

then we trust again that in this service the eyes of our understanding will be enlightened we leave here with the deeper understanding of your work of Salvation in the earth we declare that the things that ought to be said will be said the things that ought not to be said will not be said your name will be glorified we shall be edified built up transformed by the power of your word again we take authority over the text God is my king of old walking salvation in the midst of the Earth God is my king of old walking salvation in the midst of the earth God is my king of old working salvation in the midst of the earth so what's God doing walking salvation he's walking salvation in the midst of the earth so God is a savior God is a savior say with me God is a savior God is a savior all right God is a savior he's not just a Creator he's the savior he saves his work he's a Creator he's a savior H God is a savior all right Matthew chapter 15 and verse 9 Matthew chapter 15 and verse 9 for in vain they do worship me teaching for doctrines the Commandments of men now again just a uh why do we focus on Doctrine why do we care so much about sound Doctrine say oh uh it's always amazing how people who are not Ved with the Bible seem to tell us why and how we should do the things that we do and um it's in Christianity that we find people who are not V in a subject speaking so much about the subject if you're a professor for example in any of the Sciences or any study or any discipline as we will call it in the natural you get to know a lot on that field AB be over the years I've had Pastor say things pastors say things like I may not have read the Bible cover to cover you should be ashamed saying such a silly thing question is I have not read the Bible cover to cover you should have read it cover to cover sir don't you think so maybe I I don't know again if a pastor is work is to teach us scripture shouldn't he know Bible sorry these people didn't they didn't wake up happy all right let's try shouldn't they know Bible I thinking if I say I'm a physics teacher should I not know physics so when a Bible teacher does not know Bible that's a problem that's already a big issue from the get go so that now when we try to teach the Bible properly it looks like ahh but I never heard that I don't know the Bad Teachers you have been surrounded with and obviously it's not us that Tau you the one that is confusing you amen hallelujah so that we normalize if the teacher let's say the physics teacher does not teach you physics well is there going to be a consequence you won't know physics well you won't be able to apply it properly so you see that the call is that if a man will not pay his tithes he won't make it now you can laugh over that I'm not talking because of that popular Pastor that said that but there are people who have been saying that thing before even said that thing some years ago that he was just reacting is a nice good sincere man come on now Elders make mistake leave them alone all right that's not it he should know better and he knows better I have anybody who wins Souls know that is not t that that gives people salvation now he knows better he maybe something I don't know what happened to him but always give people the benefit of the doubt always believe the best of people it allows you judge them properly even when they make mistake you still believe the best of people is that okay yes sir all right so so imagine that presentation of the gospel people have and somebody hears God's voice like that and say God said to me just like I've heard so different pastors just

wake up one said God said to me that no more children Church you why why what which one is which why is God again God said to me all this God said to me is coming from their perception what they understand God that's why we say doctr is very important never trust a man to see the Lord who has not fully apprehended sound Doctrine because his thought say the Lord will be changing frequently because his thought say the Lord will never align with scripture just like say God said God showed me that my Mansion is not yet complete you see it because the doctrine the person believe believes in physical Mansions being built for them in heaven you cannot prophesy beyond your doctrinal correctness you cannot see or hear from God beyond your doctrinal correctness that shows you how important Doctrine is that Doctrine is for accuracy of our worship of God I cannot worship God properly outside Doctrine so nobody can just nobody owns what God is saying to the Lord we can always verify that's why I've said it over the years the objective criteria by which we judge every Revelation that one now looks like so we are not escaping we're not going anywhere we already with him when we get born again is heaven important very important in fact so important that we get to interact with heaven now with it's not death that is our savior said H this thing let's check it and when you begin to study like we have been doing for some time like we said the essence of sound Doctrine is not to bully anybody or show people oh I know so much oh I don't know so much that's not it let's um uh we stopped somewhere on the gospel how it affects the views people have of Salvation if you can recall all right and um I'm going to quickly do a let's do this quickly just write on your notes references for heaven so let's run I'll be very fast so you can't actually turn your bibl so I'll just be reading them for you because I will be very fast even the proor people may not meet up is that okay all right so take note of it so from the episodes Romans chapter 1 and verse 18 is the first reference you have of Heaven for the Roth of God is revealed from Heaven against all ungodliness there's nothing in that text that says about going to heaven in Romans 10:6 for the rightness which is of Faith SP on this wi say not in thy heart who shall Ascend into heaven that is to bring Christ down from above or who shall descend to the deep that is to bring up Christ again from the dead but what said the word is n in thy mouth and in thy heart that is the word of faith which we preach what is that that if you confess with your mouth the Lord Jesus and believe in thy heart that God has raised him from the dead Thou shalt be saved so a man is saved when he confesses lordship of Jesus when he says because you can either agree that Jesus is your Emperor or he's not your Emperor and if you don't agree your Emperor you don't agree your king you won't enjoy the benefit of the Emperor Rule and that's if that's what you call being cast into hell obviously that is a part of it because that hell that we explain it's not an eternal Everlasting Everlasting hell and death I've showed you over and over is cast into Lake of Fire so even that one comes to an end all right so we must get it clear like I said Adam and Eve were just created and they were created so that they can go to heaven that sounds very silly which we which is one of the things we talked about on Wednesday makes no sense he had just created them and when his plan was we can't judge it if there is not a

way of judging it Paul says judge it test us spirit so there's obviously is a way of doing that so because people have also seen things in their supposed Heaven I remember many years ago Brothers left us because he wanted to show he had power wanted he went to some euroba uh mountains like that mountains in euroba land and he went to pray pray pray came back and he was bush bush I've said the story several times all right and he was demonized purely demonized what was coming from him was not the voice of God purely demonized so so so so demonized and that led to his alter run because nobody could help him because he you you can't cast out what a man by his will has said this is how he wants to operate because God allows our choices you must must always remember that God allowed our choices so it will guide you to make proper choices God can help you guide you but he won't Force you never will he so second Corinthians 12:2 shows that a man on this Earth doesn't have to be dead can have interactions in heaven and that is not a burial ground not when he die right now Galatians 1:8 for though we or an angel from heaven preach another gospel again emphasizing that angels are in the Unseen World Ephesians 1:3 blessed be God and Father of for he wrought in Christ when he raised him from the dead and set him as his own right hand in the Heavenly place so Jesus is raised in the right hand so he's in the control room looking over everything that is happening is exalted far above so Heavenly place in the right hand right hand the place of authority and power over all things so showing that we are also there with him not in a planet fire away Hallelujah nothing about going instead you are seeing that you are already with him we have been raised together with him Ephesians 2 vers 6 and I rais up together and made us see together in Heavenly place so we are already there with him not when we die now we are already in Heavenly places in Christ Jesus Ephesians 3: 10 to the intent now unto the principalities and Power in Heavenly places might be known by the church the manifold wisdom of God again telling you that supernatural beings are in the heavenlies in the Unseen World Ephesians 3:15 of whom the whole family in Heaven and Earth is name so there is a family in heaven and a family on Earth which is God's plan to have two families together the sin and the Unseen family in the same house which was originally Eden Ephesians 4 I'm I'm not too fast I'm trying my best I could be faster but I'm not being too fast all right so I'm giving you references of heaven so notice so far you and I were already wondering where is it going to so so that you don't because of time next another service will do four gospel because say no I I will catch this pastor it will read four gospel me I also catch you will read it they don't used to dodge our ignorance can be pompous say I will catch him when you your ignorance already caught you say you want to catch somebody is when somebody is afraid to read things that you should be bothered not Ephesians 3:15 so whole family Ephesians 4:10 he that descended is the same also which ascended far above all Heavens that he might fill all things so Jesus is the one who as the he's the one who descended is the one who ascended speaking about his work for us he he's the one who descended when he went into hell to deal with everything God did not planned all the rebellions the futility the Decay the corruption to his creation and his man he

has dealt with it he has ascended taken up a place now that shows that his kingdom has come he's in charge fully installed as the custodian of God's plan and purpose that now what God intended for all the Earth to be has now come to pass if all men are in him so he's in heaven for that not heaven as a planet is in the Unseen world in the very presence of God for us showing that we too can be where he is and live the way he intended man to leave that's what that whole right hand of God teaching always means Ephesians 6:9 and ye Masters do the same thing unto them forbearing threatening knowing that your master also is in heaven neither is there respect of person with him so God wants us to be respectful that's all he saying not no going to Heaven There Ephesians 6:12 for rest not against FH and blood but against principalities against Powers against rulers of Darkness of this world against spiritual wickedness in high places the word high places in Heavenly places so spiritual wickedness are in heaven how does that sound say no there are different type there's there's the good one there's the bad one of course there's light and darkness in the Unseen realm Philippians 2:10 that at the name of Jesus every knee should bow of things in heaven of things in the earth of things under the Earth are you seeing it not going to speaking of authority mentions the theory word Heaven Earth under the Earth under the Earth what God did not plant that's the one that will be removed because it's supposed to just be Heaven and Earth okay Ephesians 3:20 for our conversation is in heaven now we explained this two weeks ago our conversation is in heaven where I explain the Rome Philippi situation that those in Philippi were also Roman cities all right so we our conversation which is the word our citizenship that's not going to when you say I'm a CI of Nigeria you are not going to be a c of Nigeria it's not when I die I shall be a CI of Nigeria that's how not to have sense when every one of us here I don't know supposedly supposed to be Nigerian Nigerian citizens now there are many who don't like Nigeria there are many who say to with Niger if that to with Niger to with your father your mother in I've told you before when you say to with Niger Nigeria is CA is your you yourself your because Nigeria is not map is the people and you are a part of the people all right you are a part of the people so our citizenship that's not when we die citizenship is now so we explained that what that meant so what were they looking forward to they were looking forward to the emperor making sure that Philippi is no different at all from Rome because they even want to go to Rome I told you historically because it was overpopulated you don't want train Killers or the lose swinging SW and sleting Thro because there's no food so the Roman Emperor say okay you guys stay Philippi now is a colony and all the Roman soldiers everybody there that confirms our rule can be a citizen and that was it so there was a context which all of everybody in Philippi knew it was not an escape so when now say oh what is he coming to do he say he will transform the next verse vers 21 he will transform our vile bodies so notice I told you what is coming next for the believer is not going to heaven but putting on immortality all right that's why it's called finished work of Christ because he did something if that same Spirit dwell in you shall give life to your mortal body

so even when he's coming again what is called the second coming though is explain wrongly by many that second coming is not is that we are going to put on immortality and what it takes to put on immortality has already given us so everything he did was in his work Colossians 1 verse 5 for the Hope which is laid up for you in heaven wherefore ye head before the word of truth of the Gospel so there is a hope there's a hope which is laid up for us in heaven in the Unseen realm in the place of our true reality what is that word hope the word hope is the word expect now the expectation that is coming for the believer is only one which is the of the creature that the Earth will finally be rid of sin Satan devils and man will put on immortality but right now the hope that we have that laid up for us in heaven in this context that is talking about is the fullness of our reality contextually the fullness of our reality right now we have not seen we do not yet see all things but we know that we are we do not yet so that's the hope the hope there speaks about the yet the present world and the world to come the distance between the two right now we are saved but we are still living with Sinners Satan demons Devils but there will come a time where there will be no more so now before that time so there's a hope there's still an expectation that's what he's talking about not a disappearing to go to a heaven is that okay Colossians 1:16 for by him we all things created that are in heaven that are in the earth visible invisible against explain two words Colossians 1:20 and having made peace through the blood of his cross by him to reconcile all things unto himself by him I say whether they are things in heaven or things in things in Earth or things in heaven so again mentioning two words Colossians 1: 1234 if you continue in the faith GED and settled and be not moved away from the hope of the Gospel which you have heard and which was preached to every creature which is under heaven which is on the earth that's just the word under which is on the earth Colossians 4:1 Masters give unto your servants that which is just and equal knowing that he also have a master in heaven so live with the consciousness of God first Thessalonians 1: 10 and to wait for his son from Heaven whom he raised from the dead now I told you Jesus ascending into heaven what does that mean I gave you when you say whatsoever is in heaven is can be assessed any part of the Earth secondly Heaven is explained as a control center for the Earth that's why whatever you bound on Earth is bound in heaven it's a control center remember that explanation so Jesus did not disappear flying up to Venus to Mars to Saturn to uranium and uran sorry before I say uranium an element all right so and to wait for the son from Heaven whom he raised from the dead even Jesus which delivered us from the rth to come so we are waiting what Jesus is going to do the time where all things are going to be the way they should be which is what is explained in the second coming all of those theology but is not that we are going notice so far we have not seen am I forcing any text have you seen any going we are going okay all right first salonan 4:16 for the Lord himself shall descend from heaven with a shout and with a of an archangel with the Trump of God and the dead in Christ shall rise first so again in the context of us putting on immortality is that so dead in Christ so the day of judgment is the day also where man is glorified the two happens simultaneously the Judgment first so

that there's no more Sinners and so happening around the same time second 1:7 and to you who are troubled rest with us when the Lord Jesus shall be revealed from The Unseen with his mighty angels in flaming fire taking vengeance is that okay not a planet fire way Hebrews 1:10 thou Lord in the beginning has laid the foundation of the earth and the heavens are the works of thy hands clear Hebrews 3:1 partaker of the Heavenly calling nothing about going to Heaven There Hebrews 4:14 seeing then we have a great high priest that is pass into heaven Jesus the son of God do hold fast our profession Hebrews 6:4 it is impossible for those who were once enlightened and have had the Heavenly gift and were made partakers of the Holy Ghost and have had the good word of God and the power of the word to come to them they shall fall away to them again to repentance and they crucify to themselves the Son of God AGAIN fresh and put into an open shame how many times Jesus die for our sin once Jesus cannot continue to die for our sin so he says it is impossible it is impossible for Jesus to be dying again and again and again and again that's how it is impossible for one who has been saved to be renewed again onto repentance so of course it does happen that you see people say come and be born again again come and be born again again you cannot be born again and again and again that's what he's saying it's impossible to be born again and again because you are only born again once why because Jesus died once and for all the numeral for Redemption is once for all it's not twice for all it's not again and again he died once for our sins so it's impossible for those who were once enlightened if they fall away to again to repentance so if a man is really saved he cannot be unsaved he can only be corrected chastened discipline and all of that why will talk about that again remove the going to he will simply fail because the core of sin is that man fails to properly represent God and that's why people get angry one with another that's why you can have a falling out with somebody because I didn't like what you did I didn't like what you did Sin is sin we'll get there let me not jump ahead of myself all right Hebrews chapter 6 7:26 and such a high priest become most who is Holy Fearless on behalf separate from Sinners and made higher than the heavens Hebrews 8 verse 1 so nothing there about going to heaven Hebrews 8 verse 1 Jesus is in Majesty on is in the right hand of the Throne of majesty in heaven Hebrews 8:5 it says these things serve as an example of shadow of the Heavenly things Moses built a tabernacle the Tabernacle was a shadow of heavenly things Hebrews 9:23 it was therefore necessary that the patterns of things in Heavens should be purified with this but the Heavenly things themselves with better sacrifices than this verse 24 for Christ is not entered into the holy Place made with hands which are the figure of the truth but into heaven itself now to appear in the presence of God for us so he's there for us we are here as him he's death as so the emphasis is to see that there is a union I mean an inseparable Union with God in Christ Jesus Hallelujah I live for him he lives through me did you get it I'm in the presence he's in the presence of God for us so I know I will always be in the presence of God that's why we say once there is a 0.001% separation between you and God you are not saved I'm always in the presence of God that's why I say Lo I'm with you always amen remember Jesus ended up into heaven

Mark then the next statement we see the Lord walking with them everywhere confirming his word we sign so if he if he left them as we call Heaven going to heaven so he's now away from them how is he now walking with them so we must get our understanding of Heaven correctly are we good Hebrews 10:34 we have a more enduring substance in heaven the Unseen Hebrews 11:16 Abraham desired a better country a heavenly Hebrews 12:22 you have come onto Mount Zion we are now in the Heavenly Jerusalem and innumerable Company of angels 12:22 23 to the general assembly and the Church of the first born which are now written in heaven your names are written in heaven but you are not going there you are not there your name is written there it sounds very silly 12:25 see that you refuse not him that speaketh for if they escape not who who refuse him that spake on Earth much more shall not we escape if we turn away from him that speaketh from The Unseen so again not going to 12:26 whose voice then shook the Earth but now he had promised saying yet once more I shake the heavens and only I shake not the Earth only but also heaven so the popular text in heg I will shake the Heaven and the Earth he to verse 6 what does that signify we receiving a kingdom which cannot be removed let us have Grace whereby may serve God acceptably verse 28 so we have receive a kingdom that cannot be shaken again not a going to heaven James 5:2 for Above All Things my brethren swear not nether by Heaven nether by the Earth nether by any other thing in other words don't swear in that context just be true just be honest you don't have to bring in the sinen or the Unseen because there are powers in all of these things be careful how you say oh I invoke the heavens side don't go put yourself in trouble because you are trying to be true James 5:18 and he prayed again and the heavens gave rain not rain came from The Unseen word no he prayed and the heavens gave rain which Heaven physical Heaven gave rain so his prayer affected the physical elements of the clouds above and Rain came came from where the power of God made that cloud to drop rain is that okay First Peter 1 ver 4 to an inheritance Incorruptible undefiled that F away reserved in heaven for us the same thing Corinthians which is our Immortal B is what he's talking about there 1 Peter 1:12 Holy Ghost send down from heaven which things theel desire to look into not again not going into heaven uh first Peter 3:21 and 22 the life figure where onto even baptism do also now save us using the Noah's act as an example of Salvation not the putting away of the FI of the flesh but the answer of a good conscience towards God by the resurrection of Jesus Christ who is gone up up who is gone into the Unseen that is on the right hand of God control center angels and authorities and power being made subject onto him so again not not for Christians disappearing and going to a heaven second Peter 1:8 and this voice which came from heaven we heard when we with him in the Holy Mountain Peter kind of like called the mount Heaven were with him in heaven were with him in the Holy Mount so that was on the earth they had a supernatural encounter second Peter 3: 5 so you see if you go on and on and on now Revelation makes it worse Revelation all the Heavenly Revelation John was alive and well he was not dead he was alive interacting with Heaven these are the episodes the core of the doctrinal books we have in the New Testament part

and we don't have any Theology of going to so where did that now come from it came from people reading just like somebody quoted this text for me over the many years ago 1 Corinthians CH 9 verse 27 Paul says I this how the say I discipline myself L at any time I be Cast Away into hell and I said no it's not there there's no into hell there said no no no that's the idea I said no cast away is one word it's not cast and Away Cast Away say he said no now then he checked you they say yes now I said there's no into hell many preachers are Cast Away right now on the earth is reprobate preaching for money preaching for reward preaching because of material again he says I am Cast Away I am not going to be rewarded for God for this kind of preaching because no this why he send me that's the word Cast Away said oh okay so on the last day n it's not going to heaven don't turn every text what about that text I say without no man can see God is not going to heaven because you're already in heaven with God no man can see God through your life your conduct which is why we ought to be honest we ought to uh apologize interact with people when we offend them because people seek God through our conduct I've said it over the years our conduct is very important because our conduct can be Ministry it can pass a wrong message it can hinder people and that's why we also must be sincere because we have filled people we have Hur people also in the past and that's why we must Paul says be gracious ye which are spiritual so if you really are a spiritual person you don't put people P down you restore them you care about oh is this person walking well their fellowship with God is that okay so condemnation being condemnatory is never the way of the believer Hallelujah that was a long aside ah sir I get what you're trying to say but let's do hell right hell hell funny enough is only mentioned once in Paul's letter and I a quote 1 Corinthians 15:55 oh death where is thy stin oh grave where is thy Victory the word grave there is the word hell Hades and that is gotten 14 so Paul is quoting Hosea 13:14 that's the only place Paul mentioned hell in his letter say oh what about the Ephesians 4 into the lower parts of the h lower part of the earth yes lower part of the earth he uses a different words for that but the only place you find this impulse letter is this text and he was not directly teaching on it 1 Corinthians 15:55 are you following all right uh James 3:6 so hell is used more by Jesus is that not beautiful that Jesus is the one who mentioned hell more than any other person and the use of the word Hell by Jesus was G G is the word Mountain hom the valley of hom it was a historical place where all Jerusalem where they born de so it was using to explain that this will be destroyed are you following so historically the audience knew where the value of hom was because it was like um every state have their own Lagos have their own is the one place in Lagos I used to all right you see plent I don't know if they see BN it but those days PL is rising up into the heavens there's one in B City you know around as you are going down raat sorry all right so I going to go and mention so there are places like that so Israel when they were saying shall be in danger of the Judgment because just like where they used to throw debt so there was there's a context to that and I've taught this which is not the focus of this teaching go back and listen to all that messages but there are three words there's Gina there's Hades and there's tatarus so

three Greek words used in matth to Revelation for hell which one what does it mean now
Gina is not is just used to explain actual where consequence is not a he this is the place
where you are taking the place of the dead now Hell Fire put together you now realize that
oh until Revelation 20 there's no fire because hell and death is Cast Lake of Fire again you
know figures of speech Lake of Fire how can a lake be on Fire Lake is a body of water so
is it figure ofe that means there's no consequence of our sin Baba you are possessed that's
what I'm saying there's a consequence for there's a consequence to a man not believing in
the Lord there is a damnation for sin and that damnation all those who are down find thems
in hell but that hell is not forever and ever and ever that hell will be no more when as much
as every s Satan devil is also no more but when we make the whole concept of presenting
which is what I've been saying for the last 30 minutes when we make the whole concept of
Christianity going to heaven and hell we miss the call which Satan likes is a major
distraction of fulfilling God's plan on the earth because Genesis 1:26 before you Stone me
just hold on genesis: 126 you know some people read their Bible but they don't read it
some people are very emotional we understand maybe the way they were raised and all of
that so they don't like to be logical so when you try to be logical their emotions get the
better of them and they vent they W shut down their ears and you can't tell me that doesn't
make you correct you're just angry that's you're angry doesn't mean you are correct
Hallelujah Genesis 1:26 and God let us make man to go to heaven everybody why are you
for doing me like this and God said let us make man who we disappear who will do the n
dance and you just sh just like black and white TV when black and white TV want to swe
come on you know what I'm talking about you know how those images be so that's to a
disembodied Heaven say we go so let us make man who I will put on the earth and one
day he will fly away let us make man let's go and God said let us make man in our after our
likeness keep reading for me so why did he make man first we see how he made man he
made man IM uh image of God verse 27 so God created man in his own image in the
image of God created he him male and female created he so we see the D the two creation
male and female one is not inferior to the other one is not superior to the other in God's
plan male and female are the same sir you can't tell me that oh my wife is my slave yeah
you're doing well as a mad man trying to use Bible to support your lack of proper
upbringing how can your wife be your slave you can't even kind of silly talk is that one
objectify women like commodity so God created man in his own image in the image of God
created he him male and female created he them male and female feemale not an
afterthought say God was not planning to make a woman oh and now say ahh ah let me
now make a woman all those things when you have eaten overfeeding how can a woman
be after thought which kind of rubbish talk is that one no now it was not an after thought so
but God made the male first yes because seed preceed Harvest it's just common sense God
is the god of order the male is first in priority because of order it's just o r d r not that God is
God God is fighting doing male and female which is number one male is number one
without female there are no more males how can you be so important without the female

there are no more of you God made the male to need the female the female need the male they are not competing they compliment each other in fulfilling God's plan the male and the female are two sides of God's house on the earth oh but the female is the reib the man has the missing reib no organ in your body is missing if you want to work on a woman use better lines stop using old days Lines no you have no missing reib in your body reib there is the word used for a chamber a side of a house God was showing Adam in a vision put him into a deep sleep that word deep sleep is the word to enter into a trans to have prophetic Revelation so he saw that the female is just like him two sides of the house that's why is say a mother of living he did not have a lesser inferior picture that's why he could even listen to his wife if he would not have listen say this object that they brought for me thank you some people so God created man in his own image in the image of God created he him male and female created he them Pastor so that my submit to me you are hearing voices so submission is a function terminology So within the marriage institution the wife submit the husband doesn't submit to his wife never for any reason the man is a weak man has been raised wrongly a man cannot submit to his wife no he has the choice he saw different women he met one and said this is who I want to get married the woman had choice and she said I accept her accepting means she should submit to him why because anything that has more than one head is a monster a Hydra for order o r d r somebody has to call the short and who best to call the short the person that came to meet me and say like me should be the one calling the short because I accepted so I reciprocate that submission if he does not submit we say this thing when you leave church now you go and find your CEOs that are online that you follow their wisdom post when Satan is after your soul you find somebody told me yeah yeah yeah if you know you know if you don't know you don't know all right all right I rest my case say that say that one Pastor is just talking his own thank you it's an opinion your opinion doesn't make me what I'm what I am your opinion of me doesn't change anything about me said does not know what he's saying does not mean I don't know what I'm saying it just makes you sleep well at night that you think I don't know what I'm saying it's okay but does not mean I don't know what I'm saying I know what I'm saying you know how people feel like what they say about somebody is this just what you think about me doesn't mean that that's me all right doesn't mean that that's the correct view so in marriage they say if he sub meit and I love him no that's not Christianity unbelievers can do that but not you you love whether he submit or not however he should you love you love her whether she submits or not he say no I won't I won't love except she submit okay I won't submit except he loved we know the man should love doesn't mean the woman does not love we know the woman should submit doesn't mean that the man cannot listen to his wife but submission is the same way and I teach this to people getting married the same thing the same way all the female Pastors in this church they listen to me and take what I say that's how you listen to your husband at home you take what your husband say say you listen to him you say what if you tell me to do something that is wrong then when is when it you say is this really what you want us to do

you say yes when it now comes out wrong you say sir it is what you said we should do that we did so that he will learn next time that when something is wrong and you are bringing an opinion doesn't mean you are questioning his authority as the head no so for an organization if in an organization anybody just uh the secretary just wake up and say Sir this how organization should go from now I say yes yes ma as you enter into the office no to type S letter he to use the days you push it you so that you will feel the pain to to feel to let go the pain you have to use this I I I'll show then you don't sack you fire them you know fire me you never get a job again fire is different from your sa then you are missed that one is the S fire that's the worst that can happen to you so that mean when they call your previous company and say how you say we we we fired him he a monster don't employ him don't use him oh ah B dismissed you can still get a job if they call the previous company they can speak well of him dismissed but that fired that means if it was possible to kill him that's where it comes from yeah if we fired we killed him we we don't need him Hallelujah so you can't just oh the security man just walk up and say I can speak for the CEO investors have come to the company say I can speak for the now listen to me now this is how the company should go no the head of the organization is the head of the organization is for order doesn't mean that the security man did not gr with a first class but sir this is not the day to use your first class sir you are not the head of the organization sir say no I know I know my right ah you're right that's order doesn't mean that the security man may be W than the CEO but he's not the CEO yes sir so that's why we say the female could be wder than the man the man is the headship is not that the man must be wiser stronger must be everything the woman can even beat the man up but she still submit because some women are stronger that's the idea so that's why it is shameful when you now see today which happens so I don't know I just pray you guys are not like that anymore where you now see many Church guys Good Guys Christians who can marry a lady who has more money than them oh the weak man he so the woman has more money has more Fame has more standing the same in society you see people men feel because they feel like where is now my authority as the head money you have never been lucky with love women take care of men you you just you are just silly women give things to men stop using Tik Tok to learn about women Tik Tok Dance challenge you need to learn about women ABA no now don't do that if a woman loves you she won she won't take from you she will build with you it's one of the easiest way to know it's not I don't know where you get your marriage seminar from obviously not from psychology but from scriptures amen if a woman love you she will build with you if a woman just wants to take from you when she finds the one she loves she will take that one she took from you I used to I know I'm telling you one of the easiest way to know somebody loves you it's very easy one they all they just care about is give me give me give me give me give me is he a job really is he salar paying you a good man should in a relationship to take care of his partner where before marriage after marriage should give to her but not as it were a duty especially the before marriage as a duty now marry for ATM don't you have a father what did your father do then

we should Empower your father to be a good father to you that's the proper thing that's the property say now that I married my Des helper the shall die that will change our family's Fortune ahh no n why you are putting young men under pressure and they can't marry today now because they feel like I don't have this I don't have this I don't have this so say marry Vision marry television marry both Hallelujah if he really has Vision he will have television AB yes sir and it won't take time it won't take time it won't take time so it's not just understand with me give me another 40 years all right so he really does not have a vision so ens sure he has one before marrying him has a whether a corporate sense of vision for living on the earth or he works with God something if not you are in trouble now those of you that are leading me astray i b you this is not a marriage talk all right I I I recover every lost ground amen amen see how the message now became sweet some there was somebody at the back that finally brought out barro seems you not use now used it to open the Bible say aha aha now the message is for me say those other ones Pastor was just just I like Pastor he know Bible but said now he's talking to me said this one is for me all right no no no no no no so it's my marriage is a beautiful thing doesn't make both persons perfect just that their savior is perfect they will fail they fail disappoint each other once in a while however they commit together is the commitment that is the most essential thing that they will not give up on each other as they walk on that Union for the glory of God's kingdom of course amen all right Satan fears partnership Satan fears all relationship because he fears the potential of our relationship ship what our relationship can do a marriage relationship a pastor member relationship or worker he fears what the potential of that relationship so he hates all relationship because he lost his Hallelujah so hell is very very uh Minima is it's mentioned in a very minimal manner you find limited references for the word hell in the four gospel you see the word hell and only ones outside the four gospel is that word Gina which is James 36 used so that was the Gina of fire it was the valley of hom south of Jerusalem where the fields of dead animals were burnt you see all the references in Joshua 15:8 Joshua 18:16 you see that hom it's used 13 times in Genesis to Malachi precisely Joshua to J Valley of hom so it then there's hell which is Hadis are you following all right then there's hell second Peter 2:4 which is tatarus tataru which is used to explain the the place of in the incarceration of where gods are incarcerated the place of Torment for evil and fear s s Spirits so just to explain where de devils are if God spared not the angels that see but cast them down to Hell so the Devils the Angels so it's not used humans are not there taros is used to explain the place where uh those angel that sinned were kept I taught you that in onen forces all right so hell that is that we try to make the focus of the Gospel the word Hades is only used 11 times in Matthew 11:23 and thou Capon which are exalted into heaven shall be brought down to hell for if the mighty Works which had been done in the had be done in Sodom have remained if the mighty Works can you see the context is even bringing it then when you now have hell with the Abraham Lazarus story which we will explain before this series is over Luke 16 so acts 227 receive thou will not leave thy Holy One to seek corruption thou shall not leave my soul in Hell NE

without suffer I only want to see corruption acts 27 which is a text gotten from Psalms chapter 16 so that's where he's teaching from Peter so hell is in Acts chapter 2 31-27 then you have 1ans 15:55 then you have Revelation 1:18 Jesus say I have the key of hell and death then you have Revelation 203 so if you just follow the progression you will now see where and the Sea gave up the dead which were in it and the death and Hell delivered up the dead which were in them and they were judge every man according to their works the next verse 14 and death and Hell Revelation 20 and verse4 death and hell were cast into Lake of Fire this is the second death it's amazing that that is the last reference of the word hell in the Bible the last reference of the word hell have hell and death cast the Lake of Fire Hallelujah okay so when we make hell look like it was always God's plan so God made Adam and said Adam if you sin you will go to hell of course we can't remove that construct today by based on certain applications but that's not what God said to him and God was not focused on sin what God said to him which is why I say let's read Revelations Genesis chapter 1 again are we good what God said to him was have dominion is that okay male and female created he them and God blessed them and God said be fruitful multiply replay finish the Earth subdue it AB thank you so he gave man that mandate he blessed man verse 20 Genesis 1 and God blessed them and God said unto them be fruitful multiply replenish the Earth and subdue it are you seeing it he blessed them and said be fruitful multiply replenish the Earth and subdue it and that is have dominion so the Dominion mandate given to Creation fruitful multiply replenish sub you fruitful every tree produces after his kind AB be so if light produces darkness is not being fruitful if a sheep gives bir to a a dog it's not being fruitful so if we take fruitfulness to only mean reproduction we have missed the core of fruitfulness so the fruitfulness is man produce more image bearers produce more imagers produce more men in my image and like more men following my plan and purpose fruitful multiply that means let this spread everywhere multiply this let this be found everywhere multiplicity everywhere you turn let the garden spread everywhere replenish is the word filled let my presence my glory cover all the Earth subdue anything contrary against this bring it under and if Adam was doing that he would have brought the serpent under inad of listening to the serpent now notice what happened to Adam again calm down before you bring out your Stones Adam sin he didn't just go through hell hell as if hell is a a construct God made for man hell came as a result of I've asked told you several times where will the spirit of man now go see man is of God so there has to be a place where his soul will be until God decide what to now do with everyone that is like this and what he would do with the failure that happened to the earth that is the origin of hell I've taugh that again and again by now you should have mastered it because what God made is Heaven and Earth so we use a more theological grammar and we say hell is heaven and earth away from the promised man so so are we good all right so what is sin what is what was the sin that Adam sinned said this again uh Romans chapter 5 Romans chapter 5 Romans chapter 5 Romans chapter 5 Romans chapter 5 wherefore as by one man sin entered into the world and death by sin and so death passed upon all men and

that all have sinned notice that sin entered come on sin entered so that means sin was not part of God's word sin entered now sin entered the word enter is the word es coming from outside so sin enter into the world just like you open your door this building now all of you were not in this building you entered into this building sin entered into the world so it was not part of God's creation that's why God has to open the door for it to go but it's not going to go now be outside to be able to come back in it will never be again sin death Satan demons no more all right but sin entered into the world what was Adam sin he slap his wife that's evil stupid should not happen but that's not what Adam did he folded leaves you don't need to understand that if you understand you understand Adam do what exactly did Adam do God told him something now follow you realize that the call because we are not told the specific type of sin but we are told that because the teaching by the apostles was to show you sin as an arch type the AR typal nature of sin that this is the Prototype this is the idea of sin that sin against God's plan and purpose sin against the will of God God said what did God say when I say ah that he should eat the Tree of Life why is he eating the tree of life so that he can f function the way God ined him to function is that not it so let's go back again in case we are not sure just refresh your memory6 image and likeness have dominion repeated to verse 28 the same thing Genesis chapter 2 God rested and invited man into his rest Man was created on the sixth day God on the seventh day of course not a literal seventh day as it were Man's first day full day anyone you want to argue Man's first full day Man's first day was supposed to be the seventh day and that seventh day had no evening and morning where the seventh day because the seventh day was supposed to be an everlasting day that's where the origin of the day of the Lord day day because the day is eternity God wanted us to live in the Seventh Day live in his rest what what is the word rest rest means there is no chaos order things are the way they should be so God ined man to live like that but instead man brought chaos into God's word and God being a savior will not react and cry and we he will deal with it and he took the project on and said I will fix all that has gone wrong so the call again then we have chapter two where God tells him oh eat of the tree of life oh what was the issue different physical trees remember it's not Apple mangoes if not when we go Evangel today he say do you love Jesus you say I believe in Jesus say wait a minute all right bite say I don't believe in Jesus say wait a minute there's another bag where is that other bag look at the other bag say eat this one for not believing in Jesus no we don't go sharing fruit the tree of the knowledge of Good and Evil so what is the fruit of the tree if the tree is the tree of knowledge of Good and Evil what is the fruit of the tree knowledge how do you eat knowledge once you swallow speed you know you should slap yourself how can you be swallowing speed for for eating knowledge no when you say you are just swallowing what that person is telling you that means you drank water on it no you get it all right so when you now see how Tree of Life is used in Proverbs you see that oh Tree of Life oh so it's not a literal tree that somebody is eating but why are they using the word eating because eat is used to explain the whole metaphor because it's a figurative communication so that the audience can understand because they were not

historically with Adam because Moses is writing for the people who came out remember I always told you who was he written to the direct audience Moses is writing Genesis 4 is not the Genesis audience it is The Exodus people he brought out from Pharaoh's bondage house all right so he's writing to them and he's using image to pass the point images that fit his teaching because you read the you see I said before you death and life good and so you see all these are languages in his sermon already so he uses that same way to communicate to them so eat of the Tree of Life God not say the day you eat of any other thing I will kill you no he say you shall surely die so again showing a vital principle that our actions bring upon us a consequence is our actions that bring upon us a certain what the day you eat of it I shall kill you no the day you eat of it you shall surely die so your action will bring upon you a consequence now death in the original World View and today don't mean the same thing today we see death you only did with somebody dying physically but you see Adam died but he didn't die physically but how did you not die because death in their world view mean something which I'm going to obviously tell you so what did God say to him if eat of the Tree of Life why is he eating of the Tree of Life where is the Tree of Life In The Garden why did God plant a garden this if you are new look like big talk but if you have been around for some time we have taught different things around Genesis chapter 1 2 3 for the last three years we have stayed in Genesis chapter 1 and verse two Genesis chapter 1 and chapter 2 so you get the idea so just to help those of you that are looking oh what is he saying we have a lot of material other things however just to follow what I'm saying you will get it so the garden the concept of garden was not Horticulture space so once you have what is in a garden and you are thinking the way they normally think you're already missing the picture that's not what the writer is communicating the garden there was the word the word Garden is the from the Hebrew word g which is gotten from the word Ganan a defended secured area is how farmers in those days will have a plot of land and they will shield and protect it for a special use they have a land for a special use that nobody will just encroach and use like that because it's an agrarian worldview and that land is called a gan G A secluded defended area that you can encroach anyhow that is the concept a sacred ground so that same word is the word used in Isaiah where Isaiah tells Hezekiah the king God in defending will defend Jerusalem and they will not come and shoot any Arrow here so it's a defended area a Sacred Space on the Earth where Heaven touches Earth where God angels and man are walking living together and it was in the physical Hallelujah because God wants to interact and relate with man I've told you the call I said that on Wednesday for those of you that were around the call is not going to is God living with man that has always been his plan to live with man on the earth and that's why when we look at Revelations ending that is How It Ends because that has always been his plan not us flying away but him being with man living and enjoying such Harmony Fellowship together on interrupted a man having his proper vocation of being an image Bearer spreading God's good rule everywhere because the core is the kingdom of God in our message the manage of Our Lives we said what does God want on the earth a family

and his kingdom remember that never forget that that's the core of why he made all things so what will now be the scene what will be the scene that will pay God so much again we look at physical example but I won't be able to touch it so much because of audience limits how much you can say in a closer cute meetings maybe we can tou on that but we have to be careful so that nobody hears what I'm not saying and think oh this pastor doesn't believe in this oh this pastor is against this and we don't have the proper framework maybe when we teach on the doctrine of sin which I think we may we should do this year what do you think I just think it's not a guilty sermon or a condemnatory sermon but understand really what sin is we touch on that more and more amen so eat of the Tree of Life live so God intended man to this is the life you will need to live forever with me that's simply what tree of life mean this is the life to live forever in this Garden if you want to to live forever me and you together in the same place functioning this is the life you will need my life you will need me living and walking through you
