

but where the word of God is Tau properly and rightly divided and we speak in faith and in the light of all the prophets have said before that such Gatherings multiply across the face of the Earth and your knowledge the knowledge of your glory covers the earth as the water covers the sea and again in this service we declare that the things that ought to be said will be said the things that ought not to be said will not be said we declare that doubts are brought down confusions are removed understanding is reigning Supreme in our hearts and we are full of edification in this house amen God bless you have your seats again go to our text Psalm 74 by now everyone can quote it someone say how do you learn how to quote Bible text by reading it obviously we don't we don't we don't try to memorize what of the again again no you just when you read the B you you know what the verse says Psalm 74 and verse 2 for God is my king of old walking salvation in the midst of the Earth for God is my king of old God is my king of old say with me God is my king my king now one of the L things of the Gospel in fact you cannot remove it from the preaching of the Gospel you may not know any detail to say you may not be so skillful which is the reason why somebody could just get born again today today and can follow us for evangelism tomorrow now the person may mble mod the waters May confuse many things that the person is preaching but one C thing that people always say is it make Jesus your lord and savior that is a that's an indisputable fact of the Gospel the core of the Gospel in fact it is the greatest core of the Gospel that y is King over all that pronouncement so is he your king you say oh he's not my king all right sorry that decision will come at a price not threatening you but that decision of saying he's not your King well we can persuade you a bit further I explain to you why you should see Yahweh as your king and why you must see him as your Lord that's what was saying says my lord is my master every now and then we hear people say oh there's a man who was born again and later said is no longer born again what they say what do you mean by born again all these people who got born again later they not later are not born again also we hear the story of people who said I was a leader in that church and I left the church I'm no longer a Christian anymore that the most funny one I'm not even a Christian anymore I'm not I'm now in into humanism I'm now an aist ah are you sure you ever met Jesus have you sure you have ever met Jesus thank God say oh I hav spoke in tongues ah hope he not the one you copied from Hollywood movie right hope you met Jesus to say things like that any man not sold out to God's plan and purpose is not safe just forget it it's not saved say ah that means only Christians are on fire no that's not what I said that's not what I said try and be hearing what he said any Christian that does not care about what God is doing that does not care about God and God's plan on the earth hasn't met Jesus because that's one of the first things God put in their heart that's why you would have to team and that's the proper word team that's the reason why there's disciple you have to team a new convert because when espe when the new conver comes from to he that is forgiven much loves much when when people come from sin ah there's a rush they want to tell everybody you have to say no if you do like this then yeah you have to straighten it's normal it's it's a normal thing but you see a Christian

who I don't love Jesus because the grace Revolution the head or Grace movement the head is that Jesus loved me I don't need to love him he just loves me you know they love Jesus say no I don't love him he's the one that first love we talking about first okay do you love him now say no you know we we will be defending uh unbelievers who come to church as Christians no a man cannot be saved and not love Jesus Ah that's a the same way you see a Christian that that has no conscience say it's a chrisan but he has no consciousness of God how can you be a Christian have no consciousness of God you not retain God in your thinking ah so there's a lot of not talking about that you never do anything that is wrong that's not it but how did I get here let me quickly come up from here because this is a bad place to start my message it will make me deviate totally from my notes so free free for my free I come out in the name of Jesus all right so we talk about this what does it really mean to be saved not in this series where we do that uh this year or it's part of our Basics we want to go back to all the basics again when is a man safe because uh there are many persons that are not saved that's why we argue and say that guy does not speak in Tong he's not born again HH when he born when he born again become speaking in tongues there are so many persons that are saved that have not spoken in tongues amen all right so there are things to explain things to go over again and again right in the light of our Series so far we have examined what salvation is and we looked at the Genesis 1 to 2 Genesis chap 1 chapter 2 and by now everybody knows that that is the project it's not a picture that you hang on the wall it's a project the beginning of the word the end end of the word there's a project and that's why when you go to Revelation you see how the story end so God began something Moses the first writer of the SC shows us God's project what God is doing in the earth and we see that Genesis 1 and 2 all right then we explained also about the water covers the sea we explained the historical context why they are writing the way they are writing why Genesis chapter 1 verse one verse 2 verse 3 should not be read wrongly should be read properly looked at all of that is that okay we looked at all the New Testament writers what they had in their head when they were writing and we saw that they all Genesis chapter one we looked at all Matthew Mark Luke and John that they were all writing the same thing that there is no confusion to what the Bible characters were writing I I read so many text I think that was the first and the second part of the teaching we read a lot of texts around that where we saw that what they taught was the same thing they all taught the word of God they all taught whether the Old Testament prophets as we call them Paul the Apostle they were all teaching the same thing they were Contin that's why there is a continuation in the biblical story you don't see that's all that we have in Genesis to Malachi the New Testament writers wrote the same thing then we looked at what is salvation and we said before we can de so much about what is salvation we need to look at what salvation is not and we said salvation is not going to heaven when you die doesn't mean Christians don't go to heaven Christians go to heaven when they make Jesus Lord but that is not the ultimate destination of mankind because God did not make the Earth so that people will leave the Earth forever in fact in the Bible story in actual

Bible study and there's again I say with all authority and thank God these days I'm beginning to see more biblical Scholars are finally being B old enough to not hide under what regular pastors preach in their churches but now theological professors all over are all shouting it on different podcast uh iTunes all the different you just be seeing it and they all shouting that is a lie it's a lie it's a lie so many pastors should go back and be reading because they don't read they don't read their Bible just saying excited things that they have not read That's Heaven and Earth is together stop making Heaven and Hell the focus of Christianity that is a lie that is not the focus of Christianity heaven and hell because that all the focus of Eternity we already have in John's Vision in Revelation 21 hell has a deadline is cast the Lake of Fire and that is the secondine oh yeah that one you see there still a v to come I thought he drank it all EV take us time to Cho inside all of that so sir is it that you don't believe that Jesus died for sins ah he then the man is not saved now how can Jesus died for our sins amen Bible words have Bible meaning not what I think not what I feel it means or not what lazy people who do not read the Bible think words mean is that okay which is the reason why we St way we said that on Sunday there is a reason why euses is important there reason why helps our worship of God accuracy in worship which in turn affect accuracy in living that there is no situation no nothing we can correct arrange we are now in order we are now in order o r d amen amen so we explained so we explained all of that and all of that so cities remember that remember that I I had to give you the synonyms the gospel of the Kingdom the gospel of where all the things Paul preached different names it is called but it's the same thing don't have it this one is a Higher One than this one I know it's just the way he entered it the way the the Gospel of Truth not the gospel of peace the word of faith so no there's a message of Word of Faith then there's a message of gospel of Peace no it's the same thing it's the same gospel it's just how the the focus how the focus the individual that is teaching is using to enter it are you with me the focus how the person is entering which you and I have had different entrance now preaching to people I it's the same way you enter in preaching to everybody no now you have met this person you came from this angle you met this person you came from this angle all right so that's very key so if the gospel is not understood properly we said it will affect how we understand salvation and people will never understand so just like the first which is the uh FAL view of going to heaven when you die that's how this second one you understand the gospel properly everything you think about is hell hell you have saved me from hell so I'm not going to hell again so I'm free leave me let me live the way I like I'm free I'm not going to hell again of course you are not going to hell and going to hell is not the focus of mankind it's not who escapes hell who makes it to heaven the focus of mankind we talked about this two weeks now in a role I had to teach you the whole Genesis story and we said God made Heaven and Earth then he made man as his e Genesis 1:26 we said this again on Sunday where I said two things you need to take now say what is even sin so this is where I begin from today are you with me so what is even sin because he made Heaven and Earth and we again refreshing your memory I also said it in the same series just last week I said last

week I said it two weeks ago that is a temple story The Bible presents a temple story you see Heaven and Earth because the ancient near is the idea of Heaven and Earth in the same place is what is called in fact that is the origin even Wikipedia knows this I'm telling you the origin of Temple is that heaven and earth is ination so when Israel was saved from Egypt Israel was saved from Egypt what are they just like we say yeah oh that man Mr and Mrs this have given just like we say yeah oh that man Mr Mrs this have given bir to a bouncing baby boy is that not a good news yeah that's a good news what has that good news has unveiled something about the future a new baby is born who will leave that's not the end of the baby's life but the good news is something has happened that's the thing I want you to get about news when we talk about news just like the California fire right now something happened oh news is always something happened not advice is that I think I'm simple enough now it's not need to know Jesus to know that news is different from advice so news is something that someone now say good news so we are we are making an announcement of something that has happened 28 we know that God said let us make M our image our likeness and let them have dominion I'm not saying anything new I'm still refreshing your memory so this is where you I'm not saying anything new I'm still refreshing your memory so this is where you should be intent of man with see the being and the vocation intent of man we see the being and the vocation b i n g we see who is the identity of man and the vocation of man if put it in simple words so what is the identity of man image of God thank you what is the vocation of man let them all right is that clear enough some people were stammering just now now you have confused again why staming just now now you have confused again why who is who is man what is man image of God is that okay man is the image of God man not Christian every human being is the image of God but every human being cannot image god without God's life and spirit because that's how God made man God made man and wanted man with his choice because God does not force things on anybody so God in creating the first man and the first woman told them his plan and his purpose and said it will be up to you now if you want me to help you in leaving you have to make me the center of your life and they said no the center of our life is US self self and that self played out in Morality in fact morality is the essence of the Fall because man said I know the good and I know to avoid the evil knowledge of Good and Evil is what can you imagine I know the good and knowing the good I know the good on my own I can avoid evil on my own without God is how man went against even what God Said Amen now what did God say say ah it was such a hard thing no it was simply let me help you leave don't turn only to a moral examination God gave no moral instruction to Adam that is not what he that is not the gospel that is not what God Said to Adam it was not a moral instruction or a moral examination that was giving him cross examine how you lived because I've said it over the years and I'm still repeating it what Adam did was not that he slap his wife even though that silly stupid but that's not it he beat up his children that's what is what Adam did has the call is that he went against what God Said but we say what God said it just look like God said what that what God said you are omitting many details

because the biblical writers believe we already know what God what did God say you see that sin is failure in God's vocation for man so what is sin the Greek word for sin hamaa to miss the mark so it's like AR board just like this now you aim at this so I'm aiming at letter T and I now fall if I'm aiming for letter T and I fall short I have missed the Mark is that simple enough what was the mark moral instructions none was giving the mor the the Mark was identity and vocation image God be my image and image me into the world that is so the original sin would distort that and that's what now led to the old creation that's what distorted the visible so there's now a dark creation which is where you now have unbeliever that's why there's now another creation so sin brought another creation that's why we now have two kinds of man one Humanity in Adam one Humanity in Christ so a man must be a transition you say the old man in Adam the new man in Christ that's it so sin the original sin is not actions so that's where some Grace teachers have tried over the years to do sin versus s i n s but it will put you in trouble because you are it's is a good Noble effort but when you cram it and try to Everywhere You Now read S i n you say it's not action it will put you in trouble because you will see some reference that s n is action is not say sin as a nature sin as an action that's just oversimplification they are trying to help but it makes matters hard so it's sin versus sins so when you see sins that one is conduct when you see sin that is the one that takes people to hell still the same Heaven hell you see the same Escape I make it still the same still the same presentation again having issues okay let people agree the heaven hell presentation but the sin versus S is not even correct because that sometimes sin is just the action two individual actions are called sin just as much as individual actions are called sins so Original Sin distorted God's image man failed to live as God's image or to have God's life and man's failure to have God's life produce another creation dark creation so there's now a dark Creation in the seen and the Unseen word in the Sin word we now have unbelievers this is the origin of unbelievers ab which is why Adam sin is AR typer Adam sin is a pattern that's why others can s the way Adam they have not sin after the similitude of Adam's transgression So Adam sin becomes a similitude that others can follow after Romans 5 So Adam have over the there a year we explain original sin that is not everybody's I'm I don't want to say because it will start an argument now not for you for those who will hear this message without going back to listening to many other teachings all right so Original Sin distorted God's image so they will now have visible and invisible creation that are in darkness so there's light and darkness there's day and night but you know God does not want night God does not want Darkness that's why you see the Revelation story end with no more darkness no more night come on now so but sin sin was so powerful that It produced another creation so what is the sin it distorted man distorted God's image distorted God's image secondly we said it distorted man's vocation because failure to be king and priest so man is now man has failed to reflect God's glory man has failed to shine the light man has failed to reflect God's glory is that okay so image there when people come into a temple and they see an image with the image revealed to the worshipers who God is you don't need it's not something to cram

something basic when you enter a temple and you see an image image reveals to the worshipers who God is so what reveals to mankind who God is is that so God made man to reveal to show who I am spread who I am everywhere now you are getting that's what he say I'm an image of God so when people see you they say oh this is who God is this is what God is like that that was our original mandate to reflect God into the world is that clear yes sir to reflect God into the world so to be so a genuine human being can reflect God so sin is man failing to be genuine man is now a fake that's how what has even brought the new thing that is affecting the uh Western World more that they are losing identity and identify as a cat identify as a pig because the core the core of sin no matter all we teach this sometimes to NOS all of these reform programs that you collaborate with the police orate with this to try to fix issues in society the core will just be plucking fruit the core of dealing with those societal issues is to hit the hammer remove uh use the the pick axe the axe to uproot from the root and that's why we preach the gospel that's why we preach the gospel and that's why the the church has a core mission in social reform don't remove it all those foolishness look at how much the church has helped in so great social reform ending slavery ending a church has played a great role in ending so many social evil soci social CRI which the church I don't know why the church is now shy on ending and not allowing the the what unbelievers explain equality because the the true gospel liberates females and show that the male is not greater than the female the female is not greater than the male but unbelievers want to handle the equality now female become greater than male because they are reacting you won't blame them women have been marginalized over the years so they can't take it anymore so the idea of equality now have women bullying men to show that they are they they are the same that's longer the same sir you are no longer explaining equality you are not explaining one is greater again what you are trying to correct is what is going to lead to because you can't allow people without light and life explain things because they don't know how the Creator made things they don't know how creation work the church knows how creation work because we serve the Creator we understand original blueprint sir so this is reason why we teach the gospel very well so that you there's none of these issues you can't communicate you say what's your view on this say ah no no no this is this is because you understand the gospel because at the core that human being does not like who he is because he's a sinner we give him the gospel so that he will now know who he is you are not identifying as a pig and a cat man you are the right of God you are the child of God you are you see it now that's the gospel that but doesn't end there God gets to live in you you get to that reflect God we cannot remove because you are an image Bearer so he say has renewed us emphasis Romans 8 Ephesians 4 Colossians it takes us back to image of God predestined to be the image of God conform to the image of God you can't remove Romans say conform to the image of God Ephesians 4 say renewed not according to the old man but the new man which is renewed in the image of God because again they still Imaging God God did not change his original mandate for man if you don't want to use that word image God another a synonym of that word is royal priesthood royal

priesthood is the same Imaging language another word Shine the Light there are so many synonyms for it they mean the same thing just explained with different words but the the same concept using so Bible synonyms exist Hallelujah so the Royal is God's Sovereign ruler power into the world the Priestly part is reflecting the Praises of creation back to God so just like in the temple and in Tabernacle the priest will show how God wants to work in his word that's what they were doing in the whole Tabernacle so the image will reveal to the worshipers who the God was and will convey the worship of the surrounding world to the God only the genuine human being can reflect God God's God's man that he made is without respect of class or state of so refle there's not this is the kind of person that can reflect God the one that has money no uh say a poor man cannot live in all those presentation of the Gospel is is is materialism that present a poor man can the name of Jesus is very heavy it takes all those things are are beautiful sermons crafted say oh the other one comes from a different angle Jesus is not Die For You see there are many things the poor man cannot do there are many that's why you can't preach to rich men so because you have nothing to say to them other than make money that's not the gospel the gospel is not make money the gospel is not your marriage will hold this year and not because God is against people marriage holding this year Jesus did not need to die for people to make money people were making money before he died Jesus did not need to die for people to be rich people have been Rich before Jesus died people Jesus to die for people to get married people have been marrying just like they were married and giv in marriage people have been doing well why Jesus died must be something that we couldn't achieve on our own and there must be the common denominator of man what is the common denominator of man sin identity of one blood so the original issue identity and sin is where all men because at the core every human being deals with identity issue that's why there are so many uh psychologist today mental health therapist because people get depressed people deal with mental health issues which is one of the easiest things the gospel deals with because the gospel shows that you are a person of what because he starts up telling you that announcement you are not ordinary you are a child of God and he says think like this act like this start thinking like that and you're not thinking like it to become it you are actually it you just need to think like this so that you will not see any difference in your action not that my thinking is what makes me becoming no I've already become this so when I don't think like this I am the one that is functioning lesser than my identity I am a child of God now are we the sons of God now we the gospel deals with the the core of human issue identity and sin which is what all men have in common need to know who I am which is what bettered philosophy and all the branches of philosophy that they tried okay we're dealing with metaphysical issues okay we are dealing with ethics okay we are dealing with epistemology all of the different aspects have always delved around the core that's why they ask existential questions what is man who is man where is the destiny of man where is the of man where is man going you see these people are not born again oh they asking this kind of question because that's the core of the issue of all

men what people are Bing them about is what am I doing here is there even a God those questions of what am I doing here why am I here why am I all those things our identity oh then the fact that oh I don't get it right oh I this person was not happy I don't do things well oh what is this whole that's a common trade identity and sin how Jesus fixed that Hallelujah Lord identity and our work our conduct our vocation our responsibility and so sin at his core dealt with those two things like we said so sin distorted God's image brought another creation that's why we have unbelievers we have Devils demons today sin distorted man's vocation man failed to reflect God's love then we now see a second part to the second part we are putting one and two 2 a 2 B that there's now a consequence when man failed in that vocation which was what man is cast out of God's Sacred Space exiled from sin affected God's making his home makes it difficult for him to live and dwell with us because man is exile banish elated from the promise of Life cast out from God's Sacred Space has failed in his responsibility to dress and to keep it so that's what now leads to other consequences so we can put it this way sin is simply failure to worship AR right man failed to worship AR right that's why at the C of your when you are preaching is to get somebody to worship God that's why you say serve God now worship God because look at the Romans one issue if you don't Define sin like this you always Force Heaven and Hell into everything Romans is saying and you once you already force it you will twist all Paul is saying in Romans because Paul defining sin said creation instead of serving the Creator is now serving them he call it reprobate mind failure of what already call Sin then he bring to you g thato me so if you don't get that you are going to twist justification forgiv all of those things to your pet doctrine that you like that makes you feel good which is a detail which is mentioned but don't make it the whole deal Hallelujah are we good all right so the gospel is news something has happened so when we properly understand the gospel if you make any sense to you by now so remember I saying what salvation is not so today we want to what salvation is so salvation is not going to heaven when you die it is being raised to life in God's new Heaven and Earth now and forever is that okay I am already in God's new heaven I am already in fact I am new Heaven and if lack of a better word is that okay I am New Creation now I am I am I'm not going to because that new creation is you know new creation is creation is Heaven and Earth New Creation new Heaven and are you I don't know how we have so used some words that we have forgotten what they mean I'm a new creation we are New Creation what is that what was the creation Heaven and Earth was what God created when you say New Creation new Heaven and Earth is that okay that one you will see many Bible vers for that one heaven on Earth yeah so had to explain all of those details again and again so when you understand what the gospel properly means you not know what this is this this is that Hallelujah so the gospel the third thing we'll talk about is third misconception and I'll just give you only Theory because they are very full of details the first was about the going to heaven the second was about uh if you have a wrong idea idea of the Gospel if your gospel teaching have Angry God H morality advice one red teaching it will always distort what is being communicated third we said I've not

said this before so the third misconception about salvation is our spirit is saved our soul is being saved our body shall be saved s is it wrong no is oversimplification that oversimplification now affects how you define salvation because somebody say oh I'm not really saved I'm not really saved say no that person say no I am saved I am being saved and I'm going to be saved and they using that to explain Spirit soul and body and the Bible characters using Spirit soul and body which you not find many references for you can count it the references for Spirit soul and body used together you you can count it with your fingers with only one finger you can count it the references that have Spirit soul and body you can count it with your finger the references in the Bible that have Spirit soul and body together in one text I hope it's English I'm speaking you can count it because is man spiritual and body yes man is man I've said this again and again man the entirety of man is Spirit the entirety of man is soul the entirety of man is body man can be referred to as Spirit man can be referred to as soul man can be referred to as body say but man is a spirit being yes how does that change anything that we are saying no is but man has a soul what do you mean by have a soul you say man has a mind so it's not longer Soul what you mean is that man has a mind yeah you can't leave without mind because the mind is how man functions say okay but man lives in a body yeah that's why we are in the earth because he gave us a physical body say okay so that not part of man all that division will cost you dearly in your Bible interpretation because the biblical writers did not do that say but man is the soul when you not read the Bible which is what and waking you up to do s o u l you see 3,000 Souls God saved is it 3,000 bodies 3,000 Spirits he's talking about the entirety of man now you see the word s o u l used a lot in the four gospels of the book of Acts s o u l Soul it's used for the entirety of man every human being is called a soul takes you back to Genesis chapter 1 and chapter 2 when you now go to chapter 2 where God formed man from the dust of the ground and breeded into his nosies verse 8 and N genes two God puted into his nose the bread of life and Man became you can't you can't say man is what is so Man became a living Soul say no man is not a soul what kind of living soul is man is what differentiates man from every other creation man is a living soul that has Essence from God different from animals this is where Anthropologist lost because they don't want to affirm Jesus Christ they will now teach it away from Jesus because they can't if they if you you are in school you learning gospel don't be chouch with that one so they won't they won't talk to that angle so say no man is just like every other creation man is not like every other creation man is the crowning of creation man is in a class all by himself away from every other created thing the kind of living so the same word living soul is used for Animals the same word living soul that used for human being used for animal funny enough yeah that word living so you have in Genesis 2 same word used in one for all those great Wills Genesis 2122 see the way I'm mentioning the references that means I'm not convincing me so if you are not sure you should be the one reading it instead of what is he trying to say I'm not trying I'm saying what I'm saying learn how to listen to a message not what is it I'm not trying I'm saying it I'm not even having to go and cause check because

he's there so it's you that have not read before you need to observe it like oh but living so living so use the same word that is used but what kind of living Soul that's why it tells you and God breathed into man and Man became so the kind of living Soul because living soul is the word used for living creature is called a living creature that should be toy but you get it every living thing is a living thing you man is a living thing animal is a living thing plants a living thing yes sir ah you get it living thing so that's living thing is that okay before you bring that lazy talk that's why scientists always don't like to listen to some preachers say no those plants reproduce you slept off in class when they teaching you sexual and asexual reproduction that's the problem because for you reproduction must be man on top of woman so how does trees reproduce you have slept right that's why if you even know that I once argued with a professor once I when he said how can God have a son I even the natural how do plants reproduce if you are always going to think of a mother said oh but I said don't think to that one because Son of God it's just a word used to explain it has many characterization many usage and I've also done that for here when you say a son of a God is a word used to explain de is a word characterization in Greek mythology all the mythologist have sons of God as a member of God's Heavenly Host son is just like say sons of the Prophet give birth to those Sons but member of a group or a class sons of an order so just son also be used say that is an that is a you say that's a son of an does not mean anra pushed him out you say that's a son of anra does not mean anra pushed him out of the wom of the wom know you simply are saying where he's from you say that guy silly no you simply are saying where he's from you say that guy is is a beanie man so beanie give birth to him no so he says a son of B kingdom does that mean b Kingdom so he say a son of B kingdom does that mean b Kingdom met with with B woman B Kingdom met with B Kingdom King woman B Kingdom me with B kingdom kingdom rest no now that's not how to think so it traces where you are from so a Son of God from God of God's origin of Heaven because God Elohim is a place of residence terminology as much as it Define also used to explain who a Divine being is is also used to explain where a Divine being is so there's the God Realm that's why it's called Divine realm the same word divine God re that's why it's a plural word God's God the same word Elohim so the Hebrew plays around the world so they want to sometime they just use the word eel sometime they use the word eloah some sometimes use word Elohim so but still the same concept is that okay all right say how can Jesus be the Son of God and he is God no ancient man could have argued that thing because Imus say son of God they wanted to kill him because he said you being a man make equal with God they knew what it meant is we that don't know what it means that think Son of God is no Son of God is used to explain that's why Jesus in his defense said if he called them Gods because this is the same word used for supernatural beings and you guys are okay with it how come me because he was saying I'm the Creator oh I'm the Lord over these beings in the Heavenly Council I'm the Lord of hosts I we did that in who is like unto God all right so back to what we were saying our spirit is save our soul is is being saved our body shall be saved it's very good it's a very brilliant presentation

the only issue is it's the crime of oversimplification that's why it's not good we know we live in our body but it's amazing how people say things like um my body is not saved really talk for yourself because mine is the temple of God say oh no no not that one is being saved in the sense that to be glorified no no no no we get what you are doing but that oversimplification is costing us now you say my soul is being saved say my mind is not saved yours is not saved wow mine is because you are dividing trying to separate I've said this before don't make it this is not my first time of saying this teaching some of you are too lazy you forget messages let me remind you I've said this thing before yes in fact for the last two years I've been correcting you your spiritual body demarcation I've been correcting it and even in our only teaching we have thought on that 5 years now this a new year we Tau on that Spirit soul body mind conscience emot we dealt with all of those details and we said be careful how you do this is this this is because in the Bible just there's no time just write s o l when you get home type it in Concord Dan you in your Bible search engine you will see that that word soul is not used for mind so that is used for mind is in some context because of what they are explaining but if you now generalize that every time you see the word soul it is the mind of man you will be in trouble that oversimplification is put on it's just like saying how do I go to Legos from here say you just get to the road just keep for over three hours and you make a turn to your right that's it you Legos uhh drive just as you get to just be driving straight maybe after three hours there about you should see a place to just bend as you bend you just follow that bridge down and you just in Lagos you have to say no no no please please thank you you cannot just say okay I get it I'm going huh no you will L because God forbid there which is not really God forbid which will surely happen there will be traffic especially if you are leaving by this time that 3 hours you have not reached then you have not gone to B he will explore our state it's not because you are going but say just be going straight just Ah that's too simple so you have to now say no no no okay ask be asking you you can't just leave it like that that's what we do when we try to leave it like that and say my spirit is saved say you see it's my spirit I save that's when I Comm in it's not touching my spirit because because the old IDE is that making Heaven Jack is there because that's why you will still make heaven you guys are quiet but you know that's what I'm that's the real reason the origin of that Theology of that oversimplification is to defend making it on the last day say it did not affect my spirit so God now separate the soul and say it's the soul it now beat the soul and I say okay just fling the soul then I say your body yeah use new cloth cover your former cloth so now you have a new body it's oversimplification because right now 3,000 Souls God Sav you now say no it's not that one so which Soul now say no is that part of us but our mind is supposed to mind Heavenly things our mind not minding Heavenly things is called sin is not is is distorting Imaging it's going to affect how we reflect God if our mind is not see but my spirit is Sav because you are counting Parts Spirit part Soul part and body part no i' and this is I've been consistent I had to check up my old noes again I've been consistent all say stop counting fact in one of the messages I I sever times in one of my old notes and I taught it

like that in that message I said stop counting so if you are not sure of what I'm preaching me I'm sure what I'm preaching so it's not me that taught you that one so you account one a two a three oh s somebody has explained spiritual if you know something why are you intimidated with what somebody explaining you know what not to accept we understand the idea that when people are saying man is a spirit he has a soul we know what they mean that that we have a soul is to explain the Mind emotions intellect and Will it's okay it's just for a purpose that that thing is been explained but that over see the use of the word that oversimplification will cost you it will make you D in the broad picture so now when we want to explain like this you are Ying say I just thought it would be two Bible vers can G the word why we to be turning many Bible turning many Bible I too much now we just reading reading reading just make it simple so in simple was tell me how your life has been we are still here 6 hours we have not started we have not even reached ss3 have not reach your SS you are make there are some things that when you say make it simple even start simple it's not simple like that oh say can you just say it in two sentences it's like it's beautiful it's like um somebody miss a businessman and say please in two sentences tell me how you're making your money your business and you will really make it like that with two sentences you know know thank you everybody's W are you getting it that's anything you say has been oversimplified just be two sentences now that's why when people are serious in life they don't use so how did the avenger movie End oh he just snap his hand you do this you do this that's the movie H I'm not going to that's nothing there so you say Let me watch everything so you know that you're are supposed to to watch everything that's it because you don't want that oversimplification because it will not not make any sense so there were just many characters moving you not say that short but you said let's use two words not everything you can use two words that is oversimplification again don't what I did not say I did not say there's no sense in that statement the issue is that there's sense it was coined by brilliant men I even dare to say more brilliant is is is the last day once you have don't be stop when you hear resolution from the dead notice how matter answer Jesus I know my brother shall be raised again on the last day Jesus no don't do that now I am the Rel and the life if a man believe in me though he he be dead he shall live he didn't push it into the future it's not because there is not an there is actually an event by which we put on immortality but we have already been raised because Jesus has been raised is Jesus is not going to be raised the facts of the Gospel is that he died I died with him he was buried I buried with him he was raised I was once you you cannot say I was raised is I am going to be raised you are not saved that's why what it would take for us to put on imortality has already happened if that same thank you so it's not that so when you separate it and make no no no I'm not no I'm already in fact I'm so safe that I have the down payment the shorty he oversaved me there anything like that Hallelujah the only difference is in the now and in the world to come where there's now no more of any of those things but I'm saved I'm saved I'm saved I Amed amen so rescue from sin death and futility that's what I have been so he say the what of Salvation this we so where does it

happen salvation happens in Jesus for as in Adam all die even so in Christ shall all be made alive and this is the origin of in Christ reality where does salvation happen in Christ Jesus In Christ Alone did you get it so where does it happen in Christ Jesus in Christ Jesus Romans chapter 3 and verse 23 says all have sinned and come short of the glory of God being justified freely by his grace through the Redemption that is in through the Redemption that is in Christ Jesus where do salvation happen in Christ Jesus where does salvation happened in Christ Jesus there are over 1 150 references of that in Christ through whom from the Epistles from Romans to Revelation alone you have over 150 rations of in Christ in him through whom so that's a lot of details which is where we now get new creation reality telling you that this is what you now are is that okay all right so where does it happen in Christ Jesus all right how how is salvation the how of Salvation how is salvation done how is salvation done everybody knows this how do salvation happens Ephesians chapter 2 and verse four for God who is rich in Mercy for his great love where with he loved us even when we were dead in sin has Quicken us together with Christ by grace are ye Sav and has raised us up together and made us together in Heavenly places in Christ Jesus that in the ages to come he might show the exing Riches of his grace in his kindness towards us through Christ Jesus for by grace are you saved through faith and that not of yourself it is the not of yourself is gift of God not of works let any man should boast for we are his workmanship created in Christ Jus unto good works which God has before ordained that we should work in them not of works that any man should boast so how is salvation done how is a man saved not by his works not by his good behaviors or his bad behaviors how is a man saved by the blood of Jesus by the cross of his blood by the work of his cross by what Jesus has done for us so how is a man safe by what Jesus has done that's what and these are the details we will Explore More is that okay so for by grace are you saved so when a man tries to present his conduct that I'm born again because I do this and don't do this you heard the good advice you have not yet heard the gospel I'm a Christian because I do this you have heard the great morality message you will So Hear The Gospel be patient because that's not it say this because anything that makes you look to you as how you get saved ah you are a liar my friend you're dangerous that's why you should die in your sins you are wicked enough if we say we have no sin we make him a liar you are a liar and the is so obvious that you are saying by the way I behave I can save myself from Death you should laugh at yourself for saying that by the way I behave HH have you have you deceived yourself so well that you have got to that point now that you believe that by the way you do things when I look at the way I conduct myself again please please stop doing goto I'm not preaching with goto in my mind so if that go to you see what you are thinking leave that goto Fly Away leave Fly Away Hallelujah so how is salvation done Titus 3:5 not by works of righteousness which we have done but according to his Mercy he saved us by the washing of regeneration by the renewing of the Holy Ghost the Holy Ghost renews us makes us new persons how is salvation done not by works of righteousness which we have done 2 Timothy 1 and verse 9 who has saved us and called

us with a holy calling not according to our works there is an emphasis that's why when you see a preacher say it is the way you are behaving that is making that that saves you no it's not the way you are behaving it's not your conduct that's why we always what he has that's why it's an announcement it's not keep on PING your hair sister keep on wearing TRS sister keep on doing makeup Jesus is coming again you have said nothing sir you have said nothing man you have not presented with that gospel again just like the other religion their gospel always marginalizes women because the men in their Paradise get seven virgins even in their Paradise women are an object sorry about that you have never heard it before my mouth you are hearing for The Dashing people virgins w why don't they Dash the women men no men cannot be objectified like that we get there how you know which Creator is the creator because where these religions are hiding the great scam of all the religions of this world that's why there's no anti- God there's only Antichrist no is the fraud of all religions they hide on making look like we are also say we are not saying the same your God is not my God please say it's the same God it's just how you look at it's not how no that that one they say ah that a is an door ah it's not no not the same thing though H it's not oh it's not the same thing you say it's just they are just different ways they ask a preacher say it's just a matter of perspective cuz he was he's a coward he was in the up show you know just a matter of is there any other say he say it's just a matter of you know I don't like to you know I don't like to but you can motivate us with message of Hope silly coward how is salvation done there's no other name given among men I you lying to people and making it look like that's the narrow way it's not narrow because somebody die to make him and the person saying it no no no the narrow is that that there's no other name in narrow there is not that is not easy to make it oh on the last day understand there are many a man has CH children not all of them are of the same behavior doesn't change them from being his children the gospel announces that we are his children just that we should behave in accordance but doesn't mean you're going to say that's not my child though if you deny we can verify we can verify there are other we can verify and when we verify so God say he does not know me I said he cannot funny enough because how can the head say doesn't know the body this is are not heaven text that we have told because how does sound you say I don't I not know him he say does not know me how does the head know the body as God as God is God living without his body you know the imagery exactly what that imagery teaches is how you should understand God does not exist without us in Christ Jesus because in Salvation we are together there's Inseparable Union God has finally made his home with man and nothing can separate that sin is that's what weing that is what Jesus deals with that nothing can now separate that reality unlike before where something could separate it that man was not away from God but it cannot happen again because that's why he had to die these are details we need to explore are you with me all right making progress so how is salvation done not by works of righteousness which we have done takes a hypocrite that's why it says if if we say we have no sin we deceive ourselves and the truth is not in us how can a man say he has no sin that means how can

a man say he can rescue himself that's what he's talking about how can a man say can rescue himself it does first is grammatically wrong how can a man inside pit say he rescued himself from inside pit how nobody helped you really you came out from the pit on your own no now somebody has to have brought you out there has to be a that's why there's something called savior a savior must save somebody for the person to be saved so you say so that means you are the Savior you saved yourself you are the savior of yourself really ah no so how is a man saved and that that's where we emphasize so much it's not embellishment no it's not an aside no it is a core part of the Gospel the grace of our Lord Jesus Christ however we are saved to live so we can't be that that's all we talk about we talk about his mercy and his grace and his kindness doesn't mean that we can't talk about it forever and ever the issue is saved unto because we live livv that if we are going to continuously emphasize his Mercy his grace and his kindness we should emphasize it now in the area of Li [Music] iive because we are not trying to be sa we already save now so we should emphasize it in how we live in how we image God into the world is that okay that's the idea how is salvation done that's why now you can't disciple your your people because say Sir the other day I not mean to I not hug him three times from h him something and no no he say stop there you are not saved again you and I know when you have struggle to win Soul like we have you cannot say the person is not safe though you not realize that people who deciple people know how to be gracious I say no because they know the work they they know the work you are quiet don't you know the work you have done somebody unborn again your [Music] but why are you spending time with the person you are not clapping for the person for that conduct you are saying this does not reflect who you are that's it but you are not going to tell the person no but the difference is where in your presentation which some very crazy people preach they preach it doesn't matter how you live that's not the goel you did not get a man born again sir I put it to you no it's not you I'm just pointing that way I put it to you that that's not the gospel You Preach so when you tell say you say Jesus loves you doesn't matter the kind of life you live after you become a Christian what kind of gospel is that one then you say or you present it a bit differently and say somebody says I don't want to make Jesus my Lord say no no no no no just just agree with me just sit with your mouth [Laughter] he's not safe though so we are saying I am working with the impression that you actually got the person said that you got the person to believe the lordship of and the person agreed that yeah Jesus Is My Lord that's why I'm always surprised when people tell me that um I always say it's how you preach let me make it easy so that I don't shoot some of many of you I will shoot you but not now let me wait today time has time to heal and we don't have the time to heal the wound so I will not shoot I will hold this bullet for another service I will hold it for on Sunday I'll release it all right so when is a man saved say oh the second respond but when the service so when so we have done the how of Salvation so it's not your conduct that saves you somebody say John 36 is a covenant you do your part God does his part that's why the Bible say true Holiness so Paul had these lunatics in his time that's why I say I always wonder why Paul

say true Hol because there were people preaching this kind of pseudo Holiness message that is hypocritical that presents that they use the grace of God to hold body then they come out and say see don't tell me that don't tell me that no no no Paul says I am what I am by the grace of God grace right the Christian resume there's nobody that is anything other than the grace of God making us what we are we may uh fail differently not the same way not everybody's things to the same degree not everybody fails to the same degree however it is not our failing or not failing that saved us is it possible to get to a point where you don't fail Define that not failing is it possible to get to a point where you don't have the major moral feelings absolutely yes but you are not the Creator that's what we mean by when we say you're not perfect of course not every Christian not every Christian does all those uh cheat steal kill uh you know we don't always put kill all right I just remember that one now we don't cuz your disciple say I just killed somebody sir say you are not saved you cannot that then you not have an action I didn't say anything or please you k you not sa I can't explain anything there so there's even no time but your grace covers the other one but there like the Your Grace do not cover but I didn't say say no I understand Pastor what Pastor trying to say what Pastor trying to say if you kill you are going to he is that okay have I said that I've said that some i k put it there is that okay some people want to catch me inside where there's no time I will not shoot that kind of bullet then it will not be there ah no that one it needs there a lot of work so say you mention not no now I make going to hair I put it you want I know put I have to put at that moment I have to put it so how is salvation done the death of Jesus his blood his grace his Mercy we talked about that when so the when of Salvation is twofold when is a man saved is twofold that's why people say oh when I got saved I got saved uh 9995 I got saved 9.99 I'm talking about older persons I got saved um you want to know if it's my own me I was saved obviously I was saved before 1999 I've been saved since I was a child I'm very short I was speaking in tongues well almost let's leave it right I was raised in church now just like my children our children that we are raising here when will they be saved obviously now they are going to be saved inside children Church they dare not come out from there not saved say is he there's no option no option we save them so I had some wonderful teachers that ensure that we were saved there we going out for evangelism in children church say say what are they going to do follow follow now all of us so follow let be clapping hand everything join some of you you waste your pregnancy that big stomach if you use it to meet somebody they cannot say get out of my house compassion they Cann so that thing that made this pregnant woman with her big come to preach to me see that my don't waste all those things you'll be saying no because of my PR I can that's the reason why you should pre that one they cannot people have compassion and Humanity big stomach you say get out of here man say please man sit here aha yeah now listen you wasting all those moments I can how how will I drive somebody that is some you should not you not be able to sleep away in the night like you rude to the what did the person do you say just say something just say something the same thing with backing baby say you know leave the baby for us is

this gospel there serious is serious life and a serious matter no I didn't say heaven and hell life and death is a serious matter life and death is a serious lack of a better what heaven and hell is a serious matter is that okay all right now let me make it clear so that nobody hear what we are not saying I would rather you believe heaven and hell I would rather you believe going to heaven not going to hell than you are not a saint now you are not saved I hope you get it so what we are simply doing is properly explaining things and again so that you know just to refresh your memory a man can actually be saved by you preaching those details because though that detail is not exact but because in that detail you mention Jesus is Lord and because like we explained the president has already said go and bring citizens so because he has already put his power on the line that if you tell anybody they they a citizen they now a citizen that's actually to so it's not about how brilliant just we ask him that day does the president of America can he make people citizen he said ah he in fact he said he has all power I can't remember it you people were not there that day all power that's why say all authority is given unto me so that's reason why people get saved without our Brilliance in presentation people still get saved because his all power is given unto him that's how we know really has all power all right so it's better for you are because of this you now stop it's better people are saved than they are O's unbelievers and all the rest because the details are not explained better they are saved is that okay Hallelujah so that construct of the Gospel can affect one's understanding of Salvation however but it can affect once on the sign of salvation but it cannot stop a man from being saved is that okay I'm a sinner deserving of God's Ro Jesus died for my sin I believe in Jesus I will go to heaven yes yes yes enter enter enter inside enter inside all humans have sinned causing God to be angry he wants to kill us he want us to we are supposed to burn forever but Jesus has got in the way Jesus have died for me am free now I clear from all my sin I'm now righteous of God in Christ I get to make it to Heaven yes sir yes sir yes enter you season but see all those since we hook you later which is why we teach things properly people get saved that's why people question their faith people ask some questions am I really a Christian what does this mean what you cannot answer I say just just just everything just you are begin to ask too much questions no because you don't know the answer say you asking too many questions no so the more you understand the gospel the more you can answer those questions is that okay yes sir so when do salvation happen salvation happened the day Jesus was raised from the dead Humanity was saved the sins of the whole world was forgiven so that's I told you there are two when when did salvation happen when Jesus was raised from the dead when did I respond to it also when we say when did I get saved that's when some people mention a date they mentioned 2007 2017 2024 some mentioned y today is good and fine even if is yesterday we are the same I'm not greater than you you are not lesser than me we have the same righteousness the same standing before God the only difference will be in our maturity and in our service to God and that difference can be really huge all right so when the Salvation happened it's not just when I responded to what Jesus has done for me or when I accepted the sermon it was

when he announced that anybody can now be that's why they say when was the cycle P language when was the C said no there's a c to that effect that anybody can come Ah that's when it happened but I can now say okay in my own experiential part when did I accept the sermon 20 24 okay so there's a when in Salvation did you get it so God did it in Jesus is when salvation happened all right why salvation that's twofold why salvation why does God have to save man twofold because of the fact of human sin and his love the fact of human sin and his love the PA of failure futility in creation there's a failure there's a futility in creation all right that's the why of Salvation so human sin the Covenant and creation God the god of creation the god of the Covenant is why there is salvation because of his great love he love his people and he will not leave us in the mess that we are in the mess that creation is in the futility of creation As Romans 8 puts it who can be Sav whosoever shall call on the name of the Lord somebody say no salvation is not for somebody like you you are too bad no no you are not too bad for Jesus your own is finished no no no no no no no who can be saved anybody whosoever shall call the name of the Lord shall be saved whosoever believeth shall be saved so he say whosoever who can be saved anybody and everybody can people of all other religions be Sav is chity a religion is it for a religious sect no now Jesus died for Humanity anybody can be saved from all tribes cultures languages any everybody can be Hallelujah why so we said this the fact of human sin and God's love is why salvation happens who can be saved who gets saved whosoever calls on the Lord Jesus did you get it who is the savior to whom should should we hold responsible for salvation of course God is the savior of man now there are certain Concepts if they are even understood properly we should be laughing when we say some wonderful statement like he say Sir can I lose my salvation so what you need is not a Bible teacher what you need is a good English teacher to first start your problem your problem is long say he say can I lose my salvation how does that sound as grammar can I lose my salvation sir what is salvation we are saving so it will not be lost how do I lose my is it car key is it house key is it SIM card is it ATM do I can I lose my salvation they no can a man can a man lose his salvation what is not gotten by moral perfection cannot be lost by moral imperfection that is the core of the Gospel this one excites people people like it this is where say hey go dear right up see gospel the work for my body ah yeah all of those brilliant presentation yeah yeah and that's the truth funny enough that's the gospel and God is not scared that what is not gotten by m no balance it balance it all those balances because you are you are a coward you are ashamed you are afraid you hide behind closed doors to use it for your life and you present people to we koboko it's hypocritical no what is not gotten by moral perfection cannot be lost by moral imperfection that is the fact of the go it is a good fact of the gospel and is the truth fact gospel truth what is not gotten by your behavior cannot be lost by your behavior hey blasphemy sh up when you are ready to wake up from your hypocrisy you will join us nobody is saying go and be behaving any B even if you me even if not be me add that part but I we know that people you are looking for somebody to empower you that's why you are failing to reflect God so no he pities us because he knows

our frame is not the same thing as live recklessly he knows our frame that's why he not put in our hand so this kind of gospel that I've been teaching you actually liberates you to live better because he cares about how you reflect God so nobody is teaching any other thing but people are actually scared to mention this detail that's why they cannot say it it's my savior that saves me and he's able to keep that which committed to his hand say is he Eternal is he temporal life eternal life if any man be in Christ say for God so Lov the word John 3:16 for God love the word that g his only begotten son that whoever believeth in him should not perish but have temporal life shall have what everlasting life it's not temporal life it's everlasting life is that okay so is God able to keep that to his hand yes it's Eternal salvation he's able to keep me forever keep me from falling keep me from failing yeah Isaiah 52 and this is a good place to match the break this evening Isaiah 52 and verse 7 I'll wait for you Isaiah 52 and verse 7 are you there one two go how beautiful upon the mountains at the feet of him that brings Good Tidings that publish peace that bringeth good tidings of good that publish it salvation that sayth unto Zion thy God see gopel isah is preaching does he have Yahweh is Lord did I tell you that that's the gospel sir your God that's that's what he's saying your god reth what kind of presentation is that your God told you there's a new king is that not EMP that not good news in their Lang that's what I there's a new king a new emperor has taken place that is say I've been talking talking so that I will not do proof texting because I can give you one verse two verse but what I've been trying to do was to show you that is everywhere so now that we have scattered many things now we will now hit them one by one and open them up and now we are ready for another level of study we going to run from Genesis to Revelation on one point run from Genesis realize that we're not making it up the Bible is not scared of our exes the Bible is not scared of our proper interpretation the famous Oracle Isaiah announces Isaiah [Music] 52:7 so what is this what is the historical setting Babylon has been overthrown the Glorious divine presence of God is going to return back to Israel at last so their message can be summed up in one swift slogan your god reigns Israel's God is the rightful King throughout the PSM the Creator God he rules the world with [Music] Justice so there are every Messenger will be rushing to now I'm giving you a historical setup because they have gone to Exiles Exiles Israel has left their home all of those those so it says how beautiful know Israel so Isaiah for told all these evels as much as Jeremiah is the last prophet come on this I believe you know this so he's saying that how beautiful are the feets of them because how beautiful are all the people running to Jerusalem to go and say Babylon has been overthrown of A Sort is that the gospel yes because Babylon is an image there are things and images that runs through the Bible that if not known affects our understanding words like Temple what like image words like fire what like water words like cross I didn't I didn't know words use a lot in the Bible but people just don't know what they mean can affect understanding mountains those images and themes in the Bible that most people don't know what mountains even mean when they hear mountains all right so a new Exodus has happened so Paul gives us context so your say unto Zion thy God reth Yahweh is King at

last he King is that how Revelation ends King of Kings Lord of lords that's the gospel that we preach but why all the other beautiful details det so when we talk about he rescued us from this how he rescued us when we make only how he rescued us the only thing we pre from the Bible That's obviously going to be an issue nothing wrong in explaining that but how he saved us but we are safe from what saved onto what Sav so all of that comes [Music] together that's why you can't hear only one sermon forever and ever you should hear the Bible forever and ever amen hallelujah amen now I've been saying this when you read saved in the four gospels if you have was it used for bodily healing could anybody there could have been thinking I will be saved tomorrow no if they got healed were they healed from that moment onward that's the same reason way the biic want to think of Salvation that when a man is saved he saved from that moment just like if is healed he heal from that moment onward I'm safe from that moment onward Hallelujah so First Corinthians 15 says the gospel how that he died for our sins according to the scripture and yet there's no direct text he's quoting so he's summarizing and that's why we need to look at he summarizing Genesis to Malachi and saying according to the scripture he died for our sin what is that died for our sin how did it take our place how did we take his place why did he do [Music] that why Jesus say sorry why did sorry not count just say Lord we are sorry people call sorry apology forgiveness Hallelujah so there's a lot to cover so we have dealt with the what the when the where the how the why of Salvation you got something yes I will expl this in detail on Sunday God bless you stand on your feet and just pray in the Holy Ghost I'm saved and I'm saved forever I'll be B to save because it's easy to say when you realize you're not that going to is not the issue you fact you are too short s but even if it was a going to focus you are still safe forever Hallelujah I'm God's child forever I'm God's child forever people who want to lose their salvation when you ask them is it that you want to lose your salvation they will say no so why who are you asking the question for so I want to find out if people can actually lose because I know somebody know just be sure for your own self that you are saved Romans 8 the spirit of God bear witness with our spirit that we are sons of God ultimately only God will is God that will ultimately know who is really really saved because he's not only looking at people's conduct so that's why people must have a genuine salvation experience don't deny people that you owe it to people ensure that you give them a genuine salvation experience in your presentation of the Gospel even if you are not so excellent in your presentation but make sure they meet the man of galile make sure they meet him Hallelujah don't remove move it Hallelujah in ad33 he has died on the cross nobody was shouting in Jerusalem wow wow the hero has rescued people no because was a story of failure the cross in Roman culture was a story was what it was to actually praise Rome you don't need your mesiah on the cross you need your mesiah away from the cross because your M on the cross that means he has failed to do what he wanted to do but imagine that's where the gospel begins imagine that's why his scandal is is foolishness these are the details and that's why we must explore it more there has to be a resurrection if not it's a failure it's a failure the Messiah is on the cross he has failed that

means they quench the Rebellion they quench whatever was trying to do Rome has prevailed mesiah go there were many mesiah that were on the [Music] cross what does that mean to all of mankind those are details those are details those are details and we explain them every year and this is something we'll be doing every year we do it every year different ways but I've been merciful we'll push it more a bit more this year and so don't rush this series to end because it's helping your understanding is that okay lift your hands and just pray in the Holy Ghost thank you Jesus
