

father we thank you this evening Lord we open our hearts to your spirit and we trust again that in this service the eyes of our understanding will be flooded we light who live here with a deeper understanding of your plans and your purpose on the Earth again we declare that in this service the things that ought to be said will be said the things that ought to be done will be done to the praise and glory of your name the people said amen amen God bless you have your seats walking salvation in all the Earth again we'll read our anchor text Psalm 74 and verse 12 by now everybody can quote it for God is my king of old working salvation in the midst of the earth God is my king of old walking salvation in the midst of the earth God is my king God is my king of old walking salvation in the midst of the Revelations chapter 5 and we read verse 9 Revelations chapter 5 and verse 9 and the song and they sang a new song saying Thou Art Worthy to take the book and to open the seals thereof for thou was slain and has redeemed us to God by thy blood you have redeemed us redeemed us to God by thy blood out of every Kindred and tongue and people and Nation verse 10 and has made us unto our God Kings and priest and we shall reign on the earth now look at how John explains Redemption the work of the Cross what Jesus has done he said he has redeemed us unto God out of every uh Kindred tongue Nation that's all the language all the people of the earth and he has made us Kings and Priests that's what the dead of Jesus made us King priest on the earth that again restores the Genesis 126 Mandate of let them have dominion remember King's domain Hallelujah Revelation chapter 21 John is in heaven heav the Unseen real is having a vision and he said and I saw a new Heaven and a new Earth for the first Heaven and the first Earth were passed away and there was no more SE no more chaos and I John saw the holy city New Jerusalem coming down from God out of heaven heaven coming out of Heaven as a bride that done for her husband I heard a great voice out of Heaven saying behold the Tabernacle of God is with men and he will dwell with them and they shall be his people people and God himself shall be with them and be their God so this was the Mandate this is what he was looking for in the garden with remember we said we must know the biblical story what story are the biblical writers telling us they're not telling us a story of us going to meet God in fact even look at the phrase Paul use the coming of the lord we are not it's not the going of the church is the coming of the Lord if anybody is coming anywhere he's the one coming to be with us amen and that again should have reinforced the idea that stay on the earth amen isn't it amazing that every time you see Heaven and Earth shall pass away you never see Earth shall pass away it's always Heaven and Earth together we don't like heaven and earth together but the biblical writers always put Heaven and Earth together because God's word that he created in the beginning God created the Heaven and they are together so he said all the Earth is going to be destroyed everywhere scatter but why do you want the destroyed and not heaven so if you put the two together then your theology will be correct Hallelujah and God shall wipe away all tears from their eyes verse four and there shall be no more death neither sorrow nor crying neither shall there be any more pain for the former things are passed away and this is what God is walking in all the Earth that there will be no

more Seas no more chaos and we are the light the S of the Earth the light of the world that means what the agency God will use God's method is men when has God ever done anything without man he will always use man in fact the core message of the Incarnation and the death of Jesus Is God becoming a man that means god so became a man God uses men he even became one to fulfill his plan plan that should have reinforced the idea that God will always use man to fulfill his plan even to fulfill his plan he became a man hallelujah amen again in our series part 7 8 n we talked about what is salvation the what where when how why who of Salvation we said salvation of course is rescue but what Lord Jesus shall be saved if anyone believes so who can be save anyone from every tribe nation 5:9 of every tongue every tribe everyone everyone everyone can be saved so we have been saved back unto God we have been saved back onto God God is now home with us in Christ Jesus we have been saved from our sins the word needed saving saving from Decay corruption death Rebellion futility any name you want to call call it the world needed saving and God saved the world but instead the teachings from plutar and plateau and all of those Greek philosophy teaches that we need to leave the world because we came from heaven we have to go back we are away from our home that is not how the Bible explains pilgrims that's not how the Bible explains strangers Paul uh the writer of Hebrew explained that the Patriarchs lived as strangers and pilg that mean they didn't live the way the other people live that was simply saying they did not the other people were not mindful of God's kingdom why they were mindful of the kingdom because Abraham s a city Mak is God so Abraham was conscious of God the Patriarchs were conscious of God they were living on this Earth knowing that there's more to this earth God's kingdom God's Reign so this Earth is not totally how God intends it to be that is what they are a stranger to we are a stranger to that system that tries to make the world look like the world was designed for sin death Decay futility we a stranger to that not that we get to fly away no flying a away anywhere Hallelujah and does that now make the gospel those who seem to understand this theology tilt into another extreme three particular extreme number one the extreme of universalism the all the things of the world has been dealt me so God is a good God all right everybody is Sav everybody is safe and the whole universalism error secondly the Social Gospel where there becomes an emphasis oh we're not flying away we are here so just do your good works good deeds uh feed the poor cloth the orphans just do your good things just uh care about humanity care about greenhouse effect care about uh carbon monoxide poisoning care about all the uh uh issu fracking oil fracking care about every of the crisis anything that has ever affected poll air pollution the uh the Earth let's all go green oh let's take the initiative so and that's all some pastors reflect in their theology because we need to renew the Earth so what better way to renew the air than to go green than to go solar right so as a social gospel then the third is just oh there's no hell because we the the teaching of Heaven and Hell as equal and opposite destinations there is a heaven to gain and a hell to lose is now properly explained the third extreme now come say oh there is no hell and in turn what they are trying to say is there is no Eternal damnation there is no

consequence for anything because we uh when we understand the message of the grace of Jesus we are tender we are soft we don't we are not so loud in how we say if anyone die perish die perish we try to reduce that tone because we have loved ones too we have people we know lovely nice people who didn't just accept Jesus instead they accepted other philosophies like Buddhism Hinduism and all of these other philosophies that's what they accepted they never came to know Jesus because maybe somebody mirrored to them that the life of a Christian is useless and stupid and they never came to terms with loving Jesus maybe you know there are always people who say things like uh I've not seen great examples of Christians really what a what a joke that's a lie that's the LIE of the century we take clean notes now we put it on the ground we trample on it you didn't say because the money has touched de I don't need it anymore you take it I wish I had cash in my pocket now I've shown you I just bring out \$100 bill and I show you and I and I squeeze it and I put it on the ground I I rub my shoe on it and I tell you to take you're going to take it though because you know when you convert it whether it's 1,000 5 now I don't know the correct figure as of today but you imagine you do that you know that's 150k there s tro it but giveth it to me that shows that man have sense so I'm going to say uh because uh because of stories we are hearing which stories are we hearing you're just choosing to be naive for every of the negative story you have heard there are also other positive stories oh look at what the church is doing oh look at what Christians are doing oh look at what pastors are doing I can also quote for you 1,000 opposites look at what Christians are doing for fellow Christians look at what pastors have done for their members across the world those ones don't make news as they always say as uh plane crashes make news but the planes that land never makes the news the word is tilted towards bad news and that's why the gospel prevails when we now come good news the God of all creation is at last reigning as king say your God Reign that's the message of the Gospel the Hebrew word basa the Greek yelon a message of the conquest of the king his kingdom has come and that's what we announced we announc whether we don't want to use the phrase the kingdom which you should not demonize because the Bible characters used the word Kingdom and why we must also be careful with that because the people who try to say the gospel of the Kingdom Now teach it as it were every other they call it that there are different types of gospel the seven gospels number one the gospel of peace number two the gospel of the they all mean the same thing just confused you you are thinking that is a Systematic Theology no it is not they are simply using a phrase to enter into God's plan and purpose for the Earth they are not saying it is grace alone so now that we have taught grace alone there's nothing else no there must be a holistic picture within every Systematic Theology am I making sense to you this evening learning something yes sir so we have been saved back unto God God is now home with us that's the bibl that God wanted to live with man the Divine and the div Divinity and Humanity together in the same place Hallelujah ujah so we are being saved from our sins the word de saving saving from Decay corruption death and God have saved us we are saved through the death of Jesus by the love of God we are saved

and receive God's spirit and life so the gospel shouldn't be reduced and the challenge with the gospel being reduced to Jesus bore God's rot in your place so you could go to heaven when you die that is not the good news that becomes the bad news because Death Becomes a savior oh because death is still what we are waiting for that's not if death is now what is so anticipated that's a bad thing that is somebody not thinking well when you look forward to death we don't look forward to death that's not the hope the hope is life so if I look forward to death I've been Twisted I've messed up the whole on the sign of Salvation I don't look forward to death I look forward to new heavens and earth all the renewed restored that's what I look forward to and I don't just look forward to it that message of what Jesus have done has restored our vocation the true understanding of Christian hope like I taught you in trth experience meeting the true understanding of the Christian hope fills us with Mission I'm now a man under Mission Hallelujah now like we said I would rather you believe that theory that don't believe in Jesus Christ at all I rather you believe we get to fly away we get to go away Jesus did this so we get to go to heaven we get to go to heaven we get to fly away I rather you believe that construct again not like everything said within those puzzles are wrong but that construct itself it's not correct it will put you lead you into trouble when you now want to interpret all the Bible it is oversimplification or reductionism you are going to reduce which are two slippery slope we shouldn't fall into trying to oversimplify what Jesus did or trying to reduce it to just simple terms we run into that challenge amen now like we said I rather somebody believe that than the person does not believe in Jesus I rather somebody is that than they are atheist agnostic or any of the other philosophies in the religions in the world that they buy into I prefer calling them philosophies all right so the old time religion had some legitimate pieces of the puzzle but they didn't put them together properly and consequently we have evangelicals today who have found a way to moralize the problem because sin is thought as a violation of a code we couldn't meet the moral examination but we have our lovely Jesus who have met the M examination he did not fail he had kept all the laws he had not died for our place so now whether we keep the law break the law does not matter you have died for our sins then you have the moralized gospel then you have the paganized solution also taught within the Evangelical cycles of an angry father punishing his son so you have the paganized version because he's found in every religion why is why doctors put a sacrifice on the road the gods and angry two things that foils every religion an Angry God that needs to be appeased sa sacrifice for the gods the gods need blood blood blood bring 10 virgins 17 virgins you know how the story now the Egg of Life the de of life I mean we live in Africa Nollywood did a great job at least everybody understand what I'm saying all right so they are paganized so either we try to paganized the solution an Angry God I needed to be a I needed to be appeased so Jesus have held God's hand you see in all the funny stories of rapture today that hey no don't go my Lord please give me few days let me go back and beg the word to repent because you are coming soon again is always holding God because God is ready to strike because he hates this word and that is not within the pages of the

scriptures it's not God so hat the word that he gave his only begotten son we don't have that theology instead what we have repeated all through the B B is god of love the God of All Comfort God so love the word not God so hate the word and so hate man he's just putting up with man but really really he feel like strangling us really really he can't get enough of he just can't wait to to Snuff the life out of us because he he's done I'm tired no God is not like you he's not erratic he's not always using silly phrases I'm done I'm tired I give up I quit doesn't think like that it doesn't function like that amen amen so the evangelicals our theology today have moralized the problem that makes sin a moral examination we couldn't keep it I don't get to do all the right things but Jesus does the right things for me Hallelujah I get to go to heaven again he's always there but let's leave the go to heaven part first but he has kept what I could not keep I say are you going to thr now remember what we said the cons construct is the issue are there elements within that construct that is correct yes because truth is not an either or it can be a this and that are you following so there are elements of that construct that is correct because he paid the debt he did not owe that is correct but that when we now explain as a moral examination we have moralized the problem that the issue is that God created man and gave man list of rules that is not why he made man that's not the reason why a man has children so I've given bir to children so that I cannot give them set of rules no children are born so that they can leave not so that they can do say I i is human being not human doings so when we make it about okay so there's a long list God submitted his long list to humanity Adam and Eve and all their children had a long list how many have we kept today say we try no we are moralizing the problem so now Jesus have not done it for us hooray you have the grace message that is not explained properly then you have the paganized paganized the solution an Angry God that needed to be appeased so he punished Jesus for us God exhausted his anger on him so now he's at peace there's no tiny emotion of anger again God until you have Herod dying until you have an sa until you have stories again you can't explain and say oh what is happening I thought God has become a new creation in Christ Jesus I thought Jesus have washed away God's sin and God is a new man I think I'm simple enough then you have the platinized go so either you moralize it [Music] you ganize the solution or you platon it that we get to go to heaven when we die so now Jesus has come he has gone to H for us that we will not go to hell so that we get to go to heaven when we die Hallelujah hoay remember like we said the construct is the problem because the construct is oversimplified and that is why it is wrong because once you present it like that that is not the gospel you you are simply buying into philosophies you know nothing about hallelujah what we have and like we said in the introduction those things callest interpreters Clement of Alexandria origin and all of these men interpreted the scriptures in the light of plateau and the issues of their day and that affected their understanding because they again taught the Plate's Heaven Plate's Heaven is not Jesus's Heaven it's not how the prophet explained heaven in the scriptures amen and that's why when we are always looking for Place p a p l a c e Heaven is a place Earth is a place get used to only

Earth as the place and understand why I'll tell you why of course we come back to it Heaven is obviously a place but the place when the brain here place for example I'll give you when the when we say nothing when the Greek the Hebrew say nothing their understanding is chaos when the Greek say nothing nothing is a thing so God made man the word out of nothing so you now see two different construct because there is the same word but when people hear it in different cultures they think differently that's why we must because we are in an age of ideology so when you are trying to me and say Pastor just drop it like this I ain't going to preach like like that I'm going to PR as if I don't have sense now we in an age of ideology people like One Viewpoint versus Viewpoint look at the bloggers pastor A versus Pastor B demonized way of teaching and explaining things and so it's a Vel truth is not for truth is not taught for Strife for vain Glory one truth is taught for those reasons it has lost its point the purpose of Truth is for our life is not to gloat it's not to boast it's not to gloat over others and it's not to boast over others amen truth is for our lives hallelujah oh he knows truth so well he can answer everybody's question no he knows truth so well he lives so well that's the goal of Truth amen he lives according to the truth amen so even the reformers after the Middle Ages the 5th to 15th century the Middle Ages after the Middle Ages we have that same idea the early the high and the late Middle Ages after that the reformers Martin Luther Calvin and all of these wonderful men all taught again instead of interpreting the scriptures with the scriptures interpreting the scripture in the light of the Apostles the light of the Prophet they were now answering the questions of their day which is okay a should to be able to answer the questions of their day but not turn the biblical writers the biblical writers not answering the question of our day are you following the Bible has its own context so we said excuses to htics and to travel to the then and there to hear what they said in the den and there and travel to the year and now and hear the same thing not make a aent men that would be bullying them make acient men today men they didn't know any of our today current issues the IDE ideologies philosophies are not the same amen and that's how we should interpret the scriptures is that okay so I did not say these men are not good men I didn't say true away the theology I'm simply giving you a history of why the presentation look different because these different men had this interpretation that's why we say a Bible teacher should interpret the Bible from the Bible is that okay does there have to be I'm tying up Los ends you can tell already all right does there have to be a historical Adam there is an historical Adam whether you don't want there to be an Adam or not however does Adam have to be blamed for all that I go through no the only reason and I told you the way Paul taught Adam was invocation that the first man the first day to explain his status His function his vocation so as the first man so you see the same idea again First Corinthians 15 quickly turn your Bibles the two text in Paul's letter Romans chapter 5ans 15 that you have Paul the way he taught Paul and already apologized on behalf of Augustine because if he was alive today he would have apologized to everybody because he had a wrong Latin translation that he used at least history doesn't like we can see the Latin translation he used that is it was a m translation that he used to

coin his original sin theology which is not believed it's only believed by only three branches of denominations so it had never been what all denominations all over all Christian denominations believe our Pentecostal denomination now everybody everybody does not believe that thing so calm down when you are learning truth that is oh what I've always heard does not mean depending on where you live every country have the loudest denomination if you are in England for example your theology is obviously going to be more Anglican based if you live in Germany for example you are with the Protestant all right let's leave there so I not call any more names first commans 15 that's where I said let's go all right let's go let's go let's go let's go are you there verse 19 for SS by man for SS by Man Came Death now what you ought to read here things from the first man AB so by man Mankind and that death has been passing from man to man to man till the fullness of time where Jesus came AB so for by for SS by man death by man came also resurrection of the Dead are you see how he's linking it up because he wants to teach a transition from one Humanity to another where you now get remember the construct is the issue the construct can be pushed to an extreme whether oversimplified or reduced or exaggerated sses okay only two times Paul mentions Adam so won't you leave him alone the other time in Timothy is not in this context for sins by man you can say came is italicize okay for sins by man death so man brought death into the world not just Adam all men men have been spreading death because dead pass I told you the word pass is used for somebody traveling from place to place so it did not stop it continued death has been spreading dead past all right the word sin entered into the word Romans 5:4 by one man sin entered into the world the word enter is a coming from outside so sin was not in God's word sin entered into the world but Choice was in the world man could be tempted before sin enter into the world aha so you already see what he's teaching sin entered into the word and death by sin that's where he was that's why he's saying sin enter into the world so the real thing he wants to explain is that thing that followed death to that follows him to enter is really what he's trying to say for sins by man came there that's what he's teaching here by Man Came resurrection of the Dead for as in Adam for as in Adam all die even so in Christ shall all be made alive notice how he brings Adam so do we have to blame Adam for our sins no I've told you no no no no no Adam is not the reason why you sin Adam is not the reason why I S is not the reason why we sin the reason why we sin is because we are made of dust and we have will man is dust and man has will a man is now told how to live a man chooses to go against how he ought to live James chapter one every man is tempted when he's drawn away of his own not Adam not Adam even when we read the Romans 5 12 and 14 particularly when we looked at those two verses we saw that in verse 14 so death passed even over them even over them that had not seen so it still makes it an action that they did even over them that had not seen not over Adam so we had our choice our actions is what is calling sin is that okay you're quiet so does have to be an Adam as we finalize all the different questions we have raised about it the reason why he brings Adam in is because Adam had opposition he was representative of the other men that are to come because we

in what sense we have him as an example because the first will be the example for others to follow that's why you raise your first child well if you don't raise your first child where the other children will copy bad example is not that ah that child is the greatest child that is not the idea the first becomes an example for others walk with me so Adam of a SW becomes representative of mankind because even all mankind will come from him and because they will come from him they will always have what did daddy do so now we now see that that sin there was that people cannot copy his kind of sin what is his kind of sin rebelling against God choosing to disobey god what the words I used for the of the synonyms of sin I used there Disobedience transgression offense and the word sin so we have four words used in Romans chapter 5 and Adam is not making me transgress I transgress on my own but I can now transgress like Adam because not because I'm inheriting sin no but as an example because I would not have known that I can go against God like this if not there was an example that has been said so it called it the similitude of Adam's transgression so it's now a pattern that others can follow after that's how Paul taught Adam not that I need to hold Adam responsible for I'm behaving the way I'm behaving the way I behaving because that again brings in that lazy theology of sin nature sin action as if anyone is good Sin is Sin leave it alone leave nature action that theology puts you in trouble in a be to and again these are sincere well-meaning people and we have taught like that I have taught sin nature sin action before the challenge with those things are their oversimplification it will lead you to another error then when you now see say which one is this you are always every time you see sin we always which one is this is this nature or action no one is good that God overlooks it that God pardons you that God has remove it from his side does not mean it's okay are you following once you get that then you are on your way to proper understanding so so it's more of vocation the work he was supposed to do had now been distorted and because he was the first man his failure brought certain consequences which others can see but it's not we have to blame him for what is happening to us because everybody now had the same offer God is so generous that the same offer he gave ad is what has been given all men his own children we saw it can and Abe got the same offer one of them choose to go contrary one choose to follow Abel followed so so we now have Hebrews 11 that gives us an example of it says for by faith understand that the walls were framed the periods of time the world Aon the periods of time were framed by the word of God so in every generation God's word was given to everyone because what Adam said no to what he disobeyed refuser to he what was told God commanded him concerning the promise of life and what he said no was the promise of life I don't want to I don't want you to live in me and with me and through me I don't want you to that failure was hijacked and that is where Adam is mentioned so he's not referen for us to blame he's referen because he actually did something and he's the first man not that they were referencing him so that everything that we are going through we have to blame it on him no everything you are going through blame it on you it's just like that blame game people always look for who to blame know you are that's why people don't see their responsibility Adam say the woman

you gave me the woman says the serpent you can't say the serpent you gave me it's happen to blame it's always who to blame who to blame who to blame just be responsible take responsibility for your action all right not looking for who to blame the origin of the blame game so he as a representative of mankind no longer Reign remember if God created man to Reign Over the world and the first man choose not to rain so what is happening and is not raining he has handed over riging unknown to him because you choose by choosing wrongly I've told you you choose life if you don't choose life you have chosen Death In His choosing wrongly princes of this word became enthroned not from God's position because the Earth is the Lord the does not belong to any any principality and power the head Belongs to the Lord but he did give it to man but the issue now the man he gave it to is not the man God intended man to because that man have said no to genuine Imaging he have said no to the kind of man God made him to be he have said I will be another kind of man so it's another kind kind of man that is raining but that another kind of man is just a caricature what we now have at the background because there's what men saw thank God for those there what Angels what is being seen in the Unseen World so what men are SE that but from The Unseen word we now see that for Hebrews 2:14 for as much a TR particular of Flesh and Blood he also in said to that through death he might destroy him that had the power of death so there was we didn't see Satan came in but he say he that had the power of De and the word had there is the word Echo e c he held on to it just like Echo sound lingers Satan held on to the power of death because he saw what it was doing it was separating men from their God hallelujah so what demanded the death of Jesus we have taught this in many teachings over the years and it's still the same thing I'm going to repeat for you that I've thought over the years I'm going to repeat because that truth does not change so sin brought death we said sin has brought another kingdom instead of God's Kingdom on the earth sin brought de turn the world to hostile forces produce another creation is that not so so sin brought death and different individuals who kept sin he made death to pass through men onto the fullness of time so death itself is a separation what kind of Separation I'll put it in five ways number one we see death as Exile and CA chapter 2 chapter three of Genesis the day you eat of it you shall surely die so God did warn man that man's going against having God in charge will lead to something else are you following now I've told you how acient men think when they say somebody's costed remember say why did you do that thing Papa I'm sorry there's nothing I can do for you now if and the rest and the Old Village People are all outside they will guide you out into the evil Forest so you know how the story goes so they lead because he has been costed so EX so outside of God's Garden remember the garden is not horiculture space but Sacred Space why is it called Garden from the word ghanan which means a defended and a secured area so the way God made the Earth God had a portion of the earth which is and he said this is my headquarter I want all the earth I made all the Earth but we're going to start from one portion and you are going to spread this as you keep giving bir to children you are going everywhere keep sharing my good rule among each other seen creation

unseen creation and God dwelling together everywhere you know what that means man angels as we like to call it God all dwelling together and that's why we can't remove the supernatural word from sin the the influence of sin is Supernatural in every timeline in every world view because because there is always the Unseen forces attached to it whether you believe it you like it or not so death as Exile and Cur and we in the garden man is exiled away from the presence of God which the garden represents God's sacred Place God's dwelling with man man is now away from God's dwelling with him by his own action because he said not God punishing him like many people have that brain of any small thing punish punish punish and we said calm down some of those things are just a dysfunctional way of thinking God is Not punishing Adam Adam simply is rejecting that is what has now God is simply describing the statements in chapter three are descrip God is describing what has happened to man now is informing man of what man's action has produced is not performing it all right so death as Exile and Cur man is away from the promise of Genesis chapter 3 did you get that man is now outside God's Sacred Space did you get it now death that separation also brought hell the serpent is cast into the earth into the is not into sand there's nothing wrong inside sand plant your crb where if you want to plant crb the idea of teaching like that is not for you to be thinking there's hell fire cuz always like fire fire fire it's torment torment torment so every time you put hell you put fire every time you put hell you put fire I understand that so there are different words for hell in the Bible G is the one that you see that hell and fire it was a historical place in Israel where the burnt Refuge outside being used to explain how sin and how death and Hell shall be cast into Lake of Fire that was uh to explain what was coming but we like place we like place I don't know how to teach things like that as a topic I feel like it's is weird you say m is hell are we going there but again as a pastor you have to teach on every topic so maybe because if you don't know that the righteous were in hell in Genesis to Mali don't think we now know how to help you and they followed God but they were still in sh because once you have hell this place as fire as fire as fire the problem a lot of that all those kind of things affect explanation go as I trying to explain one thing you have already say thought it's like this I thought is this or is this so now say bring many say no no no no no no no you are confusing me it's too much but your dictionary one word have seven minutes not confusing you one word have 14 minutes some of you I don't remember the last check a diary it's only F you use even F gives you at least four minutes of words that should tell you even the phone as limited as it is trying to be they still put three meanings to a word imagine you now buy those other dictionaries I almost did that for some now you go read those dictionaries you see four there are some words I have seen 17 minutes to one word oh boy there are some words that are three parts of speech there's a word four parts of speech one word four parts of speech part of speech now verb part of speech maybe right leico item anyone depending on how you did your secondary school that's why I teach you leg and structure all right so lexis lexical items how you which will be needed for the structure for the combination so the path of speech that makes a sentence what it is you one word

can have more than one meaning are you with me one word can have more than one meaning but when we now read Bible no it's either it is this or are you seeing the challenge so when we now now come along who try to be Toro what is all this preure saying just make it simple no that does not make it simple that hinders your understanding because you only have a this or that you don't have a Toral understanding are we good all right so that separation brought hell brought sh I hate the word hell I prefer we use the word shield and I I've told you why over the years but I won't repeat it again today because that hell the construct of the word hell loses it meaning every time we say hell because what enters your mind should not be entering your mind that's not what was entering the mind of the Ancient Man when they use the word Shield they didn't have what we have today every you say hey fire your brain you already say light them light light them so and that is a problem because you don't now have have hell as the realm of the Dead you not have fire you have it as the place of damnation who send you down one because it always have to be again like we said a this or a that because you're trying to mix it up so where are they not going to be down where are they going to not suffer where they because the Earth is not a Bigg for you so when you now see that oh when is that to happen say inside the is they have to dig hole so there was this Brazilian story that came out that they said they heard people crying from a hole you will keep being confused as long as you want to remain stupid you will keep getting more of those idiotic news because you are not ready to read Bible say as they some miners were digging as they were digging they all stopped they you have the story they all stopped and they said what is this sound we are hearing people are crying people are crying sharing they are all going to die in their sins if they really if that's Jesus they have made they have not met our Lord what kind of Salvation is because they had voices them dreams are real there no fire inside ground if I to see the opposite look at how science disproves that so is is always water that comes out the more you dig the more you see water but you say fire inside so like I was saying about Heaven see Heaven as a r when you see as a realm it will allow you see as an influence because every time you see Heaven as a place who inside who enter inside it can affect so when we say heaven on you're always looking foram don't when you see it as heaven on Earth as an influence so I gave you that explanation it was even in this series The Order dimension of our ordinary life can you still remember that some people remember some people lost I said there's the Earthly dimension of our life there's the Heavenly dimension of our life life so that Heavenly Dimension is now say the hidden other worldly dimension of our life see heaven like that it will help your brain more it was in this series I thought it control room that what is in heaven is on the earth that I It canot lie I have what I teach always before my face you canot lie I did not teach what I tght so separation brought sh leave hell alone did you get it now separation or put hes anyone but don't put hell don't do hell once you mention you get what we are doing now protecting your mind because what the pictures that enters your mind affects understanding and that's why a teacher select the words and the phrases they use because words already brings you to confusion so let's

just on we understand then we can now bring back the words that's why you change words when teaching a child you change words when comparing to some persons all right because the words can hinder understanding so death brought Shield death brought Hades death brought the realm of the dead so there has to be so there's now an influence of death we because so okay now watch this it will help you I've said this some years ago but I've not used it for some time now so let's do it you know just like there's heaven on Earth there's hell on Earth I'm talking about Nigeria because that's how people like to say it so Nigeria is Hell on Earth there's hell on Earth just as heaven on Earth remember don't see it as planet again SE as R because the core is at the core is the land the land where we all are the land SE the Earth as the land so let that land be the only place you get used to Forever and Ever you say what about heaven that's why I say don't see it like once you see Heaven as land affects understanding because again when we say heaven on Earth you say ah is it two land on top of land that's not it it is unseen in the scene Heaven on Earth the Unseen in the scene hell the realm of death in the Sin Sin word s word please say s go s i n the realm of death in the Sin word so real I think that works better real when you hear real your mind can go to influence but you say place so place and real are synonyms know this issue is synonyms quiet certain synonyms just for example since last year some people have forgotten that there are better words that explain things other than using the word Ste come on go and be educated now there were better phrases that have been used over the years to explain things you don't have to just you have to everybody where you go Ste compos your I beg are several words that best communicate the point without using that one AB so learn that other words can state what you are saying look like one ring to rule them all one word to bind them all right you didn't get that my token just jump out say token oh so you mean your bank took anyone to bind them on that Darkness I've confused some person say what is that what is one ring the one your boyfriend gave you for 25 years now you are still waiting he's going to marry you when it was passing a decade you did not know you were waiting so we fell in love from Secondary School see why parents must be involved in their children's life can you fall in love from Secondary School and be waiting Kind of Love is that one protect your sisters falling Stupid Love need to tell you you will see all women is University now you're just starting life gss2 you have been entangled SS2 you have not even you have not even started seeing women you already made a choice you are just starting life just starting life that's why we always said let's leave this point some people are already feeling guilty because it's from J one started doing things I got my eyes on you cuz I don't know what I said I so reflection so death also brought sh did you get it death brought sh the realm of death so where does death dead persons go where does that death that entered into the world rain the domain of the realm of death so death brought Shi and turn the world to hostile forces that separation toly it was a separation of Heaven from Earth I'm just trying to show you what earth when you see death in the Bible is one of these applications AB death separated Heaven from Earth so now you now have Heaven you have Earth that's why even brilliant philosophers like Plato and the rest have to now again show you a

separation but is death that brought that separation between and because they can't be separated they can only be distinguished in an explanation but they were made together the seen and the Unseen word was made to function to when they function apart that is death the heaven away from the Earth is death that is chaos that is disorder remember oh quiet again so the first death disorder death as Exile and cause away from sacred ground death that brought sh and turned the world to hostile foes death that is separation remember death is just separation separation of Heaven from the earth fourthly death as separation from creation from their creator dead separated creation from their creator so the creation the Creator is now outside his Creation in It produced another creation so death separated creation from Creator did you get it then death that is separation of creation from creation where you now have Jew and Gentile Dy male and female difference you are different from me male is different from female and which is we have seen in other social evil today but it's the separation of male from female separation of Jew from Gentile separation from people from people but we are all from one blood so death is that separation you are not my brother you are not my sister we don't belong to each other no we don't even have to be saved to belong to each other we just have to be human to belong to each other how much more in Christ where we now become one family did you get it all right so when you hear death that's what you should have in mind so go to Romans chapter 6 let's um are you ready Romans chapter 6 and we will uh let's read verse n Romans 6 okay uh what do we do what do we do what do we do what do we do uh okay I just read some portions I'll stick with that you already know I hate reading verses so please I'm not endorsing reading verses verses are for reference AB so allow me refer now it's better to read everything so I just have that idea that you know we can the statement from knowing what what was said before are you getting it all right so verse n knowing that Christ being raised from the dead death no more death has no more dominion over him so again we see the resurrection is a proof that death has no more dominion so Jesus died di for our sin he was raised from the dead that being raised from the dead shows that death has no more dominion so something Jesus did have broken the Dominion of death remember death was reigning he has destroyed the rain of death his resurrection is now a proof remember we have been in first 15:3 how Christ died for our sins according to the scriptures verse four say he was buried and that he was raised again from the dead according to the scriptures and we said according to the scripture is not proof texting two or three verses in Genesis to Mali according to the scripture is when you bring all the Bible together you will see the same idea being communicated thank you all right so 6 verse 9 knowing that Christ being raised from the dead die no more death has no more dominion over for in that he died he died unto sin once so his death was for sin but in that he liveth he liveth unto God so he's not living because of sin living living unto God remember the end is not death if the end is death then there is no reservation reservation is where it is called salvation reservation is why it's called salvation but that's the rescue of creation the rescue of the world so the resurrection is that we are no longer in our sin for in that he died he died unto sin once in that he live he

live unto God jump to verse 16 know ye not that to whom you yourself servants to obey he servant are to whom he obey whether of sin unto death of obedience unto righteousness you see again that emphasis So when you say Jesus died for our sin you can already see why he's dying because the consequence of sin the wages of sin is death Romans 6:23 the wages of sin is death so he's dying because death death is what has entered his death again division system his death is to cancel out death so that we can now do what leave so now the resurrection is so that we can live onto God that's why his resurrection produces another creation new heavens and new earth New Creation because the first creation first Heaven and Earth together remember it can't be separated there's nothing confusing breath in breath out it has been concent with what I've been saying Creation in the beginning God created is that creation so what was the creation in Genesis 1 vers1 Genesis 1 vers1 what was the creation in Genesis 1 vers1 thank you so when you say there's a new creation why don't you want it to be new Heaven and new earth so now you understand English now it's not to be making simple things hard so if the first creation was Heaven and Earth why don't you one the second and the new creation to be new Heaven and new earth CU that's how the bial writers uses the phrase are we good so verse 16 know ye not that to whom you yourself servants to obey his servants he are so mankind don't leave Adam alone mankind remember when we sin we hand over to sin and unseen fores a power were never supposed to have and that power has now led to the Decay and futility of the world of creation and God said I can't take it anymore I would have to deal with this thing myself leave the historic Adam alone did you get it verse 23 for the way of sin is there but the gift of God is eternal life through Jesus Christ Our Lord let's go backward a bit Romans 5 Romans 5 Romans 5 and we read 10 to 11 for if when we were enemies for if when we were enemies we were reconciled to God by the death of his son much more being reconciled we shall be saved by his life did you see the phrases for if when we were enemies we were reconciled to God by reconciled how by the death of his reconciled by the death of his son much more being reconciled we shall be saved by his verse 11 and not only so but we also Joy in God through our Lord Jesus Christ by whom we have now received the atonement okay so Jesus death defeated death did you get it that's what I'm reading references for 1 Corinthians 15 we read that already 21 and 22 for SS by Man Came dead by man also came resurrection of the Dead for as in Adam all D so in Christ shall be made alive so Jesus did something to death ab 2 Timothy 1 and verse 10 So when you say Jesus died for our sin are you seeing what his his dying is undoing his death is undoing death I given you five applications of death AB all right so his death is undoing Exile so if we are away from ground if is death destroys that Exile and cause what will that mean that means we are now blessed cost blessed blessed be God who has blessed us with so blessed is to welcome in CA is to get out they get out of here come on in all the families of the Earth shall be blessed all the families of shall be welcome in live Empower to succeed that's not blessed that the prophets are using when they use the word blessed that's not what they have in mind blessed welcome in is that okay all right so to

welcome second Timothy 1 are you there 9 and 10 who has saved us and called us with a holy calling not according to our word works but according to his own purpose and which was given us in Christ before the world began but is now made manifest by the appearing of Our Savior Jesus Christ who has what that's the word Kio he has abolished he has put down defeated put to rest he has abolished death and brought life and immortality understand it life and immortality to light through the gospel so it's now what can be received and life and immortality to light through the gospel so does his death defeat death Hebrews 2 Hebrews 2 9 to but we see Jesus who was made a little lower than angels for the suffering of death so his death is now called The Suffering of death crowned with glory and honor the grace of God that he by the grace of God should taste death for every man he by the grace of God should taste death for every man for it became him for whom are all things and by whom are all things he bringing many sons onto glory to make the captain of their salvation perfect through suffering are you getting it so his death did something 14:15 for as much as we are partakers of Flesh and Blood he also himself likewise took part of the same that through death that through death he might do what destroy him that had the power of De that is the devil and delivered them who through fear of death were all the time subject to are you seeing what his death was for so Jesus death solved the problems above that we listed death as Exile and cause death that brought shield and tundra water to hostile forces death that separates creation from creation death that separates creation from their creator death that separates Heaven from the earth so Jesus death will solve that problem that is what the biblical writers mean when they say Jesus died for our sin that that makes creation rotten Decay inutility has removed it he has died for our sin the thing that makes creation not to be God's creation it has been taken away good news Nothing is Stopping You you from having God as your father good news Nothing is Stopping God from making his home with you good news Nothing is Stopping You from being that is good news we keep listing so you can even turn your evangelism to I mean for 20 minutes saying good news this good news this good news said of always any small thing Adam Adam Adam emphasize I bring good news your way this evening that God can now be your father that you can now have God living in you that will make you not an ordinary person you'll be turned into another man I bring you good news that when people look and say there are powers forces something that is hindering my life I bring you good news Jesus have destroyed the devil destroyed the powers of Darkness has translated us from Darkness into light I bring you good news that guilt condemnation should not hold you bound anymore that's preaching say I don't know how to preach now they preach for you so I bring you good news that you don't have to stay under the weight of guilt and condemnation oh I'm just a useless useless useless person I bring you good news you get to be a new creation in Christ Jesus you get to have your sins forgiven you get to be the man God intended you to be I don't just know the kind of life that I'm living I wish I could live live better I bring you good news God now can Reign and Rule through you you matter in the grand scheme of things I'm still preaching that's the good news that's the good news

that's the good news I bring you good news God is ready to welcome you into his family as his son as his daughter and two of you live together forever and ever nothing can separate that nothing now since you love to talk so much about the grace of God now there you all those things nothing nothing ever can ever be ever all right use all the ne absolute negation in the Greek nothing can ever which we will get to as we teach in Salvation no one can pluck you out of his hand some people say something can because he was playing on the cross when the fullness of time was come you think all that fullness of time was a joke after he had done what he did now but I can remove myself from God's hand now blood that you just want to undo like that AB did you get it so Jesus died solve the problems above Jesus died for our sin he died for our sins to free us from sin is why he died did you get it it's to free us from sin to free us from sin is why he died what that means when you say to free us from sin if you don't want to explain from a creation perspective from a Genesis 126 perspective which is better which is the best way to explain all things because that's what the biters are explaining it is a Genesis to Revelation story of Genesis 1:26 still being explained that's why I showed you just now Revelation 5 to redeem us and made us Kings and priest unto God it still brings back the narrative the story The bical Writers are telling is the story of God wanting to make his own with man not the story of man trying to make his home with God to fly away that is the whole reason for religion that is not what God did in Christ Jesus Hallelujah so Jesus died to free us from sin we saw that Romans 6 from verse uh let's go let's go let's go ver four therefore we are buried with him by baptism unto death that like as Christ have gone back again I just can't help it I read knowing that Christ so let's read the verses before it therefore we are with Him by baptism him into death verse four of Romans 6 that like as Christ was raised up from the dead by the glory of the father even so we also should walk in newness of for if we have been together in the likeness of his death we shall also be in the likeness of his verse six knowing this that our old man is crucified with him and that the body of sin might be destroyed that henceforth we should not notice that are not separating him that's why you should not do sin nature sin action and for for he that is dead is free from that's why he died so that we can be free from sin now if we be dead with Christ We believe We Shall also live with him knowing that Christ being raised from the dead die no more dead has no more dominion over for in that he died he died unto sin once in that he liveth unto God verse 11 likewise Reon you yourself to be dead inde to sin but alive unto God through Jesus Christ Our so free us from sin is why he died did you get it to free us from Galatians 1:4 who gave himself for our sins that he might Deliver Us from this present evil world according to the will of God and our father gave himself for our sins first John 15 how Christ died for our sin so every time you see died the Bible characters are emphatic when you see he died he died for our sin but that dying for our sins is to reverse and return creation back to God is to remove the Decay the futility the sin from creation and produce a new creation say basically saying the same thing so the dying for sin is to reverse and return creation back to their creator return creation back to God by removing the decay the futility from creation that hindered creation from being his

creation is that okay are quiet so when we say he has forgiven us of sin we read different references for the remission of sin what is that the forgiveness of sin it is not that uh Jesus needed to die for God to be able to say uh uh let's let's Overlook that move on no that's not what the death was necessary because he couldn't say that because something has entered in God had before Jesus died had been merciful and gracious and we read reference for that where I had to read Jonah in this same series that God has always been merciful and gracious it's not like Jesus had to make God merciful and gracious God has always been called a god of forgiveness however I now told you that when they use the word forgiveness they now use the word aesis release from the bondage of sin the consequence of sin all right so he has forgiven us of sin he saves us from sin and we said it's not saves us from sinning doesn't mean that he also saved us to sin we have to add the two because people still sin after being saved so we said saved from sin deals with the consequence so there's an ellipsis is there so he say saves us from sin it saves us from the bondage of sin it saves us from the condemnation of Sin from the damnation of Sin from the death by sin are you getting it from the separation of sin so when he say saves us from sin the public writers thought we knew better that when he say saves us from sin because they thought we were honest people that know that you see did something bad last week how is that so he say saves from sin saves us from the sin enter into the world and death by it saved us from the death so he has forgiven us our sins I'll put it in their ways and I'll read a lot of a bunch of text and see if these are your popular Grace text he has forgiven us our sins means he has dealt with the consequence of sin by removing Sin from his sight from removing Sin from his sight as a separation removing Sin from his sight as a separation sin that separates us so he has removed Sin from separating us in his sight and also breaking the holds of the power of the sin and unseen forces we hand power to when we sin I'll repeat that again the three things are in one so when he say he has forgiven us of our sins the remission of sins what the apostles are teaching because now we have to use the word the apostles no longer the prophet what the apostles are teaching when they say he has forgiven us our sins it's not any different from what I've said those five applications of death he has undone it don't remove that one we are not canceling it allow your understanding to be very rich that you have multiplicity of expression that is understanding all right some is just fact but when you say you have understanding that means you can you are full of wisdom you can apply things you can in any context be found with the truth and with Clarity so this is the redundancy is deliberate because the apostles taught in a redundant manner using phrases Left Right sent and those phrases now because some teachers think that those phrases are disconnected they now teach it as uh this is one reality is another reality oh no died for our sins it's what they are all explaining did you get it so he has forgiven us of sin what sin he has forgiven us of all sin don't do sin sin nature I beg you I'm repeating again don't do sin nature sin action as if anyone is okay he has forgiven us of all sin say how I don't like when people say future are you in the future of the Cross or you are in the past of the Cross all your sins I didn't know

in the future of the cross of Jesus but when he died for sin didn't you say he died for for you so sometimes it's just hypocrisy that people's problem say I can agree that just died for my former sins but I can't agree that I died for my future s what exactly are you saying you are already in the future of what Jesus did you are saying so he has forgiven us of all underline all he has forgiven us of how many remission of how many but that all way means he has dealt with the consequence of sin that is he has also he has dealt with the consequence of sin By REM removing sin dealt with the consequence of sin and also removing Sin from separating us from him so he has removed Sin from ever separating us from him or separating us from his sight and also he has broken the holds of the powers of the seen and unseen forces we hand power to when we sin from ever being able to have a claim to our souls from ever being able to have a claim to our life did you get it did you get it all right so he has forgiven us of sin now this part 16 is one of the most important series we've tied a lot of loose ends and that's why I'm very confident that we can begin to bring together many points because this has I'm very happy our understanding have reach here these things are deep deep things but they are no longer hard to say all right so he has forgiven us of sin by dealing with the consequence of sin by dealing with the wages of sin in case you don't like consequence of sin let's use Bible phrase for you so be happy he has dealt with the wages of sin he has also removed that separation sin that separates us from his sight sin that separates us from him whilst also and allow that old English very correct whilst w h i l s t is not old that is not correct is still correct while also breaking the hold the hold while also breaking the hold of the power of the seen and unseen forces we hand over power to when we sin do this concern what we have been teaching when we s we hand over now just for the sake of people who did not hear when we explained that part and I will not go too far I will so not go too far that's why I'm standing on one spot looking at my notes you will not force me say I know the gracious of Pastor go and listen to the old message Pastor is he that I'm not gracious because I not go back no that is that one that is that a way of explaining graciousness go and do the hard work of listening because I did the hard work of teaching all right you so uh I want to start with that one that's the big boy so let me not start with that one so that money now remember we said these things are not supposed to be woried there are good things of life that should not be worshiped so let's use money as an example should you have money sorry no no no should I have money no no you guys are you don't want it it's okay should I have money plenty of it you know where you say should you have what trying to say okay don't have now should I have money play me and me and him we should have money so should we have have money yes sir plenty of it all right the rest of you go find your own so we have plenty money but what God does not want is for money to now control two of us that have plenty of it I don't know you guys say you don't want now so God wants us to so what is see when I now hand over in my be to make money I've now handed over to money a power money was supposed to have so now money is now my God controlling me and say what do you want do you want give the C keep that money in your pocket now so money has started controlling me before long

money now becomes my God laying claim to my soul and my life and when I try to rise he say you are my boy you are my boy you do what I tell you to do now what Jesus in his death did which we don't like because we have this idea of PWS of darkness which when you read Genesis again which I corrected in unseen forces you don't have uh you don't have a person a singular devil you have Satan as a verb starting from the Book of Numbers where an angel of the Lord was as an as Satan on the way of balam that's the word Satan in fact the exact word that Satan us as a verb the angel said I I stood as a Satan hey that's for people that worship words we don't worship words the angel of the Lord said I stood as a Satan on the road and that was the exact Hebrew word the Satan the Hebrew word because it's a Hebrew word of Satan so that's where we now mention is a description why I told you there are nature terminologies function terminologies all right you're understanding it you'll get it you get you guys are smart I believe the best of you get it so that period between malach and Matthew is what is called second temple Judaism that period to fill in the blank there were all kinds of books that Jewish writers now had the book of the Watchers the apocryphal books were now very dominant in that timeline then all of a sudden we now have uh two personalities being made predominant belob and Masta and all of those I say what is this then all of a sudden we now see a personification of devils then look like there's a singular devil that's why when you see what Jesus did you will hardly see a personal devil being used do your concordance search when you type devils type devil you not see and Jesus because they PL they they like to use powers of Darkness they like to use principality and Powers because if you have one devil what happen to the rest is he only one that Jesus dealt with again those are the dangers of oversimplification so when I was teaching on unseen forces I said let's not use that word let's use power of Darkness to explain all of them because we will stick we'll still be in line thank you so that was so when we say he has forgiven us of our sin we said the consequence of sin he has removed Sin from his sight that can ever separate us he has broken the hold of the poers of the sin and the Unseen forces will hand over power to that's why say kill yourself what are you living for what are you living for what are you living for die die because of money now money has made somebody committed suicide money What about love I can't take it I can't take it Heart Break have swallow what is not swallow ah sorry you guys don't do heart break this way let's try this that there are more ladies here all right what do you think ladies see and I thought he was the one when will I find my prince charming again I got take it I got it I got it I got it I I've handed over power to something that I should never have handed power to those things were never designed to be a power you know I'm mentioning the scene now oh boy leave devil alone I know you like Devil I know you and him are friends you do work together leave him for now Satan Satan devil devil calm down it's easy to always find a Satan to blame so that you don't hold yourself responsible for your action and I am in no way saying that Satan is not also responsible for actions but many times we always looking for a Satan to blame for something that we are the ones doing are some people who don't like to blame Satan

because they are Satan they are possessed so they can't see Satan again what they are doing because how can Satan cast that Satan so they can't see it because they are so yielded that they can't even tell that he's the devil when things don't make sense you can't make sense of something there I see it's easy to know when devil is involved in something you will not be looking for the sense what was this is chaos disorder is Satan's domain so how did the Genesis Theory guide and none of the Genesis Mali writers ever called Genesis Theory guy the main guy the most powerful guy thank you my brother that one was in the series on I like people that respond the way his head that entered him in that series because nobody ever so how do you know who is the main Satan because there's no name oh that guy was not called Satan chapter three I hope you know I did this series now you see the problem with proper interpretation is that the people who want to count house will not bring Bible verse no I am not going to take it shut your y you will not take it is there any contrary reference we teach based on what is written something is just Pride you say I will not take it and so how is you're not taking it changing anything you're not taking it shows you are lazy now because there are no other reference that's why people like us will always say bring all your Bible vers they will not run the way of cow say I'm not do again do I thought you said let's talk that's why these days anytime people I write a post on Facebook are you a Christian because sometimes waste our time talk not believe in Jesus but there are so many so many unbelievers people who are always selfish greedy people are waiting for people to buy into their Vis yes tell them sir tell you you do you give you you before you like my post do you give you get it all right so Jesus defeated death so all of them handing over to them a power so the same thing I love freedom I love freedom I've handed freedom is now a power that I'm free you can't tell me that I I benedicta is a pig I associate myself as associate myself Iden why should I not use you why why sir no no no no it's okay sir I I get a message no it's you everybody's rejecting say sir please let my enter in the exam so that's the point we are making say freedom freedom that is good has now become a god I've handed over and now it can now lay claim and separate me from God and that's the reason why I cannot follow the lord that's the reason why I cannot make Jesus my Lord and when we come with the gospel we are saying nothing can stop you the for the unsaved for the believer that hold has been broken and the believer if he wakes up he can detach from hey what are you trying to do you can't control me you can't give me I I decide what I do can't now be telling me you are my I'm not yours so I belong to the Lord but for the unsaved that's the reason why they don't want to serve the Lord because those things have now been installed as a power from good thing like sex now turn it to something else now the person because it's now such a power the person has turned to a rapist but he never planned I was going to get that far you Knowle with anim they go bad you see you can't you can now see that forces are involved has turned into something else before you know now you belong to me you belong to me that led to other Expressions that's why I said let's not do nature action I wish you got that okay so he has forgiven us of sin that is all sin by dealing with the consequence of sin by removing Sin from his sight as a

separation while also breaking the hold of the powers of the sin and the UN forces we hand power to when we sin knowingly un knowingly AB we hand power to so he has broken their hold over so they can't lay claim on me even if I yield to money I can break it and say ah because I go the yield to you just now you they do pass yourself that's why we say it in our Cycles in those days us to say that is that Christian that possessed the devil the devil get power over the Christian to be Poss some of you are holding Satan Rampage say come here let's walk together say no now you are no longer with me say no I need you for some days because we are going to see hell hell in this business hell in this home hell in this you go nowhere devil let's work together for the next three days now you don't it say no you are a new creature say please now let's do some things I love it the example is working start seeing it like that that oh so you mean I'm not a how can you be before would there be where they day they never born them that can make you a slave no Jesus have removed their head they all without their head on the ground nothing can make you a slave you are free I'm free indeed I'm free and I'm free indeed Colossians chapter 1 and again all right I have a few minutes let's tie this together making sense Colossians 1 and verse 20 the good news about this teaching is that you can't take these conclusions of today alone because they are within a larger framework so when you try to again be simple say do you know what Jesus that for see mean it means that say I don't understand you you explain you explain you explain you explain tired and this one you have evidence you try to just use one liner think go hook you because like that's that's quite deep say what that means is this aha what that mean is this aha what that mean is this aha you keep what you know you are yeah that's why I T it like that but cuz now we are reaching that point where you from two weeks time you are going to be how people don't know what Jesus died for I see me that simple fact the simple fact of his resurrection right Colossians one are you there just smile now everybody's laughing all around you that's not the ca that you are set on you're not set on the ca of of sadness 12 12 everybody smiling laughing around only you serious uptight to the Grave I come I will know no joy D I will know no peace are you there Colossians chapter one and we read okay let's just for the beauty don't leave me with Bible I always don't stop want to start from Once I just hold a text I just have to start from some let's just do from verse from verse 12 giving thanks unto the Father which has made us me to be partakers of the inheritance of the this is not my text but it's okay verse 13 how can you just read Colossians and you not read this verse 13 who has delivered us from the powers of not in that Kingdom that hold the realm of Hell the sin and the Unseen forces I hand over power to can never control me I've been delivered from the P of darkness and trans to the kingdom of his de son in whom we have Redemption through his blood even the forgiveness of sin who is the image of the invisible God the first born of every creature for by him were all things created that in heaven that are in the earth visible and invisible whether they be Thrones or Dominion or principalities of power all things were created by Him and He is before and by him all things he is the head of the body the church who is the beginning the first born from the dead that in all things he might have that it pleased the

father that in him should all the fullness dwell verse 20 and having made don't you just love Paul's explanation and having made through the blood of his cross by him to reconcile to reconcile all things unto himself by him I say whether they be things in heaven or things in the earth remember Heaven and Earth brought together similar to Ephesians 1 10 and 11 we read it after this verse 21 and you and you that were sometimes alienated is that is and enemies in your mind by Wicked word yet now had he verse 22 1 2 go to present you are you seeing it he has removed Sin from his sight what are you not trying to say I not trying to say I'm saying exactly what the text is saying not the fear Bible interpretation but but but you st all the days of your life like that rubbish but but but that will make me live a life of sin why you living a life of sin now that you know it you don't know it is it this text not been there since get out get out of there stop looking for excuse no that's why we teach very well where you realize that the reason why I behave well is because I care about my brother and my my sister and because I can't actually make a habit of sin even if I try to I will not be able to I will not be comfortable I'm only comfortable with righteousness I'm only comfortable with love with light with peace with joy with Grace with Mercy with the things of God's kingdom if I am comfortable in the other way then I'm not saved I have just revealed that I'm without the Lord because how come my lord does not talk to me see you mean a Christian I never said that don't twist what I said what I say is what I said stop looking for permission to do wrong what I want to know sir if I do anything wrong will I say go to heaven is not going to heaven that makes us behave right is that I flesh and um let's use Galatians 5 cannot inherit the spirit the flesh can inherit the spirit the rain at that point and at that moment moment and if I persist with that kind of thinking I can't be used of God's spirit that which does cannot inherit the Kingdom Galatians 5 say day the day there is looks like talking about persons nobody actions that which does cannot so the flesh cannot inherit the spirit the reign of God's spirit the kingdom of God the Reign and Rule of God's spirit cannot be found in the the flesh when I yield to sin I am not bringing heaven on Earth because what action whatever action of sin I'm doing at that point is not heaven on Earth does not contribute in renewing the Earth instead it contributes in darkness on the earth however as much as I try to polish it that is not and that's the reason why we can't persist in it because we realize that over time yielding ground amen all right 22 in the body of his flesh Ro there to present you holy unblamable irre in his sight did you get it Ephesians chapter 1 let's go back Ephesians 1 ver and 4 blessed be God and father of our Lord Jesus Christ who has blessed us with all spiritual blessing in the Heavenly places in Christ verse 4 one to go according as he has chosen Us in him that we should be holy and without are you seeing how I stand before him I stand before him blameless because of the work of Jesus do so that means when I stand before my brother without blame me I they blame you already you say is him that is not blaming me I'm blaming you that's why police arrest you because how can you not be blame that's why you were found guilty you are getting the difference now all right that's where you realize that this Earth matters because you see on this Earth it's not what God saw that we are seeing because is God condoning it no God

is what it simply means is God is saying you are still my child I'm not eratic any small thing I disown you I accept you no you are still my child I'm not proud of this action but if they ask me do you know him I say yes now my ping that's what it means did you get it I know him I know her and I don't know the rubbish she's doing oh I don't know the rubbish he's doing but I know him that's the difference I know him God will never say I don't know you say but he said I used to know you and now stop knowing you stop lying that's nothing in Matthew say I never knew you didn't say I used to know you and now stop knowing you don't lie on the Bible say I never knew you I use the word absolute negative I never ever knew you so there was never a Time Jesus knew that man because the man was never saved because his house was not built on the Rock and is I Used to Know You Jesus when to some people I Used to Know You I've stopped don't lie lie don't lie just explain Bible say but we that devil in his name cast not devil in his name should I show you I is done you don't need to know Jesus now what Jesus did is not a fact if you go outside now and you see a mad man said Jesus will he not stagger back does that mean the man is saved sorry oh that's why we do activ so you see why you must be open to the supernatural how the things will not be looking strange you know I can call you out without even learning anything Supernatural I just put my hand on your head I say open your eye your eye you just really be see I see I see me your work again I simply I cut for you so talk and cut soap for me oh now does not mean he know you it's me he know is what Jesus did he knows so he said Paul Jesus I know Paul I know about who are you they pounce on the seven sons of ska Mama them the devil was not in that mood that day devil that's why I told you not every devil is ignorant of the realities of the Cross some no their new cre realities very well some of some of them Ian because you have held them you brought them to church when you were holding their neck and say it's me and you for this three weeks so you now leared about the Redemption realities so those how else can we say they know this truth if not that they they came true church people to church to come and Aspire our Liberty and Lear Our Truth so now when you say I say no no no no no based on the resurrection of Jesus the way to appropriate the power of God is not like that I'm not going to go I'm not you know you as you me I've been doing this for a for a lot of years now I've been casting out Devils for many years over 20 years now I've come to learn some [Music] things you know there straight line demons say I only go straight Visionary used to say that one then I've jammed those straight line demons say shift say they are blocking my way who is blocking your way he say I can just go out through the door HH don't give permission cast out don't allow explanation then there there are those that understand Bible that can Bible for you say no Then There are those that can that can scare you and those ones work a lot for preachers that don't know their realities they said uh last month were you not shouting for your wife you want to let me go I will not go shout your mouth I will shout for I again tomorrow now get out of this body they deal with those you repeat it again he can't pain he will say yes sir yes sir I will go now sir then as she's going say not like it's okay to be shouting but obey me you're not obeying me because of my behavior you obeying me because I have authority over you

and that's why you should learn the language of authority authority is used [Music] authoritatively that's why they actually train soldiers so that when the soldier say Hey you stop there you know the soldier up and down say I clear so they give a soldier power too so he doesn't just have authority he has power that's why God just give you Authority gave you power so that not just that I have authority so I can do hand like this the trailer say no go stop the Traer say no stop I will just run tear the driver slap and remove him that is power say no no no just let him pass because the trer want to run into me say no feet not born and wear that one is power the trer say I not see you but there are some that say command will clear for Road see how trailer used to face police they don't always face soldiers like that Authority and power I I rest my case verse 9 and 10 having made known unto us the mystery of his will according to his good pleasure which he had proposed in himself that in the dispensation of the fullness of time he might gather together in one all things in Christ that's the word reconcile bring together he has gathered together in one all things in Christ both which are in heaven which are on the earth even in that's what the death of Jesus did for us hallelujah amen look at Ephesians chapter 5 ooo thank you for the blood thank you for the cross Ephesians 5:27 that he might present it to himself a glorious church not having spot or wrinkle or any of such thing but that it should be holy and without blemish that's how he will present us unto himself he has redeemed us unto God this is how we are unto God Amen and this is the reason why I must not be a coward in my relationship with people I must not be proud stupid in my relationship with people I should talk I should communicate when I have heard not sweep it under the carpet no those things we will later on explode you are not you are a human being there as much as you can take communicate don't pile things up express yourself to present us unto himself so God sees me without blemish does not mean people are seeing me without blemish so when I know I have blemish with people come on we should talk about it we should interact I should be honest I should confess my fault one to another not is never it's not about confessing to God one to another learn something [Music] oh Jude 24 Jude is before Revelation it's only one chapter that's why I didn't say chapter one Jude 24 now unto him that is able one two go now unto him that is able to keep you from it's able to keep you from falling from stumbling and to present you faultless before the presence of his glory with exceeding Joy is able to present me faultless that's why Jesus died Hallelujah he is able to present me thoughtless thoughtless so he has forgiven us of sin by dealing with the consequences of sin removing Sin from insight as a separation and breaking the hold of the power of the sin and unse forces that we hand power to when we sin so how did he now deal with the Genesis 6 Rebellion by giving us his Spirit we have the spirit in US upon us we can deal we can be led by the spirit of God so we can deal with the demoniacal forces the de deity that spreads because now he that is led by the spirit does not fulfill the laws of the flesh Genesis 6 Genesis 11 how did he in his dead preparation deal with that we now have his kingdom on the earth and soon all the Earth will be under the lordship of Jesus and that's why we preach the Great Commission is because of chapter 11 that's why

we now preach to reconcile just like in every culture today there is in knowledge of the Gods that's how in every culture there should be knowledge of our Lord Jesus Christ because he's the God of All Flesh so we reintroduce Kindred cultures Nations families to their God hallelujah so he knew he must die to restore God's kingdom that's why Jesus died to bring Believers into God's family and reclaim the nations from the evil principalities and pow who controlled the Nations after God rejected the Nations at Babel Hallelujah glory glory glory glory amen so there I'm a new creation we are a new creation that means is a status and purpose I'm a Believer in Christ I'm in a new family I'm part of God's end time plan to renew the Earth we are the new creation sin has lost his hold so in Christ Jesus today the Heaven and the Earth and long God separated the sinen and the Unseen World are together perfect Unity that I don't have to go through mirror water Calabash Heaven and Earth are together for me because reconciled the heavens and the Earth together sometimes I don't know when I start and when the supernatural word starts the mingling is so much that I don't know when is is the seen or the Unseen AB I can't separate it anymore because I can't even tell when was this me just now or it was Supernatural power everything joined that's New Creation AB nothing can separate the creation from the Creator anymore because of Jesus death nothing can even separate male from female Jew from Gentile born from free and all of that new creation Shield has been given a permanent blow it has been defeated and and shall be destroyed and it will be no place will be found for it anymore the Exile the Cur has been removed man is God's Tabernacle is now with man man is blessed welcomed into God's family that is the death B of Jesus I'm talking around that five applications of death that I mentioned so Jesus died for my sins he died for my sins I'm free I'm free in did Hallelujah but the good news is that it doesn't end in that he died is that he was raised from the dead and that is the consummation that I'm no longer in my sin death has no dominion over me [Music] anymore come on help preach it to your neighbor death has no dominion over me over you stand on your feet lift your hands and pray in the Holy Ghost that has no dominion over us anymore thank you
