

hallelujah amen father we thank you this evening we open our hearts to your spirit and we trust again that in this service the eyes of our understanding will be flooded with light we thank you for making us the people of revelation of knowledge of power and of wisdom again in this house we know Revelation knowledge will Flow Free course on hindered there is no confusion in this house only understanding and edification re in a we declare that we shall be blessed mightily equipped again to be better preachers of the Gospel communicators of your plan your will on the earth we declare that the things that ought to be said in this service will be said the things that ought to be done will be done am to the praise and glory of your name and the people said amen amen God bless you have your seat walking South salvation in the Earth again our anchor text has been Psalm 74 and verse 12 God is my king of old working salvation in the midst of the Earth for God is my king of old working salvation in the midst of the earth I didn't ask for it God is my king of old working salvation in in the midst of the earth amen are we good yes Genesis 1 and verse 26 again let's uh reflect those understanding Genesis chter 1 and verse 26 and God said let us make man in our image after our likeness and let them have dominion over the fish of the sea over the F of the earth over the cattle over all the Earth and over every creeping thing that creth upon the yet so the way God made man man in His image and man let them have dominion the word dominion is the kingdom word the word dominion speaks of a kingdom a king's domain is seen so that is called his Dominion the Earth is under God's Dominion the Earth is the Lord and he gave man to have that Dominion so God created man to share in his rule did you get it Kings rule over a domain and the domain they rule over is now called their Dominion so the Earth is under God's Dominion then he now said let man have dominion so man will be the agency that I will reign and rule true so in the very beginning of all things we see that God's intention for making man was that he would man would look after God's word for God man is is going to look after God's word that's why the angel said and David picked it up in Psalm chapter 8 or the or the SSM is picked it up in Psalm chapter 8 and said what is man that th are mindful of him or the son of man that thou visitest him for thou has made him a little lower than the angels and thou count with Glory and Honor he speaks about man in such Majestic tone what is man what is man the way God made man to be the crowning of his creation God made man to be the Creator that he will reign and Rule through and he called man His Image man is the image of God the representation of God on the earth Hallelujah man is called God's representation not in the sense that man is God no but in the sense that man represents God God is God man is not God but man is a representation of God and that means man is a supernatural being and the way God made that supernatural being in the very beginning he gave him or will or Choice gave him the ability to decide things to make is not a robot and God made that same man of the Dust of the ground speaking about that that man is not the Creator a created thing he would have Frailty he will have weakness and the weakness there is no sin fness where the the weakness there is that he is apart from the Creator the Creator will never lack for wisdom but the created thing can lack for wisdom the

Creator will never lack for strength but a created thing can lack for strength that in one sense is the inadequacy it is the weakness it is the Frailty it is the dust that man is so man recognizes he is not Yahweh he is not the Creator amen but God made man as his representation and such is the wisdom of God that is always portrayed as foolishness to a man who does not see things from God's perspective why will God create a being that is dust and give him such majesty and such glory and so such again is the celestial envil and one said no no no no no we won't let this happen we won't let this happen and that led to the very first rebellion of unseen beings that he says no I would sit on the Side of the north I don't like the fact that man has been given such position of reigning and rulership no I will be like the most high I will exalt my throne above the stars of God I will sit on that side I will sit on the side of the Lord I will take that place I will take my place on high and that's how it fell became the serpent and all of those stories the Bible began to explain from the first rebellion of chapter 3 chapter 6 chapter 11 the Earth has been plunged into a Darkness what will God do to his word Psalm 24 and verse one the Earth is the Lord's and the fullness thereof so God will not give up on his Earth he won't give up on his Earth he won't give up on his man so he becomes a redeemer God a saving God a god of Salvation And The Prophet uses the phrase God my savior God my redeemer over 100 times that phrase is used particularly Isaiah uses almost 50 times God is called savior he's called Redeemer he I said there will be different stories all through the scriptures that will explain salvation to us so Paul write it to Timothy second Timothy chapter 3 he said Timothy from a child that has known the holy scriptures which is able to make the wise unto salvation through faith which is in Christ so the scriptures contain stories about salvation much like what he said in Romans chapter 15 verse 3 and 4 the things that we waiting our four time we wait for our learning that we through the patience and the comfort of scriptures might have hope so we learn from the scriptures the scriptures has stories that teach about salvation one of such story is the story of a young lady Ruth by name such loyalty she had to Naomi she wouldn't leave Naomi so Naomi has to get a husband for her and we see in that story does a man man called Boaz he is King's man and so he will she will lay hold on him in such a manner and him being a faithful man don't want it to look weird like a lady is just on me like this so he will get married to her and that explains King's man Redeemer and Hebrews 2:14 picks up that same narrative and say for as much as the children are partakers of Flesh and Blood he also himself two part of the same so he has to be king with us k i n he has to be like us to save us he has to be like us to save us he has to be like us to redeem us so he like us he will become a man God as a man God became a man God a man who died for man Hallelujah and that is the story of Salvation and Redemption God will become a man to put right what went wrong with his word and in putting right what went wrong in his word many blessings presume that God will say I'm not going to use man again no instead God picks up on the same agenda and say man is still the being I will you so now in God's New Creation we still are the agency of his stewardship of his plan and his purpose on the earth and we' have taught that story again and again what is salvation what is God doing

Hallelujah and we see that if we truly understand salvation we understand God God's new creation and we understand the new heavens and the new Earth God's plan for all the Earth not just individual uh let us not individualize salvation one of the eight nine things that we call Salvation or we have done to Salvation that has affected the concept of salvation and I would again in today's teaching repeat or say those eight things that we have done to Salvation I've have mentioned some I think four 4 five already moralized it paganized it platinized it uh temporalized it but we see some things as the Lord helps us this evening amen God wants all the Earth not some of the Earth all of the earth Exodus chapter 19 as we begin this evening Exodus chapter 19 just after Genesis you have Exodus Exodus chapter 19 remember not the prophets that wrote it in chapters so to always have a good background story read everything Exodus 19 in the third month when the children of Israel were gone forth out of the land of Egypt the same day came they Into the Wilderness of Si and they were departed from refidim and were come to the desert of Si and had pitch in the wilderness and there Israel camped before the mount and Moses went up unto God and the Lord called unto him out of the mountain saying T shal thou say to the house of Jacob and tell the children of Israel ye have seen what I did unto the Egyptians how I bore you on eagles wings and brought you unto myself now therefore if you obey my voice indeed keep my Covenant then you shall be my what observe verse 5 you shall be my what peculiar treasure unto me above all people for all the Earth is what all the Earth is mine the Earth is the Lord the Earth is the Lord okay Deuteronomy chapter 10 flip remember that first Peter 2:9 okay told you the apostles wrote from the scriptures Deuteronomy chapter 10 and verse 14 because of time behold the Heaven and the heaven of Heavens is the Lord thy God the Earth also with all that is therein so the Heaven and the Earth is the Lord what is God create in the beginning in the beginning God created the Heaven and the Earth so the heavens and the Earth is the Lord many would have us believe the heavens is the Lord but the Earth is not the Lord and I told you that is a Greek philos philosophy Western thought that we must reject refute and continually throw down those philosophical positions from our minds and our brains amen because once you have this idea the Earth is a Shabby place this Earth is useless God I don't know why God made a useless Earth but God wants to get rid of the earth so that he will have whatsoever we have have us leave the Earth and go to a new planet called why did he now create the Earth if you so hate the Earth he say no we have done something evil to the Earth what about the heavens say no so he can keep the heavens that supernatural beings can Rebel but he can't keep the Earth that natural beings rebuilding what a God what a story what a w to believe such uh crafting and we said the story The writers still is a story of creation to Creation so we have Genesis 1 and 2 set up in such a manner that leads to Revelation 21:22 the same story that's an intelligent book if you bought such a novel you will say a masterpiece Brilliance in writing but when you read the Bible because when people come to church the user shake their hands and say welcome to church you won't be needing your brain here we don't think you just anything we say that goes so we can make conjectures with we can um uh craft

certain Bible verses in a weird Manner and present it to people and say this is the truth you better not agree with me say yes my Lord yes my le yes my king yesah but that's not how Bible interpretation is done Bible interpretation is done when the scriptures interpret itself in its original settings so that means I ought not to hear anything different from what the original author intended to say but the authors are not for me to ask them now so we will rely on critiquing their text so do will critique their text properly and so now we'll look at the writer's intention in what he wrote so we will now have to properly criticize ex shake up the text which is search the scriptures we have to search the text very well to see what the author intended to say but now we can do that by looking at its historical setup its cultural setup its grammatical setup even to the theological setup to know okay this is what was happening in their world view this is why they use words or phrases like this back then then we cross over to today's world to pick up the same meaning today that is interpretation and is a a bit difficult work Hallelujah in Genesis chapter 28 we have a story of a dear precious Jacob he has left his house remember he's fleeing because as we like to tell the story which is not how the biblical writer told the story he have stolen his brother's bedri no he didn't the father was just carried away with favoritism and that's why you shouldn't do favoritism this is just my favor right this just my favorite and it was going to make a mistake a very big mistake as it relates to God's plan and purposes on the earth it's amazing how we could think that a man can steal God's blessing such is the the way we see God which is also reflect the how uh proper world how full hearty we are to imagine God like that that God will let a man steal his Blessing and say I couldn't do anything though they overpowered me they have stolen God's blessing no no no so to convince his son or to convince her son that she's not doing anything wrong she said to the son when the son said if my father see me my father will Cur me he said no let it be on me and we want Jacob to look stupid but you saw that when Esau came Jacob said your brother has come so he knew it was Jacob at the end of the day said okay he didn't know he didn't know no he was carried away he was going to put God's plan and purpose and make it a thing of who give me food to eat ah no but right from when they were born there was the prophecy that was told and the mother knew the prophecy very well that the younger will re over the Elder and in the way they lived one followed after the Lord other than the other we're not going to because of old age even Jacob if he knows the story very well he should remember how he became or is Isaac himself that there was Ish but yet it was given to Isaac so how we forget so well the same way Jacob later himself will be angry when uh the same way Joseph later will be angry Joseph later will be angry when Jacob is laying hand on the younger right people who are product of Grace many times forget that they are product of Grace that's the story line there people often forget that you two are a product of Grace all of a sudden the next person you want next Generation to be a product of works but you got yours by Grace why don't you want his to be by grace too so we have that Jacob now he didn't steal the blessing we've Tau that over the years he didn't steal the blessing no no no no no no no no no no you can't steal the blessing Hallelujah and the

blessing there was not about who is who has more money because we saw historically Esau had more money than Jacob funny enough that es who said I don't he anything from you when Jacob saw him so Jacob bowed when he saw isau bowed and said no no no my brother I have more than enough I don't anything from you keep your wife your children and everything you have all right so it was not about Prosperity it was about God's plan and purpose on the earth always interpret scriptures outside materialism is that okay okay so Genesis 28 and 17 we now have Jacob having that vision of ladder ascending from Genesis 28 are you there and he dreamed and behold verse 12 a ladder set up on the earth and the top of it reached to heaven so there was the ladder set up it was from the earth and the top reached to it set up on the earth on Earth To Heaven on Earth to Heaven such is the uh focus of scripture Genesis 28 and verse 2 is is on Earth to Heaven because on the earth you regulate Heaven whatever you bound on Earth is bound in heaven whatever you lose on Earth is Ling Heaven it's on the Earth Earth is operational base the Eden was on the earth and that was Heaven on the earth remember never see Heaven as a planet away from the earth the biblical writers in their world view and the biblical cosmology has Heaven and Earth as the same or in the same place Heaven and Earth is in the same place in our in the Bible biblical Cosmos so our today world we are too conscious of planetary System Jupiter Saturn Earth and all of those other things so but the biblical Earth is all of those things you want to call different Planet are all what the Bible calls inv visible Earth amen a habitable part of the earth habitable part of the world the land and he dreamed and behold a lad set up on the earth and the top reached to heaven and behold the angels of God Ascend and descend on it and behold the Lord stood above it and said I am the Lord God of Abraham thy father and the god of Isaac the land where on thou Li to thee will I give it remember it's the same word for land and Earth e e e TS ett thy seed shall be as the dust of the earth and thou shall spread abroad to the west to the east to the north to the South and in the and in thy sea shall the families of the earth be blessed does that look at Genesis 12:3 does that look like genesis 18 like genesis 22 yeah that is in fact Genesis 2 six again we have that so different portions where God repeated to Abraham three times and God repated to Isaac God is to Jacob again so it's the same promise of God being repeated to the Next Generation and behold I am with the and will keep thee in all places with thou goest and will bring thee again onto this land for I will not leave thee until I have done that which I have spoken to the of and Jacob awake out of his sleep and he said surely the Lord is in this place and I and he was afraid and said how Dreadful is this place this is none other but the house of God this is the Gate of Heaven look at what he's calling the Earth the house of God so that in that Vision that place of Revelation said this is the house of God this is the house of God this is the house of God this is the house of God this is the house of God are you yeah so note that the land it is in the vision he seeing land so it is spiritual that land is God's promised land and what is in the house of God people Heaven and Earth and a place God was in the place and I knew it not so that's a supernatural assembly he was seen now observe something about uh um of

course it's um How Will I put this now um the land represents people when you say land it's not about us scraping sand everywhere the land will be the people of the land the people of the earth the earth for the people of the earth that's obviously the people that God is after when we say salvation of all the Earth it's not salvation of all the sand it's salvation of all men all the people of the Earth are we good okay so that Vision now I've told you is how the biblical writers thought and also in their worldview they had a heaven and Earth space and what they called Heaven and Earth together is what is called a temple in the mind of every average man every lay man or woman in the first century 2 third fourth fifth 6th 7 8th century of the world knew that the Heaven and the Earth is called a temple the Heaven and the Earth together is a temple so when they say the temple you will have Heaven and Earth that's why when Sol was the temple just like we saw in neomy 10:14 he will say those things the heavens of Heavens cannot contain the Lord heaven and earth you will hear from Heaven you will hear from this place you can go and read it on your own First Chronicles chapter 7 first king chapter 8 is there AB you will hear from heaven you hear from this place you will hear from Heaven you hear from this place he's calling the place Heaven meanwhile it is the temple is dedicating you hear from the temple you hear from here you hear from so the heaven of the heavens cannot contain that is a statement repeated again and again and there's a way they use which is seen in Acts 17 the heavens cannot contain acts 17 Paul's sermon attains the same thing so First Kings chapter 8 ver 27 but will God indeed dwell on the earth behold the heaven behold the heaven and Heaven of Heavens cannot contain thee how much less this house that I have built so again Solomon indicating the temple is emphasizing that you want all the Earth but this Temple that I'm building is Heaven and Earth where we can put Heaven and Earth in the same place in our worship you will hear from Heaven you will hear from this place you hear from Heaven you hear from that kind of idea that they are having is exactly why people erected or built temples everywhere because they were saying Heaven and Earth is in the same place now I've told you already since we started this series that those ancient men had a heaven plus Earth reality as their world Cosmos KO o s m o s in the Greek what we call cosmology c o s m o s all right now the only difference is that Israel did not have a a Israel did not have an image inside their Temple because they not to make any graving image they were not to make any graving image so the world as we know it is a heaven plus Earth reality and an image at the center and that image at the center now God calls man his image so that is the story the biblical writers are telling and from the GetGo we see that God's plan is to have the Earth as his house and when you hear the word house if the Earth is God's house the Earth will also be God's Temple God wants the Earth as his house God wants the Earth as his Temple Hallelujah the heavens are Dy the Earth also is dy Acts Psalm um Psalm 89:1 the heavens are Dy the Earth is dy so it's not just the heaven that is the Lord the Heaven and the Earth is the Lord is repeated again and again so stop having the heaven as the Lord and the Earth as not the Lord are you with me now that idea where people have Heaven is the Lord the Earth is just a useless shabby place is

not in the Bible that you see that demarcation it is uh westernization it is um Greek philosophy it is uh paganism you can give it any other name you want to give it even paganism doesn't even do that that idea of having Heaven and Earth separated no so have it together in your mind then you realize that oh when they are reading those text let's read some of them uh we are seeing the Psalms Psalms chapter 11 Psalms chapter 11 and verse 4 the Lord is in his holy Temple the Lord's Throne is in heaven his eyes behold he his eyes behold his ey TR the children of men the train of men also in heaven the Lord is in his holy Temple the Lord's Throne is in heaven now when we read text like this we want to create a distance but that's not what they are doing they are not creating a distance because every time you see Heaven mention it is always on the earth that there's an activity going on a sound from Heaven a voice we have done this already in this series a voice from Heaven a sound from Heaven it was on the Earth every time a sound from Heaven how are people hearing it if listen look up look at [Music] me can you hear this yes sir your mother told me is she hearing it you have to be here to hear it yes sir you have to be in the place to hear the sound of the place yes sir so that's how to read it say can you see this yes sir is your father seeing this at home right now I know now I said maybe there are people watching us life you have to be in the place when you say I saw heaven where is the man every people can see him now that's how but when we people today read and they are hearing Heaven they are seeing Oh a planet that I need to say we have been flying with aane we have not seen Heaven are you that d you to see Heaven there thanks to the way some people present the gospel it looks like you are supposed to see Heaven there no now the same way we have they were building a skyscraper and today God is allowing skyscrapers your God is so weak scientific advancement could stop him so those days he said no don't be Sky creper he troubled scattered the toah of Babel but today he has calm down cuz they were going to build into heaven and now enter into where God's Throne is you are learning from the Yellow Pages of J wickedness briefcase and umbrella is what deceived you it's not Bible it's not Bible they building and that idea of no no no no no the word tower there is the the Greek Hebrew word for it is the word mcal m i g d a l funny enough that word in origin is Egyptian it's the same word used to explain a pyamid in Mesopotamia they call it a zigurat what they were building is a zigurat a temple complex where God descend on the earth if a a temple complex a temple on a mountain that's exactly what you build a temple on a mountain just like Mount Olympus it's not uh as you see it in Greek mythology that's what they were building a dwelling place for the Gods on the earth and that's the why that chapter 11 is the origin of widespread idolatry on the earth what God said not to was that all the Earth will not be covered under a Darkness amen amen if God sto them from doing what they were doing Idol would not have spread everywhere now if God were to we have this idea you say God will make you not do it no God that's what God was doing there was that God turned his back on the Nations because they have rejected him and we use a phrase that Moses use disinherited the nation where God disinherited the nation because the Nations like sheep have gone astray

and they said no no no we are not serving you anymore and God had to now start with a new nation in the next chapter 12 call a man and a woman who on their own cannot have a child and supernaturally enable them to have a child and that child will now be his own nation which is the origin of Israel notice the opposite always notice the opposite in all the story the biblical writers wrote with contrast Cain would do this Abel would do this you see opposite the people in the time of Noah and Noah you see opposite that's the same way in chapter 11 there are building a city Abraham is Seeking a city whose Builder and maker is God opposite they want to make a name for them themselves God said to Abraham I will make your name great you notice the Opposites in all of the story contrast and intelligent way of writing to communicate meaning so it's not so hard to see what the writer is communicating are you here yes sir so once you have Heaven and Earth together not apart from each other so we said the physical dimension of our Earthly the physical dimension of our living that's why it's called e the invisible or other worldly o t h e r o other worldly o t h e r w o r l d l y other worldly join it together is a correct English word other worldly dimension of our life is that okay all right so the word oot t h r you can use it just like we say the otherness of God it's another way of explaining Holiness that which is beyond the norm the way you know it to be so the God is beyond he transcends all right so the concept of God's holiness so is the same way when we now say the other worldly Dimension so there is a hidden other worldly dimension of our living where we can bring that is heaven heaven so stop see it more as a realm you will understand it more as an influence because when you see it only as a place you always be let me choke my leg let me it's not about that when you understand heaven on Earth you will see more as an influence a real it will allow your your understanding to grow so the biblical writers want us to see Heaven and Earth in the same place so what does God want on the earth that Earth now will be what did God want in this world that heaven and earth he wants it to be his house and he wants it to be a family where we are dwelling together so the story the biblical writers are telling is a family story it's a house story from Genesis to Revelation a house story of God is building his house God is building his family and he wants man to be the agency in which he builds and spread his family all over the world or all over the Earth as we will call it now is that okay Psalm 132 Psalm 132 and verse verse 7 we will go into his Tabernacles we will go into his tab Les we will worship at his foot stol we will go into his Tabernacles we will worship at his foot too arise oh Lord into thy rest thou and the Ark of thy strength verse 13 the Lord have chosen Zion he has desired it for his habitation notice what Zion is called Zion is called his habitation this is my rest forever here will I dwell for I have desired it now what is Zion the kingdom of God heaven on Earth all right so God's house God's home now Zion was David's house the the King's house David's house now David now speaks spiritually of a Zion so that's why you now see Zion having spiritual meaning but there was a physical Zion the land that David conquered the jebusite and upon a Mountaintop and he called it Zion that was where he was living that's where he put his Palace that's where he put He was reigning and ruling from there that's how God's Own

King who will re over the Earth so that's why Zion is now used metaphorically or prophetically in the scriptures so you now see Zion is used naturally Zion is used prophetically just like Jerusalem is used naturally to speak of the natural Jerusalem then you now see the church is called Heavenly Jerusalem that is Jerusalem that have another meaning Jerusalem that we using to pass a Heavenly message Heavenly Jerusalem I don't know if you get that so when you see Zion you need to know which one is it the physical Zion because you see that one also in Isaiah you see don't just read all the Zion to be prophetic some is speaking of a physical location some is speaking of that reality just like the says we have come onto Zion you are in Nigeria many people don't have passport and say we have come onto Zion so it's not it's a spiritual reality we have not come to Mount Si we have come onto Mount Zion Hebrews chapter 12 we have all in Zion today and that is called Heavenly Jerusalem oh my God where you are looking at is he in your Bible yes sir thank you some of you are looking like where is he getting that from Hebrews 12 22 but you have come onto man the city of the Living God is this a city Abraham sought whose Builder and maker is God are we in that city today yes sir is this the city that God wants to be all over the Earth yes sir thank you we have come onto M the city of the Living God the heavenly Jerusalem to an innumerable company of Angel to the General Assembly Church of the firstborn which are written in heaven Hallelujah so that's where we are so the Lord has chosen Zion he has desired it for his habitation so Zion his house oh boy that's his house so God's house he wants his house full now tell me which building which physical building can house all the Earth no thank you that's why the writers expect that we have sense so when they are saying uh who which word will I use now the temple let's let me read it let me read it for you uh I don't want to be but you have turned into a den of thevs that's the text I want to read for you mark 11:17 and he thought saying unto them is it not written my house shall be called my house shall be called of All Nation the House of Prayer but you have made it a den of thieves a house for All Nation the same thing is in Matthew 21:13 my house shall be called a House of Prayer but you have made it a den of tis but notice it's called a house for All Nation which house can take all Nation none none no sorry somebody say yes a physical house how how how are you going to build a physical house okay it's going to pass all the oceans too let's agree we are all Dum for a bit which we are not but how do you build it across the Atlantic across the Pacific for the whole to you know what you say house now you have to join it how you going to join a building across all the continent even if we are we don't want to be normal we cannot accept that abnormality amen so when he say a house for All Nation that's speaking about that God wants all the Earth to be his house not that a physical building is his house so though they built a physical building the physical building is to pass that point that this is what I want all the Earth to be my house so build according to the pattern I showed you so all of the pictures of a temple a tabernacle all of those pictures was to show that God wants the all men as his house and in his house that's where we got that phrase which I've used in the last two years God wants all the Earth as his house all the Earth in his house come come on come

on come on come on come on I've said that before okay so salvation is for the Earth salvation is for all all the Earth what does that mean it means God wants all the Earth to be saved and that all the Earth is that heaven and earth together is that the world that he created what is the world that God created in the beginning Genesis 1 verse one Heaven and Earth so why is New Creation now hard to explain when we say new Heaven and new earth you say no they teaching something no now what did he create Heaven and Earth that's the first world so when he Revelation said the first world has passed the new world you say oh it's coming but are you not already New Creation right now so is it coming for you or is your reality now so we said salvation is being raised to life in God's new Heaven and Earth now and forever it it's not for you later on I will be New Creation no I am already New Creation because not just I we are already New Creation clear clear clear so the Genesis 28 to 17 the vision Jacob is having of God's house is the vision of all the Earth as God's house and the Lord in the midst as the one that we worship in his house all the Earth has his house so he said Zion is my what Zion is my house Zion is my habitation the Lord have chosen Zion he has desired it for his habitation this is my rest that's the word rest the Sabbath day this is my rest that is the rest man was made for that rest not man was made for inactivity no that's laziness you will fall sick man was not made for laziness the rest there the word rest in the Hebrew means to remove the chaos the chaos the disorder has been removed so a state of no chaos is called rest a case a a case or a place of order o r d r o is called rest so things are the way they were made to be that's why it's called rest it doesn't mean you are not doing something you can't even lie on God's head and say God has not done anything in gen chapter 1 Papa you they lie you do they lie chapter from all the scriptures we see God has been actively doing things on the Earth but he rested now he rested that rest now you explain with Oxford dictionary the rest there is um is relaxing no that's not what rest mean just like Noah is called manua he's this is the man that will bring the rest there was something was going to do God's rest is peace salvation shalom shalom that is rest no chaos things are the way they were made to be using Genesis one language we have removed the too we have removed the without form and void once we have removed that shapelessness without form without void uninhabited and it is now habitable that is rest are you with me not I am sleeping I've entered my rest I've entered my rest I'm not doing anything again no that's not what finished Works mean so he said this is my rest forever are you still here Psalm 68 Psalm 68 Psalm 68 and verse 14 when the almighty scattered Kings in it it was white as snow in Salmo the hill of God is as the hill of Bashan and high heel as the Hillel of Bashan why leap Ye Ye high heel this is the hill which God desires to dwell in yeah the Lord will dwell in it forever the charers of God are 20,000 even thousands of Angel the Lord is among them the word 20,000 does not mean two then 0 0 two Z comma then three zeros 20,000 the word 20,000 is just the word myad that which cannot be numbered so why I say 20,000 you know how when you want to exaggerate something you see 10 billion you don't actually mean 10 billion you're just using a high number so to an ancient man just like none of our forefathers in 16th

century nobody will be having one billion dollar what 1 billion is valued at today is what somebody having \$300 will be because what is money money is a medium of exchange now money has is used as a means of valuation valuation that's why you talk about purchasing power so that's why it differs from country to country the way you use your exchange rate you now say \$1 is this in naira 1,500 now now purchasing power is the main thing what happens in an inflation is that your value your your currency your money loses its purchasing power simple word for layman economics what you bought 10,000 last year you are now buying 20,000 this year so that means purchasing power has dropped greatly AB what I could buy for this amount I can't buy it again for this amount is now more expensive that's what we say all right so good business good investment should not allow me to lose my purchasing value my purchasing power over time so in that kind of error 20,000 is big number because what is anybody using 20,000 to do at least me I use Cobo in my time me I I I where we used to buy Crest where we used to buy gold spot 2 NAA three NAA so I mean many of you can not say you spend 2 na three na because some of people have not seen five na so they think everything must be in 100 no so that is big number to some because 20,000 ah so don't read the Bible see allow ament men to be ament they are not today they are not educated like you so when they 20,000 it look big in his mind the L is with 20,000 everybody say Ah that's a big number because the new trillion of today is the thousand of before do you realize just look at countries that have great economy you know they don't have currencies more than \$100 note I say \$100 and uh the pounds for example the strongest economies they don't have 1,000 note 1,000 note they don't have a 1,000 note okay now when Zimbabwe's economy was crashing you know they had H 50 50 billion a COR paper one paper was called 50 billion they write 50 aha that's it because they instead of boosting their economy they thought by Central Bank printing more currency they can be smart the economy you can't smart the economy because the economy is built on the back of value what are you offering you cannot be offering nothing and just inside your CBN office or inside an office be printing paper and thinking you are smarting no you have to what is the economy of every nation production distribution and consumption of goods and services within a sphere so the economy of a nation is the wealth of the nation you can't outsmart it by printing paper because paper means nothing that's why we tell people in the natural when I'm teaching people for example in business say don't chase money don't chase the paper the paper is useless it means nothing it's just a means of valuation instead Chase what to exchange with and then you realize that everybody has money because money isn't ideas money is in problems you solve money is in many things not the paper that's why the paper is called different name so there's now currency there's now money money has never been touched because money is intangible we simply use a currency to value it and say this is what we will refer it to that's why in the origin of money you know say trade by barter we exchange a commodity for another commodity so the money itself is intangible are you with me so sorry I'm giving all of this long talk trust you Le 18 or two for me but the point I'm making

when now say 20,000 is big number to that man because he's he's ancient imagine now we are seeing billions of dollars ah just remove a 100 years ago there's nothing like a billion it's thousand richest man thousand but that valuation if you now compare what it was then and now is it the same way you know how real estate people when they want to lie they tell you yeah this look at this land somebody bought it for this and I works for people that are that don't do basic economics because they just hear this land in 20 years time say look at I have a land I bought it 200,000 but 20 years later it is going for uh 500 million say which investment what do you think 20 years ago mean you know how the inflation all over the world has has tripled over multiplied now triple again I've used it as an example it's not more than triple you know how what are you saying 20 years ago somebody had 10 million do you know eh anybody that had bought you say I saw a land 20 years ago they bought it for 20 million that's why it's billion today say that so we can actually calculate and we now find out that no the man is suffering loss so how many persons had million in that in that year thank you is make it look like it's just so common just so common just so common no do your economics way so the thousand there in the Hebrew is just the word rbo it means thousand it's used for 10,000 it's used for 20,000 is used for many 10,000 it is just the word a large number so don't kill yourself so the travels of God at 20,000 even thousands of Angel the Lord is among them as in sin in the Holy place that was ased on high thou has L captivity captive thou has received gifts from men yeah the rebellious also the Lord God might dwell among them blessed be the Lord who daily loaded us with benefit even God of our Salvation he that is our God is the god of and unto God the Lord belong the issues from the dead it's God that pull people out of the Dead outgoing of death so is this a text that is used to explain the work of Jesus on the cross Ephesians ver8 wherefore he said when he ascended up he L captiv and gave it unto men so Ephesians Paul uses this text to explain what Jesus did in his work on the cross to the resurrection why did I read it it said God will dwell in this hill forever God will dwell in this hill Forever This Psalm 68 when I was teaching you unseen forces I use the phrase Bashan now that God wants that mountain God wants every every everywhere the same way in the natural [Music] um now uh how will I put this now U oh beautiful Canan for example that land of Canaan historically was filled with pollution but that became the historic promised land for the Israelites God always wants to inherit Dark Places so when you see somebody and say this person is is the prostitute or prostitute God say I want that Soul now that so I want this is the worst of worst God is is is about taking those people who you feel are the darkest of the darkest the worst of the worst don't write anybody off so the Lord has chosen Zion he has desired it for his habitation look at Isaiah 66 you see the same context Isaiah 661 downward T he the Lord the heaven is my Throne the Earth is my fruit St the Earth the heaven is my Throne the Earth is my food stool food stool does not mean I put my leg on top I put my leg on top full stool is not Joko beautiful it worked so once once that picture enters your head shake your head and say I'm not going nuts I'm not stupid I'm not stupid M cuz that's being stupid that's not what he saying no it's not share so once your mind

goes to Once small you say put your rest your leg now you know that you now bring it out you say that's a foot stool oh my Lord the Lord so that means God is outside the Earth putting his leg then he's sitting down the heaven is my Throne don't do that don't do that the biblical writers think we are intelligent let's not make them feel like in our timeline we were more intelligent to know that this is not it how can they in their advancement now be so backward so the heaven is my Throne the heaven is my chair oh boy because every time you say bring my Throne so the President the United States President rules from the White House so everywhere is going so if he's in New York he's no longer the president I mean he has to be moving the White House say secret service or protect the white house because I run from the White House that's been silly now so having that kind of idea the Lord is on his chair the chair is throne the word throne in their world view means surrounded by so once you have some once you have what surrounds in worship that is a throne so where it is surrounded and worshiped So when you say God's Throne allow this it can be messier than this but because of the time when we say God's Throne it means supernatural beings attend to him you say God's Throne say God's Throne you always know that there's talking that there's a supernatural assembly attending to him so surrounded with worship so Throne is not cheer is well say where's your throne sir I'm coming let me go and bring my throne so it is um it is the rise of Britannia Britain that brought the concept of a monarch seat being Throne it's very recent so don't don't have the idea of when ancient men are writing Throne you think to seat thanks to UK for that one so don't be using dictionary this dictionary meaning no no Isaiah 66 and verse one let's go to he the Lord the heaven is my throne and the Earth is my house that you build onto me so foot stool is the place where Dominion is seen so it's used to explain the place where Dominion is seen the place of dominion the place where Dominion or the place under Dominion the place that has been conquered the domain the terrain the place where the weight power influence of the king is seen that is the foot stool so the heaven is my Throne the Earth is my foot stool where is the house that you build onto me and where is the place of my rest where is the place of my rest where is the place of my rest did you get it so Zion is called God's rest where is the place of my rest same way Zion is called God's house let's me read some Zion text for you in the Psalms Psalm 48 and verse one we know this Psalm we sing it a lot great is the Lord and great to be praised in the city of our God in the mountain of his Holiness beautiful for situation the joy of the whole earth the joy of the whole earth is Mount Zion on the side of the north the city of the great king God is known in our palaces for a refuge then you go on and on verse 8 as we have heard so have we seen the city of the Lord of hosts in the city of our God the God will establish it forever Psalm 50 and 2 of Psalm of Asaph the Mighty God even the Lord have spoken and called the Earth from the rising of the sun onto the going down thereof out of Zion the Perfection of beauty God has shined Our God shall come and shall not keep silent it shall come it shall come the prophets always spoke about God coming to the Earth God dwelling on the earth that's we have emphasize that that Psalm 87 Psalm 87 his foundation is in the Holy Mountain his

foundation is in the is in the Holy Mountain remember Eden is called Holy Mountain it's also a temple okay now that's what God wants God wants all all the Earth to be his holy Temple God wants all the Earth to be his house God wants all the Earth to be his Dwelling Place God wants all the Earth to be Eden that's what multiply and replenish spread this everywhere the Lord loved the gates of Zion more than all the dwellings of Jacob glorious things are spoken of theity of God I will make mention of Rahab and Babylon to them that know me behold philistia and TI with ethopia this man was born there out of Zion it shall be said this and that man was born in her and the highest himself shall establish her the Lord shall count when he wred up the people that this man was born there I was born there Hallelujah Zion Zion Psalm 102 and verse 16 when the Lord shall build up Zion he shall appear in his glory so he's building Zion his kingdom is spreading so we are in Zion and he's also building Zion Psalm 110 and verse one the Lord said unto my Lord sit at my right hand until I make thy enemies thy foot too you have taken all the places of enmity under you have brought all things under your Dominion that's what it means by foot stol again him shall rain we read First Corinthians 15 we'll read that let me not run ahead the Lord shall send the rod of the Lord shall send the rod of thy strength out of Zion rule thou in the midst of thy enemy thy people shall be willing in the day of thy power in the beauty of the Holiness from the womb of the morning thou Hast the due of thy youth the Lord have sworn he will not repent the priest forever the Lord is at right hand strike true king speaking of about judgment there will be a war in the day of the Lord that's how he explains all of that Psalm 132 we read that already Psalm 133 verse 1 to3 behold how good and how pleasant it is for B to dwell together in unity it's like the precious ointment upon the head that ran upon the beard even aon's beard that went down to the SK of His Garment as the de of hmon and as the D that descend upon the mountains of Zion for there the Lord commanded the blessing even life forever more Psalm 134 and verse three or let's read two and three lift up your hands in the sanctuary bless the Lord the Lord that made Heaven and Earth bless thee out of Zion so the Lord dwells in Zion the Lord is in Zion the Lord lives in Zion remember Zion is used to to explain Heaven and Earth together his Temple his house his Mountain his dwelling are you following so what Zion represent is what Eden represent is what his Temple his house is what his kingdom so the very first explanation of God's kingdom in the Bible I've told you is the use of the word Eden now the last explanation of the kingdom of God in the Bible is Zion and Zion is now called Eden the imageries used to explain Temple Tabernacle Zion is used to explain what God is doing on the earth and that's what we explained in our series you want to get this full gist go we have a teaching on understand our dwelling together the temple of God God's holy God's holy Temple so that series talks a lot about all of that all right so Zion Zion Zion now notice there is all of these text of the Mountain of God's house have you seen that text in the Old Testament books you have not will read them again no problem Isaiah chapter 2 Isaiah chapter 2 the word that Isaiah the son of Amos saw concerning Judah and Jerusalem verse two it shall come to pass in the last days the last days began upon the resurrection of

Jesus Peter said this is that which was spoken by the prophet that in the last day shall come to pass pour my feet on All Flesh and he speaking he said this is that this is that so from the resurrection of Jesus we saw the last days of all things because the Fulfillment of all things was at hand with the coming of Jesus in his work and going forward so the last days it shall come to pass in the last days that the mountain of the Lord's house shall be established in the top of the mountains and shall be exalted above the hills and All Nations shall flow into it is this his plan all right all the Earth okay remember this mountain is this Mountain Zion can this mountain be called Eden all right Isaiah 14 Ezekiel 28 Eden is called God's holy mountain does God want all men to dwell in Eden does God want all men to dwell in his house yes sir we say oh but already on the earth yes on the Earth but are they in his Earth are they worshiping him that's simply what it means don't get it twisted so he say are they in his head they already on the earth now no are they worshiping him do all the Earth Worship the Lord no but is the Earth the Lord yes so why does he now want all the Earth to worship him because that's how and why he even created man in the first place and that's where man will see his fullest intention so I told you when things are not explained with Genesis to Revelation perspective you say words outside what is sin missing the mark failure to be a genuine human being failure to genuinely reflect God that in t will bring consequences and those consequences in essence is what you call Sin why people like to give it different other names but sin is missing the mark failure to be what God intended you to be failure to live the way goded you to live we can go on and on and keep giving it all the expression that which is not faith and all of that because Faith pleases God and that's why it's by faith that the man is called God's Own anything outside faith is sin anything outside of Love is sin does is is it for people to now hey I'm about to do this is this of f is this of Love is this live your life without is this right is this not right I know the good where evil don't live life with that kind of knowledge live life knowing that God will guide you and help you it is the spirit that produces true righteousness true Holiness amen it shall come to pass in the last days that the mountain of the Lord's house shall be exalted in the top of the mountain so top of the mountain does that be again and also top of the mountain is used to explain Temple exalted just like in that Genesis 28 the Lord was on top of the ladder okay so that means we worship him we reverence him he just allow aient men to be anient so top of the mountains just mean the head that's why I say we read Colossians 1 shortly that in all things he might have the preeminence God having preeminence over all things is on top who is at the top is God I think that if acient May understand this you should understand it or you are we are far more intelligent forget that thing even if you don't want to be I didn't say I we forget it we are we have all your knowledge plus our today sophistication so if somebody say the top that top means that's overall now that is the highest that's the power that's the leader that's the authority that's the head Supremacy okay the one in control so everybody's flocking to God's house and many people shall go and say Come Ye let us go up to the mountain of the Lord to the house of the god of Jacob he will teach us his way for we will walk in his path out of Zion

shall go forth the law and the word of the Lord shall and the word of the Lord from Jerusalem so that place is now called Zion out of Zion shall go forth you get it now Micah chapter 4 in the same thing you see in Micah 4:1 and 2 in the last days it shall come to pass that the mountain of the house of the Lord shall be established in the top of the mountain and it shall be exalted above the hill and the people shall flow into it and many nations shall come and say come let us go up to the mountain of the Lord's House of the god of Jacob he will teach us his way so again this is salvation for all the Earth you get it so God wants how many Nation all all nations he is called his Mountain AB you are not sure look at the same use of the word Mountain Isaiah 11:9 Isaiah 11:9 they shall not Hur nor destroy in my Holy Mountain for the Earth shall be full of knowledge of the Lord as the water all right the Earth shall be full of of the knowledge of the glory of the Lord Isaiah 40:9 oh Zion that bringeth good tidings get thee up into the high mountain so there's a way he uses the word mountain mountain mountain so Ezekiel 28 verse 13 thou has been in Eden the Garden of God every precious stone was like covering the sadus the topa the Diamond the berry the O The Jasper the sapphire the Emir the carbon C gold the workmanship of the tab and P was in the the day that I was created so that supernatural being is a created thing it's not a Creator it's not the Creator God it's a created being thou at the anointed cherub they appointed The Chosen cherub that cover it that was the Cherub in the garden thou are the anointed cherub that cover it I have said this so thou was upon the holy mountain of God thou has walked up and down in the midst of the stones of fire the Holy Mountain of God holy Mountain of God so the way they use they use Mountain they use Mountain I think we have a teaching of mountain all right so uses the mountain to explain that look at Exodus and see how he links Mountain to Tabernacle Exodus 15 and verse 17 Thou shalt bring them in and plant them in the mountain of thy inheritance in the place oh Lord which thou has made for thee to dwell in in the Sanctuary oh Lord which thy hands have established so go they were they came out from Egypt because God wanted to plant them in his mountain plant them in his Tabernacle so the favorite surely goodness and mercy let's recite it surely goodness and mercy dwell in the house of the Lord does that mean you are living in church how if that was how you applied it problem there no now you can't live in church 247 dwell in the house of the Lord why because that's God's intention every believer dwells in God's house because you dwell in God God is in you you are in God I dwell in God's house forever and ever amen that's David's intention that's God's intention for all the Earth clear clear clear so God wants all the Earth as his house and his Temple habac chapter 2 verse 14 for the Earth shall be filled with the knowledge of the glory of the Lord as the water covers the seed did you see it so this is what God is working on the earth this what God is working in the earth salvation he wants all the earth covered with his glory and he is you and I that makes that happen we share in his good rule Ru now and forever look at verse 20 of the habac chapter 2 but the Lord is in his holy Temple let all the Earth keep silent before him let all the Earth keep silent before him so you see how food stool is used we go into his Tabernacle worship at his food stol we will worship at his food St we

will worship at his foot stool worship at his foot stool then the Earth is called his foot stool are you getting it oh boy worship at his foot stool the Earth is His full stool that means the Earth is His Temple the Earth is his house they play with what so in such uh a brilliant manner that you can't miss the picture my house you shall dwell in my house my house my house so it's not about a building God wants us to dwell in his house abide in him you if you abide in me and I abide in you it's the same house narrative now we are called the temple of God Amen so what God wants again we get it God wants all the Earth save it is God's word Heaven and Earth together and he is renewing it he's redeeming it he's saving it and he's using you and I again because we are the agency he gave the world to man he wants man to be the being he walks through so the heaven is the Lord but the Earth hasn't been given to the children of men Psalm 115:16 the heaven even the heavens are the law but has it been given to the children of men so God gave the Earth to man does not mean that the Earth is not the Lord's Heaven and the Earth is the Lord's clear clear clear yes sir Heaven and Earth is the Lord so salvation has been reduced to what it is not and I'll give you eight things salvation has been reduced salvation has been moralized and salvation is not morality neither is neither when we say salvation is not morality we are not saying that is a license to sin it's not morality a man can be moral and not be saved a man can be moral and not be saved a man can be moral and not be saved so when we moralize salvation we make it a reward for self-righteousness so you hear people say things like ah that man behave well how will God send him to hell again we have come again with that evil phrase God send him to Hell God is sending no one to hell hey people sends to hell it's not God that's making choice for you you see God has choosing for you you are choosing for yourself I've said before for you choose all right so it tells you what to choose so it's not self-righteousness or behavioral modification it is not a reward for good deed nor is it a license to sin so let's not moralize the problem are we good so salvation has reduced to what it is not we shouldn't moralize the problem sin merely once we see sin merely as a violation of a code then people now present Jesus because we have to bring in De of Jesus so sin is a violation of a code so Jesus has come to keep the code for me so if I keep the code I don't keep the code doesn't matter anymore that is not salvation that is a stupid construct the same way we bringing Jesus de inside all of these things that is not salvation so a man can be moral it is salvation is not remember salvation is the rescue rescue from Death deliverance from sin and death so it is not self-righteousness salvation is not self-righteousness or behavioral modification ah that means my behavior does not matter not the year voices nobody said that you just like that part because you Behavior matter to God let me give you verses in case you are not sure you don't any Pastor that is telling you Behavior does not matter is obviously possessed now how can Behavior not matter but behavior is not what gets you safe my child is behaving like a pig doesn't mean he's a pig is my child is simply behaving like there's a difference all right so behavior is important God is not against good works but it's not good works that save that's the gospel no matter how much it pains people because they are hypocrites that's why it's paining them when we say that it's not

good works that save I read Titus and stay in Titus a bit Titus Chapter 2 and verse 7 in all things showing thyself a pattern of Good Works IND Doctrine showing UNC corruptness gravity sincerity now jump to verse 11 for the grace of God that bring us salvation has appeared to all teaching us that denying ungodliness and worldly loss we should live soberly righteously and godly this present word looking for that blessed hope and the Glorious appearing of the great God and our Savior Jesus Christ who gave himself for us that he might redeem us from all iniquity and purify us unto himself a what zelus for what zelus of good works this is how we have been made in Christ Jesus Titus chapter 3 and verse 14 let and let us also learn to maintain good works for necessary uses that they may that they be not unfruitful so good work has necessary uses did you get it good works have Hebrews 10:23 22- 24 let us draw near with a True Heart in full Assurance of Faith have having our heart sprinkled from an evil conscience and our bodies wash with pure water let us hold fast the profion of our faith without wavering for his faithful that promise let us consider one another to provoke unto love unto good work so we can provoke one another to good works all right so I can make you behave well you can make me behave well the same way I and you can together do what is wrong AB thank you so that's why we are told to be responsible not blaming people for our actions so we are created for good works H Ephesians 2:10 and we are his workmanship created in Christ Jesus unto good works which God had before ordained that we should work in them so that means by and in the spirit we are we do good works so when he says these good works which God has ordained that we should work in them how in and by the spirit because we are to live and walk in the spirit since we live in the spirit let us walk in the spirit so it's not how many rules do I know so I'm to behave like this I'm to act like this I'm to do how many now so I'm to behave like this I'm to act like this I'm to behave like this I'm to like this no I just walk in the spirit I just live every day with God's word amen I don't have to count how many did I do today how many did I try how many did I not try today no so morality is not what saves me salvation is by grace through faith Ephesians 2 and vers verse 8 and we emphasize that on Sunday is that okay so salvation has been reduced to what it is not salvation must not be moralized it is not morality say but it it is inside no morality is not inside salvation ah yeah live morality is morality what we do is more than morality because the power the philosophy the driving force of morality is not Jesus it's not his word it's not his Spirit if the reason why you are behaving well which is the reason why many people behave well and they don't know that that is the reason why God is always laughing at the hypocrite so the reason why you don't want to sleep with a man because you don't want to have HIV are you not a fool as good as your reason is is see everybody has HIV are you mad stupid way of thinking then another person the reason why I don't want to sleep around because he painful won't you sleep with your husband when you get married all foolish reasons I don't want to sleep with anybody before I get married because it's the right thing to do it's not because hey fear what my father say what my momy say you ENT school now just 100 level you never call legibility they have slept with you already because that is not power oh

that's not power now which power is in that one I say I will not I will not I will not it's no eligibility they call it I don't call it this again you are looking at me surprised as are catching them young for Jesus experience kasanova catching them over say hello beautiful you in school you just got admission let's hook up let's hook up tonight I I can help you through with your revision work there is something there is something something all right I think you get it why are you not stealing because they will cut off your hand cuz they will cut off your leg is he every that they are cut off look at our politicians I they know living all right find better that's morality morality does not have God Joseph said how can I do this great wickedness against God and against my master that's not morality are you following stop making morality the power behind no no no no no that's why we don't use the word morality because morality is found in every religion found in any ideological position people have I like call it religions ideological positions I like calling it philosophical positions because what Jesus brought is not that is bigger than that there were many great teachers before Jesus and Jesus himself was a great teacher but what he taught was not a great teaching but himself I am the truth and the life there's no teacher sound like that that's why no teacher taught like him yeah because he taught himself as the way as the life he taught himself so they called him Rabbi raboni no one ever spoke like him so he did bring a great teaching but the teaching is not every religion relig John founder also brought great teaching but he gives eternal life they don't he gives forgiveness of sin they don't don't put him in the same box with great thinkers confusious Mohammad Buddha and all of those wonderful intelligent men don't put him in the same category salvation is more than that is that okay once wrot a book out of print now truths without religion all right so that's in that book taught a lot about what Christianity truly is it's not a religion now of course we can call it a religion today because of today's mod meaning of the word religion where you say it's a system of worship of course it is but so salvation should not be moralized is that okay yes sir all right so we're not against good behavior behave well but there are people who have Wicked intentions they have slept with all the women in their heart they have raped all the men in their heart and God sees the heart so you are now before God telling God that I never SLE with any man God say HH 1 2 3 4 5 6 7 8 I've lost count this is your 9,847 man that you have slept with that's why they killed him you ah you how they killed Jesus no one spoke like him I mean when they try to reduce it he raises it up say ah so are you not saying that are you now saying that why are you always asking are you now say can't you hear I say what I say are you that are you now saying so people want to say are you not saying that I should not be living anyhow but it's still better that I'm living like this that's why you will burn roast in your sin I'm playing I'm just playing what the point is why do we always like doing which one is higher which one that way scene is a heart that is rebellious against Jesus a heart that weigh sin say this I didn't do the higher one I did everyone is bad don't wait stop wanting a preacher to because all those things are done when a preacher wants to make himself better than he is don't no sin is greater than any other sin all sin are evil if we are weighing sin it should be the sin of not believing the gospel is the greatest of

all in true but every other Sin is Sin are also evil don't wait as if anyone God is okay with it morality does that so when you are focused on that you say you focus on one of your strength and emphasize it and say I've never done this what about the other things that you have done sir what about Pride what about the fact that nobody can correct you are you following so say I I know this very good person doesn't do anything by do you live with him to they lie people always say those nonsense I remember I asked somebody that was preaching to me many years ago of course I was born again I just wanted to hear him preach because I knew he was going to preach SPO so I said after I finish this evangelism I will not preach to him since I did not go out to win any Soul God have brought one soul for me I know he would confuse himself in his preaching later he said what he said that I know this good person I told him what's the name of the person where does the person live can I go with you to the person with word of knowledge I can tell you 10 things the person have done in one week and the person does not want we can verify we can far check it by calling those the the friends say you taking this very serious I say yes which person found out that of course later I told him you just lying you just made up the story you say yeah everybody makes up that story and I know somebody who is the person can't lie I me I know somebody I know somebody I know somebody you got you only know yourself shut your ear up and sit down be full of yourself I know somebody I know somebody using it to be I know somebody that does not do anything wrong who is he none doe it good look at look at look at what the the non secret it gener that generalization is to show you that the 10 because what is wrong what is doing what is wrong that's why when you want to focus on right and wrong you have just dug a well you will never come out from because do you know what God calls wrong you know okay this one is okay okay this one that one you say is no let me leave it cuz we don't want to know the truth the right way because people fear people are going to not look at their life mm those let me give you some Samuel tells the king is going to offer sacrifice meanwhile he's going to anoint a king and that's not a lie is that not supposed to be called lie because motive determines what is really seeing his motive was not to deceive his motive is obeying God the The Midwives told the king that the The Midwives sto the king Pharaoh that the Israelite give bir easily God promoted them and blessed them for the lie that you have used today to kill your wife for deliver the Hebrew women they didn't deliver like the the evil women not deliver like the HEB women in the story it was all right the Hebrew women did not deliver that Hebrew women in the story made up they made it up and that is what you will call a lie but that's not called a lie because the heart was not to deceive God looks at the heart first before condom you have killed people that are better than you because you CAU them in the ACT holding something doing something but their hearts were better than yours God starts from there and that's why you are not God don't judge a man before his time to his master one idiot I mentioned that recently it was so funny people quote text and they don't know what it means so you just call somebody an idiot sorry forgive me pray for me all right Hallelujah the thing I wish to do in much speaking sin is not sin is not lacking there such shows give

room for all those verbosity always going to lead to [Music] foolishness last last podcast we kill this country all right so but God will not let it amen all right I'm playing or I'm just you know you know you don't know you don't know now have not watched it I simply saw the Highlight I don't have curiosity like that say ah you I don't I'm curious enough to make millions as any curiosity not pass that one leave me alone bible family money any other curiosity if it's going to add to my salvation it's going to make me Wiser from the way it sounds it will make me actually look more on intelligent I don't think I need to dabble into Gossip my curiosity not reach like that there are certain things that people are very curious about about that have destroyed their life say I want to see how this thing end I don't want to I don't care How It Ends they business nothing concern say is not the body of Christ there's no body of Christ anything his him and his father that know what they are doing Body of Christ any body of Christ focus on your church so salvation has been reduced to what it is now if you don't understand that last 5 minutes remove it all right is that okay okay all right salvation has been reduced to what it is not let's not moralize it let's not paganized the gods the gods of ikuku Village need 12 virgins the gods always like always findest like you that they after black Bey just say bring seven of them unmarried Maids the maids of our village the damn CS just pack seven of them go and sacrifice them to appease the gods so again we bring in the Salvation story there we turn salvation to be God Jesus rescuing us from God that God was so angry with us that want to kill us and Jesus said take me say God has killed his son for me to go free you are still acting Pagan movie one day you will repent from paganism nah that's not the gospel Jesus did not die to free us from God it's not God that kept us in bondage God was not the slave master so don't construct the gospel like that God so loved the word I gave his only begot be in him should not perish but have everlasting life so God is on the side of Deliverance not on the side of the oppression he's freeing us from the presson or he is freeing us from himself then why is his son dying just remove your hand now let us go why we wasting blood you get it so don't pagane salvation I wish you heard that some people are still in their TV show come out come out I'm seeing you from the front to the back I I'm still I just saw it just now leave whatsoever is trending Alone come back I've left there we double there for 3 minutes you want to stay longer or you are a singer all right think so salvation has been reduced to what it is not let's salvation is not morality morality is not a bad thing but what morality teaches good behavior good behavior can be produced by the power of God's spirit that's why it's called the fruit of the spirit not the fruit of my hard work of Behaving right no is that okay no child every day how many things did I do right today for me to be called my Father's son that is a stupid way of living so once you start living like that that's the meaning of idiocy don't live like that because he's not counting any sin against you how ah hey blashe me he's counting your sin against you ah it's too much which one where you day which side are you no bless is the man to whom the Lord will not impute sin it's not bless is the man that doesn't commit so sir that means we are free to commit yes now because you are a witch and a wizard how can you be free to there's nothing like free to

you see that htics is the problem with many preachers so they are say but homs is where you you how you communicate the the message how you sermonize is the presentation that is the problem in trying to say something ni you not spoil it by giving don't give anybody let them hear voice if they want to hear voice you be responsible for what you said amen God does not impute our sins against us because I just gave you a father son concept it's not you don't before your how many good things have I done this month to be called my Father's son you just you your Father's son you father daughter I don't mean God I mean physical one as evil and wicked as they can be so calm down so salvation has been paganized it now reflects other forms of worship two things we talked about that where we an Angry God that needs to be appeased and believing in the afterlife and we turn salvation to there is an afterlife of course there is an [Music] afterlife I wish you got that so believing in life after death does not mean you know Jesus every form of worship believe in life after death and some of the way we explain the Christian one looks like the Egyptian one too where is it how many Good Deeds did you do say that then you wait how are you going to weigh my conduct against a feather and you expect that I will not be guilty but that's the before Osiris I mean the Greek so all mythologies have their different afterlife concept of reward they have now entered say I love you jack Don't Know Jack we'll be together in the afterlife let's add that one into it oh like the great poet I will pronounce your name net all the Romeo Juliet depending on any of your literature writers you like Romeo Juliet then you say we'll see the afterlife you know go marry anybody seeing the afterlife so sex is still on your mind you are dying that's all you can see think of we bring all those that's why they ask say say the Resurrection the ne Mar leave that matter alone hey God I so love you say I killed myself oh I'm a gladiator now Max must Texs I'm floting to go and meet my wife if you understand you don't understand I've said many things today all right if you know you know so paganized salvation to be salvation is believing that there's a life after death no no sir no sir we reject you in fact to in fact all the not be so s is it that you don't now believe in life after that that's not what I believe to be saved there is life after death but that's not what I believe to be saved and that is not what salvation is that's what salvation is saving me from that idea that my spirit and my body should not be together no God created my spirit and my body so salvation is bodily Resurrection I believe in life after life after death and that's the biblical one have you get we have explained it in 22 part in case you having a question in your mind come on now this is part 22 you shouldn't think I'm just saying it like this you not smart don't mean say I'm not smart now let's not do that it's not fair to do that to me and say cuz you are doing it I'm I'm talking to the person say I wish this pastor can be clear you are smart now I should have said it before I'm simply repeating what I've said before is that okay let you throw more light I don't that you don't agree doesn't make you correct people over estimate there I don't agree it's okay now Bible truth is not I agree vers I don't agree you all those I don't agree I don't who the hell are you I don't agree I agree I don't agree I agree I agree don't agree now no Bible truth is not because the truth is the truth I said my name is I don't agree don't H with your not agreeing

that's my name are you going to change my name because you don't agree that's you're not agreeing we so you notice when they ask the question Jerusalem Council they say agree ye with the prophet we are to agree with what is written not bringing our own I I have a position I don't have a position no agree you with the scriptures you are to agree with what is written and nobody Tau salvation as afterlife acts 15:15 agree with the word of the Prophet that's what they said they say yes as it is written they quoted once we quote once we read scriptures and we make our conclusions from scripture interpreting scripture you ought to agree you're not agreeing is just Pride foolishness it has many names you can call it it truth STS you in the face you can't be obstinate and holding on to your stubbornness so is there life after death yes every religion believes in it how is Christianity now unique like that that's simply you can far check it now I always teach in the manner you can f check I be do your every religion is no is any religion not believe in afterlife that's the framework of religion so you now bring that to that's more beyond what of course the the other one has h a number aund 700 and something I something I can't recall again number of reincarnations all of that is just trying to escape damnation you lie you will be damned if you don't repent you will be damned you will destroy your salvation I'm playing please don't take that last part so doesn't mean you not born if you are not safe salvation has been reduced is the Epic line must come before you think I not just land salvation has been reduced to what it is not let's not moralize it let's not ganize it clear yes sir appeasing God afterlife those are pagan concepts are we good yes sir all right third salvation should not be platon now Revelation 21:3 the dwelling of God is with humans but with the platon way of saying it p l a t o n i z e d we fly away we fly away we always we fly away we have explained that a lot in this series AB number four salvation should not be individualized where it's just it's all about me is All About Me Jesus you came just because of me if it was only me the world Jesus would have died what was that is it I how they say to you yeah no lie lie lie lie lie story if it was only me you would not have come I know you like love love love story if it was only me the word would have died for me it he would not have and he didn't die for only you say ah so if it was only me he would not have come all those things are the selfishness that's why you all every time you LOD in a good tell you have SN picture self love self love self love self love which is why you need Jesus if for everything about you is about me me me and I I I I and me you need to know Jesus where is the we and the US is never there it's all about me it's all about me and me so Jesus died for me is in the application that Jesus died for the world I am a this I think last truth experience I read a lot of verses for you it's all about me no no no is we are we are there are many we in what Jesus has done for us on the cross many we many we us so let's not individual salvation is that okay God so love the word of course does he love me yes but God so Lov the world so all of the ey is true whatever is true for you is true for me in Christ Jesus so it's not only you because it's not only you he died for that's how we have also possessed and make it look like like those other people they other religions so we can't talk to them is it SE Jesus Is For Me Jesus is belongs to the whole world share Jesus with everybody all right

God is God of All Flesh so talk to All Flesh about him did you get it salvation also have been temporalized where we no longer can say salvation is eternal no it's the gift of temporal life God also love the word that he gave us temporal life no eternal life no is temporal life Hebrews 5 is the author of temporal salvation no he the author of Eternal salvation if your salvation is not Eternal then it's not salvation Hebrews 5:9 he became the author who should we blame the word author there the causative Factor the person to blame to hold Jesus is the one we should blame for salvation being Eternal the auor of Eternal salvation and when you understand salvation properly you know that it's forever now it's forever forever so why do you not have my salvation can be lost that's where that came from temporalizing salvation so salvation has been temporalized t m p o r a l i z e d salvation is eternal for a Christian to lose their salvation God will have to cease to be God he would have broken his Covenant he would have broken his word his words will no longer be true he said I will never leave in or forsake you it means he must now have forsaken us he will be headless The Head and the body will function apart the head and the body cannot function apart he would have to withdraw his Spirit he will have to remember our sins which he said he will not if he sin that is the issue said he will not cast us us cast us out nothing will pluck us out of his hand there are at least 130 references in the New Testament alone that shows that salvation is eternal and I will read all of them for you on Sunday so that you know and I will read the 15 text against salvation being Eternal and you see how silly they all are it's just people don't know how to read Bible see you know how how when life started somebody was trying to explain salvation can be lost to me many years ago and he said Jesus will say see they casted out Dev my name it's not about being prophetic it's not about being Supernatural it's not about all of these things and Jesus said I I don't know you but they did not know them before he knew them before but on the last day they got a shocker of their life he said I never knew you I said can we read the text he was so happy say yes yes you know that excitement and I I'm always shocked when people who have that excitement and they don't read Bible so we now go to the text and now saw that I never knew you he said yeah yeah he was still ex I said no read Say Never he didn't say he ever knew him he said no he he said I I know you before but I don't know you again I said no you are adding where is that in the text he's check check check say come he said maybe it's translation I say nor KJV again it's 1611 I've never us that translation it's 16 level authorized said I never knew you I said you if you would check the concordance that word never there is absolute negative I never ever ever ever knew was never a time go knew the person devil in his name but just they walk now I don't understand you asking me such a stupid question say there are people people don't visit shes again now so they have all wor suit now how does that mean Jesus know them say they C that devil in his name you can do anything in God's name now that does not mean you have his name that's simply bearing false witness call them workers of iniquity work out iniquity is I I told you what it meant in this series to don't give things your own meaning same Matthew 7 where Jesus the parable of a house built on a rock it's well but we'll get

there so salvation I'm I'm just reading this because we will pick it up from here on Sunday again salvation has been temporalized meanwhile salvation in the scripture is eternal number six salvation has been salvation has been horror IED h o r r o r i z e d so when people hear salvation is like a horror movie and that's what I've been acting since for you you born you perish the pictures of the burning hell so there's this drama say we have a crusade in our church can you come he say yeah I come T they slutting the video play and people are shedding tears he will die he will die you'll die you will die everybody you you grab the person by your side then after they off the video you see that one he say because of matches not enter Then the preacher will now climb up if you are here and you have not made Jesus the Lord of your life give your life now or you die now startop rushing now start rushing out I will not count up to 10 because you can die tonight one 2 3 4 5 hey come to Jesus or born or roast it's barbecue night it's execution ah firing squad the death penalty so salvation has been horroredit means so when we tell him read pretext post text he go he go hold our deck where should judgment begin before say judgment will begin in God I remember somebody arguing that text with me and I said where did you think judgment was going to begin from before he said oh so you agree I said that's what the Bible says now he said okay I thought you are among those people I said I'm among those people he said but you just said judgment is going to be I said that's what the scripture said he said so you agree with what the Bible I say yes what do you think it means come the year explanation that's the issue I kind of know I I always AG age with what the scripture says am I not supposed to agree with it I saw many that day juding from God's house means that God does not take nosense oh he will beat his children first I said did you did you read the verses before that he's talking about persecution is do you see that this is a persecution context say no be that one so repent or perish Terror of the Lord consuming fire for God is a consuming fire what's growing up what I thought that meant is our God is fire that our God is consum fire it's like is the fire that is burning you our God is a consum fire it's a fire a fire that burns is burning it is the goodness of God Romans 2 we read it verse 5 that leads to repentance not the horror movie that leads to repentance scare people to Salvation when they get themselves back they say I'm not doing again you say they have lost their salvation were they ever saved they were never saved now that's it we have many persons that have answered the altar call we have many persons that have because you threaten them to say Jesus is their lord they say Jesus is their Lord but they never meant it Jesus does not know them stop leading Souls astray actually you threaten them to Salvation either you believe now I kill you you believe now you die you remain the way you are that remain the way you are means you will now be you have chosen a life without the Lord you will stay without the Lord for eternity no you will be cut off from the earth and it's not a scary movie explain it properly but it's about your presentation if you don't present it well you will now turn into a scary movie is it okay to present a consequence the biblical writers preached a consequence set before you life and death but that's not a horror movie you must not now remove the and that's where you call sieker

Friendly churches don't Pastor don't teach don't lead people like that where you make it look like there's no there's a consequence for my decision of staying without the Lord is that I get to be without the Lord that itself is death that's what death looks like and I explained that seven don't politicize salvation p o l i t i c i z salvation has been politicized when you politicize something is when something becomes political in character salvation I remember what's his name Papa hegen shared the story of when he was going into hell when he was not yet born again he told the Lord I'm a Baptist God said I don't know you because he wasn't born again then but he was holding to his denomination that his Grand church of his grandparents say what is that that's how I'm a Baptist I'm a presbyterian I'm a Pentecostal I'm a charismatic what does that mean to Jesus if you are not saved the issue is do you have life the same way we try to I belong to Apostle I say what does that mean do you have life I'm in a garage so I'm a car no now does mean you a car which C you I belong to Apostle this I be when I now cried to the god of my papa the god of my papa came true for me the God of this commission is working wonders yeah it's okay could as well just say the god of our cult group all right it's okay sister you don't believe in those things believe in anything or I don't know again can just don't do that with me take the microphone from you the the god of my papa came true for me I think the god of our Jesus Christ is enough I feel like I think that's enough the God of this commission I don't don't turn this into what it should not be and now cried Papa the power of God broke through I just said Jesus now that's when you say is all about you have something too when we try to make elit clergy lady system no you have something a good pastor shows you your inheritance in Christ how awesome you are and that's why we honor them more because they have shown me that I am not useless they have not held anything back from me not that I keep seeing my difference every time I come I see that I he's awesome I am useless uhuh every day in day out no no no no no so when salvation becomes institutionalized we get all those concept where they're trying to protect people so they have to not go to hell so there patry they have to not do this they have just then mering Christianity and politics and politics together trying to make salvation is not about belonging to a camp belonging to a group making it political by Nature we talk about that a bit again on Sunday number eight salvation has been merchandised recently in a conference in Abuja some thieves came together and they brilliantly showed how much they are thieves one so insulted Jesus and said it is poverty that made Jesus to die because if not why the Judas it's not money and people were there giggling and laughing as always stupid people laughing where they insulting their Jesus the same way a great Apostle in this country cried out and shouted that Jesus died at a young age 33 years it was Marine powers that is his Lord and Savior that he's talking about so that Marine Powers people always get because the problem is when you are I belong to my papa I belong to my papa your papa is drunk and dull need to learn all right but when you say things like this you are not walking in love and I walk in love these days I don't I'm a preacher of love all right so so what are you guys doing to me I get myself back I have to close the book amen so salvation has been merchandised when the

world see my Rolex they will know Jesus is Lord when they see my car when they see my this what about when they see we all become like him when so that's why they are fight look at how people were so happy they say hello is a Christiano is a chrisan go better for poverty go better for poverty he this a songo all right I played once in a [Laughter] while love I don't agree with that guy he's a preacher now he believes in Miracles and all of that amazing brother by the way it's okay to not agree with people and not be fighting with the people all right I don't agree with those guys but I love them that were selling the gospel in that conference amazing people doing destructive work godliness is not gain I don't even know how rich are they the rich that they are they use they drink it in a club in a night saw that foolish big girl trending you have more money than that preacher that girl has more Mone morning have shown us our house and car now you don't need to understand unrightousness pay there's money ungodliness oh ESS and the Bible does not deny it so when you make it look like salvation is about having money so I don't have money you see if they serve the Lord they will spend their days in prosperity are you serving the lord you are not in prosperity it means you're not serving the lord hey how much does he have because you are flying private yet now cuz you are driving 2024 mod of car all the money in the world couldn't get you saved then you turn salvation to money no godliness is not Gain No filthy looker turn the gospel to Filthy looker come to Jesus he will make you rich the gospel is not come to he will make you the gospel neither is the gospel come to J he will make you poor Jesus Saves the rich and the poor let's not meiz the gospel Hallelujah Lord I believe in [Music] Jesus I can go on and on and we'll do that as we conclude this series on Sunday trust you learn something yes sir I'm not trying to say I'm the best preacher you know me better than that I don't teach like that and if for any reason that's what you heard I apologize to you that was not my aim that was not my goal and I'm not fighting those pastors or those preachers I try my best to eliminate people from my but sorry it came out today uh it's because of the point I needed to pass across but I do not be I am for the body of Christ I'm against error but I'm for the body of Christ and I like to preach in love and this is preaching in Love by the way because I didn't mention their name so if you know you know at the same time uh preaching in love does not mean what you think it means preach in love means that you don't preach in a manner that divides the body of Christ Christ that's preaching in love it's not tone it's not the tone that determines if you are preaching in love hallelujah salvation is the rescue of creation from sin from Death from the powers of Darkness to be all God made it to be so when I say I am saved it means I have no business with sin I have no business with death I have no business with Devils anymore I am now a new creation I am God's man on the earth I get to live with God forever God gets to live with me forever I am saved I a new creation I'm going to teach you after the general School of ministry on what is the gospel so we'll talk more about what you communicate as well that's the gospel we preach just get ready for a Time of Your Life this year in our teachings Hallelujah the gospel is that Jesus saves Jesus is King over my life he reigns and rules in my life I serve him I worship him I follow him and the core thing is

faith alone faith alone is what saves faith alone not with works not with anything so we talk about the who the what the when the way of salvation and what God is working on the earth is all the Earth filled with his glory his presence his love his nature covering everywhere and we have a work to do and we walk the work of our father amen when Jesus said my kingdom is not of this world we explain it also in this series already he said my kingdom is not the Sal that grows in this world Canal Strife Envy no my my kingdom is beyond that it is of love it doesn't grow with violence it was saying is not saying my kingdom is outside the cosmos no it's in this Cosmos so he say we are in the world but we are not of the world we are not powered or driven by the flesh God is a god of Salvation and what God is working on the earth is that he wants out of every tribe and every tongue and people of the Earth a people that are saved and we saved men we are not tribalistic we are not xenophobic or any of such things we are Brothers Keeper we don't say to he with women I believe in men I belong to men I belong to women men against women no we love male and female we realize that they are both God's house we love the white the black because all of them belong to Jesus we don't say Jesus is for white people Jesus is for black people Jesus is for rich people Jesus is for poor people Jesus is for all all is all salvation is for all men whosoever call on the Lord Rich save whosoever call on the Lord poor save whosoever call on the Lord white save black safe Brown safe whoever call the Lord educated save whoever call the Lord educated save all men is who he seeks for and we have a responsibility to not hide the gospel from anybody so from the mountain top to the valley and everywhere we preach the gospel of the saving power of our God that God wants to make you his house he wants to make you his Dwelling Place he wants to be your father he wants to be your lord he wants to Reign and Rule he wants to help you to be the best you can ever be he wants to lead you guide you and he loves you and we communicate that God goel people get saved they become a part of God's big family called the church and though the church have and hold on to different doctrinal positions but ultimately those who belong to the church are those who believe that Jesus's work on the cross is enough for their salvation and we dare not say they are not saved because of certain doctrinal differences so we have brothers and sisters across the Divide some of them hold on to stupid views some of them hold on and we are not any better way also are learing and growing we are what we are by God's grace I could have also been teaching stupid silly things like that but thank God we are not teaching stupid silly things we are holding on to the Integrity of the scriptures upholding scriptures the way it should be and we know what is covering the Earth is not people teaching the people teaching every Bible verse correctly that will never happen and we used to I used to feel that that's what God wants God wants everywhere everybody is teaching Bible truth the same way will never happen it will never happen as long as we live on this Earth there will always be people with different beliefs different explanation because different intelligence for God's sake people are not all intelligent the same way but where there semblance is in a local church it's in a local church that people can believe the same thing and if people people now have

communities where local church unit with one another then there's similarity because oh that's my spiritual father that's somebody I defer to also so I learn there similarity in the doctrine but what we are fighting for is the Salvation of The Souls of men so I beg you as much as you contend for proper Bible interpretation you don't do it better than we do it we content for S Bible interpretation too but what what we contend most for is the Salvation of The Souls of men God wants men to be saved and that's why I love that man he may have taught so many horrible things in the past but he's a great defender of the faith and he contends for the faith is why we see him even to his 80 years still doing Global Crusades everywhere that is the example and that's the Legacy that they leave for us and that's what we should uphold and why we respect this Elders because they care about the salvation of The Souls of men they may not have communicated the gospel very well but all the same we should do better since we have and know better and if we really say we know better we should be able to communicate our points very well God wants all the earth safe and he will use you he would use me Hallelujah for by grace are ye sa not of let any man should boast so I don't boast I don't boast I boast in the work of my savior so every day I thank him I wake up I Rise I thank him I fall I thank him because he will always pick me up and as I keep growing in God I noticed that I'm working in the spirit more and that in the natural will look like lesser mistake but it's not about I make mistake or not make mistake the major thing is that I live for Jesus and that's what I want spend my day serving the lord living for his C bringing his kingdom or spreading his kingdom everywhere Hallelujah lift your hands and just thank him thank him for the work on the cross thank him thank you Jesus Lord
