end ends of the Earth all the ends of the Earth did you get it so God wants all the earth safe Isaiah 52 let's do 51 First Isaiah 51 verse six lift up your eyes to the heavens and look unto the Earth beneath for the heavens shall vanish away now this you see it the heaven shall vanish away like smoke and the Earth shall wax old like a garment and they that dwell therein shall die in like manner but my salvation shall be forever and my righteousness shall not be abolished so the saved salvation is forever hallelujah salvation is forever Isaiah 52 isah 52 and ver 7 how beautiful upon the mountains are the feet of him that brings Good Tidings that publish peace that bringeth good tidings of good that publisheth salvation that sayth unto Zion thy God reth thy Watchmen shall lift up the voice with the voice together shall they sing for they shall see eye to eye when the Lord shall bring again Zion Break Forth into Joy sing together ye W places of Jerusalem for the Lord has conformed his people he has redeemed Jerusalem the Lord has made bare his holy arm in the eyes of all the nations and all the ends of the Earth shall see the salvation of our God all the ends of the Earth shall see what shall [Music] see Luke chapter 3 verse 4 5 and 6 as it is written in the book of the words of Isaiah the prophet Luke chapter 3 and verse 4 to six as it is written in the book of the words of Isaiah the prophet say the voice of one cry in the wilderness prepare you the way of the Lord make his path straight every Valley shall be filled and every mountain and Hill shall be brought low and the Crooked shall be made straight and the rough way shall be made smooth verse six and All Flesh shall see the salvation of our God and All Flesh shall see the salvation of our God All Flesh shall see the salvation of our just go back a bit Luke 2:3 Simeon looked at baby Jesus and he said for my eyes have seen thy salvation that is the Salvation that's how the world is saved you go back again Luke 2 go now to Luke one John the Baptist father is speaking and he said in verse 77 to give knowledge of Salvation onto his people by the remission of their sins through the tender mercy of our God whereby the Dayspring from on high has visited us to give light to them that sit in darkness and in the shadow of there to guide our feet onto the way of Peace salvation hallelujah salvation Acts chapter 4 and verse 12 following the Isaiah we read just now there's no savior there's none beside him neither is there salvation Acts 4:12 neither is there salvation in any other for there is none other name under Heaven given among men whereby we must whereby we must be Sav whereby we must be save Matthew 28 and verse 18 and Jesus came and spake unto them saying all power is given unto me in heaven and earth just like the emperor just all power is given unto me just like the president of Nation can make people citizens all authority in the world is given unto me the world is Heaven and Earth remember I told you before the world wld D is Heaven and Earth all authority is given unto me in heaven and in Earth he says go ye therefore and teach All Nations All Nations baptizing them in the name of the Father the Son of the Holy Ghost what that simply means is the name of Jesus the name of the father Son and the Holy Ghost is simply saying the name of Jesus is that okay that's the name of the Father Son and the Holy Ghost now because the Triune God yeah Israel your lord your God is one Lord yeah the Lord your God is one he uses two different words for the Lord where we get

the visible Yahweh and the visible yahwe and in The Invisible Yahweh we see the father and the spirit the visible Yahweh Jesus that's the one that men have always had encounter with God in tangibility God in tangibility is tangible is the word of God was walking the garden the word of the voice of God was walking Abraham saw the patriarch saw that God they had encounter where he say no one can see God yet people have seen God you see that the god men have always had encounter with tangible encounters like that has always been the world we talked about that in the series who like unto God showing how Jesus Is God Amen the Lord said to my Lord that's Yahweh speaking to the Lord said to my Lord so you see that there is a d Yahweh personality but it's Triune you see that you always see that double personality uh it's recently that it has been the concept has been weaken it used to be very popular theological concept even among seminaries and Bible theological uh different biblical theological centers it used to be a common understanding of the two y way Concept in scripture is all over scripture the Lord said to my Lord that phrasing we read some now all right so Yahweh go so the god that you will always interact with be comfortable with Jesus for forever and ever amen and he has so done it that he has now put on flesh though glorified body and is forever that's a serious matter that's how much God loves us amen he made Man In His Image now he has been numbered Among Us that's serious Hallelujah just like we have our days in him he has his days with us we have our days in he has his days with difference in the prepositions all right Hallelujah All Nations is that not so Mark 16 Mark chter 16 you see the same thing Mark 16 come on let's read that Mark chapter 16 and verse 15 go into all I wait for you go into all go into all the world and preach the gospel to every so we are to go into all the world why are we going into all the world if God does not want all the world to be saved go into all the word and preach the gospel to Every Creature he that believeth and is baptized shall be saved he that believes and is immersed into what he believes shall be saved he that believeth not and is baptized is not mentioned he that believeth not shall be Dam because the emphasis is to believe not for you to be looking for water and this sign not be are you following that's why they stopped it not because it's demon because it's wrong is just a sign the baptism is just a sign of if not you just having wet Sinners that are not they don't believe but you have deep them inside water they just wet Hallelujah and this sign shall follow them that believe in my name shall take out of devil so you see it goes on and shows the sign of the man who believes go to uh Luke 22 uh Luke 24 precisely Luke 24 verse 46 into 47 and he and said unto them thus it is written and thus it behoove Christ to suffer and to rise from the dead the third day and that repentance and remission of sins allow me teach this morning amen so I'm teaching I'm not giving you s of pro say four pce four four this do that one for inside con Bible study all right everything is important all right so those are different messages th it is written and th it behoove Christ to suffer and to rise from the dead the third day and that repentance and remission of sins should be preached in his name among all is Nigeria a nation is India a nation is Pakistan a nation All Nations is Afghanistan a nation is Kuwait a nation Saudi Arabia in all nations beginning at Jerusalem

so we are to preach the gospel Acts chapter 1 and verse eight and you shall receive power after the Holy Ghost is come upon you and you shall be Witnesses unto me both in Jerusalem in Judea and in Samaria and unto the uttermost part of the Earth God wants all the Earth Romans 1 and verse 16 I am not ashamed of the Gospel of for it is the power of God unto to everyone that to the Jews first and also to the it is the power of God unto salvation to everyone that believes and God wants all the Earth is that okay Hebrews chapter 2 from verse 1 to verse 4 therefore we ought to give a more he to the things we have he L at the any time we should let them sleep for if the word spoken by Angels was steadfast and every transgression and Disobedience receive a just recompense of reward talking about the law how shall we escape if we neglect so great salvation how shall we escape if we neglect so how can you escape if you neglect salvation then you are not saved because if you neglect salvation then you will not be saved all right how shall we escape so great salvation which had the first began to be spoken by the Lord and was confirmed unto us by them that heard him hallelujah salvation amen amen so we said what is salvation and we said to observe to learn what salvation is we need to look at what salvation is not we have to start from there and we said salvation much of Western Christianity assumes that when we say salvation we mean going to heaven when you die but in the light of all that we have taught so far we see that that cannot be right AB I told you it is the legacy of the Middle Ages coming from the teachings the writings of plateau that has seeped into the church so much that people have that idea of of go into a disembodied Heaven because they use it to push their philosophical ideas of that's why religion is just a pipe dream because it's just this world is not my own it was it now had that negative undertone but I don't know why we accepted it we shouldn't have accepted it but again that's why we thank God for greater light today the reforms did not do well they just and that's why you must never allow media what is training give you Direction don't allow those things give you Direction so much so many Christians to they learn from the world you just snap people as they coming down from their cars into the auditorium it's something from the word everybody's learning it to his concept it's not every concept that you should accept let the world be the world Let the church be the church getting too common copying too many Trends too many things now what are you showing us your car PK for because where they are coming in it matters not whether they are rich or they are poor the church is a classless society it's the church is a unifying ground the rich and the poor have the same Lord the educated Not educated have the same Lord they have the same Lord the same savior the same Holy Spirit the same every everything so what are you trying to bring class in this is not the place that recognizes class this is the place say ah that one is no you go and hide that brother somewhere let us not set our eyes on him he's poor no no James said that that's not that's not it church is where the rich the poor the white the black educated educated the S the one that is smelling n or the one that is not smelling NES all Mingo together and they are all children of God the only difference between anybody in the house of God is not how rich or wealthy you are is

how knowledgeable you are and how you serve a service that differentiates us the service that differentiates us body said I don't know why pastors have a different chair everybody should be to sit and say shut up have have no respect and honor a cost person that's what you are it's a very demonic way of thinking sit down my chair now since you want to have peace people have some very silly way of thinking say we can anybody can sit anywhere in fact but I don't know why they Reserve chair for pastors what did you call them are you a pastor are you the pastor of the church why do they have different chairs is just to show how you think things too serious give me bench to sit down Jo give me that one is now so that you have peace of mind some things are just unnecessary does the bible somebody say it's not in the Bible do you know Bible do you read Bible so how people quickly say things are not in the Bible the Bible say note them that are among you so if they use cheer to note them is it a bad thing there's no form of Honor that is wrong when Jesus came did Jesus noted that they did not distinguish him so when the woman poured the oil used and they say I said I came to your house you did not you did not you did not say live how because they call it a waste not a waste there's always difference when Jesus went to he took Peter's boat he stood people said don't be against order don't be against order it's not other those excited I don't see a reason why we should go to church we should just serve god with our heart says the leader of the Free Nation are cost so hater of all that is good and righteous what kind of rubbish talk is that one but we should be watching your stupid show why do you go for physical functions dummy why do you go for physical functions why don't just do everything online say because they want you to gather now and you give them money why are we why are you putting your account for us to send you money it says for charity oh yeah let's bring Auditors to audit you and see if it's really charity you are using it for tee most people just can't look by the spirit and see Liars when they masquerade as as go people lack discernment people La the reason why some of those people like some pastors because they are strong against the materialistic gospel whichever Pastor should be be louded against the materialistic gospel because you see the way some pastors talk they say Lazarus was poor because was not a titer the rich man was a titer where you bring tight inside that place now materialism blinded his soul the other one you hear job did not do well because nowhere do we read job tighted y calm down job could never have tighted because job is in the timeline of Abraham the ti Abraham paid was not every day it was once so we should we pay tight once in our life he gave him a tight because tight is a common thing in their culture nothing wrong with giving whether you call it 10% 15% the Bible tells us to give and money is mathematical wealth is mathematical I mean world is mathematical so that's why you can measure what you give and what you can say oh this what is remaining even when you give five na you can tell that's a percentage you give 50 hour so you should be strategic with that amen so don't throw away the baby and the bath water the reason why some people like all those scures that talk like that is because they have itchy here so they will not re put the whole video they will not listen to everything but you shall stay one place why are you hunting people's video short video two 5 minutes 10

minutes video stay in your local church so that you are not asking wonderful questions when nobody confuses you you asking question that somebody else thought it's not me that confused you it's not me that thought of those things I've been consistent and teaching my sound Doctrine the way I know it amen hallelujah so salvation is a serious matter God wants all the Earth saved God wants all the Earth all right so the concept of salvation like we said has been going to heaven when you die when you die we're not saying there's nothing like going to heaven there's nothing like of course being born again is going to heaven but not going to heaven when you die that's where you are when you are born again you are seated in Heavenly places so we said salvation is not going to heaven when you die salvation is being raised to life is receiving eternal life in God's new Heaven and Earth now and forever salvation is being raised salvation is what being raised to life in God's new Heaven and Earth now now and forever so we are already in God's new Heaven and Earth and side by side there will soon be no old heaven and old Earth what old Heaven is that old Heaven everything in the Heavenly Satan and all them demons Demons all them demons and devils and all the classifications in the all thearchy the structure of the powers of Darkness shall be no more and all sin death evil wickedness everything that came in that God did not plant on the earth is being removed alongside with all the Heavenly beings that's why I say he will shake the powers of the heaven we took that to physical Stars AB the powers of the heaven God is shaking is the Unseen beings supernatural beings what we call angels Hallelujah is that okay they will be destroyed those heavenly elements will melt away will be destroyed no physical smon and St it's not the issue is that okay so salvation then is not going to heaven like we said but being raised to life in God's new Heaven and new earth in the now from now and forever so that was the first point we enter explained and we said enter to the kingdom of heaven is taught our Salvation when a man is born again John chapter 3 if you're born again you have entered into the Kingdom of Heaven you are not going to enter you already entered it's not when you die you entered if it's when you die you enter Then death is your savior death is not our savior God saved us we have his life within us is that okay death is not our savior life is and he has given us life so Heaven is the final destination No Heaven is our present destination now and forever it's our present place of abode let me use the word destination our present place of now and forever the other one makes you not be deliberate in your Christian Living because you are waiting I'm waiting for the end of all things where I get to see my savior I bow at his feet with love casting my crown At His Feet I sing the song of the redeemed what are you doing I'm making future everything for you is Future No the pictures you have John was alive when he fell into those visions and saw into heaven the Unseen world hallelujah now of course there are elements he saw of things that can happen that would happen in the future and that's what God showed him but he was in the realm of the spirit Hallelujah and he saw things you bear with us this morning because of the past situation uh setting the people that sell the parts that they would need to repair and fix what needs to be fixed have not open they are still enjoying their holiday days so they went to the

market yesterday they couldn't fix what needed to be fixed for all our Aces to work functionally so you just relax that's not the purpose of why you came amen right don't be distracted with that the Earth is the L and the fullness thereof there an emphasis all through scriptures and that's the problem when we have left the we have left everything now for the J white people though those guys are utterly confused because they have the idea that man is is not Eternal the concept of man not being it that we are just like dogs they are just like dogs and their household you know it's always good to personalize it remember one of them was preing to me he saidh you know every human being is just like a dog we die the death of a dog I say you me you and your household he said no no no that's not what I'm saying I said what exactly are you saying he say no we humans I said no not we put your name say I say what's your name he told me I said say it I Francis will die the death of a dog he saidh are you swearing for me I said ah so you have sense I gave you your Doctrine you don't like it so that mean some people really don't think about what they are saying I'm not a dog now that's Animal Kingdom that's a we are a higher form of life don't be teaching human beings like human beings are no the what made man alive is what God breed into man man's Essence is from God don't teach man like that now man is Spirit man is spiritual our souls are spiritual is that okay all right so what is coming for the believer is not heaven what is coming for the believer is resurrection that's actually how and how you should read the Bible what is coming for the believer is that we will be glorified we will put on immortality not that we are going is that okay I have to repeat this again and again so you get it clear because the core is that we have the life of God we live the life of God we walk with God in extending his good rule that's the important thing and that was his plan right from the beginning so we read John 18:36 where it says my kingdom is not of this world and we said what Jesus meant is my kingdom isn't the s that grows in this world isn't worldly in origin or character my kingdom is not of this world is not can it's not sinful it's not of the flesh it's of the spirit where did God launch his kingdom on the earth on the earth so I told you the the the men in the biblical time the men in those eras did not see the word as Heaven far above Earth being it as it were different place they saw it the same way so they could that's why they could explain using the Earth to explain the the words they could explain Heaven as above the Earth above the Earth means like a control center above the earth the earth for the Earth hell for under the Earth so they could use the Earth to explain the three worlds now the third one is the one God did not plant because where will Spirits go is the origin of Hades sh the word Shield is from the Hebrew word sh which Jacob said where is my son in his inquiring of where is my son because he knew he couldn't even if he's dead where is he he said I will now go to my son into the grave that's where the word Shield was first used are you following so the place of the dead because he can he has to still be existing even if he not existing yet it's existing somewhere Hallelujah now that space is the reason why those wonderful guys now concered they teaching on some where somebody have to be kept somewhere add some other portions of the Bible to support their pet doctrines no salvation is salvation so let's study so that you don't just take my

word for it I like to teach from the scriptures as we ought to Philippians 3: 20 we are citizens of heaven and I also explained that that when you read it from the new English Bible that use the word citizens KJV say our conversation is in heaven when he says we are citizens of Heaven the logic of citizenship in the ancient world Roman citizenship of which many people in Philippi were proud possessors of ABI does not work the way we think it so when we say we are ciens of Heaven what people think and what they hear is that heaven is where we really belong we don't belong on the earth we belong in heaven that's where we belong that's where we will go when we die but that isn't what Paul is saying I know there's always when we die when we die in people's language so but Philippi was a colony and people in Philippi were citizens of Rome now Philippi existed before so there were not everybody in Philippi was a citizen but when Philippi became a colony all the people they brought that were Roman citiz that were kept there were still citizens but they are in Philippi I explained that last week last time is that okay so the point about Philippi being a colony of Rome was not that the citizen will go back to Rome one day no but that it was hoped that they will bring the benefit of Roman civilization to Philippi so that there will be no difference between Rome and Philippi and nobody was going historically nobody was rushing to Rome because everybody they have put in Philippi was because Rome was overpopulated overcrowding not enough food and you don't want soldiers returning back from war this the historical context you don't want soers returning from war getting hungry the P were wise and as they are hungry say ah what is happening train killers and the soldiers were so much they were almost half the population just like some countries recruit so many soldiers today so you don't want train killers on the lose where there's no food no food they be daggering people in your town so the emperor said now we have a place for all of you in Philippi all of they were moved there so that I kill anybody here but is that same content you know you have to speak to your audience the way they can understand so Paul in Philippi said you are citizens of Heaven they understood what he was saying they were not thinking the way we are thinking it today like it's like even the today understanding are you of Nigeria I am going to be a c of Nigeria Lord one day make me your cities you are mad sir somebody need to quickly tell you something is not right with you ah you already now in fact you don't want to be a c of Nigeria except some of us we like our country I don't like the things that are wrong but I mean when you say Nigeria is costed you know you have just said your father your mother is costed Nigeria is not map it's not sand Nigeria is costed it's you and your household they suff what say Nigeria Nigeria is just a cur Nation that's you are a cur Nation you you thought Niger is sand the people that make the nation is the Nigeria you just be traying words anyhow told you don't talk like that you can you have a right as a citizen to speak against what is wrong you have a right to not even like the party or the president or the governors you have a right you have a right to voice it you don't have a right to be on patriotic and that's what many Nigerians are you don't have a right to be unpatriotic to your nation you don't have a right to downplay your nation and speak evil of your nation no that one is not good but thank

God for freedom of speech in this country that we enjoy there are some countries you can't even say some things against them they will find you to your house and bond you and that are the Western Nations that we are proud of so thank God for Nigeria we are so free in this part I've never thought about it as Freedom go and say it now write it on social media that Dubai is a cur place what a cost place what a c place I swear they will find you you will not last you think you think you can go free you will now know that cameras everywhere are not for decoration you'll be tracked down people could even write that there was flooding people that wrot flood they removed all of them we could not find them again I mean we found them I mean I mean we found them they were found all right all right Philippians the they were found though they were found phans 3:20 all right say which one are you saying Allah so we are live and they you say so they do something it's a figure of speech they were not found all right so we eagerly wait for the Savior I'm somebody I was trained by lawyers I think I I so anywhere you go with you turn you cannot catch me now right so listen to the full message you get the Context of what he was trying to say right so yes Heaven is where we really belong and that's where we all go when we die that's not true and we said we have corrected that so they were going to so you didn't need hungry mouths of trained killers and there's no food they will result to violence so Paul says we are s of heaven we are eagerly waiting for the Savior the Lord who is going to come from there so it's not that we are going up to the capital city to join the king he's coming here to transform Our Lives he's going to do this by his power to he's going to make sure everything in Philippi is just like everything in Rome that's what he's coming down to ensure that there's no difference not that we are going to meet him so that's what Paul says he's coming and the concept of King there was Emperor in their historical context but he was bringing it to the Savior and remember don't see heaven and as two different planets remember the Unseen World yeah I told you Heaven is the supernatural world yeah Earth is the natural word yeah both of them are yeah the year h e r e the world is Heaven and Earth just like the physical Heaven is over the physical Earth that's how Heaven is over the the Unseen World is over the Unseen word is totally and completely over the seen word Hallelujah so it's going to change our bodies you notice when he talk about our sin of Heaven it didn't say we are going off he say changing our body that is what is to come our glorified bodies which Romans 8 talks about the manifestation sons of God the end of the creature waited manifestation we have not taken the full form we ought to take and it's not that is going to do something he has already done something that he gave us his Spirit if that same spirit that the Dead in your body that it will give life to your mortal body The Same Spirit will give life to your mortal body so in what he did we have how will become completely in our bodies and that is the only thing that is to come so the present word and the world to come there is the gospel now and the and in all of them now we still are living with Sinners unbelievers and that's why we have a walk but in the world to come there's no sinner Satan sin devil you will see them no no more not that they have etal life in here roting no you see them no more no more means no more so don't be encouraging

unbelievers the wrong way say you just that you'll be living forever and ever and be
roasting no you will be no more the Lord of spirits would make sure the spirits don't exist
because only him that's why I say fear Him who has the power it's only him that have that
power and UL UL imately the last day all of such Souls will cease to exist and it will return
back to just Heaven and Earth no under the Earth no hell all right is that okay so we read
all of those ref let's look at Luke Luke chapter 23 verse 39 and one of the Brians
malefactors kakos in the Greek used for Briand so someone with political Uprising a rebel
of a nation that wants to obset the government so those were the kind of tips that they
were not like they were shooting people killing people so one of the persons who believed
in a kingdom who were trying to enforce Israel must not be like this Rome you cannot so
the guy these thieves so see the context these thieves had a understanding of Kingdom
because they they didn't want just like the disciples said will you again at this time restor to
Israel that's what they wanting Israel to be the kingdom that it ought to be so they they
have understand of Kingdom so you get the the context so one of the of such men which
hanged railed on him saying if thou be the Christ save thyself and us because we also saw
you preaching preaching preaching saying kingdom kingdom if you are really a messiah
save us now save us now you could have joined us as a miracle worker walking side by
side with us you would have helped us when they were coming for us you would have told
us we would have run they would not catch us You' have been our prophet in this our
movement would have collabo collabo so you can tell where the anger is coming from
giving you historical context all right and the order the other brigand answered rebuked him
saying does not thou fear God see Thou Art in the same condemnation and we indeed
justly for we receive the due reward so you see that they fear God fear God in what sense
they knew about the position Israel has among the Nations that is a Rel a religious or
spiritual understanding but they were going about it a political way so the other Thief
rebuked him we indeed justly for we receive the due rewards of our because we went
about it with violence and all of that but this man had done nothing a Miss verse 42 and he
said unto Jesus Lord remember me when thou comest into thy kingdom and Jesus said
unto him very verily verily I say unto thee today the challenge with this is comma and fo
stop is it with the commas and the fo stop which you know is not inspired by the holy spirit
it's inspired by the intelligence of the translator you beautiful so that you come down say
see there fo stop there come down just read to understand now we know Jesus when he
died did not go into to Heaven he went into hell three days and three nights I mean the
Bible is very loud he descended into the lower part of the earth when he said today what is
it today I've taught you this before when he said today shall thou be with me in Paradise is
telling the man when was the man speaking to Jesus so if you put a command there you
understand it remove the command from where it is and move the command after unto the
to today verily I say on to the today so it was in the today that the was talking to Jesus that
Jesus answered him very I say unto you today today that we and you are talking that you
will be with me in Paradise not that today you will be inside Paradise With Me Jesus was

answering him today the today that both of them that let's say it was a a Thursday so that we can fit the Easter story three days then three days can short those people they have given us Thursday Friday say it's good Friday Friday Saturday Sunday they rose on the on Sunday now two days when you have power you have power controlling calendar see how they move Easter now to to April April one finish we see can the date be fixed cuz there a formula so if you are waiting for the exact day the exact day I've never been any exact Easter except the first Easter that was the exact day I say to the verily I say unto thee today verily I say unto thee today very I say unto you this day you shall be with me in Paradise because Jesus in affirming that Jesus is a savior that's all it takes for a man to save if a man affirms whosoever calls on the name of the Lord shall be saved I told you before it's not the quality of the the message that saves but the faithfulness of the Savior and the power of the savior help me save me for my sins you are the only one so the that brigand said Lord remember me I want to be in your kingdom and because he has all authority he said I agree is that okay all right not that this should be a pattern that the day you want to die the day you should accept Jesus because you want to go into heaven no no no you didn't you you were useless on the earth you didn't leave when you realize that your actions before you sleep physically or until All Things become new it's very important when you think your actions are not important you realize it we do a series maybe next year on life in the glorified Earth would just it will just be a peep we just peep into it we call it a peep because we should not teach other those things now we are still young when we are n when I'm 85 oh say it was prophetic Pastor just told us a peep that's how Pastor went to go and Peep I know um yeah I yeah IDE Hallelujah so notice the word Paradise is used there that word Paradise is the same word when you check the transliteration is the same word for garding of Eden so Jesus said to him thou shall be with me in the Blissful Garden that's the word Paradise paradosis it's the same word used by Paul Second Corinthians chapter 12 so Paul was not dead so you see it that Believers are there spiritually but those who are dead physically no longer with their bodies are there without their bodies we are there spiritually in our spirit we are there our bodies are here but we function in two words at the same time they are not actively doing anything because God needed man to have a physical covering so now they are functioning in only one word we all those who are alive functioning two words are you following all right how that he was caught up so 2 Corinthians chapter 12 are you there it is not expedient for me doubtless to Glory I will come to visions and rations of the Lord I knew a man in Christ about 14 years ago whether in the body I cannot tell whether out of the body I cannot tell God know such a one caught up to the third heaven and I knew such a man whether in the body or out of the body I cannot tell God know it how that he was caught up into paradise and head what which is not lawful for a man to cut up into paradise and he's alive now Paul was speaking of himself when did this happened this was when they stoned him and left him for dead say he was caught up into Paradise now this word Paradise is the word used to explain t St now all of us who come from Master with treat have been to Paradise several times close

encounters with a god kind encounters you you see that's why you should be in a good Ministry so that some of these things are tangible you say Sir don't tell your mom sh you went to heaven say that church you have to do a long series say you went to heaven but you are back okay hope you're not going back again so that you don't from there no not be there that one is not from there because we operate from The Unseen word when we are Healing The Sick we are operating from heaven when we are moving the power of God we are operating from heaven so we can now no longer just in the operation we can now see how that control center looks like and for seeing it we will see it as a blissful Garden because that is the space now are you following that's the space so where say to be absent from the boys to be friend with the Lord so everyone who is absent from their bodies and are present with the Lord are present with the Lord like like this we should got that present with the Lord so where Christ is as in Heavenly places that's where we are so but is not when we die that's the emphasis is where we are now when people die physically or sleep they remain where they are only that now they are no longer actively doing things on the earth that's why Paul says whether I go or I Stay is a win-win but is better that I stay it's more profitable let's read that Philippians chapter 1 verse 21 for to me to live is Christ and to die is again so it means death is not the end so is gain I don't I don't suffer loss by dying because death is a gain not that he saying death is a good thing but for the believer that is not the end so what did he now say for if I live in the flesh this is the fruit of my labor yet what I I shall choose I know not for I'm in a street betwix two now this was somebody they were planning to kill the context they were planning to kill him so it was showing that he did not believe that it was not in their power he was saying I'm bet so should I just go now cuz I actually PR which I finished my course should I just go or I should stay a bit so he delayed his dying not that so it looked like it was the stones no it was when he were was ready same thing with Peter it was when they were ready even though they died with persecution but they died on their own terms that is a benefit of salvation for bless the Lord oh my soul and forget not all his benefits a today sound Doctrine or a today doctrine that tells tell you to forget the benefit of Salvation is wrong that tells you forget there's nothing Jesus did There's benefit there's benefit there's benefit in you there's benefit to you and there's benefit through you to others don't remove benefits from Christianity and just like there are benefits of God's power too all right so it say for I'm in a straight betwix two I repeat it again there is benefits one of the benefits of Salvation is that we can cut our ticket with God we can write our terms that I will not die but live to declare we know we long life satisfy other long life etal life contextually however God actually wants us to also live long on the earth and that's where you see job and all the other texts in the Psalms where we talk about faith for safety God wants us to dwell in safety and that's where the Psalm is called God his safety he didn't say God the same psalmist said I dwell in safety the same psalmist now said Lord thou art by safety you must learn that the Lord is your safety I live in safety my life is in his hands I live in safety so job said we come to the grave in a full old age like a show you see that is a work of his power and he gave us his Spirit as the benefit

of Salvation we are now you know there's something that is a right is different from a claim I said this you know how land let me just use land they say this land is your own the bacons are there but you notice some land grab some people when they want to build they push their fence like in our land down the road where for our 5,000 SE that we building you notice that when you look at that there was when we're building then we were there with the woman she had already started pushing her cuz she wanted to be the first we quickly push her face back she had created space put her so away now the space was so small now she she want do cuz she was already trying to take small from our own I say it's a mistake it's just two it's just small it's just one fet it's just two feet I took now I did not even know his mistake my did not measure I already fence now since I already fence for you people no let's fence for you you will not you will not encroach that is claim so they some that they will push push push and though is your right to you have all the survey all the documents you will not only go there with your surveyors you will go there with power sometimes that power may be police or mon or the community boys you will go with them and say push it back push it back push it back is it not your right it's your right but you have to claim it that's there's a difference there are things that Jesus died for there is what the power of God gives us but we must claim it not it's aut no the automatic are the things that he died for that we received the day we got born again all of that one is automatic we're not claiming anything for that one but where we are involved in that one is where we now want to use it we have to walk but for the work of his power ah you must claim it to but you laugh the word of movement as name it claim it gang but you must claim it I claim it and that's why you must actively in faith say this is mine in the name of Jesus this is mine I lay hold of it so for in aight between two have a desire to depart and to be with and repeating again don't go and die any say anybody can die anytime don't talk like a fool when I am satisfied with my days I will draw my leg to my bed that's how Abraham Isaac Jacob that's the death of the righteous the Bible calls it you on your own terms is when you are satisfied that's what we saw Jesus said it was even in dying Jesus said I laid down my life the posture of Faith the posture of the believer is to on his own terms and you don't have to live 70 years you don't have to you don't have to leave 180 0 because 33 years he had finished his course but the important is finish your course I'm not saying live a live TW die in at 20 but the EMP what I'm trying to tell you that purpose is how many years are inside your years really because some people have never lived a purpose driving life so there's no years there's no life inside their years they are many years old but there's no life inside the years and is the life inside your ear that you are rewarded for so that's why finish your course so what you think Paul died on timely de I know some lazy teachers were doing that live long but for us we are smart we claim you're are not smart anything you're just a Bible twister they finish their attempt finish your course Hallelujah don't let death help you finish your course and that's why you must that one they appropriate not be say Jesus died for me no you will open mouth you will you will draw the boundaries you will push death far my life is not in the sea my life is not in you my life is in the hand of God you will mark it God bless

Papa write your te say anybody can die for you not for me some person we with our spirit we lay hold of John gake speaking said I could not let my sister go my spirit had laid hold of her I reached out to everybody I could reach out I reached out to and the cable the telegram message was sent now we have app but that's not the one say I'm in faith with you she shall leave lay hold of somebody that's why your loved ones your mom your dad you must let them know because you can there's only as much as we can carry people and you can only carry people as much as you have sture so you are still carrying yourself small small you never get stat enough for yourself how much more carrying the whole family you must build enough stature on you have enough Str you can carry people on your on your on your shoulder like an ego you bear them but it takes a lot of weight so that you are not angry I prayed for my mom I pray for my dad don't they have sense to pray for the can't can't they be are not Christians you are looking at me can't they believe God too for the I they their own Bible upside down must let people the same way people are entitled they say ah we have this brother in our family that has money why is he not giv all of us money you not feel for your own they break your hand entitlement is the same thing too ah let him pray you know they pray for yourself don't have that entitlement mentality entitlement mentality is why people are not honorable no a good brother a good sister knows to take care of their brothers and their sisters and help one another but don't don't leave depending on that it is silly hope you are you know the way of greatness I've Tau you several times stop doing like that for I'm in a Street between two having desire to depart and to be with Christ Which is far better nevertheless nevertheless to abide in the flesh is more needful for you why because not it's more needful if I leave this earth now ah it's not I'm in the earth it's not needful it's not blessing you leaving the earth now ah go have to find somebody else it may never be the same way see how we say Bishop Bishop Bishop don't die I'm not finished living our mouth so it's needful it's needful so that's how the man stay put you are quiet 2 Corinthians chapter 5 from verse one for we know that if our Earthly House of this Tabernacle were dissolved we have a building of God and house not made with hands Eternal in the heavens are you seeing it so which house is talking about bodies the body for in this we grown anything Desiring to be clo with our house which is from Heaven the house we are going to be clo with is talking about our spiritual bodies we are going to drop this physical body and put on a spiritual body a glorified body if so be that being clothed we shall not be found naked for we that are in this Tabernacle do grown being burdened not for that we would be unclo but clothed upon that mortality might be swallowed up of Life verse five now he that have wrought us for the self same thing is God who also had given unto us the ear of the spirit therefore we are always confident knowing that whilst we are at home in the body we are absent from the Lord are you seeing it what does this absent mean just to give you a bit of context so that you understand teaching absent in firstan 5:3 Paul says for I verily as absent in the body but present in spirit have judged so I was absent I'm not in that physical location with you I am not with so first 5 that man that was sleeping with his father's wife Paul say put away that Wicked Man from you

because he had not mourned his attitude his attitude towards the wrong thing he did was too evil I say no no that not be Christian there not Christian conduct there let's deal with the deal with the person very well it's a absent Paul was not physically there but he say was present are you here so you see the way he's using the word absent so that's the same way now said therefore we are always confident knowing that whilst we are at home in the body we are absent this word absent is the word only used three times and it's only used in this second Corinthians 5 alone in the Bible 56 58 59 so let's continue reading you see what the word absent mean we are absent from the Lord how can you be absent from the Lord when the Lord say I will never leave you or forsake you so it's correct but it doesn't mean what we think it mean is English that is saying we are not in the same place with the Lord no for we walk by faith and not by sight talking about how the believer lives we are confident I say and willing rather to be absent from the body now he has brought the word to be absent from the body we are willing rather to be absent from the body and to present from the Lord so to be without the body so when in to be without the body that's why he's calling absent to be without to be without it is the word to immigrate e m i g r a t e that's correct meaning of the word to immigrate verse 9 wherefore we labor that whether present or absent we may be accepted of him for we must all appear before the Judgment seat of Christ and everyone shall receive the thing done in his body shall all appear for the Judgment seat of Christ did you get that so observe the word absent so for while we are at home in the body we are absent from the Lord so absent away from the Lord which Lord away from the house that the Lord is going to cloth clothe us with right now we are absent from that we are absent from that reality because that reality is not yet us that's what he saying so notice verse 8 says willing rather to be absent from the body and to be present with the Lord are you with me because all those present with the Lord are now away from their physical bodies they are living but when the end of all things come we all of us together will put on immortality the same time is that okay that's what he's talking about there so whether absent or present so that is the context whether I live or die is to the Lord so he said that's how Paul T so he didn't have this idea now there are more text concerning this commans 51 of our glorified bodies in the New Testament books than you have of a going to CU There's No Going to phrase is that okay so get used to it the only thing that coming is resurrection is what we shall put on so we also explained ascended into heaven that that phrase where Matthew and Mark and Luke and the rest explain that Jesus ascended into heaven we said that we must sit in two ways because heaven and earth in biblical cosmology are not different locations but within the same space and matter AB so there are there are two different dimensions of god good creation we said Heaven relates to the Earth so that one who is in heaven can be present simultaneously anywhere and everywhere on the earth so what whosoever is in heaven is everywhere on the earth because anything that is in heaven can be accessed anywhere on the earth so once you say something is in heaven you can access it anywhere on the earth that is the first concept you must have when you hear things are in heaven so the Ascension of Jesus

means that Jesus is available accessible without people having to travel to a particular spot on the earth to find him he's everywhere secondly Heaven must be seen as a control room for the Earth it is the CEO's office the place from which instructions are given so you must sit like that and stop having Heaven as a disembodied place because super natural beings with bodies are there of having Heaven as a disembodied place it is not it's an unseen so when you are to be physically allow this English to be physically present in the Unseen World you will physically have to be without your body yeah understand of the word physical because we like that word physical to be physically present so if you are just the way you are seeing people look around are you seeing the people around you the way you are seeing them physically like this so if you are going to see like that you have to be away from the body and that's why if where we have those kind of encounters our bodies we are on the ground slain by the power of God or just be under the power of God or in a relaxed position because what you are experiencing is away from the body all right because you are going to now have the ties and you will literally have all those entrance like you enter like you are passing through a door you are seeing things yeah and the word of God frames the pictures you have you know every now and then some fellow that are that die hungry and poor wake up from Death many times is a lie they tell us that they in Hell recent one three years ago was somebody said he saw bilam in Hellam is in here you see all those things are to weaken the fate of the saint because that if is in here there's no hope because for them Heaven is something they are trying to gain is not in hell then the worst one is where they now say Bishop is in here and he on the head to he not dead physically they put physical people are alive and people are still watching after that one the lady b Range Rover we can tell now now the other one she said they were tying ha Margaret was that lady's name tying they tying ha they this and she came back and everybody was tying ha those you have apologized for the error that it was over feeding and hunger know some people know there's high fever that makes you s to the other world some people concept say ah my Mansion Jesus I I was in the realm of the spirit I was in heaven and when I as I died I was in heaven and the Lord took me and he showed me I saw Jesus at the sight pointing to the angels that build the Mansion build the Mansion add to it don't you see the good works he's doing on the earth that's how goded adding to my Mansion so Jesus will now come back and say side work not easy today the way Gina is walking on the earth we have to increase our Mansion very well hi I pass me that Fu I said by alone now this is not bread pass that food for me pass me that bang and suchar the food for Gods so you know with Mastery you don't stretch it you must put you must let your hand wiggle in the soup that's why you wash your hand very well you wash your nails very well because as you you it's you it's it's once it's it's once it's once yeah so when he Ser in Native Port take your place be Enron all right Hallelujah now you guys are hungry thank God we are closing soon amen so that's the concept people have of heaven but it's not biblical like we said the picture of ration 21:22 sees heaven coming down on the earth not a planet coming down on the Earth but that unseen reality and all those theen coming on the earth is those that

are away those that are with the Lord currently are going to come back and be with us here and all of the operational system is now going to be mingled together so that there's no distance right now there's a distance because of sin and death but God not intend that there's a distance between Heaven and Earth the distance did not come from God it came from sin and death that's why the Man in Christ Jesus does not see that distance there's no distance for him oh I love that guy I may not like all his comedy but funny funny guy good guy he does pass good message BJ the guy always wearing green I try now must must I tell you everything I give you clue I say wearing green I say BJ ahh what El and he said don't all the Baba finish his incart say as he TR to say slap him I like that comedy that one sweet me so you say see as long as nothing can happen and that's true but for the believer is not so whether I speak or not speak because there's no distance he needs to contact me I'm I live in the contact there we oh there we so why is trying to hey I know incantations are best said in dialect because the gods are not from England now that they are worshipping you don't understand let me not talk more than that that's why they don't use it because the god that are worshipping the EUR they have to use is better said like that because English not that will not work not the strong hallelujah amen that's thank God for the realities we have we don't have because there's no distance for us told you about that lady that they were trying to do touch and follow for she didn't even know now but they were touching her she was not following T she was not following not like what is this person doing and when she be everybody that they work for now every believer that have switched on the fact and it can work on some Believers so yeah so that you know it's not automatic it's automatic when you fix in the mindset that I'm Supernatural every day whether I'm using it or not using it when you own your Authority one of the first things you must teach your children as they grow up is Warfare and Supernatural the days are evil teach them how to war teach them their Supernatural heritage that you are not ordinary you are not ordinary you are not ordinary once you install that chip by meditation that program is Everlasting program I'm using today's computer language all right once you have installed it ah this one does need to be updated it is the updated it update itself it's fresh forever fresh you can only understand it more but it instored once and forever once you by meditation internalize the fact that you have authority over all Devils that all devils are forever beneath you and you with your words and your cond do not take give the devil Place ah whether you own it or don't own it these are things that we have tested I once told the lady heavily demonized I told that she was saying I say when you get to your kingdom was telling me many stories those days where we were practical iing things like that and confronting people physically like that cuz I was looking for testimonies so I told her when you get back into your kingdom in the you say it's nth tell them that Osa is coming for them call my name oh your kid she said I will do that I will do that I said will see the morning you will not see in the morning so I went home I slept I woke up she was at my door I told her this was in school I told her did you see me she said yes we called your name and you Rose up with long sword I said I was on my bed I not go anywhere what you saw is the angel that attend to

me I've taken my face just like say Peter's angel that say what happened we were all scattered though we could not do anything whether is LI or whether he true it matters not to me I don't have to verify her story whether is she's lying whether ISS I making our Liv trying to help me I understand by reason of use that he's on his own whether I'm actively using it or not so when you are sleeping how come you are not dead so I not have time to say the name of Jesus Christ stop thinking spiritual things like that because when you are sleeping how come you are still protected how come the thinks the enemy meant for evil don't come your way there's a reason why he never sleep no number allow God be doing his work the Lord of host is fighting for me sir I'm on Ararat Mount the AR rested there no divination no enchantment Moses said there's no enchantment against Jacob no divination that's where I am that's where I have pitched my tent Hallelujah Lord amen amen did you get that yes sir lastly how you define I say lastly we're done with the first Point Salvation is not going to heaven second salvation how you define the gospel can affect what you call Salvation if your gospel is good advice or a change of morality or your gospel is an Angry God is will affect also how you divine salvation so how you explain the gospel also affect what you call Salvation and this where we will pick up on Wednesday Hallelujah but on that matter that I was saying just now there is no divination against me no enchantment against me Hallelujah there is no divination no enchantment against me once you internalize your authority of believer like that and lock it at the times you will need to actively say something yes when God but live in a state where you know you are Untouchable how you internalize it in knowledge that's why you should pray every day speak God's word every day however that is not what is keeping you safe he say this is the heritage of the righteous no weapon formed against me shall prosper Isaiah 54 it say the heritage of of the righteous that what he say 54:19 no weapon fashioned against me shall prosper no weapon formed against me it is the heritage of the righteous and the are righteousness of God there's no weapon that fed against me that can prosper it is the heritage of the righteous I who is righteous here every one of us is a gift of righteous in case some people do not know book Bible say free gift free gift is free it's a gift but he add the two together so that you are not working for your own it's a free gift he gave us his righteousness and all those who understand what understand that's why say shall be established in right same asah say shall be established in righteousness and they shall be far from oppression once you are established you are far and established is understanding said understanding establishes you in righteous and that's so true understanding establishes you in righteousness understanding what do you understand who do you understand who you are what you have in Christ Jesus I'm not the same I am not the I'm not the I'm not the I'm not the I'm not the same person I'm not the same person I used to be I'm not the same person I used to be Hallelujah if a man is Born Again is a new creature something happened to me when I got born again and you must know that you're not ordinary anymore you're Supernatural God's good rule God's spirit God's life is at work in you with you and through you hallelujah amen working salvation in the head are you learning something about salvation as we're learning salvation we are

seeing who we are better we're also seeing who our God is and what he's doing all the Earth we inherit the dark places for the Lord time is to fulfill purpose time is to live for the purposes of God and while I'm fulfilling purpose God does not want us to be sick God does not want us to be poor broke discontented so he gives us his power to also help us in those area and he expresss us to use our Common Sense through and that's why we do not forget that God has committed himself to us he's leading and guiding me stand on your feet lift your hands and pray the Holy Ghost I'm far from Evil from evil sir how come we now break Satan things all people I didn't already far from Evil they did not know they did not install their Authority and some they with their own words and their actions Paul says give no place to the devil Jesus speaking say Satan wants to shft you as with Jesus speak and this this is the need it's not balance it's called Doctrine stop teaching in a manner like Satan does enough he does but can he yes should he no can and the believer be free from me yes even the believer is not praying yes is knowledge is knowledge but with all my knowledge now me if I now with my words saying Satan is powerful Satan is messing me up or Satan I become so conscious of the devil and I start believing and speaking of Satan's power against me I will soon start seeing him now does Satan actually shoot arrows against people yes so said your adversary the devil like a ring liar seeking who may devour whom you resisted fast in the faith now that one is different from divination I wish you are with me that one is different from divination that's where Satan is opposing and sometimes is laziness which has worked for some believer because they cannot pray trap Satan for walk I taught you this in unseen forces that you see that there is different classifications in the power of Darkness there is the Satan and Devils then there is demons there's the ones that are disembodied there the one that are not disembodied the devil is not disembodied still has his body the Angelic body that is a dark angel happy demons are disembodied whether you argue whether it's really from the spirits of those nephs or you argue whether it's from this or that is not the issue the important is to realize that we have authority over demons and over the Devil Himself Hallelujah and as we go into the Nations we know we will contend with the principalities that are holding cities and territories strong but by our God we win by our God we Prevail because he has already given us the Victory and given us the matching order and we know we win lift your hands and thank him I use my authority I walk in authority in the name of Jesus thank you Lord thank you Jesus thank you Lord thank you Lord now all those born in the month of December quickly come I just put my hands upon you so I can good have my seat I'm bless
