

[Music] father we thank you this morning Lord we open our hearts to your spirit and we trust again that in this service the eyes of our understanding will be flooded with light of leave here with a greater understanding of your plans your purposes on the earth even as we again study on the theme of Salvation what you're walking on the earth we receive the needed understanding again this morning in the name of Jesus we are refed to be a people of your will and your purpose and also we open our hearts to receive the tokens of your grace and your love in the demonstration of your power and in the extension of your mercy towards us this morning again we say we are people changed touched by your power Our Lives bear fruit of the results of that experience and encounter with you in the name of Jesus amen God bless you have your seats again we're teaching working salvation in the earth Psalm 74 and verse 12 for God is my king of old working salvation in the midst of the earth God is my king of old working salvation in the midst of the earth Hallelujah Romans chapter 5 and we said what is salvation Salvation is the rescue of God's good creation that became subjected to futility death Decay sin and the powers of Darkness God has at last rescued his creation from sin death so that his creation can be what he wants his creation to be his creation can be free from that bondage so the word salvation is a rescue from Death a rescue from sin a rescue from the path of Darkness man as we like to say it which many times can be uh a very narrow way of seeing it hallelujah it's better we use the word creation it allows us know that God's plan involves the whole world not just man man is the crowning of God's creation and salvation is for the world and why man is important is because man was made as God's representative and the crowning of his creation the centerpiece the little mover the one God would use to put things right in his word the agency uh by which God will work true is man and so man has such uh an important role in the scheme of things amen hallelujah so we said it is not salvation from this world but Salvation of this world John 3 and: 16 for God so loved the world that he gave his only begotten son that whosoever believeth in him should not perish but have everlasting life for God s not his so into the world to condemn the world but that the world through him might be saved so it is not salvation from the world but a Salvation of the world and for the world and we emphasize how much Greek philosophy has affected the church over the years particularly the effect of it is seen in that Middle Ages what is called by some the Dark Ages the 5th century to the 15th century and much of Greek philosophy uh we can uh factor into their stream of thoughts that even some of the Apostles John for example battled with one of such philosophical positions H by the gnostics g n o s t i c and they had a position that Jesus wasn't bodily raised from the dead they had a position where they believed certain weird things so three GRE I think I've said this I'm trying my best to remove or not over Le say some of the things that I've said before so the nostics position the epicurian view of the word is a Shabby word we have to separate Heaven and Earth because this word is a Shabby word this is a useless word is different the word of the Gods is different from the words of man and which is the origin of all the different worships all over the that so is a is a philosophical position that explains much of that understanding that the gods do

not dwell with men but that's actually foreign to the Bible and funny enough many Christians have brought into that kind of theology too and it is heard by the epicureans about God is in a world different from man because there are words apart because this is a Shabby evil word the third greatek philosophy that has affected the body of Christ which is even taught so well by pastors you would think is a is from the Bible they Le it is Plate's Visions uh the plateau's vision of disembodied of spirit or Souls finding their way to a disembodied B A need to escape this world in fact one of Plate's students uh ad 46 to ad 120 he lived by the name of plut p l u t r c the priest of Apollo he said that we came from Heaven this world is not our own we will go back to heaven so you you imagine and as a pagan priest properly explain what is taught by many today as Christian idea of we have to go to heaven because this world is not our so we came from heaven we are just managing our time here but we will have to go back to Heaven because this world is not his this world is not our this world is a is a horrible place so we need to find our way into heaven and as you see in the artwork that was the different artistic work that were done by D viny or the Mr Angelo Sy chapel and all of those depictions that now bringing the idea of patry as he said in the uh Roman Catholic church today that whole idea has come from much of great philosophy Dantes Inferno where do Spirit have to go there has to be something about this something about this something about that and the challenge is when Bible scholars great wonderful people try to now answer bation so he called it few word because he was summarizing a thought and it was not all the Church of Ephesus knew were that page then he has filed them as a pastor if all they knew was those three page if all colos knew was those three page if all Philippi knew was those three page if all Galatians knew was those four page ah what I've have been teaching in this series more than four five are you getting it so I've told you that's not all he taught them that was just simply responses or questions that they answered they feel like oh this should be added this should be added when the cannon of scriptures were put together amen hallelujah so Romans chapter 5 and verse 6 for when we were yet with without Strength In Due Time Christ did what for when we were yet without Strength In Due Time Christ died for the for scely for a righteous man will one die yet per Venture for a good man some would even dare to die but God commanded his love towards us in that while we were yet Christ died while we were yet sinners Christ died for us emphasis Christ died for us for us that means his substitution Christ died for us he died our death much more then being now justified by his blood we shall be saved from WTH through much more now being justified by his blood we shall be saved from WTH through him for if when we were enemies we were reconciled to God by the death of his son much more being reconciled we shall be saved by his we shall be saved by his life and not only so but we also joy in God through our Lord Jesus Christ by whom we have we have now received the atonement so observe again it says for when we yet without Strength In Due Time Christ died for the ungodly that's who he died for for scarcely for a righteous man will one die yet per adventure for a good man some would even there to die so it's rare to see people dying for people however the people he died for we're not good

people while we were yet sinners he died for us so that means his death communicates his love the death of Jesus shows the love of God is that okay much more than being now justified by his blood we shall be saved from rth through him we shall be saved from rth through him we shall be saved from rth through him so that is the word saved so notice how many times two times there 9 and 10 he used the word saved so the believer because of the Dead son of Jesus is saved from rth then he says we are are saved by his life so we said what does it mean to be saved so creation has now been rescued has been freed has been delivered from bondage in this context he says save from rth so rth rth we'll explore that shortly what rth means so again picking up from where we stopped James chapter 1 13-15 says let no man say when he's tempted I'm tempted of God for God cannot be tempted with
