

devils and all the things he did not plant is what he's saving creation from and he's rescuing his creation that is what salvation means so salvation is the rescue of God's good creation to be what God intended his creation to be that is salvation so salvation is the rescue of God's good creation to be exactly what God intended his creation to be that is salvation for God so Lov the world and we've corrected the whole uh West Greek westernization philosophy that has crept so much into the church of we fly away we go we we we came from heaven we are trapped here but we need to go back because this world is not our own and we have this uh idea that people try to force with proof texting but we don't have Bible verses for it the biblical story the story The Bible actually tells is not Man flying away or go be with the Lord right from Genesis chapter 1 the story The Bible Tells is God wanted to make his home with man what does God want on the earth a family and his kingdom and that has not changed Revelation 2021 chapter 20 chapter 21 has and the Tabernacle of God is with man God's dwelling is now with man forever and ever that has always been his plan to dwell to live with man even in what we people anticipate what is called the parusia the coming of the Lord notice we are not going he's coming and the coming is because that's the plan say oh no we hang in a air then we learn back all that theology or eschatological uh explanations how muddy and it all ends back again to the Earth at least even with the rubbish one they still bring us back to the air you can't lie you can't twist it you see have to even with I mean the rubbish theological eschatological explanations end of the world that's eschatology the end the theology about the End of Time the end of the world that whole understanding is still oh new heavens and new earth coming down on the earth Hallelujah because that is his intention it is the Salvation of the world John 3 for God so loved the world that he gave his only begotten son that whosoever believeth in him should not perish but have everlasting life for God sent not his into the world to condemn the word but that the word through him might be saved so salvation for this word salvation of this word amen in John 18 where Jesus said my kingdom is not of this world he is not saying that I have nothing to do with this word no he said my kingdom is not the S of this world because your kingdom comes by violence you fight you kill but my kingdom is not of this word it's about love sacrifice what I that's what he was saying my kingdom is not of the sort of this word the way this word works the anguish the Betrayal my kingdom is not of this world is not of the flesh is not of that which is sinful my kingdom is not of this world my kingdom is of God that's what he was saying it's not that I don't have any to do with this world no so we have a heaven story being united together that's the story The Bible Tells of God Divinity enjoying humanity and Humanity enjoying Divinity forever and ever the seen and the Unseen dwelling together as one family forever and ever that has been God's intention and it's not going to change that amen it's not going to change that now religion have different explanations oh the whole and Angry God the this the this and it affect how we see Christianity because meet anybody along the road and tell them what is Christianity oh people believe in Jesus and they and they get to go to heaven oh people believe in Jesus and we are not of this world and many times when I hear those definitions of

Salvation and Christianity it feels like death is the savior so we can't wait to die we look forward to death oh death Our Savior come rescue us because that is not the story of salvation but that's the story that salvation correct because death now becomes a savior no is that we are saved from Death not looking up to death to save us and that's the reason why things should be explained properly and like we said there are many who don't understand that explanation does that make them not our brothers or sisters they are I rather somebody not understand the proper explanation but yet he's a Christian yet he a Believer than subscribing to the different philosophies in the world African worship Buddhism Hinduism subscribing to any of those other philosophies it's better that they are Sav aism and agnostic and all of those other things is I would rather they are saved than they are not Sav so the construct is important however the construct of Salvation or the construct of the Gospel you have in your mind it doesn't change the fact of what salvation truly is within the scriptures is that okay doesn't change the fact of what salvation truly is so we looked at first Ians chapter 15 and verse three it say how that Christ died for our sins according to the scriptures let's quickly look at that again and we have in this series dealt with the what when why where of Salvation and we also look at what salvation is not and we did that for a longer part for the first six seven parts we looked at what salvation is not and we also saw that your understanding of the Gospel can affect how you see salvation so we have emphasized that a lot First Corinthians 15 and verse three for I delivered unto you first of all that which I also received how that Christ died for our sins according to the scriptures and that he was buried and that he rose again the third day according to the scriptures and we said what is sin what is sin Jesus died for our sin and on Wednesday we finally all the I Meandering I go here I go there going around like I said the idea is just to teach more Scholastic Manner and also to bring a holistic idea of Salvation so I tied all of the puzzles together all of the pieces together on wedes about what it means that he died for our sins and we said that sin of creation not being what creation should be that scene so creation is Fallen is mad with sin dead Devils mad with futility bondage corruption God has to rescue creation from that that he died for our sin so he's dying rescues creation from that futility so he deals with the consequence what has happened and we look at different aspect of it we said that when we sin we hand over to Divine and N Divine forces seen and unseen forces a power they were never supposed to have an authority they were never supposed to have amen good things like money is a good thing but money should never be a God and because of money many people don't get to follow Yahweh don't get to serve him because of sex many people don't get to serve him because of uh Fame because of power because of any of these good things and we said we shouldn't do sin nature sin action because it those up our holistic theology on salvation when you are always oh this one is signature this one is as if anything is okay no sin is okay but what Jesus did on the cross is to Star them of oxygen those sin and unseen forces star them of the oxygen that they soul needed to trve to keep man falling he has broken the hold he has broken the chain he has broken the grip so now those sinen and unseen forces the power that man

hand over to them and if you look at it the concept in the ancient world this becomes the idea of the worship of the gods that the gods are now represented there's a God for fertility a God for money a God for power a God for this but Yahweh is God of all gods and God of All Flesh amen but there's now because man is handing over power to something else so you see the corruption why Romans chapter one the same Romans that we explain sin is falling short of the glory of God sin is H Mata to fall short of the glory of God I've heard some brilliant explanation uh one minute explanations some time back I think a week or two ago on Instagram wonderful God bless the darling lady and all of those beautiful explanations however sin is just what it means her material is not uh I like to be emphatic on certain things because I study on biblical Scholars and I mean the best that you have in this world right now the leading Authority on those kind of subjects let's define things the way they Define it and not be changing Definition h Mata is missing the Mark it's Mark it's not context however it can be stretched to all of those other things but let's say things the way they really are because every time we bully people with knowledge they can far check it and we not falling our hand just say what you can apply it to all of that we can apply it to Genesis chapter one the Earth is out of chaos however let's not color it Sin is Sin let's not justify let's not uh we don't have to talk about Sin we have to talk about Sin leave all of those things CU that the same error again that leads to that specialization called The Grace message and I can't be in that camp I will never be in that camp oh this one is the christocentric is the don't do camps do Unity I'm for the body of Christ I'm for every denomination I'm for the Anglican I'm for the Baptist I'm for the an Baptist I'm for the Lutheran and for everybody who believes in Jesus Christ and for every form of Christian tradition that upholds and believes that Jesus death on the cross is enough for the Salvation of their sins they are my brother and my sisters we may not agree on every other doctrinal issues we may not present the facts properly the same but who is my brother who is my sister in the essential we must agree and that is enough for salvation the Merit what save a man is not how well you understand the concept of salvation it is the faithfulness of the Savior that saves and that is enough Hallelujah yeah so sin is missing the mark the mark because it's the enology deals with ar tree so that can be called a context that can be called anything but the idea is a mark m a r a m a r k there's a mark and the Mark is genuine humanness that thing sin stops us from living fully as human being I like putting it in such a simple manner for a reason because that's what sin actually did made us not enjoy and live as proper human beings genuine humanness and say where is the Holy Ghost where is that's why we have said many many things in this series because God made man what is the identity of mankind image of God the male and female pair the male is not superior to the female neither is the female inferior to the male and they are not doing competition who is right who is wrong who is higher who is lower in marriage because it's a function thing anything that relates to a function that is organized they has to be structur and for that there has to be a head and within the marriage context God says oh let it be the man again allowing the true nature of what biology mean the seed always

goes first so let the man be the head because he is the one who asks the woman to be his wife so he's the head of the whole and it's not the debate it's not something people may not like how it sound because of the years of abuse of the woman folk the years of abuse that we females have suffered in the world say no never nobody can bring me on it's not a slavery or any of such things and I beg you younger persons I'm still young don't marry any woman that can't submit to you don't marry any woman that can't listen to you that can't take what you say don't marry any man that you can't see his selflessness towards you love must be seen from the man towards the woman from the man man ought to see the submission say no later on she will change no let her change now if not you will deal with a lot of issues going on let her change before the marriage day because say no I don't think I should take what he says I don't think I should agree with everything he say you don't have to agree with everything he says and God tells us let's reason together he tells us we have seen so many portions God told Abraham listen to your wife there's nothing listening to somebody does not mean that that person has so when we say Okay final Authority you can't get to my office and people having the financial say we don't need to hear what have to say I as the secretary I have decided now that's too much power there has to be and that is the structure people who have used to a fail now some of them are already angry I will say to you whether you are a witch it to change nothing that I'm saying and that's the Reon why you should hear it because maybe you are a witch don't M yeah I'm saying it again because you are a witch yeah it's me that saying it because if it pains you it's really because you are a wit don't you have no business Maring stay alone suffer alone do anything you want to do alone don't marry anybody you cannot submit to you say ah am I saying he's right in everything who said anything about him being right in everything but why are we dragging who is Authority then you are not a wife material it's as simple as people try to color it with love I beg you again with the love of God don't marry anybody and I beg you be smart don't marry any woman don't marry any man don't marry any man that you have not seen any selflessness towards you cares nothing about you there's no selflessness towards you which is core of love there's no selflessness there's no putting your agenda your welfare your who you have you improved have you gotten better does he care about have you depreciated in his hand or when you were with your parents you were you you were shining you were better now you have depreciated no have he enhanced you what exactly does he bring how what can he make you become how is his because love is not just I love you I like you love is in actions when we look at the actions and people now say oh if somebody loves me he will never make a mistake what a foolish way of thinking don't you love Jesus and you have made mistakes just talk intelligently you didn't marry God you married a man you married a woman it's two imperfect persons having a perfect savior if you're going to Define Love by oh he made a mistake she made a mistake you are just not okay the same thing with submission and I'm saying that deliberately because just like the male and female that's how God wants mankind to always see that we are together there's Unity between male and female there's Unity

between the heavens and the Earth it's a union the union of Heaven and Earth the union of the male and the female they are not fighting they are not competing we collaborate we compliment it's not no my role is wash plate Your Role is no no no no no no with love there are no roles I get to help you you need help in the kitchen all right I'm there there's no it's like this and that's why we say follow somebody who believes in the written word who allows the word of God controls their mind say no God doesn't want me to be free no let sheep marry sheep and let goat marry goat let sheeps leave goat alone is that okay all right so that's an aside some of you try to pull me but I go back to my notes so Jesus died died for our sins and so we said that dying for our sins means he have dealt with death has dealt with death did you get it as death with death and we said that sin that brought death that se I I explain it in five ways the separation of Heaven from the earth that there's now a separation the seen and the Unseen word the other worldly aspect of our life and look at those testimonies you see I believe in science and I love science and I'm never against the natural I love the natural I like doing natural things I like the natural and I like the advancement and Innovations in the natural world however there are two parts of this world there is and I want you to see heaven and earth like that stop seeing a place called Heaven a place called Earth as much as we understand the use of the word place I will prefer we use the word real it will help the brain a bit more because within the B within the Bible the idea is just land I a n d the land the Earth which is where we say salvation is for the Earth for the land and within that understanding you will see two ways Heaven and Earth within the same land and it will be explained as Earth the physical Dimension iow that phrase it's not not an Apostles that created it's a correct word Dimension that is used by them with high HSN High sounding nonsense twisting and manipulating using BB grammar to deceive people however there's truth be in that statement Dimension so I have to use it there's no other there's no better phrase than using that word the physical dimension of our living say Ah that's I'm I'm I'm I'm doing that's it then there is the Heavenly dimension of our living which I prefer to call the hidden the other worldly D other o t h r is the proper English word other word o t h e r other worldly w o r l d l y other worldly dimension of this life the hidden just like the hidden man of the heart that's the same way the supernatural so he there so where I'm doing something and there should not be a separation and as you mature you notice the same thing in Christ Jesus that you can't tell whether it was your wisdom or it was a spirit of wisdom you can't tell whether it was you can't tell again you start off being able to tell that you are just being Supernatural look at those testimonies the brother was sharing oh I just wor I not hear any voice though it's just being led by you know sometimes people want to make the supernatural that spooky doesn't work like that with me oh I just went there I just did all of those things that I felt like doing so eh just like that yeah just like that because God is in me anything that enters your heart yeah because there the breastplate of righteousness I'm not giving myself to caner things I get to trust what enters my heart I get to trust what enters my mind I don't feed on junk I don't see see junk I don't hear junk I hav put my mind against the media there's something that is trening

count me out of it I'm not going to open that blog no matter how many persons are open there's no temptation there are sever that I've trended this year I've still not read it I still don't have any idea and I don't intend to have any idea about it other than what is in the caption this one this okay there's no curiosity there my curiosity is to walk in the light walk in peace walk in righteousness walk in the light that's where my curiosity is that's where my push is I'm not going to give Darkness strongholds in my life because Satan's greatest power over the believer is not to blow mirror to stab mirror to say Y Yak we destroy your life no that one is not going to work just with a laughter that is but he will prefer you destroy yourself by how you think the mind is the singular greatest expression on the earth we can't live life with on our mind when Satan has your mind he has you in fact you are his property you may argue am I possessed am I obsessed am I you are just demonized that's it when Satan has your mind he has gotten you it's you except you on your own remove Satan from your mind because what did Jesus do on the cross the the what we call I'm using again let me stick with that five things I said on Wednesday so I don't add to the language sin brought death so man thought oh he sin he see sin is at the door sin has entered now but death came in as well and that death which is separation separated the heavens from the Earth separated mankind from mankind where you now get Jew and Gentile where you now get you are different from us ethnicity tribality say I hate you not my brother you're not my but we are all from one blood act 17 all of One blood so the Jew Gentile male and female that's why in Christ neither male nor female in Christ Jesus neither Jew nor Gentile so it brings all human together again no separation of Heaven and Earth is United Ephesians 1 10 and 11 if you are wondering for text things that are in heaven things are the Earth in Christ Jesus so he has brought Heaven and Earth together in Christ he has also brought Jew and Gentile male and female Bond and free together SE that death also separated the creation from their creator and make God of a s an outsider in this world and that's why Jesus had to go outside because of the sins of mankind that's what it means going to hell he had to like the scapegoat is sent outside he had to go outside John the Baptist said behold the lamp of God that taketh away so he also had to take away he had to go where sin was sin is outside of God's realm outside of God's head so he has to suffer for the for the sins of man so that man will finally be able to have God dwell in him with him and through him so the creation cannot be seed from their creator so the Paul the Apostle uses the absolute negative in the Greek nothing can ever be ever be ever able to ever be ever able to separate us and some you say no you get to lose salvation just get your grammar right if you I think if you go to school you think properly you say lose and salvation the two things don't go together it is called salvation because you are saving something that will not be lost so when you say lose salvation I don't think we should be answering you from Bible we should first answer you from grammar it's not a set of car keys it is the it is not me that saved me it is the savior you have to be powerful enough to beat my Jesus up beat him up mesly snatch me from his hand and he said nothing can pluck me from his hand you have to be really that powerful to unsaved me if the devil is saying ah no we

tremble we bow we run from you is it the devil that want to you say no man has that power to Pride God's hands open and say give me back because we think salvation is about because how people all easily say I take back my word I take back that you have uh that we have strange parents today any small thing I disown you I accept you that your father is mad does not mean God is like your father that your mother wants to be stupid does not mean God is like that if you being Wicked if you being evil look at how Jesus always separated human relationship ship from God so that let's not be explaining God like that because I feel these people who teach things like this we're not raised in a home of love because how this idea of ah God is tired of me he's done with me I don't think if you were raised properly you would think like that because there are certain parents certain homes that don't have that the children cannot that construct cannot be found in their brain and we have it but it's not within scripture if you being evil no to to your children Luke 11 how much more the father give the Holy Ghost to them that ask him he always separates himself much more there's always the much more with Christ Jesus amen so there's what we are what we have what his death has done like we said the sep the the and that's the theological phrase in the Bible called reconcile God has reconciled us to himself that's now the Creator and the creation are no longer separate God and man are now together in the same house together in the same place are you getting it so man is in God God is in man and they are in the same place and the where we see that now is now for those who believe that is the church not the building or however The Universal Church everyone who believes in Jesus Christ all over the world and we now congregate in a place but all those who believe that make up the body of Christ the Lo the Church of the Lord the body of Christ are in an Inseparable Union with God by Christ Jesus did you get that so separation from the creation and the Creator another thing that death did was death brought Exile and curse Exile I've told you in the Ancient World when they say you are cured remember all those Nollywood dramas yeah Nollywood is correct because they still act it in those epic setup and is you see it also in ancient if you like history like I do when they say somebody is cost the person is cast out of the land that's cost the cost there is not you you C that's just you using insult because you think insult is a weapon you think that's how arguments are W you have to when you think is if I use insult I that you have to use insult means you can't communicate that you have to use insult means you can't dialogue mean when you are ready to dialogue as we always say how are all issues resolved I'm not going to talk to I'm not going to talk you just being silly and stupid because how are issues resolve you still have to see talk why do we have to give the devil such a long place before we will still come and talk about what we will still talk about so I don't want to talk okay not want to talk how our issues still resolved even if we take it to Outsiders even if we take it to a divorce court so we say husband and wife get brain talk about it say no no no no I'm not going to talk I'm no I'm not going to you can never Escape talking because even the lock you will see talk you can never Escape it you can just follow scripture precedent follow scriptures Common Sense God loves us more than we love ourself if we act and follow the teachings

of God's word we have lesser issues I've talked to those three pressings now so separation brought Exile and CA I see you I'm shooting different arrows I'll teach my message I shoot Arrow I teach my message I shoot Arrow know of a certainty that is you I'm talking to yes of course who told me it's God that told me your matter who would have told me before I could never have known in the natural so allow me just Pastor you small and allow me to be prophetic like that so sin brought Exile and Cur Exile that Exile is why man is outside the garden outside God's sacr space outside so man is exiled the ca that's why the word bless is to welcome in Abraham say in th shall all the families of the earth be blessed be welcomed in it's not empowered to succeed no the way the Hebrew uses the word bless is not for that that's English dictionary not Bible definition the word blessed is to welcome him to pronounce the benediction to invoke and the impartation the decree to speak how life should proceed so it's more involved with life it has nothing to do with of course can we call Google things of Life a blessing yes but that's more of an English construct than a Hebrew construct they don't that's you have to force many Bible phrases to mean that but that's not what they mean when they use the word bless blessing when you get to the New Testament you see the same thing that The Blessing of Abraham say Abraham blessings am I in Christ I inherit all Abraham's which but you know you are lying Abraham's blessing not and he emphasizes what that is the forgiveness of sin you see God has blessed us in that he has turned us from our sin the book of Acts stick with Bible meaning or phrases as much as it is correct with our understanding of English that blessing involves Natural Things Don't Force It to be what all the B characters are saying when they use the word bless let their words mean what it means especially remember how we said it exes to tics I will sit where they sat so that I will hear what they heard then I will cross over that is proper interpretation I will now cross over to our today's word hermetics translate it to hear the same thing in the year and now that's why Bible teachers work is hard these are things that I've been doing thorough research on in the last two years you never teach what you don't know you teach what you know now I've been increasing my of Salvation extensively but in the course of this series every time I want to teach I get to do four to six hours again just going over things that I should know because that's what a Bible teacher work should be should be very taorus know and you should fear because it's human lives that you are dealing with to souls of men you just come and be saying rubbish to them I don't know how some people say God called them and they will not show that God called them in how they are behaving it's human lives it's people's Souls that you are dealing with you have to be careful you don't you can't some people have to twist the message maybe because you is for example I made a mistake as I come to church today I will now twist the message use it to protect my mistake and say you know so that what is that it's unnecessary if you did something that is wrong allow the same God's will correct you don't have to twist manipulate scriptures protect yourself that's Pride handling the word of God deceitfully no let God's word stare you in the face and adjust and correct every area of your life don't hide any area of your life from God's word amen hallelujah so that death is exile and cause

means man is not functioning the way God intended him to function dress and keep it but man is exiled away from that so man is no longer functioning in God's Sac space and in the death of Jesus we now are royal priest to the re 5 and verse 9 why are you not reading any text because I'm still doing summary and these are text I already read in the course of this series and I read them again I read them again on wedes Revelation 59 and 10 read it again for yourself it say we have been redeemed unto God as Kings and Priests again so our vocation is restored priests and Kings over the Earth our vocation is restored royal priesthood chosen Generation 1 Peter 2:9 just like what was in Exodus 19 so now man functions in God's Sacred Space Hallelujah then the fifth one separation that brought hell that death remember death is separation that's why I'm not calling so the separation that now brought hell hell don't see again as a as uh where we say hell we hear fire so I begged you I know we know hell and you every time you say help the brain once you use hell in English everybody have to P fire P hell P fire but the fire is not now the fire is just to explain damnation the fire is to explain Eternal damnation that there will be a destruction and we cannot remove that in the day of the Lord where the righteous and the wicked are separated the weat and the ts are separated there will be a destruction there are two theological positions one where the an where people that believe in total Annihilation that oh not going to see them again people say no I can't believe in that theory then so say they are going to be borning because we have eternal Souls they will keep burning forever and ever anyone you want to believe the core of it is that they will have nothing to do with you forever and ever whosoever is not in the light will have nothing to do with you forever and ever and though we don't have to stress that point like that because we genuinely care for one another and because we have loving uh dear family members who don't believe in Jesus doesn't mean that we have to now turn to Universal uh we should become Universalist AB we should not become that nether should we now because of that because we have loved ones we be love dearly who don't believe in Jesus we now say oh there's no damnation no there is a damnation and I prefer using that phrase than there is a heaven to gain and a hell to lose no when you make it like that it looks like heaven and hell are how the Heaven and Hell are opposite no no no no no not within the the scriptures no no no that is uh Plate's teachings that is Greek philosophy teachings that is what uh all religions teach that's not what that's not how Jesus explained Heaven that's not how the apostles explained Heaven and Hell and there's a need to Rediscover prop biblical meaning of words so I've given you in the last two to three years 7 to eight applications of the word Heaven within the Bible amen and not of them you saw fly away so though that's what most people refer to as it we can understand if what they mean is oh living with the Lord for eternity is what they are calling Heaven yeah but you can't find Bible vers that uses that phrase like that sh but all the say we get what you're trying to say because what did God create in the beginning Heaven and Earth so the first creation is passed away the second creation which is called the new creation is also going to be new Heaven and Earth because the first the creation is is Heaven and Earth So when you say second Corinthians

5:17 If any man being in Christ is a new creation that new creation Heaven plus reality God and man in the same house in an Inseparable Union Hallelujah that is his plan so separation that brought hell that brought sh I said let's use the word sh because you will not think of fire do sh or Hades use the Greek or the the Hebrew word sh the Hebrew word sh and the Greek word Hades is better better always putting fire because when you hear fire is G there's a different Greek word and that meant something that the audience knew because when they heard Jesus used it more than any man in history used the word hell and when he said geina which is from the Hebrew the valley of hom it was outside Jerusalem where everybody knew where they were burning Refuge I mean nobody was arguing or could be confused about what that meant even said if you say to your if you say raaka you are in danger of the council what Council the sending Council made up of 70 men and the high priest overseeing it so it's the same concept of Moses 70 elders so the scriptures is clear the the council then it talks about in danger of the fire explaining just like the we said this person should be taken away but Israel never offered human sacrifice they never killed people born people in fire so why bring that whole idea it was because of Ezekiel Isaiah those poor the Bible that are boring that people don't like to read because it was to explain Exile and destruction that's how Israel understood it that just like that place we born dead that's how the Wicked the evil are going to be cut off from the earth emphasis in the scriptures is the wicked are cut off from the earth I think I should uh look for some text for you uh but like I've begged you the years don't use scriptures to back up get your theology from the Bible not back up your theology with the Bible there's a difference the other one is proof texting if I have an understanding in my mind and I use the Bible to back it up I can do that with anything and yet what I'm teaching is not correct however what is correct Doctrine is now what I believe and what I'm thinking I got it from the Bible amen not that if I look at this two Theory Bible vers no if I look at all the scriptures observing Bible synonyms and all I get to see that is the same thing that is proper teaching not there are contradictions Hallelujah Psalm 104 verse 35 let the Sinners be consumed out of the earth notice again the emphasis David look at his earth that is his Focus did you see it let the Sinners be consumed out of the earth and let the wicked be no more blessed than the Lord oh my soul bless ye the Lord Proverbs 2 and verse 21 and 22 for the upright shall dwell in the land the word land there is always the word EET the word landet is used 254 times from Genesis to Malachi in the Hebrew text that word land eret so sometimes it's used as land sometimes it's used as it and I've also given you five applications of that word eret can you remember the word Earth is used for the land is used for uh the Tera the solid ground that we put our feet is used for the whole world just like what we call Bible cosmology the cosmology of the world is Heaven and Earth then there's the third one because of sin hell and it's all explained with the word Earth above the Earth that's what you call Heaven it's not it's not for you to jump up because people have gone into into space and they have seen us seeing God in a physical Heaven because that's not what the Bible Bible characters mean by the word heaven heaven is shamim just means

high above that which is beyond beyond this high and above lofty and higher Beyond this higher so it can be used to explain what is so above the Earth that's Heaven the Earth then under the Earth again they use the word Earth to explain the whole cosmology because it revolves around the earth because that's why God put man on the earth because the crowning of creation is man and God put man on the earth and God wants everything to revolve around the earth and that Earth there is not one of the different planet are they teach you in science no but what all those planets all represent is what the Bible calls Earth for those of you who like science so the Bible's Earth is the whole observable world the whole world of interaction the physical world of interaction is what the Bible calls it now the Bible is a pre science and a premodern book so don't bully the Bible with modern science and know it was written before so it's not against science it's pre science premodern so allow aient men to be aient in their thinking and only understand what they understood in their timeline cross it over to our day and understand the same thing is that okay all right learning something verse 22 but the wicked shall be cut off from the earth and the transgressors shall be rooted out of it did you see it again out of the earth job 18 his remembrance Shall Perish from the earth verse 17 job 18:1 17 his remembrance Shall Perish from the and he shall have no name in the streets remember streets what they now say turn it to Street of God all right the wicked shall be cut off from the earth proverbs 10 and verse 30 I'm just giving you many text let's start from verse 27 the fear of the Lord prolong days but the fear the years of the wicked shall be shortened the hope of the righteous shall be gladness but the expectation of the wicked Shall Perish that's the old word perish perish perish used to explain damnation later on Wicked there is the unsaved the way of the Lord is strength to the upright but destruction shall be to the workers of iniquity workers of iniquity there is not I did something bad worker of iniquity yeah means I have built my house with Satan I built my camp with so the Walker there is the word I am a device of iniquity so it's not just I do something no I myself I'm a device I am sin walking the Earth I'm the thing that is tempting other people that's the word walk out of iniquity are you following it's different from oh I failed here I didn't try here I should have known to do behave better no I am now the evil in the world I am the worker of did you get it I am the Temptation I'm now part of the thing that people are trying to avoid I'm part of what we say ah don't bad person again see somebody look at what people are doing look at how evil the world is I am the I am that person you know I'm using eyes I'm born again obviously that's the idea of that Wicked there work out of iniquity are you getting it it's not I get to do it is my you know we like because of the English language and his limitations because he's not an old and ancient and well structured
