

again as we open our heart to receive we know that this morning the eyes of our understanding again will be enlightened we'll live here with a greater understanding of Salvation the gospel your plan and your purpose again we declare that the things that ought to be said will be said in this service the things that ought not to be said will not be said your name will be glorified we shall be edified built up transformed by the power of your word and again do what your power can do in this service to your most best in the name of Jesus Amen Psalm 70 read our text again 74 we been reading PM 74 and verse 12 for God is my king of old Psalm 74 and verse 2 for God is my king of old walking salvation in the midst of the earth God is my king of old working salvation in the midst of the earth God is my king of old God is my king of old working salvation in the midst of the earth amen 2 Timothy chapter 3 and 2 Timothy chapter 3 and we read from verse 15 that's the text we all quote I quote it every time so but I want you to read it just again observe how Paul the Apostle writes and he says and that for of child thou has known the holy scriptures which are able to make thee wise unto salvation through faith which is in Christ Jesus verse 16 scripture is given by inspiration of God and is profitable for Doctrine for reproof for correction and for instruction in righteousness now observe it says the holy scriptures which are able to make thee wise unto what the scriptures is able to make thee wise unto to Salvation the scripture is able to make the wise unto salvation scriptures is able to make thee wise unto salvation flip back a bit First Corinthians chapter 10 these are text we are all familiar with we normally read them when we are going to start teaching 1 Corinthians 10 and: 11 now all these things happened unto them for examples and they are written for our admonition not written to because we're not the direct audience written for our admonition upon whom the ends of the word are come flip backward a bit more to Romans chapter 15 and verse 4 Romans 15 and verse 4 it says for whatsoever things were written at for time they were written for our learning that we through the patience and comfort of scriptures might have hope whatsoever since we waiting our four time we waiting for for our learning now if Paul the Apostle couldn't even say written to him obviously we should know that so we said one of the the nature of scriptures how it comes to us we must remember that the apostles and the prophet did not write to us doesn't mean that the words that they said are not for us but we were not the direct audience they were speaking to now because it is God's word it is so for everybody it can apply to everybody regardless of race class and ethnicity and any of such divisions that man have God's word will apply to everybody but it's just like I'm preaching right now people in all now the message can be for them because it's God's word but I was not preaching to them and so I won't use words that they are not familiar with so the same way in communicating I will use words that we are familiar with words that we are comfortable with words that we have gotten uh everybody almost knows what those words and phrases mean by now so those are the words I would use again and again in teaching just for consistency and for flow that's the same way the Bible is written so that when we read the scriptures we see that the B uh Genesis to Malachi Matthew to revelation we have the 66 books in our Protestant

Bible you know different uh ethopia people have like 88 in their Bible the Catholic is 76 this one is uh the Hebrew Bible Bible is just 34 which it's the same thing as 34 because the other minor Prophet are all called one book it makes up the whole 39 Genesis to Malachi so you say oh everybody have their this this this this which is not the focus of our study why the different kinds of Bibles that people have and all of that but the long and short of it all is that once you are reading a material an ancient text you must always realize that it's never written to you it's always going to be written because they were you're not the direct audience so any interpretation that is done must first sit it in what the direct audience heard what did the direct audience here now it is the reason why we have been teaching the way we have been teaching in such a manner that widens your understanding amen now for in truth experience meetings and also when you uh attend Bible schools we teach you how the Bible came to be so do not seek to have an understanding that cannot be gotten in 10 minutes that is not uh hunger for truth as just curiosity that deceives a man there's nothing I can say in five minutes that will help that understanding so leave that line of thought and focus on what I'm teaching that the call is any anient text any material you have is not written to you but for you is that okay leave the different Bibles that people have it's another setup another background that has to be laid for at least 4 hours before we can even make any sense so focus on the message and don't distract yourself with what is just an aside amen sometimes people say I didn't get that message and I said you didn't listen always people trains and pride themselves in their ability to not understand as if it's a gift it just shows you don't know how to hear because anybody who can listen can understand anybody because as long as the teacher is teaching a manner that is simple that is words that you are hearing then you're not understanding means you are not paying attention take rest responsibility but if a teacher is maybe saying or using words in a manner that is bullying you or saying things that you have never heard before or if he says things you have never heard before and he doesn't even throw light on them or doesn't even give you an idea of where you can get a help or a resource material for it then you can say but that's not how we teach here so that you don't give your s leaders different persons work and also you must know how to answer people's question when somebody meets you and say I did not understand don't be quick to say what do you not understand you are not helping people that way no what what do you mean what you did not understand why did you not understand that's the first question before we get to what why because I was in the meeting I understood you say oh I drifted here and then now you're being honest never answer questions that are not directed at you honesty is always the Bedrock foundation for any answer that people are looking for if somebody is not honest you give them an answer they won't use it say somebody ask this question so I'm going to ask no it won't benefit you until you honestly want to apply whatever knowledge you are receiving into your life no matter how many questions you ask you will never use them that's why people ask questions that they never use because it was never important to them just asking because I heard somebody said I heard this from somewhere but when we are honest with our lives

and we want the truth of goel to apply to us we will listen attentively is that okay amen
amen and that's the reason why am going to start from the way I'm starting and not even
go the route of recap that I've been doing severally so uh 2 Timothy chapter 3 we see that
Paul the Apostle says to Timothy that for a child he has known the holy scriptures because
the scriptures the framework of the scriptures Genesis to Malachi were written in such a
manner that one will be wise unto salvation so salvation it's a COR conversation in the
scriptures that the scriptures will make you wise you will make you know God as Savior in
other words you have faith the Scripture it says wise unto salvation through faith which is in
Christ Christ Jesus so the scriptures the wisdom of the scriptures the understanding of the
scripture will make you know the Lord as your Lord amen now we've taught so many things
about salvation so far in this series so do well to listen to what we have taught so far but
we have to continue in the light of what we are teaching First Corinthians chapter 15 let's
go closer to the gospel that mentioned uh on Wednesday we talked about the what where
why of Salvation what were why who of Salvation uh 1 Corinthians chapter 15 moreover
beden I declare unto you the gospel which I preached unto you now Paul the Apostle is
speaking this is telling them in Corinth the gospel I preached unto you which also you have
received and wearing with stand by which also you are saved so that gospel I preached
was how you go remember we said if you have a false view of the Gospel it will affect how
you understand salvation AB all right now again just as an aside quickly to say this that in
no way the things that we are teaching should affect how you get people born again
because you didn't even get born again hearing the same details so why should it stop
somebody from getting saved however it is to widen your understanding now can you now
rearrange your message and teach in this order to get somebody safe absolutely but the
way of learning is not mockery you don't have to mock your misunderstanding or you didn't
get the fact right to now know something no and you don't have to tray away all you knew
before you can now edit it properly now we said is the faithfulness of the the Savior and the
fact that God have said let's welcome everyone in we are simply announcing all authority in
every is giving on to him so you can come you can come we are collecting citizens from
every tribe every tongue I be that's so it's about the faithfulness of the Savior that have
saved people so but why do we teach these things the way we are teaching it to widen
your understanding and your depth in the word of God so that you understand the biblical
story intelligently so that you are not focused on a certain theme or topic and you miss out
on the larger truths in all the scriptures so it's to give you a proper understanding of
Genesis to Revelation what the message of the scriptures is is that okay yes sir all right so
that in how you are listening how you are hearing you don't say oh I need to trow away
everything I've ever known before I can't even preach to anybody again no no no no no
no again you can preach to people you can preach to people and keep preaching to people
the essence is just to widen your depth is that okay so widen your depth in the
understanding of the Gospel not to make you lazy or throw your hands and say I'm not
preaching I I don't even know how no announce the lordship of Jesus now the good news

is after now you can announce announce it better announce the lordship of Jesus the way you have been announcing it if you have still taken time to listen to the message now we understand where you need to understand a truth a bit deeper so when you are playing the record the audio ones you pause it you rewind it but I do that a lot I I can rewind almost 40 times trying to get the concept behind the point afterward not now when the teaching is going on just not because I didn't get it at first but because I feel like there's more deta especially when you listen to a message with a notes you want to really graas this okay okay oh how did I miss this the first time that's the essence of repetition Paul says Peter the same thing to repeat the same thing is not Grievous so we repeat our messages again and again so that oh I've heard this but it sounded differently on Wednesday I got some messages from persons who said oh you have said this for years now but today finally sat in my heart that's okay that's the way of God's word it takes a of time for you have heard it heard it heard it but because nobody is a master overnight it takes time but not in the understanding you know ABCD but the understanding of what to do with ABCD the child keeps learning it from kg1 kg2 kg3 still understanding what to do with the ABCs 1 2 3 but he knows ABCD 2 3 but the understanding of what to do with it we keep increasing he's not going to now say what did I learn in KJ one rubbish no widen your your depth deepen your roots Hallelujah are we good all right First Corinthians 15 again so from verse one moreover bethen I declare unto you the gospel I declare unto you the gospel which I preached unto you which also you have received and wherein you stand by which also you are saved if you keep in memory what I preached unto you unless you have believed in vain for I delivered unto you first of all that which I also received how that Christ died for our sins according to the scriptures catas graph underline that word according to the scripture there's a reason why he will repeat it again and again and he was buried and that he rose again the third day according to the scripture and he was seen of sers and of the 12 after that he was seen of above 500 beden at once of whom the greater part remain unto the present but some are fallen asleep now jump to verse 10 for but by the grace of God I am what I am and his grace which was bestowed upon me was not in vain but I labored more abundantly than they all yet not I but the grace of God which was with me in verse 1112 he says therefore whether it were I or day so we preach and so you believe so you see the call we preach you believed remember remember the call is for a man to have faith it's not to explain beautiful things at the end of the day the man does not respond to the lordship of Jesus all right cuz that's the end of the preaching of the Gospel is to get the person to believe the gospel then upon believing the gospel to now grow in what he has believed is that okay all right verse 12 now if Christ be preached that he rose from the dead how say some there be no resurrection of the Dead if there be no Resurrection from the dead then Christ is not reisen if Christ be not re then our preaching is vain and your faith is also vain so the Core Fact of the Gospel is the resurrection and that's why I've told you to always believe in life before death or believe in life after the after life Stop Believing in afterlife as that's the gospel most people preach that kind of gospel that their gospel is when I die

when I die the gospel is not when I when I if it's death that you are looking forward to amen there is a resurrection where we will be glorified and we will see the fullness of what we believe now it does not yet appear what we shall be but we know so we believe in life after life after death which is the gospel just like there was life before death came into the world and God is going to get rid of that death so that there's life again so the believer must always believe in life so I believe in life before death I believe in life after the afterlife cuz that's the core of the Gospel not afterlife that's not we are not recruiting people for afterlife this is not Egyptian religion neither is this babilonia this that we are doing here where you are going to meet and no no no no no the call is not is life after the afterlife because we shall all be glorified and that's what we have been explaining in all the different words is not about floating into a disembodied Heaven it's about heaven on Earth it's about God's kingdom here and the world that God created is Heaven and Earth the world that is destroying the world that is destroying is the the world that he created is Heaven and Earth the world that is destroying is the Heaven and Earth of sin death Satan devil Le and everything that did not plant and the Earth the world that is remaining and everything that did not plant and the Earth the world that is remaining is the new the new world the new Heaven and Earth of believer word the new Heaven and Earth of believer righteousness the reign of God Spirit that's one that is remaining is that okay righteousness the reign of God's spirit that's one that is remaining is that okay said said that again and again theno said be must correct the idea of that again and again then said be must correct the idea of an angry an Angry God so that we are not preaching a god that God born again because Jesus died God got saved after Jesus died and God said I'm going to be a new person from today I repent for all the badad things that have been doing to mankind so Jesus got God saved and God is now a new creat that's not the gospel but that's what happens when we don't widen deepen our understanding it will you end up having questions you cannot answer about the Christian faith is that okay so 1 Corinthians 15 Paul says in accordance with the Bible according to the scripture according to the scripture now there is no particular text from Genesis to Malachi that you can quote ver that is exact read that has Jesus Christ will die for sins you won't you won't find it don't even bother Genesis to like you if you type j s u s space i s died sin you will not see anything in fact c h r i s see d i e so that maybe your your good search engine will supply if he's died or put Christ death sin okay sin does not what transgression iniquity nothing will show you will not find any direct quote but Paul says according to the scripture that already wakens the brain to realize that oh this man is teaching from a conclusive place is bringing it together and that's why we must be of that evil we've thought that there's christocentric teaching but there's christocentric teaching that now leads to chronis which is a a pure rubbish teaching which is what many persons who say they are christocentric preachers do they make every Bible verse about Jesus every sentence so they can't no longer can now all return back from captivity and that is a good news because remember good is always about a new kingdom or a fall of a kingdom I give you the historical setup so but what was the emphasis it now

says say unto Zion your God reth fact call fact of the Gospel is that Yahweh is King remember we said a news the gospel is news not advice is that something has happened advice is uh behave like this act like this go like this no something has happened the only difference is that after that news we summon people to be a part of it but it's not the great advice or the great moral exchange that's not Christianity something has happened so after the Noah story what gospel was preached that I will no longer destroy the Earth again that was a fact Abraham what fact you notice Always by virtue of insight by virtue of insight they know what to say what was the fact that they are preaching now to uh Abraham land it's not that's why we see land land in the Bible people don't understand why land is mentioned they using land to communicate the fact of the Gospel to people amen land Oh Land of course the land means something because the land means god is dwelling with us God dwelling with us is God want to dwell with us today yes so the essence is the same but the facts will differ different facts based on the different timelines and the different news the different things that has happened because God's plan to Kickstart the G of Eden has been met that project has been met with failure again and again and again and again and again until Jesus now came to finally Kickstart that's the launch of the inauguration of the Kingdom Jesus is the one that finally now succeeded to inaugurate the Kingdom on the earth because God's plan to kickart this is how you understand gen to Revelation story because God tried to start it again with Noah his for you know instead of mouth proceeding only blessing causes are follow one of the children is caed the lineage is caed we have seen another corruption again Nimrod and the rest are building Tower God has to start aesh again Abraham oh we think Abraham great man he raised his children very well Abraham Isaac and Jacob okay Jacob timeline we see that they go to to Egypt now they are in bondage H we have to bring them out again okay now we have brought them out let's establish the nation make sure you don't worship Idol they still worship so God's plan to successfully live with man have always been met with failure either it start where but it will always end badly so what did God now do I will do it myself my own arm will bring Salvation so God himself became a man which is different from him being people have seen him before he will now be which is the story of Grace which is why we can now use to emphasize his love that he really so Lov man not that I was angry I will now do it myself because this Vision this plan and purpose have been met with failure again and again I will now do it myself and launch the kingdom that's why when he walked the Earth that's all he was preaching you know Jesus never spoke about his death until the last uh it's not up to 4 months 6 before he was going to die you have it in the for it it was not always saying I'm going to die I'm going to die I'm going to die so again we want to make that what Jesus was preaching the historical account we have in the four gospel with those other wiv that he was not always saying I'm going to die I'm going to every time he open his mouth and was preaching everywhere I'm going to die I'm going to die even the first time he said I'm going to die Peter covered his mouth not talk outside though you weaken the boys Mo we are all following you because you are the Messiah you want to say you want to die is that how it is

in your peter said no no no you shall not die that's the first time Jesus was going to die first time Peter said Master don't so they do you see I have seen many revolutions you know I always have a dagger by my side you know Peter is a real fisherman he has been used to always coming to to drag fish from his boat allow ancient men to be ancient so is that what is the dagger there for is he using dagger to fish is there because where they will come and drag for for that's the historical setup when tax collectors come to collect their own then AOS will come street boys will also come and say give me you know where I be they will run that's why he say depart for me and me when Jesus W see allow Peter to be Peter Peter is Jesus that made him St Peter it's not if he was St Peter before Jesus met him would not be we not need Jesus now so that Peter has so he understands things so when say we die oh sir so it was from the goodness of his heart say don't talk like that say no that do not Ser the things so he has always common sense if where did Peter see that guy if you have not been carrying that D guy long where say this is not the time of Dy so that mean Jesus even knew he had dagger since said this is not the time of dagger keep your dagger aside then he picked Marcos ear and healed it back so don't read the Bible as if they just they were just concerting stories like there's no honesty no tread no that's not no read the Bible properly like a human being not like a robot put yourself in their shoe don't just like oh okay they just oh they just and he walk now human being so your your your your master say is leaving if I say I'm not coming to I 10 again after now you will no longer see me thank you put your So when you say Jesus said I'm going to die they say wow that means they hate him how can they all say wow n one you are going to finally die so you understand that that's why he said oh I've said I'm going to die and Sor has filled your heart he now had to explain what it that's the John 14 to chapter 16 I've said I go away and S has feed your heart but you see just like a woman when she's about to give birth is in pain but she will produce I'm launching the kingdom that's why when he was raised from the dead that's the cross of the Gospel then I say good news I told you the kingdom have started now the reign of God's Kingdom on the Earth has begun fully we are reclaiming territories all authority in heaven on Earth is given unto me I create the word the Heaven and Earth was created by me but now I have legally claimed every ground all authority is given onto me go therefore so now you don't only have right to say Yahweh is the heavens and the Earth belongs to him the Earth is Lord and the fof now you can say blood claims legal claims principalities and power of the Nations have been dislodged you can reclaim territories for me now which is the gospel territories every land every place every people Belong To Our God go tell them the good news that the prison world that Satan has been keeping people in bondage has been destroyed his cage has been broken go tell people that they are free to come out at any time they like they can just walk out because the prison water has been has been destroyed chained broken his wings have all been broken tell people the good news that the prison world that Satan has been defeated his tools have all been broken into pieces on the ground everybody can walk out from the cage and see and say is this the one that was holding people because I have wrought a great victory that is the gospel

that's the gospel but different facts are used to communicate it before the greatest event of all time the death burial and resurrection of Jesus which no history historical record denies so don't need arguing if Jesus died nah it has even splitted time amen so the gospel major major major fact so just like the Red Sea they came out through the red SE where they were hemmed in and they pass to the red SE we can say that's just like Jesus bringing us out from Death onto that's how were mirroring event just like just like the esod do now there is a new Exodus that's how the apostles were preaching different fact but the same Essence the same substance so they have to so we may be using different words deta different phrases different phrases and clauses in our preaching however the essence the the call the call is that say Z your lord reth Yahweh is now King he is your king you're not accepting it will make you live without his help and you will suffer any other that that's the going to H not that he's carrying people and say oh I don't like you you Heaven you hell no no no because he doesn't send anybody say this is the condemnation that light has come into the world and men have love Darkness because they this where evil so it's people not believing he that believeth shall be saved he that believeth not shall be Dam so the not believing is the sentence itself that means person say I don't believe say leave me the way I am and we beg them say please go it will come with a consequence so not my God punishing you but you will be because God doesn't want the a to remain like this you and all those other persons that are agreeing like this will be no more his love because of we love that's why we are telling you know you will persuade again and again even the natural you know that there is a a device they are sharing the best of phones and it's for free you want everybody in your family to have one and if they sit down say no I prefer that my old one you explain to them how this is so beneficial how this transform their life and you ensure that everybody but those that say they don't want it will not enjoy the benefit that comes with that new device thank you the gospel is like that amen amen so something has happened so the facts May differ even observe how or what made people unbelievers in different timelines so Moses said Israel hell is real there's a fire that burneth that's how they were called unbelievers was used many times from in Exodus leus number the train of Israel were called unbelievers many times because uh Moses was preaching Hell Fire for them Moses was preaching fire for them so how did they become unbelievers so we want the gospel to only sound with today's fact and DS no that's the reason why we say we will be twisting many scriptures so which is what we have been doing since when we have been laying foundations to show you this all that thing I've been saying all this many has been to get you to this point to realize that this same gospel the same salvation message but don't just see it from How He Loves Me Oh How He beautiful but how did the other the different persons get it if not you have a singular way of viewing it and it will affect the whole council of God but we should have a holistic picture of the gospel and how Christianity comes to us amen amen because every Old Testament text had his own unique separate meaning ab and and that meaning could can be gotten literar historically culturally and would have and you see the theology behind every text when samel open his

mouth to preach when Elijah elishah open their mouth to always say Jesus Jesus Jesus they were comp they can't say Jesus have done something when he has not done it that's not a news they have to mention what is the news in their timeline that is still about God reigning remember the call is to get men to now have faith in him Abraham belied God the call is to believe God the call is to obey God's voice that's why I taught you what was the original sin the original sin distorted man's as God's image distorted the image of God and that's why a dark creation Now exist there is now light and darkness unbelievers death demons now exist because there's now another creation sin turns the creation against his creator and that means we now have a new creation which is what we call Old creation Now we now have another thing that God did not create and God said that I did not create is not my own it's like an artist at least we have some of the best in this ministry after you have painted somebody now come and pour something and change your artwork you can you can boldly say that this is not what I painted now God should know what he painted this is not what I drew but no issue I'll fix it and that's what he did he fixed it and he had to do it himself because oh you give somebody say oh I hear this person can yeah help me fix it person these people are not fixing this thing well in fact let me just fix my thing myself that is the good news he has fixed his thing by himself he has fixed his man he has fixed his woman he has fixed his Earth by himself and it may not appear so now which is why it's foolishness and is scandalous that's the foolishness of the go he say are you really sure but see the way things are now even when Jesus was dying literally didn't look like the word changed but the word had changed none of the newspaper carried breaking news a a mesiah just died for his people no many things train with God but we never sit on the news you want to know what God is doing it's not on social is not on the newspapers or the news agencies of the world is here what the spirit of God is saying there's something happen some people can't see anything good every time uh the church is this the church is bad the church is this this generation that generation some people can't even see anything good but we are seeing thousands and thousands get saved we are seeing thousands and thousands Even in our preaching the gospel to different places even in asab all the places that we have gone to we have seen people with terrible Lifestyles some of them even I was shocked seeing some of them in M could even pray prayed all true which this one born again here ah the gospel transforms men oh gopel never know Jesus here so people that for pray you are praying that's the trans that thing is what see that one as news that's news something is happening oh hey lives are people are turning things are changing don't be negative only seeing seeing doom and darkness and Gloom no the light is shining brighter there are so many preachers we see their videos a thousand persons got saved in in this place there's a mission work in Syria even in that Syria where they are bombing people people are still getting saved see what God is doing that's how to live not all this be pal are open everywhere then when we now say churches are open everywhere you get angry that why must they open Church why don't they open Factory you didn't tell the beer people to open Factory you didn't tell the and you are a Christian but you're always hating anything

that has Jesus Christ inside we understand you are wise you understand that many of this church don't know what they are doing however it's better they don't know what they are doing and is counteracting the fact that many know what they are doing there's no customer service too but people still drink there it's better it's open that it's not open it's better people who are hearing even if they don't understand the fact that they are hearing they don't understand the message there's no depth in the understanding of the Gospel it's better than we have aist and unbelievers let them yes something at least and because God has never left without witness and if they begin to hunger for the truth he will Ste their heart in our Direction he that's what God when a man begins to pray and seek the face of God God will begin to orchestrate him but many times because people have been born to lack certain rubbish oh I was I always La AC everywhere so they come to a place a church that is teaching them the truth no we have a so you can't be us I'm talking about and say ah this place there's no AC I can't come weapon fashioned against them is them after they have been praying Lord I Seek You I Seek You they now find reasons why they will not stay where God has put them say oh this this this no but when you are looking for something your leg is longer when you wanted to be a great this you need to go to Harvard you need to go to Oxford distance was not an issue now we have said learn the gospel he say I don't know why I would come from Far place to learn gospel you are not serious Oh serious when things are important distance is not an issue yes sir is not an issue no no no no no and it becomes doesn't mean you don't love J if you stay in a close church close by either however when you are praying and seeking God like that God answers the prayer differently not everybody can attend this ministry not everybody can attend those other Ministries however God will stare people towards the truth that seek Him looking for the truth because he has men everywhere that know the truth of the gospel and they may not be in the same level they may not have the same level of intelligence in presentation but at least God knows that this one is enough to make the person love me more worship me more and care so much about my plan and purpose on the earth that's what matters most to God Amen am Hallelujah God learning something yes sir even me I know I'm preaching very well it's it's it's the feedbacks I'm getting in my spirit shows that it's entering your heart yes sir all right so what did the New Testament writers do since they knew that different text had unique separate meanings so the New Testament writers now had to integrate Acts chapter 17 you see a word in verse three Paul opening and alleging from the scripture put the text up opening an alleging is see your own Paul alleging you know the word alleging so that's how you connect that's how you connect events I'll give you a natural example in Nigeria we have n sir sir we have bvn yes sir you know they linked it together then you have phone number yes sir then they now say link your phone number with your n yes sir then you open your bank up they say link your disne with your bvn yes sir link your B with your yes sir what are they doing they integrating it they are all different numbers but they integrating it that's different numbers different facts but the same Essence we're trying to collect the data connect it that's it the New Testament writers integrate it together they bring

it together Hallelujah they bring it together they bring it together they bring it together
Hallelujah wonderful example was that gave me that example perfect example that's how
they integrated it amen wonderful wonderful point so the gospel preached differently there's
Red Sea coming crossing the Red Sea oh that's a news even Jetro heard that news and
came that's news I that can be used to they use that to communicate the gospel in their
timeline the land god dwelling with the people the Tabernacle the this the uniting the
Nations together in one place Israel God won't destroy the Earth the bow is up there SE
show as a sign all of those details but the death bu and resurrection of Jesus is the ultimate
is the ultimate event now used today to explain the gospel so we can now integrate how all
those other events are just like the death B of Jesus that's what Paul meant by he died for
our sins according to the scriptures I'm making it very nice I mean making I'm finding as
much simple words I can find to say because that died for sin when we also you not is this
sin because if your your definition of sin is always I I did something that is bad God is angry
with me it's also going to be another lengthy discourse but Jesus died for our sin they going
to view it through because sometime Jesus forgiveness of sin the that the Minor Prophets
thought was that they have returned from Exile they use returning from exile to teach
forgiveness of sin that concept of foress of sin is how they taught it to see that that we have
returned from Exile means God has forgiven our sin that's not it's ex we have returned from
but you know of a sort we have returned from Death onto life they they were always linking
and integrating it so first they would see how it connect the Fulfillment what is the
significance in their world view so that they don't hear something different then so but they
did not just directly interpret they will first find how is this just like this that's what it's called
fulfillment how is this event how is this crossing the Red Sea just like this oh so just like as
they were baptized Moses in the cloud so that's how baptized onto Christ oh so they'll find
a way they're not saying that Moses is Jesus they know Moses is Moses is Moses but just
like this to fulfillment F fulfillment significance application then but there's a difference
between interpretation and preaching preaching is now after the interpretation I can preach
application but interpretation is I'm not saying this is and to interpret I must find the same
meaning in my own world view and say the same thing so interpretation they also did that
but they started first with fulfillment significance in their own world view did you get it that's
how New Testament writers wrote and that's how the gospel came to us hallelujah because
even Jesus picked the words and experiences and applied it to his day so the gospel is not
one word one side fits all the gospel is what has happened and and now we can explain it
from the most Superior event in the Bible how Jesus had defeated all the powers of
Darkness how he has set man free in his death pay resur we can now use this greatest
event to explain the gospel and which is how we in our timeline today understand the
Gospel reading from Genesis to Mal because that's the last greatest event within the
scripture and it's the event by which we saw that the kingdom of God that God has been
trying to Kickstart on the Earth has finally been kick started so we can now use the ultimate
event so why did I say he died for according to the scripture because according to the

scriptures throughout the scriptures they have been pointing at the fact that God is going to deal with this thing that he did not plant God does not want man to be like this he want man to be unto himself let my people go 12 times you will sit in Exodus let my people go that they may serve me let my go that they may worship me see gospel most favorite hardened his heart is that not Hardness of Heart I used to explain unbelief see different because the call is that man worship God remember we say sin is failure to worship so the fact they are using to get people to worship God May differ but in essence is that God is God God that is God is your God God that is King of Kings is your king God that is King of Kings he can save you from any mess and through every mess and is your savior that is the Timeless truth that cannot change the Timeless essence of the Gospel that does not change but the different facts down through the different timelines have changed but since the dead of Jesus that fact has not changed because that event is now the end of all events because finally the kingdom has been inaugurated that's why there's no other event after the dead of Jesus that we can use within the scriptures to now talk about the kingdom because the kingdom have finally come and this was the event that brought it but before then this was how God was trying to Kickstart the kingdom this was how he was trying to Kickstart the kingdom again he caus Abraham out it tells Noah to build the AR it tells this was how this was how he was trying to save and preserve man this but now that we now have the ultimate event we can rest and emphasize the death Buri and resurrection of Jesus Jesus am I simple enough yes sir all right [Music] Hallelujah and when you follow that Focus you see that it's not heaven heaven heaven fly away that was their focus so New Testament writers will always find a connection between the Old Testament and what they were writing so they look at the Fulfillment and the application they didn't change the message from Genesis to malacha they didn't reduce the message they didn't remove their responsibility of properly interpreting Genesis to Mal I know they didn't even lift it out of context as many presume now the reason why people think they lift it out of context was that they were changing the world view because in their own world view and that world view was not the same so they reconstructed it to fit their world view not that they and they were not interpreting when they were lifting it out of context as people we say so they reconstructing those text to fit their timeline say oh is weing there's no Rich that weeping say that there's no there is long dead she has been buried but saying Herod has killed children he said that the rich no her with children di might be fulfilled or the the last example Acts chapter 8 understand that what readers the ethopian Uno know he was reading and the Bible says and from there Philip began to preach Christ onto him Philip he said who is this and what does this Philip did not say every verse here Jesus Christ no he said look at the exact word so that we don't misquote what Philip did to the ethopian Uno verse 30 and Philip T to him vers 8:3 and heard him read the prophet Isaiah and said understand thou what thou readest and he said how can I except one except some man should guide me and he desired Philip that he should come up and sit with him the place of the scripture which he read was this he was led as a sheep to the slaughter and like a lamb dumped before his

Sherer so opened he not his mouth in his humiliation his judgment was taken away who shall declare his generation for his life is taken from the earth and the UN answered Philip and said I pray thee of whom speaketh the Prophet this or himself or of some other man so if it was so clear the ethopian Uno should have known but see what Philip now and Philip opened his mouth and began at the same and preached unto him notice what he did not say didn't say and he made every verse every statement about Jesus follow and just be honest look at what happened afterward and as they went on their way they came and they said unto a certain water the Uno said see here is water is there baptism in isah 53 okay let's go on and Philip said if thou believest with thy heart thou mayest so the C is not water because he had highlighted John the Baptist he must have mentioned John the Baptist where is John the Baptist finding Isaiah that because he must have come the road of John the Baptist but he stick with John the Baptist if not he would have had disciples like Apollos had that have been baptized but they have not so much I've heard about Jesus that Paul had to also deal with that error so he had brought them the way see the next fact and Philip said and he answered and said I believe that Jesus Christ is the Son of God there is no Son of God phrase in Isaiah 53 so that means Phillip had had brought the connection how that can explain which is what we do where we meet people wherever they are we from where we meet them and how we meet them we bring Jesus in but what we always bring in is that de of Jesus that's how people have been preaching that okay so they didn't lift it out of context they didn't change the context of the scripture no they just made it applicable in their world so preaching is delivering a message and the the after interpretation the result of interpretation is now preaching that's why there are many persons who turn preaching to interpretation and they have not preached that we just see many text have interpreted but there's no call to action there's nothing I don't now know what I'm to do I don't understand because just in the business of interpreting no preaching is from the result of the interpretation we now say this is this this is this there's no Son of God in that Isaiah text that Philip was read that theop was reading but Philip in his preaching have preached what did he do Philip must have now interpreted the text in the then and there and crossover remember that word hermetics crossover which is that interpretation cross over to the year and now of that Philip timeline and in crossing over Philip crossed over by using the death of Jesus to preach and the man say I need to be saved that's how he got saved clear clear clear yes sir all right so the greatest event of all the death burier and resurrection of Jesus Galatians 2 and verse 20 did you get it so that means Paul Abraham did not hear H Jesus is going to be need he's going didn't hear all of that fact he didn't need that fact to believe he didn't need that fact to believe but today because the kingdom has been inaugurated we must say that fact so don't quote me wrongly or resur I said but what does the death mean most people don't even know when you know what that death burial resur mean you will now see that ah is same way the different stories in Genesis to Mali and that is the continuity we find within the pages of the Bible Galatians 2:20 I am crucified with Christ nevertheless I live yet not I but Christ liveth in me and the life which I now live in

the flesh I live by the faith of the Son of God who loved me and gave himself for me who love me and so the major focus of death is not for us to be weeping is when you people watch the Jesus F and they see their on the on the cross all they think about is just shedding tears but now a that horrible sin of death is now been used to portray love all the New Testament writers from Paul Peter John always every time they talk about Jesus died they will emphasize love because they want you to see that is not the nails that had the power to hold him on the cross because he could have come down it was his love for mankind I must have Moses as my son I must have a wios as my daughter I must have genus my daughter that's what he was seeing on the cross so he endured the shame that's how we now preach and that's the part that everybody say wow hey he love but that's it but has he not always been love again and again Israel had turned their back on him again and again he has gone after and rescued Israel there are 14 cycles of of Turning Away in the Book of Judges alone but you always have and God rais another SA God raised another judge because he's a god of love there is forgiveness of sins with you that you may be feared the reason why we worship God the reason why we fear we bow before him in awe and reverence is a good God he forgives sin he deals with sins and iniquity and that's not only where it ends there is now what he has empowered us to be and become and what we can now do in him all of these are details facts emphasize but we start with death he was buried even in talking about his death we now go to Hebrews 2 ver14 for as much I TR partakers of Flesh and Blood he also himself likewise took part of the same that true death he might destroy him so he's doing mathematics death cancel out death he have died our death he has removed death from the way so that death will not be the end of our story his death was to remove out death we explain this more in details we will now mention many blood text on Wednesday because his death was for a reason there was no other way if there was any other if it was to say sorry he would have just on the earth he just bow his head father I'm sorry on behalf of humanity but sorry will not cut it apologizing will not cut it hiding your sin under before you sleep in the night Lord sin of omission commission I wrote it under I had it under my bed as I sleep tonight that everybody could have been talking like that in their under they want to sleep he didn't need to die if people could just say that the soul that sin shall say sorry no the soul that s shall die not the soul that shall say sorry sorry is not so powerful sir Lord all we are saying is sorry no Bullocks were dying Rams were dying to show that it's a serious matter why did they Institute those sacrifices and those offerings what were they using to teach because you have to clean the whole Tabernacle the sa because it's not the the blood as a pointer to life because God is a god of Life anything dead he cannot lay hold of it or touch it because he not doesn't work in death he works in life so we are saying we are alive that is the call but you can miss the fact of the gospel and all you are seeing is that something had to die is about the that's why the gospel does not end when he died he had to be raised from the dead Romans 4 the last verse he was delivered for our offences raised again for our justification justification the legal term not guilty forever and ever mankind can raise their head and say not guilty said

but I saw you the other day no before God man can even lock you in jail as we have seen police can even arrest you but God will not say you are guilty of what he has dealt with then what exactly has he dealt with that's why we explore and know the facts of the Gospel amen amen gave himself for me he loved me and gave himself for me he that spared not his own son Romans 8:32 that Spar not his own son believe not for us how shall he not with him freely give us all things how will he not with him freely give us all things who shall lay anything to the charge of God's elect it is God that justify you think dying is easy no say who is it that condemn it is Christ that died so where is now condemnation condemnation the Greek is katakata that sentencing where is the condemnation in that verse um 34 uses the word katako who is it that condemn it the condemnation as a now ISAT the sentencing and we like presenting the gospel as oh there's no I'm not going to hell that is the beginning but that's not the end say oh I'm not going to hell it's not what is hell did he create hell in the first place so when you say there's no condemnation there is no time God can look at the believer and say you are not my son just like a father cannot look at his child and say you are not my because every and look at the child and say it's not my child when we can do DNA test to prove it you cannot deny me oh that's why no text in scripture where God says no say I will never leave you or forsake you none can pluck you out of my hand I'm able to keep that which is committed into my hand salvation is not Eternal then it's not salvation if I save something in the bank and it is lost then it was not saved he's able to keep that which have committed into his hand he's able to keep that which I have committed into his hand where do people now he live anyhow you like no that is not the gospel the gospel is not live any how you like the gospel is I get to be a Son of God I get to be a daughter of God God gets to live with me and in me and me and him get to do a lot in changing the world around us there's already responsibility put on you you but the responsibility does not make you uh uh legalistic the responsibility is like I don't even deserve the responsibility so even the responsibility you say ah why me that's how Grace writes our story so when we preach the gospel we are preaching his love the grace the mercy the kindness but now coming through the greatest event that he died he was buried like the Hebrews 2 I mentioned that through death he might destroy him that had the power of De why because sin was not just the word is not just Earth the word is Heaven and Earth he cannot Hebrew say he cannot just purify Earthly things without purifying Heavenly things because there's also Corruptions in the Unseen World we may not like it we may not want to accept it many person not us here that there's a supernatural aspect of life but there is can kill ourself and deceive our even God made it so easy to know that there's another as of life even in the Natural Science have studied the seen and the Unseen in the natural that's why there have been inventions of radio where is the radio wave I have never seen special devices I get to see that there have been there's radio waves I don't see the X-ray but with the X-ray machine I mean there are many things that we in in the natural that we can say oh this is okay this equipment this equipment oh with this equipment you can there is the physical outward part of our life that is the earth dimension of it there is the

hidden hidden there is the hidden other dimension of our normal life that is heaven two words inter overlapping and interming joining any of the grammar we are speaking together long and short is say and is together sir in the same and saved and unsaved live in that two world but the unsaved man has no legal right to live and function as God's man because he doesn't affirm God as his God so he is malfunctioning is the creator of the device knows how the device should function we said you are supposed to put this long Sim you not when to break it and put short Sim that is not the sim yes sir the phone is on it does not mean that it is working the way it was supposed to work the creator of mankind said this is what it would take for man to live the way I want him to live and man said no I don't need that I can on my own live my life and seeing at the core is always rejecting worship is always saying God I can I don't serve you I can serve my own self even to the individual actions of sin I can serve my own desire the way I want my to Ser my own I can go the way I want to go but God doesn't want us to go the way we want to go so the story is now brought together and say just like all we like sheep have gone astray we have gone our own way but we have seen in the Lord bringing us back reconciliation Redemption there's a restoration our God is a redeemer many stories Genesis to Malachi we have the root story again and see how Boaz was a king's man man that's how just like Boaz was Boaz had to be king K family to root to redeem root that's how God had to begin K with us he for as much as par of Flesh and Blood he took part of the same that true death he might redeem us he might get us back he has bought us he has gone to the slave market the different Greek words agorazo all the different words to explain that we have been bought the slave and he says he didn't just buy us from the slave market he ended the slave market he he destroyed the slave trader and even those that are still in the slave market that have not come out at the want he now say go and tell others now the good news tell others that the slave trader has been destroyed the slave market has ended that is the good news God has bought us with a price you are not your own he has bought us with a price with the Precious Blood of the Lamb we were not saved by money money is good money can do many things but cannot save us all the money in the whole world cannot save us not gold not none of those things all the money the world is too poor to buy one soul to rescue one from the many Waters that sin have covered our head death futility of C and God have said no I will rescue man I will be the savior of man and I won't still forc man to worship me and say I will bese you after doing such a great work where you would have just hey Humanity say no go we and we Bes you in Christ said second Corinthians 5 be reconciled to God we beg you Hey sir you have done everything what kind of King are you you know the kings of this world Reign by subjecting and bringing violence and destruction but the kingdom of God is not like that my kingdom does not gr is not of this world it does not grow the way this word Kingdom grow my kingdom is a kingdom of love and when this gospel enters into our heart whether we fail or we do well sometimes the core of it begins to affect us and we care about being our Brother's Keeper we care about being our Sister's Keeper we we care about what we reflect to people and even when we are wrong we can

tell the person say me me mess up there we don't we are not full of Pride we are not full of arrogance because the gospel is working on our hearts and God is saying you are my son oh I may not like this thing or that that you are doing but see I will not deny you God is true he's faithful he's loyal and committed to man he said I will stick with you to the end just like the woman caught in the act in that life why are you not living with why are you living without your signs whether we come from a supernatural angle we come from a purpose any angle we are coming with but we present the love of our God we present the same gospel we preach it is message to the rich it is message to the poor because the common identity of mankind is not rich and poor it's not white and black it's not educated and uneducated the common identity of mankind is identity issues and sin and that's what the gospel fixes man at the core from Identity Crisis as a teenager to growing up and still dealing with why do they identify as a cat why do they identify as a pig why is a man becoming a woman why is a woman becoming a man is the core of man's problem identity why are you not proud of yourself why are you always feeling you don't deserve to be Lov why don't you think you deserve the best things identity is the core identity problems is the core and sin and the goel goel answers it because right from the beginning God said let us make man in our image after our likeness you are image of God and now real image of God because you have his life then I get the vocation have dominion anything less won't do you are not made to cow true life Dominion means you are in charge King Authority CS if you a man food will Goble poison that's so true you are not ordinary don't settle for less the gospel raises our head up say it will divide his poor among the great is a strong man's gospel we are no longer under we have been raised up we are not under in life we are on top in life God is my God God is my father you know what it means all believers can also say God is God but they can't say God is father is's my papa I said there's the benefits of Salvation there are proofs that you have changed then it tells us that these signs shall follow them that believe you can't remove the signs is there some try to remove it and they say oh we are not charismatic we are this and there are many denominations and we is okay we have many brothers and sisters in Christ Jesus some don't wear shoe some don't tie hair but the important thing some don't wear TR some wearers as F some TI long TI long scarf [Music] so emphasis who who do you believe if they have believed that Jesus is their lord and savior they our brothers and sister they may not dress the way we dress they may not speak with the Christian language we all speak but God is patient he's doing a work in our heart from the least to the greatest all will know me the gospel works on our heart and God is saying come come go invite them and I'll Transform their life and not fly away I get to live in them I get to their father I am their God they are my people and together I'm in them walking with them through them that is the gospel yes nothing is holding you back sin Satan death has been destroyed so I fear nothing I don't even fear death because with eternal life I get to see the end of death who out leave all things who out leave s Satan death we leave all thing because we have eternal life not going to we have eternal life now God is a good god stand on your feet lift your hands and pray in the
