plan that failed with Adam and Eve that he tried to kickart with their children that was also met with failure K and ab remember that was met with failure that he tried to kickart again in the timeline of sets that was also met with failure that I tried to kickart again with Noah now these characters are important because in all of these different characters we see different facts used to explain the gospel but the substance is the same the substance call men onto having faith in the Lord so hence why Paul can summarize and say the scripture which is able to the wise onto salvation through faith which is in Christ Jesus so the scriptures is able to make the wise onto salvation if there was no detail about salvation just won't be saying that but that's where he's reading from amen so the Noah story again Noah because the same details I've told you before how do you know observe what was said to Adam fruitful multiply those same details that said to Noah those you keep see all over the Bible you God's plan to kickart again his gu his his

global hidden vision was also again met with failure that his plan what is that Global hidden plan that God will make his home with man he will live with man man will be his house the Earth will be his house man supernatural being dwelling together in harmony has always been met with failure so we see after Noah again there's his children man receives a c his Lage is C that already is again bringing blessing and C in one space no then we see that CA leading up to nimir doing what C people do trying to and the whole B story which have exp a different series of the three great rebellions in Genesis Genesis 3 Genesis 6 and Genesis chapter 11 and it's not a skyscraper building that were building but a dwelling place for God so there was in other was saying we don't want Our God we want the gods to live with us which is the origin 11 is the origin of idolatry give you that where God disinherited the Nations and say okay you guys want to go your own way you can you are free Go Your Own Way God as a love God will never force himself on anyone amen hallelujah sometimes I go over's writings again and one of the emphasis in W's writing was how he cut the Glimpse a very strong the Covenant us to sayen Wasing when I read those days to make S that's why there are books you have read you have to read them again and again the more you understand the more the people they don't know what they are saying and one call was the emphasis he places on the god of love The God Who they they have rejected their God there an emphasis always been place on the god of love the god of the Covenant because I why I'm saying this I question what where when why of who of Salvation And I told you why salvation was important was two things one the love of God and the mess man has entered into if you still don't know that the call why did even make man in the first place is love amen all right so something to take note about as we proceed in our thoughts so the facts May differ so uh they try to build goded the Nations but God is a god of love can't man go like that so he said okay I'll take Abraham I'll take Sarah and I will start what I want to do two men in the natural two persons in the natural who on their own cannot have a child I supernaturally enable them and what I will now do differently this time is that now I will have a nation then the biblical narrative switches to you start hearing the word land land before it was then the language switches to now land land we started hearing land land land another the gospel is going to be communicated now from Abraham's time forward but the same details all the families of the Earth shall be blessed we have come back to Genesis 12:8 again he blessed man and said be so that blessed is also mentioned again then he says leave your house and I'll show you where I'm going to show you is going to be the same way of communicating everybody in one place I want to live dwell with man I mean the whole con that bless you that CA you explaining the blessing there is not Material blessing but welcomed in God's plan to welcome all men into his family with you I'm going to welcome all the Earth Genesis chapter 15 we see that Abraham believed God and is counted to him for righteousness now that Abraham he didn't fail but in his children we now see a failure again they are now in the house of bond just like God told Abraham was going to happen in the full knowledge that something is going to happen down the line then we see Moses brings them out another picture of Salvation

again and God tells Moses okay I think I can use you again to Kickstart My plan build a tabernacle so so that the picture is clear that I've always wanted to live and dwell with man so when you build this Tabernacle bring the people out let them worship me that was also met with failure because the people were always worshiping Idols people were always going their way God can't have a people who are always going their way and they are God's people so all of that story then the nation began then there are Kings they have rejected God as their King they have rejected God by rejecting Samuel and Samuel was angry that you have rejected me and God say it's not you it's me you are crying when it's not you it's me it's me that they have rejected give them what they want and Sam gives gives them a king and we see again the language of met with failure s fails David go say okay finally I have found a man then God immediately STS David again as a character like Abraham and said I I will build David's a house when David later said to BU no no no me I will build you a house that's how faithful God is because you mirrored this of all the kings only David we saw didn't worship I preach pushed was King priest and Prophet only he stood in all three office of King priest and push God's plan pushed it so much wrote so much spoke so much about God's plan but his children you always now see the demarcation they not walk in the way of their father David they walk in the steps of re jeroboam you keep seeing that then again the prophets began to tell them as I leading to the last Prophet Jeremiah before captivity tells them if you continue this idolatry and in this thing God is going to disinherit us like heered the Nations so we are going to go into captivity and God cannot disit us they know more grace than God then all of a sudden the because their defense as a nation was not because they had so much power was because of God being their backup so they go into captivity then we have Daniel now they in captivity many years have passed the time of es and all of them then we have uh Daniel praying and saying Lord Jeremiah's prediction has come to pass and we are still in captivity he prays and prays and also after God answers his prayer ask the intercessor who pray for the nation Israel in the next timeline we see Ezra nemiah Zer and all of these men bringing Israel back from captivity then Genesis to Malachi Book of Malachi closes they have now rebuked the wall rebuked the temple my hand have started my hand with finish had finished the building as the governor of Juda and all of those and buil the temple talked about were building the Temple that it is bigger than this I will shake the heavens I will shake the Earth and I will fill this house with my glory and they were wondering what exactly is he talking about now notice that's how it closes then for 300 years silence then there's John the Baptist say I have come in the spirit of Elijah to prepare the way of the Messi what is this man doing but he seems to have the kind of signs like these people then a young man 30 years come to be baptized and there's an argument back and forth of his John the bapti said this is he of whom I said I'm no wor to lose his shoe and all of that then he begins to preach he gther disciples then in his preaching he kept saying the kingdom is at hand I am bringing the kingdom they thought it was just a joke nobody had ever gone round from place to place doing what he did so everything he did became a sign John have

to Chronicle it as a sign because he's Healing The Sick casting out from place to place they don't have to come to him like they met the prophet he didn't have to send for him he's going from place to place okay he sends the 12 to preach in Israel then he sends the 7 to preach in outside Jerusalem outside Israel again mirroring 12 tribes of Israel and C lordship of Israel what God plan to do with Israel was met with failure but God wants the 1 Nations and all of them he's emphasizing the kingdom I've come to inaugurate the kingdom I've come to bring God's Kingdom on Earth I've come to bring God's kingdom on Earth few months to the time he would die when he had not told him he was going to die began to say he's going to die Peter shut his mouth up and close your mouth how can you say you're going to die this is not good he rebukes Peter from that day on he begin to speak about his death from Matthew 16 that's where I am on this rock I build my church from then onward he began to speak about his death then he died and all of them are what I thought he was this man said he was going to bring the kingdom I thought then they were see thinking the kingdom is an Israel plan a political plan we thought he was going to be the one to restore power back to Israel Luke chap 24 then he met those two on the road of house and said oh fools and slow of heart to believe because the last they said was we thought he would have been the one why you thought he was going to be the one he the one so he said oh fools and slow of heart to believe all that the prophet have SP not reading the scriptures well that's how he is not saying every Bible verse was about me slow of how to believe all that the prophets have spoken you are reading it into Politics the wrong way that's not the plan ought not Christ to have suffered these things and to enter into his glory other words were not all the prophets met with suffering and rejection did that mean that he did not have a plan but I am different so he consummated the teaching with his resurrection which shows Triumph then he teaches for 40 days tells them they will receive the spirit in the day of Pentecost now as a final sign that the kingdom has fully come and they are now major beneficiaries so they can now stand as the man God intended man to be from the beginning of all things from the beginning of time they received the spirit they are now overly sure that they are new creatures they go into all the world preaching the gospel so we now have F multip replenish the taking the proper shape now because God's man is finally on the that God's man is now called a people just like Israel were people that God's man is now called a people which is what we call the church all those who believe in him and now the church so the church enter in the church exit Israel so Israel is now crying again and wonder I thought we God special Nation no it was not about so just like Israel was a sign to the Nations now the church is assigned to Israel and all the nations too to bring them in if they are not saved so they all began to preach about the Kingdom so there's a common tread but if you don't see that oh there's a kickstarting the kingdom kickstarting the kingdom of God on the earth everybody the plan to plant God's kingdom of the Earth the plan to plant God's Kingdom on the Earth has what has been met with failure consistently until Jesus finally brought the kingdom down where God said I'll do it myself so that's why that event is the greatest event and telling that story is the biblical story that all

the prophets and the apostles stood and that's why we studying deeply not so that we just know it in a basic manner but so that we have depth in the knowledge of the Gospel is that okay and so that's what we are doing now even emphasizing what does salvation mean since it's a major theme that runs through the Bible like we said they all will they all different facts to communicate the gospel but the substance was the same are we good and none of the New Testament writers in any way invalidated or deny the events from Genesis to Malachi they simply integrated those events into what Jesus has done are we good all right that's what they did so what are types and shadows 8 let's go Hebrews 8 verse 5 Hebrews 8 and verse 5 Hebrews 8 I wait for you to get there if you're there let me know Hebrews chapter 8 all right who serve unto the example verse four if he were on Earth he should not be a priest seeing that there are priests that offer gifts according to the law have onto the example and shadow of heavenly things this is we investigating when people say types and shadows is the whole Genesis types and shadow obviously know we said that last week Sunday on Sunday no as Moses was admonished of God when he was about to make the Tabernacle for see say he that thou shouldst make all things according to the pattern show to thee in the mountain so it's the Tabernacle that he the writer of Hebrew is going to use as a shadow to explain because they actually built a tabernacle it was not a something that did not exist it was actually a building a mobile a mobile Shrine they could move it from place to place it existed they actually built it so the temple that was fixing a physical structure a building that could not be moved but the Tabernacle could be moved much like a mobile shrine exactly phrasing a mobile Place mobile Temple could be moved from place to place a tabernacle a tent he uses the word who serve as a shadow then you have chapter 10 and verse one for the law having a shadow of good things to come and not the very image of the things the Lord having a shadow of good things to come the Law having a shadow of good things to come a shadow of good things to come and not the image of the things can never with those sacrifice which they offered year by year continually make the perfect for them would they not have ceased to be offered because at the worshipers one sacrifice should have no more conscience of but in those sacrifices there is a remembrance again made of sin every for it is not possible that the blood of bus and goat should take away sin so the writer of the book of Hebrew in these two text uses the word shadow Hebrews 8 ver5 Hebrews 10 verse1 the word shadow there and a shade is used seven of Hebrew uses it two times in Hebrews 8 ver5 Hebrews 10 vers1 we see it once in theine letter which is Colossians 2 let's read that one also then we come and see what it means Colossians 2 I'll read for the sake of understanding from verse 11 but where we are going is verse 17 just for sake of understanding read from verse verse 11 in whom also you are circumcised with the circumcision made without hands in the putting of putting off the body of sin notice what he has just done a circumcision a major event from Genesis to he has now taken circum as an event and use it to explain what Jesus have done so they understand circumcision it's not saying there's no circumcision but circumcision that was done like this is just like the circumc that's how God now circumcised our heart to make us his own so

everybody understand that something has actually been removed because in there's actually a removal of the way the on the baby boy body AB so everybody know something has been removed you cannot say something was not removed in our Salvation the heart of Flesh sin nature as we call it the nature of sin that that God not plant has been removed amen I we use the exact phrases as we go on but I don't want to overly shoot so hard that people can't grasp what I'm saying whom also he circumcised with made without hand in the putting off of the body of sin that's what has been removed the body of sin he uses the exact phrase the body of sin the body of sin there not your physical body that which consist of sin the body of sin by the of Christ buried with him in baptism whereing also rising with him through the faith of the operation of God who had raised him from the dead and you being dead in your sin and in the of your flesh came together with him having forgiven you all trespasses blood in the handwriting of ordinances that was against us which was contrary to us and took it out of the waying to the cross and having made having SP and made a of over in let no man therefore judge you in meat or in drink or in respect of an holy day of New Moon of the Sabbath day which are the shadow of things to come but the body is of Christ you see he uses the word shadow shadow so the word Shadow like we it's used in tandem with the word example in Hebrews 8 which is the word HMA which implies a pattern a pattern a pattern a pattern so it's showing you that Moses being admonished of God when he was to the Tabernacle so the example the Shadow or the pattern were employed by the writers to depict how Moses was instructed to BU Tabernacle according to what was shown him on the mount so the what the den so observe the details given to Moses about what he was to build how he was to build it is what is going to now take and say if we understand that we can get what he's calling the type and the shadow because the physical Tabernacle has now become the pattern of what was shown Moses on the mount because there was a pattern remember Moses was so to the pattern shown so Moses bu according to pattern so what Moses is building is the pattern number one there was something God showed Moses Moses is building the pattern underline that to remember we saw that just now he building the pattern see that th make all things to the pattern show in the mouth read Hebrews 8 ver5 so there is the example and Shadow of heavenly things so of the es example Shadow and pattern the words that he uses in tandem to communicate his point are we good now this is where people have now said the whole Genesis to Malachi was entirely typed and shadows doesn't make any sense not at all it's not correct because first Moses is building Moses Building of Tabernacle was according to the pattern shown him so it was the building not even the words that were spoken to Moses that was a pattern the building itself was a pattern so when we now it is inaccurate to assume that the writers of the Hebrew scripture communicated in types and Shadow it would mean that the audience never understood what they were saying it was so encrypted that the writers the audience that they were preaching to no audience ever understood any seron Jesus what kind of church were they running nobody ever understood anything how anybody ever know God makes no sense

that is the crime of reductionism wanting to reduce the whole scripture just like people have to reduce it another thing is oversimplification we are over reducing it or oversimplifying similar but don't mean the same so reducing the whole Genesis to everything and shadow but is what he said is the type there's a pattern but Moses first is building according to the pattern God showed him and he said we can now use this as a figure to explain what Jesus have done for us which is the example and the shadow but what Moses build is a pattern not the exact because he can't build the exact thing he saying he can only build a pattern the Heavenly thing is building a pattern of it on the so the to demonstrate the Unseen or Heavenly world as seen in the building of the Tabernacle so Moses is communicating the Heavenly word in the Sin word the same way Solomon building the Temple was depicting the same so Types and shadows should not be taken out of context that there's nothing there then another phrase is the word the promise of God say the promise of God is yes and amen what did God promise us what he promised everybody from Genesis until was that Jesus was going to die didn't even know Jesus how much more promising everybody to makes no sense everybody is going to die but the promise can now be explained with the dead that's always how you must read it because no sense to the direct audience them 4,000 years from now somebody's going to die how does that relate to my life that's a news a news is something that has happened remember now the gospel is news not advice news is something that has happened of which the world will never be the same again so for Adam what is the news creation oh boy sleeping for Adam creation creation is the news the Garden of Eden thank you people are waking up small small we said the fact may differ but the substance is the same all right for Abel and King what is the news out of the garden AB our parents something has happened our parents are out of the garden all right for Noah let's jump it down to Noah because we don't have much about know he worked with God but we see a pattern with Noah that will explain all that happened in set and Enoch time what do we see with Noah the people have SE Noah finds Grace inside of God they find Grace not like show me Grace show me Grace Noah found Grace found Grace is to discover that so no in his work with God saw the gracious of God in the and God okay I can use knowah to do what I want to do just like his great his grandfather father before him Moses uh that believed in God but Noah becomes a pattern now what is the fact with Noah the Earth is going to be destroyed but after Noah we see another fact again something has happened something has happened what has happened no time what has happened is the supernatural Rebellion all right that's the fact but after the flood what has happened is now the flood so notice how intelligent Moses is in his writing by virtue of insight when looks back he's always using something major that has happened to explain now if you are not sure the flood was a gospel story ask Isaiah because Isaiah say just like the flood of Noah I will not be angry with man if that's not a fact as a fact so we must be careful how we read our own Bible thinking is not fact so major facts used to communicate so something has happened and that's why flood what said to Noah Before the Flood look after the flood now okay I'm hanging my as a sign that

world is not going to be destroyed again we see all of that then chapter 10 into chapter 11 we have the N story after that God is calling Abraham have something happened yes the of the nation is a is new something has happened of which the world will not be the same but what is the good news amidst the bad news God starts with Abraham again something has happened so Moses is intelligent enough when looking back to bring different facts that's what we are saying that we must understand that the call is to worship God not to be I use this phrase the call is to worship God not to be uh Romancing underline it like that not to be Romancing wow see truth wow see truth it's not you know sometimes we can people can reduce the gospel into the latest truths so this one is preaching no somebody has died it's not a not a matter that will turn into just to excite and and and to be for the fun of it just the message s me a serious a serious something has happened of which it's me to sleep on something has happened of which the world will never be the same again what has happened what is our God doing now the greatest event of all has happened the death bear of Jesus he has died he was buried he has been raised from the dead his kingdom has finally come we now have God's Kingdom on the earth who God is finally rning though there a but we do not yet see all things but does not mean it's not raining so but for us the church that's why once you remove the supernatural from Christianity you have a religion because we do not yet see all things but for us and in us and through us we see that power that our reigning Jesus riging over everything is he sickness he RS over is it disas he RS over there's can't R over and there's nothing of chaos that should stay in our life because he has removed it so if we walk with his power we also see that but first and foremost what has really happened I'm giving you fresher perspective to look at the dead resur because if he using that dead of Jesus to mirror different event then we should not just know it in a manner that sweet me we should put our eyes down put our ears down a bit more focus and intelligent then we will graas the core of what has been the writers are communicating they will now finally understand why they can call and summarize the whole death of Jesus love of God Amen they can summarize the whole Resurrection as life L are these not major from Genesis life love Mercy Grace you so why are they bringing all of this because that's where you find Communications in their language was God not gracious to is it when Jesus died that God became gracious then you have a God that Jesus got born again which is not a God in the Bible because God has always been gracious and merciful so gracious that David said let me even fall into your hand so the word promise promises the word promise that's what we at we saw that word just now in Romans 1 quiet which he had promised a is in your own all right so I will run through Romans just to be fast Romans 4:13 for the promise that he should be the hair of the word was not to Abraham or to his seed so there was a promise made to Abraham is that clear all right staggered not at the promise of God through unbel Romans 4:20 when you the Genesis story You Don't See Jesus so you see having a child okay so but there's promise of God there so if you are not sure there's a promise of God then Romans chapter 9 now says that Israel had the promises who are israelit to whom

parted the adoption so Israelites there was adoption the glory the covenants the giving of the Lord the service of God and the promises who are the fathers and of whom as concerning the flesh Christ came so Christ will come in the physical like a Jew right so there's the promise of God Romans 15:8 now I say that Jesus Christ was a minister of circumcision for the truth of God to confirm so Jesus will now confirm the promises made unto the fathers so again are youing the intelligence he showing you that it's not new information the substance is the same from Genesis to Malachi the substance remember why we are doing this so that you can breath in breath out we already know and I I'm your pastor so I should be able to say convincingly maybe not for the new faces at least 85% of all of you know that Jesus loves you he died for your sins so that you all those basic fact of he loves me may not be able to explain but least but you have heard it over the years we have taught a lot of the Mercy kindness of God maybe not in the last one year we have not emphasized that fact because we're trying to delve into higher realities of the Kingdom not just our entrance into the door however we don't forsake mercy and Grace because our God along the journey and along the way and all through our life is always gracious and merciful that's why we're going back to the foundation so that we get our Basics right now what we are seeking to do now is to connect you to see that that oh he died he died he died was buried was buried was buried was raised was raised from the dead is similar in the different timelines from Genesis to Malachi is the same thing the same substance just a different fact so how did the different fact now communicated so this is not a lazy stud it's a study to deepen your understanding so that you can now say oh I see how the death of Jesus is in all the timeline from Genesis to Malachi are you getting it again like we said he to just T around seeing the death of Jesus as an isolated event which is risky but that's how many person have learned the gospel knowing the death of as an isolated event from all the other events in the Bible as if that's the only event the Bible no because then you cannot interpret the death of Jesus very well because the events they used to interpret it EV okay so you are getting what I'm teaching beautiful so that's why we are laying these foundations so what does the promises of God mean so the word promise aelia it means an announcement it states what one will do making to do something so when you hear the promise of God God making a commitment to do something God made a commitment that was going to do something can you still remember that teaching on experiences with God I told you what the promise of God means I said it in that teaching oh boy I no problem you forgot Spirit upon St inflowing with the spirit upon I also talked about that right so recent times I've had to highlight a bit about that promise when they use the word the promise of God what is the promise what he was promised so Jesus Christ is going to confirm Jesus Christ is going to do what confirm the promises the word confirmed there is the word to make FM to establish to make it sure to make it of force so he's going to make that's why that is the greatest event because he confirms the promises of God he makes it stand fast so all that we have been seeing in the different timelines have now been made so steady strong so firm has made of force now a lesser synonym of that would be the war fulfill but

let's not use that let's stick with the confirmed language 2 Corinthians chapter 1 19 and 20 we have the text that people have used that God promised me first class God promised me a husband promised me a wife for the Son of God Jesus Christ who was preached among you by us even by me otus was not yeah and but in him was yeah for all the promises of God in him are yeah and in him Amen to the glory of God so he promised me first class promis me husband prom me a wife prom me prom me children my table promise me what that man will keep going down promise me what else you know all the promises of God lay hold on the defeat that man is crushed forever so the promises of God hold on to the promises of God what God promised us you know how people emphasize that say promised me God promised me he promised me man you will never rise you promised me for all the promise of God in him are Y and amen so what did he promise you say Amen say amen amen amen Jesus has amen it know where there where is where is bread price inside there promise me mar prom prom of many that's why people are frustrated and he died for it I've told you you know these are things I've said in pass over the years I've always said why not promise you all those things but you can lay hold of his power lay of his wisdom and say you want that but not that never promise anybody all those details that we are turning to promise the cor promise was about his kingdom never miss that point so in s Corinthians 1 he simply saying God makes good what he's committed to do so the promise of the father simply means what the father said he would do his commitment so the promise should not be seen as something that was going to happen in the future but what God was going to do because when he's making the promise to the people they are not seen as something to happen 4,000 years they are seen as a commitment of what is going to do you tell a child I'm going to get you a bicycle the child should not wait for 4,000 years now is what you are going to do I'm going to get you a bicycle if you did not get bicycle who failed the person that made the promise so he who made the promise must keep his promise the promise God made God had to keep it himself because ultimately nobody else could bring that promise to pass so acts 1332 and 33 is coming together we read this also on Sunday and we declare unto you glad tidings now the word gospel has been brought in how that the promise which was made unto the fathers God has fulfilled the same unto us their children in that he had raised up Jesus you see how he brings it in he now brings fulfillment as a synonym of the word confirm so he had fulfilled in that he raised so what God said he was going to do we can now see F remember I've given you the anchor it has been about his kingdom kick the global is not going to let that Vision waste he's going to have heaven and together in the same place that's kingdom of God on the heaven and in the same place God and man in the same place living and dwelling together God having and making his home in man with man and true man you I think we use different phrases some two years ago man as his house man in his house the whole earth beautiful does that make sense that's the promise that's the plan that's always what he intended to do to have man as his house man as his Dwelling Place which is why man to eat the tree of life and that eat is not physically B to but have God as his Lord and so

that God because that man that believes in the lordship of the Lord that places faith in the Lord is the man that God can live in and work through so I am your creator but I want to be your lord there's a difference so and the created thing that God made is not a robot so God gave the created thing a choice choose me as your Lord I'm not going to force myself on you choose me as your Lord that will make man be God's house man in God's house is the of so come on man in the house the whole earth as God's house all right so which was why Satan corrupted the seats in Genesis 6 then Genesis 11 all right so fulfilled the same so God have fulfilled the promise made unto the fathers in that he raises us from the dead then the third so these are three phrases not understood that has brought a lot of issue types and shadows promises the third is prophecy where people say Genesis to Malachi are all prophecies all of them were just prophesying Jesus is going to die every Prophecy in the Bible is that just is going to die just is going to die what about the prophecy that says jeel got up and believe in believe his Prophet thatr many that to do with Jesus CHR to do with the they were fighting having Victory going to now lie on all the prophets head every Prophecy in the scripture that's again too fleeting is that okay so these are how we just say oh all of them has been so how does fulfillment imply so the word promises prophecies the word fulfilled or fulfillment look at Matthew 1 don't be lazy don't be tired we are studing so it's not it's not sweet Cal down to all make sense it's not everything that is sweet you're not a baby swe Cal Le be smart studing it's not about sweet leave sweet alone sweet can affect your mouth if all you take is sweet does not mean that this is bitter either studing calm down tight tight tight tight TI tight first understand what we are tying TI roof the house roof the house roof the house the same approach you have in business you won't build anything that will last in this life just start the business say profit profit profit profit that's stupid business F in three months could even grow the business you couldn't even put back the profit because put back the money Mak me R give me give me w w Matthew 1 1825 now the birth of Jus Christ was on this W when as his mother Mary was spoused to Joseph before they came together she was found with child of the Holy Ghost then Joseph her husband being a just man and not willing to make her a public example was maned to put her away privately but while he taught on these things behold the angel of the Lord appeared unto him in a dream saying Joseph thou son of David fear not to take unto thee Mary thy wife for th which is conceiv in eyes of the Holy Ghost and she shall bring forth a son and thou shall call his name Jesus for he shall save his people have we seen the concept of salvation for he shall so we know who the savior is Jesus just as Genesis to Mali the Savior has always been God that's where we even when we first thought on salvation many years ago where we got those our songs that we sing God my savior Jesus so God is the savior of mankind all right call his name Jesus for he shall his people from their sins now all this was done that might be fulfilled now see how use the word fulfilled all this was done that might be fulfilled which was spoken of the Lord by the prophet saying it's quoting Isaiah Behold a virgin shall be with child and shall bring forth a son and they shall call his name Emmanuel which been interpreted is God With Us now the child born was not

even called emuel called Jesus you saw the name AB but the Emmanuel picture will be explain with this then Joseph being raised from sleep did as the angel of the Lord had him and took unto him his wife and knew her not till she had brought forth her firstborn son and he called his name Jesus not Emmanuel funny enough so the account of Jesus the Angels was in 20-21 how notice what he said in 20 to 21 you shall bring forth the son call his name Jesus AB but Matthew in writing it in the synoptic notice what did he did not state all the words that the angel said observe what he did in verse 23 now says the statement she shall bring forth a son that statement she shall bring forth a son is a narrative from the Hebrew scriptures that the angel is relaying to Joseph oh boy she shall bring forth a son is that not Isaiah 7:14 therefore the Lord himself shall give you a sign a virgin a young lady an unmarried lady that's how we see it but the Virgin also used to explain a married lady all right married lady lady because that's the way you are supposed to get married so it says a virgin shall conceive doesn't mean that people you now preach to that are not virgins you kill them in the name of being stupid saying you are you are you are for the love of God or Holiness of God makes no are you with me therefore the Lord himself shall give you a sign Behold a virgin shall conceive and bear a son and shall call his name Emmanuel so Matthew emplo the phrase that it might be fulfilled in in reference to what the angel said about the of Jesus now if you want to know the whole story you now have to go back read Isaiah 71-4 you will now get the context now I will help you if you have ever read Isaiah 71-4 you see and it came to pass in the days of ahas the son of jam the son of Uzziah king of Judah that res king of Syria so they are going to fight War so you get the cont let's read it so you get the context see how he said that might be fulfilled now that story when you go to isah there's no there's no Jesus Christ in mention because he's taking something and cying it putting it in COD I said this is just like what theel is doing what theel said this is just like it virgin shall conceive because that was an intervention was how they could now win the there something being so when we see prophecies this was what I was supposed to say when I was talking abouty I didn't know how I jum I about promises I about Shad you teaches a lot in Bible School stop seeing prophecies only as futuristic event is foolish because there are many propes that we give you that are not all future about now so we know the fouring and there is four but to make all the prophecies f o r o e makes no sense that they are all preditions then who is a prophet always to say Prophet is first a teacher we think is a joke where did he get that from Mal the prophets in the in the prophets in the scriptures were first the teachers of Israel they taught Israel God's love they taught Israel God's word so when you now realize that okay everything that they are writing is not prophecies but it is called prophecies because it is written by a prophet many of the prophecies were just a teaching many of the prophecies also contain what we will call prophecies today but all their writing is being called prophecies we can now separate and see that okay some of the prophecies some of the events in their letters had just stories some had predictive elements some they were interpreting things that other persons have said come on all right so let's read Isaiah 7 a bit of patience will all make sense soon and it

came to pass in the days of ah the son of jam the son ofah king of Judah the resing king of Syria the son ofah king of isra towards Jerusalem to war against it but could not Prevail against it again observe the context it came to pass in the days of ahaz the son of jam the son of Uzziah so remember Uzziah soah son king of Judah that raising king of Syria the king of Syria P does not Malay king of Israel went up towards Jerusalem to war against it but could not Prevail against it and it was told the House of David saying Syria is confederate confederate refers to Covenant Syria is in Covenant with Ephraim and his heart was moved and the Heart of his people as the Trees of the wood are moved with the wind then said the Lord unto Isaiah go forth now to meet ahaz thou and J thy son at the end of the conduit of the upper pool in the highway of the fuers field and say unto him take heed and be quiet fear not neither be farded for Two Tales of this mocking fire BR for the fierce anger of resing with Syria and of the son of remalia because Syria Ephraim and the son of alia evil counsel against the say let us go up against Judah and Vex it let us make a bridge daring for us and set a king in the midst of it even the son of tabil th say the Lord God it shall not stand neither shall it come for the head of Syria is Damascus for the head of Damascus is Raising and within the score and five years what is the score $3 * 20$ is how many and five that's 65 years and within 65 years shall Ephraim be broken and it be not a people and the head of Ephraim is Samaria and the head of Samaria is remah son if ye will not believe surely you shall not be established verse 10 moreover the Lord spake again unto here saying ask the sign of the Lord thy God ask it either in the depth or in the height above but Ahab said I will not ask neither will I tempt the Lord and he said he ye now oh House of David is he a small thing for you to weary men but will you weary My God therefore the Lord himself shall give you a sign and behold a virgin shall conceive and bear a son and shall call his name what how do you now link this because that's what is linking observe that it will make no sense they about fighting a war people are coming against this King ah and God is saying 4,000 years from now sorry this is not 4,000 1,000 years from now a virgin will give birth he say sir we already dead our nation is defeated by then it's just common sense you should have answered theah the prophet and say sir that's not how we going to win sir we can't be waiting for 1,000 years sir that cannot be a sign a sign to us is 1,000 years are weing for years how can that be a sign to us so realize that remember that I told you they wrote to there a there is what is written to these things are written for us there's a direct audience they wrote All right so verse 3 to6 shows that syri EP they were planning a war verse 7 to9 God instruct ah to believe what he have said I will make sure they do not invade you AB then verse 10 to3 God said ah should ask for proof that no Nation will approve them but that they will be rescued redeemed and saved is that the context that's where salvation comes in so God says ask a sign and you will see that no Nation will be able to appro you I can prove it to you that they will not content or overcome you so ask me to do something so that I can prove to you that they will not contend or overcome you so Isaiah is infering that the sign God would save them was a son that will be born thousands of years makes no sense when there's an impending threat of an

invading Army did you get it no so what where is the consistency and why can they link it to a child because there's something called motive reoccurring pattern in the Bible m o there is a something called b t a motive in the Bible every time a child is born is used as this child is going to be this and this starting from Noah he shall be called Noah man he will bring rest and ref freshing they kept naming to Moses when so that's why every time a child is born is a sign that there's an intervention of God on the earth God is up to something because God has found another child another human being going to use to do something so the Hebrew people understood the concept of be motive that okay there's always a child being born a pattern now Isaiah now by the spirit of God in their timeline a child was actually born if you just read the whole you get the context the stories are there so that story is now being used just like a sign that they are going to be saved a child was born that is how that's what convinced Joseph that it might be fulfill so this child that your your fian your girlfriend all right this child that is in the of your girlfriend let's use the word girlfriend I can't pick which one again that it will not talk everybody's afraid not to make mistake you should know it youed you know it still fresh your memory whatever you your girlfriend is with child but that child that is born is going to be a sign that the world is going to be saved it makes because Joseph is a man that fears God he knows the scriptures so just like so that's how we can link it up again to be a pattern are you yeah so Sarah and Isaac we see that they are child go look at Genesis 17 15 to 9 I'll read the 19 part just write the references down I will give you different bir motive so the phrase be son is a pattern that seen in different of the scripture in Sarah and Isaac we see Genesis 17 5 to 9 and God said Sarah thy wife shall bear the a son indeed and I shall call his name Isaac and I will establish my Covenant with him for an Everlasting Covenant and with my SE after him so there's still the whole talk of children Genesis 25 21-29 we see Rebecca and Jacob and the first came out red with all all over like a just write the references the ref WR the references don't need to turn because of time Genesis 25 21- 26 we have re and Jacob vers 26 and after that came his brother out and he took of Esau's he and his name was Jacob and Isaac was three score years when she be him but was there something said about the child two nations are in thy womb and two manner of people shall be separated from thy Bo and the one shall be stronger than the other and the Elder Shall Serve the younger so already something said Rachel and Joseph the same thing Hannah and Samuel the same there always shows that procreation can play a role in God's plan procreation can play a role in God's plan so when you now go to the next chapter after Isaiah 7 you not have mahalah hasb as the name and that was now the sign the took place with God preventing The Invasion look at and she conceived and bear son it's inah INE you have never read it before I don't want to take by say go home and read the next chapter I've showed you the next chapter you see the name you are quiet are using theing is it the same you saw inap that chapter so Isaiah 8 ver7 now therefore behold the Lord bringeth up upon them the Waters of the river stronger men even the king of Assyria and All His glory and he shall come up over all his CH and go over all his bank and he shall pass through Judah he shall

overflow and go over he shall reach even to the neck and the stretching out of his wings shall fill the breath of the land oh Emmanuel so amazing to now say Isaiah was thinking or speaking about Jesus when this is a major intervention in their word how would that make sense to his audience so it's by Insight it's always when we look back that we can connect just like Joseph said you planned it for evil but God meant it for he can only say that now when he was going through the issue could he say you meant it for evil when Joseph was going through all the from P to Pete from P to you know what I mean days to say P to fire it kept getting worse you see it can only get better I mean P's house it can only get better don't only get better so from P to slavery to come on all so the Bible is a very honest book so it's by virtue of insight so it's by of Insight that they are able so our role will be to interpret it to the extent so the application is significant remember I taught you application and significance before you can now be because that's where you can see how it can relate to their today event that's why they always use the word fulfilled so they were not doing out of context code because they were not interpreting they were simply say this thing is similar to this just like you and I today can use events and say this is similar to this this similar to this all right so Isaiah was making a reference to An Occurrence in his own timeline his own world that God's sign of Deliverance and Redemption was that somebody was going to be born now in the timeline of Matthew what was God's sign of Deliverance and Redemption a child also is being that's how they are quoting and say that it might be fulfilled my are you scared of Bible interpretation your Bible is ites there isah is Jesus Christ so you see that the writers are intelligent is that crime of like I told you chronis where you want to force every line we can connect it to Jesus without having to lie that it was Jesus they were saying to the audience it w make sense because who is Jesus you mean that is not God trying to help him because if there were references about God it canot apply to Jesus for God's sake not God so if God's sign of intervention because it's always God's communication they are speaking to the people is it not God himself that's why Jesus could explain everything with himself and from himself because it was God that they were talking to the people about now that God is working the how can you not connect every scripture and every to himself he made man to live for him how can you not take all the men who lived before him and connect them to himself he can because it was him they were supposed to be Imaging so now we have the perfect image walking the head so he can easily say just like this just like this just like let me keep pointing my hand back so you get it just like just like Joseph so a greater J is Jesus a greater Moses is Jesus a greater Joseph is Jesus that's what they are now calling the types and Shadow I'm making it simple a bit so just like Joshua Moses brought them out from Egypt Jesus will bring us out just like Joseph to the promised land Jesus is now so Moses did not finish the work Jesus finishes the work so Moses will now be a type is it that there's no Moses again in the Bible there's the Moses in the Bible now if we not erase Moses when the B now start connecting them and say just Moses we have another like Jesus we have Joseph we have another likees we have this they are connecting something if we not have to delete and there no Joseph

no Joseph ever we's a Joseph we areir and say there was a Dani we are all we don't delete all of their names that's the same way it can be connected Hallelujah so a child is going to be born and that will be a sign that's the same way soah is not prophesying about Jesus to King a no sense in their timeline but rather what the angel is saying to Joseph in Matthew that we now have recorded in Matthew is that Jesus's birth happened just like Isaiah's prophecy did you get the meaning of fulfill now Jesus's B is happening just like the prophecy of Isaiah that is the that is my beau this is just like this I said this on Sunday so I'm simply tying the not so that you get it I can go on and on which is where this thing begins to make more sense which is why we said patience everything sweet is sweet as it begins to make sense one of the things with B I was saying this when we were going home on Sunday I said soon now after this whole series somebody say can you not know this simple thing but when I was teaching it you were stressing me after you understand now you say I don't know why people don't know all the simple things in the Bible all that simple things it took time we had to drag you here bring you then now after you have now understood all these simple simple things in Bible that people cannot grasp it's because you now understand it you not understand it but how did you understand it took time so be patient with other persons too the same way I'm telling you now because it's not me I already know what I'm teaching so when you are like let's rush it if I rush it I jumping the process the understanding needs to be complete all right let's try another event what do you think look at Matthew 2 so is Matthew living many many years after all the events of Genesis to Mal so does he have the the the benefit of insight can he look back thank you so he have seen those events play out and he can confirm that the Fulfillment because there's a similar event so Matthew can read backward seeing that the angel liking the of Jes like to the birth of Samuel Sam Isaac Jacob and all the different women that have given bir to a son that was an intervention in their world so that is a fulfillment Matthew 23-15 and when they were departed behold the angel of the Lord appeared to Joseph in a dream saying arise take the young child and his mother and flee into Egypt now this is the worst and flee into Egypt and be thou there until I bring thee word for Herod will the young child to destroy him verse 14 when he arose he took the young child and his mother by night and departed into Egypt and was there until the death of Herod that it might be fulfilled remember that was fulfilled now see the connection which was spoken of the Lord by the prophet saying out of Egypt have I called my son you would not like to go to the chapter verse this the REM of context but the out of context is because it is similar event not that he was remember he was not interpreting so I have also said that thing when I began to understand proper proper B interet I used to say that writers not even know how to teach contextually realiz that we still learning so our blood was h no they were teaching they were not explain they were not interpreting they use the word fulfill that means this is similar to this in interpretation interpretation is done differently application and significance differs that the reason why every message when we are rounding up the whole lent series we now begin to do more of application and that application is just like we T so also in your

life so also in your life say that message spoke to me all many Bible vers not for it to speak to you per but it will surely speak to you because it's God's word that's why I cannot speak to everybody and he's speaking to everybody differently and that really got to me understood this and now s is in the how it now applies to you today how it now comes to you today there's always a lesson to take we can that we are saying just like moral lesson that's not Bible interpretation now that's why moral can be nonsense many times so they are showing you significance and application in their timeline then there was now interpretation when you now look at the epos you now see that that significance and application they now took them and now interpreted where you now find the interpretation they are now interpreting just like in certain portions in the for you also see interpret but it's not everywhere so the writers H they say fulfilled we not jumped we saw fulfill we wrote interpreted all right why was Jesus taken to Egypt because theel appeared to Joseph instructing him to flee to Egypt to save the child's life to preserve baby Jesus AB remember to preserve AB was it to preserve the child Hosea 11 verse1 when Israel was a child then I loved him and called my son out of Egypt that's the text turn the Tex text people don't want to read let's be sure before you want to do contest verse two makes it even worse it takes you far away because it's not vers one vers two and they called as they called them so they went from them they sacrificed unto Bim and burnt incest to graving images so it connects it to the exod story so we can see that he's bringing Hosea 11 vers1 is writing something that happened in The Exodus so Exodus 4:22 you now see the story and thou shall say onto Pharaoh to say the Lord Israel is my son even my first born that's why they let them go let them go AB he said the context is out of Egypt have I called my son wake up wake up wake up why was Jesus taken to Egypt is he not to preserve his life from who Herod that seeking his the life AB now recall in Genesis why did Jacob go down to Egypt to be preserved by Joseph was there famine something was about to kill them so Israel that's Jacob and his children they went to now is Moses the one sent by God to deliver Israel is the one that took them out from Egypt Matthew 2:15 now says and was there until the death of Herod it says Jesus was in that until the death of Herod that it might be fulf which was spoken of the Lord by the prophet out ofp I called my son so in Matthew's word the character they knew were three Egypt Israel and Herod walk with me if you are following was there not Egypt mentioned there was there not Herod all right now in the Bible Egypt reminds us of something was persecuting them in Egypt those days Herod is seeking the life of the child Herod is seeking the life of the child is Herod going to be a pattern like Pharaoh Pharaoh is a persecutor thank you Herod is also a persecutor Israel that Jacob could have died in hunger but he doesn't AB so he says refers to the Past The Exodus story now Matthew in referring to the present Matthew uses the phrase that might be fulfilled he is not interpreting Hosea 11 ver1 because Hosea 11 verse1 or The Exodus 422 had definite narratives and Personalities in view that not in Jesus's time there's no Pharaoh hunting any baby Jesus neither is Jesus being in bondage now that he his life is being preserved in Egypt he was not in bondage in Egypt now that is Jacob Joseph took Joseph

took him there you missed the point you will get it somewhere along the line you will get it when Jacob the original Jacob and his children go to to go to Egypt who preserves their life what's the name of the man who is having the dream in Matthew Chapter 2 oh you are waking up small small okay who is having a dream who is God telling to preserve Jesus okay leaving the small small see there is no interpreting Bible just like a Joseph preserve Israel that's how Joseph is preserving so Jesus just like Israel Jesus just like Jacob's children that it might be fulfilled so Jesus Will the road that other stood in AB all right so Jesus is called son so everyone calls on the scripture so you see the context so the S so Jesus is using that context just like just like just like just out of egypt called my son so Joseph preserves them Moses brings them out again then he says in the Matthew 23-15 he now said and they were there until the death of Herod does that ring a b because it was the end of Pharaoh's life that they also came out different personalities different outcomes of the narrative but where are the event similar that Israel entered to be preserved and Israel came out now bring it to Matthew's timeline there is an oppressor to Herald seeking the life of the child the child is being preserved by Joseph and he being also brought out now difference is that still brought out by the same Joseph now that might be just like the original event out of Egypt have I called my son so is not interpreting once you are racking your brain now saying okay okay this interpret this you are doing the foolish thing again is not interpreting it's simply just like is not interpreting if it's interpreting that will be say out of context quoting is not interpreting so the phrase that might be fulfilled is not interpreting just like so remove the word that might read and just put just like just like what was spoken of the Lord by the prophet saying out of I called my son so did Israel come out from Egypt yes baby Jesus have he come out from from Egypt yes St it's not explaining line by line just like so stop trying to do Jes with 11 because that's not what Matthew is doing all right so fulfilled so it's showing that it has a the same destination this can follow as an example that was simply what he was doing there so Christ died according to the did you get it so according to the scriptures here just like we now Christ died for our sins would that be a pattern in the scriptures okay in Luke 11 Jesus quoted from the blood of Abel from 4 to 51 I will read 51 alone because of time or 5051 okay let's do let's read everything let's not be jumping I don't know if you guys will ever read your Bible when you get home Luke 11:46 to 51 and he said whoo unto you also ye lawyers for you laid men with Bings previous to be born turn there Luke 11:46 to 51 and he yourself touch not the burs with one of your finger 47 whoto you for you bu seers of the prophet and your fathers killed them for truly you bear witness that he allowed the Deeds of your fathers for they indeed killed them and he bu their seers therefore so said the wisdom of God I will send them prophets and apostles and some of them they shall slay and persecute the blood of all the prophets so they have been killing Messengers that God sent is Jesus in quote now going to also be a messenger that they also going to kill but yet God is not giving up all right so that the blood of all the prophet which was shed from the foundation of the world required of this generation from the blood of Abel onto the blood of zaras which pered between the Altar and the temple

very I say to you shall be required of this generation so were God's Prophet killed scriptures from Abel to Zacharias so Jesus's death will fulfill the same what is fulfill the same it will follow the same pattern already see where the is coming just like they have been killing the people God sent it's going to be what about the be Resurrection he uses the Jonah story Jonah is not Jesus Jesus inside a fish so but just like Jonah was in the belly of the that's the word that might be fulfilled so when he say Christ died for our s to the scripture showing you that there are many events from Genesis to Mal that we can see the same pattern is that okay come on come on come on come on come on did you get it can we isolate the death be of Jesus alone and now teach okay this is it yes which is the popular again the problem of specialization now it will produce many things it will produce Grace message forgiveness of sin God is so angry with you producing many things because you are preaching it isolated from every other event and it will not allow you to be Scholastic it will not allow you to understand the whole biblical story but it helps a bit that you will know that oh he died for me oh he loves me oh he's forgiven me but these are no New Concept because when they teach it like that they now make it look like God has never forgiv anybody's sins until Jesus came God is Not forgiving them just in judges alone there are 14 cycles of rebellion he's not forgive anybody and and God is raising a new judge raising a new Jud a new judge to bring them out to captivity from to the last judge God is is not Rebellion Rebellion turn their back they turn their back they turn their back then the medanite came they turn their back the philistin came they turn their back against God you will see that favorite phrase in judges and they s and God turned his back on them then and God raised another judge for them you see the pattern it's a cycle all over the Book of Judges then you now come and say there's no forgiveness what those play say there was no mercy and Grace God was not merciful and gracious until Jesus came God is even telling Moses I will be gracious on who I will be gracious on I will have mercy many times he say blood he say no no no you cannot Moses don't tell me don't be begging me as if you are making me become that's what he said I will be gra I be gracious on so I am not be gracious on these people Moses because you are saying Lord block me it's not because is that I am gracious it's not that you have you have made me now a gracious person Moses oh Moses my son I thank you for for getting me giving me a new heart that's what it means not ofy I that's what God Said toes stoping me to be gracious as if I'm not gracious so when God we introduce himself to Moses because Moses is still learning about God the very first thing God said the Lord the Lord God gracious and merciful maybe you not know who I be so now when God will show Moses his glory the very first detail sorry I thought you read Bible let me let's go let's go let's go let's go let's go back exus not be assuming things again ex 33 Verse 18 and he said I Bes thee show me thy glory and he said I will make all my goodness which is a word you can now use to later explain good news I will show you goodness the goods that I bring my goodness will pass before the and I will proclaim the name of the Lord before thee and will be gracious to whom I will be gracious and will show Mercy on whom I will show mercy and he said thou can not see my face and

leave which have explained what this means quiet so jump to 34 and verse six and the Lord passed by before him and proclaimed the Lord the Lord God merciful gracious longsuffering abundant in goodness and Truth keeping Mercy for for thousands forgiving iniquity and transgression and sin and that will by no means clear the guilty so he has been doing no condemnation visiting iniquity of the fathers now when you are used to judgment I visit you now you'll see I'll show you shy that visit theread is means to take care of something it may be using a positive or negative depend on what you are taking care of but when you and God visited Sarah she had a child God visited you have seen you not got here and I will visit you I will deal with you because you are the one that is the angry man because you have to have God as an Angry God for you to be happy to fit The Narrative of a hell and heaven there always have to be this angry God that Jesus got saved that Jesus have made him a new creation and said now I've changed you for all time you must be gracious every time you want to kill them remember me that's a d personality now we have Jesus different from God who convinces God to be a better person and God say because of you I will become a better person I will be ner I will no longer do bad things I swear I will kind of then that same God so love the world what exactly is this conf that's the problem of isolating stories you will know it onesided which is what I wanted to establish so we talked a bit on Sunday we tied it up a bit today hope you're getting this come on come on on on on keeping Mercy for thousands of gener of forgiving iniquity so does God forgive iniquity does Moses know that Moses need Jesus to die for him to know that God forgive iniquity I don't think to to see how God forgive people was God going to forgive Sodom and gomorra based on Moses plees based on Abraham's ple AB not negotiate well of course it's not again that's another long issue how is Sodom Andor story use why is he put in the Bible to show you that God can keep people what kind of laziness is that one that's the same reason why fire so because anytime fire fall from Heaven Is God no no don't be lazy your interpretation was that God's power can actually save and that's something called exemption just like they try to single out that one building of course don't do like that don't make God gracious in that way many lives have been lost however as exemption like you saw one was Exempted there there such a thing as exemption and God's power can actually as they said the trth story that that guy is actually a Christian the family is actually a Christian family and all of those long but what about Christian families that your God is in are the ders will fall into when you explain things when you praise God with Misfortune use The Misfortune of others to praise God others that pass this road died but I pass same road and God protected me do you have to rob it in will people in that service that pass that road that also died the same reason we always thank God we come out from accident but we don't thank God that we went and came back so until God Deliver Us from something that he kept us from something is not good news it's not testimony worthy say God healed me of that virus what about the fact that you have lived life without having the virus God healed me of cancer what about that you not have cancer I was in the hospital people died for this thing then God brought me out from the hospital I've have come to return all the

glory to God you know that return I've come to return all the glory to God now man woman that is returning Glory what about not what about you returning the glory to God that you have never gone to the hospital people I to thank God for because I can't in all my adult life I can't remember when B lie down fix the D so so I have to thank God for I don't think I will ever go there so if that's reason why we thank God I never know what it means to thank God Bo looking at me he's admitted he's there now we don't know when he will come out now come out say glory to God I was in the hospital for three months but God saw me through all the time been see me true that I did not go I didn't thank him why do we Lear way that's the same way ofing of I'm not like this many are in the M but I'm in the sanctuary do you have to do you have to rob it in I in the S also know your God say no should I because of them praise my God that's not how to praise God you don't nobody in the scripture ever praise God With The Misfortune of others there are enough phrases in the Bible to praise God without robbing it in you are a good go you never like that Lord I want to thank you for your preservation in my life it's not good like that I want to thank you for others that died leave all alone you are thaning for that what exactly are youing for Lord I want to thank you for that children that Wayward but you have made mine to follow you no now there's always that there's always that evil eye inside that jealousy and envy like you're always looking at rest my case so there say Vis iniquity of the fathers upon the children up the children children the third and fourth generation so it's in the four generation we figure of spe forever and ever life too hard count it must be theault how many generation count four okay let's see how many prophets thought that God is a gracious and merciful god let's go to the minor prophet and see if God is gracious to the Minor Prophets at least this is towards the end of their book Jo chapter 2 verse 13 it say rent your heart and not your garment turn unto the Lord your God for he is gracious and merciful slow to anger you know how you see how to pronounce that slow to look at me he is slow [Music] to anger know hebraism has phonetics too that's slow has eternity the Hebrew word slow is not know know the quick verse but after five minutes that's not worth it don't be reading the Bible with with did you get it so the word slow there is the word AR which is from the word arak that means to prolong how long it takes you to the word Eternal so how slow will he be he will be slow really slow how slow really really slow for how long for eternity that's how slow all right slow to anger no when we a posi sorry you have never seen slow toer before New Testament books okay let's go it use it to teach us James brother James James 1:9 wherefore my beloved V let every man beft to slow to speak and slow to R for the RO of mans on the right of God the of God the RO of mans on the of God so he says slow to speak slow to are you see so using a positive light be slow so it's used in a positive so it's not a negative phrasing did you get it for he gracious and merciful slow to anger and of great kindness and repented him of evil he does not do evil that's what it means Jonah chapter 4 now Jonah is angry and he prayed unto the Lord and said I pray the oh Lord was not this my saying when I was yet in my country so Jonah knows that God is gracious he said Jonah is saying the long story know he fled he didn't go to n he fled to T then he later

us his own money to go back which is always when you take the longer Road when God is helping you you use your own money he was going and he prayed unto the Lord and said I prayed you oh Lord was not this because he used his own money to go to T he bad AB you cost you more to go outside God's plan and he to the Lord and said I pray the oh Lord was not this my saying when I was yet in my country therefore look at the reason therefore I fled before unto for I knew so Jonah knew God say go and preach yet 40 days I look at gospel that the gospel does not have somebody with when Jonah was preaching there was yet 40 days n shall be over but there's good news does not have to be over and everybody believe the good news and say we don't want anybody to be over we believe in God there was an invasion that happen now speak all of those things okay that Jonah now say therefore I fled unto for I knew that thou a are they using Moses's language what God showed Moses that he's a gracious God did Jesus have not come to make God a new creation for thou art a gracious God and merciful slow to anger and of great kindness and repent the of evil are you that that's a popular phrase theist said for thou Lord are good and ready to forgive plenteous in Mercy Psalm 86:5 plenteous in mercies therefore Lord take I Bes my life for me it is better for me to die than to live now Pride be your problem sir want to my all right let's read some more text Micah chapter 7 Micah 7 and verse 18 who is a god like unto thee that pardon iniquity and pass by the transgression that pass by not I want pass your road I want that pass by transgression means forgives transgression passed by the transation of the remnant of his Heritage he retained not his anger forever because delighted in Mercy not his anger forever that's the synm of the word slow to anger you see the word forever is when you we have Tau this concept years AG slow to you read in the Book of Psalms you see it forever I will read some for you verse 19 1 to go he will he will he will he and thou will verse 20 so there's something promised look at what look at what is performing Luke chapter one is going to perform something so he's performing something he promised Zachariah after his mouth open seem to no Bible Luke 172 so see the exact let's from 7 and he spake by the mouth of his holy prophet which have been since the word began verse 71 that we should be saved from our enemies and from the hand of all them that hate us to perform the mercy promised to our fathers and to remember His Holy Covenant the oath which is SW to Our Father Abraham that he will grant unto us that we might be delivered out of the hand of our enemies my Ser him without fear are you see how they are connecting Jesus that would that we remember I told you the original was failure to worship the original distorted the image distorted creation and prod another creation okay so is he looking similar now and thou child shall be called the prophet of the highest for thou sh go before the face of the Lord to prepare his ways 77 to give this is the part that we like the ending part of 77 which is the B part is the one we all like to of Salvation onto his people by the the remission of the remission of as if were never remitted before so there is a remission something happened with Jesus de it's not that God has not been gracious and merciful so when you want to teach that God has never forgiven sin before would be one dream the very first murderer God came to him as if God forgotten

that he just killed his brother about Adam God came to him this is the person that BR into the world Adam where are you say I not know he Wasing he knew Wasing you e yes e okay Hallelujah so God is gracious and merciful god is gracious and merciful he didn't need Jesus to come for him to be gracious and merciful if you don't know that you are not reading Bible Psalm 145:8 the Lord is gracious full of compassion slow to anger and of great mercies Psalm 103 103 ver1 bless the Lord oh my soul and all that is within me bless His holy name this was where we ended last week on Sunday bless the Lord oh my soul and forget not all his who forgives so David knew this one without Jesus he knew who who forgives who Health who redeemed their life from who C the with loving kindness and weight who satisfi thy mouth with so that thy youth is renewed like the Lord exed and judgment for all that oppress he made known his ways unto his act unto the children of the Lord is so has he always been merciful and gracious or Jesus came to twist his hand the Lord is merciful and gracious slow to anger and plenteous in Mercy he will not always child neither will he keep his anger for ever so what is the anger it's not an emotion God show but it's displeasure because if God has no displeasure towards sin that means God likes it no so the he say he told that means that his displeasure that man now because that displeasure God show of a man to repent what he used to do now in that displeasure they will now turn away from God and continue and because they were a nation not strong on their own they will not rely on God's again and because they not have military The Other Nation will defeat them God we have to come back again when they come back again and rescue them because in they not turning to God they were not relying on God's protection we can do it on our own all sh have gone as we have gone our own way so every time they s they go their own way and say okay we don't your power we can do it on our own and they always will be defeated because now small Nation versus Nation stronger than them and if it's a battle of might they are stronger than Israel but the reason why Israel is stronger than them is because of Lord of hosts so every time they we don't need Lord of host we can do it on our own when they are in sin and Rebellion they always were defeated that is the story you have again and again and again so the reason why that small tiny nation was always surviving and standing strong was not their power was the Lord as their savior So within the story of their history you have the story of of Yahweh as Israel savior which is what is going to now be used to communicate to us that God is the savior of mankind God is the hel ofkind Hallelujah merciful did you get it all right Psalm 130 Psalm 130 as we begin to round off out of the depths have I unto the Lord Lord hear voice let thy ear be attened to the voice of my supplication verse three if thou Lord should Mark come on I'll wait for you Psalm 130:3 if th Lord should Mark iniquity oh Lord who shall is this before Jesus came thank you if the Lord should Mark iniquity who shall stand but there is the David Jesus to come to for him to know that God forgives but there is forgiveness with the that thou mayest be feared so how will people fear and reverence God because this God is too good love ah there's forgiveness there's forgiveness of sin with the there's forgiveness of sin with him Romans 4 what shall we say then that Abraham our father as to

the flesh had found I'm reading from verse one for If Abraham were justified by works he had whereof to Glory but not before God so if Abraham was called not guilty because of his action he say he not before God if he's not before God I will stand to boast he can't be before God because Abraham should know himself that is not his works that's why no one can use his Works to be saved salvation is not I'm reinforcing the idea that right from Genesis to never be anybody's works so that no because died no long effort it was never about anybody's effort amen now to him that worketh is a reward no Recon of Grace but of death verse five now to him that walth not but believe on him that justifi the ungodly his faith is counted for verse six even as David also described the blessedness of the man unto whom God imputed righteousness without verse seven saying blessed are they whose iniquities are and whose sins are bless is the man to whom the Lord will not impute is this Psalm 32 because he just quoted David you are not sure that's why Sil no don't be agre withm 32 go David Psalm 32:1 blessed is he whose transr is Forgiven and whose sin is cover the man not it this is people that are more holy God cannot it I understand all pre pretentious hypocritical people was the Pharisees that killed him that hate the presentation of the Gospel every anybody who you see opposing the fact that God is merciful and gracious ask them don't you want God to be and merciful to you they say yeah yeah yeah so who don't you want to beer and merciful toad Wicked people no that message is not a license to anything but doesn't change the fact that's what God is and also doesn't change the fact that we mess up whether you like it or whether you don't like it or a fact that is proving down through history amen blessed is the man unto whom the Lord imputed not iniquity blessed is the man you bless is the man that does not commit sin bless is the man does not impute sin so God has always been gracious like this amen question is because that have idea that Jesus came to change God he has converted God and I've said some of these things over the years that old I've always been an advocate against Jesus dying to make God good it's not a gospel it's a li message it's sweet when you are doing specialization when you are specializing to be a great PR all those isolating events in the Bible to make you dull you will not present things but it will make sense to people but no no no God has been merciful and gracious I believe with these few points of mind we can rest here this evening that God has always been merciful and gracious Jeremiah 31 let's see Covenant because he say no no no people don't understand Covenant because God is a covenant God what did I say God is a covenant God a god of Covenant okay see Covenant you want keep Covenant in those days they shall say no more the fathers have eaten a sour grape and the children teth are set on the edge so no more will that proverb be used verse 30 everyone shall die for his own iniquity every man that e sour grap his shall be set on edge verse 31 behold the days come say the Lord that I will make a New Covenant with the house of Israel and with the house of Judah not according to the Covenant that I made with their father as in the day that I took them by the hand to bring them out of the land of Egypt which my Covenant they did break although I was a husband unto them said the Lord but this shall be my Covenant that I would make with the house of

Israel after those days say the Lord I will do what I will write it in their I will be there they shall be my and they shall teach and every man his brother saying from the least of them onto thee say the Lord for I will I will remember their SS it is even a detail in the Covenant remember remember no more Hallelujah so God is a merciful and gracious God has always been will always be amen so why did Jesus come we talked about this in a measure in unseen forces and we looked at it more in the Unseen word to undo the theory rebellions the consequence of those rebellions on the because those Rebellion did something to the no we have not read references of the earth say walking salvation in the midst of the walking in I've never read the so that you not say I've join briefe and umbrella people Pastor now so much about the in your Bible there's no text that God not care about the if he didn't care about for God so Lov the world some people have even the most popular text of scripture does not read for God was so after destroying the and God in his pursuit of destroying the Earth sent his son so that he will destroy yet no that's not how it reads Hallelujah God is a good God my God has always been good my God has always been gracious my God has always been faithful and now in the coming of Jesus we see that goodness that graciousness that mercifulness has now come together in such a manner that now finally we can now say Satan is defeated Moses could not say it in his timeline because something that's the Satan has been defeated has been destroyed rendered useless they couldn't say that one the place of the Dead that man sin and iniquity created has been dealt with oh we couldn't say that because his de did something to Hell his he went there for there been can a goodar way but still K1 because his death did something see he has moed Heaven with his blood so that we can go to heaven that's your rapture Fly Away message but he has made space for us in the very presence of God hallelujah something that has happened and now at least for the very first time I can conclusively say that everyone of you now know that Genesis to Malachi taugh several events about salvation of which Jesus resur explains it so we have done a lot of come together come together come together now we are reaching the crucial places where we canly in our teachings amen hallelujah so we need to understand terms in Salvation what does substitution mean what does peration mean what does justification mean because the phras the phras is weep us you don't know what the phrases mean and the tenses mean it will be weeping us present tense turns to past tense past to future he has he has there's a lot of he has in whom we have Redemption through his blood the forgiveness of sin in whom we have not going to have we have that's something that he did and that's how it is now explained Genesis to there was slave market but Jesus dead he has ended the slave market he has destroyed SL Trader he has set the captives free he has brought his kingdom those are different fact now but they are the fact that was in Yahweh will live and dwell with man now he has brought his kingdom they will not see the distinction and then they now explain all those phrases you are used to gracious merciful kindness they now use it to push that Resurrection or where he destroys the slave market destroys the slave trader rescues the people brings them onto himself makes them his people polish them

and shine them and now they become royal priesthood peculiar people that will show for his Praises through that is the Crux of the Gospel Hallelujah we are now the being that he made us to be and we have been reinstituted with the vocation that he gave man but something happened and that's why we explore that in the light of all the Bible story we will now know dead Buri and resur of Jesus in the proper sense of the world lift your hands and pray in the Holy Ghost don't you just love Jesus for his mercy and his grace his kindness his compassion his Mercy
